[Chapter 2191: Emperor Zhou is finished](#)

In fact, he already knew that Su Lang would attack his followers.

But he did not expect that Su Lang would be so fast and his efficiency would be so high!

The rate of loss of believers has far exceeded Mi Ling Buddha's expectations.

Fortunately.

His main high-quality believers are all in his own life universe and crystal wall world. The believers on the Tianmi Continent will lose if they lose, and it's not a pain.

In addition.

At present, Mi Ling Buddha doesn't want to waste energy doing things that he is not sure about.

So after going through the critical moment of condensing the origin of the universe, with the immortal Emperor Zhou, he will kill Su Lang with the momentum of thunder!

By the time.

Everything will come back!

then.

The Mi Ling Buddha endured it and let Su Lang do anything wrong in Tian Mi Continent!

To this.

Su Lang quickly guessed.

"It's been so long."

"So many Buddhas and Buddhists in Tianmi Continent were taken away by me, and the Buddha Mi Ling must have known about this!"

"But he hasn't moved so far, so obviously he intends to swallow this breath!"

"Hey, if that's the case, I'm not welcome!"

"..."

Su Lang chuckled, and immediately let his clones raid the Buddhas and Buddhists of Tianmi Continent.

In a blink of an eye.

More than an hour passed.

Su Lang's clones can take away countless Buddhas and followers in one second.

In these two hours, all the major population gathering places on the Tianmi Continent have been scoured!

In the remaining sparsely populated places, the Buddha's cultivation base is not high, and the quality is not high, so Su Lang simply doesn't bother to collect it.

Anyway, his final goal is to recover the entire Tianmi Continent! !

"Two hours!"

"Adding to the time spent scraping Mi Ling Tianshan, Emperor Zhou can almost finish her arrangement."

"Next, we must be ready to wait for the immortal Emperor Zhou to arrive!"

"..."

Su Lang's eyes flashed with thoughtful light.

Soon he turned his attention to the immortal Emperor Zhou of Tianting Continent.

Because of the urging of the Buddha Mi Ling, Emperor Zhou speeded up his actions.

She wholeheartedly arranged the means to suppress Dongfang Taiyi, without even noticing that she was being monitored.

at this time.

After hours of hard work

The Immortal Emperor Zhou finally arranged a transmission device to suppress and monitor Eastern Taiyi.

"Su Lang brat!"

"You are rampant in Tianmi Continent!"

"Hmph, so arrogant, today I will let you know what someone outside is!"

Killing intent flashed in the eyes of Emperor Immortal Zhou, then he took out the mirror and contacted Mi Ling Buddha.

"His Royal Highness Immortal Emperor Zhou!"

"You're all done!"

Upon seeing the Immortal Emperor Zhou, the Mi Ling Buddha suddenly sighed and explained what Su Lang had done on the Tian Mi Continent.

Suddenly.

Emperor Zhou was also surprised.

Su Lang was even more arrogant than she thought.

Not only drove away Mi Ling's golden figure, but also swallowed Mi Ling's incense and willing power attack.

He was even marked with Mi Ling Tianshan, and copied more than half of Mi Ling's lair!

Finally, a huge part of the population of Tianmi Continent was searched!

The huge Tianmi Continent just made Su Lang mess up in a short period of time!

"The little **** is still looting everywhere now?"

Indestructible Emperor Zhou said coldly, "Don't show your feet and let him run away."

"Yes!"

"Your Highness!"

"That guy is indeed still searching for my believers."

"I can feel that my followers are still declining!"

Buddha Mi Ling immediately replied, "Now that he has used a special clone technique, his strength must have declined. It is a good time to kill him!"

"it is good!"

"I will come over now and kill him with thunder!"

Emperor Zhou nodded, directly found a safe place, and let Mi Ling activate the enticement method.

With the cooperation of both parties.

An extremely huge space-time passage appeared in front of the immortal Emperor Zhou.

Soon.

Emperor Zhou looked back at the direction of Dongfang Taiyi, and went straight into the space-time passage.

[Chapter 2192: Vigilant Touhou Taiichi](#)

"coming!"

"Indestructible Emperor Zhou!!"

Su Lang looked at Mi Ling Tianshan, with a sneer at the corner of his mouth.

Although the immortal Emperor Zhou left the area where Eastern Taiyi was located, the space-time passage opened in another place.

But Su Lang had already seen the scene of her communicating with Mi Ling.

Naturally, I know that Emperor Zhou will soon descend on Tianmi Continent!

then.

Su Lang immediately collected all the clones into the Infinity.

And dispatched a clone to the Tianting Continent, directly using the clone replacement function.

at the same time.

Mi Ling Tianshan.

Inside the magnificent Milingtian Temple, a space-time passage suddenly emerged.

The immortal Emperor Zhou emerged from it with a cold expression and murderous aura!

"Your Highness!"

Mi Ling Buddha sat cross-legged, sweating coldly.

Between his hands is a dark blue jade-like energy crystal, which is an unfinished origin of the universe!

"What about Su Lang little bastard?"

Immortal Emperor Zhou asked coldly!

The fall of the four Jiuyan Taichu subordinates and the ten Bayan Taichu subordinates made her hate Su Lang to death.

at this time.

