[Chapter 2811: This dog is really good at hiding](#)

however.

Facing the blazing killing intent of Wan Qixing and the six others, Su Lang suddenly sneered.

"Ah!"

"Every one of you is no longer young, why are you so naive?"

A faint smile was drawn at the corner of Su Lang's mouth, "I don't even know if I am a clone, just say I'm dead?"

This statement came out.

The gray-robed old man, the young beautiful woman and the middle-aged Big Han were taken aback.

Indeed, the opponent has only a weak Nine Universe level aura, it doesn't look like the deity!

But at this moment.

"Humph!"

"Su Lang, you deceived the other fellow daoists, but you can't deceive us!"

"You old cunning man, what you like most is to hide your cultivation base and pretend to be a pig and eat a tiger!"

"At first you killed my clone, and then you fought with me. Which one was not like this!"

"Finally, if you weren't sent by the deity, how could you chase me so tightly!?"

"Tongding Daoist, fellow Daoists, this Su Lang is telling lies, he wants to wait for an opportunity to escape, don't believe him!"

Shang Jiuqu stood palely from the side, his voice clenched his teeth and said with a powerful voice.

"Not bad!"

"This dog is really good at hiding!"

"Everyone, don't believe his plan, this is his deity!"

Emperor Gu Jun Zhou is also a heavy nod. At first, he did not stop Su Lang carelessly, and finally caused the tragedy of the destruction of the old nest!

Hearing the words of Shang Jiuqu and Gu Jun.

The originally hesitant Emperor Tongding Zhou and others also firmed up their ideas.

They knew that Su Lang was not easy, and it was easier to accept it now.

And the reaction of the seven of them.

It was a little funny in Su Lang's eyes.

He is obviously just a clone!

The other side is waiting, like a big enemy, terribly jealous!

"Tsk tut!"

"You really give people the feeling of being bitten by a snake for ten years and afraid of the ropes!"

The corner of Su Lang's mouth twitched and he said playfully.

"Everyone, stop talking nonsense with him, kill him!"

Shang Jiuqu's eyes are blood-red, and his voice is low, and he said in an angry voice.

"Correct!"

Gu Jun nodded his head heavily, "This person's status is so good, be careful that he escapes!"

"rest assured!"

"When I first came to this universe, I had already started imprisonment!"

"Now the entire natural universe is temporarily banned, and it is impossible to cross the barriers of time and space in a short time!"

The gray-robed old man Tongding Emperor Zhou smiled coldly!

Immediately after.

I saw a cold brilliance flashed through the surrounding time and space.

"Sure enough!"

Wan Qixing felt the time and space around him, trying to shuttle through the barriers of time and space, but found that he could not do it in a short time.

"Haha!"

"I also used time and space barriers."

"This kind of confinement, even I myself can't actively open it in a short time."

The middle-aged man laughed loudly, "Look where this Su Lang child is fleeing this time!"

"This guy is pretty handsome."

The young beautiful woman stroked her lips, smiling charmingly, "After killing, I want his body!"

The crowd seemed to be talking.

In private, they are still using methods to confine the space and time of the natural universe to prevent Su Lang from escaping!

at this time.

"Yo!"

"These imprisonment methods are really good."

Su Lang laughed and clapped his hands, "It's a pity, it's still useless for me."

He can directly take the clone back into the mysterious black space.

Any imprisonment is useless!

"Humph!"

"Death is imminent, still stiff!"

"Everyone, kill him and avenge our dead Wu Xiu!"

Emperor Gu Jun Zhou coldly snorted, pinched in his hand, and the blue thin blade emerged, and countless small threads grew from the blade handle to connect with his arm!

Suddenly.

Man and blade become one!

An extremely powerful aura bloomed from his body, and he reached the intermediate level of the Nine Universes.

"Clang--!"

"Zhengming--!"

"..."

Wanqixing, Song Yuanchen and others sacrificed their weapons one after another, and all kinds of great sounds suddenly sounded crazily.

but.

The movement is quite large, but the quality of the weapons is not very good. They are only the weapons of the Eight Eternal Realm, and at most they are infinitely close to the level of the Nine Realms.

[Chapter 2812: The awkward atmosphere spread](#)

"Just this little strength, huh!"

Su Lang smiled faintly, and shook his head disapprovingly.

"kill!"

Emperor Gujun Zhou unfolded a secret technique, holding a weapon that had been stored for countless years, and slaying Su Lang fiercely!

The other six people, including Shang Jiuqu, all rushed up.

"Do you really think you can stop me?"

"Then let you see how wrong you are!"

Su Lang looked at the people who had been killed, and took back the clone with a sneer.

Suddenly!

The clone appeared directly in the mysterious black space.

Gu Jun Zhou Emperor's attack was the first to fail, and the others were shocked, some of them shifted the direction of their attacks, and some suspended their attacks and switched to defense.

then.

The scene became silent.

because.

Su Lang never appeared again!

They shifted the direction of attack, attacked loneliness, turned offense to defense, and defended loneliness.

Slowly.

An awkward atmosphere spread.

Gu Jun, Shang Jiuqu, Wan Qixing, Song Yuanchen... all looked at each other, their mouths trembling slightly.

"Run... ran away!?"

"Su Lang, just ran away like this?"

"We obviously spent a lot of time arranging imprisonment methods, how could he just run away like this!?"

"..."

Everyone, look at me and I look at you, communicating in an awkward atmosphere, everyone is very unbelievable.

