[Chapter 2691: I really thought I was going to win](#)

at the same time.

Su Lang can know himself to a certain extent.

The people below cannot accurately estimate the difference in the real combat power between the enemy and ours.

In the eyes of everyone.

The opponent's 23 seven-plane eternal realms are far more than his own seven seven-plane eternal realms.

If you add Su Lang's eight Seven Eternal Emperor Soldiers, the outcome is unpredictable.

but.

Even the eternal warrior who was a little uneasy in his heart had never thought of fleeing at all.

"With the leader, this battle will be won!"

Xie Xuan and other people who are more familiar with Su Lang looked indifferent and showed war intent.

"In this battle, even if I die, I will never be timid, take a step back!"

A woman of the eternal class has firm eyes, her white fingers formed into a fist, and she squeezed it tightly.

at this time.

"You are Su Lang!?"

"In the intelligence, you are only the Five Eternal Realm. I didn't expect to have the aura of the Seven Eternal Realm. You are really good at hiding."

"Unfortunately, now, even if you burst out all the hidden power, you can't change the ending of your death!"

The emerald-green boy stepped forward, looked at Su Lang who was standing first in the crowd, and said with a sneer.

"Su Lang, right."

"The little girl gives you a suggestion, surrender immediately, hand over your eternal inheritance of the Nine Universes, and we can spare you not to die."

The woman with four heads and eight arms opened her mouth with all four heads.

The expressions on the four faces are different.

Some are disdainful, some are smiling, some are cold, and some are glamorous, even if the eternal warrior sees it, they will feel uneasy, very strange.

"Su Lang, don't think it's useful if you have more people."

"We have more people than you, and the eternal warrior is more than two hundred thousand, but we don't bother to let it go."

"Because, that's just a superfluous act."

The old man in a seven-color Taoist robe sneered.

"Su Lang, and Xiuning, Yu Yangli!"

"I can give you a chance to surrender to Suiyou Zhouyu!"

The old lady Mouse was expressionless, her tone was cold, "Otherwise, don't blame us for being unsympathetic!"

Finished.

The 23-year-old Youzhou Domain all looked down at Su Lang and the others, with a proud look, and the winning ticket was in sight.

"You call Tang Zhufei, right?"

Su Lang looked at the old lady Mouse, with a relaxed expression on her face, "I will give you the same choice, surrender or die!"

"He actually knew my real name!"

Tang Zhufei, the old lady of the mouse, shrank her pupils suddenly, becoming the size of a mung bean, becoming more and more like an old woman transformed by a mouse into a spirit.

Although the other 22 people looked the same, they were still surprised.

Immediately after.

They all guarded their minds and prevented "mind reading" secret techniques.

Obviously, they thought that Su Lang had used a strong mind-reading secret technique to probe their thoughts.

"Humph!"

"Su Lang, a little trick is not at all painful, let alone change the situation of the battle."

The red-robed man's eagle-like eyes showed a sharp cold light, "Since you want to fight stubbornly, then go to death!"

The voice just fell.

A terrifying killing intent erupted from his body, and the endless **** air seemed to freeze the universe, making people chill!

"Kill, don't keep the piece armor!"

Tang Zhufei's shriveled mouth was slightly open, and a thin blade shot out, flying around his body, killing intent rushing out!

The other twenty-one Seven Universes of Eternity also summoned weapons together, showing their terrifying aura, and pressed them down against Su Lang and the others!

The two armies are fighting.

Morale and fighting spirit are very important.

If you are afraid, hesitate, thinking of retreating, thinking of running away, it will be difficult to move without reservation.

Therefore, to frighten the opponent with momentum before the war is not aimless.

of course.

For Su Lang, there is no use for eggs.

"Hehe, I really thought I was going to win!"

There was a sneer at the corner of Su Lang's mouth, and the seven eternal emperor soldiers appeared in an instant while waving Youtian Sword.

"Seven Eternal Emperor Soldiers!"

"A total of seven Seven Eternal Emperor Soldiers!"

"This Su Lang actually has so many Seven Eternal Emperor Soldiers, this should be passed on to him by his master, this guy!"

"..."

When Tang Zhufei and the others saw Su Lang's seven eternal emperor soldiers, their faces were immediately shocked.

Among the 23 of them, only seven have the Six Eternal Emperor Arms, and the rest are the Five Eternal Emperor Arms.

[Chapter 2692: Crane my neck so that I can chop](#)

Seven Eternal Emperor Soldiers?

Only Suiyou Ancestor has it!

But now, a Su Lang actually took out seven Seven Eternal Emperor Soldiers, which is simply unimaginable!

After the horror.

Endless greed and excitement appeared in the hearts of Suiyou Zhouyu.

No matter how strong Su Lang is, it is only the eternal power of the Seven Eternals. How about having seven Seven Eternals, it is not that he can't beat them!

That being the case.

Can kill Su Lang and seize all his wealth.

Even if the weapon can't be captured, the remaining resources will definitely be countless!

"Su Lang, everyone is innocent and guilty, and today even if you are willing to kill me, I will kill you!"

Tang Zhufei's voice was extremely sharp, with an excited trill, "Kill, kill him!"

In a flash.

Everyone in You Zhouyu is about to do it.

But at this moment.

Rumble!

Hundreds of powerful figures suddenly appeared, enclosing all the people in Suiyou Zhouyu!

