

## One Click 2371

### [Chapter 2371: Announcement of the boundless virtual world](#)

Yi Mo.

Ten Gai.

One hundred gai!

When Su Lang once again perfected the 100-gauge crystal wall universe.

He suddenly found that his strength had been qualitatively improved!

An extremely terrifying breath erupted.

If it weren't for Su Lang's suppression, it would be extremely possible for the entire Exile Land to explode and destroy!

"Two hundred gai crystal wall universe!"

"My daily combat power has finally broken through to the eternal level of the Second Universe!"

"However, because there are still a large number of crystal wall cells that have not reached the standard of the eternal realm, the realm level still cannot be improved."

"I have too many crystal wall cells, more than 66,000, which is really a headache."

"The next accumulated cultivation base, start to upgrade those crystal wall cells that are too basic!"

Su Lang thought for a while, then stood up, he wanted to take the Infinite Realm into his body according to his previous plan.

after this.

Squeeze the forty-nine nature and universe again to enhance the primary crystal wall cells in the body!

Came to the boundless world outside the land of exile.

Su Lang overlooked the earth.

There are still some core fragments in this recondensed boundless world.

Basically gathered in the inner core of the mainland's "Tian Ting" and "Tian Miao" before.

"The Core of Boundless World."

"The innate treasure that was born when the universe was born!"

"Each piece of innate treasure land can reversely refine a large number of universe origins!"

"For a warrior with a low cultivation level, it can effectively help comprehend the power of the rules and gather the power of the Dao."

"Since my clones are still refining the eight eternal bodies, these core fragments of the boundless world will be kept temporarily."

"However, it has to be taken out and integrated into my Shifang Life Universe. After all, my Shifang Life Universe is the core of the inner world."

"The Boundless World will be treated as an ordinary giant world, like those eternal life universe, exist in my crystal wall universe."

"But before that, let's make an announcement. By the way, tell all sentient beings that Emperor Yuanmingzhou has already fallen, and it is estimated that there will be another wave of incense and aspirations!"

After Su Lang thought about it for a while, he immediately made the server of the Infinite Void Realm make an announcement.

"note!"

"Announcement: Emperor Yuanming Zhou has already fallen, and Yuanming Universe and its affiliated universes have been conquered by His Majesty Su Lang, Emperor Xu Lang!"

"The blood feud of the boundless universe has been washed away. The creatures of the boundless universe, you don't have to worry about Emperor Mingzhou again!"

"In addition, His Majesty Su Lang, the emperor of the boundless universe, has discovered a broader natural universe and is about to conquer!"

"In order to ensure the safety of all beings in the Boundless Realm, His Majesty Su Lang, the Emperor of the Boundless Universe, decided to take the Boundless Realm into the body world."

"From now on, all creatures will survive in the universe within His Majesty the Emperor Universe!"

A long list of announcements sent by the server spread throughout the entire Infinity World.

Countless creatures, no matter where they are, as long as they have mental power and terminal, can enter the boundless virtual world and hear this news!

Suddenly.

In the boundless world.

It was like pouring a scoop of cold water into a boiling pan.

Countless creatures talked, boiling!

"Oh my God, Emperor Yuan Ming Zhou has been slain by the great Su Lang!"

"It's incredible. His Majesty Su Lang grew so fast, reached the eternal realm in such a short time, and even killed the \*\*\*\* Emperor Ming Dynasty!!"

"Yeah, I just feel like I'm dreaming. In less than half a month, Emperor Yuan Ming Zhou was killed by His Majesty Su Lang!"

"Emperor Yuan Mingzhou, who has harmed our infinite universe for billions of years, is vulnerable to a blow before His Majesty Su Lang. It is really shocking!"

"It can only be said that he deserves to be the great Majesty Su Lang. It is not reasonable to do countless miracles!"

"Great, Emperor Yuanmingzhou is dead, and we no longer have to worry that we will suffer the catastrophe!"

"Ahahaha, I am going to live in the inner world of His Majesty Su Lang, the great and boundless Emperor Zhou, so happy!"

"With His Majesty Su Lang's magnificent body, we will never accept external intrusions!"

"Everyone, we must keep in mind the merits and kindness of His Majesty Su Lang. Without the great Majesty Su Lang, we will be the ants slaughtered by Emperor Yuanming Zhou!"

"Yes, my second half of my life will always be dedicated to the great Majesty Su Lang!"

"Your Majesty Su Lang, we respect and worship you!"

[Chapter 2372: Accept the boundless world](#)

"..."

Countless students exclaimed and talked a lot, and immediately came to the nearby Su Lang statue with great enthusiasm and worshipped with the most pious gesture.

really.

Waves of very majestic incense and wishing power poured into Su Lang's virtual spirit universe.

In addition to the three incense weapons such as the Qibao Miaoshu, a strange long knife became clearer and clearer on the painting axis of the Mirror Flower Water Moon Void Dragon Vein Heaven Realm.

"Mirror flower water moon."

"Given the number of intelligent creatures in my body, it will probably not take long to condense!"

Su Lang smiled slightly, then his figure flashed and flew towards the sky.

In a blink of an eye.

He penetrated the clouds and came into the dark void.

Below, the Boundless World became very small, exuding a faint light, like a light blue lake in an endless black canvas.

