### [Chapter 2641: Emperor Wu Xiao Zhou](#)

Wow!

The golden light enveloped the Emperor Wuxiao in the Eternal Realm of the Second Universe.

But seeing Emperor Wu Xiao Zhou's mood gradually calmed down, his expression gradually eased, and he gradually showed a fanatical respect and worship towards Su Lang!

Immediately after.

Jinghua Shuiyue appeared, and it was another cut!

As if a ripple flashed by, Emperor Wu Xiao Zhou's eyes were blurred, and he seemed to have lost his subjective consciousness.

"Say, your true identity."

"Who is the Six Eternal Eternity that planted you power, from which power, and what is the purpose?"

Su Lang activated his Xintong and asked calmly.

This sentence fell in the ears of Emperor Wuxiao Zhou, which was the supreme mission.

"Master is here!"

"Xia Nu Ye has no night, Xiyitai people..."

Emperor Wu Xiao Zhou respectfully began to answer Su Lang's question.

quickly.

The ins and outs of the matter came from his mouth.

Emperor Wuxiao Zhou is indeed a person from Xiyitai, and he grew up in Xiyitai. He is a genius of Xiyitai and is deeply trusted.

however.

Last time I went out to hunt the universe.

He encountered a strange eternal power of the six universes.

The eternal power of the Six Universes did not kill him, claiming to be a secluded cultivator, because the retreat was too long and blocked from outside news.

Then it gave him a lot of benefits, made him collect some intelligence, and left him two defenses.

Emperor Wu Xiao Zhou originally wanted to report these things.

But those two powers affected his thinking.

Coupled with that many benefits, he finally lurked down and became a young man.

During the period of being a young man.

He passed all the information he could collect, no matter how big or small it was, to the six universes.

Including the coordinates of the Doudu Universe when I first entered the Doudu Universe, and the recent events in the Doudu Universe were also reported.

When he saw that Su Lang was about to be interrogated by Mingguang Ten Thousand Realms, he himself didn't want to escape.

It was the power of the two eternal states of the Six Universes that influenced him and made him instantly make the choice to escape.

"And that's all?"

Su Lang frowned and asked.

"Return to the master, that's all!"

Emperor Wu Xiao Zhou replied very respectfully.

At this time, he was 100% loyal to Su Lang, even stupid, and there would be no hesitation in letting him die.

"There is very little information about the Six Eternal Realms!"

"And the annihilation of those two powers will definitely shock that guy."

"He will definitely not stay in the place where he meets Emperor Wu Xiao Zhou, the second and fifth sons."

Su Lang pondered silently, and immediately waved his hand to kill Emperor Wuxiao Zhou.

Seeing the death of Emperor Wuxiao Zhou.

Although the emperor Zhou and other people at Xiyitai were a little sad, they all felt that Emperor Wuxiao Zhou had a guilty death.

Because of this guy, almost everyone in Xiyitai was harmed!

"Ada, you report this to Your Highness Xiuning."

Su Lang looked at Ada and nodded.

"Yes, Lord Su Lang!"

Ada witnessed the whole process and was indeed the best messenger.

After he took the order, he left immediately.

Soon.

Su Lang used the same method to question the rest of Xiyitai.

These people are innocent.

Just finished asking.

His Royal Highness Xiu Ning came to the opposite platform.

"His Royal Highness Xiuning."

Su Lang got up and arched his hands slightly.

"Master Su Lang."

His Royal Highness Xiuning also saluted Su Lang.

"We have all come to see His Royal Highness Xiuning."

Su Lang looked at the supreme group and said lightly.

"Have seen your Royal Highness Xiuning!"

The people at Xiyitai saluted Xiuning with a panic expression, respectful and trembling.

This is the supreme ruler of the Doudu universe!

Simultaneously.

Seeing Su Lang sitting on an equal footing with His Royal Highness Xiuning, everyone in Xiyitai was shocked.

It turns out that Lord Su Lang's status has reached this level already! ?

"You don't have to be polite."

His Royal Highness Xiu Ning nodded kindly to everyone in Xiyitai.

Doudu Universe was just hiring people, these were all new forces, and these were Su Lang's people.

"You wait and get out first."

Su Lang nodded slightly, "I have something to discuss with His Royal Highness Xiuning."

"Yes!"

The Supreme Emperor Zhou and others immediately took their orders and left under the leadership of Ada.

#### [Chapter 2642: Mysterious Six Eternal Warriors](#)

"What do you think about Emperor Wuxiao Zhou?"

Su Lang invited His Highness Xiuning to sit down and said straightforwardly.

"In the Doudu universe, it is almost impossible for the Six Eternal Realm to exist."

"This class of powerful people can also get superior treatment in the Doudu Universe, with no shortage of resources and great power."

"Even if you have a secret and a hidden mind, it is almost impossible to hide it."

"Six Eternity requires countless resources for cultivation. As long as you collect resources, whether directly or indirectly, you can't hide the eyes and ears of Doudu Universe."

"Unless he is like Yu Yangli, who has a lot of resources left by Master."

"Therefore, this mysterious eternity of the six universes is very suspicious."

His Royal Highness Xiu Ning analyzed, her eyebrows were slightly puckered, which looked pretty.

"This person is lurking in the Doudu universe, collecting all kinds of information, it is very likely that he is outside the Doudu universe."

