[Chapter 2431: You are all bait](#)

Finished reading the classics.

Su Lang took a nap, anyway, the One-Key Cultivation villain and Wu Xiu villain were numb and busy. at the same time.

In the springboard universe of Yuxiao universe.

Pei Yuxiao and his subordinates gathered in a void.

There were thirty-six subordinates when he went, but when he came back, there were only nineteen.

Five four-plane eternal realms, fourteen three-plane eternal realms.

They stood around Pei Yuxiao with their heads down, their angry eyes mixed with frustration and fear!

And Pei Yuxiao was also full of anger and horror.

I originally thought that although the hunting risk was greater, it was still under control.

But never expected.

They failed this time and got almost nothing. They also lost nearly half of their manpower and had to retreat here temporarily!

"This failure is our carelessness."

Pei Yuxiao clenched his fists, and his face was stretched like a stone, "We must make Su Lang pay the price!"

"Yes!!"

"We are going to catch that dog's offal and kill it a trillion times!"

"Boss, what shall we do!?"

"..."

Ji Yi and others nodded their heads, their eyes were blood-red, and they obviously couldn't bear the humiliation.

If they run away dingy this time, this incident will definitely become a thorn in their hearts!

"Then Su Lang is very strong."

"None of you is his opponent."

"Only I can kill him!"

"But he is too cunning. He always wanders, looking for you soft persimmons to break them one by one."

"He doesn't confront me head-on. With his weird means of concealment and the perverted means of shuttling through the barriers of the natural universe, it is difficult for me to catch him."

"So you have to seduce him!"

While speaking, Pei Yuxiao looked at the others.

Booby trap requires bait!

"Boss, I am willing to act as a bait to lure Na Su Lang to show up!!"

Shu Yi was the first to stand up and said with a firm expression.

"Subordinates are also willing!"

"Subordinates too!"

"Boss, let the subordinates go down!"

"..."

The rest of the eternal realm powerhouses also asked for their orders, enough to show resentment towards Su Lang.

but.

Pei Yuxiao did not choose which one of them.

Instead.

"Don't fight."

"Su Lang's little mess is very cunning, suddenly a team appears, he will not be fooled."

"So, this time you are all bait!"

"No, this is not enough, more bait!"

"..."

Pei Yuxiao said with a ferocious expression, took out the jade card for communication, and began to mobilize more people.

Of course, the Yuxiao universe is not limited to these three cosmos and four cosmos eternal realms, there are also a few three cosmos and four cosmos eternity that did not participate in hunting.

In addition, there are more levels of the two universe and one universe.

This time, Pei Yuxiao not only called the six Three Eternal Eternals, but also the two Four Eternals of the Yuxiao universe.

He also gave orders to a total of thirty Second Eternal Realms, making them come quickly!

"We... are all bait!!"

Ji Yi waited for the blade face to look at each other, a hint of horror rose in his eyes.

In order to kill Su Lang, a total of nineteen of them, as well as the upcoming eternal martial artist, are all bait! !

"Listen!"

"Wait a minute, Ji Yi pretends to be me, and I pretend to be Ji Yi!"

"Next, you are divided into seven teams. In each team, a Four Eternal Eternity brings a few Three Eternal Eternals and a few Two Eternal Eternities, pretending to be mad, and constantly searching for those natural universes."

"I will hide in one of the teams. On the surface, the strength of this team will be the weakest."

"In this way, my team is most likely to be the priority target!"

"As long as he comes and takes the lead, he can't use his defenses in time, then he will be over!!!"

"..."

Pei Yuxiao looked around at the crowd, her hoarse voice with a terrifying killing intent.

"Wonderful, wonderful!"

"Boss's strategy is really wonderful!"

"Then Su Lang is very arrogant, seeing soft persimmons to pinch, he will definitely be fooled!"

"Hahaha, I seem to have seen the scene of Su Lang's defeat!"

"..."

When Ji Yi and others listened, their eyes brightened and they were amazed. They even flattered Pei Yuxiao.

[Chapter 2432: Yo, I called for more staff](#)

"Stop talking, it's not too late, and prepare quickly!"

"Turn Yi, this is one of my eternal imperial soldiers, which can help you transform into my appearance."

"This robe that I carry with me is also lent to you!"

"The rest..."

Pei Yuxiao's eyes were lingering and began to arrange various matters.

quickly.

Various matters are arranged.

The switch is easy to turn into the appearance of Pei Yuxiao, and the warrior of the same level cannot see through the disguise if it is not for a long and detailed investigation from the front!

But the battle in the eternal realm ends in an instant. Who can have time to investigate?

Look at the switch that completes the disguise.

Pei Yuxiao and others all feel stable this time!

Soon.

The crowd was divided into five teams.

Pei Yuxiao himself has also turned into the look of Yi Yi, using the five-plane-level means, don't even want to see through the four-plane eternal realm!

Immediately after.

The newly dispatched thirty-six eternal realms have arrived.

"See Lord Yuxiao Zhou Emperor!"

All the eternal powerhouses did not know that Pei Yuxiao and Shu Yi had exchanged identities at this time, and they paid respects to the Shu Yi who pretended to be Pei Yuxiao.

