

One Click 2461

[Chapter 2461: Hurry, go for help](#)

but.

Death did not come.

On the contrary, a warm light shone, making them panic and despair, and their feelings of splitting liver and gallbladder were greatly relieved.

"Everyone, don't be afraid."

"We are not enemies, so we won't hurt you."

"..."

The avatars of Xing Cuanyun and He urged the eternal realm of bright light to the extreme, and constantly assimilated those guardians.

The eternal warrior of Yizhou was almost confused on the spot.

The rest of the two cosmos eternal realm did not last long. After three breaths, he put down all guards and his expression returned to ease.

In his eyes, a trace of worship gradually rose.

"Keep the brain blank."

"Don't have any thoughts."

Su Lang controls the clone and guides those eternal martial artists.

even though.

At the level of the Supreme Emperor, the soul will be completely integrated into the body, and there will be no situation where the fire of the soul is controlled.

Therefore, some abnormal thoughts will not cause the attention of the controller above them.

But the eternal realm has many means.

Just in case, Su Lang still asked those eternal warriors temporarily controlled by Mingguang Ten Thousand Realms not to have any thoughts.

All the controlled people also did what Su Lang said, keeping their brains blank.

"Next."

"With extremely fast speed, think of all the natural cosmic coordinates you know!"

"Never say it!"

Su Lang controlled Xing Cuanyun and the clones and gave orders again.

This is to get more natural cosmic coordinates from these people.

Su Lang had encountered it before, the eternal warrior was banned, and once he revealed some natural cosmic coordinates, he would die.

Therefore.

Su Lang would be so cautious.

at this time.

The controlled eternal warriors thought about the coordinates they knew according to his instructions.

It's all gone in my mind.

But it has been caught by Su Lang using his "Taixintong".

"well!"

"Get another thirty-six coordinates!"

"Hei Binglou got seventeen, and Ling Yu Wanjie Pavilion got nineteen!"

The natural cosmic coordinates he had just obtained appeared in Su Lang's mind, and a smile was drawn at the corner of his mouth.

but.

He still did not kill these eternal realms!

"right now."

"Start asking for help!"

"Just say that the invaders are stronger than you, so we ask for support, but we don't need too strong support!"

"..."

Su Lang controlled the avatar of Xingcuanyun and said to the eternal warriors who had assimilated into the world.

"Yes!"

Hei Binglou and Ling Yu Wanjie Pavilion were assimilated by Su Lang's eternal warriors, immediately follow suit!

First, turn on the cross-universe communication device.

Then send the message.

quickly!

Someone responded and would send three Second Universe Eternal Realm warriors again.

In the black ice building.

An eternal warrior of the Three Realms is frowning.

"what happened?"

"The three two-plane eternal realms can't handle each other?"

"I don't know where the person was killed."

"However, our Black Ice Tower has developed to this day, and many people have offended it, but it is hard to be sure."

"Finally, send someone to solve it first, and then you will know who the **** are the ones who don't know the height of the earth."

"Huh, it's better to catch a lively mouth and come back to let me vent some emotions, the previous Su Lang really scared me to death!"

"..."

Sanzhou Eternal thought while giving orders.

Soon there will be three eternal warriors of the Second Universe, sent to the natural universe for help.

Soon.

The eternal warrior of the three universes waited quietly.

In his opinion.

Good news will come soon.

The other side.

Not long after Su Lang's four star Cuanyun conjoined clones waited long, they sensed the fluctuations in time and space.

Wow!

The tsunami-like fluctuations in time and space swept away, and the location was not far away.

Because the people in the Black Ice Tower are very familiar with this universe, naturally they can directly anchor the center of the universe for teleportation.

at this time.

"What about the enemy!?"

"Where are the people? They are just a little bit stronger. Once we come, they will definitely die!"

"Hahaha, hurry up, I hope these guys who come here will not be too poor!"

"..."

With a little excitement in their hearts, the three two cosmic eternal realms showed their figures.

[Chapter 2462: You continue to request support](#)

however.

When they saw the scene in front of them clearly, they instantly thundered and stiffened!

Because there are four eternal realms in front of them! !

Moreover, the eternal guardian warrior on his side was also standing by those people, without any intention of resisting, it seemed like a follower.

"what happened!"

"Didn't it mean that the enemy is only stronger than us!"

"How can there be four Four Eternal Realms here!"

"Our people, it seems to be controlled, this is a trap!"

"Run, we fell into a trap!"

"..."

Stormy waves rose in the hearts of the three second universe eternal realms, and immediately began to flee.

but.

A mere two-time eternal realm.

How to escape in front of the Four Eternal Realm?

What's more, the eternal warrior of the four universes is still Su Lang's clone, controlling all kinds of incredible methods!

"Read the seal space!"

"Mingguang Wanjie!"

Su Langxing gathers the clouds and separates his mind and body, and each pulls a second cosmic eternity into the Nianfeng space.

Then the bright and warm light shed and began to assimilate those warriors.

Even those eternal warriors of the Second Universe knew that these comfortable lights were actually terrifying killer moves.

But knowing is one thing, and being able to resist is another.

Obviously.

Like the people before them, they couldn't resist at all.

A few breaths.

These later three two cosmic eternal realms.

Also reduced to Su Lang Mingguang's slave under the Ten Thousand Realms!

Simultaneously.

The same goes for Ling Yu Wanjie Pavilion.

