

## One Click 2211

### [Chapter 2211: The sixth enhancement of Boundless Evolution](#)

"..."

Jiang Wenzheng and others were very surprised to discuss the work.

They had already seen the scene of Su Lang upgrading the Infinity, and soon recovered after the shock.

And Dongfang Taiyi was stunned!

This well-informed golden crow might be completely blank at this time!

"what!?"

"All the parts of this super weapon have risen to a level in an instant!"

"These are 120,000 too basic parts, and each part is equivalent to an too basic weapon. Su Lang did this to make them stronger instantly!?"

"..."

A stormy sea rose in Dongfang Taiyi's heart, and his entire body was dumbfounded, with an expression of incredible disbelief on his face.

She originally thought that Su Lang was able to upgrade the Infinite, and it would also consume a huge amount of time and energy, and even mobilize a large number of powerful men to complete this extremely terrifying project.

however.

Su Lang promoted the Infinite in an instant.

This is incredible, it's incredible.

Even the knowledge of Eastern Taiyi has exceeded her imagination!

She was stunned to feel the huge improvement of the Infinity, the horror and shock in her heart gradually turned into ecstasy!

Su Lang has such a powerful ability, he can definitely create a weapon against the sky.

When the time comes, you will not suffer a loss in weapons against the Battle Origin Emperor Mingzhou!

And just when Dongfang Taiyi was extremely surprised and thought that Su Lang would stop and rest.

"system!"

"Start one-key enhanced function!"

"Goal, 120,000 parts of the Boundless Number!!"

There was a flash of light in Su Lang's eyes, and he immediately issued instructions again.

Suddenly.

Countless materials have become raw materials for strengthening functions, turned into endless mysterious powers, and once again integrated into the Infinity!

Immediately after.

A system prompt sounded immediately.

"Ding! Successfully strengthened, Infinite Number +1!"

Accompanied by the system prompts, the breath of Wuyin skyrocketed again!

After an all-round evolution and strengthening.

The conventional power of the Boundless has reached the pinnacle of the Jiuyan Realm, touching a half-step eternal realm.

And this time.

There are Dongfang Taiyi, Su Lang and more than ten thousand clones, as well as many subordinates of Taichu, and beasts.

The power of the Boundless has reached the point of surpassing the ordinary half-step eternal state!

"finished!"

"The Sixth Strengthening of Infinity!!"

Su Lang felt the powerful power of the Boundless, and he was so happy, his face almost burst into laughter.

Simultaneously.

Dongfang Taiyi was even more shocked!

She never expected that the Infinite could still be upgraded after one upgrade!

This is incredible!

It completely transcends the laws and common sense of the universe!

"How on earth did this happen!"

"Even the powerhouse of the Eternal Realm, mastering the power of the endless time road, I am afraid it will be difficult to do this!"

Dongfang Taiyi looked at Su Lang in shock, only to feel that Su Lang's image became even taller.

In her heart, Su Lang would definitely be able to go further on the way of warriors than the last emperor infinite, and reach a stronger point!

at this time.

"Guliang Dongfang!"

"The power of Infinity has increased!"

"Thank you so much for the treasures you provided!"

"Now I have a greater certainty that I can pack the Tianting Continent away!"

Su Lang solemnly thanked Dongfang Taiyi, and immediately showed an exhilarating smile.

"Really, that's great!"

Dongfang Taiyi was also extremely excited, "Then let's prepare quickly!"

"Haha!"

"I plan to lay out the formation first!"

Su Lang twitched the corner of his mouth and said with a smile, "I can do this by myself, and you can help me take care of it."

"Hmm!"

"It just so happens that if I leave the magma here, my perception of the Tianting Continent will become much slower."

Dongfang nodded, and smiled, "I will stay here to help you watch. If there is something unusual in the Tianting Continent, I will notify you immediately!"

"it is good!"

"Then I'm going!"

Su Lang smiled, and immediately dispatched a large number of clones and treasure hunting flying flying gliders.

[Chapter 2212: Half-step eternal Tianting moves the big array](#)

He also left the Infinity, heading to the edge of the Tianting Continent!

Because he had just arrived in the Tianting Continent before, he sent a clone and the treasure hunting flying flying flying to investigate.

Therefore, for the Tianting Continent, he still opened up some dispatchable maps.

quickly.

Su Lang reached the edge of Tianting Continent.

Just got here.

Su Lang discovered that beyond the edge of the Tianting Continent, there were many warriors guarding him tremblingly!

It is clear.

These people must have received the order of Emperor Zhou to be immortal, guarding outside, and observing his movements as much as possible.

However, these people are too weak.

After the previous batch of too junior powerhouses were killed, these people dare not enter the Tianting Continent at all.

"These... are these people under the command of Emperor Zhou?"

"They are all people below the Beginning Level!"

"Many of them are controlled beasts!"

Su Lang looked at the warriors who were guarding the edge of the Tianting Continent with fear, suddenly smiled coldly, and dispatched the clone directly!

quickly.

Those densely packed warriors were easily solved by Su Lang's clone, as if countless ants were trampled to death by one foot!