Naturally, the fewer people who know this kind of thing, the better.

Shu Yi also entered the scene in one second, without any embarrassment at all, and made everyone stand up with a majestic expression.

then.

According to Pei Yuxiao's previous plan, manpower was allocated.

With Pei Yuxiao present, a total of 56 people were divided into seven teams!

Eight people per team.

One of the teams has the least strongest team, and the second universe has the most.

This team.

It was led by Pei Yuxiao's disguised Yi Yi.

The team strength is one four-plane eternity, two three-plane eternal, and five two-plane eternity.

Compared with the rest of the team, a lot weaker.

After completing the team assignment.

In order to make contact more convenient, Shu Yi took out some treasures given by Pei Yuxiao and distributed them to the teams.

This kind of treasure is a transmission stone for trans-natural universe projection!

Even across the barriers of the natural universe, they can communicate with each other and see each other's pictures.

Next.

"Everything is ready, go!"

Yi Yi, who pretended to be Pei Yuxiao, waved his hand and began to shuttle through the barriers of the natural universe from the springboard universe.

More than fifty eternal realm powerhouses traveled through the barriers of the natural universe together. What a spectacular scene!

Time and space ripples swayed open, tearing the void to pieces, and countless spatial rhythms shattered into a mess, it was terrible!

The next moment!

The seven teams arrived in the five natural universes including Gen Luo!

Same as before.

The fake Pei Yuxiao led seven people and appeared in the Genluo universe.

The remaining teams appear in the rest of the universe.

Just appeared.

Everyone showed a murderous look and vowed not to give up unless Su Lang was found!

Where they went.

Everything is destroyed!

Planets were broken into pieces!

The universe that had been searched by Su Lang had become even more empty.

In addition.

Pei Yuxiao and others are not messing around.

It is real, using various means to explore the traces of Su Lang!

This kind of strategy of nine truths and one falsehood is almost certain to be fooled by ordinary people.

however.

Pei Yuxiao and others could not think of breaking their heads.

Su Lang is the one who will never be fooled!

At this moment.

Pei Yuxiao's eternal realm team returned to Gen Luo and other five natural universes.

They searched for the trail of Su Lang all the way, and encountered the treasure hunting flying flying flying duck left by Su Lang along the way.

Seeing these treasure hunting flying flying gliders, everyone knew that they must have been seen by these Su Lang's eyes!

Suddenly.

Everyone is looking forward to it!

"Come on, come on!"

"Su Lang gossip, don't you like to kill, come and kill us!"

"..."

Pei Yuxiao pretended to be Yi Yi and led the team, frantically searching for the trail of Su Lang in a natural universe, and a touch of eagerness and excitement had already risen in his heart!

Through the Cross-Natural Cosmos Communication Stone, Yi Yi and others are closely following Pei Yuxiao's team.

As long as Su Lang is tempted to shoot, it will be like a bait fish, and he will definitely die!

at the same time.

Taixi in the universe.

"Ok?"

"The people from Pei Yuxiao are back?"

"Yo, have you called more people?"

Through the treasure hunting flying flying flying flying placed in various universes, Su Lang immediately saw all the teams of Pei Yuxiao.

[Chapter 2433: Kill eight eternal emperors with one sword](#)

Seeing a new face appeared.

In order to know himself and his opponent, Su Lang began to explore the property panel of the opponent's owner.

This look.

What was wrong was immediately discovered.

Pei Yuxiao and Shu Yi actually changed their identities, and they also brought a team with the weakest team!

"Oh, this is trying to lure me into doing it."

"If you can't see through your details, I might actually attack the weakest team."

"Unfortunately, Pei Yuxiao, no matter how good your disguise is, it won't stop me from looking at the attribute panel!"

Su Lang looked at the attribute panels that emerged in front of him, and a sneer gradually appeared at the corner of his mouth.

This time Pei Yuxiao and others called more people to come over.

However, they are generally in the Two Universe Eternal Realm.

It's only Four Universes, which is the same as the ones killed before.

The other party's only killer move was Pei Yuxiao.

As long as you avoid this person, the rest can be killed!

"Tsk tsk."

"Since you have to give the head away, then I'm not welcome."

A smile flashed in Su Lang's eyes, even when he was ready to do it.

The previous battle seemed to be a long time, but in fact, the whole journey took less than tens of seconds.

The state of swallowing the clone has always been there.

Su Lang's combat power has also maintained the peak of the Four Eternal Realm.

"Xing Cuan Yun He!"

With a move in Su Lang's heart, the clone avatar and the twin avatars immediately merged with each other and became two powerful four-planet eternal realms.

Immediately after.

Su Lang distributed the weapons again.

Yes.

He was just going to deal with some Four Eternal Realms, and he didn't need to bring all the weapons.

Might as well distribute it to clones to strengthen combat power.

then.

The first star Cuanyunhe clone obtained Qibao Miaoshu and Zijin Gourd.

The second star Cuanyunhe clone got Jinghuashuiyue and Chuanxin Lock.

Su Lang himself carried the Youtian Sword and the Heavenly Eight-Round Shield.

Weapons are allocated.