"let's start!"

Su Lang's heart moved, using Yuhua to normalize the profound meaning.

Suddenly, part of the crystal wall world in his body merged into a larger crystal wall world that was large enough to accommodate the boundless world!

Immediately after.

Su Lang took back all the clones and dispatched them to the vast Infinity Realm, sinking into the ground, searching for the core fragments of the Infinity Realm.

More than 15,000 clones act together, and the efficiency is simply terrifying!

In a short time.

All the core fragments contained in the boundless world were collected by Su Lang.

As for the core fragments of the Infinite Realm that Dongfang Taiyi had, she had already given it to Su Lang on the initiative.

At this moment.

The remaining core fragments of the entire Infinite Realm had been completely taken away by Su Lang.

Soon.

Su Lang opened the Shifang Life Universe.

The core fragments of corresponding attributes are integrated into the corresponding universe.

Most of them are integrated into Bluestar.

Suddenly.

Su Lang's ten directions life universe has become more suitable for cultivation, and it is almost a real holy place for cultivation!

Simultaneously.

The Boundless World has also become a relatively ordinary continent, and there is no longer the innate treasure land that existed at the beginning of the universe.

Immediately after.

"Swallow the clone, the stars gather together!"

Su Lang's heart moved, and he swallowed forty-five clones, his aura skyrocketed wildly!

Not only that.

Fifty clone avatars and twin avatars also use the stars and clouds to merge into two extremely powerful eternal realm clones!

Because of its own strength has improved.

The combat power of Su Lang and the two Xing Cuanyun He clones is stronger than when they killed Yuan Mingzhou Emperor and others!

Such a powerful strength.

The storage of the boundless world is nothing to say.

"The pivot of the world, Sumeru mustard..."

Su Lang and the two eternal avatars far beyond the three universes, displayed various methods, and began to accept the infinite boundless world!

I saw an extremely powerful spatial fluctuation from Su Lang's body.

Immediately after.

The Boundless World was shaken and slowly disappeared out of thin air from the edge, as if there was an invisible big mouth eating away.

Actually.

The missing part has already entered the crystal wall world that Su Lang prepared in advance.

quickly!

The entire boundless world was taken by Su Lang.

The place where the vast continent originally existed has become an empty black void.

but.

Outside of this void, the eternal spirit gathering formation still exists.

Su Lang also planned to practice here for a while, so he did not revoke the Eternal Spirit Gathering Formation.

"Continue to refining the origin of the universe!"

With a wave of his hand, Su Lang dispatched the clones to continue refining the origin of the universe.

And himself.

Then flew into the eternal realm spirit gathering formation method again, and continued to accumulate cultivation base.

Under the influence of the eternal realm formation method, the energy of the entire boundless universe is rapidly converging, and finally turned into Su Lang's cultivation base, stored in the sea of cultivation.

The energies of the remaining forty-eight natural universes were also gathered by Su Lang, and from time to time the clones were passed over and sucked into his body.

Time passed slowly.

Not long.

Forty-nine, including the boundless universe, make the natural universe, and the energy of the universe becomes thinner and thinner.

It's not that they will be squeezed dry by Su Lang.

At Su Lang's current level, it is difficult to completely drain the cosmic energy contained in a natural universe.

At this time, its energy is only absorbed thinly on the surface.

It's like draining the water from a spring, but water will continue to come out of the spring to fill a dry pond.

The same goes for the natural universe. The energy traveling in the universe will slowly recover.

But this time is relatively long, and Su Lang has no patience to wait.

"This time the promotion is over."

"Let's explore the three natural cosmic coordinates in the Nine Desolate Universe!"

Su Lang took a deep breath and gave instructions to the system, "Activate the Crystal Wall Universe function and strengthen the Taichu Crystal Wall cells!"

[Chapter 2373: Breakthrough, the eternal realm of the two universes](#)

"Ding!"

"The function of Crystal Wall Universe is activated, and the primary crystal wall cells are being strengthened!"

Accompanied by the appearance of system prompts.

All the cultivation bases in the sea of Su Lang's cultivation were suddenly cleared, and they were all poured into his body.

Compared to perfecting the Crystal Wall World into the Crystal Wall Universe.

To upgrade the primary crystal wall cell to the crystal wall world, the repair base consumed will be much less.

These cultivation bases quickly merge into each cell and grow it.

Including the internal space, the stability of the crystal wall and other characteristics, all have been rapidly improved.

The key is.

These too elementary crystal wall cells are further integrated with the power of time.

This is Su Lang's unfinished path to the beginning.

Incorporate the rules of time into the crystal wall cells, let your whole body merge with time, and move towards a perfect 'humanoid universe'.

But it is different from before.

In the past, Su Lang integrated into the time rules of each stage.

But this time, it is the power of time!

Here, those crystal wall cells that have not yet integrated into the rules of time are in place in one step and directly become a half-step eternal crystal wall world.

As long as we further use the function of 'crystal wall universe' to improve.

It can be perfected into a crystal wall universe that can condense the power of the universe!  
at this time.

Under the indoctrination of countless cultivation bases.

Su Lang's primary crystal wall cells gradually turned into a crystal wall world, totaling more than 60,000!

Rumble!

