

## One Click 2501

### [Chapter 2501: How could you run out](#)

"Oh, stop!"

With an exclamation, a figure appeared in front of His Royal Highness Xiuning and the others.

See this figure.

Everyone in Xiuning's faction was speechless, their complexion stagnated, and the attack in their hands dissipated directly!

because.

It was Su Lang who appeared in front of them!

"Su, Su Lang!?"

"Why are you, why are you here!?"

"Aren't you supposed to be in the combined blockade of the Seven Eternals and Six Eternals!?"

"Is my eyes broken? Or my mind is broken? Or my brain is broken!?"

"My God, how many years have passed, I have tasted the taste of hallucinations again!"

"..."

The people of Xiuning's group looked at Su Lang ahead, and everyone was shocked!

Not bad.

It was Su Lang who sent the avatar to send the leaning avatar directly from the capture of the many masters of the Xiuyu group!

Dispatch this ultra-perversed function by avatar is not restricted by any form at all!

As long as Su Lang has seen it, he can dispatch directly.

Not to mention the blockade united by the Seven Eternals and the Six Eternals.

It was the Nine Universe Great Power that had come, as long as he didn't directly kill Su Lang's avatar, that would be impossible to catch.

at this time.

The Xiuning faction and others fell into horror.

Emperor Xiu Yuzhou and the others also thundered, their eyes burst open, looking at Su Lang in disbelief!

"It's Su Lang!?"

"How is it possible! How can you run out of my blockade!?"

"No, this is impossible. Even in the Eternal Realm of the Eight Universes, it is impossible to run out silently and without touching your body!"

"Fake, it must be fake! This is an illusion you made, the real you is still in the blockade!"

"..."

Emperor Xiu Yuzhou's eyes were about to split, and he shouted in disbelief.

But he looked at his sluggish subordinates, he didn't believe his last words anymore.

"Ran!"

"Su Lang actually ran away!"

"He escaped from the blockade of so many of us!"

"No, it's impossible. Our blockade is so tight, how could he run out? This is totally unreasonable!"

"..."

All the subordinates of Emperor Xiuyuzhou saw that the place around them became empty, and all of them suddenly doubted life and the world.

Su Lang district, the four universes were eternal, silent, and escaped from their blockade.

This has completely exceeded their imagination!

They would never dream of such unthinkable things!

too exaggerated.

It's abnormal.

It's totally unreasonable!

At this time.

"You believe it now?"

"Go back quickly, I'll go to your lair to find you when I turn around."

Su Lang looked at Emperor Xiu Ning Zhou and others with a gentle smile on his face.

Hear this.

The people of the Xiuning faction recovered from their horror.

But there are still endless stormy waves in my heart beating and scouring!

Seeing Su Lang with a relaxed look in front of him, with a smile on his face.

Emperor Xiu Ning Zhou and others also had an inability to see through Su Lang, and they paid more attention to it in their hearts.

at this time.

"Su Lang chopsticks!"

"You, how could you run out, I don't believe it!"

The roar of Emperor Xiu Yuzhou came, and immediately stretched out his right hand, turning into a black shadow, shrouded in Su Lang!

"Su Lang!"

Seeing this scene, His Highness Xiuning suddenly exclaimed to remind Su Lang, and also developed magical powers, wanting to help Su Lang.

"It's okay."

"He won't kill me."

Su Lang smiled and shook his head, and was immediately trapped by Emperor Xiuyuzhou's supernatural powers!

Immediately after.

His Highness Xiu Ning's attack also fell severely on the hands of Emperor Xiuyu Zhou.

Rumble!

The terrifying explosion sounded.

The big hand of the black shadow transformed by Emperor Xiu Yuzhou's magical powers trembled fiercely, but did not disperse.

"Hahaha!"

"Su Lang Miscellaneous, I caught you!"

"Your weird miraculous power, it must be impossible to use it many times!!!"

"You must be bluffing before, now you are finished, you are finished, ahaha!"

"..."

Emperor Xiu Yuzhou looked at Su Lang in the hands of his supernatural power, and his eyes were full of resentment and excitement about revenge.

[Chapter 2502: Hands, Jing Zhi sneak attack](#)

"Not bad!"

"His Royal Highness Xiuyu must be right!"

"Su Lang's unreasonable magical powers must be impossible to use multiple times!"

"Well, he escaped from Xuanyi Zhou Palace before, and it took half a year before he dared to show up. If you want to come, it will take at least half a year to use it!"

"Su Lang must not be able to escape this time! Let him be arrogant, let him suffer now, hahahaha!"

"..."

The subordinates of Emperor Xiuyuzhou also immediately let out excited comments.

And such words fell in the ears of His Royal Highness Xiuning, and it suddenly made her feel worried.

The speculation of Emperor Xiu Yuzhou is probably true!

After all, Su Lang's escape method is too weird, too abnormal!

If it can be used continuously in a short time.

She didn't believe it very much.

but.

The excitement of Emperor Xiuyu Zhou only rose for a moment.

Emperor Xiu Ning Zhou was worried for a moment.

Su Lang's voice came again.

"Damn."

"Hurry up after you have said."

"What are you doing?"

This time, Su Lang's voice came from His Highness Xiuning and others.

The sound came out.

The audience was shocked again!

