[Chapter 231: Let him live better than death](#)

"Life is better than death for the rest of your life. Repent!"

Su Lang stabbed out with a sword, and abolished Ji Ge's dantian and spiritual core.

In an instant, a huge aura leaked from Ji Ge and gradually returned to the world.

Ji Ge's dantian was destroyed, the spiritual core was annihilated, and the vitality in his body was quickly lost.

Su Lang sneered, grabbed a handful of healing pills and stuffed it into Ji Ge's mouth.

"Woohoo!!"

Ji Ge made a painful sound, his **** face dripping down, disgusting.

"It's disgusting."

Su Lang curled his lips and looked at the two remaining Ji Jiawu Kings.

At this moment, the two Wu Wangs lost their eyes, motionless, and gave up all resistance.

Su Lang didn't intend to torture these two people, so he killed them with a single sword!

With the heads of the two Jijiawu Kings falling to the ground, two more blood bursts into the sky.

"You people."

"Be sure to let Ji Ge live rather than die."

Su Lang's icy gaze fell on the trembling Wu Kings beside him, "Until he is over!"

"Yes!!"

More than a dozen King Wu said in unison, knelt down and bowed in unison.

"Okay, Dongfang City is a waste of time, go ahead."

Su Lang received Ji Ge's space ring, and a bit of his feet immediately disappeared.

Seeing the afterimage of Su Lang's gradual annihilation, all the martial kings let out a sigh of relief, and then looked at Ji Ge with lingering fears.

The other side.

After Su Lang left, he went directly to the roof of a building.

There was a huge cobweb-like crack in the middle of the roof, and the whole roof almost collapsed.

And in the center of the spiderweb crack lies Ren Tianfeng, whose life is unknown.

Cao Zuo, Ji Yuan, and Ren Tianfeng were hit by the streamer.

The former two died and annihilated directly, while the latter fell to the ground unclearly. This scene was witnessed by Su Lang through his clone.

Therefore, he is very clear about Ren Tianfeng's position.

Come and take a look at this time, just to see if there is any cheaper.

After all, Ren Tianfeng is an intermediate martial emperor from Xuanyuan Wudao Academy, the main city of Blue Star, and his wealth is absolutely rich!

Taking a step forward, Su Lang came to Ren Tianfeng's side, and his expression immediately moved.

"You haven't died yet?"

Su Lang raised his eyebrows, and he clearly felt that there was still a trace of life in Ren Tian Feng's body.

However, this vitality is very weak, if Ren Tianfeng is left alone, he will die in less than an hour.

"Sooner or later I will die, I will help you."

With a tick at the corner of Su Lang's mouth, he was about to choke Ren Tianfeng.

But at this moment, a thought suddenly emerged, causing Su Lang to stop.

"It is said that Xuanyuan Wudao Academy is the best institution on Blue Star."

"It contains the most precious resources in the world."

"There are all kinds of treasures, exercises and classics, and they are all the best in the world!"

"As long as you become a student of Xuanyuan Wudao Academy, you can get it!"

"Originally, I had no idea about Xuanyuan Martial Arts Academy. Only the highest grade qualification can enter this ghost place, but now..."

Thinking of this, Su Lang showed a smile on his face.

Immediately, he took out a king-level healing medicine and stuffed it into Ren Tianfeng's mouth.

Yes, Su Lang wants to treat Ren Tianfeng.

Speaking of it, Ren Tianfeng is different from Ji Yuan, Ji Ge, and Cao Zuo.

This guy is not a villain in nature.

Although he teamed up with Cao Zuo Jiyuan to hunt down Su Lang, if he could let Su Lang enter the Xuanyuan Martial Arts Academy, the previous hatred would not be inevitable.

Of course, if Ren Tianfeng couldn't let Su Lang enter the Xuanyuan Martial Arts Academy.

Su Lang doesn't mind cutting off his head!

"Huh...cough cough!!"

Not long after taking the pill, Ren Tianfeng got better and slowly opened his eyes.

Immediately, he saw a young face that was not smiling.

"Su Lang!!!"

Ren Tianfeng was full of spirits, his pupils shrunk like soybeans.

Immediately afterwards, he instinctively wanted to do it!

"Humph!"

Su Lang snorted coldly, and the terrifying aura of Wu Zun-class suppressed severely.

[Chapter 232: Shocked Ren Tianfeng](#)

"Wu Zun!?"

In an instant, Ren Tianfeng's eyes suddenly burst, and the whole person seemed to have seen a ghost.

He couldn't figure out how long he grew a hundred heads. Su Lang was obviously just a relatively strong Martial King, how could he suddenly become Martial Lord! ?

"Yes, do you still dare to do it?"

"What's more, I am your savior!"

Su Lang withdrew his Wuzun-level aura, and said lightly, "If you don't have me, you can't wake up."

"You...you saved me!?"

Ren Tianfeng opened his mouth wide in shock, with an incredible expression on his face.

"Could anyone else save you?"

