

## One Click 2181

### [Chapter 2181: Frontal hard and rigid golden figure](#)

Immediately after.

The perfect plundering function came out again to make up for the last shot.

Directly capture and obliterate the souls of bliss and whirling, shatter their bodies to form fragments of the body of the primordial beginning, and everything else has become Su Lang's spoils!

"Fate for life—!!!"

The golden figure of Mi Ling Buddha roared with incomparable anger, and the world was shattered! !

The powerful attack in his hand fell heavily on the Infinity!

"Bald donkey!"

"Want to hurt my master, dream!"

A ray of light appeared in front of the attack of the golden figure of Buddha Mi Ling without warning, forming a perfect arc shield.

"what!?"

The golden figure of Mi Ling Buddha only had time to have a horrified thought, and the attack in his hand fell on the body of the eight-sided shield of Tianjiao.

Rumble--! !

An extremely terrifying explosion resounded in all directions, and the already shattered world was further torn apart!

The sky tore through countless space rifts, like black thunder densely covering the sky and the earth!

The earth directly collapsed an area of hundreds of millions of light years, and countless creatures died tragically.

The mountains, rivers, plateaus, deserts, and oceans have turned into bottomless, invisible black-red sinkholes!

The center of the battlefield.

The Eight-Round Shield of Tianjia resists the golden figure of the Buddha of Mi Ling with the pinnacle of Jiuyan Taichu.

Its own defense was directly shattered, but the body flew back to the Infinity without a problem!

And the golden figure of the Buddha Mi Ling also flew out under this move, his face was full of shock and bewilderment.

He couldn't figure it out.

How did the shield of the Nine Evolution Realm appear under my own attack!

finally.

The golden figure of the Buddha Mi Ling can only be attributed to a treasure made from materials of special nature left over from the beginning of the universe.

In fact.

It is true.

The Heavenly Stone that Su Lang used when refining the Heavenly Shield and Eight-Edged Shield was the kind of strange substance!

The Youtian Sword and the Broken Dream Sword also contain different materials with special properties.

The division has formed the horror magical power of "breaking defenses and death" and the peculiar effects of "cutting the sword and hitting the center" and "green hat dispatcher".

Closer to home.

Tianjia's eight-sided shield blocked the aftermath of the golden figure of Mi Ling Buddha.

Su Lang has completed the very short-term breath adjustment, without saying anything, holding the Youtian Sword, instantly slashing towards the Mi Ling Buddha!

This sword is more powerful than the Po Yi sword that slayed Bliss and Whirling.

Because Su Lang activated all kinds of explosive secret techniques such as No Shackles!

It also directly activated the universal meaning of Nirvana, instantly infused it with the full power of the Infinity, and formed the ultimate sword!

Hiss!

Po Yijian seemed to cut away time, and the powerful might suddenly descended upon the golden figure of the Mi Ling Buddha!

"The sun and the moon are like streams, and the time is like a thought!"

"Xi Dynasty reverses, and the river returns!"

"One thought of Prajna, the epiphany reappears!"

"..."

The remnant figure of the golden Buddha of Mi Ling uttered a few witty words from the Buddhist school.

The terrifying rules of time swept out, forming an invisible time counter-current barrier, before breaking a sword!

Between the birth and death of thoughts.

Breaking a sword and Jianguang collided with the time barrier.

There is no sound.

Both sides are consuming each other silently!

But the consumption process is also extremely fast.

In a flash.

The time counter-current barrier of the golden figure of Mi Ling Buddha quickly weakened and disappeared.

The broken sword that restrained everything was also consumed a huge amount of power.

But in the end it was a broken sword that won the competition, madly slashing towards the golden figure of Buddha Mi Ling!

"One thought of Prajna, the epiphany reappears!"

The golden figure of Mi Ling Buddha once again used the time means of the past stage to constantly reverse time, trying to stop Po Yijian.

As the golden figure of a true half-step eternal realm powerhouse.

Mastering the half-step eternal level of time rules, the golden figure of the Mi Ling Buddha actually stopped Su Lang's full-strength Po Yi Sword, and consumed it.

finally.

The exhausted broken sword pierced the forehead of the golden figure of Buddha Mi Ling, unable to break the defense.

[Chapter 2182: See your legs fast, or my sword fast](#)

But even so.

It also made the golden figure of the Buddha Mi Ling sweat like rain!

Because he also used various explosive secret techniques to reach his current combat power.

If he hadn't used the secret method to temporarily increase his combat power, he would have been injured at this time, and once injured, it would be dead!

but.

The golden figure of the Buddha Mi Ling also felt the breath of the boundless horn become very weak!

"Su Lang dog offal!"

"Today is your death date!!!"

Buddha Mi Ling thought of the tragic death of his disciples, his eyes were blood red, and he roared.

next moment.

The endless red lotus-like karma fire appeared around him, lingering endlessly, and it also contained powerful time and space power!

"Universal fire, time and space red lotus industry fire!"

Su Lang discovered the identity of that Honglian Yehuo for the first time, and he was surprised.

"Time and space red lotus, burn all the past and the present!!"

The golden figure of Mi Ling Buddha yelled with anger, and the flames all over his body directly slammed into Infinity.

"Lying down!"

