[Chapter 2561: This is really a good idea](#)

If it weren't for Su Lang appeared.

His Royal Highness Xiu Ning knew that even if the fighting was unified in the universe, and the loss of combat power was small, there would be more defeats and fewer wins in the face of the Suiyou Universe.

The eternal powers clearly understand this.

"Your Highness, rest assured!"

"I will respect Master Su Lang from the bottom of my heart. He gave us hope!"

"The grace of Master Su Lang is worth our lifetime to repay!"

"..."

All eternal powers bowed and said sincerely.

Seeing this scene, His Royal Highness Xiuning also nodded.

at this time.

The voice of Minghua protector calmed the audience.

"His Royal Highness Xiuning."

"Master Su Lang can be said to be the most extraordinary genius in the entire Doudu universe."

"His Royal Highness Xiu Ning is also a rare genius in the Doudu Universe Region, and has a high level of cultivation."

"If Your Highness and Master Su Lang initiate the Eternal Avenue, they will definitely benefit from each other and go further!"

Guardian Minghua stepped forward, saluted, and said excitedly.

Hear this.

The elders and guardians all fell into contemplation.

"Yes!"

"His Royal Highness Xiuning and Lord Su Lang are a perfect match!"

"I didn't think so before!?"

"Well, if His Royal Highness Xiu Ning and Master Su Lang become Taoists, they will not only enhance the friendship between the two sides, but also support each other on the path of eternity and go further."

"Good idea, this is really a good idea!"

"Hahaha, I agree with this marriage!"

"..."

The elders murmured, their eyes gradually brightened, and they even clapped their hands in admiration. Their eyes were full of affirmation when they looked at the guardian of Minghua.

His Royal Highness Xiuning who was sitting at the head was a little at a loss.

She was born to inherit the school of Xiuning. She has worked hard for this goal since she was a child. How can she waste time because of her children's love?

I didn't even think about Taoist friends!

But at this time.

This question was even raised by the elder guards!

His Royal Highness Xiu Ning was really caught off guard.

"His Royal Highness, what do you think?"

Elder Xie saw that Xiuning was in a daze, so he asked expectantly.

"This....."

His Royal Highness Xiuning recovered, with a cold expression on his face, "This matter is too rush..."

"Oh! It's really anxious."

"Master Su Lang came to Doudu Universe for too short a time, and the time spent with His Highness Xiuning was not too much, so it was a bit abrupt to propose to become a Daoist companion."

"Yeah, it is true. His Royal Highness Xiu Ning should get along with Master Su Lang to increase the relationship, so that the day will come."

"Master Su Lang is cultivating on the platform now. His Highness Xiu Ning can definitely go there together."

"Hahaha, I agree with this proposal!"

"..."

All the elders and guardians of the law, you said and I said, the old faces all smiled.

When talking.

Everyone looked at His Highness Xiuning from time to time, full of joy.

"Ah this!"

"I mean I still want to...think about it."

"you guys....."

His Highness Xiu Ning thought in his heart, a hint of helplessness and a hint of cowardice flashed through his eyes.

"His Royal Highness Xiuning?"

"Look...!"

Elder Xie stepped forward again and asked with a smile on his face.

"Well, I got it."

"This time Daoist Su Lang gave me many exercises, and he said that he can give it to others."

His Royal Highness Xiuning nodded insignificantly, and immediately changed the subject, "So I plan to give you some exercises."

Originally, everyone did not agree with His Highness Xiu Ning's change of subject.

But the second topic raised by His Highness Xiuning was really shocking.

So that everyone thundered and stunned!

what!

Su Lang is actually willing to give his inherited techniques to more people! ?

It must be known that it is an eternal inheritance that is extremely cherished!

Who got it and didn't hide it?

Being able to exchange inheritance with one person is almost the limit, and it is impossible for one's inheritance to spread widely!

But Su Lang did so.

Give them the eternal skills in the inheritance!

This is too generous, right?

Could it be that Su Lang only gave the corners and corners of the inheritance?

at this time.

A more shocking news came from His Highness Xiuning

——"Everyone, what Daoist Su Lang gave me is the original technique!"

[Chapter 2562: Respect of all power](#)

This sentence is like the second thunder blasted in everyone's ears!

"The original technique!"

"The original eternal technique!"

"Master Su Lang actually gave us the original exercises!?"

"Oh my God, I can't believe my ears, the eternal technique is the original, what a treasure it is!"

"..."

The eternal powers were stunned, and their eyes were about to fall out.

In their cognition.

Even when teaching disciples, they rarely produce the original exercises, mostly burned versions.

Not to mention the time to exchange inheritance with others.

But Su Lang gave the original exercise!

"Everyone."

"Do you know how many original exercises Daoist Su Lang gave me?"

His Royal Highness Xiu Ning looked at the dazed elder guards, smiled and shook his head.

"Here, ten?"

"You fart, ten is a lot for you, certainly not much for Master Su Lang."

"That is, Master Su Lang directly instilled 81 founder-level eternal techniques into His Royal Highness Xiuning!"

"Yes, if you get the original eternal technique, you may not reach the level of the founder."

"So, Master Su Lang must have given much more exercises than the eighty-one books!"