"Su Lang!"

"You escaped again!?"

"This, this, this is incredible!"

"God, I've lived so long, and it's the first time I have seen such an unimaginable thing!"

"..."

His Royal Highness Xiuning and the others turned their heads to look at Su Lang who was close at hand, all stunned!

Simultaneously.

The excitement of Emperor Xiu Yuzhou and others has solidified on their faces, and no one can laugh anymore!

Such a terrifying escape method can be used twice in a row in just a few breaths! ?

This is too unreasonable!

"Ah!"

"Do it, kill Su Lang for me!"

"I don't want to survive, I want his body!!"

Emperor Xiu Yuzhou's eyes are blood-red, his face is full of collapse, and his face is full of yelling, his whole body suddenly blooms, and he is pressing towards Su Lang overwhelmingly!

"Yes!"

"Kill, kill, kill Su Lang!"

"You can't catch this asshole, kill him quickly!"

"..."

The subordinates of Emperor Xiuyu Zhou also rushed over in a swarm.

"Protect Su Lang!"

"Let's go, go!"

When Emperor Xiu Ning Zhou saw Xiu Yu and the others fiercely coming, he looked startled and immediately launched defensive measures. And wrapped Su Lang back!

Elders Xie, Yu, Zhong and others also immediately began to cover their magical powers.

But among the five elders.

Elder Jing Zhi held a four-time eternal emperor's dagger, and suddenly launched a terrifying attack, killing His Highness Xiuning!

This sudden change caused everyone in the Xiuning faction to tremble, and an incredible and endless grief rose in their hearts!

Elder Jing Zhi turned out to betray everyone! !

His Royal Highness Xiu Ning is defending against the attack of Emperor Xiuyu Zhou.

Once you are attacked by the unexpected sneak attack from behind, you will lose all your fighting ability if you don't die!

And in this level of terror war, after losing the ability to fight, is it still far from death?

but.

The other four seven celestial elders, like Xiuning, have also issued external defensive powers.

For the traitor Jingzhi, there is no trace of defense at all!

At this moment.

It was too late for them to help His Highness Xiuning.

You can only watch Jing Zhi's dagger slay towards Emperor Xiu Ning!

But at this moment!

A small buckler appeared out of thin air in front of the eternal emperor's dagger, as if it had always been there!

And this small buckler was just raised by Su Lang to the eternal pinnacle of the five universes, and it was only a trace of the eight-sided celestial shield from the eternal state of the six universes!

The characteristic of the eight-sided shield is that it can definitely catch the enemy's attack!  
therefore.

Su Lang released it, and it instantly caught Jing Zhi's attack!

"How can it be!"

Jing Zhi looked at the Buckler, his heart was terrified, but he couldn't change his move!

Ding--!

The Four Eternal Daggers pierced the eight-sided shield of the sky and made an extremely harsh sound.

The aftermath of the terrifying battle swept away, shocking Su Lang's clone!

Tianjia's eight-sided shield was also knocked into the air because it did not have enough cosmic power to support it!

but.

Jing Zhi's sneak attack also completely failed! !

[Chapter 2503: Are you going to forcibly take me back?](#)

"call out!!"

Tianjia's eight-sided shield flew countless distances instantly, smashing through the super mountains formed by seven or eight planets!

Countless smoke and dust rose into the sky, covering the sun here, making tens of millions of miles like the end of the world!

The aftermath of the impact also slammed on Emperor Xiuyu Zhou's body.

However, Tianjia's eight-sided shield weakened the power of the dagger, and the defense formed in a hurry by His Highness Xiuning also blocked the offensive dagger from the outside!

"Do not!!"

Elder Jing Zhi's expression changed drastically!

Emperor Xiuyu Zhou also changed his look!

Elder Jing Zhi, the trump card that had been buried for countless years, unexpectedly missed!

Countless years of lurking are to cause irreparable losses to the Xiuning faction at a critical moment!  
but!

Now that Elder Jingzhi is exposed, he hasn't played much role at all!

His attack was unexpectedly blocked and greatly weakened!

The person who blocked his attack was Su Lang from the Eternal Realm of the Four Realms!  
from now on.

Elder Jing Zhi turned from the dark to the bright, and he could no longer carry out a sneak attack!

"I, I'm saved!"

"It was Su Lang who saved me, but he actually saved me!"

His Royal Highness Xiu Ning felt the crisis dissipate, and when he was extremely horrified, he was also relieved.

Without Su Lang's power to block the attacks of Elder Jing Zhi for her, she would have no certainty to withstand this sudden attack!

Immediately after.

"fast!"

"Shrink the defense line! We withdraw!"

Before Xiu Ning's thoughts, the order reached the remaining four elders.

Their purpose is to take Su Lang away.

At this time, Jing Zhi rebelled, one decayed, and his own combat power was greatly inferior to the opponent's. Su Lang had already handled', so naturally it was the best strategy!

moment.

His Royal Highness Xiuning, Elders Yu, Elder Xie, Elder Zhong, and a grown-up elder, wrapped Su Lang and ran away!

As for Elder Jing Zhi, when the sneak attack failed, he had already withdrawn from the Xiuning faction in order to prevent himself from being besieged.

"Damn it!"

"Gougs have such a strong defense against eternal emperor soldiers!"