"Awesome, this is a strange fire that is more powerful than my colorful burning sky!"

"Moreover, it looks like a compound type of abnormal fire. It should have been formed by swallowing many abnormal fires. No wonder there has never been a strange fire on the Tianmi Continent."

Su Lang thought in his heart, and Tianjia's Eight-Edged Shield once again launched its defense, blocking the endless red lotus karma!

As the pinnacle of Jiuyan, a defensive shield that is infinitely close to the half-step eternal state.

Tianjia's eight-sided shield's ability to resist time is also abnormal!

Moreover, he is not afraid of death now, even if he fights to the bones, he will not frown!

therefore.

In the scorching fire of endless karma, Tianjia's eight-sided shield is strong and will not fall!

Su Lang took this opportunity and immediately began to restore his source of strength.

In the Infinity, his clones and subordinates all swallowed and refined the pill.

In almost an instant, the energy in the body was restored by half, and after a short while, it was restored to a full state!

Rumble!

The aura of heyday emerged from the Infinity once again, squeezing the entire battlefield!

"what!?"

"How could he recover so fast!?"

The golden figure of Buddha Mi Ling was stunned, and he himself was regaining his strength, but so far he has only recovered a quarter!

Immediately after.

His pupils shrank suddenly, showing a trace of horror on his face.

Because Su Lang had already controlled the Boundless, he once again slashed Po Yijian!

The same powerful Po Yi sword directly shredded the red lotus industry fire in time and space, and slammed in front of the golden figure of Buddha Mi Ling.

"Life is made by oneself, time is born by heart!"

"Time does not move, everything does not move, time does not change, everything does not change!"

The Buddha Mi Ling put his hands together, the witty words of Buddhism resounded through the void, and golden blood was flowing out of his seven orifices!

A powerful stream of time flows backwards now before Po Yijian.

This time countercurrent is the last trump card of the golden figure of the Buddha Mi Ling!

Silently.

Su Lang's Po Yijian plunged into the reverse of time again, and the two sides formed a war of attrition!

Breaking a sword and time countercurrent consume each other.

This time it lasted longer than the first time!

Su Lang took this opportunity to swallow the elementary pill with the clones and subordinates once again to restore his power!

The golden figure of Mi Ling Buddha is also madly recovering itself.

But his panacea is also a relatively high-level, but the quality is too low-level.

It's not just quality.

Even the number can't compare to Su Lang's!

In a very short time.

Su Lang, the avatars, and his subordinates recovered all their energy, and the Wuyin also recovered to its peak again.

However, the golden figure of Buddha Mi Ling recovered only one-tenth.

at this time.

Breaking a sword and time are exhausting each other.

"Not good!!!"

Mi Ling Buddha trembled all over, showing fear in his eyes, and immediately used Tianzutong to escape!

"Want to go?"

"It's a wishful thinking!"

"Look at your legs fast, or my sword fast!!!"

Su Lang smiled coldly, held hands and raised them, and the Infinity simultaneously raised the giant Youtian Sword and cut it down in an instant!

And just now!

"You bastard!"

"The deity cannot cure you!!"

A magnificent voice spread across the entire Tianmi Continent, and a glaring face suddenly condensed in the vast sky!

[Chapter 2183: Miling bald donkey, this is a good trick](#)

boom! !

Suddenly.

It's like the whole world is angry!

The extremely terrifying aura pressed down towards Su Lang, and this aura had reached the true half-step eternal state!

This is a trick used by the eternal powerhouse of Mi Ling Buddha with all his strength!

The majestic pressure is acting on Su Lang Wuyin's body.

Unprepared.

Su Lang's movement of slashing the Youtian Sword was interrupted, and the Infinite was directly suppressed by powerful pressure into the bottomless magma ocean!

Wow!

Underground.

Half of Infinity's body was covered by magma, and the intense high temperature distorted the space.

of course.

This does not have any impact on the Infinite.

The main reason was the terrifying coercion formed by the angry Buddha's face that day, which greatly increased the pressure on the Infinite.

It was at the time when the Infinity was suppressed.

The golden figure of Buddha Mi Ling disappeared. He had exhausted his mana and could not continue to fight, so he could only escape!

Simultaneously.

The face of the angry Buddha in the sky slammed toward Su Lang's Infinity.

this moment.

It's like a real sky falling!

The terrifying power of destroying the world will kill Su Lang's Boundless Town here!

however.

Faced with such a terrifying attack.

Su Lang was not afraid at all, and even showed a sneer and surprise! !

"Hahahaha!"

"Mi Ling bald donkey, what a great trick of you!"

"Based on the aspiration of the sentient beings on the Tianmi Continent, with the pan-consciousness you cultivated on the Tianmi Continent as the core, the super-powerful attack that is condensed is comparable to the power of your all-out effort!"

"If the other beings with the same combat power as me face your move, they will almost certainly be seriously injured, or even encounter unexpected events."

"However, you met me unfortunately, the one who owns the Ethereal Universe!!!"

Su Lang looked up to the sky and laughed wildly, even more sneer in his heart.

In a flash.

The face of the angry Buddha in the sky has been killed in front of Su Lang Wu Bian.