She is going to kill Su Lang to vent her anger!

"Return your Highness!"

"The evil barrier flew to the east, and it should be near the Pilgrimage Buddha City in Tianmi Continent at this time!"

"Lao Na has now lost the overall ability to control Tianmi Continent, and cannot help His Highness directly teleport to the evil obstacle."

"Therefore, His Royal Highness can only teleport to a city with an anchor point far away from the Pilgrimage Buddha City, and then to the Su Lang evil barrier!"

"..."

Buddha Mi Ling said with a very embarrassed expression.

As the master of Tianmi Continent, he has lost the ability to control the whole situation of Tianmi Continent, which is simply too embarrassing.

"A Pilgrimage to the Buddha City?"

"Very well, take me there quickly!"

Emperor Zhou nodded, she couldn't help but grab Su Lang and tortured him severely.

"Yes, Your Highness!"

Buddha Mi Ling nodded, and immediately showed his golden figure.

In the next moment, the Golden Remnant Shadow used Tianzutong and took the Immortal Emperor Zhou to the anchor point near the pilgrimage to the Buddha City.

But just when the immortal Emperor Zhou was about to leave.

"and many more!"

"His Royal Highness, something is wrong!"

Su Lang Buddha suddenly said in horror, "Then Su Lang has stopped searching for my followers. I am afraid that he is already wary, and even left!"

"what!?"

"Why did you find out now!?"

"Quickly, take me over!"

Emperor Immortal Zhou was shocked and angry, staring fiercely at Mi Ling Buddha, as if looking at a waste.

The Mi Ling Buddha bowed his head in silence and was ashamed.

Immediately a ray of light flashed.

The Immortal Emperor Zhou has already left the Mi Ling Tian Temple with the help of Tian Zu Tong, who is a golden figure.

at the same time.

In the Tianting Continent.

"Appeared again!!"

"But this time it's not a large-scale primordial powerhouse, but a...unfamiliar half-step eternity!?"

"What is the origin of this power, and why can it come and go freely in the Tianting Continent!"

"In addition, why is the breath of the immortal Emperor Zhou a little strange?"

"After all, are they with the group?"

"..."

Amidst the underground magma, Dongfang Taiyi, who was drifting with the flow, suddenly opened his eyes, and a touch of consternation appeared in his eyes.

Although Emperor Immortal had arranged a means against Taiyi in the East, he tried to conceal the fact that he had left the Tianting Continent.

But she was still too hurriedly, which made Dongfang Taiyi feel a little strange.

but.

The appearance of Su Lang attracted Dongfang Taiyi's attention instead, so that he did not think that the immortal Emperor Zhou would leave the Tianting Continent.

instead.

Dongfang Taiyi thought the immortal Emperor Zhou might be engaged in a conspiracy!

"Humph!"

"No matter what the conspiracy!"

"With a move of my heart, the entire Tianting Continent can be destroyed!"

A touch of decisiveness flashed in Dongfang Taiyi's eyes, ready to cope with ever-changing changes!

At this time.

She felt the unfamiliar half-step Eternal Realm powerhouse approaching her, and her whole heart tightened!

She is always ready to destroy the Tianting Continent and die with the enemy!

suddenly.

Dongfang Taiyi felt a strange wave of fluctuations again, and the strange aura of the emperor Zhou disappeared in his perception! !

"What the **** happened here!?"

Dongfang Taiyi's eyes condensed, and instantly used a kind of secret technique of trump card to extend his divine consciousness detection range with the help of the heart and veins of the Tianting Continent.

Suddenly!

She saw an upright humanoid weapon!

[Chapter 2193: Immortal Emperor Zhou is thunderous](#)

"This is...a weapon!?"

"Half-step powerful weapon of the eternal realm!"

"Hey, who on earth is this person who can possess a half-step eternal weapon!!!"

Dongfang Taiyi looked at the powerful Infinity, and was directly stunned.

She had only seen half-step weapons of the eternal realm in the battle of the boundless realm 41 years ago.

The two weapons were held by the original Emperor Wu Bian Zhou and Emperor Yuan Ming Zhou respectively, and they were completely destroyed in the end!

Dongfang Tai 10,000 did not expect that he would still be able to see half-step eternal weapons!

at this time.

"Array control! One-click decomposition!"

With a move of Su Lang's heart, he immediately took control of a huge array of formations and broke them down.

Suddenly.

Dongfang Taiyi's perception of the outside world became clearer.

"That kind of formation... is the means of Immortal Emperor Zhou, she is monitoring me!"

Dongfang Taiyi had been dealing with the Immortal Emperor Zhou for a long time, and he immediately recognized that those formations were the handwriting of the Immortal Emperor Zhou, and saw the effect of those formations.

Astonished.

She was even more shocked by Su Lang's methods of destroying those formations!

"These formations are very powerful."

"However, in front of the humanoid weapon, it didn't even play a blocking role!"

"It's like, it can destroy these formations with a single thought!"

"..."

Dongfang Taiyi looked at Su Lang's destruction of the formation in shock.

The vigilance in his mind has been slightly lowered, but it still exists.

Although the humanoid weapon was destroying the immortal Emperor Zhou's means, it seemed to be against the immortal Emperor Zhou.