"Fake it, it must be fake!"

The old man Tongding took a breath and suddenly said categorically, "He must have been hiding, anyway, I didn't feel any temporal and spatial fluctuations!"

"But, where can he go? Where can he hide?"

Song Yuanchen frowned and said, "My surveillance supernatural power has not found any clues at all!"

"I'll take a look."

Shang Jiuqu, with a pale face, stood up, and then took out Tongyu to search for the God Pearl.

He hadn't doubted whether Su Lang in front of him was the deity before, so he didn't use Tongyu Divine Orb to confirm.

At this time, I was looking for Su Lang before I took it out.

then.

Under the crowd of the other six people.

Shang Jiuqu took the Tongyu Divine Orb and began to check Su Lang's trail.

As a result, at this look, I was immediately confused!

Because Su Lang was actually in a high-level universe far, far away.

In the absence of a fixed time and space tunnel, it will take a long time to cross with the footsteps of the Nine Eternal Realm.

"This, how is this possible!"

"Su Lang, this guy ran that far again!"

"This is when the natural universe is imprisoned here!"

"..."

Shang Jiuqu's face turned paler, and his hands holding Tongyu Mi's Divine Bead trembled.

See this scene.

Gu Jun, Song Yuanchen, Wan Qixing and others knew that the situation was not good!

"Really?"

"And the one that ran far away!?"

"This, this, such an enemy, how can we fight!?"

"Oh my god, we can't touch him, but he can attack us magically, how are we going to live!"

"..."

Everyone's eyes widened, they looked at each other, and their hearts were a little hairy!

But at this moment!

"The location has changed!!!"

"Su Lang's position has changed!"

Shang Jiuqu suddenly yelled, "His position appears in our natural universe!!!"

The voice did not fall.

Everyone was horrified and confused.

Rumble!

"Everyone."

"Now believe that I can break through your imprisonment at any time."

"However, since you have worked so hard to keep me, then I will play with you."

Accompanied by Su Lang's clear voice.

An extremely terrifying shadow enveloped Shang Jiuqu and others!

"this is--!!"

When the crowd went away, they could see an unimaginable magnificent giant Li standing in the void of the universe.

The size is second, the key to this giant is exuding the high-level aura of the Nine Universe Eternal Realm!

"This, this is...The Boundless Number!!"

"How is it possible, how could this Boundless number become so powerful!"

"The last time I saw this Boundless, it was only capable of entering the Nine Universe Eternal Realm and entering the first level, but now it has reached the advanced level. This is impossible!"

"..."

Shang Jiuqu recognized the behemoth in front of him, his eyes burst out, and his eyes were about to fall out!

[Chapter 2813: It's Su Lang, he's back](#)

In the eternal state.

The gap in the same realm is very large, especially at the level of the Nine Universes.

In the Nine Universes, the first level, the intermediate level, the advanced level, and the top level, almost every level can be regarded as a separate small realm.

As for the Boundless, with such a powerful force, the span during this period is really terrifying!

Shang Jiuqu didn't know.

During the time he was fleeing, Su Lang improved all his weapons again.

Moreover, the avatars and twin avatars that were annihilated by the jade of fate are all reunited.

In the boundless number at this time.

Su Lang swallowed fifty-five avatars and reached the intermediate level of the nine universes.

The avatar and the twin avatars are also conjoined with stars and clouds, forming two intermediate-level clones of the Nine Universes!

Except besides.

There are also 119,997 eternal powerhouses of different levels in the Boundless!

In addition, the Infinite Space itself has no-load status, and it has the power of the middle and lower levels of the Nine Universes.

The combination of various factors has directly advanced its power to the advanced level of the nine universes!

at this time.

The rest of the people also recognized that this was the humanoid weapon in Gujun and Shang Jiuqu's intelligence, Wuyin!

"It's Su Lang, he's back!!"

"Damn, he never wanted to leave, just want us to understand that he can leave at any time!"

"Now, he is going and coming back, he must have a fight with me!"

"This guy's Boundless Number is so powerful, far beyond the description in the intelligence!"

"Fortunately, at this level, if the seven of us work together, we may not have the power to fight!"

"..."

Old Tongding narrowed his golden eyes, and a cold light flashed.

The emperor Fan Mengzhou next to him nodded slightly, agreeing with Tongding's point of view.

The others took a deep breath and moved closer to each other, but there was no immediate sign of fleeing.

Obviously.

They all believe that the seven people on their side are not weak!

"Tsk tut!"

"I didn't even run."

Su Lang clicked the corner of his mouth, looked at Shang Jiuqu, and sneered, "Last time I cut your clone, you are not afraid that even the deity will be folded here this time?"

"Humph!!"

Shang Jiuqu snorted coldly, and just about to refute, he felt an extremely powerful suction acting on him, pulling him up!

Suddenly.

His face was suddenly full of horror.

'This is-the gourd! !'

Shang Jiuqu was never expected, he just snorted coldly, which triggered the magical power of the gourd!
!

and!

This suction is super terrifying!

It has definitely reached the realm of the Nine Universes. Although it has not entered the intermediate level, it is not far away!

But he himself was seriously injured, and his combat power was less than 30%!

"[Jilan·Extinction of Life!]"

"[World Borrowing Method·Lixu]!"

At the time of extreme horror, Shang Jiuqu once again launched the strongest self-harming secret technique in an attempt to break away from the suction of Zijin Gourd!

however.

