[Chapter 2291: A touch of red brightened his eyes](#)

It was also when Su Lang had how many days left for himself to complete the eternal realm's 'Shenzhen Tong'.

Yuanming in the universe.

A group of half-step eternal powerhouses have become ants on the hot pot...

"What's the matter? His Majesty Yuan Mingzhou hasn't come back yet!?"

"It stands to reason that His Majesty Yuan Mingzhou must be able to perceive the death of Brother Ying, why hasn't he returned!?"

"Could it be that because only one died, your Majesty thought it was an accident?"

"Ah, this, this, this, this seems to be the truth!"

"Damn it, should we still use death to alert His Majesty Yuan Mingzhou!?"

"I don't want to die, I don't want to die, but seven space-time ports have already been destroyed. Once the nine space-time ports are completely finished, and the nine universes are completely isolated from us, it must be the time when the mysterious force started!"

"That weird black golden flying squirrel is destroying the eighth space-time port. We are running out of time. If the ninth space-time port is over, if His Majesty Yuan Mingzhou does not return, we will all die!"

"So, do we have only one choice? We can only choose to continue to commit suicide and to alert His Majesty Yuan Mingzhou!?"

"Don't be afraid, for Yuanming Universe, we should treat death as home!"

"Then let's stop the lottery, just you!"

"Let's grab lots..."

Twenty-eight half-step eternal powerhouses talked anxiously, and finally came to a desperate conclusion that if Emperor Yuanmingzhou returned as soon as possible, they would have to die!

But they broke the head and couldn't think of it.

After the end of the nine time-airports.

There will be no mysterious forces attacking the whole situation and killing them all.

Because from the beginning to the end, there was no powerful mysterious force to invade Yuanming Universe, and it was only Su Lang that was half-step eternal...

Next.

The round tripod representing death was placed in front of twenty-eight people.

"Who will come first?"

An old man with a beard asked.

"I come!"

A sturdy red-skinned muscular man said immediately.

The one who gets the ball first has the least chance of touching the red ball!

He doesn't believe that he is as unlucky as a hooked nose!

"Then you come first."

The others looked at each other and took a step back.

In full view.

The red-skinned muscular man put his hand into the round tripod, and then took out a ball very simply.

Instant time!

A touch of red blinded his eyes!

The audience is also frozen in time, becoming deadly silent...

The next moment.

"Red...red ball!?"

"How could it be, how could it be a red ball!!!"

"I don't believe it, this is fake, it must be fake, how could I be so unlucky!?"

"..."

The red-skinned muscular man screamed like crazy, his crazy voice was like a big rock thrown into the lake, making the dead lake surface alive.

"The red ball, it turned out to be a red ball!"

"Oh my god, red skin is so unlucky!"

"The probability of one in twenty-eight is met by him!"

"The key is to catch the red ball directly in the half-step of the first lottery in succession!"

"This, this is too scary!"

"..."

The remaining twenty-seven half-step eternal powerhouses saw this scene, their eyes widened in disbelief, and their mouths opened wide!

This **** bad luck is really incredible.

After a horrified discussion.

The scene became dead again.

Because...someone is dying!

"Why, why is it me!"

The red-skinned muscular man murmured sadly, he was unwilling.

"Brother Hongskin, don't worry, we will take care of your wife and daughter."

"Don't worry, His Majesty Yuan Mingzhou will definitely find a way to save you, come and give us the inheritance."

"..."

Half a step, the face was eternally sad, and even the body was trembling slightly...

"I will be resurrected, I will definitely be resurrected!"

"You can keep these things for me, and I will come back!"

The red-skinned muscular man gritted his teeth and said, and then left all the legacy he could leave.

The public half-step eternally accepted the inheritance of the red-skinned muscular man, and then turned their faces sadly, as if they did not want to see the tragic scene of the brother going to death.

[Chapter 2292: Emperor Yuanmingzhou returns](#)

The next moment.

"I have red skin, go!!!"

The red-skinned muscular man's eyes are red, flying directly into the void of the universe and exploding!

The second half-step eternal strong man has fallen!

The boundless universe, in the Tianxuan continent.

Emperor Yuanmingzhou sat in the void, with long white hair floating slightly with the flow of energy, very mysterious.

suddenly!

"what!?"

"Another one died!!!"

"It's not an accident, it's definitely not an accident, it's not a fall caused by a failed breakthrough!"

"My Yuanming Universe, something must have happened!"

"But, until now, why haven't they contacted me with the Trans-Universal Lianxun Forum!?"

"Could it be a planned unrest!?"

"But this probability is too small, but I made perfect preparations before leaving Yuanming Universe!"

"Damn it, what happened!?"

Emperor Yuan Mingzhou opened his eyes, and a trace of thunderous anger burst out.

next moment.

He stood up.

Numerous golden, red and white vortexes suddenly dispersed around his body, turning into a stream of mottled energy.

This means that Emperor Yuan Mingzhou wants to condense the core origin of the universe again, and must condense the tricolor vortex from the beginning to continue.

This is equivalent to starting again.

The three-color vortex dispersed and turned into a mottled energy stream.