Su Lang dispatched Xingcuanyun He clone to two natural universes.

Immediately sent another clone to the third natural universe, and replaced the position.

After getting ready.

Su Lang began to touch one of the teams.

The two stars Cuanyun joined the avatar and acted together.

quickly.

Su Lang and the two Xing Cuanyun clones approached the target.

The goal of the three people is to have a four-plane eternal, three three-plane eternal, and four two-plane eternal.

Such a team is simply a lamb to be slaughtered.

next moment.

"Do it!"

Su Lang's killing intent flashed in his eyes, and he took a step forward.

Seeing the activation of Tianzutong, he appeared near the team of the Yuxiao universe with a flash of golden light.

"what!?"

"Then Su Lang started on us!?"

"How is it possible, shouldn't he go and kill the decoy team where the boss Pei Yuxiao is located!?"

"No, we are not his opponent, run away!!"

"..."

A total of eight eternal realm powerhouses, after seeing Su Lang, they looked like a rabbit meeting a tiger, terrified, and their pupils trembled.

When they couldn't believe it, they immediately wanted to escape through the barriers of the natural universe.

however!

"Yuanming Unlimited·Time and Space Avenue!"

Su Lang's thoughts moved, and the power of the time and space avenue far surpassing the same level enveloped a radius of a million light years, sealing everyone in place.

"I can't travel through the avenue of time and space. Disperse and escape!"

"Damn, when encountering this Su Lang, our number advantage can't be used at all, we can only be defeated one by one!"

"Quick, run away, one who can run is one!"

"....."

The eternal realm of the four universes communicated with divine thoughts, and within a single thought, the decision to escape was made.

But Su Lang came prepared and came to sneak attack, how could he let them run away! ?

"The world is dying, breaking a sword!!!"

In an instant, Su Lang poured the power of the universe into the Youtian Sword, fiercely slamming a sword light spanning 100,000 light years!

Stabbed! !

The dark starry sky.

It was like a sword-shaped bright galaxy suddenly appeared, as if embedded in the universe, cutting everything!

All the eternal realm powerhouses shrouded by the broken sword sword light only felt cold all over, the world before them lost its color and was filled with despair!

There is no resistance.

Eight people.

I was pierced by sword light in an instant!

In an instant.

The eight system reminders sounded one after another, becoming the death knell of the eight eternal realms!

[Chapter 2434: The metamorphosis of Xianghuo Emperor soldiers after promotion](#)

at the same time.

The two Xing Cuanyun He clones also started.

One of the natural universe.

Su Lang, a avatar of Xing Cuan Yun He holding a purple gourd in his left hand and a Seven Treasure Tree in his right hand, descended near a team in the Yuxiao universe.

"Someone killed it!"

"Don't be afraid, it's one of Su Lang's two associates!"

"The combat power of these two is not as abnormal as Su Lang, we can stop it!"

"Quickly, use the combined secret technique to help me!"

"..."

The eternal realm of Yuxiao universe responded instantly.

They knew that Su Lang had two associates.

In addition to Pei Yuxiao's decoy team, his team may also be attacked.

So they were surprised but not panicked.

After Su Lang appeared.

The main combat power is the power of the Four Eternal Realm.

The remaining three cosmic eternal realms and two cosmic eternal realms have launched a joint secret technique to transmit power to the four eternal realms.

however.

They couldn't imagine that the weapons in Su Lang's avatar were no longer comparable to the past!

"Miaoshu, brush it!!"

At the thought of Su Lang's avatar, the Seven Treasure Tree suddenly flew out of a colorful galaxy, covering the opponent.

"what is this!?"

Everyone in Yuxiao Cosmos Squad suddenly felt hairy, but there was no fatal crisis.

instinctive.

They displayed various defense methods.

But that colorful galaxy actually ignored everything, directly acting on all the weapons in the hands of the eternal realm!

"what--!!"

"Help, master, help!"

"No, I can't control myself!"

"..."

A series of panic-stricken shouts came from among the weapons of the Eternal Realm.

The eternal public was shocked and immediately used all their strength to control their weapons.

However, there is no use for eggs.

The colorful galaxy wrapped in eternal weapons, and returned to the Qibao Miaoshu as time went back!

"What, my weapon!!"

"What the **** is that colorful light!?"

"No, without weapons, we are probably not rivals!"

"..."

The expressions of the eternal realm powerhouses changed drastically, and their eyes were full of panic.

at this time.

"Zhen Yuanyi, surrender!?"

Su Lang's avatar squeezed the purple gold gourd tightly with his right hand, and asked coldly.

Zhen Yuanyi is the eternal realm of the four universes in the opposing team.

"impossible!"

"I, Zhen Yuanyi, will never...Ah——!!!"

Zhen Yuanyi resolutely answered Su Lang's avatar, and was instantly swallowed by the terrifying suction from the purple gold gourd!

"Ah! Master Zhen was taken away!"

"It's over, Master Zhen is not even the enemy of Yihe, let's run away!"

"Run for your life!"

"..."

The rest of the eternity realm was frightened for an instant, and then the souls flew out and began to flee.

but.

A group of three universes eternal, two universes eternal realm.

How could he escape under Su Langxing Cuanyunhe's clone! ?

