[Chapter 2591: How about I teach you](#)

There is the secret of death and no life.

It can explode a hundredfold combat power at the cost of complete death and never recover!

Because of this.

This exercise has long been divided into "The Secret of Death and Later Life" and "The Secret of Life Without Life".

Even Xiu Ning only knows that these two exercises were born out of "The Secret of Death Without Life".

But I don't know how to merge the two exercises to restore the secret of death or life.

same.

The same goes for Emperor Xiuyu Zhou.

and so.

Su Lang took out "The Secret of Death but No Life", which shocked His Highness Xiuning.

"Friend Su Lang, you, how did you get "The Secret of Death Without Life"!?"

His Royal Highness Xiuning stared at Su Lang blankly, and the questioning voice trembled slightly.

"It is to combine the two exercises into one."

"Well, there are some difficulties, but overall it is simple."

Su Lang smiled naturally.

His Royal Highness Xiuning sat on the futon, almost turned into a statue.

Her current mood is probably like a junior high school student sitting in a university class.

The teacher above pointed to the calculus problem and said that this problem is a bit difficult, but it is actually very simple.

"It's really not that hard."

"How about I teach you?"

Seeing Xiuning dull, Su Lang asked tentatively.

"No, no."

"I can't learn..."

Junior high school student Xiuning shook his head blankly at Teacher Su Lang.

"Ok."

"Then I will give you the secret of death and no life."

"This technique originally belonged to Emperor Zhou, but now it can be regarded as returning to the original owner."

Su Lang smiled, and immediately took out a black treasure that was covered with spikes.

This is a concrete object of the mystery of "The Secret of Death Without Life", not the original exercise.

But it looks very similar to the exercises.

and so.

At first glance, His Highness Xiu Ning recognized it as the original technique, and his heart jumped fiercely.

At the second glance, he recognized that it was not the original exercise.

But even so, she was very shocked.

"His Royal Highness Xiuning, please accept it."

Su Lang handed the thorny treasure to Xiuning.

"it is good."

With gratitude in his eyes, His Highness Xiu Ning caught the treasure handed by Su Lang and took back the universe of life.

But this exercise is too domineering, she will not be able to make up her mind to practice for a while.

At this time.

Suddenly she looked stagnant, and then looked at Su Lang blankly: "Daoist Su Lang, you said, you are already practicing the secret of death and life?"

"Yes."

Su Lang nodded slightly, "This technique is pretty good, it can explode a hundred times the power!"

"but!"

"But the side effects of this technique are really terrible!"

"Once you use it, you will definitely die!"

"Why don't you think Fellow Su Lang should revise "The Secret of Death and Later Life" and "The Secret of Life Without Life"?"

"Although the effects of these two exercises are much weaker, the side effects are also much weaker!"

His Royal Highness Xiuning said a little excitedly.

"Nothing!"

"If you encounter a mortal situation, with this secret technique, you can also make the enemy suffer a big loss?"

"Maybe I can have a jade fragment with the enemy."

Su Lang smiled and shook his head. He didn't say that he had fifty-five lives, and he refreshed every half an hour.

"Ok....."

"Friend Su Lang is right."

"It's the little girl who is so cowardly, she was shocked by the sequelae of this technique."

After hearing Su Lang's explanation, His Highness Xiu Ning felt reasonable, so he decided to practice.

"This exercise is more difficult to practice."

"It's better to wait for your Royal Highness Xiuning to finish my training, and then you can practice again. I can take you with me when that happens."

"Now you should focus on cultivation and improve your Crystal Wall Universe."

Su Lang smiled and shook his head.

Anyway, in the future, Xiuning will be infused with exercises or something.

It is enough to infuse her at that time, and she does not need to waste time practicing now.

"okay."

Xiuning thought for a while and nodded obediently.

Suddenly she felt like she was back in her childhood, with the guidance of a famous teacher in her practice, and she could do great things in a single day.

She hasn't tasted this feeling for many years.

In Doudu Universe, she was one of the people with the highest cultivation base, and no one could give her any guidance.

now.

Someone who can point her to her appeared, called Su Lang!

It was also when Su Lang and His Royal Highness Xiu Ning had a one-to-one exchange on the platform.

[Chapter 2592: Xu Hu See Xie Xuan](#)

Doudu universe somewhere in the abyss.

A figure emerged in a time and space fluctuation, it was Xu Hu.

"finally came back!"

"Report the news to Elder Xie Xuan."

Xu Hu turned and flew towards the bottom of the abyss.

He passed through the icy cave, through the magma sea, and came to an underground space full of endless pressure.

This is where Xie Xuan resides.

As soon as he entered here, Xu Hu heard bursts of laughter echoing in this space.

It was Xie Xuan's laughter.

The voice was full of excitement, called ecstasy.

"What's wrong with Elder Xie?"

"To be so happy, almost gaffes!"

"This is really rare. I don't know what good things happened to Elder Xie?"

"..."

Xu Hu was shocked in his heart, then flew forward, fell in front of a group of palaces, and encountered two guards.

The two guards also looked into the depths of the palace group in a shock, wondering why Elder Xie was so abnormal.

Xu Hu stepped forward and showed the waist card given by Xie Xuan and entered the palace smoothly.
on the way.