"The shield just now is the weapon of the peak level of the Five Eternal Realm!"

"Even me, I don't have such a powerful defense against eternal emperor soldiers!"

"The weird shield must be the treasure that the little shards got along with the inheritance, \*\*\*\* it!"

"..."

Even if Emperor Xiu Yuzhou broke his head, Su Lang had such a powerful defense ability!

In his mind, he kept playing back the scene of Tianjia's eight-sided shield blocking Elder Jingzhi, the whole person was hateful and sour!

The eternal emperor soldier at the pinnacle of the Five Eternal Realm!

Emperor Xiu Yuzhou estimated that Dou Xiu ancestors could have such weapons.

As for himself, there are only ordinary Five Eternal Emperor Soldiers.

Except for Emperor Xiuyu Zhou, the rest of the strong jade cultivators were also dumbfounded.

The originally foolproof sneak attack plan was broken by Su Lang's variable, which really made people stare.

At this time.

"His Royal Highness Xiuyu, his subordinates are not doing well..."

Seeing that Emperor Xiuyuzhou's face was ugly, Elder Jingzhi immediately appealed to him.

"It doesn't matter to you!"

"Quickly, catch up quickly, catch up with them, no matter what the goods are!"

Emperor Xiuyuzhou's eyes were about to split, his eyes were red, and he rushed up while giving orders.

"Kill! Kill Su Lang's small chopsticks!"

"There are people from the Xiuning faction, don't even want to leave!"

"..."

Elder Jing Zhi and others followed suit one after another, chasing after him.

In fact, even though Emperor Xiu Yuzhou was horrified, his reaction was still very fast, and he chased him out within milliseconds.

How terrifying is the speed of the Seven Eternal Realm.

All at once plundered countless distances, chased after the tail, endlessly!

The other side.

"Oh!"

"Don't hold me up."

"I said it, they can't catch me."

"Even if you want to kill me, it's impossible."

"Stop, stop, is this going to forcibly take me back?"

"..."

Su Lang muttered helplessly as he retracted the collapsed eight-sided shield into the storage space.

#### [Chapter 2504: Surrounded again](#)

"Su Lang!"

"We know you are very capable."

"But the use of such heaven-defying methods will definitely pay a great price!"

"So let's take you away!"

His Royal Highness Xiu Ning said immediately, "The front is about to leave the space-time blockade formation. Then we can jump in space and shuttle directly to the established coordinates!"

"Not bad!"

"Little friend Su Lang, now that Emperor Xiuyu Zhou is going crazy, we can't be careless!"

"Yes, right, right, quickly return to the site of our Xiuning faction, and then find an absolutely hidden place, retreat him for tens of billions of years, then you will not be afraid of Emperor Xiu Yuzhou!"

"..."

The other four elders were also talking about it.

And their gazes towards Su Lang still had a deep horror!

There are countless turbulent waves in his heart, which cannot be calmed for a long time!

"alright."

"I am too lazy to toss."

"Find a quiet place to retreat for a period of time, and you will be invincible in Doudu Zhouyu."

Su Lang nodded sadly, and then let His Highness Xiuning carry him forward.

Because it has not left the time and space forbidden area, the means of traveling through time and space is temporarily impossible.

As long as they come for a while, everyone will be able to leave this area.

But Emperor Xiuyu Zhou and others are obviously not vegetarians!

Especially the array they arranged has reached the eternal level of the six universes!

This level of formation is now beyond Su Lang's controllable range.

At present, Su Lang can refine the formation of the Four Eternal Realm.

The formation that can be usurped by the "array control function" is one level lower than the highest-level formation that can be refined by the one-key formation function.

and so.

Su Lang is currently able to refine the Four Eternal Realm Array, so he can only control the Three Eternal Realm Array!

At this moment.

Just as Su Lang and the others were about to leave this area, His Royal Highness Xiuning and the others showed joy!

Buzzing! !

Countless golden array texts suddenly appeared out of thin air, forming an extremely thick array barrier!

This barrier is the core of the eternal barrier formation at the expense of the super barrier barrier, and its power has reached the eternal state of the seven universes!

Although it can only last a moment.

But it was enough to stop Su Lang, Xiuning and the others for a while, so that Emperor Xiuyu Zhou and the others could catch up.

"bad!"

"Their formation can actually break out temporarily!"

"Everyone will do their best to break this barrier!"

His Highness Xiuning's expression sank, and immediately waved the eternal emperor soldier in his hand, and slayed fiercely towards the formation barrier in front.

The same is true for Elder Xie and others, even the explosive secret technique has been deployed!

The next moment!

Five incomparably gorgeous magical powers slammed into the barrier.

Click!

After a short pause.

The entire formation barrier fell apart, and countless arrays were wiped out!

The eyes become wide open!

but.

His Royal Highness Xiu Ning and others were not happy at all.

Because Emperor Xiuyuzhou and others have caught up!

And what they shattered was only the barrier condensed by the formation. As long as the formation did not completely collapse, the power of time and space forbidden would still exist in a short time.

Huh huh!

The emperor Xiu Yuzhou, as well as the Seven Seven Eternals such as Jing Zhi took advantage of Xiu Ning and the others, and their figures passed by Su Lang, Xiu Ning and others.