Su Lang glanced at Ren Tianfeng faintly, "I won't sell you anymore. The reason I saved you is because I want to enter Xuanyuan Martial Arts Academy.

As the admissions tutor of Xuanyuan Wudao Academy, can you do it?

It doesn't matter if you can't, I will kill you. "

"Gooooo!"

Ren Tianfeng swallowed hard.

He didn't care about all the doubts in his heart, and said quickly, "I...I still have some privileges, but..."

"but what?"

Su Lang frowned and asked.

"But... it must be at least the best qualification."

"And it must be a genius of twenty years or younger."

Ren Tianfeng whispered, "However, I think you are already Wu Zun.

Although you are very young, no one believes you are under twenty!

Unless...unless you go in as a tutor! Right, right, right, with your martial arts-level strong cultivation base, you can easily become a mentor. "

"Be a mentor? Forget it!"

"I'm going to learn things, not to teach and educate people."

"And it's annoying to face a bunch of fools all day, so I want to be a student."

Su Lang smiled faintly: "As for age...it's not a problem! I'm not yet twenty years old."

"What!? Less than twenty years old? How could it be possible!?"

Ren Tianfeng exclaimed in disbelief, "Even if you have no lack of qualifications, you can never reach the Martial King rank before the age of twenty, let alone the Martial Lord rank!?"

"I am indeed less than twenty years old."

Su Lang shrugged his shoulders and said with a smile, "Furthermore, my cultivation realm is only the pinnacle martial artist.

The reason why my combat power is so high is that I have practiced about a hundred perfect level exercises.

Then he used a secret method to improve his strength to achieve it. "

As soon as he said this, Ren Tianfeng was dumbfounded and dumbfounded, his whole person almost turned into a piece of wood.

"Practicing nearly a hundred Consummation level exercises!?"

"Achieve the martial arts power at the peak martial artist level!?"

"God, is this something humans can do?"

"I have practiced for nearly three hundred years, and I only practiced 16 books after counting the eliminated exercises!"

"Moreover, of these sixteen exercises, only the low-level exercises have been practiced to the perfect level!"

"In the entire Xuanyuan Martial Arts Academy, no one can practice one hundred exercises to the Consummation level, right?"

"Fake! Yes, yes, it must be false, I must be on the verge of death and have seen an illusion!"

Ren Tianfeng was stunned with dementia on his face, and his mind was full of shocked, unbelievable, doubtful thoughts about life and the world.

"Hey!"

"Ren Tianfeng, are you shocked and stupid by me?"

Su Lang frowned and scolded, "I won't tell you the truth if I knew it."

Rebuked by Su Lang, Ren Tianfeng raised his head as if suffering from Alzheimer's.

"I won't be shocked by my insanity. Are you crazy?"

Su Lang raised his eyebrows, then took out some Wang-rank spirit pills and stuffed them into Ren Tianfeng's mouth.

"boom!!"

A strong medicinal power exploded in Ren Tian Feng's body.

In an instant, Ren Tianfeng felt a horrible coolness rushing into his mind, and his eyes widened.

Then he was shocked again.

"Wang...Wang-rank spiritual pill, Tianxin Jingwu Pill!"

Ren Tian's eyes were about to fall out, "Moreover...and this pure medicinal power-a perfect quality pill!"

He has eaten a lot of ordinary Tianxin Jingwu Dan, but he has only eaten it once since he was born to the present of perfect quality!

At that time, he was like a child from a poor family eating candy, and took the medicine for three days and nights before it melted into his stomach.

But at this time, he actually ate a handful!

How many do you get in one hand? At least seven or eight!

[Chapter 233: Go to the main city of Blue Star!](#)

"Gosh."

Ren Tianfeng stared at Su Lang, "I'm not dreaming, am I?"

Seeing this scene, Su Lang's mouth twitched and his face was speechless.

Then, he took a deep breath and slapped Ren Tianfeng's face with a slap in the face!

"Snapped--!"

In the loud slap in the face, Ren Tianfeng rotated ten times in place before stopping.

"Uh...it hurts!!"

Ren Tianfeng was stunned, and immediately covered his swollen face.

By this time, although he still couldn't accept what he saw and heard just now, at least he was fully awake.

"Dignified Martial Emperor, can you be a little bit knowledgeable?"

Su Lang patted Ren Tianfeng on the shoulder, "It's really useless to make you like this with a little pill."

"It is really....."

Ren Tian showed a wry smile on the cover, "It's horrible to come up with so many cherished perfect quality pills in one breath!"

"Okay, don't be shocked."

Su Lang curled his lips, "I want to enter Xuanyuan Martial Arts Academy. Age is not a problem, but there is something wrong with my qualifications. I am a muddy body."

"Huh? Muddy body?"

"You turned out to be such a physique with no one in a billion?"

Ren Tianfeng was shocked again, "But, isn't it impossible to cultivate the muddy body, you..."

"My situation is special."

Su Lang smiled faintly, "Let's talk, can this problem of cultivation qualification be solved?"

By the way, who did you mention me, be careful I cut your tongue. "

"I also hate the matter of refining pills."