He met an eternal warrior of the five universes.

The Five Universe Eternity also smiled, with a grin at the corner of his mouth.

"Senior Mou, why are you so happy?"

"Also, Elder Xie, is he going to make a breakthrough?"

Xu Hu was very surprised to salute the eternal emperor Na Mou and asked.

"Xu Hu, it's your kid."

"It's okay to tell you. Today, the old members of our Xiuning faction who are more than five cosmic eternity have received the gift of Master Su Lang and his old man!"

"Master Su Lang is gentle and approachable. If you want to come, you will also be able to take care of you. Look forward to it!"

Eternal Emperor Mu patted Xu Hu on the shoulder to speak, his wild smile remained unchanged.

"what!!!"

"Bonus of Master Su Lang!!"

"I don't know what gift it is that makes Elder Xie so ecstatic!"

Xu Hu was very surprised, but he was very polite and did not find out what the gift was.

After bidding farewell to the emperor of the eternal surname of Mou, he headed briskly to the hall where Xie Xuan was.

Elder Xie is so happy.

He was naturally very happy.

quickly.

Xu Hu came outside a hall.

"Haha, hehe!"

"It's great, great!"

"Master Su Lang is really a nobleman of my Xiuning school!"

"..."

Standing in the hall, Xie Xuan couldn't help but let out a giggle of laughter.

Suspended in front of him were six eternal long swords, a large number of eternal level perfect pills, and many eternal level perfect formations.

It feels like Xu Hu is outside the hall.

Xie Xuancai reluctantly took the treasure in front of him back to Life Universe, but the smile on his face was still hard to conceal, and it was a bit exaggerated!

"Come in, little tiger!"

Xie Xuan turned his back to the door and faintly shouted.

But his 'faint' voice was actually louder than usual.

"Yes! Elder!"

Xu Hu was a little confused, and Xie Xuan called him Xiaohuzi. What a close name this is.

He came into the hall and saw Xie Xuan's back and head.

Xie Xuan did not turn around.

He didn't want to be seen by Xu Hu's smile that he couldn't help, that would damage his image.

Xu Hu, of course, did not dare to check Xie Xuan with his spiritual thoughts, and when he entered the hall, he bowed and held his fists.

There was a long silence in the hall.

Xie Xuan can manage his emotions well.

"Sent you to investigate the bottom universe, can you have news?"

Xie Xuan asked faintly, still not turning around.

"Have!"

"There is big news!"

Xu Hu raised his head and said respectfully, "There is actually a Seven Eternal Power in the bottom universe!"

This statement came out.

Xie Xuan was obviously stunned.

Soon.

"Seven Eternity!"

"That guy turned out to be a Seven Universe Eternal!"

"But it is also reasonable. After all, he can personally control two Five Eternal Realm martial artists."

Xie Xuan said lightly, "What happened after seeing that person, please elaborate."

"Yes!"

"When the little one saw that person, that person was obviously a little angry."

"Because the small cultivation base is too weak, there is no qualification to talk to him at all."

"But he still held back his anger."

"later....."

Xu Hu has no details, and will talk about everything after he saw Yu Yang.

[Chapter 2593: It's far worse than Master Su Lang](#)

quickly.

Xie Xuan listened to the whole process of Xu Hu's meeting with Yu Yangli.

"That person didn't do anything to you, he wanted to come up with another plan."

"According to what he did, he wanted us to have a suspicion against Daoist Su Lang and build a good relationship with us."

"Hmph, it's really a dream to want to provoke our relationship with Master Su Lang!"

Xie Xuan backed his hands, narrowed his eyes, revealing a hint of irony, and immediately waved his hand, "Xu Hu, you said he gave you the remnants of the six inheritance?"

"Yes, the elder!"

"The remnants of the inheritance of the six paths are on the subordinates, and the subordinates will be released."

Xu Hu nodded, and immediately cast a spell to release the remaining heritage, forming six translucent twisted smoke.

He himself is just a carrier.

Yu Yangli did not incorporate the legacy of the legacy into his body.

"Is it the six ways of inheriting the leftovers?"

"Don't say anything else, just the three inheritance of the pill formation, I want to see if it can compare with Master Su Lang's attainments!"

As Xie Xuan said, he carefully checked the remaining six inheritances, and after confirming that there were no problems, he waved his hand and took it into the Sea of Consciousness.

Rumble!

The inheritance of the six paths remained in Xie Xuan's sea of knowledge, forming a torrent of upright and spreading.

Suddenly.

Xie Xuan's face moved, a flash of surprise flashed in his eyes, but a trace of disdain soon appeared.

"My elder, how is this inheritance?"

Xu Hu asked cautiously. In his opinion, the inheritance was naturally extremely terrifying, but his pattern was too low, his knowledge was not deep, and he did not dare to judge himself.

"Inheritance is indeed excellent."

"Even better than the inheritance left by our Majesty Dou Xiu."

"However, the three inheritance of the pill formation is far worse than Master Su Lang!"

Xie Xuan nodded slightly, then shook his head and smiled.

"what!?"

"The little one dares to ask, that person's three-path inheritance of the pill formation should be the Nine Eternal Realm."

"But even so, it cannot be compared with Master Su Lang, so what level of inheritance should Master Su Lang be!?"