All of his body was surrounded by the aura of the pinnacle of the Seven Eternal Realm!

These figures are surprisingly the clones of Su Lang, a total of one hundred and sixty-two!

One hundred and sixty-two clones came out, arrogant, and the universe roared.

Everyone in Youzhou Domain was going to do something, but at this moment, a sudden brake came, and they looked at the surrounding Su Lang clone dumbfounded.

"what!!"

"What's the situation? How can there be so many Seven Eternal Peak Warriors!"

"One hundred and sixty-two, a total of one hundred and twenty-six! The breath of these people is exactly the same as Su Lang, and the appearance is exactly the same. This is his clone!"

"No, it's impossible. How could he have so many clones? This must be the guardian legion left to him by the master Su Lang, it just turned into Su Lang's appearance!"

"..."

Everyone in You Zhouyu was stunned, horrified, unbelievable, and deeply jealous!

Su Lang, this son, not only possesses seven Seven Eternal Emperor Soldiers, but also has so many Seven Eternal Guardians, which is so exasperating!

How come they haven't met such a good master! ?

Just when Suiyou Zhouyu and others were making up for it.

The people in Doudu League were also shocked!

Except for Xiuning, Yu Yangli and others who had been fooled by Su Lang, the others were all gutted, and their eyes were about to fall out!

"Gosh!"

"Leader Lord unexpectedly has so many helpers!"

"One hundred and sixty-two eternal predecessors of the seven universes, plus the leader and them, is one hundred and sixty-nine seven universes!"

"Hahaha, that Tang Zhufei thinks that there are too many people, right now they are dumbfounded! Our lord's helper is eight times theirs!"

"This group of craps must be so scared now, it's a relief!"

"..."

The eternal warriors in the Doudu Alliance felt extremely happy, looking at Su Lang as if mortals were looking up to God.

suddenly.

"Is this stunned?"

"It's not over yet!"

Su Lang clicked the corner of his mouth, and raised his hand to pinch the Jue together with the 162 clones, "Call the word secret, open!"

Tang Zhufei and the others looked dark, as if they were facing an enemy!

But I saw a very long, vicissitudes of life permeating.

Immediately a number of phantoms appeared, there were males and females, old and young, a total of 163 people, all of them were the powers of the Seven Eternal Realm!

Among them, it even includes Jing Zhi and others who were beheaded by Su Lang before.

This is Su Lang and the avatars using the Secret Calling Words together, one for each, the strong summoned from the history of the Doudu universe!

At this moment.

Another one hundred and sixty-three seven-universe-level phantoms appeared, standing with Su Langzhong's avatar, and surrounded the people in Suiyou Colossal Region to a level that was impenetrable.

"hiss--!!"

"Hua Zi Mi can still be used so exaggeratedly, you deserve to be a senior!"

Yu Yangli looked at the summoned phantoms, completely dumbfounded.

Xiu Ning and others, regardless of their cultivation level, were all shocked!

And Sui You Zhou Yu and others, all covered with cold, cold sweat drenched in their palms, and their hearts seemed like endless thunder and stormy waves.

"Tang Zhufei, please crane your necks so that I can chop my head."

Su Lang looked at the twenty-three people of Su Lang in the distance, and waved his hands lightly, "Kill—!"

[Chapter 2693: Hands on, war](#)

Instantly!

One hundred and sixty-two avatars raised their hands together, rushed into the sky, and severely cut out with a sword!

Sneer--!

The sky full of various visions was instantly cut through by one hundred and sixty-two sword lights.

The sword light that looked like a Canglong going out to sea was chopped off from the sky and the ground towards the middle.

This is the brand new "Baoyijian" that Su Lang has further condensed after practicing the secret of sword characters, which is even more powerful!

The occasion of the avatar shot.

The one hundred and sixty-three phantoms also immediately raised their hands.

The power of the Doudu universe was swayed by a strange force, and while trembling, it turned into the strongest secret technique mastered by one hundred and sixty-three ways in his lifetime, violently killing Tang Zhufei and others in the middle!

In an instant.

A full three hundred and twenty-five seven-level attacks broke out at the same time.

The power of terror caused time and space to be distorted, and the white glacier, together with the heavy earth, instantly vaporized and disappeared!

It seems that the entire universe will be torn apart under this total!

Under this power.

The hundreds of thousands of eternal powerhouses in the Doudu Alliance only feel that they are unprecedentedly small and fragile!

Even the powerhouse of the Seven Universe Eternal Grade tremors all over, his eyes widened, and his gaze stared blankly.

Say it later!

The terrifying power that could easily kill the eternal powerhouse of the Seven Universes suddenly slammed in front of Suiyou Zhouyu and others.

"Damn it!"

"Suiyou-The Secret of Zhou Jie!!"

Tang Zhufei's complexion changed drastically, and she started a self-harming secret technique in a single thought. Her breath was like the pulse of a beating heart. With a bang, she directly soared to the Eight Eternal Realm!

Instead, they used the [Suiyou-Zhou Jie] secret technique, not only Zhitang Zhufei, but all of them!

A total of twenty-three eternal of the seven universes, under the effect of this secret technique, one thought turned into the eternal state of the eight universes!

It's just a matter of time.

They raised their weapons, and the eternal power of the eight universes burst out instantly!

Rumble!

