### [Chapter 2251: Immortal Emperor Zhou called people](#)

at this time.

A mirror was suspended in front of Emperor Zhou.

One picture after another appeared in the mirror, a personal shadow!

The shapes of these figures are humanoid intelligent creatures, and there are no alien characteristics.

but.

From the aspects of personal clothes and temperament, we can see that they come from different natural universes and different civilizations!

And these people are all half-step eternal realm powerhouses standing on top of the universe, and all are powerhouses that Emperor Yuanmingzhou has subdued to his command!

"His Royal Highness Immortal Emperor Zhou!"

After the half-step eternal realm powerhouse saw the immortal Emperor Zhou, they all saluted respectfully.

"Everyone, don't give a gift."

The immortal Emperor Zhou showed a noble and graceful temperament, his expression indifferent and unfathomable.

"Your Highness!"

"I don't know when will His Majesty Origin Mingzhou return?"

Asked a man whose body was snow-white and his eyes were crystal clear.

"very soon."

"But this time, there are some small thieves in the boundless natural universe."

"These little things are not qualified for your Majesty to take action. Your Majesty ordered me to bring back my oral instructions to summon the half-step Eternal Realm powerhouse to sweep the boundless universe and completely clean up the aborigines of the boundless universe."

Emperor Zhou looked at the eternal statue in the mirror, and a smile was drawn at the corner of his bright red mouth.

With so many half-step eternal realm powerhouses, are you still afraid that Su Lang will have waves?

"That's it."

"The boundless universe is really difficult. I didn't expect that after so long, some minor troubles would appear."

"If you have nothing to do on the left or right, follow the palace to the endless universe, solve those troubles, and clear the way for your majesty!"

"Please wait for His Highness Immortal Emperor Zhou, and come here right now!"

"His Royal Highness, go down here too!"

"..."

Among the half-step eternal realm powerhouses, a total of twenty-four decided to follow the immortal emperor to the boundless universe.

The remaining half-step Eternal Realm powerhouses are all important matters that have been explained by the Emperor Underworld, and it is inconvenient to leave.

They will not go and will not be punished.

What's more, more than 20 half-step eternal realm powerhouses are going to clean up a ruined universe that has no eternal realm, and even half-step eternity is not even a few, completely enough!

"Okay, the deity is waiting for you in the passage of the natural universe!"

Emperor Zhou nodded, and while waiting for the arrival of the twenty-four half-step eternal powerhouses, he learned about the recent situation of Yuanming Universe through the remaining half-step eternal powerhouses.

As the base camp of Emperor Yuanmingzhou, the prosperity of Yuanming Universe is far from the infinite universe.

There are a large number of creatures in this universe, and they are highly unified by Emperor Yuanmingzhou.

The various civilizations in the Yuanming universe blended with each other and developed a more convenient way of cultivation.

of course.

Emperor Yuanmingzhou didn't have the power of alchemy, tool, and formation like Su Lang did.

The Heavenly Void Realm and Exile Land that Su Lang arranged at this time were far more advanced than Yuanming Universe.

It's just because the time is still short, unable to catch up with the Yuan Ming universe that has been developed for more than ten billion years or even tens of billions of years.

As long as the endless universe continues to develop, it will be able to surpass the source of the universe very quickly.

Closer to home.

The half-step eternal powers under Emperor Yuanmingzhou's command soon gathered at the side of Emperor Zhou.

Twenty-four powerful half-step eternal realm powerhouses have various postures, but they all exude an extremely terrifying aura, causing the surrounding void to collapse!

"Everyone, let's go!"

The immortal Emperor Zhou kept grace and calm on the surface, but his heart was filled with the excitement of impending revenge!

She seemed to have seen Su Lang being besieged by more than twenty half-step Eternal Realm powerhouses, showing despair, and finally being severely torn apart.

"Yes, Your Highness!"

All half-step eternal strong men took their orders.

Soon.

The immortal Emperor Zhou and the twenty-four half-step eternal powers entered the time and space tunnels of the natural universe, turning them into twists and waves.

When these distortions completely turned into straight lines, they disappeared from where they were.

The picture turns.

In the Tianxuan continent!

An incomparably vast wave of time and space erupted from the array of time avenues, and suddenly spread over a radius of tens of billions of light years!

This kind of huge vision can be clearly felt by Su Lang avatar who rushed to the Tianxuan Continent.

The deity Su Lang in the exile naturally also felt the time and space fluctuations in the Tianxuan continent through the perception of the clone!

[Chapter 2252: Called so many people to gang up on me](#)

"This is... time and space fluctuations!!!"

"And it's not ordinary time and space fluctuations, its scope is extremely broad!"

"The key is that this is the fluctuations generated by the Avenue of Time and Space, not ordinary rules of time and space!"

"It's nothing more than the Avenue of Space. In the boundless universe, the only person who can spur the Avenue of Time is the Emperor Underworld!"

"Could it be that he has already left the Tianxuan continent!?"

Thinking of this, Su Lang couldn't help but shrink his pupils, his hair standing upright.

If Emperor Yuan Mingzhou is out at this time.

He really has no way to fight, and can only use the clone to replace the crazy escape.

By the time.

Even if they can escape successfully, they must abandon the long-run Tianmen Continent and the two newly acquired continents.

