### [Chapter 2631: The third high level universe, Yilong](#)

"Everyone, wait for my news!"

Su Lang got up and sent Xiu Ning and others away.

quickly.

Only Su Lang and Yu Yangli were left on the platform.

Wow!

With a wave of Su Lang, a large number of formations appeared out of thin air, closing the platform inside.

"Brother's method is really unfathomable!"

Seeing this scene, Yu Yangli was shocked and took a breath, and at the same time a glimmer of expectation rose in his eyes.

This method, he who possesses the original secret technique of array characters, can he also learn it?

"This is not a secret method."

"It's a kind of formation that belongs to me alone, others can't learn it."

Su Lang seemed to see through Yu Yangli's thoughts, shook his head and said.

The formation of a thought is the ability endowed by the system, and it is impossible for others to learn, and it is impossible for him to teach it.

"That's it."

"Brother is really talented!"

Yu Yangli nodded, thinking that Su Lang was born with a special physique that others could not learn.

"Junior Brother, what do you want to say to me?"

"Is there something wrong with the Seven-Character Secret Technique, want to ask me?"

Su Lang looked at Yu Yangli and suddenly felt a little awkward to be alone with the pink hunk.

"Senior brother, I do have a lot of questions about the exercises. I want to ask the senior brother to help me out."

Yu Yangli nodded, and then said again, "But before that, there is another piece of information to tell Senior Brother."

"Another piece of information?"

Su Lang's expression moved, "Let's listen."

"Yes, brother."

"I know that besides Doudu and Suiyou, the third universe with a high-level universe!"

Yu Yangli said solemnly.

"The third universe with a high-level universe?"

Su Lang raised his eyebrows, "What is his name and what is his strength?"

"That high-level universe is called 'Yilong universe'."

"According to the news I found, the blood of dragons in this universe is prosperous, and various eternal dragon races thrive in it!"

"Yilong universe is much stronger than Doudu, perhaps better than Suiyou!"

Yu Yang was ashamed, "It's a pity that I don't dare to explore blatantly, Junior Brother, so I only know this."

"Yilong universe?"

"A universe ruled by an eternal dragon!"

"Yes, the endless universe is so big, and all races have the opportunity to achieve eternity. The dragon family is originally a big family, and it is not unusual for a dragon family to rule a high-level universe."

Su Lang nodded slightly, and then asked, "Junior Brother, how do you know this Yilong universe?"

"After leaving from Qiling Universe."

"Under the few clues left by the protector who had fallen a long time ago, I sneaked into the Yilong universe and found a secret middle universe."

"Since then, I have been practicing there, trembling, walking on thin ice, for fear of being discovered."

Yu Yangli slowly said, "After that, the Doudu universe changed drastically, and I longed to enter the higher-level universe to practice before I left there."

"It turns out that the Yilong universe was found based on clues left by the protector."

Su Lang nodded slightly, "Does that protector leave any important messages?"

"No more."

"The rest of the protectors don't even know anything, they only know to protect me from growing up."

Yu Yangli was a little ashamed of this.

He grew up under the protection of many strong men.

And Su Lang grew up by himself, and he didn't know how many unimaginable difficulties he had overcome during the journey.

"Ok."

"That protector left a clue to the Yilong universe, presumably Master Gujun may have passed by over there."

"I don't know if he has done anything or left anything in that universe."

Su Lang showed the color of thinking, Gu Jun left no more clues about Lingxu Fragmented Domain and the battle.

Will there be the Yilong universe?

Guessing alone is definitely not enough.

He decided to take a trip to Yilong Universe when he had the opportunity.

"correct!"

Su Lang suddenly asked, "Does Yilong Zhouyu know Doudu and Suiyou Zhouyu?"

"I don't know."

Yu Yangli pondered for a moment, then shook his head, "There are many white worlds between the Yilong universe and Doudu universe!"

"Universe White World!"

"If there is a chance, I must explore the universal white world!"

Su Lang narrowed his eyes, the higher the level, the more he felt that the world white world was not easy!

#### [Chapter 2632: Stunned at Yangli](#)

"what!"

"Brother wants to explore the white world of the universe!?"

"But Huanyu Baijie is too dangerous. Master dare not venture into it. Brother, don't take risks."

When Yu Yangli heard Su Lang say he wanted to explore the white world, he immediately discouraged him.

"Haha."

Su Lang smiled and shook his head, "I said that I will take a look only when I have a chance."

"Unless you have to, let's forget it."

Yu Yangli said bitterly, insisting to dispel Su Lang's curiosity.

"ok, I get it."

Su Lang nodded helplessly, "Now, let's talk about the problems with your practice."

"Okay, brother!"

"Junior Brother, I have been working behind closed doors for a long time, and I have accumulated a lot of problems."

Yu Yangli lifted his spirits, smiled openly, and hurriedly said his problems.

These questions are basically about the seven-character secret.

Among the seven-character secrets, he didn't like the three-character secret of the pill array device very much.

The problem also mostly comes from the four-character secret behind.

"Well, these questions are really difficult."

"There are several things in it, I also need to think about it, so I know how to teach you."

"After I straighten out these difficult and obscure places, I will answer your questions together."

