

One Click 2571

[Chapter 2571: Don't think about it, now it's my turn](#)

"Master!"

The blue-robed man saluted respectfully.

"Follow the plan above."

Yu Yangli threw out a golden kit and waved his hand.

"Yes!"

"Subordinates retire!"

The man in the blue robe respectfully took his order and disappeared immediately.

Immediately after.

With a thought in Yu Yang, the eternal pill that was scattered around hung up one by one, and they continued to revolve around him.

The operation of these pills is very mysterious, it seems to be a special kind of formation.

With the pill revolving.

A large amount of medicinal power emerged, rushing toward the middle.

"Time Avenue, open!"

Yu Yang sat cross-legged on the ground, surrounded by pills, and suddenly opened the Avenue of Time!

Rumble!

Endless cosmic power consumption.

In the Crystal Wall Universe where Emperor Xiuyu Zhou was located, the flow of time instantly accelerated by countless multiples!

"This guy...really speeds up me."

Emperor Xiuyu Zhou looked up at the sky, his eyes flashed, and he looked down at the Third Secret of Gujun in his hand, and more inheritance secrets.

It is during this period of acceleration from Yang Li.

He must learn all these secrets, even if it's just an introduction.

Time passed slowly.

Maybe ten breaths.

Maybe twenty breaths.

Not sure how long after...

"Huh...chh, huh...hih!"

Sitting cross-legged in the void, Yu Yangli was short of breath, sweating profusely, and seemed to collapse.

At the beginning.

With the pill to help out, he can maintain a trace of calmness and decency.

but now.

By his side.

The eternal grade pill has been consumed!

"No way!"

"If this continues, the power of the universe will dry up."

Yu Yangli looked pale, and quickly stopped urging Time Avenue.

The consumption of the power of the universe suddenly stopped, and began to slowly recover.

Immediately after.

"Come out to me."

Yu Yangli shook his whole body, repelling Emperor Xiu Yuzhou from the world in his body.

Buzzing.

A wave of time and space flashed.

The figure of Emperor Xiuyu Zhou appeared in front of him.

Seeing that he was still thinking, he seemed to be stuck somewhere.

"Forget it."

"Now it's my turn to enter your body."

Yu Yangli frowned slightly, and there was magical power in his voice, interrupting Emperor Xiu Yuzhou's thinking.

"Huh? It's over?"

Emperor Xiu Yuzhou seemed to have recovered his senses, with a trace of surprise on his face.

"if not?"

Yu Yangli said impatiently, "Don't you let me hold on for a quarter of an hour?"

"Sorry, I am greedy."

"In a quarter of an hour, it must be impossible."

"Unfortunately, you can't guide me when studying the exercises, otherwise I will have a better grasp of the third secret of Gujun."

Emperor Xiu Yuzhou smiled, and immediately revealed a touch of regret.

"Ha ha."

"Maintaining the flow of time consumes all my energy, and also guides you, what you want to be beautiful!"

Yu Yangli sneered, "Quickly open the passage and let me in!"

"Good, good."

"Don't be in such a hurry, just take a moment and adjust your state."

Emperor Xiu Yuzhou nodded, smiled and comforted.

"Humph!"

Yu Yangli snorted again and adjusted his state.

"Ready?"

"Then I opened the channel!"

Seeing that Yangli had a ready-to-go posture, Emperor Xiu Yuzhou asked.

"Take these pills."

"Hurry up and hold on for a while!"

Yu Yangli glanced at Emperor Xiu Yuzhou, and threw out a handful of eternal pill with some pain.

"Tsk tsk, this pill, not bad, not bad!"

"Don't worry, I will push the flow of time to the fastest speed and stick to it for a longer time!"

Emperor Xiu Yuzhou caught the pill that Yu Yangli threw over, and immediately nodded with a smile.

"Don't open the channel yet?"

Yu Yangli looked at Emperor Xiu Yu Zhou a little displeased, his voice indifferent.

"This is open!"

Eating people with soft mouths and short hands, Emperor Xiu Yu Zhou had a very good attitude, and immediately opened a channel to the crystal wall universe.

Immediately after.

Without a word, Yu Yangli entered the crystal wall universe of Emperor Xiu Yuzhou.

It was when Xiu Yu started to accelerate time for Yu Yang.

Doudu universe.

Ziyu Tiangong is on the opposite platform.

The time elapsed in the real universe is not long.

But in the Doudu universe, hundreds of times have passed.

at this time.

Su Lang was dozing off boredom on the platform.

suddenly!

[Chapter 2572: Breakthrough, Five Eternal Realm](#)

"Ding! "Broken Yu Tianpan Yin" has reached its founding!"

Accompanied by the appearance of system prompts.

A large amount of power pours into the soul and body, completely blending with the two!

Suddenly.

Su Lang seemed to have practiced this exercise for hundreds of millions of years, reaching the level of the founder directly!

"Ok!?"

"This eternal technique has reached the founding level!?"

Su Lang's expression moved, and a flash of joy flashed in his eyes.

"Saiyu Tianpan Yin" is a practice in the inheritance given by His Highness Xiuning.

