

One Click 2671

[Chapter 2671: The dignified year-old masters of the universe](#)

It's like tracking the rickety old man.

Treasure hunting ancestral gliders lurking forward in various ways.

Soon he touched a prosperous star field and stopped in the near-field void of a planet.

There is no void fleet around to take a ride, and the treasure hunting ancestral glider did not move forward.

Anyway, just finding this star field is enough.

Of course, it is better to find the planet where the target is located. It can narrow the range of time and space forbidden and save Su Lang's effort.

"They all choose to hide in the bustling place."

"It seems that the people of Suiyou Zhouyu believe in the phrase 'big hidden in the city'."

"It's just that, for the treasure hunting ancestral glider, it's useless to hide it anywhere!"

Su Lang's expression was indifferent, and he dispatched the avatars in a single thought.

Rumble! !

Over the prosperous planet, dozens of figures exuding horror appeared without warning.

The time and space around was completely banned in an instant!

Any time-space method is temporarily invalid!

"what!"

"This is what happened!"

"My God, what level of power are those, it's terrifying, I almost collapsed when I saw it!"

"Is the eternal strong, a whole number of ten eternal strong!"

"..."

Countless creatures looked to the sky in horror, no matter their cultivation level, they all felt like ants!

at this time.

"Roar--!!!"

Accompanied by hysterical furious roar.

Another figure soared into the sky with a terrifying aura, as if to penetrate the encirclement of dozens of mysterious powerhouses!

This man is extremely fat, just like a ball, and looks very deformed.

This person is one of the six eternal spies of Suiyou Universe who sneaked into the Doudu universe!

Seeing Su Lang's dozens of six universe clones appeared, this round ball warrior was as horrified as the rickety old man, and felt very bad!

The enemy actually has dozens of Six Eternal Realms, which far exceeds the number in intelligence.

Moreover, since the Six Eternal Realms have come so many, will the Seven Eternal Realms still be missing?

without hesitation.

This ball warrior has all his cards, just to escape!

however.

He was obviously daydreaming.

A avatar of Su Lang directly expanded the Nianfeng Space and pulled it into it.

The ball warrior immediately shot, desperately tearing the space of Nian Feng.

But Su Lang's second avatar's Nianfeng space also came, and once again enveloped it.

The round ball warrior was frightened and attacked frantically.

but.

Whenever he tears a layer of Nianfeng space, he will immediately fall into the next Nianfeng space, there is no end!

Under extreme anger.

The ball warrior brazenly used the eternal power of the seven universes infused in his body, and planned to escape through the barriers of time and space while repelling the enemy.

however.

The mighty power of the Seven Eternal Realm burst out, but was blocked by a round black shield that suddenly appeared!

Rumble!

The boundless turbulence of energy spreads everywhere.

Su Lang collected the surrounding star domains into the crystal wall world inside his body, while looking inside the encirclement, a slight smile was drawn at the corner of his mouth...

Not long.

The ball warrior was like the rickety old man, completely subdued by Su Lang, and began to search for information.

just.

From this warrior, no more effective information was obtained.

Su Lang beheaded him with a single sword and snatched the spoils.

"I killed two people in a row."

"There must have been news of the spy's fall in Sui Youzhou Region."

"And the two died one after another, they should be able to guess that I have the means to find those spies."

"So, next, I have to speed up, otherwise these people may run away."

A light of thought flashed in Su Lang's eyes, and he released the treasure hunting ancestral glider once again.

at the same time.

In a certain natural universe between Suiyou universe and Doudu universe.

The old lady of the mouse, the man with four heads and eight arms, the man with dwarf and the eternal powers of the Seven Universes held a special meeting with solemn expressions.

"My spy is dead!"

The old lady Mouse said with an extremely ugly expression.

"My spies are also dead."

The young man with green eyes looked solemn.

"There are capable people in Doudu Universe!"

"Those six universe spies all master the 13 eternal secrets of the seven universes."

"To a certain extent, they are a trap for the eternal powerhouses of the Doudu Universe Seven Universes."

The dwarf man frowned, "But now they have died two in succession! The opponent is not only the tracing technique against the sky, but also the first-class combat power, who would it be?"

[Chapter 2672: Murder and fire gold belt](#)

"Could it be that Emperor Xiu Ning Zhou made the shot himself?"

"No, even if she takes the shot herself, it is impossible to kill two people in such a short period of time!"

"So, did their Seven Eternal Eternity take all their actions? As for the tracking secret technique, was it provided by Su Lang, the descendant of the Nine Eternal Eternal?"

"I don't know, let's hurry up and contact the remaining three Six Eternal Spies, and those of the Five Eternal Realms, recall them all!"

"Damn, the Eternal Secret Agent of the Six Universes under my command is also dead, almost instantly killed!"

"..."

While everyone was talking, the third Six-Time Eternal spy was killed by Su Lang.

The atmosphere of the meeting became very solemn, and everyone looked very unsightly.

Six of the six eternal realms, three died in an instant.

This speed of death is simply sweating!

"Fine."

"It is estimated that they have been exposed a long time ago, and they have already fallen into a trap now, and there is no escape!"

