

## One Click 2771

### [Chapter 2771: Uninvited by Gu Jun](#)

There were six people in total.

All wore gorgeous robes.

On robes of different colors, the patterns are basically the same, with only subtle differences.

"Are these people?"

Su Lang raised his eyebrows, "A person sent by the deity of Shang Quhan?"

But he immediately denied this speculation.

Because the comer is no stronger than Shang Quhan.

Among them is only one of the top masters of the Eight Universes, and the rest are ordinary Eight Universe level martial artists.

This lineup looks good, but it is too weak to target Su Lang.

at this time.

This group of uninvited eternal warriors also discovered Su Lang's clone.

"That's... an eternal warrior of the eight universe's advanced level!"

"How can there be such a powerful eternal warrior here?"

"It's Su Lang! He is exactly the same as the intelligence portrait given to us by Lord Gu Jun."

"No, isn't Su Lang in Doudu Universe? Although it is close to Doudu Universe, there is still a way to go!"

"I also don't think it's right. Isn't Su Lang the top level of the Eight Zhous? This person is only a high-level inheritance of the Eight Zhous."

"He has already discovered us. This person is not Su Lang and he must be closely related to Su Lang. Otherwise, he won't be here. Let's go up and see him."

"..."

The group of six people had some discussion, with doubts in their hearts, they flew directly towards Su Lang's clone.

at the same time.

Su Lang has used Perfect Bend to control this clone and opened the six-person attribute panel.

This look.

Su Lang's expression suddenly moved, and he found that the techniques these people mastered were somewhat familiar.

Take a closer look.

Isn't it some of the techniques in the inheritance of Emperor Gujun Zhou?

"It's from Emperor Gujun Zhou!"

"How come it was his people? I thought it would be a spy sent by Shang Quhan."

"However, it cannot be denied that this group of people has nothing to do with Shang Quhan's deity."

"Well, let's get in touch first, let's talk about the situation."

Su Lang thought so, and controlled the clone to stay in place, waiting for the opponent to come over.

He is very relaxed, anyway, the strongest on the opposite side is no better than Shang Quhan, and he can kill them all with a few moves. There is nothing to be nervous about.

In a blink of an eye.

The six people under Gu Jun came to Su Lang's clone.

"Under Li Hong, I have met fellow Taoists."

"Come uninvited, I hope fellow Taoists will forgive me."

The leading eternal warrior of the Eight Universes said politely, and the other five people also saluted.

Pretty polite...

Su Lang muttered in his heart, and said, "You are from Emperor Gujun Zhou, what are you doing in my area?"

"what!?"

"Do you know who we are?"

"This! Fellow Daoist is right, we are indeed under Lord Gujun's command."

"..."

Li Hong and the others were a little surprised. They knew their origins before they signed up?

Seeing this, Su Lang smiled and said nothing.

"Since fellow Daoist knows our identity, we also know Lord Gujun."

Li Hong regained his expression in a blink of an eye and said with a smile, "Then it will be straightforward. We are here for the inheritor of Lord Gu Jun."

"Master Gu Jun's inheritor, Yu Yangli, have you ever heard of it?"

Another white-haired old man arched his hands and asked.

They already knew that among Su Lang's secret skills, there were similarities with the secret skills of Emperor Gujun Zhou.

In other words, Su Lang and Yu Yangli must have contact.

If Su Lang denies it, then it can basically be certain that Su Lang is already detrimental to Yang Li, probably killing people and winning treasures.

but.

Su Lang's answer made everyone sigh of relief.

"Yu Yangli!"

Su Lang's expression remained unchanged, and he smiled faintly, "I do know that we have a very good relationship."

"Can we see Yu Yangli!"

Li Hong said immediately, not to mention the others, it is the most important to see Yu Yang's true talent.

'It seems that my pretending to be the inheritor of Gujun is going to be revealed, but it's not a big deal.'

Su Lang thought so in his heart, and said verbally, "I have nothing to do, I have said it, I have a good relationship with him."

Talking.

Under the gaze of Li Hong and others.

Su Lang waved his hand, and a Baiying clone appeared next to him.

This scene shocked Li Hong and others!

Just now, another 'Su Lang' appeared. Although his strength was a little weaker, he could be considered a clone, but he was also at the eighth level!

Soon.

An even more shocking thing happened to Li Hong and others.

[Chapter 2772: What happened](#)

See you.

Baiying's clone will be released from Yangli's life universe, and then disappear.

Only a pink figure is left, the key is that this is a man!

"Ah this!"

"This is Fellow Yu Yangli?"

"No way, how can you dress like this? What is going on here?"

"Why is it so masculine, but you have to wear a pink dress!"

"..."

Li Hong and others were horrified, and they almost doubted whether Yu Yangli was a person who liked Longyang!

"cough!"

"Friends of Taoism, it's not what you think."

Yu Yangli already knew the identity of the visitor, coughed lightly, and said, "I don't wear pink clothes, but macho clothes. This is the core of the macho spirit. I can't say a few words."

"Macho?"

"Spiritual core?"

"Macho clothes? Isn't this just pink?"

"..."

Li Hong and the others looked at each other with dumbfounded expressions.

If it weren't for the information about Yu Yangli in their hands to confirm that the person was right, they would have doubted whether the other party was pretending.