This is a melee type of practice!

Created specifically for the personal melee of eternal realm powerhouses!

Su Lang's own defenses, weapons, magical powers, etc., are very abnormal in the eternal realm.

It's just that the fist technique is a little worse.

Although basically not used.

But you can use this thing, but you can't do it!

after all.

What if you have to fight hand-to-hand in case of special circumstances?

therefore.

Su Lang practiced this exercise at that time.

"This technique is not bad."

"In addition to allowing me to master better eternity melee methods, the strength of the eternal body has also increased."

Su Lang felt his body and nodded in satisfaction.

Immediately after.

He probed his divine mind into the storage space and locked a secret eternal law

-"The Secret of Death Without Life"!

This technique is very scary.

It is the full version of the fusion of "The Secret of Life and Death" and "The Secret of Life but Not Life"!

After performing this secret method.

Able to increase one's own strength by a hundred times, lasting a breath of time!

After the ordinary eternal state is displayed, there is no doubt that he will die, and no method can be saved.

But after Su Lang played, he triggered a death substitution and sacrificed a clone.

It's okay to be a clone, and half an hour later, he is a hero again.

For Su Lang.

This secret technique is simply a plug-in!

So at that time he regarded this exercise as one of the exercises that must be practiced.

Another is "Ming Zong Wan Zhou Tong", ranked second.

"system!"

"Activate the one-click martial arts, ten-heart martial arts function, and practice "The Secret of Death Without Life"!"

After Su Lang locked the technique with divine mind, he immediately issued instructions.

Suddenly!

Inside the mysterious space.

The ten martial arts villains who had just stopped began to get busy again.

"Well, don't poke the needle, come on, work hard!"

Su Lang smiled and cheered up the little cultivator, and immediately looked at the little cultivator.

After changing his main practice to "Zhou Long Xuanxin", his basic practice speed has been improved.

Coupled with the one-key practice function, the magnification against the sky has already increased his practice speed to an unimaginable level!

After this period of practice.

Su Lang absorbed countless cosmic energy, and completely lost all the energy ice crystals accumulated on the platform for countless years.

With his accumulated cultivation base, he can finally perfect more crystal wall universes and reach a higher level!

"It's not easy."

Su Lang smiled slightly, and immediately gave instructions to the system, "System, activate the function of 'Crystal Wall Universe', I want to break through!!"

The voice just fell.

The sea of repair is immediately emptied.

The cultivating villain turned pale from being golden!

Almost endless cultivation bases, fused with the Avenue of Time, merged into the crystal wall world of Su Lang.

These crystal wall worlds have been infused with cultivation bases, and they have begun to sublimate rapidly and become a real crystal wall universe!

One, two...100 million, 200 million...!

More and more crystal wall worlds are transformed into crystal wall universes, the crystal walls become more tough, the inner space becomes more extensive, and the energy becomes stronger.

In the process.

Luo Youjing Xiaoluo, the nest moon moth of civilization, went all out to maintain the order of these crystal wall worlds, so that Su Lang was greatly relieved.

In a short time.

Su Lang's Crystal Wall universe rose rapidly from more than 1,500 gai, and soon broke through the 2,000 gai mark.

finally.

Stay at the number two thousand one hundred and sixty-six!

The power of the universe is pouring out of the newly perfect Crystal Wall Universe, which is majestic and vast.

The original Crystal Wall Universe has also benefited from this promotion, all of which have been slightly improved, resulting in more cosmic forces and higher quality.

"Hehe."

"Achieved, Five Eternal Realm!!"

"My daily combat power has reached the second echelon of Doudu Universe."

"But if you use the swallowing clone or something, defeating the Seven Eternal Eternity will not be a problem at all."

Su Lang squinted his eyes slightly, and an intoxicated smile was outlined at the corner of his mouth.

[Chapter 2573: The true power of the six universes](#)

A tremendous strength.

This is the charm of spiritual practice!

Feel the brand new power carefully.

With a thought, Su Lang called up his attribute panel.

'Properties Panel'

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

[Realm level]: Five Eternity

[Attack level]: Six Eternity +

[Defensive Level]: Six Eternity +

[Shenfa Level]: Six Eternity +

[Endurance Level]: Six Eternity

[Spirit Level]: Realm of Universality

[Master the exercises]: Zhou Long Xuanxin, "Ten Thousand Laws into One-Infinite Profound Meaning" (Eternal Grade, Founding)

[Activated system functions]: One-key practice function (level 54), one-key martial arts function (level 54), one-key clone function (level 54), one-key treasure hunt function (level 53), one-key alchemy function (19 Level), one-key mixer function (level 19), one-key refinement function (level 19), one-key synthesis function (level 19), one-key empowerment function (level 28), one-key enhancement function (level 14), One-key decomposition function (no level)

"The true combat power has reached the Six Eternal Realm in all directions."

"However, the increase in stamina level is not as large as before, only increased by half a small level."

"This means that the effects of the previous exercises have been completely released, and for me now, the effects have become weaker."

"At least, it's the same with respect to endurance."

"In addition, the lack of endurance should also be related to the number of my crystal wall universe."

