

## One Click 2441

### [Chapter 2441: Five Eternal Emperor Boundless](#)

"Now, the Youtian Sword, the Eight-Edged Shield of Heaven and the Sword of Life have reached the limit I can control."

"If it is strengthened to the eternity of the Five Universes, even if I am connected with the weapon, it will be difficult to exert its power, and it will even be too late."

"Then, upgrade the remaining weapons, the mirror of reincarnation, the nest of civilization, and four incense weapons!"

"..."

After making the decision, Su Lang began to upgrade his weapons.

After some evolution and strengthening, the realm of reincarnation and the nest of life have reached the eternal peak of the three universes.

Then there are Chuanxinshuo, Qibao Miaoshu, Zijin Gourd and Jinghua Shuiyue.

These four incense weapons have been strengthened from the eternal peak of the three universes to the eternal peak of the four universes.

It's only a bit worse than Youtian Sword.

"There is still a lot of material left."

"It just so happens that there is still an endless number that has not been promoted!"

"This weapon has reached the eternity of the Second Universe Void Realm. If it is poured into the Time Avenue and the core parts are raised, it will officially become the eternal emperor!"

"..."

While thinking about it, Su Lang took the Infinity from the storage space.

The current unlimited number.

There are 17 thousand and seven elements of the primordial realm and 11 thousand and six elements of the primordial realm.

All parts have been strengthened eleven times!

"system!"

"Start the enhanced reset function."

"Start the weapon evolution function and evolve the designated target."

"Activate the one-key empowerment function to instill the power of time for the designated target!"

"Start the one-click enhancement function to strengthen the designated target!"

Su Lang issued orders one by one, and the system executed them instantly.

Suddenly.

The 120,000 parts of Boundless Number first evolved to a half-step eternal state!

Soon.

Su Lang also selected the central part and two other important parts, and evolved to the eternal level of a universe.

Immediately after.

It's the launch of the empowerment function to directly infuse the spirit of time into the road of time!

So far.

The Boundless has completely become a true eternal imperial soldier!

It is no longer eternal in the virtual world.

But this is not over yet.

The enhancement function once again took off and began to strengthen the Wuyin as a whole.

Because Wuyin is no longer comparable to the past, the basic level of the parts is at least the Jiuyan Prime Stage.

Therefore, the consumption of materials is many times more.

At last.

Su Lang strengthened it six times, making it into the Five Eternal Level!

The remaining eternal emperor soldiers reached the level of the five cosmos, and Su Lang's personal urging was a bit thankless.

But the Infinity is different.

Su Lang can enter them with two Xing Cuanyun clones, and drive this terrifying eternal mech imperial soldier together!

By the time.

Its power can surely reach the true five-plane eternal level.

"The power of the Boundless number explodes!"

"It will be even more awesome if you equip the Youtian Sword, the Heavenly Eight-Edged Shield and other weapons and equipment."

"Just like this, the cosmic power consumed becomes more and more terrifying."

"Well, I still have to refine more recovery pills!"

"The system, activate the one-key alchemy function, give me priority in refining the recovery pill!"

"The refined pills are all synthesized and strengthened into the Four Eternal Realm!"

Su Lang gave orders while thinking.

Suddenly.

The one-key alchemy function is activated.

"Ding! Alchemy is successful, you will get the perfect eternal emperor pill Tianqiao Wuchen Pill\*5!"

"Ding! The synthesis is successful, you will get the perfect eternal eternal emperor pill Tianqiao Zhouxin pill\*1!"

"Ding! Successfully strengthened, Tianqiao Zhouxin Dan +1!"

"Ding! Successfully strengthened, Tianqiao Zhouxin Dan +1!"

"Ding! Alchemy is successful, you get the perfect eternal emperor pill Universe Yiyu pill\*5!"

"Ding! The synthesis is successful..."

"..."

The pill refining villain is busy, instantly refining a perfect eternal eternal pill that is extremely cherished!

Immediately after synthesis and strengthening functions, all promoted to the eternal level of the four universes.

quickly.

A hill of perfect emperor pill appeared in the storage space.

It must be known that this is the perfect emperor pill!

He piled directly into a hill.

If seen by other eternal emperors, make sure that the eyeballs and chin will fall off at the same time!

And among these pills.

In addition to restorative elixirs, there are other elixirs.

Such as healing medicine.

And can be sold at a good price to turn quiet refining pill.

This kind of medicine can speed up the eternal emperor's speed of perfecting the crystal wall world with the origin of the universe, and the effect is very good.

This kind of pill is extremely rare and can improve the eternal emperor's cultivation efficiency.

[Chapter 2442: Pei Yuxiao's angry tilted mouth](#)

"So many elixirs."

"In the future, there will be no shortage of medicinal pills."

"When the empty blue universe is reached, you can also take out a part to exchange for the origin of the universe!"

The corner of Su Lang's mouth raised slightly, and immediately he took out the three classics of the Pill Qi Array and read it again.

Suddenly there are some new gains.

For example, a new four-plane eternal trapped formation can be combined with the previously obtained formations, greatly increasing its power.

In addition, there are two eternal realm pill prescriptions, one for recovery and one for healing.

Finished reading the classics.

Su Lang's eyes finally shifted to those eternal bodies.

A total of fifty-five eternal bodies, fifty-five universes of eternal life!

