### [Chapter 2661: The end of Emperor Xiuyu Zhou](#)

"Xiuyu, you can go on the road with peace of mind."

Her Royal Highness Xiuning's expression was cold, and she would never forget the betrayal of Emperor Jing Zhizhou.

"I, I know I was wrong!"

"The invasion of Youzhou Domain at the age of this year is precisely when I am using people. I am willing to surrender!"

"Please, Master Su Lang, Master Yu Yangli, Xiu Ning..."

Emperor Xiuyu Zhou completely succumbed under the threat of death, groaning like a vicious dog whose waist was broken.

however.

He did not wait to forgive, but waited for the sharp Youtian Sword!

Puff!

The Youtian Sword pierced the body of Emperor Xiuyu Zhou with great ease, not even breaking a sword.

"Ding! You have the eternal soul\*1, the eternal body\*1, the life universe\*1..."

The system prompt came.

Announcing the complete fall of Emperor Xiuyuzhou!

All the resources he collected went directly to Su Lang's pocket.

"This guy is finally eliminated."

His Royal Highness Xiu Ning let out a sigh, and he didn't know whether he was sighing or signing.

"Brother!"

"How to deal with these people?"

Yu Yangli stepped forward, saluting Su Lang with a respectful expression, and pointed to the group of eternal strong men who were not strong.

"Senior, please spare your life, senior!"

"We are all deceived by Emperor Xiuyu Zhou!"

"His Royal Highness Xiu Ning, Master Su Lang, Master Yu Yangli, we are all forced, we refuse to submit, Emperor Xiu Yuzhou will kill us!"

"His Royal Highness Xiu Ning, we didn't do any harm to the world, we were just forced to collect a lot of resources by Emperor Xiu Yuzhou!"

"Master Su Lang, Your Highness Xiu Ning, we are willing to surrender, and we are willing to commit our crimes and make meritorious deeds to resist Suiyou Zhouyu!"

"Emperor Xiuyu Zhou is a vicious and despicable man. I have hated him for a long time. Please, please forgive me!"

"..."

Seeing Su Lang's gaze, every eternal warrior trembles with fright and keeps begging.

If there is a corner here, they have specified that they have all been shrunk to the corner and dare not move!

"Friend Su Lang."

"Although these people are under Xiuyu's command, they shouldn't be his confidantes. They can be saved."

His Royal Highness Xiu Ning glanced at the eternal warriors, turned his head and said to Su Lang.

"Ok."

"These people will not cause any threats if they are kept, just arrange them properly."

"My supernatural powers can control their thoughts to a certain extent, so I will deal with them."

Su Lang nodded slightly, then turned to look at those eternal warriors.

His voice was not covered up.

Therefore, everyone heard it all.

This immediately made all the eternal warriors who had escaped from the dead ecstatic.

"Little Master Xie Sulang's forgiveness!"

"Master Su Lang and His Royal Highness Xiu Ning have great kindness and great virtue, and the younger ones must pay their lives to repay!"

"..."

Each eternal warrior knelt down and thanked Su Lang, Xiuning, and Yu Yangli.

"This is the sorrow of the weak."

Yu Yangli shook his head and stopped looking at these people.

"Get up all."

"From now on, you will follow me."

Su Lang looked indifferent, but his voice was not so cold.

"Yes! Lord Su Lang!"

"I made a mistake, we should call the Lord!"

"Thanks to the Lord for your great grace!"

"..."

The eternal realm martial artists thanked them for a while, and then stood up tremblingly, and followed Su Lang very humbly.

So far.

The faction of Emperor Xiuyu Zhou was completely annihilated and became an insignificant part of history.

Next.

His Royal Highness Su Lang, Xiuning, and Yu Yangli returned to Doudu Universe with a group of eternal warriors.

Back to Ziyu Tiangong.

But the people from Xiyitai and Wang Jingchan were waiting outside Ziyu Tiangong.

Seeing them talking and laughing, they seem to have become familiar.

But the time that Su Lang spent in the Jizhen Universe was magnified a thousand times. It was naturally not a short time in the Doudu Universe, and they were completely normal.

"The young man knocked on Master Su Lang! Met His Royal Highness Xiuning, Master Yu Yangli!"

When the three of Su Lang came outside the Ziyu Tiangong, they were immediately worshipped by Wang Jingchan and others.

"Get up all."

"These people will be your colleagues in the future."

"Remember what I ordered before, don't forget."

Su Lang nodded, and threw a large group of eternal warriors behind him to Wang Jingchan and others.

If you like the one-key training system, please collect it in an instant: (mtlnovel.com) The one-key training system has the fastest update speed in the instant million-level literature.

[Chapter 2662: There is another news from the Jade](#)

As for what is ordered, it is to collect incense power as much as possible.

In the inner world of an eternal strong man, I don't know how many petaflops of creatures exist.

These creatures are all good believers!

Of course, Su Lang didn't intend to squeeze incense power like Buddhism.

"Yes, Lord!"

Dozens of eternal warriors took their orders and immediately joined Xi Yitai and others.

In this regard, His Highness Xiuning didn't care.

instead.

It is a good thing for Su Lang to lay more subordinates here and take root deeper!

quickly.

Xiyitai everyone dispersed.

