[Chapter 2741: Four secret skills derived](#)

quickly.

Su Lang completed the deduction of the secret skills of 'defense'.

This trick is called "Severe No Remedies"!

This is a defensive secret that mobilizes the power of the natural universe and merges it with the power of the universe, and it can cut off the enemy's attacks from all directions!

With the addition of the Secret Art of "Zero Domain Master", this Secret Art will become especially powerful!

And this secret technique can also be applied to other targets to add defense to them.

The reason for this characteristic is also because Su Lang interfered in the deduction process.

Because he already has the powerful line of defense of the "Heavenly Shield with Eight-Edged Shield", he can "sever no direction" and can be used on the Heavenly Shield with Eight-Edged Shield to make its defense stronger.

Next.

Su Lang has completed the deduction of the "endurance" type of secret technique, and the secret technique he obtained is called "Breath without Evil"!

Breathing innocence is a kind of active recovery secret technique, which can mobilize the power of the natural universe and restore one's power to a large extent, and it is continuous.

This secret technique can also be applied to other targets, helping others to heal injuries!

"It's a pity that this is the secret technique of the source of the technique and cannot be taught to others."

"Otherwise, pass it to my eternal warrior, and the endurance of the Infinity will be increased by one more period."

"Fortunately, they also have the "Fu Yu Sheng Ji Lu" that I taught."

"..."

While thinking about it, Su Lang kept moving in his hands, and quickly completed the deduction of the secret skills of the source of the physical exercises.

The final secret skill of body type is called "Zhou Shan".

This is based on the profound meanings of "Suiyou-Zhouyi" as the main part, supplemented by the profound meanings of other physical exercises.

same.

This technique is also a flashing technique that mobilizes the power of the natural universe, and its dodge effect is better than that of "Suiyou Zhouyi"!

Next.

It is the deduction of explosive secret skills.

The process need not be repeated.

The secret technique deduced is called "The Jade of Life".

This is a kind of explosive secret technique that Su Lang assembled a large number of self-harming secret techniques such as "Death without Life" and "Sui You Zhou Jie".

After the display, it will greatly increase the attributes of attack, body skills, defense, soul, etc., at the cost of everything including life!

If the enemy is defeated, the life of the jade fragment will be reunited and resurrected, and beyond the power of the universe, there will be no more consumption.

If you fail to kill the enemy after casting "The Jade of Fate", you will really die!

of course.

For Su Lang, it was nothing more than a death replacement.

It is worth mentioning that the effect of "Jade Fragment of Life" is much stronger than "The Secret of Death Without Life", which will undoubtedly die after being cast!

"Finally completed the deduction of all aspects of the secret technique!"

"Breaking a sword, the ruler of the universe, the cosmic flash, the jade of fate, the innocence of life, and the extinction!"

"With these six secret skills, it is no more troublesome to kill than to kill a chicken in the ordinary Eight Eternal Realm."

A satisfied smile was drawn at the corner of Su Lang's mouth, and then he looked at the cultivator in the mysterious black space.

The cultivator has been madly absorbing the cosmic energy and transforming it into a cultivation base.

Even if Su Lang and Chu Xiaobei were repaired for ten years, they had no effect.

"After a while, I will be able to break through to the Seven Eternal Realm!"

A glimmer of expectation flashed in Su Lang's eyes, he slowly closed his eyes and began to wait.

just.

The waiting process is really boring!

Therefore, Su Lang quickly opened his eyes again.

"The days of penance are really boring."

"Why don't you try the function of 'self-regeneration of formation'!"

"It hasn't been a long time since the formation has been arranged. This is also a very powerful method!"

"..."

Su Lang thought about it, and immediately took out a large number of classics to read.

Most of these classics were obtained from the eternal warriors of the secluded universe such as Si Kouyun.

After some reading.

Su Lang learned all the formations below the level of the six universes.

More advanced ones can only be learned after the one-key refining function is upgraded to level 23.

But the level of six universes is enough.

With his profound knowledge of formations, he can completely create a joint eternal formation at the level of seven universes!

[Chapter 2742: Blood-haired man enters Yilong universe](#)

"What formation is good to create?"

"It seems that my ability to retain people is still lacking. Only Jing Hua Shuiyue and 'One Nian Fengtian' can be used, and the Nianfeng Space is easily broken by others.

"In this case, just create a formation to trap people."

Thinking of this, Su Lang made a decision, and immediately began to search for a seven-plane eternal combined formation.

Benefit from the functions of "One Thought Formation" and "One Key Decomposition".

He can try different combinations of formations at the fastest speed!

Anyway, if something goes wrong, just break down the wrong formation, and when you're done, you can try the next combination in an instant!

Time passed slowly.

Just as Su Lang constantly tried to design the joint formation of the Seven Eternal Realms.

The blood-haired man has stepped into the upper universe of the Yilong universe, the Yilong universe!

In this process.

He inquired about the intelligence in detail and knew that the Yilong universe and Doudu universe did not communicate.