Those sacred beasts were rescued by Su Lang and directly collected into his life universe.

Next.

Su Lang dispatched a clone, continuously dispatching around the Tianting Continent.

The clones opened the dispatchable map while clearing the betrayers in the Tianting Continent and freeing the controlled beasts.

And Su Lang himself.

From where you are now, you are ready to start arranging the formation!

The layout and design concept of this layout is different from the last time when the Wu Clan mainland was transferred.

The main reason for transferring the formation of the Wu Clan Continent is to enable it to be swallowed by the clone and transfer to the Heavenly Mian Continent.

And this time.

It is to use "World Heavenly Witch Fulcrum" as the basis to transfer the Tianting Continent by space shuttle.

therefore.

Most of the formations deployed by Su Lang this time are related to time and space as well as fulcrum leverage.

In order to be able to arrange a more powerful formation.

Su Lang deliberately read all the classics of formations he obtained from various channels.

Including the formation classics obtained from many Buddhist experts in Tianmi Continent.

And the classics with the characteristics of Yuanming Universe Array Talisman obtained from the masters of the Nine Evolving Realm under Yuanmingzhou Emperor.

Finally, there is the formation classics donated by Eastern Taiyi

—Considering that Su Lang wanted to set up the formation, she gave all of her collection to Su Lang, including the already destroyed Western God Alchemy Formation System!

After learning these formations.

Su Lang mastered eight times more than before!

The coverage has become extremely broad!

The key is that he can also integrate these formations, runes, and other systems, each taking its own strengths and integrating them into one!

Not long.

Su Lang used the various formations he mastered to design a powerful combined formation that contained the fulcrum and lever profound meaning, or cooperated with the fulcrum and lever profound meaning.

This formation level has completely reached the half-step eternal state! !

"Tsk tut!"

"Unexpectedly, I actually refined a half-step eternal realm formation!!!"

"Looking back, I will try to make an attack or kill-type formation to deal with the immortal Emperor Zhou and Mi Ling bald donkey!"

"The main purpose of this formation is to move the Tianting Continent, so let's call Tianting move the big formation!"

"..."

Su Lang thought so, Xuan even started to lay out the Tianting shifting formation from scratch according to his own design.

Under the function of one thought formation.

Su Lang arranged the formation very fast.

With a single thought, all the formations can be covered by the divine mind!

After finishing the arrangement, go to the next place and continue the arrangement!

Just in the time he designed the formation.

The clones have opened up a large range of dispatchable areas, and they almost have to spare the Tianting Continent a circle!

This allows Su Lang to arrange the formation without stopping!

But this is not enough.

Just going around in a circle is not enough, but the dispatchable area must form a spherical surface to wrap the Tianting Continent!

then.

While arranging the formation, Su Lang let the clones continue to open up the dispatchable area, and he was bound to visit the entire Tianting continent!

And just when Su Lang set up the formation.

In the Tianmi continent.

...

[Chapter 2213: I can't let Su Lang succeed!](#)

"How to do!"

"Those who are trapped in Tianmi Continent can't be returned in a short time!"

"The remaining super junior subordinates were all killed, and even those warriors guarding the periphery of the Tianting Continent began to encounter Su Lang's slaughter!"

"Now, I have completely lost control of the Tianting Continent, and even surveillance is difficult!"

"..."

The immortal Emperor Zhou stopped somewhere in the Tianmi Continent, her fists clenched, her pupils trembling, hate and annoyed!

The golden figure of Buddha Mi Ling who stood by did not dare to speak at all.

Mi Ling was originally looked down upon by Emperor Immortal Zhou. If his clone dared to provoke Emperor Immortal at this time, he would be regarded as a punching bag immediately!

however.

Even if he doesn't speak...

"Mi Ling!"

"I blame you, old bald donkey!!"

"Why didn't you entangle that Su Feng before I came to Tianmi Continent!?"

"Why keep urging me!?"

"You trash, blame you, I will throw away the Tianting Continent!"

"..."

Emperor Zhou turned his head and stared at Mi Ling's golden figure with blood red eyes, scolding and shaking the pot with gnashing teeth!

This time Immortal Emperor Zhou was led by Su Lang to play.

Mi Ling did want to carry a little pot, because he did not entangle Su Lang at all times, but instead allowed Su Lang to act recklessly in the Tianmi Continent, and went to the Tianting Continent smoothly, in spite of.

He is not strong enough.

in spite of.

It was useless for him to send out the golden figure.

But this pot, he does want to memorize it.

And now the Emperor Zhou immortal has thrown his pot over, he has to carry it together!

"Why do I suffer so much!"

"Since their surrender, they have never seen it directly once, and at this time they have to be in the dark!"

"It is obvious that Su Lang is too abnormal."

"You are so strong to immortal Emperor Zhou, why was the method of staying in the Tianting Continent suddenly solved by Su Lang?"

"You won't destroy Emperor Zhou..."

Buddha Mi Ling was complaining in his heart, he didn't dare to show a little clue in front of Emperor Zhou, otherwise he would definitely die.