Perhaps it will lose the land of exile, a training weapon with a flow rate of one hundred thousand times!  
but.

Then think again.

Su Lang felt something wrong again.

Emperor Yuanmingzhou will leave the customs when he exits the customs. What is the use of Time and Space Dao?

The time avenue and the space avenue are displayed at the same time, and the purpose is often to open up the space-time tunnel.

If Emperor Yuan Mingzhou wants to kill him, he doesn't need to spend so much time.

"Things are really not right."

"I have to look into what happened on the Tianxuan continent!"

A trace of doubt flashed in Su Lang's eyes, and he immediately continued to send his clone to the Heavenly Jade Continent.

Because that clone is relatively close to the Tianxuan continent.

With Su Lang's spiritual power detection range at this time, using the clone dispatch function, the clone can move 100 million light-years at a time!

Not long.

The clone arrived near the Tianxuan continent.

But I saw that this continent had no defensive measures. Looking down from the void, the whole continent was shrouded in endless smoke and dust.

It is as if the entire continent has become wasteland.

at this time.

That incredibly obvious wave of time and space disappeared.

Su Lang dispatched the avatar to the place where Time and Space Avenue was, and everything he went through was in full view.

quickly.

A strong breath entered the spirit of Su Lang clone.

At this time, Su Lang's spiritual thoughts had reached the limit of the half-step eternal state, 100 million light years!

This is unmatched by the Immortal Emperor Zhou and other senior half-step Eternal Realm.

therefore.

Su Lang's clone sensed the existence of the immortal Emperor Zhou and others, but the immortal Emperor Zhou and others did not discover the existence of the Su Lang clone!

at this time.

After seeing the Immortal Emperor Zhou and the others through the clone, Su Lang's eyes suddenly stared.

"I fork!"

"This is...In addition to the immortal Emperor Zhou, there are a total of twenty-four half-step eternity!"

"I'll take it. It turns out that the time and space fluctuations just now meant that Emperor Emperor Zhou went to rescue soldiers!"

"According to her information on the Jiuyan Taichu Baoyi, Emperor Yuanmingzhou does have dozens of eternal half-steps under his command!"

"Now these twenty-odd statues are half-step eternity, they should be half or half of the eternity under Yuan Mingzhou Emperor!"

"Tsk tusk, Emperor Zhou, how do you hate me, you even called so many people to fight me."

"Fortunately, I have a clone that is as strong as me, with half-step eternal combat power, well, the number is 147."

Su Langling hides the clone in the distance, secretly observing those half-step eternal realm strong.

He was a little surprised at first, then the corners of his mouth were raised.

In addition to the immortal Emperor Zhou, there are a total of twenty-five half-step eternal realms. Such power can be said to be extremely terrifying.

After all, in an ordinary natural universe, the number of half-step eternal realm powerhouses is only one digit.

However, compared to the number of Su Lang's clones, it is still much worse!

This is also something that Immortal Emperor Zhou and those who broke their heads in half an eternity would never have thought.

At this moment.

Emperor Zhou and others are discussing launching an attack on Su Lang's Heavenly Continent!

"Everyone!"

"This time our offense must be extremely concealed!"

"Because that hateful Golden Crow Dongfang Taiyi is guarding the Tianting Continent."

"She controls the lifeline of the Tianting Continent, and can bring the Tianting Continent to death at any time. This is what His Majesty Yuan Mingzhou absolutely does not want to see!"

"We must capture Su Lang alive before Dongfang Taiyi can react, and then force Dongfang Taiyi to surrender the Tianting Continent!"

"Even if we let Su Lang go temporarily, he will never escape from our palm."

"At that time, all three continents will fall into our hands, and Su Lang's death time will come!"

Speaking of this, a strong hatred rose in the eyes of the Emperor Immortal!

### [Chapter 2253: Have been seen by others](#)

"Your Highness!"

"Then, how should we act?"

Asked a slender person, holding a sharp blade, and wearing a mask.

This person asks a question.

The rest of the half-step eternity also all looked towards the immortal Emperor Zhou.

"The deity once hit the space passage through the Tianmen Continent."

"That coordinate, this deity remembers clearly."

"As long as 25 of us work together, we will be able to directly open up the space channel from the Tianxuan continent to the Tianmen continent."

"At that time, we will catch Su Lang with the momentum of thunder!"

"Su Lang is extremely cunning, maybe we can't catch him."

"But no matter what, it can take away the Tianmen and Tianmi continents."

"With Su Lang's life in danger, Dongfang Taiyi will definitely not commit suicide, and the Tianting Continent will be fine."

"After that, we will slowly figure out a way to get the Tianting Continent."

"Of course, if you can catch Su Lang the first time, it will be the best!"

Emperor Zhou said his plan to everyone, and he kept nodding for the rest of the eternal half.

And just now!

"Stop negotiating."

"You are being watched. No matter where you are and your plan, everyone has seen it."

A voice appeared in the ears of Emperor Immortal Zhou and others, indifferent and ruthless, it was the voice of Emperor Yuan Mingzhou!

This statement came out.

The immortal Emperor Zhou and the twenty-four powerful half-step eternal realm experts suddenly changed their expressions.

"His Majesty Emperor Yuanmingzhou!!"