Xu Hu raised his head in horror and asked in disbelief.

He has personally experienced the remnants of inheritance, and he has an extremely deep impression in his heart.

Even if his **** is on Su Lang's side, the fact that the three ways of the pill formation are very powerful is a fact of iron.

"I don't know the level of Master Su Lang's inheritance."

"But I can be sure that these three inheritances are completely inferior to Master Su Lang's inheritance of the pill formation."

"Do you know why I was so happy before that I was a little gaffe?"

Xie Xuan looked straight, showing a touch of reverence, and asked Xu Hu faintly.

"This, the little one doesn't know!"

Xu Hu was very shocked. Xie Xuan was so sure that the three inheritances were inferior to Su Lang. Then this must be a fact!

"Master Su Lang has been promoted to Eternal Zhou Bing for me!"

"Promote from the Five Eternal Level to the Six Eternal Level!"

Xie Xuan said, showing excitement, took out his long knife and stroked it.

The long knife came out.

The feeling of invincibility immediately filled all of Xu Hu's senses, making him dumbfounded.

"It's really the Six Eternal Realm!"

"When your subordinates went to investigate the grassroots universe, you just set off, elder."

"When your subordinates return in such a short time, your weapon, Elder Su Lang, has been promoted to the Six Eternal Realm!"

"This, this, this is too unbelievable!"

Xu Hu stared his eyes and shouted in shock, his eyes protruding.

"exactly."

"Master Su Lang was promoted to my weapon in an instant!"

Xie Xuan could not help but show his shock again when he thought of the shaking moment.

"In an instant!?"

"In an instant the promotion of the Five Eternal Emperor Soldiers to the Six Eternal Realm!?"

Xu Hu exclaimed in amazement, his voice was extremely sharp, and the sound was broken.

[Chapter 2594: Cannot be compared at all](#)

"Yes, in an instant!"

"In addition, Master Su Lang has also refined a high-level eternal emperor pill for me, eternal formation."

"All these treasures refined by Master Su Lang are of perfect quality!"

Xie Xuan nodded heavily and smiled, "I was very happy originally and planned to reward you with something, but I was actually reluctant to reward others with the treasures refined by Daoist Su Lang."

This statement came out.

Xu Hu stood there, like a sculpture!

what?

A high-level eternal eternal eternal pill of perfect quality? Still have a formation?

Xie Xuan was reluctant to give it away! ?

This is really something human can refine! ? And still the same person?

Xu Hu only felt that he was in a dream, otherwise how could he have heard such an outrageous thing!

"Ha ha."

"Is this stunned?"

"Actually, this is not the true strength of Lord Su Lang."

"When you came, you met Xiao Mou, do you know why he was so happy too?"

Xie Xuan chuckled lightly, and looked at Xu Hu who was dumbfounded, feeling very interesting.

"Mou, a certain senior?"

"Isn't he happy because you are happy, elder?"

Xu Hu returned to his senses and said in a daze. He suddenly stiffened and remembered what Senior Mou had said to him.

"Haha."

"I remembered!"

"Yes, he also received the favor of Master Su Lang, he was promoted to weapons, and he received a perfect quality pill and formation."

"All the existences of my Xiuning faction above the eternity of the five universes have been gifted by Master Su Lang!"

"Everyone's weapons have been raised to a small level, and everyone has received many immortal pills, and cherish the incomparable formation!"

Xie Xuan's words sounded like deafening thunders in Xu Hu's ears, "The point is that Master Su Lang completed these things in less than a quarter of an hour."

"It's less than a quarter of an hour...Promote weapons and refine the pill formation for all members of the Five Eternal Realm and above!?"

Xu Hu's eyes stared like fish eyes, his mouth was stunned, his voice trembling, stammering, and his brain was almost blank!

I have seen the three inheritances of Yu Yangli's pill formation.

He thought this must be the inheritance left by the world's most powerful pill Array master.

but now.

"Yu Yangli's inheritance of the pill array is compared with Master Su Lang..."

"No, it can't be compared with the three attainments of Master Su Lang's pill formation!"

"Master Su Lang's three attainments in the pill formation have far surpassed the eternal martial artist who left behind the three inheritance!"

Xu Hu murmured blankly, his eyes burst into light, and the whole person was completely regained, full of worship!

"Yes!"

"Master Su Lang's own attainments have already surpassed that person's master."

"It can be seen that the inheritance of Master Su Lang is definitely more terrifying!"

"If my previous inference is correct, that person and Su Lang are both inheritors."

A smile appeared on Xie Xuan's face, "Then, Su Lang must be a real passer-by, and that person is not even a named disciple."

"What the elder said is reasonable!"

Xu Hu nodded in agreement, and smiled, "That person is just a named disciple, who has gained a bit of inheritance, but he said that Lord Su Lang, the direct disciple, is a fake. It's really funny!"

"Ok."

"That person is waiting for my reply?"

Xie Xuan smiled and asked.

"Yes, elder!"

Xu Hu nodded and replied.

"If I don't reply to him, he will definitely not give up."

Xie Xuan's face showed a hint of playfulness, "In this case, I will let him understand that he is just a clown."

"The little one is willing to go again for the elders!"

Xu Hu clasped his hands together, willing to take over this errand.

"No."