In a blink of an eye.

The eight Seven Eternals, including Xiuyu, formed a tight encirclement of the five Seven Eternals of His Highness Xiuning and Su Lang!

"not good!"

"We are surrounded!"

"What to do, our combat power is too weak than the opponent!"

"Originally, there was Jing Zhi, our six eternal seven eternal, and the seven eternal seven eternal of the cultivating jade group can get away, but now!"

"Damn Jing Zhi, you handsome husband, old thief Cangran, I have never seen such a brazen person like you!"

"..."

His Highness Xiuning, Elder Yu and others saw that they were completely surrounded, and they were suddenly anxious!

The eyes of everyone looking at Elder Jing Zhi were filled with endless resentment and hatred, and they almost wished that Elder Jing Zhi's body was broken into pieces!

But Elder Jing Zhi didn't change his face, showing that his face had been cultivated to a level thicker than the sky.

#### [Chapter 2505: The battle is on the verge of](#)

"Hahahaha!"

"Su Lang miscellaneous, and you, the rebellious party of the Xiuning faction, now you are dead!"

When Emperor Xiu Yuzhou looked at the anxious His Royal Highness Xiuning and the others, his ugly expression suddenly eased, and he even sneered!

"Su Lang!"

"Hand over the inheritance, we can spare you not to die!"

"And you, Elder Yu, Elder Xie...You are gone, if you are willing to join our Royal Highness Xiuyu, you can save your lives!"

"Hehe, but your Highness Xiu Ning, you will definitely die, Doudu Universe only needs one Highness!"

"..."

Elder Jing Zhi and other Seven Eternal Realms also sneered at Su Lang and His Royal Highness Xiuning and others, and tried to persuade them to surrender.

"Woo~~Bah——!"

Elder Yu looked gloomy and sipped directly at the traitor, Elder Jing Zhi.

"Emperor Xiuyu Zhou!"

"Don't think that there are more of you, we can't escape here!"

"As long as we persist until the formation is annihilated, if you want to block our way, it won't be enough!"

Elder Xie's expression was cold, his body was murderous and full of fighting spirit.

"is it!?"

"Look at that, what is that!"

Emperor Xiuyu Zhou laughed and looked in the direction where everyone came.

"what!"

Elder Xie, His Royal Highness Xiu Ning and others started their spiritual thoughts, and suddenly found that the twelve six-plane eternal realms had not caught up.

Instead, they took out brand new formations and replaced the broken ones!

In an instant.

The formation that was extremely bleak and shattered soon was restored to a brand new one!

Buzzing!

Bright arrays burst out brightly, closing this time and space!

If there is no such people as Xiuyu Zhou.

In fact, these six eternal formations cannot withstand the bombardment of His Highness Xiu Ning and others.

But with the presence of Emperor Xiu Yuzhou and others, they would never give His Highness Xiuning and others a chance to destroy the formation!

In other words.

This battle is almost inevitable!

"Emperor Xiuyu Zhou!"

"Since you want to fight, then fight!"

"I want to see how much you have grown over the years!"

The expression on His Highness Xiuning's face returned to normal, and the voice said lightly.

Face the danger.

She calmed down.

Fighting power will be brought to its peak!

"Humph!"

"Growth? What if my growth is not much?"

"Anyway, I don't need to rely on a little more than you to grow in to deal with you."

"The Seven Universe Powers around me are my most powerful support!"

Emperor Xiu Yuzhou opened his arms, looked around at the crowd, and burst into laughter, as if everything was under control.

Yes.

In his opinion, it is absolutely impossible for Su Lang to use such escape methods again.

Otherwise, how could it be possible for Xiuning to run away, and just run away without fragrance?

Well.

The current Su Lang and Xiuning factions are the real turtles in the urn!

"Xiuyu!"

"You only have this skill."

"With external forces, you will never compare to me!"

Emperor Xiu Ning tried to delay time and think about countermeasures.

"Ha ha."

"Xuning, are you thinking about countermeasures? Then you might as well think about how to be decent."

"If you suddenly change your mind and don't want to die, you can tell me."

"As long as you obey me 100%, I may not spare your life."

"After all, we are all the blood inherited from the ancestors of Dou Xiu. If you really want to be true, I'm still your brother."

Emperor Xiuyu Zhou laughed, his eyes filled with excitement.

"brother?"

"Sorry, I don't think I have such a trash brother like you!"

"Stop talking nonsense, come and see if you can keep us!"

Emperor Xiu Ning Zhou really couldn't think of a good way, so he could only make a head-on wave.

By the time.

After doing everything, there is still hope to escape with Su Lang.

As long as they escape with Su Lang, they will surely come back!

"Ho \*\*\*\* ho!"

"Okay, since you want to die with all your heart, then I will fulfill you!"

The emperor Xiu Yuzhou looked grim, and let out bursts of nightly sneer.

"War is war!"

"Today I kill one of you without losing money, killing two to earn blood!"

"..."

Elder Xie, Elder Yu and others showed terrifying killing intent.

Emperor Xiu Yuzhou and the others were also smiling, their expressions gloomy, their eyes sharp like a fluffy silver needle!

#### [Chapter 2506: Su Lang, absolutely not](#)

Instant time!

The two sides collided with horror.