"This inference is beyond my imagination, but it is indeed closer to the truth. It is incredible."

"..."

All the eternal powers, look at me and I look at you, while guessing, while exclaiming.

"His Royal Highness Xiuning!"

"How many original exercises did Master Su Lang give!?"

Someone couldn't help but stepped forward and asked.

"Four hundred and ninety!"

"All are the original exercises!"

Xiu Ning took a deep breath and said with beautiful eyes.

"hiss--!!"

When everyone heard this, they couldn't help but breathe in cold air at the same time, and one after another eyeballs protruded out!

"It's all here."

"Originally, this can't be handed over to everyone, you need to rely on your accumulated contributions over the years to exchange it."

"But these exercises were given by Daoist Su Lang, and indicated that they can be given to you."

"Then you don't have to trade contributions in exchange for it."

His Royal Highness Xiu Ning looked around the crowd and waved his hand, 490 eternal exercises originally appeared.

Suddenly.

The exercises of a ministry were originally like all kinds of rare and exotic treasures, suspended there, blooming with incomparably bright light.

"Gooooo!"

"Suck!"

"hiss--!"

"..."

Seeing the original 490 eternal exercises with my own eyes, the eyes of all the eternal powers seemed to be glued to it, and they could not be removed for a moment!

After a while.

"His Royal Highness, please take the place, thank you Master Su Lang!"

"The grace of Daoist Su Lang's gift is unforgettable!"

"I have lived all my life, for countless years, no one has treated me so well, Wuhu!"

"..."

The guardians of the elders paid the utmost respect to the original 490 eternal exercises and bowed one by one so that they folded themselves in half.

"The deity will thank Daoist Su Lang for you."

"Now you come forward to choose the exercises, don't be greedy."

His Royal Highness Xiu Ning nodded and asked everyone to come forward to choose the exercises.

"Subordinates save it!"

The guards of the elders were solemn and excited, and one by one they stepped forward to choose the exercises.

They were extremely excited.

But the action is very careful.

When you touch the original eternal technique, you are cautious and extremely gentle, like treating the most cherished treasure.

In the original 490 exercises.

The eternal powers are dazzled!

It seems that every exercise is what I want most!

After a long time.

"His Royal Highness, your subordinates have chosen it!"

"The subordinates have also been selected. There are three books in total."

"This exercise just made up for my shortcomings. I really appreciate Master Su Lang!"

"..."

The eternal powers finally chose the original exercises and returned to the original place one after another.

Basically everyone chose three.

This is the limit. No matter how much you have, you will have a big eye and a small belly.

"Ok."

"Now that you have chosen, go back and participate in the research."

His Royal Highness Xiu Ning knew that everyone couldn't wait to learn about the exercises, so he got up and left the meeting.

[Chapter 2563: Not seeing for three days is impressive](#)

"Yes! Your Highness Xiuning!"

The guardians of the elders salute respectfully.

Immediately he was very excited, and he had to leave the Ziyu Heavenly Palace with the exercises he had chosen.

The original eternal technique!

They can have a good understanding!

But at this moment.

"His Royal Highness Xiuning!"

"Subordinates have important things to announce!"

Emperor Minghua suddenly stepped forward to salute.

"What's the important thing about Minghua Law Protector?"

His Royal Highness Xiu Ning looked at Emperor Minghua Zhou and asked.

The rest of the elders and guardians also looked at Emperor Minghua Zhou, wondering what could happen to him.

"Return to Your Highness."

"Master Su Lang was deceived by Emperor Xiuyu Zhou because Mingwu leaked information, and the danger is all around."

"Although Master Su Lang is safe and sound, he even helped me defeat the Xiuyu faction."

"But Mingwu's guilt cannot be exposed."

Emperor Minghua said with a serious expression, "Subordinates think that Mingwu should be handled by Master Su Lang!"

This statement came out.

Everyone was stunned.

It turned out to be about that idiot Mingwu.

Mingwu is a genius of Minghua.

But if you make a big mistake, Minghua will not cover it up.

At this time, Minghua brought up the old things again.

It was to completely solve the grievances that Su Lang might have against the Xiuning faction because of Mingwu.

"indeed."

"It's too cheap for Mingwu to be in purgatory now."

"This person is narrow-minded, causing Master Su Lang to be deceived into the jade repair faction, and destroying our alliance with Master Su Lang for important matters. We should be severely punished."

"It's the best choice to leave Mingwu to Master Su Lang."

"..."

When all the elders and guardians heard the words of Emperor Minghua Zhou, they nodded in agreement.

"Everyone is right."

"Although Daoist Su Lang never asked about this from beginning to end."

"But we really need to give Master Su Lang a satisfactory explanation."

"Come here, go to Purgatory and bring Ming Wu up!"

His Royal Highness Xiuning nodded in agreement, even a little upset that he had forgotten Mingwu.

"Yes! Your Highness!"

The guards who got the order saluted and took their orders, and immediately went to purgatory to raise people.

Time moves forward a moment.

On the platform.

Su Lang descended to the Dantian universe as an incarnation and met Chu Xiaobei and others.

"Brother Su Lang!"

"Su Lang, you finally came to see us!"