But Eastern One is not so gullible!

For billions of years, she has been in conflict with the Emperor of the Immortal. I don't know how many conspiracies she has seen through the Emperor of the Immortal, relying on this kind of vigilance!

Dongfang Taiyi squinted a pair of beautiful eyes, ready to activate the final trump card to destroy the entire Tianting continent!

at the same time.

In the Tianmi continent.

The immortal Emperor Zhou had just arrived near the Pilgrimage Buddha City with the golden figure of Mi Ling, and his complexion instantly sank!

Because within their detection range, there is no trace of Su Lang!

And just as the emperor of the immortal Zhou prepared to use his methods to track Su Lang.

She suddenly stiffened and her expression changed drastically!

"what!!!"

"I stayed in the Tianting Continent to monitor the suppression of Dongfang Taiyi and the anti-shuttle arrangement, which was destroyed!!!"

"How could it be possible that Dongfang Taiyi didn't notice my movement at all, and the means I arranged could be destroyed!?"

"Damn it, what happened!?"

"..."

Emperor Zhou's expression was gloomy and full of anger.

Without those arrangements, not only could she continue to monitor Dongfang Taiyi, she could not return directly to the Tianting Continent!

next moment.

Emperor Immortal Zhou immediately used a powerful means of intercommunication, contacting some of the junior subordinates who stayed behind on the Tianting Continent.

"go with!!"

"Go to the place where Taiyi is in the East and see what happened!!"

"Give me everything, otherwise I will kill you all when I come back!"

"..."

The immortal Emperor Zhou angrily gave instructions.

Suddenly, the two junior powerhouses who stayed behind on the Tianting Continent rushed towards the place where Tai Dongfang was in fear!

And these are too basic, in fact, there are only three or two big cats and kittens, which is not worth mentioning.

After letting the subordinate go down to investigate the specific situation of Eastern Taiyi.

The Immortal Emperor Zhou immediately used a powerful secret technique, collected Su Lang's breath, and began to speculate where Su Lang was.

however!

As a result, she thundered and trembled.

Because the tracking results showed that Su Lang was actually in the Tianting Continent! !

"How can this be!!"

"That little bunny Su Lang is clearly in Tianmi Continent, how could it be possible to rush to Tianting Continent!!"

"The Tianting Continent is my territory, how could he sneak into it silently!?"

"False, this must be false, this is a blinding technique used by Su Lang!"

"Well, you little Su Lang, you can actually break my tracking technique, I see how long you can hide!"

"..."

Emperor Zhou's eyes were wide open, full of disbelief and anger.

[Chapter 2194: I must be mistaken again](#)

Immediately she shook her head severely.

Don't believe the tracking results I got!

The golden figure of Mi Ling on the side was also unbelievable, stunned, and then thought it was absolutely impossible.

No way.

It's so incredible!

Tianting Continent is almost a closed continent, and it is countless light years away from Tianmi Continent.

How could Su Lang rush to the Tianting Continent all at once? It was completely against the common sense rules of the universe!

then.

Emperor Zhou felt that he had made a mistake, come again!

She immediately used a brand new tracking method, this time it was even more powerful!

but.....

The result is still the same

——It shows that Su Lang is in the Tianting Continent!

"Do not!"

"How could this be!?"

"How could that Su Lang go to Tianting Continent!?"

"I made a mistake again, I must have made a mistake again!"

The Immortal Emperor Zhou cried out in exclamation with some collapse, and the golden figure of Mi Ling beside him also opened his mouth wide, too horrified to speak.

Immediately after.

Emperor Zhou took a deep breath, calmed his emotions, and immediately began to use the time rule to trace the traces of Su Lang!

"There is no constant time and space map!"

"Show me...!!!"

The Immortal Emperor Zhou floated in the clouds in the sky, washing his body with countless powerful energy.

Seeing her folded her hands, her fingers were frantically pinched, and a giant scroll immediately emerged.

The scroll is completely black, with only a thin white line on it!

That thin line is the timeline!

And this kind of method is displayed by the immortal Emperor Zhou with his own practice, plus special treasures!

At this time, the timeline drawing axis emerged, and it suddenly expanded wildly.

In a short time.

Thousands of trillions of light-years are covered by it!

Within this range.

All time is in the hands of the Immortal Emperor Zhou!

Using the timeline to draw the axis, she can move the time forward and backward at will, and see everything happening on the timeline!

This is the tyrannical half-step eternal realm!

At this moment.

The timeline drawing axis spread out.

The Emperor of Immortality immediately moved the timeline back, just like pulling a progress bar while watching a video, to check the content that was played before.

As the timeline continues to move back.

Within the scope of the timeline drawing axis, everything starts to go backwards!

Even the golden figure of Mi Ling, because of the power of time, irresistibly regressed back into the pilgrimage Buddha city!

It must be known that the Golden Remnant Shadow also has a combat power close to the half-step Eternal Realm.

This shows that the means of Immortal Emperor Zhou are really strong!

Immediately after.

The timeline continued to retreat, and somewhere, a small figure suddenly appeared, it was Su Lang's Baiying clone.

however.

The look of Emperor Zhou is extremely ugly.

