[Chapter 2711: I'm so poor](#)

In a blink of an eye.

Ah Jiang has the innate characteristics of rebounding damage and has the ability to kill the enemy!

This shield is becoming more and more terrifying!

Of course, the consumption is also very large, directly consuming 10 million universe origins and a huge amount of heaven and earth treasures!

Now there are only more than four million cosmic origins left.

"There are still many eternal emperor soldiers with innate characteristics."

"Then choose four weapons and devour an innate characteristic each!"

"Anyway, keeping these four million dollars is of no use, so don't worry about the empowerment function for the time being."

There was a thoughtful look in Su Lang's eyes, and his eyes fell on the Infinity, the sword of life, and four incense weapons.

"I don't know whether the special desire power crystal required for evolution will change after the incense weapon consumes the remaining innate characteristics?"

Su Lang frowned slightly, but immediately stretched out again.

It doesn't matter if the required special aspiration is crystallized and cannot be provided.

You can let the rest of the weapons swallow the innate characteristics, and then swallow them back after evolution!

Figured this out.

With a smile, Su Lang selected four weapons: Infinity, Sword of Life, Heart-piercing Lock, and Jinghuashuiyue.

The innate characteristic chosen for Wuyin is 'self-charge', which can grab the power of the natural universe to supply itself.

In this way, the consumption of stationed warriors can be reduced to a certain extent!

The innate characteristic chosen for the sword of life is "consumption reduction", which is also to mobilize the power of the natural universe to replenish itself and achieve the purpose of reducing consumption.

With this innate characteristic, the sword of life can probably be used five times in a row before it will be exhausted.

The innate characteristic chosen for the heart-piercing lock is 'fatal penetration', which greatly improves the ability of the heart-piercing lock to break.

After all, Su Lang's current defensive method is 'break a sword', but it is not very suitable for heart-piercing locks.

With this innate characteristic, the heart-piercing lock can better pierce the target and enter the target's body!

The innate feature chosen for Jinghua Shuiyue is 'Ultimate Rhythm', which can greatly increase the attack speed and perform three attacks in one performance!

This allows Jinghua Shuiyue's ability to act on the enemy faster, and three times stacking, the effect is extremely terrifying!

It took a while.

Su Lang swallowed the innate characteristics for four weapons.

Although the weapons have not evolved and strengthened, they are much stronger than before. Without evolution, it is better than evolution!

"It's wonderful!"

Su Lang rubbed his hands excitedly, and then continued to disassemble the eternal emperor soldier.

Weapons that have innate characteristics and better inborn characteristics should be kept temporarily.

All other weapons are disassembled! !

quickly.

Su Lang got a huge amount of material again.

Under the metamorphic ability of the treasure hunt flying gliders' material transformation'.

Except for the four incense weapons, the evolutionary materials of the remaining weapons are all gathered, which is the origin of the universe.

"There are only six hundred and sixty thousand source of the universe, I am so poor!"

Su Lang sighed slightly. Not long ago, he was still a billionaire!

The system, it's really a gold swallowing beast!

Put away the weapons.

Su Lang began to read the three classics of the Pill Qi Array collected this time.

As long as it is knowledge below the level of the four universes, it can be understood at a glance.

Even if he is beyond the level of the Four Universes, Su Lang can rely on his current extensive knowledge to comprehend things by analogy.

After reading the classics of the Pill Array.

"The system starts with the functions of 'one-key alchemy', 'one-key strengthening', and 'one-key synthesis'!!"

Su Lang took a deep breath, activated the system function, and began to manufacture high-level eternal realm pill.

Suddenly!

"Ding! Successful alchemy, you will get a magic song to refine a clear pill*5!"

"Ding! The synthesis is successful, and you will get the magical source pill*1!"

"Ding! Strengthen successfully, you get..."

"Ding! Successful alchemy..."

Under the cooperation of the three major system functions, countless elixirs are produced like an assembly line.

These pills are all eternal grade pills of perfect quality, ranging from one universe to seven universes.

After all, Su Lang is not just for his own use, he also has more than one hundred thousand eternal realm subordinates.

It was also during Su Lang's alchemy.

In the Suiyou universe, in the basic universe where the flow of time is the slowest.

[Chapter 2712: Ancestor Xuying](#)

"All dead..."

"The eternity of my year old Youzhou Domain was completely destroyed by that Su Lang!"

"Damn it, a mere descendant who has been inherited, dare to be so rampant, not to put my old ancestor Suiyou in his eyes!"

"Su Lang, I will completely erase you from the endless universe!"

"..."

The year-old ancestor in a large black robe, floating in the dry void, slowly opened his eyes.

There was a deep anger and pain in his pupils.

In the process of being assimilated by the weird broken pages, he has to endure endless pain and injury at all times.

But even so.

He is also a true eternal powerhouse of the Eight Universes, and a senior powerhouse, stronger than Emperor Douxiu!

Those eternal realms are all his subordinates.

In the Suiyou universe, the mutations are getting more and more serious, and those eternal strong can better resist the mutations and shelter countless creatures in their bodies.

And these eternal powerhouses, as well as the creatures they shelter, are the key to his age-old ancestor maintaining the power of humanity in the power of the universe!

but now.