"Hmph, I'm almost used to cultivating by myself."

"Someone is a sea king outside and he doesn't know how many fish he has raised!"

"..."

Chu Xiaobei, Ji Ruxue, Murong Xianxian, Yuqing, Youzhi, Bi Yelin, Xiao Ning, Su Ling'er, An Xin...come around!

The women surrounded Su Lang.

It seems that they have already negotiated to 'handle' Su Lang, so they are all a little arrogant.

But as they said, the girls stopped, the arrogant faces on Qiao's face couldn't hold on, and they turned away, showing excitement and longing.

Since the last meeting.

Although the deity of Su Lang only experienced a few days.

However, Chu Xiaobei and others have worked hard for tens of millions of years because the time of the Dantian universe has accelerated once.

"Sorry, it's been a long time since I came to see you."

Su Lang smiled, stepping forward to hug one by one, feeling their softness.

The girls burst into tears and were reluctant to let go.

After a long time.

Su Lang coaxed them well.

The next link.

Just

----Check the body one by one...

After some inspection.

Su Lang discovered that all the girls had reached the level of eternal void.

You only need to instill the Dao of Time, and you can be promoted to a true eternal warrior, a humanoid natural universe!

"Great."

"Finally reached this point!"

Su Lang's eyes were filled with joy, and he immediately smiled at Chu Xiaobei and the other women, "Everyone, line up, let me infuse them one by one!"

"Brother Su Lang."

"You 'perfusion', is it serious?"

Ji Ruxue blinked mischievously, her beautiful eyes full of teasing.

"Aha, Ruxue where did you learn your driver's license?"

Su Lang glanced at Ruxue in surprise. He has learned to drive! ?

I haven't seen it for three days, which is impressive.

"Hmph, I'm a scholar of 'Ancient Literature'!"

Ji Ruxue smiled proudly, "These are naturally learned from the book!"

[Chapter 2564: There is a saying that choosing a day is worse than hitting the sun](#)

"That's it."

Su Lang smiled, and immediately looked at Chu Xiaobei, Murong Xianxian, Xiao Ning and other women.

"We are all senior scholars of ancient literature."

Chu Xiaobei, with bright eyes and white teeth, raised the corners of his mouth slightly and said with a smile, "You can't help us with that silly talk!"

The women with disfigured appearances and different research attitudes all smiled and nodded, thinking that they had achieved great driving skills.

"Oh, quite confident."

Su Lang raised his eyebrows and smiled lightly, "Then how about some of your questions?"

"Just ask!"

The girls said with a soft smile.

"it is good."

This statement came out.

The girls blushed immediately.

"It seems that you understand."

Su Lang squinted his eyes with a smile, and asked again, "Then do you know the term "Old Way"?"

"Tui~"

Murong Xianxian took a mouthful with a flushed face.

The rest of the women were also blushing, and they obviously knew it too.

"Does this know?"

Su Lang raised his brows, "Then I said one you definitely don't know."

"What is it?"

Youzhi pursed her delicate lips, and asked curiously.

"The word is well organized."

The corner of Su Lang's mouth twitched, revealing an unpredictable smile.

"Be organized!?"

"What does this, this word have to do with that...?"

"I don't think it's clear, maybe the husband and the others just said it casually."

"..."

After hearing the word well-organized, the women fell into deep thought.

After a long time.

Did not come up with an answer.

no way.

The girls can only admit defeat and ask Su Lang to explain.

then.

Su Lang quietly explained it in the ears of the women, and suddenly all the women blushed.

Seeing this scene, Su Lang smiled and changed the subject, asking them to line up and wait for perfusion.

After some operations.

Su Lang instilled the power of the Dao of Time into the girls, and finally let them all step into the realm of eternity!

Although it is only an eternal warrior with a crystal wall universe, it is also eternal!

"This is the eternal state!"

"It's great, it's great!"

"I can live the same life span as Brother Su Lang!"

"We now have the capital to go with life and death."

"..."

What makes the girls the happiest is not the powerful power they have gained, but the life span, which is that they can accompany Su Lang for a longer time!

"Xiao Bei, like snow."

"You have just stepped into the eternal realm. You must consolidate your cultivation as soon as possible and go further."

"You hold these universe origins, and you must cultivate hard!"

Su Lang was also very pleased, and then continued to cheer up the girls, and gave out many cosmic origins to everyone.

"Hmm!"

"Brother Su Lang, don't worry, we will definitely work hard!"

"The Eternal Realm of One Universe is just the beginning. We will try our best to catch up with the footsteps of your husband!"

"..."

The goddesses are solemn, and their eyes are firm.

"Ok."

"Next, I will infuse you with some eternal realm techniques and perform a time acceleration!"

Su Lang nodded, he believed that everyone could keep practicing.

Soon.

Su Lang instilled more eternal techniques into the girls.

And left a lot of refining pill to promote the perfection of the crystal wall universe.

Soon.

He wants to withdraw his mind.

at this time.

"Brother Su Lang."

Ji Ruxue stumbled, and then blushed and asked, "Irregular perfusion... when will it come?"

This statement came out.

Su Lang suddenly froze in place.

This matter seems to have been delayed for a long time.