His Royal Highness Xiu Ning also left alone, she had to deal with a lot of affairs, and she had to practice, so she was very busy every day!

Su Lang took Yu Yangli and returned to the opposite platform.

"what!"

"It's still comfortable here!"

Su Lang felt the incomparably rich cosmic energy around him, and his face suddenly became intoxicated.

"Brother!"

"This cosmic energy is indeed strong, incredibly strong!"

"But, brother wants to use these cosmic energy to reverse the origin of the universe, and then use it for cultivation!?"

"But it's too much trouble! It's better to refinish those treasures!"

Yu Yangli shook his head and said while looking at the dense white mist around him so hard to see his fingers.

"There are differences in personal training methods."

Su Lang smiled faintly, Xuan even turned on the one-key practice function.

Suddenly.

The incomparably terrifying attraction erupted from Su Lang.

This suction made Su Lang almost turned into a black hole, and the crazy 'moths to the fire' of the surrounding universe energy were all transformed into cultivation bases by Su Lang.

"hiss!"

"Brother, what method is this? The effect of gathering and absorbing cosmic energy is so powerful!"

"With such a fast cosmic energy absorption rate, it is estimated that it will not take long to refining the origin of the universe!"

"..."

Yu Yangli patted his thigh in amazement.

However, his thinking is still limited to first refining the cosmic energy into the origin of the universe, and then perfecting the crystal wall universe.

If he wanted to break his head, he would never have thought that Su Lang could directly use cosmic energy to improve his cultivation.

of course.

This is actually understandable.

It was Su Lang himself that couldn't handle it with common sense.

at this time.

When Yu Yangli saw that Su Lang had begun to practice, he also planned to find a place to practice.

After all, cultivation is like traveling against the current, and then retreating without advancing, Yu Yangli will not let go of the time to practice.

Only at this moment.

"Junior brother."

"Your question before, regarding the secrets of words and words, I have compiled a detailed answer."

Su Lang suddenly spoke, and handed a jade slip to Yu Yangli.

"what?"

"Senior brother, aren't you cultivating? How can you be distracted? Senior brother, please leave me alone!"

When Yu Yangli saw Su Lang practicing and talking, he said in surprise.

"While I am practicing, I can do anything, including fighting."

Su Lang shook his head, "Take this jade slip, and I will answer you after sorting out the remaining questions."

"what!?"

"You can practice while fighting? This is too exaggerated!"

Yu Yangli's expression stagnated and said in disbelief.

He has gradually realized that Su Lang possesses a more mysterious and powerful secret than Gu Jun's inheritance!

Of course, he is self-aware and will not covet the brother's treasure.

Anyway, as long as you are obedient and sensible, you can get a lot of benefits from your brother.

While thinking.

Yu Yangli took the jade slip and used his spiritual mind to penetrate it.

Suddenly!

A series of profound meanings appeared in Yang Li's mind, making him suddenly enlightened!

The problems that have accumulated in his heart for a long time, like white mist encountering sunlight, directly annihilate.

"As expected, brother!"

"The understanding of the secret of words and characters is so deep, I am afraid that it has reached the founding level?"

"Well, it's very possible. Brother is a man who has practiced 100 million points of founding level eternal practice!"

"..."

Yu Yangli looked at Yujian, and the image of Su Lang in his heart grew taller.

Time passed slowly.

Su Lang and Yu Yangli practiced alone, and the other learned jade slips, and each gained a lot. at this time.

Su Lang's expression suddenly changed, because there was another news from the jade card.

#### [Chapter 2663: Brother, you are too much](#)

Take out the purple jade card of communication with the movement.

But it was a message from His Highness Xiuning.

It is said that Xu Hu and others under Xie Xuan's command have discovered the eternal powerhouse of the Six Universes who had contact with Emperor Wuxiao Zhou, and have found some clues about this person.

It contained the breath of the person Su Lang wanted.

"Now the invasion of Youzhou Domain has been confirmed."

"But the other party's arrangement is not clear yet."

"Following the spies of the Six Eternal Realm, maybe you can follow the vines to find out the arrangement of Sui Youzhou Domain in Doudu Universe and their attack plan!"

"..."

While talking, Su Lang sketched a faint smile.

With the breath of the eternal realm of the six universes, with the soul-searching function of the treasure hunting ancestor glider, it is possible to track across the universe!

"Brother, are you planning to do it yourself?"

Yu Yangli looked at Su Lang and asked curiously.

"Of course."

"I found that person faster."

Su Lang nodded and said with a smile, "You can practice here, I'll explore it."

"Don't take me?"

Yu Yangli knew that Su Lang had a lot of methods, but he was a little worried after all.

"Don't worry, I won't die if you die a hundred times."

Su Lang smiled and patted Yu Yangli on the shoulder, and stood up.

"Uh!"

"Brother, you are too much to say that!"

Yu Yang twitched at the corner of his mouth, rolled his eyes wildly, and did not believe Su Lang's words at all.

"You will understand later that I am not too much."

Su Lang smiled brightly, he had 163 lives, and he was refreshed every half hour.

A hundred times or something, it's really not too much!

"I believe you, brother!"

Yu Yangli knew that Su Lang would not be confident. Although he couldn't accept it in his heart, he already understood that he would only be beaten if he persisted...

"Just believe it!"