Su Lang's attack came too suddenly!

Unexpectedly, Shang Jiuqu's reaction was still slow, and his body was almost turned into a thin line by the purple gold gourd suction!

"Save me--!"

The only hope of Shang Jiuqu fell on the rest of the people.

However, he was desperate to find that Gu Jun and the others stared at Su Lang as always, with very alert expressions, as if preparing to fight.

'They don't know that the battle has started! ! ? '

The despair in Shang Jiuqu's heart suddenly burst, flooding his body and mind.

Just then.

"Something's wrong!"

The young beautiful woman Feng Fengzhou emperor frowned suddenly, and a burst of pink-purple light broke out in her eyes.

Soon.

She saw Shang Jiuqu being sucked away, her expression changed drastically, she was shocked!

"Illusion!"

"We are illusionist!"

"Wake up quickly!"

Emperor Feng Di Zhou's pupils shrank suddenly, and he immediately performed a secret technique, "Vanxiang reverse fantasy, Jiuyuan Shengzhi—!!!"

She was originally an eternal powerhouse who was proficient in illusion and turned to the route of illusion, only then could she quickly perceive the illusion of Jing Hua Shui Yue!

at this time.

Various illusions and magical powers are unfolded, and they are in opposition to Jinghuashuiyue!

Jinghua Shuiyue itself was only close to the Intermediate Level of the Nine Universes. Although Su Lang controlled it, the illusion still suffered a little damage.

With this trace of damage, Gu Jun and other scheming, vigilant generations woke up!

[Chapter 2814: Grasp the nine songs of the Shang Dynasty, thorn Fengfeng and Emperor Zhou](#)

"what!"

"We are illusionist!?"

"Damn, what kind of illusion is this, I was hit without realizing it!"

"..."

Everyone was horrified, and immediately afterwards, they saw Emperor Feng Di Zhou was casting a spell to involve a 'thin line' in the distance.

however.

The 'thin line' is still gone!

"hateful!"

"Shang Jiuqu was arrested!"

"At the same time I cast the spell that awakened you, and I want to rescue Shang Jiuqu, it is too late!"

Emperor Feng Dizhou showed upside-down eyebrows, frowning, his eyes were both unwilling and fearful.

At this time.

Gu Jun and others understand that they have been recruited silently!

And Shang Jiuqu, who was seriously injured, was taken away directly!

Among them, only Shang Jiuqu can directly locate Su Lang's deity.

When Shang Jiuqu was arrested, no one could pursue Su Lang anymore!

They will fall into a more passive situation!

"Damn it!"

"This Su Lang is so cunning that he sneaked on!"

"However, Shang Jiuqu should be able to resist the gourd's killing for the time being, everyone, go!"

"..."

The eyes of Gu Jun and others flickered, and they exchanged full of fear, and their fighting spirit gradually rose.

The other side.

Su Lang tossed the purple gold gourd in his hand, listening to the screams from Shang Jiuqu, a sneer was drawn at the corner of his mouth.

If it weren't for the fact that the opponent had too many people, he would have to fully expand the Jinghuashuiyue to confuse him, he would not only catch Shang Jiuqu, but also give the others a few swords!

at this time.

Gu Jun, Feng Fen, Song Yuanchen and others looked at each other and nodded.

Soon.

"kill--!!!"

There are a total of six Nine Universes of Eternity, one by one holding powerful eternal emperor soldiers, and they all fight to Su Lang!

"[Tian Jun·Jue Zhan]!"

"[Sudden Sword-Splitting Universe]!"

"[Zhenhong-Guan Xinpo]!"

"..."

A powerful eternal power of the Nine Universes, one after another displayed their stunts, and killed Su Lang fiercely!

In an instant.

The entire natural universe began to tremble violently!

Countless sword lights, thunder lights, twisted ripples, and torn rifts are densely packed with void!

All kinds of terrifying supernatural powers spill a little bit of power, and they can kill low-level eternal warriors!

"Good job!"

"Master of the universe!"

"Desperate Eternal Prison Array!"

"Natural universe listens to orders and blocks the enemy!"

Seeing the six people killed, Su Lang's thoughts moved, the Cosmos Domination Secret Art was unfolded, the formation was automatically opened, and he was deeply stationed in the universe.

Instantly!

The natural cosmic power of the entire universe was moved by it, forming a road of obstacles, blocking the front of Gu Jun and others.

A further self-reliant desperate Eternal Prison Array unfolded, enveloped the entire battlefield, and the two qi of Xuan and Huang spread, killing six people frantically.

Rumble!

The attacks of the six eternal powers of the Nine Universes such as Gu Jun severely fell on the barrier formed by the forces of the natural universe and the desperate Eternal Prison array.

There was a terrifying explosion.

The aftermath of countless battles is like a ferocious world-destroying tsunami, tearing layers of solid time and space, forming a mottled cosmic void!

The next moment.

The Desperate Eternal Prison Array severely tore through gaps, and it is about to be broken by the six powers!

But during this period.

Su Lang wasn't watching.

Jingling bell is banging!

A total of sixteen black jade chains suddenly burst out of the two qi of the formation, the black and yellow, and the speed was so fast that they fell directly on Emperor Feng Di Zhou!

"what!!!"

"Nine Eternal Realm Emperor Soldier!!!"

Emperor Feng Di Zhou's pupils shrank suddenly, and his whole body stood upside down. It was too late to defend himself!

The only thing she can do is to stimulate the defenses she has prepared in advance.