Time and Space Avenue came out.

Directly block everyone's ability to travel through the barriers of the natural universe.

The next moment.

It is a broken sword urged by the universal annihilation of the profound meaning!

Even if there is no weapon to carry sword energy.

Xing Cuanyun and the avatar's breaking a sword, killing some two cosmos and three cosmos eternal, is also easy.

In a flash.

Seven people who wanted to escape died in Huangquan!

In the third natural universe.

The battle of Su Lang's other Xing Cuanyun He clone was smoother and simpler.

"King Hua Shui Yue!"

"Put the heart lock!"

As soon as Xing Cuanyunhe clone appeared, he directly swung the glass long sword in his right hand.

The magical power of Jinghuashuiyue directly controls all senses silently!

then.

This Yuxiao universe team was psychedelic and didn't even know it, and didn't even know the arrival of Xing Cuanyun He clone.

Immediately after.

The eight black jade chains that pierced the heart lock, exactly one for each person, directly penetrated the body and soul, and hung in the void.

What's more terrifying is.

Even if the heart-piercing lock penetrates the body and soul.

No abnormality was found in those two cosmic eternal realms!

There is something wrong with the Three Universe Eternal Realm, but it can't tell what's wrong.

Only when the surrounding eternity was penetrated by the heart-piercing lock, I felt an extremely intense crisis of death.

[Chapter 2435: Killed the courage of the universe](#)

"There is an enemy attack!!"

"Expand all defenses and unfold explosive secret techniques!!"

This Four Eternal Realm uttered a hysterical roar, and instantly used his whole body to solve the count.

but.

At this time, he realized that he had no strength to resist.

He, who was pierced through the body and soul by the heart lock, has been completely banned!

"Get on the road!"

Xing Cuan Yunhe cloned his left hand and pointed it into a sword. With a light stroke, the sword light burst out one after another, penetrating an eternal power!

In an instant.

Eight eternal realm powerhouses have fallen again!

Of the seven teams of Pei Yuxiao, in a blink of an eye, only four were left!

And the whole process of the destruction of these three teams.

It was also witnessed by Pei Yuxiao and other four teams because of the Cross-Universal Communication Stone!

Almost instantly, the three teams and twenty-four eternal realms completely fell.

This terrifying scene directly caused everyone's eyes to split and horrified, and they couldn't believe their eyes!

This moment.

Pei Yuxiao's mind was buzzing.

The rest of the people felt their brains roar, and then went blank!

Immediately after.

Endless thoughts of horror erupted like a volcano! !

"what!"

"Su Lang didn't even come to attack my team, how could it be possible!?"

"Furthermore, this mess has become stronger again! The weapon in his hand is infinitely close to the level of the Five Universes!!"

"This long sword was obviously only at the level of the Four Universes before, how could it become so powerful in such a short period of time!"

"There are also Su Lang's two accomplices. The weapons in their hands are all the eternal emperor soldiers close to the four universes!"

"According to intelligence, these colorful tree branches, purple and black gourds, and longevity locks should be just an eternal emperor soldier!"

"Even if Su Lang has high-level cosmic coordinates, he can use a faster time flow to upgrade his weapon."

"But in such a short time, even if the flow of time is one million times faster, ten million times faster..."

"It is impossible for the weapon to be promoted from one universe to the level close to the four universes in an instant!"

"What the **** happened, and why did it become like this!!"

"..."

Pei Yuxiao's eyes burst open, her pupils shrunk like mung beans, she was almost autistic!

The same is true for the others.

There is even a lot of people trembling and fear to the extreme!

All three teams were destroyed at this time.

The cross-universe communication stone loses its effect, and the picture becomes pitch black.

Su Lang's figure disappeared in front of everyone, staring at them in the dark!

"What, what to do!?"

"This killing **** is terrifying!"

"Zhen Yuanyi's team was all hacked to death by Su Lang!"

"The seven-colored little tree can actually seize the opponent's eternal state weapon, and the four eternal states can't defend it!"

"There is also a small team, none of them resisted, the whole army was wiped out, and I didn't understand how I died to death!"

"It's over, we will definitely die, what should we do!?"

"No, we are not the opponent of the devil like Su Lang, let's run away!"

"If you can't kill Su Lang, you have died forty-one eternal states!!"

"It's too scary, it's too scary, I don't want to die!!"

"Escape, our only way to survive is to escape!"

"..."

Almost everyone in the remaining four teams was terrified.

They are afraid of being targeted by Su Lang!

Because once they are targeted, they will undoubtedly end in death!

"Everyone!"

"Su Lang will never give up!"

"He will carry out the next round of attacks. Next time, he will definitely attack my team!!"

"If we abandon the booby-trap plan now, all the companions who sacrificed before will be dead for nothing!!"

"We want to avenge them, we must kill Su Lang's crap!"

"Don't run now, but be prepared to escape with all your strength. Once Su Lang appears, you will immediately escape!"

"I will deal with him, I am the Five Universe Eternal, no matter how strong he is, he will not be my opponent!"

"..."

Some hysterical orders from Pei Yuxiao reached everyone's ears!