"Everyone."

"Close to the subject."

Su Lang looked calm and asked faintly, "Emperor Gujun Zhou asked you to come, what is the matter?"

This statement came out.

Everyone immediately returned to the right track.

"Ming people don't talk secretly."

"Friend Su Lang, we got some news about you. Your Excellency seems to have some secret techniques related to the inheritance of Lord Gu Jun."

"Your Excellency and Yu Yangli have a good relationship with Daoist friend, have you obtained the secret technique from Yu Yangli?"

Li Hong looked straight, and said seriously.

The other five people also have solemn expressions.

As soon as this remark came out, it was Yu Yangli's turn to be stunned!

"what? What!"

"What are you talking about!"

"Senior Brother Su Lang is the direct disciple of Master Gujun!"

"The secret method he mastered was naturally handed down by Master Gujun himself. How could it be possible to get it from me?"

"You don't even know the identity of Senior Brother Su Lang, I really doubt whether you people belong to Master Gujun!"

Yu Yangli frowned and said in indignation.

Hear this.

The scene was silent!

Li Hong and the other six people twitched their lips. Look at me and I look at you, with a trace of confusion in their eyes.

What happened to this?

Why did Yu Yangli, the Gujun heir, say that Su Lang is the personal heir of Gujun Zhou Emperor?

Emperor Gu Jun Zhou personally said he didn't know Su Lang!

Could it be!

Yu Yangli was deceived?

But can this kind of thing be cheated?

Whether Su Lang is a personal biography of Emperor Gujun Zhou, as long as Yu Yangli is not a fool, there must be a lot of methods to prove it.

If Su Lang is a counterfeit, it will definitely be dismantled soon!

But now, Su Lang has thoroughly mastered the secret technique, and merged with the other secret techniques to introduce new ones!

This means that time has passed for a long time.

But Yu Yangli still didn't notice anything unusual, how could this be possible?

Thought of this.

Li Hong and others had an illusion: Was Yu Yangli forced to brainwashed by this Su Lang?

at this time.

"Haha!"

"Yu Yang leaves Junior Brother, don't get excited."

Su Lang suddenly said, "There is something that I wanted to tell you a long time ago. Would you like to listen?"

This statement came out.

The eyes of Li Hong and others immediately gathered on Su Lang.

"Brother!"

"You say, I'm listening!"

Yu Yang was not stupid. As soon as Su Lang spoke, he had already guessed something faintly.

"Don't mind."

Su Lang nodded and confessed, "Actually, I'm not the one who handed down the emperor Gujun Zhou, you are!"

Hear this.

Li Hong and the others exchanged glances at each other, very surprised.

Su Lang admitted!

So, how was Yu Yangli deceived?

Yu Yangli's expression was stagnant, and the expression on his face was very complicated.

He once felt extremely angry and jealous because Su Lang was personally passed on, but he was not.

It was Su Lang who moved him with sincerity and let him eliminate the negative emotions in his heart.

Now, he has returned as his disciple personally.

Su Lang is not his brother!

Instead, he felt a sense of loss.

at the same time.

Yu Yangli also understood some things.

[Chapter 2773: Yu Yangli](#)

Su Lang is too strong.

Not only masters the speed of cultivation far beyond imagination, the comprehension of martial arts, but also various incredible methods!

Recall carefully, the secret technique of empowerment, the three secret techniques of pill formation, the technique of unreasonable clone, various combat secret techniques, powerful eternal emperor soldiers, etc...

Which one can be done by Gujun inheritance?

Gujun Seven-character Secret, in front of these methods, is simply scum!

The Seven-character Secret of Gujun is indeed a very important part of the methods that Emperor Gujun Zhou has mastered.

Is Gu Jun a teacher to Su Lang?

It's almost enough for Su Lang to be Gu Jun's teacher!

in fact.

Yu Yangli was aware of these abnormalities a long time ago.

But in absolute trust in Su Lang, he chose not to think about it.

At this time, Su Lang personally admitted that he understood the truth.

"Are you angry?"

Seeing that Yu Yangli could not speak, Su Lang sighed and asked.

"Do not."

"not at all."

"In the beginning, I was going to fight against Brother, and Brother was completely capable of killing me."

Yu Yangli shook his head, "But the brother did not, but instead lied to me and took me in. Perhaps this is a white lie?"

at this time.

"Humph!"

"Su Lang, you pretended to be the descendant of Lord Gujun, and dare to deceive the true descendant!"

"The reason why you didn't act on Yangli is because you are afraid of being Lord Gujun!"

"What kind of lie, Yu Yangli, don't be fooled!"

"..."

Li Hong and others frowned and scolded coldly.

In their opinion, Su Lang is nothing more than a rising star, nothing.

Such a person dared to pretend to be the descendant of Emperor Gujun Zhou, deceive the true descendant and deceive the inheritance, then he must pay the price!

As for Yu Yangli, he must also be punished!

Who told him to leak the inheritance?

Although it was deceived, it was a big mistake!

"Everyone!"

"Please calm down."

"Senior Brother Su Lang's methods are not what you can imagine."

"He even dared to kill the top clone of the eight cosmos cultivated through the Nine Universes Eternal Realm, wouldn't he dare to kill me?"