I said before that everyone is too elementary... but they are busy dealing with Emperor Yuanmingzhou.

As a result, this deal with Su Lang reached the eternal state.

Too elementary can't bear the impact of the eternal realm at all.

So he dragged it down again.

The original delay was not long, only a few days.

But the bad thing is that Su Lang used time to accelerate his inner world, making everyone wait for tens of millions of years.

Is this good, bad!

"Well..."

"There is a saying, it is better to hit the sun than to choose a day!"

Su Lang pondered for a moment, and suddenly his eyes opened, watching the women's eyes become more intense.

[Chapter 2565: How dare you insult Master Su Lang](#)

Immediately after.

Su Lang waved his hands and placed countless arrays around the opposing platform, and then sent a clone and the Infinity to guard the surroundings!

After doing these chores in one go, the most important moment comes.

In the increasingly popular atmosphere, bursts of sweet laughter came soon.

.....

I don't know how long after that.

Su Lang returned from the tender hometown.

Then envelop the public universe with divine consciousness, and begin to display the Avenue of Time!

This is to increase the time velocity of the Dantian universe alone.

Let Chu Xiaobei and other women and the old people grow up faster.

Su Lang had already done this kind of thing before.

but.

Last time, he accelerated all the crystal wall cells in his body.

And this time, just speeding up the Dantian universe.

The difficulty is reduced too much.

The acceleration effect is far stronger than the last time!

This time just speeding up the public universe has already reached the level of one thought for a million years.

A time to breathe.

Tens of millions of years have passed in the public universe!

This is also the limit of Su Lang's current time avenue.

I don't know how much time has passed.

Su Lang used the sword of life and restoration medicine to restore the power of the universe many times.

But in the end it was unable to make ends meet, and the power of the universe was on the verge of drying up.

Chu Xiaobei and other women finally consolidated their cultivation base and took a precious small step forward!

"The power of the universe dries up and can only rest."

Su Lang took a deep breath with a pale complexion, and after explaining to Chu Xiaobei and other women, he began to meditate and adjust his breath.

By the way, absorb cosmic energy and transform it into cultivation!

Simultaneously.

In purgatory.

This is a horror prison dedicated to holding eternal prisoners.

Ever since being imprisoned, Emperor Mingwu Zhou has been suffering all the time, extremely miserable.

He also didn't know anything about the outside world.

"It hurts!"

"My soul, my eternal body...!"

Emperor Ming Wu Zhou was in a terrifying tearing power, and the eternal body was constantly torn apart and quickly healed.

Where the card was missing, his soul also suffered the same sharp pain.

Bearing this endless torture, Mingwu's heart was filled with despair.

If it was before.

He also felt regret for leaking information.

at this time.

After being tortured by terror.

The regret in Emperor Mingwu Zhou's heart disappeared.

Only a deep despair and resentment towards Su Lang is left!

"Su Lang chopsticks!"

"It's all because of you. Without you, I wouldn't be where I am now!"

"Why, why does the endless universe have your existence! I hate it, I hate it!"

"If there is an afterlife, I will definitely step on your head and make you more painful than me!"

"..."

Emperor Wuzhou of Ming Dynasty had blood red eyes and a savage face, and he let out a hysterical roar.

at this time.

"Shut up!"

"You dare to insult Master Su Lang, you really do not live or die!"

A cold and fierce anger came, and immediately a whip shadow fell fiercely on Emperor Mingwu Zhou!

Happiness!

The long and hard whip slammed on Mingwu's body, making a very penetrating sound.

"what!!!"

"Who, who is smoking me!"

"Mongrels, you are all bastards, you have the ability to kill me!"

Emperor Ming Wu Zhou let out a scream, but the scolding in his mouth kept on.

"Humph!"

"I don't know what is good or bad!"

"Go, take him out!"

A warrior of the Five Eternal Realm emerged, and it was him who beat Mingwu with a whip.

As the guard of the main hall of Ziyu Tiangong.

He also heard all the deeds of Lord Su Lang.

His admiration and admiration for Su Lang reached the culmination, how could he let Ming Wu abuse Su Lang with foul language?

"Idiot stuff!"

"It's no wonder that Minghua's guardian wants to exterminate relatives righteously. This dead thing is really stupid."

Another guard emerged, waved his five fingers and turned into a rope, binding Ming Wu tightly.

"Smuggle!"

"Two offal, you must not die!"

"..."

Seeing that he was tied up, Mingwu scolded again.

This time the two guards looked at each other, and a sneer flashed in their eyes at the same time.

Immediately after.

Bang bang bang!

The two guards showed their magical powers together and stunned Emperor Ming Wu Zhou into a faint!

[Chapter 2566: Give this person to Fellow Su Lang](#)

"It's quiet now!"

"If this guy hadn't been handed over to Master Su Lang to deal with him personally, I would want to perform those 99.99 million tortures on him."

"Stop talking, just walk around, don't waste time."

The two guards laughed and talked, and directly escorted Ming Wu out of purgatory and hurried towards Ziyu Heavenly Palace.

After the fainted Emperor Ming Wu Zhou woke up.

I found myself lying on the ground of the main hall of Ziyu Tiangong.

