[Chapter 2481: The other party's fraud is not false](#)

"Ok?"

"Gen Luo universe is coming again!?"

"I don't know if I came to Xingshi to inquire, after all, my previous performance must be a bit arrogant to them."

Su Lang felt the movement in Gen Luo universe, and his eyes flashed.

at the same time.

In the Gen Luo universe.

As soon as Emperor Xie Langzhou appeared, he attracted the attention of the half-step eternal old man under Ming Hua's command.

but.

Emperor Xie Langzhou has been transformed into the eternal appearance of a six-planet in the Xiuning school.

The half-step eternal old man can't see a trace at all, and he doesn't have any vigilance.

He even saluted the Emperor Xie Langzhou.

"Ok."

Emperor Xie Langzhou nodded at the half-step eternal old man, and immediately arched his hands to the four directions:

"Little friend Su Lang!"

"I am Doudu Universe, the Xiuning faction, Emperor Yanming Zhou."

"We conducted an internal investigation and evaluation of Dao friends, and had heated discussions."

"In the end, I think that as that powerful successor, Su Lang is fully qualified to form an alliance with us, and is equal!"

"Therefore, we finally decided to make an alliance with Su Lang!"

"For this alliance, we have established an altar of cosmic origin contract in Doudu Universe to ensure the openness, fairness and fairness of the alliance."

"So, please feel free to form an alliance with us, Su Lang, without any worries."

"As for more specific matters, please follow me to Doudu Universe to discuss it in detail!"

"..."

Emperor Xie Langzhou knew that there were Su Lang's eyes and ears around him, his expression was serious, and he said loudly.

This acting is absolutely flawless.

Nine out of ten sentences in his mouth are true.

It is estimated that even if someone from the Xiuning faction came, they would say the same.

The false estimate is that Xie Lang's identity is disguised.

The other side.

Su Lang had already seen Emperor Xie Langzhou through the sight of the flying flying flying flying treasure hunting, and heard all the words of Emperor Xie Langzhou.

"The Doudu Universe Xiuning faction!?"

"It turns out that Doudu Universe is still divided into factions."

"I thought that the universe is unified."

"The previous Minghua Mingwu and the others are probably from the Xiuning school of Doudu Universe."

"In addition, they seem to think that I am the heir of who and whom, before agreeing to form an alliance?"

"..."

Su Lang raised his eyebrows, his eyes flashed with thoughtful light, and he called out the attribute panel of Emperor Xie Langzhou.

quickly.

All the information of Emperor Xie Langzhou was placed in front of him.

However, he saw that this person's real name was Wan Jinglei, the six-plane eternal realm power, and his practice was similar to that of Emperor Minghua Zhou, and there were also duplicates.

Because Su Lang didn't know that Wan Jinglei's real name was "Xie Lang".

Therefore, only the real name is known, and it is impossible to tell that this person is disguised.

In addition, this person's practice is obviously at the same source as Minghua Zhou, and Minghua Zhou's subordinates are not unusual.

So Su Lang really didn't realize that Xie Lang was a fake "Yan Ming Zhou Emperor".

of course.

No matter what, Su Lang will not be afraid.

Even if the other party is deceiving, he is not false at all.

It should be known that his clone has completely cooled down at this time, which is equivalent to having fifty-three lives to consume.

Even if the other party has a fraud, you can just do it yourself, and there is no loss.

Not to mention.

It is also possible to send a clone directly.

Anyway, the clone has the aura of the Four Eternal Realm, and it will definitely be treated as the deity.

At that time, you can use the clone to explore the mine first!

and so.

It's all like this, you are still afraid of a woolen thread?

"I want to see if you really came to ally with me."

The corner of Su Lang's mouth twitched, and his thoughts immediately moved, sending a clone to the vicinity of Gen Luo.

Immediately after.

Su Lang uses the perfect leaning to control the clone, and uses the Time and Space Avenue to go to Genluo Universe.

Wow!

Temporal and spatial fluctuations appear.

The avatar of Su Lang emerged and stood in front of Emperor Xie Langzhou, that is, the fake Emperor Yanming Zhou.

"Hahaha!"

"Little friend Su Lang is really innocent, he came straight away, and I am very surprised!"

Emperor Xie Langzhou looked at Su Lang and looked up and down. It was indeed the eternal realm of the Four Universes, and his aura was extraordinary.

Although there is no peak aura of the Four Eternal Realm in the intelligence, it is similar.

[Chapter 2482: Su Lang was abducted](#)

and.

In the eyes of Emperor Xie Langzhou.

Su Lang was able to display that fighting power that surpassed the same level, killing so many people with one sword.

It must have used a lot of secret methods, with the help of the eternal emperor's might.

The cultivation base breath at this time is the normal level.

The thought that this person holds the terrifying inheritance of His Majesty Dou Xiu's level, Emperor Xie Langzhou couldn't help feeling a little excited.

It's just that he never expected it.

The one in front of him is not Su Lang's deity at all, but Su Lang's clone.

Moreover, Su Lang did not grasp the inheritance of that power at all.

"You really decided to form an alliance with me?"

"It should be noted that I am just an eternal realm of four universes."

Su Lang controlled the clone and said with a faint smile.

"Of course it's true!"

"Please also ask my little friend to follow me to Doudu Universe."

"His Royal Highness, but we have been looking forward to it!"

Emperor Xie Langzhou suppressed his excitement and smiled at Su Lang.

"Okay."