At this time.

When the Emperor Zhou saw Mi Ling's golden figure and did not speak, he was suddenly angry again!

"waste!"

"Rubbish!"

"Get out of my way!!"

Emperor Immortal Zhou cursed fiercely, and slapped it out, slapped Mi Ling's golden figure in the face.

Mi Ling's golden figure did not dare to resist at all, so he had to use the power of the slap in the face of Emperor Zhou to smoothly leave her sight.

After slapped fiercely.

The immortal Emperor Zhou's mood immediately calmed down a lot.

"No way!"

"I can't let Su Lang succeed!"

"Dongfang Taiyi was used by her husband, and she absolutely dare not leave the Tianting Continent at will!"

"They must take time to figure out a solution!"

"In a short time, they should not cause more serious consequences."

"In that case, I still have time to remedy it!"

The eyes of the immortal Emperor Zhou are shining with thoughtful light...

Time passed slowly.

Su Lang continued to arrange joint formations, and gradually completed the formation coverage project for a small half of Tianting Continent!

The clones have already visited the entire Tianting Continent a long time ago.

Heaven and earth.

Almost anywhere, even a little Gada, Su Lang can directly send a clone or a treasure hunt flying flying.

Of course, he himself can replace the past through the clone.

After the clone is idle.

Su Lang dispatched his clone to the Tianting Continent to gather a large number of creatures into the universe of life

—This is to prevent the powerful space-time oppression that will kill those fragile creatures when the continent is moving.

After all the creatures in Tian Ting Continent were temporarily put away by the clones.

Su Lang dispatched the clone to the vicinity of the Tianting Continent to collect the life planets in those star regions.

The entire endless universe.

As long as the power that can be gathered, Su Lang will not let go!

Just when Su Lang was busy.

In the Tianmi continent.

After thinking about it, Emperor Zhou still had two choices.

[Chapter 2214: The immortal Emperor Zhou must save his attack](#)

The first option is to slowly return to Tianting Continent using ordinary means.

But after I went back, it was estimated that the daylily was cold. Even if Su Lang did not successfully rescue Dongfang Taiyi, he would definitely take away extremely important things from the Tianting Continent!

perhaps.

Dongfang Taiyi would hand over some important things he guarded to Su Lang to take away.

That is also an extremely serious loss.

The key is immortal. Emperor Zhou didn't want to run back to see the miserable and messy scene, which was really shameful.

therefore.

Emperor Zhou chose the second option and attacked the Heavenly Continent! !

For Su Lang.

The Tianmen Continent, which has been in business for a long time, is definitely more important than the Tianting Continent.

In addition.

The distance from Tian Mi Continent to Tian Ting Continent is actually farther than Tian Mi Continent to Tian Mi Continent!

because.

The Emperor Eternal Emperor couldn't always see the Tianmi Continent. After the Boundless Realm was divided into four continents, there was no communication between the Tianting Continent and the Tianmi Continent.

At most, it has been sent several times.

on the contrary.

In the past, the immortal Emperor Zhou sat and watched the battle between Tianmi Continent and Tianmen Continent.

This makes the Tianmi Continent have many arrangements for the Tianmen Continent, and can reach the Tianmen Continent in a shorter time.

As for the time and space barriers of the Tianmen Continent, there is actually nothing in front of the emperor Emperor Zhou!

Combine various reasons.

Emperor Zhou chose to attack the Tianmen Continent.

"Boy Su Lang!"

"I will save you when I attack the enemy, see if you can sit still!"

"If you return, if you can't take Dongfang Taiyi with you, then you won't be able to resist me head-on, and you will end up with a dead word!"

"If you really don't return to the Heavenly Misty Continent, that's fine, you destroy my Tianting Continent, and I will destroy your Heavenly Misty Continent, to see whose loss is more serious!"

"Hmph, hum, what choice would you make in a dilemma!?"

Indestructible Emperor Zhou thought so, his eyes gradually revealed a trace of pride and sneer!

Immediately after.

The Immortal Emperor Zhou used various methods to contact the remaining weak subordinates in the Tianting Continent.

He also gave them an order to spread the news that she was going to attack the Heavenly Continent, so Su Lang must know!

And she herself returned to Mi Ling Tianshan again.

"His Royal Highness Immortal Emperor Zhou, Lao Na knows his fault!!"

Seeing the immortal Emperor Zhou came running, Mi Ling thought she was here to inquire about the crime, so he directly confessed.

"Humph!!"

"What an old trash!"

"I still have to rely on myself."

Emperor Immortal Zhou dismissed it and said coldly, "Miling old bald donkey, now hurry up and give me the most convenient route from Tian Mi Continent to Tian Mi Continent!"

"Yes, Your Highness!"

"His Royal Highness, is this going to attack the Tianmen Continent!?"

"This is really a great strategy. In this way, Su Lang will immediately fall into a dilemma, hesitating between the Tianting Continent and the Tianmen Continent."

"In the end, he will definitely choose the Heavenly Misty Continent, but after returning, he will be easily taken by Your Highness!"

