[Chapter 2471: Idiot, your brain is broken](#)

"Su Langming knows that Doudu Universe is a high-level universe and its strength is extremely powerful."

"Although his strength is invincible at the same level, he can't beat him compared to a higher-level eternal warrior."

"But in this case, he still said such big words, is he stupid? Impossible to be stupid!"

"Then, it means that he might really have a bargaining chip to form an alliance with Doudu Universe Xiuning faction!"

"This bargaining chip, after thinking about it, there is only the mantle with the same level of power as Your Majesty Dou Xiu!"

"His Royal Highness Xiuning and I are correct!"

"However, his strength at this time is ultimately too low, the matter of alliance..."

"This matter can only be determined by His Royal Highness Xiuning!"

"..."

With this in mind, Emperor Minghua Zhou planned to meet with His Royal Highness Xiuning.

But at this moment.

The cross-universe communication device in his hand was moving again.

When Emperor Minghua saw it, Emperor Ming Wu Zhou came again.

"Master Minghua!"

"Then Su Lang is really too arrogant, I can't bear it!"

"It must be killed as soon as possible!"

"Master Minghua..."

In the words full of resentment, there is a strong jealousy.

But after plucking up the courage, after opening his first mouth, the emotions in Mingwu's heart exploded.

It was like opening a magic box that couldn't be closed, making Emperor Mingwu Zhou more jealous, angry, and resenting Su Lang!

Why!

Why is he an eternal warrior in the high-level universe, supported by more powerful forces, and his aptitude is extremely good, but he still can't even eat the dust of Su Lang.

Why did he know that Wu used to shine brightly, but in front of Su Lang, he was dim and ordinary like a stone on the roadside! ?

A person like Su Lang who is outrageously genius shouldn't exist in the endless universe.

Otherwise, they will not survive!

Emperor Ming Wu Zhou, who thought more and more anger, added more oil to his words.

Although he did not get a reply from Emperor Minghua Zhou.

But Emperor Mingwu Zhou was sure that Emperor Minghua Zhou was definitely in anger, and in the next moment, he would fight against the enemy and kill Su Lang!

but.

Just when he was full of expectations, waiting for Emperor Minghua to agree with his proposal to eliminate Su Lang.

There is movement in the trans-universe communication treasure.

Ming Wu swept away excitedly with his spiritual thoughts, the expectation and sneer on his face instantly stiffened!

"Asshole!"

"Mingwu, is your mind broken in practice!?"

"Su Lang is able to cultivate to this level, and he can still play Pei Yuxiao, a force of the five cosmos, almost completely wiped out. Do you think he is a fool and will do that kind of death-seeking thing!?"

"Since he dares to say that, he must be confident and have a bargaining chip, don't you see it!"

"..."

Look at the message on the transmission treasure.

Mingwu was dumbfounded and couldn't believe his eyes!

OMG!

Emperor Minghua not only disagrees with his ideas and proposals, but also furious, scolding him! !

It is important to know that Emperor Minghua Zhou, the ancestor, is very kind to him!

But now.

For Su Lang, scolding him Mingwu had no brains!

This made him thunderous, incredible.

suddenly.

Another message came.

It's still a message from Emperor Minghua Zhou.

"Mingwu!!"

"You idiot, you said, did you say anything excessive to Su Lang, did the relationship froze!?"

"Quickly reply to me!"

Looking at the message from Emperor Minghua Zhou.

Emperor Ming Wu Zhou felt even more painful!

but.

He wasn't really stupid, he quickly understood what Minghua meant.

Although Ming Wu couldn't imagine Su Lang's bargaining chips, he couldn't accept that Su Lang could have that weight, and even more so because of Minghua Zhou Emperor's curse, he felt aggrieved and angry.

But he immediately replied to Emperor Minghua Zhou.

Because he is afraid!

"No!"

"Master Minghua, you have always told me to treat people with courtesy."

"Although my heart is right, but I definitely didn't say anything excessive!"

"Your half-step eternal servant was also on the scene, he can testify!"

Emperor Ming Wu Zhou was pale, and his lips trembled and sent a message.

"well!"

Emperor Minghua breathed a sigh of relief and replied, "You finally did not do anything irreparable."

[Chapter 2472: Is he serious about forming an alliance?](#)

"Master Minghua!"

"That Su Lang, he is a more powerful Four Eternal Eternity, does he really have such a heavy weight?"

"Ming Wu is puzzled, but I also ask Master Zuo to solve his doubts!"

Ming Wu finally took a breath in his heart, unable to make up? This is too much!

Although he was afraid of the angry Emperor Minghua Zhou, he still couldn't help but asked.

"This matter..."

"It's better not to know for now."

"You just need to know, don't make Su Lang unhappy, and try to make a good relationship!"

Emperor Minghua thought about it and felt that Su Lang's matter was too important, so he didn't plan to tell Mingwu.

But in Mingwu's eyes, it made him clenched his fists and his knuckles turned white!

He is now extremely jealous of Su Lang.

The attitude of Emperor Minghua Zhou made him very wronged, and he became more confused and confused!

Although it shows that there is some truth to what Hua said, Su Lang may indeed have some bargaining chips and some confidence.

But it would be too exaggerated to say that it can form an alliance with Doudu Universe Xiuning faction!

Doudu Universe, but the high-level universe that rules this vast universe!

Su Lang, an eternal warrior in the lower universe, has a bargaining chip, and can weigh more! ?

The more Emperor Ming Wu Zhou thought, the more angry he always felt that Emperor Wu Zhou was too partial to Su Lang.