Qiang Qiang!

Three extremely tough metal barriers appeared out of thin air, and there were a lot of energy barriers inside!

Even if Feng Di is good at illusion and not good at defense, this carefully prepared barrier has reached the intermediate level of the Nine Universes!

however.

Sneer--! !

The sixteen Moyu chains were only slightly stagnant, piercing most of her barriers!

The next moment.

She was about to be penetrated by chains in every part of her body, hanging in the void and could no longer resist!

"How can it be!"

The emperor Feng Dizhou couldn't contain himself with panic.

at the same time.

All kinds of self-inflicted secret techniques at the bottom of the box broke out without hesitation!

[Chapter 2815: Fight with the Six Emperors](#)

Wow!

Feng Di's aura surged, and the strength of several body barriers next to him was also greatly increased.

Click! Click!

The sixteen chains of the heart-piercing lock pierced through one, two, and three barriers like a poisonous snake, and were finally blocked before the last barrier.

But Feng Di's footsteps also stopped completely, being dragged in place by Chuan Xin Shuo and Xuan Huang Er Qi!

at the same time.

Rumble!

The whole desperate Eternal Prison Array was torn apart a terrifying rift by the other five people.

Although the formation was hit hard.

However, with its 'invulnerability' characteristics and its own ability to kill, Gu Jun and others also failed to take advantage.

All of the unique skills they displayed, most of their power was consumed.

Killing Su Lang at this time was the end of the battle!

It happened in this very short time.

The Youtian Sword and the Sword of Life had already been lifted high by the Infinity at the same time, and they were cut down at this time!

"It's the Nine Eternal Realm Emperor Soldier again!!"

"Moreover, both of them are Nine Eternal Emperor Soldiers!"

"Three pieces...no, four pieces of Nine Eternal Emperor Soldiers, how could Su Lang have so many powerful weapons!"

"..."

As soon as the five people including Gu Jun rushed out of the Desperate Eternal Prison Array, they saw the Youtian Sword and the Sword of Life that had been cut down, and they were all horrified and suspicious of life!

All they used in their hands were the Eight Eternal Emperor Soldiers!

And Su Lang, one person has four Nine Eternal Realm Emperor Soldiers!

The occasion of horror.

At the same time, everyone was panicked.

Because they are in poor condition at this time, if they are slashed by the long sword like a galaxy waterfall, they will die if they don't die!

At this moment.

Everyone is praying that Su Lang is not going to cut himself.

then!

The sword light of Youtian Sword was severely cut down!

This is the sword light that was cut out in an instant with the profound meaning of the world's destruction.

The goal, the middle-aged Han Emperor Fan Mengzhou!

In an instant.

Po Yijian Jianguang killed the middle-aged man at the fastest speed.

The reason why this middle-aged man must be killed first is because Su Lang has used the attribute panel to see that this person's defense is the weakest!

At the moment when the sword light came.

"Do not!"

"What kind of swordsmanship is this, how can it be so powerful!"

"The crystal wall is annihilated, open—!!!"

"There are no neighbors, far away--!!!"

The middle-aged man, Emperor Fan Mengzhou, trembled all over, and his eyes were horrified. Under his instinct to survive, he successfully carried out two secret techniques!

The former is a self-harming explosive secret technique that is performed at the expense of its own foundation!

The latter is based on its eternal emperor soldier at the top level of the Eight Universes as a carrier, and it is a defensive secret technique used!

But seeing Emperor Fan Mengzhou's aura soaring to the sky, a golden red short ruler burst out, blocking the sword light of Po Yijian!

Rumble!

Xue Bai Jianguang stood fiercely on top of the golden red short ruler, and burst into a trembling explosion.

Countless black thunder-like cracks were torn in the surrounding time and space, forming cosmic voids!

"what!!!"

"Block me!!!"

Emperor Fan Mengzhou trembled all over, his eyes were bloodshot, and countless noises came from his body crackling, exploding all kinds of light!

His golden red short ruler exploded crazily under the power of a broken sword, and it was about to fall on his heart.

But just a few minutes away, as the effect of the secret technique became stronger and stronger, it finally barely blocked it!

"Huh! It's blocked!"

Emperor Fan Mengzhou's complexion was stiff, and fears arose in his heart.

Soon.

"Flash-shaped universe step!"

He immediately expanded his body skills, wanting to escape the attack of Po Yijian Jianguang!

but.

At the moment he stepped away, the sword light of the broken sword was like a tarsus maggot, clinging to his body, without a trace of it falling down!

"How can it be!"

Emperor Fan Mengzhou opened his mouth, and fear rose again in his heart. His golden red short ruler could not stop the sword light for long!

at this time.

He saw that Gu Jun and the others had already recovered their anger, with murderous intent on their bodies, arrogant, and four attacks to Su Lang.

A ray of hope flashed in the eyes of Emperor Fan Mengzhou.

With the current state of Boundless, it is certainly not possible to receive four simultaneous blows!

But an incredible scene happened.

However, the golden long sword cut out by the Infinite was slashed directly on its own head!

The golden blade is deeply embedded in it, madness restores its strength!

[Chapter 2816: Come, don't show mercy](#)

In a flash.

The Boundless has restored two layers of power!

Moreover, in Wuyin, Su Lang, the two Nine Universe clones, and a group of masters all took the recovery pill and started the recovery secret technique.

Some of the weaker eternal warriors were directly replaced by substitute warriors!