Because it was different from other things, the other things were truly moving along the timeline, controlled by the immortal Emperor Zhou.

However, Su Lang's Baiying clone is only an image.

Because Baiying's clone was the one who appeared here when Su Lang used the clone to replace it to go to the Heavenly Ting Continent, and was immediately taken into the clone pool by him.

No matter how powerful the Immortal Emperor Zhou's methods are, its timeline drawing axis only covers less than a trillion light-years, and it is impossible to reach Su Lang who has reached the Tianting Continent!

at this time.

After the image of Su Lang's avatar of Baiying appeared, it immediately became the indomitable Infinite, which is also an image...

"Ah!"

"Su Lang, where did you go!!!"

"You can't be in Tianting Continent, impossible!"

"..."

Emperor Zhou was very collapsed and screamed, she couldn't imagine what serious consequences would be if Su Lang went to Tianting Continent!

therefore.

She couldn't believe the truth at all.

"You must still be in Tianmi Continent, something wrong!"

"I want to find you, I must find you, I want to kill you!!!"

The Immortal Emperor Zhou roared fiercely, and immediately she maintained a powerful timeline and searched everywhere following the residual breath of Su Lang!

Where she went.

Time goes crazy!

Everything is going backwards, all going back to the past!

But Emperor Zhou can only see the phantom of the Boundless forever, no matter how she chases after her, she can't catch Su Lang...

[Chapter 2195: Golden Crow, Eastern One](#)

If anyone else is here.

I can see a peculiar picture

—The immortal Emperor Zhou with full of grief and anger on Qiao's face is chasing the endless retreat. People who don't know thought she was abandoned.

And at the time when the Emperor Zhou was not believing in evil, he was chasing Su Lang.

Above Tianting Continent.

Su Lang has completely destroyed the arrangement left by Emperor Zhou!

The emperor Immortal Zhou deployed these methods against Taiyi in the East, but spent a lot of treasures, but at this time they have all entered Su Lang's pocket!

"Hey!"

"It's really a profit!"

Su Lang smiled, then flew forward, and soon came to a plain above.

"It should be here, right?"

"The Immortal Emperor Zhou just stood here and talked to Taiyi Dongfang!"

Su Lang overlooked the earth, and his mighty spirit penetrated into the earth. Everything he passed was clearly seen.

quickly.

Su Lang's spiritual mind burrowed into the thick mantle and saw a large swath of magma.

Simultaneously.

A strange breath was also caught by Su Lang.

The aura is very similar to the aura remaining in the source of the birth of the phoenix, containing the smell of the core fragments of the fire element of the boundless world.

"Sure enough, here!"

Su Lang was overjoyed in his eyes, and his divine consciousness continued to probe.

quickly.

He discovered a boundless underground space—a space filled with a sea of magma.

There are terrifying high temperatures everywhere in the space, and golden orange-red lava flows everywhere, roaring, and terrifying.

And it's somewhere in this magma sea.

A beautiful woman in a red robe is lying on the surface of the lava sea, drifting with the current!

This woman is Taiyi Oriental!

And just when Su Lang discovered Eastern One.

Dongfang Taiyi opened his eyes and seemed to be looking at Su Lang at each other across countless distances!

"who are you!"

The indifferent voice came from Dongfang Taiyi.

"Touhou Taiyi...!"

"The half-step eternal level powerhouse who survived the battle of the destruction of the boundless world, unexpectedly, you turned out to be the golden crow!!"

Su Lang looked at Dongfang Tai across the thick earth, his eyes were full of ecstasy and fiery.

Simultaneously.

Dongfang Taiyi's property panel was also presented to him.

[Name]: Eastern Taiyi

[Race]: Golden Crow

[Qualification Level]: Unparalleled (Xiantian Jinwu)

[Realm level]: Half-step eternity

[Attack level]: Half-step eternal

[Defense level]: Half-step eternal-

[Shenfa Level]: Half-step eternal-

[Endurance level]: Half-step eternal-

[Spirit Level]: Realm of Pure Nirvana+

[Mastering the exercises]: Innate Sun Heart Sutra (major), Sun Yaoyu Jue (too elementary, founding), Sun Taichu Fire (too elementary, founding), Sunsara Heart Sutra (too elementary, founding)... ..

Golden Crow!

Sun bird!

The strongest among countless mythical beasts in the prehistoric age, even the ancestor of the Phoenix was defeated by the ancestor of the Golden Crow!

The reason why the Tianting Continent is called the Tianting Continent is the continuation of the name of the ancient demon clan Tianting in the Primordial Era.

The ancient demon clan Tianting was the leader of the Golden Crow clan.

"It's really strong!"

"The techniques that Eastern Taiyi mastered are more powerful than the immortal Emperor Zhou!"

"It's just because of the injury that the combat power has been greatly reduced, and it has not fully recovered until now."

"However, she always gives me a sense of danger, as if she can kill me at any time, no, she can destroy the world at any time!!"

"..."

Su Lang looked at the Jin Crow's attribute panel, and various thoughts appeared in his heart, and he couldn't help but feel a little dazed.

"who are you....."

"Under Yuan Mingzhou Emperor?"

"What conspiracy do you and the immortal Emperor Zhou have?"