"Subordinates, see His Majesty Yuan Mingzhou Emperor!"

"Your subordinates don't know that your majesty is here, and they are negligent, please punish them!"

"..."

A half-step eternal strong man knelt on the spot, looking terrified and excited.

"Husband!"

Emperor Zhou also saluted immediately, with a look of horror on his face.

Why are you horrified?

Naturally because of the fact that I am waiting for someone to be monitored!

They are in the Tianxuan continent!

The Heavenly Jade Continent guarded by Emperor Hades!

Just this, there are people who are bold enough to run here to monitor them, which is really incredible!

And just as Emperor Zhou and the twenty-four half-step eternal powerhouses reacted like this, Su Lang immediately noticed something was wrong.

"It's not good, withdraw!"

With a thought, Su Lang directly retracted the clone into the mysterious black space.

Just then.

A wave of invisible energy swept over where the clone was, and almost hit Su Lang's clone.

Even if the energy has no horrible fluctuations, you don't need to think about it, once the clone is touched, there is absolutely a dead end.

at this time.

Su Lang's clone disappeared.

Someone suddenly narrowed his eyes, revealing a hint of thought.

However, if the Emperor Zhou and others were not destroyed, they looked terrified and claimed to be incompetent.

"Then Su Lang's methods are indeed weird."

"But that's it, you just need to be more vigilant."

"Go, take advantage of Su Lang's time to lay out the means, hurry up and deal with him."

The voice of Emperor Yuanmingzhou once again rang in everyone's minds, even if Xuan disappeared, he would never reappear.

It can be seen that he is very busy.

"fast!"

"Quickly open up the space channel!!"

After hearing the words of Emperor Yuanmingzhou, Emperor Immortal Zhou immediately changed his expression and ordered everyone to do it.

"Yes, Your Highness!"

Twenty-four half-step eternal strong men nodded immediately.

Immediately after.

With the immortal Emperor Zhou as the center, twenty-four powerful half-step eternal powerhouses are all displayed on the Avenue of Space!

Suddenly.

A small black dot appeared in front of everyone, it was the embryonic form of the space channel!  
at the same time.

Heavenly Continent, in the land of exile.

Time passed quickly, one second passed from the outside world, and one hundred thousand seconds passed inside!

"Although I found out."

"But Immortal Emperor Zhou will definitely not give up, but will continue to implement the previous plan."

"After all, now my three continents have not merged, even if they are not far apart, it is still difficult to balance."

"But, huh, the coordinates of the previous one? Exchange building square? Isn't this asking me to wait and see, a turtle in the urn?"

A sneer flashed in Su Lang's eyes, it was time for those formations to come in handy!

but.

He did not leave the place of exile immediately.

In this space of 100,000 times the flow rate of time, he has plenty of time to respond and make arrangements.

[Chapter 2254: Breakthrough, the realm of Jiuyan Taichu](#)

"First design a joint formation!"

"This time, make a giant combined trap and kill type formation and let them enter the urn as soon as they come over!"

The corner of Su Lang's mouth outlines an unnoticeable playfulness, and then begins to retrieve the various formations he has mastered, and begins to design joint formations in his mind.

Just a few minutes.

Su Lang used the various powerful formations he mastered to unite to form a very huge, terrifying half-step eternal killing array!

Because this combined formation uses tens of thousands of types of too primary formations.

Therefore, Su Lang called it the "Ten Thousand Flowing Killing Array"!

After completing the design in his mind, he tried to arrange it in the Exile, and then he stopped.

And just when Su Lang was about to go out and set up a formation.

"Ding! The sea of repair is full, do you break through?"

A system prompt interrupted Su Lang's actions, making him look at him.

"Tsk tut!"

"This cultivation speed is too awesome!"

"The Immortal Emperor Zhou said a few words, the outside time has passed a little bit, and I have completed the cultivation base savings from the Bayan Primordial Beginning Realm to the Jiuyan Primordial Beginning Realm in this exile!"

Su Lang sighed in admiration, and immediately chose to break through.

Suddenly.

Countless cultivation bases have condensed into his time rules and blended into his body and soul.

Then it blends into its life universe and crystal wall world.

In a short time.

Su Lang's cultivation was directly promoted from the Bayan Primordial Beginning Stage to the Jiuyan Primordial Beginning Stage.

This not only greatly increased his regular-level strength, but also greatly improved his time base!

"system!"

"Call up the properties panel!"

Su Lang thought, and gave orders to the system.

'Properties Panel'

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

[Realm level]: Jiuyan Taichu

[Attack level]: Half-step eternal +

[Defense level]: Half-step eternal +

[Shenfa Level]: Half-Step Eternal+

[Endurance level]: Half-step eternal +

[Spirit Level]: Realm of Pure Nirvana++

[Mastering the exercises]: Infinite Heart Sutra, "Ten Thousand Fas into One: Infinite Profound Meaning" (Eternal Grade, Founding)

[Activated system functions]: One-key practice function (level 50), one-key martial arts function (level 50), clone dispatch function (level 49), one-key treasure hunt function (level 48), one-key alchemy function (level 15) , one-key refining function (level 15), one-key refining function (level 15), one-key synthesis function (level 15), one-key empowerment function (level 25), one-key strengthening function (level 10), one Key decomposition function (no level)

It can be seen that Su Lang's conventional strength has exceeded the ordinary half-step eternal in all aspects.