A more solid breath erupted from Su Lang's body, directly pressing the void.

If it weren't for the boundless world had been put away, the creatures living on it would probably be killed by this breath inadvertently.

"finished!"

"All the primary crystal wall cells have become a half-step eternal crystal wall world!"

"Next, I will continue to improve them and turn them into an eternal crystal wall universe!"

"Now there are no more elementary crystal wall cells in my body, and the realm has finally reached the real eternal realm. I don't know how far my current combat power has reached?"

Su Lang regained consciousness from entering concentration, suddenly opened his eyes, and a flash of lightning flashed away.

Soon.

He called up his attribute panel.

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

[Level of Realm]: Two Universes Eternal

[Attack Level]: Three Eternity +

[Defensive Level]: Three Eternity

[Shenfa Level]: Three Eternity

[Endurance Level]: Three Eternity

[Spirit Level]: Realm of Universality

[Mastering the exercises]: Infinite Heart Sutra, "Ten Thousand Ways to One-Infinite Profound Meaning" (eternal level, founding)

[Activated system functions]: One-key practice function (level 52), one-key martial arts function (level 52), one-key clone function (level 51), one-key treasure hunting function (level 51), one-key alchemy function (16 Level), one-key mixer function (16 levels), one-key refining array function (16 levels), one-key synthesis function (16 levels), one-key initiation function (26 levels), one-key enhancement function (12 levels), One-key decomposition function (no level)

"The realm of cultivation has directly crossed the level of the first universe, reaching the level of the second universe!"

"Daily combat power has also reached the level of the Three Universes in all directions!"

"After I use the Devouring clone, I will be able to have more powerful combat power, and it is certain to reach the level of the four universes."

"With such strength, walking in the grassroots natural universe should not be a big problem."

The corner of Su Lang's mouth outlines a pleasant smile.

After painstakingly practicing for 'so long', I finally entered the realm of eternity!

Soon.

Su Lang's gaze fell on the Eternal Spirit Gathering Array.

Not only the body, but also the other forty-eight natural universes can also be seen through the clone.

"The energy of the forty-nine natural universes is already barren."

"My current state has also been improved again, and the energy needed is more!"

"Leave here now."

While thinking about it, Su Lang activated the one-key decomposition function, and successively decomposed the eternal spirit gathering formations into raw materials and recycled them into the storage space.

Suddenly.

Forty-nine natural universes have really become empty.

Stay here alone.

There is only one feeling, loneliness...

[Chapter 2374: Leaving the boundless universe](#)

"The power of the universe, the avenue of time and space!"

Su Lang's thoughts moved, and his body suddenly burst into extremely strong temporal and spatial fluctuations!

But seeing him is like lying on the surface of a calm lake, with him as the center, countless ripples of time and space spread toward the surroundings!

Suddenly.

Su Lang's figure disappeared directly from the place.

Only the ripples of time and space are left.

Su Lang has done things like shuttle through the barriers of the universe many times, so he appeared from somewhere in the dark void very calmly.

"I don't know which universe this is."

"Is there an eternal state? Will my arrival cause riots?"

With a tick at the corner of Su Lang's mouth, the terrifying spiritual power of a trillion light-year radius spread out, and he could see everything around him.

Suddenly.

Some colorful galaxies with peculiar shapes emerged in the divine mind, which contained many planets.

Any existence on the planet, all details, are also in full view in Su Lang's divine mind.

"The signs of cultivation civilization here are somewhat similar to the boundless universe."

"Not only the cultivators have continued the title of 'Warrior', even the way of cultivation and the division of realms are the same."

"Sure enough, the nine universes were formed into the Nine Desolate Universe, and they hugged each other, and they also affected each other."

"Wow, what a wonderful star field, I really want to take it as my own right away."

"However, it is better for me to be more cautious. After all, I am new here and I am not familiar with the situation here."

Su Lang thought so, and immediately observed those galaxies through his spiritual thoughts, quietly collecting intelligence on this natural universe.

quickly.

Su Lang learned about this universe.

This is the Taixi universe in the Nine Desolate Universe, and there is an eternal realm!

of course.

The galaxy here is actually quite remote.

The surviving intelligent creatures are not high-level, and they can't know the true realm of Emperor Taixi.

Only know that it is the power of the eternal realm.

"Eternal Realm?"

"It's also a universe plundered by a higher universe. Emperor Taixi should be about the same as the predecessor Emperor Zhou, right?"

"In addition, when I came here, the movement was not small. Then Emperor Taixi hasn't reacted until now. Could it be weaker than I thought?"

Su Lang thought so, and then rushed towards the most prosperous place in the universe through the information he collected.

at the same time.

In the prosperous star field countless light-years away.

The center of the universe.

A huge red sun rotates slowly, emitting light and heat.

Three smaller super-giant planets are standing around the sun, slowly rotating.

Above one of the super giant planets.

It was red everywhere.

Not because the planet was on fire.

But countless lights and colorful lights, red candles, turned the entire planet into color!

"Ugh!"

"Do you really want to promise that person!?"

A figure stood by the window of a high-rise building soaring into the sky, overlooking the fiery red scenery below, with endless anger, helplessness and humiliation in his eyes.