Su Lang listened to Yu Yangli's question and directly said with a flicker.

joke.

Seven-character Secret, he hasn't finished his practice yet.

Ten martial arts villains are now practicing "The Secret of Words and Characters". This exercise is very difficult, and it may take some time to complete the practice.

It will take more time to complete the practice of the Seven-character Secret.

and so.

Now he couldn't answer any questions from Yu Yangli.

But Yu Yangli didn't doubt that he had him at all, so he immediately agreed, and he was a little bit happy.

"It turns out that those few questions are difficult even for seniors."

"It seems that my martial arts talent is still okay!"

Yu Yangli chuckled as he felt like he was doing it again.

"Ok."

"Let these questions go first."

"Brother, I have practiced many eternal exercises, and some are useful to you, so I will teach you some."

Su Lang nodded faintly, and moved the topic away from the seven-character secret.

"Good good!"

"Junior brother can't ask for it!"

Yu Yang opened his eyebrows and smiled, and asked happily, "How many eternal techniques have you practiced, brother?"

He heard what Xiuning and the others said before and knew that Su Lang practiced a lot of exercises, so he was very curious, how many!

"This."

"You may not believe it."

"The eternal technique I practiced is not how many, not tens of thousands, but how many billions."

Su Lang touched his chin and said with a smile.

"what!?"

"How many billions!?"

"Brother, do I have a broken ear?"

Yu Yangli looked at Su Lang dumbfounded, his face was full of unbelieving expressions.

Eternal exercises, the general eternal martial artist will also practice three or five.

It's too fake to practice eternal exercises in units of billions.

"You heard me right."

"I did practice so many eternal techniques."

"But these eternal techniques are derived from the superficial techniques."

"These exercises do not work well, so they are not very useful."

Su Lang sighed slightly, seemingly dissatisfied with those exercises.

"what!!"

"Those exercises turned out to be the eternal exercises performed by Senior Brother Su Lang himself!"

"Although it is derived from the superficial and low-level exercises, it is far beyond my cognition and imagination!"

"Brother, your martial arts talent is too terrifying. Deducing hundreds of millions of eternal techniques, no wonder you can perfect "Zhou Long Xuanxin"!"

"..."

Yu Yangli said in horror, even a little incoherent.

"Nothing great."

"I have practiced so many techniques, and I have also advanced my combat power to the peak of the Six Universes."

"I have now stepped into the Five Eternal Realm, but my combat power is only the eternal peak of the Six Universes, which is really too weak."

Su Lang shook his head and sighed again.

"???"

Yu Yangli was stiff, his expression stagnated...

[Chapter 2633: Brother, you don't feel confident anymore](#)

"It's too weak...ahh..."

Yu Yangli's mind kept replaying Su Lang's words, and his mood was as complicated as mixing with oil, salt, vinegar, scallion, \*\*\*\* and garlic.

Well known.

In the eternal realm, when the number of crystal wall cells is equal, it is extremely difficult for the combat power to exceed the same level!

It must be the kind of Tianjiao in the eternal realm to do it, but it is almost impossible to completely crush it.

For example, His Royal Highness Xiu Ning, such as Emperor Xiu Yuzhou, or Yu Yangli.

They can defeat the eternal powerhouse of the Seven Universes at the same level, but they can't defeat them too easily, requiring a lot of effort.

And this is already the limit!

Like Su Lang, as soon as he entered the Five Eternal Realm, he possessed the existence of the peak-level combat power of the Six Realms, which was extinct in the endless realm.

This is eternal!

It is almost impossible for others to exceed a small state.

Only when the number of Crystal Wall Universe reaches a critical point and there are countless high-level eternal inheritances can it be done.

But Su Lang's combat power almost surpassed two small realms at the same level!

This was just after entering the Five Eternal Realm, and the cell walls of the crystal wall were much smaller than those of warriors of the same level.

A slight comparison of all aspects shows how genius Su Lang is.

however.

He is still not satisfied!

He also said that he was too weak!

Yu Yangli covered his chest, feeling so painful there.

"Junior Brother?"

"what happened to you?"

Su Lang looked at Yu Yangli sluggishly, and asked strangely.

"Brother, can you not be satisfied with your own combat power."

Yu Yangli pondered for a moment, and hesitated, "This will deal a serious blow to me. You make me feel unconfident."

"Uh."

"That's it."

"However, the combat power is only two levels higher than the same level, which is really weak."

Su Lang showed such an expression before frowning and said, "I used to have real combat power that surpassed my own realm by several realms."

"..."

Yu Yangli turned around silently, "Brother, I don't want to talk to you..."

Is that what people say?

Is that something that people can pick up?

"do not."

"That is not strong enough."

Su Lang grabbed Yu Yangli's shoulder and said, "Fortunately, I have the Infinity and various eternal emperor soldiers, which can make up for some combat power."

Hear this.

Yu Yangli trembled all over, but felt a clatter in his heart, as if his self-confidence was broken!

What! ?

It is close to two small realms higher than its own realm, but still not satisfied, and even supplemented from other aspects! !

This is so abnormal!

"Now my ultimate combat power can probably reach the top level of the seven eternity."

"If you use secret techniques like "The Secret of Death but Not Life", you can probably reach the level of invincibility below the eight universes."