Simultaneously.

The strength of the clones has skyrocketed again!

Under normal circumstances, the strength is a little bit worse than the real half-step eternity.

The main reason is the time rule. Conventional power has actually far exceeded the ordinary half-step eternity.

And even after using the Baiying clone, there is also the ultimate peak of the Jiuyan Realm, killing an ordinary Jiuyan Realm is like killing a chicken and a dog.

"Hey!"

"Before the fight started, the strength improved again."

"Indestructible Emperor Zhou, come quickly, my open door kill is ready for you!"

Su Lang chuckled, and immediately left the place of exile directly through the Heavenly Void Teleportation Network, and appeared on the exchange building square.

In the place where Shenshuang was previously imprisoned, a huge sinkhole still exists.

This is the last time that Emperor Immortal Zhou used the means placed on Shen Shuang to open up the space channel and form the sky hole.

at this time.

Su Lang just appeared.

It was discovered that a small black spot appeared in this tiankeng, which was the embryonic form of the space channel.

It only takes a few milliseconds, and this small black spot will expand into a giant space channel, enough to pass half a step of the eternal strong one!

"Humph!!"

"A thought is formed!"

Su Lang hummed softly, and with a movement of his spiritual thoughts, the 'Ten Thousand Flow Killing Array' that had been previously designed in the Land of Exile appeared directly.

This shrouded all the space covered by Su Lang's spiritual thoughts, the sky and the ground were all wrapped in it.

[Chapter 2255: Wanliu killing array, start](#)

Simultaneously.

The formation of the energy transmission network of the heavenly virtual world also participated in this formation.

Through the energy transmission network of the Celestial Void Realm, Wanliu Killing Array can obtain the support of the entire Celestial Continent, so there is absolutely no need to worry about running out of energy!

"Wanliu Killing Array·Hidden!"

As soon as the formation was completed, Su Lang activated its hiding function, making it concealed.

Just then!

Wow!

The small black spots in the tiankeng suddenly expanded, directly forming a purple-black space channel with a diameter of several thousand feet.

Through this space channel, you can even see the immortal Emperor Zhou and others on the Tianxuan continent!

"kill!!!"

"This time, Su Lang must pay the price!!!"

With an order from Emperor Zhou, the other twenty-four people vacated into the air, one after another, into the space channel.

The next moment.

The immortal Emperor Zhou came out of that space channel.

As soon as she appeared, she immediately started her spiritual thoughts, and then she saw a man who impressed her very deeply, Su Lang!

"Su Lang brat!"

"Unexpectedly, you could run to the Tianxuan Continent to watch me and wait!"

"However, even so, what can you do? You can't just watch us kill the Heavenly Misty Continent!"

Emperor Zhou looked at Su Lang who was close at hand, his eyes full of hatred and sneer, and the excitement of revenge.

Simultaneously.

The other twenty-four accurate half-step eternal powerhouses also flew out of the space channel one after another, and fell behind the immortal Emperor Zhou.

These half-step eternal powerhouses also saw Su Lang floating in midair with his hands behind his back, and his expression revealed some contempt and disdain.

"Are you Su Lang?"

"Hmph, a mere generation who is lingering in the ruined universe, dares to oppose our Majesty, Emperor Yuanmingzhou!"

"Su Lang's little miscellaneous, now you kneel in front of us and offer three continents, you can still live!"

"Don't be lucky, we are a total of twenty-five half-step eternity, you can't be our opponent!"

"..."

One by one half-step eternal strong men looked at Su Lang, as if they were looking at a dying person.

Their faces were full of joy and contempt, as if Su Lang was about to lose.

however.

Something that horrified them had happened!

"Hahaha!"

"A group of lambs, dare to clamor for me to kneel!"

"If you kneel in front of me and let me use my means to control, maybe I will give you a chance!"

Su Lang looked up to the sky and laughed wildly, and didn't bother to hide it anymore, and directly launched the half-step Eternal Realm Ten Thousand Flows Killing Array!

Rumble!

This hidden invisible formation suddenly appeared, and the extremely terrifying banning ability burst out, directly enshrouding all the people of the immortal Emperor Zhou!

"what!!!"

"This is... the formation, a half-step eternal formation!"

"Not an ordinary half-step eternal formation, this must be the strongest formation under the eternal realm!"

"Damn it, even if Su Lang knows that we are going to attack the Heavenly Continent, it is impossible to arrange such an advanced formation in such a short time!"

"This kind of formation, even the half-step eternal strongest who is the most proficient in formation, takes many years to deploy, but now, this, this, what is going on!"

"..."

The immortal Emperor Zhou and the others were so shocked that their eyes were almost staring.

As the best in the natural universe, they have never added such incredible things!

Just then.

The power of ban instantly closed the space channel opened by the immortal Emperor Zhou and others.

Suddenly.

The immortal Emperor Zhou and other fifteen people were trapped in the closed Ten Thousand Flow Killing Array!

"Immortal Emperor Zhou."

"I give you a chance to surrender."

"Hand over your everything in exchange for a chance to survive!"