Even many eternal powerhouses who are not low-level do not know the existence of Doudu Zhouyu, let alone Su Lang's name and Suiyou Zhouyu.

then.

The blood-haired man entered the Yilong universe with confidence and boldness.

"Yilong Universe will definitely not be easily used by me."

"It's just that if you can convince them, you can save a lot of trouble."

The blood-haired man thought in his heart and looked into the distance, where there are already a large number of eternal dragons and eternal strong dragons that travel through time and space and emerge.

He smiled, arched his hands, and began to negotiate.

But soon after.

"Humph!"

"Toast and not eat fine wine!"

The blood-haired man looked unhappy, his eyes were cold, causing countless ripples in time and space, "From now on, the Yilong universe belongs to me. Those who follow me prosper, those who oppose me die!"

"Roar!"

"This is so rampant, dare to be wild in my Yilong universe!"

"What about the great power of the Eight Eternal Realm, everyone, summon Ancestral Dragon!"

"..."

The eternal dragons with different shapes and colors and the eternal warriors with burly and powerful dragon veins are angry.

They worked together to summon the strongest combat power in the Yilong universe, and began to attack the blood-haired man!

A trembling battle of more than half of the Yilong universe begins!

Fight in the universe.

Su Lang didn't know this, and was still designing the Seven Eternal Formations.

Time passed slowly.

I don't know how long it will take.

He finally designed the Seven Eternal Realm Array that made him very satisfied.

This formation was named by him as the "Desperate Eternal Prison Array", and the purpose of the practice was to turn the entire universe into a desperate cage.

This formation has a very powerful ability to catch people, trap people, and grind people, and it is the kind that can mobilize the power of the natural universe.

This allowed Su Lang to have an extra means of trapping people while freeing his hands.

"Desperate Eternal Prison!"

"After growing up, it must be a formation that even the Nine Universe Eternal Realm must be afraid of!"

A smile was drawn at the corner of Su Lang's mouth, and he immediately activated the one-key formation formation function to refine the formation of the desperate Eternal Prison formation.

Although this large formation is the Seven Eternal Realm, it is combined by the Six Eternal Array, so it does not exceed the refinement limit of the one-key refinement function.

It was almost instantaneous.

The system prompt sounds.

"Ding! Successfully refining the formation, you will obtain the perfect quality "Desperate Eternal Prison Great Formation" array*1!"

The sound has not disappeared.

A formation disk appeared in Su Lang's storage space.

"Hey!"

"The refining is complete!"

Su Lang took out the formation and arranged it directly in a small area in front of him

——The scope of this formation can be large or small, the smaller the scope, the stronger the power!

After the formation is expanded.

A small area in the front is slightly distorted, as if looking at the rear view through a hot flame.

"Grow up for me now."

"The system, activate the function of 'formation self-regeneration', and the goal is 'desperate prince formation'!"

Su Lang locked onto the large array in front with his divine mind, and for the first time activated the array self-regeneration function.

Suddenly!

A mysterious force appeared out of thin air, integrated into the front formation.

For an instant.

Su Lang felt that the formation was alive, and he began to constantly improve himself, evolving towards a higher level!

[Chapter 2743: Daily practice and empowerment](#)

The speed of this evolution is very, very fast!

Su Lang can almost see the continuous flickering, twisting, and fusion of each formation with his naked eyes, becoming more and more powerful!

"If you continue at this speed, it is estimated that you will be able to evolve to the level of the eight universes in a few days!"

Su Lang looked excited, and immediately took a look at his storage space and found that all kinds of heaven, material and earth treasures were also rapidly disappearing.

It's just that the speed of the disappearance of the treasures of heaven, material and earth is much slower than the speed of self-regeneration of the formation.

It can be seen that the function of self-regeneration of formation is very efficient and consumes very little!

"I'll go, this self-reproducing function is simply too abnormal!"

"It deserves to be a bonus function of level 20 with the one-key array function!"

Su Lang stroked his chin happily.

Soon.

He began to wait boringly again.

Time passed slowly.

In the boring waiting, the cultivator in the mysterious black space finally accumulated more savings, reaching the point where Su Lang could be promoted to a higher level!

"It's time to break into the Seven Eternal Realm!"

Su Lang's loose eyes condensed slightly, revealing a touch of excitement, "System, activate the Crystal Wall universe function, I want to break through!"

With a thought, the system function is activated!

Suddenly.

Numerous cultivation bases poured into Su Lang's body, mixed with Time Dao, and then merged into the crystal wall world locked in by his spirit!

quickly!

These crystal wall worlds have become crystal wall universes that can produce the power of the universe!

The qualitative change from the first crystal wall world to the 100 million crystal wall world qualitative change is just in an instant!

Time continues to pass.

A powerful aura burst out of Su Lang's body, sweeping across all directions, stirring the entire Doudu universe!

In this mighty breakthrough fluctuation.

The number of his crystal wall universe has been soaring from more than five thousand five hundred! quickly!

Crossed the threshold of the eight thousand gai crystal wall universe, and continued to advance, and finally stopped at nine thousand one hundred gai!

So far.