[Chapter 2436: Frightened eternal emperors](#)

The loss was so heavy.

How could he be willing! ?

Even if next, two teams will surely suffer, and Pei Yuxiao must kill Su Lang!

The more terrifying Su Lang appeared, the greater the secret in Pei Yuxiao's eyes!

and.

In addition to coveting Su Lang's secrets.

And that deep hatred must be washed away!

at this time.

After hearing Pei Yuxiao's words, the people in the Yuxiao universe didn't dissipate much of their thoughts of escape and fear.

But they are not stupid, they can see Pei Yuxiao's determination!

If they flee without authorization and are hated by Pei Yuxiao, they will definitely end up in a dead place.

If you are ready to escape now.

Then there is still a chance to escape!

and so.

Although the universe of Yuxiao Zhouyu was terribly afraid of death, but still silently stayed in place.

but.

They have already started to solve the numbers and are ready to meet the enemy!

See this scene.

Pei Yuxiao nodded slightly, then sneered in his heart, waiting for Su Lang to **** himself!

He is confident about it.

Because the three teams that Su Lang killed before were the weaker three.

Now there are only three strong teams left, and the weakest team he is in.

Under four selections, no one will go to the team where the fake Pei Yuxiao is.

Therefore, someone will attack his team.

If it weren't for Su Lang committed suicide.

Then he released the water for a little while, and gave Su Lang a chance to rescue him. When Su Lang committed suicide, he desperately stared at Su Lang to kill!

And just as Pei Yuxiao's abacus was cracking.

But he didn't know at all, Su Lang had seen his strategy from the beginning.

at this time.

Su Lang is taking the eternal realm restoration pill.

These restorative medicines are the eternal medicines of the four universes synthesized from the eternal medicines of the second universe!

All are perfect quality!

If this is the cross-universe transmission stone is still transmitting images, let Pei Yuxiao and others see it, they will vomit blood with jealousy!

The eternal realm pill is extremely rare.

The eternal perfect elixir of the Four Universes, probably only the Seven Universe-level powers are qualified to have it!

There is a pill to assist.

Give yourself two more blows with the sword of life.

Su Lang immediately felt that his body was full of strength, and he was restored to his peak state!

The two stars Cuanyun joined the clones, which used the clone of the Universal Nirvana Profound meaning, and also swallowed the pill.

Then he used the sword of life passed by Su Lang to chop himself a few times and restored to his best state.

"It's time to continue."

The light in Su Lang's eyes burst out like lightning.

Through the treasure hunting flying flying, he always knew the approximate locations of the remaining four teams in the Yuxiao universe.

In addition, Pei Yuxiao did not deliberately fill his whereabouts in order to lure Su Lang into action.

"Grumbling."

"That guy is going to kill!"

"I don't know which one I will encounter. I would rather encounter the one who uses colorful trees and purple and black gourds."

"Yes, the one who uses the glass long sword and the long life lock is simply terrifying."

"You are wrong, that Su Lang is the most terrifying, kill everyone with one sword, all those fancy things, all with one sword!"

"No matter which one it is, be prepared to use all your strength to prepare for escape!"

"The Avenue of Time and Space has been unfolded. As soon as he appears, I will run straight away!"

"..."

The eternal emperors of the universe of Feathers, one by one, were frightened and cold all over.
they know.

I am testing on the edge of death!

"Why don't you do it yet?"

"This Su Lang chopsticks, won't they escape?"

"..."

Pei Yuxiao, who pretended to be Shu Yi, became more and more anxious, he was really afraid that Su Lang would just run away like this!

If Su Lang ran away, his dozens of eternal emperor subordinates would all die in vain.

And this shame will also make him unable to live his life!

at this time! !

The image projected by the Transverse Communication Stone has changed!

Pei Yuxiao saw with his own eyes that all three teams except his own team were attacked!

Not bad.

Including Pei Yuxiao, who was disguised by Yi Yi, and his team were all attacked.

And the person who attacked was Su Lang himself!

[Chapter 2437: Hysterical Pei Yuxiao](#)

"what!"

"Then Su Lang's miscellaneous, how can he attack the team where Shu Yi is located, he will definitely attack my side with his character!!"

"What the **** is going on, is it that the **** has actually seen through my plan!?"

"No, it's impossible, it's impossible, it's absolutely impossible--!!!"

"..."

Pei Yuxiao looked at the three teams that were attacked, the whole person was completely dumbfounded, and then he let out a hysterical roar!

He couldn't believe it!

He cannot accept it!

Su Lang's own strategy was seen through, and Su Lang's generals used it!

Pei Yuxiao understood.

From beginning to end, in the eyes of Su Lang, I am afraid that I am as ridiculous as the clown in the beam!

shame.

Endless shame surged from Pei Yuxiao's heart.

"Do not--!!!"

Pei Yuxiao felt palpitations in his heart, his complexion twisted, and he was about to spurt blood.

Even think about it.

He instantly shuttled through the barriers of the natural universe to support the team attacked by Su Lang himself!

Rumble!

Carrying endless hatred, humiliation and anger.

Pei Yuxiao is on all his strengths and is on the battlefield!

but.

He is a step late!

The battle is over!

