### [Chapter 2611: What the hell, and the seventh secret](#)

Xie Xuan and others talked a lot, very happy.

In their view, Yu Yangli will always accept this fact for a longer or shorter time after experiencing this blow.

then.

This Yu Yangli would definitely follow the brother Su Lang, and he had joined Doudu Universe in a disguised form.

Doudu Universe has another powerful Seven Eternity. Facing Suiyou Universe, it has more confidence!

Qi Ling in the universe.

Yu Yangli stared at the original six inheritance techniques that Su Lang had taken out, and his whole body was shaking.

"This is a nightmare...right?"

"I am the inheritor of Master Gujun. I said that Su Lang was a fake, but in the end he was a real disciple, and I only registered by name!!"

Yu Yangli's lips trembled, and his heart was filled with the feeling that the clown was actually me.

That shame made him almost want to escape on the spot, and then hide for 100 million years without coming out!

"Little brother, what's wrong with you?"

Su Lang looked at Yu Yangli who was suspicious of his life, and smiled lightly, "Is it autistic? Isn't it impossible!!"

"you.....!"

Yu Yangli was trembling and cold, and covered his heart with one hand.

"Well....."

"Don't do this."

"Although you don't pass it personally, you are still a named disciple."

"Don't worry, with my brother covering you, you will be able to walk sideways!"

Su Lang squinted his eyes and looked at Yu Yangli kindly.

"Do not!"

"I'm a direct disciple!!"

"The Taoist protector Xi Yu Zhou said that only disciples recognized by the master can inherit the Seventh Secret!"

Yu Yangli roared angrily, and was stunned immediately, as if thinking of something.

Immediately, it burst out with an ecstatic expression like a drowning person seeing the straw.

Suddenly.

"Yes, the six inheritances are only part of the inheritance, and there is also the seventh secret!!"

Yu Yang's eyes were bright, and he exclaimed: "Su Lang, I control the seventh secret, you can control the seventh secret!?"

This statement came out.

His Royal Highness Xiuning, Xie Xuan and others who were looking at the light screen of the transmission cast their lips together.

Master Su Lang has come up with the original six inheritance techniques, so it is definitely a disciple who passed it on.

But this Yu Yangli still refused to accept the facts, it was really stubborn!

"The Seventh Secret?"

"The seventh secret is naturally a bit, but I don't believe you when you say you have it."

"Unless you show it, well, you must show the profound meaning, the other methods may be disguised."

Su Lang said with a faint expression, but he was surprised and happy in his heart.

What the hell?

And the seventh secret?

And it sounds more powerful than the previous six inheritances!

Gee, hurry and lie! !

at this time.

Yu Yangli had seen the original exercises of the six major inheritances, and he believed that Su Lang was also a disciple of Emperor Gujun Zhou.

His current requirements have been lowered, and he has become a level that prevents him from degrading to a memorable level.

Rather, he wanted to be like Su Lang as a true disciple of Emperor Gujun Zhou!

therefore.

He was eager to be recognized, he didn't think too much at all, and immediately agreed.

"it is good!!"

"I will show you the Seventh Secret I inherited now! Words and Words Secret!!"

Yu Yangli gritted his teeth, his eyes were blood red, and with a wave of his right hand, a large gray smoke emerged, turning into a small illusory banner.

In fact, what he showed was a little bit of the remaining profound meaning of the Seventh Secret, that is, a strand of thoughts that contained the profound meaning.

The reason why he did this was actually imitating Su Lang, turning the remaining mystery of the Seventh Secret into a banner, so as to show that he also has an 'orthodox identity'.

Yes, in his opinion, the exercises of the Seventh Secret must have looked like a banner originally.

now.

Yu Yangli's remaining profound meaning emerged.

Su Lang's spiritual thoughts immediately explored the past, but His Highness Xiuning restrained himself and did not explore the profound meanings.

In her opinion, this is not her own thing, and she cannot see it without Su Lang's permission.

Hmm, pretty good.

[Chapter 2612: The seventh secret of Gujun, the secret of words and words](#)

The other side.

Su Lang leaned out his spiritual thoughts and immediately saw the illusory banner clearly.

The remaining profound meaning given by Yu Yangli is really only a tiny bit, less than one in a billion.

Even if Jiuzhou Eternal saw it, he couldn't figure out anything, at best, he could only understand the 'conception' of the exercise.

But for Su Lang.

The remaining meaning is the remaining meaning, there is no difference between one-billionth and ninety-nine percent.

"Start the 'fragment repair'!"

"Goal, the seventh secret of Gujun·Secret of words and words!"

Su Lang was expressionless, restrained his ecstasy, and gave instructions to the system.

The next moment.

"Ding! The seventh secret of Gujun·The Word Secret has been repaired successfully!"

Accompanied by system prompts.

The technique of Yanzibi originally appeared in the storage space.

The original appearance of this exercise is a gorgeous folding fan, the fan bones are composed of countless characters, which is very strange!

"This is the secret of words!!"

"The profound meaning is the top application of the power of the universe."

"With the power of one's own universe and the force of the natural universe, blend with the natural universe in which you are incarnate."

"The secret technique is practiced to a high and deep level, and you can assimilate multiple natural universes, that is, a small universe, turn it into your own use, and become your home field!"

"..."