"Then please lead the way."

Su Lang controlled the clone and smiled slightly.

"Ok!"

"By the way, and you, I almost forgot you."

"Emperor Minghua is building the altar of the universe origin contract, and there is no time to come, so let me take you back to Doudu universe together."

Emperor Xie Langzhou nodded immediately, looked at that half-step eternity, and said indifferently.

A mere half-step eternity.

If it weren't for the fear of revealing, he wouldn't bother to look at the old man.

"Yes, Senior Yan Ming!"

Half a step, the eternal old man bowed his orders and stood tightly beside Emperor Xie Langzhou.

"These cosmic coordinates are our way forward."

"This time we will pass through the empty blue universe, but we will not stay there."

"And there is nothing to stay there, Doudu universe is much more prosperous than there."

Emperor Xie Langzhou gave Su Lang some coordinates and said immediately.

"Ok."

"Let's go."

Su Lang looked at the coordinates given to him by Emperor Xie Langzhou.

It was similar to the route obtained from "Jiong Ling Zhou Emperor", and it was not fake.

"it is good!"

Emperor Xie Langzhou smiled kindly, and then spread the time and space fluctuations, encumbering Su Lang and the half-step eternal old man.

Wow!

Temporal and spatial fluctuations appear.

The three disappeared from the same place.

All the way forward, the three of them soon entered the empty blue universe.

Su Lang unfolded a divine scan, watching with interest.

This was the first time he saw the place where the eternal warriors gathered.

This is like an orderly city.

Relatively speaking, the natural universes that stayed before are like the wild with the rules of the jungle to the extreme.

In addition.

Su Lang also clearly felt the time flow difference between the empty blue universe and the lower universe where he was 10,000 times!

The three did not stay longer in the empty blue universe.

Instead, he used the Dao of Time and Space in situ to go to Doudu Universe.

There were waves of time and space.

Mixed in the time and space fluctuations caused by the shuttle of other ordinary eternal realms, it is not eye-catching at all.

And Emperor Ming Wuzhou, who was madly beaten by the opponent in that formation, was so angry that he was so angry that he yelled and almost vomited blood.

To be defeated in front of Emperor Wu Jingzhou, whom he admired, was a great shame to him.

He just wanted to take revenge and restore his image in the heart of Emperor Wu Jingzhou.

It's all like this, how can he still be in the mood to pay attention to changes in the outside world.

The rest of the Xiuning faction was not infiltrated into the eternal realm, but also attracted by this battle, and did not care about the outside world at all.

Fight in the universe.

Three figures appeared on a vast continent.

The vastness of the continent, even with Su Lang's divine intent, it is impossible to have a panoramic view of this continent!

On this continent.

A small mountain bag is a planet!

A big mountain is made up of many planets!

The mountains and rivers are all like great dragons, roaring and tumbling, filling the earth!

Simultaneously.

Su Lang also noticed the extremely rich cosmic energy!

The concentration of these cosmic energy is almost higher than the concentration of energy gathered by the eternal spirit gathering method in the basic universe!

"Doudu Universe, really well-deserved reputation!"

Su Lang looked around and nodded very satisfied.

There is a more superior training environment here.

The natural universes obtained before can basically be sold for money.

[Chapter 2483: How about being arrogant](#)

"Hahahaha."

"Of course the Doudu universe is much better than those middle and lower universes!"

"Little friend Su Lang, go here!"

Emperor Xie Langzhou laughed loudly, and immediately wrapped Su Lang and continued to move forward.

That half-step the eternal old man was also being carried forward.

But looking at the surrounding environment, something bad suddenly rose in the old man's heart.

Because of the surrounding environment, he felt very strange.

As a subordinate of Emperor Minghua Zhou, although he only had a half-step eternal state, he was quite familiar with the environment in the Xiuning school.

Currently here is a black jade forest.

He had never heard of this kind of environment on the site of the Xiuning faction.

It was just a moment when he felt bad.

Emperor Xie Langzhou had already wrapped Su Lang and him through the black jade forest.

In the sky ahead, a black grand palace appeared.

In an instant.

Half a step, the eternal old man's complexion changed drastically, and the bad feeling in his heart turned into panic!

"That's Xuanyi Zhougong!!"

"You, you are not Emperor Yan Ming Zhou!"

"You are from the jade repair group, who are you!"

"..."

Half a step, the eternal old man was terrified, looked at Emperor Xie Langzhou in disbelief, and let out a trembling exclaim.

Soon he tried to send a signal to remind Emperor Minghua Zhou.

however.

How can it succeed under the hands of Emperor Xie Langzhou, the eternal power of the six universes?

"Hahaha!"

"Idiots, you Xiuning faction are all idiots, you don't even know that I am a disguise!"

"Unfortunately, I know now that it is too late. This is already the base camp of the Jade Cultivator!"

"Half an eternal ant, you can go to death."

Emperor Xie Langzhou looked at the half-step eternal old man, with a touch of contempt and sarcasm in his eyes.

Talking.

He will start to kill the desperate old man.

at this time.

"Wait!"

Su Lang, who was dazed by the side, suddenly spoke.

"Oh!"

"Little friend Su Lang has already spoken, so I will naturally save face, haha!"

Emperor Xie Langzhou glanced at Su Lang, with a hint of playfulness in his eyes.

"Xiuyu faction?"

"You are not from the Xiuning faction!?"

"So, you deceived me?"