Nearly all of the twenty-three seven-cosmic eternal and more than one hundred thousand eternal realms were extinct.

All the living betrayed and turned to Su Lang.

All the creatures in Su Lang's Su Lang had all the creatures in the Su Lang!

This makes Suiyou Patriarch not hate it!

And the most important thing is.

Su Lang knew he had a weird broken page!

The ancestor Suiyou believes that as the eternal descendant of the Nine Universes, Su Lang must know some information about the weird broken pages.

Well.

Su Lang is very likely to ask someone to come and **** him, and bring disaster!

"No!"

"This child must be killed!"

"The sudden change in Suiyou Universe Region now can suppress that kid. If I lead him to Suiyou and do it again, it will be easier to kill him."

"In that case..."

A cold light flashed in the eyes of Old Ancestor Sui You, and immediately lifted his arms with almost no flesh and blood, only black withered skin and bones.

Suddenly!

A cosmic force in his body gushed out, turned into a strange wave, and rushed towards Doudu Universe.

The speed of this kind of fluctuation is very, very fast, countless times faster than the eternal journey of the seven universes through the barriers of the natural universe!

Not long.

This wave appeared in the Doudu universe, on the broken and chaotic battlefield.

Wow!

Strands of insignificant aura emerged from the broken time and space, surrounding the strange fluctuations, forming a ghost.

It turns out that those strands of breath are the power of Suiyou ancestor summoned by Tang Zhufei and others.

Old Ancestor Sui You also relied on these remaining powers to display his magical powers and reach Doudu Universe so quickly.

at this time.

The phantom was condensed, the body was very rough, without a face, only two dim eyes.

suddenly.

A shadow covered hundreds of millions of miles in a radius, shrouded the ghost of Suiyou ancestor.

The owner of the shadow is the Infinity.

"Old Ancestor Suiyou?"

"I haven't found him yet, he actually came here first."

Su Lang looked at the faint phantom, a ray of light flashed in his eyes.

This phantom body is full of the breath of Suiyou ancestor.

It is very weak, and there is no **** level, and a look can make it annihilate.

Moreover, when the phantom appeared, he did not cover himself up.

"It's the old age!"

Suiyou ancestor Xuying slightly arched his hands, "Little friend Su Lang is really blue and better than blue, it is admirable!"

"Ha ha."

"Stop talking nonsense. Since you are here, you are either just talking nonsense, then secretly inquiring about intelligence, waiting for an opportunity to get revenge, or you have other things to say."

Su Lang smiled indifferently, "Or, both."

"Little friend Su Lang's strength, the old man has already seen it."

"Those people like Tang Zhufei are just ants for me, so if they die, they die."

"On the contrary, it is worth paying attention to the talents and talents of Fellow Su Lang."

The ancestor Suiyou showed contempt when he talked about Tang Zhufei and others, and when he talked about Su Lang, he became solemn.

"So, you are not here to take revenge?"

Su Lang raised his eyebrows and asked with a sneer.

[Chapter 2713: Acting with Suiyou ancestors](#)

"Presumably little friend Su Lang already knows the changes in the Yuzhou Territory at my age."

"You also know why the change happened."

Su Lang ancestor Xuying did not directly answer Su Lang's words.

"How about knowing?"

"I don't know, so what?"

Su Lang's expression remained unchanged, and he looked at Suiyou ancestor faintly.

"To obtain true eternity!"

"I will have to transcend the endless universe, but this is an extremely difficult thing."

"Now, I got the broken page and started to assimilate it, but because it was just a broken page, the chance of detachment is too small!"

The ancestor Suiyou's voice was a little hoarse, even if his phantom had no expression, it still showed deep fatigue.

"and then?"

Su Lang said coldly.

"My time is running out!"

The old ancestor Suiyou's voice became solemn, "So, I want to invite my little friend Su Lang to cooperate and go to Lingxu Fragmented Domain together to seek opportunities!"

"Invite me to cooperate?"

"I just killed your subordinate."

"Moreover, that is probably your subordinates accumulated over the years, a full 100,000 people!"

"You can let go of such a deep hatred, and you still have to cooperate with me. Don't you think it's a fantasy?"

Su Lang smiled unsatisfactorily, with a hint of sarcasm at the corner of his mouth.

"Although you killed my subordinates, in the face of eternity, everything can be abandoned."

"As long as you can get eternity, let alone one hundred thousand eternal subordinates, even millions of millions?"

The ancestor Sui You smiled, "At that time, the entire endless universe will not be seen by me!"

"Well, what you said really makes sense."

Su Lang groaned and nodded slightly.

"So, Fellow Taoist Su Lang promised to be old?"

A bright light flashed in the eyes of the ancestor Sui You asked eagerly.

"Hehe, naturally not."

"Although what you said makes sense, why should I cooperate with you?"

"You are going to die of old age, but I still have countless years to live, why should I be so anxious?"

"During the long years, I can slowly find a suitable helper, and even train myself."

Su Lang showed disdain and performed that arrogant temperament to the fullest.

This statement came out.

The ancestor Sui You suddenly stagnated, and felt like being tricked, and a wave of anger and shame arose in his heart.

But other people are so sophisticated and excellent in acting, so naturally they won't show the slightest abnormality.

"What Daoist Su Lang said is not correct."