Ren Tianfeng nodded, "Moreover, even Rendan can never change the muddy body.

But since you have stepped into the martial art, as long as you don't say it, no one will know that you are a muddy body.

After the students were recruited by me, they had to undergo a review at Xuanyuan Budo Academy.

However, as long as I write a letter and trust favors, I can avoid this review. "

"In that case, you can write it."

Su Lang nodded, and then his voice fell cold, "You can't say what you have seen and heard today, otherwise you will bear the consequences."

"Don't worry, I won't leak a word of today's matter!"

"You save my life regardless of the predecessors, I can't do it yet!"

Ren Tianfeng solemnly said, "What's more, you are the genius among the geniuses, the evildoer among the evildoers!

Terran is really lucky to have a super genius like you.

In time, you will be able to become a Valkyrie, even beyond the existence of Valkyrie!

You are the future and hope of Bluestar, and I will never reveal anything about you, so that you will be entangled, even coveted and attacked by others! "

"Well, let me save your life."

Su Lang smiled faintly, he could see that Ren Tianfeng was sincere.

There was also a smile on Ren Tianfeng's face. At this moment, the two sides really settled their suspicions.

Immediately, Ren Tianfeng wrote a letter and handed it to Su Lang along with a token.

"This time, the person in charge of the second review is Yulu Mentor."

Ren Tianfeng said, "He and I have a very good relationship. When you are reviewing, you can just give him the letter and tokens, and you don't need to see him in private."

"Okay, when shall I go?"

Su Lang nodded and asked, "When you finish enrolling students, go with the new students?"

"No, nearly 30 days are the enrollment period."

Ren Tianfeng said, "You Lu has always been at the enrollment point of Xuanyuan Wudao Academy, so you can just find him directly."

"If this is the case, then I will set off immediately."

Su Lang smiled faintly, "I'll leave the mess of Dongfang City to you."

After speaking, without waiting for Ren Tianfeng to answer, Su Lang moved and disappeared into the distance.

Soon, Su Lang arrived at the airport.

At this time, the airport has not yet resumed operations, but this is not difficult for Su Lang.

He sent a clone to find a King Wu and asked him to arrange an aura airship.

Not long after, the aura airship with only the airship pilot and Su Lang rose slowly and flew towards the main city of Blue Star.

[Chapter 234: Forty-eight part Koho!](#)

"Well--!"

"so comfortable!"

Su Lang lay on the big bed in the luxurious cabin, stretched happily.

At this time.

"Ding! The duration of the swallowed clone is over, and the swallowed clone falls into the cooling time!"

With the appearance of the system prompt, Su Lang's real combat power quickly dropped, and he returned to the Wuwang level in an instant.

At the same time, the eight clones that were swallowed were also in cooling down, and Su Lang currently only had one clone available.

"Oh, is it time?"

Su Lang curled his lips in dissatisfaction, "Suddenly losing his power, it's like being hollowed out..."

However, just when Su Lang was unhappy.

"Ding! The sea of repair is full, do you break through?"

"Huh? Can you break through? Not bad, not bad."

Su Lang smiled again, "System, give me a breakthrough!"

In an instant, a huge aura surged out.

Immediately, these auras merged into the dantian and were swallowed by the aura cyclone long whale.

Within a short period of time, more mist-like spiritual fluids condensed in the aura cyclone!

Immediately afterwards, a strange breakthrough wave dispersed from Su Lang!

"The quasi general level!"

The corner of Su Lang's mouth twitched, revealing a touch of excitement, "When all the spiritual energy turns into spiritual liquid, it is when I break through to the official general!"

Immediately, with a hint of expectation, Su Lang asked: "System, how long will I be able to break through to the junior general level?"

"Ding! When the pill is not stopped, the host can break through to a junior general in just 4 hours!"

"Lying down, can you break through in just 4 hours?"

"Even a genius with no lack of qualifications will take two years to move from a quasi general to an official general!"

Su Lang smiled with excitement, and immediately asked, "Then how long will it take for me to break through to intermediate and high-level generals?"

"Ding! In the case of non-stop elixir, the host can break through to an intermediate general in only 14 hours, and can break through to an advanced general in 32 hours."

"Jie Jie, it is worthy of the cultivation speed of level 11, 2048 times the unqualified qualification!"

"I practice for one day, which is equivalent to nearly 6 years of cultivation for a talented genius with no shortage of qualifications!"

Su Lang gasped with excitement, "If you count the pill, the gains from my cultivation for one day are even more terrifying!"

Such a terrifying cultivation speed, even he himself was a little shocked.

I don't know what it will look like if others know it.

After a while, Su Lang let out a long breath, calming down slightly.

Immediately, he cast his eyes on the storage space.

At this time, there were a lot of trophies inside, including both spiritual stone materials and jade slips, all of which were contributed by King Wu of the Eastern City.

"System, deposit gold coins and spirit stones in first!"

"Ding! Gold coins and spirit stones have all been deposited into the system!"

