[Chapter 2551: On the platform](#)

"Friend Su Lang said it's okay!"

"Any need, the little girl will do her best to satisfy!"

His Royal Highness Xiuning heard Su Lang's relentless request, and he did not hesitate to agree directly.

"Thank you, Your Highness Xiuning!"

"The cultivation method below is quite special and requires a place with very strong cosmic energy."

"After visiting many places, I feel that your Highness's Purple Jade Temple has the best energy concentration."

Su Lang smiled and said, "So, please also ask His Royal Highness Xiuning to arrange a quiet room for cultivation."

This statement came out.

His Highness Xiu Ning couldn't help but move in his heart.

Su Lang is going to live in Ziyu Tiangong!

Except for the main hall of Ziyu Tiangong, the rest of the places are her private cave mansion, almost never let others in, let alone people living in it...

"No problem at all!"

"The cosmic energy on the platform is the strongest in Ziyu Tiangong."

The thought flashed in the mind of Emperor Xiu Yuzhou, and he agreed without hesitation, "Why don't I take a fellow Daoist to take a look, if the fellow Daoist is not satisfied..."

"No need."

"Just right on the platform."

"As long as the cosmic energy is the strongest."

"I don't care about the rest."

A smile was drawn at the corner of Su Lang's mouth.

"Ok!"

"Does that fellow Taoist pass now?"

His Royal Highness Xiuning nodded, and then asked.

"Well, your Highness will take me over."

Su Lang nodded slightly, then stood up, "After going over, talk to His Highness again."

"Say something? What is it?"

His Royal Highness Xiu Ning was a little strange, and stood up.

"Good thing!"

Su Lang smiled.

"Um...please!"

His Highness Xiuning didn't ask much, and raised his hand to invite Su Lang to go with him.

"please!"

Su Lang nodded and motioned to Xiuning to lead the way.

Soon.

One after another, the two left the meeting room and flew into the sky.

Although Ziyu Tiangong is said to be a palace, it is better to say that it is a large group of beautiful palace buildings, and the area is not small.

In a blink of an eye.

Under the leadership of His Highness Xiuning, Su Lang came to the top of a nine-story building.

This is on the moon tower.

The Moon Tower is not an ordinary tall building.

Because each floor of the tall building is composed of countless eternal spirit gathering formations.

There are a total of nine layers, forming a giant spirit gathering formation method, which gathers the already very strong energies of heaven and earth to form a stronger cosmic energy.

On the top of the Duiyue Tower, there is a large platform.

Sweeping the spirit, you can see that this platform was originally a deep pond.

But the cosmic energy has been condensed in the pool for countless years, first forming liquid energy, and then solidifying into a moon-white jewel-like solid crystal!

These cosmic energy crystals are more compact and perfect than the energy crystals condensed by Su Lang using the eternal spirit gathering formation method in the basic universe!

Its level is almost higher than that of the superior emperor source that has been condensed from the beginning!

"So this is the opposite platform!"

"Yes, really good!"

Standing on the opposite platform, Su Lang stretched out his hand to touch the moon white crystal, and suddenly felt the cosmic energy that was so strong that it could not be dissipated!

"Friend Su Lang likes it!"

A smile appeared under the Xiuning Hall.

This pair of platforms is also a place where she often visits, but she is not here to practice, but to see the scenery.

After all, she couldn't directly absorb cosmic energy to cultivate like Su Lang.

"Ok."

"This is already very good for the platform."

"But in my opinion, there are still some things that can be improved."

Su Lang overlooked the opposite platform, his eyes gleaming with thought.

Hear this.

His Royal Highness Xiu Ning couldn't help being surprised.

It took her countless hours and painstaking efforts to complete Opposite Moon Tower by letting a large number of Array Mage under her command work together.

It can be said.

This pair of moon towers represents the highest attainments of the Doudu Universe Spirit Gathering Array!

But now, Su Lang actually said that there is still room for improvement in this pair of platforms!

"Daoist Su Lang did say that he has dabbled in the three realms of the pill formation."

"However, this formation was perfected by a large number of formation mages who spent countless years and painstaking efforts to constantly check for omissions!"

"Taoist Su Lang's formation skills are so high that it surpasses the wisdom of a large number of formation wizards!?"

"If this is the case, it would be too scary!"

"..."

Emperor Xiu Ning Zhou's heart throbbed, and a thick surprise rose.

[Chapter 2552: I am enough](#)

"His Royal Highness Xiuning."

"This has some small problems for every floor of the Moon Tower."

"If you don't mind, I want to improve it."

Su Lang retracted his gaze on Yuelou, looked at Emperor Xiu Ning Zhou, and said with a smile.

This pair of moon towers will be where he will practice in the future.

Seeing that there are defects in the Yuelou, it is natural to improve it.

"what!"

His Highness Xiu Ning was shocked, secretly saying that this was too incredible.

It's fine to see the problem, and improve on the spot!

This means that Su Lang immediately saw through the problem and came up with an improvement plan!

"This kind of formation attainments."

"Absolutely fighting all the magicians in the universe!"