But he did not show it.

"I understand."

"Master, rest assured, I will have a good relationship with Su Lang."

Emperor Ming Wu Zhou tried to calm his emotions, and then sent a message to Emperor Ming Hua Zhou.

Although he felt that Emperor Minghua highly valued Su Lang, he was even willing to form an alliance with Su Lang.

But the Xiuning faction is not Minghua in charge.

Even, most of the time, it wasn't His Highness Xiu Ning's decision.

It is the judgment of multiple powerhouses together.

Emperor Ming Wu Zhou was sure that most people in this alliance event must have the same ideas as themselves.

When the time comes, as soon as there are more opponents, there will be no alliances.

As long as there is no alliance, then Su Lang is a disaster and must be eradicated!

"Su Lang!"

"I will never believe that you can be as big as an alliance with Xiuning faction if you are a mere four universe!"

"The vast majority of people in Xiuning's faction will never believe it!"

"If you don't pass the alliance, then you can wait to die!"

Emperor Ming Wu Zhou murmured bitterly.

Immediately, he thought of Emperor Minghua Zhou to let him have a good relationship with Su Lang, and he was suddenly bored again, and he couldn't help but cover his heart.

The other side.

Fight in the universe.

Emperor Minghua Zhou's eyes were bright, revealing a hint of excitement, and he came to the summit of Luanzhi, the Purple Jade Palace.

"Subordinate Minghua, please see His Highness Xiuning!"

Emperor Zhou of Minghua stopped outside the Ziyu Tiangong and clasped his fists to the guards.

"Senior Minghua, please come in!"

The guard had already been ordered to get out of the way.

"Thank you!"

Emperor Minghua nodded, and Xuan even entered the Purple Jade Palace and saw Emperor Xiu Ning.

Thousands of years passed.

There is no change here.

Emperor Xiu Ning Zhou still wears a lavender frosty long dress and a snow-colored veil, refining the origin of the universe in the continuously rotating three-color vortex of gold, red and white.

"Subordinate Minghua, meet your Highness Xiuning!"

When Emperor Minghua saw Xiuning, he immediately saluted, the excitement on his face could not be concealed.

"What's the good news?"

Emperor Xiu Ning Zhou's expression remained unchanged, and he asked directly without opening his eyes.

"Return to Your Highness."

"It's about Su Lang!"

"The subordinates have been inquiring for thousands of years, and it is almost certain that Su Lang was born in our Doudu universe."

Emperor Minghua said quickly, "In addition, just now, he refused our solicitation, but he proposed to form an alliance with our Xiuning faction!"

This statement came out.

"Alliance!?"

Emperor Xiu Ning Zhou opened his eyes in surprise, "Is he serious!?"

Because he knew that Su Lang might have inherited the inheritance of that great power.

So her thoughts are the same as Minghua.

It is even more certain that Su Lang has such a major bargaining chip as the inheritance mantle of fighting repair level,

"My younger generation, Mingwu, because this matter is quite inconsistent with Su Lang, I think it is a shameful shame, and propose to obliterate Su Lang."

"It can be seen from this that Su Lang must be serious, otherwise Mingwu could not be so angry."

"However, the boy Mingwu doesn't know anything, I have already reprimanded him."

Emperor Minghua said with a smile.

"If Su Lang really holds the inheritance of the ancestor's level."

"Although he does not have an army and his strength is temporarily weak, he is also qualified to form an alliance with us."

"After Su Lang forms an alliance with us, if he grows up, he will surely help me dominate the city."

"Even, I can exchange some inheritance secrets with him and try to break through to a higher level!"

Emperor Xiu Ning Zhou's beautiful eyes lit up, and his cold face, which had remained unchanged for thousands of years, finally revealed a smile.

[Chapter 2473: Xiuning's meeting](#)

"Not bad!"

"The alliance with Su Lang will bring us great help!"

"For him, it is also a good choice. With the help of the resources of our Doudu Universe, he can grow up at the fastest speed."

Emperor Minghua nodded in agreement, a smile appeared in his eyes.

"Ok!"

"However, everything now is based on our inferences."

"He has to admit that he has that level of inheritance, at least he has to showdown against us."

"In addition, the alliance is too important, so we still have to seek the opinions of the elders and guardians, at least let them know about this matter."

Emperor Xiu Ning calmed down quickly and said to Emperor Minghua Zhou.

"Indeed!"

"Now that Su Lang's identity has basically been determined, should we first convene the elders and law protectors to discuss?"

Emperor Minghua nodded, then asked.

"This matter must be settled as soon as possible."

"Now call the elders and guardians to come and discuss!"

Emperor Xiu Ning nodded slightly, then closed his eyes and continued to refine the origin of the universe.

Not letting go of the practice time of one minute and one second shows her hard work.

"The subordinate retire!"

Emperor Minghua clasped his fists to lead the order and withdrew from the Ziyu Tiangong.

Immediately after.

He immediately went to inform the elders and guardians of the Xiuning faction.

Doudu universe is a high-level universe.

But since Emperor Dou Xiu left, the strongest person in the Doudu universe has never been to the Eight Eternal Realm.

now.

The strongest members of the Xiu Ning School and the Yu Yu School are all Seven Eternal Realms.

And the seven universes are eternal, more than one.

In the Xiu Ning school, Xiu Ning himself is an eternal power of the seven universes.

In addition, there are five eternal elders of the seven cosmos, and the eternal protector of the eighteen and six cosmos.

Emperor Minghua Zhou is one of the protectors.