The repair is completely consumed!

"Nine thousand one hundred crystal walls!"

"Although the people in the Eight Universes are only early characters, my strength has already leaped to a higher level!"

"System, call up my attribute panel!"

Su Lang thought, and a light curtain appeared in front of him.

[Name]: Su Lang

[Race]: Human race

[Qualification Level]: Turbidity

[Realm level]: Seven Eternal

[Attack level]: Eight Eternity

[Defensive Level]: Eight Eternity

[Shenfa level]: Eight Eternity

[Endurance Level]: Eight Eternity

[Spirit Level]: Realm of Huanni

[Mastering the exercises]: "Unlimited Liyu Juntian Chaos Sutra", "Ten Thousand Laws Return to One · Infinite Profound Meaning" (Eternal Grade, Super Yi)

[Activated system functions]: One-key practice function (level 56), one-key martial arts function (level 56), one-key clone function (level 55), one-key treasure hunting function (level 55), one-key alchemy function (21-level), one-key mixer function (21-level), one-key refining function (21-level), one-key synthesis function (21-level), one-key initiation function (30-level), one-key enhancement function (15-level), One-key decomposition function (no level)

"Daily combat power is already at the normal eight-plane level."

"And it must have reached the intermediate level, but it has not yet reached the level of a plus."

"After using various weapons and secret techniques, you will definitely be stronger, and it will be easier to reach the top level of the Eight Eternal Realm!"

"In addition, the various upgraded system functions seem to be pleasing to the eye!"

"Hehe, so happy!"

The corner of Su Lang's mouth outlines a satisfied smile.

Just then the one-key empowerment function was refreshed, and he immediately sent Chu Xiaobei and others, Xiu Ning, Yu Yangli and others in anxious manner, and began to empower!

Before that, he would empower his subordinates every day.

One time was one thousand or two hundred times, and it didn't take long before everyone under his command received the super-easy proficiency eternal technique empowered by Su Lang!

This makes the combat power of the subordinates become stronger and more loyal!

After giving people daily empowerment.

Su Lang fell into a boring practice again.

But if he can continue to cultivate so peacefully, then he will be very happy!

just.

Before long, there was a bad news from below.

[Chapter 2744: Invasion of the Yilong universe](#)

"what?"

"Is there an eternal powerhouse outside the Doudu universe who has entered our territory?"

"Those external eternal powerhouses are mostly different kinds of eternal dragons, and eternal dragon veins?"

"Hehe, it seems that the people from the Yilong universe are here."

"Yes, after all, the two universes are adjacent to each other. Even if there are a large number of universes separated by white realms, there is a border."

"Perhaps, the Yilong Universe has already known about the existence of the Doudu Universe, but it has been pressed and not sent. Now that we know that the Doudu Universe has changed, we send someone to check it out."

"If there is a chance, they will occupy Doudu Zhouyu without hesitation!"

"..."

Su Lang looked at the jade plaque in his hand with a sneer in his eyes.

Not to mention that he has now been promoted to the Seven Eternal Realm, deducing the source secrets of various exercises.

Even with the previous combat power, I would not be afraid of the Yilong universe!

The big deal is that the soldiers come to cover the water and the earth, fight to support the war, to kill to stop the killing!

"It depends on what choice you will make."

"If the person is not good, don't blame me for being merciless!"

While thinking about it, Su Lang used the jade card of transmission to distribute the order, let people come to negotiate, and closely monitored the people in the Yilong universe.

but.

Not long after this order was given, Xiu Ning personally brought bad news.

"Friend Su Lang!"

Xiu Ning fell from mid-air to the opposite platform and saluted Su Lang.

Since following Su Lang's continuous battle, she has completely worshipped Su Lang, and has become more respectful. Su Lang can do anything to her.

of course.

Su Lang did not do whatever he wanted to her for the time being.

"sit!"

"What made you go there for yourself?"

"You should be preparing for a breakthrough now."

Su Lang pointed to the jade futon in front of Auji and asked with a smile.

"We negotiated with the people of Yilong Universe."

"Although they retreat on the surface, they are constantly infiltrating our natural universe in secret!"

"I don't know where their information came from, and they are very familiar with many areas of our Doudu universe, and now I don't know how many hidden children have been inserted!"

Xiuning said solemnly, "At this moment, the matter is very important, I can't make a decision, please give instructions from the leader."

"Yilong Universe is really bad-hearted."

"In that case, let's give them some color to see!"

The corner of Su Lang's mouth curled, and he smiled coldly, "It just so happens that I am very short of the origin of the universe and all kinds of heaven and earth treasures!"

"Yes!"

"I will summon eternal members!"

Xiu Ning nodded heavily, and immediately took out the jade card of transmission to write the order, and after showing it to Su Lang, he sent it out!

This order has just arrived.

Suddenly, the eternal warriors of the entire Doudu universe began to act.

Now there are nearly 180,000 eternal warriors in the Doudu Alliance!

The extra eternal warriors were all spawned by Su Lang using the empowerment function, just like the mass production of too junior powerhouses in the boundless world.