But I saw this person wearing a black robe, blond hair, sword eyebrows and star eyes, tall and straight, with excellent temperament.

If you don't look at his somewhat distorted expression at this time, he is a beautiful man who is alive.

This person.

It is the eternal powerhouse, Emperor Taixi!

Just when he was worried.

"Ok!?"

"Time and space fluctuations?"

"Could it be that the old monster is here?"

"No, how could he come so fast?"

"According to the agreement, I still have a certain amount of preparation time! Isn't he the one who came?"

"Unfortunately, who would know my cosmic coordinates? Meng? Impossible!"

"Could it be that it is a member of the universe before the Nine Desolate Universe, and an eternal realm powerhouse has come over!?"

"..."

Through various means, Taixi Emperor Zhou sensed the time and space fluctuations caused by Su Lang in the distant void, and his expression suddenly changed!

but.

After experiencing the initial horror.

Taixi Emperor Zhou's expression became a little volatile, cloudy and unclear.

The Nine Desolate universe has long been dissolved.

At this time, fighting each other, there is no emotion at all.

There is a great probability that the person who comes will come with malicious intent. If the opponent's strength is stronger, what should he do?

#### [Chapter 2375: Taihu Universe](#)

"No, I definitely can't be an enemy of this person!"

"Perhaps, I can make some sacrifices so that this person..."

Taixi Emperor Zhou thought so, a gloom flashed in his eyes, and immediately issued an order to his subordinates!

Suddenly.

A half-step eternal strongman communicated the order, almost instantly covering all important areas.

Immediately after.

Emperor Taixi took a deep breath, and the power of the Great Space-time Great Way burst out from his body, and his body suddenly disappeared from the place.

An anchor point for ultra-long-distance space shuttle.

It is found in the half-step eternal state, and it is not uncommon in the eternal state.

therefore.

The great eternal powerhouses have placed countless anchor points in their natural universe, and can transmit between these anchor points at will.

But Su Lang first arrived.

Without a pre-arranged anchor, the fastest speed is to use clones to dispatch and replace them.

And Taixi Emperor Zhou, on his home court, naturally can easily cross a greater distance.

and so.

It didn't take long for Su Lang to move forward.

He found a black-robed blond man floating in the void in front of him. It was Emperor Taixi who was waiting on his path.

"Eternal Realm Strong!"

Su Lang spotted Emperor Taixi in an instant, raised his eyebrows, and called up his attribute panel.

Taixi Emperor Zhou, formerly known as "Qianxiyu", is an eternal state.

This strength was simply vulnerable to Su Lang.

But Su Lang didn't do it immediately.

Who knows if Qian Xiyu has any special cards?

Just as Su Lang saw through the strength of Emperor Taixi.

Taixi Emperor Zhou was also observing Su Lang, almost instantly, his expression changed drastically, and his eyes showed incredible color.

"Does it matter if you look at me like this?"

Su Lang looked at Emperor Taixi Zhou whose expression had changed drastically, and asked indifferently, it seemed that he could do anything at any time.

Actually.

He had already used his 'Hexintong' to observe the mind of the Emperor Taixi, only to find that it failed.

The reason is that the Emperor Taixi holds a secret method of eternal realm.

Because this Taixi Universe is a member of the Nine Desolate Universe after all, it is normal to be guarded against the famous "Hexintong".

"Senior, you...this breath...you are the man of the boundless universe!?"

"How can this be possible that the Second Universe rank eternal powerhouse appeared in the boundless universe!?"

"At the time the Boundless Universe was attacked together with the other eight universes, the losses were almost the same!"

"It stands to reason that the resources of the respective universes are the same, and they are the first geniuses of the respective universes. How can you reach the level of the second universe in the same time!?"

"Could it be that you, you have already hunted in the natural universe and succeeded!?"

Emperor Taixi looked at Su Lang incredibly, with shock in his eyes!

In his opinion.

He is already a very talented warrior!

There is no shortage of cultivation aptitude and combat talent.

But now it's only one universe level, and he doesn't dare to hunt the rest of the universe.

But Su Lang is already the Eternal Two Universe, and even his aura is much stronger than the ordinary Eternal Two Universe!

This immediately caused Taixi Emperor Zhou to be hit.

Simultaneously.

Seeing that Su Lang was so much stronger than himself, he could almost pinch himself to death at once.

Taixi Emperor Zhou couldn't help but sweat in his hands, he could hardly control it, and ran away when he wanted to pull his legs!

But thinking of the old monster, he stopped again.

"You are very smart."

"I have indeed hunted the natural universe and beheaded the eternal realm powerhouse."

"You should know the cruelty of the eternal realm, facing me, why don't you run away?"

Su Lang looked at the Taixi Emperor indifferently, this person alone was not threatening at all.

"Senior must also know about the Nine Desolate Universe Region."

"At the beginning, our nine universes were in alliance."

"If seniors see this connection and bypass the juniors, the juniors will naturally have their lives."

"If the senior wants to kill the junior and use it to refining the origin of the universe, the junior's strength will be difficult to escape."

"It's just that the senior really killed the junior, and the senior will also cause trouble, because the junior has already formed an alliance with another natural universe."

"In that alliance, there are not only the second cosmic level eternal realm powerhouse."

"The seniors also know that the juniors have the coordinates of the boundless universe."