"You said you, the six universes are eternal, come to fool me, come to lie to me, is this okay, is this not good!"

Su Lang looked at Emperor Xie Langzhou, raised his eyebrows, and said lightly.

There was some stunned and angry feelings in his heart.

Good guy, sinister enough to cheat!

"Sorry, little friend Su Lang, soldiers are not tired of fraud!"

"In addition, to be honest, the Xiuyu faction is stronger than the Xiuning faction!"

"Little friend Su Lang wants to form an alliance, it is obviously better to choose our side!"

Emperor Xie Langzhou had a playful smile on his face, and his eyes looked at Su Lang like a lamb to be slaughtered.

"Senior Su Lang, never agree to it!"

"Xiuyu's faction is acting viciously, and will never form a fair alliance with you!"

Although the half-step eternal old man was afraid, he still plucked up the courage to speak.

"Haha."

"Needless to say, I won't form an alliance with this jade cultivator."

"Come to fool me, lie to me, and want to form an alliance with me, go dream!"

Su Lang raised his eyebrows and looked at Emperor Xie Langzhou with disdain.

"Su Lang child!"

"As far as you are in the Four Eternal Realm, is there still room for choice?"

"Make an alliance with our Jade Cultivation faction, hand over all the inheritance, and we will give you a way to survive!"

Emperor Xie Langzhou looked at Su Lang in a little astonishment.

I don't know that Su Lang has fallen to the present situation, where the courage came to express contempt for the Xiuyu faction.

"fart!"

"The deity's way of living has never been given by others."

"Now, while the catastrophe has not yet occurred, you Xiuyu faction will apologize to me, and I can leave it alone."

Su Lang stared at Emperor Xie Langzhou disdainfully, with a firm tone in his mouth.

Anyway, the two sides are already feuding.

I won't die anyway.

How about being arrogant! ?

And these words.

Suddenly, Emperor Xie Langzhou was dumbfounded, and even the half-step eternal old man beside him was dumbfounded.

An eternal realm of four universes.

Asking the terrorist forces with multiple Seven Eternal Realms to apologize to him, this is madly out of the sky!

[Chapter 2484: Booked](#)

"Hi, Su Lang child, are you crazy or stupid?"

"Don't you know where you are now!?"

"Your life has been squeezed in my hands by my jade cultivator. I want you to die in an instant!"

"Now, I'll take you into the Xuanyi Zhou Palace. On the road, you still have a chance to go back."

"As long as you fully cooperate, we can guarantee you a way out."

Emperor Xie Langzhou said coldly, and immediately wrapped Su Lang and flew towards Xuanyi Zhou Palace.

As for the half-step eternal old man, he was silently turned into powder, and died.

have to say.

Half-step eternity is really too fragile in the face of eternity.

"Okay."

"I told you not to kill him, you must kill him."

"Very well, you, I have already written a small book, you will definitely die!"

Su Lang caught half of the eternal old man's death with his spiritual thoughts, and immediately glanced at Emperor Xie Langzhou.

"kill me!?"

"I will definitely die?"

"Hahaha, you are really the most arrogant junior I have ever seen."

Emperor Xie Langzhou didn't take Su Lang's words seriously, and smiled disdainfully.

At about the same time.

In the site of the Xiuning faction.

Emperor Minghua Zhou, who was building the altar of the universe origin contract with the other elders and guardians, suddenly changed his expression.

"What's the matter, Minghua protector?"

Elder Yu immediately noticed the strangeness of Emperor Minghua Zhou and asked immediately.

"not good!"

"The subordinate I placed in Genluo Universe to connect with Su Lang suddenly appeared on the domain of Doudu Universe, Xiuyu faction!"

"Moreover, it's the core hinterland location!"

Emperor Minghua's face was unbelievable and terrified!

Hear this.

Elder Yu and the rest of the elders and guardians who were busy immediately stopped their movements, their expressions changed drastically.

"Minghua protector!"

"What exactly is going on!?"

"How could your subordinate suddenly appear in the territory of the Xiuyu faction!?"

Elder Jing Zhi had a gloomy expression, and asked intently!

"Jing Zhi."

"Are you suspecting that my subordinates have rebelled?"

"Or, are you doubting me?"

Emperor Minghua is not afraid of Jing Zhi at all, even if the latter is the eternal seven cosmos.

"Humph."

"I didn't say it."

Emperor Jing Zhizhou sneered, "I don't know what you are so excited for?"

"I tell you, I personally discovered Su Lang!"

"It was also I personally informed His Royal Highness Xiuning and proceeded to investigate Su Lang's affairs."

"If I am a jade repairer, how can I do this?"

"In addition, my subordinate is only a half-step eternal state, and has no ability to cross the natural universe alone."

"And that subordinate did not grasp the path from Genluo Universe to Doudu Universe!"

"So there is only one explanation. Someone brought my subordinate to the site of the Xiuyu faction."

"The goal of the Xiuyu faction is definitely not my subordinate, they definitely brought Su Lang!"

Emperor Minghua looked at Jing Zhi with a gloomy expression, and his voice was also very low.

"Minghua's Law Protector will definitely not be a problem."

Elder Yu stood up and said, "A traitor from our Xiuning faction has leaked the news and let Xiuyu's faction rob Su Lang away!"

"Not bad!"

"Now my subordinate is dead."

"It is impossible for Xiuyu's faction to spend a lot of time to arrest my subordinates."

"Su Lang is probably in the hands of Emperor Xiuyu Zhou at this time!"