Anyway, you only need to initiate the time avenue, and nothing else!

For countless years in Doudu Zhouyu, I don't know how many half-step eternal warriors, many of them are on the verge of a breakthrough, it's just a time when the road is close.

Su Lang complemented the time avenue for it, and they would naturally break through.

These newly promoted eternal warriors, although they don't have much combat power.

However, it is still possible to serve as a liaison, spy, or clerks in the major areas of the Doudu universe. of course.

There are not many low-level eternal powers sent out, and even those sent out will only be sent to the nearby universe.

after all.

Su Lang's more than 10,000 Hundred Shadow clones are not a display!

Each of these more than 6,000 clones has a combat power that is infinitely close to the Eight Eternal Realm, and its mobility is countless times stronger than the ordinary Eternal!

at this time.

The order sent by Xiuning was to return all the eternal warriors dispatched abroad.

Soon.

So it was Su Lang's turn to take action!

"Baiying clone, show it to me!"

Su Lang thought, a large number of Baiying avatars suddenly appeared in the Doudu Zhouyu natural universe where he had been.

When he was encircling the secret agent of Suiyu Yuzhou Domain before, his footsteps had almost reached the entire Doudu Domain.

Sending the avatar over now is just a matter of thought!

Just when Su Lang dispatched a clone.

[Chapter 2745: Blood-haired man and the ancestor of Yilong](#)

In the Doudu universe.

Somewhere in the natural universe closer to Doudu universe.

The mysterious blood-haired man hides in the void, and no one can find him.

The reason why the people from the Yilong universe suddenly appeared in the Doudu universe was naturally his handwriting.

In the Yilong universe.

With the power of one person, he conquered the entire Yilong universe, and beat fear.

Immediately, he lured him to profit, assuming that his deity was the strongest of the Nine Eternal Realm, made various promises, and also promised to lead the Eight Eternal Dragon Ancestors of the Yilong Universe to search the page of eternal life together!

then.

Under the leadership of the Eternal Dragon Ancestor of the Eight Universes, the entire Yilong Universe is fully devoted to the blood-haired man!

at this time.

The eternal ancestor dragon of the eight universes led the eternal strong in the clan, together with the old eternal strong of blood-haired men, began to weave a net of siege against Su Lang!

Each and every eternal powerhouse is like a virus, madly invading Doudu Universe, which is much stronger than the invasion of Yuzhou Universe in the past!

Relying on the map of the universe.

The road to round-up made by the blood-haired man is very tight and perfect.

If Su Lang wants to escape, he will be able to stop him immediately!

"The net of siege has been shed."

"Su Lang must have also known the news."

"But with his combat power, he probably won't be too jealous of the Yilong universe, he won't choose to escape, but choose to fight!"

"So, he must still be in the Doudu universe now!"

"..."

There was a chill in the blood-haired man's eyes, even if he was about to call the ancestor of Yilong, he went to Doudu universe

——The so-called net of siege is just to prevent Su Lang from falling off just in case.

Only he and the ancestor of Yilong are the ones who have to face Su Lang.

But at this moment!

A message suddenly appeared in his transmission treasure.

The transmission of the Treasure Tool was very dynamic, and a trace of blue electricity broke out directly, reminding the blood-haired man of important news!

"Ok?"

"This is the most urgent way for my guards to show up. What happened!"

"..."

The blood-haired man's expression changed, his movements stagnated, and his brows slightly frowned.

He picked up the communication treasure that not only bursts with blue current, and poured the power of the universe.

Suddenly.

A picture is condensed.

"the host!"

"The subordinate encounters the mysterious seven eternal powerhouse, this person has almost reached the level of the eight cosmos, and the subordinate can't hold it!"

"Ah, the blood spirit broke out! I fought with you!"

"..."

In the picture, a frightened look of the eternal blue-haired man of the Seven Universes said anxiously, and he could see that there was a barrier about to break in front of him.

suddenly!

The barrier is broken!

The green-haired man showed a decisive expression, and he happily performed a self-harming secret technique, and his whole body suddenly exploded!

but.

The next moment.

A white sword light occupies all of his vision.

Immediately afterwards, the blood-haired man saw his guard pierced by sword light and died directly!

"Damn it!"

"Then Su Lang has such a powerful subordinate!?"

"Moreover, I happened to be bumped into by my guard!?"

"Besides Su Lang, in Doudu Zhouyu, is there really such a powerful person?"

The blood-haired man did not see the appearance of Su Lang's avatar from the transmission projection, only saw a figure shrouded in bright light.

Separated from a large number of natural universes, he couldn't develop his spiritual thoughts to investigate only by relying on the transmission treasure.

at this time.

The sudden accident brought the blood-haired man's actions to a halt.

He took the jade card of transmission and sent orders to the subordinates in the universe near the guard to investigate.

As for himself, he set off again to the Doudu Universe.

He is fast!

The ancestor of Yilong lurking forward from other directions is also fast.

The two have entered the Doudu universe in just a few breaths!

On the platform.