And it was a protector trusted by Emperor Xiu Ning Zhou.

As for the Five Eternal Realm.

The Xiuning faction is only a third-rate figure, and is not qualified to participate in this level of council. quickly.

Under the contact of Emperor Minghua Zhou.

One by one elders, one by one protector, came to the Ziyu Tiangong at the summit of Luanzhi.

"Elder Xie, Elder Yu, and everyone, it's been a long time!"

"Elder Zhong, you must be very profitable if you retreat for one million years this time!"

"What kind of joke? I'm still stuck in the same place. I'm so sad."

"By the way, Your Highness suddenly summoned me to wait, and do you know what it was for?"

"I don't know, but this matter is definitely not trivial, so I didn't disclose it in advance."

"The situation is getting more severe now, maybe it's about the jade repair faction."

"It's useless to guess at random, you'll know after you get in!"

"Yes too."

"..."

The elders of Xiuning's group gathered at the gate of Ziyu Tiangong, and all the guardians arrived.

Almost all of them came out of the retreat. They hadn't seen each other for a long time, and they got together and chatted.

at this time.

"Elders, guardians, please enter the hall for a comment."

The voice of Emperor Xiu Ning Zhou came from the Purple Jade Heavenly Palace, and he personally invited everyone into the temple.

"Yes!"

The elders stopped discussing in an instant, with serious expressions, and entered the Ziyu Tiangong one by one.

But see Ziyu Tiangong.

The golden, red and white vortex has dissipated.

Emperor Xiu Ning temporarily stopped his cultivation for a very rare time.

"Subordinates pay respect to His Royal Highness Xiuning!"

When the elders and protectors saw Emperor Xiu Ning Zhou, they all saluted respectfully.

Emperor Xiu Ning Zhou is a descendant of the great power of fighting repair, not only has a noble status, but also has a fighting power far surpassing his peers.

The elders and guardians all recognized the status of Emperor Xiu Ning Zhou.

"This time you are summoned, there is a major issue that needs to be discussed."

"In the era when the ancestors of Dou Xiu disappeared, a power of the same level passed through the Doudu universe. You may not know this."

Emperor Xiu Ning looked around at the crowd, with a hint of majesty in his cold voice.

"what!"

"The power at the same level as Your Majesty Dou Xiu has passed through the Doudu universe!"

"Hey, at the time when His Majesty Dou Xiu disappeared, could it be related to this mysterious power!?"

"It's very possible, I just don't know that this matter has been so long, why did your Highness mention it today?"

[Chapter 2474: Everyone can hold their own opinions](#)

"..."

The elders and the guardians looked shocked, couldn't help but look at each other, and all kinds of horrified thoughts rose in their hearts.

All of them looked at Xiuning for answers.

"Currently."

"The guardian of Minghua found in the basic universe, Su Lang, an eternal arrogant of the four universes."

"From the various traces, Su Lang is probably the descendant of that mysterious power."

Emperor Xiu Ning looked around the elders, guarded the law, and said solemnly.

"What? That mysterious and powerful descendant!!"

"Hi, a powerful successor of the same level as Your Majesty Dou Xiu!?"

"Calculating the time, since the disappearance of His Majesty Dou Xiu, in the past 20 billion years or so in the grassroots universe, Su Lang has cultivated to the Four Eternal Realm, terrifying!"

"Once this son grows up, he can definitely dominate one side, and even threaten the Doudu universe!"

"I don't know if these characters appear in our Doudu universe, it is a blessing or a curse!"

"His Royal Highness Xiuning, the guardian Minghua has contacted that Su Lang, I don't know how this person is?"

"..."

The guards of the elders were horrified, and the pupils flashed brightly, taking a breath from time to time.

"Su Lang, as that mighty successor, is naturally awkward."

Emperor Xiu Ning looked at everyone, "He has refused my solicitation, but..."

The previous sentence directly made the elders and guardians dissatisfied with Su Lang.

Such characters cannot be used by me, they must be eliminated!

But the turning point in Xiuning's words made everyone stare again.

"but."

"He is willing to form an alliance with my Xiuning faction, and the two sides are equal."

The words of Emperor Xiu Ning Zhou continued, "I mean, agreeing to form an alliance, what do you think?"

Hear this.

Everyone was stunned, and then opened their mouths, but they didn't know what to say.

It is arrogant to form an alliance with the Xiuning faction in the eternal realm of the four universes.

But Su Lang is that powerful descendant.

With this status, it is extremely important!

Although Su Lang hadn't grown up yet and his strength was weak, he already had the qualifications to form an alliance with Xiuning.

At this time.

Someone raised objections.

"His Royal Highness Xiuning!"

"The existence of the same level as Your Majesty Dou Xiu at the beginning is very likely to be related to the disappearance of His Majesty Dou Xiu."

"So the existence doesn't know whether it is an enemy or a friend."

"Secondly, why does the existence of that level leave a legacy in a small basic universe? This is weird!"

"Finally, Su Lang, this son, whether he has a ghost or a wolf ambition, I don't know!"

"If you venture to form an alliance with him and help him in his practice, I'm afraid there is a danger of bringing wolves into the house!"

This is an objection raised by an eternal elder named Zhong Yue.

"Elder Zhong is right!"

"We know too little about Su Lang, and the risk of forming an alliance is too great!"

"From the perspective of his subordinates, this person has a peerless heritage, but his cultivation is low."

"The so-called guilty of guilty, it is better to capture him and force him to pass on!"

Another elder clasped his fists and said, this person is named Jing Zhi, the eternal power of the seven universes.