"In this case, we can let all the lurking personnel take the initiative to expose and kill everywhere, so as to attract the attention of the high-level warriors of the Doudu universe, so that we can successfully sneak into the Doudu universe!"

"These people can't withdraw back, just do it, it's a small revenge against Doudu Zhouyu!"

"Now that a decision is made, hurry up!"

"..."

The eternal powers of the seven universes completed the exchange in an instant, and then continued on the road, rushing to the Doudu universe!

After getting the coordinates of the Doudu universe.

Combining with the various natural universe coordinates they have explored during the weekdays, they have already planned many routes to ensure that they can sneak into the Doudu universe!

Just when the great powers of Suiyou universe advance.

Su Lang also continued to hunt down the remaining Six Eternal Spies.

The remaining three spies received orders from their superiors and began to retreat.

In order to cover up their whereabouts, they all chose to keep detouring.

however.

It was this kind of behavior that caused them to ruin their lives!

Because the treasure hunting ancestral glider walks in a straight line!

One goes around and the other goes straight, of course you will be caught up!
quickly.

The remaining three Six Eternals were all killed by Su Lang!

Then it's time to count the spoils.

First of all, it is stored in the origin of the universe!

"Ding! After storage, the balance is 5.66 million cosmic origin!"

"Sure enough to kill and set the gold belt on fire!"

"It's only been a long time since I have accumulated so many universe origins."

"If you rely on yourself to reverse the origin of the universe, you don't know how much time it will take!"

"..."

Su Lang looked at his balance happily, and immediately began to deal with the eternal body and other spoils.

Not long.

Then all the eternal body is processed.

The crystal wall universe in Su Lang's body was stuffed into more life planets and continents, and it became more and more prosperous.

but.

His inner world is so many and big that it hasn't reached its fullness yet.

In addition.

The power of incense has also got more!

The four pieces of special aspiration crystals needed for the evolution of the incense emperor soldiers, namely, the heart-piercing lock, the Seven Treasure Tree, the Purple Gourd and the Jinghua Shuiyue, are almost accumulated.

At last.

It is a huge amount of various materials.

The alchemy material Su Lang immediately used the alchemy function to refine the pill.

The rest of the materials are kept temporarily.

In terms of exercises and classics, the exercises practiced by these spies are similar, and there are not many new exercises, so Su Lang temporarily put it aside.

At this time.

There was a movement in the communication jade card.

Su Lang knew that it was the message from Xiuning, because he had told him the result of the battle before.

"As expected of Daoist Su Lang, he can even cut the opponent's six eternal six celestial bodies with one shot!"

"In the coming year, you will definitely be deterred by Daoist Su Lang!"

"After all, this is something that the ordinary seven universes cannot do forever!"

Xiuning's message was full of surprises and respect, and even faintly meaning of respect.

After reading it, Su Lang smiled slightly and prepared to reply.

But at this moment.

"Friend Su Lang!"

"I just received emergency information!"

His Royal Highness Xiu Ning sent a message again: "Suddenly many eternal warriors have appeared in Doudu Zhouyu and are slaughtering in the natural universe one by one!"

[Chapter 2673: Could it be that this is attracting attention](#)

"what?"

"Suddenly many eternal powerhouses emerged, making chaos everywhere!?"

Su Lang looked at the news in the transmission jade card, and thought a little strangely.

But he was going to return to Doudu Universe first.

The time flow is too low here, and staying longer is a waste of time.

then.

Su Lang activated the avatar dispatch and avatar replacement functions, and directly returned to Doudu Universe, the opposing platform at the summit of Luanzhi.

"Brother? You are back! So soon!"

Yu Yangli looked at Su Lang who appeared out of thin air, awakened from his cultivation state in shock.

"How long has the Doudu Universe passed?"

Su Lang looked calm and asked.

He chased and killed the six people in the bottom universe.

It didn't take much time before and after, but Doudu universe time flow rate was nearly ten million times faster, naturally longer time passed.

"Uh, it's been a hundred years."

Yu Yangli looked at him for a moment and replied.

"A hundred years soon?"

Su Lang rolled his eyes and glanced at Yu Yangli silently.

"Huh? Isn't it a hundred years?"

"A hundred years will be in the blink of an eye."

"What's more, the brother is working in the lower-level universe, and he comes back so quickly. In the lower-level universe, I am afraid it will not be used for a quarter of an hour."

Yu Yangli was also a little speechless, and the brother's concept of time seemed to be different from the ordinary eternal strong.

"Forget it, don't talk to you about this."

"How is your practice in the past hundred years?"

Su Lang sat down next to the case, and asked while taking out the jade card for communication.

"Senior brother helped me solve my doubts, and of course all the problems were solved!"

"If there are seniors, I'm still so confused, wouldn't it be as stupid as the porpoise?"

Yu Yangli laughed, with an excited smile on his face.

Su Lang helped him solve his doubts, but he saved countless years of hard work in "The Secret of Words"!

"That's good."

Su Lang nodded, and stopped talking, but entered a message on the jade card of transmission.

"What are you doing, brother?"

Yu Yangli curiously leaned to Su Lang's side.

Seeing that Su Lang hadn't rushed the people, he boldly looked at the jade plate of transmission.