"So many eternal bodies."

"It is estimated that you can get a full crystal wall world of more than 20,000 gai!"

"Tsk, this time the incense aspiration is about to explode again."

Su Lang rubbed his hands with some excitement, and then began to accept the Eternal Life Universe and the Crystal Wall World.

at the same time.

Springboard in the universe.

"Damn it!"

"Why does this happen!"

"Obviously hunting with great confidence, but now... the whole army is wiped out!"

"Even me, fled in embarrassment!"

"Faced with that Su Lang, a four universe eternal, I can only escape!"

"Shame, this will be the shame that accompanies me throughout my life!"

Pei Yuxiao sat cross-legged somewhere in the void trying to get into concentration, but there were always uncontrollable thoughts of resentment in his mind.

Endless humiliation, endless anger, and pain caused him, who was already severely injured by the sequelae, to spill a bit of blood again.

This tone.

He can't swallow at all!

"This hunting failure is not my fault!"

"It's the seller. The information he gave is false. It's all the seller's fault!"

"Su Lang clearly has so many powerful weapons, and his own strength is stronger. It is not as weak as the seller said!"

"Yes, it is because of that seller that I am where I am now!!"

"Give me miscellaneous pieces of false information, I must make them pay a terrible price!"

"..."

Thinking of this, Pei Yuxiao suddenly found an angry inclined mouth, and his murderous intent rushed out like a star about to explode!

next moment.

He resisted the pain and stood up, unfolding the power of the Great Dao of Time and Space, and began to travel to the empty blue universe.

at the same time.

Empty green universe, in an ordinary house.

Emperor Anjue and Emperor Yanyan were sitting at a stone table, still waiting for the official notice from Kongqing Universe.

Only after the buyers have finished hunting and confirmed that they are correct, they can only leave.

"Brother Anjue."

"You said, what will hunting over there look like?"

Emperor Renyan Zhou looked at Emperor Anjue on the opposite side, and asked with a smile.

They were originally hostile to each other, because Su Lang, the enemy, now seems to be enjoying themselves.

"Hahaha!"

"Does this still need to be said!?"

"Those who dare to photograph the coordinates for hunting must be sure."

"I guess, there are definitely five eternal powers participating in the hunt!"

"Su Lang's mischief, if not unexpected, he should have suffered!"

"But he will not die so easily, but will be caught alive!"

"Waiting for him to suffer endless torture, until he reveals all the secrets, will he be freed!"

Emperor An Jue Zhou said with a sneer, a strong resentment in his voice.

"This statement makes sense."

"When the buyer comes back, we'll get in touch."

"Don't ask for anything else, just to torture Su Lang's \*\*\*\* dog bastard."

"Dare to kill my brother, I will let him taste the most painful taste!"

Emperor Yan Yan Zhou nodded, and immediately squeezed his fists, his eyes were red, and a thick anger almost sprayed out.

"Your idea is just what I want!"

"At that time, you and I will have a game to see whose torture method is stronger and can make Su Lang more miserable!"

Emperor Anjue Zhou's eyes brightened, and thick grimness and resentment rose in his pupils.

"Hahaha."

"Your idea is also wonderful!"

"..."

Emperor Renyan Zhou also smiled grimly, full of cruelty and coldness.

[Chapter 2443: He looks so miserable](#)

Actually.

Except for Yan Yan and Anju Zhou Emperor.

There are still some people in the sky blue universe paying attention to this matter.

after all.

The number of universe coordinates auctioned by Emperor Anjue and Emperor Yanyan was quite large.

And the hunting risk is not small, so many people want to know the result.

of course.

The vast majority of people still believe that the hunted will be defeated and die, becoming cosmic dust.

The other is Xiyitai.

The people at Xiyitai regarded Su Lang as a clone of the super strong, and believed that Su Lang was definitely not something that the Five Essences and Six Essences could deal with.

So their thinking is contrary to most people.

Time passed slowly.

The flow of time in the empty blue universe is very high.

therefore.

When the grassroots universe came over, it took several tens of seconds on the way, and several days passed by in the empty blue universe.

Five days later.

Along with a wave of time and space fluctuations, Pei Yuxiao's figure appeared in the empty sky.

He at this time.

Only dozens of seconds passed on the road, not only did the anger in my heart not dissipate, but the more I wanted to get more angry!

In addition.

The sequelae of using the occult technique did not disappear, but became more serious.

This caused Pei Yuxiao's face to be pale and his breath weakened.

Adding the image of the Beatles and the miserable face on his face, you can see that you have suffered a deflation!

then.

When he came to the Kongqing Universe Auction House with a dark face, he immediately attracted everyone's attention!

"Look, it's Emperor Yuxiao Zhou!"

"Yu Xiaozhou Emperor Pei Yuxiao? How could he become like this, he looks so miserable!"

"I know some internal news. Someone previously listed the coordinates of Gen Luo and other natural universes at the auction house, and then it was Pei Yuxiao who took the picture!"

"According to the time, they must have gone hunting. Is this a hunting failure!?"

Several eternal emperors looked at Pei Yuxiao who was embarrassed and immediately guessed in a low voice.

"Gosh, the hunt failed? How could it be!"

"That's right, Pei Yuxiao is the eternity of the Five Universes. Even if the sky blue universe gathers the power of the vast cosmic region around, the eternity of the Five Universes is not more than the number of hands. How can Pei Yuxiao be so strong, how can it fail!!"

