

One Click 2221

[Chapter 2221: Move the Tianting Continent](#)

"Tian Ting moves the big formation, sick--!!!"

Su Lang's heart moved, his eyes flashed, and the formation covering the entire Tianting Continent suddenly lit up!

Immediately after.

Countless energies of heaven and earth rose from the Tianting Continent, turned into a stream of celestial pillar-like energy, poured into the formation.

To transfer the Tianting Continent.

With the current power of Boundless, it is still far from enough!

Therefore, it is necessary for Tian Ting to move the great formation to supply itself with energy.

So Su Lang created a super energy-absorbing array based on the energy absorption and transmission network of the Tianming Continent, draining all the energy on the surface of the Tianting Continent at once!

At this moment.

Endless energy gathered in the Tianting mobile array, making this array more brilliant.

An incomparably powerful force of space washed out from every corner of the formation, and ripples began to appear in the surrounding space.

Below the surface of the space, in the deeper position, the infinite number of spatial rhythms are also affected, gradually becoming fragile.

However, the power of the profound meaning of space is only part of the large array that Tianting moves.

More importantly, it is the 'fulcrum lever profound meaning'!

at this time.

The entire Heavenly Court moved the big array, and every inch of it, every point, actually cast a fulcrum, leverage and power.

of course.

There is also a part of the equally important fulcrum, leverage and power Su Lang!

"World Heavenly Witch Fulcrum Profound Meaning!"

Su Lang controlled the Infinity to stand in the most critical node of the Heavenly Movement Array, and with a far more eternal force than half a step, activated the world's heavenly witch fulcrum.

Suddenly.

An incomparably mysterious power appeared in the vast array of Tianting moving from the boundless number!

The power exerted by the Boundless Space, and the power exerted by the Tianting mobile array, under the influence of the pivot lever, has been amplified in an incomparably wonderful way, and has been applied to the Tianting continent!

Suddenly!

The entire Tianting Continent trembled!

It must be known that the Tianting Continent is a quarter of the entire Infinite Realm. What a terrifying power it is to make it shake!

"Shake the Tianting Continent!!"

"What a strong power, curious and wonderful profound meaning!!"

"His Majesty Su Lang is really too strong, he actually shook the Tianting Continent!"

"We can really take away the Tianting Continent!"

"..."

Among the Boundless, Taiyi, Qixie, and Jiang Wenzheng were all shocked!

And at this moment.

Boom boom boom... — —!

A strange voice sounded, but it was seen that Tian Ting moved the space around the large array, and all began to collapse!

It was like a heavy object placed on the soft ground and gradually sank in.

Those booming peculiar sounds are the tension and extension of the spatial rhythm line!

"disease--!!"

Su Lang suddenly burst into a low drink again.

The entire Tian Ting shifting formation suddenly shined, and a more powerful force was acting on the Tian Ting Continent.

Suddenly.

Without being torn apart, the space around the Tianting Continent has formed a constantly sunken super giant pit, which develops toward the shape of the abyss channel!

This is building a space folding tunnel.

The ordinary shuttle method of tearing apart space can't transfer the entire Tianting Continent because it is too large!

Only this kind of space folding tunnel similar to the super giant wormhole can transfer the giant target more conveniently.

At this moment.

as time flows.

Under the influence of the Sulang Infinity and the Tianting mobile array, the space folding tunnel is gradually formed.

The Tianting Continent was constantly being pried into the tunnel.

The extremely strong spatial fluctuations spread towards the distance.

Even places that are trillions of light-years away are radiated by spatial fluctuations, causing huge riots.

For the star field in these places.

Tianting Continent is the center!

At this time, there was a continuous ripple of space covering countless star fields from the Tianting Continent.

In the eyes of the creatures in these stars, it was as if the entire universe was in turmoil.

It's like a mortal encountered a super earthquake. It's really scary!

But just when countless creatures were terrified and felt that the end of the universe was about to come, these spatial fluctuations suddenly disappeared!

because.

The place where the Tianting Continent is located.

The entire space folding tunnel has taken shape, and the Tianting Continent is trapped in the tunnel.

An infinite number of infinite space rules gradually fill and smooth the tunnel.

The Tianting Continent disappeared in no time!

[Chapter 2222: Look forward to the arrival of the new world](#)

at the same time!

Near the distant Tianmian continent.

A spatial ripple suddenly appeared, gradually oscillating away, covering the entire Tianmen Continent.

Immediately after.

The second spatial ripple appeared from the center of the first spatial ripple, and swayed again.

After a shorter time interval.

The third ripple appeared and swung away.

Followed by the fourth, fifth, sixth...

Gradually.

The dense ripples of space oscillated, causing the cosmic void on the Tianmen Continent to also cause turmoil!

Violent turmoil.

Naturally, it caused the panic of countless creatures!

"How is this going!?"

"The space is turbulent, our entire continent is shrouded!"

"I just came from the west of the Tianmen Continent, and there are also extremely strong spatial ripples over there!"

"Many space treasures have failed. Fortunately, they are only temporarily invalid and not damaged, otherwise it would be terrible!"