Su Lang's avatar and the Secret Void of Calling Words more than five hundred seven cosmic eternal attacks fell on Tang Zhufei and the others.

Rumble!

A terrifying explosion happened!

The space-time black hole tore apart at the center of the explosion, like a black lightning ball expanding wildly!

The surrounding energy aftermath bursts out layer by layer in a spherical shape.

It further vaporized and evaporated, hot orange-red magma, hard and dense geocentric spar...without exception!

It wasn't until a series of skeleton-like underground mountains emerged that they could resist the aftermath of the terrifying battle!

And the explosion center.

Twenty-three tall, short, fat and thin figures spread out their shields, like the Dinghai divine needle in the huge waves of the world, letting the violent looting rampage, and staying still!

But all of them were pale and obviously consumed very intensely!

but.

The eternal power of the Eight Universes burst out in such a powerful attack by Su Lang, and the resistance came down, and everyone in the Doudu Alliance was shocked.

"The **** of Sui Youzhou Domain, blocked the attack of the lord leader!"

"At the level of the Eight Universes, they actually burst out of the power of the Eight Universes, which is really unexpected!"

"Twenty-three eighth-level powerhouses, even if they are just a secret technique, it is too terrifying!"

"..."

Many people in Doudu Alliance felt astonishment in their hearts.

Even Yu Yangli, who had stepped into the Eternal Realm of the Eight Universes, couldn't help being shocked.

But they know.

Su Lang is only a small test, and even the seven great soldiers are useless, let alone have other cards now.

The aftermath of battle comes and goes fast.

In a blink of an eye.

The first confrontation is over.

The boundless glacier has become a vast abyss!

Had it not been for Emperor Dou Xiu who had spent a lot of effort to build Doudu Continent back then, Doudu Continent would have been defeated!

"Su Lang!"

"It can force us to use [Suiyou-Zhou Jie], even if you die, you are proud enough!"

"Next, it's our turn!"

Tang Zhufei's shriveled old face was expressionless, but his mouse-like eyes were filled with spiteful eyes.

[Suiyou-Zhou Jie] Not so easy to use!

Use it once, at least consume hundreds of billions of years of life!

"Kill this crap!"

The emerald-green youth with double pupils looked savage.

His majestic cosmic power was poured into his black and red blood blade Six Universe Emperor soldiers, cutting out a scarlet blade light!

The rest of the year-old Youzhou domain powerhouses who didn't say a word even used counterattacks long ago!

[Chapter 2694: Dare to sculpt tricks](#)

Suddenly.

The Twenty-Three Eight-Eternal Realm displays twenty-three attacks of all kinds.

Although the number is smaller than the more than five hundred attacks that Su Lang had previously performed, the momentum is even more fierce and terrifying!

The already torn time and space are shattered again, and the fissures are like fierce tentacles connecting the world and dividing the world!

Such a powerful attack.

In an instant, everyone in the Doudu Alliance changed their faces.

"Brother!"

"Leader!"

"..."

Yu Yangli, Xiu Ning and others looked at Su Lang one after another, and it was now the turn of the Infinite to shoot!

"Do not worry!"

"Use the secret technique in front of me? I dare to use the secret technique in front of me?"

Su Lang's expression was indifferent, and his thoughts pacified everyone.

Just when everyone was shocked.

Above the sky!

One hundred and sixty-two Su Lang clones suddenly disappeared, leaving only 27 people.

but.

These 27 people burst out of the powerful aura of the Eight Eternal Realm at the same time!

This is Su Lang's Xing Cuanyun He clone!

The six avatars, avatars, and twin avatars that are infinitely close to the eternal realm of the eight universes merge with each other and directly enter the realm of the eight universes!

Twenty-seven eight-planet-class stars, Cuanyunhe clones, all start their joint defense!

The next moment.

A thick crystal wall shield emerged out of thin air, covering everyone in the Doudu Alliance.

As soon as the crystal wall shield came out, the whole world suddenly shook, as if it were reinforced by some powerful force.

The surrounding space-time cracks and faults healed instantly and no longer existed.

Just then.

The attacks of the people in the Sui Youzhou Region fell fiercely, blocked by the crystal wall shield.

In an instant.

A more violent explosion appeared between heaven and earth.

Under the power of terror.

Layers of folds and cracks appeared on the crystal wall shield, as if it were covered with deformed dragon scales.

But until all the attacks of Sui Youzhou Domain were annihilated, they failed to break through the defenses arranged by Su Lang clones!

"what--!!"

"Twenty-seven Eight Cosmos powerhouses, how is this possible!!"

"Isn't that his protector? How could they swallow each other, what are those guys!"

"..."

The stormy waves that came straight to their minds rose up in the hearts of Tang Zhufei and others, and they couldn't hide the incredibleness in their eyes.

But this does not prevent them from persevering in performing a second attack!

"Suiyou-eclipse!"

Tang Zhufei and the others are incomparably tacit understanding, and they all start a second powerful secret technique in an instant!

This is a tricky secret technique.

A strange aura suddenly burst out of the twenty-three people, covering the world.

This breath swallows the free and residual energy that has lost its threat, and immediately merges into the Doudu universe, nowhere to go!

In an instant.

A clear heart palpitations appeared in the hearts of everyone in the Doudu Alliance!

The targets of Tang Zhufei and others were Su Lang and his 27 clones!

But even so, everyone as bystanders still felt heart palpitations and fear.