But it says:

"Those eternal warriors who suddenly made chaos are probably the remaining spies buried in Suiyou Zhouyu in our Doudu Zhouyu!"

"It's just, how could they suddenly expose themselves!"

"Could it be that this is because I killed six of their six eternal martial artists, and launched a revenge attack?"

After entering the message, Su Lang sent it to Xiuning.

"An eternal warrior who is messing around!?"

"The spy who is lurking in the Suiyou Universe in our Universe?"

After reading the message sent by Su Lang, Yu Yangli was a little bit ready to move.

"Ok."

Su Lang nodded and smiled, "Why, I want to kill someone with itchy hands?"

"Yeah yeah!"

Yu Yangli said frankly, "With the help of my brother, I have made progress, and want to verify my current strength."

"Let's talk about it when the master of Youzhou Domain comes."

Su Lang groaned and said, "Those eternal warriors who make chaos are very low-level."

"Ok."

"It's really boring to fight those low-level eternal."

Yu Yangli also thought about it, suppressing the fighting spirit in his heart.

at this time.

A wonderful figure appeared outside the opposing platform, and walked up to Su Lang's slender legs.

However, His Highness Xiu Ning didn't want to communicate through the communication jade card, and came here in person.

"Friend Su Lang!"

Xiu Ning saluted Su Lang slightly, and nodded to Yang Li.

"His Royal Highness Xiuning, please sit down."

Su Lang and Yu Yang lied back and asked Xiu Ning to sit down.

"Their approach is obviously very irrational."

"Although these chess pieces are not very strong, they are also useful, so I gave up like this?"

His Royal Highness Xiuning sat down and said straightforwardly.

"Could it be that this is attracting attention?"

"Attract our attention, let us send warriors to quell the unrest?"

Su Lang looked calm and continued to analyze.

"Very likely!"

"Although I gave an order not long ago to let the eternal powerhouses of all natural universes in Doudu universe gather in the nearby middle universe and wait for the development of events.

"But in such a short period of time, there are still many natural universes that will not be able to migrate in the future."

His Highness Xiuning paused and continued:

[Chapter 2674: Yangmou](#)

"Although these natural universes are not powerful individually, they are still a decent force when they are concentrated."

"The key to these universes is the foundation of the Doudu universe, just like mortals are the foundation of cultivators."

"Without these universes, Doudu's high-level universe is just a rootless duckweed."

"Therefore, if we do not want to suffer these losses, we must send people to quell the unrest."

After Xiuning finished speaking, her expression was a bit cold.

"This is a shame."

"Those middle and low-level universes are not only the foundation of the Doudu universe, but also the buffer zone for the war and our retreat."

"Our side must send someone to eliminate the warriors who are in trouble."

"But in this way, part of our strength will be divided."

Yu Yangli also participated in the discussion and put forward his own views.

"Junior Brother is right."

Su Lang smiled slightly, "Sui You Zhouyu had this idea."

"Take advantage of the distraction of our attention and some of our strength."

His Royal Highness Xiu Ning frowned slightly, "The master of Sui Youzhou Domain will definitely make big moves!"

"I guess they just want to break into the Doudu universe in one fell swoop."

Su Lang said, "Before our Doudu universe was infiltrated by them, they must have many routes into the Doudu universe."

"indeed!"

"Although we have a better understanding of Doudu Zhouyu, there are people watching on every route."

"But they have too many manpower, full of more than twenty seven-plane eternal realms, and they carry many eternal martial artists of the six-planes and five-planes.

"At that time, they will definitely not only take one route, but will be scattered into several teams, one after the other, with different progress."

"One of the fastest teams to further attract our attention, we must separate people to stop them."

"In this way, our already weak strength will be further dispersed."

"At that time, their chances of breaking into Doudu will also increase, and we will lose all the advantages brought about by the high time velocity of the upper universe."

His Royal Highness Xiu Ning frowned while analyzing, "How can this be good?"

"I am willing to stop the first Sui Youzhou Domain team that appears."

"But I have the power to step into the Eternal Realm of the Eight Universes, let alone stop them, maybe I can kill them!"

Yu Yangli volunteered and said that he did not intend to perform in front of Xiuning, but to perform in front of Su Lang, and passed away by the way.

But his suggestion was immediately rejected by Su Lang.

"No."

"We will not stop them."

"Just let them enter the Doudu universe."

Su Lang shook his head and said calmly.

"Ah this."

Yu Yangli was taken aback for a moment, his expression disappointed.

"You don't know the power of Infinity."

Su Lang smiled and waved his hand, summoning the boundless call.

Suddenly.

The mecha carrying the terrifying aura reappeared, bringing an extremely huge impact.

"Correct!"

"With the Boundless number, we can only exert the strongest strength if we all gather together!"

Under the Xiuning Hall, it was suddenly revealed that she had been stationed in Wuyin, and she knew the abnormality of Wuyin.

"Not bad."

"Splitting out to fight them just adds to the variables."

"It's better to concentrate your strength and defeat it once and for all!"

Su Lang nodded slightly, "Anyway, at most they will display the power of the Eight Eternal Realm, it cannot be the Nine Universe."

"That's it!"

Yu Yangli looked at the Boundless Ship, his heart was a little hot, and he wanted to try it now.

