

## One Click 2541

### [Chapter 2541: The third high-level universe](#)

"That's it."

"I never expected that an arrogant like you would be hidden in Doudu Zhouyu, and it has grown to this point."

"In addition, that guy Su Lang, if he doesn't get any inheritance as you said, then he must have a problem."

"Perhaps, he is not a new generation Tianjiao at all, but a terrifying old monster!"

Emperor Xiu Yuzhou guessed here, he couldn't help taking a deep breath!

An old monster who is confident to retreat in the betrayal of Xiuning's faction!

Its true combat power is probably not as simple as the seven universes.

"Boss?"

"It is indeed possible."

"It is important to know that even if I got the master's inheritance and cultivated in a good middle universe, it took many billions of years to reach the current state."

Yu Yangli narrowed his eyes, revealing a sharp light.

Su Lang grew up so fast, completely unreasonable.

It should have been a terrifying cultivation base, but sealed it by himself, and then slowly uncovered it, creating the illusion that he was growing.

unfortunately.

Both Xiuyu and Yu Yangli had guessed wrong.

They couldn't think of breaking their heads, Su Lang was not a boss at all.

The reason why he has no fear is entirely because of the function of avatar for death and enough retreat.

"Well, other than that, I can't think of other explanations."

"In addition, you said you were cultivating in the middle universe?"

"It stands to reason that the mid-level universe of the Doudu universe has already been fully detected."

"We are in the hands of me and the Xiuning faction."

Emperor Xiuyu Zhou's focus has shifted somewhat, and he is surprised, "In which universe are you hiding in your cultivation?"

"It's not in the dominance of the Doudu universe."

Yu Yangli smiled, "It's in the radiation range of another high-level universe."

The high-level universe is a training place that every eternal warrior wants to go to.

But Yu Yang left the body with inheritance and did not dare to expose himself.

He tried to sneak into the Doudu universe before, but was found and hunted down by Emperor Xiuyu Zhou. He was almost finished.

Later, Yu Yangli didn't dare to take any risks.

Before he has enough strength, he can only hide and linger in the middle universe.

Now that he has reached the Seven Eternal Realm, he has the ability to protect himself, and the middle universe can no longer satisfy his cultivation.

It coincided with the great change in the Doudu universe that he decided to be born!

"Another high-level universe!?"

"Except Doudu and Suiyou, the third high-level universe universe!?"

Emperor Xiuyu Zhou showed an incredible expression.

Regarding the exploration of the other high-level universes, neither he nor the Xiuning faction have ever stopped!

But only Suiyou Zhouyu was discovered!

The third high-level universe did not get any clues at all.

But now.

Yu Yangli turned out to cultivate and grow in the middle universe of the third high-level universe!

"Not bad."

Yu Yangli nodded, "The third high-level Universe Universe is stronger than Doudu Universe."

"Stronger!?"

"How strong is it? There are eight cosmic powers!?"

Emperor Xiu Yuzhou took a breath.

"do not know."

"I don't dare to take the lead. If they know my existence, I will be finished."

Yu Yangli shook his head.

"Ok."

"Friend Yu Yangli, you came here with me, not just to talk to me, right?"

Emperor Xiu Yuzhou's expression remained unchanged, his eyes fixed on Yu Yangli.

"Nature is not aimless."

"Emperor Xiu Yuzhou, Su Lang and Xiu Ning form an alliance, and I plan to form an alliance with you!"

Yu Yangli and Emperor Xiu Yuzhou looked at each other, their eyes flickering.

"Alliance!?"

"I should be your mortal enemy!"

Emperor Xiu Yuzhou chuckled, "You forgot that I chased you?"

"There are no permanent enemies in the world, only permanent interests."

"Su Lang and Xiuning will work hard with Suiyou Zhouyu, you and I will form an alliance, and you will have the qualifications to reap the benefits."

Yu Yangli's expression was indifferent, "At that time, maybe we can eat two high-level universes!"

[Chapter 2542: The alliance between Xiuyu and Yu Yangli](#)

"Ha ha."

"You are so arrogant!"

"If I had not met Su Lang, then you would be the most arrogant person I have ever seen."

"Tell me, where did you come from the confidence to be able to take advantage of it!?"

"Never mind Xiuning, how much do you know about Su Lang, he is a completely invisible monster!"

"Just because of his identity, it is extremely scary to think about it. Do you know that he was not sent by Suiyou Zhouyu?"

Emperor Xiu Yuzhou sneered and asked noncommittal.

"The possibility is too small."

"This point, presumably you and the Xiuning faction have already inferred."

"I prefer Su Lang to be an eternal warrior who has been hiding in certain natural universes for countless years, just like me."

"The eternal warrior claims to be eternal, but not truly immortal."

"Maybe he has existed for trillions of years, his life is not much, and he has discovered the secrets of the Nine Desolate Universe, so he can use this to disguise his identity, come to a 'beheading to show off', and be recruited into Doudu. universe."

"The fact that there is not much Shouyuan may also explain why he took such a big risk to form an alliance with Xiuning's faction."

There was a flash of thinking in Yu Yangli's expression.

"maybe."

"Then, if he is really the \*\*\*\* of Sui Youzhou Domain, maybe the battle will begin soon."

Emperor Xiu Yuzhou frowned and nodded.