"Could it be that Pei Yuxiao is going to hunt the eternal natural universe of the other five cosmos? This is impossible, he can't do it without full assurance!"

"It is impossible for him to take action on the other Five Eternal Eternities, not to mention the rough information given by the seller, that Su Lang is a Four Eternal Eternal!"

"Su Lang of the Four Eternal Realm, even if he comes from the other unfamiliar Eternal Realms, with a little special means, it is impossible to defeat the Five Eternal Realm!"

"But now Pei Yuxiao's appearance is obviously defeated!"

"..."

Eternal Emperor Zhou looked at Pei Yuxiao, who was silent and dark, and couldn't help exclaiming.

There are still some standing in the distance for a long time, although they dare not talk, but their eyes are very strange.

Pei Yuxiao is a Five-Eternal Eternity, it is too shameful to eat at the hands of the Four Eternal Realm.

"You chopsticks!"

"If you don't want to be my hunting target, just shut up!!"

Pei Yuxiao really couldn't stand the whispers of the eternal emperor around him, and directly shouted in anger.

His hideous and terrifying eyes focused on the most talkative ones, as if a beast was about to eat people.

"His, such a rage, it seems that it is really the same as guessed, the whole army is wiped out!"

"I don't know how many eternal emperors died. I guess at least thirty will go up? It's terrifying!"

"Hurry up, although Kongqing Universe is fighting straight away, but in case Pei Yuxiao is desperate to do anything, we have to explain here!"

"..."

The eternal emperors who watched the good show around were startled by Pei Yuxiao's roar, and then scattered towards the distance.

at this time.

A Sizhou Eternal wearing a white dress and purple stripes walked out of the auction house and came to Pei Yuxiao's side.

"I said that."

"Get out of here!!"

Seeing that someone dared to approach him, Pei Yuxiao's eyes were blood red, furious, and roared like a beast.

But after he roared, he realized that something was wrong. The visitor was wearing the clothes of Kongqing Universe Auction House.

"Senior Pei Yuxiao!"

"In Xiakong, the deacon of the universe, Mingwu, have seen this senior!"

The white-clothed and purple-patterned man stopped, his expression unchanged, and bowed his hand at Pei Yuxiao.

[Chapter 2444: Who is Su Lang?](#)

"You are the deacon of Kongqing Universe!"

"Just right, I'm looking for you!"

"Where is the seller who sells my coordinates!?"

Pei Yuxiao saw that Mingwu was a person from the emptiness of the universe, suddenly his expression was a little awkward, and then some gritted teeth asked.

"Dare to ask, what exactly happened?"

Mingwu's expression remained the same, "Senior told me that he can make a decision only after he has told him."

This statement came out.

The eternal emperors around who were scattered far away, but actually still paying attention to this side, suddenly pointed their ears.

"Tell you!?"

"Huh, it's not convenient to talk here."

Pei Yuxiao's expression changed, and then he looked around, really didn't want to be heard by others.

"Also."

"Senior Pei, please inside!"

Emperor Mingwu Zhou nodded and took Pei Yuxiao into the interior living room of the auction house.

This scene.

Let the people outside a little disappointed.

But seeing that Pei Yuxiao was no longer here, their discussions became more unscrupulous.

"Tsk tusk, I dare not say it in front of everyone, it seems really miserable!"

"Yeah, this is so miserable that I can't afford to lose that person."

"Look, Pei Yuxiao came back alone. Could it be that the people who hunted with him are... all gone!?"

"Hey, it's true. Looking at Pei Yuxiao's appearance, it is definitely the kind of ship that has overturned in the gutter, and the whole army is destroyed!"

"This is big news, the Five Eternals hunting the Four Eternals, the whole army is annihilated, and I am injured and run away!"

"Where is Su Lang so sacred, so strong!?"

"..."

Everyone was talking about it, and the news was spread ten by one, and soon the entire Kongqing universe was known.

Everyone who heard the news was shocked!

The name of Su Lang also spread to everyone's ears.

In a house.

Snapped!

The table was torn apart.

An incredible voice blasted!

"what!!"

"The coordinate was taken from the Five Eternal Eternity, Emperor Yu Xiao Zhou, Pei Yuxiao, but he actually failed!?"

The Emperor Anjue Zhou stood there dumbfounded, his whole body was almost as if he had been struck by lightning, not only was his whole body trembling, but his hair was exploded!

"Pei Yuxiao, the hunt for Su Lang failed!?"

"How is this possible? Impossible! That Su Lang is just a better Four Eternity than us!"

"False, it must be false, this news is absolutely false, I don't believe it!!"

Emperor Yan Yan Zhou sat on the spot, his pupils shrank suddenly, it was incredible!

Simultaneously.

In another house.

The three Four Eternal Eternals of Xiyitai sat there, all smiles.

"Ah ha ha!"

"Let me just say, that Su Lang is a powerful clone, and Pei Yuxiao regards it as the eternal eternity of the ordinary four universes, and he must suffer!"

"Now those two guys Anjue must be troubled by Pei Yuxiao. In addition, Senior Su Lang has also obtained some of their natural cosmic coordinates, and he will definitely not give up. Hei Binglou and Lingyu Wanjie Pavilion will That's it!"