"The Lingxu Broken Domain war has happened many times."

"Every time it happens, there will be countless white worlds in the endless universe."

"The Universe White World is a forbidden place for countless creatures and one of the paths to detachment."

"It is said that the more expansive the white world, the less likely it is to die when entering it, and the greater the chance of detachment."

"Therefore, you can easily speculate that the outbreak of the Lingxu Fragmented Domain is not only a group of eternal powerhouses competing for the broken pages and actively provoking them."

"There are also a large number of behind-the-scenes who are secretly promoting the war, hoping that there will be more and more white realms in the universe, so that they can more easily detach from the endless universe."

"Nowadays, the white realm of the universe is more and more flooded, such as a single spark can start a prairie fire, which will eventually burn up the entire endless universe. Then where do you go, so you still have to plan ahead."

"And I, with a broken page, can better find more broken pages, and I can even lend you this broken page for a look!"

"In this way, you can also more intuitively experience the power of broken pages and prepare for future plans!"

After Suiyou said a lot of words, he fixedly looked at Su Lang, waiting for him to consider.

Su Lang was also surprised when he heard what Suiyou ancestor said.

The ancestor Suiyou dare to say that, at least not all are false, the possibility of nine true and one false is the greatest, so this information can be regarded as some value.

"No matter how widespread the Universe White Realm is, it will not happen in an instant."

"Before the white world of the universe is completely filled, my cultivation level will definitely reach the Nine Eternal Realm."

"I can choose to continue practicing and make a decision based on the situation."

Su Lang's eyes flickered, "Of course, working with you is also a good choice, but you don't have enough chips."

coming!

This kid is tempted!

The ancestor Suiyou was overjoyed, his expression unchanged on the surface: "What else do you want?"

[Chapter 2714: Infinite meaning](#)

"I want to cultivate resources!"

"A lot of cosmic origins, all kinds of heaven, material and earth treasures, all are needed!"

Su Lang smiled and raised his right hand, the vast Boundless Spacecraft made a synchronous action, the giant planet-like fists were squeezed fiercely, and a lot of lightning-like cracks burst out in the surrounding void.

"You want spiritual resources!?"

"Yes, but I can't give it to you here, and it's too far away from Suiyou Universe, I don't have the ability to do it."

The ancestor Suiyou pondered for a moment, nodded and said, "In this way, I will prepare the resources and wait for you in Suiyou Universe. You can get it after you arrive."

"What I want is not a small amount!"

The corner of Su Lang's mouth twitched and his eyes lit up, "If I'm not satisfied, I won't talk about cooperation or anything."

"I know."

"I have a lot of resources, most of which are not available to me, but they are still useful to you."

"It is worthwhile to trade these resources for an ally."

Suiyou ancestor smiled, and immediately condensed a star map between his fingers, "This is the closest route to Suiyou Universe, the old man is waiting for you!"

Finished.

The phantom Suiyou ancestor collapsed completely.

Su Lang waved his hand and wiped out all the remaining power without leaving a trace.

Years in the secluded universe.

"Hahahaha!"

"Su Lang, this kid, really can't stand the temptation, he will be fooled if he just throws a little sweetness!"

"Hmph, dare to destroy my eternal subordinates, I will make you pay the price of life!"

Old Ancestor Suiyou's skull-like face showed a penetrating sneer.

Soon.

Time and space ripples slowly appeared around him, and in a flash, they disappeared from where they were.

quickly.

Suiyou ancestor appeared in the high-level universe Suiyou universe.

The time velocity of each universe is different, but if there is no comparison, the sense of time in different natural universes is the same.

Suiyou ancestors own life span, how many years should there be?

The reason for staying in the grassroots universe with the lowest flow rate of time is to make use of the tens of millions of times the difference in time flow rate to let the subordinates look for opportunities to continue his life and detach himself.

In this way, he can make the most of his remaining life.

Now that all his subordinates have been killed, naturally there is no need to do this anymore.

"This universe is becoming more and more barren!"

The ancestor Suiyou looked at Suiyou Universe and couldn't help sighing.

The most prosperous universe in this year's universe, now a large number of creatures wither, it can be said that there is no one in a million!

This is also the result of him staying away from the Suiyou universe and going to the remote grassroots universe.

Otherwise, this year's ghost universe will be the same as the base-level universe and the countless crystal wall universes in his body. The creatures will be completely extinct and turned into death!

of course.

The ancestor Sui You naturally would not show mercy to these creatures, because everything seemed to him just a tool.

"Next, collect more creatures to prevent the power of my crystal wall universe from going wrong."

"In addition, the resources that Su Lang's small chopsticks want must also be prepared, otherwise the fish will not see the bait and will run away."

The ancestor Suiyou started to act while thinking.

The other side.

Fight in the universe.

"Cooperation?"

"I want to see what medicine you sell in the gourd!"

Su Lang smiled coldly, of course he was going to Suiyou Universe.

Because he originally wanted to eradicate Suiyou ancestors in order to avoid future troubles.

If Suiyou ancestors sincerely cooperate and give a lot of resources as sincerity, you can also consider it.

After all, the Suiyou ancestor, who is gradually assimilated by the broken pages, is a good observation object.

Next.