"Then what the **** is going on, why is such a terrifying cosmic vision happening in our Heavenly Misty Continent!?"

"Don't be afraid, with His Majesty Su Lang, everything can be done!"

"Quickly, go to worship His Majesty Su Lang, and add to your Majesty!"

"..."

In the Tianting Continent, countless creatures were terrified, and then gathered around the world, worshipping around the statue of Su Lang.

The same goes for the creatures in the exile.

Just then.

In the heavenly virtual world.

An announcement rang.

"note!"

"Announcement: Because His Majesty Su Lang, the emperor of the infinite universe, returned with the Heavenly Ting Continent, it caused a spatial shock."

"Announcement: Due to the space shock, in order to avoid injury, please go to the realm of cultivation or escape into the exile. Please don't worry too much, and look forward to the arrival of the new world!"

The announcement came out.

Almost instantly passed to the ears of every creature!

Countless creatures suddenly turned from panic to surprise!

"Heaven, it is His Majesty Su Lang who has returned with the Tianting Continent!"

"Unbelievable, unbelievable, His Majesty Su Lang has come back with the Tianting Continent, which is about the size of the Tianming Continent!"

"The Heavenly Ting Continent is about the same size as the Heavenly Mian Continent, so much power can be shaken, let alone taken away, but His Majesty Su Lang just did it. This is really shocking!"

"Hahaha, a new continent is coming. I did not expect that within a short period of time, His Majesty Su Lang will not only take the Wu Clan Continent and the cultivation world into his own, but also bring back the Tianting Continent!"

"The Heavenly Ting Continent was brought back by His Majesty Su Lang, the source of the universe powerhouse who guarded the Tianting Continent must have been killed, so it is easy to dispel the hatred!"

"Under the leadership of His Majesty Su Lang, the hope for the revival of the boundless universe is growing. The stalwart Majesty Su Lang is omnipotent. Praise my Majesty!!"

"..."

In the Heavenly Misty Continent, the creatures from all over the world are discussing and communicating, and they are all extremely excited.

Those terrifying spatial shocks are no longer scary.

On the contrary, it is like firecrackers for the New Year, which brings excitement and excitement to people.

at the same time.

It is not only the creatures on the Heavenly Continent that perceive the spatial shock and ripples.

Because the space oscillated too much, it passed too far.

So that the immortal Emperor Zhou who had just rushed to the void in the distance of the Tianmen Continent felt it!

"This is... spatial ripple?"

"The space ripples from far away, but also wave after wave!?"

"This level of spatial shock is definitely not something that ordinary people could do in the early days. This is almost a cosmic level force. What happened on the Heavenly Misty Continent!?"

"Before, what means Su Lang seemed to be deploying, is it related to this?"

"No, it's impossible. At most, he will explode half a step of eternal power. How can he do this!?"

"..."

The light flickered in the eyes of the emperor of the immortal, astonished.

She didn't believe that the spatial shock was caused by Su Lang, but she couldn't figure out how this happened.

After some entanglement.

[Chapter 2223: The collapse of the immortal Emperor](#)

After some entanglement.

Emperor Zhou couldn't help but feel the surprise and worry in his heart.

He began to try various methods to contact his subordinates on the Tianting Continent.

Although her subordinates had already been killed, it was impossible to monitor the Tianting Continent in detail.

However, at least some of the roughest information can be obtained!

Not long.

The immortal Emperor Zhou, who used various means, finally contacted a subordinate who had been sent out before, and received an extremely shocking news!

"what!!"

"What are you talking about? The Tianting Continent is gone!?"

"How is this possible, how could such a large continent disappear all at once!?"

"Fuck, I don't listen, I don't listen, fake, it must be fake!!"

"..."

Seeing the image information transmitted by that subordinate, Emperor Zhou was dumbfounded in an instant, and there was even a blank in his brain.

She shook her head in disbelief, whispered and whispered unconsciously, her whole body was trembling slightly!

Although verbally, I didn't listen or believe it.

But Emperor Zhou knew, how could this be fake?

The Tianting Continent is so big, it is there when it is there, and it is not there when it is not there, it cannot be faked!

not to mention.

That extremely terrifying cosmic-level spatial shock was also telling her that the Tianting Continent had really disappeared from its original position, and it was about to descend near the Tianming Continent!

So far.

Everything is clear and clear!

"Su Lang... his goal is not just Dongfang Taiyi!"

"It's the entire Tianting Continent, he took Dongfang Taiyi and Tianting Continent directly together!!"

"My God, how could his appetite be so great, how did he do all this!?"

"That's the Tianting Continent, how can he take away the vast real world!?"

"Even if the husband comes, it will take some effort to do it!"

"Su Lang takes a half-step eternity, why can he transfer the Tianting Continent!"

"..."

The endless stormy waves rose in the heart of Emperor Immortal Zhou, and the whole person was shocked by countless shocking thoughts, directly ashamed!

She broke her head without thinking.

Su Lang can take away the Tianting Continent directly!

This trick.

Not only did she shred her plan to make it difficult for Su Lang to ride a tiger, but she also suffered an extremely huge loss in an instant, and directly lost the Tianting Continent!