The balance of the middle-grade spirit stone rolled around, and then stopped at eight digits-28568456!

"28.56 million middle-grade spirit stones, this number is already very large."

Su Lang glanced at the system functions he had activated, "Unfortunately, every function now requires 100 million middle-grade spirit stones to be upgraded."

"When you arrive at the main city of Blue Star, you will sell your unnecessary belongings and replace them with spirit stones to upgrade system functions!"

After making up his mind, Su Lang took out a lot of jade slips from the storage space.

"Hey!"

"These are the more precious treasures!"

Su Lang smiled, and immediately read one by one.

I have to say that these jade slips are really convenient to read. You only need to use mental power to scan them, and the contents inside can be seen at a glance.

Soon, these exercises were all remembered by Su Lang.

A total of forty-eight exercises!

Among them, there are the most top-level exercises, with 22 foot exercises, 6 attribute exercises, 9 weapon exercises, and 7 body exercise exercises.

Followed by 14 king-level exercises, 2 attribute exercises, 4 weapon exercises, and 8 body-building exercises.

Once again, there are 12 advanced exercises.

And these advanced exercises are all top attribute exercises.

It is precisely because of this that they will be cherished and recorded in the jade slips.

Ordinary high-level exercises do not have such high-end treatment.

"Tsk tsk, so many exercises!"

Su Lang's heart throbbed with excitement, "If all were to reach the Consummation level, it would be terrifying!"

[Chapter 235: Good things come in pairs, wonderful!](#)

Immediately afterwards, he will begin to practice exercises.

But Su Lang suddenly remembered that his own pictures of Blowing Snow Without Marks, Black Flame Records of Falling Sun, and Fengwu Taixu Art were still being practiced.

"Calculated based on the time of breakthrough."

"These three advanced exercises should take another 4 hours to reach the Consummation level. You might as well wait to practice other exercises."

Thinking of this, Su Lang gave up his plan to practice the new exercise immediately.

Time passed, and 4 hours passed in a blink of an eye.

"Ding! Fuxue Wuhentu has reached the perfect level!"

"Ding! The Black Flame Record of Falling Sun has reached the level of Consummation!"

"Ding! Fengwu Taixu Jue has reached the perfect level!"

"Ding! The sea of repair is full, will you break through immediately?"

After four consecutive system prompts came, Su Lang suddenly felt excited and bounced off the bed.

"Good things come in pairs, wonderful, wonderful!"

Su Lang's eyes were excited for a while, and then he ordered, "System, break through immediately!"

Follow the instructions.

A torrent of aura suddenly appeared in Su Lang's body.

Within the union, the aura in the surrounding air was also torn away, and was swallowed by Su Lang as if it had encountered a black hole.

For a time.

Su Lang unexpectedly appeared an aura vacuum area!

A large amount of spiritual energy rushed into Su Lang's body, and then all entered the dantian, and merged with the spiritual energy cyclone.

Immediately afterwards, the aura cyclone that occupied the entire Dantian began to condense and become smaller.

In a short while, the aura cyclone shrank to one-tenth of its original size, and the whole body became a radiant liquid!

At this moment, the Aura Cyclone is no longer a Aura Cyclone, but an Aura Vortex!

After the spiritual fluid vortex condenses, a large amount of liquid spiritual energy is released.

These auras replaced the original gaseous auras in Su Lang's body, occupying all of Su Lang's meridians.

At the same time, under the nourishment of these spiritual energy, Su Lang's body was rapidly strengthening.

Skeletal muscles, meridians, blood, skin...Even every hair has been strengthened!

This strengthening lasted an entire hour before it gradually disappeared.

At this time, Su Lang also officially broke through to the junior general level!

"The power brought by the cultivation realm is steadfast!"

Feeling the thick liquid spirit like lead and mercury, and feeling the body strengthened and strengthened from the inside to the outside, Su Lang was refreshed.

Although he has piled up his true combat power to the level of King Wu through one-click martial arts training, his own cultivation level is the greatest source of confidence.

Moreover, the realm of cultivation represents the improvement and evolution of the life level, which is more essential and powerful than real combat power!

It is precisely because of this that Su Lang regards the one-key practice function as the most important function.

With an extremely refreshing mood, Su Lang placed three new exercises.

This time I chose the top-level exercises, namely Ruyang Ling Juelu, Tiankui Liucai Axis, and Tianwang Body Refining Classic.

The reason for choosing the top-level exercises was the decision made by Su Lang after asking the system.

At present, it only takes 12 hours to complete the advanced exercises.

It takes 60 hours to practice the top level exercises to complete, while the king level exercises takes 300 hours!

High-level exercises require a short time, but as Su Lang's strength increases, this level of exercises will soon lose its effect.

The king-level exercises took too long, more than ten days.

The top-level exercises consume less than three days, the benefits are also very good, and the cost performance is the highest.

After placing the exercises, Su Lang took another handful of pills, and then lay on the bed and fell asleep happily.