Su Lang's spiritual thought swept over the folding fan, and understood the basic effect of the secret of words.

The eternal warrior controls all the cosmic avenues, including the time avenue, and can display the power of the universe, which is known as the human-shaped universe.

But its core is the universe of life created since Emperor Wu's level.

The surrounding crystal wall universe and imperfect crystal wall world are just auxiliary and source of power.

The universe of life is imperfect, and the humanoid universe of Eternal Warrior is not perfect.

But even the eternal power of the seven universes, the eight universes, and even the nine universes cannot perfect the universe of life.

Because the origin of the universe to be consumed is really terrifying!

At this stage.

The eternal warriors walk on the natural universe, and the natural universe is their foothold.

Turning your foothold into your own home court can of course bring extremely powerful benefits!

The magic of the secret of words and words is definitely the strongest secret technique that Su Lang has come into contact with.

That is to say, "The Secret of Death Without Life" barely can be compared with one, but the price of the latter is life!

In terms of word secret, there are no side effects!

At this time.

"how is it!!"

"Su Lang, you see, I have the seventh secret!!"

"So, what about you? Where is your seventh secret?"

Yu Yangli stared at Su Lang, squeezing his fist and said, "There is no seventh secret, even if you take out the original Six Secret exercises, your identity will not match me!"

He didn't want to crush Su Lang all the time! !

"Ah."

"Yu Yangli, do you think I have the original Six Secret exercises, do I not have the Seventh Secret exercises?"

"Come on, let you see what the seventh secret technique originally looked like."

Su Lang smiled and shook his head, lifted his right hand, snapped his fingers, and the secret technique of words and characters that looked like a folding fan suddenly appeared.

As soon as the folding fan came out, it immediately attracted everyone's attention.

Even Su Lang, who had already seen it, couldn't help but continue to appreciate it.

"This, this, is the original technique!!"

His Royal Highness Xiuning stared at the folding fan in surprise.

This technique originally didn't see any profound meaning when I saw it, and I had to figure it out day and night to see a trace.

That's why she went to see the folding fan.

"As expected of Lord Su Lang."

"This seventh secret is also the original technique!"

"Tsk tusk, now all the truth is revealed."

"Hahaha, I Xie Xuan said a long time ago, Su Lang is a real personal biography, Yu Yangli is not as good as Su Lang!"

"..."

Xie Xuan and the others looked at the original folding fan-like exercises, talked and laughed with each other, and the atmosphere was extremely relaxed.

"No., the original technique of the seventh secret!"

"How could it be, how could he even have the seventh secret technique originally!"

"I'm really inferior to him. Master values him more, value him more! No!"

Yu Yangli trembled like thunder, and at this moment his brain was completely occupied by horror!

Immediately after.

A strong sense of shame emerged from the bottom of my heart.

He had previously transformed the remnants of the Seventh Secret into a banner to show his orthodox identity.

But now.

The seventh secret technique was originally a special folding fan...

what!

What a shame!

This is definitely the most shameful experience he has in countless years.

Yu Yangli can't wait to disappear in place!

[Chapter 2613: You finally recognize reality](#)

"Yu Yangli."

"Do you understand now?"

"You are not a direct disciple of Master Gujun."

"Although you also have the seven-character secret inheritance, it is not the most perfect."

"The Taoist protector Xiyu Emperor Zhou said to you that possessing the seventh secret is a disciple of Master Gujun."

"But he didn't say that those with imperfect inheritance are just named disciples."

Su Lang looked at Yu Yangli calmly, and said lightly, "In addition, the true inheritor does not need the protection of the Taoist protector."

Su Lang's words were like a series of thunders, leaving Yu Yang who was already deeply shocked to shatter the last hope!

In the eyes of Yang Li.

Su Lang possesses the original seven secret techniques, which are more perfect than the inheritance he has obtained, and he is definitely a true disciple of Emperor Gujun Zhou.

Then what he said must be true.

"I'm just a named disciple..."

"The real personal transmission does not require support!"

"This is not only a trust in the talents of direct disciples, but also a test of direct disciples."

"Only registered disciples, only the weak, need the protection of Taoist protectors!"

A huge wave of grief surged in Yu Yang's ecstasy, only feeling cold in his heart.

He has always been the most arrogant identity, in front of Su Lang is nothing!

In grief.

A trace of jealousy breeds, like the spark of a prairie fire, it will ignite and burn in Yangli's heart!

"why!"

"Why it came out like this?"

"Why am I just a registered disciple, why am I weak in the eyes of Master, why am I not as good as Su Lang!?"

"Obviously my talent is even higher, and his Su Lang is only in the Five Eternal Realm so far, leaving me two realms!!"

"Master, how can I be inferior to him, I am not convinced!!"

"..."

Yu Yang's heart-piercing cry was almost mad.

But on the surface, he gradually became calm and calm.

because.

Yu Yangli has regarded Su Lang as the enemy of his life. He wants to defeat Su Lang and prove himself!

Otherwise, there will be a crack in his mood, and the follow-up is likely to be devastated!

Only by defeating and beheading Su Lang, can we sweep away the haze and reach the top again!

After making a decision in my heart.

Yu Yangli began to think about how to confront the enemy.

A lot of ideas lie in Yangli's heart that breeds and collides, forming various plans!

at this time.

"Yu Yangli."

"Now you finally recognize reality."