"At present, the alliance is still recruiting members, and the juniors are willing to recommend to the seniors, join the alliance, and resist foreign enemies together!"

[Chapter 2376: The humble Qian Xiyu](#)

"..."

Emperor Taixi

The expression was tense, and while talking, he made an invitation to Su Lang.

"alliance?"

"How do I know if it's true."

The corner of Su Lang's mouth raised slightly, and he smiled, "You can join the alliance even with your eternal life? Under normal circumstances, he would have been killed long ago.

"senior."

"The Eternal Realm is also a human being, not without feelings, just knowing beasts fighting each other."

"Moreover, the juniors have paid some price."

"The junior has said everything, and now, I am still willing to give the senior some more treasures..."

As Taixi Emperor Zhou spoke, he took out some high-level treasures from his life universe that could reverse the origin of the universe.

"Ha ha."

"Even if the alliance is true."

"How do I know that you are trying to introduce me, not lead me into a trap and be killed?"

There was a sneer at the corner of Su Lang's mouth, and he looked at Emperor Taixi Zhou with a playful look.

"Junior is sincere!"

"Senior, if you don't believe it, do it!"

Emperor Taixi took a deep breath and was ready to escape with all his strength!

"Never mind."

"I'm not trying to improve the realm of cultivation, so I abandon all principles of indiscriminate killing."

"Just walk with you and see if what you said is true."

"If there really is an alliance to join, that would be great."

Su Lang said with a light of thought in his eyes, slowly.

In the general eternal state, it is very necessary to refining the origin of the universe, and even fight and kill without meeting.

He didn't have to kill people, he had to hunt, he had to use counter-refining methods to get the origin of the universe, so the killing intention was actually weaker.

With Su Lang's various methods, the way to get the origin of the universe was much easier than ordinary eternity.

The currency conversion function of the system alone is enough to make a profit.

Of course, the premise of all this is to have a platform that can be played.

The alliance of the eternal realm may be an opportunity.

If you join it, you may even be exposed to the upper universe!

In addition, he has no hatred with this Emperor Taixi, and he is not clear about the background of Emperor Taixi.

therefore.

Su Lang didn't immediately kill the Emperor Taixi.

See Su Lang agreed.

Taixi Emperor Zhou suddenly breathed a sigh of relief, and the big rock hanging over his throat suddenly fell to the ground.

"Yes! Senior!"

"Thank you seniors for your trust!"

"These treasures, please..."

Taixi Emperor Zhou calmed down his nervousness and fear, and somewhat humbly offered the treasure in his hand.

"You want to give me a gift, but I am disrespectful."

"But, change something, just give me some good emperor sources."

Su Lang said indifferently.

What are you doing with Baodi?

Even if there are more than 10,000 Eternal Realm clones, it will take a lot of time to reverse the origin of the universe.

It's still convenient to get the superior Diyuan directly.

Directly stored in the system, it automatically becomes the origin of the universe.

"Superior Emperor Yuan?"

"Yes, senior!"

"These superior emperor sources are given to seniors, hoping to be useful to seniors."

Emperor Taixi heard Su Lang's request and felt a little strange.

Compared with the treasure land he had taken out before, the superior emperor source was more troublesome to refining, and relatively lower value.

But Su Lang just asked so.

As a precaution, Emperor Taixi brought out many superior emperor sources, the value of which was similar to those of the previous treasures.

"Well, I accept it."

"Take me to see the Eternal Realm Alliance."

"If you haven't lied, I can promise to help you refine an eternal realm pill after it's done."

Su Lang nodded slightly, fetching those superior emperor sources and storing them in the system.

"Ding! The storage is complete, the balance is 8833 universe origin!"

"Six hundred more universe origins."

"It's not bad, after all, it's the same as Bai Jian."

Su Lang looked at the slightly plump system balance, and a smile was drawn at the corner of his mouth.  
at this time.

"senior."

"Junior Qian Xiyu, I don't know the name of the senior."

Emperor Taixi and Zhou respectfully bowed his hand to Su Lang.

"Su Lang."

Su Lang nodded slightly.

"Senior Su Lang."

"The younger generation will take you to the Taixi Universe Center."

Emperor Taixi made another move, and immediately made a gesture of leading the way.

[Chapter 2377: Eternal Realm Alliance, Xiyitai](#)

"Let's go."

The corners of Su Lang's mouth raised slightly, revealing a faint smile.

"Senior please!"

Emperor Taixi nodded, and immediately went to lead the way.

Not long.

Su Lang, led by Emperor Taixi, arrived at the center of the three-star universe.

"The sun."

"Although it is the sun whose innate core has been taken out, it is better than the endless universe."

"The sun of the boundless universe has completely disappeared, leaving only the illusory sun projected from the cosmic sun and moon avenue."

Su Lang looked at the red sun surrounded by the three super planets and couldn't help but change his expression.

The sun is also the star.

There are many in Su Lang now.

There is one in the public universe, which is one of the core fragments of the infinite sun.

Except for this, they are all ordinary stars obtained from the natural universe with stellar galaxies such as the source universe.

These ordinary stars are nothing compared to the giant sun floating in the sky in front of them.

At this time.

Su Lang suddenly discovered that there were lights and festoons everywhere on the three huge planets, which was very festive.

