[Chapter 2581: It seems that His Highness Xiuning is very anxious](#)

They had seen Su Lang's weapons and medicine.

Regarding the formation, I also knew that the strongest group of formation mages in the Doudu universe were willing to bow down in front of Su Lang.

Since Su Lang said that he would promote weapons for them, refine the alchemy and refine the formation, he would definitely be able to do it!

The thought of weapons that he could not be promoted for many years will soon become stronger.

Thinking that I would immediately get the perfect pill that I cherished, and the extremely powerful formation.

How can they not be excited, how can they not be excited?

Soon.

It's crashing.

The core members of Xiuning faction came to Ziyu Tiangong.

This includes all elders and protectors, as well as most of the Five Eternal Realms.

They handed over the matters in their hands to their subordinates and put Su Lang's matters in the most important position.

"Old thanks!"

"Lao Zhong!"

"Haha, everyone is here!"

"Master Su Lang invites, how can you not come, hahaha!"

"If anyone doesn't come to the big good thing this day, it would be really stupid to get home!"

"Seniors, I have brought all the belongings with me. After upgrading the weapon, I will give the rest to Master Su Lang as a reward."

"Hey, the young man can be a human being, and the road is quite wide!"

"..."

Everyone talked, everyone's old face smiled like a blooming chrysanthemum.

at this time.

A Miaoman figure appeared in front of everyone, and it was His Royal Highness Xiuning.

"Meet Your Highness Xiuning!"

Everyone immediately stopped discussing and saluted.

"Why are you so late?"

His Royal Highness Xiuning glanced at everyone, "All follow."

Talking.

She flew directly towards the opposite platform.

"Hurry up!"

"hurry up!"

Elder Xie and the others looked at each other, secretly saying that we have come so fast, it is still too late! ?

It seems that His Highness Xiu Ning is very anxious!

Everyone immediately followed.

Because the platform is in Ziyu Tiangong.

After a few breaths, everyone followed Xiuning Hall to the outside of the opposite platform.

"The formation is removed!?"

"Last time, so many formations were clearly arranged."

"It's impossible to dismantle the array mages under my command so quickly, at least it will take thousands of years."

"Taoist Su Lang's formation skills are really too deep."

His Royal Highness Xiuning looked at the opposite platform that was not wrapped by the formation, his eyes fell on Su Lang, and various thoughts surged in his heart.

Simultaneously.

Su Lang was also looking at His Royal Highness Xiuning.

The last time Xiuning came to him, it seemed that something was going on, but he was working hard and didn't have time to see her.

This meeting is just right to ask.

at this time.

Su Lang and Xiuning glanced at each other and smiled.

Xiu Ning brought a group of elders, guardians, and the Five Eternity to Su Lang to meet, and Su Lang immediately returned the salute.

"I want to come here, you all understand the purpose of my calling everyone here."

"Pill refining, refining tools, refining formations, you can choose whatever you want, you bring your own materials."

Su Lang looked around at the crowd, a faint smile was drawn at the corner of his mouth.

"I've waited to thank Master Su Lang!"

"Master Su Lang's kindness, I will remember it all my life, but it's useful, I don't care if you command!"

"Friend Su Lang has the grace to save our lives, to calm the civil strife in Doudu, and in addition to the grace to teach exercises."

"The great kindness has not yet been repaid, and Daoist Su Lang must be troubled to make alchemy and refine formations. I am so ashamed!"

"..."

The eternal emperors all saluted and thanked them with excitement.

"You don't have to be polite."

"We are allies, we can give back to each other, allies who trust each other."

Su Lang smiled faintly, and said to Xiuning, "Now, let's start with His Royal Highness Xiuning, promote the weapon first?"

"Um...Um!"

His Royal Highness Xiu Ning was surprised and took out his weapon, a long sword that was crystal clear as ice.

This long sword was seen by Su Lang, and it was an eternal emperor of the five universes.

This sword appeared before when dealing with Xiuyu and the others with the Infinite.

But only as a backup weapon.

Later, Su Lang's Youtian Sword and Xianghuo Emperor soldiers showed their mighty power, and this long sword was useless.

"The little girl has seen Master Su Lang!"

The crystal long sword trembled suddenly, and a girl with bright eyes and white teeth emerged and saluted Su Lang.

She is the spirit of this sword, knowing that Su Lang is going to promote her, she is even more excited than Xiu Ning.

[Chapter 2582: Promoted to the Imperial Soldiers of the Six Universes](#)

"Ok."

Su Lang nodded slightly and looked at Xiuning, "His Royal Highness, please give me the weapons and prepared materials. The more materials, the better, regardless of the type."

This statement came out.

Everyone suddenly looked surprised.

what?

The more materials, the better, regardless of type?

Refining device is not cooking, how can it be done! ?

But it is difficult for everyone to express their doubts.

"I know your doubts."

"My promotion method is more wonderful. It can turn all treasures into a kind of promotion force and act on any item!"

Su Lang saw through everyone's thoughts and showed an unpredictable smile.

"what!?"

"There is this kind of promotion method!?"

"Unheard of, there are such wonderful methods in the endless universe!"

"But since it was said from the large population of Sulang, it naturally exists!"

"Not bad, I really want to open my eyes immediately!"

"..."

The eternal emperors whispered to each other, their faces full of wonder.