"In fact, there are some things I haven't told you yet."

"For example, from Daoist Su Lang, I have seen empowerment methods that are countless times more powerful than the Seven Great Heritage."

His Royal Highness Xiuning said while looking at Su Lang, "That should be the inheritance that can only be obtained by direct disciples!"

This statement came out.

Yu Yangli's expression remained unchanged, but his heart was shocked and unwilling.

original.

In addition to the seven-character secret inheritance.

There are other inheritances from the personal disciples!

Means of empowerment! ?

After seeing the seven-character secret, Xiu Ning praised it so much. What kind of secret technique is that?

Thought of this.

In Yu Yangli's resentment, unwillingness, and jealousy, that trace of greed became stronger.

He almost wanted to do it on the spot, beheading Su Lang here to seize the inheritance!

Through the Taoist protector, Yu Yangli knew that Emperor Gujun Zhou was a person who believed in the principle of the weak.

He killed Su Lang to seize the inheritance and was able to prove that he was better than Su Lang, and he could naturally become a personal disciple!

just.

He never expected that everything was fake.

Su Lang is a more real pretender than real!

He Yu Yangli himself was originally a direct disciple of Emperor Zhou, a successor...

at this time.

Xiu Ning Hall's words made it more jealous in the midst of the renunciation, and he could hardly help.

But he finally suppressed the impulse in his heart.

He is very strong and has reached the peak of the Seven Eternal Realm.

Moreover, Su Lang did not agree with his previous speculations. He was not an unfathomable old monster who had lived for countless years.

It's a real Five Universe Eternal Realm.

Such combat power.

In front of him Yu Yangli, it was simply vulnerable.

However, His Highness Xiuning beside Su Lang was not weak.

Even if he can't compare with him, he can completely escape with Su Lang.

Not to mention.

Su Lang has that strange humanoid eternal emperor soldier, which can greatly increase his combat power.

And fighting in the universe.

The Seven Eternals and Six Eternals are all paying attention here.

[Chapter 2614: Su Lang and Yu Yangli brother, friend and brother Gong](#)

Once a fight occurs.

Xie Xuan and others will be able to support them immediately!

At that time, even if he has many arrangements for Yu Yangli, how can he call Emperor Xiu Yuzhou?

In the end it couldn't be beaten.

At this time.

"Yu Yangli."

"At this point, there is nothing to say, right?"

Su Lang, who had been laughing without saying a word, opened his mouth and asked with a smile.

"No, no more."

"You are the master's direct disciple, I am just named."

Yu Yangli lowered his head and raised his hand to express his fate to Su Lang, "Junior Brother Yu Yangli, I have seen Senior Brother Su Lang!"

Isn't the disciple who can get the original practice teaching the first disciple of the master, senior brother?

"Well, it seems that you finally realized your mistake."

Su Lang nodded slightly, his face was kind, looking at Yu Yangli's gaze as if he was looking at a child who can be taught.

His Highness Xiuning on the side, Xie Xuan and others on the side of Transmission Treasure were all happy.

Now Yu Yangli admits his fate and calls Su Lang his senior.

So Yu Yangli's joining Doudu Universe is almost a certainty.

really.

Next, Yu Yangli lowered his head again.

"Big Brother Su Lang."

"Senior brother was because of the reputation of the teacher before, so he suspected brother, please forgive me!"

"Now that the misunderstanding is resolved, the younger brother is willing to follow the older brother and listen to the teachings."

Yu Yangli took a deep breath, a smile appeared on his face, and the haze seemed to be swept away.

But in fact, he was trying his best to endure it.

"Hahaha."

"The eldest brother is like the father, and the brother is the same to the brother."

Su Lang looked at Yu Yangli and said with a smile, "From now on, I will treat Junior Brother well."

"Thank you, big brother!"

On the surface, Yu Yangli was grateful and bent over.

But the anger in his heart suddenly expanded a hundredfold!

Su Lang even said that the eldest brother is like a father, taking advantage of him! !

"Ok."

Su Lang held one hand on his back, nodded slightly, his eyes filled with kind smiles.

but.

He sneered.

Although he secretly used his Xintong, it had no effect.

But from Yu Yangli's property panel.

Su Lang suddenly discovered that this guy mastered some of the techniques of Emperor Dou Xiu Zhou!

These exercises are the core exercises of the Douxiu inheritance and are the top secrets of the Doudu universe.

Why can Yu Yangli learn these exercises?

Xiu Ning gave it?

Naturally impossible!

That was given by Emperor Xiuyu Zhou.

This can also explain to a certain extent, why Yu Yangli would run out after the defeat of Emperor Xiu Yuzhou to provoke the alliance between Su Lang and Xiuning faction.

at this time.

"It's really gratifying that Daoist Su Lang and Daoist Yu Yangli met each other."

His Royal Highness Xiu Ning smiled with great joy, and then said, "But the bottom universe is not a place to talk. Let's go to Doudu Universe to talk about it."

"can."

Su Lang smiled and nodded without objection.

One minute in the bottom universe, 10 million minutes have passed since the Doudu universe. That time wasted is really distressing.

And here is Yu Yangli's home court.

Even if you want to take action against Yang Li, you must go to Doudu Zhouyu.

Best, wait until all the seven-character secrets of Emperor Gujun Zhou are finished before doing it!