In the process of Su Lang's constantly changing sleeping positions, the aura airship gradually reached the main city of Blue Star.

The main city of Blue Star is the largest city on this planet.

Its area is not known how many times wider than Eastern City.

Even with Su Lang's eyesight, he couldn't see the edge of the main city of Blue Star!

And here, it is more like a future city in a peaceful age, and it is still the kind of super city that integrates the civilization of the entire planet.

The city is full of strange and grand buildings.

The dense clusters of small aura vehicles travel in an orderly manner among the tall buildings, just like the cars of Su Lang's previous life.

This scene made Su Lang's eyes intently and praised.

[Chapter 236: I'm used to it](#)

"My lord, we are about to land!"

The respectful voice of the pilot of the aura airship came.

Immediately, Su Lang felt a sense of weightlessness, and it was obvious that the aura airship had begun to descend.

Not long after, under the command of the main airport of Blue Star, the Aura airship landed on the apron.

"I'm leaving, do it yourself."

Su Lang waved his hand at the pilot of the airship and got off the airship.

As the largest city for mankind, the airport here is extremely busy, and there are many warriors boarding and disembarking.

Following the warriors of another aura airship, Su Lang came to a hall.

"Welcome to the main city of Bluestar, please pay the entrance fee of 10,000 high-grade spirit stones."

"Passengers who come to the main city of Bluestar for the first time are requested to apply for an ID card. Those without an ID card will not be able to enter the city."

"Passengers with ID cards can leave the airport after passing the check."

"..."

Su Lang was stunned by a series of broadcast sounds.

"You have to pay 10,000 high-grade spirit stones to enter the city? It's really black! This is equivalent to 10 billion gold coins!"

Su Lang curled his mouth and uttered, "It's really strong to have to apply for an ID card."

However, complaints return to complaints, and Su Lang still understands the truth.

After all, the main city of Bluestar is the largest city for human beings, which represents the strongest, safest and most abundant resources here.

However, no matter how big the main city of Bluestar is, no matter how many resources it is, it is limited.

If a high threshold is not set, then all the people in the world will not be able to come over...

Under the guidance of the broadcast, Su Lang paid the entrance fee, applied for an identity card, and then received a map and a booklet.

The map is the map of the main city of Bluestar, and the booklet contains some matters needing attention.

Looking through the brochure, Su Lang passed the inspection smoothly and came outside the airport.

Compared to the airport, the outside is more prosperous and people are everywhere on the road.

With their relaxed expressions and smiling faces, Su Lang couldn't help but feel like a dream.

"There is no depression and haze brought by the beasts here."

"The human beings who can live here are more than 10,000 times happier than human beings elsewhere."

Su Lang sighed, and then took out the map he received when he paid the entrance fee.

"It's time to go to Xuanyuan Wudao Academy"

Looking at the map, Su Lang quickly found the location of Xuanyuan Wudao Academy-Xuanyuan Mountain!

"Little brother, where are you going?"

A small aura aircraft stopped in front of Su Lang, and a bald uncle stretched his neck and asked.

"Go to Xuanyuan Wudao Academy."

Su Lang's mouth twitched and smiled.

"Xuanyuan Wudao Academy!?"

Uncle Bald opened his mouth in shock, "God, are you a new student in this class?"

Originally, he still wanted to kill Su Lang a piece of spiritual stone, but after knowing that Su Lang was going to Xuanyuan Wudao Academy, he immediately put out his bad thoughts.

"Yes, I am a new student."

Su Lang smiled faintly, "How many spirit stones were needed in the past?"

"Don't need Lingshi, get in the car, I'll take you there for free!"

Uncle bald smiled and opened the back door of the aircraft.

"It's not necessary for free."

Su Lang smiled, and he wanted to get on the aura aircraft.

At this time, a system prompt caused Su Lang's movements to pause slightly.

"Ding! The sea of repair is full, do you break through?"

"I slept for so long before, and it's time for a breakthrough again!"

Su Lang was delighted, and while sitting on the Aura Aircraft, he chose to break through.

In an instant, a flood of spiritual energy rushed into the dantian and merged into the spiritual fluid vortex.

And the surrounding spirits also poured into Su Lang's body like a tide.

After a few breaths, Su Lang sent a very obvious breakthrough wave!

"My God, brother, did you break through?"

Uncle bald turned around in disbelief, "I made a breakthrough while walking!?"

"Well, I'm used to it."

Su Lang nodded, showing a faint smile.

"Uh...get used to it!?"

"It's worthy of being a new student of Xuanyuan Wudao Academy!"

Uncle Bald was amazed, "I can't match this talent with 10,000!"

With that, he activated the aura flying machine and rushed towards Xuanyuan Martial Arts Academy.

And Su Lang opened the properties panel.

[Chapter 237: The best qualifications can be seen everywhere](#)

"The quasi-wuhuang-level attack level? Not bad."

Looking at the property panel, Su Lang nodded faintly.

It didn't take long.

The Aura aircraft stopped outside a huge mountain range.

Yes, it is a huge mountain range in the main city of Blue Star!