The face of this super angry Buddha, which is bigger than the Infinity, will collide with the Infinity in the next moment!

But at this moment.

"Voidling universe, \*\*\*\* me!!!"

The corner of Su Lang's mouth raised slightly, and the virtual spirit universe unfolded instantly, covering all areas within a radius of tens of billions of light years!

And the powerful attack of the Mi Ling Buddha condensed with the endless incense will power is concentrated in a radius of millions of miles, and it is easily covered by Su Lang's virtual spirit universe!

The next moment.

Suddenly, the incomparably weird suction force appeared, directly acting on the face of the angry Buddha.

Rumble!

The incomparably majestic power suddenly reduced and was directly absorbed by Su Lang's Void Spirit universe.

That angry Buddha's face was directly mottled and cracked, suddenly torn apart, turning into countless pieces and powder, and finally reduced to pure incense power!

Just for a moment.

The incense strength that condensed the face of the angry Buddha was directly absorbed by Su Lang!

Based on the face of the angry Buddha, the time rules contained therein are also directly dispersed, returning to the world!

If it hadn't been for Su Lang's Boundless Ship to be suppressed in the underground magma, the angry Buddha face seemed to have never appeared!

And this result.

Directly scared the Mi Ling Buddha and the escaped golden figure in a daze, dumbfounded!

"how is this possible!!"

"This is a powerful method I have prepared for many years, in order to suppress some accidents when I can't do it myself!"

"This Su Lang directly absorbed my attack. This is impossible, he can't do it!"

"..."

The Buddha Mi Ling was stunned. He thought he was the strongest player with incense aspiration. In the boundless universe, except for Emperor Yuanmingzhou, no one could overwhelm him with the incense aspiration.

however.

The powerful method he used to forge the highest achievement of Xianghuo Avenue was directly absorbed in front of Su Lang, just like a long whale eating a small fish.

This is beyond the imagination of Buddha Mi Ling!

At the same time, it made him furious, and even a little fear!

Because besides the time rule, his most powerful means are almost all related to incense willingness.

At this time, his strongest incense method was easily restrained.

If Su Lang grows to the same level as him, wouldn't he be able to easily torture him?

[Chapter 2184: Lao Na really didn't lie](#)

"No, no, this evil barrier must be killed as soon as possible!"

"The origin of the universe, let me condense it!!"

"Indestructible Emperor Zhou, come here too...!!!"

"..."

Mi Ling Buddha exclaimed in his heart, and then immediately used means to contact the immortal Emperor Zhou.

"Mi Ling?"

"What's wrong, why is your face so ugly?"

The Immortal Emperor Zhou, who was setting up the means of targeting the Eastern Taiyi, took out the mirror and saw the ugly-looking Buddha Mi Ling.

"His Royal Highness Immortal Emperor Zhou!"

"Then Su Lang killed the Tianmi Continent again!"

"My last two Jiuyantai junior disciples were killed by him!"

"My golden afterimage is not his opponent. If I hadn't used the method myself, even the golden afterimage would not be kept!"

Mi Ling Buddha's expression changed, he was sad and angry, but also frightened. "The most important thing is..."

"What's the point?"

Emperor Zhou frowned and asked.

"The key is."

"My full blow with the incense and willingness means was resolved by his thought!"

"That was enough to kill many powerful attacks from the Jiuyan Taichu, even Su Lang did not hurt a single hair!"

"At present, I have lost the pan-consciousness of the Tianmi Continent that I have painstakingly cultivated, and it is already difficult to fully monitor the Tianmi Continent."

Buddha Mi Ling said with some difficulty, this kind of thing is simply a shame to him!

Hear this.

Emperor Zhou was also directly stunned!

"what did you say?"

"That Su Lang dissolved you with all his strength in one thought!?"

"Your full blow did not even hurt him?"

"How is this possible, he is not the real eternal emperor!"

"Buddha Mi Ling, what on earth are you going to do, do you think that the deity is stupid? Will you believe your lie with many holes?"

Emperor Zhou opened his eyes and looked at Buddha Mi Ling in disbelief. When he was shocked, he gradually became angry.

Because she felt that the Mi Ling Buddha was lying to her, she was rubbing her IQ on the ground.

Yes.

If he is not the real eternal emperor, how can he resolve half-step eternal moves in one thought?

At least it has to be a bang, a little bit of movement! !

"This!!"

"His Royal Highness Immortal Emperor Zhou!"

"Lao Na really didn't lie!"

"Then Su Lang didn't know what method he used, so he could absorb incense power without restriction!"

"Lao Na's move was based on the incense willingness and carried the rules of time, so it was directly resolved by him!"

"His Royal Highness, Lao Na is now at a critical moment. Before the origin of the universe is condensed, he will no longer have the ability to attack externally. Please come to Tianmi Continent as soon as possible!"

"..."

Buddha Mi Ling showed a bitter face, and then recalled the scene of Su Lang resolving his moves, and the analysis was given to Emperor Zhou.

"The means of absorbing the power of incense!?"

"That Su Lang on the incense stick is better than you!?"

"Why don't the deity believe it!?"

The immortal Emperor Zhou frowned, and it was hard to believe that the full blow of the Buddha Mi Ling would be resolved by Su Lang's thought.