"Then, follow the method of Daoist Su Lang."

"I will send someone to quell the warriors who are in chaos."

His Royal Highness Xiuning nodded, "By the way, let the elders and guardians prepare to return directly to Doudu Universe."

Soon.

She planned to send messages to Elder Xie and others.

however.

"His Royal Highness Xiu Ning does not need to send someone to quell the turmoil."

Su Lang smiled and said, "This is contrary to our plan to concentrate combat power."

[Chapter 2675: Self-brain supplement is the deadliest](#)

"what?"

"But don't those wars have to be calmed down?"

"Otherwise, even if we win, Doudu Zhouyu will become a misnomer."

"The Suiyou Universe Region is no longer suitable for warriors to survive. We have to go to other Universe Regions to further improve our strength."

"Rootless duckweed-like Doudu universe cannot allow us to maintain sufficient training resources."

Xiu Ning said with a look of surprise.

Yu Yangli also looked at Su Lang strangely.

"It's not that we can't quell the unrest."

Su Lang shook his head and smiled, "Instead, he said, I will go alone."

"Brother, are you going alone?"

"But you are our backbone!"

Yu Yangli was surprised, "How can we drive the Infinity without you, and coordinate the eternal combat power?"

"Yes."

His Royal Highness Xiu Ning agreed, "Now that the war is about to break out, Fellow Daoist Su Lang should sit down and fight the universe."

"Don't worry."

"I will not leave here myself."

"It is my clone to quell the chaos!"

While talking, Su Lang summoned his clone, avatar, and twin avatars.

Suddenly.

More than one hundred clones appeared in front of Yang Li and Xiuning, each possessing the power of the Six Eternal Realm.

Such a scene.

Xiu Ning and Yu Yangli were stunned.

"Brother, how come you have so many clones, and each one is so powerful!"

Yu Yangli couldn't believe his eyes. There were so many eternal clones of the Six Universes that he couldn't even dream of it.

It should be known that the eternal six universes of the entire Doudu universe, including those killed in the previous wars, plus those hidden unknowns, the current guardians definitely do not exceed fifty.

But now.

There are more than 100 clones of Su Lang alone!

It's about three times the number of all Six Universe Eternal Realm Warriors in Doudu Universe!

This is absolutely abnormal.

"This is a clone created using the technique of clone and "Thirteen Corpses"."

"His Royal Highness Xiuning also mastered "Thirteen Corpses", and I must be able to guess how I did it."

Su Lang flicked Xiuning to brain supplement, after all, brain supplement by himself is the most deadly. really.

"That's it!"

"Taoist Su Lang must use other clone techniques to create about ten clones!"

"Then use these ten clones as the basis, and with the "Thirteen Corpses" technique, each clone cuts out thirteen incense clones of the same level!"

"So, there is the current result!"

"Unexpectedly, the potential of "Thirteen Corpses" is far more terrifying than I thought!"

"..."

His Royal Highness Xiuning was fooled by Su Lang, and he started to make up for it by himself, and then he believed it all.

A touch rose in her heart.

It turned out that the "Thirteen Corpses" that Fellow Su Lang gave her is so powerful!

Yu Yangli listened to Xiuning's brain replenishment, but there was no reason for unbelief.

He looked at Su Lang's avatar with his eyes shining, and he was extremely eager for "Thirteen Corpses".

then.

He looked at Su Lang straightforwardly, his eyes hot.

"Ahem!"

Su Lang was uncomfortable when he was seen by the pink hunk, "If you want "Thirteen Corpses", I can instill it for you in the future."

"Thank you brother!"

"Senior brother, I will definitely serve the senior brother in order to repay the brother's grace!"

Yu Yangli bowed and saluted Su Lang with excitement, thinking that he had more than one hundred clones of the same level like Su Lang, and then he went around and beat his opponent...

"Ok."

Su Lang smiled faintly and nodded.

Theoretically, with "Beheading the Thirteen Corpses" combined with other cherished clones, it is indeed possible to have hundreds of clones of the same level.

However, this is not realistic, because the consumption is too scary.

If you really have this resource, it is better to invest the resource in your own deity.

of course.

If it is really impossible to make an inch, it is useless to keep resources, but you can also try this method of cultivating clones.

However, it also takes countless hours and energy.

at this time.

"I have many clones, and I can take them back at any time."

"Even, I can use my clone as an anchor to travel through multiple natural universes at once to reach my destination!"

"So, using my clone to calm the turmoil in all directions is perfect."

Su Lang smiled and said, "It shouldn't be too late. I'm going to do it now. Your Highness will give me a map of Doudu Zhouyu."

[Chapter 2676: Breakthrough, the eternal state of the six universes](#)

"it is good!"

His Royal Highness Xiu Ning nodded his head and immediately transformed a light picture.

The light map is three-dimensional, and it is full of complicated coordinates, which looks extremely abstract.

This is the map of Doudu Zhouyu.

All known natural universes exist here.

The turbulent natural universe has also been marked.

Su Lang glanced at the map and immediately understood it.

Immediately after.

In the envious and admired eyes of Xiuning and Yu Yang, Su Lang waved his hand and dispatched all the clones.