"What is this doing?"

Su Lang raised his eyebrows and asked a little strangely, "Are you going to get a wife?"

"Yes."

Emperor Taixi nodded and said, "The juniors want to try, can they give birth to offspring?"

"Birth offspring?"

"What are you going to do?"

Su Lang raised his eyebrows and his eyes flashed.

"Use the more common, Son of Soul method."

Taixi Emperor Zhou's expression remained unchanged and replied.

"That's it."

Su Lang nodded slightly, "After reaching the eternal state, it is rare to find a way to give birth to offspring."

"The son of the soul born in the eternal state."

"The probability of eventually practicing to the eternal state is far higher than that of ordinary warriors!"

"The younger generation knows that their cultivation is shallow and their qualifications are limited. Without the qualifications for hunting, it is difficult to break through to the level of the Second Universe."

Taixi Emperor Zhou replied, "So while deciding to cultivate hard, try to cultivate the offspring."

"Ok."

Su Lang nodded slightly.

Secretly, he used his Xintong to probe those strong men on the planet, hoping to get relevant information.

however.

Those people turned out to be all ordered to do things without knowing why.

Everyone only knows that Emperor Taixi is about to get married. This is a happy event!

Therefore, countless warriors are beaming.

"No one knows the purpose of Emperor Taixi's marriage?"

Su Lang's heart moved, slightly confused.

but.

To say that this is a suspicious point is not enough.

The strong in the eternal realm, the existence of the humanoid universe, do whatever they want, and it is normal not to tell the people below their real purpose.

"Senior Su Lang!"

"Please enter the hall for a while!"

Emperor Taixi Zhou respectfully led Su Lang into an incomparably luxurious palace of heaven.

"For the Nine Desolate Universe Region."

"How much do you know now?"

Sitting on a futon made of a billion-year-old Hanyu, Su Lang asked lightly.

"Return to senior."

"The younger generation knows that their strength is low, so they haven't contacted the rest of the natural universe for the time being."

Taixi Emperor Zhou replied, "Joining the alliance of the eternal realm, after they discovered the coordinates, they paid a certain price to survive the disaster and join it."

"Any price paid?"

"Probably using the coordinates of the rest of the universe as a bargaining chip?"

The corner of Su Lang's mouth twitched, "Then, have you leaked the coordinates of the boundless universe?"

This statement came out.

Taixi Emperor Zhou suddenly felt cold all over!

He felt an extremely terrifying killing intent from Su Lang!

"No!"

"The younger generation does use the remaining cosmic coordinates of the Nine Desolate Universe as a bargaining chip."

"But so far, the coordinates of any natural universe have not been leaked out!"

Taixi Emperor Zhou's pupils shrank, and he quickly explained, "At this time, I will not disclose the coordinates of the boundless universe of the predecessors!"

"Ok."

"I understand."

Su Lang nodded slightly and continued to ask, "How much do you know about the alliance in the eternal realm?"

"That is a big alliance called Xiyitai."

Taixi Emperor Zhou replied, "There are only five eternal realms that the juniors have seen, all of the second universe level!"

"That's it."

Su Lang smiled faintly, "Then what do you think I need to pay to join Xiyi Station?"

[Chapter 2378: I'm afraid there will be some problems](#)

Listen to Su Lang say this.

"This!"

"The strength of the senior is much stronger than the junior."

"What's more, the seniors, like the juniors, have the coordinates of part of the Nine Desolate Universe, this is also a bargaining chip."

"In addition, Xiyi Station is indeed absorbing manpower, so if the seniors want to join it, there should be no price to pay."

After thinking about it for a while, Qian Xiyu said with envy, and a trace of helplessness appeared in his eyes again.

"Haha."

"Yes, I also have the coordinates of the rest of the universe in the Nine Desolate Universe."

"Qian Xiyu, you are not afraid that after the Xiyitai Alliance has me joined, I will directly unload you and kill the donkey?"

After listening to Qian Xiyu's words, Su Lang sketched out a small smile.

This statement came out.

Qian Xiyu's expression remained unchanged.

"Senior Su Lang."

"The juniors have also joined the alliance and are considered a member of the alliance."

"There is not enough reason, people in the league will not attack me."

"Otherwise, what kind of credibility does such an alliance have? It will attack allies at any time, who will join?"

Qian Xiyu took a deep breath and said slowly.

"Yes."

"What you said is reasonable."

"By the way, have you contacted the people at Xiyitai?"

"When will they arrive?"

Su Lang nodded slightly and asked immediately.

"Not contacted yet."

"Just wait for Senior Su Lang's words."

"Then, the juniors should contact the people at Xiyitai now!"

"However, Senior is not yet a member of the Alliance, so in order to prevent the coordinates of the rest of the universe from being guessed, Senior cannot be seen during the contact process. Please forgive me."

Qian Xiyu's expression moved, and he said to Su Lang, "If you can, the younger generation will be out for a while."

"Well, go ahead."

An imperceptible color of thought flashed under Su Lang's eyes, and he nodded immediately.

Contact with Xiyitai is indeed full of danger.

But now he is different now, not only has a variety of combat methods, but also has a back road.

Except for the endless universe, the other forty-eight natural universes are all places where he can retreat.