In the Eastern City, there is only one natural peak of Juewu Mountain, but there is more than one natural mountain in the main Blue Star City.

The mountain range that Su Lang had arrived at was named Xuanyuan, which was the residence of Xuanyuan Martial Arts Academy.

This shows how vast the main city of Blue Star is.

What a lofty status is Xuanyuan Martial Arts Academy, which occupies a mountain range in the city.

"Little brother, we ordinary people can't get in there."

Uncle Bald said apologetically: "I can only trouble you to take a few steps."

"it is good."

Su Lang nodded, paid the fare and got off the aircraft.

"It looks so high, it shouldn't let me down!"

Su Lang looked at the Xuanyuan Mountains from a distance, and all kinds of gorgeous buildings were faintly visible.

Thinking of this, Su Lang walked forward along the road with a trace of expectation.

Along the way, he would encounter some pedestrians from time to time.

Most of them are very young. Su Lang called up their attribute panel and found that they were all above the best qualifications.

And these young people also have different badges hanging on their chests.

Obviously, these people are human geniuses who studied in Xuanyuan Martial Arts Academy.

"The best qualifications are everywhere."

A smile was drawn at the corner of Su Lang's mouth, "It is worthy of being the number one university that gathers global talents in one place."

Then, according to the map, Su Lang came outside a building.

This is a very simple wooden building with a total of only three floors, but it is very tall and magnificent. It looks like a historic building.

At this moment, under the wooden building, there are already many boys and girls aged fourteen or five lining up.

"It seems that a lot of people have come to be reviewed."

Su Lang thought, and then he was at the end of the line.

For the arrival of Su Lang, the students in front had basically no reaction.

However, a few arrogant looking guys showed a trace of contempt.

Obviously, Su Lang's age of 18 or 9 is a bit abrupt here.

At this time, a group of people came over.

There are four people in all, and they are also fourteen or five years old, but their arrogant temperament is almost going to the sky.

When seeing these four people, there was a burst of whisper among the team.

"He is the young master of the four great families of King Wu and Zheng of Xishan Zhou!"

"I didn't expect to meet them here. It is said that they are the Great Demon King!"

"Be quiet, or they will have your bitter fruit to eat."

"..."

There was a lot of discussion, and the eyes of the four teenagers were full of fear.

At this time, four extremely proud young men came to the front.

"Leave me all the way."

"The Fourth Young Master of Xishan is here, I don't want to be unlucky and hurry away."

The four dwarf boys stood aloft, looking like they were invincible.

When these four people spoke, the people in front of the line suddenly moved aside, revealing a road leading to the wooden building.

However, in the middle of this avenue, there was a man standing there like a nail, motionless.

This person, of course, is Su Lang!

[Chapter 238: Only chance](#)

"Lying down!"

"Does this guy dare not give way?"

"God, he still stood there still, and he sneered!"

"Hey, this guy must be a fool, right? The Fourth Young Master Xishan dare to provoke him?"

"..."

Seeing Su Lang standing in the middle of the road, everyone talked in disbelief.

At the same time, the Fourth Young Master of Xishan was also furious, and walked over with a bad face.

"Hey, kid!"

"We let you make way, are you deaf and can't hear?"

Four dudes surrounded Su Lang, each of them raised their chins and their nostrils were up into the sky.

"I am a person and never give way to others!"

Su Lang curled his lips in disdain, "I didn't leave, you have to line up obediently."

"what?"

"This guy is so tough?"

"Never give way to the victim? Arrogant!"

"Oh, this guy's clothing style looks like a foreigner, he must be used to being rampant in the small bumps, I don't know the sky is high and the earth is thick!"

"Yes, yes, you see, this guy is eighteen or nineteen years old. He only came to review at this age. Rubbish, trash, I really think he is awesome."

"Haha, this idiot dares to provoke the Fourth Young Master of Xishan, and he will surely be taught that he doesn't even know him after a while!"

"Look, the show is about to begin!"

"..."

The boys and girls standing on the side whispered one after another, and their gazes at Su Lang were full of contempt and disdain.

Listening to the surrounding discussion, the Fourth Young Master of Xishan became even more arrogant.

"Have you heard, you, a fool from outside, dare to provoke the Fourth Young Master of Xishan?"

"I tell you, if you don't immediately kneel down and apologize to us, we will beat you so that your mother doesn't even know you!"

"Quick, right away, right away, kneel and kowtow to us!"

"Knock your head and get out of our sight roundly!"

"Otherwise, at your own risk!"

The four young masters of Xishan looked at Su Lang with contempt.

In their opinion, after listening to everyone's discussion and knowing his own name, Su Lang would of course be frightened and immediately convinced.

Then knelt down to apologize, and rolled away dingy!

However, an unexpected scene happened.

"The Four Young Masters of the West Mountain? I think you should be called the Four Fools of the West Mountain."

Su Lang glanced at the four dudes with disdain, "Originally you lined up obediently, so I let you go.

But if you have to die, don't blame me for teaching you your parents!