Sitting on the top, His Royal Highness Xiu Ning, the left and right sides are full of unfathomable elder protectors with a breath of prison and abyss.

"The Purple Jade Palace Hall!"

"I was taken here!"

"I understand, this is my final judgment, hahaha."

"Since the final trial has come, it means that Su Lang's **** has been determined to have fallen!"

"Yes, who can escape in the pursuit of the Xiuyu faction!?"

"Hahaha, Su Lang bastard, you are one step ahead of me to die, so refreshing!"

"..."

Emperor Wu Zhou's thoughts turned sharply, and his eyes brightened, revealing a grinning smile.

He laughed and shouted cheerfully, and his voice reverberated in the hall.

But then.

Emperor Mingwu Zhou felt something was wrong.

Because everyone looked relaxed, and the eyes looking at him were full of disdain and sneer, as if they were looking at a clown.

"what!"

"Why do they look at me like this!?"

"Su Lang is dead, shouldn't they be very sad, that is a huge loss!"

"They should also be very angry about my remarks, why is it the way they are now!?"

"..."

Emperor Mingwu Zhou's eyes widened, and his heart was suddenly filled with a trace of evil.

at this time.

A chuckle came.

"Haha, this jumping clown thought that Lord Su Lang had fallen."

"What a stupid guy, giving him a hundred brains may not think of what amazing deeds Master Su Lang has created."

"I really don't know what expression he will look like when I see Master Su Lang."

"..."

The elder guardians sneered and discussed a few words, then stopped talking.

But for this short discussion.

Let Mingwu Zhou Emperor finally know the truth.

Su Lang is not dead!

Moreover, everyone seems to be planning to hand him over to Su Lang!

"How can this be!"

"Su Lang is just a mere eternity in the four universes, how can he escape from the hands of the jade cultivator!?"

"False, it must be false, I never believe it!"

"..."

Emperor Mingwu Zhou made a low cry in disbelief, and his whole body was shaking.

"Mingwu."

"You leaked Master Su Lang's trace, causing Master Su Lang to be in danger."

"Fortunately, Lord Su Lang himself has a high level of cultivation and rich methods. Not only did he make jade repairs go round and round, but he also brought together our forces to destroy the jade repair faction!"

"If you change to the rest, you have already died in Xiuyu's hands."

"Although Master Su Lang is fine now, your sins are unforgivable."

"Today, I will hand you over to Master Su Lang and let him handle it personally."

An elder stood up and looked at Emperor Mingwu Zhou with a serious expression, his voice was as cold as a bitter wind blowing from the ice hell.

"No, it's impossible!"

"You are all lying!"

"Su Lang can't survive, it's impossible!"

"Not to mention destroying the Jade Cultivation faction, this is even more a fantasy, foolish dreams!"

"..."

Emperor Ming Wu Zhou trembled violently, his pupils shrank suddenly.

A thick disbelief rushed into his mind with the stormy waves in his heart, making him almost unable to think.

"Come here, take this person down and hand it to Daoist Su Lang."

His Royal Highness Xiuning didn't bother to look at Mingwu, who was about to collapse, and waved lightly.

"Yes!"

Everyone responded together, and immediately shot at the same time, rushing to **** Emperor Mingwu Zhou.

Even His Highness Xiuning flashed through the idea of escorting Mingwu himself.

After all, escorting Emperor Mingwu Zhou over to meet Su Lang.

In any case, it is a great thing to be familiar with Su Lang.

"Elders, guardian."

"Mingwu made such a big mistake because of lax discipline."

"Therefore, I was still allowed to **** Mingwu to Xia. By the way, Xia also apologized to Master Su Lang."

Emperor Minghua stood up and solemnly bowed his hands to Xiuning and everyone.

[Chapter 2567: This idiot is at your disposal](#)

This statement came out.

Everyone immediately stopped arguing, glanced at each other, and nodded.

Minghua is indeed a more suitable candidate.

"If this is the case, let the Minghua guardian **** it."

His Royal Highness Xiu Ning nodded slightly and immediately stood up.

"Yes! Your Highness Xiuning!"

The guardians of the elders saluted and retired.

The Mingwu incident was just a small episode, and they were still thinking about the original technique given by Su Lang.

Emperor Minghua took Mingwu in his hand, bowed to Xiuning, and flew towards the opposite platform.

On the way.

Emperor Mingwu Zhou has been stunned, murmuring the word 'impossible' from time to time.

Not long.

Emperor Minghua took Ming Wu to the opposite platform.

An unforgettable sight appeared before my eyes

—Countless cosmic energies form a colorful sky river, surrounding Su Lang to form a terrifying vortex!

Su Lang is like a black hole, absorbing cosmic energy frantically.

"hiss!"

"This kind of energy absorption speed is too fast!"

"Even if I try my best to absorb the energy of the universe, I can't compare to Master Su Lang's one ten thousandth!"

"As expected of that mighty inheritor, it's terrifying!"

Emperor Minghua saw Su Lang absorbing the energy of the universe, his face was full of shock.

Do not say anything else.

The absorption speed of this cosmic energy alone is unique in the Doudu universe!

at the same time.

"He is still alive!"

"He really is alive!"