It should be known that the Tianting Continent is also very important to Emperor Yuanmingzhou.

Otherwise, he would not be threatened by Dongfang Taiyi.

However, Emperor Yuanming Zhou gave her the Tianting Continent, but she lost it!

"Su Lang...I hate you!"

"You killed all my subordinates and took away my Tianting Continent!!"

"I must kill you, kill you!!"

"Ahhhhh..."

Indestructible Emperor Zhou raised endless grief and sorrow in his heart, and he roared directly in collapse.

But she said that she was going to kill Su Lang, but she was very bottomless, and she was quite sullen.

Because Su Lang was able to move the Tianting Continent by such a great spatial distance.

That power is simply not something she can deal with!

then.

A strong sense of powerlessness appeared in the heart of Emperor Zhou.

At this time, she had completely become a polished commander, and she could not beat Su Lang.

then.

She was the one who had difficulty riding a tiger.

Now that we are here, what should we do next?

"Damn it!"

"What to do, what to do, what to do!"

"Should I move on, or retreat dingy!?"

"No, I'm not reconciled. Su Lang's little **** was clearly driven by me. It is impossible for him to suddenly have such a powerful force in such a short period of time!"

"He must have used other powers, perhaps the power of Eastern One, or some treasure of the boundless universe!"

"Yes, absolutely so, his own strength is not strong enough!"

"Moreover, at this moment, when he transfers the Tianting Continent, the consumption is absolutely terrifying, and it is even possible to collapse for a few days!"

"In addition, Dongfang Taiyi is still trapped in the Tianting Continent, I only go to attack the Tianming Continent, she can't help at all!"

"Su Lang brat, I will kill you, kill you!"

[Chapter 2224: Tianting Continent arrives](#)

"..."

After a roar in his heart, Emperor Immortal Zhou's eyes were red, and he resolutely decided to move on.

Immediately after.

She immediately sent a urging message to Mi Ling, and hurried to the front faster!

She wanted to take advantage of Su Lang's weakness to kill him, and the Heavenly Misty Continent would slaughter him fiercely, venting her hatred!

Above the Tianmi continent.

At the last juncture of retraining the origin of the universe, the Mi Ling Buddha received the news of the immortal Emperor Zhou. He almost came out of horror and ruined the origin of the universe that was in reverse training!

"what!?"

"The Tianting Continent was taken away by that Su Lang?"

"How is this possible? How could the Tianting Continent be taken away?"

"Don't say that he is close to half-step eternal strength, even if it is true half-step eternity, even if it is three or five, it is absolutely difficult to achieve!"

"But... the immortal Emperor Zhou is so angry, it shows that things are true!"

"Tianting Continent, was really taken away by that Su Lang, this one is so powerful!?"

"..."

There was endless horror in the heart of Buddha Mi Ling, and even a trace of fear for Su Lang!

Su Lang is really too mysterious and weird.

Every time it appears, it will do unexpected miracles!

From the beginning, he avoided his golden figure, and later killed his subordinates, Taichu, and attacked Tianmi Continent again and again, directly killing him into a polished commander!

And this time.

Not only him.

Even the immortal Emperor Zhou was killed and became the commander of the polished rod.

Even Immortal Emperor Zhou was even more miserable. Even the old nest of the Tianting Continent was stolen. This was stunned, unbelievable!

"hiss--!!"

"This son has grown so fast."

"In just a few days, it caused such serious consequences!"

"It must be killed!"

"Fortunately, the origin of the universe will be completed soon!"

"..."

Buddha Mi Ling took a deep breath, and tried his best to practice the origin of the universe. In a short time, he could complete it!

at the same time.

Tianmeng near the mainland.*noVe)10/1n*

The cosmic-level space shock is getting more and more intense!

suddenly.

Just like something popping out from under the water, a corner of a vast continent emerges from the center of darkness and loneliness and numerous spatial fluctuations!

After this corner appeared.

Its body followed almost instantly!

Rumble!

The intensity of the spatial fluctuation suddenly became more intense!

But only at this moment, after a short while, the spatial fluctuations not only did not become more intense, but gradually calmed down.

because.

The mainland migration is over!

The Heavenly Ting Continent was officially taken by Su Lang from a distant place to the vicinity of the Heavenly Continent!

The two continents are very close.

If you stand on the Heavenly Misty Continent, you can find that there is a moon with a weaker light and an irregular shape in the sky.

Standing on the Tianting Continent and watching the Tianmen Continent, the same is true.

"Look, a new continent has arrived!"

"Hahaha! New World has arrived, great!"

"That's Tianting Continent, the hometown of the beast in the teleportation!"

"I really want to have a sacred beast as a companion. I'm going to the Tianting Continent!"

"Don't worry, His Majesty Su Lang will definitely find a way to connect the two continents together. When that happens, we will be able to travel to the Tianting Continent easily!"

"Haha, the Tianting Continent, as one of the four continents of the Boundless Realm, is now under the rule of His Majesty Su Lang, and the revival of the Boundless Universe is imminent!"

"I believe His Majesty Su Lang will definitely win..."

"..."