This can be seen.

How powerful is Tang Zhufei's secret technique attack!

Puff and puff!

Su Lang seemed to hear the sound of his heart beating from every crystal wall universe.

With a jump, there will be a feeling of instability!

If it weren't for his Crystal Wall Universe that was systematically perfected and flawless, it is estimated that a few Crystal Wall universes had already collapsed.

no doubt.

This is a weird attack that ignores ordinary defense barriers!

"Suiyou-eclipse!?"

"Using my residual power as a guide, using Doudu Universe's endless road as a way, retrograde and directly attack my root-Crystal Wall Universe!"

Su Lang felt it for a while, and then judged the opponent's secret technique principle through that unparalleled practice experience.

"The secret technique works!"

"Increase the output of the universe and cut their foundation!"

Tang Zhufei saw that Su Lang's face had a different color, and he was sure in his heart, and communicated with the rest of the people in one thought.

Suddenly.

That weird power is getting stronger and stronger!

"Ha ha!"

"With the power of Doudu universe?"

"Today I will let you see what is the real use of the power of the natural universe!"

An imperceptible sneer appeared in the corner of Su Lang's mouth.

in a moment.

The Seven Secrets of Gujun-The Secret of Words and Words, unfolding directly from the clones of Su Lang and Twenty-Seven!

[Chapter 2695: What else can you do?](#)

Suddenly.

The entire Doudu universe has become the home of Su Lang and his clone!

"what!!!"

Tang Zhufei and the others suddenly felt terrible pressure and repulsion.

It's like the entire Doudu universe wants to expel them.

The [Suiyou-Eclipse] secret technique that was performed with the help of the power of the Doudu Universe was broken silently!

"what's going on!"

"The entire Doudu universe is repelling us!"

"It is impossible for the natural universe to produce something like the spirit of the planet. This is because Su Lang himself is playing a ghost!"

"Here has turned into his home court!"

"..."

Everyone in Youzhou Domain was terrified with horror, their expressions gloomy and their eyes solemn.

At this time they were rejected by the universe and their combat power was greatly damaged!

On Su Lang's side, there were a total of twenty-seven powerful Eight Eternity Rank combat powers.

Their years of age You Zhou Yu have completely fallen into a disadvantage!

When they came, they were full of confidence, but at this time, none of Tang Zhufei and others were not terrified.

at the same time.

Everyone in the Doudu League felt the heart-palpitating breath, and then looked at the ugly faces of Tang Zhufei and others, and suddenly understood that Su Lang had the upper hand in the confrontation again!

"Haha, these invaders are not opponents of the lord at all!"

"Yes, these guys are bound to die in the hands of the leader!"

"..."

The eternal warriors were excited, their eyes bright, and they were full of worship when they looked at Su Lang.

"Everyone listens to the order and enters my universe!"

Su Lang calmly gave instructions to expand his life universe.

He saw that the people in Suiyou Zhouyu were already close to the point where they were poor.

In order to prevent the other party from destroying his own "Boundless Humanoid Energy", he decided to include them in the Life Universe.

"Yes!"

One hundred thousand eternal strong men converged their strength, entered Su Lang's universe of life one after another, hibernating.

"Brother! Me!"

Yu Yangli opened his mouth somewhat hesitantly, and wanted to stay where he was.

Suiyou Zhouyu and others have fallen into a disadvantage.

He also itchy hands and wanted to fight, try the secret technique Su Lang taught him recently.

"I'll talk later."

Su Lang shook his head, his expression resolute.

"Yes!"

Yu Yangli no longer insisted, and obediently flew into Su Lang's universe of life.

Suddenly.

Only Su Lang and twenty-seven avatars remained in the Doudu Alliance, standing in the sky, overlooking the dark abyss on the broken ground.

"Tang Zhufei."

"What else do you have, let's use it!"

Su Lang looked at the people in Suiyou Zhouyu expressionlessly, his voice indifferent.

"Humph!"

"Su Lang, don't think that you have turned Doudu into your home, and there are 27 weird clones, and you have a chance to win."

"Today, I will let you see what the real power of the eight universes is!"

Tang Zhufei snorted with an ugly face, and frantically pinched his two chicken-foot-like dry and thin palms, "Suiyou 1 Tongming——!!!"

"Suiyou-Tongming!"

The other twenty-two powerhouses are also moving in their hearts, and they all start the secret arts together!

Suddenly.

A black line emerged.

Connect the twenty-three people of Suiyou Zhouyu!

Not only that.

On the basis of the power of the Eternal Realm of the Eight Universes, they unexpectedly exploded once again with a more powerful Eight Universe Force!

This power carries the sense of vicissitudes of endless years, and even faintly gives people a sense of decadence.

But this does not make people ignore its power!

"Senior Eight Universe Power!"

"This is the power that Old Ancestor Suiyou has implanted in your body."

"I knew it was impossible for you to be without this kind of method based on the urine of Youzhou Domain at your age."

Su Lang was suspended in the nine-day gust, his sharp eyes narrowed slightly.

The ancestor Suiyou is definitely a strong existence in the eight universes.

Twenty-three people including Tang Zhufei, each of them had the power of an old ancestor, which made people dignified.

"Now that I know."

"Then let us see what you use to block it!"

Tang Zhufei's turbid eyes were murderous, "Kill—!!!"

The remaining 22 people did not say a word, and all started together.

