

## One Click 2521

### [Chapter 2521: I didn't say that Su Lang can't kill people](#)

"His Royal Highness Xiuyu has no news."

"Let's escape from Doudu Universe first and look for His Royal Highness Xiuyu."

Emperor Xie Langzhou sighed, and then took out the transmission treasure, ready to spread the news to people who can be trusted, and let them escape together.

As for those who cannot be trusted, and those who are too weak, let them be deceived and passively stay behind.

however.

Just as Emperor Xie Langzhou was preparing to send a message.

"Time and space are boundless!"

A clear voice came, and immediately a beautiful woman emerged, sealing the surrounding time and space of a million light years with her hand!

The visitor was His Royal Highness Xiuning.

Xuanyi Zhou Palace and Ancestral Temple are the most important places of the jade repair school, how could she let it go and directly set them as the first destination!

"Xiu... Emperor Xiu Ning Zhou!"

"No, how could you come so fast!"

Emperor Xie Langzhou and the eternal warrior of the Five Universes looked at His Royal Highness Xiuning who suddenly appeared, and their faces suddenly turned gray, with endless despair and horror in their eyes.

"Catch it with nothing, or should I do it myself?"

His Royal Highness Xiuning indifferently looked down at the two Emperor Xie Langzhou.

If it weren't for Su Lang to let her try to catch the enemy alive, she wouldn't be talking nonsense at this time, and the attack would just fall.

"I, we surrender!!"

Emperor Xie Langzhou thought he was dead.

Because he is the most loyal dog of Emperor Xiuyu Zhou, it is impossible for His Highness Xiuning to trust him.

But now, His Highness Xiuning didn't kill him!

In a flash.

He thought of Suiyou Zhouyu.

Yes!

His Royal Highness Xiu Ning had to deal with Sui You Zhou Yu, and he was short of manpower, so he was saved from death!

This thought appeared in the heart of Emperor Xie Langzhou, making him greatly relieved.

"Thank your Highness Xiuning for his mercy!"

"I'll wait for my sins and do meritorious service, and I will definitely live up to the expectations of His Highness Xiuning!"

"..."

Emperor Xie Langzhou and the eternal warrior of the Five Universes directly knelt down, crawling on the ground extremely humble, giving up all resistance.

"well."

"You contact the rest."

"Let them come here."

"But don't tell me the news yet."

His Royal Highness Xiu Ning looked down at Emperor Xie Langzhou and said indifferently, "When the time comes, I will not kill him if I am willing to catch him."

"Yes!"

"His Majesty Xie Weiwei Xiuning is magnanimous, I am so grateful that I will return the kindness of His Highness!!"

Emperor Xie Langzhou and the five universes were filled with eternal surprises, and they kept knocking their heads to express their surrender.

But where do they know.

His Royal Highness Xiu Ning looks black when cut open!

She said that she would not kill, but she did not say that Su Lang would not kill.

Immediately after.

Emperor Xie Langzhou immediately contacted the remaining Six Eternal Realms and Five Eternal Realms and asked them to assemble quickly, but did not say the specific reason.

And the power of the branches everywhere, they all felt the battle that happened before.

Therefore, they all thought that Emperor Xiuyu Zhou had won the battle. At this time, they had to convene everyone to gather together and be happy.

then.

They immediately went to the Xuanyi Palace.

There are convenient routes to the Xuanyi Zhou Palace from various places, so they will be gathered soon.

however.

When they arrived, they discovered that His Royal Highness Xiuning was floating above the Xuanyi Palace!

But Emperor Xie Langzhou and the others actually kneeled on the ground, looking like a slave dog!

"what!"

"What the \*\*\*\* is going on, how could Emperor Xiu Ning Zhou be here!"

"Emperor Xie Langzhou is a traitor, this is a trap!"

"..."

Many six universes saw this scene forever, and they were shocked and terrified.

but.

They found that the time and space around them had been banned by His Highness Xiuning.

In the realm of eternity, a small realm higher can form the potential of crushing!

What's more, Emperor Xiu Ning Zhou is still the leader of the Seven Eternity!

All the powerful cultivators who came to the ancestral temple can hardly escape!

In addition.

Emperor Xie Langzhou is also announcing that the seven elders are all annihilated, that the twelve eternal powers of the six cosmos have completely fallen, and the fact that Emperor Xiuyu is missing!

Suddenly.

Everyone knows that they are defeated here!

They looked at the people around them in disbelief, one by one thunderously, their mouths were speechless, and they were completely speechless!

Someone was horrified and lost their soul, walked into the ancestral temple in a daze, and then fell limp to the ground!

[Chapter 2522: Go back to the Xuanyi Palace](#)

At this time.

Emperor Xie Langzhou said again.

The great Highness Xiuning is kind and willing to give everyone a chance, as long as she is caught with her hands, she will not kill!

This statement came out.

Everyone at the scene knew that the Xiuyu faction had gone.

Although they were defeated inexplicably, in the face of the great horror of death, they did not have time to delve into it. They knelt on the ground to show their surrender.

"Is anyone here?"

His Royal Highness Xiu Ning glanced at the many eternal warriors kneeling at his feet, and asked Emperor Xie Langzhou.

"Yes... no one is here!"