The supported warrior fell into the Mingguang Ten Thousand Realms!

"Continue to ask for help!"

"That said, the enemy also has reinforcements, and there are a few more Second Universe Eternal Realms. Let us send four more Second Universe Eternal Martial Artists!"

"Also, if you have already figured out the identity of the enemy, you can watch it yourself."

Su Lang looked at the eternal warriors who had been assimilated by the Mingguang Ten Thousand Realms, smiled and gave orders again.

"Yes!!"

Among the eternal warriors of the two universes, one person took the order, and then used the cross-universe communication device to send out the request for help.

This news passed through the professional intelligence organization of the Black Ice Tower and quickly reached the hands of the Three Eternal Realm.

"what?"

"The enemy has reinforcements again?"

"Oh, it turned out to be that little Universe Domain. At that time, my Black Ice Tower looted a few universes, and even killed it with a grudge?"

"Hehe, really a group of beam jumping clowns, with this strength, they dare to do something against my Black Ice Tower!"

"..."

There was a thick sneer on the face of the Three Eternal Warriors in the Black Ice Tower, and then four Eternal Warriors of the Second Universe were immediately dispatched to support the past!

The same goes for Ling Yu Wanjie Pavilion.

Although I feel a bit suspicious.

But the subordinates have already ascertained the identity of the enemy, so there is no need to be suspicious, just do it.

then.

Hei Binglou and Lingyu Wanjie Pavilion both sent a second wave of support and arrived in their respective universes that "need support".

In addition.

This matter still didn't get to Emperor Anjue and Emperor Yanyan.

So these two guys still don't know anything about it.

Even if he knew it, he would only be suspicious.

at this time.

The two forces "need support" in the natural universe.

The second wave of support arrived separately.

Then, like the warriors in the first wave of support, when they saw Su Langxing Cuanyun He cloned, they were instantly stunned!

Immediately after.

Do not wait for them to escape.

Su Lang's Xing Cuan Yun He Cun's old trick was repeated, Nian Feng Space added light to the Myriad Realms, and it was so reliant, accept them all!

"Come and come."

"Everyone, think about the coordinates of the natural universe that you know."

"Attention, don't be too deliberate!"

Looking at the more eternal warriors of the Second Universe in front of him, Su Lang laughed, unfolded his heart, and began to detect people's hearts.

quickly.

Su Lang once again obtained some natural cosmic coordinates of the Black Ice Tower and Lingyu Wanjie Pavilion.

"Now you continue to ask for support!"

"It's said that the opponent has the Three Eternal Realm as the trump card, so quickly send more eternal warriors to support!"

After obtaining the coordinates, Su Lang once again let the surviving warriors in front of him deceive more eternal warriors!

then.

The previous eternal warrior of the Three Realms of the Black Ice Tower quickly got news.

"what!"

"The other party actually has the Three Eternal Realm."

"Hehe, it's no wonder that I dared to stroke my tiger's whiskers in the Black Ice Building."

"Unfortunately, there are more than 20 Black Ice Buildings in the Three Eternal Realm!"

"Three universes are eternal, if you can catch this person alive, you might be able to gain a lot!"

"..."

The Eternal Martial Artist of the Three Realms of the Black Ice Tower was surprised and stunned, and immediately sneered again.

[Chapter 2463: Emperor Anjue fooled](#)

In this black ice building eternal warrior's point of view.

With one's own strength, dealing with the other party is as easy as a piece of cake!

"You have to act quickly."

"Otherwise, the opponent will not be able to attack for a long time, and they will definitely retreat because they are afraid of my Black Ice Tower's strength!"

"In that case, you won't be able to get more loot!"

"..."

Heibinglou Three Eternal Warriors thought so, almost wishing to rush to the battlefield immediately.

but.

according to rules.

The dispatch of the Eternal Realm of the Three Universes of the Black Ice Tower must be approved by the host, An Ju.

and so.

The eternal warrior of the Three Realms of the Black Ice Tower still suppressed the impulse in his heart.

Then, using the cross-universe communication device, he contacted Emperor Anjue, and informed Emperor Anjue of the whole story.

"An enemy fought here before!?"

"Could it be that I heard some wind and knew that I had suffered a big loss in the Black Ice Building, and then I started to do it!?"

"Hmph, the little grasshopper dare to jump in front of me, do you think you are Su Lang?"

"Go, take someone to kill all those people for me, and if you can catch it, catch it!"

After hearing the news, Emperor Anjue frowned and showed anger, and immediately turned into a thick sneer.

Like the idea of the eternal warrior of the three universes, he did not doubt the authenticity of the intelligence at all.

Although the figure of Su Lang appeared in his heart, he was immediately ruled out.

the most important reason.

It is that the subordinates have accurately reported the origin of the enemy.

Secondly.

In An Jue's view.

Su Lang had just won a big battle, and he was dealing with a powerful opponent like Pei Yuxiao!

Well.

Calculating the time, it was less than two quarters of an hour before the end of the war.

In such a small amount of time, it is too late to restore the power of the universe, how could Su Lang immediately attack the others! ?

Moreover.

Su Lang's possibility of obtaining the coordinates of the natural universe under the command of Heibinglou is also very low.

and so.

Emperor Anjue didn't think much, and directly issued an offensive order.

He couldn't think of it.

Su Lang has a method that can subdue the enemy in a very short time, forge military information, and create illusions!

At this moment.

In order to catch alive.