Now, each of you slaps yourself three times, and then leaves my sight, I will spare you!

There is only one opportunity, I hope you can take it well. "

Everyone was shocked when he said this.

The scene was as quiet as the air was freezing, and even a needle dropped could be clearly heard.

Immediately afterwards, everyone came back to their senses and immediately made incredible noises.

"This guy is so bold!"

"Not only do you say that the Fourth Young Master of Xishan is the Fourth Stupid of Xishan, but you dare to say that the parents of the Fourth Young Master of Xishan teach the Fourth Younger Xishan?"

"Yes, each of the four major families of Xishan is extremely powerful, and the parents of the four youngest of Xishan are all Wuhuang Wuzun. This guy... is crazy!"

"Furthermore, he said it was so ridiculous that the Fourth Young Master Xishan slapped himself three times!"

"..."

Everyone looked at Su Lang who was standing alone in the middle of the road, their eyes seemed to be looking at a silly roe deer!

At the same time, the Fourth Young Master of Xishan, who was the person involved, was so angry that his eyes were cracked, and the Qi Qiao gave rise to smoke.

They have never been so humiliated since they were born.

This is simply a shame!

"Tubaozi, you successfully angered us!"

"Today, we will show you what cruelty is!"

"A mere mid-level military commander, cut him off first!"

The Fourth Young Master of Xishan drew out his weapon and slammed towards Su Lang with a grim expression.

"There is only one chance. Since you do it, don't blame me."

The corner of Su Lang's mouth twitched, and then he flicked with one hand, a terrifying force of ice and cold spilled out.

Immediately afterwards, the power of ice cold condensed into a huge ice palm, swept out with unmatched momentum!

"Boom boom boom!!"

Four muffled noises came, and the Four Young Masters of Xishan disappeared in place!

Take a closer look, they actually stuck to the huge ice palm like flies!

[Chapter 239: Special class through the back door](#)

The scene that had been a little noisy fell silent again.

Everyone looked at Su Lang's giant ice palms in disbelief, staring blankly, like sculptures!

Although the Four Young Masters of Xishan were arrogant and domineering, they had already cultivated to the level of generals.

The four generals were killed in seconds, exactly like the ants!

It was shocking, it was incredible!

At this time, Su Lang shook his giant cold ice palm, and the Fourth Young Master of Xishan suddenly fell to the ground like garbage.

Su Lang didn't want their lives, but the bones and tendons were broken.

Moreover, the Fourth Young Master of Xishan was invaded by the force of ice, so he didn't even want to move in a short time.

"What are you doing in a daze?"

Su Lang turned to look at the boys and girls who usually stood beside the sculpture, "Go, line up to get censored!"

However, no one dared to move!

"Since you are not going, don't blame me for jumping in line."

Su Lang smiled faintly, then stepped into the wooden building.

The conflict actually lasted just a few minutes.

When Su Lang walked into the wooden building, a teenager who had finished his examination just walked out with a smile.

It seemed that this young man passed the review and officially became a student of Xuanyuan Martial Arts Academy.

Following the signs, Su Lang came to a room on the first floor.

There is a black table in the room, behind which sits a small Huafa old man.

"I have seen Teacher Youlu."

Su Lang arched his hands and said.

"Well, what's your name?"

"Take a look at the token that the admissions tutor gave you."

The old man Huafa, that is, You Lu glanced at Su Lang, and his expression was a bit dismissive.

Obviously, he saw that Su Lang was almost twenty years old and his cultivation level was not too high. He thought this was a bad seed.

You must know that in this main city of Blue Star, young people who reached the rank of military commander at the age of sixteen or seven are really walking on the ground.

"This is given to me by Mentor Ren Tianfeng."

Su Lang's expression remained unchanged, and he handed over Ren Tianfeng's tokens and letters.

"Huh? Letter?"

You Lu frowned and looked at Su Lang, "Which young master are you, afraid that you won't be able to pass the censorship, ask someone to ask for mercy?"

"It was written by Mentor Ren Tianfeng."

Su Lang said indifferently, "Instructor Youlu will understand after seeing it."

"Ren Tianfeng?"

"It turned out to be that old guy!?"

You Lu was a little surprised, "He should do this kind of thing for the first time!"

Immediately, he opened the envelope and slowly read it.

After finishing reading, You Lu looked at Su Lang for a while, then the envelope, and finally sighed.

"For the face of that old guy, I passed the review for you."

While burning the envelope, You Lu said, "However, you can't enter the normal class, you can only go to the special class."

"Specialty class?"

Su Lang asked in surprise, "What class is this?"

"The students in the specialty class are generally not qualified, but they are more prominent in other aspects."

You Lu explained, "Well, now almost all special class classes are behind you."

"Does that special class shadow affect me to enjoy the resources of the university?"

Su Lang frowned and asked. He came to Xuanyuan Wudao Academy to take advantage of it. If you can't enjoy the resources of the Academy, it is better not to enter.

"It won't affect."

"It's just not a good reputation."