Emperor Yuanmingzhou took it into the universe of life together with the core origins of the Gouyu-shaped universe!

Immediately after.

"I'd like to see."

"Who is it that dare to make trouble in Yuanming Universe at the critical moment when I reverse the core origin of the universe!!"

Emperor Yuan Mingzhou gritted his teeth with a low growl.

Soon.

Rumble!

An extremely terrifying wave of time and space bloomed from his body, covering hundreds of millions of light-years in an instant!

The avatar of Su Lang staying on the Heavenly Jade Continent felt it for the first time!

"Ok!?"

"Emperor Yuan Mingzhou finally moved."

"I thought he would ignore the unrest in Yuanming Universe!"

Through his clone, Su Lang sensed the majestic wave of time and space, suddenly his expression changed, and a burst of light burst into his eyes!

Immediately put the clone back.

Simultaneously.

"Little ants, dare to spy on the deity?"

"After the deity finishes handling the chores, he will return to the infinite universe, which will completely annihilate this universe!"

Emperor Yuan Mingzhou also discovered the prying of Su Lang's clone, frowned and snorted coldly, and a burst of light burst out behind him!

This light gradually expanded until it completely enveloped Emperor Yuan Mingzhou himself, and disappeared in an instant!

boom!

A ring wave broke out at this instant, and the entire Tianxuan continent trembled!

"Lying down!"

"Completed the shuttle across the natural universe so soon!?"

"Is the power of the eternal realm so awesome?"

Even if Su Lang was in the exile of the Heavenly Continent, he faintly felt the last wave from the direction of the Heavenly Jade Continent, and couldn't help but be speechless.

Soon.

He immediately sent a clone back to the Tianxuan continent and began to explore this disaster-stricken continent.

at the same time.

Yuanming in the universe.

Rumble!

Over the eighth star named Hongtai, the black hole-like space-time channel was completely annihilated.

"Squeaky!!!"

The treasure hunting ancestral flying screamed excitedly and was dispatched to the ninth time and space port by Su Lang instantly.

At this time.

On the previous ferocious superstar.

Numerous ripples suddenly appeared in the sky, eventually forming a huge black hole, from which a man with black robe and white hair appeared, king over the world!

"what!!!"

"My time and space port!!!"

"How could my space-time port disappear!"

"Damn, who is so bold to commit a heinous crime on my site!?"

"No matter who you are, I want to kill you, I want you to live forever, not to die, not to die!!"

"..."

The Emperor Yuan Ming Zhou looked at the empty sky and the incomparably messy ferocious star, his eyes were splitting, his forehead violently jumping!

at this time!

A series of slight fluctuations spread from his body.

It is a message from a group of half-step eternal level subordinates constantly!

[Chapter 2293: Who did it](#)

"What the **** happened!?"

The emperor Yuan Mingzhou showed anger and eagerness, and immediately took out a piece of jade medals of quite high level for transmission.

Wow!

The figures of half-step eternal warriors have been projected on these jade cards.

"Your Majesty Yuan Mingzhou! You are back!"

"Your Majesty, a mysterious and powerful force is eyeing our Yuanming Universe. They sent an extremely strange black flying squirrel with gold patterns to destroy it everywhere in Yuanming Universe!"

"Your Majesty, eight of your nine time and space ports have been completely destroyed. At this time, the weird flying squirrel is destroying the last time and space port!"

"Your Majesty, that black gold-patterned flying squirrel is extremely difficult to deal with, not only has its speed reached the eternal state, but it is also completely unimpeded. We can't hurt it, nor can we stop it!"

"Yeah, even the cross-universe communication formation of servants was snatched by the flying squirrel as soon as it was taken out!"

"His Majesty, Emperor Yuanmingzhou, is incompetent and can only watch the flying squirrel destroy the time and space harbor."

"We really have no choice but to call you with our lives. Brother Ying and Brother Hongskin committed suicide because of this!"

"Your Majesty, only you can take care of that weird black gold flying squirrel. It is now in Meigong Time and Space Port. Come on!"

"..."

A total of twenty-seven half-step eternal strong phantoms knelt at the feet of Emperor Yuanmingzhou, one by one with anxious expressions, talking about their own experiences in a very sad state.

"what!?"

"A weird flying squirrel?"

"It has destroyed my entire eight time and space ports!"

"Eight space-time ports! I am right that there are only nine space-time ports in total!"

"Those time and space ports, but I spent countless energy and wealth to create a bridge that connects the nine natural universes!!"

"..."

Emperor Yuanming Zhou looked at the phantoms creeping under his feet in disbelief, and couldn't believe what he heard!

Simultaneously.

Stormy waves also rose in his heart!

What flying squirrel can reach the eternal state? And completely unhindered?

Why doesn't it kill those eternal realms, but only destroy time and space! ?

Could it be that some mysterious and powerful force is eyeing his Yuanming universe, and it is separating the nine universes from the Yuanming universe at this time! ?

Divide the battlefield!

This is a precursor to a big fight!

"Damn it!"

"Who is it, who is hitting my Yuanming Universe's idea?"

The pupils in Emperor Yuanmingzhou's eyes shrank suddenly, filled with endless anger!