The corner of Su Lang's mouth raised slightly, and then his body slowly disappeared from the place.

"Brother is really not a man who can be measured by common sense!"

Yu Yangli said this with emotion when he looked at where Su Lang had left.

After leaving the opposite platform.

Su Lang went directly to the small cosmic domain where Xiyitai was originally located.

This piece of universe had been sold to the rest of the forces by Xiyitai, but now it has been taken back by Doudu Universe.

Not only this small universe, but the large natural universes in Doudu universe, all began to be taken over by Doudu universe one by one.

In order to be able to twist the power of the entire Doudu universe into one unit, so as to fight against the Suiyou universe.

Wow!

Su Lang's figure appeared in a ripple of time and space.

Walking out of the ripples of time and space, it is the original nest of Xiyitai, whose name is called Xiyitai.

This is a lower universe with a relatively high time velocity, and the event velocity can reach one third of the middle universe.

Before this universe can sell a lot of universe origin.

But now, the end of the war is about to start, and the buyer has lost money...  
at this time.

Su Lang made no secret of appearing in the Xiyitai Universe, and was immediately discovered.

"The person here... turns out to be Lord Su Lang!"

"Don't change the villain Yang, meet Master Su Lang!"

A martial artist of the Four Eternal Realm appeared not far away with a vigilant look, but after discovering that it was Su Lang, he immediately breathed a sigh of reverence, and bowed deeply.

"Oh? Do you know me?"

Su Lang raised his eyebrows and asked faintly.

"Of course!"

"Lord Su Lang's famous name, the younger ones have long been like thunder."

"The faction of Emperor Xiu Yuzhou was jointly eradicated by Lord Su Lang and the faction of His Highness Xiuning!"

"I don't know how many years the Doudu Universe has been split, and now it can be unified, it all depends on Lord Su Lang!"

"The young ones also specially found the portrait of Lord Su Lang to pay homage to Lord Su Lang's holy face!"

Yang did not change his look and respectfully saluted Su Lang again, "In the future, the education of younger generations will surely make them remember the heroic appearance of Master Su Lang!"

This flattering is more obvious!

But Yang Buhuan didn't blush at all.

He knows how much Su Lang exists. This is the same power as His Highness Xiuning!

Accepting the small cosmic region nearby from Xiyitai, Yang Buhuan knew that Xiyitai had already embraced Su Lang's thigh, his eyes were red with envy.

Now the master is in front of you.

Don't flatter at this time, wait until Su Lang is gone?

#### [Chapter 2664: The clues of the spies](#)

"Oh, I see."

"Unexpectedly, my name has already spread in Doudu universe."

Su Lang nodded slightly, already seeing through Yang Buhuan's careful thoughts.

But he didn't look down on it. On the contrary, he looked down on Yang Buhuan very much.

Who will let him have no strong people?

"Master Su Lang is dedicated to practicing, and he doesn't hear the name outside his body. He is really a role model for my generation!"

Yang did not change his fist and bowed again, his face full of respect, "From now on, I will lead everyone in the Ten Thousand Swords Altar to follow the example of Lord Su Lang and concentrate on practicing!"

"Haha."

"Yang doesn't change. Recently, Youzhou Domain has infiltrated our Doudu Domain, and the war may start at any time."

"This Xiyitai Universe is not that safe. When I finish this matter, you can follow me to practice in Doudu Universe."

"You can also recruit more people together. Those who come will not refuse. Well, the real ones will not refuse. Don't pursue the identities of others, just hire them!"

Su Lang laughed and said with a point.

"Little understands!"

"Little, thanks to Master Su Lang for taking in!"

"From now on, Lord Su Lang will be the co-master of everyone in the Ten Thousand Swords Arena!"

Yang did not change his eyes and said with a very excited expression.

Simultaneously.

He also cleverly understood what Su Lang meant

—Recruit people with unlimited conditions, and see if there are any fish from the Yuzhou Territory that take the bait!

"Well, just understand!"

Su Lang nodded slightly, "Now give me the map of the natural universe around here!"

"Yes, Lord!"

Yang changed his mouth without changing it, and immediately took out a jade slip and gave it to Su Lang with both hands.

Inside this jade slip is a map of the cosmic region nearby.

Among them is the original site map of Xiyitai, as well as the site of Wanjiantan.

In the endless universe.

The coordinate map of the natural universe is very important.

After all, among the natural universes, there is probably the existence of the universal white world.

Once the ordinary eternal state falls into it, it is almost certain to die.

Even those with a high level of cultivation will lose half their lives without dying!

Wow!

Su Lang explored his spiritual thoughts, and remembered all the contents of the jade slip in his mind.

Then, with a squeeze in his hand, the jade Jane suddenly disappeared!

Su Lang knew the coordinates of hundreds of natural universes in a cosmic area.

"Yang does not change."

"You go to work, after finishing the work, go directly to Doudu Universe!"

Su Lang spoke lightly, and threw it to Yang Bu for a jade pendant.

"Yes! Lord!"

Yang did not change the jade pendant respectfully and carefully explored it with his spiritual mind.

There was a route to Doudu Universe and Su Lang's breath, which was regarded as Su Lang's token.

Suddenly.

Yang Buhuan was happy!

Finally, there is no need to envy the people of Xiyitai!