Coupled with the self-recovery characteristics of Infinity.

Under the integration of various recovery methods, the Infinite has once again recovered from the two-layer strength to the seven-layer strength!

Just then.

The unbelievable Gu Jun and the other four, holding the Eight Eternal Realm Emperor soldiers, slashed in front of the Infinity!

"Hahahaha!"

"Master, I've been waiting!"

"Come on, don't be merciful!!!"

Accompanied by an extremely arrogant voice.

A small round black shield suddenly appeared, propped up a transparent and thin cover, directly blocking the attack of the four people including Gu Jun.

boom--! !

Crackling!

Four attacks exploded on the mask together, and after waves of mighty power interweave each other to form a turbulent flow!

In an instant.

The time and space around is like a boiling pan, crazily twisted and exploded, and then turned into a battered hole!

And the boundless number.

Under the protection of Tianjia's eight-sided shield, it was unscathed, but the newly recovered energy was consumed again.

"what!!"

"His shield has also reached the Nine Eternal Realm! How could it be possible!!"

Emperor Gujun looked at the Heavenly Eight-Edged Shield blocking the combined premium of the four of them, and he was stunned!

The other three people also stared wide, their pupils shrunk like beans, full of deep horror!

at this time.

A four-color torrent suddenly blasted out of the eight-sided shield of the sky, this is the effect of its anti-injury feature!

This anti-injury power is 80% of the power of the four people including Gu Jun!

Wow!

The torrent of mighty power like the starry sky tsunami formed an extremely terrifying attack, slaying towards Gu Jun and the others!

"Hurry up!!"

"Don't be straightforward!"

The expressions of Gu Jun and the others changed drastically, and they immediately scattered and dodged. They didn't have the Nine Essences to defend the emperor, so they didn't dare to fight with them.

Everyone unfolded various dodge secret techniques, just evading the anti-injury power of the eight-sided shield!

however.

"Hahaha!"

"Who said, I am going to attack you!"

Su Lang smiled coldly, seeing Gu Jun and the others in shock, his spirit suddenly fell on Emperor Fan Mengzhou!

"Do not!!"

Emperor Fan Mengzhou had tried his best because of Su Lang's breaking sword, and he had used the self-harm burst secret technique!

In addition, Emperor Gu Jun Zhou and others chose to dodge. After he reacted, it was too late to dodge desperately!

Emperor Fan Meng Zhou could only watch the counterattack power of Tianfang's eight-sided shield getting closer!

Despair and powerlessness made him feel like falling into an ice cave, chilling all over!

The next moment.

Amidst Su Lang's sneer and the horror and eagerness of the lone army and others, the counterattack power of Tianjia's eight-row shield hit Emperor Fan Meng's body severely.

Rumble! !

A terrifying explosion appeared.

Emperor Fan Mengzhou was like a camel about to be crushed.

What's more, it's not straw, but the 80% power of Gujun's four people!

"help me--!!!"

Emperor Fan Mengzhou made a hysterical cry for help.

Gu Jun and the other four turned around vigorously, desperately trying to rescue Emperor Fan Mengzhou.

But it was too late!

suddenly.

Click!

Suddenly a large number of cracks appeared on the golden red short ruler, which was about to explode!

"Master, if there is an afterlife..."

Although there is not much possibility of self-destruction to hug Emperor Fan Mengzhou, Jin Hong short ruler still made this choice.

however.

Silently, a colorful light fell on it.

"Do not!"

Jin Hong short ruler immediately found that it was difficult to control his own power, it was controlled!

Just the time when this thought flashed.

The anti-injury power of Tianjia's eight-sided shield can completely defeat Emperor Fan Meng's defense!

Immediately after.

Breaking a sword, drove in, sneered, and cut into the body of Emperor Fan Mengzhou!

"Ah! I don't want to die!"

Emperor Fan Mengzhou let out a miserable cry, but stopped abruptly.

The next moment.

In the trembling pupils of Gu Jun, Tongding and others, the scene of the golden red short ruler disappearing out of thin air and the death of Emperor Fan Mengzhou was reflected!

[Chapter 2817: Today is your death date, Su Lang](#)

A powerful and incomparable eternal power of the Nine Universes, just died like that!

No matter how many back-hands Fan Mengzhou prepared, it didn't work, he fell completely!

"No... it shouldn't be like this!"

"Emperor Fan Mengzhou is the Nine Universe Eternal Realm, an existence standing at the top of the endless Universe Realm, how could he die!"

"..."

Song Yuanchen, Wan Qixing, Tongding Zhou Emperor, and Feng Dizhou Emperor who was dragged by the heart-piercing lock were full of disbelief.

At the same time, the fear and hatred for Su Lang instantly soared to the extreme!

"Kill, kill Su Lang! Revenge for Emperor Fan Mengzhou!"

"He has continuously displayed such high-intensity attacks and defenses, and his state is definitely on the verge of his limit!"

"He can't stop us, I still have four people to fight!!"

"Su Lang child, do you consume more energy than the four of us!!"

"Today is the death date of your Su Lang!"

"Kill, kill, kill this dog!"

"..."

At the same time of horror, the four of Gu Jun also recovered their anger, and they attacked again as if they were full of energy!

but.

They shouted fiercely one by one, but in fact they played very wretchedly.

The four scattered one after another, no longer using explosive attacks, but using siege and expendable means!

Obviously.

They plan to fight Su Lang attrition.

Although now the breath of Boundless has returned to its peak again.