A total of twenty-three powers from the old ancestor Suiyou erupted together, and they even united to form an incomparably terrifying attack secret technique!

Suddenly.

The attack shattered time and space and fell on the defensive crystal wall arranged by Su Lang clone.

Kakaka click!

There was a dull cracking sound, and a large cobweb crack appeared on the defensive crystal wall.

"Combined attack!?"

"Fengtian with a thought!"

With a move in Su Lang's heart, the twenty-seven avatars instantly locked onto the target and opened the space of chanting!

Wow!

A series of gray and white spaces surfaced out of thin air, covering and dividing Tang Zhufei and the others!

[Chapter 2696: Today is your death day next year](#)

"What kind of weird technique is this!"

"Even to separate me, all connections are cut off!"

"Whatever it is, drive me!!!"

"..."

Tang Zhufei and the others were horrified, and immediately used that powerful force to tear apart the Nianfeng space in an instant.

The incomparably powerful force of the Eight Universes was suppressed by Su Lang with his home court advantage, and he used a thought to seal the sky to interfere, and his power was immediately reduced.

Click!

Wow!

The defensive barriers displayed by the twenty-seven clones were still broken.

The barrier turned into countless crystal-like fragments, and immediately turned into wisps of light smoke to dissipate in the twisted time and space.

Rumble!

The frantically plundering energy surpassed the broken barrier, like a ferocious dragon, rushing towards Su Lang and his 27 clones!

"Fight against the enemy!"

Su Lang's thoughts moved, and the one hundred and sixty-three phantoms moved suddenly, one after another, standing in front of the terrifying power!

They mobilize the mighty power of the universe to form countless defenses, like dividing the heavens and the earth into countless layers!

Click!

The remaining power of the combined attack secret technique destroys countless defenses along the way, annihilating a phantom, simply invincible!

However, it is not that the illusion of the 163 powerhouses of Calling the Word Secret is not ineffective, but further consuming the combined attack power of Tang Zhufei and others.

When the power of the combined attack reached the front of Su Lang and the clones, it had already suffered a huge weakening.

"In front of me, there is an endless moat!"

Su Lang spoke slightly, his eyes blooming with glazed glaze, "Kill everything, no one can get through!"

"In front of me, there is an endless moat!"

"Kill everything, no one can get through!"

The avatars also spoke, and their voices overlapped with Su Lang's, like singing.

This is the method of [Secret of Words]!

Suddenly.

Su Lang and Doudu universe assimilated, and a trace of cosmic power is linked with it, mobilizing all the power of the entire natural universe, thus forming a galaxy-like natural cosmic power!

This power of the natural universe lay in front of Su Lang and the clones, instantly turning into a chasm!

At the moment of the moment.

The chasm swallowed the residual energy of Tang Zhufei and the others' combined strike secret technique!

Silent.

The residual energy began to disappear like smoke!

The gap formed by the power of the natural universe is also slowly shrinking, and the two seem to end up together.

"If you only have this ability, today is your anniversary of death next year!"

Su Lang looked at Tang Zhufei and other 23 people with indifferent eyes, and his voice was cold and merciless.

"This can't kill him!"

"The power of the ancestor has been used, and this clutter can still be blocked!"

"This choppy, it seems to be at ease, the situation is very bad!"

"You must fight quickly, crush him, kill him! Let's use that trick!"

"That trick... the ancestor is in a deep sleep, and how much power can come is yet to be known."

"Hmph, this looks easy, but it's actually the end of the battle, but it didn't show it."

"Yes, using that trick will definitely kill it, otherwise even if we leave, there will be endless troubles!"

"In that case, use it!!"

"..."

Tang Zhufei and the others looked terribly ugly. They exchanged thoughts and made a decision.

The next moment.

The four-headed and eight-armed Miao Man woman suddenly showed a hideous face and opened her life universe directly!

The other 22 people entered one after another, immediately!

With the entry of every strong man.

The aura of a woman with four heads and eight arms will become stronger and stronger.

Especially the strength from Suiyou's ancestor, which has been exhausted, has accumulated a little bit at this time, and has recovered a lot again!

"Ok?"

Su Lang narrowed his eyes, revealing a dangerous light.

but.

He didn't do anything, but observed quietly, in order to respond to changes.

at this time.

"[Suiyou·Secret of Youlin]—!"

The Miaoman woman roared, her voice as sharp as metal rubbing hard.

Suddenly.

She seems to be connected with something.

Use itself as the anchor point to welcome something to come!

This process is very fast.

In a blink of an eye.

Su Lang seemed to perceive another powerful will coming.

The years are long, with a faintly decadent breath, like an existence that has lived for countless years!

[Chapter 2697: Flip the cards, the peak showdown](#)

When this will comes.

It even carries an extremely majestic power!

"Ancestor Suiyou!?"

Su Lang felt the overriding but decadent aura, and his eyes flickered.

In his eyes.

The combat power of the Miaoman woman has reached the advanced level of the eight universe!

The ordinary eternal realm of the eight universes is not an opponent at all!

Only Suiyou ancestor can possess this kind of power.

"Su Lang, die!"

The Miao Man woman roared with all four heads, tracing the mysterious trajectory with eight arms, pinching the secret at the same time!

As her handprints change, the aura on her body becomes more active, as if it will explode at any time!

"This should be your last hole card!"