That is too fantastic!

"Your Highness!"

"Why is Lao Na lying!"

"Then Su Lang really resolved Lao Na's moves!"

"Now that Lao Na can't deal with him, he must be making trouble in Tianmi Continent!"

Buddha Mi Ling said with great bitterness, "Please also your Highness Immortal Emperor Zhou to come to Tianmi Continent and kill the evil obstacle!"

"Good good!"

"I know it!"

Emperor Zhou frowned and said, "The deity will come soon, you are ready to take in the deity!"

"it is good!"

"Lao Na welcomes the descent of the palace at any time!!"

Buddha Mi Ling smiled and immediately agreed.

Immediately after.

The immortal Emperor Zhou disconnected from the Mi Ling Buddha, his pupils shrank slightly, revealing a touch of solemnity.

indeed.

There is no need for Mi Ling Buddha to lie.

In other words, Su Lang really resolved the full blow of Mi Ling Buddha with one thought!

[Chapter 2185: These creatures are mine](#)

"Su Lang, this little bastard, is so amazing?"

"It seems that I still underestimated him too much before. This son is really too bad, and it can always be unexpected!"

"Damn it, I have to speed up, I have to go to Tianmi Continent and kill that Su Lang!!"

A strong killing intent rose in the heart of Emperor Immortal Zhou, and immediately began to speed up the deployment of methods against Eastern Taiyi.

What she didn't know was.

His every move was once again seen by the treasure hunting flying gliders and fell into Su Lang's eyes.

"Contacted the immortal Emperor Zhou again?"

"Hehe, with the speed of the immortal Emperor Zhou's deployment of means, it would take at least several hours to finish roughly."

"During this time, Tianmi Continent is the fish to be slaughtered on my chopping board!"

Su Lang smiled coldly, but he didn't do it right away. Anyway, the golden figure had already fled back to Miling Tianshan, so he didn't worry for such a moment.

Close your eyes.

Su Lang's consciousness was immersed in the sea of consciousness.

To be precise, it is in the Ethereal Universe!

This time, although the incense aspiration strength that Su Lang absorbed was not as powerful as that obtained by chasing the innate demon, it was also very majestic!

after all.

That blow was condensed by the sentient beings of Tianmi Continent and the pan-consciousness of Tianmi Continent cultivated by Buddha Mi Ling.

There is no idea how much incense will power!

at this time.

Absorbed these incense will power.

The virtual spirit universe has undergone drastic changes again!

However, the axis of the purple golden gourd void dragon vein in the virtual spirit universe became more and more clear, almost as if it were about to fall out of the painting.

In the world of the Seven Treasure Tree and the Void Dragon Vein with the Heart-piercing Lock, a huge amount of special aspiration power has once again been produced!

The two void dragon vein worlds have condensed millions of special aspirations!

Enough to evolve it once!

"The Zijin Gourd is almost finished!"

"It just happens that I have just harvested a lot of life universe, and I haven't transferred it into my body!"

"If you can get the incense aspiration power of the creatures in these life universes, you will surely get more special aspiration power crystals, and the purple gold gourd can also condense!"

"By the way, now the Mi Ling bald donkey can't make a move, and the entire Tianmi Continent can be snatched away, hahaha!"

"..."

Su Lang thought silently in his heart, and immediately took out the life universe in the storage space!

Coupled with the annihilation war of the Tianmen continent.

He harvested a total of eight Jiuyantai primary life universes!

Twenty-three statues of the universe of life at the beginning of the Eight Yan Dynasty

There are even dozens of universes below Qiyang Realm!

Su Lang was already very skilled at transferring life to the universe.

of course.

This time there is the life universe of the Jiuyang Primordial Realm, which is more troublesome to transfer.

Su Lang took the initiative to promote a number of crystal wall cells, and only then took eight Jiuyantai primary life universes into his body!

Except for Jiuyantai's primary life universe.

The rest is easy to handle.

After all, Su Lang's crystal wall cells are not the same.

That is the crystal wall cells that have been upgraded through a lot of passive forging techniques!

In a blink of an eye.

Su Lang transferred all the primary life universe into his body.

Because when you kill those who are too elementary, it is completely a spike.

It has no chance to resist at all, and no chance to consume the humane forces in the universe of life.

and so.

All the creatures in Su Lang's super-primary life universe are still alive.

at this time.

There are more than 80 life universes in Su Lang's body!

There are countless Buddhist believers in every universe of life!

The number...totally countless!

"Hehe."

"These creatures are mine!"

Su Lang ticked the corner of his mouth and directly used "Mingguang Ten Thousand Realms".

Suddenly.

Comfortable light shines on every living universe.

The countless buddhas and disciples in it should have changed their beliefs directly and became mad believers in Su Lang.

They immediately abandoned the Buddhist beliefs, took off their Buddhist robes, and built a statue of Su Lang, like the warriors on the Heavenly Continent, admiring Su Lang extremely.

[Chapter 2186: The third incense weapon purple gold gourd](#)

In a short time.

Su Lang got a huge amount of incense power!

The three void dragon vein universes including Qibao Miaoshu, all condensed more special incense crystals.

Zijin Gourd is also further condensed, and it will be completed soon!

"Great!"

"But it's not over yet!"