"The younger brother is all up to the master!"

Yu Yangli bowed his hands again, looking forward to Su Lang's head.

Although he wanted to ventilate with Emperor Xiuyu Zhou and revise the next plan, it was obviously not a good time now.

Doing any unnecessary things now will arouse doubts from Su Lang, Xiuning and others.

In future plans.

He Yu Yangli wants to become Su Lang's most trusted person, and finally launches a backstab to turn things around in one fell swoop!

"That's good."

Su Lang glanced at Yu Yangli, then looked at Xiuning, "His Royal Highness, let me enter your body."

"okay!"

His Royal Highness Xiuning agreed without even thinking about it, and opened his own life universe.

The corner of Su Lang's mouth turned into a stream of light into Xiuning's body.

"Ah."

"The Fifth Celestial Grade waste who eats soft rice is really a shame to the teacher!!"

Yu Yangli murmured in disarray and resentment, but he was still smiling on the surface.

"Friend Taoist Yu wants to know the coordinates of the Doudu universe."

His Royal Highness Xiuning glanced at Yu Yangli and nodded slightly, "Then, let's go one step ahead."

[Chapter 2615: See if he confesses to us](#)

Talking.

She has disappeared in the ripples of time and space.

"Su Lang, I must find a chance to kill you and seize the inheritance!"

Yu Yangli roared in eccentricity, and immediately waved away all the remnants of the inheritance.

Then the various formations and various methods that were arranged in advance were closed.

At last.

Only then did the power of the universe be used to set off the avenue of time and space and disappear from the same place.

"Master Su Lang and His Royal Highness Xiuning are back!"

"Haha, Master Su Lang also brought back a junior, the eternal junior of Qi Zhou!"

"Then Yu Yangli is very strong. Any one of us can't beat him single-to-one."

"Well, no matter how strong you are, you are also Master Su Lang's junior, so you don't want to show respect to Master Su Lang."

"Ahem, don't talk about it, everyone. Although Yu Yangli intended to provoke the relationship, the misunderstanding has now been resolved."

"Yes, Yu Yangli is our good helper in dealing with Suiyou Zhouyu!"

"..."

In the Doudu Universe, Xie Xuan and others saw Xiuning and Su Lang begin to return, and they all smiled.

It didn't take long.

Near Doudu Universe Ziyu Tiangong, a group of time and space ripples appeared, and His Highness Xiu Ning appeared from it.

Immediately after.

Su Lang retreated from her body.

The two hovered side by side in the air, overlooking the vast Doudu Continent.

Taking advantage of Yu Yangli has not kept up.

"Yu Yangli colluded with Emperor Xiu Yuzhou."

Su Lang looked at His Highness Xiuning and secretly passed on: "He has mastered most of the core techniques of the Douxiu inheritance."

This statement came out.

Just as the happy Highness Xiuning was suddenly poured cold water.

Yu Yangli actually colluded with Emperor Xiu Yuzhou!

No wonder he would have two eternal chess pieces under the eyes of Emperor Xiuyu Zhou!

No wonder he would jump out and say that Su Lang is a false inheritor after Emperor Xiuyuzhou's defeat.

It should be known that Su Lang appeared in Doudu Universe half a year ago!

"Friend Su Lang, this, this is true!?"

She still asked with a glimmer of hope.

"Naturally it is true."

"I can see the exercises the other party has practiced, and even if the other party hides it deeply, it will not escape my observation."

Su Lang nodded slightly, and then the corner of his mouth twitched, "For example, His Royal Highness Xiu Ning has just started an incense technique "The Record of the Heavenly Capital".

This statement came out.

His Royal Highness Xiuning was shocked!

She did practice "Tiandu Jinxiaolu", which is to collect incense power and prepare for "Thirteen Corpses".

Although this exercise is not very good, it is indeed unique to her.

It stands to reason that except for herself, no one else would know.

but.

Su Lang could see it!

"hiss!!"

"This, this is another kind of inheritance secret technique obtained by Daoist Su Lang!?"

"It's incredible to be able to see directly what kind of exercise the other party has mastered!"

"..."

His Royal Highness Xiuning thought that Su Lang had seen everything about him, and a layer of goose bumps appeared on his snowy skin.

"am I right."

"So, Yu Yangli does have a very close relationship with Emperor Xiuyuzhou."

Su Lang patted Xiuning's jade shoulder, and then smiled slightly, "If that kid takes the initiative to confess, it's fine. If he dares to hide it, it means he still has a ghost in his heart!"

"indeed."

"We don't ask about this, just as we don't know, to see if he confesses to us."

His Highness Xiuning's heart was reduced by half because of Yu Yangli's joy of joining, and his heart was occupied with more calmness.

at this time.

A ripple of time and space appeared, and Yu Yangli took a step from it.

"Big Brother Su Lang!"

When Yu Yangli saw the two of them, he immediately saluted, "His Royal Highness Xiuning."

"Well, stand behind you."

Su Lang pointed to the back of his side indifferently, that is where the little brother should stand.

"Yes, brother!"

Yu Yangli's expression was not unusual, and he stood obediently behind Su Lang's side.

But there was still a trace of hatred rising in his heart.

For countless years, only others have served as his followers.

When did he become someone else's brother! ?

What's more, it's still a little \*\*\*\* in the Five Eternal Realm!