Emperor Xiu Ning Zhou thought so, and there was a glimmer of shock in his bright eyes looking at Su Lang.

but.

She didn't completely guess right this time.

In fact, Su Lang's formation skills only have the Four Eternal Realm.

As for the formation masters in Doudu Universe, some can arrange the Five Eternal Realm arrays, and even the Six Eternal Formations!

just.

These mages are high-level, but a little rough.

The formation skills below the Four Eternal Realm were completely inferior to Su Lang.

For the formations under the Four Eternal Realm, Su Lang was able to arrange all formations perfectly.

In addition.

Using the combined formation method, he can also lay out a five-dimensional formation.

If you don't count the cost, time, and effort, you can also set up the Six Eternal Realm Array.

"Ok?"

"How does your Highness Xiuning think?"

Su Lang saw that Emperor Xiu Ning Zhou was a bit ecstatic, and asked with a smile again.

"of course can!"

"Daoist Su Lang needs any materials, I will prepare it for you."

"Also, do Fellow Daoist Su Lang need manpower? I will call some Array Masters to help Daoist Fellows!"

Emperor Xiu Ning Zhou returned to his senses and immediately nodded in agreement.

"Thank you, Your Highness Xiuning."

"But the material is unnecessary."

"I still have a lot of training materials here."

Su Lang smiled and nodded, "I don't need any manpower, I'm enough."

"what!?"

"Does Fellow Su Lang plan to improve his formation against the platform by himself!?"

"However, you don't need Fellow Daoist Su Lang to take care of some small problems in person."

His Royal Highness Xiu Ning said in amazement, "As long as the Daoist points out it, then it will be handed over to the people below!"

The formation is highly accomplished, but doesn't it mean you have to do everything yourself, right?

It takes so much time and energy!

As the helm of a large faction, His Highness Xiuning thought so.

On weekdays, she basically delegates things to her subordinates, while she concentrates on cultivation.

"No need."

"In terms of formation, I have a special method of formation."

"As long as His Royal Highness Xiuning doesn't mind making changes to the platform."

Su Lang shook his head and said with a smile, "Then, I have to do it now."

This statement came out.

"Friends, please."

His Royal Highness Xiu Ning couldn't help feeling a little unbelievable, but he nodded, "I'm right next to him. Just say what Daoist Su Lang needs."

"well!"

Su Lang smiled slightly, and then covered the entire tower opposite the moon with his spiritual thoughts.

Suddenly!

All the details of the entire eternal united formation appeared in his mind!

He learned all the different formations, except for the Five Eternal Realm!

Except besides.

Some imperfections were immediately revealed!

Corresponding ways of improvement also come to mind directly, everything is as simple as calculating one plus one.

Immediately after.

In the gaze of His Highness Xiuning.

Su Lang opened his hands, and countless arrays formed an incomparably complex light and shadow, covering the entire Opposite Moon Tower.

But this is just a cover!

"Start the one-click decomposition function!"

"Activate the one-thought-out function!"

Su Lang thought, start the system function!

Instant time!

All the problematic formations were broken down by him!

The whole building trembled fiercely against Yuelou and almost collapsed on the spot.

But at this moment.

Countless formations appeared out of thin air in those vacancies, connected with the original formations that did not need to be changed, forming a perfect whole again!

[Chapter 2553: Improve the eternal gathering of spirits on the platform](#)

The decomposition and reshaping of the formation.

Just between Su Lang's thoughts!

If it weren't for the powerful spirit of His Highness Xiu Ning, it would be impossible to find out what Su Lang had done.

And this time.

The formation seems to have been perfected out of thin air, becoming more coordinated, perfect and powerful!

Such a scene.

Directly made His Highness Xiuning stare at her beautiful eyes, and there seemed to be some storms flashing across her pretty face.

"This, this is over!"

"Friend Su Lang, you, you are so fast!"

"This is so fast, the formation of the platform will be perfected!?"

His Royal Highness Xiu Ning looked at Su Lang in disbelief, a small mouth opened slightly, and the crystal clear tongue was looming.

"Yes."

"I'm so fast!"

"Therefore, calling the rest of you is not really helpful."

"For me, there are countless arrays in one thought."

Su Lang smiled slightly and seemed to have done a trivial thing.

"Daoist Su Lang, you are really amazing."

"You actually have this magical array technique!"

His Royal Highness Xiuning looked at Su Lang blankly, murmured in his mouth.

It's incredible.

This pair of platforms was built by a large number of Array Masters who spent a lot of time, energy and wealth.

But now.

This kind of project, which took many years to build, was reborn in Su Lang's hands!

His Royal Highness Xiuning could clearly feel it.

The Spirit Gathering effect on the platform has been increased by more than ten times!

"His Royal Highness Xiu Ning praised it."

"In fact, this formation hasn't been completely perfected yet."

"Because of the Five Eternal Formations, I haven't fully understood it yet and cannot improve it by hand."

"A formation method requires the accumulation of money to improve. I cannot improve the Five Eternal Formation in a short time."

Su Lang shook his head and said to Xiuning.

"Yes."

"A formation together requires countless resources to accumulate and practice hands to gradually improve."