Su Lang once again returned to the platform to accumulate and practice "Ten Thousand Laws into One: Infinite Profound Meaning".

System functions such as one-key alchemy are also constantly working, producing a large number of perfect eternal pills.

Infinite number.

An eternal strong man recuperates and recharges!

Time passed slowly.

Su Lang's clone addition and subtraction arrived at Sui Youzhou Region, and came to the hinterland!

Just in case.

Su Lang did not follow the route given by Suiyou ancestor.

It was a route stolen from the minds of Tang Zhufei and others.

This will be more secure.

really.

The clone had no trouble all the way, and successfully arrived in a universe adjacent to Suiyou Universe.

"Next, it's Suiyou Universe."

Su Lang sat on the opposite platform, slowly opening his eyes, cold light flashing in his eyes.

at this time.

A system prompt suddenly sounded.

"Ding! "Ten Thousand Ways to One: Infinite Profound Meaning" has reached the super-easy level!!!"

[Chapter 2715: All-round eight-plane combat power](#)

"Hey, it's really time to come!"

Su Lang raised his eyebrows, his eyes revealed surprise.

Soon!

He felt an incomparably vast force appearing in his body out of thin air, blending into the soul while blending into the crystal wall universe and the universe of life!

In an instant.

Su Lang found that his eternal body, the soul of the world of nirvana, had all been greatly improved!

"Expand the properties panel!"

Su Lang thought about it and called out his own message. [Name]: Su Lang

[Race]: Human race

"The combat power has reached the level of the eight universes in all directions!"

"I have crossed two realms with the Six Eternal Realms, and reached the Eight Realms level!"

"Great, in this way, after I swallow the clone, the combat power will be even more terrifying, and the Xing Cuanyun and the clone will also be even more terrifying!"

A hint of joy flashed in Su Lang's eyes, "The confidence to deal with Suiyou's ancestor is a lot!"

Immediately after.

He sorted out the weapons and checked the pill.

Seeing that everything was ready, the Infinity was received into the universe of life, and the avatar of Baiying who was on the way was ordered to shuttle through the barriers of time and space into the Suiyou universe.

Because I want to meet Suiyou's ancestor, there is no need to hide his whereabouts.

Wow!

A ripple of time and space swayed from the void.

A gray and black picture appeared in front of him, and even the distant star field galaxies had the same hue.

To this.

Su Lang has long been accustomed to it, and he has seen too many scenes like this on the way here.

at the same time.

Suiyou universe, a giant planet, underground space.

The vast underground is expanded into a huge underground world, in which a large number of spherical man-made spaces float.

The interior of each space ball is very vast, with countless well-protected creatures living.

There are wise beings, but there are also unwise lives.

These are the creatures that Suiyou ancestor prepared to supplement the humanity power.

Use great supernatural powers.

In a short period of time, he scraped a large amount of natural universe, plundered all its inner creatures, and stored them in man-made space for future use.

suddenly.

"Ok!?"

"There are seven eternal warriors who have entered the Suiyou Universe!"

The ancestor Suiyou lying in the underground space noticed the ripples in time and space, and his expression was shocked!

He quickly unfolded his mind and saw the unabashed Su Lang clone.

"It's Su Lang!"

"How is it possible, how could he reach Suiyou Universe so soon!!"

Ancestor Suiyou's skeleton showed a touch of shock on his face, but he quickly frowned.

"No, that's not right, this person is not Su Lang, this person's breath is weaker, and there is a slight difference!"

"If I hadn't practiced a special secret technique, I would definitely be concealed."

"But this person must have a deep connection with Su Lang, and it is most likely his clone!"

"This kid is so cautious, it seems that those resources must be given to him first, stabilized, and attract the deity!"

Thinking of this, the ancestor Suiyou narrowed his eyes slightly, absorbed all the artificial space into his body, and then disappeared from the place.

outside world.

Su Lang used perfect leaning, his will descended on the clone, suspended in the void of Suiyou Universe and waited slowly.

Not long.

A ripple of time and space appeared in front of him.

A thin figure in a large black robe emerged from it, which at first glance looked like a loose robe hanging on a human-shaped hanger.

But it was this thin figure that exuded an extremely powerful and strange aura.

[Chapter 2716: Si Kou Yun](#)

"system!"

"Call up this person's attributes panel!"

Su Lang narrowed his eyes and retrieved Sui You's ancestor's information.

Years old ancestor, formerly known as Si Kouyun, is a strong man in the eternal realm of the eight universes.

Si Kouyun's current combat power is the eternal level of the ordinary eight universes, half a small level higher than Su Lang's true combat power.

This person has mastered the major exercises "Youyun Tianshi Jing", combat exercises "Suiyou·Zhou Jie", "Suiyou·Zhou Xuan", "Suiyou·Reverse Erosion", "Suiyou·Yanling".and many more!

"Is the normal combat power only the ordinary eight universe level?"

"It seems that the broken pages really made his combat power drop a lot."

"However, this person has a lot of secret skills, all of which are founding-level, and the explosive strength must not be underestimated."

"..."

Su Lang looked at the attribute panel in front of him, thinking silently.

at this time.

"Friend Su Lang came so quickly."

"However, the old man still hopes that fellow daoists can meet with the deity so that they can discuss major issues."