"Friend Su Lang, this is the material in the collection."

His Royal Highness Xiuning also took out all the materials he had stored at this time and handed them to Su Lang.

Immediately, a pair of beautiful eyes looked at him directly, full of expectation.

"I will not disappoint His Royal Highness Xiu Ning!"

Su Lang smiled and nodded, put the materials into the storage space, and then held the crystal long sword.

He glanced at the girl Qi Ling, who immediately understood and returned to his body.

Immediately after.

Under the gaze of His Royal Highness Xiuning and the eternal Emperor Zhou.

"System, start one-key enhanced function!"

With a thought, Su Lang issued instructions to the system.

One-click enhancement is the method he wants to use.

The level of the one-key refining function is currently not large enough, and it can only refine the Four Eternal Emperor Soldiers.

Accompanied by the order.

Countless materials disappeared, turned into mysterious power, poured into the crystal long sword!

boom! !

The breath of the crystal sword suddenly soared.

From the ordinary Five Eternal Realm to the level of the Six Eternal Realm in an instant!

The strong breath filled.

All the people present were speechless and dumbfounded!

The whole scene is like time has stopped, including Xiu Ning, all motionless, with a dull face.

Immediately after.

It was as if time was still being lifted, everyone looked at the people around them, making incredible sounds.

"Did you see that!?"

"Is it true, did my eyes break!?"

"Oh my god, an eternal emperor soldier of the five spheres can be instantly promoted to the eternal state of the six spheres!"

"I originally thought that Master Su Lang would spend a lot of time in the promotion of weapons. I never expected that he was promoted in an instant!"

"Unbelievable, it's unbelievable, the old man has lived for so long, I can't imagine such incredible things in the endless universe!"

"Friend Su Lang's method has surpassed my cognition, and I don't know what level of secret method it is!"

"In my opinion, I am afraid that the secret methods of the eternal level of the Nine Universes are very difficult to achieve!"

"It's incredible, my eyes burst just now!"

"..."

The eternal emperors were stunned and rumbling.

The aftermath of the uncontrollable force because of the excitement caused all sorts of phenomena around him.

"Su, fellow Taoist Su Lang!"

"Promoted so soon!?"

"What is your method! It's too exaggerated!"

His Royal Highness Xiuning took a step forward in shock, her voice trembling slightly.

"No need to ask."

"These two words are unclear."

Su Lang smiled and shook his head, and handed the crystal long sword back to His Highness Xiuning.

"Thank you Daoist Su Lang!"

His Royal Highness Xiuning caught the long sword with both hands, bowed in excitement and thanked him.

"Thank you Lord Su Lang!"

The young girl's spirit also revealed from her body, offering a big gift to Su Lang to thank her.

"You don't have to be polite, it's just a gesture of help."

"If you gather the materials again and come to me again, I can promote him to the level of the seven universes."

Su Lang smiled brilliantly at Xiu Ning, "Of course, the materials needed may be hundreds of times more!"

"If any material is fine, it shouldn't be a problem!"

His Royal Highness Xiuning nodded his head, his eyes were full of surprise and excitement.

"Ok."

"Then now, next one."

Su Lang smiled and nodded, and immediately looked at the others.

[Chapter 2583: The elders are ecstatic](#)

Su Lang's voice fell.

Everyone immediately looked at each other, and they all saw the heat in the other's eyes.

Almost everyone can't wait to step forward and promote their weapons.

It's just that everyone's status and status are different from Su Lang, so most people don't dare to move.

Looking at each other excitedly for three seconds.

Elder Xie stepped forward and came to Su Lang.

Elder Xie was originally called Xie Xuan. He raised his hands and feet in favor of the alliance with Su Lang from the very beginning, and he also fought with Jing Zhi.

"Xie Xuan has seen Fellow Su Lang!"

Xie Xuan bowed his hands to Su Lang with a sincere expression.

"Elder Xie doesn't need to be polite."

Su Lang smiled and stretched out his hand, "Please give me the weapon."

"It is good!"

Xie Xuan saw that Su Lang was so simple, and his feelings surged.

He immediately took out his weapons and presented most of the materials he had collected throughout his life.

In order to promote his weapon to the eternal level of the Six Universes, even if all his wealth was given to Su Lang, he would not blink.

It was only because he had to refine the alchemy and formations after a while, he left very few eternal grade materials.

"Ok."

"These materials are enough."

Su Lang accepted the materials provided by Xie Xuan and nodded with a smile.

Immediately after.

In the eyes of everyone.

Su Lang held Xie Xuan's weapon in his left hand.

Xie Xuan's weapon is an eternal long knife with a thick blade and sharp blade. It combines two characteristics in one, which is very good.

"System, start one-key enhanced function!"

While giving instructions, Su Lang pressed his right hand against the surface of the long knife.

Suddenly.

The system function is activated, and countless materials disappear, turning into mysterious power into the long knife.

Almost instantly.

The long knife trembled fiercely, and an uncontrollable and powerful aura burst out of his body, making the six Eternals present feel a deep chill!

I saw the second eternal emperor soldier of the Five Universes and was promoted to the Six Universes for a moment.

Everyone was not as stunned as the first time, but like a volcanic eruption, exclaiming fiercely.

"Promoted!"