Shu Yi and others were not Su Lang's opponents at all, and even the Dao of Time and Space was easily suppressed by Su Lang!

Immediately, it was a sword of death and destruction in the world.

All the power of the universe at the pinnacle of the four cosmos eternal realm was poured into the secluded sword that was infinitely close to the fifth cosmos level, and then cut out a sword that restrained everything and was extremely terrifying.

There was no chance for Yi and others to escape at all.

In an instant, the sword light tore through the void of the universe, and the eight eternal realms all died!

"I killed you!!!"

Pei Yuxiao watched with his own eyes that the terrifying sword aura that lay across the void killed Chi Yi and others, and the whole person was completely mad.

The moment he arrives, all secret techniques will be launched, including self-harming secret techniques with serious sequelae.

Before attacking, he sprayed a big mouthful of blood.

He sprayed blood like this, and threw his weapon, a three-time eternal flying knife, to Su Lang fiercely! !

Even the flying knife eternal emperor soldier, regardless of everything, forcibly promoted himself, so that the attacking power surged!

have to say.

The gap between the eternal realm is really too big.

Before Pei Yuxiao was careless, he would be blocked by Su Lang with a casual blow.

at this time.

Pei Yuxiao even deployed all kinds of self-mutilating explosive secret techniques, and even weapons temporarily broke out of self-harm.

And Su Lang, just using Universal Annihilation, was completely empty and weak.

Even if it was restored with the sword of life or the eternal realm pill, it was useless.

Because of Pei Yuxiao's attack, it has come.

Stabbed!

The eternal flying knife carrying the mighty power grew bigger and bigger in Su Lang's eyes.

But Su Lang didn't panic at all.

He stopped the defensive behavior of Tianjia's Eight-Edged Shield, and just stood there with a hint of sarcasm in his eyes.

The next moment.

The flying knife pierced Su Lang's body, and the terrifying power exploded.

Death substitute trigger.

A clone dedicated to death, silently exchanged positions with Su Lang, instead of death!

"Finally killed!"

"This ***** crap!"

"Dare to disdain when death is imminent!!"

Pei Yuxiao recalled Su Lang's gaze, and was almost blown up.

If he could catch Su Lang alive, he would definitely make Su Lang worse than life.

Now that he can only be killed, there must be too many secrets available.

Fortunately, it is better than nothing.

"Hahahaha!"

"Su Lang Miscellaneous, let me see what kind of secrets you have!"

Pei Yuxiao's face was filled with the excitement of revenge and the excitement of getting something good.

He wants to collect Su Lang's remnant soul and explore Su Lang's secrets!

however.

next moment.

Pei Yuxiao was dumbfounded!

Because the body of 'Su Lang' turned into a stream of smoke and disappeared!

"what!!!"

"How can the eternal body dissipate? That is a humanoid universe that can exist in the universe forever!!!"

"This is impossible, this is impossible, no!"

"Come back, you come back to me!!!"

"..."

Pei Yuxiao roared in disbelief, and went crazy to hold the black smoke of Su Lang's clone.

All kinds of magical powers are also deployed.

But there is no use for eggs.

The black smoke escaped from between his fingers, dissipated invisible!

"no!"

"why!"

"Why it came out like this--!!!"

"..."

Pei Yuxiao's eyes are about to split, his eyes are blood red, his facial features are shifted, and he is distorted and hideous, as if he has turned into a monster that has lost his mind!

[Chapter 2438: It's almost a mask of pain](#)

A hunt for the whole army.

In the end, all his people became prey!

The plan that was supposed to be foolproof was incredibly seen through!

Before and after, a total of sixty-five eternal emperors died in Su Lang's hands! !

Sixty-five eternal emperors!

This is almost all of Pei Yuxiao's team!

However, paying such a painful price, he got nothing!

Su Lang couldn't even leave a single hair!

Such a fiasco.

Just let Pei Yuxiao doubt himself, life, and the world!

"No, I'm not reconciled!"

"Su Lang chopsticks, come out for me, come out for me!"

Pei Yuxiao roared heartbreakingly, with an extremely terrifying power on his body, tearing the void of millions of light-years away.

Immediately after.

Pei Yuxiao took one step forward, spanning tens of millions of light years, and everything he passed was destroyed!

Only in this way can the anger and grief in his heart be slightly relieved.

at this time!

The screen mutation in the cross-universe communication stone!

The team that Pei Yuxiao had lurked before, the last team under his command, was also attacked!

It was Su Lang's two Xing Cuanyun He clones that appeared near the team!

"what!!!"

"They haven't escaped yet!?"

"Miscellaneous, it is so rampant that I beheaded one person, and dare to continue to do it!?"

"..."

Seeing this scene, Pei Yuxiao's mood was extremely complicated and contradictory, and he was unbelievable, angry and unbearable, and extremely pleasantly surprised!

What angered him was that the other party didn't take him seriously.

What surprised him was that the other party also possessed some of Su Lang's secrets. As long as he was beheaded, he might be able to get those secrets!

"Damn chopsticks!"

"Since you don't run away, then die for me!"

Pei Yuxiao gritted his teeth, his heart beat wildly, and instantly killed the natural universe where the team was.