Su Lang faintly overlooked the 25 immortal Emperor Zhou in the Ten Thousand Flowing Killing Array.

If you can subdue these 25 people, the benefits will be many.

After all, they were people who came from the old nest of Emperor Yuanmingzhou.

They are also outstanding in the natural universe.

Aside from other things, just letting them act as a lead party can achieve great benefits.

[Chapter 2256: You said I don't have enough people](#)

of course.

These people have great hidden dangers.

Su Lang would not trust 100%.

Even if you accept it, you will kill the donkey in the future!

"Humph!!"

"Su Lang, you are wishful thinking!"

"I also give you one last chance to choose, surrender, or die!"

The immortal Emperor Zhou looked at Su Lang coldly, as if a snake and scorpion became a fairy.

"Not bad!"

"Little bastard, quickly open the formation and let us take over the three continents!"

"Dogs, hurry up, don't wait for us to do it yourself!"

"You have a broken formation, even if the defense is strong enough, how can you keep it running?"

"..."

The remaining twenty-four half-step eternal powerhouses also looked at Su Lang contemptuously.

"Ha ha!"

"Do you think my formation does not have enough energy to maintain?"

"Hahaha, you are too naive, see what this is!"

Su Lang's heart moved, and the Heavenly Void Realm suddenly appeared!

Suddenly.

The world has changed!

The Heavenly Void Realm formed by countless formations appeared in the eyes of the Immortal Emperor Zhou and others.

That dense array, countless array patterns, seemed to cover every corner of this world!

In the Tianmeng Netherworld formation, a large number of formation patterns are connected to the Wanliu Killing Formation.

The energy flow visible to the naked eye is instilled into the Wanliu Killing Array from those formation patterns.

The countless energy streams are like galactic waterfalls hanging from the sky to the earth, and the energy contained in them even the immortal Emperor Zhou and others feel heart palpitations!

"This, this is also a half-step eternal formation!"

"My spirit within a radius of 80 million light-years can't see the edge of the formation. This is the formation covering the entire world!"

"How is it possible! How can there be such a big formation!"

"Why are those energies so majestic!? Could it be that it was a stream of energy gathered from the entire world!?"

"Impossible, how could such a terrifying formation exist in this ruined universe."

"I've only seen such a vast formation once in my life, but it was completed by countless powerful people in a natural universe that took 10 billion years to complete, and the effect is far inferior to this formation! "

"It's terrifying. The people who set up this formation have already reached the real cosmic level for their formation and horror."

"..."

Emperor Immortal Zhou and the others looked at Su Lang's Celestial Void Realm, each one was dumbfounded, their mouths unable to close together.

"how is it!"

"Now, you still have the confidence to deal with me!?"

Su Lang looked down at the crowd and smiled faintly, "Hurry up and surrender, and help me kill Emperor Yuanmingzhou. If he can give you, I will give it a hundred times!"

"Huh! You are delusional!"

"We have a total of twenty-five people. You are only one person. Even with this formation, how can you stop me?"

"No matter how much energy we have, we will definitely not be able to stop our twenty-five people from attacking together!"

"Su Lang, stop imagining that you can deal with our Majesty Yuanmingzhou, his level is not what you can imagine!"

"Don't you surrender, Su Lang!"

"..."

Indestructible Emperor Zhou and the others were willing to subdue softly, each with a bitter intent to kill, and the atmosphere in the scene was almost solemn to the extreme.

It was as if they were about to do it in the next moment!

But at this moment.

"Oh?"

"You said I don't have enough people?"

"So, now, how about!?"

With a tick at the corner of Su Lang's mouth, his thoughts moved, and he directly released his clones.

All of them are clones, avatars and twin avatars that did not use Baiying avatars, a total of 147, and the aura on their bodies all exceeded the ordinary half-step eternal realm!

The one hundred and forty-seven clones appeared.

The immortal Emperor Zhou and the others suddenly looked like geese with their necks pinched.

They looked at Su Lang's clones in disbelief, everyone was completely confused!

"One hundred...forty-seven half-step eternity!!!"

"How is this possible, how can there be so many half-step eternal strongmen in a dilapidated natural universe!"

"Impossible, this must be false. We have several natural universes together, and we don't have so many half-step eternal powerhouses! Even if we count those who died in battle, there are no more than a hundred!"

"What is going on, what is going on!!!"

"Fake, fake! I don't believe it, I never believe it!"

[Chapter 2257: Isn't it, Immortal Emperor Zhou](#)

"..."

Emperor Immortal Zhou and the others looked at Su Lang's avatars, all pupils shrank suddenly, like mung beans, and they were still shaking constantly.

And at this moment.

"By the way, there is also Evil Devouring."

"There is Taiyi Oriental. They are in the other two continents."

"With myself, there are a total of one hundred and fifty half-step eternal strong men."

"If it's a weapon, even more!"

The corner of Su Lang's mouth twitched, revealing a faint smile.

"What is going on, what is going on!"

"Did we collectively fall into the illusion formation!?"

"What to do, things are beyond the scope of what we can handle!"

"Quickly, who can contact His Majesty Yuan Mingzhou, only His Majesty can deal with this weird Su Lang!"

"There is no way to contact your majesty, your majesty will never give us proactive contact with his treasure!"