"Seven Eternal Realm Warriors!"

"And it's a very strong kind!"

"The key point is that the one killed by the clone just now has no dragon veins on his body, and the exercises he practiced obviously have nothing to do with the dragon clan!"

"Could it be that this is just one case?"

Through the sharing of perception, Su Lang carefully observed the blood-haired man's guard, a trace of doubt arose in his eyes.

[Chapter 2746: Just try the new secret technique](#)

at this time.

Another clone found an eternal powerhouse lurking in, obviously not from the dragon race.

Take a look at the properties panel.

Good guy, the same exercises practiced by the green-haired man I killed before!

"It seems that this is someone from another force!"

"Yilong universe unexpectedly united with the rest of the universe and launched an invasion against me?"

"That is to say, I want to buy and face, not just one Eight Universe powerhouse, but two, or more?"

"However, it doesn't matter, as long as these two people are not all powerful at the top level of the Eight Universes, they are completely worthwhile."

"Take another 10,000 steps, even if the opponent is the top level powerhouse of the two eight universes, I can completely fight one!"

"..."

Su Lang thought about this, and looked down the opposite platform, where all the eternal powerhouses had gathered!

See Su Lang look over.

Everyone bowed their heads respectfully and bowed down together.

"Everyone!"

"Another invaded our Doudu universe."

"As everyone knows, in fact, our Doudu Universe can't last for many years."

A smile was drawn at the corner of Su Lang's mouth, "Now they are coming in, we are just in time to kill them and move ourselves a nest!"

"Leader Shenwei is invincible!"

"Any intruder will be killed by the lord!"

"Some mayflies are just a little bit. Your lord will take action. It's easy to destroy them!"

"I am waiting to follow the lord, fight against the power of the eight cosmos, and seize the high-level cosmic domain for my own use!"

"..."

An eternal strong man is full of fighting spirit, his expression is excited and impassioned.

Those who have personally experienced the killing of the old ancestor Si Kou Yun can't wait and are eager to try!

"it is good!"

"Now, everyone returns in order!"

Su Lang waved his right hand as he spoke, and the Life Universe Channel and the Infinite Space appeared simultaneously!

The Boundless number at this time has been upgraded again!

Even when no one has settled in now, they have the aura of the intermediate level of the Eight Universes, and the early stage of the Eight Universes is more than enough!

"His--! The Infinite has become stronger!"

"Eight Eternal Realm, that is the eternal emperor soldier of the Eternal Eternal Realm!"

"My lord's method is really against the sky. In such a short period of time, he not only repaired the Infinite, but also promoted it to the Eight Eternal Realm!"

"Hahahaha, it seems that this battle will be easier than we thought!"

"I really want to see what the intruders look like when they see the Infinity!"

"Don't talk nonsense, hurry up to the Infinity, hey, I'm the 33rd,572nd!"

"I envy you seniors, I can only be a substitute."

"..."

A series of eternal powerhouses were excitedly discussing works, turning into streamers one after another, entering their corresponding parts of Infinity.

There are more than 70,000 weaker eternal warriors who have entered Su Lang's life universe and become substitutes.

In a flash.

The sea of people under the platform has become empty.

However, the aura of the Boundless Ship became stronger and stronger, and it had reached the advanced level of the Eight Universes!

This is still in the case that Su Lang clones are all outside and not stationed in the Infinity, otherwise, it will be stronger!

Immediately after.

Su Lang drove the Boundless Ship, took one step, and instantly appeared in a lifeless desert in Doudu Universe.

Just then.

Two extremely slight temporal and spatial fluctuations came from a distance.

One of them is so slight that it can hardly be found.

If it hadn't been for Su Lang to control the Infinity at this time, and the combat power surged, it would really be possible to ignore the past.

"Are you here?"

"Hehe, just try my new secret technique!"

Su Lang looked into the distance, a sneer was drawn at the corner of his mouth, and the breath of Infinity was like a tsunami, announcing his existence unscrupulously.

The sky millions of light years away.

"This kind of fluctuation is that humanoid weapon!"

"Huh, it really is still in the Doudu universe."

"He didn't even conceal himself and didn't move. It seems that he was waiting for me!"

"Killing a Si Kouyun, you think you are terrific? Really ridiculous!"

"..."

The blood-haired man hurried to the place where Su Lang was under the guidance of Tongyu Mizuo Orb!

[Chapter 2747: No, your future is full of darkness](#)

Another direction.

A 10,000-meter-long gray dragon is also constantly traveling through time and space, rushing towards the round agreed with the blood-haired man.

The gray dragon head has a dragon horn knot, and countless dragon bristles are like a peerless sword, constantly cutting through time and space in the action of the dragon!

How fast is the speed of the Eight Eternal Realm!

In a blink of an eye!

One person and one dragon appeared in the vast and boundless desert, and saw the boundless ship standing upright in the sky with two feet in the desert!

As soon as I saw the Boundless.

The blood-haired man and the ancestor of Yilong were shocked!

"what!"

"This humanoid weapon has reached the advanced level of the Eight Universes?"