In his opinion.

Su Lang's two accomplices are not as good as Su Lang.

Even Su Lang can kill him, and he will definitely kill these two!

Wow!

In an instant.

Pei Yuxiao passed through the barriers of the natural universe and came into the target universe.

but.

The two star Cuanyun He clones started together.

The team composed of the seven Three Eternals and Two Eternals only quickly fell in despair.

at this time.

Xing Cuanyun He clone is about to leave.

"Die to me!!!"

How could Pei Yuxiao let Su Lang's clone escape, and one handle flew out fiercely, directly piercing through a star Cuanyunhe clone!

boom!

Xing Cuanyun and the clone fell directly.

"one left!"

"All have to die!"

Pei Yuxiao was like a madman, with disheveled hair, and a terrible roar from his mouth, killing the second Xing Cuanyunhe clone.

but.

Su Lang had already taken this opportunity to take this star Cuanyun He clone into the mysterious black space.

then.

In the eyes of Pei Yuxiao.

The target disappeared silently!

"No, it's impossible!"

"How could this be? How could he escape silently!!!"

"Come out, you come out for me!!!"

"..."

Pei Yuxiao thunderously thundered, his eyes were splitting, and his heart was full of incredible anger and humiliation.

The eternal emperor of the five universes.

After using an extremely costly secret technique, even let the opponent run away!

This is simply a face slap!

He roared, frantically searching for the trail of Su Langxing Cuanyunhe clone.

However, Su Langxing Cuanyunhe clone did not leave time and space fluctuations at all.

and so.

It is impossible to use the remaining time and space fluctuations to calculate the natural universe where Su Langxing Cuanyunhe clone is currently located.

"impossible!"

"How could it not even leave a little time and space fluctuations!"

"False, it must be false, it is not true!"

"..."

Pei Yuxiao's face was distorted, and it was almost a mask of pain.

at this time!

He took it with him, and the cross-universe communication stone, which had lost its frame, appeared again.

Take a closer look.

A handsome young man was suspended in the dark void.

It is Su Lang!

"..."

Pei Yuxiao was shocked, his pupils shrank suddenly, and his mouth opened wide, like a goose caught in the neck.

[Chapter 2439: Can you do it, hurry up](#)

Immediately!

"Su...Su Lang!"

"No, how could you not die, you are already dead, you are dead!"

"You are not Su Lang, you are fake, you must be fake!!"

"..."

Pei Yuxiao roared hysterically and directly shattered the surrounding void!

"Hahahaha!"

"Whether I am really Su Lang, you know very well."

"In fact, I understand you very well. After all, this kind of thing is not acceptable to everyone."

Su Lang carried his hands on his back, and a faint smile was outlined at the corner of his mouth.

"puff--!!"

"I, I want to kill you!"

Pei Yuxiao's eyes were red with anger, and he spouted blood!

Soon.

He inferred the location of Su Lang through the transmission stone, and instantly shuttled through the barriers of time and space to kill Su Lang.

however.

Su Lang was not constrained by the enemy at this time. He had already prepared for the transfer. When Pei Yuxiao moved, he also moved.

Rumbling.

Pei Yuxiao descended into the natural universe where Su Lang was, and the flying knife came out! !

call out!

The terrifying flying knife killed Su Lang.

But at the juncture.

Su Lang passed through the barriers of the natural universe and disappeared directly.

"Hahaha."

"Pei Yuxiao, you are such a waste."

"The dignified Five Eternal Eternity, with more than 70 Eternal Eternal Emperors, were all killed by me!"

"If you ask the most trash person in the world, it's probably you!"

The smile on Su Lang's face grew stronger, and the contempt and disdain in his eyes grew stronger!

"Ah!"

"I am so angry, you have the ability to fight against me!"

Pei Yuxiao was so angry that his teeth were about to break, and the resentment and shame in his heart spewed out like magma!

"Tsk tsk."

"You have the ability, you go to fight the six eternal battles."

"Or, if you cut yourself into a hundred segments, and then fight me head-on, I will definitely admit that you are capable!"

"Trash Pei Yuxiao, just like you, hurry home and raise pigs!"

Su Lang has always maintained contempt and ridicule, constantly arousing Pei Yuxiao's emotions.

"Stop, stop for me!"

"I want to capture you alive, eat your meat and drink your blood every day!"

"I want, I want you to live forever in endless pain!"

Pei Yuxiao roared and chased Su Lang frantically.

One after another, the two crossed the natural universe.

"Come on, catch me!"

"It's a waste, it won't catch me!"

"Can you do it, catch up quickly!"

"..."

Su Lang's ridicule kept ringing in Pei Yuxiao's ears, making him dizzy and his brain buzzing.

"You bastard!"

"I, I am sure to...I, puff--!"

Pei Yuxiao roared hoarsely, but when he was halfway through the conversation, his expression suddenly changed and blood spurted wildly! !

The sequelae of the self-harming secret technique broke out!

After the horrible sequelae broke out.

The aura on Pei Yuxiao's body dropped rapidly, and the whole person's consciousness fell into a trance state!

"Not good!"

"Can't chase anymore..."