Emperor Xie Lang Zhou raised his head to look at the people around him, and said tremblingly.

Among the people he contacted.

A small part of it did not come.

Some have contacted their superiors out of caution

—Those Seven Universes and Six Universes that fell under Su Lang's sword are eternal, and then there is no news.

Therefore, they were also very upset and did not go to Xuanyi Zhougong Ancestral Hall.

Others were just about to set off, and then they were killed by Su Lang's clone, or were captured alive by Elder Yu and others.

"Call them again."

"Tell them the truth."

"Then, I'll catch it, I don't have to kill."

His Highness Xiuning's expression remained unchanged, and said lightly.

"Yes!"

Emperor Xie Langzhou hurriedly kowtowed his head, shouting in his heart for His Highness Xiuning's kindness.

The rest of the eternal warriors also felt that His Highness Xiuning was really too kind.

After giving one chance, he was still willing to give a second chance!

Everyone knows that if Emperor Xiuyu Zhou wins, it is possible to kill all Xiuning faction! quickly.

Emperor Xie Langzhou sent the message down and waited quietly.

In a blink of an eye.

Some eternal powerhouses have arrived.

Basically, it is a Five Eternal, or Four Eternal, leading Yishui'er's subordinates to surrender.

of course.

Some are still missing!

But very few have not come.

Moreover, the number of these people is small, so few.

Su Lang constantly monitors these people under Emperor Xiuyu Zhou through the treasure hunt and flying flying ducks. Anyone who does not go to the Xuanyi Zhou Palace will be intercepted immediately by his clone.

In addition, Elder Xie, Yu and others are also hunting around.

In just a few minutes.

Emperor Xiu Yuzhou's subordinates were either killed or went to Xuanyi Zhou Palace to surrender to Xiu Ning.

"Tsk tsk."

"The jade repair faction is completely finished."

"Doudou Universe is considered to be unified!"

Su Lang saw the situation in his eyes through the treasure hunt and flying flying flying flying, seeing that there was no one to kill, he went directly to the Xuanyi Palace.

He had been to Xuanyi Zhougong before.

Dispatched and replaced by a clone, Su Lang was on the spot, driving the Infinity, and appeared on the scene.

The avatar of Xing Cuanyun was also taken into the Infinity by him again.

Suddenly.

The power of Boundless has reached the eternal level of the six universes.

"Friend Su Lang, you are here!"

His Royal Highness Xiu Ning saw Su Lang's Boundless number appear, and a divine light shined in his indifferent eyes.

"Friend Su Lang!"

The four eternal elders of the Seven Universes also gave in to Su Lang.

See this scene.

Emperor Xie Langzhou and the others suddenly burst out like ordinary people seeing a ghost, and their unbelievable and horrified emotions reached their limit instantly!

"Su Lang!"

"The controller of this weird humanoid eternal emperor soldier is Su Lang!?"

"He actually holds the power of the Six Eternal Realm!?"

"But even so, the four eternal powers of the seven universes shouldn't be polite!!"

"..."

Emperor Xie Langzhou and others looked at Su Lang incredulously, and various thoughts erupted in their hearts.

suddenly.

A thought suddenly flashed in the heart of Emperor Xie Langzhou

—Why the strong man who helped His Royal Highness Xiu Ning and others defeat Emperor Xiu Yuzhou hasn't appeared yet! ? This shouldn't be!

Could it be.

It was Su Lang who helped His Highness Xiuning and others win the battle! ?

"No, it's impossible!"

"It's absolutely impossible."

Emperor Xie Lang Zhou thought so, "Even if Su Lang is extremely perverted, he still only controls the eternal power of the Six Universes!"

at this time.

"Thank you, Your Highness Xiuning!"

"Thank you elders!"

Su Lang smiled and responded to His Royal Highness Xiuning and others, "Then, I will pick some unforgivable guys to kill!"

[Chapter 2523: In this battle, Su Lang Taoist Fellow should be the first](#)

This statement came out.

The expressions of the eternal warriors who surrendered below suddenly changed!

what! ?

Su Lang wanted to kill someone!

His Royal Highness Xiu Ning promised everyone that those who surrender will not be blamed for the past and will not kill them all!

But now.

Su Lang actually wanted to pick someone out and kill him in front of His Highness Xiuning!

"His Royal Highness Xiuning!"

"You promised us not to kill us!"

"Please show your mercy, let Daoist Su Lang stop!"

"..."

Emperor Xie Langzhou pleaded bitterly.

If Su Lang wants to kill someone, he, the guy who kidnapped Su Lang, must be avenged!

But now Su Lang knew at a glance that he was not low in the Xiuning faction.

Therefore, Emperor Xie Langzhou didn't dare to show any disrespect, so he could only plead humbly again.

"Yes, Your Highness Xiuning!"

"If you agree to us, we will gather to surrender to you!"

"Now that Su Lang wants to kill us, isn't it just slap you in the face!"

"His Royal Highness Xiuning, we are all eternal warriors of Doudu Universe, Su Lang is an outsider!"

"His Royal Highness, please!"

"..."

Seeing Xie Lang begging for mercy, the other eternal martial artists also spoke quickly.

But some people were so scared that they lost their sense and said something they shouldn't say.