"gone!"

Su Lang nodded slightly, and immediately unfolded the avenue of time and space, heading towards Hongfu Universe.

Hongfu Universe is the place where Emperor Wuxiao Zhou meets the eternal warrior of the six universes in the Yuzhou Region.

Watching the ripples in time and space.

Yang Buhuan bowed deeply and waited for the ripples of time and space to calm down before taking the jade pendant given by Su Lang to go to work.

Su Lang passed through one natural universe after another.

Arrived in Hongfu Universe soon!

The spies under His Highness Xiuning were still waiting for Su Lang in this universe, and by the way, they conducted more detailed investigations to see if they could get more information.

"Junior Cangze, meet Master Su Lang!"

An eternal warrior of the six universes respectfully bowed to Su Lang.

Behind him, there are some eternal warriors with different levels of cultivation, among them is Xu Hu of the Four Eternal Realm.

Naturally, Xu Hu and others also paid homage to Su Lang's grand salute, and did not dare to slack in the slightest.

"It's hard work Cangze to protect the law."

Su Lang smiled and nodded.

"No hard work, no hard work!"

"These are some clues we found, please look at Master Su Lang!"

Cangze Cheng shook his head in fear, and offered a temporary compression space to Su Lang.

Su Lang stretched out his hand and took the compressed space into his hands.

Immediately after.

In the extremely horrified look of Cangze and others.

[Chapter 2665: Treasure hunting ancestral flying, chase](#)

"Squeak!"

"Squeak!"

"..."

Countless treasure hunting flying flying gliders suddenly appeared, directly covering the surrounding space of unknown light years!

"These are... Master Su Lang's treasure hunt flying flying gliders, a special kind of spiritual pet!"

"This treasure hunting flying flying glider has a half-step speed of the Eternal Realm, and below the Eternal Realm can't harm them at all, it's extremely difficult!"

"Unexpectedly, Master Su Lang should have so many treasure hunting flying flying flying gliders, it is incredible!"

Cangze and others looked at the treasure hunting flying flying glider that had hidden the emptiness of the universe, and they were secretly speechless.

at this time.

"System, start the 'treasure hunting ancestral flying' function!"

Su Lang gently raised his right hand, and a treasure hunting flying flying flying into his palm.

Simultaneously.

The countless treasure hunting flying flying gliders that obscured people's vision suddenly disappeared, leaving only this one in Su Lang's hands.

And this treasure hunting flying flying glider has become a treasure hunting ancestral flying flying glider!

This treasure hunting ancestral flying glider is more powerful than the one used by Su Lang to deal with Emperor Yuanmingzhou!

Because it has more treasure hunting flying flying gliders!

At this time, it turned into a treasure hunting ancestral glider, with no spiritual fluctuations on its body, like a most ordinary creature, no different from before.

Cangze and others didn't know what Su Lang did, but they felt very powerful in their hearts, and they all stood in awe...

Anyway, they couldn't see the details of the treasure hunting ancestral glider, and they thought it was a great thing.

At this time.

Su Lang pointed at the temporary space, and all kinds of clues in it suddenly appeared.

Among them are the 'images' that Cangze, Xu Hu and others have used time retrospective methods to find, and there are also the breath of the martial artist in the eternal state of the six universes.

Regarding the other clues, Su Lang ignored all the clues, and directly took the faint breath into his hands.

"Start the soul search function!"

With a thought in Su Lang, the treasure hunting ancestor glider's eyes brightened, and he took the breath into his mouth and swallowed it.

Immediately after.

The treasure hunting ancestral glider became a little impatient, as if he had discovered something.

"It seems that the trace of that person has been locked!"

A faint smile was outlined at the corner of Su Lang's mouth.

"As expected of Lord Su Lang!"

"As soon as I shot it, I locked the trail of the thief!"

"Yeah, we tried our best to find this clue. With this clue, we have nothing to do with the thief!"

"Fortunately, there is Master Su Lang, otherwise I think the four elders will be stumped!"

"..."

Cangze Xu Hu and others saw that Su Lang's shot had an immediate effect, and they immediately admired them.

"You go back."

Su Lang smiled and said, "Next, I will find that person."

"Yes! Lord Su Lang!"

Cangze, Xu Hu and others all knew that Su Lang's ability was not as simple as it seemed on the surface.

Therefore, they all agreed, and did not say anything to follow Su Lang to ensure his safety.

Moreover, Doudu Universe has now begun to guard against Suiyou Universe, employing people everywhere.

Next.

Cangze, Xu Hu and others left one after another, and Su Lang was left alone in the Hongfu universe.

"Go, find the guy who hides his head and shows his tail."

Su Lang hooked the corner of his mouth and thrown it in his hand, and the treasure hunting ancestral glider flew out screaming.

However, I saw the treasure hunt flying flying flying in the void with black gold patterns, spanning an unknown number of light years in a blink of an eye.

Su Lang took one step and followed closely behind.

quickly.

The treasure hunting ancestral glider came to a remote star field, stopped near the star field, made a circle, and got into the void.

next moment.

It passed through the space-time barriers of the natural universe and reached another universe.

"Sure enough, I fled to the rest of the universe."

Su Lang nodded slightly, unfolded the Avenue of Time and Space, and immediately followed.

time flies.