These clones scattered and appeared in the natural universe that Su Lang had visited.

Immediately, he rushed towards the natural universe that was in turmoil.

In order to calm the turmoil better and faster.

Su Lang directly activated the 'Hundred Shadow Clone' function, turning more than 100 clones into more than 10,000!

Even the avatar of Baiying has the strength of a half-step Six Universe!

There are only a few hundred eternal warriors lurking in the Doudu Universe at the age of the year, plus the local eternal warriors that have been subdued.

Moreover, these people are not even good and bad, and the strongest is only eternal.

Su Lang smashed down forever over the ten thousand five universes, it was simply crushed!

of course.

The time flow of Doudu universe and the bottom universe are different.

Although the avatars moved quickly, the three of Su Lang in Doudu Universe still had to wait a while before they could see the results.

then.

Su Lang simply turned on the one-key practice function, continued to accumulate cultivation base, and was ready to rush to the eternal realm of the six universes!

Simultaneously.

His Royal Highness Xiuning and Yu Yangli did not leave, and they waited quietly on the platform opposite.

time flies.

Ten days have passed since Doudu Universe in an instant.

In this process.

Su Lang infused Yu Yangli with "Thirteen Corpses" and other techniques, so that his combat power was completely stabilized at the early stage of the Eighth Universe.

In the heart of this pink fierce man, Su Lang's status is already higher than that of Emperor Gu Jun Zhou. Xiuning's side.

Su Lang was not stingy either, he also poured some eternal level skills to make his combat power reach the half-step eight-planet level.

of course.

Chu Xiaobei and others who live in Su Lang's body will not ignore it.

Su Lang released them, met with Xiuning and Yu Yangli, and infused them with exercises.

Now Chu Xiaobei and others, everyone has thousands of founding eternal techniques.

It is because the realm of itself is relatively low, it can be able to break through to the level of the second universe.

In order for them to practice faster.

During this period of time, Su Lang, together with Xiuning, accelerated their time and allowed them to cultivate for thousands of years!

Yu Yangli was not idle either.

Su Lang handed over Yan Hengxing and other old subordinates to him.

Because Chu Xiaobei and others have thousands of eternal exercises in their hands, they can practice very quickly with sufficient resources.

at the same time.

Su Lang's own cultivation progress is even more gratifying.

These days, he has practiced a lot of eternal techniques.

All of the Gujun inheritance acquired from Yu Yangli has been thoroughly practiced, leaving none of them!

The key is.

The cultivation base he accumulated has long been enough for him to perfect more crystal wall universes and enter the eternal realm of the six universes.

at this time.

On the platform.

His Royal Highness Xiu Ning is using the Dao of Time to accelerate the world in the body and help Chu Xiaobei and others cultivate.

The same is true for Yu Yangli, helping Yan Hingxing and others practice.

On Su Lang's side, he sat cross-legged in silence.

The cosmic energy whizzed in, poured into the body, and turned into countless cultivation.

"system."

"Start the Crystal Wall Universe function and perfect the target universe!"

Su Lang suddenly thought of it and activated the system function.

Suddenly!

The extremely majestic cultivation base poured into Su Lang's limbs.

After mixing with the Time Avenue, these cultivation bases are poured into the crystal wall worlds, thoroughly perfected, and sublimated into the crystal wall universe that can produce the power of the universe!

Almost instantly.

The number of Crystal Wall Universes in Su Lang crossed the threshold of 4500 Gai Crystal Wall Universes in the Six Eternal Realm.

A mighty breakthrough wave erupted from his body, swept all around, stirred the energy of the universe, and formed various visions.

"Brother broke through!"

"Friend Su Lang broke through!"

Yu Yangli and His Royal Highness Xiuning showed horror at the same time, couldn't help but stop urging Time Avenue and stared at Su Lang together.

[Chapter 2677: This combat power is pretty good](#)

"Senior brother's cultivation realm has reached the Six Eternal Realm!"

Yu Yangli took a breath, "The strength of the aura on his body has directly reached the peak stage of the Seven Eternal Realm, which is higher than my previous combat power!"

"Not only that!"

"The aura of Daoist Su Lang is still growing!"

"He seems to have perfected countless crystal wall universes in a short time!"

"This is incredible!!"

His Royal Highness Xiuning saw some clues, and the whole person was dumbfounded as if he had seen a ghost.

"This kind of practice method is simply unheard of!"

"I'm afraid it's the unique secret skill of senior brother, the one that can only be used by his physique."

Yu Yang was free from the brain to make up, he could only explain this way.

"should be."

"The physique of Daoist Su Lang is probably the kind of special physique that can directly transform the energy of the universe into the origin of the universe!"

His Royal Highness Xiu Ning also said, "For this reason, Daoist Su Lang will use this extremely rich cosmic energy to cultivate on the platform."

"Yes, it should be so."

Yu Yangli nodded, and immediately followed Su Lang with His Royal Highness Xiuning, to see how much Su Lang's aura could grow.

At this time, because I have seen too many incredible things in Su Lang.

So the two of them are not surprised, they only feel that this kind of thing happened to Su Lang, it is normal...

Simultaneously.

Su Lang's side.