Some of them alluded to Xiuning's resignation and fatness, and some secretly provoked the relationship between Xiuning and Su Lang.

at this time.

One after another, the eternal realm warriors spoke.

The original sparse voice became a little noisy.

The more people who talked, the more courage in everyone's hearts.

"His Royal Highness Xiuning!"

"Now that you have unified Doudu, we don't have the heart to resist, but Su Lang still wants to kill people. This is weakening our Doudu universe!"

"This Su Lang wolf ambition is probably a spy sent by Sui You Zhou Yu, you must be careful!"

"..."

Some eternal warriors continued to speak, and began a verbal attack on Su Lang.

People became more and more impassioned, and they were very angry with Su Lang!

But at this moment.

"Shut up!"

"Although I said not to kill you."

"But I did not promise Fellow Su Lang not to kill you!"

"Maybe you don't know, the reason why Emperor Xiuyu Zhou and others will be planted this time, Daoist Su Lang is the first!"

"Without Daoist Su Lang, our Xiuning faction will surely be defeated.

"Therefore, you are actually the spoils of Daoist Su Lang."

Elder Xie stood up, and an extremely cold voice reached everyone's ears.

This statement came out.

The scene is like time and space are frozen.

Everyone who begged for mercy was shocked, their expressions stiff, their mouths were dumbfounded, and they could no longer make a sound!

They were so shocked that the stormy waves in their hearts had rushed into their minds, dispelling their thoughts, and stagnating their thinking!

After a few breaths.

"impossible!"

"It's absolutely impossible!"

"Thanks...Elder Xie, we will never believe your words!"

"A four-plane eternal realm in Sulang district, even if the eternal power of the six-planes is controlled by the secret method and eternal emperor soldiers, it cannot become the main force to defeat the Xiuyu Palace... "

"He has at most the power of the Six Universe Eternal Realm, and even I may not be able to defeat it, Elder Xie, your remarks are too exaggerated!"

"Impossible, Your Highness Xiuning, Elder Xie is lying! It must be like this, right?"

"..."

The people who were silent as if they had pressed the pause button suddenly boiled again.

The face of every eternal warrior was covered with endless horror and disbelief.

They shouted wildly, looking at His Royal Highness Xiuning in disbelief.

"As Elder Xie said, no word is false."

His Royal Highness Xiuning overlooked the crowd and said even more amazing words, "Even, my life was saved by His Royal Highness Su Lang."

"what!"

"It's impossible! I must have a broken ear!"

"Hahaha, I must be crazy, so I misunderstood the words of His Highness Xiuning. What she said just now was that she saved Su Lang!"

"Fake, it's not true, you are all acting!"

#### [Chapter 2524: Killing the eternal strong is like killing pigs and sheep](#)

"..."

Emperor Xie Langzhou and others were dumbfounded, dumbfounded, their eyes were about to fall out.

Some people even showed madness and laughed wildly.

In short.

With these remaining guys from the Xiuyu faction, no one believed that the powerful emperor Xiuyu Zhou was defeated by Su Lang.

"Ha ha."

"Believe it or not, there are people dying."

"And those who survived, you are very lucky, you can see the incredible heroic figure of Daoist Su Lang in the future!"

Elder Yu smiled coldly, shook his head at the crowd with disdain, then looked straight, clasped his fists and arched his hands at Su Lang, and bowed slightly.

"Everyone is absurd."

Su Lang smiled, returned a bow, turned to look at Emperor Xie Langzhou and others, "Don't worry, as long as you are not too evil, I will not kill."

This statement came out.

The remnants of the Xiuyu faction below immediately knew that even if they no longer believed it and could no longer accept it, what Xiu Ning Zhou Emperor and others said was the truth.

It really was Su Lang who rescued Xiu Ning and the others and defeated Emperor Xiu Yuzhou and others!

As for the remnants of their jade repair faction, there is only one end at this time, and that is to fall into Su Lang's hands and let them be slaughtered.

Su Lang kills whoever wants to kill!

Thought of this.

Many eternal warriors could not help being frightened.

For countless years, they have relied on powerful forces to do whatever they want, and they have committed many sins.

They are going to be liquidated at this time, how can they escape! ?

Among them, Emperor Xie Langzhou was completely desperate.

He himself committed countless evils, was one of the confidants of Emperor Xiu Yuzhou, and deceived Su Lang!

This is enough for Su Lang to kill him three times!

Of course, there are also people who claim to be more kind, and they are slightly relieved.

At this time.

Su Lang headed forward on the Infinite.

The huge mecha shrank a lot and became taller, with the Youtian Sword in the right hand and the Life Sword in the left hand, surrounded by the eight-sided shield and four incense eternal emperor soldiers.

See this scene.

Everyone in the audience fell into dead silence.

They know that the next time is the time to be judged.

Whether he is dead or alive is completely between Su Lang's thoughts!

The atmosphere is extremely tense, like a string about to break!

It can be said that even if a single piece of hair fell on the ground now, many people would be shocked and urinated!

"Expand your mind!"

"There must be no defense."

"Otherwise, I will kill you directly."

Su Lang came to the sky above the crowd, condescendingly overlooking them.

No one dared to speak, but they had all let go of their guards.