"Shall we go to the platform?"

His Royal Highness Xiuning looked at Su Lang and asked calmly.

[Chapter 2616: You deserve to be Su Lang's junior](#)

"Just go there."

"It just so happens that Xie Xuan and other elder guardians are also near Ziyu Tiangong, for everyone to gather together."

Su Lang smiled and nodded, and then flew forward.

His Royal Highness Xiu Ning immediately followed, giving people a sense of following each step.

"Humph!"

"The only five universes are eternal, so Xiuning listened to him like that!"

Yu Yangli followed Su Lang closely, his expression was as usual, but his heart was cursed.

In his opinion.

An eternal woman like Xiuning is definitely the dream of countless eternal warriors, and the top choice for Taoists.

But now, they are so close to Su Lang!

at this time.

Ziyu Tiangong appeared in front of him.

Xie Xuan and other four eternal elders of the seven universes, as well as a dozen eternal protectors of the six universes, were suspended in the sky waiting.

Seeing Su Lang and Xiuning arrive.

Everyone immediately saluted: "I have seen His Royal Highness Xiuning, Master Su Lang!"

Everyone regarded Su Lang as being at the same level as Xiuning.

Its status is the same as Xiuning, and it is the highest in the entire Doudu universe!

"You don't need to be polite!"

His Royal Highness Xiuning and Su Lang returned the salute together.

Soon.

Su Lang turned his head and glanced at Yu Yangli faintly.

The latter understood Su Lang's meaning, this is to let him come forward to see him!

Just like a junior, wait until the adults have finished their greetings before they can come out to speak...

This is simply a shame!

But there is no way, he is now to be a good junior.

"Under Yu Yangli, I have seen all the elders and protectors."

Yu Yangli bowed his salute sharply, and couldn't fault it.

"I'm waiting to see Fellow Yu Yangli."

"Friend Yu Yangli, at a young age, is already the eternal pinnacle of the Seven Universes, which is really amazing!"

"Yeah, Daoist Yu Yang is just around the corner to step into the eternity of the eight universes. It's amazing!"

"Hahaha, you deserve to be Master Su Lang's junior, he really shows talent!"

"Well, only a good person like Fellow Daoist Yu Yang can be able to be the younger brother of Master Su Lang."

"..."

Xie Xuan and others all smiled and praised Yangli in reply.

And these words, the first two sentences, Yu Yangli is really comfortable to hear.

But almost the words that followed made him feel stagnant, and a deep humiliation, shame and anger spontaneously arise.

"original."

"These elders and guardians praised me, all to flatter Su Lang!!"

Yu Yangli thought angrily, "Damn it! You people, I will never let go of any of you in the future."

But he didn't know.

In the eyes of Xie Xuan and others, although what they said meant flattering, they were also facts.

Su Lang was already very powerful, and Yu Yangli was naturally stunned by following him!  
at this time.

Xie Xuan and others were polite and praised Yu Yang for a while, and mentioned Su Lang many times.  
This caused Yu Yangli to explode almost in place!

However, he had to suppress the anger in his heart, smiling on the surface like a chrysanthemum.

"Where and where!"

"The elders and guardians have praised."

"The road to practice is endless. The Eight Eternal Realm requires countless years of accumulation, but seniors have a greater chance of being promoted than me."

Yu Yangli slapped haha and said humble words again and again, but his heart was so sad and angry that he almost wept blood.

"Oh, Yu Daoyou is too humble."

"Yes, don't belittle yourself."

"Yeah, Fellow Daoist has top aptitude, and there are seniors like Master Su Lang, so why worry about the eternal realm of the eight universes!"

"Tsk tusk, wait until Fellow Daoist asks you Senior Brother Su Lang to give you pointers, it will directly save countless years of hard cultivation!"

"..."

Seeing that Yu Yangli was so humble, Xie Xuan and others immediately quit, and they all spoke up. It is bound to make Yu Yangli aware of his excellence!

"I.....!!!"

"I...thank you Ning for protecting the elders."

"I will definitely practice earnestly, and I will ask Master Su Lang for more advice, and I will be promoted to Eight Eternal Eternity as soon as possible."

Yu Yangli's face could hardly be stretched, but he finally endured it.

After speaking.

He quickly retreated to the back of Su Lang, for fear that Xie Xuan and others would continue to 'praise' him.

Seeing this, Xie Xuan and others were a little surprised, saying that Yu Yangli still doesn't like others to praise him?

Or is this person not sociable and unwilling to talk more?

[Chapter 2617: The kid looks good](#)

at this time.

"Everyone, let's go in and talk."

Su Lang smiled slightly and said to Xie Xuan and others.

"it is good!"

"His Royal Highness, please, Lord Su Lang, please!"

"..."

Seeing this, Xie Xuan and others nodded immediately and stood on the side waiting for Su Lang and Xiuning to leave first.

Su Lang and Xiuning nodded, and the two entered Ziyu Tiangong and went straight to the opposite platform.

Yu Yangli, Xie Xuan and others followed closely.

quickly.

Everyone came to the opposite platform.

The spirit gathering formation here has been on.

A long time has passed since Su Lang and Xiuning went to Qiling Universe.

Therefore, a large amount of cosmic energy was accumulated on the platform, forming a crystal platform like a mirror.

on the platform.