"It was Senior Brother Su Lang who let me go, and didn't mind my offense, but instead taught me a lot of secret skills!"

"In addition, I did not divulge any inheritance to Senior Brother Su Lang. Senior Brother got everything himself."

"Finally, the most crucial point, Senior Brother Su Lang's secret technique is countless times better than Master Gujun's inheritance!"

Yu Yangli looked at Li Hong and others coldly, spoke quickly, and went back!

'This kid.'

'It's not in vain that I empowered him with all kinds of eternal secrets of founding and supernatural levels.'

Su Lang saw that Yu Yangli struggled with reason, and smiled.

"you you you!"

"Yu Yangli, what kind of medicine did Su Lang give you? You have to speak to him like this!"

"It's ridiculous, extremely ridiculous, Master Gu Jun is a senior Jiu Zhou Eternal, this Su Lang is just a junior, what qualifications can you compare to Master Gu Jun!"

"Yu Yangli, as the personal disciple of Master Gujun, you should understand what you should do and say in your own capacity!"

"Huh, Yu Yangli, you said you didn't reveal the inheritance to Su Lang, how did he get the inheritance? This kind of lie can be said!"

"..."

Li Hong and others were stunned by Yu Yangli, and suddenly became a little angry!

In their eyes, Emperor Gujun Zhou is the strongest.

Su Lang, a guy who hasn't reached the Nine Universes, what's the deal?

And Yu Yangli, as a disciple of the Gujun inheritance, dared to speak for Su Lang, it was really too much to deal with!

"Humph!"

"A group of frogs at the bottom of the well!"

"As you know, I followed Senior Brother Su Lang to kill the lord of the Suiyou universe, the lord of the Yilong universe, and Shang Quhan, the clone of the Nine Eternal Realm!"

"Among them, Shang Quhan has the will of the eternal deity of the nine universes, but he is still killed!"

"Maybe you can't realize the power of Shang Quhan's outbreak at that time."

"In other words, when the six of you go together, you are not an opponent of Senior Brother Su Lang!"

Yu Yangli said with a sneer looking at the angry six Eight Eternal Realms.

"you!"

"You still have a brother on the left and a brother on the right!"

Li Hong stared, gritted his teeth, "Yu Yangli, don't forget your identity!"

[Chapter 2774: My elder brother is not defeated in this life](#)

"Ah!"

"Now it's really not suitable for me to call League Leader Su Lang a senior."

"Because Master Gujun didn't have the ability to teach Su Lang's leader, I call him senior brother, it's belittled."

Yu Yangli finished speaking with a sneer, and saluted Su Lang respectfully.

"What is the leader?"

Su Lang raised his eyebrows, "Brother!"

"yes, Sir!"

Yu Yangli shouted immediately.

"Don't be ashamed!"

"Yu Yangli, you are such a nonsense person!"

"The Nine Universes Eternal Realm has worked hard to cultivate and reached the top level of the Eight Universes, and the will of the deity is in the body. How can you kill it!"

"A bunch of nonsense, just a bunch of nonsense, Yu Yangli, you are too far!"

"..."

Li Hong and the others looked at each other, angrily pointed at Yu Yangli and cursed.

"Hmph, it seems that you are not a frog at the bottom of the well, but a toad at the bottom of the well. You are stupid enough."

"We killed Shang Quhan on the front foot, and you immediately came to investigate on the back foot. Think for yourself, where did you get clues about us!"

Yu Yangli snorted and looked at Li Hong and others, as if looking at a group of pigs.

This statement came out.

Li Hong and the others stared suddenly, and they were speechless.

They think carefully.

It is indeed someone who concealed the initiative to pass this information to their forces.

At this moment, it is not difficult to guess, it is probably instructed by the deity of Shang Quhan!

So, what is the motive and purpose of the deity of Shang Quhan? It's not hard to guess!

"Could it be!!!"

"Su Lang really killed the eternal clone of the Nine Universes, Shang Quhan!"

"His deity investigated Su Lang and learned that Su Lang's secret technique was related to Lord Gujun, so he secretly investigated!"

"The purpose of leaking information about Su Lang to our forces is to attack the relationship between Su Lang and Lord Gu Jun!"

"..."

Li Hong and others' eyes widened and dumbfounded, it was hard to believe their speculation.

But these speculations can indeed support the fact that Su Lang killed Shang Quhan, the eternal and powerful clone of the Nine Universes.

"How!"

"Now you believe it!"

Yu Yangli sneered, "Brother Su Lang's methods are unimaginable for you!"

Li Hong and others couldn't help looking at Su Lang.

This Su Lang, who seems to have only the advanced level of Eight Zhous, is so terrifying! ?

but.

quickly.

Li Hong recovered from the horror, and said coldly, "Su Lang, how about you are very strong? Is it true that the Nine Eternal Realm is so strong?"

"Humph!"

"With the combat power of the Eight Eternal Realm, no matter how strong it is, it cannot be compared with the weakest Nine Eternal Realm!"

"Su Lang, you are indeed very strong, but in front of Master Gujun, you still count nothing!"

The others also snorted coldly, looking at Su Lang with a gloomy face.

"Yu Yangli!"

"You are a direct disciple of Master Gujun!"