After the cultivation base broke through to the Six Eternal Realm, the accumulated cultivation base only consumed less than half.

More crystal wall worlds are upgraded to crystal wall universes in the surging cultivation base.

When all the accumulated cultivation bases are used up this time.

The number of Su Lang's Crystal Wall universe has reached more than five thousand five hundred.

If the six-plane eternal realm is divided into five levels: beginning, middle, high, peak, and half-step seven-planes, then it is a middle-high level.

And Su Lang's combat power has also been further improved!

"system!"

"Call up my properties panel!"

As soon as Su Lang's voice fell, a panel suddenly appeared in front of him.

[Name]: Su Lang

[Race]: Human race

[Qualification Level]: Turbidity

[Realm level]: Six Eternity

[Attack level]: Seven Eternity +

[Defensive Level]: Seven Eternity +

[Shenfa Level]: Seven Eternity +

[Endurance Level]: Seven Eternity +

[Spirit Level]: Realm of Huanni

[Mastering the exercises]: "The Unlimited Liyu Juntian Chaos Sutra", "Ten Thousand Fas into One-Infinite Profound Meaning" (Eternal Grade, Founding)

[Activated system functions]: one-key training function (level 55), one-key martial arts function (level 54), one-key clone function (level 54), one-key treasure hunting function (level 53), one-key alchemy function (19 Level), one-key mixer function (level 19), one-key refinement function (level 19), one-key synthesis function (level 19), one-key empowerment function (level 28), one-key enhancement function (level 14), One-key decomposition function (no level)

"This combat power can be regarded as an all-round half-step and eight cosmic eternity."

"If it were not for the higher the eternal realm, the greater the gap, I should be able to formally enter the eternal level of the eight universes in this wave of promotion."

Su Lang looked at his attribute panel and nodded slightly, thinking that his combat power was fairly acceptable.

Immediately after.

He looked at Yu Yangli and Xiuning, but saw that both of them were looking at him with bright eyes.

"Haha, luckily broke through once."

Su Lang smiled and bowed his hands to the two.

"Brother is too humble!"

Yu Yangli said quietly, "Senior Brother deserves to be Senior Brother. When I first learned about Senior Brother, Senior Brother was only at the level of the Four Universes. At this time, it is half the eternal combat power of the Eight Universes. This is really..."

"It's beyond imagination..." His Royal Highness Xiuning continued.

"There is still a lot of time, and you will soon start practicing."

Su Lang smiled, "I am just a little faster, and can be promoted earlier than you."

"..."

Yu Yangli and Xiuning were speechless at the same time.

at this time.

A voice broke the calm, it was Xiuning's jade card that had news.

"Elder Xie and they have already brought people back to Doudu Universe!"

Xiu Ning took out the jade plaque for communication and looked at her with joy, "The power of our Dou Capital Universe Region has further gathered."

"Ok."

"My clone has also calmed all the turmoil."

Su Lang nodded slightly, and more than a hundred clones appeared beside him waving his hands.

[Chapter 2678: Seven Universe Peak Youtian Sword](#)

During this time.

The clones have already beheaded all the eternal warriors in the Doudu universe!

Unfortunately, most of these people are not high.

Although it has harmed many natural universes, its resources are not very rich.

After killing everyone.

Su Lang also captured more than three million cosmic origins.

There are a lot of materials, but the grade quality is just like that, which is too low for Su Lang's current level.

Fortunately, there is a one-key synthesis function.

Now at least the materials of the Five Eternal Realm can be synthesized.

The key is.

After successively beheading the six great six eternal, and then beheading hundreds of eternal powerhouses, Su Lang seized many weapons and other refined products.

After using the one-click decomposition function to decompose, an unimaginable amount of material was obtained!

In addition to materials.

There are also many eternal bodies.

This led to countless life planets and life continents in his crystal wall universe and crystal wall world.

There are countless more cultivation civilizations cultivated in the body, and countless more incense aspirations!

In addition, in the past few days, subordinates have successively offered all the incense power they collected.

Su Lang's incense aspiration power at this time is already enough for the four incense emperor soldiers to be promoted together!

Just as his strength has increased, the level of weapons he can master has also become higher.

Therefore, Su Lang decided to upgrade a wave of weapons!

Of course, the first to be upgraded was the three main weapons such as the Youtian Sword.

"Start the 'Enhanced Reset' function!"

Su Lang's heart moved, reset the strengthening effect of Youtian Sword, and immediately began to try to evolve.

At the beginning.

The feedback given by the system is all lack of material.

And also gave a list of specific missing materials.

According to these material lists, Su Lang used the one-key synthesis function to synthesize many materials one after another.

There is still a part.

Raise everything from Xiuning.

After all, Xiu Ning is the ruler of Doudu universe.

Now Elder Xie and others have all returned and brought back a large amount of collected materials.

So Su Lang took the opportunity to gather some rare high-level timeless materials.

now.

On the platform.

Su Lang put the Youtian sword across his knees, and under the gaze of Yang Li and Xiuning, he began to evolve the weapon.

"Start the weapon evolution function!"

"Only retain the specified characteristics, evolve the 'Youtian Sword'!"

Su Lang silently gave instructions to the system.

Suddenly!