"If Su Lang is really from Suiyou Zhouyu, Suiyou Zhouyu will almost certainly win."

"The Suiyou Universe Region, which occupies the Doudu Universe Region, will greatly increase its strength and may be comparable to the third high-level Universe Universe Region."

Yu Yangli nodded slightly, and sighed slightly in his heart.

His starting point is too low.

He has inheritance and talent, but his foundation is too thin.

Walking in this universe, like walking on thin ice, you will fall if you don't pay attention.

"Ruosui You Zhouyu really won."

"Based on my understanding of the Doudu universe, we have a lot to do when we join the third-party high-level universe."

"But before that, we can't wait and see the changes!"

Emperor Xiu Yuzhou looked at Yu Yangli and couldn't hear any emotion in his tone.

"I know what you want to do."

Yu Yangli smiled, "Try it then."

"So."

Emperor Xiu Yuzhou nodded, "We are now an alliance."

"Well, it's an alliance."

"I need a lot of training resources, you support me first."

Yu Yangli nodded, smiled and stretched out his hand, wanting to see Emperor Xiuyu Zhou.

"Uh....."

"If it was before, I can support you."

"But now I can be said to be impoverished!"

Emperor Xiu Yuzhou was stunned for a while, then his face gradually became pale, "That Su Lang..."

After listening to Emperor Xiu Yuzhou finishing Su Langkeng's own affairs.

Yu Yang couldn't help but his eyes widened!

His plate in Doudu Universe only has the Five Eternal Eternity, he really doesn't know this!

Gee.

The dignified Seven Eternity, the helm of an eternal great power, was actually pitted to be almost impoverished, it is really embarrassing!

But after sighing.

Yu Yangli couldn't laugh anymore.

He came to form an alliance with Emperor Xiuyu Zhou, and one of the most important reasons was that he was interested in the money of Emperor Xiuyu Zhou, rather than greedy the body of Emperor Xiuyu Zhou!

But now.

Emperor Xiuyu Zhou is a pauper!

"How to do?"

"Do you want to abandon him?"

Yu Yangli thought a little depressed.

"I really have very little training resources."

"But there are still some of the teams trained before."

"Emperor Xiuyu Zhou can swallow my territory in the Doudu universe in a short time."

"But in Doudu Universe, the team I built for countless years is not so easy to eat away."

"Even if all my surviving subordinates surrendered to Emperor Xiu Ning Zhou, I still have a part of the natural universe that only I know."

Emperor Xiu Yuzhou saw the depression in Yu Yangli's eyes and said with a cold expression.

His liquidity is indeed finished, and he has lost a lot of fixed assets, but he still has some wealth.

"I understand!"

Yu Yangli nodded slightly, and covered the smile at the corner of his mouth with a small handkerchief.

"Humph!"

"Don't think of the empty glove white wolf."

Emperor Xiuyu Zhou snorted coldly, "The inheritance of Emperor Gujun Zhou, you must share with me!"

"Ah."

Yu Yangli chuckled and waved his hand for fear, "You also want to show me the inheritance of Emperor Dou Xiu Zhou!"

It was at the time when Emperor Xiu Yuzhou and Yu Yangli formed an alliance.

Doudu universe.

The top of Luanzhi, the purple jade palace.

boom!

A vast golden figure descended and turned into Su Lang's appearance.

[Chapter 2543: Guliang, you should sit on it](#)

"It deserves to be the cave mansion of the eternal power of the Seven Universes."

"The cosmic energy is rich, and it also possesses other kinds of strangeness, which has a great effect on cultivation."

"Not bad....."

Su Lang looked around and found that the summit of Luanzhi should be the innate treasure that had existed at the beginning of the universe, a treasure land or something.

at this time.

A figure flew out from the Ziyu Tiangong and turned into a young woman, and it was His Royal Highness Xiuning.

"Friend Su Lang, you are here, please come in quickly!"

His Royal Highness Xiuning looked at Su Lang, with a hint of joy in his eyes, and invited Su Lang into the mansion.

"Then I'm welcome, just come in."

A faint smile was outlined at the corner of Su Lang's mouth.

Then instead of going to the Tiangong, in the respectful gaze of the eternal guard, he entered the Ziyu Tiangong with His Royal Highness Xiuning.

Ziyu Tiangong has a different atmosphere.

Everywhere you can see the formations that aid cultivation.

In other words, this entire Tiangong is a dojo prepared for spiritual practice.

Its main function is to enhance understanding, and secondly it can also promote the speed of refining the origin of the universe.

of course.

Su Lang does not need these two points.

He only needs to put on a casual posture, and his cultivation base can rise up!

Follow His Highness Xiuning into the Ziyu Tiangong.

The two did not stop in the main hall, but came to a more private room.

The room was empty.

There are only two futons per table.

"Friend Su Lang, please sit down!"

His Royal Highness Xiuning pointed to a futon, and the position should be 'upper'.

From this point, it can be seen that she attaches great importance to Su Lang!

"No, no, no."

"Miss Xiuning, it's better for you to sit on the top... come first."

Su Lang smiled and shook his head, and then sat down straight.

His Royal Highness Xiuning smiled helplessly and could only sit on it.

"This is the spiritual tea made by Xishenquan."

"It has a great effect on improving the soul of the eternal warrior. I will make a pot for Fellow Su Lang!"