If Su Lang didn't notice Yu Yangli's reaction, he smiled and said, "On this basis, with the help of Junior Brother, His Royal Highness Xiu Ning, and Xie Xuan and other elders, it should be no problem for the combat power to enter the eight-dimensional level.

This statement came out.

Yu Yangli felt that he was about to split!

"Achieving eight...Eight Eternal Realm?"

"That combat power, doesn't it surpass its own three small realms!?"

"The three small realms of the Eternal Realm, it is not an exaggeration to say that they are the three great realms of the other levels!"

Yu Yang turned around blankly, and looked at Su Lang with a certain unloved one.

He knew that Su Lang was much better than himself.

However, it is also a fact that Su Lang's cultivation level is relatively low, and this is the only place where Yu Yangli can figure it out.

But now.

With full firepower, Su Lang can already master the power of the Eight Eternal Realm! !

This has far surpassed his Yu Yangli, the peak of the Seven Universes.

Yu Yangli suddenly realized.

In front of Su Lang, he is really a younger brother, younger brother in all aspects!

at this time.

"Junior Brother's combat power is actually pretty good."

Su Lang smiled and patted Yu Yangli on the head, "But there is still potential for improvement!"

"Yes, I can still improve!"

Yu Yangli was surprised and surprised.

It is difficult for him to improve himself, but isn't Su Lang here now?

Senior Brother Su Lang is a super invincible eternal great arrogant!

[Chapter 2634: Empowerment, the eternal brother of the eight universes](#)

"Come on, I will teach you the eternal realm cultivation technique now."

Su Lang smiled, "If you are lucky, maybe you can go all out and have the power of the Eight Eternal Realm."

"hiss!!"

"The power of the Eight Eternal Realm!"

Yu Yangli's eyes widened, his face was shocked and anticipating, the Eight Eternal Realm, that was the level he dreamed of.

Brother is brother, good brother, good brother!

Yu Yangli looked at Su Lang, deeply moved in his heart.

He practiced alone for countless years, with only a few guardians who were dying of old guarding him.

Those protectors still need him to protect, but they have not enjoyed the feeling of being protected and cared for a long time.

Now, from the brother Su Lang, he has a long-lost feeling of being cared for.

"Sit down."

"Brother, I am going to teach you the exercises now."

Su Lang looked at the touched look of the cheap junior, and smiled.

"Yes, brother!"

Yu Yangli took a deep breath, and sat down on the spot.

"It just so happens that the number of powers initiation has been refreshed, a total of 560 initiations!"

Su Lang squinted his eyes, and today he will completely subdue Yangli!

Press the palm of your hand to the center of your eyebrow.

Su Lang carefully observed Yu Yangli with his spiritual thoughts.

With Yu Yangli undefended, he saw more details.

For example, Yu Yangli has many crystal wall worlds, reaching the level of 30,000.

Obviously.

With the inheritance of Emperor Gujun Zhou, this guy also knew the importance of the foundation, and laid the foundation of the crystal wall cells before the godless level.

Look at the Crystal Wall Universe again.

Yu Yangli is a powerhouse of the Seven Eternal Realm,

The threshold of the Seven Eternal Realm is the eight thousand gai crystal wall universe.

And Yu Yangli's crystal wall universe has reached twelve thousand, belonging to a high level among the seven universes.

In addition, he learned some seven-character secret inheritance, and he had the remaining eternal techniques, and his combat power reached the inheritance of the peak of the seven universes.

"The foundation is very solid."

"Have the great potential of advanced nine universes."

Su Lang nodded slightly, and immediately locked onto Yangli with his spiritual thoughts, and gave instructions to the system, "System, start the exercise empowerment function, the goal, Yu Yangli!"

Suddenly!

Rumble! !

Numerous exercises and profound meanings are like a galaxy flowing down, crazily blending into Yang Li's soul and body!

The profound meaning of an eternal technique, its information is absolutely massive.

The profound meaning of a total of five hundred and sixty eternal exercises is beyond imagination!

Yu Yangli only felt that he had come to the deep sea of eternal practice.

He is like a huge dry sponge, absorbing the profound meaning in the ocean frantically and strengthening himself!

He was horrified to discover.

Su Lang's initiation is not just simply instilling the profound meaning of the exercises into his mind.

Instead, it was directly integrated into his soul and body, making him feel like he has practiced for countless years, and he has grasped it firmly, just like he has practiced for countless years!

In this process.

Yu Yangli deeply realized every detail of becoming stronger.

Both the soul and body became stronger with the increase of the love of countless exercises.

The life universe, crystal wall worlds, crystal wall universes, all become more magnificent and stable, and the power of the universe is more pure and surging!

In addition.

There are also various secret techniques to increase combat power, such as the "Split Thirteen Corpses" clone secret technique, the self-mutilation explosive secret technique, and the special strange secret technique such as "One Thought Conferred".

Every kind of secret technique can indirectly raise his combat power to a more powerful level!

Time passed slowly.

Yu Yangli didn't know whether a moment had passed or countless years had passed.

When the profound meaning of the practice that continuously poured into his body and soul finally stopped.

He opened his eyes, and his eyes flashed like thunder, as if even the barriers of the natural universe were pierced!