"Elder Jing's proposal must never be!"

"Since Su Lang dared to show up and contact us, would he not be prepared?"

"If you offend this person and let him run away, it will become a major disaster in the future!"

"We can't force such a potential ally into our enemy!"

Elder Xie Xuan stepped forward and said with a serious expression.

"Elder Xie's words are bad."

"He is the descendant of the unknown power. It is still unknown whether he is an enemy or a friend."

"If Su Lang is instructed by that unknown power, is he an enemy?"

Jing Zhi shook his head, "You can't form an alliance with it, otherwise it will be too dangerous."

"I agree with Elder Xie Xuan's opinion."

"Although Su Lang is unidentified, but..."

Elder Yu also stood up and spoke.

then.

In the hall of Ziyu Tiangong, the elders made a noise.

The protectors also gradually participated and expressed their opinions.

Some agreed to form an alliance.

Some want to kill Su Lang directly and seize the inheritance.

Some have to pretend to form an alliance and seek inheritance.

Some want to form an alliance temporarily, investigate Su Lang deeply, and then make plans.

[Chapter 2475: Emperor Xiu Ning's final word](#)

"I have heard your opinions."

"Everyone has their own reasons."

"However, our Xiuning faction wants to rise, but we don't want to take risks. How can there be such good things in the world?"

Emperor Xiu Ning looked around at the crowd, saw that everyone closed their mouths, his eyes were thinking, and he continued to speak.

"Today Doudu universe is about to run out of life."

"If you don't have absolute strength in a short period of time, and dominate Doudu, the internal strife between our two factions will likely destroy Doudu universe."

"But if one party compromises, who will compromise, will you?"

"At that time, we will never be the opponent of Suiyou Universe."

"We, who were defeated in the war, moved to the middle universe, facing the Suiyou universe, but still can't escape the end of annihilation."

"Since you are in a desperate situation and there is another opportunity in front of you, why not try?"

After Emperor Xiu Ning Zhou finished speaking, there was a long pause, and no one spoke.

"Since you have no opinions."

Emperor Xiu Ning Zhou looked solemnly, "Then, this matter is settled."

As for letting Su Lang showdown, admitting that he is the matter of the mighty successor.

Emperor Xiu Ning Zhou didn't bother to bring it up.

Anyway, Su Lang must have a showdown by then?

at this time.

Emperor Xiu Ning Zhou made a final decision and agreed to form an alliance with Su Lang.

The elders and protectors, those who are unwilling, can only rely on Emperor Ning Zhou.

"Abide by your Royal Highness's decree."

The elders and guardians took their orders.

"Ok."

"We still need to be cautious about forming an alliance with Su Lang."

"We can set up a contract altar for the origin of the universe, and make three chapters with it to minimize risks."

"It is not easy to establish the Altar of the Universe Origin Contract. It will take you some years of hard work."

Emperor Xiu Ning Zhou saw that everyone had no opinion, and said to them.

"Yes!"

"Subordinates will definitely live up to His Royal Highness's life!"

Elder Xie, Elder Yu and others saluted their orders respectfully.

"After the Altar of the Universe Origin Contract is established."

"You elders still need to sit around and stare at the Xiuyu faction."

"Minghua, as the first protector who came into contact with Su Lang, let him pick up Su Lang."

A gleam of light appeared in Emperor Xiu Ning's eyes, and he gave the order again.

"Yes! Your Highness Xiuning!"

Everyone took their orders, and immediately quit Ziyu Tiangong.

The group finally chose a hidden place in the Xiuning faction and began to establish the altar of the universe origin contract.

The function of this altar is to restrict both parties to the contract.

Once one party violates the agreement, it will not be able to fill the crystal wall universe with the origin of this natural universe.

In the opinion of Xiu Ning and others.

When Su Lang came to the high-level universe, he must use their resources to cultivate.

As punishment for breach of contract, the binding force will be the greatest.

It is not easy to establish the altar of the universe origin contract.

Even if there are five eternal elders of the Seven Universes and more than a dozen Dharma protectors, it will take at least a thousand years to complete.

Everyone worked together.

The altar was built up little by little.

But no one knows.

Jing Zhi among the elders.

However, he quietly passed information to the Xiuyu faction, and fully informed the Xiuyu faction.

original.

The Xiuning faction is already weak.

With civil strife, the Xiuning faction will definitely fall to the bottom, which is very dangerous.

therefore.

Elder Jing Zhi had already taken precautions and secretly colluded with the Xiuyu faction.

By the time.

Xiu Ning was defeated, but he was able to retreat.

As for what to do in the face of Suiyou's high-level universe, he couldn't care so much.

Doudu universe, Xuanyi Zhougong.

This is the base camp of the Xiuyu faction and the training place of Emperor Xiuyu Zhou.

In the Xuanyi Palace, a super large eternal realm formation was arranged.

This can bring together countless cosmic energies to form cosmic energy crystals.

The level of the formation is higher than that currently used by Su Lang.

And this formation is not just as simple as gathering the energy of the universe.

In the formation, there are a large number of eternal toolmen of one universe, two eternity, and even part of three eternity.

They reversely refine the cosmic energy crystals and various heavenly materials and earth treasures to form the origin of the universe, the core origin of the universe, and supply the emperor Xiuyu Zhou to practice!

[Chapter 2476: Shocked Emperor Xiuyu Zhou](#)

The top of the palace is the retreat of Emperor Xiuyu Zhou.

The origins of countless colored universes converge into a whirlpool, pouring into the top of the Xuanyi Zhou Palace like a black hole.