"This is not true, how could he escape from Emperor Xiu Yuzhou's hands!"

"How powerful the Xiuyu faction is, he cannot escape, let alone help Xiu Ning defeat the Xiuyu faction!"

"This is an illusion, yes, I must have an illusion!"

"These are fake, hahaha!"

"..."

Emperor Ming Wu Zhou looked at Su Lang who sat cross-legged on the opposing platform, his entire face was dull, and he burst into a burst of laughter.

"Shut up!"

Emperor Minghua slapped Mingwu's face with a slap, causing Mingwu to vomit blood, and Wuya was speechless.

This is to prevent disturbing Su Lang's practice.

After all, such a dynamic way of cultivation must be very important and cannot be affected by it.

Ok.

That's it!

then.

After smoking Mingwu.

Emperor Minghua planned to retreat with Ming Wu and waited for Su Lang's round of cultivation to end before going forward.

But at this moment.

"Minghua protector?"

"What can you do with Emperor Mingwu Zhou?"

Su Lang's questioning voice resounded in the ears of Emperor Minghua Zhou.

Emperor Minghua was taken aback.

During such an important cultivation process, Su Lang could still speak distracted! ?

"Master Su Lang is now practicing."

"The next thing doesn't matter, we should wait for the adults to finish their cultivation."

Emperor Minghua's thoughts flowed in his heart, and said respectfully.

"Don't be surprised."

"I'm just absorbing energy."

"It's not a retreat that cannot be disturbed."

"What's the matter with Minghua protector, you can come up and tell."

Su Lang smiled and waved to Emperor Minghua Zhou.

This statement came out.

Emperor Minghua Zhou was shocked.

It's incredible to be able to speak randomly in such a dynamic practice.

However, Emperor Minghua also believed in Su Lang, and flew onto the opposite platform with Ming Wu, who was sullen and dull and stiff.

Puff!

Say nothing.

Emperor Minghua directly pressed Mingwu to kneel in front of Su Lang, and his body also crawled, unable to straighten up.

"Minghua protector, why is this?"

Su Lang looked at Emperor Minghua Zhou and Ming Wu who was kneeling in front of him, and asked lightly.

"Master Su Lang."

"It was the idiot Mingwu who leaked information about you, and Xiuyu's plan to deceive you succeeded."

"This idiot is unforgivable. Leave it to you."

Emperor Minghua folded his hand and said with respect.

"That's it."

Su Lang nodded slightly, a chill flashed in his eyes.

Ming Wu was the person who connected with him, but he leaked information, which is undoubtedly a kind of betrayal.

Even Mingwu's betrayal did not cause serious consequences.

But this still cannot be easily forgiven.

"The person has been brought here, so I will leave."

Emperor Minghua made another quick gesture and said goodbye to Su Lang.

"bye."

Su Lang nodded, and then watched Emperor Minghua Zhou leave.

quickly.

Only Su Lang and Ming Wu Zhou were left on the platform.

suddenly!

[Chapter 2568: Deal with Ming Wu Zhou Emperor](#)

"I do not believe!"

"You can't be that strong!"

"This is an illusion, this is a nightmare, you die for me!"

Emperor Ming Wu Zhou let out a heart-piercing roar, killing Su Lang like a irrational beast!

He could not accept the facts at all.

Treat all this as a dream.

But the next moment.

"Snapped--!"

Su Lang knocked him to the ground with a slap in the face, half of his head slumped.

"No, this is not true..."

Even if Emperor Ming Wu Zhou suffered a terrible blow, he still couldn't accept reality.

The blood and tears of despair rolled down, making him look extremely miserable.

"It's really hopeless."

"In that case, let's get free soon."

Su Lang shook his head faintly, and with a thought, the Youtian Sword that turned into a hairpin disappeared instantly.

When he reappeared, he had already nailed Emperor Mingwu Zhou's eyebrows.

"Ding! You have the Eternal Soul*1, the Eternal Life Universe*1, the Eternal Daojing*1..."

The system prompt came that Emperor Mingwu had completely fallen.

A period of cause and effect ends here.

Immediately after.

Store the origin of the universe.

Decomposition of weapons, pills, formations and other finished treasures.

Transfer the life planet or continent in the crystal wall universe, transfer the eternal life universe.

Then the scoured eternal body is given to the nest of civilization to be swallowed to produce countless evolutionary spores.

quickly.

The spoils were picked up by Su Lang's light car.

"Next, continue to cultivate!"

Su Lang glanced at the mysterious villain in the mysterious space and slowly closed his eyes.

at the same time.

Jizhen Universe.

Because of the time flow rate.

A period of time has passed in the Doudu universe, but only a moment has passed in this middle universe.

Yu Yangli, the inheritor of Emperor Xiuyu Zhou and Emperor Gujun Zhou, formally exchanged their inheritance.

"Wonderful, wonderful!"

"It deserves to be the inheritance of Emperor Gujun Zhou, it is so amazing!"

"When I learn to do these exercises, I will definitely have the opportunity to reach the Eight Eternal Realm!"

"Yu Yangli, thank you so much this time!"

After reading the inheritance given by Yu Yangli, Emperor Xiu Yuzhou couldn't help clapping his hands in praise! !