"Elder Xie's weapon has been promoted to the Six Eternal Realm!"

"God, I didn't expect Master Su Lang to have promoted two Five Eternal Emperor Soldiers one after another!"

"Master Su Lang completed the promotion of the second weapon without resting. This is truly breathtaking!"

"..."

The eternal emperors talked with excitement, and their gazes towards Su Lang were full of admiration and admiration.

"Xie Xuan, Master Xie Su Lang, thank you Master Su Lang for helping me promote the weapon!"

Xie Xuan was also extremely excited and bowed to Su Lang, his eyes reddened with joy.

"Little Master Xie Sulang's support!"

Qi Ling immediately appeared, and he also bowed to Su Lang and thanked him respectfully.

"Don't be polite."

"Catch your weapon!"

Su Lang smiled and threw the Six Eternal Realm Long Knife to Xie Xuan without nostalgia.

"Thank you Lord Su Lang!"

Xie Xuan caught his weapon and thanked Su Lang again.

He seems to want to talk more and express his gratitude.

But considering that there are many people waiting behind, he returned to the original place, and then he kept stroking with the weapon, ecstatic.

Soon.

Elder Yu stepped forward, solemnly saluted, first took out a huge amount of materials, and then presented his weapon, a long bow.

"It's rare to use a bow as a weapon."

"Elder Yu must be very good at shooting."

Su Lang smiled and said a few words to Elder Yu, and then used the same method to promote his weapon.

Then it was Elder Zhong's turn to grow old.

The weapons of the two are guns and halberds, both of which are long weapons, so the two often exchange experiences and fight against each other!

quickly.

This spear and halberd were also promoted to the Six Eternal Realm by Su Lang, becoming more and more invincible.

Looking at the spears and halberds that were promoted to the Six Eternal Eternity in their hands, Elder Zhong and Cheng Chen wanted to fight almost instantly.

But in front of Su Lang, they were very restrained and decided to fight in a remote place where no one else was.

Next.

It was the turn of the guardians to step forward.

Minghua protector is naturally the first.

Su Lang's speed was so fast that after promoting Minghua and other guardians, he successively promoted all the guards.

[Chapter 2584: Let's wait and see](#)

Finally, it was finally the turn of those Five Eternal Warriors.

These warriors who can almost dominate a middle-level universe and dominate hundreds of natural universes are just little brothers here, and in front of Su Lang, they have become younger brothers.

The younger brothers saluted Su Lang respectfully one by one, and the attitude was so humble and humble.

Su Lang smiled and treated him equally.

In a short time, the weapons of the eternal powerhouses of the five universes were strengthened once.

These Five Eternal Warriors are generally wealthier than Pei Yuxiao.

Many people have four eternal weapons, and some have only three eternal weapons.

Su Lang all helped them raise their weapons to a small level.

Then these Five Eternals were grateful and couldn't wait to bend down and hug Su Lang's thigh.

Su Lang smiled faintly, waved, and drove them all back to their original positions.

then.

Including His Royal Highness Xiuning, everyone's eyes focused on Su Lang again.

"Weapon is almost promoted."

"Next, I plan to refine alchemy for everyone."

"But the formation method only refines the four eternal realms, and the eternal pill is only refined for the five eternal pill."

"The eternal realm pill that I have is not too many, nor is it too few. You can choose one and give me the materials."

Su Lang looked around at the crowd, turned his head to look at Xiuning, and threw out a piece of jade slip, "Let's start with His Royal Highness Xiuning, what kind of pill and formation does His Highness want?"

Everyone turned their eyes and looked at Xiuning and the jade slip.

The jade slip contained the pills and formations mastered by Master Su Lang, but I don't know how much he mastered?

at this time.

Xiu Ning probed into the jade slip with divine mind, his expression suddenly changed, revealing deep surprise.

Because there are too many formations and medicines recorded in the jade slips!

All kinds of formations, all kinds of pills, my Royal Highness Xiu Ning was dazzled!

It should be understood that Xiu Ning is a great power who rules half of the Doudu universe, and has very broad knowledge.

She is well aware of the difficulties of eternal realm alchemy and formation.

A general eternal realm alchemist, there are only more than ten or twenty kinds of eternal pill that can be refined, and the formation master is similar.

But in Su Lang's jade slip, there are hundreds of eternal realm medicines recorded!

There is a record of the pill that no one has ever seen in the Doudu universe.

Except for pill.

The four eternal formations recorded in the jade slips are also very many.

Maybe the entire Dou was added by all the eternal array wizards in the universe, and the four eternal arrays he mastered might not be comparable.

Seeing Xiuning glance at the jade slip, he stood there astonished.

All the eternal emperors suddenly understood that the things recorded in the jade slip were absolutely shocking and unbelievable!

"Even His Royal Highness Xiuning is so shocked, Master Su Lang's Array Dao Dan Dao is definitely not weaker than Qi Dao!"

"I know the formation, Master Su Lang's formation can crush all eternal formation mages in Doudu universe!"

"Master Su Lang's alchemy is sure to be the best, and no one can beat the Doudu universe!"

"We are so lucky to be able to form an alliance with Lord Su Lang!"

"Yes, if we hadn't made an alliance with Lord Su Lang, we would have missed a great opportunity that we would never encounter in this lifetime!"