"..."

Mi Ling saw the idea of the immortal Emperor Zhou and immediately flattered him!

In fact, he had thought of it himself, but he didn't dare to say, he didn't dare to grab the good idea that Immortal Emperor Zhou had in a flash.

at this time.

Emperor Zhou was in a better mood for being flattered.

But she still instantly coldened her face and said indifferently: "Stop talking nonsense, and quickly hand over the most convenient route."

"Yes, His Highness Immortal Emperor Zhou!"

Mi Ling hurriedly agreed, and immediately handed over all the arrangements for Tian Mi Continent for many years in Tian Mi Continent.

Although Tianmi Continent's strategy against Tianmen Continent has been completely cracked by Su Lang.

But there are still remaining paths.

These paths are composed of Buddhist anchor points, and Tianzutong can span a long distance at one time, and it will not take too long to reach the Tianmen Continent.

Emperor Immortal cannot use Tianzutong.

The golden figure cannot leave Tianmi Continent either.

But Emperor Zhou could also use the Buddhist treasures given by Mi Ling to spend a little more time to travel to the Heavenly Continent.

#### [Chapter 2215: Half-step eternal formation completed](#)

"This is Mi Ling Tianchu Suo!"

"His Royal Highness can use it to take advantage of those Buddhist anchor points!"

While maintaining the reverse training of the origin of the universe, Buddha Mi Ling took out an extremely basic treasure with extremely difficulty, which almost affected his operation of the reverse training of the origin of the universe.

"Humph!"

"After you have developed the origin of the universe, follow it quickly!"

Emperor Immortal Zhou snatched Mi Ling Tianchu Suo, coldly dropped a word, turned and left.

"Yes!"

"His Royal Highness Immortal Emperor Zhou!"

Buddha Mi Ling readily agreed.

Anyway, there is nothing to lose in the Tianmi Continent. It is better to attack the Tianmen Continent in Su Lang together, so that you can get out of the breath that has been held in your heart for a long time! then.

Emperor Immortal took the Mi Ling Tianzhu Shuo of the Mi Ling Buddha and set off on the road to the Tian Miao continent.

With her half-step eternal realm's mighty power.

There are also many Buddhist anchors that can be used, and it will probably not take long to reach the Tianmen Continent.

And her actions.

It has been seen by Su Lang's ubiquitous and endless treasure hunting flying flying gliders.

"Tsk tut!"

"Do you still know that you must save the enemy?"

"It took so long to think of this method, this woman is really stupid."

Su Lang learned of the emperor's movement, and directly inferred that the emperor was going to the Heavenly Continent!

Just then.

Some extremely weak warriors appeared in Su Lang's field of vision.

"His Great Immortal Emperor Zhou, now is going to destroy the Heavenly Continent!"

"Su, Su Lang, you, you, go back to stay home!"

"Little bastard, you, do you think you can save Dongfang Taiyi? Impossible!"

"Ha, haha, scumbag, I see how you choose!"

"..."

These weak warriors one after another said very arrogant words, but their tone was very frightening, and even their tongues knotted with fear.

Because everything they said was taught to them by Emperor Zhou.

"I guess it was correct."

"The woman of the immortal Emperor Zhou wants to do something to my Heavenly Mian Continent."

After seeing these weak warriors, Su Lang smiled coldly and waved his hand to kill them.

As for making choices?

Still use selection?

Of course, continue to arrange the formation!

Now the formation is almost finished, once the arrangement is finished, go to the innate demon, 'please' him for help!

of course.

Before that.

Su Lang wants to control the whereabouts of the immortal Emperor Zhou!

"The clone dispatch is activated!"

Su Lang thought, a avatar appeared on the edge of Tianmi Continent, and chased him towards the immortal Emperor Zhou.

Don't forget that Emperor Zhou is half-step eternal.

But her movement speed is not as fast as when Su Lang dispatched the clone!

After all, Su Lang's clone can be equivalent to flashing and flashing...

then.

Soon, Su Lang's clone caught up with the Immortal Emperor Zhou, and was taken back by Su Lang before being destroyed.

The time elapsed from departure to the present.

And the distance traveled by the immortal Emperor Zhou.

Su Lang listed a formula, which simply calculated the time required for the emperor's entire journey to reach the Heavenly Continent.

of course.

To prevent accidents.

Su Lang deliberately reduced this time by half.

From time to time, the clone is sent to continue to explore the location of the Immortal Emperor Zhou.

time flies.

All parties are frantically busy.

Mi Ling Buddha is madly practicing the origin of the universe.

The immortal Emperor Zhou is going crazy to the Heavenly Misty Continent.

Su Lang is frantically deploying half-step eternal formation!

correct.

And Emperor Yuan Mingzhou, I don't know exactly what he is up to, eh...I'm very busy anyway.

Time passed slowly.

In a blink of an eye.

The Immortal Emperor Zhou has already advanced halfway.

The cosmic origin of Mi Ling Buddha is about to be completed.

On Su Lang's side, he officially completed the half-step Eternal Realm super formation that envelops the entire Tianting Continent.