The Three Eternal Realm of the Black Ice Tower directly summoned three three eternal realms of the Three Realms, a total of four people, and set off together!

In his opinion, four hits one is totally enough.

The other side.

Su Lang controlled the four stars Cuanyun He clones, and constantly displayed the bright world to the eternal warriors in front of him.

so far.

He has controlled ten two-cosmic eternal realms and one one-cosmic eternal realm.

"Well."

"There is no undead in a war."

"If none of them died, it would be a bit fake."

"It's better to kill two or three to make the 'war' more real."

While thinking about it, Su Lang asked the clones to take action to kill the One Eternal Realm and the Two Two Eternal Realms.

Suddenly.

Three system prompts came.

A lot of loot entered the storage space!

In the black ice building.

Emperor Anjue holds the fate of all eternal warriors in the Black Ice Tower.

As soon as the person below died, he would immediately know it through the life card.

"Three died in battle?"

"The two Second Eternal Realms are dead!"

"Damn it, after catching it alive, he must sink into endless pain for eternity."

Emperor Anjue cursed in his heart, but he believed even more in the authenticity of the "war".

The other side.

Su Lang killed the three eternal warriors, and then continued to wait and see.

Because I know that this time there will definitely be the Three Eternal Realm.

And the Three Eternal Realm, the strength is stronger, the escape method is stronger.

and so.

Su Lang simply asked Xing Cuanyun He clone to cover up his aura, pretending to be the realm of Three Eternal Eternity and Two Eternal Eternity.

And also let Xing Cuanyun He clone a part of it, forming seven or eight two universe eternal realm Hundred Shadow clones.

This is not over yet.

Su Lang also made those Black Ice Tower eternal warriors and clones pretend to fight.

It was very, very lively, very, very intense!

In order to be more real, people are injured from time to time.

Of course the injured are the eternal warriors controlled by the Black Ice Tower!

Not long.

Four temporal and spatial fluctuations came.

Immediately afterwards, the four three-plane eternal realms appeared.

[Chapter 2464: Mirror Flowers, Water and Moon, and Bright Light World](#)

"Look! There is a big battle ahead!"

"Dog miscellaneous! I dared to do something on my Black Ice Tower. I really don't know how the dead word is written!"

"Our people are at a disadvantage, **** it, another one died, kill it!"

"Don't worry, disperse first, surround those choppy pieces, and catch all those who can catch alive!"

"..."

The four eternal warriors of the three black ice towers, seeing the battle that took place in front, were even more convinced, and rushed forward instantly!

In a blink of an eye.

The four of them reached the attack range of Su Langxing Cuanyunhe clone.

"Four three universes eternal?"

"I've seen the one headed before. It should not be low in the Black Ice Building."

"He must know the coordinates of most of the natural universe in the Black Ice Tower, including the natural universe where Emperor Anjue is located!"

"Once this person is controlled, the natural cosmic coordinates of the Black Ice Tower will basically be obtained."

"With these coordinates, you can hunt down Emperor Anjun Zhou and Emperor Cheyuan Zhou."

"However, the best way is to attract Emperor Anjun Zhou and Emperor Cheyuan Zhou over and catch them all!"

"Otherwise, if I kill and be sensed by time and space fluctuations, they will most likely run away immediately."

Su Lang thought silently, and quickly made a decision in his heart.

Just then.

The eternal warriors of the Three Realms of the Black Ice Tower have already reached the front!

"Brothers, kill with me!!"

The eternal warrior of the three universes led by the roar of the trembling universe, fiercely brandished the weapon in his hand.

The same is true for the other three.

however.

A scene that made them extremely surprised appeared.

But seeing their 'owners', those two cosmos eternal realms, they stopped fighting and put down their weapons!

Not only that.

The enemies of the Eternal Realm of the Second Universe who were fighting with these "owners" have all disappeared!

"What the hell!?"

"What on earth are you going to do!? Charge me!"

"Something's wrong, there is a problem!!"

"..."

The four Black Ice Towers and Three Eternal Eternity were at first shocked and angry, and then felt very bad!

however.

Did not wait for them to reflect.

A piece of gray space sealed them all in it!

"This is... Su Lang's method!"

"These are Su Lang people!? No, this is not true!"

"The person here is clearly a former enemy, how could he suddenly become Su Lang's subordinate!!"

"It's over, it's Su Lang's people. Even Emperor Liu Bai Zhou is better than beheaded. Can I escape?"

"The distress signal was stopped, we can't get support!"

"..."

The eternal warriors of the four black ice towers are terrified!

But soon.

Three of the eternal realm warriors discovered that the one who pulled themselves into the gray space was actually the three eternal realm!

"It's just the Three Eternal Realm!"

"Although the aura is stronger than me, I may not have no hope of escape!"

"No matter what, I must escape, otherwise my life will end here!"

"..."

Seeing that the opponent's strength is not very strong, those three three universes were suddenly surprised and summoned the courage to kill them!

However, the eternal warrior of the three universes headed by it was miserable.

Because the one who dealt with him turned out to be a top four eternal warrior!

Yes.

Su Lang let the three avatars of the three celestial levels contain the other three.

The remaining avatars are all fused into a star Cuanyunhe avatar.

Although three are missing.

But the fusion of fifty avatars incarnate also made the combat power of Xing Cuanyun He avatar reached the top level of the Four Eternal Realm!

This level.