"Now that Su Lang killed a clone of the Nine Eternal Powers, he will surely cause disaster!"

"Now you come back to the Frostbite Universe with us, and stay safe first."

"As for how to punish you for what you did, Master Gujun will decide personally!"

Li Hong took a deep breath, and after speaking, looked at Su Lang coldly, "You are trying to seize Master Gujun to inherit the secret technique. Your sin is unforgivable. Come with us!"

"joke!"

"My eldest brother Su Lang is unbeaten in this life!"

"Even if the deity of Shang Quhan came in person, we are not afraid!"

Yu Yangli said resolutely, from the point that Su Lang has been in Doudu Universe, he knew that Su Lang must have the means to ensure safety.

"crazy!"

"Yu Yangli, you are simply a lunatic!"

"How could Master Gu Jun choose someone like you as the inheritor!?"

Li Hong was so annoyed by Yu Yangli that he almost jumped and scolded his mother.

"Yu Yangli!"

"I don't know why you trust Su Lang so blindly."

"But you have to know that the true Nine Universe Eternity is definitely not something you can fight against!"

"Even if Su Lang is at fault, he will be punished if he goes to the Frost Obsidian Universe, but he is very likely to save his life."

"However, if you stay here, you are sitting and waiting to die. When Shang Quhan's deity descends, it is when you die!"

The other warriors under the command of Emperor Gujun Zhou splashed all over, and said that they hated iron but not steel.

[Chapter 2775: Go away, don't let me see you again](#)

"Joke, what a joke!"

Yu Yangli didn't buy it at all, and said sarcastically, "I want to arrest my eldest brother Su Lang, and he said so strangely!"

"you!"

"Yu Yangli, you have to go if you go today, or if you don't go!"

Li Hong was completely angry, and the top-level aura of the Eight Universes burst out directly, sweeping the entire universe!

"No one wants to resist!"

The other five people also entered a state of fighting, and the turbulent fighting spirit and breath swelled crazily.

Although they knew that Su Lang was strong, they didn't see it as believing.

At this time, anger came to the head.

They wanted to see if Su Lang was really as powerful as Yu Yangli said!

"Oh?"

"Are you ready to do it?"

Su Lang, who had rarely spoken all the time, waved his hand indifferently, and a cloud of immense shadow suddenly covered the vast void!

Li Hong and the others became stiff and couldn't help but look up.

As a result, I saw an indomitable humanoid mecha weapon occupying a huge void!

A breath of terror enveloped.

Li Hong and the others only felt that the crisis was coming, and every cell in the body seemed to be screaming frantically, urging them to escape, and run away!

"This is...Weak Nine Universes!!!"

"How is it possible, what kind of weapon is this!!!"

"No, this is not true!"

"..."

Li Hong and the other six were dumbfounded, and there was an uncontrollable panic in their pupils.

They finally understand.

What Yu Yangli said, the six of them are not opponents together, this is the truth!

at this time.

"For the sake of my little brother Yu Yangli."

Su Lang said indifferently, "I won't kill you today, go away, don't let me see you again."

This statement came out.

Li Hong and the others breathed a sigh of relief, feeling like they had recovered their lives from the ghost gate.

"I, let's go now!"

"Many, thank you, I'll retire now!"

"..."

As everyone talked, their bodies had already retreated instinctively and quickly fled into the ripples of time and space.

"Let's go, brother, go back."

Su Lang stood up and waved his hand, and the Wuyin disappeared.

"yes, Sir!"

Yu Yangli respectfully saluted, followed behind Su Lang, disappeared into time and space and returned to Doudu Continent.

The other side.

Li Hong and the other six ran dozens of natural universes in one breath before slowing down.

"I didn't expect that Su Lang actually mastered such a powerful force!"

"Weak Nine Universe Level! It is beyond imagination to master the weak Nine Universe level combat power at the advanced level of the Eight Universes!"

"Huh! What about the weak Nine Universes, it is nothing compared to the real Nine Universes Eternal!"

"Yes, Su Lang is arrogant, deceived Master Gujun's heirs and seized the inheritance, Master Gujun will not let him go!"

"The same is true for Yu Yangli, wouldn't it be better to follow Su Lang so stupidly and follow us to serve Master Gu Jun!"

"Stop talking, it's safe now, let's send the information back first!"

"About the Shang Quhan deity, we can't miss it!"

"..."

The six eternal warriors of the eight universes, you talked about each other, and immediately sorted out the information and sent it back to the Shuang Yao universe.

They continued on their way.

In the frosty universe.

Emperor Gujun is warming up and consolidating his armies of the eternal emperor.

Suddenly.

With a change of expression, he took out a jade card for communication, and a lot of brand-new writing appeared on it.

Sweep the mind.

With a panoramic view of the content, Gu Jun's brows gradually frowned.

"This Su Lang deceived my heir and seized my inheritance secret technique?"

"And this Yu Yangli actually said that I have no qualifications to teach Su Lang?"

"The humanoid eternal emperor soldier, with the aura of the weak Nine Universe?"

"What about the weak Nine Universes? Compared to the real Nine Universes Eternal, the gap is too big."

"Huh, Yu Yangli doesn't know what's good or bad, Su Lang is treacherous and arrogant. They are not kind, so they should be cleaned up!"