His Royal Highness Xiu Ning sat on the jade futon, waved out a set of good tea sets and some spring water and spiritual tea, and started making tea on the spot.

This is another gift for Su Lang.

In Xiuning's view.

Su Lang's improved combat power in a short period of time is very terrifying, and there is probably the possibility of instability on the basis, especially in the aspect of Shenhun.

In the eternal state, it does not mean that there is no need to upgrade the soul.

On the contrary, the importance of the soul has never been reduced.

The more powerful the soul, the more terrifying power can be mastered. This is the eternal truth.

In the eternal state.

As the eternal powerhouse continues to grow, there will be more and more crystal wall universes in the body.

That is a universe.

Not one hundred million, not one hundred billion, not one trillion! It's not even trillions.

Without a strong enough soul, how to master the thousands of crystal wall universe? How to use the terrifying power of the universe! ?

The spiritual tea made by washing Shenquan has a miraculous effect on the stability and promotion of the spirit.

Therefore, His Royal Highness Xiuning specially used it to entertain Su Lang.

"Haha, thank you, Your Highness Xiuning."

Su Lang couldn't help but smile when he watched Xiu Ning's tea-making technique like flowing water.  
Soon.

Su Lang did not disturb Emperor Ning Zhou.

The mist rose and diffused, making the air a little warm.

Emperor Xiu Ning Zhou made tea very quickly, and he completed a pot of spiritual tea in a short time, and the refreshing breath permeated.

"This is equivalent to the treasure of the Five Eternal Realm, and it is a rare spiritual tea."

"It is estimated that in this Doudu universe, I rarely see it."

Su Lang squinted his eyes and sniffed, three points intoxicated, three points surprised, and three points gratefully said.

"This kind of spiritual tea is a specialty in the middle universe."

"One hundred million years will produce some of the eternal quality of tea in the Five Universes."

"In addition, the rest of the natural universe, including the Doudu universe, cannot be transplanted."

"As for Xishenquan, it comes from the third middle universe, which is also a specialty of that natural universe."

"Come on, Daoist Su Lang, please try it."

His Royal Highness Xiuning nodded with a smile, and immediately poured a cup for Su Lang himself.

[Chapter 2544: Ling Tea of His Highness Xiuning](#)

"Thank you."

Su Lang smiled slightly.

Although his spirit is not as weak as Emperor Xiu Ning Zhou thought.

But this tea is also good for him.

Taking the teacup, he took a light sip under the gaze of Emperor Xiu Ning Zhou.

Suddenly.

A fresh fragrance filled the mouth, instantly spreading throughout the body, blending in, and not dispersing.

Immediately after.

Su Lang felt that his power of divine soul had received an extremely slight increase.

"Tsk tut."

"His Royal Highness Xiuning's Ling Tea is even better than I expected."

"Just a bite, it makes my soul grow a little bit."

Su Lang felt the fragrance between his mouth and said with a smile.

For the eternal state, the training of the soul is very difficult.

A sip of tea can increase the spirit of the soul, even if it is insignificant, it is extremely rare.

If this kind of spiritual tea is released to the outside world, it will definitely be robbed by a large number of eternal powerhouses.

"It would be useful to Daoist Su Lang."

"I still have some spiritual teas that I have accumulated over the years, which I will give to Daoist Su Lang."

"Hope Su Lang Taoist Fellow Wu will prosper and be promoted smoothly!"

His Royal Highness Xiuning smiled happily, took out a porcelain bottle while waving, and handed it to Su Lang.

"Thank you."

"Then I will accept it!"

Su Lang was not polite, smiled slightly, and took the porcelain bottle.

Sweeping God's mind, there were a lot of tea and spring water from the Five Eternal Realms.

It takes 100 million years to harvest this tea.

And it was 100 million years in the middle universe.

Time converted to the high-level universe, it has been hundreds of billions of years.

This shows that Xiuning Temple is really full of sincerity.

Put the porcelain bottle into the universe of life.

"His Royal Highness Xiuning."

"Now the jade repair faction has basically been cleaned up."

Su Lang took the initiative and said: "Emperor Xiuyu Zhou escaped. This person is a hidden danger. Do you have very effective means to hunt down this person?"

His Royal Highness Xiu Ning and Emperor Xiu Yuzhou are in the same vein.

Even the practice methods are similar.

So they should know each other very well.

If he wanted to hunt down Emperor Xiu Yuzhou, Xiu Ning might have a better way.

but.

Su Lang got a disappointing answer.

"Sorry, Daoist Su Lang."

"Although I have a better understanding of Emperor Xiuyu Zhou."

"But I didn't catch up in time at the time, and my methods didn't have much effect."

"Now, the subordinates sent to hunt down have not returned good news, but have completely lost his trace."

Emperor Xiu Ning Zhou shook his head, "It is estimated that Emperor Xiu Yu Zhou has hidden in a certain natural universe that only he knows, and has erased all information."

It really took a lot of time to clean up and annex the remnants of the jade repair faction.

Emperor Xiuyu Zhou has indeed lost his trace.

"It's okay."

"There is no fast hunting method. It is okay to be slow, as long as it is effective."

"When Emperor Xiuyuzhou flees, I have already sent treasure hunting flying flying gliders and clones to pursue them."

"If there is enough time, it is feasible to catch him."