"After all, the basic crystal wall universe of the Six Eternal Realm should be based on four thousand five hundred gai!"

"And the number of my crystal wall universe now is only more than two thousand gai, which is half the difference!"

"This half, it is very, very difficult to make up for it with exercises."

"At the beginning, I worked tirelessly to practice countless exercises before I could barely achieve the current results."

Su Lang silently analyzed his situation.

The so-called knowing oneself, knowing the enemy, never end.

The confidant should also be photographed in front of the confidant, which is obviously more important!

"Although there are life swords and various medicinal aids."

"But that is a foreign object after all, I still have to practice some eternal realm forging exercises, focusing on the kind that increases energy reserves."

Su Lang's eyes flashed with thoughtful light, but the expression on his face was more relaxed.

For the rest of the eternal realm, it takes time and energy to find a much-needed eternal technique.

But for Su Lang.

One-click synthesis of this function can basically solve the problem!

"This time I got the inheritance from Xiuning."

"Plus the techniques obtained by killing Jing Zhi and others."

"Together, there are a lot of body-building exercises."

"Although the main increase energy reserve has not reached ten books, I still have the function of the top of the exercises to use."

"With these two system functions, it is almost 100% sure to obtain the much-needed exercises."

"..."

While thinking about it, Su Lang took out all the exercises he had recently obtained.

There are basically no original exercises, but copies of other methods.

Although it looks very strange and similar to the original, it is actually a bit worse.

"It's still better at the beginning."

"Let's first turn all these exercises into the original."

Su Lang clicked the corner of his mouth, picked up a technique, intercepted some of its content, and activated the fragment repair function.

Suddenly!

The magical system function comes into play.

The part of the practice content intercepted by Su Lang directly complements the practice and forms the original of the successful practice and appears in the storage space.

"Next!"

Su Lang smiled slightly, using the same method to repeat, completing all the exercises again.

Soon.

Then choose the favorite eternal body-building exercises.

But the selected number is not enough, only five.

"Five left."

"This needs to be selected from the exercises I have practiced."

"Well, it must also be the 'Natural Non-Success Method'."

Su Lang smiled and quickly selected five exercises.

These five exercises were originally just too elementary exercises, but they were forcibly promoted to the eternal state by the top of the exercises.

Compared with the normal eternal realm cultivation method, it is a lot worse.

But it can be used as a synthetic material.

[Chapter 2574: Synthesize more advanced eternal techniques](#)

The same is to intercept part of the exercise content.

Use fragment repair function to perfect the original text.

Suddenly, ten eternal realm forging exercises as raw materials were assembled.

"system!"

"Start one-key synthesis, the function synthesis method."

Su Lang locked the original ten exercises with his spiritual mind, and gave instructions to the system in his heart.

"Ding! The synthesis is successful, you will get the eternal realm technique 'Shen Yu Hou Ze'!"

Accompanied by system prompts.

An original exercise suddenly appeared in the storage space.

This technique originally looked like a chaotic diamond, and it would feel like being buried at first glance.

"Shen Yu Hou Ze", a good technique!"

"Compared to all the body forging techniques obtained, including the inheritance of fighting cultivation given by Xiu Ning."

"But this one is still not enough, we have to do more eternal body-building exercises."

"In addition, the rest of the exercises can also be synthesized."

"Otherwise, now that the effect of the exercise technique has been released, there won't be such a big increase in the next upgrade."

While thinking about it, Su Lang used the same method to create the original eternal exercises.

Fortunately, no one was watching around.

Otherwise, the custody will scare away people's eyes.

quickly.

Su Lang combined all parts of the eternal exercises he mastered into more advanced eternal exercises.

There are thousands of them!

"These exercises are not low-level, and they will definitely have more significant effects."

"And there are so many, enough for me to practice for a while."

Su Lang looked at the large number of new eternal techniques in the storage space, with a touch of joy on his face.

at this time.

He changed his expression and looked at the Dantian universe.

It turned out that Chu Xiaobei and the others were summoning him, all of them screaming.

"Scumbag, after so many years, don't you come to see us?"

This sentence is the one most spoken by the women.

"Uh....."

The corners of Su Lang's mouth twitched, and a strange feeling appeared in his heart.

For him, it was only a short time since the last time the bed was shaken.

But for the women in the Dantian universe, a long, long time has passed because of the acceleration of time.

and so.

They took the initiative to make an appointment...

"It seems that the frequency of acceleration time will be increased in the future."

Su Lang thought so, and immediately revealed a touch of excitement.

Immediately after.

He summoned Chu Xiaobei, Ji Ruxue, Murong Xianxian...Su Linger, Xiaomei...all on the opposite platform.

Women with different research attitudes surrounded Su Lang, and the atmosphere gradually heated up.

"A thought is formed!"

With a move in Su Lang's heart, a large number of formations spread out and surrounded the surroundings.

Next.

It's the shaker, oh no, it's time to shake the moon tower.

It was also when Su Lang waved against the moon tower, accumulated cultivation base and practiced exercises.

Emperor Xiu Ning Zhou sat in meditation with his eyes closed in his training room.