"Then open the space channel, let's return to the Tianxuan continent first!"

"No, I have tried it. The space avenue contained in this formation is too powerful, and the space has been completely banned!"

"Damn it, what shall we do now!"

"..."

The Immortal Emperor Zhou and the others were horrified. They tried various methods, but they had no effect at all!

They have been completely banned by Su Lang in the formation and have become the turtles in the urn!

"Everyone!"

"Su Lang made such a terrifying arrangement in a short period of time, it is incredible, beyond imagination, and outrageously exaggerated."

"So, this is probably just a mere illusion, his purpose is to scare us!"

"Su Lang, this little chopstick has been slow to do it, that must be the reason!"

"I have waited to retreat, there is only one battle!"

The Immortal Emperor Zhou looked around at the crowd, with determination in his eyes.

The other 24 people nodded their heads. In fact, they had no choice at all, because no one dared to betray Emperor Yuan Mingzhou!

Clang—!

Zhengming—!

Indestructible Emperor Zhou and other twenty-five half-step eternal powerhouses, one after another took out their weapons.

He even directly activated various self-harming secret techniques and entered a violent state!

Rumble!

A breath of incomparable horror erupted, forming a hurricane storm, violently hitting the Ten Thousand Flowing Killing Array.

however.

Wanliu kills the array but doesn't move!

"hateful!"

"Everyone, we strike together!"

Immortal Emperor Zhou's eyes were cold, and he raised an eight-generation weapon in his hand!

She held it very tightly, because she had already been snatched from the weapon by Su Lang, and there were only two of them. As a result, she now doesn't even have the weapon of Jiuyan Taichu.

"it is good!!"

"With a single blow, destroy the formation, pierce Su Lang's lies!"

The rest of the half-step eternity responded to the half-step eternity, and the next moment will be done.

"Wait!"

Su Lang suddenly exclaimed, and at the same time secretly activated the purple gold gourd that was transformed into a pattern and printed on his robe.

"how?"

"You are scared!"

"Sure enough, your half-step eternal strong are all illusions!"

Emperor Zhou sneered and looked at Su Lang again and again, "Hurry down on my knees!"

"Humph!"

"Let me ask you one last sentence, you are not going to surrender, are you? Immortal Emperor Zhou!"

Su Lang let out a cold snort, walked into the Wanliu Killing Array step by step, and asked indifferently.

"Yes!!"

Indestructible Emperor Zhou roared angrily, and the weapon in his hand slew towards Su Lang!

The other 24 people also launched their own attacks!

Suddenly.

An incomparably terrifying force destroys the decayed space of destruction, instantly hitting the flow killing array!

Rumble!

A violent explosion appeared, and countless energy after waves swept in all directions like a tsunami.  
at the same time!

Su Lang's body suddenly projected an incomparably weird purple-black light beam, which contained traces of golden lines.

This purple-black light beam directly passed through the attack performed by Emperor Zhou and others, and instantly fell on Emperor Emperor Zhou!

"what!!"

The immortal Emperor Zhou and the rest are all standing upside down, their scalps are about to explode!

The next moment!

### [Chapter 2258: Catch the emperor alive](#)

An incomparably weird force enveloped the Immortal Emperor Zhou, directly turning it into the size of a mosquito!

"what!!"

Accompanied by the terrified scream of the immortal Emperor Zhou, she was sucked into the purple gold gourd along the purple-black light beam!

"how is this possible!"

"His Royal Highness Immortal Emperor Zhou!"

"Quickly, rescue His Highness the Immortal Emperor Zhou!"

"Kill kill kill, kill through this formation, save the immortal Emperor Zhou!"

"..."

The other twenty-four half-step eternal powerhouses were caught by Su Lang when they saw Emperor Zhou somehow. They were incredibly angry and resented.

The killing intent of the people soared, holding various Bayan and Jiuyan Taichu weapons to slay the Wanliu Killing Array!

have to say.

Twenty-four half-step eternal strong men attacked together, and the momentum was indeed extremely great!

however!

"Give me all!"

Su Lang smiled, and directly ordered the clones to start bombarding the twenty-four people through the big array!

These 149 half-step eternal clones work together, and the momentum is even more terrifying!

Instant time!

Countless powerful magical powers bombarded together, and a series of violent explosions appeared.

The visions formed by various regular avenues bloom, like the most gorgeous fireworks in the world.

The powerful energy shock wave destroyed everything!

Everything in the formation, whether it is mountain land or anything else, instantly vaporized and disappeared!

The spherical killing prison formed by the Wanliu Killing Array is exposed. The spherical barrier is connected to the hurricane formed by countless energies of the heavens and the earth, maintaining the madness of the array.

And most of the twenty-four steps trapped inside are eternal, just like a turtle in an urn.

but.

These twenty-four real half-step eternal strong men are indeed extremely fierce.

And they still have weapons that are at least Bayantai's junior!

The avatars of Su Lang only have the time rules of the Jiuyan Realm, and they have no weapons to use. They can only use Po Yijian to continuously attack!

Coupled with the terrifying half-step eternal combined killing array of Wanliu Killing Array, only twenty-four people were trapped in it.

"Next, start to clean up one by one!"

"And before that, you have to do a little bit of preparation."