You Lu shook his head and said, "Okay, go out and call in the next one."

With that said, he handed Su Lang a badge and a space ring.

"Ok."

Su Lang collected the ring and badge and left the room.

Outside the wooden building, the Fourth Young Master of Xishan had been rescued, and those students who had not passed the review were discussing.

As soon as Su Lang appeared at the door, they immediately cast strange glances.

"next."

Su Lang yelled indifferently, and immediately left.

Seeing Su Lang's back gradually disappeared, the boys and girls outside the wooden building started talking again.

"This guy is so arrogant, he dared to beat the Fourth Young Master like this!"

"Don't look at this guy after cleaning up the Fourth Young Master of Xishan, he will definitely suffer from him in the future."

"Yes, the Fourth Young Master of Xishan is not that easy to mess with, he has a big background!"

"This guy, I will stay away from him in the future, lest the Fourth Young Master Xishan think that we are with him!"

"..."

[Chapter 240: Luohuashan Fair](#)

Su Lang didn't know what everyone was saying.

But even if he knew it, he would curl his lips in disdain, and then leave on his own.

At this time, he was checking the badge given to him by You Lu.

This is a cyan badge with intricate and gorgeous patterns on the front and the words "Xuanyuan Wudao Academy" written on it.

The back of the badge is simpler than the front, but it is also very sophisticated, with the words "potential students" inscribed.

"Potential students, at first glance, they are the lowest level..."

Shrugging his shoulders, Su Lang took out the space ring and checked it.

There is a school motto, a handbook for freshmen, a key, a map, and retro school uniforms.

Su Lang took out the school motto and looked at it.

It records the history of the formation of the institution, mentors, celebrities, etc.

Xuanyuan Wudao Academy is the largest institution of Blue Star, and its history is as long as that of the main city of Blue Star, for a whole thousand years!

In other words, the cracks in time and space first appeared, and when the Fengling clan invaded, it was the time when Xuanyuan Wudao Academy was established.

This highest school is divided into four gates: Zhanmen, Danmen, Qimen, and Zhenmen.

As the name suggests, the battle gate is dedicated to teaching combat, and the pill gate device gate array gate is to teach the alchemy refining device to refine the formation.

In addition to the brief descriptions of the subjects, there are also introductions by academic tutors, introductions of important buildings, and various rules, all of which Su Lang swept away.

After reading the school motto, Su Lang took out the freshman manual and flipped it through.

"It turns out that the students are divided into six levels: potential, silver, gold, platinum, purple gold, and Hall of Fame."

"Each level can enjoy corresponding knowledge benefits, teaching resources, and material benefits."

"The way to upgrade the level is to assess, the battle gate is to fight, and the other three are to refine the alchemy and refine the formation."

"..."

Su Lang silently read the freshman manual, then took out the map and walked towards the "Wuwei Mountain" marked on it.

Wuwei Mountain is where the potential students live.

Soon, Su Lang arrived at his destination—a two-story building with a courtyard on Wuwei Mountain.

This small building is his residence!

"It is worthy of being the Blue Star's first university, even potential students have a separate residence."

"Moreover, in addition to privacy, the concentration of aura here is also very high, very good."

Su Lang nodded in satisfaction, then took out the key to open the door and walked in.

The interior decoration of the wooden building is also very luxurious, and each layout is extremely elegant, which makes one look refreshing.

When he came to the balcony, Su Lang found that he could overlook a large area of Blue Star City, and his vision was very wide.

At this time, a few students passed by on the small road not far downstairs.

"I heard that the seniors are holding a trading conference in Luohuashan!"

"All the good things they don't need are sold to our new students at a discount!"

"Really, then we have to go and see, maybe we can find something good 1"

"..."

Everyone went away with a little excitement, but they didn't know that their comments had fallen into Su Lang's ears.

"Trade meeting?"

"There are a lot of unwanted things in my space ring, so I can just sell some."

Su Lang raised his brows and smiled, "The guys who can come here for further study generally don't lack spirit stones. Maybe they can make a lot of money this time, but it's not necessarily true!"

Thinking of this, Su Lang changed into his school uniform, then concealed his appearance and rushed towards Luohua Mountain.

The things he wants to sell are of high level and large quantity.

If you don't hide your appearance, you may cause unnecessary trouble.

While walking on the road, Su Lang met many students who also went to Luohua Mountain, including many veteran students.

It can be seen that this trading conference is indeed quite lively.

Soon, Su Lang arrived at Luohua Mountain.

This is a low hill, but the scenery is very beautiful, it is not an exaggeration to say that it is beautiful.

At this time, various stalls were lined up at the foot of the mountain.

The stall owners did not yell, just sitting behind the stall quietly waiting for the buyer to choose.

Su Lang walked around with great interest, and found that the things sold by these seniors were really high-quality and cheap for new students, and they were not cheating at all.

After walking around, Su Lang also harvested some unheard-of pill, enriching the types of pill that he could refine.

Soon, he chose an empty place and stopped.

"Just set up a stall here!"