Killing the Three Eternal Realm is like pinching an ant!

of course.

It is much more difficult to assimilate it with the Mingguang Ten Thousand Realms than to assimilate the Two Universe Eternal Realms.

then.

"Use Jinghua Shuiyue!"

Su Lang's heart moved, causing the clone to use the incense fire Emperor Zhou [Mirror Flower Water Moon].

Suddenly.

The three universes that are headed are eternal, silent, and all perceptions are controlled.

In this person's perception, what is seen and what is real are completely different.

He 'felt' he was badly injured and was about to fall.

Immediately after 'seeing' Emperor Dark Jue came, killed the enemy, came to him, smiled and comforted him.

[Chapter 2465: Sit back and wait for work](#)

"Subordinates, thank the landlord for your help!"

The eternal warrior of Sanzhou knelt down with gratitude.

Then he saw a bright and gentle light bursting out of the body of the 'Emperor Anjue Zhou', spreading on his body.

time flies.

The feeling of comfort is getting stronger.

The Eternal Realm of the Three Universes was silent, and Su Lang was assimilated into his own fanaticism.

He didn't feel anything wrong during the whole process.

"It took a long time."

"Moreover, the effect of Mingguang Ten Thousand Realms can't last too long, probably only for a few minutes."

"Soon, the eternal time avenue of these three universes will wash away the assimilation effect of the Mingguang Ten Thousand Realms."

"But this period of time is not just used to assimilate this guy, my clones that I swallowed before have all cooled down!"

"..."

Su Lang looked at the eternity of the three universes temporarily assimilated, and his eyes flashed with thought.

Immediately after.

He first reminded these three cosmic eternal realms of the natural cosmic coordinates of the Black Ice Tower.

Immediately, he used his heart to detect the other person's thoughts and marked the sitting in his mind.

At last.

It is to let this Sanzhou Eternal continue to pass false information up!

"Master Anju!"

"The big thing is bad!"

"The opponent's hole card is not a three-plane eternal state at all, but a four-plane eternal state!"

"This person is the emperor of the Four Eternal Winds that we have offended in the empty blue universe before. It is the two of them who united to attack our Black Ice Tower!"

"Please come and save your life with Master Cheyuan, we can't hold it!"

"..."

A series of extremely anxious and panicked messages quickly reached Emperor Anjue Zhou.

"what!?"

"Unexpectedly, the Four Eternal Realm has participated!"

"However, Emperor Feng Jing Zhou, when he insulted this person in the sky blue universe, he was still a three-dimensional eternal."

"Unexpectedly, this person has also been promoted to the Four Eternal Realm, and he can't wait to trouble me in the Black Ice Tower!"

A touch of surprise appeared in the eyes of the Emperor Anjue, and immediately turned into a stunned color.

"This person knows the power of my Black Ice Tower."

"This time I am definitely not going to die with me, but to leave if you want to kill some people, and then plan for the next revenge!"

"I can't let him escape, otherwise there will be endless troubles!"

Thinking about this, Emperor Anjue quickly contacted Emperor Cheyuan Zhou.

next moment.

Emperor Che Yuan Zhou came across the barriers of time and space, and he had already learned the ins and outs of the matter through Emperor Anju Zhou.

There was nothing strange about this invasion, it was just an ordinary revenge incident.

Therefore.

Emperor Cheyuan didn't think much, he just wanted to kill or capture the 'Wind Startled Emperor Zhou'!

"Another one died, this time it is Sanzhou Eternal!"

"Let's go, without further ado, we must reach the target universe immediately!"

Emperor Anjue frowned, and the two tossed a broken life card aside, his murderous aura gradually grew.

The voice did not fall.

He had disappeared into the fluctuations of time and space together with Emperor Cheyuan Zhou.

The other side.

Su Lang's Xing Cuan Yun He clone has completely assimilated all the eternal warriors of the Black Ice Tower with the bright light of the world.

Even the eternity of the three universes can only be assimilated for a few minutes.

But at the eternal level, a battle can end in a few seconds, and a few minutes is not short.

Simultaneously.

Su Lang also temporarily left the Eternal Spirit Gathering Formation and came to the front of the warriors in the Black Ice Building.

"Take me to the place where Emperor Anjue Zhou is most likely to appear!"

Looking at the more than a dozen eternal warriors in the Black Ice Building in front of him, Su Lang said lightly.

"Yes! Master!"

The eternal warriors in the black ice building nodded and respectfully led the way.

quickly.

Su Lang and the clones followed a group of eternal warriors from the Black Ice Tower to the void not far away.

There is a relatively prosperous galaxy here.

Sometimes Emperor Anjue and others would patrol the hundreds of beings under his command.

If things go on like this, the place of arrival in each universe is basically fixed.

"Xing Cuan Yun He!"

With a thought in Su Lang, the fifty-three avatars merged into a terrifying existence at the pinnacle of the eternal realm of the four universes.

[Chapter 2466: How could it be Su Lang!](#)

Immediately after.

"Swallow the clone!"

Su Lang himself swallowed fifty clones, his aura skyrocketed, and he soon reached the eternal peak of the four universes!

Because of the ten life universes in the body and the countless life worlds of more than 40,000.

The strength of Su Lang's deity is stronger than the clone.

Therefore, even if the number of swallowed clones is not comparable to the number of clones merged by Xing Cuanyun and the clones, the real combat power is actually stronger.

At this moment.