Even Emperor Xie Langzhou is no exception. Even if he is desperate, his survival instinct still drives him to do so.

"He knows everything!"

Su Lang looked down at the crowd, directly unfolded his strange heart, and began to spy on people's hearts.

Suddenly.

The life experiences of eternal warriors emerged one by one.

In the long years, these warriors have spent most of the time practicing and practicing martial arts painfully, dull and the same.

The rest of the years will be the "wonderful life" of these eternal warriors.

Su Lang is not a black and white person, let alone a Virgin.

These eternal realms can be cultivated to the current level, who has not got a lot of blood on their hands?

As long as he does not exceed Su Lang's bottom line, he will not kill.

Those who are really intolerable will regard it as a killer.

Emperor Xie Langzhou is one of the people who must kill.

This person is very evil, likes to devour the eyes of humanoid creatures, and eats trillions of creatures at a time, extremely vicious!

"Emperor Xie Langzhou, die!"

Su Lang's expression was cold, and with a move in his heart, Wu Bian held the Youtian Sword and cut out a move [Broken a Sword]!

"Do not!"

The last trace of luck in the heart of Emperor Xie Langzhou shattered, his face twisted and hideous, and he planned to escape on the spot.

But the surrounding time and space has been banned by His Highness Xiuning and other strong men.

Moreover, the mirror flowers on the Boundless ship, through the heart lock, Qibao Miaoshu also launched together.

Emperor Xie Langzhou fell directly into the psychedelic, and was further imprisoned by the heart-piercing lock.

#### [Chapter 2525: Executing hundreds of eternal warriors](#)

Suddenly.

Emperor Xie Langzhou was like a pig with four legs trapped, his head raised and his neck exposed, completely losing all resistance.

Stabbed!

Under the gaze of a large number of eternal strong men.

The Youtian Sword pierced the head of Emperor Xie Langzhou, instantly reaping his life!

"died!!"

"Emperor Xie Langzhou is dead!"

"Su Lang...Master Su Lang killed Emperor Xie Langzhou so easily!"

"It's terrible, Emperor Xie Langzhou is a genius that His Highness Xiuyu attaches great importance to. There are few opponents in Six Eternity, but he died without resistance!"

"It's Master Su Lang's weapons and treasures that are too sharp. If I am not mistaken, all the weapons and treasures on his body are more than the Five Eternal!"

"Hi, Master Su Lang is terrifying!"

"..."

Each of the eternal warriors saw that Emperor Xie Langzhou was beheaded by Su Lang with a single sword, and was immediately stunned and horrified. They also raised a deep awe of Su Lang.

at this time!

The Youtian Sword that just killed the Evil Langzhou Emperor took advantage of the situation and killed an eternal powerhouse of the Five Eternals!

The death of the second eternal warrior made the fear in the hearts of the rest of the people be overwhelmed by panic instantly!

All the remnants of the jade cultivator were trembling, praying in their hearts that Su Lang would not kill himself.

There were also people who couldn't resist the pressure and rushed to flee, but once they moved, Su Lang would give priority to kill them regardless of whether they were sinful or not.

Puff puff puff babble!

The sound of sharp blades piercing into the flesh kept coming.

An eternal warrior stood there like a chicken and was hacked to death by Su Lang.

In a blink of an eye.

Su Lang killed hundreds of eternal warriors!

From six eternity to one eternity.

After the 120 eternal warriors, a four-time eternal death under Su Lang's sword, Su Lang stopped.

"Gluck!"

"Ding Ding Ding!"

"..."

The sound of trembling and impact came from the jaws, and the surviving warriors were afraid and trembling!

See Su Lang stopped.

The pupils of the participating eternal warriors shrank, and then suddenly spread and widened, revealing endless ecstasy.

"I survived!"

"I'm not dead, I didn't even die, great, I'm not dead!"

"Oh my God, fortunately I am addicted to study and practice, and I haven't committed an unforgivable sin!"

"..."

The hearts of the surviving eternal warriors were full of fear and joy for the rest of their lives, and some even couldn't help but exclaim.

Immediately after.

"Great Lord Su Lang, humbly thank you for your mercy!"

An eternal warrior who knows a lot about things directly knelt down to Su Lang: "I am willing to serve as a slave and a maidservant for the adults, to be a cow and a horse for the adults, to go through water and fire, and die without regret!"

"Master Su Lang, please accept your servant!"

"Master Su Lang, so do I!"

"..."

Everyone knew that Su Lang was an outsider, and he was alone, so he needed manpower.

They had been enemies with Xiuning faction for many years, fearing that they would be liquidated again.

Therefore, they knelt down in front of Su Lang and asked Su Lang to accept them.

"I don't want people."

"Hand over your wealth."

Seeing all the remnants of the Xiuyu faction kneel down in front of him, Su Lang smiled faintly, and shook his head.

These eternal warriors are the best for him not to accept them.

After receiving it, he will faintly become a faction, and may form a rift with Xiuning and others.

If you don't, you can slash their money!

When it comes to employing people, these people don't dare to refuse, they still have to do their best to do things!

Moreover, the relationship between Su Lang and Xiu Ning and others will be closer and the trust will be deeper.

In this way, the benefits are obviously more!