Treasure hunting ancestral gliders traveled through the natural universe without stopping.

quickly.

Su Lang came to a relatively unfamiliar natural universe, far away from the sites of Xiyitai and Wanjiantan.

"You can really run!"

Su Lang pouted his lips and kept following up.

After passing through dozens of natural universes, the treasure hunting ancestral glider finally stopped!

### [Chapter 2666: Hum, caught you](#)

This is a very ordinary grassroots universe, and the cosmic energy is thin.

Su Lang stopped in the next universe, because if he entered the basic universe rudely and arbitrarily, it would definitely cause huge ripples in time and space, and it would be easy to stun snakes.

"When the treasure hunt ancestral glider finds the specific location of the person, he will use the clone to replace it and shuttle past!"

Su Lang thought so, and through perception and sharing, the vision of the treasure hunting ancestral glider emerged in front of him.

But I saw the treasure hunting ancestor flying all the way.

The speed was very fast at first, but gradually slowed down, because it sensed that the target was not far away, so in order to avoid disturbing the target, it began to sneak.

"Treasure hunting ancestral gliders are also very smart!"

"It goes without saying that everyone knows that they are lurking close to the target."

The corner of Su Lang's mouth twitched and he waited patiently.

Gradually, a colorful star field appeared in the field of vision.

The treasure hunting ancestral glider no longer advances alone, but finds a void fleet nearby and sneaks in.

Treasure hunting flying flying gliders could have ignored the barrier of formation.

As a more advanced treasure hunting ancestral glider, it is not too easy to do this!

"The treasure hunting ancestral glider is so careful, it seems that the target is in that star field."

Su Lang nodded slightly, then cheered up and waited quietly.

The Void Fleet continued to leap into space, and soon flew to a very prosperous star field, and then stopped in a planet.

Soon.

Countless warriors emerged from the void fleet and scattered around.

Treasure hunting ancestral gliders mingled in it, occasionally seen by people, and only treated as other people's pets, no one cares about him.

In the crowd.

Treasure hunting ancestral gliders pretend to be ordinary animals, running around, but in fact they are constantly moving towards their goals.

But it is very slow in order to avoid exposing its extraordinary.

"It's actually on this planet?"

"Since it has been confirmed on this planet, it is all right."

"As long as the planet is blocked, there is no need for that guy to come out!"

Su Lang nodded slightly, sent his avatars to the planet with a thought.

When the first clone appeared on the planet.

"What, a strange eternal warrior came here!"

"How is this possible? It stands to reason that only I can know this universe!"

Somewhere on the summit of a giant peak, a rickety old man suddenly changed his expression: "Damn it, won't the Doudu Universe people chase me, they can find me!?"

This rickety old man was exactly what Su Lang was looking for, the eternal spy of Suiyou Universe!

He is very alert.

Pay attention to all movements with divine mind all the time!

If Su Lang traveled through time and space before, he would definitely be spotted by him, and then he would flee without hesitation before Su Lang stopped him!

But Su Lang is also a careful hunter and doesn't make simple mistakes.

At this time, the clone was dispatched and appeared directly on the planet, and the terrifying power of time and space unfolded directly!

With the eternal power of the six universes, it is easy to interfere with the time and space of a small planet and slow the target's escape speed!

Besides!

Su Lang didn't just send a clone.

Just in case, he sent ten clones.

At this moment.

The rickety old man discovered Su Lang's avatar. When he was shocked, he broke out with all his strength without any delay, and wanted to escape through time and space!

but.

Under the interference of Su Lang's clone, he was as if mired in the mud, his speed became extremely slow!

Before he successfully crossed the barriers of time and space in the natural universe, a grey and strange space suddenly appeared, covering him!

"Damn!!"

The rickety old man was completely forced out of the ripples of time and space, and his complexion was extremely ugly!

"Hey, I caught you, the spy of Suiyou Zhouyu."

Su Lang used the clone replacement, swapped positions with one of the clones, and came to the rickety old man.

In an instant.

He then called up the opponent's attribute panel and looked at its combat power.

This is an ordinary eternal warrior of the six universes.

With the practice of those eternal warriors of Suiyou Universe, this person has at most the power left by the eternal seven universes as his trump card.

"You, you are Su Lang!!"

"Su Lang, suspected of the mysterious Nine Universe Eternal Power Inheritance Disciple!"

The rickety old man looked at Su Lang with disbelief!

#### [Chapter 2667: You are vulnerable](#)

He naturally knew the name of Su Lang, because Emperor Wuxiao Zhou was instigated by him.

He never expected that Su Lang would come to hunt him personally!

Moreover, there are actually nine clones around Su Lang who are exactly the same as him, making it difficult to tell which one is the clone and which one is the deity.

"Yes, it's me."

Su Lang looked down at the rickety old man, waved his hand indifferently, and absorbed all the surrounding planets into his body.

"Su Lang! You really are extraordinary!"

"Although there is only the Five Eternal Realm, it has mastered the power of the Six Eternal Realm!"

"Even, there are so many unbelievable clones!"

"The key is that you can touch me when I stay alert and dare not relax at all times."

"This tracking method alone is incredible!"

The rickety old man squinted his muddy eyes, and there was still horror in his voice.

But he was generally calm and not panicked.