Su Lang and Xiuning sat opposite each other on the short futon.

Xie Xuan and others sat down in the first place one after another, Yu Yang thought for a while, sat down beside Su Lang.

"My little brother looks good."

Su Lang glanced at Yu Yangli and smiled in his heart.

"This is really great for fellow Daoists to look forward to Lord Su Lang.

"Daoist Yu is so good, and Daoist Su Lang can overpower him, but Highness Xiu Ning can't do it."

"It's really reassuring to have Master Su Lang!"

"..."

Xie Xuan and the others thought about it when they saw Yu Yangli following Su Lang behind him.

At this time.

Su Lang stretched out his hand and swiped his long sleeves across the desk, and a pot of precious spiritual tea appeared on the empty table.

The refreshing fragrance of tea permeated.

All the people present were shocked, and there was light in their eyes, even Yu Yangli, the eternal descendant of the Nine Universes, was no exception.

"What kind of tea is this?"

His Royal Highness Xiu Ning blinked with beautiful eyes and asked curiously.

"This is the perfect quality Eternal Realm Enlightenment Tea. It is very helpful to practice exercises. Let's try it."

Su Lang smiled faintly, and the teapot flew up between waving his hands, automatically making more than ten teacups and falling into the hands of everyone.

Yu Yangli also got a cup of enlightenment tea.

"Perfect quality eternal enlightenment tea!"

"With a drink, you can definitely have an epiphany, and the speed of practicing eternal techniques has skyrocketed more than ten thousand times!"

Yu Yangli looked at the spirit tea in his hand, and was amazed, "I didn't expect Master to leave him such a good thing!"

"This tea...is really delicious!"

"Did Fellow Su Lang refine it by himself?"

His Royal Highness Xiuning held the tea cup and sniffed, his face was intoxicated.

"Ok."

Su Lang nodded slightly, "I refined it myself when I was free."

"Sure enough!"

His Royal Highness Xiuning smiled and took another sip.

"He, he refined it himself!?"

"How is it possible, how could he refine the eternal perfect quality enlightenment tea so cherished!!"

Yu Yangli was holding a teacup and was taking a sip. Hearing this, his heart was shocked and his complexion was stagnant!

He didn't want to believe that Su Lang could refine such treasured spiritual tea.

But look at the expressions of His Royal Highness Xiuning, Xie Xuan and other elder guardians.

Before adding, Xie Xuan and Xiuning mentioned Su Lang's alchemy attainments.

He knew that Su Lang's alchemy attainments might be so advanced!

Thought of this.

Yu Yang felt uncomfortable for a while, the spiritual tea in his hand was not fragrant!

Next.

Everyone tasted the spirit tea quietly.

After a drink.

"Friend Su Lang, can you take the liberty to ask."

"When Gu Jun Da Neng left you a legacy, did he mention his future schedule?"

Xiu Ning put down the tea cup, Meisou looked at Su Lang: "Ancestor Douxiu, did you leave with Gujun Daneng?"

This statement came out.

Xie Xuan and others looked at Su Lang.

The whereabouts of Emperor Dou Xiu has always been a mystery, and they all wanted to know the truth.

just.

"I'm afraid I will disappoint His Highness Xiuning."

Su Lang shook his head indifferently, "Master Gujun didn't leave me any information about his whereabouts, and I didn't even see his deity."

Hear this.

His Highness Xiuning, Xie Xuan and other elder guardians nodded.

But at this moment.

"You...Brother, you don't know!?"

"Master only left you the inheritance, did not tell anything else!?"

Yu Yangli looked at Su Lang in astonishment, "Or, brother, don't you want to say?"

[Chapter 2618: I don't know where Master is going](#)

The words came out.

The scene was suddenly quiet.

what happened?

Why did Emperor Gujun Zhou let Yu Yangli know where he was going, but not Su Lang?

Su Lang is clearly a direct disciple !

Everyone looked at Su Lang, and their hearts were full of puzzlement!

If Su Lang hadn't come up with the original seven-character secret technique, everyone would definitely doubt it.

But now, the identity of Su Lang Gujun's personal disciple cannot be shaken.

Therefore, everyone is even more puzzled!

"I really don't know where the master is going."

Su Lang shook his head calmly, and immediately looked at Yu Yangli, "Junior Brother knows?"

Anyway, if he does not admit it, no one can deny his identity.

So there is no need to argue at all, just admit it generously and let them have a headache.

at this time.

Su Lang asked Yu Yangli, Xiu Ning, Xie Xuan and others who were extremely surprised.

"Brother really don't know!?"

Yu Yangli looked suspiciously at Su Lang, "This shouldn't be it, brother is a personal pass, I'm just a named disciple, how can I know the reason that brother does not know!?"

"Friend Yu Dao."

"Do you really know the whereabouts of Gujun!"

"I don't know where did Gu Jun Da Neng go?"

"Does Emperor Dou Xiu follow his old man to leave?"

Growing up, he asked uncontrollably.

In fact, they didn't know whether Emperor Dou Xiu Zhou left with Gu Jun or was killed by Gu Jun.

But now, I can only ask if I will leave with Gu Jun.

"This matter..."

Yu Yangli frowned slightly and looked at Su Lang, looking like his horse's head.

"It's all one's own, speak out."

Su Lang smiled faintly and nodded to Yu Yangli.