Immediately after.

An incomparably terrifying breath erupted from his body, which was dozens of times stronger than before!

"This is... the eternal power of the Eight Universes!!"

"The five hundred and sixty eternal exercises that my brother instilled in me are directly at the founding level!"

Yu Yangli was surprised and madly feeling the powerful force in his body, only to feel that he was dreaming, a dream that he didn't want to wake up!

This feeling is even stronger than when he was inherited by the lone army Emperor Zhou!

### [Chapter 2635: Yu Yangli's Mieyu Gun](#)

"It is indeed the eternal power of the Eight Universes, but only barely stepped in."

"Compared to the real Eight Eternity, it's still a bit worse."

"Junior, don't be complacent, let alone get complacent."

Su Lang looked at Yu Yangli up and down, and said lightly.

He appeared in front of Yangli's attribute panel, and all aspects of his attributes became 'Eight Eternity - '.

Hear this.

Yu Yangli seemed to wake up from a dream, with a hint of clarity in his eyes full of shock and ecstasy.

Soon.

"Senior brother thank you brother for preaching and teaching work!!"

"Senior brother's teachings will never be forgotten!"

Yu Yangli stood up from a cross-sitting posture, bowed deeply at Su Lang, his waist almost folded in half.

At this moment.

Yu Yangli has developed indelible respect, gratitude and conviction for Su Lang.

Five hundred and sixty eternal techniques, and directly reached the founding level, saving countless billions of years of cultivation, let his combat power directly enter the eternal level of the eight universes!

The original seven-character secret technique was presented before.

There are currently 560 eternal exercises instilled directly to the founding level.

Su Lang gave him this unbelievable opportunity directly.

The two have only met for less than an hour!

What a kind heart, how caring for his junior, can it be done! ?

In Yang Li's heart, Su Lang has become the most reliable and trustworthy person!

Even the status of Emperor Gu Jun Zhou in his heart was vaguely crushed by Su Lang!

"Well, stay calm."

Su Lang showed a kind smile, "This kind of thing will happen in the future."

"Yes, brother!!"

Yu Yangli took a deep breath, tried to suppress the ecstasy in his heart, for fear of laughing out loud, and lost his attitude in front of this respectable brother Su Lang.

"The exercises are here temporarily."

Su Lang smiled slightly, "Take this opportunity to see if I can help you promote the weapon."

This statement came out.

Yu Yangli suddenly thought of Xie Xuan's admiration.

In that courtyard, he heard Su Lang's refining methods from Xie Xuan for the first time.

That is a mysterious means to instantly promote the eternal emperor soldier, and it is countless times stronger than the seven-character secret middle weapon character secret inheritance!

For this means.

Yu Yangli had long wanted to see it.

"Yes, brother!"

Yu Yangli saluted Su Lang very gratefully.

At the same time, he felt even more ashamed and regretted for slandering Su Lang before.

So he secretly decided to help Senior Brother Su in the future, so that he can forgive himself.

"Take out the weapon."

"Also, enough material!"

"Take out all your materials that have no significant effect, regardless of type, level and quantity!"

Su Lang smiled and stretched out his right hand to Yu Yangli.

"Yes!"

Yu Yangli nodded immediately, and then took out his weapon.

He has three eternal weapons.

The first is an eternal treasure for defense, called 'good fortune does not dye beads'.

This good fortune does not dye beads, like a ping-pong ball magnified many times, even the color looks like yellow.

When used, the beads are divided into two hemispheres around them, which can resist attacks.

The second one is an eternal treasure used for concealment, named "Daoyou Without Trace Mirror", which is a small thumb-sized mirror pendant.

The third is an eternal weapon used for offensive purposes, called the 'Mieyu Spear', which is a silver spear.

From these three weapons.

Su Lang felt a strong characteristic'.

It's just like the 'absolute hit' of 'Broken Dream Knife', the 'absolute block' of Tianjia's eight-sided shield, and the 'breaking defense is death' of Youtian Sword.

That good fortune does not dye beads, has the absolute defense characteristics of the same level.

Dao You Wu Trace Mirror, with absolute concealment of the same level.

Yuyu Gun has the ability to annihilate the Crystal Wall universe.

Once the enemy is stabbed, the crystal wall universe lost by the enemy will be permanently annihilated and cannot be recovered unless it is re-splitting out by using the origin of the universe.

In other words, this long spear can not only hurt people, but also hurt people's cultivation potential, practice path, and even directly knock it off the realm, which can only be practiced again.

This can be seen.

Among these three weapons, the "Mieyu Gun" is the most terrifying weapon!

[Chapter 2636: This cheap junior is very poor](#)

Of course.

In Su Lang's view, the characteristics of the "Destroying Spear" were still inferior to the Youtian Sword's ability to break defenses and die.

Moreover, he does not need this characteristic of destroying the enemy crystal wall universe.

For him, this is damaging the spoils. Everything about the enemy must be accepted intact...

"This is a weapon made of innate materials born in the universe."

Su Lang looked at the three weapons that Yu Yangli took out and smiled faintly.

"Yes, brother."

"These three weapons were slowly cultivated from the embryos left by my master."

"But Junior Brother, I have limited abilities and insufficient resources. I can only cultivate them to the Five Eternal Realm."