"If you let you go this time, he might kill you."

"It's the same for the others."

Xie Xuan shook his head, "So this time, I will go personally."

"Elder Xie is compassionate!"

Xu Hu was moved and bowed.

"Go down."

"Efforts to stand out and enter the eyes of Master Su Lang, the benefits are endless!"

Xie Xuan nodded slightly and waved his hand to let Xu Hu leave.

[Chapter 2595: Let Xie Xuan do the things over there](#)

"Yes!"

Xu Hu saluted and retired.

Xie Xuan was the only one left in the hall.

"Although His Royal Highness Xiuning is not very interested in this matter."

"But I should still tell the truth and seek her opinion."

Thinking about this, Xie Xuan immediately sent Xu Hu's experience and his own guesses to Xiuning.

Soon.

He stood there and waited silently.

On the platform.

His Royal Highness Xiuning, who was extremely shocked because Su Lang practiced the exercises so quickly, was a little bit unconscious.

at this time.

Suddenly, Xie Xuan's call came, and the transfer treasure sent a buzzing vibration.

"You got news?"

"Look who posted it."

Su Lang's expression moved and reminded.

"Ah, oh!"

"I will watch it."

His Royal Highness Xiu Ning nodded, took out the transmission treasure, and said, "It was sent by Elder Xie Xuan."

"Is there anything important?"

Su Lang's expression remained unchanged, and he asked softly.

"Well, it's about that person."

"And you have some relationship with Daoist Su Lang."

"That person claimed to be the mighty inheritor, and said that Daoist Su Lang you are a fake, but this is obviously slander."

"Elder Xie Xuan has found out the truth and is about to meet the jumping clown."

His Royal Highness Xiu Ning handed the transmission treasure to Su Lang, and said, "Elder Xie Xuan is in the transmission jade card in the whole process, and Daoist Su Lang will know it."

This statement came out.

Su Lang suddenly felt shocked.

What the hell?

The mysterious power that passed by Doudu Zhouyu really left the inheritors, and he came to him! ?

but.

Xie Xuan found out that the man was a jumping clown?

Why is this?

With all kinds of questions, Su Lang calmly accepted the transmission treasure, and his spiritual thoughts penetrated into it.

quickly.

Su Lang understood the cause and effect, the ins and outs.

"That guy is really very likely to be an inheritor!"

"After all, his three inheritance of pill formation is not as good as mine, because I have a system."

"Normally, the three inheritance of the pill formation array he got is definitely the top one in the eternal realm."

"But Xie Xuan waited for me but didn't know that my three attainments of pill formation came from the system, and only thought that I learned from inheritance."

"In this way, Xie Xuan will think that I am the real inheritor. Even if that person really gets the inheritance of that mysterious power, it is only a small part of it, and his identity is far worse than me. People slander me, aren't they just jumping clowns."

"Hahahaha, I didn't expect such an interesting thing to happen without my knowledge!"

Su Lang looked at the message in the transmission jade card, and various thoughts arose in his heart, with a hint of playfulness on his face.

"Friend Su Lang."

"How do you think Xie Xuan guessed?"

His Royal Highness Xiu Ning looked at Su Lang and asked softly, "That person has part of your master's inheritance?"

"I haven't seen that person's inheritance with my own eyes, so I can't confirm it."

Su Lang smiled, and handed the jade card of transmission back to Xiuning, "Let Xie Xuan investigate more information."

to be frank.

He was naturally very interested in the inheritance of that mysterious power.

After all, it is more powerful than the inheritance of Emperor Dou Xiu Zhou. Once it is obtained, the benefits are endless.

In addition.

Su Lang did not deny his identity as a "inheritor".

Because he needs this identity to maintain a relationship with the Xiuning faction, after all, he is a group of people who can get it right.

When the time is right, explain to Xiuning and the others.

"Also."

"Then I will let Xie Xuan go and meet the guy who hides his head and shows his tail."

His Royal Highness Xiu Ning nodded, took the jade card and sent a message to Xie Xuan.

"Let Xie Xuan do the things over there."

Su Lang smiled, "Come on, let's continue to exchange experience."

On the other side, the abyss underground.

"His Royal Highness Xiu Ning asked me to see him. Well, Master Su Lang also knows about it."

"If this is the case, I will meet that jumping clown to let him know how **** he is in front of the true inheritor."

With a move of Xie Xuan's heart, the majestic cosmic power surged out, "Time and Space Avenue! Open!"

Rumble!

The immense power of time and space emerged, gradually wrapping Xie Xuan.

[Chapter 2596: Yu Yangli full of confidence](#)

In a flash.

Xie Xuan then shuttled to another natural universe.

He did not stop, and continued to drive towards the target natural universe.

quickly.

In the bottom universe where Xu Hu and Yu Yangli met, Xie Xuan emerged from time and space fluctuations.

"This is the universe that that guy has inherited?"

Xie Xuan looked around, shaking his whole body, the powerful Seven Universe Eternal Realm aura spread unscrupulously, announcing his arrival in a high-profile manner.

Immediately after.

He stood there, waiting quietly.

The emptiness of the universe is on a planet a few light years away.

A bald warrior with slender eyebrows in the Four Eternal Realm felt Xie Xuan's powerful message, and immediately appeared horrified.