Su Lang smiled faintly, but secretly said in his heart, this time will become very long.

Treasure hunting flying gliders are now difficult to pursue directly across the universe.

It must be in the same natural universe to be able to accurately and accurately use the soul-searching ability to hunt down.

now.

Su Lang could only use his clone to find out the natural universes that Emperor Xiuyu Zhou passed through while fleeing, leaving behind all the traps, before he could get closer to Emperor Xiuyuzhou.

When the treasure hunting flying flying glider and Emperor Xiuyu Zhou are in the same world, Emperor Xiuyu Zhou can be found.

This process is still long in the middle and low universe.

In the universe where the flow of time is faster, more time will pass.

but.

Even if you can't find Emperor Xiuyu Zhou, there is no problem.

The long time was enough to make Su Lang a stronger existence.

At that time, it would not be easy to chase down Emperor Xiuyu Zhou.

"Ok....."

"The Xiuyu faction perishes, but the Hundred-legged Worm is dead and not stiff. We still have to prevent him from secretly making trouble.

His Royal Highness Xiu Ning nodded in thought.

[Chapter 2545: I wish he would take a head](#)

"Don't be too tight."

"Just stare at his whereabouts."

"Once he appears, it is also a good time for us to deal with him."

"Even I wish he took a head."

Su Lang smiled, and immediately changed the subject, "I put the jade repair aside, and I have some requests for cultivation..."

"Ok!"

"Strength is the big way."

"Emperor Xiuyu Zhou hid in the middle and lower universes and couldn't turn over any waves."

"As long as our strength is more diligent, Emperor Xiu Yuzhou will be unable to shake us."

His Royal Highness Xiu Ning nodded in agreement, and said, "Does Fellow Daoist Su Lang have any request for cultivation?"

"How is the ordinary eternal realm divided?"

Su Lang pondered and asked, his crystal wall universe is far more than ordinary people, and he doesn't know what level he has reached.

There is no detailed description in the exercise books that Naxien seized.

It seems that this division is a common sense that everyone knows.

"Friend Su Lang doesn't know this?"

"Oh, yes, Daoist Su Lang cultivates the inheritance of great power, and it is normal that it is different from the ordinary eternal realm division method."

His Highness Xiuning directly filled the loopholes in Su Lang's question.

"Ok."

"Please also your Highness Xiuning to elaborate more."

Su Lang took a sip of tea and nodded and asked.

"Okay, then I will elaborate."

"Ordinary eternal realm."

"It is divided by the number of crystal wall universes perfected in the body."

"From the moment a warrior steps into the eternal realm, the crystal wall world in his body is fixed."

"Then you need the core of the universe to split the crystal wall world and pave the way for your own future."

"Under normal circumstances, except for the eternal warriors who have just stepped into the eternal realm, the second universe and above, there are basically no crystal wall worlds in their bodies, and they all transform into the crystal wall universe."

"Because the core origin of the universe is rarer and harder to obtain than the origin of the universe, it will be more difficult to split more crystal walls into the universe."

"Generally, eternal warriors will accumulate enough cosmic origin, refining the core origin of the universe, slashing a crystal wall world that was deliberately left, and paved the way for the next step, will continue to use the cosmic origin to perfect the crystal wall that has just been cut. world."

"Eternal warriors will always stand at the forefront of the path that they have blazed for. Every step they take, they must pave the road before walking."

"So, we usually think that the body of an eternal warrior, except for the eternal life universe, is all the crystal wall universe, and there is no crystal wall world."

"For the division of the realm of eternal warriors, it is also directly divided by the number of "crystal wall universe", and the crystal wall world is ignored."

"From the beginning of a universe, it takes about two hundred gai crystal wall universes to enter the two-plane eternal state, even if it reaches six hundred gai, it enters the three-plane eternal state."

"The following realms are recognized as the four-plane eternity of one thousand two hundred gai, two thousand gai as the eternal eternity of the five universes, four thousand five hundred gai as the eternal eternity of the six universes, and eight thousand gai as the eternal state of the seven universes."

"Further up, the Eight Eternal Realm is over 13,000 Gai, and the Nine Eternal Eternity is said to be over 20,000 Gai."

While talking, Emperor Xiu Ning Zhou poured himself a cup of tea, and drank it after speaking.

"That's it."

Su Lang ticked the corner of his mouth and smiled faintly.

The Nine Universe Eternal Realm is only 20,000 gai!

This is similar to his secret speculation at the beginning.

When Su Lang promoted the strength of Chu Xiaobei and other women.

They deliberately cultivated a lot of their crystal wall world, reaching more than 20,000 gai.

At that time.

He speculated that as long as Chu Xiaobei and other women had enough resources and time, they could at least become senior eternal powerhouses.

It seems that it is possible to step into the eternal level of the Nine Universes!

In addition.

From Xiuning's mouth, we can get the exact division of the eternal realm and the number of eternal crystal wall universes in the Nine Universes.

Su Lang was also very happy.

He has a crystal wall world of more than 66,000!

This is equivalent to the sum of the number of crystal wall universes in the three ordinary Nine Universes Eternal Realm!

Well.

With such a strong foundation, does it already have the qualifications to touch a higher realm?

At this time.

#### [Chapter 2546: The inheritance of Emperor Zhou](#)

"It is said that after Nine Eternity..."