The ancestor Sui You looked at Su Lang's avatar, raised his skinny arms and arched his hands slightly.

"Let me see your sincerity, the deity will naturally appear!"

Su Lang carried one hand on his back, his expression was indifferent, it seemed that he was not facing an eight-plane eternal, but an ordinary old man.

"Hahaha."

"It should be so!"

"These are my sincerity. Fellow Taoist Su Lang will see if he is satisfied."

Ancestor Suiyou threw a temporary space ball between his hands and slowly flew towards Su Lang.

"not enough!"

Su Lang waved his hand to live in the temporary space ball, and said directly without looking at it.

"Friends of Daoist have a great appetite!"

The ancestor Suiyou narrowed his eyes and immediately smiled, "But since it is my cooperation, it is all right to show more sincerity."

Talking.

He once again condensed a temporary space ball, filled it with a lot of resources, and threw it to Su Lang.

"Senior Suiyou, wait a minute, I'll take a look first!"

A faint smile was drawn at the corner of Su Lang's mouth, and two space **** were thrown into the storage space while waving.

Wow!

The space ball shattered, and countless resources inside suddenly emerged!

"Save to the origin of the universe!"

Su Lang did not hesitate, and deposited it into the origin of the universe for the first time!

"Ding! The storage is complete, the balance is 345.86 million universe origin!"

More than 340 million!

Make a big profit!

Su Lang was overjoyed, then looked at the treasures of heaven and earth.

Good guy, more trophies than you get by killing Tang Zhufei and others!

at this time.

"Friend Su Lang!"

The ancestor Sui You's voice was slightly cold, "Please also see your deity."

"it is good!"

Su Lang nodded slightly, the deity directly stationed in the Infinity, and then activated the clone replacement!

Quietly.

The place where the clone was located was occupied by the extremely magnificent Infinity.

The huge Infinity, like a giant planet, is suspended in the void of the universe, and every gesture of action will cause a lot of distortions in time and space!

"What does Daoist Su Lang mean?"

The ancestor Suiyou's expression changed slightly, and the whole person retreated 100,000 light-years like a bat, and stopped in another star field.

He looked at the boundless number, feeling a little shocked.

Compared with the time when I was in Doudu Universe, the Infinite Number I saw at this moment was even stronger!

but.

The old ancestor Suiyou didn't know that this was because Su Lang had hidden it, and most of the clones and eternal realm subordinates had reduced their strength.

"Since I want to cooperate, naturally I have to show my strength."

Su Lang's faint voice came from the Infinity, shaking the void and forming ripples.

"It should be so."

The ancestor Suiyou nodded, "Then, please also invite Daoist Su Lang to show up and make an alliance blood oath with me!"

Seeing the Boundless, he was basically certain that Su Lang's deity had arrived.

Because the eternal emperor soldier can only be controlled by its master, the more advanced eternal emperor soldier, the more so!

But Suiyou ancestor still asked Su Lang to come out just in case.

"Since you are very sincere, then I will show up."

Su Lang left the Boundless Ship and came to the void outside, looking at the ancestor Suiyou indifferently.

"Weak eight cosmic power?"

"Taoist Su Lang is truly an eternal arrogant unparalleled in the world!"

The old ancestor Suiyou laughed out of joy, and said, "I am fortunate to meet today, the old man must...take your life...!!!"

In a flash!

The incomparably terrifying black beam of light seemed to penetrate the natural universe, carrying the vast power of the eight cosmos, and it fell on Su Lang's deity!

[Chapter 2717: Start war, break out!](#)

In the eyes of Suiyou ancestor.

The deity of Su Lang is only the pinnacle of the Seven Universes, infinitely close to a warrior of the Eight Universes.

Although this kind of combat power is not weak, but under his sneak attack, he will undoubtedly die!

As long as the deity of Su Lang is killed, the rest will be killed, it will be easy!

however.

What happened in the next moment exceeded his expectations!

A black buckler suddenly appeared, forming a barrier of light, blocking all his sneak attacks!

Rumble!

Click! Click!

"Jie Jie Jie Jie!"

"Old thief, you really have a ghost in your heart, but with me, you don't want to hurt my master's hair!!!"

Ah Jia screamed presumptuously, even if there were countless cracks in the light curtain and it was about to break, there was no trace of fear!

even.

From above his light curtain, a wave of power was reflected, against the black beam of light!

This is his new feature "attack rebound" in effect!

of course.

Just relying on the Heavenly Eight-Edged Shield now has twice the defense of the peak of the Seven Universes, even with the addition of 'attack rebound', it will not be able to block Sui You's ancestors for a long time.

At most, it can only support one-tenth of the breath.

But this time is completely enough for Su Lang!

"Swallow the clone!!!"

Su Lang calmly activated the swallowing clone and swallowed fifty clones directly.

In a flash.

The breath on his body is soaring, and he has crossed the Eight Eternal Realm to reach the intermediate level of the Eight Eternal!

Rumble!

The majestic and vast power poured into the eight-sided shield of the sky, and immediately helped it stabilize, blocking the black beam of light from the old ancestor Suiyou.

"what!!"

"You, your deity's combat power can become so strong!"

The ancestor Suiyou's eyes widened, full of horror.