He quickly took out the treasure of trans-universe communication and contacted Yu Yangli!

In the real universe.

Yu Yangli is working hard to cultivate, filling his crystal wall world that is about to be completed with the origin of the universe.

As a genius, he has gained a profound heritage, so he has a solid foundation.

His crystal wall world is more than 20,000 gao, and he does not need to cut the natural universe to pave the way for himself to cultivate to the level of the nine universes.

The Emperor Xiu Yuzhou on the side was also cultivating, but from time to time he would take a glance at Yang Li, a little envious in his heart.

"There's news."

"Emperor Xiu Ning has sent someone there, it is the Seven Eternal Eternity, it should be Xie Xuan.

Yu Yangli suddenly stopped practicing, took out his jade card for communication, and said while checking it.

"Xie Xuan, they are here!"

"Haha, it seems that the Taoist friends' strategy is about to succeed."

"Next, I will secretly form an alliance with the Xiuning faction, keep Su Langmeng in the drum, and wait for the day when I will kill the donkey!"

Hearing Yu Yangli's words, Emperor Xiu Yuzhou immediately stopped cultivating, showing excitement, as if he could get revenge right away.

"Humph."

"Although my strategy is not very sophisticated, I don't worry that Emperor Xiu Ning Zhou and others will not be fooled."

"Xie Xuan, this mess, now you know that I am the only disciple of Master Gujun?"

"To send a Four Eternal Realm here before, it was a humiliation to me!"

"If he doesn't apologize to me this time, I will definitely give him some color!"

Yu Yangli sneered a few words with a sneer on his face, but he didn't let Xie Xuan's plan go.
after all.

The flow of time in the bottom universe is very slow, and 10 million days will pass in the upper universe after one day's drying. This is something Yu Yangli cannot bear!

and so.

Yu Yangli will not only not hang Xie Xuan, but will take Xie Xuan to a middle universe to meet him.

Because this time the discussion may consume a lot of time.

As for why not let Xie Xuan go to a certain middle universe to wait in the beginning?

Naturally, I wanted Xie Xuan to see the remaining Six Paths of Inheritance, and let Yu Yang slip away by the way! !

"Be careful now."

"Should I follow you and wait for you in the next universe?"

Emperor Xiu Yuzhou looked at Yu Yangli and said seriously.

"Ha ha."

"I need?"

Yu Yangli smiled arrogantly, took out the jade card of transmission and sent a message to his subordinates.

"Ok."

"Then I am here waiting for good news."

Emperor Xiu Yu Zhou nodded helplessly, and continued to take out the origin of the universe to practice.

"Don't worry, this will definitely happen!"

Yu Yangli smiled faintly, and then hurried towards the open middle universe under Doudu Universe.

Going to the other side's site to discuss, this is an expression of goodwill, and it is also showing one's confidence.

In that bottom universe.

Yu Yangli's subordinates received the news that it turned out to be for him to meet the seven eternal powers, lead the powers to visit the remaining heritage, and inform the location for further discussion.

Suddenly, the long brow bald warrior was shocked and his face pale.

When you meet the eternal power of the seven universes, you will be killed if you are not careful!

But there is no way.

In this endless universe, strength is everything, he is unable to resist,
then.

The long brow and bald warrior sighed, shuttled through the space, and quickly appeared in Xie Xuan's spiritual thoughts.

"Who are you?"

Xie Xuan frowned slightly when he saw the eternal power of these four universes, and asked.

"Return to senior!"

"The little one is arranged here by the host to receive adults!"

The long brow bald warrior saluted tremblingly, and said cautiously.

[Chapter 2597: Xie Xuan's sneer](#)

"Ah."

"Come with me!"

Xie Xuan's expression became cold, very unhappy.

If it hadn't come to see Yu Yangli not only meant for Xiuning, but also meant for Su Lang, he would definitely turn around and leave, let the guy dry out.

"Senior calm down!"

"The master really has something to do."

"He asked the young man to lead the adults to first visit the remaining profound meanings of the six inheritances!"

The martial artist with long brows and bald head hit the drum in his heart, and he was soaked in cold sweat.

"Let's go."

Xie Xuan looked cold and said lightly.

"Yes, senior, the younger one will lead the way!"

The long brow and bald warrior sighed in relief and respectfully led the way ahead.

With the footsteps of the eternal realm, he quickly reached the place where the six remaining inheritances were.

"Is this the remnants of the inheritance of the six paths?"

"It looks like something, but that guy must have arranged it himself. How could he let this remnant inheritance stay here for tens of billions of years?"

Xie Xuan looked at the remnants of the six ways of inheritance and said with a sneer.

The long brow bald warrior lowered his head, afraid to speak.

Soon.

Xie Xuan carefully explored the remaining inheritance of the six paths.

Relative to the point Xu Hu brought back.

Obviously there are more profound meanings remaining here, and it can better reflect the powerful inheritance of Emperor Gujun Zhou.

But I have seen Su Lang's methods.

In Xie Xuan's eyes, these inheritances are just like that.

"Tell me, what is your master's name?"

Xie Xuan withdrew his gaze from the inheritance and looked at the bald warrior.

"senior."

"It's not that I won't tell you."

"The Lord's name taboo is not something that a small person can know!"