Close the quiet room.

A young man with black hair and handsome face is dancing wildly.

suddenly.

"I didn't say it."

"Don't bother me casually!"

Emperor Xiu Yuzhou frowned and opened his eyes, revealing a pair of cold and aggressive eyes!

Immediately after.

He took out a piece of jade slip, swept it away, and read the message clearly.

This message was sent by his henchmen, and it was obtained from the information of Elder Jingzhi.

"what!"

"A descendant of a powerful person at the same level as the Douxiu ancestor!"

"Although it is not an absolute confirmation, but basically it can't be wrong!?"

"In Doudu universe, there are such things unexpectedly!"

A rare sense of horror appeared in Emperor Xiu Yuzhou's eyes, but it quickly disappeared.

Take the jade slip.

Emperor Xiu Yuzhou fell into deep thought.

For Su Lang, he has two choices.

The first coercion and temptation forced Su Lang to join his camp.

But Su Lang was unhappy, and had already got on the line with Xiuning's faction, it was very difficult for him to change his mind.

The second option is naturally to capture Su Lang alive and plunder that terrifying heritage!

Now that Su Lang is only the Four Eternal Realm, it is not difficult to achieve this.

Not to mention.

Even regardless of the difficulty.

Relatively speaking.

Emperor Xiuyu Zhou also preferred the second option.

He doesn't like compromise, and he doesn't want to form an eternal alliance with a mere four cosmos, so that he can sit on an equal footing with himself.

Even if Su Lang has inheritance.

"Su Lang, guilty of the crime, should be killed!"

"Now the Xiuning faction is establishing the altar of the universe origin contract."

"Before the altar is completed, there is a high probability that you will not contact Su Lang."

"After all, Doudu has passed a thousand years, and the grassroots universe has only passed less than half an hour."

"At this time, Su Lang will not feel negligent."

"Then, this time is the best time for me to do it."

"..."

Emperor Xiu Yuzhou showed his thoughts, and immediately gave an order to let people explore Su Lang.

Because from Jingzhi, he knew that Emperor Minghua Zhou was the first person to contact Su Lang.

Therefore, Emperor Xiuyu Zhou began to explore Minghua's trace.

quickly.

Minghua's movements in the past thousand years, as well as some more detailed information, appeared in front of him.

"Are you empty universe!?"

"A descendant of Ming Hua, where is Emperor Ming Wu Zhou, in charge of the overall situation?"

"Very good, start exploring from this empty blue universe."

"..."

Emperor Xiu Yuzhou thought so, and soon, another order was sent.

Eternal Warrior is extremely efficient.

In an instant, he launched an action on the empty blue universe.

Although the Xiuyu faction and the Xiuning faction are opposed to each other, the mutual penetration is more serious.

Even Elder Jing Zhi secretly retorted, let alone the people below.

Seeing that Xiu Ning's faction is weak, there are not too many people who secretly voted for Xiuyu's faction.

Empty green universe.

Among the auction houses.

Doudu Universe Xiuning and others discussed for a while, and Emperor Xiuyu Zhou prepared for a while.

But the sky-green universe is only a middle-level universe, and the elapsed time is very short.

At this moment.

Emperor Mingwu Zhou is still waiting for news from Emperor Minghua Zhou.

And during this period of time, the more he thought about it, the more angry he became, the more he thought about it, the more he hated Su Lang, and he couldn't wait for Su Lang to die immediately!

"Why haven't news come yet!"

"That kid Su Lang, who wants to form an alliance with the Xiuning faction in the Eternal Realm of the Four Realms, will definitely be rejected and will anger His Highness and the elders!"

"But, why is there still no news!?"

"Could it be that Su Lang really deserves Xiuning's discussion for so long? No, this is impossible!"

"It is estimated that Su Lang was treated as a joke, so I didn't rush to deal with it."

"Hmph, Master Minghua has been toward that arrogant little crap!"

"..."

Sitting cross-legged in the quiet room, Emperor Mingwu Zhou had all sorts of inconsistent thoughts in his mind.

at this time.

A message came to his hand, it turned out to be a message from a friend who was also in the sky blue universe.

He said that he encountered some difficulties in cultivation, so I asked him to share his experience.

[Chapter 2477: Emperor Ming Wu Zhou leaked information](#)

That friend is also the Emperor Zhou of the Xiuning faction.

She is also a beautiful female Emperor Zhou, named Wu Jing.

Emperor Mingwu Zhou had long secretly admired.

At this time, when I saw the message, my anger disappeared a lot.

A smile appeared on his face, and he quickly replied to Emperor Wu Jingzhou, made an appointment, and set off directly.

quickly.

Emperor Ming Wu Zhou met Emperor Wu Jingzhou.

This Wu Jing, on the surface, was from the Xiu Ning faction, but in fact she had secretly voted for the Xiuyu faction.

Regarding what happened in Kongqing Universe before, that Pei Yuxiao suffered a loss in Su Lang's hands, she has already reported to the Xiuyu faction.

At this time, it is here to explore more information.

"Brother Mingwu Dao."

"When the little girl was practicing recently..."

Emperor Wu Jingzhou wasn't so stupid that he was straightforward, but he really discussed the cultivation way with Mingwu.

Time passed slowly.

Emperor Wu Zhou tried his best to answer the questions of Emperor Wu Jingzhou.

But in his heart, there is still inconsistent with Su Lang, so he will think about it occasionally, and then naturally show something strange.