"I don't know what eternal medicine Xiu Ning will choose?"

"Haha, let's wait and see!"

"..."

The eyes of the eternal emperors kept switching back and forth between the jade slip and Su Lang in the hands of His Royal Highness Xiuning.

Everyone couldn't help but communicate with people around him, exclaiming.

But they did not know.

Su Lang only learned so many pills and formations not long ago.

They were all learned from the classics of the alchemy array that were obtained by the eternal powerhouse of the eternal power of killing jade.

Su Lang has almost all the eternal realm pill in Doudu universe now.

Even if you don't master it, it doesn't matter.

At this time.

"Friend Su Lang."

"This is the pill and formation that I chose!"

His Royal Highness Xiu Ning selected the medicine and the formation, took a deep breath, portrayed a jade slip and handed it to Su Lang.

When submitting the jade slip, his eyes were filled with excitement and expectation.

"Well, let me Kangkang."

Su Lang smiled and nodded, took the jade slip, and dived into his spiritual thoughts.

[Chapter 2585: Alchemy and formation](#)

First reflected in the divine mind.

It is the elixir that can increase the speed of eternal warrior's cultivation, such as 'Zhanyou Refining Pill'.

The cultivation speed of the eternal warrior first depends on the foundation, that is, the number of crystal wall cells when they first enter the eternal realm.

If the number of crystal wall cells is not enough, it takes countless costs to condense the core of the universe, cut out more crystal wall cells, and pave the way for themselves.

If the number of crystal wall cells is sufficient, it will naturally go smoothly numerous times.

The second factor in the cultivation speed of the eternal warrior depends on the main cultivation technique.

However, the major exercise method generally only determines the upper limit of the realm, which has no major impact on the speed of perfecting the Crystal Wall Universe.

The third factor is the external environment.

That is, the flow rate of time in the universe.

The fourth factor is the pill that promotes practice.

When the origin of the universe is sufficient, using pills like Zhuanyou Refining Clear Pill can complete the perfection of the Crystal Wall universe faster.

The more elixir, the higher the efficiency of improvement!

As the current master of the Doudu universe, Xiu Ning had a lot of the origins of the universe to Su Lang, but he could still use it.

What she lacks now is this kind of medicine.

If the number of pills is sufficient, Xiuning is sure to step into the eternal realm of the eight cosmos.
at this time.

In addition to the pill, there are some formations in the jade slips depicted by Xiu Ning.

These formations are not very high-level, mainly because their effects are rather strange and rare.

It's like Su Lang's eternal level united formation based on the boundless virtual world.

A set of formations is only an eternal level.

However, it is possible to arrange an illusory world similar to the boundless imaginary world in the life universe, speeding up the development of the inner world.

The collision and fusion of the wisdom of countless creatures in the inner world will produce many new ideas.

This is also beneficial to the eternal strong.

Of course, the most direct gain is the power of humanity.

There is no eternal strong man who does not value the power of humanity!

"These pills are very simple."

"I will be able to refine it for you soon, wait a moment."

Su Lang holds the jade slip portrayed by Xiuning, and a confident smile is outlined at the corner of his mouth.

"Thanks to Fellow Su Lang."

Xiu Ning smiled happily, and gave Su Lang the alchemy materials and formation materials he had prepared, just a lot more.

As the Eternal Seven Universes, he is also the master of the Doudu universe.

Four Eternity and its lower levels of alchemy formation materials are naturally very complete.

Therefore, it fully meets the requirements of Su Lang.

Give the materials to Su Lang.

Xiu Ning looked at him directly, the expectation in her beautiful eyes getting stronger.

"Ok."

"I'm starting to refine alchemy."

Su Lang nodded, and gave instructions to the system in his heart, "Start one-key alchemy, one-key refining, one-key synthesis, one-key strengthening!"

All four system functions are activated.

"Ding! Alchemy is successful, you get Zhuanyou Alchemy Pill*5!"

"Ding! Successfully refining the formation, you will get the Eternal Formation of the Void God*1!"

"Ding! The synthesis is successful, you get..."

"Ding! Strengthened successfully,..."

System prompts keep appearing.

The materials in the storage space quickly turned into a large number of pills and formations!

Those medicinal medicinals have been upgraded to five-plane medicinal pill by one-click synthesis and strengthening functions, and the effect has increased dramatically!

It was also when Su Lang used the system function to refine the alchemy array.

His Royal Highness Xiuning, all the eternal emperors of the universe, watched Su Lang unmovingly.

Seeing that he didn't do anything, it was a little strange.

"Master Su Lang didn't start!?"

"Maybe it has already started, but I can't see it later."

"Master Su Lang's methods are beyond my expectation. We just need to wait quietly."

"Yes, Lord Su Lang never disappoints!"n-(0V**EL**1n

"..."

The eternal emperors saw Su Lang motionless, but they did not doubt his alchemy attainments.
of course.

They also don't think they will see results soon.

So everyone is ready to wait patiently.

But at this moment.

"It's refined."

"His Royal Highness Xiuning, this is the pill and formation you want."

Su Lang suddenly spoke, and took out a large amount of pills and formations, and sent them to Xiuning.

Such a scene.

Suddenly, all the people present were dumbfounded.

[Chapter 2586: The reverence of all eternal power](#)

"What? Is this done?"