But the attack in his hand did not hesitate, and he killed it again!

"[Suiyou-Zhou Punishment]!"

But seeing the ancestor Suiyou accumulating a little, a more terrifying spiral-shaped black beam of light came again.

That terrifying power is just like the punishment of this universe!

"The ordinary power of the eight universes, Si Kouyun, you are too underestimated with me!"

Su Lang dismissed that powerful attack like the punishment of the universe.

Rumble!

A powerful attack hit the eight-sided shield of the sky, and the light curtain instantly shattered!

But that huge beam of light became thinner and thinner as if it was attracted, and finally hit the body of the eight-sided shield of the sky.

boom--! !

Tianjia's eight-sided shield was directly blown out.

But Su Lang had long since disappeared from the place and entered the Infinity.

at the same time!

A spiral-shaped black beam of light reflected from the surface of the main body of Tianjia's eight-sided shield, fiercely killing the old ancestor Si Kou Yun!

"Humph!"

"Children Su Lang, your current strength is only forcibly enhanced by the secret technique, I want to kill you easily!"

Si Kouyun snorted coldly, his eyes were full of killing intent, "Suiyou-Zhou Xuan!!"

In an instant.

A huge black whirlpool emerged, killing all the attacks from the sky's eight-sided shield.

Not only that.

More black vortexes condensed, like a terrifying nebula-shaped grinding disc, submerging the Infinity!

"This is... an attack from the power of the natural universe, good at obliterating other forces!"

"Si Kouyun sees me using the secret technique to improve, and wants to fight a war of attrition with me, haha."

Su Lang's spiritual mind saw the essence of those black whirlpools.

He smiled coldly.

"Xing Cuan Yun He!"

"Infinity, come!"

"Secret of words, secret of stealing words, illness!"

"The Youtian Sword, the Eight-Edged Shield of the Sky, the Sword of Life, the Heart-piercing Lock, the Seven Treasure Tree, the Mirror Flower and the Moon, Out!!!"

Su Lang thought, and his combat power exploded in an instant!

A avatar and a twin avatar are gathered together.

Every six can form a normal eight-planet star Cuanyunhe clone instead of the previous "weak eight-planet class"!

Yu Yangli, Xiuning and other 120,000 eternal powerhouses have all contributed their power!

Under the influence of Infinity, everyone's power will be added to each other, and the whole will skyrocket like a geometric multiple!

Rumble!

The breath of the Boundless Space suddenly skyrocketed from the ordinary Eight Eternal Realm to the Eight Eternal High Level!

Not only that.

Su Lang used words and secrets to assimilate the Suiyou Universe, turning it into the main field, easily mobilizing the power of the natural universe, lingering around his body, waiting for opportunities!

The secret of word stealing is always open, try to steal the thoughts of Suiyou ancestors at any time, and get insight into his next move in advance!

At last.

Pieces of Seven Eternal Emperor Soldiers with various characteristics such as the Youtian Sword appeared one after another, swirling around the Infinity!

[Chapter 2718: All show their magic](#)

Suddenly.

All kinds of powerful auras spilled out, causing countless visions in the surrounding universe, and the stars in the distance collapsed and dissipated!

"what!"

"Eight Eternal High Realm!"

"Moreover, these seven eternal emperor soldiers are stronger than expected!"

"Su Lang child, you are really surprising!"

The ancestor Suiyou was shocked, but he was not afraid of it, but his expression was gloomy, and his muddy pupils shrank slightly.

next moment!

"[Suiyou·Reverse Eclipse]!"

The treacherous breath erupted from the old ancestor Suiyou.

Just like the Tang Zhufei and others at the beginning, the aura swallowed the residual free energy emitted by the surrounding Infinity, and merged into the void of the natural universe.

Immediately after.

Su Lang felt an attack that ignored the defensive barrier silently and silently landed on the Infinite.

But Su Lang had already experienced this kind of attack from Tang Zhufei and others!

Therefore, be prepared!

"The secret of words and the power of Suiyou universe, expel it!!"

Su Lang's heart moved, an incomparably mysterious and powerful force shook Suiyou Universe's natural cosmic power, directly suppressing and eliminating the "Suiyou·Erosion" attack!

Although it was the ancestor Suiyou himself who launched the "Suiyou Nirvana", it was this powerful and senior Eight Eternal Eternal.

But Su Lang's power at this time was even stronger than Suiyou's ancestor.

Moreover, the power of Yanzimi has been upgraded from the "founding level" to the "superior level!"
therefore!

The force of "reverse erosion" didn't even have a real impact on Su Lang, and it just vanished.

And this scene stunned Suiyou's ancestor!

"How can it be!"

"How can you assimilate the Suiyou universe, how can my eclipse power be so fragile!"

The ancestor Sui You looked at Infinity in disbelief, his pupils collapsed more and more intensely.

"Old thief, it's my turn!"

Waves were heard from the Boundless Ship, causing ripples in the void, forming Su Lang's indifferent "voice"!

Accompanied by the appearance of voice.

In an instant.

"Jinghuashuiyue·Ultimate Rhythm!"

Su Lang's thoughts flashed, Jing Hua Shuiyue, whose attack speed was soaring, had already slashed three times and retracted her waist!