"Damn it, that's the eternal arrogant who holds the inheritance of your Majesty Dou Xiu!"

Emperor Minghua looked sad and angry!

"Don't worry, everyone."

"Although Su Lang falls into Xiuyu's hands, there should be no danger in a short time."

"Because Emperor Xiu Yuzhou didn't want Su Lang's life, but the complete inheritance."

Elder Zhong stepped forward and said with relief.

"Not bad."

"Su Lang is definitely fine, we still have a chance to rescue him."

Elder Xie nodded, "The nails that were nailed to the jade repair faction before, it's time to make a difference!"

"This matter is too important."

"I will suspend the construction of the Cosmic Origin Contract Altar, and report the matter to His Highness Xiuning."

Elder Yu looked around the crowd and said.

[Chapter 2485: Ironic the past on the spot](#)

"Exactly!"

Everyone nodded.

Immediately, they rushed back to the summit of Luanzhi, Ziyu Heavenly Palace, and saw Emperor Xiu Ning Zhou.

"You all came here? What happened?"

Emperor Xiu Ning Zhou looked at the crowd with a slightly gloomy expression.

"Return to Your Highness."

"Su Lang, I am afraid he has been robbed by the Xiuyu faction!"

"This matter blames the subordinates' incompetence, and has not considered the protection of Su Lang..."

Guardian Minghua stepped forward, first confessed his guilt, and then told the matter again.

"what?"

"Su Lang was robbed by the guy Xiuyu!"

"Check and see who leaked the news!"

"In addition, use all your strength to investigate Su Lang's trail and start rescue!"

Emperor Xiu Ning Zhou stood up directly with a gloomy expression and chills in his eyes.

Su Lang, however, is the one who unified Doudu, saving Doudu universe, and even the hope of saving the entire Doudu universe.

But now.

He was robbed by the guy Xiuyu!

Based on her knowledge of Emperor Xiuyu Zhou, she had almost thought of the scene where Emperor Xiuyu Zhou first saluted and then attacked Su Lang.

"Yes! Your Highness!"

The elders and guardians retreated one after another.

Immediately afterwards, for many years, Emperor Xiu Ning Zhou entered the undercover agent of the Xiuyu faction and began to become active!

The other side.

Emperor Xie Langzhou had screwed Su Lang into the Xuanyi Zhou Palace.

In the hall.

The origin of the universe is permeated with colorful colors.

And the core origins of the universe that are shaped like a jade.

A black-clothed young man was sitting in the middle, closing his eyes and practicing painfully, and refused to let it go.

"You are Emperor Xiuyu Zhou?"

"Fudge me, the messenger behind the scenes who lied to me?"

Without waiting for Emperor Xie Langzhou to speak, Su Lang asked directly, without any fear at all.

"you!"

"Seeing His Royal Highness Xiuyu, don't kneel down yet!!"

Emperor Xie Langzhou's expression changed, and he immediately used his supernatural powers to make Su Lang kneel.

"stop!"

"Su Lang is a distinguished guest of the deity, Xie Lang, apologize."

Emperor Xiuyuzhou who was cultivating suddenly opened his eyes, and scolded Emperor Xie Langzhou with an unhappy expression.

"Yes! Your Highness!"

Emperor Xie Langzhou's expression changed, and then he bowed and apologized to Su Lang, "Sorry, little friend Su Lang, I was rude."

"You are indeed rude."

"I wonder if the most sincere apology is to kneel down?"

Su Lang hung his eyes and glanced at Emperor Xie Langzhou, and said dissatisfied.

Would he fail to see that the other party played a black face and the other played a white face?

On the spot is the irony of the past!

"you!!"

Emperor Xie Langzhou's complexion turned red, and he felt only shame in his heart.

Oh my god, he was so humiliated by a junior of the Four Eternal Realm!

What a shame, a shame!

At this time.

"Xie Lang, step back."

The voice of Emperor Xiu Yuzhou came.

"Yes!"

Emperor Xie Langzhou's eyes were red, and he retired very unwillingly.

"Emperor Xiuyu Zhou."

"After all, what do you want to fool me here?"

Su Lang looked at Emperor Xiu Yuzhou with a calm expression, and even threw out a set of tables and chairs with Lingguo Ling tea, and he ate and drank leisurely.

"Tsk tut."

"The Doudu universe is extremely vast, containing one hundred thousand natural universes."

"But this is the first time I have seen you such an arrogant person, it really opened my eyes."

Emperor Xiu Yuzhou smiled slightly, as if he was not irritated by Su Lang's rudeness.

But in fact, he was very annoyed.

How many billions of years, who is not respectful to him?

"Ha ha."

"You are really short-sighted, there are too many things you haven't seen."

"Maybe if I show my hands casually, you will be thunderous, dumbfounded and stuck there like a fool."

Su Lang took a sip of tea, raised his eyelids, and said lightly.

Hear this.

Emperor Xiu Yuzhou became even more angry, and he couldn't wait to tear Su Lang to pieces on the spot.

of course.

He could not do this.

Even the expression on his face didn't look strange, he was still smiling.

[Chapter 2486: Emperor Xiuyu Zhou is speechless](#)

"Su Lang."

"Since the words are not speculative, let's go directly to the topic."

"I asked you to be brought here to make a deal with you."

"I know, you have a legacy of being super eternal."

"How about I exchange the universe origin and the core origin of the universe with you that you can't imagine?"