Pei Yuxiao's heart was in turmoil, and even a hint of panic arose.

"Ok?"

"This guy's post-secretary sequelae broke out?"

"And it's so serious, it's about to fall to the eternity of the four universes."

Su Lang frowned, his eyes revealed a hint of surprise.

"For today's plan, we can only retire first!"

Pei Yuxiao roared ferociously, and then directly shuttled through the barriers of the natural universe to the previous springboard universe.

"It's gone."

"It's a pity."

Su Lang was about to turn back and cooperate with the clone to fight a battle, and found that Pei Yuxiao had disappeared, and the cross-universe transmission stone had also lost its image.

in fact.

The reason why he kept mocking Pei Yuxiao was not playing.

It is a strategy.

Seeing Pei Yuxiao was almost out of control.

Su Lang planned this simple aggressive strategy and tried to lead it to the previously known Universe White Realm.

Any existence.

Even the eternal realm powerhouse.

Entering the Universe White World will be over.

Su Lang is not afraid of having a clone to die.

But Pei Yuxiao went in, and if he died, he was really dead.

Originally, Pei Yuxiao was very angry.

Can't wait to bite, chew Su Lang alive.

Under Su Lang's ridicule, Pei Yuxiao almost blew himself up on the spot, would he not be fooled?

[Chapter 2440: Countless trophies](#)

If Pei Yuxiao had no sequelae, he would almost certainly die.

"This Pei Yuxiao is really useless."

"A sequelae broke out in the middle of the journey, so I beat him and ran away."

Su Lang shrugged helplessly, and immediately looked at his eternal body.

He also used various explosive secret techniques before.

However, because of the existence of the system function 'vomiting and accepting new', it is completely immune to sequelae.

"Pei Yuxiao definitely can't swallow this breath this time."

"According to the information provided by Xiyitai, this guy bought the coordinates of Gen Luo and other universes from Anju and others."

"In addition to this, there is information about my true strength'."

"Pei Yuxiao was almost wiped out by me, and only he ran back. I must find trouble with Anju and others."

"Hey, I really want to see how your dog bites the dog!"

Su Lang thought so, a slight smile was slowly drawn at the corner of his mouth.

Immediately after.

His eyes fell on the trophies in the storage space.

This big battle.

A total of 72 eternal emperors were beheaded.

Apart from the seventeen eternal emperors that have been cleaned up before, there are still fifty-five eternal emperor's belongings that have not been counted.

Including seven eternal in the four universes, eighteen eternal in the three universes, and thirty eternal in the two universes!

"This time I made a huge profit!"

"The system will deposit all Xianyuan Diyuan, the origin of the universe, into the balance!"

Su Lang showed expectation and immediately issued instructions to the system.

"Ding! The storage is complete, the balance is 1.35 million cosmic origin!"

"It broke one million directly, awesome!"

"One million is enough for me to upgrade system functions."

"Now the one-key training function and the one-key martial arts function are sufficient for the time being, and upgrading the clone function is more cost-effective."

"System, upgrade me the dispatch function of the clone!"

Su Lang thought excitedly, and gave instructions.

"Ding! Consumes 1 million cosmic origins, the clone dispatch function is upgraded to level 53, the number of clones is +1, the current number of clones is 53, the number of clones is 53, and the number of twins is 53!"

The fifty-third level of the clone dispatch function, the total number of clones reached 159.

If you use the Baiying avatar function, it will be 15,900!

"It's so cool!"

"Three hundred and fifty thousand left."

"You can also upgrade the one-key alchemy function and empowerment function!"

"The empowerment function is sufficient for the time being, just upgrade the one-key alchemy function. The origin of the universe still needs to be saved and used on the blade."

Su Lang looked at the extra clone, nodded with a smile, and immediately gave instructions again.

"Ding! Consumes 10,000 universe origins, unlocks the one-key alchemy function to level 17, and can refine the eternal eternity of the second universe and its lower levels!"

The system prompt sounded, the balance is 340,000 Yuan Origin!

The remaining origin of the universe will be preserved.

"Next, it's time for the decomposition function to come on stage!"

A tick at the corner of Su Lang's mouth directly locked the eternal emperor soldiers in the storage space!

This time, all the guys who were killed were from the Yuxiao universe, and their belongings were more generous than the average lone eternal warrior.

Therefore, all of these people have at least one Eternal Emperor Soldier.

There are a few eternal realms with two eternal emperor soldiers, although they are not high in rank, they are also eternal emperor soldiers.

"system!"

"Start the one-click decomposition function to decompose the specified target!"

Su Lang locked the eternal emperor soldiers with divine thoughts and activated the system functions.

Suddenly.

A total of sixty-three eternal emperor soldiers were decomposed and turned into countless treasures of heaven and earth, appearing in the storage space.

"These materials are definitely enough for me to further promote the weapon."

"But before that, there are still things that need to be broken down."

Su Lang thought about it, and immediately locked the seized finished treasures in the storage space with his spiritual thoughts.

For example, various levels of pills, formations, formations, lower-level weapons and so on.

Anything that is artificially refined.

All were broken down into raw materials by him!

Finish this step.

There are a lot more treasures in Su Lang's storage space!