"Ha ha."

"Stop talking nonsense, now, kneel down to me and explain everything you know, I can spare you not to die!"

Su Lang looked at the rickety old man condescendingly, and said impatiently.

"Humph!"

"Su Lang, it is you who should kneel down! You are so arrogant! You dare to chase and kill me alone!"

"How about you think you have the fighting power of the Six Eternal Realm, how about you have nine clones, how about you have the Five Eternal Emperor soldiers?"

"In front of absolute power, you are vulnerable!!"

The rickety old man sneered, and his face that was already wrinkled became extremely hideous.

"Oh?"

"Absolute power?"

"Let me see, what you call absolute power!"

Su Lang raised his eyebrows and said disdainfully.

"Then let you see and see!!"

The rickety old man was murderous, and the power of the Seven Eternal Realm suddenly burst out of his body, and there was not only one, but thirteen! !

this moment.

It is equivalent to a total of thirteen eternal powers of the Seven Universes against Su Lang!

In front of these 13 powers.

If the ordinary six universes are eternal, even ten people will definitely be wiped out, and there will be no suspense.

however.

Su Lang is not an ordinary eternal martial artist of the Six Universes!

"This is your absolute strength?"

"Although it is strong enough, it is not enough to kill me. The words are secret. The universe protects me."

Su Lang's expression was indifferent, the avatars around him suddenly disappeared, and his breath directly rose from the Six Eternal Realm to the Seven Eternal Realm, and it was constantly improving!

at the same time.

The Mystery of Words and Words has started, and the current universe has established contact with dozens of surrounding natural universes and Su Lang!

The eight-sided shield of the sky also emerged, and before the power of the thirteen realms of the seven universes approached, a light curtain was unfolded.

The next moment.

Rumble!

The thirteen extremely powerful Seven Eternal Forces bombarded the sky and eight-sided shield.

The terrifying explosion shook, and the whole universe was shaking!

If it were not for Su Lang to collect the surrounding planets into his body in advance, these planets would be annihilated, and countless creatures would die tragically!

In the torrent of terrifying energy.

The space is broken with a thought.

The shield formed by mobilizing the power of the natural universe was also torn apart.

The eight-sided shield shield of Tianjia also shattered.

But the main defensive power of this shield comes from the body, the shield or something, just incidentally.

After the mask shattered, the remaining power bombarded his body like a breeze, unable to cause any harm.

After the shield.

Su Lang remained motionless, without blinking his eyes.

"How can it be!!!"

"It's incredible that you have the power of the Six Eternal Realm, how can you still burst out the power of the Seven Eternal Realm, this is impossible!"

"The key is even the Seven Eternal Realm, it is impossible to stop the thirteen warriors of the same level from taking a shot!"

"..."

The rickety old man looked at Su Lang dumbfounded, his whole body was horrified, and his whole body was cold.

next moment.

The thought of escaping once again emerged, driving him to take the opportunity to unfold the avenue of time and space, and to flee.

but.

Will Su Lang let him run away?

With one thought, the sky is out, and it is directly drawn into the gray space!

"Drive me!!"

The rickety old man looked horrified, and a powerful force burst out, trying to tear the Nianfeng space.

But this Nianfeng space was arranged by Su Lang with the eternal power of the seven universes, and the eternal power of the six universes could not be torn apart at all.

"Don't struggle."

"In the face of absolute power, you are vulnerable."

Su Lang looked at the rickety old man indifferently, and returned his words to him intact.

[Chapter 2668: Interrogate the rickety old man](#)

"Do not--!!!"

The trapped rickety old man was pale and desperate in his heart!

He really couldn't figure out how could there be such a perverted Su Lang in the endless universe!

Obviously there are only the Five Eternal Realms, but the power of the Seven Eternal Realms burst out.

Even thirteen seven-plane attacks bursting out at the same time can steadily resist! !

This is simply beyond his knowledge!

But what he didn't know was that Su Lang didn't give his full strength at this time, and even the swallowing clone card was only played, let alone the rest of his hole cards.

"After all, everything you know."

"The number and level of Suiyou Zhouyu who sneaked into Doudu Zhouyu, the number and level of strong people in Suiyou Zhouyu!"

"And your specific invasion plan against Doudu universe!"

Su Lang looked at the rickety old man with a cold expression, his body exuded a touch of pressure.

But this is the pressure of the Seven Eternal Realm.

Even if it was just a trace, the rickety old man felt the terrifying power, and also produced a strong sense of powerlessness.

Facing the Seven Eternal Realm, he had no chance of winning at all.

Although there are still three powers of the seven universes in his body.

But these three powers were not for him to use against the enemy, but to execute him.

To prevent him from leaking information.

As long as he receives a fatal attack or actively reveals relevant content, it will trigger the internal restraint.

After the prohibition is triggered, the three powers of the Seven Eternal Realm hidden in the body will immediately explode, leaving him dead!

At this time, he was just trapped in the Nianfeng space, and he had not been judged to be mortal by the restraint, so the restraint in the body was not triggered for the time being.

"Su Lang...I think too, but I can't say it!"

"From the death of Emperor Wu Xiao Zhou, you will understand."

The rickety old man looked gray and his voice was hoarse and weak.

Even the rickety body hunched more seriously, as if being pressed on his back by an invisible mountain.