He has already dealt with the rest of the eternal realm of this universe, and he has also ended the alliance, agreeing not to attack each other, and unanimously outside!

But now.

Someone invaded his Yuanming universe and destroyed it everywhere!

This made him have to wonder if someone violated the agreement and took advantage of his hunting of the boundless universe to use his Yuanming universe to operate!

And a precursor to such a big move.

It is possible that more than one force wants to do something against him, Yuanming Universe!

"Could it be!"

"Are those eternal realms going to unite to deal with me!?"

"..."

Deep anger and fear rose in Yuanming's eyes.

But he didn't have time to think about it, because the last time and space port is also at stake!

In a flash.

Emperor Yuanming Zhou stepped forward and came to the fierce giant interstellar teleportation array.

but!

When he wanted to use this super teleportation array to go to the time and airport of Meigong, he found that the teleportation array had failed!

original.

After Su Lang discovered that Emperor Yuanming had left the boundless universe and returned to the Yuanming universe.

Immediately let the treasure hunting ancestors destroy the teleportation array on the superstar of the charm palace, and then continue to demolish the time and space port of the charm palace!

"What! The teleportation array is also destroyed!?"

"Damn, you can only use the rest of the way, feel free!"

Emperor Yuan Mingzhou took a deep breath of incomparable anger, and instantly activated his own supernatural powers across time and space.

boom! !

A burst of terrifying spatial fluctuations bloomed!

The figure of Emperor Yuanmingzhou disappeared from the place and appeared in another galaxy!

[Chapter 2294: Crazy alchemy and medicine saving cultivation base](#)

Yuanming universe has been developed for countless years.

In addition to the ultra-distant interstellar teleportation array between the nine giants, there are also some teleportation arrays with a shorter distance.

These interstellar teleportation arrays formed a huge interconnected network, linking the entire Yuanming universe.

Because it extends in all directions.

So these interstellar teleportation arrays are not so easy to destroy.

Combining these teleportation arrays with their own space shuttle supernatural powers, Yuanming Universe can travel countless light years at a time, constantly approaching Meigong Time and Space Port!

at the same time!

The remaining twenty-seven half-step eternal powerhouses have already set off from their hidden planet and rushed to the time and space port of Meigong.

Emperor Yuan Mingzhou must pass by.

They dare not go! ?

It was also when Emperor Yuanmingzhou and his subordinates rushed to the magic palace superstar in less than half a year.

In the land of exile.

"Well?"

"Emperor Yuan Mingzhou hasn't come yet!?"

"In that case, I'll sort out some trophies!"

Su Lang watched the treasure hunting ancestor flying steadily destroying the ninth space-time harbor, his eyes turned to the storage space!

After so long of "copying home".

The treasure hunting ancestor glider demolished a total of eight space-time harbors, as well as all the valuable buildings on the surface of the evil superstar, and robbed countless treasures!

at this time.

These little cuties are lying obediently in the storage space!

"This time there is a lot of material."

"Well, it's too much!"

"It's a pity that the source of the Xianyuan Emperor is relatively small, and it's definitely not possible to upgrade the system functions, so let's put it here.

Su Lang glanced back and forth over the countless trophies, and immediately began to use these treasures of heaven and earth.

His top priority.

It is to condense the Avenue of Time!

Therefore, the cultivation base is the most important!

To accumulate cultivation base, in addition to relying on the extremely abnormal system functions, one hundred thousand times the time flow rate and one million times the energy concentration of the world, you can also use drugs!

"system!"

"Activate the one-key pill refining function to refine all the pill that can be refined for me!!!"

With a thought, Su Lang gave instructions to the system!

Suddenly!

System prompts resounded through my mind!

"Ding! Consume Taixuan nourishing spirit grass*2541, return soul fixation spirit flower*8757, Beidou Rongling jade*1122...you get the perfect Siyan Taichu pill, Taixuan Wanling Pill*5!"

"Ding! Consume Zifu Huitian Wood*1233, Jiuding Money Mushroom*4256, Qinghui Tianling Grass*4526...you get the perfect Wuyan Taichu pill, Zifu Jiuding Pill*5!"

"..."

The system prompt appears crazy!

Countless materials have become a rare and perfect pill of Taichu!

Because the one-key alchemy function has various powerful auxiliary functions.

Not only can one ingredient be used to refine five pills, but also some rare main ingredients can be saved!

It can be said that all alchemy materials are used to the extreme!

In a short time.

In the storage space, the number of Perfect Beginning Pills exceeded 100,000! !

The number continues to skyrocket!

"Hahaha!"

"With these medicines, I can accumulate cultivation base faster and condense the time road!"

"As long as there is a great path of time, Emperor Yuanmingzhou will have no absolute advantage over me!"

Su Lang was extremely happy, and then took out the refined medicine on the spot!

Wow!

Countless perfect primordial medicines are suspended by Su Lang's side, like a bright nebula!

"This is...the pill!?"

"They are all immortals of perfect quality, and many of them are at the beginning level!"

"My God, where did Su Lang get so many perfect primordial pills?"

"..."

Emperor Zhou was dumbfounded in horror when he saw the pill surrounding Su Lang!