"Ding! Consume Eternal Soul*100, Half-Step Eternal Soul*100000, Origin of the Universe*1 million, Eternal Realm material Non-Mind Universe Core Crystal*10, Duize Gu Yuyuan*500,...you The Heavenly Sword evolved into the Five Eternal Emperor Soldiers!!"

In an instant.

The Youtian Sword changed from the Four Eternal Realm to the Five Eternal Realm.

Such a scene.

Even Yu Yangli and Xiuning had already seen them, and when they saw them again, they couldn't help but be amazed.

But they didn't expect that the shocking thing was yet to come.

After Su Lang evolved the Youtian Sword, he did not stop, but directly turned on the one-key enhancement function!

"Ding! Strengthened successfully, Youtian Sword +1"

"Ding! Strengthened successfully, Youtian Sword +1"

"Ding! Strengthened successfully,..."

System prompts kept ringing, and the breath of Youtian Sword skyrocketed!

In a short time.

The Youtian Sword was elevated from the Five Eternal Realm to the Six Eternal Realm, and immediately entered the Seven Eternal Realm, and reached its peak!

And the number of strengthening, six times!

Consumes a huge amount of materials from Su Lang.

Fortunately, all the spies of Su Lang fell into the hands of Su Lang, as did Emperor Xiuyu Zhou.

The materials that he can decompose are inexhaustible, so that he can support Youtian Sword's promotion.

at this time.

Seeing Youtian Sword instantly descended from the Six Eternal Realm to the Four Eternal Realm, and then promoted to the Seven Eternal Peak.

Xiu Ning and Yu Yangli were shocked to their tongues!

"This, this can't be explained by the rules of the endless universe!"

"Yeah, this is horrible, it's beyond imagination!"

"A Seven Eternal Realm weapon can only be cast in countless years, but in the hands of a senior, it can be created with a wave of hands..."

"What kind of system is Daoist Su Lang, and why can he master this incredible refining method!?"

"..."

Xiu Ning and Yu Yang are full of turbulent waves in their separation, and the image of Su Lang in their hearts becomes bigger and more mysterious!

[Chapter 2679: Promote the eternal emperor again](#)

Simultaneously.

The two also sighed. Fortunately, they and Su Lang were in the same group, otherwise, they would not end well.

Among them, Yu Yangli is even more grateful to Emperor Gujun Zhou for finding him such a powerful senior...

At this time.

"Master, you are great, I love it!"

A sweet and sweet voice came, and then a fair and beautiful girl in a black robe emerged and hung on Su Lang's neck.

Since Su Lang and Xiuning met.

She wanted to come out and stroll around!

"Ah this!"

"The relationship between Daoist Su Lang and Youtian Sword Spirit is..."

His Royal Highness Xiuning stared at Su Lang and Xiaoyou with wide and beautiful eyes, his eyes a little complicated.

Yu Yangli's expression remained unchanged.

It is very normal for the eternal strong to accompany his weapon spirit for life.

Compared with ordinary intelligent creatures, the eternal strong have too strong aptitude and too high level.

An ordinary woman can't keep up with her.

But the eternal emperor soldiers who are raised by one hand are already close to their masters, and more intimate relationships are common.

"Okay, go back to the body first, be good."

Su Lang rubbed Xiaoyou with a smile, and said softly and gently.

"Yes, master!"

Xiaoyou nodded completely obediently, gentle and virtuous.

She glanced at Xiuning again, not knowing what she was thinking, and finally nodded to Xiuning and entered the body by herself.

"Next, Tianjia's eight-sided shield!"

Su Lang saw everything in his eyes, smiled and shook his head, and then took out the eight-sided shield.

Although the promotion of Youtian Sword consumed a huge amount of materials.

But many of the materials consumed in it were returned as 'enhanced reset'.

Therefore, there are still a lot of materials left in Su Lang's collection.

In addition, he had long been in control, and the materials left were completely enough for the weapons such as Tianjiao Eight-Edged Shield to be promoted.

Use the same method.

Su Lang also promoted the eight-sided shield of the sky to the pinnacle level of the seven universes!

It was also based on the Five Eternal Realm and strengthened it six times.

Behind the eight-sided shield is the sword of life.

This weapon is very important to Su Lang, and is equivalent to a backup energy source for driving the Infinity.

In the battle, make him full of blood and blue several times!

Consume a lot of materials.

Soon, the Sword of Life was also promoted to the Seven Eternal Realm, but the level was slightly lower, not reaching the peak level, only the high level.

But this is enough.

Next.

Su Lang examined the remaining materials in the storage space and nodded slightly.

The remaining materials are enough to strengthen four incense emperor soldiers!

of course.

Before that, we have to evolve it.

"Void Spirit Universe!"

With a thought in Su Lang, his consciousness descended on the Void Spirit universe, overlooking the vast world of incense.

In this world.

All are made of incense willingness.

Incense aspirations come from intelligent creatures, full of fantasy, and anything imaginable is available here.

just.

There are no real incense creatures here.

Only in the heavenly realm of the four incense emperor soldiers' emptiness dragon veins.

Su Lang first looked at the emptiness of dragon veins in the Qibao Miaoshu.