He really didn't want to die.

But the hope of survival is too slim!

"Oh?"

"In your body, there is also the power to be planted by a stronger person?"

"The hierarchical system of your Suiyou Universe Realm is really strict, and the Six Eternal Realm cannot be avoided!"

"The superior can implant their own power into the body of the inferior at will, and is it fair and open to be recognized?"

Seeing the rickety old man doing this, Su Lang raised his eyebrows and smiled faintly.

"Yes!"

"The law of survival in the endless universe is cruel."

"And our Suiyou Universe has entered a special period again, so..."

The rickety old man sighed and said, but before he finished speaking, a disordered aura appeared on his body, as if there was something terrifying in his body to break out of his body!

This is a step away from the content that is forbidden to leak, almost triggering the eternal power of the three spheres in the body.

As a result, the rickety old man immediately closed his mouth and cleared the unnecessary thoughts in his mind, with fear and fear in his heart.

"special period?"

"It seems that something major has happened to you Suiyou Zhouyu."

Su Lang's expression moved. He didn't expect Sui Youzhou Domain to have a situation, but he didn't know what was going on.

The rickety old man bowed his head and said nothing.

"How strong is your body?"

Su Lang asked, "If you are not very strong, maybe you can not die."

"It is the power of the three realms and seven universes."

The rickety old man raised his head, his expression bleak, "Moreover, it's an explosion from the inside out, it can't be resisted at all!"

"The eternal power of the three paths and seven universes."

"It's really difficult, the sword of life may not be able to save you."

"But it doesn't matter, it's okay if you can't take the initiative to reveal it, I can do it myself."

Su Lang pondered for a moment, just in case, he was going to try the other methods first.

"You do it..."

The rickety old man heard Su Lang's words, a glimmer of hope flashed in his eyes.

He can't actively disclose it, but if he is passively seen through by the enemy, it will not trigger the restriction.

Su Lang smiled without saying a word, and waved his hand, a peculiar long knife emerged, it was [Mirror Flower Water Moon].

Stabbed!

As soon as the long sword appeared, it was severely cut at the rickety old man.

[Chapter 2669: It's better to kill](#)

"this is!?"

The rickety old man was horrified, but immediately the confusion flashed past his eyes, revealing the rest of his eyes

——He has already caught the illusion of the mirror flower water moon, everything he sees and hears, including the things detected by his spiritual mind, is an illusion!

But he himself did not know.

"After Jinghua Shuiyue was promoted, the power was really terrifying."

"Even the eternal state of the six universes will instantly fall into the illusion, forget their true situation, and treat the illusion as the real world."

A smile flashed in Su Lang's eyes, and then his heart moved, eight chains of black jade emerged out of thin air.

Like eight terrifying poisonous snakes, the Moyu chains raised their heads and pierced fiercely, directly piercing the body of the rickety old man, blocking some of his power.

The three powers of the Seven Eternal Realm used to kill the rickety old man were almost all blocked.  
Immediately after.

Su Lang felt that he was almost done, and he started his mind!

Under the action of many means.

Su Lang slowly got the information he wanted from the rickety old man.

Regarding the situation of Suiyou Zhouyu, the layout of Suiyou Zhouyu in Doudu Zhouyu has been obtained.

"A weird change has taken place in Sui You Zhouyu?"

"Even the Seven Eternal Realm has been severely affected and has to leave?"

"And this change is related to Old Ancestor Suiyou and a certain treasure in his hands?"

"Old Ancestor Suiyou, a strong man in the Eternal Realm of the Eight Universes, but seems to have fallen into retreat and will not easily take action."

"In the Suiyou Universe, six spies from the Six Eternal Realms have been planted in the Doudu Universe, and there are even more in the Five Eternal Realms."

"On the contrary, there are not many warriors in the four universes and their realms. They are all powerful people who control the local area of the Doudu universe as the tentacle for exploration.

"The strength of Suiyou Universe Region is far stronger than Doudu, and there are as many as twenty Seven Eternal Realms!"

"But its invasion plan is not known in more detail. It seems that only the Seven Eternal Realm knows it."

"..."

The information he obtained this time appeared in Su Lang's mind, and he analyzed it little by little.

In a blink of an eye.

He formed his cognition of Suiyou Zhouyu in his mind.

This is a high-level cosmic domain that is far stronger than the Doudu universe and possesses the eternal realm of the eight universes.

But the Suiyou universe has undergone tremendous changes, and its inner beings, even the eternal realm, have suffered greatly.

It's like this rickety old man, who was supposed to be a strong man, but now it has become like this.

Therefore, the eternal powerhouses reached a consensus that they must leave the Suiyou universe.

And the nearest Doudu Zhouyu became their best choice.

There is currently no specific plan for Suiyou universe's invasion.

But Su Lang can roughly guess.

"Emperor Wuxiao Zhou has already entered the Doudu universe."

"Moreover, a large amount of information was passed on to this rickety old man, and this old man also passed on the information."

"Then, the Suiyou big guys who know the true situation of Doudu Universe, it is very likely that they will immediately take action, and directly kill Doudu Universe like a broken bamboo!"

"..."

Su Lang touched his chin, and narrowed his eyes, "It seems that we must inform Xiuning at this time and let her be prepared."