On the Tianmen Continent, countless warriors were talking, all their faces were excited and shocked.

Simultaneously.

The admiration and worship of Su Lang is also stronger.

In a short period of time, a huge amount of incense aspiration has been produced, pouring into incense statues around the world.

In the Tianting Continent.

The same is a burst of laughter.

"Did it, Your Majesty Su Lang, we did it!!!"

"We really moved the Tianting Continent here!"

Dongfang Taiyi was so excited that he almost lost his mind, and his beautiful face was full of excitement.

"done!"

"Really did it!"

"The boundless Heavenly Ting Continent has really been transferred to the extremely distant Tianming Continent!"

"Su Lang is really the new and well-deserved Emperor Zhou!"

[Chapter 2225: Going to meet that little lady](#)

"..."

The innate demon eating evil was also extremely shocking, and was quite convinced by Su Lang!

Although in his opinion, Su Lang faced Emperor Yuanmingzhou, he was still a lot worse, and he might be strangled at any time.

But at least, He also saw very strong hope!

Over the years, He has never been like today, full of expectations for the future!

Except for Eastern One and Biting Evil.

Jiang Wenzheng and others were naturally more excited.

They all knelt down to worship Su Lang, their faces full of enthusiasm!

Simultaneously.

Su Lang is also very happy.

"Finally brought him here!"

"From then on, I have two continents under my command, equivalent to half the size of the Boundless World!!"

"But before that, you have to move the Tianting Continent and merge it with the Tianming Continent."

"Fortunately, I have been prepared!"

Su Lang clicked the corner of his mouth, then looked around at everyone, and said with a smile,

"Everyone, we have to merge the Heavenly Ting Continent and the Heavenly Misty Continent, and get ready, I'm going to do it."

This statement came out.

Everyone suddenly reduced their excitement and became firm and serious.

Everyone prepared wholeheartedly and contributed all of their strength to Infinity!

next moment.

"Tianting moves the big formation, Kai!"

Su Lang once again activated the Tianting Movement Array.

But this time, he was not going to shuttle through space, but to push the Tianting Continent and fly towards the Tianmen Continent.

With the help of the half-step eternal realm formation, the powerful power of the Infinity, and the most critical lever fulcrum.

Pushing the Tianting Continent is much easier than making it travel through countless spaces.

Not to mention.

There is no resistance in the cosmic void, just a little push, and the continent can begin to slide slowly at a uniform speed.

Su Lang did not let the Tianting Continent move too fast.

Because if it is too fast, the car will not be stopped by that time, and it will be a disaster for the world if it collides with the Tianmen Continent.

Slowly slow down.

Safety is the most important thing!

then.

Driven by Su Lang, Tianting Continent gained momentum and began to glide.

"At the current rate, it will take about a day to reach the Tianmen Continent."

"During this process, hehe..."

Su Lang raised his head and looked in the direction of Tianmi Continent, with a strong murderous intent in his eyes.

With the power he currently has, he can already defeat the ordinary half-step eternity!

So Su Lang plans to do something again!

but.

At this time the immortal Emperor Zhou was almost here.

Su Lang decided to fix the nearby threat first, and then fix the Tianmi Continent!

Just then.

The Great Array of Heavenly Misty Void Realm has detected extremely violent temporal and spatial fluctuations!

"coming!"

"The stinky lady of the immortal Emperor Zhou is attacking the space-time Tianmo!"

"Dongfang girl, you stay in the Tianting Continent to monitor the progress of the continent."

"This is the secret key to control the formation. With it, you can control the formation to a certain extent and determine the advancement speed of the mainland."

Su Lang's expression changed, and he immediately said to Dongfang Taiyi.

Because once Dongfang Taiyi left the Tianting Continent, he would almost certainly lead out Emperor Mingzhou.

So Su Lang didn't plan to bring Eastern Taiyi.

After speaking.

He gave a piece of formation control key to Dongfang Taiyi.

"what?"

"Your Majesty Su Lang?"

"Where are you going?"

Dongfang Taiyi asked in surprise while receiving the formation secret key.

"Haha."

"do not worry."

"It's just going to meet that little lady."

"There is bitter evil, and the power of the Infinite is also stronger than the immortal Emperor Zhou!"

Su Lang chuckled softly, and immediately left a clone for replacement and death. After ensuring safety, he immediately set off on the Infinity, heading for the time and space.

Under the avatar dispatch and replacement.

The Boundless ship arrived outside the space-time Tianmo almost instantly.

But I saw this endless time and sky moat was surging crazily, as if there was a terrifying star beast tumbling and leaping inside!

[Chapter 2226: Come, take a sword from brother](#)

Even the monk Kongchan and others couldn't stop the time and space for a long time.

At this time, facing the emperor of immortality, it was like a piece of paper, and it could be torn apart easily.

In a blink of an eye.

The thick space-time sky moat was cut through most of it!

"Hey, show up quickly!"

The corner of Su Lang's mouth was raised, and his right hand gently squeezed, Wu Boundary suddenly moved synchronously, and a huge Youtian sword appeared in his hand!

Simultaneously!