And Su Lang's choice also warmed His Highness Xiuning's heart.

The favor of the four elders Xie, Yu, Zhong, and Cheng has also greatly increased!

The remnants of the Xiuyu faction were rejected by Su Lang, and their faces were pale and their mouths closed.

then.

They took out their savings one after another, and dedicated their hands to Su Lang.

#### [Chapter 2526: Improve the clone function](#)

"Take them all out?"

"Am I that kind of person?"

Seeing everyone surrender all their wealth without reservation, Su Lang smiled slightly, then took away a large part and kept a small part.

After all, these people were also accepted by the Xiuning faction. It would be better to leave some resources.

"Master Xie Sulang is magnanimous!"

Every eternal warrior thanked Sulang for their thanks.

"His Royal Highness Xiuning."

"We have to repair the Infinite, the endgame here is left to you!"

Su Lang turned to look at His Royal Highness Xiuning and said with his hands folded.

"it is good!"

"Daoist Su Lang can ask us if he has any needs!"

His Royal Highness Xiu Ning knew that Su Lang was going through a big battle and he would definitely want to take a break, so he directly agreed.

"Well, I won't be polite."

Su Lang nodded with a smile, and immediately disappeared from the spot.

"Everyone."

"..."

After Xiu Ning watched Su Lang leave, he looked down at the remaining eternal warriors...

Next.

It was to completely subdue these people, and then spread the news of the disintegration of the jade sect to the entire world.

With these surrendered people from the original Jade Cultivation faction testifying, the entire Doudu universe will calm the war and chaos in a very short period of time and complete the reunification.

The other side.

Su Lang did not leave Doudu Universe.

Instead, he came to a place with very strong cosmic energy and opened the cultivation function while sorting out the spoils.

Fight with Emperor Xiuyu Zhou and others to kill seven eternal powers of the seven universes and twelve eternal powers of the six universes.

Clean up the remnants in the Xuanyi Universe Palace, kill four six-plane eternal, twenty-seven five-plane eternal, thirty-eight four-plane eternal...

Killed a total of 139 eternal powerhouses! !

In addition, there are the origin of the universe and the treasures of heaven and earth presented by His Royal Highness Xiuning and others.

"system!"

"Deposit all 'currency'!"

There was a touch of excitement in Su Lang's eyes and gave instructions to the system.

"Ding! The storage is complete, the balance is 19.12 million cosmic origin!"

Close to 20 million universe origin!

Look at this number.

Su Lang immediately understood that most of the belongings of the Xiuyu faction were in the hands of Xiuyu.

Then he almost ran away before.

And the subordinates of Emperor Xiuyuzhou didn't actually have much surplus in their hands.

Those guys who were killed, the total origin of the universe totaled less than ten million.

On the side of Emperor Xiu Ning Zhou, it is estimated that a total of about 10 million yuan was given to him by the origin of the universe, which is considered to be 70% to 80% of the net worth, full of sincerity!

of course.

What we count now is just the origin of the universe.

The eternal warriors of this kind of thing are extremely horrible, and basically they are used up quickly after refining it, and it is very difficult to survive.

But natural treasures are easy to keep.

Because in the Eternal Realm, there are very few talents in the Three Realms of Pill Formation, and it is more difficult to make use of the natural resources.

The treasures obtained this time are at least three times more than those obtained from Emperor Xiuyu Zhou!

"Close to 20 million universe origins."

"You can choose a feature that costs 10 million to upgrade."

"Then, the one-click empowerment function can also be upgraded, but there is no need. The origin of the one million universe should be saved first."

Su Lang thought in his heart, then rubbed his hands a little excitedly, and gave the system an order to upgrade the clone function.

"Ding! Consumes 10 million cosmic origins, the clone dispatch function is upgraded to level 54, the number of clones is +1, the current number of clones is 54, the number of clones is 54, and the number of twins is 54!"

The system prompt resounded through my mind.

The three avatars add up, and there are already 162!

And the clone function has reached level 54. If it reaches level 55, I don't know what terrifying function it will get.

Thought of this.

Su Lang licked his lips excitedly.

Immediately after.

He looked at the storage space.

There are countless trophies piled up inside.

The first thing that catches your eyes is a powerful eternal weapon!

Others' eternal weapons are difficult to tame, even if they are reluctantly subdued, they are not assured of using them.

Moreover, Su Lang is not a person lacking weapons and treasures, so he directly activates the decomposition function to decompose all the captured eternal weapons!

Suddenly.

The materials decomposed by these weapons formed an endless continent.

On this 'mainland', pick up an ordinary stone, at least it is a treasure of Jiuyantai!

[Chapter 2527: A leap in quality](#)

"Hehe."

"There are materials to upgrade weapons again."

"And there should be no more fighting next, I can cultivate to a higher level smoothly."

"In terms of weapons, you can also be promoted in advance!"

"..."

Su Lang thought about it in his heart, and then summoned the Boundless Call.

The current combat power level of Infinity is half-step and six-planes level.

Although its ability is to gather the power of the major powers to reach a more terrifying level.

However, it was really reluctant to withstand half a step of the battle strength of the eight cosmos level before.

After slaying the seven eternal emperors, many of the parts on the Infinity had almost been scrapped!