Naturally, Wu Jing quickly noticed these abnormalities, and began to question Emperor Ming Wu Zhou very concerned.

Emperor Ming Wu Zhou couldn't hold back his irritable mood.

In addition, Emperor Wu Jingzhou was not an outsider, but a member of the Xiuning faction.

The matter of Su Lang's request for an alliance will surely be spread soon and everyone knows.
and so.

Emperor Ming Wu Zhou immediately confided his feelings to Emperor Wu Jingzhou.

How arrogant Su Lang is.

For the eternity of the four universes, it is necessary to form an alliance with the Xiuning faction, which is ridiculous.

"There is such a thing!"

"My God, how could there be such a rude, so arrogant, and almost demented eternal Emperor Zhou in the world!?"

"Brother Mingwu, this matter really wronged you."

"..."

Although Emperor Wu Jing Zhou knew the general idea, he was shocked and stunned when he heard the version of Emperor Ming Wu Zhou's personal experience!

Soon she began to appease Emperor Ming Wu Zhou, which made Emperor Ming Wu Zhou more trust in Emperor Wu Jingzhou and continued to confide in her heart.

Say what.

It is absolutely impossible for Su Lang to form an alliance.

The upper part will definitely be angry, and Su Lang will undoubtedly die by then.

Then he sneered.

Emperor Wu Jingzhou naturally agreed with him, and he also appeared closer.

Emperor Mingwu Zhou was extremely happy, and didn't think too much, and continued to talk about it.

Later, even the coordinates of the Genluo universe and Su Lang's various combat techniques were leaked to Emperor Wu Jingzhou.

In his opinion.

Anyway, Su Lang will die sooner or later, what impact will leaking these things have?

Emperor Wu Jingzhou soon reported the information he had received to Doudu Universe Jade Cultivation Group.

She never expected that this time the character would be so easy.

So that except for himself, the rest of the Xiuyu faction was useless.

Not long.

Emperor Wu Jingzhou quietly moved away from the topic and continued to discuss his cultivation experience.

Emperor Ming Wu Zhou was even more excited because of his own voice that was listened to and recognized, and he was completely immersed in the pleasure of pointing the beauty to progress.

The other side.

Emperor Xiu Yuzhou quickly got all the information about Su Lang.

"Using the Four Eternal Realm, in conjunction with the other two Four Eternals, almost eliminated one Five Eternal Power!"

"Furthermore, this kind of swordsmanship, these weapons, this means of traveling through the barriers of the natural universe, absolutely cannot be done by ordinary inheritance!"

"It seems that Su Lang, this kid really got the inheritance of that great power!"

"Hmph, now the coordinates of the Genluo universe are also available, and it's time to do it."

Emperor Xiu Yuzhou thought so, and there was a touch of excitement in his eyes.

He inherited the inheritance of Emperor Dou Xiu, if he gets another inheritance of the same level as Emperor Dou Xiu, his cultivation base will surely soar!

but.

He didn't do it right away.

Kongqing Universe is a middle-level universe of the Xiuning faction. To capture Su Lang, at least the Six Eternal Realm must be sent.

The powerhouses of the Six Universe Eternal Realm descend on the sky blue universe, which will definitely attract attention and give the Xiuning faction a chance to stop them.

and.

In the eyes of Emperor Xiuyu Zhou.

Su Lang was also very cunning, playing around the eternal warriors of the five universes.

Genluo Universe and the eyeliner left by the old fox Emperor Minghua Zhou.

So this incident must not be simply and rudely messed up.

At least, you have to hide the eyes and ears of the Xiuning faction!

[Chapter 2478: Drain two hundred natural universes](#)

Because Doudu universe time flows very fast.

A long time has passed, and the middle universe has only passed for a while, not to mention the basic universe.

So Xiuyu didn't panic.

He also has at least a few hundred years to think about countermeasures.

of course.

In fact, it will not take so long at all.

The emperor Xiu Yuzhou first probed the movements of the Xiuning faction and above the powers of the five cosmos.

Soon.

And mobilized the manpower of his subordinates.

Let a statue of Six Eternal Realm gradually escape the surveillance of Xiuning's group.

He must do this.

Otherwise, the person hadn't been dispatched to the Kongqing Universe, and he might have been discovered by a nail that Xiuning's group had driven in.

All plans are proceeding smoothly.

It was also when the Xiuning faction established the altar of the universe origin contract and arranged it secretly by Emperor Xiuyu Zhou, and Mingwu was fascinated by Emperor Wu Jingzhou.

In the basic universe.

The avatars of Su Lang spread out, hunting around the natural universe of the Black Ice Tower and Lingyu Wanjie Pavilion.

Because Hei Binglou and Ling Yu Wanjie Pavilion have no defensive power.

So the process went very smoothly!

In a short period of time, it has occupied two hundred natural universes!

In the process, some stubborn eternal warriors were also hunted down.

Some eternal states of consciousness and half-step eternity are all collected into the body world.

Although those surrendered eternal realm masters the time avenue, which is equivalent to a humanoid universe, they can still be easily suppressed by Su Lang in the body world.

These acquainted guys did not dare to have any thoughts of making trouble, and they had completely surrendered to Su Lang.

at the same time.

Su Lang stayed in an Eternal Spirit Gathering Array and practiced for half an hour.

For the rest of the eternal realm, this time is not worth mentioning.

But for Su Lang.

Within half an hour, I don't know how many years of cosmic energy has been absorbed by a fighter of the same level.

of course.

Ordinary Eternal Realm is to use the origin of the universe to fill its own crystal wall universe.