His Royal Highness Xiu Ning nodded in agreement.

She didn't know that Su Lang's money was simply referring to the origin of the universe.

Thought it was an array resource for training hands.

"Ok."

Su Lang did not explain, and said, "This is the end of the improvement of the platform. Next, we will start the formation and try the effect."

Hear this.

"The little girl will not disturb Taoist Su Lang's cultivation."

His Royal Highness Xiuning thought that Su Lang was about to start practicing, so he planned to leave.

"His Royal Highness Xiuning doesn't need to rush away."

Su Lang smiled slightly, "Look at the effect of this formation first."

"it is good."

Seeing this, His Highness Xiuning nodded and stayed.

Soon.

She saw Su Lang lightly lift his right hand.

Buzzing!

All the spirit gathering formations on the platform were all activated, sending out vast fluctuations.

The cosmic energy around it seems to be drawn by a strange force, and it rushes over!

First, the aura within ten thousand light years, then millions, ten million...

quickly.

The whole generation of Luanchi Mountains formed by super giant planets and a large number of planets.

The cosmic energy all converged towards the middle!

The flow of energy almost formed a torrent of liquid.

It is like a long colorful river running through the sky, connecting to the opposite platform from a distance.

The key point is that this scene is not fleeting and fleeting.

But it exists for a long time.

As long as the moon platform formation method is not closed, as long as the cosmic energy of Luanchi generation does not dry up.

These rivers will always exist.

Surrounded by the Luanchi generation, there are also many creatures inhabited.

These creatures looked up at the long colorful rivers in the sky, all stunned!

On the platform.

"Unexpectedly, the formation of the platform has been perfected to this level, it is incredible!"

His Royal Highness Xiu Ning felt the boundless cosmic energy and couldn't help but exclaim.

The eternal formation is the same as the eternal warrior, it is extremely difficult to improve a bit.

but now.

Su Lang perfected the eternal joint formation in a single thought, and also increased its effect to more than ten times.

This method has exceeded the imagination of His Highness Xiuning!

at this time.

Messages appeared on Xiuning's communication treasure, seeming to be relatively urgent.

[Chapter 2554: See you from the eternal mages](#)

"It's the formation mage under my command."

"They sensed the changes to the platform, and couldn't help but admonish them to see the masterpiece of Taoist Su Lang."

His Royal Highness Xiu Ning looked at the contents of the Transmission Treasure, turned his head and said with a smile to Su Lang.

"Oh?"

"Then let them watch."

Su Lang smiled faintly, and said indifferently.

"I thanked Daoist Su Lang for them!"

His Royal Highness Xiu Ning bowed with a smile and immediately responded to the message and gave instructions to the guards.

In a blink of an eye.

More than a dozen streamers flew from a distance.

This is a group of eternal warriors, but the level is not very high, all hovering around the realm of the four universes.

It is the formation masters under Xiu Ning's command.

They are also figures standing in the first echelon of the formation in the Doudu universe.

At this time everyone knew what was going on, and understood that Su Lang had caused all this.

After arriving at the opposite platform.

All the gazes of the array mages seemed to be stuck on the opposite platform, and they couldn't move away for a moment.

"The formation of the platform has been improved!"

"Oh my God, I never expected that the details of the formation here could be changed like this!"

"There have also been several brand new spirit gathering formations in the platform, which form a perfect match with the previous spirit gathering formations!"

"The people who can design such a joint formation and improve the formation are absolutely far beyond me!"

"It's Senior Su Lang, our ally of the Xiening faction, Senior Su Lang, did it alone. It's incredible!"

"Yeah, it's unbelievable. It is beyond imagination to complete such a vast project in a short time with only one person!"

"I feel that my cognition over the years has been completely overturned, and there are such terrible methods with the formation!"

"..."

Each eternal array mage looked at the brand new counter platform, feeling the immense cosmic energy, and they were all speechless!

The hearts of all people are filled with endless horror, directly crushing their worldview and life outlook.

In an instant.

Everyone began to doubt life.

In front of Su Lang's unreasonable formation method.

They have studied and practiced a formation for countless years, it is ridiculously shallow!

With a strong shock and horror.

An array mage looked at Su Lang tremblingly, with deep awe, doubt and disbelief in his eyes.

"Isn't you salute to see Fellow Su Lang?"

Highness Xiu Ning frowned when seeing the mages of the formations looking autistic.

"The junior has seen Senior Su Lang!"

"Junior meets Senior Su Lang!"

"Senior Su Lang, please forgive me for being rude, and dare to ask how you did all this. This is totally unreasonable!"

"Yes, Senior Su Lang, how could the eternal formation be perfected in such a short time!?"

"Senior Su Lang, please teach me, the junior is willing to be a cow and a horse for senior!"

"..."

The eternal array mages returned to their senses and bowed to Su Lang one after another, and the horror in their eyes began to turn into fanaticism and excitement!

Su Lang's hands are in Su Lang's hands!

If they can get this method, wouldn't they be able to complete an eternal union in an instant like Su Lang! ?

These eternal warriors are idiots, and they will continue to study formations together in the eternal realm.