Emperor Xiu Yuzhou smiled and said in a friendly voice.

"Ha ha."

"It's nice to get straight to the point. You didn't scold you before, it's so cheap."

"Oh, by the way, you are also looking for scolding now!"

"You kidnapped me and you want to make a deal with me?"

"Also, you know that my inheritance is very powerful, and you still want to exchange the garbage like cosmic origin and core origin?"

"I really wonder if your brain has been cultivated into a fat intestine?"

Su Lang tilted Erlang's legs and said contemptuously while drinking tea.

Hear this.

The smile on Emperor Xiu Yuzhou's face was a bit untenable.

His heart was full of anger, almost erupting from the seven orifices.

He found that Su Lang had no intention of talking to himself.

Say something to himself, Su Lang can come over three sentences!

"Su Lang!"

"You must understand your current situation!"

"You are just a piece of fish on my chopping board!"

Emperor Xiu Yuzhou's expression gradually became gloomy, and his voice said coldly.

"whispering sound!"

"You are still a big meal in my pot."

"When I finish eating the bowl, I will eat your pot!"

Su Lang was still calm and unhurried, even a little slow.

"Humph!"

"Su Lang, I know you have a way to die."

"But how many times can you use the heaven-defying technique?"

"What's more, I won't kill you at all. You don't have a chance to use that death-replacement technique."

"If you really don't cooperate with me and don't hand over the inheritance, then you will spend the rest of your life in endless pain!"

Emperor Xiu Yuzhou snorted coldly, and his eyes returned to that aggressive look.

From the mouth of Emperor Mingwu Zhou.

He already knew Su Lang's various methods.

Including the final method of 'escape' from Pei Yuxiao's hands.

however.

He has no idea.

Su Lang's death-replacement technique is not reasonable at all!

Moreover, he didn't know that the person talking to him here was just an incarnation controlled by Su Lang.

The clone avatar dies, it will regroup after half an hour, and the cost is lower than the death of a clone.

"Tsk tut."

"Emperor Xiuyu Zhou."

"Advise you to take back what you said before."

"In short, don't think I have only the Four Eternal Realm now, but you still really can't afford me."

"Now I give you one last chance, apologize to me, I can spare you."

Su Lang stuffed a spirit fruit into his mouth, raised his chin, and looked squint at Emperor Xiuyu Zhou.

This statement came out.

Emperor Xiuyu Zhou suddenly twitched, and he was speechless.

Too arrogant, too arrogant!

The eternal realm of the four universes.

Turns out to threaten an eternal power of the Seven Universes!

Moreover, he is the kind of master who controls half of the high-level universe and has multiple eternal powers of the seven cosmos and six cosmos!

This is simply incredible!

It was madly beyond the imagination of Emperor Xiuyu Zhou!

He grew up and lived for countless billions of years. He had never dreamed of such a madman!

"call!"

"Su Lang, you are still really toasting and not eating fine wine!"

"Not only did you refuse to cooperate with me, but you were so rampant and humiliated me many times."

"There is really nothing to talk about between us."

"Next, let you taste the pain!"

Emperor Xiu Yuzhou's expression gradually became ferocious, he really had enough, and if he didn't vent his breath, his lungs would explode!

"Yo!"

"Showing your true face? Are you going to kill me?"

"It's a pity, it's a pity, Emperor Xiuyu Zhou, your poisonous hand can't reach me!"

"On the contrary, my poisonous hand will soon fall on you."

Su Lang looked contemptuously and said, "You have to hold back then, don't cry!"

"Smuggle!"

"It's up to now, dare to show your tongue!"

Emperor Xiu Yuzhou's expression was dark, like the bottom of a pot, and he instantly grabbed Su Lang with one hand.

next moment.

The means of searching for souls must be launched!

[Chapter 2487: I am not afraid of death but I am afraid of pain](#)

"Wait!"

"I just joked with you before."

"After all, it was the first time I saw Seven Eternal Powers, I was very excited. I haven't joked with Seven Eternal Realm yet!"

Su Lang suddenly spoke, and said seriously.

"Humph!"

"You dare to be clever!?"

"Taste the endless pain!"

The emperor Xiu Yuzhou was taken aback for a moment, and then he felt dull again, and then he was about to continue his soul search methods.

"and many more!"

"I promise you!"

"You take the origin of the universe and the core origin of the universe and change it with me!"

Su Lang yelled loudly, with an acknowledgment.

"Ok!?"

"Really!?"

Emperor Xiu Yuzhou looked at Su Lang disbelief.

"of course it's true!"

"I am not afraid of death, but I am afraid of pain."

"Now I am in a desperate situation. As long as it doesn't hurt, I can still get some cosmic origin and core origin, which is already very good."

Su Lang looked pale and nodded, his acting skills were almost bursting.

"I don't believe it!"

"What tricks are you doing?"

Emperor Xiu Ning Zhou frowned, if the rest of the people confessed like Su Lang, he would never doubt.
but now.

He has been given by Su Lang arrogantly that he is not confident in his own 'dominant spirit'.

"Oh, I'm so honest, what tricks can I use?"

"In order to show my sincerity, this is a secret technique in my inheritance. I can show you first."

"Well, this technique is called "Thirteen Corpses", which can cut out thirteen incense avatars, and the combat power is not much different from the deity, you say it is awesome!"

Su Lang smiled, and then took out a jade slip of the practice classic, which was "Cut the Thirteen Corpses".