"How is this possible? In the previous battle, this weapon was obviously damaged!"

"How can it be repaired in such a short time and so many and so heavy injuries?"

"..."

The blood-haired man shrank his pupils slightly, his expression a little gloomy.

"Master!"

"The Lord of Doudu is stronger than we expected!"

The ancestor of Yilong had never seen the scene of Su Lang driving the Infinite to fight Si Kouyun, and smiled, "With your power, you can easily kill it and take the page of eternal life!"

In his opinion.

Even if Su Lang's Boundless Number is the eternal high-level of the Eight Universes, under the joint hands of him and the blood-haired man, it is not enough to see.

Because he alone is an eternal high-level powerhouse in the eight universes!

"Humph."

"What you said is true."

"No matter what method he uses to quickly repair the weapon, with his current strength, it is impossible to be our opponent!"

The blood-haired man nodded slightly, his body moved, and flew further towards the Infinity, the ancestor of Yilong quickly followed.

at the same time.

Su Lang was also looking at the blood-haired man and the ancestor of Yilong, and called up the opponent's attribute panel.

The blood-haired man is named Shang Quhan, an eternal powerhouse at the top level of the Eight Universes, who has mastered a variety of eternal secrets of founding proficiency.

The ancestor of Yilong was named Yi Nanzhuo, an eternal powerhouse of the eight universes, and also a senior powerhouse.

These two are much stronger than Si Kou Yun!

The two combined, it was a powerful combination, so Su Lang did not dare to despise it.

In the boundless number.

An eternal strong man also showed a solemn and resolute expression, and he had already made preparations to give his life.

at this time.

Shang Quhan and Yi Nanzhuo had already arrived not far ahead, and had almost entered Su Lang's attack range.

"The Lord Su Lang is in front of you?"

Shang Quhan didn't do anything immediately, but arched his hands slightly and said.

"Without further ado."

"The two of you, with a large group of people invaded my Doudu universe, and even sneaked into Doudu universe. I don't believe you have good intentions."

Su Lang's indifferent voice came from the mouth of the boundless horn, shaking nearby hundreds of thousands of light years!

Fortunately, there is a desert around, and there are no creatures far away, so there is no need to worry about killing innocent people.

"Humph!"

"Su Lang, with your superior combat power in the Eight Eternal Realm, you dare to talk to Shang Qu Hanzhu like this?"

"I tell you, Shang Qu Han Lord is the clone of the eternal power of the Nine Universes. If you dare to resist, ten lives are not enough for you to die!"

"Now Shang Qu Han Lord is willing to give you a chance to surrender!"

"As long as you hand over the page of eternal life and surrender to the Lord, you will not only survive, but also live better!"

"At that time, the eternal realm of the nine universes will not be a dream, and there will be a greater chance of getting the page of eternal life, detaching from the endless universe, and truly immortal!"

"Look at me, it's an example. Following Shang Quhan, my future is full of hope!"

Yi Nanzhuo gave a cold snort, belittled and warned Su Lang, then smiled again and persuaded Su Lang to surrender.

however.

"Ok!?"

"Do you think that following Shang Quhan, the future is full of hope?"

"Then you are so wrong, your future has completely fallen into darkness!"

Su Lang raised his eyebrows, and his voice of disdain spread throughout the desert, "Because Shang Quhan must die, unless the deity of the Nine Universes comes!"

Secretly.

He is ready for the dead clone.

These surrogate avatars are scattered in Suiyou, Doudu universe, and the middle universe of Yilong universe where Yu Yangli had been.

Even if the Nine Eternal Powers really come over, he will trigger death substitution, and there is no loss.

"Su Lang!"

"Don't be ignorant of praise, don't know what to do!"

"Now you don't eat this glass of toast. When the fine wine is poured, you won't have time to cry!"

Yi Nanzhuo's complexion was stagnant, and a flame of anger rose in his eyes, burning.

[Chapter 2748: I can show you insight](#)

"Humph."

"Su Lang."

"Are you sure you want to fight me to death?"

"You have to know, not only are you not my opponent, you can't even escape!"

Shang Quhan raised his chin coldly and proudly, "Because my eternal army has blocked all your escape routes!"

This statement came out.

Yi Nanzhuo also sneered.

however.

"Eternal Army?"

"Just your few dozen Seven Eternal Warriors?"

Su Lang raised his eyebrows and smiled faintly: "I can show you what is meant by the real eternal army!"

During this time of preparation.

His clone is not idle, he has been searching for the Yilong Universe Army that invaded Doudu Universe Region.

In order to prevent the enemy from being scared away, except for the first one to be killed by him, the rest were discovered but not immediately killed.

And this time.

The clones have discovered the Yilong universe martial artist and Shang Quhan's subordinates who formed the encirclement.

And, always monitor the stronger eternal warriors.

Su Lang's clone can be executed at any time for all the seven, six, and five subordinates controlled by Shang Quhan.

at this time.

Listen to Su Lang finish.

"I know you have a few strong Seven Universe Eternal Warriors, but it's limited to those few."