"It seems that I just took a breath? How could it be so fast!?"

"Could it be refined in the universe of life? Using the Avenue of Time to accelerate time?"

But isn't it necessary to devote yourself wholeheartedly in alchemy, especially when refining eternal realm pill, Master Su Lang has spare time to display the path of time? "

"The key is that Master Su Lang has also refined the formation at the same time!"

"Oh my god, you see, they are all eternal level medicines of the Five Universes, and they are all of perfect quality!"

"Hiss, the eternal pill of perfect quality, this is the first time I have seen it!!"

"I've seen it. Last time I was lucky enough to take the perfect eternal pill given by Daoist Su Lang during the war.

At that time I thought he got it from the inheritance at that time, but now it seems that he refined it himself! "

"I know Master Su Lang's alchemy attainments must be terrifying, but I never expected it to be so terrifying!"

"This is completely beyond my imagination. I am really eye-opening today!"

"..."

Including His Royal Highness Xiuning, everyone was shocked.

So far.

The three attainments of Su Lang's pill formation have exceeded the cognition of everyone present.

In the opinion of Xiu Ning and others.

Su Lang's three attainments in the pill array, I am afraid that only the top universe can be contended!

"Uh."

"His Royal Highness, please accept the pill and formation."

Seeing Xiuning's shock, Su Lang reminded him.

"Good, good."

His Royal Highness Xiu Ning returned to his senses slightly, and immediately took those pills and arrays into his hands, cherishing and placing them in the universe of life.

Immediately, she saluted Su Lang very gratefully.

There was also a hint of admiration and respect in his eyes.

Su Lang smiled at her, then turned to look at Elder Xie.

The latter hurriedly stepped forward, unexpectedly giving people a feeling of pitifulness, and all the eternal emperors felt that they were dazzled.

"This is the catalog of jade slips."

His Royal Highness Xiuning threw the jade slip in his hand to Elder Xie.

"hiss!!"

"You actually have so many eternal pills and formations!"

Elder Xie looked at the jade slip with far more pills and formations than he had imagined, and couldn't help taking a breath.

When the other eternal emperors saw this scene, they also looked at each other, staring at each other and secretly marveling.

His Royal Highness Xiuning and Elder Xie were shocked by the jade slips.

I want to come to Master Su Lang's alchemy and formation skills, I am afraid it is even more powerful than imagined!

Next.

Su Lang refined the pill and formation for Elder Xie.

Immediately he gave the rest of the people alchemy and formation.

Every eternal emperor will give a lot of materials!

These materials are completely beyond what is needed for alchemy and array refining, plus the function of alchemy and array refining would have saved a lot of materials.

So all the extra will belong to Su Lang.

quickly.

Everyone present got the medicine and formation that they wanted.

One by one, his fingers trembled with excitement, his face was full of excitement and excitement.

Su Lang is even more respectful.

It was also when Su Lang made alchemy for Xiuning and others.

An eternal warrior named Xu Hu appeared in a remote grassroots natural universe.

Xu Hu was sent by Elder Xie.

Responsible for investigating the clues given by Yu Yangli's two chess pieces.

The information obtained from the previous interrogation, this person has already known part of it through Elder Xie.

"Suspected another inheritor similar to Master Su Lang?"

"Moreover, this suspected inheritor seems to have malicious intent towards Master Su Lang and provoke the relationship between our Xiuning faction and Master Su Lang!"

"Hmph, how can there be so many inheritors in the world!"

"Besides, this sneaky guy didn't come out before, but it just came out after Emperor Xiu Yuzhou's defeat, he must have a ghost!"

"..."

Xu Wu emerged from the fluctuations of time and space, and thoughts flashed in his mind.

The Xiuning faction has been at a disadvantage in the struggle with the Xiuyu faction.

But with Su Lang's help, the Xiu Ning faction had almost no loss, and they defeated the Xiuyu faction and unified the universe.

Xu Hu also received a lot of benefits, and he naturally defended Su Lang from the heart.

[Chapter 2587: The shame of Yu Yangli](#)

He knew that Elder Xie must also think so.

Otherwise, Elder Xie won't come personally, let the law protector investigate the matter.

How could you send him to this Four Eternal Realm?

"I want to see what this shameless guy looks like!"

Xu Hu sneered in his heart, and immediately began to explore his surroundings.

at this time.

A figure suddenly appeared in front of him without warning.

This person has a very good skin, a deep cultivation base, and an extremely vast aura. It is precisely Yu Yangli.

"who!"

"Seven, Seven Eternal Realm!?"

Xu Hu was horrified, cold sweat broke out on his forehead, only to feel that his life and death had been in the hands of the person in front of him.

"Who are you?"

Yu Yangli frowned deeply looking at the eternal martial artist in front of him.

Only he himself knew about his universe before, and now there is an additional Xie Xuan.

But how come the four universes are eternal?

Xie Xuan treats him so contemptuously? This has reached the point of humiliating people!

Thought of this.

In Yu Yang's renunciation, a strong humiliation and anger could not help rise.

I almost wished to immediately pinch the ant-like eternal warrior of the four universes to death!

But he didn't.

Because he wanted to provoke the relationship between Xiuning faction and Su Lang, and secretly form an alliance with Xiuning faction.

"This lord."