And it's "Thirteen Corpses" that has been promoted to the eternal state.

This exercise is also worth a bit.

But the so-called reluctant children can't catch wolves.

How can we not pay a little cost if we want to pit a wave of the origin of the universe from Emperor Xiuyu Zhou?

"Really?"

"You really want to trade with me!?"

Emperor Xiu Yuzhou couldn't believe his eyes.

Because Su Lang's transformation was simply too great, he was so arrogant a moment ago, but now he is afraid?

"of course!"

"You let me down first!"

Su Lang nodded and waved the jade slip in his hand.

"Hmph, you don't dare to play any tricks anymore."

Emperor Xiuyu Zhou gave a cold snort, then took the "Thirteen Corpses" exercises into his hands, and probed it with his spiritual mind.

This look.

Suddenly surprised!

This technique is really good!

Although it was almost meaningless compared to the level of Cultivation Techniques of Emperor Dou Xiu Zhou.

But Emperor Xiu Yuzhou also understood that Su Lang could not show him the best things from the beginning.

but.

As an old cunning guy.

Emperor Xiu Ning Zhou did not show satisfaction.

"This exercise is just average."

"Su Lang, you can't be sincere!"

While talking, Emperor Xiuyu Zhou calmly collected the jade slip of the classic book into the universe of life.

"whispering sound."

"Want to have sex?"

"Do you really treat me stupid?"

"I'll take it out sincerely, so I'll look at you first."

Su Lang rolled his eyes and said categorically.

"it is good."

"Then I will give you some of the origin of the universe."

"The origin of the 100,000 universe is yours!"

While talking, Emperor Xiu Yuzhou threw the 100,000 universe origins to Su Lang.

Soon.

Sneers rose in his heart.

Su Lang is in his hands, and there will be a chance to bring back these cosmic origins in the future! !

and.

Su Lang's arrogant and arrogant act before, he will never forget, he will definitely retaliate severely!

"Only one hundred thousand!"

"Next, let's show you another copy of "Nine Places of Taoism"."

"After this book, we won't trade little by little anymore. Be quick and complete all the transactions directly!"

Su Lang glanced at the corner of his mouth, and immediately threw out another jade slip of the technique.

Snapped!

Emperor Xiuyu Zhou grabbed the jade slip of the exercise technique and swept away his spiritual thoughts.

Good guys.

It turned out to be a special technique that can raise the ranks of treasures!

As long as you learn this technique, you can get more high-level treasures, and then refining more universe origins!

"This technique is pretty good!"

Emperor Xiu Yuzhou squinted his eyes.

He secretly said in his heart, it is worthy of the inheritance of Emperor Dou Xiu's level, there is such a special eternal technique!

"Satisfied?"

"Pay the money if you are satisfied!"

"My inheritance here is the origin of the universe worth tens of billions!"

"But I guess you definitely don't have so many origins of the universe, and those gaps will be filled with treasures of heaven, material and earth!"

Su Lang looked at Emperor Xiu Yuzhou with a smile on his lips.

"Ha ha!"

"Just to my liking."

"I practice every day, and there are really not many universe origins and core origins of the universe."

"Just give you three million universe origins, five hundred universe core origins, and some treasures of heaven and earth."

Emperor Xiuyu Zhou gave a chuckle, waved his hands and waved countless cosmic origins, heaven and earth treasures, emerging like a fountain.

In fact, he had already guessed that Su Lang would find a way to escape with something.

but.

In his opinion, there is a blockade of Xuanyi Zhougong.

Unless it is the Eternal Realm of the Eight Universes, no one can escape! !

[Chapter 2488: Emperor Xiuyu Zhou dumbfounded](#)

In addition.

Emperor Xiuyu Zhou also had the idea of turning back immediately after the transaction.

Anyway, Su Lang is just the eternal realm of the four universes.

In his opinion, it is really a lamb fish with no resistance.

After the transaction is completed.

Emperor Xiu Yuzhou would find a way to retrieve the origin of the universe and the core origin of the universe from Su Lang.

If Su Lang completes the transaction, he will run away.

Then he Xiu Yuzhou Emperor has even more reason to do it.

just.

Emperor Xiu Yuzhou had no idea, he had lost from the beginning, all his thoughts were delusions.

at this time.

Countless treasures of heaven, material and earth, as well as three million cosmic origins, five hundred cosmic core origins, emerged in the main hall of Xuanyi Zhou Palace.

"Hahaha."

"I just like you being so stupid, oh no, you are a refreshing person."

Su Lang laughed at the treasures under his hand, and even missed his mouth.

Hear this.

Emperor Xiuyu Zhou's face suddenly became black, and his eyes suddenly became murderous.

But he did not break out immediately.

"Humph!"

"Su Lang, hurry up and hand over the complete inheritance, and don't play tricks on me!"

"Aren't you afraid of pain, if you break the agreement, I will make you hurt until the universe is annihilated!"

Emperor Xiuyu Zhou's voice was cold, almost freezing the entire Xuanyi Zhou Palace.

"Emperor Xiuyu Zhou."

"To be honest, I have never thought of passing it on to you."

"The two exercises I gave you before are just the low-level stuff in my mastery."

"Now, thank you for the origin of the universe and the treasures of heaven and earth!"

A faint smile was drawn at the corner of Su Lang's mouth, and he gave a fist to Emperor Xiu Yuzhou.

"Humph!"

"I had expected you to give me such a hand!"