She was combing through the 81 eternal exercises taught by Su Lang.

Suddenly mastering so many eternal techniques, and the proficiency reached the founding level, she must sort it out.

"The initiation method of Fellow Su Lang is really terrifying."

"Eighty-one eternal exercises, if I do my own practice, I don't know how much time it will take."

Emperor Xiu Ning Zhou recalled the scene on the platform, and once again admired Su Lang's hot big hands.

Because the empowerment has made Xiuning instinct.

So she quickly completed the combing of the new power and mastered it thoroughly.

now.

Xiu Ning's combat power has already faintly stepped into the eternal realm of the eight universes!

But she is not complacent.

Instead, he took out the original eternal exercise technique gifted by Su Lang, selected one, and began to comprehend.

Su Lang and Xiuning are different from Xiuyu and Yu Yangli.

The latter is in the middle universe, and time is extremely urgent, so they immediately adopted a strategy of mutual acceleration.

But Su Lang and Xiuning have plenty of time.

So Xiu Ning did not immediately let the rest of the eternity accelerate time for himself.

Under normal circumstances.

She would only choose to ask the elders to help her speed up the time when she encounters intractable and intractable diseases that cannot be resolved after consulting with the elders.

After all, it takes too much time to accelerate the eternity of the seven universes.

at this time.

[Chapter 2575: Yu Yangli Qizixian](#)

"How do you understand this?"

"Well...it's a bit difficult to understand, please write it down first."

"I also need to write it down here, remember a little more, and then go to Taoist Su Lang to solve the problem."

"..."

His Royal Highness Xiu Ning is like a schoolmaster in self-study at night. He learns by himself while taking notes while thinking about asking the teacher to ask questions.

at this time.

There was a slight movement in the jade card of her transmission.

"Ok?"

His Royal Highness Xiuning frowned, very dissatisfied with someone interrupting her study.

But she is a mature leader.

Still temporarily put the study aside, took out the jade card of communication, and swept it away with spiritual thoughts.

This look.

Suddenly, her brows furrowed deeper!

The message was sent by Elder Xie.

Said to find a servant of the Five Eternal Eternal Realm claiming to be a senior eternal emperor inheritor.

And that senior eternal emperor was the one who passed the Douxiu Universe and hunted the Nine Desolate Universe!

In other words.

It refers to the one who passed on to Su Lang.

"what!?"

"The eternal meaning of these five universes is that I am Su Lang's servant!?"

Emperor Xiu Ning Zhou was surprised, and immediately prepared to ask more details.

But at this time, Elder Xie came over again.

As if knowing what Xiu Ning wanted to ask.

In Elder Xie's subpoena, there was the answer Xiuning wanted.

"His Royal Highness Xiuning!"

"The Five Eternal Warriors said that they have been servants for a long, long time!"

"It's certainly not Master Su Lang who received his command after entering Doudu Universe."

"As far as I know, Daoist Su Lang did not accept any martial artist as his subordinate. He has always been alone."

"Then I asked the Five Eternal Eternity whether his master was Daoist Su Lang."

"He said...no!"

.....

Seeing Elder Xie's message, His Highness Xiuning frowned and doubts flashed in his eyes.

"is it possible."

"Is this a chess piece buried by Emperor Xiuyu Zhou himself?"

"The purpose is to divorce our relationship with Daoist Su Lang?"

His Royal Highness Xiu Ning passed the message to Elder Xie with his handwriting.

Buzzing.

There was another movement from Transmission Treasure.

"No."

"Emperor Xiu Yuzhou himself determined that Su Lang was the inheritor."

"Before he planted a certain battle, he had been confident and had the chance to win. It would never be possible to place this piece in advance."

The text of Elder Xie's message emerged.

His Highness Xiuning nodded slightly, agreeing with Elder Xie's speculation.

At this time.

"I tested it."

"The Five Eternals did not lie."

"It's just that he doesn't know who his master is or what he looks like."

"He only knows that his superior is called Mo Wuyuan, the protector of the inheritor, an eternal warrior who has died."

The message from Elder Xie came again.

"There is no evidence of death?"

His Royal Highness Xiu Ning interrogated and asked, "What else did you ask?"

"This Five Eternal Eternity has been delivering news to the outside world."

"The big and small things that happened in Doudu universe have basically been passed on by him."

"Including the recent internal strife in the Doudu universe, Daoist Su Lang helped me wait for the unification of Doudu."

Elder Xie preached, "His Royal Highness, what do you think of this matter?"

"This Five Eternity is indeed a bit weird."

"But with just a few words, we must overthrow the identity of Daoist Su Lang, how easy it is."

"The identity of Daoist Su Lang was confirmed after a long investigation."

"If it weren't for that powerful inheritance, how could Daoist Su Lang have such a powerful method?"

His Highness Xiu Ning preached.

"Friend Su Lang waits for me."

"I want to believe that Daoist Su Lang is not malicious."

"It's just that, knowing that Daoist Su Lang's identity may be fake, I can't help but feel a little uneasy."

Elder Xie showed a sense of helplessness in his tone, "Why, let's investigate it secretly?"