His face was full of excitement, and his mouth almost burst into laughter.

In the inheritance given by Yu Yangli.

The most powerful is the Third Secret of Gujun!

The first secret, called the word secret, the heroic spirit called.

Using this secret, you can use some medium to summon the dead strong.

The medium is mostly the mark left by the strong in the long river of time and space.

For example, in this real universe.

Can summon the strong who have existed in this universe and have passed away.

The second secret, stealing the word secret, stealing everything.

Using this secret, you can gather incomparably mysterious power and steal what the enemy has.

Including but not limited to the enemy's cosmic power, incense power, vitality, weapons, spells, and even the complete exercises in the opponent's mind.

The third secret, the forging secret.

This secret is the secret of eternal level refining.

Special innate treasures born in the universe can be used to forge eternal weapons with terrifying characteristics.

In addition, there are also very systematic and perfect forging techniques for ordinary eternal soldiers.

It should be noted that refining is extremely rare in the eternal realm.

Basically, there is no complete set of refining classics and inheritance.

but now.

Emperor Xiu Yuzhou saw it.

"Humph."

"Relatively speaking, your inheritance is not so good."

""Bright Tracks and Ten Thousand Universe Eyes", "The Secret of Death Without Life", "Cry Soul Hidden in the Sky", "Capture Yu Zan Yuan Shou", "Bin Yu Qian Si Zhi"..."

"These exercises are just average to me."

Yu Yangli casually threw the inheritance given by Emperor Xiu Yuzhou into the universe of life, revealing a touch of unhappiness in his eyes.

He originally thought that the inheritance of Emperor Dou Xiu could be compared with the inheritance of Emperor Gujun.

But it turns out.

Emperor Dou Xiu missed the solitary Emperor Zhou.

"Yu Yangli."

"My family's inheritance is indeed a bit worse than yours."

"But you didn't suffer any loss in this transaction. I have completely shared the remaining basic disk in Doudu Zhouyu with you!"

"So many natural universes can slightly satisfy the desires of some of your high-level masters of the universe."

Emperor Xiu Yuzhou smiled and threw a jade slip again between his waves.

[Chapter 2569: Xiuyu and Yu Yangli support each other](#)

This jade slip contains more natural cosmic coordinates.

Before that.

He has given Yu Yangli many natural cosmic coordinates.

This second jade slip is equivalent to compensation.

"Ha ha."

"You still owe me!"

Yu Yangli took the jade slip, swept away his spiritual thoughts, and said indifferently.

"Then what compensation do you want?"

Emperor Xiu Yuzhou's expression remained unchanged, "I don't want to repay me now."

"Humph."

"Don't talk about it."

Yu Yang twitched the corner of his mouth and changed the subject, "Su Lang and the Xiuning faction form an alliance, and they are now in a period of weak trust. It is a good time for separation."

"Well, we really shouldn't miss this great opportunity."

"The two pawns you eroded me just came in handy!"

Emperor Xiu Yuzhou smiled, "I'll leave it to you for this matter. I want to first understand the inheritance of Senior Gujun!"

After getting that Gujun Third Secret.

Emperor Xiu Yuzhou was thinking about comprehension all the time, and couldn't wait long ago.

"I don't bother to handle this kind of thing myself, just leave it to my subordinates."

"And our strength is the key to victory!"

"We must hurry up and improve our strength, otherwise all conspiracies and tricks will be wasted."

"The time flow rate of the upper universe is too advantageous!"

Yu Yangli shook his head and said with a gloomy expression.

"You mean."

"We two support each other and speed up each other's time!?"

Emperor Xiu Yuzhou frowned, and the smile on his face was replaced by a deep seriousness.

The eternal strong can use the Avenue of Time to accelerate, decelerate, and stagnate the time around the body and the inner world.

But the time experienced by his own deity alone is consistent with the timeline of the natural universe where he is currently located.

simply put.

The eternal strong cannot speed up time for himself and increase his cultivation speed.

because.

Although the eternal powerhouse is an existence beyond the universe and possesses his own time avenue, it is a human-shaped universe.

But precisely because of this, the eternal strong, like the natural universe, cannot change their own time.

The timeline of any natural universe cannot be changed by itself.

The eternal strong cannot change their timeline by themselves.

To change your time, you can only rely on external forces.

For example, if an eternal strong person enters the middle universe from the bottom universe, his time becomes faster.

This is dependent on the external force of the time velocity of the middle universe.

It is the time power of the middle-level natural universe that acts on the humanoid universe of the eternal powerhouse and changes his time.

of course.

The eternal powerhouse wants to speed up time for himself and obtain a rapid cultivation speed, not necessarily to go to a higher level of natural universe.

There is one more option.

That is, the cultivator enters the crystal wall universe or life universe of another eternal strong man.
then.

This eternal power as a tool man consumes the power of the universe and accelerates the time of the crystal wall universe or the universe of life, thereby changing the practitioner's own time.

For example, Su Lang accelerated his Dantian universe so that Chu Xiaobei and others could obtain a faster time flow. This is the reason.

Yu Yangli used this method to reach this point since he got the inheritance of Emperor Gujun Zhou.