"Anyone who is advanced and too junior can build more worlds in his crystal wall cells."

"It's like the master of cultivation created the world of cultivation."

"These creatures can't create nearly a billion worlds like the master of cultivation, at least they can create a few million worlds!"

"Hey, the things that were used as food for the mother's nest before have more value!"

A faint smile was drawn at the corner of Su Lang's mouth, and soon he took out the fragments of the body of the primordial beginning that he had recently harvested.

It also contains the powerful broken bodies of the former monk Kongchan, the nun Huijue, and the monk Shiyu who were killed before.

Take a piece of broken body from the beginning in your hand.

Su Lang probed in with his incomparably strong spirit, and soon discovered huge crystal wall worlds.

The quality of these crystal wall worlds is not as high as Su Lang himself.

In addition, Bai Lian and other Jiuyan Great Beginning Stages condensed some crystal wall worlds in the body that were more powerful than Su Lang, but they were also limited in number.

of course.

This does not affect the strong people in the early days in which the spiritual believers are kept.

In these crystal wall worlds.

Su Lang immediately discovered a large number of life planets!

All these life planets were taken from the boundless universe and operated for many years.

Bai Lian and the most important believers of the early powerhouse are all in the universe of life.

In addition, these living planets have also cultivated countless believers as much as possible.

"Tsk tut!"

"There are seventy-nine life planets in this fragment of the body from the beginning."

"This is much faster than I can scrape the planets in the various star regions of the endless universe!"

"Of course, if there is a chance, all the life planets in the entire infinite universe should be collected into the body!"

"..."

Su Lang was delighted, and immediately began to transfer the life planets in these broken bodies.

This is much easier than transferring life to the universe.

After all, the size of the life planet was not large for Su Lang at this time.

quickly.

Su Lang scraped all the life planets contained in all the fragments of the body of the primordial beginning.

All kinds of planets of life, good and bad.

Su Lang finally got more than 56 million!

Put them all into your own crystal wall world, and use Mingguang Wanjie to turn all wise creatures into your own believers.

He immediately got the incense aspiration power that was not inferior to the full blow before absorbing Mi Ling Buddha!

The key is.

These believers can continuously produce incense and aspirations!

all the time.

Su Lang can get a huge amount of incense power!

at this time.

After obtaining countless incense aspirations, the Heart Piercing Lock and Qibao Miaoshu Void Dragon Vein not only once again condensed millions of special incense aspirations.

Zijin Gourd has finally condensed completely!

"Void Dragon Vein Heaven Realm, show up!"

Su Lang thought, a scroll appeared in front of him, it was the Purple Gourd Void Dragon Vein Heaven Realm.

The purple golden gourd on it has been completely condensed, exuding an extremely powerful aura.

"Purple golden gourd!"

"A magic weapon with incomparable mysterious power of causality!!"

There was a look of expectation in Su Lang's eyes, and his right hand reached into the scroll of the void dragon veins, and gently fished.

Suddenly.

It's like fishing for the moon in the water, with countless ripples on the scroll.

But the Zijin gourd was really picked up by Su Lang!

boom!

The powerful Primordial Realm aura spread out.

This purple golden gourd is stronger than when the Heart-piercing Lock was first condensed, and reached the Sanyan realm!

However, this gourd does not give people the feeling of danger. It only makes people think that this gourd is ordinary, nothing great.

Unlike the Seven Treasure Tree, it gives people a mysterious and mysterious feeling, but the heart-piercing lock gives people a sense of chill.

"As soon as it is condensed, there will be a three-evolution state!!"

"The increase in my strength can also drive the quality of the void dragon veins!"

Su Lang smiled slightly, and took a close look at the purple gold gourd.

But I saw that this purple gold gourd was as big as a small vase, and the whole body was purple and black, but it contained natural golden patterns, which was quite strange!

[Chapter 2187: Mi Ling who is extremely suffocated](#)

"The breath is ordinary."

"It doesn't seem to be a threat to people."

"Hey, this magic weapon is really yin, if you hide it deeply, the enemy can easily get caught!"

The corner of Su Lang's mouth was Yang, and wanted to try it, but there was no target around him, so he could only give up temporarily.

Immediately after.

His eyes fell on the crystal of special aspiration!

By this time.

The special aspiration crystals of Heart-piercing Lock and Qibao Miaoshu have condensed about eight or nine million, which is completely enough for one evolution!

"Well, it's the same as before, let's do an enhanced reset first!"

Su Lang's eyes flashed, and he directly used the enhanced reset function.

Immediately, the number of strengthening Qibao Miaoshu and Heart-piercing Lock was reset to zero.

The consumed materials were also returned to the storage space.

then.

The Qibao Miaoshu restored its basic level, the Siyan Primordial Stage.

The Heart Piercing Lock has also restored its basic level, and it is also in the Siyan Primordial Stage!

"system!"

"Evolve the Seven Treasure Tree and Heart-piercing Lock for me!"

Su Lang gave an order to the system in his heart.

"Ding! Consumption of special incense and wishing power to crystallize \*8000000, Qibao Miaoshu has evolved into a Wuyan Taichu weapon!"

"Ding! Consume the special incense wish power crystal \*8000000, the heart-piercing lock evolves into a Wuyan Taichu weapon!"