"Friend Su Lang has a life-saving grace to me."

"Even the Xiuning faction has a life-saving grace."

"In addition to this, there is also the kindness of gifting the practice inheritance."

"If his identity is really fake, there must be his own reasons."

"I... don't want to investigate secretly, that's distrust of him."

"I would rather ask Daoist Su Lang to confess and ask him."

A trace of hesitation flashed in His Highness Xiuning's eyes, and finally the message said.

[Chapter 2576: Su Lang can practice in any posture](#)

She is not a naive girl who knows nothing.

She has seen too many conspiracies.

On the surface, there is no clue, but in fact, there are too many people who are secretly malicious.

Take the nearest Elder Jingzhi.

Who could have imagined that this conscientious and dedicated Seven Eternal Elder was actually the undercover agent of Xiuyu?

but.

His Royal Highness Xiu Ning was unwilling to regard Su Lang as a conceited person, and went to investigate him secretly.

She would rather go to Su Lang and ask in person!

As for the consequences, she didn't think about it.

Anyway, she would have died without Su Lang.

Even if there was no such battle, it was estimated that he would die in Xiuyu's conspiracy and Jing Zhi's betrayal.

"His Royal Highness, please calm down."

"Perhaps the people behind the Five Eternity have long known the existence of Daoist Su Lang, and then laid this chess piece."

"Putting honestly and asking rashly, it might damage our relationship with Daoist Su Lang."

"In this way, the subordinates will go down to investigate the Five Eternity and see if they can get more clues."

Elder Xie said through the message.

"This....."

"I went to find Fellow Su Lang, even if I didn't ask him, I would like to see him."

His Royal Highness Xiuning hesitated, did not deny Elder Xie, and stood up straight.

"Yes, Your Highness!"

Elder Xie took the lead.

Seeing that the situation in the Doudu universe has improved greatly, the Five Eternal Eternity suddenly appeared, alluding to the false identity of Su Lang.

If Su Lang is really a fake inheritor, what is his true identity? What is the purpose?

Thoughts could not help but surfaced.

A shadow was cast over the heart of Elder Xie.

"We can only investigate first."

Elder Xie sighed.

He didn't want to think about Su Lang's other purpose.

But the basic qualities of the strong made him have to investigate.

Soon.

Elder Xie looked forward, and a Five Eternal kneeling there, covered with various spell arrays.

These spell formations can reveal the inner thoughts of the caster to a certain extent, which is a bit similar to "Hexintong".

And this array of text charm is more domineering than his Xintong.

It can directly force the caster to reveal their true thoughts.

of course.

There are also restrictions.

Elder Yixie is in charge of this array of spells, and at most it will be effective for the Five Eternals.

"Say."

"Do you have any accomplices, accomplices who have encountered the same as you?"

"How did you become the servant of the heir?"

"Specific time, detailed passage..."

Elder Xie looked cold and began to ask.

On the platform.

Countless formations have surrounded the entire Opposite Moon Tower one layer after another, isolating the outside investigation.

Also isolated the great movement inside.

"The platform is cut off by the formation?"

"Friend Su Lang, what is this doing?"

His Royal Highness Xiuning left the quiet room and came to the opposite platform, looking at the sky full of formations, with doubts.

The formation in front of her can isolate her detection.

But the defense is not strong.

Xiu Ning's Palace can be slapped out with a slap.

But she didn't do that, it was impossible to do that.

"It should be practicing."

His Royal Highness Xiuning looked around the cosmic energy that was constantly gathering around him, thinking in his heart.

If it is not for cultivation.

How can it be possible to maintain such a terrifying rate of cosmic energy absorption! ?

just.

She could not even dream of it.

Su Lang can maintain his cultivation state in any posture...

"Since Fellow Su Lang is cultivating, then I will wait outside."

His Royal Highness Xiu Ning sat down on the spot, took out the exercises and wanted to participate in the research, but found that he couldn't enter.

then.

He could only hold his chin, a pair of beautiful eyes staring at the formation in a daze, motionless.

On the platform.

Su Lang had discovered the arrival of His Royal Highness Xiuning.

The formation can isolate the prying eyes from the outside, but it will not prevent him from observing the situation outside.

But his opponents are so powerful that they can't get out of it!

Time passed slowly.

Outside the building on the moon.

"It seems that Taoist Fellow Su Lang's cultivation will last a long time."

His Royal Highness Xiu Ning sighed while looking at the formation and the sky full of energy.

Immediately after.

There were a lot of thoughts in her mind that couldn't stop.

[Chapter 2577: Leave with a smile, leave it alone](#)

Fellow Daoist Su Lang is really a fake inheritor?

If so, why did he enter Doudu Universe for?

To seize this universe?

But he clearly knew that the life span of this universe was already exhausted.

It doesn't matter if he is alone or from other high-level universe.

This should not be done for a high-level universe that is about to annihilate.

If it is only in exchange for my inheritance, there is no need to give me so many benefits.

I didn't even talk about those eternal exercises. Why did he use that mysterious and powerful empowerment method on me?

That is not necessary at all.