—Tianting moves the big formation! !

Such an all-round formation covering the entire Tianting Continent is definitely the strongest formation since the birth of the Infinite Universe!

Although it is not for war.

But its level alone is staggering!

"Finally done!"

"With my Infinity and Dongfang Taiyi, plus this formation, it is actually quite certain."

"However, the immortal Emperor Zhou is still some distance away from the Tianmen Continent. During this period, if it goes well, I will be able to 'please' the innate demon over here!"

Thinking of this, Su Lang twitched the corner of his mouth, and immediately dispatched a clone.

[Chapter 2216: Goodbye innate demon devouring evil](#)

This clone was dispatched to the vicinity of the location of the innate demon.

With the treasure hunt flying flying's function of 'hunting soul', it has always locked the position of the innate demon. After he escaped here, he never left.

In fact, it hasn't been many days since Su Lang absorbed his incense aspiration power and forced him to flee here.

This time is for the innate demon.

Probably the time for ordinary mortals to catch their breath.

"Ah! What a shame!"

"Why do I encounter that kind of existence that completely does not conform to the laws of the universe!?"

"So heartache, I feel so heartache, so hate, so hate!"

"But, how can I get revenge? That guy is damaging me, is there any hope of revenge in my life?"

"..."

In the dead and dark void, the innate demon was hidden here, still immersed in the pain of being beaten by Su Lang.

His loss this time was really too great.

Not to mention the loss of the countless incense aspirations that he had accumulated, even the pot of Cultivation Ten Thousand Realms was robbed, and there would be no place to cook in the future.

And at this moment.

Outside the detection range of his spiritual power, one or two figures appeared one after another, it was Su Lang and his clone!

"Just ahead!"

"But this time I'll say hello first, so as not to scare him away."

Su Lang retracted his clone, generally looking at the endless dark void ahead.

Immediately, his mind moved, and the treasure hunting flying gliders appeared.

All these treasure hunt flying flying gliders are holding an audio-visual communication stone.

Su Lang also held an audio-visual communication stone, which was connected with the audio-visual communication stone held by the huge treasure hunting flying flying strays.

Suddenly.

Pieces of illusory pictures emerged from the audio-visual communication stones, the content was Su Lang's smiling face, and it was still instant.

This is the "video call" made by Su Lang.

In fact, if it hadn't been for fear of losing the clone, he wouldn't have caused such trouble.

Closer to home.

Treasure hunting flying flying birds with audio-visual communication stones were continuously dispatched by Su Lang.

In a blink of an eye.

They have entered the spiritual detection range of the innate demon!

"What is this stuff?"

"One by one is so weak, even with no spiritual power, but can advance at such a fast speed!"

"No, it's the weird guy who is projecting the audio-visual communication stone in their hands!"

"These things were sent by that weird guy, and he's going to do it on me again, no, he can't let him succeed!"

"..."

After seeing Su Lang's treasure hunting flying flying flying fly, the Innate Demon was first shocked. When he saw the portrait of Su Lang projected by the audio-visual communication stone, it instantly exploded!

On that boundless black planet-like body, countless hideous tentacles suddenly opened, like a weird hedgehog or sea urchin!

The innate demon was really seriously frightened!

He was terrified just seeing Su Lang.

At this time, those treasure hunting flying flying strays held countless communication stones, and countless portraits of Su Lang were projected, densely packed.

This is simply the most scary scene in the eyes of the innate demon.

then.

The next moment.

He was ready to escape immediately!

But at this moment.

"Innate demons eat evil!"

"Don't rush away, I am not here to draw your strength!"

"Of course, if you don't want to communicate with me and just run away, I don't mind sucking you down!"

However, he saw Su Lang's faint voice in the images of Su Lang projected by the transmission stones.

This statement came out.

The innate demon was immediately stunned.

"Evil Devouring!?"

"He, he knows my real name!!"

"How is this possible? Only I know the real name of Biting Xie!"

"What kind of existence is this guy!?"

"Has he restrained me from waiting... to the extent that he can directly penetrate my thinking!?"

"No, it's not true, it's not true!"

"..."

Endless horror, fear, and disbelief arose in the mind of the Innate Demon Eater.

Simultaneously.

He really wants to run!

I really want to escape from the gaze of that smiling demon!

[Chapter 2217: Eat evil, don't be afraid!](#)

but.

He really didn't dare to run!

Because he doesn't want to be sucked dry!

"You, what on earth are you looking for me!?"

Biting Evil looked at Su Lang in a frightened manner, and said in a somewhat difficult tone.

He is also ready to escape at any time.

Even if he knew, Su Lang could find himself the first time he could find himself the second time.

But you feel more secure when you run away...

"Hahaha!"

"Evil Devouring, don't be afraid!"

"I came to you this time because I wanted to ask you to help me!"

Su Lang looked at the trembling evil spirits through the perception of the treasure hunting flying flying flying, and couldn't help being a little funny.

This guy was obviously half-step in the eternal state, but he was so frightened by him. Look, he is almost a lamb.

"Do your best!?"