If it weren't for the formations surrounding it, the safekeeping of the world would be a mess, and the planet-like tall mountains would be crushed into plains.

At the moment of tension, the war is about to begin!

But at this moment.

"Hold on!"

Su Lang's faint voice came.

I don't know if his voice has magical power. Once it appeared, it loosened the extremely tense atmosphere a bit.

"Su Lang!"

Emperor Xiu Ning looked at Su Lang with all doubts in his eyes.

"Su Lang?"

"What else do you have to say?"

"Could it be that in the face of the horror of death, arrogant and arrogant, are you planning to surrender to me?"

Emperor Xiu Yuzhou climbed up again with a sneer and disdain.

"Emperor Xiuyu Zhou."

"You are so fanatical, isn't it just for me?"

Su Lang's expression was faint, with the courage that the universe collapsed in front of him without changing his face.

"It's for your inheritance!"

The emperor Xiuyu Zhou said, "And the eight million universe origins I gave you and the heavenly materials and earth treasures worth hundreds of millions of universe origins!"

He has not disclosed the detailed number of the incident of being scammed by Su Lang.

Including his henchmen, they only knew that he was pitted on the origin of the universe and the treasures of heaven and earth.

Now he is convinced that Su Lang is about to end, and Xiuning faction is about to end.

Anyway, the venue was found back, so I simply revealed the specific figures.

And this time.

The specific number of his pitfalls came out.

Everyone present could not help but be shocked, dumbfounded!

Eight million universe origins!

A treasure of heaven and earth worth hundreds of millions of the origin of the universe!

Oh my god.

Emperor Xiu Yuzhou has been pitted by Su Lang so much!

This is definitely an extremely rare case of being pitted in the history of Doudu Universe!

"Awesome, Su Lang!"

Emperor Xiu Ning Zhou and others, and even the subordinates of Emperor Xiu Yu Zhou, looked at Su Lang with shock.

"okay."

"The inheritance and your belongings are all in my body."

"You let your Highness Xiuning them free, I can go with you."

Su Lang shrugged his shoulders with a smile, "Now, are you still afraid that I can run away?"

"what!"

"You have a day of succumbing!?"

"Oh, you are for Xiuning and the others, tsk tsk, it's so song and tear, I was moved!"

"Okay, I promise you, you come here obediently now and enter my universe of life, I will let them go."

Emperor Xiu Yuzhou narrowed his eyes, revealing a dangerous light in his excitement.

"No!"

"Su Lang, absolutely not!"

"Emperor Xiuyu Zhou is a fat \*\*\*\* who breaks his promise, don't be fooled by him!"

His Highness Xiuning's expression changed drastically, and he immediately stopped Dao.

"Yes! Little friend Su Lang, we can protect you from escape!"

"Even if I abandon this cultivation base, as long as I can see you help His Highness Xiu Ning kill Xiuyu bastard, I will have no regrets!"

"Little friend Su Lang, don't give up any hope!"

"..."

Elder Xie and others also immediately persuaded.

But Emperor Xiu Yuzhou's face went dark, so I lied to Su Lang? I am afraid that Su Lang lied to me!

"We met right away."

"You can do this for me, I'm very grateful."

"This matter started because of me, you should go."

Su Lang looked back at His Royal Highness Xiuning and the others, and while talking, he secretly hinted.

If this really fights.

The Xiuning faction might be dead.

This could have been avoided, so Su Lang did not want to see it.

then.

He stood up and "sacrificed himself" in exchange for Xiuyu and others to abandon the battle and let Xiuning's people leave.

By the time.

Even if Su Lang was caught by Xiuyu, he could leave as he pleased.

Moreover, Emperor Xiu Yuzhou wants to lock him into his life universe so that he can be monitored at all times. This is really a great thing to send to the door!

The fool who did this last time was the two and a half-step eternal bliss.

At that time, Su Lang taught the two fools of Bliss a profound lesson.

If Emperor Xiu Yuzhou really took him into the universe of life, he would have to repeat the same mistakes in his custody and be smashed once by Su Lang!

and so.

Su Lang wanted to ask His Royal Highness Xiuning and others at this time: You go quickly, don't hinder me from pitting Yuzhou Emperor!

[Chapter 2507: I'll accompany you to fight](#)

but.

His Royal Highness Xiuning and others obviously did not notice Su Lang's hint.

In other words, I noticed it, and didn't intend to believe in Su Lang.

The thoughts of His Royal Highness and the others are similar to those of Emperor Xiu Yuzhou and others. They feel that Su Lang is already "struck" and "struck".

"No!"

"We can't let you be caught by that \*\*\*\* Xiyu."

"Not only because of your inheritance, but also because you just saved my life!"

His Royal Highness Xiuning shook his head very solemnly, as if he didn't agree with him.

"Correct!"

"We will never accept your life in exchange for our safety."

"Little friend Su Lang, this old man is at the end of his life, as long as I can rescue you and Your Highness Xiuning, I will die without regret."

"..."

Elder Xie and others also said very solemnly.

"I....."

The corners of Su Lang's mouth twitched, and he hinted very clearly, why Xiu Ning and others still have a tendon.

"Hahaha!"

"It's really laughing at me."

"Su Lang, stop talking nonsense, come here now!"