But in the eyes of everyone, Su Lang manipulates many Nine Eternal Emperor soldiers, and the consumption is absolutely the most terrifying!

As long as you insist on it for a period of time, Su Lang will die!

"[The Domain of Ding Realm]!"

Emperor Tongding Zhou suddenly seemed to melt into the void of the universe, and a strange power instantly spread for countless light years!

In Su Lang's spirit.

What Emperor Tongding Zhou transformed into was an illusory, huge square giant tripod like the universe!

Within the scope of this 'giant tripod'.

The power of his cosmic domain ruler secret technique has been more than offset.

This freed Gu Jun, Song Yuanchen, and Wan Qixing from the suppression of the forces of the natural universe, and they could burst out even stronger powers!

"It's a good secret technique."

"However, it doesn't help much either."

The corner of Su Lang's mouth raised slightly, and now it was equivalent to using the Cosmos Domination Secret Art to trade against the opponent's Nine Cosmos powerhouse, which was simply a blood profit!

As for the self-recovery of the Infinity, it didn't matter, it would be a big deal.

at this time.

"[Tian Jun·Hua Hong Zhan]"

With a fierce wave of the blue thin blade in his hand, Gu Jun Zhoudu, countless crescent-shaped knives flew out, suddenly covering the entire field of vision!

at the same time.

Wan Qixing, Song Yuanchen sword gasification silk, spear shadow like a forest, are all mysteries of killing type!

The three of them themselves are also preparing for defense while performing secret techniques.

Regarding Emperor Feng Fenzhou, he also paid attention every moment, so as not to repeat the mistakes of Emperor Fan Mengzhou!

at this time.

Everyone changed their strategy, consumed Su Lang cautiously, and a trace of confidence rose in their hearts.

There are still six of them now!

Shang Jiuqu and Fengdizhou Emperor were trapped, but neither died.

In this way, Su Lang's power can be consumed all the time, and Su Lang's mind can be distracted!

There is also the Emperor Tongding Zhou, who also turned into a Ding Realm, fighting against Su Lang!
right now.

There are three of them free to take action and act at will!

Su Lang was lonely and widowed, and he controlled so many weapons, even if he didn't use the self-harm burst secret technique, it would not last long.

unfortunately.

They never expected it.

Su Lang has too many pills!

At this time, the one-key alchemy and one-key synthesis functions have been upgraded to level 23.

It can refine the eternal eternal realm of the eight universes and synthesize the treasures of the nine universes from the treasures of the eight universes.

There are more functional assistance such as material conversion and one-key strengthening.

It is not difficult for Su Lang to refine the Nine Eternal Realm Pills!

And this time.

The attacks of Gu Jun and others became gentle and long.

In a short period of time, the energy consumption of the Infinite has been reduced.

This made Su Lang's recovery pressure less.

"Tsk tut."

"It's not good to use any strategy. I have to fight a war of attrition with me."

Su Lang's mouth was filled with Nine Universe's eternal perfect quality restoration pill, and he muttered vaguely.

After the muttering, he swallowed the pill, and then put a handful of it in his mouth...

[Chapter 2818: Keep going, we can win](#)

Next.

Gujun Zhou and the others worked so hard to use all kinds of attrition methods, constantly attacking the Infinity.

In order to deal with the anti-injury ability of the eight-sided shield of the sky.

Emperor Gujun Zhou and others also specially sent a set of Seven Eternal Emperor Soldiers to absorb and rebound attack power again.

Then the attack they issued, Bacheng might be bounced back by the eight-sided shield of the sky, and then bounced back by their imperial soldiers, like playing table tennis.

just.

The percentage of their imperial soldiers' rebound is too low, only about 30%.

They can only evade or remove the remaining Heavenly Eight-Edged Shield rebound power, but they can only resist it if they can't.

Except for the counterattack of Tianjia's Eight-Edged Shield, Su Lang himself was not idle.

He urged the sword of light slashed on the Infinity, instilling strength for the Infinity, and once again replaced a large number of warriors stationed in the Infinity.

With the support of countless pills.

In the consumption of Emperor Gujun Zhou and others, the energy of the Infinity has not decreased, but increased, more and more!

Such a scene.

Suddenly, the emperor Gujun Zhou, Song Yuanchen, Wan Qixing and others were a little confused.

What happened?

Isn't it because the four of them are consuming Su Lang? Why is the energy of the Infinity more and more! ?

Is this consuming Su Lang on his own side or Su Lang on his own side?

"Don't worry, everyone!"

"According to the information I got."

"Not long ago, Su Lang's combat power was only weak at the Nine Universe level."

"Now he is relying on secret techniques and pills to forcefully hold on!"

"If we are frightened by him, we will be caught in his tricks!"

Emperor Gu Jun Zhou's expression condensed, and he said very solemnly.

"Not bad!"

"Su Lang is just looking back!"

Wan Qixing also encouraged, "Keep on going, and after this period of time, he will be fully exposed!"

"Not bad!"

"Everyone, don't give up!"

Among the broken desperate Zhou Prison formation, Emperor Feng Di Zhou shouted anxiously.

She is now desperately resisting the heart-piercing attack.

If the pressure of Gu Jun and others on Su Lang is too light, Su Lang will most likely kill her first!

"Everyone, work together and continue to kill Su Lang!"

"Hold on, we can win!"

Song Yuanchen took a deep breath, wielding the spear in his hand, countless sharp guns slammed Su Lang like stars!