For the sake of formation, they can abandon many things that the rest of the eternal strong cannot.

At this time, I saw Su Lang's horrible formation method.

It was like giving them a hole, allowing them to see a whole new world of formations.

In this new world of Fang Dao, there are countless array Dao profound meanings they can't imagine!

They are obsessed with the formation, how can they not be moved! ?

now.

His Royal Highness Xiu Ning couldn't help feeling a little surprised when seeing these eternal array mages so humble.

This group of mages are professionals, although their cultivation base is not high, each has its own temperament.

In other words, this group of mages are more or less proud.

But seeing Su Lang is as respectful as the children and grandchildren have met the ancestor.

"You want to learn the formation?"

Su Lang looked at the large group of mages who bowed in front of him and asked lightly.

[Chapter 2555: Ask Senior Su Lang to teach me](#)

Although this pair of platforms was perfected instantly by a single thought.

But how to set up the formation and how to perfect it is his own ability.

In this Doudu universe, below the eternal level of the Four Universes, his formation skills are invincible.

After all, he had learned many formations before destroying Xiuyu's battle.

I also learned a lot of formations when I went to Xuanyi Zhougong.

In addition.

The clones, the treasure hunting flying flying gliders spread all over the land of the jade repair faction.

Wherever he went, he learned all the formations below the Five Eternity!

Go to Xiuning's side.

All the formations in the Ziyu Tiangong, including the formations below the Five Eternal Eternity of this pair of platforms, were also learned.

The key is.

All the formations learned have reached the most perfect level, and they are not weaker than those who created the formations.

Even on the basis of the current formation method learned, it can be improved to a higher level.

and so.

He came to teach this group of mages, it was completely qualified.

"Senior Su Lang, please teach me!"

"Senior Su Lang, the junior wants to learn the tricks of rapid formation, and the junior is willing to trade at all costs!"

"Senior, please, please!"

"..."

Seeing Su Lang's question, the eternal array mages suddenly felt that there was something to play, and couldn't help asking harder.

even.

Someone already knelt down and kowtow.

The first eternal array mage knelt down, the second, the third... not to be outdone, knelt down and begged.

"Everyone, get up."

"There is no other way to set up the formation quickly, but you are familiar with it."

"This, you can only rely on your own continuous practice to gradually achieve this."

Su Lang looked around at the crowd and shook his head lightly.

This statement came out.

The mages of the array were suddenly struck by lightning, their complexions pale, and their eyes gloomy.

Su Lang refused to teach them!

but.

No one complained.

This is an extremely cherished heritage.

How could it be possible to beg when I just met, knelt down and begged?

It is normal not to teach.

But just when everyone's hearts were gloomy.

"If you want to set up quickly, you can only practice by yourself."

"But I can teach you some of the profound meaning of the formation."

"It's just that, I can only teach you the profound meaning of the formation under the eternal realm of the four universes, higher, and I will talk about it later."

Su Lang's expression remained unchanged, and he still said lightly.

This statement came out.

The eternal array mages were dumbfounded, and then their faces wriggled, forming extremely excited expressions!

"Senior Su Lang, even promised to teach us!!"

"Oh my God, even if it's just the profound meaning of the formation of the Four Eternal Realm, it is unbelievable!"

"Senior Su Lang is benevolent and righteous, the younger generations will definitely be the best for the seniors, let them spur them!"

"Senior Su Lang, please be kind, so that the younger generation can call you a teacher!"

"..."

The eternal array mages knelt in the void, ecstatically bowed their heads and thanked them. Some people also expected to become Su Lang's disciples.

"The situation in the Doudu universe is critical."

"I don't have much time to teach you."

"I can only give you some classics of formation, with my experience and notes on them."

"If you can't teach you, you don't have to be a master and disciple."

Su Lang said faintly as he complained.

——Be a cow or a horse for me, let me spur? Xiu Ning, this big beauty is about the same...

Those eternal array mages who wanted to apprentice were rejected by Su Lang, and a touch of loss was suddenly revealed in their ecstasy.

"Taoist Su Lang knows everything every day."

"How can I waste time on you."

"Friends of Daoist have promised to teach you the profound meaning of the Dao, you dare to make an inch, I really don't know what to do!"

His Royal Highness Xiu Ning could not help but yelled at the sight of these array wizards being turned down after being refused to apprentice.

She knows very well that these guys are all brazen.

"Junior, thank senior Su Lang for his kindness!"

"Thank you senior, thank you senior, from now on this junior will be sent by senior only! Oh, and your Royal Highness Xiuning!"

"Senior great kindness, there is no retribution in the next, and I will always keep in mind the teachings of my seniors and never let go of the formation practice!"

"..."

The mages of the formation were scolded by His Highness Xiu Ning, and they immediately realized that they had been so excited and rude.

After returning to God, he immediately thanked Su Lang, and then bowed his head to wait for Su Lang to bestow the scriptures.

[Chapter 2556: Have an in-depth exchange](#)

"Well...I do manage Wanji every day..."

Su Lang glanced at the Palace Xiuning and smiled in his heart.

Soon.

He threw a large number of blank jade slips between his waves.