"You, what do you want me to do?"

Biting Evil's eyes showed surprise, and then asked uncertainly.

"Humph!"

"If you don't participate in the Battle of the Boundless Realm, the Boundless Realm shattered into four continents!"

"Now I have commanded most of the remaining forces in the Boundless Universe, and prepared to fight against Emperor Yuan Mingzhou."

"And the four continents transformed by Boundless Realm, except for the one where Emperor Yuanmingzhou is located, I have already set foot on the remaining three continents."

"Furthermore, the Tian Mi Continent has been completely controlled by me, and the Tian Mi Continent has almost been taken down by me. Now I am attacking the Tian Ting Continent."

"I set up a half-step eternal realm formation on the Tianting Continent, preparing to move the Tianting Continent, so that it will cross countless spaces directly to the Tianmen Continent, and the two will merge!"

"What I want you to do is to help me transfer the Tianting Continent!"

Su Lang stared at the indeterminate bitter evil, and said in a powerful tone.

And this statement came out.

Evil Devouring was stunned immediately! !

"what!?"

"You, you have commanded most of the remaining forces in the entire infinite universe?"

"And you have mastered one continent, and the other two continents are about to be controlled by you!?"

"The most important thing is that you actually want to move the entire Tianging Continent, so that it spans countless lonely cosmic spaces and merges with the Heavenly Misty Continent!!"

"It's unbelievable, it's unbelievable, how did you do all this, who are you? Could it be that you, you are the emperor of the endless universe, you are not dead!?"

"..."

Evil Devouring looked at Su Lang in shock, his eyes that were bigger than the planet almost burst.

Every word of Su Lang shocked him incomparably.

Taken together, it was like a terrifying bomb exploded in his heart!

He was so shocked that his thinking would be stagnated.

In his impression, it is probably only the infinite Emperor Zhou that can do this!

at this time.

"Hahahaha!"

"The Emperor of Infinity? I am indeed Emperor of Infinity, but I am not the leader who fell in the battle of Infinity."

"My name is Su Lang, the new Emperor of the Infinite Universe!"

"Evil Devouring, now the opportunity to make up for the merits lies in front of you, and it depends on whether you can grasp it."

Su Lang looked at Qi Xie faintly, and a smile was slowly drawn at the corner of his mouth.

"This....."

Ji Xie's eyes flickered, and hesitated, "Fight against Emperor Yuanmingzhou...end..."

"Humph!!"

"Fight against me, you die faster!"

Su Lang smiled coldly, "As long as you say no word, today is your death date!"

With the arrogant threat of the Qiyang Primordial Realm for a half-step eternity, it is estimated that he has been the only one since the birth of the infinite universe.

"Su Lang..."

"Okay, I promise you, but I will only help you once."

Evil Devouring expression changed, and then compromised, "After helping you, you let me go!"

"Ha ha!"

"This can't work!"

"As the half-step eternity of the boundless universe, you have also cultivated to the present by relying on the resources of the boundless universe."

"It is the duty of every creature in the infinite universe to defend the infinite universe."

"Emperor Yuan Mingzhou is about to leave the Heavenly Jade Continent now. Do you think you have another four billion years to survive?"

"Evil Devouring, your only choice is to follow me and help me defeat Emperor Yuan Mingzhou!"

Su Lang smiled faintly, "After success, I will give you freedom, and even let you go to Yuanming Universe, you know!"

Say this.

On the spot, Biting Evil's eyes were dumbfounded and speechless.

Immediately after.

...

[Chapter 2218: Su Lang, I promise you](#)

"it is good!"

"I promise you!"

A trace of helplessness flashed in his heart, and he agreed.

The current situation.

It has indeed made him unable to refuse.

Although in the eyes of Jixie, defeating Emperor Yuanmingzhou or something is just a fantasy.

It is even more impossible to go to Yuanming Universe to feast in the future.

but.

The situation is pressing!

If he doesn't agree, Su Lang will kill him!

Even if he escaped by chance, Emperor Yuan Mingzhou would definitely kill him in the end.

Therefore.

In fact, there is only one choice for eating evil.

That is to promise Su Lang!

"well."

"You will not regret your choice today!"

Su Lang clicked the corner of his mouth and said, "Come on, enter my universe of life, and I will take you to the Tianting Continent!"

This statement came out.

Qi Xie's eyes flashed suddenly.

The life universe is an extremely important thing for a warrior.

Su Lang has extremely terrifying restraint against him, but he is not a vegetarian. If he makes a big mess in the universe of life, he will definitely hurt Su Lang seriously.

but.

This thought passed by in a flash.

As a person who is greedy for life and fear of death, he will not bet his life.

"Okay, I promise you, enter your universe of life."

"Su Lang...Your Majesty, can you directly return to the Tianting Continent?"

Ji Xie nodded, and then asked a little surprised, "This is near the edge of the boundless universe, far from the center!"

"how?"

"You still don't believe it?"

Su Lang smiled faintly, and directly used the clone to dispatch and replace, and appeared in front of Evil Devouring.

Suddenly.

Qixie was shocked.