The more I think.

The more His Highness Xiu Ning discovered that Su Lang was malicious to him, the probability was really very small, almost non-existent.

Because there is no motivation.

The only motivation was probably that Su Lang wanted to use the flow of time to cultivate in Doudu Universe.

"Friend Su Lang is a person with a secret."

"But he has no malice against me and the Xiuning faction."

"The best explanation for his secret is from that person's inheritance."

"Perhaps Elder Xie is right. Maybe someone has known the identity of Daoist Su Lang, so he lays chess pieces for another purpose."

His Royal Highness Xiu Ning thought so, then smiled and turned to leave.

She did not ask.

On the platform

"she left?"

"Also, although she can't see me, I can see her. This is a bit like a scene in a love education film."

"..."

Watching His Highness Xiuning leave, Su Lang smiled in his heart, and immediately continued to work hard and quench.

at the same time.

Elder Xie has already read the eternal life experience of the five universes over and over again.

Then there were some gains.

He knew the whole process of the eternal warrior of the five universes before becoming the inheritor.

Because the mysterious inheritor is not very strong, he has the inheritance against the sky, and is worried about being discovered, so he plans to sneak into the Doudu universe.

But it was discovered by Emperor Xiuyu Zhou.

Although the inheritor did not reveal that he possessed the heaven-defying inheritance, he was still hunted down by Xiuyu as a thief.

The result is the fall of the protector Mo Wuyuan.

But also harvested two chess pieces, buried in Doudu universe, monitoring the big and small things happening in Doudu universe.

right now.

He also knew the second Five Eternal Warrior as a chess piece, and had sent someone to catch it.

"The experience of this chess piece is not a fake."

"Then, Daoist Su Lang and that mysterious person, one of them must be the true inheritor."

"According to the previous survey of Daoist Su Lang, the probability that he is a successor is very, very high."

"And now, this mysterious person who suddenly appeared may also be an inheritor."

"If this mysterious person is not the inheritor, then there is almost only one explanation, and that is that he acted in a scene."

"Mo Wuyuan is the victim of this play. The two chess pieces are the product of this play. He is posing as the inheritor."

"But what is the purpose of his impersonation? No, at that time, he shouldn't have the idea of impersonating his identity at all. He just failed to sneak into the fight and then flee."

"Hiss... really confusing!"

"..."

Elder Xie frowned and couldn't help rubbing his forehead.

He is biased towards Su Lang in his heart.

Unwilling to think about Su Lang in a bad direction.

Otherwise, it is estimated that Su Lang has already been regarded as a bad-hearted person. suddenly.

A flash of light flashed through his mind.

"Could it be that Daoist Su Lang and that mysterious person are both inheritors?"

"The predecessor at the time left two inheritors!?"

"One is in the Nine Desolate Universe Region, and the other is in the other Universe Region!"

Elder Xie thought so, his eyes finally lit up!

at this time.

"Report!"

"People have been brought here!"

Two eternal powerhouses of the Five Universes escorted another slightly embarrassed Five Universe to eternally.

"It came just right."

Elder Xie nodded, "Replace the person in the formation with him."

"Yes!"

Two eternal guards of the Five Universes took the order and pushed the second chess piece from Yangli into the formation.

[Chapter 2578: Second piece](#)

Wow!

A large number of array spells flew into the air, and soon will be wrapped in Yangli's second chess piece.

The first chess piece was rejected, and then escorted away by two guards of the Fifth Universe.

"What is your name, what identity..."

Elder Xie looked down at this person and asked lightly.

The question is similar to that of the first chess piece.

The second chess piece tremblingly told everything he knew.

But he knows more than the first pawn.

"Do you know the birthplace of the man behind you?"

Elder Xie asked indifferently after listening to the warriors in the formation.

But he was a little excited in his heart.

"Yes!"

"The younger generation knows where the Lord is inherited. It is a basic universe."

"Taking the Doudu universe as a reference, the coordinates are..."

The warriors in the formation did not conceal anything, and immediately told some of them in full.

"Why are you so frank?"

"The people behind you don't need to hide?"

Elder General Xie asked after sitting down.

"Return to senior."

"It's the junior master who made the juniors not need to hide."

"The master just wants to enter the Doudu universe to practice, but Su Lang pretends to be the master, the junior can be regarded as a messenger."

"As for whether what the younger generation said is true or not, seniors can tell at a glance."

The warrior in the formation looked at Elder Xie with a calm expression.

"Humph."

"I don't know who the pretender is."

"We formed an alliance with Daoist Su Lang on the front foot, and you jumped out on the back foot, and before that, it was under Emperor Xiu Yuzhou."

Elder Xie looked down at the warriors in the formation with disdain, waved lightly, "Come on, take it down and wait."

"Yes!"

The two guards of the five universes took their orders and escorted the warriors away from the formation. The latter was pale and obviously terrified.

Obviously he understood the meaning of these two words.

"This person is not lying."

"It also gave a specific coordinate."

"As long as I investigate, I can definitely find out something."

"Of course, the people behind these two chess pieces should have been found out to let me know."