If it is a few perfect quality Taichu pill.

She was not so shocked yet.

But Su Lang had taken out too many medicines, she had never seen so many perfect medicines at the beginning!

at this time.

Emperor Immortal Zhou saw Su Lang ingest some pill again, and when the pill fell into his hands, they merged together to form a more advanced pill! !

The Yiyantai primary pill will merge with each other to become the Eryantai primary pill!

Then the second Yan Taichu pill continued to fuse and became the Sanyan Taichu pill...

[Chapter 2295: Emperor Yuanmingzhou burns himself in anger](#)

Back and forth.

In the end, those low-level medicines turned into perfect medicines for the half-step eternal realm!

This is a very mysterious scene.

Let the immortal Emperor Zhou, who was already shocking, stagnate again and his brain blank! !

Her Sanguan, which was rubbed to smash by Su Lang, was pressed on the ground again to continue rubbing, almost to be wiped out!

After a long time.

Only countless thoughts of horror rose from her heart!

"What the **** is this!?"

"Why, he can fuse those low-level pills into higher-level pills!?"

"This has completely violated the rules of the natural universe. This shouldn't exist!"

"..."

Emperor Zhou looked at Su Lang sluggishly, only to feel that his common sense formed over the years seemed completely inapplicable.

at this time.

Something that made her even more incredible happened!

However, he saw that Su Lang had taken a Jiuyan Taichu pill, just one, and then gently slapped it, the pill became a half-step eternal realm pill!

"This is not true!!"

"This is an illusion, I must have an illusion!"

Emperor Zhou opened his mouth big and small, his pupils trembling constantly.

Soon.

In her silly expression.

Su Lang has merged all the medicines together, and then combined with the one-key strengthening function to turn them into a half-step eternal realm medicine.

There are many types of pill.

Used for cultivation, healing, enhancing understanding...everything you can think of.

of course.

Under Su Lang's intentional control.

There are still the most cultivation medicines!

"You can start taking drugs!"

"This may be the largest-scale drug practice in my history!"

Su Lang looked at the perfect half-step eternal realm pill that was all around, like a nebula, and there was a look of expectation in his eyes!

Immediately after.

He picked up a pill and swallowed it straight into his stomach!

Suddenly.

boom!

A powerful medicinal power burst out, rushing through his dantian and meridians madly.

Soon.

These medicinal powers are all transformed into cultivation bases by the one-key cultivation function, adding a touch of gold to the cultivation villain!

Immediately after.

Su Lang aftertastes a bit, nodded slightly, showing a smile, and then took a pill again and swallowed it into his abdomen.

"hiss!!"

"Just took one, and immediately took the second one?"

"Su Lang... can he refine the eternal realm pill so quickly!?"

Seeing Su Lang successively swallowing half a step of the eternal realm pill, Immortal Emperor Zhou was immediately shocked by Su Lang's refining ability!

at this time.

Su Lang suddenly grabbed a handful of half-step eternal medicine, and swallowed them all in one bite! !

"what!?"

"How dare he swallow so many perfect half-step eternal pill in one go!?"

"That's a half-step eternal realm pill, its power is terrifying, how dare he swallow so much at once!?"

"Isn't he afraid of taking medicine and getting crazy!?"

Emperor Zhou saw that Su Lang swallowed at least a dozen perfect quality half-step eternal pill in one breath, and his whole body trembled in disbelief.

Simultaneously.

She couldn't help but swallow.

If she can also have so many pills, I am afraid there is a chance to hit the real eternal realm! ?

But the pill is Su Lang's.

She may not have the opportunity to take it.

He could only watch Su Lang eagerly taking medicine and practicing, his face was intoxicated and enjoyable.

Seeing this scene, Emperor Zhou couldn't help feeling envy, jealousy and hatred in his heart.

It was also when Su Lang was constantly swallowing pills, combined with the one-key practice function and exile to accumulate cultivation skills.

Yuanming in the universe.

The furious Emperor Mingzhou finally arrived at the time and space port of Meigong!

however.

The entire circular space-time harbor in the past has disappeared for more than half, leaving only the last bit floating in the sky.

The black hole-like space-time channel has long been annihilated!

"Ah!"

"My space-time port, you squirrel, give me life!!"

Seeing that his last time-space port was also cold, Emperor Yuanmingzhou's eyes were red with anger, and a mouthful of old blood almost spurted out!

"Squeaky!!"

The treasure hunting ancestor glider snatched all the last point of time and space, turned his head and made a mocking sound at Emperor Yuanmingzhou.

[Chapter 2296: This miscellaneous flying squirrel is dead](#)

This scene.

It happened to be seen by the twenty-seven half-step eternal powerhouses who arrived later.

Suddenly, they were shocked.

In their eyes, Emperor Yuanmingzhou is an invincible existence!

After all, it is hunting a whole nine powerful existences in the natural universe!

For countless years.

No one dared to show no respect to Emperor Yuanmingzhou.

Emperor Yuanmingzhou was ridiculed, it was definitely the first case in tens of billions of years!

"This miscellaneous flying squirrel is dead!"