Even if Trillion encounters an invincible enemy, it will not be killed, and at most one clone will be lost.

Now the clone can cool down in half an hour.

This can hardly be regarded as a loss.

and so.

Su Lang would be so relieved to let Qian Xiyu contact Xiyitai.

He is very afraid of the upper universe.

But for natural universes with similar levels, it's enough to be cautious and don't be too fearful.

then.

Qian Xiyu retired respectfully and went directly to the other unknown star regions of the Taixi Universe to contact the people of Xiyitai by means of cross-universe communication.

And Su Lang.

Then accumulate cultivation bases in the Yunxiao Tiandian and practice exercises.

so far.

The practice villain needs more cultivation to become golden.

And also returned to normal

—As long as the cultivation villain changes from white to gold, it represents the number of crystal wall universes that can be perfected by accumulating cultivation base, enough for Su Lang to break through to the next level.

of course.

There is no need to cultivate all the villains to become golden, and the accumulated cultivation base can be used.

Even if you can't break through the realm, you can greatly increase the number of Crystal Wall universes, thereby enhancing your own combat power.

In addition.

The Sea of Cultivation does not have a ceiling, and the characteristic of unlimited storage of cultivation still exists.

Su Lang can also choose not to use the cultivation base and keep it forever.

But under normal circumstances.

Who would do this?

Is it to save for a long time in obscurity, and then suddenly surprise everyone?

Just when Su Lang saved up his cultivation base.

There was a wave of time and space fluctuations.

But it was Qian Xiyu who returned and appeared within the scope of Su Lang's spiritual thoughts.

Not only that.

Next to Qian Xiyu was a very beautiful woman in a red robe.

"Bring someone here so soon?"

"Zhe Li...Three Eternity, and a senior Three Eternal Realm!"

"The race is a bit weird, it turned out to be an emperor? It's really unheard of."

"The Xiyi-Taiwan Alliance has sent such a strong eternal realm to receive newcomers. This does not conform to common sense!"

"It seems that Qianxiyu and this Xiyitai will have some problems."

"..."

Su Lang looked at the attribute panel of the eternal realm of the emperor clan, a chill flashed in his eyes.

[Chapter 2379: Didn't you read the almanac when you went out?](#)

but.

He won't leave here.

There is no danger to life anyway.

It's better to see what Qianxiyu and Zheli are going to do.

Just when Su Lang was thinking about it.

The two eternal realms were extremely fast and appeared in front of Su Lang in an instant.

boom.

An intentional or unintentional coercion rushed toward his face, covering the entire palace of heaven.

"Senior Su Lang."

"This is Senior Zheli from Xiyitai."

Qian Xiyu whispered to Su Lang, relatively unchanged from his previous expression.

"Is this Su Lang you mean?"

"Haha, really good!"

"At such a young age, there is such a cultivation base, too good talent!"

"I, Zhe, I am really lucky to see a cosmic arrogant like Daoist Su Lang today."

The eternal woman in the red robe, that is, Emperor Zhe Lizhou, looked at Su Lang excitedly and arched her hands.

"Su Mou is also very lucky to see a strong man like Zheli Senior."

Su Lang stood up, smiled imaginatively, but felt a little strange in his heart.

The first time Emperor Zhe Li Zhou saw him, he showed such an excited expression?

He doesn't believe that he has a lot of love for women.

This Emperor Zheli definitely has another purpose!

"Zhe Mou heard that Daoist Su Lang wanted to join Xiyitai?"

Emperor Zhe Li Zhou smiled and said directly.

"Not bad."

Su Lang nodded slightly, his words were simple.

In fact, he had already displayed his heart to Emperor Zheli Zhou.

However, this guy also has guards, I don't know if it is a secret technique provided by Qian Xiyu.

"Hahaha!"

"Zhemou is also very happy to join our Xiyi platform."

"Unfortunately, the number of newcomers we can accept at Xiyitai is already full."

"Friends of Taoism should also be able to understand that if a force has too many people, it is easy to go wrong, especially for lower cosmic forces like us.

When Emperor Zhe Li Zhou said this, he stopped and looked at Su Lang with a smile.

This means.

It's already obvious.

Pretend to be full.

Then let Su Lang pay a little price and join the alliance 'an exception'.

"Speak straight."

"What price do I need to pay?"

"High-level treasure land, cosmic energy spar? Is the origin of the universe or simply the core origin of the universe?"

Su Lang raised his eyebrows, his expression unchanged, and his voice said indifferently.

He was already very upset at this time.

According to Qian Xiyu's statement.

With Su Lang's strength, there is no need to pay any price.

But Emperor Zheli did so.

This red-robed woman is very bullying!

They were all bullied and came to the front.

If Su Lang hadn't really wanted to touch the higher-level natural universe, he would have already turned his face!

"Haha."

"Friend Su Lang is really a smart man."

Emperor Zhe Li Zhou laughed, "However, Zhe does not need Fellow Su Lang to pay those things."

"Then what do you want?"

Su Lang narrowed his eyes and burst out a dangerous light!

Don't have anything outside, what is that?

Want a head?

He glanced at Qian Xiyu, but saw the guy lowered his head, clenched his fists, and looked nervous.

It seems.