"Then, this person is probably from Suiyou Zhouyu."

Su Lang nodded slightly, "In addition, there is another Yilong universe, but it shouldn't be from there."

"Ok!"

"Huh? Yi...Yilong universe!?"

Xiu Ning nodded, and then asked a little surprised.

"The Yilong universe is another high-level universe adjacent to us."

"The information was told by my junior brother Yu Yangli. He secretly lurked in the middle universe of the Yilong universe, and the Emperor Xiuyu also knew about the Yilong universe."

Su Lang said apologetically, "Yu Yangli, this kid is too cautious. We are all our own. I will let him stop guarding you."

"Is that right....."

"Unexpectedly, there is a third high-level universe next to us. What can we do?"

Under the Xiuning Hall, there was a glimpse of melancholy.

Doudu Zhouyu has just ended the civil war, and its combat power has been greatly reduced. It is definitely the weakest among the high-level Zhouyu.

Now the one-year-old You Universe is staring at me, and yet another Yilong Universe has appeared!

This is really worse! !

"His Royal Highness Xiu Ning need not worry too much."

"The specific location of the Yilong universe is known only by my younger brother."

"The Emperor Xiu Yuzhou only knows the place where the Yilong universe is located, and doesn't know its specific location."

"Moreover, between the Yilong universe and the Doudu universe, there are a large number of continuous white worlds!"

Su Lang smiled and shook his head, and said with relief, "The most important thing is that the chance of Yilong Zhouyu knowing that Dou Capital is located is almost non-existent."

Hear this.

"This is good, this is good."

His Royal Highness Xiu Ning's frowning brows finally loosened, and he let out a fragrant breath.

"So that mysterious Six Universe Eternal Realm is probably a spy from Suiyou Universe Realm."

Su Lang's expression was indifferent, "Of course, it is also possible that he is a strong potential cultivator, but the probability is also very small."

"Ok!"

"Then Emperor Wuxiao Zhou can remember seeing the eternal natural cosmic coordinates of the six universes?"

The bottom of Xiuning Hall was solemn and asked.

"knew."

Su Lang slowly said the coordinates, "The specific coordinates are based on the Xiyitai Universe..."

"I know."

"I'll send someone to go back in time and check that person."

His Royal Highness Xiuning nodded, although he knew that he probably couldn't find out anything, it was better than nothing.

"Ok!"

"If you can get its breath or related things, be sure to give me a copy."

Su Lang nodded and said, "My treasure hunting flying flying glider has a strong tracking ability. As long as there is a clue, that person will never escape from my palm."

Now his treasure hunting flying flying strays have all been cooled down long ago, and the number is neatly 240 trillion!

With these treasure hunting flying flying gliders, you can condense into a treasure hunting ancestral flying flying glider, with the powerful ability to track across the natural universe!

"it is good!"

There was a hint of lightness in His Highness Xiuning's eyes, even if he was about to leave.

But at this moment.

Su Lang suddenly noticed a sudden movement from his jade card for transmission, and his expression suddenly moved.

Seeing this, His Highness Xiu Ning had a sudden movement.

"It's a message from Wang Jingchan, a three-time eternal under my command."

Su Lang put the jade card of transmission on the case table, "I asked him to pack his things and fight for the universe to see me, but he was hunted down again..."

#### [Chapter 2643: Save Wang Jingchan again](#)

"also?"

"Is this Wang Jingchan often hunted down?"

His Royal Highness Xiu Ning looked at Su Lang's jade plate of communication with some surprise.

However, I saw a message for help above, saying that he was being chased by an unknown Five Eternal Realm power, begging Su Lang for help.

"Five Eternal Realm..."

"Su Lang, you said Wang Jingchan is only the Three Eternal Eternity, he can escape under the pursuit of the Five Eternal Realm!?"

His Royal Highness Xiu Ning looked at Su Lang's jade plaque for communication, and said even more surprised.

"Wang Jingchan is very ambitious."

Su Lang smiled and shook his head, "He must have discovered the trace of the Five Eternal Realm in advance."

"Wang Jingchan is a dog? What do you mean?"

His Royal Highness Xiu Ning asked very suspiciously.

"In other words, he is very careful, very cautious, and very stable."

"Perhaps in his opinion, the probability of success of ninety-eight percent, rounding up is about equal to failure and death."

Su Lang ticked the corner of his mouth and explained faintly.

"That's it."

"This Wang Jingchan really used the word caution to the extreme!"

"Then, now Fellow Daoist Su Lang now hurry to rescue him."

His Royal Highness Xiuning nodded suddenly, "Although the high-level time flow is very fast, and the universe underneath has only passed for a long time in the past, it is better to be as soon as possible, just in case."

"I have gone to save him."

Su Lang smiled faintly, and a picture screen appeared before he waved his hand. On the screen was the scene where Wang Jingchan was.

Now that Wang Jingchan has been accepted as a subordinate.

Naturally, Su Lang would not be ignorant of his safety, and he had already left him with the treasure hunting flying flying flying duck.

When he received Wang Jingchan's call for help, he directly dispatched a clone.

at this time

The picture he turned out was everything he saw from the first perspective of that clone.

"I didn't expect Daoist Su Lang to be so fast!"

Under the Xiuning Hall, there was surprise, "No wonder Daoist Su Lang is not in a hurry, and he even has time to talk to me."

Immediately afterwards.