As soon as Dongfang Tai saw that Su Lang had been slow to speak, he immediately asked again.

This statement came out.

"Dongfang Taiyi, Jinwu Guliang..."

Su Lang's expression suddenly changed, and he immediately explained: "I am not under the command of Emperor Yuanmingzhou, but the emperor of this term, Su Lang."

"This term of the boundless Emperor Zhou?"

"You can really make up such a lie."

"As far as I know, the current infinite universe is declining so badly, how can one propose a half-step eternal emperor to act as the new infinite universe?"

Dongfang Taiyi was vigilant and repulsive, and under preconceptions, he didn't believe Su Lang's words at all.

[Chapter 2196: Immortal Emperor Zhou is at a loss](#)

To this.

Su Lang was not in a hurry, let alone Dongfang Taiyi for not trusting him.

Prudence is the basic quality of being a strong man.

It would be strange if Tai Yi directly believed it!

"The East One."

"I know you don't believe me now, but soon you will believe me."

"right now....."

Su Lang was about to leave the Boundless, show his true form, and talk to Dongfang Taiyi.

at this time!

"Who dare... dare to make trouble here!?"

"Immediately kneel and surrender, otherwise, I... Our Immortal Emperor Zhou will definitely let you know what pain is!"

"Hurry up, kneel and surrender!"

"..."

A few lustful voices came from a distance, the voices were still trembling, some stammered, obviously frightened!

Su Lang raised his eyebrows.

But suddenly there were thirteen too juniors teleported over from the divine mind, they were huddled together, staring at Su Lang with a pale face.

Their eyes are full of fear!

No way.

Facing Su Lang's half-step eternal realm of Infinity.

These little low-levels are too early, people can kill them with a single finger!

"Tsk tsk."

"A group of ants dare to shout in front of me."

"Well, it happens that there is a shortage of some life universe to fill the Crystal Wall world, bring it to me!"

Su Lang smiled coldly, with a thought in his heart, a Baiying avatar was dispatched, instantly beheading all those weak Taichu!

"Ding! You get the Soul of the Beginning*1, the Life Universe of the Beginning*1, the Fragment of the Body of the Beginning..."

"Ding! You get..."

System prompts appeared one after another.

Su Lang immediately gained a fortune.

Although not much, it is better than nothing!

While sorting out the trophies, Su Lang looked at Dongfang Taiyi: "Look, I will kill all those Taichu under the command of the immortal Emperor Zhou!"

"Ah!"

"You don't know how many times you have played this trick, can you get something fresh!"

Dongfang Taiyi sneered and shook his head disdainfully.

"Ah this..."

"Well, you won't believe me if you don't bring out some dry goods!"

Su Lang smiled dumbly, and immediately left the Infinity, and appeared in front of Dongfang Taiyi...

at the same time.

On the Tianmi continent.

"No no no!"

"This is not true!"

The Immortal Emperor Zhou has stopped chasing Su Lang with the timeline.

Because she had passed the subordinates who had just been killed, and had seen Su Lang's Boundless Number with her own eyes.

This immediately broke all her illusions and hopes, and made her extremely sad and angry.

Emperor Zhou knew that she had been slapped by Su Lang!

Su Lang had been to the Tianting Continent a long time ago and knew her movements.

Then she set up a set randomly, and she drilled in without knowing it, and the ship capsized!

As a dignified emperor of the emperor.

A half-step eternal realm powerhouse.

Yuan Mingzhou Emperor's nominal Taoist companion.

She was actually planted! This is simply a shame!

At this time, the immortal Emperor Zhou couldn't wait to rush back immediately and brutally kill Su Lang.

Then I used the timeline to draw Su Lang's temporary resurrection, and continued to kill and kill, killing 10,000 times, 100,000 times, a million times...!

Simultaneously.

In the endless hatred and anger of the immortal Emperor Zhou, there are also some worries and fears hidden.

Su Lang could sneak into the Tianting Continent silently!

And without making any arrangements, easily travel from Tianmi Continent to Tianting Continent.

This is incredible!

It was so strange that she was scared!

But now that Su Lang was on the Tianting Continent, she couldn't go back.

She couldn't stop Su Lang from doing anything in Tianting Continent!

"Tongfang Taiyi..."

"He must save Dongfang Taiyi!"

"If the two of them are united, it will definitely ruin the husband's plan!"

"What to do, what to do, what to do!"

Emperor Zhou was panicked, and he was a little at a loss for a while.

Through the golden figure, Mi Ling saw this scene even more incredible.

Through the immortal Emperor Zhou's exclamation and talking to himself, he has learned everything- they were turned around by Su Lang!

The Immortal Emperor Zhou was still out at this time, and could only watch Su Lang doing things in the Tianting Continent, but he was helpless and frustrated!

[Chapter 2197: Golden Crow](#)

"This Su Lang is simply too hateful!"

Mi Ling was also trembling with anger, almost affecting the origin of the universe he was refining.

Just when the Immortal Emperor Zhou and Mi Ling were both furious with Su Lang.

In the Tianting Continent.

Su Lang showed his true body and appeared frankly in front of Dongfang Taiyi.

"You are... Qiyuan Realm!?"