The eight-sided shield of the sky also shone lightly, and could resist attacks at any time.

In addition.

The two treasures, the Qibao Miaoshu and the Heart-piercing Lock, can also be shot at any time!

"Rumble--!!"

The endless turbulent flow of time and space is surging, as if to destroy the world!

Immediately after.

A woman with a slim and **** body, but carrying endless anger and killing intent, rushed out of the time and space!

It is the immortal Emperor Zhou!

"Come on? Little girl?"

"Come on, take a sword from brother!"

The corner of Su Lang's mouth grinned, and as the Emperor Zhou passed through the time and space, the Youtian Sword was instantly cut out!

An extremely terrifying Po Yi sword almost instantly smashed in front of the Immortal Emperor Zhou.

"what!!"

"Su Lang, how dare you ambush me here!!"

"And, how can you have such a powerful force!?"

After discovering Su Lang, Emperor Immortal Zhou lost his voice in horror, his complexion changed wildly, his face was so distorted that his facial features were shifted.

Simultaneously.

She instinctively displays various defenses.

What time turbulence, time stagnation, etc., formed hundreds of defenses almost instantly!

however.

At this time, the Boundless, but there is a biting evil in it!

The time rule mastered by Evil Devourer is no weaker than the immortal Emperor Zhou!

The emperor Immortal's use of time rules is not as good as Su Lang, who has practiced a huge amount of founding-level time attribute techniques.

In addition, the conventional power of the Infinite is more powerful than the immortal Emperor Zhou.

All aspects.

Immortal Emperor Zhou can't compare to Su Lang who controls the Infinity!

Facing Su Lang's sneak attack, how could she be able to stop her with these means! ?

In a flash.

Under the powerful breaking sword.

The various defense methods of the Immortal Emperor Zhou were wiped out!

Almost the next moment, Po Yijian pierced the emperor Zhou's forehead!

"what--!!"

Emperor Zhou screamed in horror.

She has already felt a terrifying death crisis!

The feeling that hadn't been seen in countless millions of years made her thunderous and terrified.

Almost instinctively.

Emperor Zhou directly used his most powerful defense method!

I saw an invisible barrier erupted from the Nine Evolution Realm defensive garments on her body. .

The time around his body instantly solidified, forming an indestructible time barrier!

The power of breaking a sword was madly dispersed and consumed in this time barrier.

When the time barrier was broken, taking advantage of this opportunity, Emperor Zhou turned and ran away!

But at this moment!

Nine black jade chains appeared around her body out of thin air, like nine extremely terrifying poisonous snakes, rushing and biting!

"How could you have such a powerful weapon, get out of the way!"

The immortal Emperor Zhou paled, exclaiming again and again, urging the defensive clothing on his body to unfold, forming a barrier to block it outside!

Bang bang bang! !

A strong impact sound came!

The nine black jade chains of the Piercing Lock slammed into the emperor's defensive clothing.

That defensive treasure is indeed powerful, and it actually blocked the penetrating ability of Heart Piercing Lock.

however.

Emperor Zhou is still terrified!

Because the nine black jade chains of Chuanxinsuo were wrapped around her like a poisonous python!

She wrapped her tightly almost instantly.

"Damn!!"

"Jieyuan Heavenly Sword, break!!"

The immortal Emperor Zhou was horrified, and instantly displayed his other weapon

——Nine white flying knives, also in the Jiuyan Primordial Stage!

As soon as these flying knives appeared, they turned into countless shadows of knives, seeming to permeate the past, present and future of time, everywhere!

It slashed to the black jade chain fiercely, and it is bound to destroy the heart-piercing lock!

But at this moment!

[Chapter 2227: The Seven Treasure Trees show off their power and win treasures!](#)

A colorful ray of light bloomed from the Infinity, and instantly enveloped the Immortal Emperor Zhou!

The treasure clothes and Jiyuan Heavenly Sword on his body were all locked by the Qibao Miaoshu, and he immediately started to **** it!

I saw a big invisible hand in the colorful rays of light, frantically tearing at the countless shadows of the Jiyuan Heavenly Sword.

Only in an instant.

The shadows of the knives that were ubiquitous in space and time disappeared in dense dense, and finally only nine small snow-white flying knives remained.

"what!!"

"His colorful rays are snatching my Jiyuan Heavenly Sword!"

"How is this possible, what is it that has such weird characteristics!?"

"..."

Emperor Zhou was extremely horrified, she clearly felt that her control of the Jiyuan Heavenly Sword had begun to gradually disappear!

In a panic!

She was about to put away the Jiyuan Heavenly Sword immediately.

But it was too late to react at this time!

Under the peculiar light of the Seven Treasure Tree, the nine-handled snow-white flying knife completely broke away from the control of Emperor Zhou, and fell directly into the hands of the Infinite.

"Die to me!!"

The spirit of the Jiyuan Heavenly Sword was also shocked and angry, and slayed viciously towards the Infinity!

but.

It was just a weapon of the Nine Evolution Realm, and without its master, it was nothing at all in the face of Su Lang's power over half a step in the Eternal Realm.

"You want me to die?"

"In that case, I will let you die!"