Through that screen, His Highness Xiuning saw Wang Jingchan, a middle-aged man with a high crown on his head.

"Subordinates pay respect to the Lord!"

"The abominable Five Eternal Eternity is pursuing, Lord, help!"

Wang Jingchan bowed to Su Lang's clone for help, looking sad and frightened.

"Ok."

The avatar of Su Lang nodded lightly, turned to look at a void in this universe, and waited quietly.

Fight in the universe.

"Is this Wang Jingchan worshipping Daoist Su Lang's clone?"

His Royal Highness Xiuning guessed, "Could it be the clone that was cultivated in "Thirteen Corpses"!"

Su Lang smiled without saying a word, neither admitted nor denied, letting His Highness Xiu Ning make up his mind.

at this time.

"Someone is sneaky!"

"Hiding in front of me is like playing a big sword in front of Guan Gong!"

Su Lang's avatar looked in a certain direction, his eyes condensed suddenly, and the extremely powerful aura had already been crushed.

Wow!

Time and space seemed to spread out with waves of ripples, revealing an elderly man, his body was as thin as wood, and his head was out of proportion, very strange.

"Properties panel!"

Su Lang frowned, and immediately opened the other party's property panel to check the details, lest others pretend to be a pig and eat a tiger.

Suddenly.

All the attributes of the opponent are controlled by Su Lang.

This is indeed just an eternal warrior of the Five Universes, whose name is Lu Tai, whose combat power is about the same as Pei Yuxiao.

But the exercises he practiced were different from the Five Eternal Eternity that Su Lang had seen.

There is nothing in common with the Dou Xiu-class inheritance technique that Xiu Ning has mastered.

Even the Lutai of the Five Eternal Realm gives people a feeling of incompatibility.

"This person is a bit weird."

His Royal Highness Xiuning also frowned and said, obviously aware of something wrong.

"This feeling of incompatibility...Could it be that this person is not a person from Doudu Zhouyu?"

Su Lang raised his eyebrows, and a thunderous light flashed in his eyes, "This person is likely to be from the Sui Youzhou Domain!"

"Indeed!"

His Royal Highness Xiuning also changed his expression, "Dao Fellow Su Lang, your clone may capture this person alive!?"

"no problem!"

Su Lang smiled faintly, his clone and avatar possessed the same powerful combat power as himself, and reached the peak of the six universes, how could he not be able to grasp the eternity of five universes?

#### [Chapter 2644: Eternal Warrior](#)

at this time.

His Royal Highness Su Lang and Xiuning said a few words on the platform.

But even a millisecond has not passed in the universe where Wang Jingchan is.

The time and space ripples caused by the eternity of the five universes named Lu Tai seemed to have just unfolded.

"not good!"

"Lord, that man is coming after him!"

Wang Jingchan found Lu Tai who was chasing him, and screamed in horror, without the demeanor of the eternal Emperor.

Just then.

Na Lutai also found the avatar of Su Lang next to Wang Jingchan.

Because Su Lang's avatar concealed his breath, there was only a slight fluctuation in the realm.

Therefore, Lu Tai immediately caused the illusion that Su Lang was just a martial artist in the Five Eternal Realm.

"One Five Eternity?"

"It's a personal thing, but it's a pity that none of you want to leave today!"

Lu Tai's expression was cold and murderous, he stepped forward and killed the endless power of the universe!

"Master!"

Wang Jingchan yelled.

However, he himself did not escape, but took out his own weapons, planning to fight side by side with Su Lang clone.

It can be seen that although this person is timid, his character is still good.

It was precisely this behavior that made Su Lang not kill him, but instead took him into his subordinates.

"Hehe, it came just right!"

Su Lang smiled coldly, and instantly activated the Xing Cuan Yun He function.

This is to prevent the opponent from also having the power of the Six Universe Eternal Realm and forcibly fleeing after unfolding.

Rumble!

The avatars merged with each other.

An increasingly stronger aura, like a huge wave after layer, lifted up layer by layer, overwhelming the sky, and pressed against the aggressive Lutai.

"what!"

"This is... the pressure of the Seven Eternal Realm!"

"This person is clearly only the Five Eternal Realm, how can it be possible to exert the power of the Seven Eternal Realm!!"

"Could it be that he also has the Seven Eternal Realm powerhouses instilling power as a hole card?"

"But that means can be clearly mastered by the core powerhouses of our young universe!"

"..."

Lu Tai was stunned and dumbfounded when he saw Su Lang's avatar's breath soaring.

He didn't even think about it, ignored inertia and all physical rules, changed the direction and fled away.

The power of the pinnacle of the six universes burst out on his body, and he must tear the barriers of time and space to escape!

however.

It's too late!

"Fengtian with a thought!"

Su Lang controlled the avatar with perfect possession, and when his thoughts moved, he pulled the road closer to the Nianfeng space.

"Drive me!"

Lu Tai found out that he was banned for the first time, and once again burst out the second peak of the Six Universe Eternal Realm's power, killing the Nianfeng Space.

However, this incarnation controlled by Su Lang has a real-life seven-plane eternal realm.

Unfolding the Nian Feng space with the power of the eternal level of the seven universes is not something that the peak of the eternal state of the six universes can be easily broken.

Lu Tai's second burst of power of the Six Universe Eternal Realm just made Nianfeng Space tremble, and it could no longer shake a single cent.