The old face of Emperor Gu Jun Zhou was full of unpleasantness, and a cold light flashed in his eyes.

He is rumored to be easy and kind.

But which one can reach the eternal state of the Nine Universes is not killed out of the sea of blood on the corpse mountain! !

### [Chapter 2776: It's impossible to apprentice](#)

Emperor Gu Jun Zhou just did less.

But every time he kills, he is not merciful.

"This Su Lang, lie to my disciple, steal my inheritance!"

"If you treat me respectfully, you can spare his life."

"To drive away the people I sent directly now is to make up my mind to fight against me."

"However, this person is not stupid, dare to be so arrogant, there must be support."

"Give him a soft set first, and if you don't eat it, give him a hard one!"

Emperor Gu Jun thought so, and a chill flashed in his eyes.

Soon.

He immediately gave Li Hong and others an order to return to Doudu Zhouyu and pass a message to Su Lang.

Next.

Related information about Shang Quhan and Shang Quhan deities emerged in his mind.

"Shang Quhan..."

"It should be the clone of Tianqu Zhou Emperor Shang Jiuqu!"

"This guy once killed an eternal powerhouse of the Nine Universes in World War I. It's not a simple thing."

"However, he and Su Lang have an antagonism, and I also want to do something against Su Lang, not an enemy."

"Of course, I'd better find a time to inform Shang Jiuqu, and by the way, I would like to mention his placement of Anzi on my site."

Emperor Gu Jun thought so, and immediately continued to warm up his weapons.

The other side.

"Oh! Lord Gu Jun told me to wait for my return!"

"Then Su Lang is so terrifying, if we appear in front of him again, he might really kill us!"

"It's just a message, there is no need to go out in person, just send a few more subordinates at a lower level!"

"Looking at what Master Gujun meant, he was not very angry, but planned to give Na Su Lang another chance."

"I hope that Su Lang can seize this opportunity, otherwise, the six of us will likely become the vanguard of the opponent."

"Not much to say, send someone quickly!"

"..."

After some tense discussions between Li Hong and others, they each sent some low-level eternal warriors back the same way.

These warriors have treasures given by Li Hong and others, and the speed is not slow.

Moreover, the six Li Hong hadn't gone far.

quickly.

Their subordinates returned to the universe where they had met Su Lang before.

at the same time.

On the platform.

Su Lang is embarking on a treasure hunt for Ancestral Flying, looking for the breath of Li Hong and the six others, to find the territory of Emperor Gujun Zhou.

Gu Jun Zhou Emperor is currently unknown to his friends and enemies, and most likely will become enemies, so it is better to investigate first.

at this time.

The clones he stayed in the outer universe to watch for a hundred years discovered the eternal warriors sent back by Li Hong and others.

These warriors are also very, very careful.

They didn't stay too much, leaving a communication jade card in the void of the universe, which contained what Gu Jun Zhou wanted to say, and then left directly.

"Again?"

"Emperor Gu Jun Zhou probably knows my attitude."

"I don't know what this veteran Jiuzhou Eternal thinks about this matter."

"..."

While thinking about it, Su Lang controlled the clone to read the information.

This look.

Suddenly stunned.

However, the words of Emperor Gu Jun Zhou turned out to be quite polite.

The general idea is that it doesn't matter if he has practiced his inheritance technique, and both parties can become their own!

Of course, the premise is that Su Lang really worships him as a teacher.

If you don't want it, it doesn't matter, as long as you pay the equivalent price and ensure that you never reveal the spreading exercises.

In the end, Emperor Gu Jun Zhou stated that he could not leave the Shuang Yao universe by warming up his newly promoted weapon in a special environment.

Therefore, Su Lang was specially invited to go for an interview.

If Su Lang is unwilling to go to the Frost Yao universe, he can also designate a universe as the place to talk, and Emperor Gu Jun Zhou will send a clone to go.

"Looking at Emperor Gu Jun Zhou's meaning is to resolve the matter peacefully."

"If this matter can be resolved peacefully, it would be fine."

"It's impossible to go to a teacher or something. For his inheritance of techniques, I will give him some equivalent secret techniques, and that's the difference."

"Of course, this is also very likely to be a trap, just to lead me over."

"However, it doesn't matter if it is a trap. I have more than fifty lives, and it is okay to trap more than fifty deadly traps."

Thinking of this, Su Lang sketched a small smile at the corner of his mouth.

[Chapter 2777: This Su Lang is so arrogant](#)

Soon.

He thought of the little brother Yu Yangli again.

"Yu Yangli and Gu Jun Zhou emperor should meet each other."

"After all, he has the inheritance of Gu Jun. This cause and effect is a continuation or a cut, and there must be a result."

Su Lang thought so, even if he made a decision, he saw Emperor Gujun Zhou.

And the meeting place was chosen in the Shuang Yao universe.

Anyway, I'm not afraid of death, it's okay to wave casually.

And if Emperor Gujun Zhou had a bad idea, it would be the same wherever he chooses to meet.

So it's better to choose Shuang Yao Universe!

The hatred is really deepened, and there is no need to find a place for revenge in the future.

After making a decision.

Su Lang immediately replied with five words with the jade card of communication left by the other party

—See you in Shuang Yao Universe!