"Among them, the most powerful spear is only a half-step Six Eternal Realm."

Yu Yangli said respectfully, and immediately his face was a bit astringent, and these three weapons were just enough for him to use.

"Ok."

Su Lang nodded and asked, "Where is the material?"

"At this!"

Yu Yangli hurriedly took out his own materials, compressed them between square inches in the space avenue, and handed them to Su Lang.

Su Lang's spiritual thoughts swept away, and suddenly frowned slightly.

This cheap junior is very poor!

It's totally inconsistent with the identity of the descendant of the Nine Universes.

"Brother..."

"I was worried about leaking the inheritance and being pursued and killed, so I kept hiding and practicing, sitting and eating."

"Up to now, the resources left by Master are basically used by me."

"These materials are almost the last inventory on my body."

Yu Yangli was very embarrassed and said, "I wanted to get some resources from Emperor Xiuyu Zhou. I don't know that he is poorer than me."

"Sit down and eat the sky...no more."

Su Lang rolled his eyes speechlessly, and said, "I deceived Emperor Xiuyu Zhou's wealth."

"Yeah, Junior Brother knows."

"Emperor Xiu Yuzhou told me that he was miserable at the time, and he was so old that he was almost crying."

Yu Yangli nodded vigorously, with a proud smile on his face.

"Wait and let him really cry."

The corner of Su Lang's mouth twitched, revealing a sneer.

"Yeah!"

"Senior brother and I shot together and completely deceived him!"

Yu Yangli's eyes were bright, and he could act with Su Lang, making him and You Rongyan.

"I'll talk about this later."

Su Lang smiled, "Close to the subject, your materials are only enough to be promoted to the same weapon, how about promoting that Mieyu Gun?"

"Okay, okay, it's all up to the brother!"

Yu Yangli originally thought that he had too little material to be promoted, but now that he was able to be promoted to Mieyu Gun, he smiled happily.

He hurriedly offered Mieyu Gun both hands to Su Lang, looking forward to it very much.

"Actually, your refining technique is still a bit worse, and a lot of materials are wasted."

"But brother, I have a way to recast weapons, so that the value of all materials can be fully utilized!"

Su Lang caught Mieyu's spear and shook his head with a smile, "It's just that once it's recast, the Qi Ling will not be able to keep it."

"Ah! Brother actually has such methods, it is simply unexpected!"

Yu Yangli exclaimed, somewhat unbelievable.

It stands to reason that after the weapon is cast, the raw materials used merge with each other, and it is impossible to recast and reuse the materials.

But Su Lang was able to do it.

at this time.

Mieyu spear trembled fiercely, and Qi Ling sent emotions of fear and pleading.

"Don't worry, I'm not a murderous person, just talk about it."

Su Lang gently patted Mieyu Spear, smiled and shook his head.

"That is, how can you hurt you with the kindness of the brother?"

Yu Yangli looked at Mieyu Spear with a lesson in tone.

Suddenly.

Mieyu Gun breathed a sigh of relief.

"Well, I'm going to be promoted to weapons."

Su Lang reminded Yu Yangli and then used the one-key enhancement function.

"Good teacher..."

Yu Yangli nodded, just about to see how Su Lang promoted the weapon, and then stopped abruptly.

Because, he didn't say anything, the weapon has already been promoted!

A breath of the Six Universe Eternal Realm came from the Mieyu Spear and filled the surroundings.

The scene is quiet, and the needle drop can be heard!

[Chapter 2637: How many, 100 million](#)

"Promotion...Promotion is over!?"

Yu Yangli looked at MIEYU Gun in disbelief, his whole figure seemed to be knocked stupid by a stick!

"Me, I got promoted!?"

MIEYU Gun was also dumbfounded, and I felt it was too fake and unreal!

Although I have heard of Su Lang's magical methods before.

However, seeing and experiencing it with their own eyes still made Yu Yangli and MIE YU Qiang shocked.

"The promotion is over, take it."

Su Lang smiled slightly and threw MIEYU Spear to Yu Yangli.

Patter.

Yu Yang caught the weapon in a hurry, and the master and servant were still stupid, as if they were still in a dream.

Seeing this scene, Su Lang smiled without saying a word, lightly picked up his teacup and drank slowly.

After a long time.

"Is this really a dream?"

"MIEYU Gun, do you want to stab me?"

Yu Yangli seemed to have just woke up from a dream and said with a dazed expression.

"Okay, Master!"

MIEYU Gun was also a little confused, and directly agreed to Yu Yangli.

"Don't don't!"

"I'm just talking!"

Yu Yangli quickly squeezed MIEYU Spear, for fear that this guy would really pierce himself.

Seeing that Yu Yangli and his weapons were not very clever, Su Lang rolled his eyes.

But he was still quite happy.

The materials that can be left by Yu Yangli to the present are all very high-level materials, with one material topping many low-level materials.

Therefore, the materials Yu Yangli gave him did not run out.

Of course, it is impossible to strengthen the other two eternal emperor soldiers.

It can only be said to be a small profit.

at this time.

"Brother, I want to try a gun!"

Yu Yangli said to Su Lang impatiently.

"Don't worry."