"Do not!"

"Drive me!"

Lu Tai looked anxious, panicked, and violently used all self-harm secret techniques!

Moreover, an external force of the Seven Eternal Realm erupted from his body!

The external force and his own power merge with each other and become stronger!

Wow!

Under this force, countless cracks appeared in the Nianfeng Space, and it broke suddenly!

"puff--!!!"

Lu Tai fiercely spouted a mouthful of black blood, his expression wilted, but he did not forget to set off ripples in time and space to escape.

but.

A semi-imaginary long knife slashed across his two eyes and passed through his head.

Lu Tai didn't notice any abnormality, and went straight into the ripples of time and space.

But the next moment, he actually drilled out of a void more than ten light years away, instead of heading to the rest of the natural universe!

This is naturally affected by the mirror flower water moon, and some senses have been blinded.

Lu Thai had no knowledge of this.

He was delighted, but he didn't care, and once again set off ripples in time and space, continued to drill in, and then drilled out of the void not far away.

In such a cycle, Lu Tai went so far as to continuously shuttle time and space around Su Lang, making a circle and returning to the origin!

But he didn't even know.

I thought I had traveled through many natural universes and was out of danger.

[Chapter 2645: It's a pity you met me](#)

"call!"

"Fleeing so far, that weird Five Universe Eternal Realm is impossible to catch up!"

"Damn, I didn't expect this Doudu Zhouyu to have a method similar to our old Youzhouyu, which can seal the power of the high-level eternal power on the body of the low- and middle-level eternal state, making it a trump card!"

"Furthermore, the power of the Seven Eternal Realm of the Five Eternals just now is stronger and stronger than mine. If I don't escape, I will definitely die!"

"This time I have lost all the eternal power of the Six and Seven Universes on his body, and he has also performed self-harming secret techniques. Fortunately, he has discovered some more critical information, otherwise it will be too bad."

"..."

Lu Tai spit out a suffocating breath, his whole spirit seemed to collapse, as if he would fall down at any time.

He sat down cross-legged, ready to heal his injuries.

But at this moment.

The picture in front of me suddenly changed!

A young man who smiled without speaking and a middle-aged eternal warrior with a weird face were looking at him!

Such a scene.

Suddenly let Lu Tai thunderously thunderous, trembling all over, and a huge wave in his heart almost broke his heart!

"Catch up!? How could it be possible!!!"

"No, this is not catching up! It's that I didn't run away at all!"

"Isn't this natural universe the one before?"

"I haven't left here from beginning to end, I'm confused by illusion!!"

"What kind of illusion is this, it can confuse me, but I have used the power of the Seven Eternal Realm!"

"It's over, now that all the power of the six universes and seven universes has been used up, I myself have fallen into weakness and completely finished!!"

Lu Tai's heart was full of turbulent waves, squally rain, lightning and thunder, and his whole body was filled with despair and panic, almost torn apart.

The next moment.

The idea of self-suffocation emerged uncontrollably in his heart. This is the back hand left by the strong of Sui Youzhou Domain!

Once he falls into a mortal situation, in order to avoid information leakage, he will start a self-destruction plan.

I saw a strong and violent aura permeating from Lu Tai's body, and the next moment he would blow on the spot.

But at this moment.

Wow!

Eight black jade chains appeared out of thin air, directly penetrating his body and soul, and banning all power!

Suddenly.

Lu Tai's irritable aura died down and gradually subsided.

But Lu Tai, who was not dead, was even more frightened.

He didn't know what kind of cruel methods he would encounter when he fell into the hands of the enemy!

When he catches others alive, he will use cruel methods to torture them.

Now, it is his turn to fall into the hands of others!

"Tsk tut."

"It's very cunning, with a lot of hole cards."

"Even if you encounter the existence of the Six Universe Eternal Realm, it is estimated that you will die."

"It's a pity you met me."

Su Lang waved his hand, and the eight black jade chains tensed tightly, pulling Lu Terra in front of him, his limbs spread out in large fonts.

"I can't say anything!"

"If you want to kill or cut, whatever you want!"

Lu Tai's expression was weak, but his tone was very tough, and his eyes toward Su Lang were even full of contempt and disdain.

"Yo."

"It's where it is now, dare to be tough?"

Su Lang raised his eyebrows, "Then I will let you \*\*\*\* methods."

"Miscellaneous... Miscellaneous!"

Lu Tai's pupils shrank abruptly, and he screamed in panic, revealing that he was completely nasty before, his mouth was very hard, but his legs were so soft that he could not stand firmly.

Su Lang glanced at Lu Tai faintly.

Soon.

He waved.

The jaw-dropping Wang Jingchan and the panicked and desperate Lutai were directly taken into the empty universe of life.

"Clone dispatch!"

Su Lang revoked his perfect possession, returned his will to his deity, and used his system abilities.

The Xing Cuan Yun He clone of the Seven Eternal Realm was dispatched directly from the bottom universe to the opposite platform.

"A clone of the Seven Eternal Realm!"

"Friend Su Lang, you are too exaggerated!"

His Royal Highness Xiu Ning knew that Su Lang's clone technique was very powerful, but it was unbelievable to see the clone of the Seven Universes.

This clone is stronger than Su Lang's deity!

"It's just temporary combat power."

Su Lang smiled faintly, and let Xing Cuanyun He clone to release Wang Jingchan and Lu Tai.