"I'm so glad we apologized and apologized to that senior Su Lang the first time, otherwise we would be miserable too!"

"Yes, yes, when will I find a way to give gifts to that senior again!"

"..."

The people at Xiyitai smiled with joy, and were even more in awe of Su Lang.

In the auction house.

"what!?"

"Senior Pei Yuxiao, you were defeated in the hands of Su Lang, and all your subordinates were wiped out!?"

Ming Wu looked at Pei Yuxiao, who looked terribly ugly, and asked in disbelief.

"Not bad."

"This person's vision is extremely vicious, and his methods are far beyond his peers!"

"And he actually has two eternal emperor soldiers in the eternal peak of the four universes!"

"Even the two companions around him have two weird weapons at the pinnacle of the Three Eternal Realm!"

"In addition, Su Lang is very strange, there is no time and space fluctuation when he shuttles through the barriers of the natural universe!"

"What's even weirder is that I clearly killed him, but he didn't even die, so he dare to taunt me in turn!"

"My trick was only displayed after a burst of various self-harming secret techniques. It is impossible to kill a Four Eternal Eternal!"

Pei Yuxiao squeezed his fist with exposed veins and said hoarsely.

[Chapter 2445: Dog bites dog, slaps](#)

"Can't kill!?"

"Could it be some kind of secret technique for death?"

"However, it's incredible to be able to succeed in the death of Wu Zhou Eternal."

"..."

After Mingwu heard what Pei Yuxiao said, his face was also full of incredible.

He is a four-planet eternal.

But if he fights against the Five Universes forever, he can't live without a breath!

Let alone defeat the eternally led squads one by one under the eternal eyelids of the Five Universes!

"Ming Wu Zhou Emperor."

"I failed this time and suffered heavy losses. All the fault lies in the seller giving me wrong information!"

"Even, I suspect that these coordinates are a trap of the seller. I ask Kongqing Universe to conduct a thorough investigation!"

Pei Yuxiao's eyes were bloodshot, her complexion was stern and twisted, and her body trembled. He was obviously angry again, unbearable!

"Understood!"

"The Emperor Anjue and Emperor Yanyan who sold you the coordinates are still waiting in the empty blue universe."

"We will arrange for you to meet now!"

"In addition, this matter is more involved. I will report to my superiors and let the stronger Emperor Zhou come to deal with the matter."

Mingwu nodded, and immediately stood up, "Please also seniors to be here later."

"Okay, you quickly bring them!"

Pei Yuxiao also nodded, his voice hoarse and grief.

The other side.

Emperor Anjue and Emperor Yanyan were still standing in the yard dumbfounded, and the turbulent waves in their hearts almost washed away their skulls!

In their minds, there were also Su Lang's figure, that man actually turned the Five Eternity all over!

Thinking of this.

They were all trembling with fear!

At this time.

The door was suddenly opened!

"Emperor Anjue, Emperor Yanyan, come with us."

The visitor was wearing a white dress with purple stripes.

An Yue and Yan Yan Zhou knew that no matter how they explained now, it would be useless.

The only thing useful is communication and investigation.

They followed Mingwu.

quickly.

Just came to a reception room of the auction house.

Pei Yuxiao sat there with a gloomy expression, and when he saw Emperor Anju Zhou and Emperor Yanyan Zhou, his calm expression suddenly became sullen!

"Okay!"

"It's you, how dare you set me down and wipe out the entire army of 72 eternal emperors under my command!!"

Pei Yuxiao stood up and tremblingly roared at Emperor Anju Zhou and Emperor Yanyan.

In that way, it was almost as if they were about to pounce on Anjue and Renyan to kill them alive.

And the powerful aura of his Five Eternal Realm really scared Emperor Anju Zhou and Emperor Yanyan to pale and cold!

"we do not have!"

Emperor Yan Yan Zhou said with an ugly expression.

"fart!"

"I must kill you!"

Pei Yuxiao rushed towards Emperor Anju Zhou and Emperor Renyan with grief and anger!

Pop!

Pop!

Before Emperor Anjue and Emperor Yanyan could react, they were severely slapped by Pei Yuxiao!

The two fell in the middle in an instant, and the two faces slammed into each other, and blood was splashed!

"stop!!!"

Emperor Mingwu Zhou also didn't expect that Pei Yuxiao could not help but screamed out!

at this time.

"Dare to do it in the empty sky, kneel down for me!"

A very majestic voice came, and a more terrifying aura came, directly pressing Pei Yuxiao's knees and knelt down!

Immediately after.

A figure appeared out of thin air.

"I have seen Master Minghua!"

Mingwu salutes the visitors respectfully.

Pei Yuxiao, An Jue, and Ren Yan saw that the person here was a square-faced old man who was not angry with himself.

His cultivation level has even reached the Six Eternal Realm!

"See, I met Senior Minghua!"

After reacting, An Yue and Renyan also hurriedly saluted respectfully, with awe in their eyes.

"Senior, know your mistakes, please forgive me!"

Pei Yuxiao was directly frightened and weakened, and his heart was extremely frightened.

"Humph!"

"If there is another time, die!"

"I have limited time, so get to the point."

Emperor Minghua asked with an indifferent expression, "An Jue, Renyan, Pei Yuxiao questioned whether you gave him a suit, is it true?"

#### [Chapter 2446: Sixth level, Emperor Minghua](#)

"Absolutely not!"