Su Lang's cultivation method is completely different.

It is filled by the cultivation base accumulated in the sea of cultivation.

At this time, the rate of Su Lang's one-key practice function was the multiplier of the speed at which the eternal realm of the same level absorbed the energy of the universe.

In the ordinary eternal state, there are many core origins of the universe, and there are many origins of the universe, so the cultivation speed is fast.

On the contrary, without these two things, no matter how strong the aptitude is, it can only stand still.

Their cultivation has nothing to do with the speed of absorbing cosmic energy.

To do more is to absorb the energy of the universe, spend time refining it into the origin of the universe, and then practice.

Therefore.

Between Su Lang and Ordinary Eternity, there is no specific ratio for the speed of raising the realm.
but.

Su Lang's cultivation method and speed are far simpler and faster.

The speed of improvement is compared to the ordinary eternal realm, and it is also in trillions of times!

At this moment.

With the combat power of the Four Eternal Realm.

Plus the terrifying one-key training magnification.

The speed at which Su Lang absorbs cosmic energy is no longer comparable to when he first entered the eternal state.

After half an hour of practice.

He has traveled through various natural universes, and has successively absorbed the spilled energy of two hundred natural universes.

"So much natural cosmic energy."

"The transformed cultivation base is estimated to have allowed me to break through to the Three Eternal Realm!"

"Then, next."

Su Lang closed his eyes and gave instructions in his heart, "System, activate the function of 'Crystal Wall Universe'!"

The order has just arrived.

The golden cultivator instantly turned white.

A large number of cultivation bases are mixed with Time Avenue, appearing out of thin air in those half-step eternal realm crystal wall world.

These half-step eternal crystal wall worlds suddenly began to qualitatively change and sublimate.

One by one in the world.

There was a horrible roar between heaven and earth.

Strong temporal and spatial fluctuations continue to bloom.

The whole world, like there are countless invisible big hands, stretched out in all directions.

The creatures in the world panicked and caused turmoil after seeing this great change.

But soon someone with the knowledge of the situation appeared to suppress all chaos.

There are also reincarnation messengers, and civilization messengers descend from underground and heaven to guard the world.

These messengers are naturally the people of Xiaoluo, the mirror of reincarnation and the moon moth of the nest of civilization.

[Chapter 2479: Breakthrough, Three Eternal Realm](#)

With the suppression and reassurance of many powerful people.

These worlds quickly understood the truth and knew that the world they were in was upgrading.

Suddenly.

Countless creatures fell into ecstasy.

Time passed slowly.

The crystal wall world of hundreds of billions and trillions in Su Lang's body has been transformed into a crystal wall universe.

Immediately after.

These crystal wall universes began to condense the power of the universe and feed back Su Lang himself.

Su Lang, who was sitting in the void, suddenly burst into a more terrifying aura.

This kind of aura is a world away from the Eternal Two Universes.

"Breakthrough!"

"Three Eternal Realm, it's here!"

Su Lang opened his eyes fiercely, and there was a light of joy in his eyes.

Soon he saw himself inwardly.

But he saw that his crystal wall universe had risen from two hundred gai to six hundred and eighty-eight gai.

This is exactly the level of the Three Eternal Realm.

"system!"

"Open the properties panel!"

Su Lang's heart moved, and his attribute panel suddenly appeared in front of him.

[Name]: Su Lang

[Race]: Human race

[Qualification Level]: Turbidity

[Realm level]: Three universes forever

[Attack level]: Four Eternity +

[Defensive level]: Four Eternity

[Shenfa Level]: Four Eternity

[Endurance Level]: Four Eternity

[Spirit Level]: Realm of Huanni

[Master the exercises]: Infinite Heart Sutra, "Ten Thousand Ways to One · Infinite Profound Meaning" (eternal level, founding)

[Activated system functions]: One-key training function (level 53), one-key martial arts function (level 53), one-key clone function (level 53), one-key treasure hunting function (level 52), one-key alchemy function (18 Level), one-key mixer function (level 18), one-key refinement function (level 18), one-key synthesis function (level 18), one-key empowerment function (level 27), one-key enhancement function (level 13), One-key decomposition function (no level)

The cultivation realm has been raised to a small realm, and the combat power has also been raised to a small realm.

This means that the effects of the exercises that Su Lang learned before have been released.

otherwise.

Real combat power cannot be improved to a small level.

After all, this is a small level promotion of the Eternal Realm, and the gap is very terrifying!

"Four Eternal Realm battle power!"

"The combat power of the clones has also been improved."

"If the swallowing clone and Xing Cuanyun conjunction function are used, the combat power of the Xing Cuanyun clone and I should be able to reach the top level of the Five Eternal Realm!"

"In that case, the weapon should also evolve!"

Su Lang looked at his attribute panel, a slight smile was drawn at the corner of his mouth.

Now his strength is rising.

The upper limit of the control of weapons has also risen.

Before, he could only control the weapons of the pinnacle of the Four Eternal Realm, but now he can control the Five Eternal Emperor Arms.

And in his storage space.

I have always prepared materials for promotion for Youtian Sword, Tianjia Eight-Round Shield and Life Sword.

"system!"

"Start the 'Enhanced Reset' function!"

Su Lang took the Youtian Sword from his hair bun, and gave instructions to the system in his heart.

"Ding! The Youtian Sword has been successfully reset!"

The system prompt resounded through my mind.

The Youtian Sword suddenly lost its breath, returning to the state of the eternal emperor of the Three Realms.

"what!?"

"Master wants to help me become stronger again! So hey!"