Emperor Xiu Yuzhou looked at the scene ahead and suddenly sneered.

However, he also had a little lemon in his heart.

Su Lang was a lie to him, a pit, but to Xiu Ning and others he could do this.

Did all the reasons deceive Su Lang?

If you were frank with Su Lang in the first place, would you get Su Lang's friendship, and then exchange inheritance with each other, or even a wave of prostitutes?

"No!"

"Su Lang, you can't pass!"

"Don't go there, or we will do it right away!"

"..."

When His Royal Highness Xiu Ning and others saw Emperor Xiu Yuzhou let Su Lang pass, they immediately shouted.

"Ugh!"

"Why don't you believe that I can run away again?"

Su Lang sighed in his heart, very helpless.

But looking at the appearance of Xiuning and others, it was obviously not a joke.

Once he really goes to "self-investment", then he will definitely start a war.

"Humph!"

"Xiu Ning, don't be stubborn."

"Su Lang comes to my side, you leave safely, this is your best choice!"

Emperor Xiu Yuzhou frowned, and his patience was almost exhausted.

"impossible!"

"We will never agree!"

His Royal Highness Xiuning's expression was cold, and he meant to regard death as home.

"You are looking for death!!!"

Emperor Xiuyu Zhou burst into rage in his eyes, gritted his teeth, and made a rattling noise!

"Stop it!"

"Listen to me."

Su Lang raised his hand and pressed both sides.

Suddenly, everyone on both sides stared at Su Lang, ready to hear what he said.

But see--

"Since His Highness Xiuning insists on doing this."

Su Lang nodded to His Royal Highness Xiuning and other five people, "Then I will accompany you to fight."

"Ok!"

Xiu Ning and the others didn't talk much, and nodded heavily.

"Ha ha!"

"Since you have to die, don't blame me for being merciless!"

"From today, Doudu Universe will have no Xiuning faction!"

"My jade repair faction will rise, defeat Suiyou Zhouyu, and set foot on a higher peak!"

Emperor Xiu Yuzhou sneered disdainfully, his patience was almost completely exhausted, his fighting spirit was boiling, and the horrible aura seemed to overwhelm the world!

The remaining Elder Jingzhi and others were also ready to fight.

The aura became extremely solemn again, as if time had stopped!

"Emperor Xiuyu Zhou."

Su Lang looked at Emperor Xiuyu Zhou, "Do you think you have eaten us? Actually not."

This statement came out.

Emperor Xiu Yuzhou sneered even more, but he didn't say a word, murderous!

"I know you don't believe it."

"But soon, you will believe it!"

Su Lang smiled faintly, and after a thought, he spread some words to the ears of His Royal Highness Xiuning and the five others, "I have an eternal emperor soldier named Wuyin..."

He was going to dispatch the Infinity, and at this time he was ventilating with Xiuning and others in advance.

And learned of the eternal eternal emperor soldier like the Infinity.

Even if I didn't see the Infinity in person.

But from Su Lang's description, Emperor Xiu Ning Zhou and the others opened their eyes wide, and imagined the terrifying power of Infinity!

Immediately after.

They moved their positions directly to put Su Lang under more tight protection.

"Emperor Xiuyuzhou, look good!"

Su Lang glanced at Xiuyu, then waved his big hand, "Swallow the clone, the stars gather together, the boundless number, give me out!"

[Chapter 2508: Wuyin dispatched, Xiuning got on the train](#)

in a moment!

Su Lang's deity replaced with the clone present.

Immediately after.

One clone instantly melted into his body, swallowing a total of fifty clones.

Incarnate fifty-three avatars, merge with each other to form a avatar of stars and clouds!

The fifty-three Gemini avatars merged with each other, and also formed a star Cuanyun He clone.

The next moment.

Su Lang appeared in front of himself and the two Xing Cuanyun avatar attribute panels.

really.

Both he and Xing Cuanyun He clone have reached the pinnacle of the Five Eternal Realm.

It can even be said to be a half-step six cosmos eternal!

Although speaking of combat power, His Highness Xiu Ning was still far behind the seven cosmic powers.

But this time Su Lang did not rely on the deity to fight.

It's to control the Infinity to fight.

With the current combat power, it is completely sufficient to control the eternal Infinity of the Six Universes in half a step.

And the real combat power.

It still comes from the five eternal seven celestial beings of His Highness Xiuning!

At this moment.

As Su Lang scanned the property panel.

The breath radiating from him directly stunned everyone present!

Five Eternal Realm!

Moreover, it is the pinnacle of the Five Eternal Realm, and it is only a trace of it to reach the level of the Six Eternal Realm!

Su Lang unexpectedly reached this level!

"This is impossible!"

"Su Lang is clearly just a pinnacle, four universes and eternity!"

"How could it suddenly become the Five Eternal Realm!?"

"Is this some kind of secret method? But this is too exaggerated!"

"It is unbelievable to directly increase the combat power of a complete and small realm!"

"Unheard of, unseen, it's really eye-opening!"

"..."

His Royal Highness Xiu Ning and the others looked at Su Lang whose breath soared in the middle, and they were stunned.

"hiss!!"

"The inheritance that Su Lang got is terrifying!"

"This kind of explosive secret technique, even the fighting ancestors cannot master it!"