Powerful spirits penetrated into these blank jade slips, making them burst into light!

But it was Su Lang who burned the Array Fa secrets inside.

Burning these things is perfect for Su Lang without any difficulty.

Hundreds of jade slips were burned in an instant!

Inside are all the formations he has learned, supplemented by formation analysis, including principles, structures, etc...

Su Lang has no reservations at all.

All the formations mastered were burned into the jade slip.

Anyway, this group of mages will be his subordinates in the future, and they will not suffer at all if they teach them, but it will be a good thing!

"go with!"

After Su Lang had finished recording the array magic, he waved his hand and Yu easily fell among the array mages.

Looking at the jade slips spilled over.

The pupils of the eternal array mages suddenly shrank, and they were shining brightly, and they were about to compete on the spot.

But then I thought that Su Lang and Xiuning were present.

Everyone suppressed the madness in their hearts, restrained their emotions, did not fight, just caught the jade slip closest to them.

"Everyone."

"These jade slips contain all the formations and detailed explanations of my Four Eternal Realms and their lower realms!"

"I hope you will study well and communicate with each other."

Su Lang overlooked the eternal array mages with a calm expression, "Don't hide!"

"Yes!"

"Junior obey orders!"

"The grace taught by senior Xie Sulang!"

"The predecessor's order, the younger generation will keep in mind and never forget it!"

"..."

A group of eternal array mages were like three good students, and they immediately agreed and responded very well.

"Go away."

"Remember the words of Daoist Su Lang!"

His Royal Highness Xiu Ning looked around the crowd and waved.

"Yes! Your Highness!"

"His Royal Highness, senior, junior retire!"

"..."

The eternal array mages felt the chill in Xiuning's words, and they shivered, and immediately turned into streamers and left the Ziyu Heavenly Palace.

Immediately after.

His Royal Highness Xiuning looked at Su Lang, his expression softened, "Do you want to practice now?"

"Not in a hurry."

"I'm progressing rapidly underneath."

"But for the eternal state, there are still some details that are unclear. I would like to ask His Royal Highness Xiuning for advice."

Su Lang shook his head, then said to His Royal Highness Xiuning.

He really wanted to have an in-depth exchange with Xiuning.

Solve some problems that have been holding back for a long time.

"Don't dare to give advice, Daoist Su Lang is too serious."

His Royal Highness Xiuning waved his hand quickly, "I don't know what questions Daoist Su Lang has, let's sit down and talk?"

"Ok!"

"His Royal Highness Xiuning, please sit down."

"I absorb cosmic energy by the way."

Su Lang smiled slightly and sat down cross-legged.

"Draw the cosmic energy?"

His Highness Xiuning looked at Su Lang in surprise.

She knew that Su Lang's cultivation method was probably unusual and eternal.

The so-called absorption of cosmic energy is definitely more than simply storing it in life and crystal wall universe.

"Yes."

Su Lang smiled and gave instructions to the system in his heart, "Turn on the one-key practice function!"

boom! !

Place the one-key practice function of the new major practice "Zhou Long Xuanxin" instantly!

The appeal of horror came from Su Lang.

Wow!

Countless cosmic energy seemed to have encountered a black hole and disappeared in an instant.

Whether it is the cosmic energy that forms crystals, the liquid cosmic energy, or the energy of the mist or gas, all can't escape Su Lang's intake!

"This!"

"This cosmic energy absorption speed is too terrifying!"

"Such a terrifying absorption speed is countless times faster than my full extraction of cosmic energy!"

"What the **** is this!?"

His Royal Highness Xiuning stared at Su Lang in shock and couldn't believe his eyes.

Just a few thoughts.

On the surface of the cosmic energy crystal condensed into a solid on the platform, arcs appeared, forming a vortex with Su Lang as the center.

The surrounding cosmic energy also formed a super large vortex.

And Su Lang is the center of the whirlpool!

[Chapter 2557: Suddenly enlightened and refreshed](#)

Seeing an extremely astonishing scene before him.

His Royal Highness Xiuning can be completely sure.

Doudu Universe, and even Sui Youzhou Domain, absolutely no one can absorb the energy of the universe as fast as Su Lang.

Just when His Highness Xiuning was extremely surprised.

"His Royal Highness need not be surprised."

"Underneath is just a little faster than others' cosmic energy absorption."

Su Lang looked at His Highness Xiuning and said with a smile.

"what!"

"Friend Su Lang, you still have enough energy to talk to me!"

Palace Master Xiu Ning glared, and couldn't help asking in surprise.

Simultaneously.

She was also a little puzzled.

Just a little bit faster? I'm afraid it is not enough to describe it!

"It's just drawing energy."

"Of course it will not hinder our communication."

Su Lang smiled, "Otherwise, how can you ask your Highness for advice?"

"That's it."

"But fellow Daoist, your energy absorption speed is really terrifying, so I'm amazed by it."

His Royal Highness Xiuning nodded suddenly.

She believed Su Lang's nonsense, completely unaware that Su Lang had already started practicing.

Immediately after.

The two began to communicate on this beautifully opposite platform.