The incomparably strong power of confusion enveloped hundreds of thousands of light-years in a radius, and buried Suiyou ancestors!

Suddenly.

The ancestor Suiyou's expression changed, slightly confused.

But he is worthy of being a senior eight celestial powerhouse. Although weak to this point, his soul is really strong!

"Suiyou-Yanling!!"

Struggling to pinch his hand skills, Sui You Patriarch's expression became more and more ferocious.

The turbulent power of the natural universe and the power of your own universe, combined with the incomparable spiritual power of the soul, washed every crystal wall universe up and down the whole body in an instant!

This also allowed him to find a trace of clarity from the three superimposed psychedelics of Jinghuashuiyue!

But this is only Su Lang's first attack!

If you want to fight, you have to kill the opponent in one set!

Wow!

The eight black jade chains unfolded from the top of the heart-piercing lock, and they had already reached the ancestor Suiyou!

Not only that!

Su Lang himself even raised his hands to hold the long sword, severely cut it down!

"The secret of death!"

"The world is dead, break a sword!"

With the addition of the self-mutilation secret technique and the profound meaning of the world's extinguishment, the entire power of the Infinity was instantly poured into the Youtian Sword.

A charged burst of sword light tore through time and space along the way, and immediately after Piercing the Heart Lock, it slammed in front of the ancestor Sui You.

At this moment.

Chuan Xin Lock has already stabbed Sui You ancestor's body fiercely!

"Damn it!"

"Unexpectedly, such a fast and powerful attack can erupt!"

"This must be the seven eternal emperor soldiers with innate characteristics!"

Old Ancestor Suiyou looked extremely ugly, his black robe swelled and collapsed like alive, turning into countless floating silk threads, clinging to eight black jade chains, and entangled them tightly!

at the same time.

A series of colorful glass-like light curtains emerged in an instant.

In the light curtain, there are countless armor pieces connected in series with silk threads. This is the defensive treasure of Suiyou Patriarch!

Immediately after.

In the pupils of the ancestor Suiyou, the scene of Mo Yu's chain moving forward firmly was reflected.

[Chapter 2719: Cracking is easy](#)

then!

The eight sharp chains pierced his glass-like light curtain fiercely. Although the speed was greatly reduced, they still steadily pierced his body!

"Another imperial soldier with innate characteristics!"

"And it is the innate characteristic of the penetrating type!!"

The ancestor Suiyou never expected that the eight chains of black jade also had innate characteristics.

At the time of horror, he no longer cared about his own state, and exploded fiercely.

——"Suiyou·Huoling!!"

Just as the tip of the eight chains of the heart-piercing lock was about to pierce the body of Suiyou ancestor.

Another mysterious energy permeated in an instant, hitting the chain of Piercing Heart Lock Moyu!

Suddenly!

Heart-piercing lock stopped the attack!

"Master...!! I...!"

The thought of the trembling of the heart piercing device reached Su Lang's mind, as if he was struggling in extreme pain!

It was at this time.

Po Yijian fiercely stabbed Old Ancestor Sui You to appear half a hollow, above the colorful colored glass barrier that was already in a half-fragmented state!

Rumble!

The colorful glazed barrier directly turned into countless pieces!

The aftermath of the extremely terrifying battle exploded directly, forming a circle of spherical shock waves, frantically shredding everything along the way, and time and space were annihilated!

This powerful breaking sword was Su Lang's full blow with the eternal power of the eight cosmos, and it drained countless energy!

In the violent shock wave, Suiyou ancestor was like a fragile and rotten little wooden boat, and his body would be broken in the next instant!

The key is.

After breaking a sword and smashing the colorful glazed barrier, there is still a large amount of residual power to directly kill him!

"what!"

"This sword light is far beyond the ordinary and advanced Eight Eternity!"

"Damn it, guard at the end!!!"

The ancestor Suiyou sank in his heart, gritted his teeth and activated the ultimate defense against the imperial soldiers' black robe!

This defense method is second only to the self-explosive imperial soldier, but it will still cause extremely serious damage to the black robe.

As a loyal Emperor Suiyou ancestor, his generous black robe naturally did not hesitate, and he immediately obeyed!

But I saw the countless silk threads that the black robe turned into, separated from the chain of the heart-piercing lock, and instantly turned into colorful silk threads!

Suddenly!

Colorful silk threads are woven into a barrier, like a simple cloth, vulnerable to a single blow.

But it was the cloth that seemed to be blown away by a breeze, but it literally blocked the power of the remnant of the sword!

Although under the power of Po Yijian, the colorful cloth is constantly torn and collapsed, but there are always new colorful silk threads emerging, blocking the attack of Po Yijian!

"Su Lang child!"

"With this explosive attack, I see how long you can last!!"

The ancestor Suiyou retreated madly in the aftermath of the howling attack of the sea of stars, and let out a hoarse roar!

He understood that Su Lang's move used his whole body's power!

Moreover, Su Lang originally relied on various secret techniques and the addition of eternal emperor soldiers to have the current power.

These are all external forces, once consumed, it is extremely difficult to recover!

therefore.

In the eyes of Suiyou ancestor.

After blocking Su Lang's attack, his winning side has been greatly improved!

of course.

He will not take it lightly.