This statement came out.

His Royal Highness Xiuning, all the elder guards looked at Su Lang very moved.

Su Lang did not treat them as outsiders at all.

Even if it is a secret from the division, I am willing to let them know.

"Since it is the order of the senior brother, then I will say it."

"In fact, the information left by the master is not very detailed, only that he went to the Lingxu Fragmented Domain."

"And to go here to participate in a great battle, a great battle between many high-level eternal strong men."

"This battle seems to be very important. Fighting Emperor Zhou should also go with Master."

"I don't know what I'm fighting for. I only know that this battle is extremely dangerous, and Master is also prepared to never return."

"Perhaps, because of this, the master will leave the inheritance."

Yu Yangli said slowly, "I just don't know, why didn't Master tell Su this time..."

In the first few sentences, Yu Yangli still said very calmly, but at the last sentence, he stopped abruptly before finishing!

Thoughts surfaced in his mind and collided...

His eyes widened and his expression became a little stiff!

First of all, Emperor Gujun Zhou has a great battle to participate in.

Secondly, I don't know the reason for this battle for the time being, I only know that it is extremely dangerous, even if the Nine Universes are eternal, it is very likely that they will never go back.

In the end, Gu Jun chose to tell him the incident, but did not tell Su Lang!

This!

This is not to let Su Lang get involved, but to protect Su Lang!

And he Yu Yangli.

As a named disciple, I know the whereabouts of the master, and I know that there must be extraordinary reasons for that battle.

So there will be an idea to find out!

Then he will pursue it and step into a dangerous place!

Yu Yangli really thought so.

There were two reasons why he asked Emperor Xiu Yuzhou to cooperate.

The first reason is to have a high-level universe for cultivation.

The second reason is to use the high-level universe as a springboard to explore the farther universe.

He wants to follow the traces of Emperor Gujun Zhou and the location of Lingxu Broken Domain!

Su Lang didn't know the whereabouts of Emperor Gujun Zhou, so he would not have such thoughts.

It will only cultivate peace of mind, grow peacefully, and pass on the inheritance of Emperor Gujun Zhou from generation to generation.

"Master values Su Lang more, he is protecting Su Lang!"

"And I, I'm just a registered disciple, or it's an idler he laid out!"

Yu Yangli was so brainy, the whole person seemed to have just been struck by lightning, his eyes staring, dementia!

#### [Chapter 2619: Master Gujun still loves you](#)

at the same time.

His Highness Xiu Ning, Xie Xuan and other elders, Ming Hua and other guardians also "understood the truth"!

"This... Lord Su Lang is indeed the descendant left by Gu Jun."

"Gu Jun Da Neng is unwilling to take Master Su Lang into danger, so he concealed his whereabouts, and only hopes Master Su Lang can grow up smoothly."

"As for Yangli, the qualifications for cultivation are indeed very good, but they are far behind Su Lang's adults, so after being discovered by Gu Jun Da Neng, he was casually assigned as an idler."

"This Xianzi is useless, and it is a surprise to be useful."

"Yu Yangli, what a pity..."

"..."

His Royal Highness Xiuning and others looked towards Yu Yangli, and some pity could not help but rise in their hearts.

Just forget it as an idler.

The key is that he appeared in front of Su Lang, a real personal biography, and revealed his identity by himself!

What a blow this has to take!

"Wow!"

"This group of people are unfathomable brain remediation!"

"A little detail has allowed them to make up so many things!"

Su Lang put away a smile without saying a word, showing a serious face.

Said that he did not gloat for misfortune, nor did he show mercy to Yangli, and respect him.

But this expression.

But still stabbed Yu Yangli's heart.

"I'm not only a named disciple, but also an idler randomly assigned by Emperor Gujun Zhou!"

"It's Su Lang who is personally passed on, and he is the disciple who is deeply loved by the respected master, and that he cares about and protects!"

"Why, why do you treat me like this!!"

Yu Yangli's wide-open eyes gradually turned red, and the grief was hard to conceal.

Master Gu Jun was the person he respected most, and he was determined to pursue it.

But now, "the truth is revealed".

Gu Jun didn't care about him at all, he only used him as a tool man, and he was a kind of dispensable idler.

This is really too shameful.

Yu Yangli, who felt like a knife twist, inevitably raised a bit of resentment towards Emperor Gujun Zhou.

at this time.

"Ahem."

"Junior brother, don't need to care too much."

"Look, you and I are both in the Doudu Zhouyu. Master must know that we will meet, and then you will know the truth, so as to avoid chasing down dangerous places."

"So, Master Gujun still loves you."

Su Lang's gentle and magnetic voice came, comforting Yu Yangli's injured heart.

In fact, Su Lang didn't bother to do this.

But Yu Yangli is a very good thug, who will be very useful when dealing with Suiyou Zhouyu.

and so.

Even if Yu Yang didn't confess that he was in collusion with Xiuyu, Su Lang didn't want to see him blackened.

If Yu Yangli becomes black, he will inevitably tear his face on the spot, and this good tool man will be lost.

now.

Su Lang's words really worked.

"Yes."

"Su Lang and I are in the same universe, and we will meet each other when we grow up."

"Then I will exchange information with Su Lang to let me know the danger of going here."