For the eternal state.

Su Lang does have some detailed questions.

After all, from stepping into the eternal state to the present, if he only experienced the time with the deity, it was really too short.

Probably, only a few days?

Although Su Lang killed many eternal powers, he obtained a huge amount of exercise books.

But not everything, eternal warriors will be recorded in the classics.

So some of Su Lang's questions could not be answered by anyone.

And this time.

His Highness Xiu Ning, the Seven Eternal Realm, is currently the No. 1 boss in the Doudu Universe, the No. 1 rich woman, right in front of him, there is no reason to let go! ?

It turns out.

It was a very wise decision to consult His Highness Xiuning.

When Su Lang asks almost any question, Xiu Ning's mouth can be solved directly!

Regarding Su Lang's relatively superficial questions, His Highness Xiuning did not have any doubts.

She knew that Su Lang had only received the inheritance of that mysterious power, but did not accept the words and deeds of that power.

quickly.

The problem that Su Lang held back for a long time was solved by His Highness Xiuning.

but.

With the deepening of the exchange, the more problems were solved, Su Lang also created new problems.

He didn't intend to keep holding it in his heart, but asked it out.

then.

After Su Lang's problem was solved, new questions came up and he continued to inquire and seek answers.

The cycle repeated, and the communication between the two became deeper...

I don't know the time of the past few incense sticks.

Su Lang finally felt suddenly enlightened and refreshed!

He smiled at His Royal Highness Xiuning and said softly, "Thank you for dictating your heart today!"

"What is this nonsense."

His Royal Highness Xiu Ning smiled and said, "It is an honor for Xiu Ning to solve the doubts of Taoist Su Lang!"

"Haha."

"His Royal Highness Xiu Ning has no reservations about me, giving and receiving privately."

"Then I will solve some problems for your Highness."

"Many of the exercises and books given to His Highness before, many of them have been practiced to the founding level."

"His Royal Highness might as well choose some interesting ones and teach them to your Highness."

Su Lang smiled brilliantly, then said sincerely.

"Ah this..."

"How can this be made?"

"I have already obtained so many Daoist masters, how can I ask Daoists to teach him..."

His Royal Highness Xiu Ning was a little embarrassed, and his words were full of hesitation and unconcealed expectations.

An eternal exercise, if she wants to practice from nothing.

Even if she is talented and intelligent, she needs a lot of time and effort to understand the original exercises.

But if someone gives pointers, it's not the same. Many tricks can be done at one point and countless detours can be avoided.

Therefore, she was really embarrassed, but she was also tempted.

"it's OK."

"Anyway, there is nothing important now."

A smile was drawn at the corner of Su Lang's mouth, "Moreover, it is not difficult to teach the exercises."

"Then it's better to be respectful than fate."

"Fellow Daoist wait a minute, now I will find the original exercises I want to learn."

His Royal Highness Xiuning agreed with gratitude, and immediately selected one from the original exercises given by Su Lang.

[Chapter 2558: Pose](#)

Su Lang took a closer look.

I saw that His Royal Highness Xiu Ning had chosen "Thirteen Corpses".

"Friend Su Lang."

"I want to learn this "Thirteen Corpses"."

His Royal Highness Xiu Ning originally placed the technique between himself and Su Lang, looking at him expectantly.

"Well, this technique is indeed suitable for you now."

"Even after you learn it, you can teach it to the elders and protectors."

Su Lang smiled slightly, he understood the original intention of His Highness Xiuning for choosing this exercise.

Doudu Universe's next opponent is Suiyou Zhouyu.

No one knows when the war between the two cosmic regions will begin.

Now that the internal chaos in Doudu Universe has just passed, the Xiuyu faction has almost wiped out its high-level combat power except for Emperor Xiuyu Zhou himself.

So Xiu Ning wanted to make up for it in a short time.

The technique of avatar is naturally the best choice.

The "Thirteen Corpses" technique given by Su Lang is just the top method of clone!

"Thirteen Corpses" was originally a godless technique.

But now it has become an eternal level exercise.

After practicing to the founding level, you can cut out thirteen incense clones such as joy, anger, sorrow, and joy with your own incense aspiration!

And the combat power of these thirteen clones is very strong.

of course.

Similar to the deity's combat power, it was used to deceive Emperor Xiu Yuzhou.

Actually.

If Xiuning trains him to the founding level, he can cut out thirteen six-plane-level clones without lack of incense aspiration.

The thirteen corpses were a small level lower than the deity's combat power, but this was already extremely terrifying.

Originally, Su Lang also planned to practice this exercise.

However, cutting out the thirteen corpses requires a huge amount of incense and aspiration, and the same is true for the clone who wants to cut out the thirteen corpses.

However, the incense aspiration power was stored by Su Lang in his own virtual spirit universe, and he used it to upgrade the incense horde, and there was no extra incense aspiration power to cut thirteen corpses.

But His Highness Xiuning and others are different.

They do not major in the way of incense, nor do they have any channels to consume a large amount of incense power.

For countless years, I don't know how much incense power has been stored.

Now these incense aspirations are just used to kill thirteen corpses.