"You must perfect your life universe."

"The Life Universe is different from the Crystal Wall Universe. It is the first inner world created by the warrior. It is the core and foundation of this human-shaped universe. It is extremely important."

"But because of this, the perfection of the universe of life has become more difficult."

Emperor Xiu Ning put down his teacup and said, "I don't know how many eternal realms can appear in the endless universe."

"What level is Your Majesty Dou Xiu?"

Su Lang asked, "Have he never seen Jiu Zhou Eternal?"

"The ancestor of fighting repair is the eternal realm of the eight universes."

"And in the Eternal Realm of the Eight Universes, the gap between warriors and warriors is very terrifying."

"The ancestors of fighting repair are just the more ordinary Eight Eternal Realm."

"As for the Nine Universe Eternal Realm... the great power who taught Taoist Su Lang..."

Emperor Xiu Ning Zhou didn't finish speaking, and looked at Su Lang with beautiful eyes.

"do not know."

"I haven't actually seen him with my own eyes."

Su Lang smiled and lied.

"That's it."

"That kind of character, it is true that the dragon sees the head but not the end."

"However, one or two may be glimpsed from the inheritance."

"Now that we sincerely form an alliance, Daoist Su Lang is even more grateful to the next."

"Therefore, I decided to give the inheritance to fellow Taoists first. By comparing Daoist Su Lang, he might be able to infer the true state of that mighty power."

His Royal Highness Xiuning said with a smile, and neatly took out a space ring.

She did not put it on the table, but cherished it and handed it to Su Lang.

The space ring contains the most important core content of Emperor Dou Xiu's inheritance.

In fact, Xiu Ning didn't even think about giving Su Lang all the cherished inheritance at once.

But in that battle, Su Lang saved her life and directly helped her unify the Doudu universe.

therefore.

His Royal Highness Xiu Ning made up his mind and directly gave Su Lang the core content of the inheritance.

"His Royal Highness Xiuning has such trust, really embarrassing me."

"In that case, Lai Xia will also inherit and present it to His Highness Xiuning."

Su Lang smiled faintly, took the space ring, and immediately waved, a large number of exercises originally appeared in the room.

Yes.

Not on the case table, but in the room.

because.

There are so many exercises!

All kinds, exuding bright light and endless profound meaning, the eternal realm cultivation technique that almost drew the heaven and earth avenue, piled up like ordinary pebbles in the room.

Layer after layer was piled up, until the heart of His Highness Xiuning was overwhelmed!

Such a scene.

In an instant, His Highness Xiuning's expression changed drastically, as if struck by lightning, her delicate body trembled slightly.

"The Eternal Realm Cultivation Method was originally!!!"

"All are the original eternal level techniques!"

"How come there are so many, this is incredible!"

"..."

His Royal Highness Xiuning is also a rich woman among eternal warriors.

But I saw the original of these eternal realm techniques thrown by Su Lang.

Still dumbfounded by the shock, the voice trembling!

Without him.

The quantity is too much.

The key is all the original!

The exercises were originally extremely rare, and the exercises in the eternal realm were originally even rarer.

Even if the inheritance left by Emperor Dou Xiu, there are only four original eternal techniques.

Two of them are in the hands of Emperor Xiuyu Zhou, and two are in her hands.

As for the rest of the exercises, they are basically passed on by word of mouth.

But even if it is passed on by word of mouth, the meticulous teaching of the elders to the younger generations is not comparable to the original practice!

"These eternal techniques are part of the inheritance of the techniques I got."

"But these exercises are actually not very good, so they are just ordinary."

Su Lang pointed to the original eternal level exercises piled up in the room and said with a smile.

"what!"

"So many eternal level techniques are originally part of the inheritance!?"

"Moreover, these exercises are not very good!? Fellow Daoist Su Lang, don't be joking, every eternal level exercise originally cherished!"

"So many eternal realm cultivation methods, if they are known to the rest of the higher-level universe, they will definitely attract a large number of powerful enemies, and they will break the blood!"

"..."

His Royal Highness Xiuning stared at Su Lang closely, the disbelief in his heart still did not dissipate, but turned into a stormy sea, constantly beating her vast breast.

So many eternal techniques originally!

Su Lang didn't care, as if he looked down!

This is even more shocking!

[Chapter 2547: Guliang deserves to be taught by me](#)

"Haha."

"It's really not as precious as your Highness said."

Su Lang smiled and shook his head. These exercises were synthesized by him using synthetic functions, and they were generally at the level of the two universes and three universes.

Only a few are the eternal level of the five universes.

As for the technique of the Six Eternal Realm...

He has a few natural techniques of the Five Eternal Realm.

That was obtained by killing many of the Seven Realms masters of the Jade Cultivation faction.

However, his synthesis function is not yet able to be synthesized using Five Eternal Techniques as raw materials.

Only after upgrading the one-key synthesis function and getting enough ten five-plane eternal natural exercises, can you synthesize the exercises of the six-plane eternal realm.

of course.

The Five Eternal Realm techniques are already very awesome.

This level of exercise is probably the best exercise that the Seven Eternal Realm can master, and it is also the most practiced exercise in the Eight Eternal Realm.

The techniques of the Six Eternal Realm are estimated to be extremely cherished for the Eight Eternal Realm.

"Friend Su Lang!"