"The younger one is Xu Hu, under the command of Elder Xie Xuan, the elder of Doudu Universe, Qizhou Eternal!"

It is not the first time that Xu Hu has dealt with Qizhou Eternal.

He calmed down quickly, saluted Yu Yangli, and reported his identity.

He understands that the other party's initiative to contact Elder Xie in disguise will definitely not ruin the relationship rashly.

Therefore, the opponent should not kill him!

"Xu Hu."

"Why did Xie Xuan send you the Four Eternal Realm over here?"

Yu Yangli's eyes were cold, and his tone was like a cold wind, lingering and scraping, making people stand upside down.

"grown ups."

"The little one doesn't know, only that Elder Xie has important things to deal with."

Xu Hu held his mind and said respectfully.

important things?

What is more important than me?

Yu Yang's anger rose in the midst of his centrifugation, but he did not show it, his face was cold.

"That's it."

Yu Yangli's voice was indifferent, "When Elder Xie has time, I can wait for him."

"This."

"Elder Xie entrusts this matter to the junior."

"His old man specifically explained that he wanted the little one to bring back information that satisfies him."

"Otherwise...otherwise the younger one won't have to go back."

Xu Hu couldn't help but squeeze a cold sweat for himself when he said this.

What he faces is the Eternal Seven Universes, he can be killed by a finger!

But Elder Xie was really disappointed about this matter, and even was very dissatisfied with the people behind the scenes, and it was true to his account.

"what!?"

"Then Xie Xuan, dare to be so scornful to me!"

"I came here personally, but he only sent one eternal warrior of the Four Universes, and he planned to use this ant to negotiate with me!?"

"A shameful shame, this is a shameful shame! This ant, I will smash his corpse into thousands of pieces!"

"No, I have to calm down and I can't kill this person, otherwise all plans will most likely fall through!"

"Damn it, I have to endure such humiliation. When I kill the Xiuning faction in the future, I will make Xie Xuan pay the price!"

"..."

Yu Yang snarled in resentment, still cold on the surface, no change.

He pondered for a moment.

"I know."

"In this case, I will show some sincerity first to let you know that I am the real inheritor."

Yu Yangli's emotionless voice sounded.

Soon.

He grabbed Xu Hu and sank into the fluctuations of time and space.

When it appears again.

Yu Yangli had brought Xu Hu into a star field.

There is no life in this star field.

Because there are six terrifying powers permeating here, making any existence below the eternal realm unable to survive.

"This star field is where my master left and inherited."

"The inheritance has been taken away by me with the help of the protector, but there is still a lot of mystery left."

"Take some of these profound meanings. Xie Xuan knows what level of inheritance it is."

"At that time, he will understand that Su Lang is just a fake!"

Yu Yangli's voice was cold, and six peculiar powers were absorbed in the wave of his hand, which was integrated into Xu Hu's body.

[Chapter 2588: Angry Yu Yangli](#)

These six peculiar powers.

The six inheritances from Emperor Gujun Zhou are the Six Secrets of Gujun.

What Emperor Xiuyu Zhou got from Yu Yangli was only the third of the Six Secrets, which were called Secret of Calling Words, Secret of Stealing Words, and Secret of Forging Words.

Except for the other three secrets, they are Zhen Zi Mi, Dan Zi Mi and Yan Zi Mi.

Three pill formations.

Occupying three of them is an area where Emperor Gujun Zhou is very proud.

His attainments in the three realms are unpredictable.

Therefore, it can be summarized as the third of his six major inheritances.

Inherited by Yu Yangli, he regarded it as the three mysteries of the world's strongest alchemy array, proud of it, and despised all the other alchemy array masters and weapon masters.

Yu Yangli believed deeply.

As long as Xie Xuan, Xiuning and others looked at the incomplete profound meaning, they could see the tip of the iceberg in his inheritance.

Then they will clearly realize that Su Lang is a counterfeit, not an inheritor.

It was an old monster who relied on time to slowly reach the present day, except for the cultivation base, everything was mediocre.

At the same time, he will realize that Yu Yangli is the real inheritor, and Su Lang has a ghost.

To choose one of trust between the two, he will inevitably choose Yu Yangli.

in this way.

The plan will proceed smoothly...

At this moment.

Xu Hu received a trace of the six major inheritances.

He immediately got a glimpse of mystery from it, and he was shocked and stood sluggishly.

He greedily comprehend those mysteries, as if the dry and cracked earth encountered long-lost rain.

"Ha ha."

"The mere ants dare to covet the inheritance of the deity."

"Sooner or later, I will let you taste the most painful taste in the endless universe."

Yu Yang thought in his centrifugation, a vaguely murderous intent appeared, but he did not say what was in his heart, and even his expression did not change.

He waited for Xu Hu to appreciate some profound and profound inheritance before he spoke.

"Xu Hu."

"This inheritance has always been a secret that has not been passed on, even if it is just a trace of mystery."

"But you are lucky, I won't care about you too much."

"It's just that you understand these inheritances, and you should understand that I am the mighty inheritor."

Yu Yangli looked at Xu Hu indifferently, and interrupted Xu Hu coldly.

"Yes, my lord!"

"After reading these inheritances, I know how shallow I am!"

"Your inheritance is absolutely unparalleled in the world, no, there is no one of the same level in the universe!"