Immediately after.

He also cancelled the treasure hunt, waiting for Emperor Gujun Zhou's commander to lead the way.

On Li Hong's side, he waited nervously, but he didn't expect to get Su Lang's reply soon.

"That kid Su Lang agreed!"

"How come! He was so arrogant and arrogant before!"

"He chose to meet in the Frost Yao Universe, so crazy? Or did he make up his mind to worship Lord Gujun as a teacher, so he would do so without worrying about safety?"

"It should be the latter. Master Gujun's attitude was unclear before, and Su Lang thinks this matter is difficult to do well, so he is so tough."

"Yes, now Master Gujun has promised to be his master, he immediately clung to him, it is ridiculous!"

"Hey, go, let's go back to pick up Su Lang! Remember to manage his expression later, after all, he is very strong, and is likely to become Master Gu Jun's disciple."

"I see, this person is really out of luck, and Master Gu Jun won't punish him for stealing the inheritance!"

"Tsk tusk, it's too early for you to say this. Who knows Master Gu Jun's true thoughts?"

"Yes, no matter what, go pick up someone first!"

"..."

After some analysis, Li Hong and others expressed their contempt towards Su Lang and sneered.

But if someone else is here, you can smell a lemon.

At first they were envious of Su Lang's ability to cling to Emperor Gujun Zhou.

However, they had no idea that Su Lang had no idea of clinging to it. What kind of Emperor Gujun Zhou was, and he still went to a teacher.

Not long.

Li Hong and others returned to the universe where they had seen Su Lang before.

But there is no one in the universe.

After waiting for a while, Su Lang passed through the barriers of time and space.

"Humph!"

"Also show off!"

"This Su Lang is simply arrogant!"

"Damn it, I'm so angry!"

"..."

Li Hong and the others were very angry, but there was a smile on their faces, and they bowed their hands to Su Lang.

"Ah!"

"Your psychological activities are quite rich!"

Su Lang snorted softly without a smile, and had already seen through Li Hong and others' thoughts with a thief.

"This!"

"No no!"

"Taoist Su Lang is a talented man and has excellent combat power. I will wait and persuade you!"

"Not much to say, Master Gujun is still waiting for us to go back, let's start now!"

"..."

Li Hong and the others were horrified and embarrassed, and quickly showed a flattering smile, and they didn't dare to have any other thoughts in their hearts.

"Let's go."

Su Lang waved his hand faintly, as if speaking to a group of servants.

Li Hong and others didn't dare to neglect, and immediately led the way in front of them, opening up time and space barriers.

And also gave Su Lang a map of the universe with lines.

This can be used as a reference to determine if there are any errors in the path forward.

Next.

Su Lang followed Li Hong and others continuously on the road.

But in fact, this is just a clone of his control.

Su Lang's deity is still cultivating on the platform at this time.

After all, there are many mid- and low-level universes on the road, and it is not a short time to convert to the upper universe.

Isn't it fragrant to use these time for cultivation?

Time passed slowly.

In a blink of an eye.

Several days passed.

Su Lang stayed on the platform to save his cultivation base and had nothing to do.

The daily routine is to infuse Chu Xiaobei and other women, as well as instill the exercises to the subordinates, and then create some new eternal warriors.

[Chapter 2778: Shang Jiuqu Passed on Gujun Zhou Emperor](#)

As for the exercises...the practice is over long ago.

The ten martial arts villains ushered in a rare holiday, one by one stayed motionless in the martial arts pool, as if exhausted and resting.

Another thing worth mentioning is that the "Desperate Eternal Prison Array" further self-regenerates and has actually entered the Nine Eternal Realm!

The real Nine Universe Eternal Realm Formation!

Moreover, you can mobilize the power of the natural universe to maintain your own full-automatic formation!

"The self-regeneration function of this formation is really abnormal."

"However, it consumes a lot of materials, and all the materials it can eat are used up, and the rest are useful."

Su Lang touched the palm of his hand and shook his head with a smile.

But he didn't feel distressed. Anyway, he was in urgent need of materials. It would be better to use the one-click decomposition function.

At this time.

Su Lang's gesture of stroking the formation pan suddenly paused, turning his hands into the storage space.

It turned out that Li Hong and others had entered the rule of Emperor Gujun Zhou.

Dozens of high-level universes are connected to each other, forming intricate natural universe channels.

Just like in the original Yuanming universe, the cosmic space-time port built by Hou Yunge can connect the two natural universes and make traffic smoother.

However, the project under the command of Emperor Gujun Zhou is too huge!

A large number of natural universes are strung together by cosmic time-space channels like beads, and a large number of universes can be passed through a single transmission.

This has changed the status quo that the eternal warrior can only pass through one natural universe at a time, saving a lot of time on the road.

at this time.

Li Hong and the six others took Su Lang's avatar into a prosperous high-level universe.

In this universe, there is a space-time channel directly in front of the Shuang Yao universe.

Just when Li Hong and others took Su Lang to the universe channel.

Their whereabouts.

It happened to be captured by Shang Jiuqu's intelligence network and quickly transmitted back to the Tianqu universe.

"what?"

"Emperor Gujun Zhou's people have brought Su Lang back to the Shuang Yao universe!"