"We and Su Lang are also enemies!"

"My good friend Che Yuan Zhou Emperor, and his companion Liu Bai Zhou Emperor, were all beheaded by Su Lang!"

"At that time, we blew up our weapon and escaped."

"We are here to wait for the coordinates of the universe, all to report the wave of recovery."

"What I never expected was that Su Lang's strength would become so strong, which caused Pei Yuxiao to suffer a big loss."

"Perhaps, what Pei Yuxiao encountered was not Su Lang at all, but the rest of the strong."

"..."

An Jue and Emperor Yan Yan Zhou quickly explained.

"Senior Minghua!"

"I don't believe them!"

"Su Lang has become so much stronger in a short period of time in the grassroots universe, it's totally fantastic!"

"Even if Su Lang can go to the higher cosmos to practice, it is impossible to improve so much in this time!"

"Also, Su Lang's weapons are a whole small level stronger than the intelligence, which is even more unreasonable!"

"..."

Pei Yuxiao obviously did not believe the words of the two Anjue.

After listening to them, Emperor An Yue and Yan Yan Zhou suddenly became anxious, and they were too busy to explain again.

"Don't talk about it."

"You don't believe each other, then I will investigate."

Minghua showed a hint of impatience in his eyes, "Let's go, go to the Genluo universe in your mouth!"

He came down from the upper universe.

Staying here for an extra second will waste many days in the upper universe!

"Yes!"

"This is the coordinate of Gen Luo waiting for the universe!"

An Jue and Renyan both took out the coordinates at the same time.

"I still have the breath of Su Lang!"

Pei Yuxiao also took out a breath of breath and handed it to Emperor Minghua Zhou.

"go!"

Emperor Minghua glanced at the coordinates, received Su Lang's breath, immediately grabbed the four of them, and unfolded the power of the Great Way of Time and Space!

After several rounds.

Entered the Genluo universe through a deserted springboard universe.

at the same time.

Milan in the natural universe.

"Ok!?"

Su Lang's expression changed, "Someone has entered the Genluo universe!?"

Anyway, being able to set up an array with a thought, he had long left an induction array in a hidden place in the universe such as Gen Luo.

At this time, Emperor Minghua and other five people came to Genluo Universe together, and he was immediately discovered!

"It should be Pei Yuxiao who brought people here again!"

"Returning so soon, the injury will not be dealt with, is this bringing a stronger person?"

"According to speculation, he will go to the Kongqing Universe to find trouble with Emperor Dark Jue. This matter involves the auction house of Kongqing Universe, and the people from Kongqing Universe must have participated."

"Kongqing Universe, an eternal realm exchange and trading platform that is suspected to have a high-level cosmic background, I'm afraid it will not be weak."

"..."

Thinking of this, Su Lang immediately sent a large number of treasure hunting flying flying ducks to various places in the Genluo universe.

Especially where he used to stay.

really!

quickly.

He saw a group of five people, and Pei Yuxiao, An Yue and Ren Yan were among them!

"The other two."

"One is called Minghua, the Six Eternal Realm, and the other is Mingwu, the Four Eternal Realm."

"They are all wearing white and purple-patterned robes, they are the people of the empty blue universe!"

Su Lang raised his eyebrows, and the secret path of the six universes was coming, and he was taken seriously.

at this time.

The shared perception suddenly went dark, and the treasure hunt flying flying flying was killed.

"Ah."

"You can check it out."

Su Lang ticked the corner of his mouth and continued to transfer and accept the universe of eternal life.

In other words, the flow of time in the basic universe is too slow.

Everyone else had quarreled in the empty blue universe and came to investigate, and only then did he incorporate the first eternal life universe into the crystal wall universe.

Moreover, in the current natural universe, the cosmic energy has temporarily dried up, and the efficiency of the one-key cultivation function has dropped to the bottom, and it takes only one second to accumulate a martial arts cultivation base, which is slow.

In the Gen Luo universe.

"What the \*\*\*\* is this?"

"Without spiritual power, like a mortal thing, it actually has the speed of half a step in the eternal state!"

Emperor Minghua Zhou and Emperor Mingwu Zhou were very surprised when they saw the treasure hunting flying flying flying glider for the first time.

"This, the juniors don't know."

"I only know that these are in the natural universe."

"But they are definitely not ordinary, they are probably the 'eyes' left by Su Lang!"

"..."

Pei Yuxiao, An Ju, and Emperor Yan Yan Zhou said each and every word.

[Chapter 2447: How do Su Lang let me wait](#)

"Su Lang's 'eyes'?"

"This Su Lang is really extraordinary."

Emperor Minghua originally wanted to collect some treasure hunting flying gliders for research and cultivation.

But after knowing that it was Su Lang's 'eye', he cautiously gave up this plan.

Immediately after.

Under the leadership of An Jue and Ren Yan, everyone came to the place where the battle began.

In fact, the battle to slay Cheeyuan and Liubai has only passed for less than half an hour.

Su Lang's swallowing clone status is still there!

To the ground.

Without saying a word, Emperor Minghua opened the Avenue of Time and began to look back at the entire process of this war!

Suddenly.

Under the gaze of five people.

The empty space of the universe begins to turn back in time!

quickly.

Everyone saw the "upside down" battle.

of course.

This is just an illusory image.