Su Lang's eyes flickered with a cold light, and then he put the heart-through lock into the purple gold gourd.

But see the inside of Zijin Gourd.

This is a very vast space, surrounded by purple and black, filled with strange energy, like a deep abyss.

After Immortal Emperor Zhou was sucked into this place, he quickly used various powerful attack methods, trying to break the purple gourd and escape.

however.

Zijin Gourd was born to kill, how could she easily break it.

No matter how immortal Emperor Zhou attacks, it is difficult to shake the purple gold gourd.

On the contrary, she consumed violently, and was invaded by the strange energy inside the purple golden gourd, making her weaker and weaker!

"Damn it! Su Lang, if you dare to yin me, you will definitely die!"

Emperor Zhou opened his eyes angrily, his face was extremely angry.

at this time.

A small white jade longevity lock fell from the sky, blooming another breath that was infinitely close to half a step of eternity.

"It's that weird longevity lock!"

The immortal Emperor Zhou's expression changed drastically, and various defense methods were instantly displayed.

The power of each avenue forms barriers, and there are more time-regular countercurrent barriers around it!

Wow!

Suddenly nine black jade chains were shot from the heart-piercing lock, like nine ferocious black dragons, surrounding the immortal Emperor Zhou, entangled fiercely!

Suddenly.

The incomparably powerful banning ability was unfolded, further reducing the power that the immortal Emperor Zhou could display!

So far.

She has absolutely no way to break through Su Lang's seal.

And in the outside world.

When Su Lang threw the heart-piercing lock into the purple gold gourd to besiege the immortal Emperor Zhou, he dispatched another clone to the Tianmi Continent to pick up the evil spirits.

Anyway, the Tianmi Continent won't be able to reach the Tianmen Continent for a while, so it's okay to call the Devourer to come and help.

It's not easy to leave from Dongfang Taiyi.

Emperor Yuanmingzhou looked down on Su Lang, thinking that Su Lang was just an ant, and he could kill him by waving his hand, not in a hurry.

But he can value the Tianting Continent, and once he has a chance, he will definitely take the Tianting Continent immediately!

#### [Chapter 2259: The new Boundless ship debut](#)

Therefore, Su Lang could only call to bite evil for help.

There was a clone, and it was only a blink of an eye to pick up the evil spirits.

"Evil Devourers and sees His Majesty Su Lang, the emperor of the boundless universe!"

Biting the evil came out of the life universe of Su Lang clone and worshipped Su Lang.

Looking at the twenty-four half-step eternal powerhouses, his heart was full of horror and shock.

That's a total of twenty-four statues half-step eternal!

When the Boundless World was most prosperous, it was only eight and a half steps eternal.

And now.

These twenty-four statues were half-step eternal, and it was incredible that Su Lang was trapped in the big formation.

But the most incredible.

It is Su Lang's combat power at this time and those extremely powerful clones!

But seeing that Su Lang actually possessed a powerful aura that was more than half a step of eternity, so did Su Lang's clones!

Notice.

At this time, the time since Su Lang was placed on Tianmi Continent was extremely short!

Su Lang broke through in such a short period of time, which shocked Evil Devouring to almost impossible to think.

"Come on, let's enter the Infinity."

"Today we are going to let Emperor Yuanmingzhou taste it and use the appetizers made by his subordinates!"

Su Lang's eyes flashed with killing intent, and with a wave of his hand, the Infinite Number suddenly emerged.

"Yes, Your Majesty Su Lang!"

Evil Devouring expression was invigorated, and he directly entered the Infinity.

People like Yanxingxing, Chu Xiaobei, Jiang Wenzheng and others have been preparing for battle in the Infinity.

Simultaneously.

In the trembling pupils of the twenty-four half-step eternal strong men, the scene of Devouring Evil entering the Infinity is reflected.

"That humanoid weapon has half a step at the peak of the eternal realm!!"

"How is it possible, how can there be such a terrifying weapon under the sky!"

"Just this humanoid weapon can't be dealt with by any of us!"

"His Royal Highness Immortal Emperor Zhou mentioned it before, but it is not that powerful in the mouth of His Royal Highness Immortal Emperor Zhou!"

"..."

Twenty-four half-step eternal powerhouses looked at Su Lang, who had evolved and strengthened to the half-step eternal pinnacle level, invincible under the eternal state, trembling all over, flow of cold sweat!

at this time!

"Start Baiying clone!"

With a thought in Su Lang, the clones turned into 14,700 clones of Hundred Shadows!

Even if it is divided into a hundred.

The regular combat power of these clones did not fall into the realm, but continued to remain in the half-step eternal realm!

Such a scene.

It is foolish to directly look at the twenty-four half-step eternal powerhouses in the Wanliu killing array!

"14,700 statues!!"

"How can there be so many half-step eternal powerhouses!"

"These people all look exactly the same as Na Su Lang, could it be his clone!?"

"No, it's impossible. No one can have so many half-step eternal clones, even Emperor Yuanmingzhou can't do it!"

"..."

Twenty-four half-step eternal hearts rise in endless stormy waves, and there is a trace of fear and despair breeding.

Originally they thought that their twenty-four half-step eternal lineup was already extremely defying.

But then Su Lang's 147 clones gave them a blow, letting them know what it means to have a heaven and a human.