The others also firmly maintained their attacks, silently waiting for the moment when Su Lang broke the power.

"Ha ha."

Su Lang smiled faintly, "Perseverance is really good."

Gu Jun and others want to spend a while.

Su Lang is very happy.

After all, the real situation is that he is consuming Gujun Zhou and the others, not the other party is consuming him.

Well.

It's better to spend a while, and then easily solve it.

And before that.

Emperor Fengdizhou and Shang Jiuqu can't be killed yet, otherwise they will scare the other four.

then.

A massive war of attrition continues!

Fengdi and Shang Jiuqu were trapped separately and tried hard to persevere.

Gu Jun Zhou, Song Yuanchen, Wanqixing, and Tongding Zhou joined forces, and countless supernatural powers spread across the battlefield!

One piece of time and space annihilated, forming a void.

In some places, a flash of light from the Universe White World appeared!

If it were an ordinary eternal powerhouse of the Nine Universes, it would definitely not be able to hold it.

But the Boundless number just stood there, playing casually, taking a step back and losing!

The key is.

The breath of Boundless is still recovering continuously.

Although in the consumption of Gu Jun and others, the recovery speed of Wuyin was not fast.
But it was also enough to make Gu Jun and everyone else be frightened and dry.
as time flows.

The breath of Infinity gradually recovered to 80%.

The emperor Gu Jun Zhou and the others once again felt panic and retreat.

"This, this, why is its breath still rising!"

"Ah...it should be stopped, otherwise it doesn't make sense!"

"Damn it, it won't hold up after a while!?"

"What to do, Su Lang has not been consumed now, but we have been consumed a lot. My pill is almost finished!"

"Wait, we are all reaching the limit, what about him, he must be more anxious than us!"

"If we can't, let's retreat, and find the leader to go out. Su Lang will undoubtedly die!"

"Don't retreat, so many of us chased Su Lang and killed one person, and the others fled in despair. What a shame it is, I will not be able to look up in the future!"

"Yes, we can't retreat. My Wanmou has been in my life. Once I fight to death, I never retreat!"

[Chapter 2819: What we see is fake](#)

"..."

The mentality of Emperor Gu Jun Zhou and others began to be unstable.

Some people want to retreat, some want to keep going!

But none of them found out.

A group of invisible ripples mixed in the residual energy of the fighting power, acting on them.

This is Su Lang secretly launched the mirror flower water moon!

Actually.

Gu Jun and others who wanted to retreat accounted for the majority, and most of the discussions expressed that they wanted to retreat first.

But under the influence of Jing Hua Shui Yue, the senses of Gu Jun and others have been severely affected.

What they heard, Jing Hua Shuiyue made up according to Su Lang's meaning!

All in the end became 'want to die' and occupied the majority.

If Feng Di hadn't been dragged by the heart-piercing lock, Su Lang's move might not work.

But Fengfeng has been unable to protect himself.

She didn't have enough energy to explore Jing Hua Shui Yue.

then.

Gu Jun and the others were confused, so they all stayed, ready to die for a while!

Wow!

Rumble!

The powerful Nine Universes gritted their teeth, bit the bullet and launched an attack, continuing to consume Su Lang.

Suddenly.

They discovered that the rising breath of Infinity suddenly stopped, and immediately turned down! !

"Hahahaha!"

"Look, the breath of the Boundless Ship has begun to drop!"

"We are right, then how could Su Lang alone consume the four of us!"

"Hmph, everyone, hold on again, then Su Lang will fall by himself!"

"Everyone should be more careful, and be prepared to kill, lest Su Lang children escape!"

"..."

Gujun, Wan Qixing and others were happily continuing to consume Su Lang, and at the same time, they were also preparing means of interception and killing so as not to let Su Lang escape.

however.

They didn't know that the scene they saw was fake, it was illusory.

This is all the ghost of Jinghua Shuiyue!

Soon.

Gu Jun and others consumed it for a while.

The breath of Su Lang Wu Bian has been completely restored to its peak state!

However, in the eyes of Gu Jun and the others, the breath of Infinity had dropped a lot, and only about 30% were left.

"Wait a while!"

Wan Qixing yelled, "Su Lang is probably going to run away, everyone is ready to intercept this dog!"

"Great!"

"This time he must be broken into pieces!"

"Hey, his Boundless number is not bad. I have a way to erase the weapon spirit, and then take the Boundless number over..."

"I want his white long sword, it is really the strongest sword I have ever seen!"

"..."

Everyone was excited, and even started thinking about dividing the spoils!

at the same time.

"These people are almost consumed by me."

Su Lang's mouth twitched, "It's time to do it!"

now.

Gu Jun and others are also ready to do something, but they are preparing to intercept Su Lang who "want to escape"!

Just then!

"The world is dying, breaking a sword!!!"

Su Lang and Wu Bian seem to be one body, holding up the Youtian Sword like a galaxy waterfall with both hands, and suddenly cut it down!

At this moment.

The movement of the Boundless Space and Youtian Sword was so loud that even Jing Hua Shui Yue couldn't cover it up.

Emperor Fengdizhou was the first to feel the same as he was proficient in illusion techniques.

Soon.

No need to remind her.

Everyone in Gu Jun also felt an extremely strong sense of crisis.

The next moment.

They saw the real scene one after another

——The Infinite Number in its heyday raised the Youtian Sword and slashed at its own side!

"what!"

"What we saw before was fake!?"