Su Lang waved his hand and asked, "Do you still have the origin of the universe?"

"Yes, there are more!"

"Brother, do you want it, I'll give it to Senior Brother!"

Yu Yangli said that he was going to hand over his origin of the universe to Su Lang.

"How many, 100 million?"

Su Lang did not rush to ask, but asked.

"One hundred million!?"

Yu Yangli's expression froze, and said with some difficulty, "Junior Brother only has one hundred thousand universe origins..."

"One hundred thousand, you are so poor."

Su Lang looked at Yu Yangli and shook his head, "Forget it, keep it for yourself."

"Yes, brother."

Yu Yangli nodded in embarrassment.

At the same time, he was a little unbelievable.

In Su Lang's case, the origin of the universe has been used as a unit of 100 million? You should be called a brother! ?

"Well, the war between us and Suiyou Universe Region may break out at any time, you have to quickly upgrade your cultivation."

"Here are some pills to increase the speed of cultivation. Take them and use them."

Su Lang took out some pill such as "Zhanyou Refining Pill" and handed it to Yu Yangli.

In fact, some of these medicines were made from the materials Yangli just gave.

Even if he gave Yu Yangli these pills, Su Lang still had a lot of them, and the remaining pills were used as a spare.

"Hi, this is the pill made by Senior Brother Su Lang!"

"Sure enough, as Xie Xuan said, it is the eternal perfect pill of the Five Universes!"

"Senior Brother Su Lang is really amazing. It's not bad that I can lift his shoes!"

Yu Yangli took the pill, and a storm surged in his heart, and of course he did not forget to thank Su Lang.

With these pills for accelerating cultivation, his cultivation speed will rise sharply.

Seven cosmos eternally condensed 13 thousand gai in the crystal wall universe, and he can be promoted to the level of eight cosmos. He is still a thousand short, not far away!

"Remember to hurry up."

"After the jade repair is over, you must practice wholeheartedly,"

Su Lang nodded slightly, "When the time comes, you will ask Elder Xie Xuan and them to speed up each other's time."

"Yes, Junior Brother would like to follow the teachings of Senior Brother!"

Yu Yangli smiled and saluted respectfully.

"Ok."

"You have been out of the sight of Emperor Xiuyu Zhou for a while, so you have to go back as soon as possible."

"So I stopped calling His Royal Highness Xiuning and the others over to discuss."

Su Lang nodded and said, "According to the plan you made before, you go to Fudge Emperor Yuzhou and let him gather resources as soon as possible!"

"Yes, brother, I promise to complete the task!"

Yu Yangli patted his chest and promised loudly.

"Go, I want to think about the difficulties of your exercises."

Su Lang waved his hand and took out some jade slips to make a learning appearance.

"Yes!"

When Yu Yangli saw that Su Lang had not forgotten to help him solve his doubts, he was even more moved.

He nodded heavily, then disappeared from where he was, and went to find Emperor Xiu Yuzhou.

### [Chapter 2638: Xiyi Terrace](#)

See Yu Yang left.

While Su Lang waved his hand, all the formations surrounding the opposing platform disappeared.

Immediately after.

He directly turned on the one-key practice function.

The cosmic energy that had accumulated around for a long time, turned into a thick mist, seemed to have found a catharsis under high pressure, and madly poured into Su Lang's body.

at this time.

The speed at which Su Lang absorbed the cosmic energy was obviously more terrifying than when he was practicing before.

Because he got his major practice "Wuliang Liyu Juntian Chaos Sutra", he changed it.

This is a more powerful master technique than "Zhou Long Xuanxin".

Almost already the top major practice in the endless universe, Su Lang predicts that he will not need to change the major practice for a long time in the future.

This "Unlimited Liyu Juntian Chaos Sutra" is enough for him to practice to the eternal state of the nine universes.

"Junior Brother Yu Yangli is really a good fat sheep."

"It's just that the wool of this cheap junior has basically been wiped out by me."

"Fortunately, his combat power is very powerful, and he has barely entered the Eight Eternal Realm, and is a good helper."

"..."

While thinking, Su Lang looked at the ten martial arts villains in the mysterious space.

They are practicing "The Secret of Words and Words" continuously.

The previous exercise "The Secret of Death Without Life" is a self-harming secret technique.

Under normal circumstances, this secret technique will not increase combat power.

Therefore, his current combat power still remains at the peak level of the Six Eternal Realm.

"Among the seven-character secrets, the sword-character secret and the word-character secret increase their combat power."

"After practicing the Secret of the Sword, if I re-invent the Poyi Sword, I will definitely make it stronger."

"The three-character secret of the pill array weapon is the 'life skill inheritance.' The word secret summons thugs, and the word stealing secret is a special secret technique, which cannot directly increase combat power.

"Except for the seven-character secret, the rest of the exercises obtained from Yu Yangli are also somewhat useful."

"The key is that these exercises are naturally unsuccessful, and they are eternal exercises with a high intention. After synthesis, the level will be greatly increased."

"Now, let's start the success method..."

Su Lang Momo thought, activated the one-key synthesis function, and began to synthesize an eternal exercise.

The setting sun is like blood.

The surging cosmic energy on the platform was shone with a faint crimson light.