And now, Su Lang's 14,700 clones have almost collapsed these twenty half-step eternal powers who have lived for countless years!

Fourteen thousand and seven hundred half-step eternity, too exaggerated...

at this time.

Twenty-four half-step eternity watched Su Lang with more than 10,000 clones entering the invincible under the eternal state!

Soon.

A more terrifying aura burst out!

This breath has surpassed the ordinary half-step eternal strong by thousands of times, and it is hardly a level!

Rumble!

The incomparably vast and majestic aura descended on the Ten Thousand Flow Killing Array, it was as if the entire universe had collapsed, pressing down on the 24 people!

"Do not!!"

"How could he be so strong!"

"This is a power far beyond half a step of eternity, almost close to the power that can be mastered in the real eternal state!"

"It's over, we're over, there are still such terrifying hole cards in this boundless universe!"

"..."

[Chapter 2260: Instant kill twenty-four half-step eternity](#)

"..."

Twenty-four powerful half-step eternal strong men were horrified, one by one, the five senses were distorted and displaced, and a great sense of crisis rose in their hearts!

"Surrender, or die!"

Su Lang was in charge of the Infinite, overlooking the twenty-four small figures in the Ten Thousand Flowing Killing Array, and said indifferently.

however.

Although the twenty-four people in the formation were afraid, they had no intention of surrendering!

"If you don't become eternal, you will always be ants!!"

"Su Lang, even if you are so powerful, in the eyes of Emperor Yuanmingzhou, you are only a larger ant, and you can still easily crush you!"

"If you kill us, His Majesty Yuan Mingzhou will avenge us!"

"But if you are willing to become a strong under His Majesty Yuan Mingzhou Emperor, you will definitely shine!"

"Maybe His Majesty Yuan Mingzhou will let you guard the natural universe, then you will be the master of one universe, and you will have more backing to rely on, and sit back and relax!"

"..."

The twenty-four people were not only hard-mouthed, they even persuaded Su Lang to come down.

"Hahaha!"

"It's extremely ridiculous, extremely ridiculous!!"

Su Lang looked at the twenty-four people dismissively, "If this is the case, then you go to die!"

The voice just fell.

He shook his right hand lightly, and the Infinity made a synchronized movement, and an extremely huge Youtian Sword appeared in his hand!

"Half-step long sword of the eternal realm!!"

"It's over, we're over, it's over!"

"Half-step eternal formation, half-step eternal clone, half-step eternal weapon, how can this Su Lang be so strong..."

"..."

All kinds of desperate thoughts appeared in the hearts of twenty-four strong men!

This makes them like falling into an ice cave, their bodies are cold, their hairs stand upside down, and their scalps are about to explode!

The breath of death that has never been felt for countless years has enveloped all of them!

I thought that coming to this boundless universe was just completing an extremely easy task.

But now they understand that coming here by themselves is completely fatal!

Just then!

"I ask you one last sentence, surrender or die!"

Su Lang looked at everyone, the Youtian Sword in his hand was already raised high!

Endless energy gathered on the Youtian Sword, forming the latest breaking sword that Su Lang deduced!  
!

Even at a long distance.

Twenty-four people can also feel the incomparably bitter breath, like a sharp knife struck across their skin, cold and deadly!

however.

Everyone remained silent, with wry smiles, despair and a trace of death.

"I understand."

"You have been used by Emperor Yuanmingzhou. You can't betray, otherwise you will die."

Su Lang looked at everyone indifferently, "If this is the case, then goodbye forever!"

The voice is not over!

Infinity held up the Youtian Sword, the blade was straight, and the light was sharp, and immediately slashed the sword!

Stabbed!

Through the Ten Thousand Flow Killing Array, the terrifying Po Yi Sword slammed into the 24 eternal half-steps!

"Mystery of Falling Body and Silent Soul!!!"

"Blade of Explosive Gu God!!!"

"..."

Twenty-four half-step eternal last battles, brazenly launched a variety of explosive secret arts, waved weapons in their hands.

Suddenly.

The power of countless avenues, the power of twisting, and the turbulent flow of time formed a barrier in the Ten Thousand Flow Killing Array, trying to resist Su Lang's breaking sword!

however.

The attack they launched was immediately weakened by Wanliu Killing Array by 10%, and the remaining power was completely unable to withstand Po Yijian.

Rumble!

Explosions sounded one after another, and screams also sounded!

In the torrent of terrifying energy.

A half-step eternal strong man's complexion was distorted, he screamed incomparably screams, and died!

In a short time.

Twenty-four statues are eternal in half a step, and even if they do their best, they can't escape death, all of them fall! !

at the same time.

In the Heavenly Jade Continent.

In the depths of the earth, it should clearly be the thick center of the earth, but it is a sea of energy!

Countless physical substances have turned into three bizarre powers of gold, red, and white, forming a three-color vortex, running wildly in the underground center of the Heavenly Jade Continent!

And in this three-color vortex.

A seemingly young man was floating quietly.

However, he saw this person wearing a dark brocade robe with a pale purple belt tied around his waist, and his long snow-white hair slowly floating with the flow of energy.

His hands exploded with peculiar power, condensing the three powers of gold, red and white to form a small gou jade floating around him.

This person.