Su Lang's expression was calm, "Eight Universe Advanced Level? Do you think that only you can reach it!?"

Rumble!

Suddenly!

The boundless ship appeared out of thin air, and the real eight-time eternal realm aura condensed into an invisible flame, causing countless swaying ripples in time and space.

The seven eternal emperor soldiers of the seven universes are worn around the body of the Infinity, and the rhyme of the Tao is hanging down, like a bright galaxy!

Infinite number.

Xiu Ning, Yu Yangli, Xie Xuan, Yan Hengxing, Chu Xiaobei...All eternal warriors are already ready!

"Finally it's our turn to play!"

"In this battle, I was able to personally participate in the battle against the twenty-three Seven Eternal Seven Universes of the Suiyou Universe Domain!"

"At the level of the Eight Universes, is this the power of the Infinite? With this power, the Doudu Alliance will win!"

"Leader will win, Doudu Alliance will win!!!"

"..."

The eternal powerhouses who are stationed in the Boundless, are full of fighting spirit, impassioned, and can't wait to fight immediately!

"The mere intermediate-level Eight Eternity, give me death!!!"

The four-headed and eight-armed Miao Man woman finished her mudra and yelled hysterically, "[Suiyou·Huanyu]—!!!"

Rumble!

The immensely vast eternal power of the eight universes forms an illusory black handprint that covers the sky and the sun!

Breathing room.

The pitch-black handprints are getting firmer!

The world suddenly became pitch black, countless avenues appeared turbulently, time was broken, and space was shattered!

It seems that the entire Doudu universe will be crushed!

"Humph!"

Su Lang let out a cold snort, and suddenly disappeared with the 27 clones, and stationed in the core parts of the Infinity!

In a flash.

The breath of Boundless has a huge increase.

The combat power skyrocketed directly from the Eternal Intermediate level of the Eight Universes to the advanced level!

"How can it be--!!!"

"What kind of eternal emperor soldier is this, it can gather the power of the strong!"

The four pretty faces of the four-headed and eight-armed woman all showed horror, but she suddenly became determined!

This is the end of the matter, and there is no further way back!

She frantically poured the twenty-three Seven Eternals of Suiyou Universe Region and the power of Suiyou Ancestor's arrival into the dark handprints of the sun!

Rumble!

The pitch-black handprints were finally completely solidified, like a collapsed natural universe, carrying the power to destroy everything, printed in one palm!

The power of this palm has almost reached the top level of the Eight Universes!

Where the handprint passes, all time and space are shattered, and the cracks are wrapped around the handprint, like a dark thunder!

"Humph!"

"The world is dying, breaking a sword!"

Su Lang's eyes flashed, controlling the Boundless, holding a waterfall-like secluded sword, slashing the sky with one sword!

In a flash.

All the power of the Boundless was exhausted, condensed into a pure white sword light, severely slashed in the dark world!

Sneer! !

It seems that the long night that has permeated the ages has been cut off, and the dazzling bright light forms a straight line across the universe and penetrates the giant palm of [Sui Youhuanyu]!

Rumble!

The pitch-black giant palm degenerates directly from its solid state into an endless black mist, which is billowing and overflowing!

"No, how is this possible!"

"Unless there is the real Eight Universe Eternal backing behind him, how could he explode with such power!!!"

All four faces of the Miao Man woman changed drastically, and she uttered incredible shouts.

But when she was shocked, she started the self-harming secret technique [Suiyou-Zhou Jie] again!

It's not just her.

Tang Zhufei and other 22 people who assisted her in her body also unfolded the secret technique desperately!

In an instant.

The handprint of the sun was slightly stagnant, and the remaining power stopped the overflow trend, and madly printed on Su Lang!

But Su Lang never stood dry...

[Chapter 2698: Trying to hide from me, too naive](#)

I saw the Boundless drew the sword of life and turned it into another golden sword like a heavenly river.

In a flash.

The Boundless slashed fiercely at itself for three consecutive times!

Three staggered sword lights penetrated into his body.

Wow!

The majestic power is poured in, directly recovering one-third of the power!

The sword of life was bleak, disappearing out of thin air, and entered the interior of the Infinity.

Infinite number.

Su Lang, Yu Yangli, Xiu Ning and other 100,000 eternal powerhouses don't even want money-like pill!

For an instant.

The power of the Boundless has been restored again, and it has been restored to more than half of the original!

But this is not over yet!

Infinite number.

The eternal powerhouses have launched self-harming secret techniques one after another, just to restore more power to the Infinite.

"Death and life after death, life but no life!"

Su Lang's heart moved, and he also performed self-harming secret techniques with all the clones, and his breath soared!

To stay away.

He didn't use the secret of death or life.

But this is enough!

The power of the Boundless has recovered 80%!

next moment.

"Calling Words Secret·Illness!"

Su Lang, the twenty-seven avatars in his body, and Yu Yangli worked together to start the secret of calling characters.

Suddenly.

Twenty-nine powerful phantoms emerged from historical time and space, rushing straight into the sky, and slammed into the dark giant palm!

Wow!

Behind the Boundless, eight black jade chains soared up from the Seven Treasure Tree, coming first, piercing through the black palm prints like an evil dragon!

The powerful banning power exploded, making the black palm prints suddenly stiff, and the aura continued to decay!

at the same time.

"The world is dying, breaking a sword!"

Su Lang raised his right hand and once again cut the sky!