Su Lang smiled coldly, squeezed fiercely with his left hand, and infinitely made the same action, pinching the Jiyuan Heavenly Sword from the colorful light!

next moment.

"One-click decomposition!!"

Su Lang's eyes were fierce, and he directly pronounced the death penalty on Jiyuan Tiandao!

"what--!!"

"No, no, no!"

Ji Yuan Tiandao Qi Ling felt a violent life and death crisis, and suddenly let out a stern cry.

But at this time it was too late to regret.

The terrifying power of decomposition fell on it, instantly reducing it into countless materials.

The dignified Jiuyan weapon of the primordial era, which had survived for countless years, fell so miserably.

Such a scene.

Suddenly, the immortal Emperor Zhou was dumbfounded and his eyes burst open.

She was the first to see someone who could directly restore a complete weapon into material.

Even her husband can only use the Avenue of Time, using time to counter-current weapons to restore them to materials.

But the Jiyuan Heavenly Sword has been alive for countless years, even if you use the Time Avenue, you can only look back a little bit. It is impossible to restore it to material in an instant!

Su Lang's methods have completely exceeded the common sense of the natural universe!

And just when the emperor of immortality was horrified.

That weird colorful light shrouded once again, this time, it fell on her Nine Evolution Realm treasures!

"What are you doing!!"

"How can he still use this method!"

Emperor Zhou was terrified, his eyes were full of horror.

She tried to put away her Nine Elevation Realm Treasure Clothes, which could have a little effect, but Su Lang could not give her a chance at all!

"Through the heart rope, give me a seal!"

Su Lang hooked the corner of his mouth, and raised the Youtian Sword here, and slashed it down, "Broken a sword--!"

In an instant.

The nine black jade chains entangled the immortal Emperor Zhou even harder.

Po Yi Jian Jian Guang followed closely, and instantly slammed in front of the immortal Emperor Zhou.

"Do not!"

Emperor Zhou's pupils shrank suddenly and his body trembled.

She tried her best to display the strongest defensive methods she had learned in her life, forming a seemingly indestructible defense barrier.

Immediately after.

With a broken sword, the sword light slashed fiercely on her defensive barrier.

Wow!

There is no suspense.

Emperor Zhou's strongest defensive method could not stop Su Lang's breaking sword!

That extremely strong barrier shattered directly like glass in front of the restraining broken sword.

Soon.

The remaining power of breaking a sword slashed on the treasure clothing of the nine evolving realm.

Buzzing!

This powerful defensive garment burst into a violent light, flickering crazily, and the spirit of the instrument uttered a hysterical roar.

An incomparably powerful space force is brewing in the treasures of the nine evolving realm.

It seems that the immortal Emperor Zhou is to be sent away.

however.

It had to resist Po Yijian while transmitting the Immortal Emperor Zhou, which was simply unbearable.

next moment.

With a thought in Su Lang's heart, Qibao Miaoshu once again flashed a burst of colorful light.

The Emperor Zhou had no means anymore, and the treasures on his body were taken off directly!

[Chapter 2228: You are really exhausted](#)

"Do not!"

"My treasure!!!"

Emperor Zhou watched as Su Lang took off his treasure, but he couldn't stop him, his heart was full of powerlessness and shame!

She is a strong man in the eternal realm!

She is the official Taoist companion of Emperor Yuanmingzhou!

at this time.

She was stripped of clothes by Su Lang, which is simply a shame!

Emperor Zhou really hated Su Lang to death, but let alone revenge, whether she can escape from Su Lang at this time is still unknown.

Look!

The nine chains of black jade have already been strangled fiercely!

"Time barrier!!!"

The Immortal Emperor Zhou was terrified, and once again displayed the time barrier to resist.

Nine black jade chains contain extremely terrifying penetrating power. They have reached the realm of the Jiuyan Primordial Beginning, and they also possess powerful time power.

at this time.

Nine chains hit the time barrier, immediately consuming it crazily.

"How to do!!!"

Although Emperor Emperor Zhou blocked the attack of Chuanxin Lock.

But she was constrained by the heart-piercing lock from beginning to end, and she couldn't easily escape.

Racking my brains.

Emperor Zhou found that he had to fight Su Langda for a long time!

"Block him!!!"

"His power at this time must be temporary!"

"As long as you block Su Lang's miscellaneous pieces, fight him for a long time, and hold on for a while, I can win!"

"..."

Emperor Immortal Zhou thought so, but she felt a little guilty in her heart. She was not sure how long she would be able to stop Su Lang.

because.

The first sword that Su Lang slashed had already broken all her defenses.

If it weren't for the treasure of the Jiuyan Realm, she would have died!

And this time.

Her clothes were also taken off by Su Lang, so what did she use to resist Su Lang?

Emperor Zhou could only pray at this time, praying that Su Lang was consumed too violently to maintain his combat power for too long.

But she didn't know.

Su Lang's staying power is leveraged!

At this moment.

Emperor Zhou constantly resisted the ban of Piercing Heart Lock, and tried to fly away!

And Su Lang squeezed the Immortal Emperor Zhou's Jiuyan Primordial Realm Treasure in his hands!