"I'll tell His Royal Highness Xiuning about this matter before making a decision."

Elder Xie thought silently, after finding out that Su Lang and that person might be inheritors, he was not at all urgent.

Soon.

He took out the transmission treasure and informed His Royal Highness Xiuning of the interrogation result.

"Both Daoist Su Lang and that person might be inheritors?"

"This speculation is more in my mind and more reasonable."

"Send someone to check the coordinates."

After receiving the message, His Highness Xiu Ning quickly replied to Elder Xie.

After obtaining the order, Elder Xie immediately set off in person to investigate the basic universe at the same time.

In the real universe.

Yu Yangli had already left the crystal wall universe of Emperor Xiuyu Zhou.

The two sat facing each other in the void, and the latter looked pale and looked very weak.

"Ha ha."

"You said that I persisted soon, you seem to be faster than me!"

Yu Yangli looked at the somewhat collapsed Emperor Xiu Yuzhou, and said with disdain.

"Humph."

"That's because when I dealt with Su Lang before, I used a secret method and had sequelae!"

"Otherwise I will definitely hold on longer than you!"

Emperor Xiu Yuzhou glanced at Yu Yangli displeasably.

"Tsk tut."

"I was forced by that Su Lang to use a secret method, but I don't know such details."

"I didn't expect Su Lang to be so powerful."

Yu Yangli's expression moved, gradually becoming serious.

"Then Su Lang has a humanoid eternal soldier."

"This cosmic soldier is very terrifying, and can bring together the power of many eternal realm powerhouses."

"At that time, almost half of their feet entered the Eight Eternal Realm, and there were various Five Eternal Eternal Soldiers to help."

"Faced with such an enemy, I and all of my subordinates can only escape, but unfortunately only I escaped."

Emperor Xiu Yuzhou recalled the great battle not long ago, with a hint of resentment in his eyes.

In that battle, his subordinates were completely wiped out, and the great power vanished!

This is undoubtedly the greatest shame in his life!

[Chapter 2579: Yu Yangli and Xiuyu's plan](#)

"Humanoid eternal soldier!"

"Gather the power of multiple eternal powers to reach half a step and eight cosmic eternity?"

"Seven Universes and Eight Universes can't be compared at all, this weapon is so terrifying!?"

The seriousness on Yu Yangli's face turned into deep jealousy.

"It's really scary."

"However, the weapon itself is only the Five Universe and Eternal Realm."

"After carrying half of the eternal power of the Eight Universes, it is good not to break on the spot."

"The weapon is more mysterious than the ordinary eternal warrior, but it is definitely more difficult to repair."

"With the manpower of the Xiuning faction, I don't know how many billions of years can it be completely repaired."

Emperor Xiu Yuzhou analyzed, a sneer flashed in his eyes.

The best refiner of the Xiuning faction is Jing Zhi!

Now that Jing Zhi has fallen, the craftsman of the Xiuning faction, the strongest person with craftsmanship, is only eternal.

"That's it."

"As long as the humanoid soldier cannot be used."

"Otherwise, we may not add up enough for others to fight."

Yu Yangli nodded and slowly breathed a sigh of relief.

however.

They never expected it.

Su Lang has already repaired the Infinite!

Not only is it repaired, but it has also been upgraded to a higher level, becoming more powerful than before!

suddenly.

There is movement from the transmission treasure.

Yu Yangli's expression moved, he took out the transmission treasure to check, and he smiled immediately.

"what news?"

Emperor Xiu Yuzhou frowned and asked.

"My second chess piece was caught."

A scheming smile appeared on Yu Yangli's face.

"You deliberately?"

"It should be noted that you only have two Five Eternal Pawns in total."

Emperor Xiu Yuzhou squinted his eyes and asked.

"Of course."

Yu Yangli nodded, then shook his head, "If you don't pay anything, why should they believe me?"

"Then now, your plan is estimated to have been successful, right?"

Emperor Xiu Yuzhou asked with a smile on his face.

"Thanks to ten."

"Xuning's faction knows of my existence, and will definitely have suspicion and suspicion for Su Lang."

"They have just formed an alliance and don't even have time to sign a contract on the origin of the universe. The trust between them must be very low."

"Then Su Lang pretending to be my identity is a fake, and it will be revealed soon."

"At that time, the alliance between them will exist in name only."

Yu Yangli laughed, his eyes full of confidence.

"Well, you are right."

"Although Su Lang fought side by side with Xiu Ning and others, this is not enough for them to form an indestructible trust."

Emperor Xiu Yuzhou also nodded in agreement.

just.

The two couldn't think of it.

In the Xiuning faction, Xiuning and Elder Xie, who knew about this, were unwilling to believe that Su Lang was a villain.

Xiu Ning directly chose to believe in Su Lang.

Elder Xie also came up with a third possibility to rule out the possibility that Su Lang was malicious.

"now."

"Su Lang and Xiuning have a rift."

"Then how do you plan to go this next step?"

Emperor Xiu Yuzhou looked at Yu Yangli and asked with some excitement.

"Our ultimate goal is to capture the Doudu universe and even plan the Suiyou universe."