"If this is the case, then you are ready to taste the endless pain and torture."

Emperor Xiu Yuzhou's expression is extremely cold, "When you figure it out, I will let you go!"

He guessed that Su Lang would probably do this.

But when this scene really happened, his heart was still extremely frightened!

Too arrogant.

Too rampant.

This alive and defiant person!

next moment.

Emperor Xiu Yuzhou directly acted, and terrifying power descended on Su Lang's clone.

He was going to tear through Su Lang's universe of life and bring back the origin of the universe and the treasures of heaven and earth first!

Faced with the power of the Seven Universes, Emperor Xiuyu Zhou.

The clone controlled by Su Lang really didn't have any resistance.

But did not wait for Emperor Xiu Yuzhou to tear it apart.

The life universe of Su Lang clone opened automatically.

Emperor Xiu Yuzhou was puzzled for a moment, then looked at the life universe of Su Lang clone.

Suddenly his eyes glared, and he was dumbfounded!

Because there is nothing in the life universe of Su Lang clone, it is completely empty!

"what!"

"How could it be completely empty!?"

Emperor Xiu Yuzhou looked at the empty life universe of Su Lang clone in disbelief, completely unable to believe his eyes.

From the Wudi level, the warrior has been creating the universe of life.

By the time of the Four Universe Eternal Realm, the life universe has long been almost the same as the general basic-level universe.

It stands to reason that there should be a magnificent continent and a large number of stars, forming a complete universe.

But the life universe of Su Lang clone had nothing.

This is against common sense!

"Could it be that this is a fake life universe?"

"Have you hidden the real universe of life elsewhere?"

"Huh, eternal warrior, there is no way there is no life universe and crystal wall universe!"

"Next, I will look for it slowly, this is the first cruel torture for you!"

When Emperor Xiu Yuzhou was horrified, his brain made up for the reason that Su Lang's life universe had no life continent and planet.

Soon.

He will carefully probe all the crystal wall cells of Su Lang to find the whereabouts of that resource.

Torment Su Lang by the way.

But at this moment.

"Damn."

"Don't look for it."

"Come here, I just open it to you."

Su Lang laughed loudly and directly opened the space-time channels of all crystal wall cell worlds.
then.

Emperor Xiu Yuzhou's divine mind instantly saw through all the crystal wall cell world of Su Lang.
then.

He is even more dumbfounded!

[Chapter 2489: People, people, people ran away](#)

First of all.

The world of crystal wall cells in Su Lang's body is as many as 66,000! !

This has reached more than eight times that of Emperor Yu Zhou!

It should be known that Su Lang is only in the Four Eternal Realm.

And he repaired Yuzhou Emperor, it is already eternal for the seven universes.

Su Lang's crystal wall cells are more than eight times more than him!

This is simply fantastic, unbelievable, and terrible!

Even more shocking is.

This crystal wall world, which was more than 66,000 gai, was completely empty.

Ordinary warriors, let alone eternal realm.

Even the Emperor Wu who had just crossed the founding threshold, there were many creatures in the inner world.

But in Su Lang's inner world, let alone creatures, there are no ghosts.

Not to mention life planets and continents, there is simply no broken rock!

"This, how is this possible!!"

"How could you have so many crystal wall worlds!"

"How is it possible that the world in your body is completely devoid of life planet life continent!?"

"For the eternal emperor to master the power of the universe, he must master the power of humanity, and he must cultivate the world of life in his body!"

"You, how exactly did you cultivate? How could the universe of life and the crystal wall world be completely empty!?"

"Also, where have you put the origins of the universe and the treasures of heaven and earth?"

"..."

Emperor Xiu Yuzhou was horrified and exclaimed in disbelief!

Everything that Shennian saw was beyond his imagination.

"Don't be so fussy, OK?"

"Anyone who is a little bit knowledgeable will never be like you, calling there like a silly roe deer."

"Actually, the reason why I let you see clearly is to make you understand that your universe and the treasures of heaven and earth, I laughed at it!"

The corner of Su Lang's mouth outlines a strong playfulness.

He had moved the things to the storage space long ago, and the Emperor Jade Zhou searched for them to make sure that there were no hairs at all.

"you!"

"You bastard!"

"I must find out your secret!!"

"I will get all your inheritance, and my resources will definitely be found from you!"

Emperor Xiu Yuzhou was so angry that his nose was almost crooked!

However, even though he was tricked, he still thought that Su Lang could not escape from his hands.

In a long time.

What he repaired Yuzhou Emperor had time to torture Su Lang and seize inheritance!

But at this moment.

"Emperor Xiuyu Zhou."

"Next I will go back first."

"Don't be too sad, I will come back to find you!"

A smile appeared on Su Lang's face, and he immediately cancelled the perfect leaning, and recovered the clone.

then.

In an instant.

The avatar of Su Lang in Xuanyi Zhou Palace disappeared out of thin air, leaving only a table with messy peels and melon seeds.

".....!!!"

"where is the guy!?"

"People ran away!? How could it be possible! How could this be possible, my Xuanyi Zhougong had already sealed time and space!!"

"How could he run out of me in the eternal realm of the four universes!?"

"..."

Emperor Xiu Yuzhou was sluggish on the spot, opening his mouth wide, and only a few seconds later did he erupt a terrifying roar!

Rumble! !

The entire Xuanyi Zhougong was suddenly exploded by his terrifying aura, torn apart!

"what happened!?"