The power of "Suiyou·Huling" on his body that made the heart-piercing lock stop attacking, and it was hard to get rid of the crazy struggle.

When he confronted Po Yijian, it had spread and enveloped hundreds of thousands of light years!

It's not just a heart lock.

Now even Jing Hua Shui Yue is seriously affected.

Even weapons such as the Youtian Sword, Infinity, and Tianya Eight-Edged Shield were also affected, and the spirit of the weapon appeared in an unstable state!

"Six-year-old ghost? The power against the artifact!"

"For the average eternal warrior, it is really powerful, but unfortunately for me, cracking is easy!"

Su Lang sneered when he watched that Po Yijian and Suiyou ancestor's colorful cloth consume each other frantically.

next moment!

An extremely strong golden light burst out from the interior of the Infinite!

This is the power from the "Mingguang Ten Thousand Realms", possessing an extremely terrifying assimilation power.

Relatively speaking, [Suiyou·Huling] can only target artifacts, while [Mingguang Myriad Realms] can target all existences with souls, whether they are creatures or artifacts!

[Chapter 2720: An extremely angry old ancestor](#)

This bright light came out.

The Youtian Sword, the Infinite Number, the Sword of Life, and the Heavenly Eight-Edged Shield instantly returned to normal.

The Heart-piercing Lock, the Seven Treasure Tree, and the Mirror Flower Shuiyue, because the weapon spirit is transformed from the evil-eating clone, and is relatively weak compared to the orthodox eternal emperor weapon spirit.

Because of the power of the spirit of deception, it has caused a serious impact, so it will take a little longer to recover.

But Su Lang was not prepared to wait.

"Evil Devouring!"

"Void Spirit Universe!"

Within a single thought, the universe of Evil Devouring and Void Spirit emerged and appeared in front of Su Lang.

"Master!!"

Biting evil turned into a black figure, saluting respectfully.

His face was pale, and it was also affected by the power of deceiving spirits.

"Ok."

Su Lang nodded faintly, and waved his hand to tune out countless incense will power from the virtual spirit universe, and poured it into Evil Eater!

Suddenly.

The evil breath is maddening, becoming more powerful and vast!

""Thirteen Corpses"!"

Ji Xie was very clear about Su Lang's purpose and immediately began to strengthen his clones as incense weapons.

In a blink of an eye.

All the spirits are stabilized!

Just then.

The power of Po Yijian was actually wiped out by Sui You Ancestor!

"Smuggle!"

"Severe damage to my defense imperial soldiers, I will destroy you today!"

The old ancestor Sui You swallowed a pill, and his body's unending breath rose slightly.

"Old thief, die for me!"

The Heart Piercing Lock Spirit roared angrily and unbearably, eight extremely sharp Moyu chains, madly killing the Suiyou ancestor.

Because the eight chains of black jade were very close, they actually pierced the skin of the ancestor Suiyou!

"what!"

"The power of the soul was cracked so quickly!"

The ancestor Sui You was shocked and felt that the power in his body, even his consciousness, had begun to fall silent!

without hesitation.

His whole body was shocked, and the eight pieces of skinny flesh pierced by the Moyu chains unexpectedly fell off of his body!

"Miscellaneous, I will kill you!!"

The ancestor Suiyou yelled hysterically while retreating frantically.

Those eight pieces of skinny flesh are countless crystal wall universes!

For him, this is a fundamental loss, which is simply unbearable!

"Ah!"

"Suiyou-Zhou Jie!!"

The extremely angry Old Ancestor Suiyou no longer cared about his state at all, and unexpectedly broke out a self-harming secret technique, and his body continued to improve.

Perhaps it was because he had fallen from the Senior Eight Universe Eternal Realm, so this improvement was extremely fast!

When the thought flickered, Suiyou ancestor's breath rose to the advanced level of the eight universes, even faintly beyond!

"Ha ha!"

"You want to kill me, I want to kill you too!"

Su Lang dismissed it, his heart moved, and the sword of life fell heavily on the Infinity!

at the same time.

The 120,000 warriors stationed in Infinity are all taking pills, restoring their strength wholeheartedly.

Among them, the 20,000 Eternal Warriors with poor recovery ability were replaced by substitutes.

With 20,000 substitutes, the Infinity can maintain a good combat power in the weakest moment.
and.

There are surging forces of the natural universe around it, pouring into the Infinity.

This is Su Lang's "Secret of Words and Words" and Wuyin's own "self-rechargeable recovery" characteristics work together.

at this time.

Under the action of various means.

In the instant that Po Yi Jian's power was exhausted, the Infinite had once again returned to its peak state!

After a round of offense and defense, the two confronted again in their peak state!

And this confrontation was also broken in the next instant!

"[Suiyou·Yanling]!"

The ancestor Suiyou immediately activated the secret technique, which was a method he used to eliminate the confusing effect of Jinghuashuiyue, but it was actually an attack against the enemy's soul!

At the level of the Supreme Emperor, the souls of the warriors are completely fused with flesh and blood and the universe of life, making it difficult to be attacked.

This is especially true for the eternal strong.

But it is difficult to attack, which does not mean that it cannot be attacked.

Specific and rare secret techniques can attack the souls of eternal martial artists to a certain extent.

The ancestor Suiyou's "power of annihilation" is one of them.