"This is incredible. This kind of secret technique must be obtained, even if it has unimaginable side effects, it must be obtained!"

"..."

Emperor Xiu Yuzhou and the others were also shocked, and when they were dumbfounded, a strong greed rose again.

His Royal Highness Xiuning and others also reacted.

Su Lang's incredible secret technique must have unacceptable side effects!

But there was a moment of anxiety in their hearts.

Boom!

An extremely large humanoid weapon that covers the sky and the sun descends, and the cast shadow turns hundreds of thousands of miles into the night!

"Six Eternal Emperor Soldiers!!"

"No, it's the eternal emperor soldier of the five universes, only a trace of the eternal emperor soldier of the six universes!"

"But even so, this weapon is too exaggerated. It is not only half-step six cosmos, but also in human form!"

"I don't know what unimaginable abilities this eternal humanoid imperial soldier will have!"

"..."

Whether it is on the side of His Royal Highness Xiu Ning or the side of Emperor Xiu Yuzhou.

Everyone saw the coming of Infinity, and there was another storm in their hearts!

Suddenly.

A beam of light enveloped the five people including His Royal Highness Xiuning.

Su Lang had already ventilated with Xiuning and the others before letting them get into the car to fight.

So even if the five were shocked, there was no resistance.

In an instant, he was led by a beam of light into the Infinity.

Enter the boundless ship.

His Royal Highness Xiu Ning suddenly discovered the strangeness of this weapon.

Their strength was brought together by this weapon.

And it is not a simple superposition, but complements each other, produces a qualitative change, and forms a more terrifying power.

now.

Infinite number.

Su Lang and the two Xing Cuanyun He clones each occupy the three core parts.

Xiu Ning and others occupy five sub-level core parts.

Except besides.

Among the remaining 119,992 parts, there are also warriors stationed there.

For example, Qiongling is an eternal state, eating evil, golden crow, phoenix and so on.

Although in this battle, their strength is negligible.

However, it is precisely in this level of battle that a slight difference in power will be very important.

A little bit will determine the balance of victory or defeat.

Therefore, Su Lang still put them in the Infinity.

Even if it really can't play any role, it will have infinite benefits to sense higher levels of power in advance.

[Chapter 2509: Xiuyu and others are going to be stupid](#)

at this time.

The man stationed in the Boundless.

Whether it was Su Lang's old ministry or His Royal Highness Xiu Ning and others, they were shocked.

For Su Lang's old department.

They have seen a brand-new Infinity and an unimaginable super high level power!

For His Highness Xiu Ning and others, they also felt a stronger power than themselves.

That level of power is already half a step in the Eight Eternal Realm!

They have benefited a lot from this power.

at this time.

Another pill appeared in front of them.

It is the eternal restorative pill developed by Su Lang with one-key alchemy function and synthesis and strengthening functions.

The three functions are used together.

Enough for Su Lang to create the eternal realm of six universes and seven universes.

After all, the strengthening of the pill, the materials consumed are completely inferior to the eternal emperor soldier.

"This!! This is the Seven Eternal Realm restoration pill!"

"Am I dizzy? This pill is of perfect quality!"

"The old man has lived for so many years, and this is the first time I have seen such a precious pill!"

"This is given to us by little friend Su Lang! God, he actually gave us such a treasured pill!"

"This kind of pill, even in the inheritance of Su Lang, is extremely rare!"

"Little friend Su Lang means this, I really admire it!"

"..."

His Royal Highness Xiuning and the others looked at the rhyme flowing in front of them, and the Seven Eternal Emperor Pills that seemed to contain infinite energy were all shocked and moved.

And all this.

In fact, it happened in an instant.

Beyond the boundless number.

"This, what kind of weapon is this!"

"This kind of breath is already close to the Eternal Realm of the Eight Universes. How can this be possible!"

"The inheritance that Su Lang got must be higher than that of the ancestor Dou Xiu, otherwise it would be impossible to explain!"

"Too outrageous, this Su Lang is simply outrageous!"

"..."

The emperor Xiu Yuzhou and the others looked at the Infinity, which was faintly about to step into the Eternal Realm of the Eight Universes.

Endless shock, and deep fear.

Let them all die a little, and dare not make any moves!

But at this moment.

Even more frightening things happened!

"Youtian Sword, Heavenly Shield with Eight Edges, Sword of Life, Seven Treasure Tree, Mirror Flower and Water Moon, Purple Gourd, Heart-piercing Lock!!!"

As Su Lang's thoughts flashed by, weapons exuding powerful aura appeared beside the Infinity!

They all become super giant forms.

The Youtian Sword like a galaxy waterfall fell into the hands of Infinity.

The equally large and sharp sword of life, mirrored flowers and water, hung across the waist of Infinity.

The eight-sided shield of the sky hovering like a black sun hovered over the head of Infinity.

The colorful giant stands under the dark sun, as if propping up the world.

The heart-piercing lock is hung on Infinity, and the eight black jade chains are like thunder intertwined and flying!

The purple golden gourd turned into a black and purple mist, lingering around the Boundless ship slowly spinning!

Such a shocking scene.

Directly looking at Emperor Xiu Yuzhou and others, their expressions changed drastically!

"Seven Five Eternal Peak Emperor Soldiers!!!"