The Boundless Sea raised her hand synchronously, holding the waterfall-shaped Youtian Sword, severely cut out!

Sneer--! !

The black palm print was pierced again and collapsed, turning into a turbulent flow of energy!

This is like a single skill turned into a group attack spell, covering countless light years.

Boom boom boom!

A terrifying explosion suddenly sounded, and it was the phantom of the twenty-nine word-calling secret powerhouses being killed by the collapsed black palmprint.

But they also consumed a lot of energy from the black palm print!

The black palmprint of the top level of the original Eight Eternal Realm has now only left the ordinary Eight Eternal Level power.

"No, how is this possible!"

"How could he recover so fast!"

"Damn it, [Suiyou Huanyu] is exhausted, and I am already unable to fight anymore!"

"Retreat, you can only retreat——!!!"

The woman with four heads and eight arms screamed wildly in her heart, and Tang Zhufei and others in her body were also shocked.

In a flash.

The woman's eight arms pinched again.

Rumble!

The majestic black mist that the palm prints turned into swallowed Su Lang's Infinity, and the black mist turned into countless magical powers to kill.

"Ahahaha, come, come and **** me!"

"Don't kill me, never want to hurt my master's hair!"

Ah Jia laughed wildly, his body turned into a transparent ball of light, blocking the black mist tightly outside!

No matter how turbulent the black mist outside, he couldn't get past the thunder pond.

use this opportunity.

Su Lang and the rest of the powerful in Wuyin once again madly squeezed the pill into their mouths and quickly recovered their combat power.

far away.

The woman with four heads and eight arms suddenly showed almost imperceptible temporal and spatial fluctuations around her body.

"Want to escape?"

"Although this escape method is concealed, I want to hide from the assimilation of Doudu universe, it is too naive!"

Su Lang smiled coldly, Nianfeng Space appeared out of thin air, and pulled in the woman with four heads and eight arms!

"Do not--!!!"

The four-headed and eight-armed woman, as well as 22 others including Tang Zhufei in her body, all showed panic and despair!

They have exhausted their cards, but they still haven't been able to kill Su Lang or even get Su Lang injured!

Now even the last escape method has been cracked by Su Lang!

This is simply desperate!

"Humph!"

"Next, die!"

Su Lang let out a cold snort, waved his hands and waved eight heart-piercing black ink jade chains falling from the sky, like a black dragon hole piercing through the billowing black fog, setting off a huge wave, and violently killing the woman with four heads and eight arms!

"Suiyou-Zhoujie! Suiyou-Huanyu!!"

The woman with four heads and eight arms was pale, and in desperate situation, she once again carried out the secret technique of self-harm.

[Chapter 2699: What are you waiting for, surrender](#)

In an instant.

Her breath became weak and strong.

Like a thick but rootless duckweed, it will sink and die at any time!

Eight small black handprints were punched out of her eight arms, at varying speeds, and successively slammed into the surrounding Nianfeng space.

Boom boom!

One after another handprints hit the same point in the Nianfeng space almost in an instant.

Click!

Nianfeng space exploded into countless pieces.

"Disperse and escape!!"

Miaoman woman sprayed thick black blood, and rotting smoke filled her mouth.

Its body.

Twenty-two tall, short, chubby and thin silhouettes emerged, without any hesitation, scattered and fled around.

"Assemble twenty-three people with all their strength and still cannot escape."

"Want to escape after spreading out? What a wishful thinking."

With a tick at the corner of Su Lang's mouth, countless formations appeared out of thin air between each thought, layer by layer, spreading for dozens of light years!

Secret of Words and Words also plays a role, mobilizing the power of the natural universe of the giant Doudu, the space and time of heaven and earth have become extremely solid, and it is difficult to move an inch!

When thoughts flicker.

Tang Zhufei and the other twenty-three people were constantly obstructed in fleeing, such as sinking into the mud, and the speed was greatly reduced.

"Fengtian with a thought!"

Su Lang once again unfolded the most rogue means, and pulled the wonderful and graceful woman into the Nianfeng Space!

Not only that.

There are also twenty-two avatars together with them to start a thought to confine the sky, trapping each other separately!

"Do not!"

"Could it be that I am going to fall here today!?"

"Why, why, why is there such a perverted existence in Doudu Zhouyu!"

"Miscellaneous, you must be exhausted too, at the end of the force, I want to see if it is you or me today!"

"..."

Everyone in the Sui Youzhou Domain was completely divided, and all of them looked gray, some unwilling, some frightened, and some hideous!

But no matter what, no one gave up resistance.

Twenty-three people made the same choice and sacrificed their eternal emperor soldiers!

then!

Twenty-three eternal emperor soldiers of the Five Universes and Six Universes rose up with an extremely irritable atmosphere.

They will use self-detonation to create a chance for their master to escape!

But at this moment.

"Seven Treasure Tree, brush it for me!"

Su Lang's thoughts flashed, and the Seven Treasure Tree that looked like a world tree stood upright behind the Infinity, and suddenly burst into seven colors of light.

As soon as this light appeared, it enveloped all the weapons of Tang Zhufei and others!

Twenty-three eternal emperor soldiers suddenly seemed to be pinched by a terrifying big hand, and could no longer move!

even.

In the horrified eyes of Tang Zhufei and others.

Their weapons flew towards Su Lang immediately, disappeared in an instant, and lost all contact!