However, seeing the four figures of Emperor Anju Zhou and Emperor Yanyan who shuttle through the barriers of the natural universe appeared, the eternal emperor soldiers who exploded were restored to their original state...

Soon.

At a certain moment.

Emperor Minghua again manipulated time to turn the illusory scene of retrospect from backward to forward.

This allowed everyone to see the entire process of Su Lang's battle against Anju and others more clearly and intuitively.

"hiss!"

"This Su Lang is too tough, he is invincible at the same level!"

"That kind of weird technique of sealing space, you can draw an enemy into it, you only need to face one target, you can advance or retreat!"

"That sword is also extraordinary, and with that sword aura, the eternal Emperor Zhou that was pierced died in an instant, it's incredible."

"..."

Ming Wu looked at the phantom single-handedly singled out two Four Eternals, and directly killed one Su Lang, stunned.

He compared himself with Su Lang, and instantly felt that he was a weak group.

at the same time.

"Senior, look!"

"We are not lying!"

"Then Su Lang was at this level of combat power at the time, and our intelligence is not wrong!"

"It's just that when we successfully escaped and went to the empty blue universe to sell coordinates, he suddenly became stronger!"

"..."

Emperor Anju Zhou and Emperor Yan Yan watched the scene of their companion being killed, and said with some sadness.

"Well, you can basically rule out your suspicion of setting up a set."

Emperor Minghua nodded slightly, "Go, and look at other places."

This statement came out.

Pei Yuxiao's expression suddenly changed.

He made a mistake in his judgment.

The two Emperor Anjue Zhou didn't set up any tricks at all.

But he did it on the two in Kongqing Universe, directly hitting blood.

"Damn Su Lang!"

Some of the restless Pei Yuxiao gritted his teeth fiercely.

Soon.

The five came to the Guangyu Universe together, which was the lair of the Emperor Guangyu.

After arriving here.

They were detected by Su Lang's secret formation.

"Oh?"

"Appeared in Guangyu Universe?"

Su Lang's heart moved, and he sent some treasure hunting flying flying gliders over.

Soon I saw Minghua Zhoudi and others again.

Simultaneously.

Treasure hunting flying flying gliders were also found.

"It's Su Lang's mouse!"

"This rat is spying on me again in secret!"

Pei Yuxiao, An Jue, and Renyan, seeing the treasure hunting flying flying ducks are like seeing Su Lang himself, and they can't wait to swallow them alive!

"Su Lang?"

"I want to see, by what means did you kill so many eternal emperors!"

Emperor Minghua didn't attack the treasure hunting flying flying flying again this time, but taking a treasure hunting flying flying flying to his side, and said lightly.

Immediately after.

He unfolded the Avenue of Time again, looking back in time to see why it happened.

then.

Everyone saw a very incredible scene

——Su Lang killed eight eternal emperors with one sword and one man, among them, one of them was similar to that of Anju and others!

"what!"

"How can this be!"

"He is only the Four Eternal Realm!"

"How can a four universe eternity be so strong? How can this make me wait?"

"..."

Emperor Ming Wu Zhou saw Su Lang beheading the eight eternal Emperors with a single sword, and he directly doubted his life and himself.

He knew that Emperor Wu Zhou was also a generation of Tianjiao in the eternal realm.

But take a look now.

Compared to Su Lang, he is no longer a weak group, but he is not worthy of shoes!

Simultaneously.

Emperor Anjue and Emperor Yanyan also opened their mouths incredibly, standing there like clay sculptures!

[Chapter 2448: This son is the real eternal pride](#)

They knew that Su Lang had become stronger.

I also know that Su Lang caused Pei Yuxiao, the Five Eternals, to suffer a big deflation.

But it never expected.

Su Lang can become stronger to such a terrifying level!

If they were fighting against Su Lang, they would definitely not survive this kind of combat power!

The endless Hou fear appeared in the hearts of An Ju and Yan Yan Zhou, making them unable to help but sway.

Immediately after.

The two looked at Pei Yuxiao, and a trace of luck could not help but rise in their hearts.

"Slay eight eternal emperors with one sword!"

"This Su Lang is actually so powerful to this level?"

"If you give him some more time, I'm afraid that he can leapfrog and fight?"

"Fighting by leapfrogging in the eternal realm, it is incredible to think about it!"

Emperor Minghua also felt incredible. He couldn't help but look at the treasure hunting flying flying glider, his heart full of stormy waves.

But what he didn't know was.

Su Lang is already fighting by leapfrogging!

Moreover, it crosses two small realms from the Two Eternal Eternity, and directly reaches the level of invincibility within the Eternal Four Eternity.

If you let him know.

I don't know if he doubts life and the world like Emperor Mingwu Zhou!

at this time.

Through the treasure hunt, flying flying gliders looked at Ming Hua and others who were so shocked.

The corner of Su Lang's mouth slowly outlined a small smile.

Soon.

While accepting the universe of eternal life, he continued to observe Minghua and others with the eyes of the treasure hunting flying flying.

But seeing Emperor Minghua Zhou used the Avenue of Time to constantly look back in time, making Su Lang's battle appear many times throughout.

Every time.

Minghua was amazed.

Mingwu doubted life for it.

And Pei Yuxiao, watching the scene of his subordinate being slaughtered by Su Lang again and again, almost vomiting blood!