The deity Su Lang and Xing Cuanyun joined the avatars on the left and the right, sandwiching the place where the two of Anju were about to descend.

By the way, the prosperous galaxy was also collected into the crystal wall world, so as not to be destroyed and wasted in battle.

As for the remaining eternal warriors in the Black Ice Tower, they all knelt aside, with their hands behind their backs, their heads down, and respectfully waiting to be beheaded.

After a few breaths.

Wow!

Powerful time and space fluctuations bloomed.

Two familiar figures appeared in Su Lang's vision.

It was Emperor Anjun Zhou and Emperor Cheyuan Zhou.

The two appeared with a sneer.

Then, his face changed wildly in an instant!

"It's Su Lang!!"

"It's a trap!!"

"Quick, run away, this is a trap!"

"How could it be Su Lang, it's over, I'm over!"

"..."

The moment they saw Su Lang, Emperor Anjue Zhou and Emperor Cheyuan Zhou were almost scared of peeing, and then they started to fluctuate in time and space, and they were about to flee!

They followed Minghua Zhou Emperor and saw with their own eyes the entire process of Su Lang killing the eight eternal realms with one sword.

Among the eight eternal realms, there are the existence of the four eternal realms!

Facing such a terrifying Su Lang.

They can't afford any resistance at all, their only idea is to escape!

however.

Su Lang waits for the rabbits and waits for work with ease. How can he let them run away! ?

The moment Anjun Zhou Emperor and Cheyuan Zhou Emperor appeared, he and Xing Cuanyun had already opened their own time-space avenue and blocked the surroundings.

In addition, one thought to seal the sky, one person pulls one, and pulls into the mind seal space!

The person who was pulled into the Nianfeng space by the deity of Su Lang was the original poster of the Black Ice Tower, Emperor Anjue!

"why!"

"Why!"

"You have clearly experienced a big battle. The consumption was so severe that you were even hit once by Pei Yuxiao and seriously injured."

"Why can you recover in such a short time!"

"Why are you so strong, and you want to use this method against me to deceive me, the ordinary four universes, eternity!"

"..."

When Emperor Anjue looked at the gray world around him, he suddenly felt a deep collapse and despair in his heart.

"Ha ha."

"You don't need to know those."

"You just need to know that you are going to die soon."

Su Lang smiled faintly, and gently squeezed his right hand, and Youtian Sword appeared in his hand.

One sword was enough to deal with Emperor Anjue, and there was no need to take out all the other weapons.

"Do not!"

"Master Su Lang!"

"Please be merciful and spare my life!"

"I will dedicate everything in the Black Ice Tower to you, including my loyalty!"

"You are extremely powerful, unparalleled in the world, and two equally powerful companions, but some small chores are not worthy of your efforts. The young ones are willing to be your little ones and help you do things!"

"Please, please!"

"..."

Emperor Anjue really didn't want to die.

The eternal emperor has a life span similar to that of the natural universe, and even with good luck, he can see the natural universe annihilate.

Emperor Anjue wanted to live.

Even if you give up your dignity, you want to live.

Not to mention.

Su Lang is the existence that the Emperor Minghua has to solicit.

He darkly Juezhou Emperor really became Su Lang's younger brother, and he was not ashamed.

In the future, he can even fly into the sky with Su Lang's thigh, head to the upper universe, and fly into the sky!

Therefore.

Emperor Anjue immediately chose to beg for mercy.

but.

For the four universes eternal.

Mingguang Ten Thousand Realms is not very easy to use, assimilation will quickly recover.

There is no guarantee of loyal subordinates, and Su Lang does not need it.

"Emperor Anjue Zhou."

"You want to be my subordinate, you are not qualified enough, let's get on the road."

The corner of Su Lang's mouth twitched, and the Youtian Sword in his hand suddenly cut down!

[Chapter 2467: The Black Ice Building Lingyu Wanjie Pavilion is destroyed](#)

Stabbed!

The Emperor Anjue had no resistance, and the sword light penetrated his body and died on the spot.

"Ding! You get Eternal Soul*1, Eternal Dao Crystal*1, Eternal Life Universe*1, Eternal Body*1, Two Universe Eternal Weapon*1, Universe Origin*48568, Eternal Realm Material... "

The system prompt resounded through my mind.

The soul and body of Emperor Anjue became Su Lang's trophies and were collected into the storage space.

next to.

Xing Cuan Yun He clone used Jing Hua Shui Yue, also easily solved the Emperor Che Yuan Zhou.

"You all get on the road too."

Su Lang turned to look at the rest of the eternal realm, and the long sword in his hand suddenly cut out!

Instantly!

Four eternal three universes, ten eternal two universes, all separated and completely fallen.

"Ding! You get the Eternal Soul*1, the Eternal Daojing*1..."

"Ding! You get..."

"Ding!....."

A series of system prompts appeared one after another, and a large number of trophies entered the storage space and piled up into continents.

"Good harvest!"

Su Lang smiled slightly.

Immediately, the avatars merged with Xing Cuanyun and the avatars dispersed and began to invade the rest of the universe under the command of the Black Ice Tower!

Now the Four Eternal Realms of the Black Ice Tower are completely destroyed, and the Three Eternal Realms and the Two Realms are also pitiful, only three or two big cats and small cats.

In addition, these people have no idea that their own posters have been killed, and each one guards their own natural universe in their posts.

Soon, their end will come.

at the same time.