"Yes, this **** dares to destroy our nine major time and space ports, to kill our two fellow Taoists, and to taunt the great Emperor Yuanmingzhou, it, it will definitely die!"

"Damn it, if it can leave a corpse, I will humiliate it in every possible way!"

"Not only it, but also the sneaky power behind it will also be completely destroyed by His Majesty Yuan Mingzhou!"

"Yes, His Majesty Yuan Mingzhou is invincible!"

"..."

Half a step, the eternal powerhouse stared at the treasure hunting ancestral glider, with resentment, killing intent and sneer in his eyes.

from their perspective.

The treasure hunting ancestral glider must be dead!

Just then!

"Die to me!!!"

Emperor Yuanmingzhou was full of beards and hair, and his robes fluttered, and an eternal atmosphere of terrifying horror came!

The power of the Time Dao, which only the Eternal Realm can master, also burst out instantly, covering the void of the original time and space.

The treasure hunting ancestral flying was immediately covered by the power of Time Avenue!

Not only the power of the time avenue!

There are other kinds of great power and supernatural powers, which are extremely terrifying!

However, I saw a series of indestructible barriers, one after another, one after another, wrapping the treasure hunting ancestral glider one after another!

This is a siege method specially used by Emperor Yuanmingzhou after hearing that his subordinates could not stop the treasure hunting ancestral gliders!

In this layer of siege barriers.

The horrible time avenue has begun to form a turbulent flow of time, and the treasure hunting ancestors will be completely wiped out!

There are also various splendid powers of the great avenue, which are also looting wildly.

The power of the Five Elements and Five Colors Avenue!

Black power of death!

The power of the invisible rules of life!

...

Countless forces are densely packed, let alone a galaxy, even a star field can be directly annihilated!

however!

In this terrifying attack of Emperor Yuanmingzhou.

The treasure hunting ancestral glider is safe and sound, even his hair is not messy!

"Squeak!"

"Squeak!"

Treasure Hunting Ancestor Yan turned his head to look at Emperor Yuan Mingzhou, and once again made a squeaky sneer!

Such a scene.

The scene became deadly silent in an instant!

"what!?"

"It turned out to be unscathed!?"

"How is this possible, I have displayed the power of time!"

"No matter how this black gold flying squirrel has to resist to avoid injury, it has no resistance, how can it not be injured!?"

Emperor Yuanmingzhou looked at the treasure hunting ancestral glider in disbelief, unable to accept the facts before him.

The twenty-seven half-step eternity is almost stupid!

"No... unharmed!"

"Impossible, this is impossible. How could the great Emperor Yuanmingzhou not kill it?"

"I must have fallen into some kind of terrifying illusion, I want to wake up!!"

"..."

The half-step eternal strong can hardly believe their own eyes, because this is really incredible.

The invincible Emperor Hades, his attack was actually invalid to that weird flying squirrel! ?

Just when Emperor Yuanmingzhou and his subordinates were dumbfounded.

The boundless universe, the heavenly continent, the land of exile.

Su Lang and Immortal Emperor Zhou also saw this scene happening on the superstar of Yuanming Universe's Charm Palace.

"No injury!?"

"I don't even bother to resist, just avoid injury?"

"This, how is this possible, how could Emperor Yuan Mingzhou's attack be invalid on that flying squirrel? What is that weird flying squirrel!?"

"..."

The Immortal Emperor Zhou exclaimed in shock, his body trembling and Hua Rong turned pale.

"Ha ha!"

"If you want to kill my treasure hunting ancestor glider, don't even think about it!"

Su Lang smiled faintly, already expecting this scene!

Treasure hunting ancestral gliders, but they are immune to all attacks from the eternal realm!

Unless it is an unknown realm powerhouse who transcends the eternal realm, can the treasure hunting ancestor glider be obliterated!

[Chapter 2297: Eternal weapon, dead universe](#)

"Su Lang!"

"You, how did you do it!?"

"Where did the treasure hunting ancestral glider come from!?"

"..."

Emperor Zhou looked at Su Lang and couldn't help but ask with a trembling voice.

"Sorry, no comment!"

Su Lang clicked the corner of his mouth, and immediately called up the attribute panel of Emperor Yuanmingzhou.

"Second Eternal Realm!?"

"Unexpectedly, after this situation, Yun Ge would even rise to the next level after breaking through to the eternal state!"

"When you reach the realm of eternal realm, the division of realm is 'universe', while the realm of spiritual soul is Huanni!?"

"Human Nirvana? Universe Nirvana? I want to raise my spiritual soul to the level of the universe!"

"Chaos refining anti-truth? This is the technique used by Emperor Yuanmingzhou to refining the origin of the universe and the core origin of the universe!"

"And that Zhou Yuan's cultivation of the true way is probably a technique used to restore the origin of the universe and the core origin of the universe to the original substance!"

"This guy is very strong! No wonder it can sweep nine natural universes, plus the endless universe, there are ten natural universes!"

"The former endless Emperor Zhou also fell into his hands!"

"I don't know if I can kill him after I understand Time Avenue?"

"..."

Su Lang looked at Emperor Yuanmingzhou's attribute panel, and thoughts arose in his mind.

No matter how.