Two system prompts appear.

Both of the incense weapons have been evolved to the Wuyan realm.

As for the Zijin Gourd, it has just been condensed, and there is no extra special aspiration crystal, so it cannot evolve.

Next.

Su Lang began to strengthen the Qibao Miaoshu and the Heart-piercing Lock again.

Plus the newly killed Bliss and Whirling, as well as the materials returned for strengthening reset.

Qibao Miaoshu completed eight enhancements and reached the level of the Nine Evolving Realm!

The Heart Piercing Lock has also completed eight enhancements, and the power has also reached the Nine Evolution Stage!

Pushing these two treasures with Su Lang's current combat power can also pose a threat to the Half-Step Eternal Realm!

at this time.

Finished strengthening the weapon.

Su Lang immediately ordered Xiaoluo to create a purple-gold \*\*\*\* in the reincarnation in his body, and the standard of judgment made Xiaoluo get a headache...

"Next."

"It's Tianmi Continent's turn!!"

"If we can \*\*\*\* all the Buddhas and followers of Tianmi Continent."

"Not only can I get huge benefits, but I can also have an extremely serious impact on the Buddha Mi Ling!"

Su Lang looked up at the sky, and immediately drove the Infinity to the sky and onto the surface.

However, he did not immediately act.

Instead, use clone dispatch and clone replacement to go to Mi Ling Tianshan.

He intends to test the Mi Ling Buddha!

If there is no worries about the future, let's take over the Buddhas and Buddhists in Tianmi Continent!

Because the treasure hunting flying flying gliders had visited Tianmi Continent all over, Su Lang soon arrived near the Mi Ling Tianshan.

boom! !

Infinity arrives.

The powerful breath immediately suppressed countless thousands of miles around.

This place near the Mi Ling Tianshan is the holy land of the entire Tian Mi continent, full of believers of the highest quality!

At this time, these buddhas and buddhists saw the Boundless horn, and they were so frightened.

"It's that horrible humanoid weapon!!"

"It is said that powerful Buddhas such as Bailian and Po Suo were killed by it!!"

"Oh my God, the great Mi Ling Buddha just made his move, but he couldn't kill him!"

"Buddha Mi Ling can't solve this guy, how strong is he!!"

"It's over, he is here at this time, and he must have done something to Mi Ling Tianshan!"

"Buddha Mi Ling, you are quick to make a move!!"

"..."

Countless Buddhas and Buddhists talked in horror and despair. They didn't understand why Mi Ling Buddha did not kill Su Lang.

But they don't know.

Mi Ling Buddha also wanted to kill Su Lang!

However, he is at the most critical moment of condensing the origin of the universe.

If it fails, Yuan Mingzhou will know about it.

Emperor Yuan Mingzhou wouldn't care about the reasons, he would definitely kill him directly!

"This evil animal actually killed Mi Ling Tianshan directly!"

"It's so bold and mad, it doesn't put me in the eyes at all!"

"If I can't get out of my body now, I will suppress you for five billion years if I leave!!"

When the Mi Ling Buddha discovered the boundless name of Su Lang outside the Mi Ling Tianshan, his eyes were splitting, his anger was unstoppable, but he was helpless and suffocated!

[Chapter 2188: Haha, isn't this for nothing?](#)

Simultaneously.

Su Lang drove the Boundless Ship to Miling Tianshan, overlooking the land, with a sneer at the corner of his mouth.

However, there are countless splendid and magnificent Buddhist architectures on the Tianshan Mountain.

What Buddha halls, pagodas, Buddha stands, Buddha steps...everything, every building is made of extremely precious materials.

On the top of Miling Tianshan, there is a sacred temple of Buddha.

That is the Mi Ling Tian Temple, the origin of the entire Tian Mi Buddhism, the Lair of Mi Ling Buddha!

Because Miling Tianshan is the center of the Tianmi Continent, the most sacred and inviolable place.

Therefore, except for the Milingtian Temple, the defenses in other places are actually very weak!

Large areas, countless luxurious and splendid buildings, are only protected by some not powerful too primary formations.

In front of Su Lang.

These formations are just like paper, and a single thought can destroy them!

"Hey!!"

"Mi Ling bald donkey!"

"I'll give you an appetizer first!"

"This Buddhist temple building on Mi Ling Tianshan, I want it!!"

Su Lang smiled coldly, and directly drove the Infinity to fly towards Mi Ling Tianshan.

Mi Ling Tianshan.

Seeing this scene, the Mi Ling Buddha and the golden figure's afterimage could not help but look grim, and the anger in his heart was almost gushing out.

Mi Ling Tianshan, but the center of Tian Mi Continent.

For billions of years, no one has ever dared to violate profanity.

At this time, it is about to encounter an inevitable disaster!

In a blink of an eye.

Su Lang is just one light-year away from Miling Tianshan!

suddenly!

Huh——! !

An incomparably vast array barrier stretched across the world and stood in front of Su Lang.

This is a Qiyuan level united primordial formation.

"Formation?"

"Hehe, isn't this for nothing?"

Su Lang smiled faintly, and directly controlled the formation, taking this formation as his own.

Immediately after.