"No, you are only in the Seven Stages, but you have the power of the Nine Stages!"

"Moreover, you are like...human race!!!"

After Dongfang Taiyi saw Su Lang's true body, he was immediately surprised!

One is because of Su Lang's cultivation and combat power, and the other is because of Su Lang's identity.

Terran.

He had been sent away by the entire clan of the predecessor, Emperor Wuyin, and he was regarded as the back-hand of the universe.

She saw that scene with her own eyes!

did not expect.

You can still see Terran here today!

And he is also a strong human race with the primary power of Jiuyantai.

It should be noted that even in the most prosperous time of the boundless world, Jiuyan Realm is also a top powerhouse!

"Dongfang Taiyiguliang."

"You read that right, I am the current leader of Human Race, and the leader of the entire Infinite Universe, the current Emperor of Infinite Universe."

"Now I have unified the Heavenly Mian Continent, gathered the Wu Clan Continent, and cultivated all realms for my own use!"

"There are already more than a thousand too junior powerhouses under my command, and there is a phoenix in the Eight-Evolution Stage. Maybe you know him."

"By the way, let you see them!"

Su Lang explained patiently, and directly released the primordial powerhouses in Infinity.

Suddenly.

Jiang Wenzheng is waiting for the Beginning of Heavenly Misty Continent, Yingwa and other Wu Clan, Han Li and other monks, and Yanxingxing and other Human Clan, Wanyu, Phoenix and other divine beasts...

All appeared in front of Dongfang Taiyi.

"what!"

"Your subordinates have already cultivated so many primordial powerhouses!?"

"And...I have indeed seen this phoenix!"

"Are you really like you said, you are the new emperor of the boundless universe?"

"No, something is wrong!"

Dongfang Taiyi believed Su Lang's words a little at first, and then he had doubts again.

"If you have any questions, don't hesitate to say Dongfang Guliang."

Su Lang smiled faintly, "I can answer any questions for you.

"Humph!!"

"You keep saying that you have cultivated these powerful people from the beginning."

"But it's impossible. In billions of years, how can Emperor Yuanming, Emperor Eternal, and Monk Mi Ling allow you to do this?"

"Besides, Phoenix is extremely proud, yet being so humble by your side at this time must be controlled by your sorcery!"

"Su Lang, don't act, if I'm not wrong, you are the Emperor Yuan Ming Zhou or Emperor Immortal Zhou specially trained to deceive me!"

Dongfang Taiyi spoke of Su Lang's 'flaw', with a sneer at the corner of his mouth.

"Uh."

"Dongfang Guliang was wrong."

"These are too junior and strong people are not cultivated by me over billions of years, but spent a few days to cultivate."

"Phoenix is also because he worships me too much, so he will put down his arrogance in front of me. In fact, he is still very arrogant.

"..."

Su Lang smiled, and softly explained to Dongfang Taiyi.

"Stop, stop!"

"Training so many early powers in a few days, you can speak out even if you lose!"

"How arrogant the Phoenix is, how can it worship others?"

"Let's go, and come back again with the immortal Emperor Zhou!"

Dongfang Taiyi smiled and shook his head, closing his eyes as he had seen through Su Lang.

Suddenly.

The strong men under Su Lang couldn't help but want to speak.

However, they did not stop Su Lang.

"seeing is believing."

"It's hard to be convincing just by saying it."

Su Lang stretched out his hand to stop the subordinates, and smiled at Dongfang Taiyi, "Dongfang Taiyiguliang, I will prove to you everything I said now. Please be mentally prepared and don't be too shocked."

[Chapter 2198: Doesn't he need to rest](#)

"Humph!"

"I want to see what new tricks you have."

Dongfang Taiyi sneered in disbelief, and looked at Su Lang with beautiful eyes, as if watching an actor.

"Be mentally prepared!"

"Now, I will first perform for the Eastern girl and promote hundreds of early powers in one go!"

Su Lang clicked the corner of his mouth and immediately waved his hand, and he immediately selected hundreds of quasi-too junior powerhouses from the Infinity.

After practicing in the land of exile, beheading Shang Mouzhuo and others on the Heavenly Continent, and then rioting on the Tianmi Continent.

The number of one-key empowerments is finally refreshed!

At this time, just in front of Dongfang Taiyi, promote some of her subordinates, let her see and see!

And the reason why hundreds of people were elected instead of five hundred.

It is because Su Lang intends to improve the time rules for some old players!

At this moment.

"Your Majesty Emperor Zhou!"

All of the selected Quasi Taichu were very excited!

Because they know that they are about to be promoted to a real too junior powerhouse!

And Dongfang Taiyi was extremely shocked.

"what?"

"Promote hundreds of early powers in one go?"

"How can this be!?"

Dongfang Taiyi looked at Su Lang suspiciously, his eyes full of disbelief.

but.

Su Lang even said this in front of her. He was obviously very confident in doing so!

This immediately made Dongfang Taiyi couldn't help but think: He doesn't really have that kind of guard against the sky! ?

"Look up!"

Su Lang smiled at Dongfang Tai across the thick ground, and immediately called the first quasi-primary warrior.

This quasi-primary warrior was respectful and knelt in front of Su Lang expectantly.