"This, so many of the original exercises, I dare not accept it."

"Their value is too great!"

Emperor Xiu Ning Zhou's voice came again, with a hint of perseverance in his tone, and a strong determination.

"His Royal Highness Xiuning doesn't have to be like this."

"These exercises were originally useless to me."

"I originally planned to use it to sell the origin of the universe."

"Now, in exchange for part of the inheritance of His Royal Highness Xiuning."

Su Lang smiled slightly, he did not dare to say that most of the exercises here, he had already practiced.

Otherwise, Xiuning would definitely be as if an ordinary person saw a ghost, staring at a dog.

at this time.

Finished talking.

Su Lang gathered the original exercises from one place and turned them into a long dragon, flying towards Xiuning.

"This....."

Hesitation appeared under Xiuning Hall.

But at this moment.

"Open the universe of life!"

Su Lang heard some serious voices.

"it is good....."

Xiu Ning shuddered, still opening the universe of life.

Suddenly.

The long dragon formed by Su Lang with supernatural powers just entered the body of Emperor Xiu Ning Zhou, uh no, the universe of life.

Wow!

In a flash.

The long dragon entered at the end and disappeared.

"Friend Su Lang."

"I am really ashamed..."

Emperor Xiu Ning Zhou took a deep breath, a trace of shame in his eyes.

"His Royal Highness Xiuning doesn't have to be like this."

Su Lang smiled, "In this Doudu Universe, Xiu Ning Guliang deserves to be taught by me."

"Thank you Daoist Su Lang!"

His Royal Highness Xiuning no longer declined, but stood up solemnly and bowed to Su Lang.

"His Royal Highness Xiu Ning first look at the original exercises."

"Many of these exercises, I have practiced to the original state."

Su Lang nodded, "If your Royal Highness has any questions, you can come and ask me."

"what!?"

"These exercises Su Lang Taoist Fellow has already practiced many books!?"

"Moreover, they have reached the level of founders!?"

His Royal Highness Xiuning looked at Su Lang in disbelief, and couldn't help but exclaim in his open mouth.

As the Eternal Seven Universes, Xiuning's group is at the helm.

She naturally knows what level of proficiency the founder level represents.

That is the same level as the founder of the eternal exercise method!

Even lower-level exercises are fine, but it is almost impossible for eternal realm exercises to reach the founding level!

But Su Lang said, he did it!

And not one book, but many books!

This is really incredible.

If it hadn't been for His Highness Xiuning to know that Su Lang was extraordinary, he would never believe it at this time.

And this time.

She chose to believe in Su Lang, but she also felt a little unacceptable.

Oh my god.

What level of genius is needed to accomplish this horrifying achievement! ?

"No wonder!"

"No wonder that mysterious might choose Su Lang as the inheritor!"

"Just this kind of aptitude and understanding is absolutely unparalleled in countless high-level universes!"

"..."

His Royal Highness Xiu Ning looked at Su Lang, her beautiful eyes trembled, and the image of Su Lang in her heart couldn't help but become more magnificent.

Shocked for a while.

His Royal Highness Xiu Ning finally retracted his gaze and began to check the original of those eternal techniques.

But her heart was a little hard to be quiet, and she couldn't help but look at Su Lang from time to time.

Seeing that Su Lang had already opened the space ring she had given him at this time, he looked at it with joy.

"Fortunately I didn't hide it."

"What is given is the core content of Dou Xiu's ancestors' inheritance, not leftovers."

His Royal Highness Xiuning couldn't help but breathe a sigh of relief when he saw Su Lang smiling.

#### [Chapter 2548: Majoring in Zhou Long Xuanxin](#)

Open the space ring.

Su Lang immediately discovered a large number of magical abilities!

Let alone the rest.

Su Lang saw a miniature version of the star sea at first glance.

This Xinghai is obviously very small, the size of a fist, but with a sweep of his spiritual thoughts, he can perceive a feeling of boundlessness, no end up and down!

"Major in exercises!"

"It's the main practice technique of Emperor Dou Xiu!"

"Sure enough, this technique is much stronger than the Boundless Heart Sutra!"

With his vision of practicing countless exercises, Su Lang immediately saw the level of this major exercise!

The main practice is very weak, but its importance is very scary, and it is the core of martial arts practice.

The lower-level major practice exercises can no longer continue to practice after reaching a certain level.

It's like the Boundless Heart Sutra, I'm afraid that at most I will cultivate to the Five Eternal Realm, and I can't go further.

So Su Lang has system assistance.

Otherwise it will be difficult to break into the Four Eternal Realm!

As he nodded slightly, Su Lang carefully checked the miniature version of the Star Sea Vortex and learned that the main practice was called "Zhou Long Xuanxin".

"Ok....."

"Among the eternal realm master cultivation techniques, it is definitely the top one."

"In addition, this "Zhou Long Xuanxin" is not the original technique."

"Moreover, the content in it seems to be slightly incomplete."

"Even so, this technique has reached this level."

"This kind of exercise is definitely not original by Emperor Dou Xiu himself, but a powerful creation that is more ancient and terrifying!"

"..."

This thought flashed in Su Lang's heart, and a flash of fire flashed in his eyes.

"Su Langdao's friendship is quite satisfactory, so good!"

This enthusiasm was seen by His Highness Xiu Ning, which made her feel happy, and her smile became brighter.