The key is he still dare not speak up.

In case of offending Emperor Minghua Zhou, even if he is not dead now, he will not live long.

It is so easy for people in the upper universe to deal with people in the lower universe!

"This son is the real eternal pride."

"Even if the eternal emperor's long sword is eliminated, his combat power is the best of his class."

Emperor Minghua murmured, then waved his hand to cancel the time trace, and the illusory scene dissipated.

Immediately after.

Everyone moved on to the next natural universe destroyed by Pei Yuxiao's team.

This time.

Looking back in time, Minghua and the others saw Su Langna's Xing Cuanyun He clone using the Zijin Gourd and Qibao Miaoshu.

This look.

Suddenly everyone was shocked!

"what!?"

"Except for Su Lang, this eternal emperor is also so powerful!?"

"The two weapons are really weird, one can directly \*\*\*\* the weapon, the other can directly arrest people!"

"This is definitely refined from the innate treasures that are born in the universe and have strange characteristics, and then it took countless time and energy to create it!"

Emperor Minghua looked at Su Lang's Xing Cuanyun He clone, shocked.

Because what I saw is just a phantom scene that looks back in time.

So he didn't see through the disguise of the clone, and found that it was the truth of Su Lang's clone.

In addition.

Xing Cuanyunhe had never faced Pei Yuxiao face-to-face before, so Pei Yuxiao didn't know that those two were actually Su Lang's clones!

at this time.

Seeing Su Lang's Xing Cuanyun He clone easily killed an eight-man team.

Emperor Minghua Zhou couldn't hide his horror, and Emperor Mingwu Zhou looked stiff, and his self-confidence was once again rubbed on the ground!

Su Lang is so perverted by himself.

Now another one appears!

Even if it is so inferior to Su Lang, he is far better than Emperor Wu Zhou, and it is simply the kind that is beyond reach!

An Yue and Emperor Yan Yan Zhou were also shocked and speechless.

They had seen Qibao Miaoshu and other weapons with their own eyes before.

At that time, those weapons were only an eternal realm.

But at this time, it seems that all of them are the eternal emperor soldiers of the three universes!

This is incredible!

"Go, next one!"

The light flickered in the eyes of Emperor Minghua Zhou, and immediately opened the Avenue of Time and Space, continuing to explore the next battlefield.

This time.

They saw Su Lang's second Xing Cuanyun He clone.

This avatar used Jinghua Shuiyue and Piercing Lock, which was extremely exaggerated in battle.

When Minghua Emperor Zhou and others looked at it, their mouths opened wide!

[Chapter 2449: The olive branch of Emperor Minghua](#)

"This, this, how is this possible!"

"Those eternal emperors, who were slashed by the volley, remained motionless. They were even penetrated by the eternal emperor's soldiers. They didn't react until they died!"

"It's so weird, what exactly does that knife exist!!!"

"..."

Emperor Minghua Zhou, Emperor Mingwuzhou, and Anjue all lost their voices in horror.

Even Pei Yuxiao, who saw his subordinates being killed all the way before, saw this scene again, and felt that he was having a nightmare!

Such a powerful eternal emperor team.

Just died silently!

The point is that those two cosmic eternal realms didn't react at all, and even looked relaxed, as if they were facing something pleasing.

It must be known that they are facing death!

"This knife is too weird!"

"Definitely one of the eerie eternal emperor soldiers I have ever seen!"

"This eternal emperor is also a perverted and powerful man who is not much inferior to Su Lang, and is almost invincible to the four eternity!"

Emperor Minghua couldn't help taking a breath, his heart full of stormy waves.

For Su Lang and his Xing Cuanyun avatar.

Emperor Minghua also became more interested and more cautious!

Next.

Emperor Minghua Zhou and the others continued to look at the rest of the natural universe, watching the entire battle of Su Lang from beginning to end!

Then Emperor Mingwu Zhou turned his head down and silent, looking autistic.

Emperor Anjue and Emperor Yanyan became more frightened, and the image of Su Lang in their hearts had become scary like monsters.

Pei Yuxiao became more angry and resentful.

After the facts surfaced.

Emperor Minghua also looked back for a long time one after another, checking the battle process in front of his Pei Yuxiao again and again.

This is simply not taking him seriously!

But he could only hide his suffocation in his heart, and silently endure the pain and shame.

For Su Lang, the hatred is even stronger.

Pei Yuxiao swears that he has never hated an enemy so much in his entire life!

at last.

In Pei Yuxiao's long wait.

"call."

"Today is really a long experience."

Emperor Minghua exhaled a long sigh, and stopped looking back in time.

Immediately after.

He looked at the treasure hunting flying flying glider in his hand.

This is Su Lang's 'eye' and also the bridge between him and Su Lang.

After pondering for a long time.

Under the gaze of Emperor Mingwu Zhou and others.

Emperor Minghua slowly spoke.

"Su Lang."

"You are very talented, and your fighting ability is unparalleled in the world. I was far inferior to you."

"I don't know where you came from, but you are just four universes eternal, presumably not from a particularly distant universe."

"Among the large cosmic regions nearby, the empty blue universe is the largest gathering place for eternity."

"And the sky blue universe is just an eternal platform under the command of the high-level natural universe "Dou Du"."

"My name is Minghua, and I am the person in charge of the Sky Blue Universe under the command of 'Doudu'. In the 'Doudu', I have a certain identity."