Finally, I have a clearer understanding of the strength of Emperor Yuanmingzhou!

Know yourself and the enemy, a hundred battles will never end!

Now that the strength is inadequate, you should avoid the edge and not confront it head-on!

"Humph!"

"It's not your opponent now."

"But I can play you around, hehehe!"

A hint of playfulness flashed in Su Lang's eyes, and immediately looked at the treasure hunting ancestral glider again.

Yuanming universe.

Emperor Yuan Mingzhou saw that his attack could not work, and he couldn't accept this fact in disbelief.

He is invincible to ten powerful existences in the natural universe.

"I don't believe I can't kill you!!"

Emperor Yuanmingzhou's eyes were about to split, so angrily he took out his weapon, a...folding fan!

"This is an eternal weapon!!"

"Unexpectedly, Emperor Yuan Ming Zhou had even built the eternal realm weapons!"

"Yes, this guy has plundered ten natural universes, and it is reasonable to create an eternal weapon."

Through the weapon recognition function, Su Lang saw through the bottom of the folding fan, and immediately narrowed his eyes.

The folding fan is called "Dead Universe", and it is a weapon of eternal state!

From the name of the dead universe, you can see how terrifying weapons are!

"The source of the Ming is infinite, and the dead universe is determined to live and die!!"

Emperor Yuan Mingzhou flicked his right hand and opened the folding fan with a scream!

Its fan face is purple and black, exuding an extremely fierce atmosphere!

at this time.

The near-infinite majestic power of Emperor Yuanmingzhou is instilled into the weapon, condensing a super attack that combines the power of countless avenues including the time avenue!

"Squeak!"

Seeing this scene, the treasure hunting ancestor glider squeaked again.

"Die to me!!"

Emperor Yuan Mingzhou roared and waved his right hand fiercely.

Instant time!

A torrent of brilliant purple-black energy fell directly on the treasure hunting ancestor glider!

"Go!"

"We can't handle this aftermath!"

"His Majesty Yuan Mingzhou is too strong, this time he will definitely be able to kill the treasure hunting ancestral glider!!"

"Yes! It must die!"

"..."

The half-step eternal strong even the aftermath of the Yuan Mingzhou Emperor's attack was unbearable, and they fled towards the distance.

Simultaneously.

Seeing such a powerful attack on the treasure hunting ancestral glider, they immediately breathed a sigh of relief, thinking that the treasure hunting ancestral glider would definitely die this time!

however!

next moment!

The shocking thing happened!

[Chapter 2298: Treasure hunting ancestral glider, hard front](#)

"Squeak!"

I saw the treasure hunting ancestral glider squeaking with excitement, and it seemed like a hot spring in the torrent of terrifying attacks!

"What...what!!"

"Such a powerful attack, that weird flying squirrel is still unscathed!"

"How is this possible? That attack is a terrible attack that His Majesty Yuan Mingzhou uses with the weapons of the eternal realm!"

"Yes, if this powerful attack spreads, it can destroy everything within trillions of light-years, and the ordinary eternal state cannot easily resist it!"

"It's too weird, it's really weird, where did this black golden flying squirrel come from!!!"

"Look, it is laughing, it seems to be laughing, damn, it is so arrogant!"

"..."

Hidden in the distance and explored the battlefield with spiritual thoughts, the eternal people saw that the treasure hunting ancestral flying was still unscathed, and couldn't help but explode the pot!

And the person involved, Emperor Mingzhou, thundered on the spot, his eyes burst!

"No, it's impossible!"

"In my case, Yunge used this trick to kill two celestial eternals, how can it be a little flying squirrel!!!"

Emperor Yuanmingzhou looked down at his hand and the folding fan in his hand, he almost doubted whether he had hallucinations!

And just now!

"Squeaky——!!!"

The treasure hunting ancestor screamed in excitement, directly against the majestic purple-black attack torrent, rushing towards Emperor Yuanmingzhou!

What excites it is the eternal weapon in the hands of Emperor Yuanmingzhou!

"Damn it!"

"Dare to come forward, I will kill you!!!"

Upon seeing this scene, Emperor Yuanmingzhou instantly felt ashamed and humiliated, and turned into anger. During the entire flight, he violently waved the folding fan in his hand!

Rumble!

A series of extremely terrifying attacks were released from the folding fan.

With the endless destructive power carried by the time-space avenue, the surrounding void was instantly annihilated.

Countless spatial grids shattered, revealing terrifying holes!

but!

The treasure hunting ancestral glider received only a slight obstacle, and moved on, only the weapon in the hands of Emperor Yuanmingzhou was in his eyes!

"impossible!"

"You die for me!"

The emperor Yuan Mingzhou's eye canthus was about to split and went crazy and launched an attack like crazy!

But these attacks couldn't hurt the treasure hunting ancestral flying glider at all, and Dingtian slowed down the treasure hunting ancestral flying flying speed.

How fast is the eternal state?

The distance of a few light-years will come soon!

The treasure hunting ancestral flying greeted a series of attacks, and at this time had already flown in front of Emperor Yuanmingzhou!

"Too much bullying!"

"Really I can't solve you!"