Xu Hu returned to his senses and saluted respectfully.

However, in his words there is only the respect for inheritance, and there is no mention of Yu Yangli's identity.

Obviously.

Xu Hu was not overwhelmed by these inheritances, and immediately regarded Su Lang, who had great favor with Xiuning, as a counterfeit and a foe with ghosts.

"..."

Yu Yangli's eyes narrowed, revealing a deep chill!

Xu Hu trembled all over and lowered his head. He only felt that he was jumping horizontally at Guimen Pass, and he might be finished at any time.

He regretted it a little bit.

But Xu Hu knew in his heart that Yu Yangli would not kill him!

"You must truthfully report Xie Xuan after you return."

"I will let people wait here for your news."

"go away!!!"

When Yu Yangli saw Xu Hu's confessional appearance, it took a long time to suppress the urge to kill, and he drew coldly.

"Small, get out of here!"

Xu Hu bowed his hand and immediately unfolded the power of time and space, and the barriers of the natural universe disappeared.

"Damn idiot!"

"I have seen the six great heritages, but I still stick to my previous knowledge!"

"If you don't want to hate the relationship, the deity will kill you on the spot!"

"..."

Yu Yang's blue veins violently jumped away from his forehead, and strong anger and killing intent rose in his eyes, almost gushing out.

He cursed a few words in angrily.

He just opened the avenue of time and space, shuttled through the universe one by one, and returned to the real universe.

Taking a breath in the bottom universe is a great loss for Yang Li.

This time I went to the bottom of the universe in person but didn't see Xie Xuan. The other party only sent ant-like characters.

The key is that Xu Hu is still confident, not humble and respectful at all.

This can't help him not be furious.

Traveling all the way, passing through natural universes, Yu Yangli soon arrived at the Jizhen universe.

[Chapter 2589: There is also a seventh secret in the inheritance of Gu Jun](#)

"Friend Yu, how?"

"Then Xie Xuan understands that Su Lang is a fake?"

When Emperor Xiu Yuzhou saw Yu Yangli, he immediately asked.

Finished asking.

Only then did he see that Yu Yangli was very upset, and his body was filled with indispensable anger.

Suddenly, the emperor Xiu Zhou's heart was stunned!

"I didn't see Xie Xuan."

"Xuning's party didn't pay enough attention to me, and only sent a Four Eternal Eternity here. This is simply a shame!"

"..."

Yu Yangli took a deep breath and slowly explained the ins and outs of the matter.

"It's hateful!"

"I don't know what Xie Xuan and the others think!"

"Then Su Lang Miscellaneous help them unify the cosmos. They still don't know what they are making. They still don't understand it!"

"Father Yu Yangli is relieved of his anger. This time I only blame Xiu Ning and Xie Xuan for their stupidity!"

"..."

Emperor Xiu Yuzhou looked like the enemy, and while insulting Su Lang and Xiuning faction, he comforted Yangli.

"Ok....."

Yu Yangli looked slightly awkward and nodded slightly.

"Next, what does Fellow Daoist plan to do?"

The thoughts flowed in the heart of Emperor Xiu Yuzhou, and he asked actively.

"I left my subordinates over there."

"If Xie Xuan doesn't come, I won't appear."

"I want to see if they can sit still after seeing the inheritance!"

Yu Yangli raised his chin proudly and said coldly.

"Haha."

"Then they must be unable to sit still!"

"The Sixth Secret of Solitary Jun, just the third secret is so good, even I am amazed."

"In other words, when will Fellow Daoist enlighten me on the remaining Third Secret?"

The eyes of Emperor Xiuyu Zhou burst into light.

He knew that all of Yu Yangli's inheritance was the Six Secrets of Solitary Jun. Calling, stealing, and forging were just the third secrets.

"Humph."

"The Third Secret I gave you, among which the Secret of Calling Words and the Secret of Stealing Words are the most valuable inheritance."

"The value of Forging Word Secret is also very high. In time, you will be able to recast the Eternal Universe Soldier, and it is far stronger than the previous weapons!"

Yu Yangli frowned and snorted, and said very dissatisfied.

"Haha, too."

"Unfortunately, all my eternal soldiers were destroyed by Su Lang in that battle."

"That **** chop, I will tear him up by myself one day!"

When Emperor Xiu Yuzhou thought of the weapon he destroyed when he fled, his mouth twitched in distress!

"That Su Lang is definitely an old monster who has lived for countless billions of years."

"On your own, it is impossible to deal with him. We must join forces to kill him."

"Finally, you can tear his arm or thigh with your own hands. It's pretty good."

Yu Yangli glanced at Emperor Xiuyu Zhou and hummed.

"call."

"To this day, after listening to your analysis, I understand it."

"That Su Lang is a monster with a stronger cultivation base than me, and he could escape from me silently at that time."

"In the subsequent battle, it is estimated that he also hid his strength and used the power of Xiuning and others and weapons."

"But that humanoid eternal weapon can't withstand too strong power, and he doesn't want to expose his power, so I can escape successfully."

Emperor Xiu Yuzhou said slowly, his brows gradually frowned.

"Don't worry too much."

"No matter how strong Su Lang is, he won't be able to easily crush me."

"Otherwise, there is no need to pretend to be my inheritor and engage in these moths."