A cold light flashed in the cold eyes of Shang Qu, and a trace of impatience appeared on his face: "Even if the number of remaining eternal warriors is enough, they are all low-level ants."

"Not bad!"

"What kind of eternal army can you dare to call some trivial waste?"

Yi Nanzhuo said with a sneer.

"Ah!"

"The frog at the bottom of the well, alone and lonely!"

"Now, let you see the real sky!"

Su Lang smiled and shook his head, and immediately waved his right hand, his heart moved, and gave the clones an order to do it.

However, the avatars of Su Lang are far away in the rest of the natural universe, and movement cannot be transmitted here.

and.

The flow of time in the middle-lower universe is much slower, and you have to wait a while to see the results of your hands.

However, Shang Quhan and Yi Nanzhuo thought that Su Lang would summon the army.

It stands to reason that with a wave of the hand, thousands of troops emerged, swords and swords like forests, and the momentum was overwhelming!

however.

After Su Lang waved his hand, there was no response.

The atmosphere suddenly became silent, Shang Quhan and Yi Nanzhuo looked at each other, and the latter burst out laughing.

"Hahaha!"

"Master, this Su Lang summoned a bunch of air!"

Yi Nan laughed presumptuously, "This is his eternal army, the invisible eternal army, it is ridiculous!"

"Tsk tut."

"Don't convene like this."

"You have to let someone hold back for a while, maybe they will hold back a few farts!"

Shang Qu Han tweeted, his face also showed a slight sneer.

however!

at this time!

An urgent message appeared in his transmission treasure, which blew up a large group of blue electric current!

This is exactly the scene caused by the emergency call of his guards!

"what!?"

"It's an urgent message for a guard!"

Shang Quhan was startled, and was about to open the communication treasure to see what was going on.

suddenly!

Boom!

A blue electric current exploded on the transmission treasure again, then the second, the third...

"what happened!!"

"How come my guards sent me emergency summons one after another? Could it be that they were attacked at the same time and are already on the verge of death!?"

A hint of shock flashed in the cold eyes of Shang Qu, and a sense of badness rose in my heart.

This bad feeling.

With more and more urgent communications, it became more intense!

At this time, more than 20 urgent subpoenas have appeared, and more are still appearing!

It should be understood that the number of Seven Universe level subordinates he brought with him is only more than 30!

Seeing Shang Quhan continuously receiving urgent messages, Yi Nanzhuo also understood what was going on, and the whole person couldn't contain himself in horror.

That is Shang Quhan's Seven Eternal Subordinates!

Each one is stronger than the ordinary eternal warrior of the seven universes!

But now, in a very short period of time, one after another emergency calls, or calls for help before death...

[Chapter 2749: The whole army under Shang Quhan's command is annihilated](#)

Does this mean.

The Seven Eternal Powers under Su Lang not only have a large number, but they are also stronger than those under Shang Qu Han, and they are much stronger?

This is incredible!

Who is Shang Quhan? The clone of Nine Universe Power!

His subordinates are actually his deity, nurtured by the eternal power of the Nine Universes.

Who is Su Lang, a genius in a remote cosmic realm, why did he cultivate such a strong and many subordinates!

"how is it?"

"Now you know what the eternal army is?"

Su Lang, who was driving the Infinity, looked down at Shang Quhan and the two faintly, "My army has long regarded your siege nets as prey, and now is the hunting time!"

"Damn it!"

"Where did you come from so many Seven Eternal Warriors?!"

Shang Quhan's expression was dark, it was hard to see the extreme!

At this time, the jade card of his communication was still erupting with blue lightning of emergency communication, telling him that his subordinates were still falling in the attack!

Just then.

Yi Nanzhuo's expression also changed drastically, because he also received a lot of help messages or farewell messages from his subordinates!

These distress messages come quickly and go quickly.

Not long.

There was no more movement in the jade cards of Shang Quhan and Yi Nanzhuo's transmission.

However, their hearts are dripping blood, because they can confirm the life and death of their subordinates through other means.

at this time.

Their army has been destroyed!

Up to the eternal power of the seven universes, down to the indiscriminate three universes and two universes, and even the eternal warriors of the one universe, all have been killed!

"All right!"

"The hunting of the subordinates is over, now it is my turn to hunt you!"

Su Lang clapped his hands, and the Infinity made a synchronized movement. The giant planet-like palms slapped together, making a terrifying roar.

"Smuggle!"

"Who do you think you are? If you kill some of my insignificant subordinates, you think you can beat me!?"

Shang Quhan's eyes were filled with endless killing intent, "I have a lot of subordinates under the Seven Eternals, even the Eight Eternals is not uncommon, you are so brash, extremely ridiculous!"

"Not bad!"

"Su Lang child!"

"These things you do are nothing to the Lord!"

"And you, you have completely offended the Lord, there is no room for change, you are dead!"

"Your subordinates can kill our people in such a short period of time. Surely they have all been sent to the periphery of Doudu Zhouyu?"

"If I see it right, you, the eternal emperor soldier in human form, is a special type that gathers the power of countless powerful people."