"How could Xuanyi Zhougong suddenly explode?"

"His Royal Highness Xiuyu is roaring, he, how could he make such a big fire!"

Staying outside the Xuanyi Zhou Palace, Emperor Xie Langzhou, who was in a very unbeautiful mood, was taken aback by the sudden explosion!

Immediately after.

There are endless stormy waves in his heart!

For the first time in so many hundred million years, he saw Emperor Xiuyu Zhou so angry!

At this time.

"Xie Lang!"

"Immediately mobilize all power and hunt down Su Lang for me!!"

An extremely cold voice appeared in Emperor Xie Langzhou's heart.

"what!"

"Find Su Lang!?"

"Isn't Su Lang...Is he running away!?"

"How is it possible, how is this possible, how is it possible to escape from the Four Eternal Realm in Sulang!?"

"..."

Emperor Xie Langzhou was dumbfounded, dumbfounded, and couldn't believe his ears.

The occasion of horror.

He quickly took the order and responded to Emperor Xiu Yuzhou.

Otherwise, he has no doubt that he will become the punching bag of Emperor Xiuyu Zhou!

[Chapter 2490: Xiuyu's brain repair and chase](#)

As for Emperor Xiuyu Zhou himself.

It was also an instant horrible divine consciousness, covering countless light years.

In his opinion.

Su Lang can run out of the Xuanyi Palace, and he will definitely not be far away!

But after unfolding divine consciousness.

Emperor Xiu Yuzhou shook his whole body, his pupils shrank suddenly, and he froze in place!

Because in the divine consciousness covering countless light years, there is no figure of Su Lang at all!

"Do not!"

"He can't escape that far!"

"It must be hidden by some means of hiding!"

"Yes, it must be the concealment technique of the ancestors of Dou Xiu, only in this way can I hide my spiritual thoughts!"

"Huh, hide, hide, tremble!"

"Wait for me to catch you..."

Emperor Xiuyu Zhou gritted his teeth and let out a beast-like growl from his throat.

At the same time he used a powerful tracking technique!

This is one of the inheritance secrets of Emperor Dou Xiu. It is very powerful and can even be tracked across the universe.

In the eyes of Emperor Xiuyu Zhou.

Even if Su Lang's concealment technique is at the same level as his own tracking secret technique, he certainly can't hide from his own investigation.

After all, the strength of the two sides is too far apart.

He repaired the emperor of Yuzhou as the eternal of the seven universes, and Su Lang was only the eternal of the four universes.

Although all are eternal.

But the difference between the two is just like the Valkyrie and the mortal!

but.

When the tracking secret technique is deployed.

Emperor Xiu Yuzhou was dumbfounded again!

"Wh, what's the situation!"

"How come there is no reaction at all!?"

Emperor Xiuyu Zhou looked at a flame in his hand in disbelief.

But seeing the flame motionless, like dead silence.

Obviously.

His tracking secret technique has no effect at all, and there is no trace of Su Lang at all!

this circumstance occurs.

Either the target is much stronger than his own strength, and he has used the concealment technique or hidden treasure.

Either the goal is not at all in the current natural universe.

And the target did not use the time and space avenue to escape and leave the time and space fluctuations.

otherwise.

His tracking technique can definitely detect Su Lang's trail!

"Su Lang must travel through time and space to leave the Doudu universe!"

"But now there is no space-time fluctuation about him detected at all."

"In other words, this little **** must still be in the Doudu universe, but he is already hidden!?"

Thinking of this, Emperor Xiu Yuzhou was dumbfounded!

Su Lang, a mere four cosmos, was hidden under his nose! ?

Whether it's the concealment technique or the concealment treasure.

It is absolutely unbelievable to be able to evade the exploration of the Seven Eternal Realm just by using the Four Eternal Realm!

"Damn it!"

"How advanced is this concealment technique or concealment treasure of a dog!"

"Fortunately, this miscellaneous repair base is not high, and it will definitely not be able to activate secret methods or treasures for a long time."

"When his cosmic power is exhausted, it is when he reveals his figure!"

"..."

In the horror of Emperor Xiu Yuzhou, a sneer gradually rose.

Foreign objects are only foreign objects after all!

Without the power to urge, it will not work at all!

"Pass the order!"

"Everything in the martial law territory!"

"Stop all teleportation formations, open all time and space sealing formations!"

"At the border, guard against the dead, if anyone dared to pass, all arrested!!!"

"..."

The emperor Xiu Yuzhou moved in his heart, and his orders passed on.

He wants to ban the territory he controls, so that Su Lang cannot go to the territory of the Xiuning faction!

As long as Su Lang is trapped, he can be a turtle in the urn.

Once Su Lang exposed his figure, he was captured.

Even if you travel through time and space to escape from the universe, you can't escape the pursuit of the tracking technique!

The efficiency of the warrior is extremely terrifying.

Almost instantly.

The entire jade repair faction, the terrifying behemoth is fully operational!

As an eternal state force.

The most important thing is manpower.

There are countless intelligent creatures in every mighty inner world.

Including Emperor Xiuyu Zhou.

They all released the more outstanding warriors in the inner world, and cooperated with the Xiuning faction's own hands, holding the portrait of Su Lang, and hunting around!

The original boundary between the Xiuyu school and the Xiuning school was relatively fuzzy.

At this time, because the Xiuyu faction increased its troops aggressively, countless great supernatural powers gathered on the border, forming a clear front.