#### [Chapter 2646: Eternal Secret Agent of the Five Universes](#)

"What a rich cosmic energy!"

"Here? Hey, it's the Lord!"

Wang Jingchan looked around like Grandma Liu who had entered the Grand View Garden, and immediately found that Su Lang's deity was sitting in front of him, with a stunning woman beside him.

"Subordinates pay respect to the Lord!"

After the reaction, Wang Jingchan knelt down and squatted at Su Lang respectfully.

"Ok."

"This is the controller of Doudu Zhouyu, Your Highness Xiuning."

Su Lang nodded faintly, and introduced His Royal Highness Xiuning.

"The helm of Doudu universe!"

Wang Jingchan was astonished as if struck by thunder.

This is as if ordinary people have seen the emperor in an ordinary country.

just.

Instead, he stood up and bowed deeply to Xiuning instead of kneeling and kowtow.

Obviously in his heart, Su Lang was the most convinced. Although Xiuning had a high status, he was not Wang Jingchan's patron.

Not to mention.

From the posture of Su Lang and Xiuning's exchanges, it can be seen that Su Lang's status is not lower than Xiuning's.

That being the case.

Of course Wang Jingchan only worshiped Su Lang.

"It's a good subordinate."

His Royal Highness Xiuning nodded with a smile.

"not bad."

Su Lang smiled, and said to Wang Jingchan, "Let you pack your things and fight for the universe, are you all packed?"

"Everything is packed!"

"Preparing to leave, I found this person sneaky through the concealment methods previously arranged."

"Little watched him secretly, was discovered by him, and then chased him all the way!"

"Fortunately, the master helped, otherwise the little one will definitely die!"

Wang Jingchan said respectfully, with gratitude in his eyes.

"Ok."

Su Lang nodded slightly and stopped talking to him, but looked at Lu Tai.

At this time, Lu Tai looked sluggish, as if the eggplants that Shuang had beaten were deflated.

"This person should be from Suiyou Zhouyu."

His Royal Highness Xiuning looked at Lu Tai up and down, frowning and said.

"Is it right? It's safer to ask."

Su Lang smiled faintly, waved his right hand, and the mirror flower appeared again.

This time.

This long knife was poured from the top of Lutai's head and reached his stomach in one step, leaving only a handle on the top of his head, which looked oozing and funny.

Unable to resist Lu Tai fell into the endless illusion again, unable to extricate himself.

Immediately afterwards.

Su Lang and the nearby Xing Cuanyun He clone burst out with golden light at the same time, covering Lu Tai's whole body.

quickly.

Lu Tai went from being perplexed to 'sober', kneeling at Su Lang's feet respectfully.

"This method is really horrible!"

His Royal Highness Xiu Ning exclaimed sincerely, her beautiful eyes were full of surprise.

Wang Jingchan was even more stunned. He didn't expect Su Lang to possess such a magical method.

"Stop talking."

"Your identity, origin, and purpose in the Doudu universe."

Su Lang was condescending, overlooking Lu Tai, who was controlled by illusion and Mingguang, and asked indifferently.

For Road Thai.

Su Lang is his master at this time, let alone asking questions, he is willing to let him die.

"Return to the stalwart master!"

"The younger one is named Lu Tai, who is a year old from the Universe Domain, and an eternal spy of the Five Universes."

"On the little one is a heinous hypocrite master named Wang Qian."

"It was he who sent his young boy to lurch in the next year, spying on information, secretly making arrangements for the invasion of the Doudu universe."

"There are also some Five Eternals and a few Six Eternal Powers who enter Doudu Universe with the little ones."

"But the little one doesn't know where those people are, and has no contact with them."

"Our group of people will not be recalled. We can only pass on information back until the Suiyou Zhouyu army invades Doudu Zhouyu."

"..."

Lu Tai said everything he knew in a brainstorm.

"Sure enough, he is a person from Suiyou Universe Domain."

"Then, the Six Eternal Eternity who previously controlled the Emperor Xiyitai Wuxiao Zhou are also theirs."

"Unexpectedly, Sui You Zhouyu's movements are so fast that they have penetrated so many powerful people."

The underside of Xiuning Hall was dignified and looked at Su Lang, "If it weren't for Su Lang Daoist, our Doudu Zhouyu was still trapped in the swamp of the inner fighting, and we would not be able to react until the day of its demise."

#### [Chapter 2647: Lu Thai's head falls to the ground](#)

"His Royal Highness is serious."

Su Lang smiled and shook his head, "As for Sui You Zhouyu's infiltration plan, what is your Highness going to do?"

"Two ways."

"The first one is to clean up the wild with vertical walls, abandon those underlying universes, and concentrate the power."

"The second type is bluffing, sending strong people into the border universe to frighten the enemy and make them afraid to move."

As His Highness Xiu Ning said, he looked at Su Lang a little hesitantly, "Dao Fellow Su Lang thinks, which one should I choose?"

"Of course... both."

Su Lang pondered and said, "The number of people who know about the Doudu civil turmoil is countless, and they can't keep it for too long."

"I understand!"

"Send strong people into the border universe, bravado, confuse the enemy, buy more time for the rear to clear the country, further concentrate your strength, and finally win the battle!"

"After all, it's equivalent to going all out from the beginning. If you can't stop it, you really can't stop it."