Qi Ling Xiaoyou noticed that the strengthening power in her body had disappeared, and she was excited without worry but joy.

Immediately after.

Su Lang gave instructions once again.

Activate the weapon evolution function, retain only the current characteristics, and evolve the Youtian Sword!

"Ding! Consume Eternal Soul*24, Half-Step Eternal Soul 1000, Primordial Soul*5 million, Origin of the Universe*100,000, Eternal Realm material Non-Mind Universe Core Crystal*3, Duize Gu Yuyuan*122, Too elementary materials... Youtian Sword evolved into the Four Eternal Emperor Soldiers!!"

The system prompt appears.

Youtianjian's breath suddenly rose a lot.

But this is not over yet.

"system!"

"Start one-key enhanced function!"

Su Lang's expression did not change, he locked the Youtian Sword with his divine mind, and gave instructions again.

"Ding! Strengthened successfully, Youtian Sword +1"

"Ding! Strengthened successfully, Youtian Sword +1"

"Ding!....."

The system prompt sounded four times in total.

Compared with the previous five enhancements, one less.

Because with the foundation of the Four Eternal Realm of Youtian Sword, there are really too many materials needed to strengthen the fifth time.

But even four reinforcements.

It also allowed the power of Youtian Sword to reach the peak level of the Five Eternal Realm.

[Chapter 2480: Emperor Xie Langzhou](#)

"Youtian sword of this level."

"In addition to the ability to swallow the clone, I can already kill the eternal powers of the ordinary five universes."

"Like Pei Yuxiao and others, if you encounter it again, you will definitely cut it under the sword!"

A cold light flashed in Su Lang's eyes, and immediately inserted the Youtian Sword back into his hair bun, and took out the Heavenly Eight-Edged Shield and the Sword of Life.

Use the same method.

The Heavenly Eight-Edged Shield and the Sword of Life were quickly evolved into the Four Eternal Realm, plus three enhancements.

Even if there are only three enhancements.

It also allowed these two weapons to reach the advanced level of the eternal emperor of the five universes.

The ordinary eternal emperor soldiers of the five universes are simply incomparable!

"We are almost there!"

"Next, is the cultivation method."

Su Lang looked towards the mysterious black space, and the martial arts villain was making a frantic effort to practice "Soul Development of Soul and Heart".

After the last few battles, plus the time Su Lang spent practicing, it actually didn't last long.

Therefore, the practice of "Yanhun Guanxin Jue" has not been completed yet.

Su Lang turned his attention to the recently harvested exercises.

Although it has the system function of 'the top of the exercise technique', it can raise the level of the low-level exercise technique to the eternal state.

But there are also strong and weak points in the same level.

Most of the low-level exercises have a low intention and a small structure, and after being promoted to the eternal state, they will be worse than the ordinary eternal exercises.

Only special intention exercises like "One Thought Conferring Heaven" can continue to surpass the ordinary eternal exercises.

and so.

Su Lang still prefers the exercises of the eternal realm.

quickly.

He found a method specifically to cover up his breath from the exercises he recently harvested.

This exercise is called "Zhou Cage Sha".

It is a good method for restraining interest in the eternal realm.

"Afterwards, practice this "Cage Cage"."

Su Lang flipped through the exercises, then threw it into the storage space.

Immediately after.

He activated the clone replacement function and went to the next natural universe where the hunt was completed to arrange the spirit gathering formation method to absorb the energy of the universe.

at the same time.

In the empty green universe.

Emperor Wu Zhou of Ming Dynasty is still communicating with Emperor Wu Jingzhou.

The eternal emperor's exchanges are not long for hundreds of years, let alone this time.

Just as the two exchanged.

Suddenly received a message.

It turned out that it was another eternal emperor of the sky-blue universe who sent the invitation, saying that he had not gathered for a long time and invited many people to gather together.

This kind of gathering is actually very common.

Emperor Ming Wu Zhou also often participated before.

However, where there are gatherings, some people like to compare.

Because of this, Emperor Wu Zhou had some suspicions with another Emperor Zhou.

But he is a member of Emperor Minghua Zhou, and he is in charge of the overall situation in this empty blue universe, and he is not afraid at all.

In addition, the beauty Wu Jingzhou emperor accompanies him.

Emperor Ming Wu Zhou wanted to show performance, so naturally he would not refuse.

the next day.

The party started.

In the sky blue universe, the eternal powerhouses from the Doudu universe gathered together.

The atmosphere was good at first.

But soon there was a change.

Emperor Wu Zhou and Emperor Zhou, who had some suspicions, had a conflict because of Emperor Wu Jingzhou. The establishment of large formations and arenas was a level.

Suddenly.

The place where everyone was, was sealed off with a reasonable formation.

They will not know what is happening outside.

all of these.

Naturally, it came from the hand of the jade repair school.

It was also when Emperor Ming Wu Zhou and others were competing in the big formation.

A mysterious Emperor Zhou who was covered in black robes quietly descended into the empty blue universe.

This person is under the command of Emperor Xiuyuzhou, a six-plane eternity who is very good at hiding and disguising, Emperor Xielangzhou!

Not bad.

Emperor Xiu Ning Zhou really sent the Six Eternal Power to kill Su Lang.

Evil Langzhou Emperor didn't stay in the sky blue universe much. After he arrived, he immediately went to the springboard universe and rushed to the Genluo universe.

Due to the time flow rate.

Su Lang had just replaced his clone and arrived in the new natural universe soon.

Emperor Xie Langzhou descended into the Genluo universe.