Ling Yu Wanjie Pavilion.

Su Lang's plan is also proceeding smoothly.

But under his deliberate control, the overall rhythm is slower.

at this time.

The lord of Lingyu Wanjie Pavilion, Emperor Yan Yan Zhou, and his companion Shuo Universe Emperor, received the false news from his subordinates just like the previous Anju two, believed it to be true, and immediately went to support them.

"The time is right!"

Su Lang smiled slightly.

Immediately, with a thought, he dispatched and replaced with clones, and arrived in the natural universe under the Lingyu Wanjie Pavilion where the twin avatars are located.

However, there are more than a dozen eternal warriors in this universe.

Both are the two cosmic eternity and the three cosmic eternity under Lingyu Wanjie Pavilion.

They were all temporarily assimilated by Su Lang's Xing Cuan Yun He clone with Ming Guang Ten Thousand Realms, their expressions were extremely respectful.

All the coordinates of the natural universe of Lingyu Wanjie Pavilion are also available!

Right here.

Rumble!

Two extremely powerful time and space fluctuations came, it was Emperor Yan Yan Zhou and Emperor Shuo Universe!

Just arrived.

Emperor Yan Yan Zhou and Emperor Shuo Universe saw Su Lang with a smiling face and holding the Youtian Sword.

The harmless smiles of humans and animals directly caused the eyes of the Universe Emperor Ren Yan and Shuo to burst, their hair stood up, and their scalp burst!

"It's Su Lang!!"

"How could it be him!"

"Master Su Lang, don't kill me, please spare my life!"

"..."

The Universe Emperors Renyan and Shuo, who came with the intent to kill, were quicker than the two of Anjue. They almost just came to see Su Lang, and then they knelt down naturally.

I don't know, I thought they came to visit Su Lang specially.

"go to hell."

"Fighting the sky with one thought, breaking a sword!"

Su Lang looked down at the two faintly, and was too lazy to talk nonsense, and cut the long sword in his hand directly!

Emperor Yan Yan Zhou and Emperor Shuo Universe wanted to escape instinctively, but they couldn't escape, and the sword light swept across their bodies directly.

In an instant.

Ding Ding's system prompt sounded, announcing that the two of them had also fallen completely.

Soon.

Xing Cuanyun He clone killed all the eternal warriors who had been temporarily assimilated around, and got another wave of loot!

So far.

Both Hei Bing Tower and Ling Yu Wanjie Pavilion were destroyed by Su Lang!

"Cancel Xing Cuanyun He clone, activate Baiying clone function!"

Su Lang did not drag his feet, and immediately let the Xing Cuanyun He clone around him restore the fifty-three twin incarnations.

Immediately after.

Twenty twin avatars have become two thousand two-time eternal one-hundred shadow avatars. Together with the three-time eternal avatar, they begin to invade the natural universe of Lingyu Wanjie Pavilion!

And Su Lang returned to the eternal spirit gathering formation before and began to organize the spoils.

This time, eight of the Three Eternal Realms were killed, twenty of the Two Eternal Realms, and two of the One Eternal Realm.

The big head is still the four eternal realms of the four universes.

These four people alone brought 200,000 cosmic origins to Su Lang!

of course.

The two hundred thousand cosmic origins, with an average of 50,000 per person, are below the level of the eternal realm of the four universes.

And this is because Hei Binglou and Lingyu Wanjie Pavilion have just obtained more natural cosmic coordinates from the sky blue universe!

"Hei Binglou captured fifteen natural cosmic coordinates."

"Lingyu Wanjie Pavilion took thirteen natural cosmic coordinates."

"Hey, these natural universes are all mine now."

Su Lang looked at the two jade slips in his hand, and a happy smile was outlined at the corner of his mouth.

Soon.

He again took out two jade slips of the same style.

It is the natural cosmic coordinates presented by Xiyitai and Mingwuzhou Emperor.

The total natural cosmic coordinates of the four jade slips have reached sixty!

[Chapter 2468: Four-level incense emperor soldier](#)

It should be understood that this time the empty blue universe released a total of 600 natural cosmic coordinates.

Su Lang got a tenth of his own!

Moreover, no dime was paid.

But these sixty coordinates are not big.

Because of the Black Ice Tower and Lingyu Wanjie Pavilion, each of the two forces allowed Su Lang to obtain more than three hundred natural cosmic coordinates!

In other words.

This wave of war came down.

He obtained more than 600 natural cosmic coordinates in total!

These natural universes were accumulated by the two major forces of Black Ice Tower and Lingyu Wanjie Pavilion for 100 million years and 100 million years, and it took more than 100 billion years to accumulate.

At this time, everything fell into Su Lang's hands.

"Unfortunately, there is not much left to deal with Pei Yuxiao."

"It must be a quick decision, there is no time to obtain coordinates."

"Otherwise, from Pei Yuxiao, you can definitely get more natural universe!"

"..."

Su Lang smiled a little regretfully, and immediately began to sort out the spoils.

Everything is very skilled.

Decompose all artificially refined finished treasures, such as weapons, pills, formations, etc.

All are broken down into raw materials!

Immediately after.

Started to promote weapons again.

The Youtian Sword, the Sword of Life, and the Heavenly Eight-Edged Shield do not need to be promoted temporarily.

The remaining four incense weapons, through the one-key strengthening function, all strengthened once, stepping into the Four Eternal Realm.

Seeing that there is still a lot of material.