As Yu Yangli spoke, a touch of confidence rose in his eyes.

"It makes sense."

"By the way, that Gujun Sixth Secret, what is the last third secret?"

Emperor Xiu Yuzhou mentioned the Six Secrets of Gujun again, and said with a smile, "I'm just curious and want to know a little about it."

"..."

"Also, let me tell you."

"The remaining three secrets are Dan Zi Mi, Zhen Zi Mi, and Jian Zi Mi."

"As the name suggests, you should be able to think of their characteristics."

Yu Yangli said indifferently, but only he knew that there was still a seventh secret in the Gujun inheritance!

The six remaining mysteries of the inheritance in the bottom universe were all arranged by him.

With this kind of cherished inheritance, how could he allow the remnants of mystery to stay in a bottom universe for tens of billions of years?

As early as the beginning, Yu Yangli cleaned it up.

Let's talk about the seventh secret.

After so many years, he himself has only reached the level of semi-introductory, not really an introductory.

This seventh secret was really terrible, he didn't even want to reveal his name.

[Chapter 2590: Just in these few days](#)

"Pan word secret, formation word secret, and sword word secret!"

Emperor Xiu Yuzhou smiled and nodded, "It turns out that it is the inheritance of alchemy, formation and kendo."

These three inheritances are definitely strong.

Especially the sword word secret, it must be an extremely terrifying attack and kill technique.

But he intuitively felt that these three inheritances were not as good as the secret of calling the word and the secret of the word stealing.

"Ok."

"After you and I cooperate more deeply."

"These Third Secrets, I can't exchange them with you, as long as you give a certain price."

Yu Yangli nodded slightly and glanced at Emperor Xiuyu Zhou.

"I have some exercises from Su Lang."

"These exercises are very good, they are definitely the kind at the bottom of his box."

Emperor Xiu Yuzhou said with a smile, "Should we have another happy transaction now?"

"Let's talk about it later."

Yu Yang flickered in his eyes and said lightly.

"Then talk about it later."

Emperor Xiu Yuzhou smiled, "I won't let you down anyway."

Yu Yangli stopped paying attention to him, took out a piece of the origin of the universe, and continued to perfect his own crystal wall world.

at the same time.

Fight in the universe.

After Su Lang refined the pill and formation for the eternal emperors, everyone respectfully resigned and left.

The Doudu universe has just been unified, and they still have a lot to do.

On the contrary, His Highness Xiuning hesitated for a moment, did not leave immediately, and stayed on the excuse of exchanging experience.

On the platform.

Su Lang maintained the state of absorbing the energy of the universe.

The cosmic energy in all directions turned into a terrifying torrent of energy, pouring into his body.

His Royal Highness Xiuning placed a jade futon opposite him, sat cross-legged on it, looking at him.

"For those exercises, how has Your Royal Highness Xiu Ning's enlightenment recently?"

Su Lang looked at the beautiful His Royal Highness who was close at hand with a deep chest, and asked with a smile.

"The eighty-one exercises are fully resistant to the empowerment of Daoist Su Lang, and you can directly master it."

"Now, Xia has completely integrated it!"

"All those exercises surpass the rest of the exercises that have been studied for countless years."

"The initiation method of Daoist Su Lang is really incredible."

"Every time I think about it, I feel like a dream."

The underside of Xiuning Hall was exclaimed, and the light in his eyes said with radiance.

"Haha."

Su Lang laughed, "If there is a chance, I can infuse His Highness once or more times."

"No, no."

"The little girl has already received endless benefits, how dare she be so brazen."

"How is Daoist Su Lang's practice with those exercises?"

His Royal Highness Xiu Ning waved his hand in embarrassment and said immediately.

She knew that Su Lang's aptitude was incomparably against the sky, and she had completely mastered the cultivation technique "Zhou Long Xuanxin" almost instantly.

But the main practice and the rest of the secrets are two different types of secrets.

and so.

His Royal Highness Xiu Ning thought that Su Lang would probably not learn it all at once like practicing "Zhou Long Xuanxin".

"Gong law?"

"The exercises given by His Highness are profound!"

"It's been so many days before I cultivated "Broken Yu Tianpan Seal" to the founder level."

Su Lang's expression moved and said with a smile.

"Oh, oh, ah!? What!?"

"You have already cultivated "Broken Yu Tianpan Yin" to the founder level!?"

"Yes, just in these few days!?"

His Royal Highness Xiu Ning nodded his head with a normal expression, and then suddenly changed his color, staring at Su Lang dumbfounded!

These days...I have practiced an eternal realm technique from scratch to the level of the founder! ?
day!

Shouldn't the time to practice eternal exercises be measured in billions of years! ?

"Well, just these few days."

"I basically didn't move the other exercises."

"Now I am practicing a book of "The Secret of Death Without Life", and I haven't finished it yet."

Su Lang smiled lightly, then lowered his head slightly after speaking.

"..."

"It really took a few days to practice an eternal realm technique, and I have also practiced to the level of the founder!"

"This, this, it turns out that the major exercises and other exercises are similar in his eyes, and they can be practiced while talking and laughing."

His Royal Highness Xiu Ning thought blankly, suddenly found something, and exclaimed:

"Su Lang, you said you were practicing "The Secret of Death Without Life"!?"