The bald warrior said cautiously, "After the master ordered the younger to take the senior to visit the remnant heritage, he will give the cosmic coordinates to the senior, and the master is waiting for the senior.

Talking.

When Xie Xuan frowned.

The bald warrior took out a jade slip and respectfully presented it to Xie Xuan.

"Humph!"

"You have to change places and put on airs!"

Xie Xuan snorted softly, Shen Nian leaned into the jade slip, and immediately saw the densely packed characters.

The coordinates of the natural universe are naturally not simple three-dimensional coordinates, but an extremely complex compound coordinate!

of course.

For the Eternal Realm, its difficulty is no different from one plus one.

After analyzing where the universe is.

Xie Xuan suddenly had a heartbreak, and his face was surprised: "Isn't this empty universe?"

Kongtan Universe, like Kongqing Universe, is an open middle-level universe under the command of the Xiuning school.

It is not difficult to get this kind of cosmic coordinates, especially for the eternal powers of the Seven Universes.

"This guy chose to meet here."

"It seems that I have confidence in my own strength."

Xie Xuan directly ignored Yu Yangli's kindness and sneered repeatedly in his eyes.

At this time.

"senior."

"The task of the junior has been completed, this is the time to retire!"

The long brow and bald warrior bowed anxiously.

"Oh, since you have seen me, come with me."

With a wave of his hand, Xie Xuan suppressed the terrified long-brow bald warrior in the universe of life.

Originally, he would not care too much about this small role.

But in his opinion, Yu Yangli slandered Su Lang and sent the Four Eternal Eternity to wait for him, which also meant to be contemptuous.

Therefore, he doesn't mind letting Yu Yang be less of a subordinate!

And Xie Xuan's reaction has exceeded Yu Yangli's expectations.

Yu Yangli thought that after Xie Xuan knew that he was the inheritor, he would be very polite to him. How could he have thought that Xie Xuan would not buy it at all.

"Next."

"Let's go to Kongtan Universe to meet you who are hiding their heads and revealing their tails."

Xie Xuan's face was cold, and he stepped out into the fluctuations of time and space.

The other side.

Yu Yangli has arrived at Kongtan universe.

Because the time flow of the middle universe is hundreds to thousands times faster than that of the bottom universe, he has waited for a while.

"Why hasn't that guy sent me a message?"

"It stands to reason that Xie Xuan has been here for a while, and the remnants of the Six Paths of Inheritance should also be visited."

"Could it be that Xie Xuan killed my subordinate?"

"No, it's impossible. He already knows the truth. He must be allied with me. It is impossible to kill my subordinates."

"But why is there no news?"

Yu Yangli sat in a courtyard, frowning slightly, showing a little impatience.

Waited for a while.

The news still didn't come.

Yu Yangli took out the jade card of communication and prepared to send a message to his subordinates.

But at this moment.

"You don't need to send a message."

An indifferent and vicissitudes of voice came, "Your bald subordinate is in my life universe."

"Who?"

"Xie Xuan!?"

Yu Yangli looked at the courtyard, but saw a figure emerging from the time and space fluctuations, it was Xie Xuan!

[Chapter 2598: Yu Yangli almost jumped up](#)

"What is your name and surname?"

Xie Xuan did not answer Yu Yangli's words, but asked indifferently.

"Elder Xie Xuanxie?"

"Really you? Dare to ask, why did Elder Xie imprison my subordinates!?"

Seeing Xie Xuan's expression cold, Yu Yangli immediately took his subordinates into custody, and asked.

This is different from what he imagined.

Xie Xuan knew that Su Lang was a fake and bad-hearted person. Shouldn't he be treated with a smile on Yu Yang?

How could it be the current attitude?

"Could it be."

"Is he showing up for me?"

"But it shouldn't be, he knows my identity, how could he do such an unwise thing?"

"In the end what happened?"

As Yu Yang thought about it, a sense of badness arose.

"Humph!"

"Do you dare to ask why I imprisoned your subordinates?"

"Your true identity and purpose are basically clear to me. Why do you say that I am?"

Xie Xuan snorted coldly, without taking a seat, standing there, condescendingly overlooking Yu Yangli.

Hear this.

Yu Yangli almost jumped up!

"what!"

"Does he know my identity and purpose?"

"It is not difficult for him to know that my true identity is the inheritor of Emperor Gujun Zhou."

"But he knows my purpose? My ultimate purpose?"

"His attitude is so cold, because he has seen through me and the Xiuyu Alliance planning a high-level universe?"

"Impossible, it is absolutely impossible!"

"..."

Stormy waves rose in Yu Yang.

He couldn't believe that his ultimate goal had been seen through.

Because he never divulged any thoughts in this regard from beginning to end!

He also turned on the defense methods to detect thoughts and thoughts all the time, and it was impossible for Xie Xuan to see through.

at this time.

Yu Yangli tried his best to control his emotions and expressions, maintaining a normal state, and his expression remained unchanged.

"Why did Elder Xie say this?" He looked at Xie Xuan and said.

"I don't talk to the unknown."

Xie Xuan looked at Yu Yangli with his hands behind his back, and said lightly.

"Under the wing Yu Yangli."

"Jiu Zhou Eternal Lone Jun Zhou Emperor Disciple!"