Su Lang is very satisfied with her inheritance!

This makes her very happy.

"The exercises are slightly incomplete."

"It doesn't seem to be a big problem, but for the Eternal Realm, the smallest flaw will be infinitely magnified, and it will eventually become a terrifying moat, which can no longer be crossed."

"After His Royal Highness Xiu Ning and Emperor Xiu Yuzhou arrive at the Seven Eternal Realm, it is difficult for them to make progress."

"In addition to being related to resources and talents, this major practice definitely has an impact."

"Fortunately I have a rare ability "fragment repair"!"

"..."

When Su Lang thought of this, the corner of his mouth couldn't help but outline a curve.

Fragment repair: You can repair any incomplete technique into a complete state!

Even if there are only a few words left, it can be repaired directly!

"Zhou Long Xuanxin" is only slightly incomplete, and it is naturally easy to repair. "

"system!"

"Start the fragment repair function! Target "Zhou Long Xuanxin"!"

Su Lang's heart moved and directly activated the system functions.

"Ding! "Zhou Long Xuanxin" was successfully restored!"

Accompanied by system prompts.

A strange ball of light appeared in Su Lang's storage space.

This sphere of light is very similar to the star sea vortex in the space ring given by His Royal Highness Xiuning, but the sphere of light gives people a completely natural feeling!

"The original technique!"

"It's the original technique!"

"The fragment repair function is not used much, but the function is really powerful!"

"With this hand, you can make a lot of money when you set up a street stall and specialize in the business of the eternal powerhouse!"

"Those guys asked me to complete the transaction and get a complete exercise, but I also saw the exercises, they would feel very worried, and then look for opportunities to kill me!"

"In this way, I have an excuse to kill them and plunder all resources!"

"Quack, I didn't expect to open up another way of making money!"

Su Lang thought so, his mouth opened with a grin.

"It seems that Daoist Su Lang is more satisfied with those secret techniques than I thought!"

Seeing Su Lang's face burst into laughter, Emperor Xiu Ning Zhou couldn't help but feel happier.  
at this time.

A system prompt appeared in Su Lang's mind.

"Ding! It is detected that the quality of the major exercise "Zhou Long Xuanxin" is much higher than that of "The Infinite Heart Sutra". Is it replaced?"

"Replace now!"

Su Lang did not hesitate and directly gave instructions.

[Chapter 2549: After just a few glances, you'll fully learn](#)

"Ding! The main practice is successfully replaced!"

"Ding! The basic practice speed of the current one-key practice function has been enhanced!"

"Ding! The current one-key martial arts function basic martial arts speed has been enhanced!"

Three system prompts appeared again one after another, making Su Lang's eyes shine!

High-quality major exercises, really can bring huge benefits!

This is especially obvious to Su Lang!

It must be known that his one-key cultivation rate at this time is 240 trillion times the basic cultivation speed!

The speed of the one-click martial arts function is also 240 trillion times!

The current basic training speed has been enhanced, and the gold content of these magnifications is even greater!

One-key practice is now closed, and there is no intuitive experience for the time being.

But the one-click martial arts function is always in operation, and the villains inside are always practicing the exercises.

Su Lang obviously felt that the speed of the Wushu villain had become higher!

"awesome!"

A smile appeared in Su Lang's eyes, "With this "Zhou Long Xuanxin", my combat power will increase faster!"

at the same time.

Emperor Xiu Ning Zhou also discovered the changes in Su Lang.

"This is... the breath of Zhou Long Xuanxin!?"

"Su Lang unexpectedly changed his major accomplice to Zhou Long Xuanxin so quickly!?"

"This, how is this possible, that is the top-notch major practice!"

"Being an eternal warrior who has never been in contact with it will take Dalian time to comprehend and then practice!"

"But Su Lang seems to have learned it completely after just a few glances!?"

"This, this, fake!"

"..."

Emperor Xiu Ning looked at Su Lang blankly, keenly aware of the changes in Su Lang's body.

The more familiar feeling is brought about by "Zhou Long Xuanxin"!

This made Emperor Xiu Ning Zhou directly stunned, completely unable to believe his perception!

"This talent is simply terrifying!"

"It's no wonder that Su Lang was born in the grassroots universe, and the universe that was still used as a hunting target by the mighty can be inherited by that mighty power!"

"I can be regarded as the genius with the best talent in Dou Xiu's line, but compared with Su Lang, it is simply fluorescent compared with Haoyue!"

Emperor Xiu Ning looked at Su Lang with a trace of emotion in his eyes.

The other side.

Su Lang has already turned his attention to the rest of the exercises.

The exercises Xiu Ning gave were the core content of Emperor Dou Xiu's inheritance.

Except for the main practice exercises, the remaining magical powers and secret techniques, although the effect is relatively ordinary in Su Lang's opinion.

The strangeness is not as good as some of the secret techniques that I have now, and even less than the moves condensed from the source of the technique of "Po Yi Jian".

But the level of these magical secret arts is relatively high!

Basically, they are magical secret arts that can only be practiced at the level of the five universes.

There are special melee secret techniques for eternal realm powerhouses.

When you open this exercise, you can see a lot of melee poses...Uh no, knowledge.

After practicing this technique, you can better destroy the enemy's crystal wall universe in personal hand-to-hand combat.