"Five of those six people are only in the Eternal Realm of the Ordinary Eight Universes, and the strongest one is absolutely inferior to my clone."

"So, Su Lang must have followed them voluntarily!"

When Shang Jiuqu looked at the jade card in his hand, his brows gradually frowned, and his heart quickly analyzed:

"So, are all my previous guesses wrong?"

"The relationship between Su Lang and Emperor Gujun Zhou is not what I thought, but a closer relationship!?"

"No, that's not right, Emperor Gujun Zhou is indeed Su Lang who sent people to investigate. He didn't know Su Lang before that!"

"So, now that Su Lang is here, it is estimated that he is going to talk to Emperor Gujun Zhou."

"According to the similarity between their secret techniques, they are likely to become their own!"

"No, if that's the case, it would be difficult for me to kill Su Lang!"

"It's a pity that I didn't get the news in advance, otherwise I can go to intercept!"

"It seems that we can only try to destroy the relationship between Su Lang and Gu Jun."

"It would be even better if Emperor Gu Jun Zhou could catch Su Lang and give it to me directly!"

"There is a secret in Su Lang's body!"

"..."

Thinking of this, Shang Jiuqu immediately began to think of a solution.

But after deliberation.

There is only one way that can probably be achieved, and that is to use profit to sow discords and try to buy off Emperor Gujun Zhou!

"If you want to buy Emperor Gujun Zhou, ordinary treasures will definitely not work."

"Only the pages of eternal life or the equivalent!"

Shang Jiuqu squinted his eyes and smiled, "You can try a cost-free method!"

After making a decision.

Shang Jiuqu immediately began to act.

He wrote a letter in an instant, letting the intelligence network reach the hands of Emperor Gujun Zhou as quickly as possible.

Letter.

Shang Jiuqu first expressed his deep hatred with Su Lang and his determination to kill Su Lang.

Immediately, he expressed his willingness to give a piece of eternal life in exchange for a complete Su Lang.

In the end, he took the initiative to apologize for setting up an intelligence network on Emperor Gujun Zhou's site, and said that he would withdraw the intelligence network.

Shang Jiuqu is not certain that it can be replaced by Su Lang.

But he was confident that Emperor Gujun Zhou would be more interested in Su Lang, or greedy!

#### [Chapter 2779: Arrived in the frosty universe](#)

The words "Eternal Life Remaining Page", the details "The Complete Su Lang", and other words in the letter will lead Emperor Gu Junzhou into thinking.

"Even if Su Lang can't reach my hands."

"In the hands of Emperor Gujun Zhou, you will also encounter great trouble, maybe you will die!"

"Of course, if he gives up everything, he will probably survive, but this is not his character, he even dares to kill my clone."

"..."

Shang Jiuqu thought while waiting for Emperor Gu Jun Zhou's reply.

In the frosty universe.

Emperor Gu Jun Zhou had already learned that his subordinate Li Hong and others had brought Su Lang to his territory.

He is sneering.

Suddenly received a subpoena from another subordinate.

"Ok?"

"Shang Jiuqu's letter!"

"This guy...want to exchange Su Lang?"

"And even willing to pay a broken page of immortality!"

"Although it is a broken page of immortality, it is also a hope of detachment, he is willing to!"

"Huh? His letter seems to have exposed the characteristic of Su Lang's 'very valuable'. Otherwise, just a clone's hatred should not be worth the exchange of the page of eternal life."

"Then, the guy Shang Jiuqu deliberately? Want to lead me to attack Su Lang?"

"Hehe, Su Lang is indeed worth a lot. He does have a secret and it is worth exploring. I originally planned to attract him and concoct it."

"..."

After reading the contents of the letter, Emperor Gujun Zhou showed a sneer and wrote a reply while waving his hand.

It roughly means that you are very interested in this transaction, but you need to think about it.

In addition, let Shang Jiuqu withdraw the intelligence network, and the two will contact directly.

Finish these.

Emperor Gujun Zhou received a message again, and when he saw it, it turned out that Su Lang had arrived in the Shuang Yao universe.

"Ha ha!"

"Finally here, it really made me wait for a while!"

Emperor Gu Junzhou sneered in his heart.

Although he gave Su Lang two choices, one was to apprentice, but to trade, but he would not choose either.

He wants to seize everything from Su Lang, and then behead him, forever!

This is a decision made at the beginning.

After receiving the letter from Shang Jiuqu, he became more determined to kill Su Lang.

but.

Since Shang Jiuqu is also very interested in Su Lang.

Then he searched for Su Lang first, and then traded the 'intact' Su Lang to Shang Jiuqu, to see if he could actually exchange it for an immortal page.

Soon.

Gu Jun's figure flashed, and appeared blankly in the hall of meeting guests.

at the same time.

Su Lang also followed Li Hong and the six others to leave the space-time passage of the universe, skimming the void of the universe, and flew towards the goal.

At this time, Su Lang.

Has been silently replaced by the deity!

quickly.

Under the leadership of Li Hong.

Su Lang came to a super continent that was extremely accommodating.

This continent, like the Doudu continent, is both eternally powerful, using countless planets and continents for casting.

Perhaps, only such a continent can carry the eternal power of the Nine Universes.

Ordinary life planets and continents are just insignificant pellets for the Nine Universe Power.