He also used the one-key decomposition function to decompose all the treasures such as the formation of the formation into materials, and put them in his storage space.

"what!!"

"This Su Lang, can actually directly control my Mi Ling Tianshan formation and destroy it!?"

Buddha Mi Ling was stunned when he saw this scene. He originally thought that Su Lang would use brute force to destroy the formation.

If you use brute force, there is nothing to say, it's all expected.

however.

Su Lang used this incredible method.

Directly usurped the control of the formation belonging to Mi Ling Tianshan and destroyed it in a strange way!

This is incredible!

at this time.

Su Lang has already rushed into the interior of Mi Ling Tianshan, constantly shuttled through the vast mountain ranges!

Within the scope of his spiritual consciousness.

All the formations were immediately wiped out, turned into materials and collected into his storage space.

Those Buddhism buildings made with cherished materials were also erected one by one by Su Lang, and the whole was thrown into the storage space.

The Buddhist geniuses who were lucky enough to live in the Mi Ling Tianshan were also directly taken into the crystal wall world by Su Lang.

Then use Mingguang Wanjie to turn it into his own fanatic!

There are countless treasure hunt flying flying flying out.

Go to the place not covered by Su Lang's Spiritual Mind and sweep the world.

The splendid Buddhist buildings were all dismantled, and a large amount of materials were collected and put into storage space.

then.

Buddha Mi Ling watched Su Lang frantically plundering the room.

"Damn, Su Lang, you evil obstacle, I will kill you!!"

Seeing Su Lang ransacking his home madly, Mi Ling Buddha suddenly felt distressed and wanted to vomit blood.

In order to make people look forward to, Buddhism did the best in the face project. In order to build the various buildings on the Mi Ling Tianshan, he spent a huge amount of heaven and earth treasures and painstaking time.

But now.

But it has become a mess...

Oh no, it's not even messy.

Because all of them were scraped by Su Lang, all the treasures were taken away.

and.

Mi Ling Tianshan is the most aura of Tian Mi Continent.

There are countless peaks in the mountains, and there are almost cherished spiritual veins under these peaks.

Under the claws of countless treasure hunting flying gliders, these spirit veins and immortal veins could not escape at all, and they were all dug away!

Mi Ling Buddha was in grief and indignation.

Su Lang was naturally extremely happy and extremely excited.

At the same time, the big and junior powerhouses and mythical beasts in the Infinity are also extremely excited!

[Chapter 2189: Yo yo yo I'm so scared](#)

"Hahaha!"

"It's so cool!"

"Yeah, I didn't expect that we would have a copy of Tianmi Buddhism home one day!"

"It was also extremely exciting to kill those two Jiuyan too low-level powerhouses before, and forcibly shake the golden figure of the Mi Ling Buddha!"

"This is all thanks to His Majesty Su Lang. Without His Majesty Su Lang's leadership, how could we have a good life now."

"Yeah, if there is no Majesty Su Lang, I will still shrink my head now, staying in the Heavenly Continent all day in fear!"

"..."

Everyone in the Boundless could not help but communicate with each other. When they were excited, their admiration for Su Lang was like a tsunami!

as time flows.

Su Lang kept sweeping the vast and vast Mi Ling Tianshan.

Later, Su Lang discovered that the land of the Miling Tianshan Mountain was almost a treasure, so he directly opened the land-scraping mode!

This is not just scraping the ground 30,000 feet, but directly digging up large chunks of continental plates, and then collecting them into their own crystal wall world...

For Su Lang's vicious behavior, Mi Ling Buddha almost vomited blood with anger.

Next.

Su Lang circled Miling Tianshan circle after circle.

Soon all the periphery of Mi Ling Tianshan was swept over and over again.

at this time.

He has approached the inner circle of Mi Ling Tianshan!

The land here contains more treasures. Picking up a stone is a treasure of heaven and earth!

Although the formation here is more advanced, the defense measures are done very well.

however.

In front of Su Lang, he was still like a chicken and dog, vulnerable!

All formations are directly destroyed by him, and the materials are his own!

Those more brilliant Buddhist buildings were all taken away by Su Lang!

It is a pity that there is no one in this area. Those Buddhist geniuses living here have been taken away by the golden figure of Buddha Mi Ling.

Su Lang took countless treasure hunting flying flying looting all the way, and gradually approached the center of Mi Ling Tianshan!

to here.

Su Lang found out that this place had been cleaned up

——All the various Buddhist architectures and large tracts of mountains were taken away!

"Oh!!!"

"The old bald donkey is not stupid, so let his golden figure be better!"

Su Lang nodded suddenly, and immediately made the treasure hunting flying flying slappers continue to scrape the land.

There is only one person in the golden figure of Mi Ling Bald Donkey, with limited manpower.

Although he had searched all the Buddhist buildings and most of the treasures, some of them were still difficult to take away.

In this part, Su Lang is handed over to the treasure hunting flying gliders!

"Mi Ling Bald Donkey was forced to such an extent by me that I didn't even make a move."

"It can be seen that the matter in hand has indeed reached a critical juncture, very, very important!"

"Perhaps, I can try to interfere with him! By the way, see if I can tear down his real nest!"

Su Lang's eyes flashed with thoughtful light, and there was a hint of excitement.