"Su Lang, if you wish, you can lead your companions to accompany me to the 'Dou Capital'."

"There, you will get more training resources and a more terrifying flow of time!"

Emperor Minghua looked at the treasure hunting flying flying flying flying, with a sincere expression on the olive branch.

Although Su Lang's identity is still unknown.

And the increase in strength is incredible, and there are all kinds of doubts.

However, Emperor Minghua speculated that Su Lang should still come from the cosmic domain within the radiation range of the upper cosmic rule of "Doudu".

otherwise.

With the cultivation base of the Four Eternal Realm of Su Lang, no matter how powerful it is, it is difficult to cross the countless natural universe to come here.

Not to mention.

If he had crossed over from the rest of the universe, his figure would have been exposed long ago, how could he appear in this place silently.

At last.

Emperor Minghua has very strong confidence in the strength of the high-level universe of "Doudu"!

Even if Su Lang is recruited, if something really comes out, it will definitely be suppressed easily!

at this time.

Some words from Emperor Minghua Zhou.

Directly let Pei Yuxiao, Anjun Zhou Emperor and Yanyan Zhou Emperor thunderously tremble all over, as if seizure!

### [Chapter 2450: High-level universe](#)

what! ?

Emperor Minghua Zhou is soliciting Su Lang! ?

Shouldn't he reconcile the conflicts between himself and others, and then go after Su Lang! ?

After all, Su Lang is a weird and powerful person from an unfamiliar universe!

and.

If Su Lang really agreed.

Wouldn't it be a matter of a word to look back to clean up them! ?

No, no!

Never let Emperor Minghua Zhou solicit Su Lang!

"Senior Minghua!"

"This, this must not be!"

"Then Su Lang is so weird, we should get rid of it and hurry up!"

"..."

Pei Yuxiao was so suffocated that he was about to vomit blood, and couldn't help it anymore and said anxiously.

"Are you teaching me to do things?"

Emperor Minghua looked at Pei Yuxiao coldly, squinted his eyes, and instantly slapped Pei Yuxiao's face.

"Snapped--!!!"

Pei Yuxiao's head was directly deformed, blood spurted out of his mouth, and a dozen teeth were mixed!

However, Emperor Minghua's power was controlled perfectly.

Not only did he not pump Pei Yuxiao to death, or even fly him away, but instead turned it around several times.

"Humph."

"I dared to beat people in my empty blue universe before."

"Now I dare to intervene in my decision!"

Emperor Minghua's expression was cold and cold, as if he was about to freeze the surrounding universe.

"Senior forgive me!"

"Senior forgive me, the junior knows the mistake, the junior knows the mistake!"

Pei Yuxiao's head was still buzzing, but he knelt down instinctively.

"I will spare your life again."

Emperor Minghua had a bitter killing intent in his eyes, "One more time, you are really going to die!"

"Yes!"

"Junior will never dare anymore!"

Pei Yuxiao kept kowtow apologizing, and looked miserable like a beggar.

Emperor Anjue Zhou and Emperor Yanyan also wanted to speak.

But with Pei Yuxiao's lesson, he was so frightened that his legs became soft and he was urinating. How dare to speak?

Not to mention.

Originally, Kongqing Universe was just an exchange and trading platform for the eternal emperor.

Now Emperor Minghua led a team to investigate here, only to resolve the contradiction between the buyer and the seller.

For the rest of the matter, what Emperor Minghua Zhou made had nothing to do with them.

"It's over!"

"This kid Su Lang will definitely agree!"

"Should I run away now? If I don't run, I will probably die!"

"But Minghua is here, so I dare not leave easily, otherwise he will be offended and he will die faster!"

"You must find a way to get out, and then quickly find a secret natural universe that no eternal emperor knows, and wait for tens of billions of years!"

"..."

Pei Yuxiao's face was as gray as death, and Emperor Anju Zhou and Emperor Yanyan stayed in the corner and did not dare to move. They were terrified.

at the same time.

Emperor Mingwu Zhou looked at Emperor Minghua Zhou, and his heart became even more sad.

The high-level universe is the dream destination of many eternal emperors in the large cosmic region nearby.

In the upper universe, the flow of time is fast, and the energy concentration of the universe is very high.

The key can also be condescending, hunting a large number of lower-level grassroots, and even the middle-level natural universe!

This is the main source of abundant resources!

So in Mingwu's opinion.

Su Lang will definitely agree.

After Su Lang entered Doudu Universe.

Not to mention that he didn't know anything about the so-called genius of Emperor Wu Zhou.

He will always live in the shadow of Su Lang until he gets used to it.

The other side.

"Oh?"

"This Six Universe Eternity actually recruited me?"

"The high-level universe's fighting capital, with faster time flow, stronger cosmic energy, and easier access to cultivation resources such as the origin of the universe."

"It's really tempting!"

Su Lang listened to Emperor Minghua Zhou's words through the treasure hunt flying flying, and a slight smile was drawn at the corner of his mouth.

The temptation is great.

But he would not agree, at least not now.

Minghua Emperor Zhou looked on his face, he was full of goodwill and sincerity.

But Su Lang knew.

Emperor Minghua also really wanted to know the secrets in him.

No one wants to know how an eternal emperor soldier can directly advance to one or even two small realms in a super short time!