"No, don't kill me!"

"Please don't kill me!"

"..."

The spirit of Jiu Yan Baoyi begged in horror.

Seeing the scene where the Jiuyan Heavenly Sword fell instantly, it was already shocked!

"Don't want to die?"

"Then let you live a little longer."

A ray of light flashed in Su Lang's eyes, and he immediately threw it into the life universe of a clone.

Immediately after.

His eyes fell on the Immortal Emperor Zhou again.

After all, this woman is a half-step eternal.

After struggling hard, the piercing lock is almost unbearable!

"Hey!"

"Little sister, take me another sword!"

The corner of Su Lang's mouth twitched, holding the Youtian Sword and cutting it down with a single move!

Wow!

The nine black jade chains of the piercing lock automatically disperse.

Immediately after breaking a sword, he slashed from the gap of the black jade chain to the immortal Emperor Zhou!

"Ah!"

"Time barriers, block, block me!!"

Indestructible Emperor Zhou issued a frantic roar, and various self-harming secret techniques continued to erupt, unexpectedly condensing multiple time barriers in a short time.

Po Yijian cut down extremely fiercely.

The first time barrier is directly broken and annihilated, the second and third are the same.

But the fourth way blocked it.

"Yo."

"A self-mutilation secret technique broke out. It seems that you are really exhausted."

Seeing that his broken sword was blocked, Su Lang smiled faintly, and immediately squeezed the water and held it high!

Wow!

Infinity made simultaneous movements and raised the giant Youtian Sword above his head.

"Again!?"

"Su Lang can still use that powerful sword move!?"

Seeing this scene, Emperor Emperor Zhou suddenly felt a touch of fear and anger.

Immediately afterwards, she gritted her teeth and displayed time barriers again, blocking her!

"Immortal Emperor Zhou."

"Do you think you can stop it?"

"My sword is not comparable to the previous three swords!"

Su Lang smiled coldly, and immediately moved his mind, all kinds of explosive secret techniques unfolded!

What broke the shackles, shattered the world, the **** moon, the sky, the great sun, the hidden scales, the world is annihilated... all unfold!

[Chapter 2229: Origin Underworld Emperor phantom](#)

In a flash.

All the power of the entire Infinity, which is more than half an eternity than ordinary, gathered in the Youtian Sword and poured out in an instant!

Stabbed! !

A terrifying sword light far beyond the immortal Emperor Zhou's imagination was slashed from the Youtian Sword, directly above her time barrier!

"what!!"

"This force is more terrifying than before, how can he do it!?"

Seeing Su Lang's display of such a powerful force, Immortal Emperor Zhou suddenly couldn't believe it, like thunder.

Simultaneously.

It's breaking a sword.

Layers of time barriers collapse and annihilate.

Almost instantly, seven or eight time barriers were slashed by a single sword!

But the power of Po Yijian is still not terrifying, it has the power to crush!

"Do not!"

The immortal Emperor Zhou issued a panic and desperate cry, and desperately displayed a large number of time barriers.

Because the loss is too serious.

Her face was pale, blood spurted in her mouth, and her body was trembling constantly, like a spasm.

but.

Even the immortal Emperor Zhou paid such a terrifying price.

She also couldn't stop Su Lang from using all the power of the entire Infinity to use the broken sword!

Breaking a sword can slash the time barrier faster than she can cast the time barrier!

"No, don't kill me!!"

"Su Lang, if you kill me, my husband will not let you go!"

"It is impossible for the boundless universe to survive under my husband's hands, and you will undoubtedly die, but as long as I plead for you, he will definitely let you go!"

"Su Lang, then stop, I can promise you whatever you want!"

"..."

Emperor Zhou watched Su Lang's broken sword continuously smashing his own time barrier, and immediately issued a weak begging for mercy and a stern threat.

In front of death, she was scared!

She has almost the same life as the universe, and there are countless years to enjoy, she does not want to die!

however.

Su Lang would not believe her nonsense!

Not to mention.

Su Lang never thought of trying to compromise and seek completeness, but to stop wars by war and seek peace by victory!

For Emperor Yuanmingzhou, as long as there is always hostility, there can be no compromise!
therefore.

Su Lang drove the Boundless, just as he watched his life's strongest breaking sword slash at the desperate immortal Emperor Zhou!

"Su Lang, you must not die!!"

"I, even if I'm a ghost, I won't let it go..."

Emperor Zhou was desperate to the extreme, only to feel that the entire world had lost its color, and his consciousness was about to fall into darkness forever.

And just now!

Wow!

Emperor Zhou's hair suddenly fell apart and fluttered in the wind.

One of the hairs burst out with an extremely strong light, forming a phantom of a man who could not see his face.

This man's phantom figure is tall and handsome, and his body is hidden in the mist, and contains a sense of majesty carved into his soul!

He stood there, as if the entire natural universe was his territory, he could ask for anything, and he could live or kill any creature.

This person is the Emperor Yuan Mingzhou who hasn't shown up for a long time! !

"Dare to shoot against my Taoist companion?"

"Even if it is my nominal Taoist companion, you are definitely not allowed to move."