Rely on the power of his eternal protector to accelerate his cultivation.

otherwise.

He has inherited it to the present, even if he slowly moved to the middle universe halfway, he could hardly reach the current level of Emperor Xiuyu Zhou.

after all.

Emperor Xiu Yuzhou is also an eternal arrogant.

Can he rule half of the high-level universe?

But it happened to be caught up by Yu Yangli!

It is Yu Yang's plan to rely on another eternal strong man to speed up his time.

He and Emperor Xiuyu Zhou will act as tools for each other, speed up the time and increase the speed of cultivation!

but.

The conditions for this cultivation method are relatively harsh.

First, a strong trust between both parties is required.

Therefore, this approach is very risky for both parties.

Secondly, this method is very scary for the consumption of 'tool man'.

This can be seen from Su Lang's acceleration of the consumption of the Dantian universe.

That was the sword of life that was used dull and dull, and the restorative pill was knocked out.

[Chapter 2570: The two accelerate each other](#)

and so.

Emperor Xiu Yuzhou hesitated.

"Xiuyu."

"Hesitate and lose!"

"We are already allies now. If we are still on guard against each other, what is the point of forming an alliance?"

"Not to mention, you are the one who is in trouble now, not me."

Yu Yang frowned slightly, and said with some impatience.

"This....."

"The risk is too great."

"you....."

Emperor Xiu Yuzhou also frowned, but was interrupted before he finished speaking.

"Emperor Xiuyu Zhou."

"The day when we were really wary of each other was also after the plan was successful, right?"

As Yu Yangli spoke, he turned around and pointed his head at Emperor Xiu Yuzhou.

The atmosphere became a little silent.

But it came alive soon.

"Yeah, you are right."

"Planning to fight the universe is our first goal."

"And for me, the most important thing is revenge, revenge against Su Lang!"

"Come on, you and I accelerate each other, and integrate our respective heritages!"

Emperor Xiu Yuzhou stood up with a solemn expression and agitated tone.

"it is good."

"Then you speed up for me first."

Yu Yangli turned around and nodded with a smile.

"Uh....."

Emperor Xiu Yuzhou's expression stagnated, "Why didn't you speed up me first?"

As a tool man, the risk is greater.

After all, you want to take the other party into your own inner world. If the other party does things in your stomach, it will be a big trouble.

Moreover, when the tool person's time accelerates, the main force of the universe will be on the verge of exhaustion.

Therefore, it is very dangerous to let the other party into your body!

"Ha ha."

"You hesitated again."

"It seems that you are already scared by that Su Lang, and you are afraid of everything."

"To be honest, I regret coming to you to form an alliance. I should join Su Lang and the others to get you together."

Yu Yangli sighed, and shook his head with disappointment.

in fact.

He really thought about forming an alliance with Su Lang and Xiuning, but in the end they both gave up.

When he first knew about Su Lang, Yu Yangli didn't like Su Lang.

But in a blink of an eye, Su Lang teamed up with Xiu Ning to make Emperor Xiu Yuzhou almost annihilated.

This made Yu Yang pay more and more attention to Su Lang in his centrifugation, directly reaching the level of extreme fear.

He considered it for a moment, and working with Su Lang, a mysterious and unknown powerhouse, would have even more terrifying risks.

It is better to cooperate with Emperor Xiuyu Zhou who knows the roots and knows the bottom.

at this time.

Yu Yangli's words made Emperor Xiu Yuzhou a touch of anger.

But Xiuyu returned from sullen anger, but did not speak.

Obviously, I also know that this is Yu Yangli's radical method.

"Never mind."

"I will suffer a bit more."

"Give you speed up first!"

Yu Yangli shook his head and took a step back.

"it is good!"

"You don't have to consume all the power of the universe."

Emperor Xiu Yuzhou's complexion remained unchanged, and he was delighted, and said, "Lest I see you weak, I can't help but..."

"You don't need to teach!"

"I will definitely have reservations."

Yu Yangli interrupted the words of Emperor Xiuyu Zhou indifferently.

Emperor Xiu Yuzhou closed his mouth with a smile on his face.

Immediately after.

Yu Yangli opened the channel of the world in his body: "Okay, you can come in."

"Then I will go in."

Emperor Xiu Yuzhou nodded, turned into a slender streamer, and got into Yu Yangli's body.

Yu Yangli frowned slightly.

It is relatively reluctant to accommodate an equally powerful Seven Universe Eternal in the internal world.

So he felt a little bloated.

"Ugh."

"If it weren't for the purpose of exploring further and following the steps of the master, why should I do this?"

Yu Yang sighed slightly.

The reason why he sought cooperation with Emperor Xiu Yuzhou was that he wanted to have a high-level universe for cultivation.

Also in order to use the high-level universe as a springboard, expand the tentacles, explore the farther universe, and find the traces of the emperor Gujun Zhou.

Master is an obsession in his heart.

Wow!

A large number of elixirs emerged.

All are eternal realm pill.

If Emperor Xiuyu Zhou met, he would be shocked.

Of course, if Su Lang watched these pills, he would only nodded slightly.

After throwing out the pill.

Yu Yangli took out a transmission treasure and called for a young man in blue robe.