"Seven, seven! I have lived for countless billions of years before I cultivated one of the most common Five Eternal Emperor Soldiers!"

"Damn it, we can hardly contend with their combat power at this time!"

"..."

Emperor Xiu Yuzhou and the others looked at the heavily armed Infinity, all of them were almost stupid.

But suddenly.

Another five powerful streamers rushed out of the Infinity, turning them into five eternal emperor soldiers.

Although these five newly-appearing weapons are not comparable to Su Lang's weapons, they are also in the Five Eternal Realm.

It is the eternal emperor soldier of the five people including His Royal Highness Xiuning

then.

Su Lang is now equivalent to mastering twelve pieces of the Five Eternal Emperor Soldiers, plus the Infinite Number, it is 13 pieces!

Such a terrifying equipment lineup made Emperor Xiu Yuzhou and others tremble fiercely!

"His Royal Highness Xiuyu!"

Elder Jing Zhi looked pale, "We must not be able to beat them, let's run away!"

He betrayed the Xiuning faction!

Others can surrender, but he can't.

Because he is completely untrusted, he will definitely be killed after defeat.

[Chapter 2510: Everyone, hold on, we can win](#)

"His Royal Highness Xiuyu!"

"While the formation has just been perfected, let's run away!"

"Yes, this Su Lang is too weird, we are not opponents!"

"..."

The remaining seven universes are eternal, and the six universes are eternal, and they are also fearful in the heart, giving rise to retreat.

Probably everyone except Su Lang did not expect the situation to become what it is now.

Emperor Xiu Yuzhou's originally good situation was immediately counter-pressed, and his situation was precarious!

"Do not!"

"I can not be reconciled!"

"Su Lang used that terrifying secret technique, it will definitely not last long!"

"There is also this humanoid weapon, it absolutely cannot withstand such a powerful force for a long time!"

"As long as we don't confront them head-on, we have a chance to consume them!"

Emperor Xiu Yuzhou was terrified at first, but he still maintained the ability to think, knowing that Su Lang was now in an explosive form.

Once this time has passed, then they can turn defeat into victory!

of course.

It is extremely difficult to survive this time!

But Emperor Yuzhou wants to bet on this one.

Not to mention the inheritance.

His life is now endangered!

Once abandoning the war and fleeing, let Su Lang develop and grow, he will almost never stand up.

While there is still a chance, he must give it a try!

"Your Highness!"

"I, Jingzhi, swear to follow Your Highness!"

Elder Jing Zhi has no retreat. Xiuyu wants to fight, he must fight!

"me too!"

"Let Su Lang become the climate, we will not end well, unless we abandon everything here and run away!"

"Where can we escape? Judging from the inheritance level that Su Lang has obtained, it is impossible without the tracking technique!"

"Yes, even if you escaped from Doudu universe, I'm afraid you will be hunted down to death!"

"..."

The other elders also responded immediately, suppressing their retreat and preparing for a battle.

"well!"

"Everyone, hold on, we can win!"

Emperor Xiuyu Zhou nodded his head, immediately took out his Five Eternal Emperor Soldiers, and instantly launched various explosive secret techniques!

boom!

However, a \*\*\*\* energy burst out from Emperor Xiuyu Zhou's body, rising to the sky, almost dyeing the entire world into blood!

The terrifying power of the universe even spilled out from Emperor Xiuyu Zhou, forming a series of invisible flames that warped time and space!

His combat power is also directly increased by one-third!

This secret technique is far worse than Su Lang's swallowing clone, but it is already an absolute top secret technique among the Seven Universes!

"This battle will win!"

Jing Zhi Zhang Lai and others also followed closely, bursting out powerful self-harming secret techniques.

Suddenly.

There are a total of eight eternal seven universes, such as Xiuyu, whose breath is overwhelming, and the universe is shaking!

Countless creatures light years away feel palpitations for it, it seems that the end of the world is coming, and the catastrophe is imminent!

"what happened!"

"Why make me feel such a strong heart palpitations!"

"Being so far away, I was horrified, and there must be a terrifying battle over there!"

"Could it be that Emperor Xiu Yuzhou and Xiu Ning's faction fought!?"

"It must be like this, it's a fight!"

"..."

When countless creatures were shocked, they also guessed the truth.

After all, His Highness Xiuning has been leading people to make trouble everywhere in the past six months. This is a well-known thing.

For this battle.

The vast majority of people think that there is not much suspense, and that it must be Xiuning's loss.

After all, this is the territory of Emperor Xiuyuzhou, and Emperor Xiuyuzhou's high-level combat power is stronger.

But no one knows.

In the battlefield, the jade repair faction they favored has fallen into an absolute disadvantage!

The eight-player battle against Infinity is like a boss facing the difficulty of hell, and can only fight in a way of killing.

Just like this, they have to risk their lives extremely intensely!

now.

Eight people including Emperor Xiuyu Zhou burst out, and then formed a defensive formation instantly!

This is a special method mastered by the jade repair school.

Can temporarily gather the power of everyone together to a certain extent.

But the effect was far worse than that of Su Lang's Infinity.

In addition to Bao Tuan defense.

They are also preparing to keep some distance from Su Lang's Boundless, and use kite tactics.

But at this moment.