"Also ask Taoist Fellow Su Lang to teach me!"

Seeing Su Lang's approval, His Highness Xiu Ning's eyes lit up.

"it is good."

"Bring your head over."

The corner of Su Lang's mouth raised slightly, sketching out a smile.

"Uh?"

"Why turn your head..."

His Highness Xiu Ning was dumbfounded for a moment, a trace of puzzlement flashed in his eyes.

"Do not ask."

"Come here quickly."

The smile on Su Lang's face grew stronger.

"it is good!"

His Royal Highness Xiuning suppressed the doubt in his heart, nodded, and moved forward a bit.

"Come here a little bit more."

"Come up, bow your head."

Su Lang grinned and directed Xiuning to change his posture.

at last.

His Royal Highness Xiuning took the pose Su Lang wanted.

"Ok."

"It's easy for me to reach out and touch your forehead."

Su Lang nodded slightly, then, in the shock of His Highness Xiuning, covered her forehead with his right hand.

"What is this going to do?"

His Highness Xiuning was more confused and nervous.

at this time.

Rumble!

"this is--!!"

Xiu Ning suddenly felt a torrent of water poured into her body!

The hot feeling stimulated her body and mind, and the doubt in her eyes instantly turned into a blazing light!

It is the profound meaning of "Thirteen Corpses"!

No, it should be inheritance to be precise!

The most perfect, direct inheritance to the founding class!

But if it was just the means of empowerment, although it would surprise Xiu Ning, it would not shock her.

After all, to reach the Seven Eternal Realm, empowerment methods are more or less mastered.

It shocked her, excited her, and it was incredible that she felt that she had actually mastered "Thirteen Corpses"!

It's like studying and practicing for countless years, mastering the exercises, mastering the exercises, and reaching the level of the founders of the exercises!

"how is it?"

"how do you feel?"

Su Lang asked with a smile in his eyes.

"This, how did this happen!"

"I have directly mastered an eternal technique, and my proficiency has reached the level of the founder!"

"Unbelievable, incredible!"

Xiu Ning felt the profound meaning of the exercises in his soul, and his beautiful eyes trembled slightly.

[Chapter 2559: You can report to Yongquan](#)

Countless years of cultivation career.

She couldn't even dream that there were such initiation methods in the endless universe!

suddenly.

"Friend Su Lang!"

Xiu Ning raised his head and stared at Su Lang blankly: "To use this means of empowerment, you must pay a great price!"

In her concept, such a terrifying means of empowerment cannot be used as soon as it is used.

Otherwise, what is the point of penance?

and.

There is no price to pay for this method.

Then, a high-level eternally obtained, wouldn't it be able to create countless powerful subordinates.

In the long years, relying on this method to rule a large number of high-level universes and even the top-level universe is completely possible!

"cost?"

Su Lang shook his head, smiling without saying a word.

He performs the empowerment function without any cost.

The only restriction is that each empowerment can only be used five hundred and sixty times a day.

This has been extremely abnormal.

Enough to create a large number of "eternal pride" in a short time.

Just like Chu Xiaobei and others.

Su Lang will not waste the number of empowerments per day, but will give priority to them.

However, even so, the geniuses who received his empowerment could hardly keep up with him.

no way.

His speed of improvement is really abnormal!

at this time.

Su Lang smiled and shook his head. Seeing Xiuning's eyes, it became a default.

"Friend Su Lang..."

"Your kindness, the little girl will always remember it!"

Xiuning's beautiful eyes stared at Su Lang with slightly reddened eyes, and it was hard to conceal the slightest touch.

She knew in her heart.

Su Lang definitely wanted Doudu Universe to recover its high-end combat power as soon as possible.

This kind of initiation method with huge sequelae will be performed at any cost.

Such a great favor.

Xiu Ning didn't know how to return.

The most valuable fighting cultivator inheritance in her body was also given to Su Lang, so what else can she give?

All we can give is a promise.

"His Royal Highness Xiu Ning is serious."

"This kind of empowerment actually has no sequelae."

Su Lang smiled lightly, "His Royal Highness has any other exercises that I want to learn, take advantage of it now, let me know!"

Hear this.

Xiu Ning naturally didn't believe it if there were no sequelae.

She automatically replenishes the secret technique of initiation performed by Su Lang. After paying a huge price, she can initiate more than one secret technique within a certain time limit.

That's why I said-take advantage of it now.

Take a deep breath.

"Ok."

His Royal Highness Xiu Ning nodded with dazzling gaze: "Little girl is brazen, trouble Daoist Su Lang!"

"come on!"

Su Lang smiled slightly, "After choosing the exercise method, get together."

"it is good!"

His Royal Highness Xiu Ning nodded solemnly, immediately chose the exercise method, and put his head together again.

Su Lang stretched out his right hand to cover her smooth forehead.

Time passed by.

His Royal Highness Xiuning continued to withstand Su Lang's rapid indoctrination again and again.

A lot of exercises and profound meanings filled her soul, making her feel the most fulfilling in her life for the first time.

Simultaneously.

The gratitude to Su Lang has become stronger, and the trust and favorability are directly full!