"Fortunately, I have the weapon evolution function, which can repair weapon damage incidentally."

"Otherwise, I only need to repair it myself, how long will it take to repair it!"

Su Lang stroked the hard shell of the Infinite, a smile was drawn at the corner of his mouth.

Immediately after.

"Start an enhanced reset, the target is endless!"

"Start the weapon evolution, Target Infinity!"

"Start one-click enhancement,..."

Su Lang moved in his heart and issued orders one after another.

The system executes the command instantly.

Suddenly.

The strengthening effect of Boundless has disappeared, and the breath has dropped greatly.

Soon it started to rise again!

This is because all the parts that make up Infinity are evolving!

The previous Infinity, a total of 1% of the number of parts, that is, 1,200 reached the eternal state.

This time.

Su Lang played a big one and raised all the parts to the eternal level!

Three of the core parts have reached the Four Eternal Realm.

There are 30 parts in the Three Eternal Realm, and there are even more in the Two Eternal Realm, which is 600!

The remaining more than 110,000 parts are all in the Universe Eternal Realm.

Because the higher the part level, the higher the material required for evolution.

Although Su Lang harvested a lot of heaven, material and earth treasures, it was difficult for him to evolve more high-level parts.

But even so.

All parts of Infinity have reached the eternal state, making it a qualitative leap!

Even in the absence of any strong players.

With its own power alone, it has reached the eternal high level of the Six Universes!

In the end, Su Lang strengthened it three more times, bringing its power to the half-step Seven Eternal Realm level!

"If Xiuning waits for five people, plus more eternal realm powerhouses stationed in the Infinity."

"I will be able to taste the terrifying power of the Eight Eternal Realm once!"

"However, my own level is still too low. Compared with the Eternal Realm of the Five Universes, it is simply the gap between the rocks and the giant peaks!"

"To master the power of the Eternal Realm of the Eight Universes, I use the power of the swallowing clone to at least reach the peak of the Six Universes."

"Otherwise, even with the assistance of Xiuning and the others, it would be difficult for me to control it."

"..."

While thinking about it, Su Lang took out Youtian Sword and other weapons.

After upgrading the Infinity, there are still some materials left, but they are not enough to evolve the Youtian Sword and other weapons.

but.

It can't evolve, but it can be strengthened.

Su Lang activated the enhancement function and strengthened all weapons such as the Youtian Sword once, making them all enter the eternal level of the Six Universes!

"The upgrade of weapons will stop here for now."

"Next, it's time to learn the three ways of pill formation."

Su Lang's spiritual thoughts unfolded and read all the three classics of the pill Array obtained this time. quickly.

He has integrated a large amount of three knowledges, as if he had studied and practiced for countless years.

This time just the eternal grade pill, he learned seven kinds.

There are five types of healing and recovery, a self-harming explosive pill, and an auxiliary cultivation pill, which is similar to the pill of "Zhanyou Qingqing Pill".

This kind of pill can increase the speed at which the eternal realm powerhouse can use the origin of the universe to perfect the crystal wall world, and the effect is good.

"Chu Xiaobei can use it for cultivation."

The corner of Su Lang's mouth raised slightly, "You can also exchange some resources with Emperor Xiu Ning Zhou."

It is worth mentioning that.

This time he also got a pill formula of the Five Eternal Realm, three formations of the Five Eternal Realm.

But because the system function level of alchemy and formation is not enough, it is temporarily impossible to learn.

"We can only wait for later."

Su Lang smiled faintly, and immediately issued instructions, "System, start the one-key alchemy function..."

[Chapter 2528: Alchemy, cool](#)

"Ding! Alchemy is successful, you get Zhuanyou Alchemy Pill\*5!"

"Ding! The synthesis is successful, you get... Dan\*1!"

"Ding! Successful alchemy, you will get...!"

"Ding! The synthesis is successful, you..."

"Ding! Strengthening success..."

Accompanied by Su Lang's order issued.

A series of system prompts kept appearing, as if to fill Su Lang's mind.

The alchemy function and the synthesis and strengthening functions complement each other, creating a perfect quality pill for the eternal realm of the five, six, and seven cosmos.

quickly.

Su Lang saw an empty place in the storage space with many pills appearing out of thin air.

"Tsk tsk."

"With so many pills, I don't know how many tens of thousands of years will be required to successfully refine them if they are replaced by alchemists in the Seven Eternal Realm."

"And I got these pills in a few breaths, it's so crooked!"

Su Lang looked at the newly obtained large amount of pill, and the corner of his mouth couldn't help but outline a beautiful smile.

Soon.

Su Lang's gaze moved away from the pill, and fell on Xiuweizhihai and the Wushu villain.

The cosmic energy of the Doudu universe is rich and rich.

The fifty-fourth level of one-key training function is here, and it can exert maximum efficiency!

In an instant.

Su Lang can obtain a huge amount of cultivation base, and can directly create a half-step eternity.

but.

It is also because the speed of absorbing the energy of the universe is too fast.

As a result, the energy replenishment speed of the nearby universe is far less than Su Lang's absorption speed, resulting in a lot of reduction in energy concentration.

Although Su Lang was able to fly while shifting locations, he could absorb cosmic energy like a locust crossing a border.

but.