His Royal Highness Xiuning nodded suddenly, and a trace of worry and sadness appeared between his brows.

"No, they will definitely lose in the end."

An incredibly confident smile was outlined at the corner of Su Lang's mouth.

"Really!?"

Xiuning was infected by Su Lang's self-confidence, and the gloom between her brows dissipated a lot, revealing a touch of expectation.

"Of course it's true, you don't see who I am."

Su Lang smiled happily, "Let me tell you the good news first. I instilled Yu Yangli's exercises, and his combat power has initially entered the eternal level of the eight universes."

"Eight Eternal Level!"

"Yu Yangli already has the power of the Eight Eternal Realm!"

His Royal Highness Xiu Ning's eyes widened in disbelief.

When I met before, Yu Yangli was only better than her, but at this time, he opened countless distances!

And all this was created by Su Lang!

"Well, the Eight Eternal Realm!"

Su Lang showed a certain smile.

"Yu Yangli is really lucky to have you as a senior!"

His Royal Highness Xiuning returned from the horror and whispered.

"You don't need to envy him."

"Isn't it the Eight Eternal Realm? You can definitely reach it."

Su Lang smiled faintly, his eyes full of encouragement.

"With the help of Daoist Su Lang to improve the main practice, I am indeed hopeful."

His Royal Highness Xiuning nodded, "It's just that it takes a lot of time to do it."

"it's OK."

Su Lang smiled, "In a few days, I will instill eternal techniques into you all, so that you can increase your combat power like Yu Yangli."

"Ah this!"

"Dao Fellow Su Lang, use less initiation techniques!"

His Royal Highness Xiu Ning was both pleasantly surprised and worried, "I know you must have suffered a very serious sequelae!"

"..."

"All said there are no sequelae."

Su Lang shrugged helplessly, "Let's not talk about this. Your Royal Highness will call Elder Xie and the others to discuss detailed countermeasures."

"okay."

His Royal Highness Xiu Ning knew that this matter could not be delayed, so he immediately disappeared from the place and went to a meeting with someone.

Immediately afterwards.

Su Lang looked at Wang Jingchan.

"Master!"

Wang Jingchan saluted respectfully, his eyes full of reverence and worship.

"I also have a group of eternal subordinates who are outside the Ziyu Heavenly Palace at this time."

Su Lang nodded and said to Wang Jingchan, "You take me to ask them to find them outside, and you say that you can collect incense power and reserve it. I have great use!"

Nowadays, the level of incense weapons is getting higher and higher, and there are more and more incense willingness crystals needed for evolution.

Fortunately, Su Lang has a virtual spirit universe, which can absorb the incense power of others.

These eternal warriors who rushed here have lived for countless years, and they have accumulated a lot of incense and aspirations.

If they gather their incense aspirations together, they will be able to gather a large amount of incense aspirations.

As for the powerhouses such as Xiuning, their incense aspiration power needs to be used to slash the thirteen corpses, slicing out more of the eternal power of the seven universes, and the price is obviously higher.

"Yes, Lord!"

Wang Jingchan took the order and retired from the platform respectfully.

Su Lang nodded slightly, then looked at Lu Tai: "Can Sui You Zhouyu be aware of your arrest?"

"can."

Lu Tai respectfully said, "The little one has used that Wang Qian's power, and he will know."

"Ok."

Su Lang nodded and waved, Lu Tai fell on his head and fell on the spot.

"Ding! You got the Eternal Soul\*1..."

Listening to the sound of the system in his mind, Su Lang smiled and finished processing the spoils.

"Ding, the storage is complete, the balance is 9.82 million cosmic origin!"

"The origin of the universe is still 180,000 short."

Su Lang closed his eyes and did a practice.

at the same time.

In the real universe.

A ripple of time and space suddenly appeared, and a fortitude man with a pink whole body emerged from it.

This person is a cheap junior, a pink hunk, Yu Yangli!

[Chapter 2648: Yu Yangli: I am an actor](#)

"You're back!"

Emperor Xiu Yuzhou opened his eyes, his expression stagnated, and the corners of his mouth twitched.

The pink macho in front of you is so conspicuous!

"Why? I'm not welcome?"

Yu Yangli raised his chin, looking at Emperor Xiuyu Zhou with cold eyes.

"When, of course not!"

"Just, how did you become like this?"

Emperor Xiu Yuzhou opened his mouth, his face full of weirdness, "What have you experienced this time out!?"

He was surprised to see Yu Yangli covered in pink.

But from Yu Yangli, he felt a peculiar temperament, or spirit, that made him dare not look down upon it.

"Ha ha."

"From now on, I understood a lot of things and strengthened my Dao Xin."

Yu Yang twitched away from the corner of his mouth and sneered, "You won't understand it anyway."

"..."

Emperor Xiu Yuzhou was speechless for a while, pointing to the pink color on Yu Yangli's body, "Then, apart from these, do you have any other gains this time?"

He only noticed that Yu Yangli had turned pink, and he didn't realize that Yu Yangli's combat power had already entered the Eight Universe level.

"Of course!"

"All the purposes of going here have been achieved!"

"Xie Xuan and my spy, I exposed Su Lang's identity and formed a secret alliance with the Xiuning faction!"

Yu Yangli showed arrogance, "Next, just wait to unload the mill and kill the donkey!"

While talking.