"Today, I remember you. Enjoy the last time. Soon, I will take your life."

A faint voice came from the phantom of Emperor Yuanmingzhou, as if everything was not in his eyes.

Su Lang's breaking sword was also blocked by the phantom, gradually disappearing.

After destroying Po Yijian, Yuan Mingzhou Emperor's phantom was on the verge of dissipating, and the remaining power engulfed the Immortal Emperor Zhou and disappeared from the place directly through time and space.

"Emperor Yuan Mingzhou!!"

"Unexpectedly, you actually left the life-saving means on the Immortal Emperor. It seems that even the Immortal Emperor doesn't know it."

Su Lang looked at the place where the Immortal Emperor Zhou disappeared, his eyes narrowed slightly, gleaming with thoughtful light.

Soon.

The corner of his mouth twitched, revealing a sneer.

Emperor Yuan Ming Zhou wants to kill him, and he also wants to kill Emperor Ming Zhou!

Not only to kill, but also to slaughter! !

[Chapter 2230: Time Avenue Array](#)

"Humph!"

"Yuan Ming, you invade my endless universe and kill all beings."

"Now you are working on the Tianxuan Continent, if it is inconvenient to make a move, then I will be welcome."

"I can't kill the immortal Emperor Zhou today, then kill Mi Ling first, and then try other things!"

"..."

Su Lang's killing intent was bitter, and he quickly swallowed a large amount of pills to restore his strength.

Simultaneously.

In the Boundless Ship, the powerhouses such as Evil Devouring, Phoenix, and Su Lang's clones all took pills to restore their strength.

It only takes a short time.

The power that Boundless has emptied will return to its peak state!

at the same time.

Tianxuan continent.

A huge space-time passage suddenly appeared, and the immortal Emperor Zhou emerged from the space-time passage and fell to the ground.

"I'm not dead!"

"The husband saved me!"

"Although he almost ignored me, he left me a means to save my life!"

"Enough to see, my husband has me in his heart!"

Immortal Emperor Zhou stood on the ground, his despair and fear gradually disappeared, turning into excitement and grievance.

At this time.

A voice rang in her ears.

"Ru Yanying."

"Bring the deity's verbal message, return to Yuanming Universe, and lead people to capture the Tianmen and Tianting continents."

"My deity, I don't want to see any more accidents."

The faint voice is not cold and ruthless, but it makes people feel chill from the bottom of my heart.

"Yes, yes! Husband!"

Immortal Emperor Zhou immediately nodded and agreed, and immediately took out a large number of peculiar formations from the universe of life. To be precise, they should be called formations!

These formations were refined by Emperor Yuanmingzhou himself.

They have the power of the time avenue and can be used to temporarily open up the passage between two natural universes!

of course.

It is not so easy to drive this battle.

Not only requires a lot of resources, but also a certain amount of time.

"Su Lang!"

"Even if my husband doesn't take action, I can kill you!"

"When I bring people back, I will definitely catch you alive, and I will kill you myself."

"The humiliation you brought to me, I will give it back a thousand times!"

"..."

Indestructible Emperor Zhou thought so, with endless hatred and murderous intent in his eyes.

Immediately after.

Before using the altar, she took out a mirror and contacted the Mi Ling Buddha of Tianmi Continent.

"His Royal Highness Immortal Emperor Zhou!"

"Lao Na, the origin of the universe has been condensed, and he is about to leave Tianmi Continent and go to Tianmen Continent!"

"I don't know how the battle is going on your side? Has the Heavenly Continent already been taken down? What happened to the Heavenly Continent?"

"..."

As soon as the contact was made, Buddha Mi Ling asked very eagerly.

He had already developed fear for Su Lang, and he always felt bad in his heart.

but.

Buddha Mi Ling still felt that no matter how bad the result was, Emperor Zhou would definitely be able to cause great losses to Su Lang!

however.

The facts made him dumbfounded!

"You old bald donkey!"

"If you can take a step forward, I won't be seriously injured and dying by that Su Lang dog's ganglion, almost killed!"

"If my husband hadn't left me a means to save my life, I would have turned into flying ash at this time, and you would definitely die without a place to be buried!"

Immortal Emperor Zhou looked at the eager Mi Ling Buddha in the mirror with great anger, his eyes were full of anger and hatred, and he almost wanted to vent all his anger on Mi Ling.

"What...what!!!"

"His Royal Highness, you... you were beaten to death by Su Lang's little bastard!?"

"This, how is this possible, how can he beat you!"

"..."

Buddha Mi Ling said in disbelief that even if he knew that Emperor Zhou would definitely not be joking, he still couldn't help but question it.

No way.

Su Lang is really too exaggerated.

After the transfer of the Tianting Continent, there is even the power to beat the veteran half-step eternal powerhouse seriously injured and dying!

This is beyond Mi Ling's imagination!

"Old bald donkey!"

"shut up!"

"I warn you, you immediately leave Tianmi Continent and run away far away!"

"Best, it's best to seek refuge in the Tianxuan Continent!"

Emperor Zhou roared in resentment, and immediately severed the connection.