He is lazy...

then.

Su Lang stood up, his expression condensed: "Start a thought!"

Thoughts flashed.

Suddenly, a large number of eternal spirit gathering formations appeared out of thin air within the coverage of his divine consciousness.

at this time.

The coverage of Su Lang's spiritual thoughts is in units of "trillion light years".

After being promoted to the Three Eternal Realm, his divine power has also been greatly enhanced, and his current coverage radius has reached ten trillion light-years.

This range cannot be underestimated!

at this time.

A large number of eternal spirit gathering formations appeared layer by layer, forming a ring with Su Lang as the center, gathering the cosmic energy in the middle.

The cosmic energy gathered by the outer eternal spirit gathering formation method seemed to have set off a small storm.

But as Su Lang gets closer to the center, the Spirit Gathering Array gathers and pushes again and again, so that the cosmic energy has formed a huge wave!

It is real, a huge liquid wave formed by the condensed cosmic energy!

The power of this huge wave is extremely terrifying, because the cosmic energy has gathered countless kinds of heaven and earth energy, mixed like chaos.

When the Xian Wuzhe enters it, he can't control it at all, and the end is his own death.

Su Lang is naturally able to withstand these cosmic energy.

Even this kind of rich cosmic energy is just enough for him to absorb and utilize.

"Don't run around for energy."

"Not to mention the hard work of refining the origin of the universe by yourself, it's beautiful"

Su Lang tilted Erlang's legs leisurely, half-squinting his eyes.

Feel the sea of cultivation that is crazy filling.

Su Lang was intoxicated for a while before he started to do his next business

-Deal with the eternal body!

A total of 139 newly acquired eternal bodies!

There are one hundred and thirty-nine in the universe of eternal life alone!

Su Lang, who had so many crystal wall cells, had no scruples at all, and directly began to fuse part of the crystal wall world to hold the universe of eternal life.

Everything is familiar to you.

quickly.

Su Lang put one hundred and thirty-nine eternal life universes of different grades into the newly merged crystal wall world.

This brand new world of more than one hundred crystal walls is almost as big as Su Lang's own life universe!

The space inside is not inferior to the ordinary natural universe at all!

The key to it is the life continent and the life planet that are artificially forged by the eternal strong, very, very huge!

"Or, give some names to these vast continents?"

"Well, this is called Douluo, this is called Zhetian, this is called Doupo, this is called Xiuluo, this is called..."

"Hehehehe, it's funny!"

Su Lang smiled while naming the continents in his crystal wall world.

[Chapter 2529: 137 eternal bodies](#)

Played for a while.

Su Lang began to do business again, that is, to transfer the life planets and continents in the crystal wall universe in the eternal body.

The life planets or continents in the crystal wall universe are naturally inferior to the eternal life universe.

But the victory lies in the number!

The crystal wall universe of more than one hundred and thirty eternal powerhouses has reached more than 300,000 gai in total!

This number is almost five times that of Su Lang's Crystal Wall World.

even though.

Every one of Su Lang's more than 66,000 crystal wall worlds had a planet or continent.

But this does not mean they are filled.

In many crystal wall worlds, there is only one planet or one continent, how lonely.

And the quality of some living planets or continents is very poor.

In Su Lang's eyes, it was a pile of loose crisp stones or simply mud.

This kind of life planet and life continent can be squeezed and kneaded to make them firmer.

If you pinch it tightly, your body will be smaller, and you can free up more space to add new land!

"The first step is to transfer creatures to other places!"

"The second step is to add new planets or continents and make improvements."

"The third step is to transfer the creatures back."

"..."

After Su Lang thought about it, he just said it.

First, all living beings were transferred to some of the life continents and planets that did not need improvement.

Soon.

It is to transfer the crystal wall world of the more than one hundred and thirty eternal powerhouses one by one to their own crystal wall world, combining with the existing life continents and planets.

Under Su Lang's terrifying power, these planets and continents merged with each other, forming a harder earth.

When Emperor Dou Xiu built the Doudu Continent, he did the same, using countless planets to create this supercontinent that even Su Lang feels vast!

at this time.

Su Lang is in the world of crystal walls.

Many new life continents or planets were born.

They are all very huge, the surface of the earth is extremely wide, and the above is full of the energy of heaven and earth

—These energies are naturally drawn from Doudu Universe.

Most of the cosmic energy is transformed into cultivation bases by the one-key cultivation function.

But a part of it was integrated into Su Lang's own life universe and crystal wall world.

Countless creatures absorbed these energy for cultivation, which to a certain extent could help Su Lang assimilate these newly absorbed energies from heaven and earth.

And the Crystal Wall Universe can transform these cosmic energies into the powerful force of the eternal realm, the force of the universe.

Time passed slowly.

With more than 130 eternal bodies and more than 300,000 gaps of crystal wall universe, all the creatures and land were transferred into his body by Su Lang.

At present, his ten-square life universe, the eternal life universe captured by more than two hundred, the more than 66,000 crystal wall worlds and crystal wall universes, are all filled with even more vast and vast continents.

There were dozens of times more creatures living on it in an instant!

This made Su Lang feel that his humanity has been greatly increased!

The power of incense absorbed by the Void Spirit Universe is also very much, while strengthening itself, while integrating into the four void dragon heaven realms.