Emperor Yuanmingzhou's eyes were blood-red, and he was extremely angry, and his body was bursting with black-red light, as if his body were about to be cut apart!

This turned out to be a self-harming secret method!

The aura of Emperor Mingzhou who used the secret method skyrocketed, and his attack power also increased, instantly falling on the treasure hunting ancestral glider.

"Squeak!"

The treasure hunting ancestral glider made a squeaking sound, like a sneer.

In the flow of terrifying energy, a pair of small claws directly caught the dead universe folding fan!

"what!"

"It actually wants to grab my eternal weapon!!"

"Arrogant, really arrogant, don't put me in the eyes at all!!"

Emperor Yuanmingzhou roared, slamming the folding fan of the dead universe with one hand, and grasping the treasure hunting ancestor glider with the other, the hatred in his eyes was almost gushing out!

Wow!

The treasure hunting ancestral glider who grabbed the Dead Universe folding fan was slammed by Emperor Yuanmingzhou, but his claws were firmly grasped on the Dead Universe folding fan and refused to loosen it!

Simultaneously!

"Ah!"

"Master, its paws can hurt me!"

A scream came from the folding fan of the dead universe, it was the spirit of the folding fan!

It turned out that the treasure hunting ancestral glider with the horror-gathering ability actually caused damage to the folding fan of the dead universe!

But there was a trace of where the treasure hunting ancestor flying claws caught it!

In this trace.

Some of the 'powder' that escaped from the folding fan swelled out, instantly turning into huge existences like meteors!

original.

The body of the dead universe folding fan is far from being so small.

Its body is actually larger than the superstars of the nine time-space ports!

The treasure hunting ancestral glider dug a trace from its body.

In fact, if the Dead Universe Folding Fan reveals its body, those traces will turn into an extremely terrifying rift valley!

[Chapter 2299: Tear the eternal weapon and die](#)

And those 'powder'.

It is the 'flesh and blood' dug from the folding fan of the Dead Universe, a treasure cast by countless treasures of heaven, material and earth!

After the treasure hunting ancestral glider dug it down, it was instantly taken into Su Lang's storage space.

Such a scene.

Directly make Emperor Yuanmingzhou dumbfounded, his scalp is about to explode!

"what!!!"

"This weird thing can actually hurt my eternal weapon!"

"The weapon of the eternal realm is hard to damage even if I am, how could it hurt!?"

"Damn, damn!"

When Emperor Yuanmingzhou was horrified, he was furious, and his other empty hand also directly pinched the treasure hunting ancestral flying!

Suddenly.

There is a touch of pinching cotton.

This made Yuan Mingzhou emperor feel a sense of suffocation with nowhere to go!

"Squeak!"

The treasure hunting ancestor glider clings to the folding fan of the dead universe, this time all four paws are caught on the folding fan, and they are madly scratching and scratching!

Instant time!

A large number of scratches appeared on the folding fan of Dead Universe!

"what--!!!"

The spirit of the folding fan of the dead universe made a sharp scream, and the whole body broke out an extremely majestic attack, trying to push away the treasure hunting ancestor glider.

But there is no effect at all!

"Die to me!"

Emperor Yuan Mingzhou roared heartbreakingly.

He pinched the hand of the treasure hunting ancestral glider desperately squeezing, all kinds of power, twisting power...all displayed, to kill the treasure hunting ancestral glider!

however.

No matter what method or secret method is used, there is no effect.

The treasure hunting ancestral glider still clung to the dead universe folding fan, and the four claws continued to dig out piles of heaven and earth treasures from its body like a motor!

"Do not!!"

"This is not true!"

"Go away, go away!"

Seeing this, Emperor Yuanmingzhou's expression was distorted with grief!

The Folding Fan of the Dead Universe, but it took him countless years and countless treasures to be gradually promoted to the eternal treasure!

Moreover, this weapon had been with Emperor Yuan Mingzhou his entire life, so Emperor Yuan Mingzhou had deeper feelings for it than anyone else.

At this time, I saw the treasure hunting ancestral glider continuously destroying the folding fan of the dead universe.

It's like watching your most important person being tortured and killed, but you can't stop it!

Emperor Yuan Mingzhou was so hated that he was about to vomit blood!

at this time.

"Master, please let me dock to survive!"

"Otherwise, if this continues, I will really die!"

The Folding Fan Spirit of the Dead Universe appeared in the mind of Emperor Yuanmingzhou with the sound of endless pain.

"Dock the tail to survive, lose the car to save your handsome!?"

"This deity Tangyuan Mingzhou Emperor, the lord of the ten natural universes, is going to do such a shameful scheme!?"

Emperor Yuanmingzhou showed grief and unwillingness in his eyes, and he was extremely reluctant!

But the treasure hunting ancestral glider held on to the folding fan of the dead universe.

He tried various methods but couldn't get rid of it!

Folding fan spirit's proposal is already the best way!

Although extremely unwilling.

However, Emperor Yuanmingzhou made a decisive decision, his heart was bitten, and his terrifying power was hit on the Fanzhou folding fan!

Simultaneously.

The Folding Fan of the Dead Universe immediately self-mutilated itself.