Yu Yang narrowed his eyes, "Why don't Elder Xie sit in and speak?"

"The eternal solitary emperor of Jiu Zhou?"

"It turns out that the great power of the Nine Universes who passed by Doudu Zhouyu is called Emperor Gujun Zhou!"

Xie Xuan nodded thoughtfully, and immediately sneered: "However, Yu Yangli, if you say that you are a disciple of Emperor Gujun Zhou, you are purely putting gold on your face!"

Say the first two sentences.

Yu Yangli listened and nodded slightly, thinking that Xie Xuan should be more courteous.

But the latter sentence changed his complexion, and raging anger rose in his heart!

"Elder Xie!"

"Yu is a disciple of Master Gujun!"

"In this Doudu Zhouyu, the only disciple! You actually said that I put gold on my face!?"

"You read the remaining profound meanings of the six inheritances, don't you understand?"

"Or, you can't see the levels of the six inheritances with your eyesight, thinking I am fooling you!?"

Yu Yangli stood up, his calm face gradually becoming gloomy.

"Hahahaha!"

"The remaining profound meaning of the inheritance of the six paths can be seen even in the eternal four universes."

Xie Xuan laughed and said, "That is indeed the handwriting of Emperor Gujun Zhou."

"Now that I know."

"Then you said I was putting gold on my face!?"

Yu Yangli frowned deeply and asked in a cold tone.

"whispering sound!"

"The frog at the bottom of the well."

"You think you are a disciple of Emperor Gujun Zhou, but you are not at all!"

"You just got the fur that Emperor Gujun Zhou has learned throughout his life. You are not qualified to claim to be his disciple."

"After looking at the remnants of the inheritance of the six paths, I became more and more sure of this fact!"

Xie Xuan looked at Yu Yangli pityingly, and smiled, "The real inheritor is someone else!!"

"what!?"

"impossible!"

"I am the only inheritor of Master Gu Jun in Doudu Zhouyu!"

"He gave me all the mantle, I am his closed disciple!"

"Xie Xuan, you are talking nonsense, you are talking nonsense, this is all made up by yourself!"

Yu Yangli narrowed his eyes, his eyebrows were erected, staring at Xie Xuan in anger.

[Chapter 2599: You are just a name](#)

"Ah."

"Do you think someone at my level would make up stories to lie to you?"

"Tell you, you are at most the named disciple of Emperor Gujun Zhou, and the true inheritor is Lord Su Lang!"

Xie Xuan looked at Yu Yangli disdainfully, chuckled, and said.

"The real inheritor is Su Lang!?"

"Me, I'm just a registered disciple?"

"Impossible, it is absolutely impossible, that Su Lang is a fake!"

"That Su Lang is an old monster that has survived countless years in Doudu Zhouyu!"

"He will pretend to be me in order to seek a breakthrough and go to Doudu Universe to form an alliance with you!!"

"He is fake, I am the real, I am the disciple of Master Gujun!"

Yu Yangli showed disbelief, and immediately stared at Xie Xuan, shouting decisively.

"Do you think my judgment must be wrong?"

"Hmph, I've already said it, I've seen the remnants of your Six Paths of Inheritance, and I am more sure about this matter."

"Your inheritance is a thousand miles away from Master Su Lang!"

Xie Xuan hummed coldly, and looked at Yu Yangli disdainfully, as if looking at a frog in the bottom of a well.

"what!?"

"Me, my inheritance is a thousand miles worse than him?"

"This is impossible. Who am I? I am a disciple of Master Gujun!"

"And he Su Lang is just an old immortal in Doudu Zhouyu!"

The anger in Yu Yang's centrifugation was boiling, almost gushing out from the seven orifices!

"Shut up, you ignorant!"

"I've already said that you are not a real disciple of Emperor Gujun Zhou, you are just named."

"The inheritance you get is just fur, a little fur!!"

"Just the three attainments of Master Su Lang's current pill formation, its magic is more than the fur you get."

Xie Xuan saw Yu Yangli's remarks, his expression suddenly cold, and his contempt and disdain became more and more unconcealed.

"Do not!"

Yu Yangli squeezed his fists and roared, "You are slanderous, you are talking nonsense!"

"whispering sound!"

"Spoof? Nonsense?"

"Have you seen the miracle that someone can promote the Five Eternal Emperor Soldiers to the Six Eternal Level with a wave of hands?"

"I have seen it, and I saw Master Su Lang promote my weapon from Five Eternal to Six Eternal!"

Xie Xuan's expression suddenly became extremely excited. He took out his big knife, stroked it and said, "It only took a breath of time!"

This statement came out.

Like thunder, it exploded in Yang Li's mind!

Xie Xuan's words are really false!

In one breath, promoted to eternal weapon?

This is as ridiculous as a mortal achieves eternity in an instant!

However, with the big sword of the Six Eternal Realm, Yu Yangli was speechless, and he lost the ability to judge for a while!

Through the Emperor Xiuyu Zhou.

Yu Yangli is very clear about Xie Xuan's combat power, and he also knows that his long sword is only the Five Eternal Realm.

But now.

What Xie Xuan took out was still the knife, but the realm of the long sword was already the eternal realm of the Six Eternities!

Even Doudu has a fast flow of time in the universe.