The eternal exercises combined one after another are freshly released.

Numerous cultivation bases have also accumulated in Su Lang's cultivation base.

These cultivation bases can be used directly to perfect the crystal wall world and form the crystal wall universe.

Su Lang felt a sense of urgency because Su Lang could fight Doudu Zhouyu at any time.

therefore.

After accumulating some cultivation base.

Before the sea of cultivation was full, he began to consume cultivation, perfecting the crystal wall world and forming the crystal wall universe.

One more crystal wall universe, one more cosmic power, one more combat power!

time flies.

I don't know how long it has been.

Su Lang has perfected more than 600 Gai Crystal Wall universe.

If he still relies on the energy of the bottom universe to cultivate.

At least two hundred basic universes must be spared to perfect the universe with so many crystal walls.

This reflects the importance of the cultivation environment.

The high-level universe is more suitable for cultivation than the basic-level universe!

"Two thousand seven hundred and eighty-eight gai crystal wall universe."

"The distance from the Six Eternal Realm is about one thousand eight hundred gai."

"If you practice for a while, you will be able to break through to the Six Eternal Realm."

"..."

Su Lang thought so, with a look of expectation in his eyes.

at this time.

A somewhat familiar guard of the Eternal Realm came not far from the opposite platform. This person was in the Five Eternal Realm, called Ada.

After Ada respectfully saluted, he said that someone had come to see Su Lang.

The people here are three eternal four cosmos who drag their family and mouth.

"It's from Xiyitai."

Su Lang nodded slightly, "Bring them in to see me."

At the beginning, he presented a treasure hunting flying flying flying glider to Xiyi Station. At this time, using perception sharing, he saw everyone in Xiyi Station.

"Yes! Lord Su Lang!"

Ada respectfully took the order and turned and left.

quickly.

He came outside the Ziyu Tiangong.

But I saw three four-plane eternal realms, with more than a dozen three-plane eternal realms, and more two-cosmic and one-cosmic eternal realms, falling on the ground, afraid to float in the air.

They respectfully held a treasure hunting flying flying fly, and waited very nervously.

[Chapter 2639: Received as a subordinate](#)

"Master Su Lang has an order, let me take you to see him."

Ada of the Five Eternal Realm bowed his hands politely, "Please come with me."

"I'm sorry, my lord!"

Xi Yi was in Taichung, and an old man stepped forward and trembling slightly.

Immediately after.

The people from All Seals Yitai followed Ada to the opposite platform.

en route.

Everyone at Xiyitai was extremely excited.

After getting Su Lang's order to let them go to Doudu Universe.

Everyone in Xiyitai is going crazy with excitement!

Doudu universe!

Su Lang has actually entered the high-level universe, this is the place of cultivation that countless eternal powers dream of.

And Su Lang seems to have a very high status in the Doudu universe!

After they sold most of their basic universe and helped Su Lang deal with most of the coordinates of the natural universe, they went all the way and entered Doudu universe.

In the natural universe along the way, of course, I also encountered the guards of Doudu universe.

But when they sacrificed Su Lang's treasure hunt flying flying glider, they went all the way unimpeded.

After entering Doudu universe.

They finally learned of Su Lang's earth-shattering deeds in the Doudu universe.

This Master Su Lang unexpectedly united with the Xiu Ning faction to kill the stronger Xiu Jade faction!

Today's Su Lang is even more of a guest of Xiuning's group.

Heard these news.

Everyone at Xiyitai is almost like Fan Jin in Zhongzheng, almost frothing with joy!

just.

Their level, and can not inquire more news.

Otherwise, they would definitely know that Su Lang was already one of the two people with the highest status in the Doudu universe.

Even the eternal power of the seven universes must bow their heads and salute!

Not long.

Ada took all the people from Xiyi Terrace to the opposite platform.

See Su Lang in his cultivation state.

No one would not be shocked and amazed, and some eternal strong men with weaker concentration were directly stunned.

"Junior has seen Senior Su!"

Xi Yitai led the murder in an extremely excited salute.

The three four universes headed by these are eternal, named Qianlie, Riyang and Jishang.

They had already seen Su Lang's clone, and they were even more excited when seeing Su Lang's deity.

"Ok."

"What happened to what I asked you to do?"

Su Lang smiled slightly and asked directly.

"Report to senior, it's done!"

"These are the gains after processing some of the coordinates of the natural universe, please look at it."

The Supreme Emperor Zhou replied respectfully, and condensed a temporary space with a space avenue, which carried a large amount of material and sent it to Su Lang.

With a wave of his hand, Su Lang took the temporary space into the storage space and took a look.

Among them are half a million cosmic origins and a large number of various resources.

At a glance, he knew that its value far exceeded the natural universes he wanted to deal with.

Obviously, there is also the respect of everyone in Xiyitai.

Su Lang smiled and nodded, and stored the newly obtained universe origin into the system.

"Ding, the storage is complete, the balance is 9.62 million cosmic origin!"

"Unfortunately, the cheap junior is too poor."

"If he is not poor, I can first upgrade a favorite system function!"

Su Lang thought so, then looked at the people in Xiyitai and smiled, "I'm interested."

"this is what we are supposed to do!"