As we all know, the Crystal Wall Universe is the cell of the eternal warrior and the source of power.

Destroying the Crystal Wall Universe can weaken the opponent until it is completely eliminated!

"The skill level is quite high."

"After practicing, it can enhance my practice foundation."

"Now it's time for me to be promoted to the level of 'Po Yijian' again."

"After all, I am not the weak chicken who just stepped into the eternal state."

"..."

While thinking about it, Su Lang put the exercises in his hands on the villain Xiwu, and asked him to work hard together and work hard.

Immediately after.

He looked at more exercises.

Some weapons use techniques, some are magical spells, the use of Tiandi Dadao rules, and so on.

For example, a complete set of fighting supernatural powers "Capture Yu Chan Yuan Shou" and "Bin Yu Qian Si Zhi".

"Cry Soul Hidden Sky Slash", which is specifically for the soul, and so on...

But these methods were all Su Lang already possessed at this time.

Even if it doesn't, it can be made up for with weapons.

Just like the illusion skills, Su Lang made up for it with [Jing Hua Shui Yue].

In terms of trapping and killing, there are purple gold gourds and heart-piercing locks, which can be overwhelming.

Defensively, there is a heavenly eight-sided shield, so there is no need to worry about it.

[Chapter 2550: The secret of death or life](#)

"These exercises are the same."

"After practicing, strengthen the foundation of the technique, and then deduct a brand-new breaking sword!"

While thinking about it, Su Lang looked at a more interesting exercise book.

This exercise is called "Ming Zong Wan Zhou Tong".

It was the tracking technique that Emperor Xiuyu Zhou used to search for him.

As the core content of Emperor Dou Xiu's inheritance, Emperor Xiu Ning also mastered it.

This tracking secret technique is very good.

In the same universe, as long as there is any object on the target, including breath, as a medium, it can lock the opponent's position.

Even, as long as the target escapes from the current universe, the time and space fluctuations remain, the target can be directly locked.

This kind of ability is already comparable to Su Lang's ability to "see the soul" of the treasure hunting flying glider at this time.

If it weren't for Su Lang's ability to send the clone directly out of Doudu Universe, there would be no time and space fluctuations left.

Moreover, he misled Emperor Xiu Yuzhou to think that he was still in Doudu Universe.

Then, Emperor Xiu Yuzhou could probably catch up with his clone.

In fact, in addition to tracking capabilities.

Mingzong Wanzhoutong, like Su Lang's "The Mysterious Method of Resolve", also has a strong increase in the ability to detect spirits.

"Currently, the treasure hunting flying glider's ability to find souls is still limited."

"Practicing this "Ming Zong Wan Zhou Tong" can make up for the tracking ability."

"The ability of soul detection is naturally the stronger the better!"

Su Lang used "Ming Zong Wan Zhou Tong" as a backup exercise technique, and then looked at the two exercises below.

They are "The Secret of Death and Later Life" and "The Secret of Life Without Life".

Before that, Su Lang had seen Elder Jingzhi, the twenty-fifth son, used "The Secret of Life and No Life".

One of the seven elders under the command of Emperor Xiuyu Zhou also used "The Secret of Death and Life".

At this time, I saw these two exercises.

Su Lang realized that this was born out of the same self-harming secret technique.

The original name of this secret technique is "The Secret of Death Without Life"!

The specific effect is to explode a hundred times its own power after use.

But after use, it will fall completely within one breath.

Any second hand will not be effective, such as the method of surviving death.

Therefore, after death, there is absolutely no way to resurrect, and even the power of the Time Avenue cannot be pulled back!

It is precisely because of this price that is terrible.

Therefore, Emperor Dou Xiu divided it into two, forming "The Secret of Death and Later Life" and "The Secret of Life Without Life".

After using these two secret arts, you will almost lose your life, but you don't need to die. Those methods of resurrection and death can be used.

If you use "The Secret of Death Without Life", there will be no possibility of survival.

of course.

Su Lang is not among them.

Because he has the system function "Clone for Death"!

That is the function of the system, it does not speak any truth at all!

"The sequelae of this exercise...It seems that you can't be immune to vomiting the old and receiving the new."

"It is indeed at the cost of everything of oneself, including life, to perform the secret technique."

"Only in this way can we explode a hundred times more power than ourselves!"

"But I have a death-replacement function, and I can use it as many times as there are replacement-death clones!"

"After I swallowed the clones, I left a few to replace the dead clones, and use these substitutes to launch "Death Without Life", the combat power is exploding!"

"In the battle in the eternal realm, one breath time is already very long, one clone can exchange one breath time, four clones can exchange four breaths!"

"If you can't kill the enemy, you can only run away."

Su Lang thought so with a smile on his face.

Finally, "The Secret of Death Without Life" is used as a backup practice exercise method, and it is also placed in front of the other exercise methods!

See here.

Su Lang's eye-catching techniques have basically been counted.

The rest of the exercises can only be practiced to enhance the foundation of the exercises.

"I have seen the exercises!"

"His Royal Highness Xiu Ning is very sincere and I am very satisfied."

Su Lang looked at Emperor Xiuning Zhou and nodded with a smile.

"Friends of Taoism are satisfied!"

Emperor Xiu Ning nodded excitedly.

"Ok."

"There is another ruthless please."

Su Lang smiled and said with his hands folded.