With the cooperation of the master and servant, a crack suddenly appeared in the body of the folding fan of the dead universe.

Immediately!

"what--!!"

Amid the incomparably screaming screams of the Folding Fan Ling of the Dead Universe, the complete fan was directly torn by a third and fell off!

"Squeak!"

The treasure hunting ancestor glider held the remains of one-third of the dead universe folding fan, screamed dissatisfied, and collected the remains of the folding fan into Su Lang's storage space.

"Dare to force me to slash my weapon, I will kill you!!"

Emperor Yuanmingzhou roared like crazy, and directly displayed endless sealing methods, to trap and seal the treasure hunting ancestral glider, and then study its weaknesses to kill!

at the same time.

The boundless universe, the heavenly continent, the place of exile.

The time flow here is also about 100,000 times faster than Yuanming Universe!

One millisecond happened in Yuanming Universe.

A long time passed here.

therefore.

Su Lang has eaten all the refined half-step eternal realm perfect pill!

His cultivating villain had already completely turned golden.

But this point of cultivation is definitely unable to condense the time avenue, and you must rely on the unlimited cultivation sea to continue to accumulate cultivation.

And this time.

Su Lang looked at the scene of the Treasure Hunting Ancestral Flying Dragon in front of the Emperor Mingzhou tearing apart the folding fan of the Dead Universe, and a faint smile was drawn at the corner of his mouth.

As for the immortal Emperor Zhou, he hung it on the lock of the heart-piercing silly, and his whole body was shaking with shock!

It was incredible that the treasure hunting ancestral glider could resist Yuan Mingzhou's damage. totally unexpected.

The treasure hunting ancestral glider took the initiative to attack, directly forcing Emperor Yuanmingzhou to tear his eternal weapon! !

Such a scene from the fantasy world would never appear even in a dream!

But it appeared alive!

"This, this, this, too, too incredible!"

"Treasure hunting ancestral glider, what kind of existence is it!"

Emperor Zhou looked at Su Lang's 'rebroadcast' video, and there was only an endless disbelief in his blank mind.

at this time.

"Weapon fragments of the eternal realm, hehe!"

"Countless treasures will definitely be broken down!"

The corner of Su Lang's mouth raised slightly, his right hand spread out, and a third of the dead universe's folding fan suddenly appeared on the palm of his empty palm.

"what!"

"This is the torn part of the dead universe folding fan!?"

"How could... how could it appear in your hands!?"

"Although that part was torn apart and snatched by the treasure hunting ancestor glider, it is impossible to cross the time and space barriers of the two natural universes and directly fall into your hands!"

"..."

Emperor Immortal Zhou looked at the fragment of the folding fan in Su Lang's hands, and he trembled in disbelief, almost convulsing.

"Oh? You want to know?"

"But I just won't tell you!"

Su Lang dangled his eyes and glanced at Emperor Emperor Zhou, revealing a touch of playfulness.

Soon.

In the sluggish expression of Emperor Zhou.

Su Lang thought, and the fragments of the folding fan in his hand rose into the sky, revealing his body, instantly covering the sky and the sun!

have to say.

The Eternal Realm weapon of the Dead Universe Folding Fan is really worthy of the name, it's terrifying.

Its body size alone is countless times larger than Infinity!

One-third of its body covered half of the skies of the land of Exile and plunged countless areas into darkness!

This strange scene.

Also immediately attracted the attention of countless warriors in the exile.

"what is that!?"

"What a terrifying breath, I feel the whole world is shaking!"

"It's terrible, what kind of existence is this, it exudes such a terrifying aura!"

"Don't be afraid, this must be the handwriting of His Majesty Su Lang, Emperor of Boundless Universe!"

"Yes, only His Majesty Su Lang, the emperor of the endless universe, can create such an incredible scene!"

"Worship your Majesty Su Lang, the great infinite emperor!"

"..."

Countless warriors exclaimed and talked, and then worshipped under the nearest statue of Su Lang golden body.

The other side.

"Awesome, really amazing!"

"It is more and more anticipated!"

Su Lang showed an excited smile, and then directly used the one-key decomposition function on the broken fan fragment!

In an instant!

An extremely mysterious and powerful force enveloped the fragments of the folding fan of the dead universe.

Immediately after.

The fragments of the folding fan of the dead universe that covered the sky instantly collapsed into countless 'gravels' and disappeared from the place!

"Hey!"

"One-click decomposition function is also awesome!"

"The treasures of the Eternal Realm can be decomposed directly!"

"This function is a non-level function. Is it equivalent to full level when activated?"

Su Lang thought excitedly, then looked at the storage space, but saw that there was an infinite continent made up of heaven, material and earth! !

When the Emperor Zhou saw this scene, the shattered Three Views were rubbed once again.

That's a fragment of an eternal weapon!

It turned into countless raw materials just before Su Lang thought!

What kind of method is this, it's a fantasy!

Emperor Emperor Zhou couldn't even dream of doing this!

at the same time.

Relatively speaking, the flow of time is about 100,000 times slower in Yuanming universe.

Emperor Yuan Mingzhou has just used countless sealing methods.

Wow!

Layers of barriers emerged!