The Supreme Emperor Zhou, together with the others, paid homage to Su Lang in his heart.

"Ok."

"Today I officially accept you as subordinates."

"From now on, whenever you should practice resources, I will try my best to help you satisfy them."

Su Lang nodded slightly and happily accepted these new subordinates who had come to defect.

"Thank you Lord for your kindness!!"

Emperor Zhou and others were grateful to worship Xie Sulang, and their title was changed from Senior to Lord.

They knelt and licked Su Lang hard, and now they finally got a reward, they were accepted by Su Lang, and they had this extremely terrifying backer!

"Don't rush to thank you."

"Next, I will perform a secret technique on you, Zhen Bier, etc., just in case."

Su Lang looked calm, "Is this acceptable?"

"of course!"

"Lord, please choose at will!"

The extremely high class people nodded in a hurry, Xi Yitai had embraced Su Lang's thigh wholeheartedly, and had no other bad thoughts.

[Chapter 2640: Dare to make an axe in front of me](#)

"good!"

Su Lang smiled happily, waving his hand, the bright light of Mingguang Myriad Realms immediately shed, shining on all the members of Xiyitai in front of him.

But at this moment!

boom! !

A violent explosion came!

However, I saw an eternal strong man in the Second Universe suddenly exploded with all his strength, looking savagely trying to escape!

"what!!"

"Emperor Wuxiao Zhou, what are you doing!"

The expressions of the people on Xiyitai changed drastically, completely confused.

Struggling at this time, that Emperor Wuxiao Zhou is obviously a man with ghosts!

This made everyone in Xiyitai feel cold, and the secret talk was over!

They came to Su Lang, but someone with other purpose appeared in the team!

What does Su Lang think! ?

They Xiyitai, can they still be trusted by Su Lang? !

The horrified person, and Ada, the eternal guard of the five universes.

"Didn't that person come to take refuge in Master Su Lang?"

"He actually ran away at this time. It seems that he was an enemy who got into the team. What is his identity!?"

Ada's eyes widened, shocked in her heart, and she also admired Su Lang's cautious actions.

Compared with Xiyitai and Ada.

Su Lang was the most calm one.

"Ha ha."

Su Lang raised his eyebrows, "Unexpectedly, just in case, he actually forced out a beaming clown."

He looked at the eternal warrior of the two universes, Emperor Wuxiao Zhou.

A trace of incomparable strength, which had reached the eternal state of the Six Universes, radiated from that person.

This is the external force deployed by the other strong players in advance.

Not the real power of this person.

Otherwise, it would have been seen by Su Lang using the property panel.

at this time.

Under the protection of the power of the Eternal Realm of the Six Universes, the Emperor Wuxiao almost disappeared instantly!

Wu Zhou Eternal Ada can only watch.

Everyone in Xiyitai had just fallen into horror, and was completely unable to stop them.

but.

In front of Su Lang, this method was too weak.

"Fengtian with a thought!"

With a thought, a gray space appeared out of thin air, drawing the eternal two universes into it.

"Do not!!"

Emperor Wu Xiao Zhou originally thought he could escape, but now he found that he was trapped!

Even the eternal power of the six universes can't make him break free from this weird gray space!

Suddenly.

Emperor Wuxiao Zhou was enveloped by a death crisis, his heart was full of despair, and his whole body was cold!

He knew that he was dead!

at this time.

Another force of the Six Eternal Realm erupted from his body.

But this time, it is not to take him away, but to kill him!

Almost instantly.

Countless cracks appeared on Emperor Wuxiao Zhou, and I don't know how many crystal wall universes shattered!

The next moment.

He will die!

"Small bugs, dare to make an axe in front of me!"

Su Lang sneered softly, pinching and cutting with his right hand!

The life sword of the eternal emperor of the six universes appeared out of thin air and cut into his body out of thin air before Emperor Wuxiao Zhou died.

The body of Emperor Wuxiao Zhou.

The remaining Six Universe Eternal Realm forces continue to obliterate the vitality of Emperor Wuxiao Zhou.

However, the sword of life has continuously healed Emperor Wuxiao Zhou.

As the life sword of the eternal emperor of the Six Universes, Su Lang is in charge, how can the residual power of the Six Universes without rootless duckweed be comparable.

then.

A shocking thing happened to everyone like Ada and Ji Shang.

But seeing Emperor Wuxiao Zhou who was cut by the long sword, instead of speeding up his death, he was radiated with great vitality, which can be called back to life!

"hiss!"

"That long sword is not a murderous sword, but a saving sword!"

"This is the emperor soldier of the Six Eternal Realm. It's really eye-opening!"

"Then Emperor Wuxiao Zhou didn't die. It seems that he can get a lot of information. Master Su Lang's methods are too powerful!"

"I, I'm not dead!!"

Emperor Wu Xiao Zhou showed ecstasy, but then the ecstasy turned into panic again.

He did not die, but he knew that he was about to face extremely cruel interrogation next!

but.

Emperor Wuxiao Zhou had expected it wrong.

The interrogation was not cruel, because Su Lang had 'Mingguang Wanjie', 'Mirror Flowers and Water Moon' and 'Hexintong'.

He could not resist any kind of magical powers.

Besides, Su Lang uses three supernatural powers together!