This is the first incense emperor soldier to condense. The incense creatures inside have been filled by Xiaoluo, the master of reincarnation, and are already everywhere.

Countless incense creatures in this world, you grab me and I grab you, each can't resist, it's very funny.

At the core of the Void Dragon Vein Heaven Realm.

Countless special aspirations crystallized and condensed, almost forming a huge world core!

"Unconsciously, there are so many special aspirations."

Su Lang nodded slightly and immediately ordered, "The system, activate the 'enhanced reset' function, and target Qibao Miaoshu!"

In a flash.

The strengthening effect of Qibao Miaoshu disappeared.

Numerous materials were returned to Su Lang's storage space.

"Start the weapon evolution function, and target the Qibao Miaoshu!"

With a thought, Su Lang issued instructions again to activate the evolution function!

"Ding! Consumption of special willingness to crystallize..."

After some system prompts.

The Seven Treasure Tree was evolved into the Four Eternal Realm by Su Lang.

Soon, the enhanced function appeared again.

"Ding! Strengthening is successful, Qibao Miaoshu +1!"

"Ding! Strengthening success..."

After six times of strengthening, the Seven Treasure Tree has also entered the Seven Eternal Realm.

Immediately after.

Su Lang looked at the remaining three incense emperor soldiers, and continued to promote their weapons!

[Chapter 2680: The shocked people of the Youzhou Domain](#)

quickly.

The mirror flower water moon, the purple gold gourd, and the piercing lock all stepped into the Seven Eternal Realm, reaching the same level as the Seven Treasure Tree.

Although the strength of these four incense emperor soldiers was lower than the three eternal emperor soldiers such as the Youtian Sword, they had just entered the seven universe level.

However, it is not only sufficient for the battle at the level of the Seven Universe Eternal Realm, it can even be said to be far beyond the opponent!

Because the weapons of the eternal powerhouses of the Seven Universes are often only the Five Universes level, and the better ones are only the Six Universe level.

Just like Yu Yangli, a dignified and lonely descendant, he only possessed the Six Eternal Realm weapons with the help of Su Lang.

The same is true for Xiuning, with only six-plane weapons.

Now Su Lang has a total of seven emperor soldiers of the Seven Eternal Realm!

"Gooooo!"

"A total of seven Seven Eternal Realm weapons!"

"When I dreamed, I only dared to dream of owning one or seven. This is too unreasonable!"

Yu Yangli swallowed with difficulty, only to feel that the drought died of drought, the flood died of waterlogging, and he himself was the one who died of drought!

Xiu Ning knew that Su Lang was very extraordinary, but his eyes widened at this time, and his unbelievable eyes were already filled with holes.

Through her somewhat hollow eyes, it can be seen that her heart is dull and numb.

"You don't have to be too surprised."

"The endless universe is so big, everything exists, I'm just one of the more special people."

Seeing this scene, Su Lang smiled faintly.

"From now on, I will be the pendant of Senior Brother!"

Yu Yangli took a deep breath, excited with a touch of sadness.

"I....."

Xiu Ning was also prepared to say something blankly, but after reacting, the relationship between himself and Su Lang was not so close.

She was suddenly in a daze, is she already so dependent on Su Lang?

Can't you leave him for the rest of your life?

Xiu Ning thought this way, and then thought that not long ago, Xie Xuan and others half-jokingly and half-seriously let her and Su Lang be married.

At that time, she was a little moved.

If I could take the initiative back then, would I be able to call myself Madame Su now...

Just when Su Lang was promoted to the weapon.

Doudu universe, somewhere in a remote natural universe.

An old lady like a mouse, a woman with four heads and eight arms, a boy with green eyes, a man with three eyes...Everyone is advancing fast, crossing the natural universe.

But suddenly.

Everyone moved in unison, looking at each other, their expressions gloomy!

In the Doudu universe, half an hour has passed.

The Suiyou universe powers here, at this moment, received some battle conditions.

"All the spies we buried are dead!"

"The eternal power of the strong housed in the Doudu universe is also dead!"

The old lady Mouse looked extremely ugly, and the age spots on her face showed a dark and decadent color.

"Doudu Universe has taken action."

"They did take our conspiracy to kill those who made trouble."

"But... how could it be over so soon!"

The woman with four heads and eight arms couldn't help but breathe.

"Yup!"

"Those warriors have only made chaos in less than a quarter of an hour, we have only advanced thousands of universes, and they will die!"

The green-eyed boy sighed, his eyes full of solemnity.

"It's incredible."

"Our people are scattered in various natural universes, far apart."

"Even if Doudu Universe goes all out and dispatches a large number of people, it is definitely more than this time just to hurry."

The three-eyed man opened his eyes wide, and each eye was covered with bloodshot eyes, as if countless plasma might burst at any time.

"Now our people are completely killed."

"Except for the eyeliner that must be left, there is no remnant."

The dwarf-like man squinted his eyes, "How did those guys in Doudu Zhouyu do it?"

"Don't worry about that much."

"Maybe it is a strange method, but it will not play a decisive role in the war."

"The only thing that can determine the outcome of the battle is true strength!"

The middle-aged man wearing a ragged red robe and looking like a falcon said coldly, "I have bought some time now, so hurry up."