Su Lang simply strengthened once more.

Suddenly, the number of strengthening of the Heart-piercing Lock, Qibao Miaoshu, and Zijin Gourd reached five times.

Although its level is not comparable to the three weapons such as the Youtian Sword, it is also a very high level in the Four Eternal Emperor Arms.

Jinghua Shuiyue has been strengthened once, and the total number of strengthening has reached seven times.

Its power has also entered the category of the eternal emperor of the four universes.

The basic level of the key Jinghua Shuiyue is too low, and there is only one Eternal Realm.

Only when incense aspirations are accumulated and condensed into special aspirations can it evolve. at this time.

The weapons have evolved, and some materials are left.

Su Lang kept it, preparing to evolve the main battle weapons such as the Youtian Sword in the future.

"Next!"

"There is still no storage of the origin of the universe."

"The system, deposit all the universe origins into the balance!"

Su Lang put away the weapon with satisfaction, and immediately issued another order.

"Ding! The storage is complete, and the balance is 850,000 cosmic origin."

"No more than one million."

"If Anjue and Renyan didn't bid for the coordinates of the natural universe, there would definitely be more."

"However, there is nothing wrong with changing to cosmic coordinates."

Su Lang thought so, and immediately began to promote the system function level.

Current features.

Most of them require 1 million cosmic origins to upgrade.

There is only one key to refine the alchemy array, and the empowerment function, only 100,000.

But the empowerment function is not much needed now.

and so--

"system!"

Su Lang gave instructions in his heart, "Improve the functions of one-key alchemy and one-key formation!"

"Ding! Consumes 100,000 universe origins, unlocks the one-key alchemy function to level 18, and can refine the three eternal eternal and lower-level pills!"

"Ding! Consumes 100,000 cosmic origins, unlocks the one-click array formation function to level 18, and can refine the three-plane eternal and lower-level arrays!"

The system prompts to end.

The balance is 650,000 cosmic origin!

Immediately after.

Su Lang took out all kinds of classics and secrets gained this time, and began to read.

Not long.

So he got a second-level healing and healing pill formula.

In terms of formation, a defensive formation of the Three Eternal Realm was also obtained.

In terms of refining, there is no complete system of refining classics, only the experience of each eternal warrior casting eternal emperor soldiers.

"Activate the one-key alchemy function, give priority to refining eternal realm restoration pill!"

After reading the classics, Su Lang immediately began to refine the pill.

The reason why he was able to attack Hei Binglou and Ling Yu Wanjie Pavilion at the same time shortly after he finished playing Pei Yuxiao.

It is because of the eternal emperor pill of recovery type.

at this time.

Accompanied by Su Lang's order.

The one-key alchemy function starts to operate.

[Chapter 2469: Mingwu who thinks more and more angry](#)

"The one-key array refining function is also at the level of three universes."

"It just happens to be able to refine the eternal formation of the three universes."

"Even if I can't use it, the eternal formation is very rare. It can be sold a lot if it is refined into a formation and sold for money."

"Well, it's stocking now."

Su Lang clicked the corner of his mouth, and then activated the one-key array formation function, and began to refine the formations of the eternal three universes and below.

Seeing the pill refining device villains are busy.

Su Lang smiled happily, and began to accept the universe of life and the crystal wall world again.

This time, there were thirty-four eternal life universes of different levels.

The same goes for the eternal body, the thirty-four statues, because they are all spikes, they are all very well preserved.

After some exploration.

Su Lang discovered that there are thirty-four eternal bodies, a total of more than 18,600 gai in the crystal wall universe with life.

"this time."

"It's already possible to fill my more than 66,000 crystal wall cells into the life planet or life continent!"

There was a touch of excitement in Su Lang's eyes, and immediately began to accept.

Everything is very skilled.

Soon after.

All the eternal life universe, as well as the life world, were absorbed by Su Lang.

All the crystal wall cells in his body finally possessed life planets or continents.

of course.

Those crystal wall worlds filled with living planets or continents still maintained their original levels and did not become crystal wall universes.

Su Lang's crystal wall universe is still in the early 200s, at the level of just entering the eternity of the two universes.

In addition.

The crystal wall world is filled in behind a living planet or continent.

It does not mean that the planets and continents of life cannot be accommodated again.

As long as the inner space of the crystal wall world is enough, more life planets and continents can be placed.

With Su Lang's space in the crystal wall world at this time, the next galaxy could be placed.

If it is the Crystal Wall Universe, it can hold more!

"Well, there are so many more intelligent creatures!"

"The fruits accumulated by those guys for hundreds of millions of years are all mine!"

Su Lang looked at himself internally, and countless worlds appeared before him.

It's just like a galaxy of constant sand, beautiful and magnificent!

In every world, all the intelligent creatures in it, the incense aspiration and even the emotional thoughts produced at every moment are absorbed by the virtual spirit universe!

"This incense willingness is simply unmatched!"

Su Lang nodded in satisfaction.

Immediately, while using the one-key training function to accumulate cultivation base, while remotely controlling the clones to fight and occupy the natural universe of the Black Ice Tower and Lingyu Wanjie Pavilion.

At present, the remaining eternal warriors of these two forces are the strongest in the three eternal realms.

Even Su Lang's ordinary clone could not be defeated, and it was not worth mentioning.

It can be said.

Those three eternal warriors who did not realize that the danger is coming have all been declared dead.

Time passed slowly.