After instilling a lot of exercises.

Su Lang finally let out a sigh and slowly retracted his right hand.

It's over.

If you don't finish, His Highness Xiu Ning will have to doubt life again.

"Father Su Lang's secret technique time limit is over!"

"Next, you must face extremely serious side effects!"

His Royal Highness Xiu Ning raised his head, his whole face was radiant, as if being moisturized, but the worries in his eyes could not disappear.

"His Royal Highness Xiuning need not worry."

"There are really no side effects."

Su Lang smiled, shook his head and said.

"I know it!"

"Today Su Lang Taoist confidant gave a generous offer, and the little girl will definitely report back in the future!"

His Royal Highness Xiuning unswervingly believed that she owed Su Lang too much, and she would satisfy any request from Su Lang in the future.

"..."

Su Lang was silent for a while, and then smiled, "I look forward to it."

Report to Yongquan?

It's okay~

"Hmm!"

"The little girl won't disturb the Taoist fellow's practice."

Xiu Ning nodded heavily, then stood up and bowed to Su Lang.

[Chapter 2560: Xiu Ning gathers all the might](#)

"Well, see you later."

Su Lang nodded slightly and closed his smiling eyes.

His Royal Highness Xiuning stared at Su Lang for a while before disappearing slowly.

"Well, it's the most boring practice time again."

"It's been a long time since I went to see Xiaobei and Ruxue in the universe of life."

Su Lang propped his chin with his hands, transformed into a temporary clone, and descended to the Dantian Life Universe.

The other side.

His Royal Highness Xiuning left the opposite platform and returned to the main hall of Ziyu Tiangong, immediately summoning all the elders and guardians.

She felt that Su Lang's great kindness would definitely not be repayable by herself.

Only the entire Xiuning faction can repay.

at this time.

Part of the elders and guardians returned to the Xiuning faction, and immediately rushed to Ziyu Tiangong after being summoned.

There are also some areas of the Jade Cultivation faction that have just been defeated, but they can also use their clones to participate in the council.

quickly.

The elders and guardians gathered in the main hall of Ziyu Tiangong.

"Old Xie, what do you know about your Highness calling us?"

"It's probably because of the gathering spirit formation technique on the platform that we called us. I received news that Daoist Su Lang's formation skills surpassed all formation mages in the Doudu universe!"

"It's true. It is said that those stragglers in the formation mage begged Su Lang to accept them as disciples, but they were rejected."

"Well, even so, they have also been gifted by Daoist Su Lang, and they have gained countless valueless lineage inheritance!"

"They can get a part of Daoist Su Lang's inheritance, and they don't know how many lifetime merits they have cultivated."

"This statement is bad, this is Daoist Su Lang's great benevolence, and it has nothing to do with the old guys' own practice!"

"..."

Everyone was talking in secret, thinking that His Highness Xiu Ning summoned them to announce that Su Lang's formation was extremely accomplished.

just.

When His Highness Xiuning spoke, everyone was instantly stupid!

"Everyone."

"I got the inheritance of Daoist Su Lang."

"Furthermore, Taoist Fellow Su Lang did not hesitate to bear the sequelae of horror, and he used mysterious methods to empower me, allowing me to master ninety-nine and eighty-one eternal techniques!"

"The key is that all eternal techniques are directly at the founder level!"

His Royal Highness Xiu Ning is not a procrastinating woman, so she opened the door directly and directly exposed Su Lang's kindness to herself.

This statement came out.

All the eternal emperors in the audience were shocked and unbelievable, as if they were struck by lightning, their mouths were open and their pupils trembled!

The dead silence lasted for a while.

The expressions of the eternal might finally returned to a little vividness.

"His Royal Highness, this is serious!?"

"His Royal Highness forgive the sins, I am not questioning Your Highness, but it is really incredible. This is incredible!"

"Using mystery initiation methods, direct initiation of nine or ninety or eighty eternal techniques!"

"The most important thing is that all the exercises have reached the founder level, which is beyond my imagination!"

"Taoist Su Lang has actually achieved this level, such an unreserved contribution, this kind of kindness is too great!"

"I actually thought about how to get Fellow Su Lang to agree to exchange inheritance, I am guilty, I am guilty!"

"..."

The stormy waves in the hearts of the elders and guardians rushed into their minds, and their facial features were about to shift with excitement!

"Friend Su Lang has great kindness to me and Xiuning faction!"

"From then on, I will not allow anyone to doubt or distrust him at all."

"How respect do you respect me, how respect you must respect him!"

His Royal Highness Xiuning looked at the eternal powers in the hall and said solemnly.

She is not a naive little girl, she also thought about what Su Lang would do to her.

But what if it really has a purpose?

What if Su Lang wants to fight the universe?

A life-saving grace during the war with Xiuyu faction.

Nine, nine, eighty-one eternal methods of the founder level.

There is also an infinite array of inheritance.

Just these few things made them Xiu Ning faction need to give everything in return.

Not to mention.

Today's Doudu Universe is really too weak in front of Suiyou Universe.

The addition of Su Lang gave Doudu Universe the capital to fight Suiyou Zhouyu!