When I saw it, I knew that Su Lang had seen many scenes where Su Lang was promoted to be too junior at the beginning, and I could see the experience!

"Today you join me in the battle of Tianmi Continent, everyone has merit, everyone deserves a reward."

"All of you, I will help you advance to the Primordial Stage!"

"Don't worry if you haven't called now, you will be promoted to hundreds of people every day!"

Su Lang looked around the crowd with a smile, and immediately pressed the forehead of Quasi Taichu in front of him with his hand, and directly activated the rule empowerment function!

next moment!

Su Lang's own time rules were poured into this Quasi-Prince's body, making him directly comprehend it!

It should be noted that Su Lang does not master ordinary time rules,

It has reached the time rule of Qiyang Taichu level.

This not only allows the quasi-primary warrior to directly promote to the primitive state.

And from then on, until the Qiyuan Primordial Realm is cultivated, there will be no more bottlenecks in the time rule!

at this time.

The Quasi-primary Beginner, who was instilled by Su Lang, was originally at the ceiling of Quasi-primary Beginner's level. After comprehending the power of the powerful rules, he immediately broke through to the primal primacy level!

If Su Lang instilled some cultivation skills in him, he would surely be able to continue to break through.

However, the cultivation level is still more treasured for Su Lang.

Therefore, if it is not necessary, I don't intend to instill it in my subordinates.

After instilling the rules of time, Su Lang once again instilled a practice exercise technique for this new Jin Taichu so that he could practice and improve himself!

Under the earth.

Dongfang Taiyi blinked in disbelief when he looked at Zhun Taichu who had broken through Su Lang's palm.

A strong man from the beginning was born so simply! !

This is really a fantasy!

"I directly promoted a strong man from the beginning!"

"And it took such a short time!"

"Could this Su Lang really promote hundreds of Taichu to come out!?"

"Or, that quasi-tai was approaching a breakthrough in the beginning, but was just cooperating with Su Lang in acting!?"

"..."

Various thoughts arose in the vigilant Dongfang Taiyi, but he still did not fully believe in Su Lang.

at this time.

The second Quasi Taichu came to Su Lang again.

Su Lang naturally stretched out his hand to cover the forehead of this Quasi Taichu.

"This!"

"Don't he need to rest?"

"Obviously I just promoted a too junior strong, now I will promote the second one!?"

Dongfang Taiyi's eyes widened, his eyes full of shock and doubt.

[Chapter 2199: Jinwu Guliang, how about](#)

suddenly!

An overly elementary aura bloomed from that quasi-primary body!

But it was Su Lang who had elevated this quasi-primordial beginning to the real primordial beginning stage!

"This this this!"

"Really improved!"

"Su Lang actually did it. In a short period of time, he successively promoted two super juniors!"

At the same time Dongfang Taiyi's eyes widened, his mouth couldn't help but opened slightly, surprised.

however.

This is not over yet.

Su Lang directly let the remaining quasi-primary warriors line up, one by one!

then.

What shocked Dongfang Taiyi has happened!

I saw a quasi-primary powerhouse kneeling in front of Su Lang, and after a few breaths, he became a very primary powerhouse, and then I just felt like ran to the side to become familiar with the realm and consolidate his strength.

In a short time.

All the quasi-prime primaries all became strong primaries, sitting on the ground densely.

Such a scene.

Directly shocked Dongfang Taiyi from the lying position to the sitting position!

She was sitting in the magma, staring at the scene on the ground with stunned eyes. There was a buzzing in her mind, a blank space!

Dongfang Taiyi counted it carefully.

This time, Su Lang raised a total of three hundred and sixty quasi-primary warriors to the early-primary level!

Three hundred and sixty!

Even in the prosperous Boundless World, it will take many years to be born one after another.

The unit of time needs to be calculated in billions of years!

However, under Su Lang's hands, these more than three hundred powerful people from the Beginning, didn't even use it for a quarter of an hour, and they all reached the level of the Beginning!

This value is incredible!

"It's incredible!"

"Even in the Boundless Realm before the war, I have never heard of such a thing against the sky!"

"Even, even before the age of the boundless world, in that more terrifying era, nothing like this would ever happen!"

"How did Su Lang do it!"

"..."

There were endless stormy waves in Dongfang Taiyi's heart, and the whole person's attention was completely attracted by Su Lang!

Simultaneously.

She also believed a little bit what Su Lang said!

If you don't believe it, the facts are all in front of you. If you don't believe it, isn't it a perfect match? at this time.

Something that shocked Dongfang Taiyi even more!

"Come on, Jiang Wenzheng, come here!"

Su Lang smiled and waved to Jiang Wenzheng.

"Yes! Your Majesty Emperor Zhou!"

Jiang Wenzheng trembled all over, and then came to Su Lang with great surprise.

Without even thinking about it, he knew that Su Lang was definitely going to promote himself!

He didn't even doubt that Su Lang could do it.

As long as it is Su Lang's task, Jiang Wenzheng knows very well that there is absolutely nothing impossible to do!

really.

Su Lang asked Jiang Wenzheng to sit down cross-legged, covering his heavenly spirit with his hands, and directly activated the rule instillation function!

Suddenly.

His time rules as high as Qiyan level were poured into Jiang Wenzheng's body and soul.