"Su Lang's battle strength has not fallen. That is an illusion. We were all deceived!"

"Damn, Su Lang, who has 30% combat strength, is actually at his peak state! How could this be!?"

"..."

The emperor Gujun Zhou and others were terrified with horror, their hairs standing upright, and their hearts were full of incredible, even panic and panic!

It was time for a thought flashed in their minds.

Sneer!

A pure white sword light that penetrates time and space instantly fell in front of everyone!

"Block-!!!"

Wan Qixing's face was twisted and his eyes were blood red.

The interception method that was brewing before quickly turned into a defense, and stood in front of you at the moment of the moment!

Song Yuanchen, Tongding Zhou, and Gujun Zhou also worked together, desperately throwing out their trump cards, and resisting Su Lang's sword!

[Chapter 2820: Cut Gujun, Wan Qixing](#)

Immediately after.

boom--!

A terrifying explosion suddenly appeared.

At the center of the explosion, a group of cosmic holes expanded rapidly.

The edge is like a mirror cracking rapidly, and there is no resistance!

at this time.

Suddenly emperor Gu Jun Zhou's angrily and frustrated voice came from the bombardment center of Po Yijian!

"Want to pray!"

"Matsumoto Chen!"

"You guys, you left me alone!!!"

"Ahhhhh! You must not die!"

"Su Lang, I want to surrender, I want to surrender! I want to surrender to you, I want to kill Wanqi to do them!"

"Su Lang, spare me! My subordinate Douxiu Emperor Zhou is the former domain master of your Doudu Zhouyu. We are related, we can make peace!"

Emperor Gu Jun Zhou roared in panic and resentment, and immediately turned into a desperate howl and begging for mercy before he died!

however.

Everything is in vain!

Su Lang would not be merciful at all!

Wan Qixing, Song Yuanchen, and Emperor Tongding Zhou withdrew, and Emperor Gujun Zhou could hardly resist Su Lang's breaking sword!

Sneer!

The vast and fierce sword light is like a broken bamboo, directly cutting through all the defenses of Emperor Gujun Zhou!

"Buzzing!"

Gu Jun's blue thin blade emperor soldier trembles constantly, trying to explode, but is firmly controlled by Qibao Miaoshu!

The next moment.

"No, Su Lang, please!"

Emperor Gujun Zhou's eyes violently burst, and his canthus roared.

But he could only watch Po Yijian Jianguang completely break through his defenses and pierce his body.

"Ding! You get Eternal Soul*1, Eternal Dao Crystal*1, Eternal Body*1, Eternal Emperor Soldier Lore Blade*1!"

The system prompt sounded in Su Lang's mind.

But Su Lang did not care.

Because he still has three people to kill!

"go with!"

"Fengtian with a thought!!"

With a thought in Su Lang, the two stars Cuanyun He clone flew out of the Infinity.

Immediately, the two avatars of a deity began to confine the heavens together!

In a flash.

Wan Qixing, Song Yuanchen, and Tongding Zhou, who were about to escape into the ripples of time and space, were shrouded in gray-white Nianfeng spaces, completely isolated from the outside world.

"How can it be!"

"His clone has come out! It's stronger than in the intelligence!"

"What magical powers this gray space is, Gu Jun and Shang Jiuqu never mentioned it!"

"Can't escape! Isn't it possible that Song Yuanchen, who has been in the endless universe for countless billions of years, is going to die here today! No, I am not reconciled!"

"Since I am not allowed to escape, then even if I die, I will make you pay the price!"

"..."

The three of Wan Qixing and others were not counsellors, they were all masters who had killed them all the way. Seeing that they couldn't leave, they immediately began to fight back!

In an instant.

The three Nine Cosmos powerhouses all consumed the last details, burst out self-harming secret techniques, holding weapons, and resolutely cut them down!

"Good job!"

"Doppelganger takes orders, the jade of fate is broken!"

Su Lang did not intend to continue playing the consumption game with them, and directly ordered the clone to start the secret technique of Jade Smashing of Life!

Suddenly.

Two intermediate-level clones of the Nine Universes unfold the ultimate secret technique, and at the same time emit a sword light!

"what!"

"This is a high-level attack from the Nine Universe!"

Wan Qixing trembled all over, panicking to the extreme.

The four of them barely blocked the Infinity's breaking sword.

At this time, facing such a powerful piercing sword of Su Lang clone, he was still in the state of the end of the force!

How can this stop him! ?

But at this moment.

Something more desperate happened to him.

A group of colorful rays of light suddenly bloomed, covering his weapons.

He suddenly felt that he had lost part of his control over the weapons that had been with him for hundreds of millions of years!

"Do not--!!!"

Wan Qixing's heart was full of despair. He wanted to dodge and escape with a weapon that was difficult to drive, but he couldn't do it at all.

In a flash.

The white sword light flashed and slammed into his body.

Rumble!

The supernatural powers that Su Langxing Cuanyunhe clone used at the cost of his life completely acted on Wanqixing's body, and nothing was wasted!

Wan Qixing's eyes dimmed on the spot and he was dying!

at this time.

Another avatar of Su Lang appeared, holding the Youtian Sword into Wan Qixing's body!

Break the defense and die!

Perfect plunder trigger!

"Ding! You get the Eternal Soul*1, the Eternal Daojing*1, the Eternal Body*1..."

Another senior powerhouse of the Nine Universes has completely fallen under the sword of Su Lang! !