"Your subordinates won't come back in a short time, and they will be killed by me when they come back. There is no chance to enter your imperial army."

"So, although you killed me and the Lord's subordinates, you also broke your arm!"

"Just relying on your current high-level combat power in the Eight Universes, it's about the same as mine."

Yi Nanzhuo echoed Shang Quhan while looking at Su Lang coldly and sternly, "What are you using to resist us? It's not ashamed of hunting us!"

Beep it out.

Yi Nan burned out a bad breath and felt much more relaxed in his heart.

After listening to Yi Nanzhuo's analysis, Shang Quhan looked a lot better.

Those subordinates are really nothing to him.

It's just that he hasn't suffered a failure for a long time, when his subordinates are killed, he is naturally angry.

"Su Lang."

"Since you can't cry without seeing the coffin, and you have to be stubborn, then go to death!"

Shang Quhan's eyes were cold, and a slender red knife with a slight curvature appeared out of thin air with a slight pinch in his hand.

This long sword is an eternal emperor soldier of the Eight Universe Realm, an immeasurable source-devouring blade!

Yi Nanzhuo also immediately took out his weapon, a long-handled sword of the Seven Eternal Realm.

[Chapter 2750: Su Lang, where are you holy](#)

"Eight universe level, eternal emperor soldier with energy-absorbing characteristics?"

Su Lang narrowed his eyes and used the weapon recognition function to get a thorough look at Shang Quhan's weapon, and his heart sighed slightly.

As for Yi Nanzhuo's long-handled broadsword, there is nothing to say, it's just an eternal weapon with weak characteristics.

at the same time.

His heart moved!

"Swallow the clone!"

"Xing Cuan Yun He!"

Su Lang directly activates the system functions, except for the dead clone, all other clones are swallowed!

The avatar and the twin avatars merged with each other to form a avatar with stars and clouds.

The number and combat power of these Xing Cuanyun combined clones are the best ratios that Su Lang has obtained after many attempts, which can maximize the combat power of the Infinite!

now.

Swallowing clone and Xing Cuanyun are over!

Su Lang's own strength directly skyrocketed to the advanced level of Eight Zhou!

In addition, an eight-planet-class star Cuanyunhe clone was stationed on the Infinity, pushing it to the peak of the eight-planet!

In a flash.

The breath of Wuyin skyrocketed, and the breath that accidentally leaked made the entire Doudu continent tremble!

And this sudden change.

It also made the two of Shang Quhan look drastically changed!

"what!"

"Eight Universe Peak Level!"

"How can Su Lang burst out with such a powerful force, this is already approaching the level of the Nine Eternal Realm!"

Shang Quhan's eyes widened, and he looked at Infinity with some gaping mouths.

Even with his insights, it was a bit horrified. After all, Su Lang's Boundless Ship surpassed the top level directly from the advanced level and reached the peak state of the eight universes, which can be said to be infinitely close to the level of the nine universes!

The gap between the Eight Eternal Realms is very, very big!

Crossing two small realms one after another, not no one can do it, but Shang Quhan's deity is rarely seen.

Even Shang Quhan was shocked.

Yi Nanzhuo was even more shocked!

"This this this!"

"how can that be!"

"How could he become so strong, this aura is more terrifying than Master Shang Quhan!"

"..."

Yi Nanzhuo was dumbfounded, looking up at the boundless number that casts a sky full of shadows, and his whole body was trembling slightly!

at this time.

Even more frightening things happened!

I saw streamers flying out of the Infinity.

One pure white sword fell into the right hand of Infinity, and the other golden sword fell into the left hand of Infinity.

A long glazed sword is suspended on the left waist of the Infinity, and a round black shield revolves around the Infinity.

More weapons fell behind the Infinity, turning into a gourd wrapped in eight black jade chains, just like a colorful giant tree supporting the universe!

With the addition of these seven weapons.

Wuyin exudes a more majestic and fierce aura, making Shang Quhan and Yi Nanzhuo's expressions changed again!

"Eight Eternal Realm Weapon!"

"All are the weapons of the Eight Eternal Realm!"

"A total of seven different types of eternal weapons of the Eight Universes, plus this eternal emperor soldier in human form, a total of eight!"

"What is Su Lang's background? How could he have so many eternal emperor soldiers of the Eight Eternity!"

"..."

Stormy waves rose in Yi Nanzhuo's heart, and his whole body even trembled slightly.

He realized that he and Shang Quhan seemed to have hit the iron plate!

Shang Quhan also felt this way.

The Eight Eternal Emperor Soldier, as the clone cultivated by the Nine Eternal Dedication, only possessed one.

But Su Lang owns eight!

This gap is simply staggering!

"Su Lang, where are you holy!"

"Could it be that you are also a clone of a certain Nine Universe Eternal Senior!?"

Shang Quhan's body tightened and his expression was extremely solemn, "If so, this is a misunderstanding. Maybe your deity and mine are acquainted, so why not just let it go?"

The more he thought, the more he felt that his guess was correct.