With the vast scope of his spiritual power, I don't know how many lonely voids are shrouded.

But Su Lang directly crossed these spaces and appeared in front of him silently, which was really scary.

"I believe it, I believe it!"

"Your Majesty Su Lang, let's go."

Evil Devouring acknowledged it simply, and then slowly entered the role.

"Ok."

"Come in."

Su Lang nodded slightly and opened his dantian life universe.

One channel unfolds.

Through this channel, Ji Xie has already seen a very prosperous planet that is not too big!

and.

The planet gave him an extremely familiar feeling.

That kind of feeling, he only felt it when he was born, and when he was fighting in the boundless world!

Just when the evil spirits were horrified.

He was incorporated into the channel by Su Lang using space means, and collected into the Dantian universe.

"Here is... the core fragment of the Infinity Realm!!"

Just like Dongfang Taiyi's reaction when he saw Blue Star, Devouring Evil was also extremely shocked.

Although he had never participated in the war at the beginning, he was also secretly concerned.

then.

He felt the aura of the core fragments of the Boundless Realm, and saw the scene where the last Emperor of the Boundless Universe spent a huge price to exile the fragments of the Boundless Realm.

Unexpectedly.

Billions of years have passed.

He actually saw it again!

"Su Lang unexpectedly has fragments of the boundless world!"

"Could it be that he is the successor of the previous Emperor Boundless Zhou!?"

"If this is the case, many things can be explained."

"Given the inheritance of Emperor Zhou, Su Lang is likely to enter the realm of eternity."

"However, even the emperor Yuan Mingzhou who had placed such a powerful infinite universe back then, Su Lang...Your Majesty, how much can you do?"

Biting the evil stayed in Su Lang's Dantian life universe, while condensing his body and breath, while silently thinking.

But at this moment.

He suddenly found a passage appeared, and immediately afterwards he was expelled from the universe of life.

A new scene is presented in front of you

——A hot, brilliant world of underground magma!

"what?"

"That's it!?"

"Really arrived at the Tianting Continent in an instant? Such an exaggeration!?"

Ji Xie's eyes widened, his eyes full of incredible color.

suddenly!

"Evil Devouring!"

"meet again!"

"You are really the top greedy and fearful person in the boundless universe!"

A cold voice, accompanied by a familiar breath, reached the ears of Evil.

[Chapter 2219: Far beyond ordinary half-step eternity](#)

"Golden Crow!?"

"You are Eastern One!!"

Ji Xie looked at the cold-looking Dongfang Taiyi, his pupils shrank suddenly and his whole body trembled!

As the most negative creature in the boundless universe.

In front of the Golden Crow, he would be severely restrained.

Even if there is no such exaggeration as Su Lang's complete restraint, it is still very scary.

therefore.

In front of the East One, he was a little bit confused.

"Humph!"

"At the beginning, the boundless world was facing the disaster of extinction!"

Dongfang Taiyi looked at Ji Xie with a little disdain and disgust, "And you, as one of the half-step eternity of the Infinity Realm, even dare not even participate in the war!"

Biting Evil was stunned by Su Lang once, and Dongfang Taiyi stunned again. At this time, he did not dare to say anything.

then.

He simply shut his mouth tightly, and said nothing on his face.

"Forget it."

"He has promised to help me deal with Emperor Yuanmingzhou, so he will give him a chance to make up for it."

Su Lang smiled and played round the field, and summoned the boundless call.

Wow!

The Infinity dipped through the magma, splashing an endless tsunami of red magma.

The powerful half-step eternal realm aura also spread, and the super-giant body that stood up and down gave people a deep sense of oppression.

"This is... a half-step eternal weapon!?"

"A humanoid weapon!!"

When Zhixie saw the Infinity, his face suddenly exclaimed.

Although he lived longer than the Golden Crow, he was eager for one, and his knowledge was not stronger than the Golden Crow.

So at the first sight of Boundless, he was shocked.

"This is one of my cards, Infinity."

"The Infinity can gather the power of the companions around him to form a more terrifying force!"

"With the strength of the three of us, plus my clone, my subordinates, and the half-step eternal formations I set up, it has greatly enabled me to transfer the Tianting Continent."

Su Lang smiled faintly, and immediately waved his hand, and the Infinity immediately projected three broad beams of light, falling on himself, Dongfang Taiyi, and Devouring Evil.

A traction force is formed.

The three slowly entered the Infinity.

In an instant.

Two half-step eternal powerhouses appeared in the two core parts around Su Lang.

Su Lang occupies the most central position and leads the overall situation!

at this time.

The power equivalent to the three half-step eternal realm powerhouses converged!

And it is not simply added together.

But through the complementary parts of the boundless world, it exerts even more terrifying power!

The moment when the three people settled in the parts.

A powerful aura that has never appeared on the Tianting Continent for billions of years burst out!

This is a breath far beyond the half-step eternal realm.

Although it is impossible to reach the real state of eternity, compared to the previous strength, the improvement is particularly huge!

Su Lang even felt that the Boundless was about to reach its limit!