"This Shuang Yao universe is pretty good."

"It deserves to be the nest of the eternal power of the Nine Universes."

Su Lang unfolded his mind and looked at the various prosperous cultivation civilizations along the way, and nodded slightly.

Seeing this, Li Hong and others on the side felt contemptuous, as if they had seen a dumpling.

however.

They didn't even know that, in the eyes of Su Lang, the cultivation civilization on Frost Yao Continent really only deserved the word 'good'.

Because of the cultivation civilization in Su Lang's body, although the level of combat power is not as good as that, if the number of civilizations is large, it will completely defeat the Frost Yao continent!

Not long.

A huge icy blue tower appeared in Su Lang's divine mind.

Every layer of this huge tower can become a huge life continent when placed in the void of the universe.

On the top of the tower, an incomparably terrifying breath radiated the entire Frost Yao continent!

But this momentum is just grand and magnificent, without pressure.

For the creatures on Frostbite Continent, this actually gave them a deep sense of security.

#### [Chapter 2780: Beyond everyone's expectations](#)

‘Senior Nine Universes Eternal!’

‘This momentum is really amazing!’

Su Lang squinted slightly as he thought, and then a small smile was drawn at the corner of his mouth.

What about Jiuzhou Eternal? Anyway, it can't kill him!

at this time.

"Master Su Lang."

"Lord Gu Jun is waiting for you at the top of the tower, please!"

Li Hong stood on one side, bent slightly, and extended a hand to invite Su Lang to move forward.

The other five people did the same action.

"Ok."

Su Lang nodded and took a leisurely pace.

‘Tsk tusk, you can pretend!’

‘That’s, pretending to be in front of Master Gujun, ridiculous, ridiculous!’

‘...’

Li Hong and others looked at each other, their expressions on the surface remained unchanged, but their hearts were slanderous.

Soon they followed.

quickly.

Su Lang step by step, step by step, came to the top floor in a blink of an eye.

This huge tower has the effect of preventing the prying of divine consciousness.

At this point, Su Lang saw the true face of Emperor Gujun Zhou.

This is an old man with an ordinary face, but his hair is black and shiny, and his eyes are not muddy.

at this time.

He was looking at Su Lang with a smile.

"In Xia Su Lang, I met Senior Gu Jun."

Su Lang raised his hand to hold his fist and said with a smile.

"Sure enough, it shows talent."

"By the way, the old man's weapon has just been promoted, and it is contained in this pool. The old man can't move a single step, so he didn't come to pick you up."

Gu Jun Zhou laughed, and immediately pointed to the looming blue blade in a cloud of water vapor.

'Gu Jun, the old man with such a brilliant smile, didn't he think I would worship him as a teacher?'

Su Lang thought in his heart, and smiled politely on the surface: "It should be, there is no reason for seniors to pick up juniors."

"Boy, very sensible."

"Then, you choose to see me because you want to worship me as a teacher?"

"This is very good. I won't let you lose out with me, at least to ensure that you avoid detours and break through to the Nine Eternal Realm as soon as possible!"

Emperor Gu Jun nodded and laughed, "Even, I can help you find the page of immortality, and ask for that opportunity for detachment!"

Speaking of which.

Emperor Gu Jun Zhou stopped, raised his hand while stroking his long beard, while smilingly waiting for Su Lang to bow.

In his opinion.

The words that Yu Yangli said that he Gu Jun did not have the qualifications to teach Su Lang would only say it because of a momentary struggle of spirit.

Really, the situation should be that after learning that he can worship him Gu Jun as a teacher, he shouted true fragrance!

In addition, Su Lang did not defend himself and chose to meet directly in the Shuang Yao universe. Emperor Gu Jun Zhou was almost determined that Su Lang was here to apprentice!

Except for Emperor Gu Jun Zhou.

Li Hong and others who followed up to the top floor and stood aside also thought so.

however.

Su Lang's words exceeded everyone's expectations!

"This....."

"Senior Gu Jun joked!"

"The junior came this time to complete the deal with the senior."

"As for the inheritance of seniors, juniors have already learned, and there is no way to erase them."

"Therefore, you can only choose to use the remaining techniques of the same value or the heaven, material and earth treasures to exchange."

"After the transaction is completed, the matter is completely closed."

Su Lang looked relaxed, and laughed while shaking his head.

This statement came out.

The scene was suddenly silent, almost silent, and the needle drop could be heard.

Immediately!

"Su Lang!"

"Do you know what you are talking about!"

"Being able to worship Master Gujun as a teacher is an opportunity that many eternal powers dream of. How dare you abandon it like a shoe!!"

"Children Su Lang, you really don't know how to praise, don't know what it is, you don't know what to do, so don't hesitate to kneel down to admit your mistake to Master Gujun!!"

"..."

Li Hong and the others stared, with disbelief in their hearts, and uttered a stern rant!

But Su Lang turned a deaf ear to what they said, just looking at Emperor Gujun Zhou with a smile.

Emperor Gujun Zhou waved his hands at Li Hong and the others, and the latter six immediately closed their mouths.

The atmosphere at the scene fell into extreme silence again!

But Su Lang still smiled without saying a word, not affected by the surrounding environment, not even a trace of pressure.