Immediately after.

He immediately set off toward the Mi Ling Tian Temple, destroying all the barriers along the way, and came directly in front of the Mi Ling Tian Temple.

"Naughty animal!!!"

"This is the pure land of Buddhism, and you can trespass!"

"If you dare to go further, today is your death date!"

"..."

An angry figure of King Kong emerged, and roared at Su Lang extremely angry.

"Yo yo yo!"

"I'm so scared!"

"You old bald donkey, you have betrayed the boundless universe and behaved as a dog for people. You have to live up to now, and it really is the time to die!"

Su Lang looked at the golden figure not far away, and a faint sneer was outlined at the corner of his mouth.

His spirit is also constantly exploring Mi Ling Tian Temple.

As a result, it was quickly discovered that there was a terrifying time and space protective barrier around Mi Ling Tian Temple, directly at the half-step eternal level.

It can be seen that this is the last layer of strong defense that Buddha Mi Ling arranged for his lair.

The reason why the Golden Remnant Shadow dared to jump out to challenge Su Lang was because of this barrier protecting him.

"damn thing!"

"The deity will be able to exit soon, and you will undoubtedly die by that time!!"

The Golden Remnant Shadow roared in anger, wishing to pounce on Su Lang like a mad dog.

But he couldn't beat Su Lang.

Can only grin, dare not really make a move.

#### [Chapter 2190: Scavenging Tianmi Continent](#)

"Ha ha!"

"You will be able to exit soon, right!"

"How long will it be soon? One hour? Two hours? Three hours?"

"You should know, with so much time, what can I do to Tianmi Continent!!"

Su Lang glanced at the golden figure with disdain, then the corner of his mouth hooked, and he turned and rushed to the outside.

"you!!"

"You bastard, you stand still for me!!"

"..."

Seeing that Su Lang shifted the target without hesitation, the Golden Remnant Shadow was suddenly furious and frustrated.

But he has nothing to do.

"damn it!"

"The deity still has half a day to get out."

"We can only wait for His Highness Immortal Emperor Zhou to come over!"

"His Royal Highness Immortal Emperor Zhou, you must do it as soon as possible!"

The Golden Remnant Shadow looked at Su Lang who was leaving, his fists almost squeezed.

at the same time.

Su Lang left behind some treasure hunting flying flying flying gliders to continue looting in the messy Mi Ling Tianshan.

On the other hand, he himself drove the Boundless, went directly to the outside of Mi Ling Tianshan, and began to continue his home-buying plan!

"Go!"

"Snatch everything for me!"

Su Lang thought, and all the treasure hunting flying flying strays were dispatched, and they began to looting frantically.

Immediately after.

He drove the boundless ship all the way forward, and all the creatures within the scope of the divine consciousness were all searched by him.

Those magnificent Buddhism buildings built with heaven, material and earth treasures, don't leave a single one!

then.

Like a rubber sassafras, Su Lang swept across the painting of Tianmi Continent all the way, and everything he passed was turned into a piece of white ground, clean!

quickly.

Su Lang came to the middle and outer areas of Tianmi Continent.

"Before, the Mi Ling bald donkey used countless incense aspirations and the pan-consciousness of the Tianmi continent that he specially cultivated to condense and attack, and wanted to kill me, but I was absorbed.

"The pan-consciousness of Tianmi Continent is an important method for him to control Tianmi Continent."

"Without the pan-consciousness of Tianmi Continent, Miling Bald Donkey simply cannot control such a large area."

"In this case, I can also temporarily disperse my combat power and speed up the search!"

"..."

Su Lang thought so, and immediately dispatched all his Baiying clones!

Suddenly!

Thousands of avatars appeared in various places in Tianmi Continent, and immediately started to search for countless creatures! !

Immediately after.

These avatars began to wander around, constantly scraping the Buddha and the followers!

All the buddhas and disciples were subdued by Su Lang with Mingguang Wanjie and became his own mad believers.

In a short time.

On Tianmi Continent, I don't know how many important cities were looted by Su Lang, causing the loss of a huge number of high-quality believers.

in contrast.

As a result, Su Lang gained a large number of mad believers, and the incense aspiration power continuously poured into the Void Spirit universe into the three void dragon vein worlds.

Because the current weapons are enough.

So Su Lang didn't plan to condense the fourth incense weapon for the time being, but planned to raise the Zijin gourd.

Time passed slowly.

Su Lang watched the golden figure in the Mi Ling Tianshan and Mi Ling Tian Temple, while monitoring the immortal Emperor Zhou on the Tian Ting Continent.

Everything is under control!

As a huge number of believers were taken away by Su Lang.

Mi Ling Buddha also gradually discovered the strangeness.

"The \*\*\*\* Niezha took away so many believers from me!!"

"Furthermore, believers in various places are losing the entire Tianmi Continent!"

"He can do this, he must have used that heaven-defying clone technique!"

"I don't know if his strength has declined..."

"Oh, forget it, he dares to do this, he must be dependent on it."

"If I sent the Golden Remnant to attack him, I might fall into a trap instead!"

After discovering that the number of believers on the Tianmi Continent had been drastically reduced, the Mi Ling Buddha suddenly became angry.