"Far beyond the ordinary half-step eternal power."

"This force, even if it can't kill the Indestructible Emperor Zhou or Mi Ling bald donkey, it can definitely hurt them!"

"After the transfer of the Tianting Continent, I will give them a surprise, hahahaha!"

Su Lang felt the powerful power of the Infinite, and his heart was full of excitement and excitement.

Simultaneously.

Dongfang Taiyi and Jixie were both extremely shocked.

Especially eating evil.

It's not like Taiyi Taiyi has experienced the power of the Boundless Horn once.

At this time, it was the first time to experience this kind of terrifying power that far exceeded oneself, and he couldn't help but be shocked.

Simultaneously.

He also had doubts about his previous thoughts.

"Su Lang has already controlled more than half an eternal power at this time!"

"With his potential, if it goes well, there may be a real chance to defeat Emperor Yuan Mingzhou!"

"A dark and endless universe...there is light!!"

A ray of light gradually lit up in the eyes of the biting evil, and he, like Dongfang Taiyi and others, saw the hope of the boundless universe.

at this time.

"You all take these pills!"

"Once the energy in the body is reduced to half, give me drugs!"

Su Lang's voice spread throughout the Infinity.

Eat evil also heard.

Soon.

[Chapter 2220: I arranged it alone](#)

He found that there were a huge amount of perfect and too low-level pills in front of him!

And it's very suitable for Him, a pill containing powerful incense

—This kind of pill refining method is actually quite common among the Buddhist schools of Tianmi Continent, so Su Lang refined some and used it for eating evil spirits who also played incense.

at this time.

I saw these pills in front of me.

Biting evil has been completely stunned!

Although he has survived for countless years, it is the first time that he has seen so many perfect elixirs together!

and.

He found that the perfect quality that he had eaten in his entire life was not as much as the pill in the beginning.

"Su Lang...Your Majesty!!"

"These pills are for me!?"

"You won't make me pay any price?"

Ji Xie only feels that these pills are not so safe to take, because they are too precious.

"It's just a few pills."

"These pills, as long as the materials are sufficient, I can refine as many as I want."

Su Lang smiled faintly, "Don't feel precious, don't bear to eat, as long as you consume more than half of your strength, take it immediately!"

This statement came out.

Biting the evil was immediately shocked by Su Lang's pride.

It's so proud.

It's so awesome.

Such a precious pill, even said not to be reluctant to eat it.

And it's really shocking to refine as much as you want!

"okay!"

"Get ready, go!"

Su Lang's voice came again.

Immediately after.

Everyone felt that the Infinity had crossed a super long distance and reached another place directly.

Looking back from the boundless ship.

There is an endless continent in the back, emitting a faint light in the pitch-black universe, colorful and dazzling, extremely mysterious.

"Tianting Continent!!"

Touhou Taiyi couldn't help his eyes red.

She didn't know how many years she hadn't looked down on the Tianting Continent like this.

Immediately after.

Dongfang Taiyi and Jixie, as well as Jiang Wenzheng, etc. Taichu noticed.

The layer is extremely mysterious and complicated, and the marginal formations can not be seen shrouded in the sky of Tianting Continent.

"This is the formation that Su Lang arranged!!!"

"It's so huge, you can only see the tip of the iceberg!"

Even if Dongfang Taiyi had seen the scene where Su Lang surpassed the emperor's formation, he was shocked at this time.

She knew that Su Lang was also very powerful in the formation.

However, he never expected that he could be so powerful that it was beyond common sense and incredible.

at the same time.

Devouring Evil is more shocking than Dongfang Taiyi!

"That's... an infinite formation!"

"Oh my God, with so many formations, how much time and energy will it take and how many powerful array wizards can be used to complete it!"

Biting Xie used his divine mind to detect the Tianting moving array arranged by Su Lang, and he was shocked again.

Because with his vast and boundless mind, it is impossible to see the complete formation!

And through the extension trend of the formation, he inferred that this formation is very likely to envelop the entire Tianting Continent.

It must be known that the Tianting Continent is boundless.

How big a spherical formation enveloping the Tianting Continent! ?

Such a terrifying formation.

It's not like a human can arrange it!

But it just appeared!

It was literally placed before Him.

"Su Lang... Your Majesty!"

"This, this formation is..."

Ji Xie couldn't help turning his head to look at Su Lang, hesitating, but stopped talking.

"I set it up."

"I arranged it by myself, and it took a few hours."

Su Lang smiled indifferently, "When the Tianting Continent is transferred, I can perfectly recycle them."

Hear this.

Devouring evil only felt the fantasy of the universe, unbelievable, and unbelievable in his heart.

But he understood that Su Lang didn't need to lie.

This can be called a cosmic miracle formation method, which was arranged by Su Lang alone for a few hours!

at this time.

"Your Majesty Su Lang."

Dongfang Taiyi took a deep breath and said, "Time is running out, let's start now!"

"Ok!"

"You pay attention to replenish your energy."

Su Lang nodded and exhorted.

Everyone held a lot of perfect too low-level pills and took their orders.

next moment!