"This, what means is this!"

"How could there be this kind of secret technique, my weapon has been practiced for countless years, and it has already been in the same heart with me!"

"It's over, it's over, the weapon is taken, I will never have a chance to escape!"

"Master Su Lang, I am willing to surrender, I am willing to be a cow and a horse for you, just beg you to let me go!"

"..."

In panic, one of Tang Zhufei and others did not hesitate to kneel on the spot!

The kneeling man was the man in the torn red robe with sharp eyes like an eagle.

"What are you waiting for, surrender!"

"Suiyou universe is no longer inhabitable!"

"The so-called good birds choose wood and live there, Lord Su Lang is far from what I can compare to, why not surrender, be a cow and a horse, and do your best!"

Not only did he kneel himself, he also looked terrified, and eagerly shouted to the others for persuasion.

This scene.

Everyone in Suiyou Zhouyu was taken aback.

They never expected that the man in the red robe would surrender so simply.

To this.

Su Lang also raised his eyebrows.

at this time.

"Master Su Lang!"

"I would like to drop, and I would like to drop too!"

The dwarf man also softened his knees and surrendered.

See here.

Tang Zhufei's eyes suddenly cracked.

But among the rest, there are many tempted generations.

"Oh?"

"Want to surrender?"

Su Lang raised his eyebrows, his eyes flashed with golden brilliance, this was using his heart.

just.

This is just a superficial action.

Secretly, Su Lang launched the "Secret of Stealing Words"!

The next moment.

[Chapter 2700: Less acting there](#)

He came back without success.

But 'Secret of the Word', stole a lot of the red robe man's ideas.

Just then.

"Quick!"

"Master Su Lang is a stronger person than Suiyou Ancestor, and his talents far exceed Suiyou Ancestor!"

"you guys....."

The man in the red robe showed a flattering look to Su Lang, while yelling at Tang Zhufei and the others who hated iron and steel.

But before he finished speaking, he was interrupted by Su Lang.

"Ha ha!"

"Stop acting there."

"You want to pretend to surrender and persuade others to surrender with you."

"One is to gain time to restore the power of the universe, and the other is to try to escape after I become a 'great hero' while I trust you a little bit more."

Su Lang's indifferent voice filled the world, "You snack maker, don't play around in front of me."

Instantly!

"I was seen through!!"

The red-robed man trembled all over, and his heart trembled. When he returned to his senses, he had already squeezed out a cold sweat on his palm!

Tang Zhufei and the others condensed their eyes, and extremely cold eyes flashed from the red robe man!

"Master Su Lang, it's not what you think!"

"The villain really wants to surrender. I beg you for the sake of being the first one to surrender. Please spare the little one!"

The man in the red robe didn't hesitate, and immediately opened his mouth to explain.

"Want to delay time?"

"Okay, I will fulfill you, so let's delay!"

Su Lang's expression was calm, his strength quickly recovered, and his speed was terrifying.

The opponent has to delay time to regain his strength, and he is the same.

Otherwise, it is not easy to kill 23 people at once.

and.

He needs time to perform the "Secret of Stealing Words", stealing the other party's techniques, secrets and the like.

After squeezing the value of these people to the greatest extent, it is a good time to kill.

"Master Su Lang!"

"The little one really didn't lie to you!"

"Although I was a little bit cautious before, but now I definitely dare not!"

"Master Su Lang, what the little ones say are from the bottom of your heart, please show your mercy and be kind!"

"..."

The man in the red robe was pointed out by Su Lang's true thoughts, and was terrified in his heart.

Su Lang sneered without saying a word, secretly using a secret word.

have to say.

Stealing the word secret is really very useful, more advanced than his Xintong, more powerful!

"Hexintong" can only see the thoughts and thoughts of the target on the surface.

But the "Secret of Word Stealing" can steal things deep in the target's memory, even information that the target can hardly remember, can steal it!

Moreover, the concealment ability of 'the secret of the word' is the key.

Tang Zhufei and the others who had been used to steal words were hard to detect.

Even if they perceive something strange, with their current state, it is difficult to defend.

In an instant.

Su Lang received a lot of secret techniques of exercises, secrets of Suiyou Zhouyu, and so on.

Using the information stolen from the 23 people to compare and make up for each other, the result is the most authentic information.

"Master Su Lang!"

"The little one really dare not!"

"Little is willing to be your cultivation vessel, and speed up your time day and night!"

"..."

Seeing that Su Lang was indifferent, the man in the red robe knew that begging for mercy was hopeless, so he had to escape!

then.

He was talking.

They will start to escape.

Tang Zhufei and others looked ugly one by one, staring at Su Lang while staring at the red robe man distractedly.

Since that guy used them, they also used the red robe man in turn.

The man in the red robe is now in his early days, and he is definitely the first person targeted by Su Lang.

It is also the one under the most pressure.

Once the red-robed man could not bear the pressure, he chose to escape.

Then, when Su Lang shot him, the 22 of them would take the opportunity to flee together.

Even if the benefits of such use are minimal, it may not work.

But Tang Zhufei and others have fallen into desperation, and any trace of hope will not be let go!

Just then.

The man in the red robe was talking, and there was a secret wave around him.

The next moment!

He is about to break the Nianfeng space and escape through the barriers of the natural universe!

however.

Su Lang had anticipated and prepared for it!