Just for a moment.

Jiang Wenzheng not only has no time bottleneck for continuing to break through, but also has greatly increased his strength!

The aura on his body skyrocketed by a large amount.

Such a scene.

Looking directly at Dongfang Tai was stunned.

Raising the quasi-taichu to the real-taiyu is already very abnormal!

At this time Su Lang even promoted a Five Evolution Stage Taichu!

Even if that Wuyan didn't break through at the beginning.

But Dongfang Taiyi could see that it was only a matter of time before Jiang Wenzheng wanted to break through!

Next!

Su Lang successively called a group of veteran Taichu in front of him, improving the time rules for him.

In a blink of an eye.

There are many old brands that are on the verge of breaking through!

It's just that at this critical moment, the primordial powerhouses didn't want to make mistakes, so they suppressed the urge to break through and stood behind Su Lang respectfully, ready to help at any time.

"It's incredible!"

"This is a fantasy, it's like a dream!"

Dongfang Taiyi looked at a senior Taichu who became stronger, and his eyes towards Su Lang gradually burst into light.

"Golden Wu Guliang, how?"

"You are credible now. Can I promote hundreds of them at once?"

Su Lang looked at Dongfang Taiyi in the underground magma and asked with a faint smile.

[Chapter 2200: Blame me for being too good](#)

"Su Lang."

"You are really amazing!"

"You can actually do such an incredible thing!"

"However, this is not enough..."

As an extremely cautious golden crow.

Although Dongfang Taiyi didn't want to take advantage of Su Lang, he still had reservations about Su Lang's identity for the sake of Tianting Continent.

"Good good!"

"I see, don't worry, let's continue!"

Su Lang didn't get angry after hearing Dongfang Taiyi's words, but instead laughed.

"This....."

"What else do you have?"

Dongfang Taiyi looked at Su Lang in surprise, somewhat incredulous.

Being able to promote five hundred Taichu at one time, quasi Taichu and senior Taichu can all be promoted, this is already incomparable!

Su Lang unexpectedly has other means!

"Haha!"

"I have many methods!"

"For example, I can still use pill to enhance everyone's strength!"

Su Lang hooked the corner of his mouth and waved his hand to directly emit countless pill, all of which were perfect-level primordial pill!

Wow!

Countless perfect primordial pills are like a handful of stars scattered in the universe, forming an extremely bright galaxy!

The incomparably rich and bizarre pill breath permeated, and was captured by Dongfang Taiyi's spirit.

Suddenly.

Dongfang Taiyi is silly!

"This...all are the perfect quality primordial pill!!!"

"Oh my God, how could he have so many primordial pills, and all of them are of perfect quality!?"

"Even in the Boundless Realm before the war, it is impossible for anyone to come up with so many perfect quality pills of the beginning!"

"Am I really dreaming!?"

Dongfang Taiyi stared blankly at the pill that Su Lang spilled, and felt a little dazed and dreamy in his heart.

As a half-step eternal golden crow.

In the boundless world, she is also the top figure.

With her knowledge, she has never seen so many perfect Taichu medicine pills, let alone eat them.

suddenly.

A thought appeared in Dongfang Taiyi's heart.

"Even the original Boundless Realm, no one can come up with so many perfect primordial pills."

"This Su Lang can actually do it, and he can also improve the abilities of others out of thin air. Is this what Qi Yan could do in the beginning?"

"Could it be that this Su Lang actually pretended to be Emperor Yuanmingzhou!?"

Touhou Taiyi had such thoughts, and the thoughts in his heart immediately lingered.

Because Su Lang has done things beyond her cognition.

In her opinion, this is probably only possible in the eternal state.

But Su Lang is only a Qiyang Primordial Stage, how can he do it?

At present, there is an Emperor Mingzhou in the endless universe, so Dongfang Taiyi suspected that Su Lang was posing as Emperor Mingzhou.

then.....

"Humph!"

"Su Lang, there is a term called too much too much!"

"I believed you a little bit before, but now I just don't believe you!"

"These pills are not something you can get!"

Dongfang Taiyi took a deep breath, the excitement that had risen in his heart completely disappeared, and his tone became very cold.

"Uh....."

"Well, this is indeed a bit too shocking."

"Although I have made you mentally prepared first, I still blame me for being too powerful!"

After hearing what Dongfang Taiyi said, Su Lang smiled and shook his head, and immediately said,

"Then, I will prove to you that these pills are all made by me!"

This statement came out.

Dongfang Taiyi was shocked again.

His expression changed from indifferent to consternation again.

Immediately after.

"Prove that these medicines were refined by you!?"

"This is impossible, these pills absolutely cannot be refined by you!"

"Even the infinite emperor of Zhou, it is impossible to refine so many perfect and primary pill!"

Dongfang Taiyi said in shock and disbelief.

however.

Su Lang did not reply to her, but directly took out the alchemy materials!

"Lagerstroemia has no fixed fire!"

When his thoughts moved, the colorful burning sky and wonderful flames suddenly became the most suitable flame for refining.

The crape myrtle unfixed fire turned into a circular furnace under Su Lang's control.

Soon.

He started to refine the pill in front of Dongfang Taiyi!