The accumulation of cultivation base, the practice of exercises, and the occupation of the two major forces of the Black Ice Tower Lingyu Wanjie Pavilion are all proceeding in an orderly manner.

The other side.

Emperor Ming Wu Zhou has returned to the sky blue universe, and the more he thinks, the more angry!

An eternal warrior of the four universes.

No matter how mysterious it is, it is only the Four Eternal Realm.

In the face of the absolute power of "Doudu Universe", it is nothing at all!

But Su Lang was so arrogant that he didn't agree to solicitation, but wanted to form an alliance and be on an equal footing with the powerful forces that possess the Seven Eternal Realm!

Isn't this a foolish dream?

"This guy."

"If you despise the same level, or even despise Pei Yuxiao's five cosmic eternity, I will recognize it."

"But, to be on an equal footing with our Xiuning faction, and to become the most distinguished person in the Doudu universe, is really crazy, crazy!"

"..."

Sitting cross-legged on the futon in the quiet room, Emperor Ming Wu Zhou thought angrily, his heart full of confusion.

In Mingwu's view.

When the people above know about this, they will be furious and furious!

after all.

Doudu universe, the majesty of the Xiuning faction cannot be despised or desecrated!

The eternal realm of the four universes is about to run over to form an alliance, which is simply an insult!

[Chapter 2470: Emperor Ming Wu Zhou's proposal](#)

"This Su Lang."

"If you offend us Doudu Universe Xiuning faction, it will definitely end badly."

"..."

Thinking of this, Ming Wu couldn't help but sneer and cheerfulness in his heart.

I saw the extraordinary of Su Lang.

He couldn't afford the courage to face him when he thought of Su Lang.

Because Su Lang is really too abnormal.

Don't talk about it, he Mingwu can't even eat the dust of Su Lang!

If Su Lang is more normal, he promised to recruit and practice steady progress.

He knows Wu, and he can only look up to Su Lang in his life.

but now.

Under the raging anger above, Su Lang would definitely not leave this huge hidden danger.

By the time.

Su Lang will definitely die.

When Ming Wu thought that Su Lang was about to die, he finally mustered up his courage, sneered, scorned, and gloated.

"You have to get the news up quickly."

"Su Lang, you have to pay for your arrogance!"

Emperor Ming Wu Zhou took a deep breath, a cold light flashed in his eyes, and immediately took out the trans-universe transmission treasure and began to transmit.

Doudu universe.

Luanzhi is on the top of the giant peak, outside the purple jade palace.

Su Lang hunted and trapped the Black Ice Tower and Lingyu Wanjie Pavilion in the lower universe.

Thousands of years have passed in the Doudu universe.

But for thousands of years, the existence of the eternal state is simply not worth mentioning.

After all, one practice in the Eternal Realm is counted in tens of millions of years.

In these thousands of years.

Emperor Minghua further investigated Su Lang.

In the thousands of natural universes surrounding the Nine Desolate Universe.

He dispatched eternal power to go back in time to those universes one by one.

Coupled with the probing methods using the breath of Su Lang, a very thorough investigation was conducted.

Then, there was no trace of Su Lang in those universes.

This made Minghua even more certain that Su Lang came from the Nine Desolate Cosmos Region, or a small cosmic region that has not yet been recorded nearby.

Whether it is in the Nine Desolate Cosmos Region or other small Cosmos Regions.

They are all within the dominance of the Doudu universe!

This further confirms Su Lang's "root is just miaohong".

This Tianjiao.

They are from Doudu Zhouyu!

Moreover, it is still very likely to be the descendant of the level and power of Emperor Dou Xiu!

After becoming more convinced of his findings.

Emperor Minghua Zhou was so excited that he wanted to ask Emperor Mingwu how things were going on.

but.

He hadn't contacted Ming Wu, and Ming Wu's summons had already reached his hands.

"Mingwu would like to pay homage to Master Minghua!"

"Kongqing Universe Auction House, six hundred natural universe coordinates have been auctioned."

"Mingwu sent Su Lang twenty natural coordinates and handed out the olive branch again."

"But who knows... Su Lang is arrogant and arrogant, saying that it is impossible to subdue to others, and directly refused the invitation."

"Furthermore, Su Lang also said that solicitation is impossible, but he is willing to form an alliance with our Doudu Universe Xiuning faction and sit on an equal footing with His Highness Xiuning!"

"These words simply despise our fighting capital Xiuning faction and don't take His Highness Xiuning in their eyes!"

"Although Su Lang is supernatural and far superior to the same level in combat power, it is too rampant!"

"Now this person is stubborn and refuses to surrender for our use, and it will become a major disaster in the future!"

"Ming Wu asked Master Ming Hua to get rid of this person just in case!"

Ming Wu's remarks were full of inconsistency and irritation, and directly proposed to eradicate Su Lang.

"what!?"

"Su Lang, he wants to form an alliance with my Xiuning faction!?"

"Although he is indeed a rare Tianjiao in the eternal realm, he may even inherit that...No! Su Lang is so emboldened, is it that he has indeed inherited the mantle of the same level of power as Your Majesty Dou Xiu? !?"

When Emperor Minghua saw the message of Emperor Mingwu Zhou, at first he felt that although Mingwu was a bit angry, he was generally fair. Generally speaking, Su Lang was indeed too arrogant.

but.

There was a flash of inspiration in his mind, and he noticed something wrong!