Immediately after.

Su Lang got some information from the rickety old man.

For example, the rickety old man secretly developed more chess pieces.

And the specific route to sneak from Suiyou universe into Doudu universe!

In addition.

There are also the names of the other five lurking eternal warriors of the Six Universes.

Although the rickety old man didn't know where the other five Six Eternal Realms were located.

The six of them all exist independently and are not connected to each other. What they prevent is to be dragged and touched.

But Su Lang knew the names of those people. This rickety old man also had items about the five people, and he could easily find the five people through the treasure hunt for Ancestral Flying!

Immediately after.

Su Lang continued to use his heart to obtain information from the rickety old man, but there was no further gain worth mentioning.

"This person has been confused by me for a short time and won't trigger those three seven-plane bans."

"But if this person surrenders, it will trigger a ban, and there will be no place to bury him."

"I don't have the energy to confuse him with Jinghuashuiyue and seal the power in his body at all times."

"So, it's better to get rid of it."

Su Lang thought so in his heart, the movement in his hand didn't slow down, and the Youtian Sword pierced out!

[Chapter 2670: Gee, there's another prey](#)

next moment.

The rickety old man who was completely defenseless was pierced through his head by Su Lang's Youtian Sword, and completely fell.

He hoped that Su Lang would be more kind, but Su Lang did not live up to his wish.

And the moment when the rickety old man completely died.

The local eternal warriors in the Doudu universe under his control all died instantly, all to death.

"Five people left."

"Let's clean up together."

A cold color flashed in Su Lang's eyes, and the treasure hunting ancestral glider fell into his hand while waving.

Immediately after.

All kinds of objects were picked out by Su Lang from the spoils obtained by killing the rickety old man.

On these objects, each possessed the aura of the other five six eternal spies.

"Just start here."

Su Lang picked a dark-green jade pendant and let the treasure hunting ancestor glider breathe.

"Squeak!"

The black gold-patterned treasure hunting ancestral glider's eyes turned very spiritually, and immediately locked the direction of advancement.

It plunged headlong into the void, penetrated the barriers of time and space, and started tracking.

Su Lang did not immediately follow, but began to sort out the treasures he had obtained from the rickety old man.

The first is the twelve eternal realm exercises, including one major exercise.

This major practice is roughly the same as "Zhou Long Xuanxin", but not comparable to "Wuliang Liyu Juntian Chaos Sutra".

"Start the Gongfa synthesis function!"

With a thought, Su Lang tried the method of success, but failed.

Because among the twelve eternal exercises, some have higher levels, which exceed the current limit of the synthesis function.

"The origin of the universe is still lacking!"

Su Lang curled his lips, and immediately deposited the universe origin he had just obtained.

"Ding! Saved, the balance is 10.82 million cosmic origin!"

"More than ten million!"

"The warrior of the Six Eternal Realm is fat!"

Su Lang was delighted. With this tens of millions of cosmic origins, he can upgrade system functions again!

"What is good about upgrading this time?"

"The avatar dispatch function requires 100 million and cannot be upgraded."

"It seems that we still have to choose the most basic cultivation function!"

After thinking about it, Su Lang immediately issued instructions to improve the one-key practice function!

"Ding! Consume 10 million cosmic origins, upgrade the one-key training function to level 55, and increase the training speed...480 trillion times!"

"Ding! Congratulations on upgrading the one-key training function to level 55. You have obtained the new bonus function 'Extreme Nirvana Soul'!"

Accompanied by the appearance of the system prompt.

A large amount of information about the new bonus features appeared in Su Lang's mind.

Extreme Nirvana Soul Function: Consuming a certain amount of cultivation base, it can sublimate the Consummation level soul of the 'Human Nirvana Realm' and gradually enter the Extreme Nirvana state.

"Soul of the Realm of Extreme Nirvana!"

"It seems that this is the realm of the soul above Huanni!"

"Unexpectedly, above Huanni there is a higher soul realm!"

"I don't know whether the cultivation realm corresponding to this soul realm is above the eternal realm?"

"..."

A smile appeared on Su Lang's face, obviously it was a pleasure to upgrade the system functions.

Although this bonus feature cannot be used for the time being, once it is necessary to use it, the benefits will be immediately reflected!

Next.

Su Lang was very skilled in handling the eternal body of the rickety old man.

Countless life continents and life planets in it are all stuffed into their own crystal wall universe and crystal wall world.

Suddenly.

Su Lang got a huge amount of creatures, and what followed was the boundless incense power!

The rickety old man's attainments in incense is obviously very low.

The crystal wall universe of more than 5,000 gai in its body, countless creatures, has stored a huge amount of incense, but there is not much to consume.

Basically all the power of incense is stored.

Now it's all cheaper for Su Lang.

"If you accumulate more, it is estimated that the four major incense weapons will evolve!"

Su Lang looked at the huge amount of incense willingness stored in the virtual spirit universe, and a faint smile was drawn at the corner of his mouth.

at this time.

Through the perception sharing function, Su Lang found that the treasure hunting ancestral glider had stayed in a low-level universe.

obviously.

The treasure hunt Ancestral Flying has found the second goal!

"Tsk tsk, there is another prey!"

Su Lang sneered and ordered the treasure hunting ancestral glider to continue tracking the target.