He apologized to Su Lang in his heart, big brother, I'm acting, don't mind!

"That's great!"

"Su Lang, that chop, I wanted to kill him a long time ago!"

"Now that you and the Xiuning faction have secretly formed an alliance, you have almost declared Su Lang's death sentence, hahaha!"

Emperor Xiu Yuzhou didn't know that Yu Yangli was an actor. After hearing the lie, he believed it to be true, but felt that revenge was already a certainty.

"Ha ha."

"Let's talk about these and some are gone."

"Now the road has been paved, but whether it is good or not depends on your own strength."

Yu Yangli glanced at Emperor Xiuyu Zhou, "We must quickly collect resources to practice and become stronger!"

"This makes sense!"

Emperor Xiu Yuzhou nodded in agreement.

But immediately thought of the cultivation resources deceived by Su Lang, and his heart could not help but twitch and darken pain.

"Before you said that although you were defeated, you still have some background."

Yu Yangli took a deep look at Emperor Xiuyu Zhou, "Now, it's time to share it."

"I will let people gather resources!"

Emperor Xiuyu Zhou said with a stern face, "Once the war begins, we may no longer have the opportunity to gather resources. Now we must scrape cleanly!"

"well!"

"Hurry up!"

Yu Yangli originally wanted to fool Emperor Xiu Yuzhou to do things that would kill him, but he didn't expect Emperor Xiu Yuzhou to have such an idea automatically without fooling him.

That's cool!

Next.

Emperor Xiuyu Zhou took out the jade card for transmission and began to give orders to his remaining subordinates.

The efficiency of the warrior is extremely fast, especially the eternal warrior.

In a blink of an eye.

The order of Emperor Xiuyu Zhou was transmitted to all the remaining universe.

The people in these universes treat him as the supreme ruler, and after receiving orders, they begin to scrape everything.

It's as if Su Lang searched the bottom natural universe before.

Basically, all the valuable things that can be taken away are taken away.

Including those living planets.

As the ruler of half the territory of Doudu Universe.

Emperor Xiuyu Zhou's background is indeed very profound.

After being deceived by Su Lang, experiencing a big defeat and becoming lonely, he still retains a lot of wealth.

These wealth are scattered in the universe, and at first glance it is not obvious.

But together, it is very impressive!

Time passed slowly.

With the power of the eternal strong, it is enough to pack away the things in the natural universe one by one.

quickly.

An eternal powerhouse under Emperor Xiuyuzhou came to the Qizhen universe and brought a lot of wealth.

In order to win the trust and goodwill of Yangli.

Emperor Xiuyu Zhou specially asked that subordinate to put the collected resources into the void of the universe.

Suddenly.

The colorful light of precious energy bloomed, forming a baby nebula that most warriors would drool at a glance.

[Chapter 2649: Year-old Yuzhou Territory Power Assembly](#)

With the arrival of more people under Emperor Xiuyu Zhou.

This colorful baby nebula has also become more and more vast!

Even Yu Yangli could not help but nodded.

"Look, with these resources, we can definitely go further!"

Emperor Xiuyu Zhou pointed to the majestic five-color nebula, haha smiled.

"Exactly."

"Thank you, Daoist Xiuyu this time."

Yu Yangli gave Xiuyu a bright smile.

"Where is this, we are good brothers!"

Emperor Xiuyu Zhou laughed, looking like the brothers are good, and the three stars look like...

"Yes Yes Yes!"

Yu Yangli nodded quickly and smiled more brilliantly.

at the same time.

Fight in the universe.

His Royal Highness Xiu Ning has summoned Elder Xie and others to discuss the details of dealing with Suiyou Zhouyu.

At present, You Zhouyu already knew that his spy was arrested.

So there is no need to hide and tuck.

The four elders Xie, Yu, Cheng, and Zhong left Doudu Universe with some guardians of the Six Cosmos and more eternal warriors of lower levels.

They don't have to go to the most remote border of Doudu Zhou.

after all.

The spies from Suiyou Zhouyu had already touched the hinterland.

Moreover, the value of the natural universe in remote places is not great, and it will stretch the front too far, and giving up appropriately is a better choice.

Elder Xie and the other four chose the station point, one of which was Kongqing Universe.

The Kongqing Universe is a middle-level universe that governs many lower-level universes.

For example, the lower level, Pei Yuxiao's middle universe, such as Xiyitai, Black Ice Tower and other forces' universe.

The Nine Desolate Universe is now under the jurisdiction of Kongqing Universe.

of course.

Out of respect for Su Lang, no one dared to move the Nine Desolate Universe Region.

The advantage of passing time flow rate.

And the cobweb-like connections between the universes.

The elders can calmly monitor every universe under their jurisdiction, and once an abnormality is discovered, they can take the lead!

Elder Xie and others were not just standing there motionless.

They sent many powerful men, carrying special eternal treasures, to explore the universe.

Among them, the natural universe leaked by Emperor Xiyitai Wuxiao Zhou that had encountered the eternal spy of the Six Universes was subject to a key search.

Just get a little breath of the eternal secret agent of the six universes.

Su Lang could use the treasure hunting ancestral glider to dig out his traces and follow the vines to dig out more spies or intelligence.

time flies.

Everything is proceeding in an orderly manner.

Simultaneously.

In the age of the secluded universe accumulated by a huge amount of natural universe.

One side seemed boundless, unable to distinguish the pure white world from top to bottom.