This Qian Xiyu might have known such a scene a long time ago!

"Friend Su Lang, don't be nervous!"

"Zhe only needs a little soul from Fellow Su Lang."

"The purpose is also very simple, just to try to cultivate the son of the soul!"

"With the talent of Daoist Su Lang, once the Son of Soul is successfully cultivated, he will surely become a leader in the eternal realm!"

As Emperor Zhe Li Zhou said, he stared at Su Lang with excited eyes!

And this statement came out.

The scene was silent!

"what?"

"She wants my soul!?"

"Even if it is just some of the split souls, they are extremely important to the Eternal Realm!"

"Compared to some universe origins, these souls are obviously more important!"

"Furthermore, I said that I want to cultivate some soul son. How can I encounter such a thing because I didn't read the almanac when I went out!?"

"I\*\*....."

Su Lang's eyes widened in disbelief, and a feeling of nausea rose in his heart.

Simultaneously.

"Great!"

[Chapter 2380: Talk broke](#)

"Great!"

"Really let the monster Zhe Li Zhou abandon me and change Su Lang as the target!!"

"I don't need to split my soul, and nurture the son of the soul for the monster Zhe Li Zhou!"

"Regardless of the consequences of offending Su Lang, if he agrees, he will be in the alliance and dare not attack me easily!"

"If he doesn't agree... that monster Zhe Li Zhou will force him to agree, unless he wants to die!"

"..."

Qian Xiyu's expression remained unchanged, but the clenched fists relaxed a lot, and a trace of excitement flashed under his eyes!

Not bad!

Qian Xiyu has been facing extremely unacceptable things.

That is how Emperor Zhe Li Zhou wanted to use him to cultivate the son of soul!

The lights and festoons on those planets were red and festive. Emperor Zheli Zhou asked him to do it!

Actually in the eternal state.

It is the most common way to nurture offspring with sons of the soul.

But the problem is.

To nurture the son of the soul, even in the eternal state, the vitality will be greatly injured, and even the foundation will be endangered, and the way forward will be cut off!

and.

Emperor Zheli is too strange.

Although this person looks like a beauty.

But the emperor race to which it belongs is androgynous!

When facing a man, Zheli becomes a beauty, when facing a woman, he becomes a handsome man!

The thought of splitting the soul with the soul of this guy and nurturing the son of the soul is really unacceptable for Qian Xiyu, it will cause a psychological shadow!

and so.

After Su Lang appeared.

He immediately had the idea of La Sulang replacing him!

When contacting Emperor Zhe Li Zhou, he praised Su Lang to the sky.

However, Su Lang was really excellent, and Zhe Li had a good eye.

So there is this scene now.

"how about it!"

"Friend Su Lang!"

"As long as you promise me, I will help you join Xiyi Station."

"And I'm covering you, you don't have to worry about any safety issues in Xiyi Taichung!"

Emperor Zhe Li Zhou stared at Su Lang closely.

He seems to have self-knowledge, knowing that he is not to be seen, so there is already some threat in the words.

"Ha ha ha ha!"

"Zhe Lizhou Emperor, do you know what you are talking about!?"

"Let me split my soul and leave it to you? You can speak so offensively!"

"Tell you, if you don't give me an explanation, then no matter what you say, I will not give up today!"

Su Lang stopped the nausea in his heart and said coldly.

Simultaneously.

An incomparably terrifying killing intent broke out instantly, covering the entire giant planet almost instantly! !

"what!!"

"He is so strong!"

"He clearly only has the fluctuation of the cultivation base of the Second Universe Eternal Realm, and he can burst out such a terrifying aura!?"

"This kind of combat power is about the same as Emperor Zhe Li Zhou!!"

"..."

Standing far away, Emperor Taixi saw this scene, it was incredible!

With his eyesight, he could indeed only perceive the relatively obvious fluctuations in Su Lang's cultivation base, and it was difficult to see through Su Lang's true strength.

at this time.

Su Lang burst out of real combat power, and he was shocked immediately!

Simultaneously.

Emperor Zhe Li Zhou also changed his expression.

"I didn't expect you to have such strength!"

"Unfortunately, such strength is useless in front of me!"

"The emperor's talent, male and female clones!!"

Emperor Zhe Li Zhou condensed his eyes, and instantly displayed his proud racial talent, the technique of clone!

Suddenly.

Seeing Emperor Zhe Li Zhou's red robe burst open instantly, the whole person turned into an extremely terrifying gray slug that ran across the void!

This slug is comparable to a giant planet!

Just floating there, it gives people endless pressure!

And after the real body was revealed.

Zhe Li's body was split in two instantly, turning into two slugs, one black and one white!

Even if it is divided into two individuals.

But any one of them actually maintained the power of the eternal level of the three universes!  
at this time.

Emperor Zhe Li Zhou transformed into two eternal three cosmos, with endless slime on his body, instantly suppressing the entire void.

This is to cut off Su Lang's path! !

"The body is revealed!"

"Heaven, this terrifying doppelganger technique, one is equal to two!"

It was the first time that Qian Xiyu saw Emperor Zhe Lizhou take action, and he was dumbfounded.

however.

Under the eternal suppression of the two deities and three universes.

Su Lang was not afraid at all, but was a little surprised!