"So Su Lang's combat power cannot be lacking, he must fight against Suiyou Zhouyu."

"At present, the Xiu Ning group has distrusted him. My next step is to personally contact the Xiuyu group and form a secret alliance with the Xiu Ning group."

"Now Xiu Ning and Yi faction are definitely investigating me in secret, and will not tell Su Lang about me for the time being."

"This is a great opportunity for me and the Xiuning faction to contact privately!"

"After I form an alliance with Xiuning faction, Su Lang will become a **** in the dark."

"At the right time, I will unite Xiuning to pay him."

"After killing him, I will unite you again to kill the Xiuning faction!"

"Strategies are so simple, but they are certainly useful."

Yu Yangli raised his chin to Emperor Xiu Yuzhou, with a confident smile on his face.

"Haha, wonderful, wonderful."

Upon hearing this, Emperor Xiuyuzhou burst out laughing.

He knew when the right time Yu Yangli said was exactly.

After Suiyou Universe was defeated!

therefore.

They must also ensure that Doudu Universe can win.

[Chapter 2580: Bugs chicks, not enough](#)

if not.

All tactics will come to nothing.

They can only retreat and choose to venture into the third-party high-level universe, starting a new round of war in the universe, and fishing in troubled waters.

"Hehe, I am a little eagle-worm chicken, I don't have enough teeth, I don't have enough teeth."

Yu Yangli waved his hand humbly and said with a smile, "Next, I will go to meet the people of Xiuning School."

"It must be successful!"

Emperor Xiu Yuzhou nodded solemnly.

"It definitely will!"

Yu Yangli showed a confident smile, and immediately disappeared into the fluctuations of time and space.

"call....."

"Yu Yangli."

"If everything succeeds, and we are the only one left, that will be the day when you and I are enemies."

"I really don't want to get there."

Emperor Xiu Yuzhou looked at the place where Yu Yangli disappeared, and sighed in his heart.

If the plan is successful, the best result is to occupy Doudu and Suiyou at the same time, one for each.

But who occupies Doudu and who occupies Suiyou is another big question.

After all, Doudu Universe is a high-level universe that is about to come to an end, and its value is definitely far less than that of Suiyou Universe.

Soon.

Emperor Xiu Yuzhou shook his head, put aside the distracting thoughts in his mind, and didn't think too much.

after all.

Whether it will succeed or not is unknown.

They didn't know the intelligence of Suiyou Zhouyu, and no one knew how strong Suiyou Zhouyu was.

It was also when Yang Li and Xiuyu finished their discussions, when Yu Yangli began to act.

Doudu universe.

The Moon Tower in Ziyu Tiangong has stopped shaking for a while.

Su Lang entered the cultivation state again.

But in fact, he didn't care about anything at all. Both cultivation and martial arts took over systematically, and he himself lay there bored.

"It's really boring."

"By the way, as I said before, it can help Xiuning and the others upgrade their weapons, refine pills and formations."

"There's nothing to do anyway, just let them come over."

"Doudou Zhouyu and Suiyou Zhouyu don't know when they will fight, and there is nothing wrong with preparing early."

"Moreover, taking advantage of this wave of refining weapons and pills, I can earn a wave."

Su Lang sat up while he was thinking, and immediately took out the jade card of transmission to send a message to Xiuning.

The other side.

Xiu Ning quickly received Su Lang's message, and after reading it, she was delighted.

Su Lang unexpectedly invited all important members of Xiuning's faction to go to the opposite platform to promote weapons, refine pills and formations for everyone!

"This matter was mentioned by Daoist Su Lang before."

"He has a very high level of attainments in refining alchemy through refining tools and arrays!"

"Now, he wants to take action personally to promote our weapon!"

"Hehe, Daoist Su Lang is really good for me."

Her Royal Highness Xiu Ning was very happy, and she felt that her trust had received positive feedback!

It is extremely difficult to be promoted to the eternal soldier.

It was very, very difficult for the eternal Emperor.

So that an eternal emperor can basically only use weapons one or two levels lower than himself.

The promotion of an eternal soldier is extremely difficult.

However, it is hard to believe how much Su Lang has to pay for the promotion of weapons for all important members of the Xiuning faction.

Not to mention, Su Lang is not only talking about the promotion of weapons, but also the refining medicine and formation!

The sincerity and goodwill contained in it are even more difficult to measure.

"Thank you Daoist Su Lang!"

"Let's get in touch with important members!"

After being happy, Xiuning Palace immediately replied to Su Lang.

Immediately after.

She used the fastest speed to send the message to the hands of every core member.

"Ok?"

"Master Su Lang actually wants to wait for me to refine the alchemy formation and promote the weapon!"

"Hey, this is another kind of kindness that is hard to repay."

"Even if Master Su Lang is really not a successor, you don't need to care."

"He can treat us so heartily, how can I have a grudge against him?"

Elder Xie thought so, a trace of ashamed rose in his heart.

Originally he planned to investigate in person, but now he immediately decided to send a small character to investigate.

The other elder guardians didn't know about Yu Yang's chess pieces, so they were all pleasantly surprised.