"So, Master didn't tell Su Lang about this, probably because he knew I would tell him, so he didn't leave relevant information to Su Lang."

Yu Yangli thought so, the resentment in his heart dissipated a lot.

But then, new questions appeared.

Since Master is to protect Su Lang, why should Su Lang be able to learn about this indirectly?

This thought came to Yang Li's mind and lingered.

And His Highness Xiu Ning and others obviously also noticed this detail.

"It's weird, isn't Emperor Gujun Zhou trying to protect Lord Su Lang? Why should he have a chance to know the truth?"

"Gu Jun is able to put the personal biography and the named disciple in the same universe, what is it for?"

"Could it be that Emperor Gujun Zhou's original intention was not to conceal Master Su Lang, so that he could cultivate and grow carefree?"

"..."

His Royal Highness Xiu Ning, Xie Xuan and other elders, Ming Hua and other guardians, everyone, you look at me, I look at you, and finally Su Lang and Yu Yangli, all with eyes full of confusion.

"Uh, these people are starting to brainstorm again!"

"Brain repair is good, I like smart people who can repair brains, and I fill up the loopholes in my rhetoric."

"Come on, everyone, hurry up and come up with the truth!"

Su Lang also looked confused on the surface, but smiled in his heart.

[Chapter 2620: No i want to listen](#)

at this time.

It was like Su Lang's secret encouragement worked.

"I understand!"

Xie Xuan suddenly slapped his thigh, his eyes showed the light of Mingwu, and his tone was a little excited.

"What do you understand, Elder Xie?"

Yu Yangli's bloodshot eyes stared at Xie Xuan immediately.

"Elder Xie, what did you think of?"

"Say it quickly, it's so sad!"

"Hurry up, tell me why Gu Jun did this?"

"..."

As they grew older, Elder Zhong and others looked at Xie Xuan enthusiastically and urged.

Even His Royal Highness Xiuning looked over with interest.

"Tsk tusk, Elder Xie never disappoints!"

Su Lang glanced at Xie Xuan in surprise, and smiled happily in his heart.

"This....."

"Although I want to understand."

"But if you say it, it may not be good news for Daoist Yang Li."

The excitement on Xie Xuan's face gradually disappeared, and his voice became a little low.

"Not good news for me?"

One in Yu Yang's ecstasy, what happened secretly, it was me again! ?

"Ah this... then don't say anything."

Su Lang raised his eyebrows and said in his heart that if Yu Yangli was blackened, the loss would be great.

"Then don't talk about it."

Xie Xuan nodded in a groan, "I just guessed it, old man."

See this scene.

The guardians of the elders all have some regrets.

But at this moment.

"Say!"

"You said, what have you figured out!"

Suddenly, Yu Yangli stood up very angrily, and walked in front of Xie Xuan with red eyes staring at Xie Xuan.

It's about him.

The rest can not listen, but he can't!

Now that he knew there was a more reasonable explanation, he had to listen to Yu Yangli!

"Junior Brother..."

Su Lang frowned and faintly shouted.

"No, I want to listen!"

"Elder Xie, but you say it's okay!"

"No matter what you guessed, I can accept it!"

Yu Yangli tensed his face and interrupted Su Lang, and said in a cold tone.

"I cross, this guy has to listen."

Su Lang twitched the corner of his mouth and said helplessly, "If that's the case, let's talk about it."

Just say it.

The big deal is that when this 'respectful brother' is about to become black, his 'friendly brother' will coax him again.

"This."

"Since Master Su Lang has spoken, then I will speak."

Xie Xuan nodded to Su Lang, then looked towards Yu Yangli, "Please listen to fellow Yu Yangli, don't be angry."

"I am not angry!"

Yu Yangli suppressed the irritability in his heart, "Say it quickly."

"Ah, then I said it."

Xie Xuan coughed and nodded slightly.

The other elders, the protector, and His Royal Highness Xiuning all set their ears and listened carefully.

The same is true for Su Lang.

"I wonder if you have noticed a few details."

"The first detail, Gu Jun Da Neng did not leave an advocate for Master Su Lang!"

"This is obviously in contradiction with the previous speculation that Lone Jun is going to let Master Su Lang practice carefree."

"If you really want Master Su Lang to cultivate and grow carefree, and to inherit the Taoist tradition, you must leave a guardian to protect it."

"Why did you not leave the protector?"

"It's for Master Su Lang to survive crises by his own strength!"

"This is to hone Lord Su Lang's fighting talent to the greatest extent!"

Xie Xuan said this, and stopped temporarily to let everyone have time to think.

"Elder Xie is right!"

"There is no guardian, it is indeed for Master Su Lang to grow up alone and hone his fighting talent."

"Obviously, Emperor Gu Jun Zhou did not intend to cultivate Master Su Lang as a flower in a greenhouse!"

"..."

His Royal Highness Xiuning, the elder guardians nodded one after another.

"Ok."

Su Lang also nodded slightly, and the dark path brain made up well.

"Then what does this mean!?"

Yu Yangli was impatient, did not think for himself, and did not want to think for himself.

"On behalf of Gujun Da Neng, Master Su Lang will be cultivated as a real strong man, rather than a simple inheritor."

Xie Xuan looked towards Yu Yangli, a trace of pity flashed in his heart.

"and then!!"

Yu Yang shuddered in the centrifugation, gritted his teeth and asked.