A powerful figure is suspended, each one is an eternal powerhouse of the seven universes!

And the quantity.

Reached the terrible twenty-three!

There are twenty-three eternal powers in the seven universes, including men and women, old and young.

But in any case, all of them have extraordinary temperament, and you can see that they are not simple people.

"I am under my command for eternity, Lu Tai, was captured and killed."

An old woman opened her mouth and said that there were only two upper front teeth in her shriveled mouth, gleaming with a cold light.

She looked like a weird old rat lady.

"Doudu Zhouyu can't get any information."

"At most, we know that our people have sneaked into their territory."

A strong man composed of gray, white and black said lightly.

There is a vertical eye between his brows, and an eye covered with purple bloodshot eyes without sky.

"Did anyone get any useful information recently?"

Asked a woman with a wonderful figure, wearing a translucent veil like a bamboo membrane, but with four arms and heads.

"There is news from under my command."

"The locals of the Doudu universe he controlled infiltrated the Doudu universe, but were killed after being discovered."

"During this process, some intelligence was discovered."

An old man wearing a seven-colored robe said, "Doudou Universe, has just experienced civil strife, and has lost many Seven Eternals."

"Loss of many Seven Eternals!?"

"Could it be that one of the two parties in the infighting caused a crush on the other?"

"Which side has the power of Eight Universes?"

A short stature and a smaller head, but the appearance of a middle-aged man, Qi Zhou Eternally looked surprised.

[Chapter 2650: What is that thing](#)

"No one knows the details of the war except the parties."

"But being able to kill many Seven Universe Eternities definitely caused a crush. It is most likely that the Eight Universe Level made the shot."

"It's just that it's not the normal eternity of the Eight Universes, but just a temporary burst of power."

"Otherwise, Doudu Universe would never be able to maintain the internal fighting situation for such a long time. It would have been forcibly unified long ago."

"The low-end combat power, they may not be as good as ours, but the high-end combat power..."

"If Old Ancestor Suiyou doesn't make a move, Dou will have a strong man who can display the power of the eight universes, and it should be similar to us."

A relatively normal-looking boy with green eyes analyzed.

"I agree."

"I have news from my subordinates that Doudu Universe has stationed in the Seven Eternity, and has begun unabashedly investigating our people."

The old lady Mouse nodded, "The other party is very confident, certainly not weak."

Paused.

The old woman spoke again:

"My subordinates told me."

"The civil war in Doudu Universe is related to a rising star named Su Lang."

"Su Lang, it is said that when Jiuzhou Eternal passed Doudu Zhouyu, he became a disciple on a whim."

"Su Lang was in the Eternal Realm of the Four Universes when he first appeared, and soon he will have the eternal power of the Five Universes, which shows his talent."

"And the 'Eight Universe Power' that may appear in Doudu Universe Infighting, if there is, it should have been brought by Su Lang."

"I guess that Su Lang may have leaked part of his inheritance."

Speaking of which.

The old lady Mouse closed her shriveled mouth, and her vicissitudes and muddy eyes showed a hint of thought.

"Humph!"

"so what?"

"Even if some of them have stepped into the Eternity of the Eight Universes, they are not our opponents."

"As long as Suiyou Old Ancestor takes action, everything will disappear!"

"As for the Jiuzhou Eternal passing by Doudu, don't worry, that person must have gone to the Lingxu Fragmented Domain and cannot return."

A middle-aged man wearing a tattered red robe with a dull face, like an eagle sneered.

"Don't take it lightly."

"Old Ancestor Suiyou would not easily make a move."

"That thing is more important to his old man than the inheritance left by Jiu Zhou Eternal!"

A beautiful woman with four heads and eight arms, four beautiful heads shook together.

"What the \*\*\*\* is that thing?"

"Why make us like this?"

The short middle-aged man sighed, "I have never seen that thing from beginning to end."

"do not know."

The woman with four heads and eight arms opened her four lovely mouths and said these three words.

I don't know when.

Subtle changes have taken place in the Youzhou Domain at the age of the year.

It is like all the cosmic avenues in the entire universe have become a little weird.

The eternal powerhouses of Suiyou were also affected.

Today they cannot further improve the new crystal wall universe.

For the eternal warrior, what does it mean to break the path?

Moreover, the well-established Crystal Wall Universe was also affected and became much more fragile.

And the weird influence erupts periodically.

Each explosion is extremely terrifying, and can even destroy the crystal wall universe of the eternal warrior.

They must fight against that influence all the time.

The reason why many Seven Universes of Eternity look like human beings and ghosts is the aftereffect of using secret techniques.

"No matter what."

"I have to leave Suiyou Zhouyu."

"Otherwise, I will never be able to go further."

The green-eyed boy looked gloomy and said, "Doudu Zhouyu is our nearest place to go, we must take it down."

On the way to find a solution to the problem, the powerful people found that the farther away from the Suiyou universe, the smaller the impact.

But only by leaving Suiyou Universe Region completely, the weird influence will disappear completely.

Relatively speaking.

The crisis in the Doudu universe is the annihilation of the universe, but in fact the crisis does not come immediately, but many years later.

But Sui You Zhou Yu had already suffered the influence of unknown mysterious power, and it was not an exaggeration to say that it was burning eyebrows.

Therefore, the crisis in Suiyou universe is even more urgent.