Now the coverage of the Ethereal Universe is becoming wider and wider.

Originally, its enveloped range had already exceeded Su Lang's mental power detection range, and at this time it had exceeded a hundred times!

Once Su Lang unfolded the virtual spirit universe.

In a spherical area with a radius of trillions of light-years, all the power of incense will be sucked away by him, including those incredibly powerful incense creatures.

of course.

Su Lang is not doing that now.

The countless creatures in his own body can generate more incense aspiration power every second than expand the Void Spirit universe to draw the incense aspiration power once.

So there is no need to take the initiative to absorb the power of incense.

at this time.

The Crystal Wall Universe in the Eternal Body is completely processed.

Su Lang gave all the eternal body to the nest of civilization.

Because he found that the speed of refining the origin of the universe was too slow.

Even if he had so many clones of the same level, he could be divided into more than 10,000 eternal-level Hundred Shadow clones.

But the universe's origins that have been refined are still too few and too few.

#### [Chapter 2530: Ten thousand clones are still too slow](#)

If his current clone function is to be upgraded, it needs 100 million cosmic origins.

The rest of the functions need to be upgraded, and even the cheapest one-key empowerment function requires a million cosmic origin.

If you rely on the clones to refining the origin, the speed of obtaining the origin is still too slow.

Compared with the speed at which the one-key practice function can obtain the cultivation base, it is almost equal to stagnation.

Of course.

Su Lang thinks so.

If Xiuning and others knew what he was thinking, he would vomit blood...

If they can help refining the origin of the universe with more than 10,000 eternal subordinates, their faces will probably bloom.

Currently.

Su Lang thought that the speed of refining the eternal body was too slow to obtain the origin of the universe, and decided to hand the eternal body to the nest of civilization.

After eating these eternal bodies, the Nest of Civilization can give birth to a more powerful race of wisdom.

This can greatly increase the average combat power and maximum combat power of countless worlds and intelligent creatures in Su Lang.

Wisdom creatures become stronger, not only can contribute more incense aspirations.

It can also enhance the human power of the Crystal Wall Universe, making Su Lang's cosmic power even more terrifying.

The point is that the nest of civilization is very special.

From the beginning, she had the characteristic of devouring the strong and turning it into her own strength.

Not only power, but the genes and inheritance of the strong can be stolen.

Moreover, she digested the eternal body very fast, and could digest an eternal body of the same level as herself in a moment.

Then, as many spores as constant sand were born, countless different intelligent races were cultivated.

In short, it is to deal with the eternal body and develop its value quickly.

"The eternal body is left to the Nest of Civilization."

"Surely we can cultivate a large number of intelligent creatures with good talents."

"..."

Su Lang lay down lazily, resting his head with both hands.

Other colors of thinking came out of his eyes.

At present, he has come to the upper universe directly from the lower and basic universes.

It can be regarded as a small goal set in the boundless universe.

it's here.

His time flow will exceed countless middle and lower natural universes.

Plus one-key training, one-key martial arts speed.

His growth rate has formed an extremely terrifying crush on the creatures of the middle and lower levels.

After a hundred years of cultivation here, only a few minutes have passed since the middle and lower universes?

What can you do for those middle and lower level creatures in a few minutes?

I can't improve my cultivation level at all.

But Su Lang had already improved his cultivation base.

"The disadvantage of the middle and lower universe is too great."

"In the eyes of high-level cosmic powerhouses, they are completely arbitrary objects."

"Relatively speaking, the middle- and lower-level Tianjiao can't match the growth rate of ordinary warriors in the upper-level universe. After all, the difference in time flow rate is a million times!"

"The cosmic energy of the middle and lower universes, because of the time flow rate, also spreads slowly. Therefore, the eternal realm of heaven, material and earth treasures are scarce in quantity and not of high level."

"To me now, the middle and lower universes are basically useless."

"Even if you send your avatar to hunt those coordinates you just got, you're lazy."

"The clone hunted for an hour in the lower universe. I have been here for more than a thousand years."

"I have been practicing for only half a year, more than a thousand years...Perhaps I have already reached the pinnacle of the eternal state."

"If there is a higher realm, perhaps all have entered a higher realm."

Various thoughts burst into Su Lang's mind, and he became interested in the realm above the eternal realm.

The eternal state is already an existence beyond the natural universe, and it is a human-shaped universe.

So, what level is above the eternal state?

According to the current path of practice, the Crystal Wall world is filled with the origin of the universe to form the Crystal Wall universe...

So, above eternity, is it aimed at forming a humanoid universe?

The same as this endless universe, a humanoid universe with an endless crystal wall universe! ?

This seems very reasonable.

But Su Lang was not sure.

"Forget it."

"all will be good."

"At that time you will know what the realm above eternity looks like."

"In the lower universe, how to deal with the natural cosmic coordinates obtained from the Black Ice Tower and Lingyu Wanjie Pavilion?"

"Well, you can leave some more hidden universes as dangerous hiding places."

"The rest will be sold according to the original plan. It just happens that the Xiyitai gang wants to rely on me, so let them do it."

While thinking about it, Su Lang dispatched his clone to the natural universe presented by Xiyitai.