But all of his plans for Yu Yangli are also in full swing, and no time will be wasted.

It's a good deal.

Doudu Universe has passed less than half a decade.

Even if this half a decade is all spent on upgrading weapons, it is impossible to do it!

Yu Yangli looked at the Six Eternal Emperor Soldiers in Xie Xuan's hands, his whole body dumbfounded, his brain was almost blank.

at this time.

"Qi Dao is just one aspect of Master Su Lang's expertise."

"In terms of Dan Dao and Formation Dao, his attainments are as profound and unfathomable."

"Look at these things and you will understand!"

Xie Xuan smiled coldly, and took out the pill and formation plate refined by Su Lang.

"this is....."

"The eternal emperor pill of the five cosmos level!"

"It's the kind of pill that can speed up the speed of cultivation!!!"

"There is also an eternal formation at the Four Universe level!"

"Pills and formations are perfect quality!"

"No, it's impossible, how could he have such a terrifying pill formation!"

"This is fake, you are lying to me, I don't believe it!"

Yu Yangli looked at the pill that Xie Xuan had taken out, his eyes widened, and his body was shocked. He was a little incoherent.

[Chapter 2600: You want to see Master Su Lang, okay](#)

"Ha ha."

"These pills and formations, Master Su Lang did not spend much time refining them."

"But in fact, this is not the limit of the three attainments of Master Su Lang's pill formation."

"Because, Master Su Lang did not upgrade my weapon alone, refine the pill and formation."

"He has favored all the warriors of our Xiuning faction above the Five Eternal Realm!"

Xie Xuan was excited, speaking quickly, his eyes gleaming, and his face radiating reverence.

"impossible!"

"Fake, this is fake!"

"There is no such a terrible pill formation in the world!"

"You say that Su Lang is the inheritor, so his cultivation time is not particularly long, how can he give consideration to both cultivation base and three attainments!"

"Hahaha, I understand, you are lying to me, your play is really exaggerated!!"

Yu Yangli shook his head fiercely, with a sullen smile on his face.

"Lie to you?"

"You have obtained the fur that Emperor Gujun Zhou has learned throughout his life. Then you should know how terrifying the existence of that great power is."

"Master Su Lang, as his true inheritor, closes the door and passes it personally. Would he not give him a treasure to speed up time?"

"Even I know to speed up the time for the direct descendants in the universe of life, so that they can grow faster."

Xie Xuan looked at Yu Yangli with a ferocious face and smiled disdainfully.

"Xie Xuan, you are lying to me."

"Everything you say is made up!"

"The evidence you showed is all perjury that you carefully prepared!"

Yu Yangli narrowed his eyes, "You and your Xiuning faction have been bewitched by Su Lang with unknown means!"

"perjury?"

"As the registered disciple of Emperor Gujun Zhou, Master Su Lang's nominal junior disciple, I will patiently tell you so much."

Xie Xuan looked at Yu Yangli with pity, "Well, you can't accept the facts at all."

"fact?"

"What I saw with my own eyes is the truth! What you said is a shit!"

"I want to see Su Lang, I want to confront him, and I want you to know that I am the disciple of Master Gujun!"

Yu Yangli's eyes suddenly turned red, staring at Xie Xuan like a ghost!

The inheritor of Gu Jun is the identity he is proud of and his greatest confidence.

He simply couldn't accept that he was just a named disciple, and only inherited the fur inherited from Emperor Gujun Zhou.

If this is the case, it will be an extremely serious blow to him.

In addition.

If he can't prove that he is the real and only inheritor of Emperor Gujun Zhou, his follow-up plan will also be difficult to unfold.

So meeting Su Lang is imperative.

"Do you want to see Master Su Lang?"

"Okay, let me pass it through for you."

"Prior to this, I suggest you think about your apology to Master Su Lang."

Xie Xuan looked at Yu Yangli calmly and said lightly.

In Xie Xuan's view.

Although Yu Yangli was disrespectful to Su Lang, they were all based on ignorance.

This person is Su Lang's nominal junior brother, and also a seven-plane eternal realm.

This is very important in the battle with Suiyou universe.

If Yu Yangli is willing to correct his mistakes, Xie Xuan feels that he is a person who can absorb.

Therefore, Xie Xuan agreed to help Yu Yang Li Tongchuan.

"Humph!"

"I will let you know that you are all wrong!"

Yu Yangli's eyes were bloodshot, and he said word by word!

"Do not."

"In the end you will only understand that you are wrong."

Xie Xuan smiled and shook his head, and said, "Let's go, come with me to Doudu Universe to meet Master Su Lang!"

"Go to Doudu Universe?"

"Do you think I'm stupid?"

"How do I know that you are not coveting my inheritance, then fabricating lies, setting up an ambush in Doudu Universe, and then urging me to pass?"

Yu Yangli's expression changed, and he said with great fear.

"Hahahaha."

"Fear of your inheritance?"

"I've already said that the inheritance you get is just fur, and Su Lang is the true inheritor!"

"By the way, I forgot to tell you one more thing, Master Su Lang gave us 490 eternal exercises original!"

"In order to prevent greed and chew, I only picked two here, and I will show you!"

After listening to Yu Yangli's words, Xie Xuan laughed for a long time, and showed contempt to take out the original two eternal exercises.
