[Chapter 2831: Long Night Mountain Black Garden](#)

The other side.

Su Lang came to the "Hongyu Universe".

At this time, his treasure hunting flying flying gliders have covered all the major places in the universe.

For here.

He is as familiar as his own home.

"Master Yu Jing, Long Night Mountains..."

Su Lang squinted his eyes, and there was a sight of a treasure hunting flying flying flying glider in front of him. In the picture of his vision, there was a mountain range with rising black energy.

Master Yu Jing, who Jing Yunzi said, lives here.

Master Yu Jing is not from the Jingyun Alliance, but stays here temporarily, not necessarily leaving at any time.

therefore.

Su Lang intends to ask for more information about the pages of immortality and the white world of the universe soon.

"According to what Jing Yunzi said, this person is easy to talk, so just ask."

Su Lang thought in his heart, taking a step forward, and the whole person disappeared from the place as a golden light.

Suddenly.

Outside the Changye Mountain Range where black energy is rising, a treasure hunting flying flying flying swiftly digging up the earth's elixir.

Suddenly a golden light fell from the sky, fell to its side, and turned into Su Lang.

"Squeak!"

Treasure-hunting flying flying darts excitedly held the elixir he dug up, and ran to Su Lang as if offering treasures.

"Good job."

Su Lang smiled slightly, waved his hand and collected the treasure hunt flying flying flying flying into the mysterious space.

Soon.

He unfolded his spiritual mind and probed into the interior of the Changye Mountain Range.

Suddenly.

A black courtyard appeared in the field of vision.

The courtyard is very simple, but it can't be seen through with spiritual thoughts, and it reveals a trace of mystery.

"Even my divine mind can't see through..."

"Well, this seems to be a portable cave built by the eternal "God Chasing Jade"."

"You can collect so many god-seeking jade, the age of this master Yu Jing is really as Jing Yunzi said, it is very long!"

"..."

Su Lang thought in his heart, taking a step under his feet and appearing on the edge of the Changye Mountain Range.

Immediately after.

"In Xia Su Lang."

"I have heard of the Daoist friend's name for a long time, and I am here to visit."

Su Lang arched his hands towards the black courtyard and said.

"It turned out to be Fellow Su Lang."

An old hoarse voice came from the Changye Mountain Range, "Friends of Taoism, please come into the courtyard."

"It's disturbing!"

Su Lang smiled and nodded, stepping across the entire Changye Mountain Range into the black courtyard.

Here.

Su Lang felt like he had come to a new world isolated from the world.

Spiritual thoughts can also be used freely without restriction.

At this time.

An old man wearing a black and white robe walked out of the room and looked at Su Lang with a smile.

This person doesn't seem to be very old, he is about 60 years old as a mortal.

But the old ancestor Suiyou gave people a more serious sense of aging!

"Properties panel!"

Su Lang thought, and immediately called up the other party's detailed information.

It turned out that this was a powerful person of the Nine Universes' advanced level, similar to Jingyunzi.

But this person has a lot of exercises.

And most of them are at the founding level, and the rest are also at the consummation level.

It can be said.

This Master Yu Jing was the person Su Lang had seen since practicing, and besides himself, the person who mastered the most exercises.

"Daoist Su Lang, he is really a talent!"

Master Yu Jing looked at Su Lang and said with a smile.

"Fellow Daoist is absurd."

Su Lang shook his head slightly.

"Neither, nor."

"This is the first time I have seen someone as good as Taoist Fellow Su Lang."

Master Yu Jing smiled and shook his head, a set of tables and chairs appeared between the waves,
"Come, sit down and say."

"Great."

"It just happened to bring some rare spiritual teas, and tasting with fellow Taoists."

Su Lang sat down at the table and brushed his long sleeves, leaving two tea cups and one teapot on the table.

None of the three things is a magic weapon.

But it is directly carved from the jade of the Nine Eternal Realm, so it seems extremely luxurious.

The Master Yu Jing, who was sitting on the other side, saw him, and an intangible light flashed in his eyes.

At this time.

Su Lang took out Lingcha again.

This is a kind of spiritual plant bud of the eternal realm of Nine Universes.

But his true identity was obtained by Su Lang using the material conversion function, one-key synthesis function, and one-key enhancement function.

therefore.

When Master Yu Jing saw this tea, he immediately became interested.

[Chapter 2832: Visiting Master Yujing](#)

"Friend Su Lang."

"What kind of tea are you? I haven't seen it before!"

"If it is a general eternal state spiritual tea, there is still a chance to cultivate it in the body world alone."

"But it is too difficult for the spiritual tea of the Nine Eternal Realm to be cultivated, and the probability is almost zero."

"..."

Master Yu Jing looked at the spirit tea that Su Lang took out, with a strange smile on his face.

"I cultivated this tea myself."

"In the entire endless universe, this is the only one."

Su Lang smiled, brewed the Lingcha with a kind of spring water in the eternal realm, and gave a cup to Master Yu Jing.

"Then I have to taste it!"

Master Yu Jing smiled brilliantly, caught the tea with both hands, took a sip, his eyes brightened.

"This is the best tea I have ever had."

Master Yu Jing shook his head and looked intoxicated.

"Haha, it's good if you like it."

"I will send some fellow daoists later, and keep it for a while."

Su Lang smiled faintly: "Actually, when I came to visit fellow daoists this time, there were some questions that I wanted to ask fellow daoists to help."

in fact.

The reason why Su Lang did this was to show off his strength.

By the way, pull the relationship, so that the Master Yu Jing has nothing to say.

at this time.

Su Lang felt that the time had come and put forward his intentions.

"If you have any questions, please ask fellow daoists."

Master Yujing smiled generously, "I will answer every question when I am old. I know everything I can say without saying anything."

"I'm relieved with your words."

Su Lang smiled and finally got to the point, "Actually, what I want to know next is the secrets of the endless universe, the white world of the universe, and the page of eternal life."

"That's it."

"A lot of people have asked me this question."

"Actually, I don't know much, and it's not necessarily accurate, but I must tell fellow daoists everything I know."

Master Yujing smiled upon hearing this, "Next, I will tell fellow daoists about this."

"please."

Su Lang nodded and smiled.

"Let's start with the endless universe."

Master Yu Jing took a sip of tea and said, "How much do you know about the endless universe?"

"Not much."

"I only know that the endless universe is composed of countless natural universes."

"There is not even a more accurate concept of how many natural universes it is made up of."

Su Lang touched his chin and said slowly.

From getting out of the boundless universe, initially contacting the universe, and now passing through the universe one after another, walking in the endless universe.

Su Lang didn't use much time, judging from the timeline of his deity, it was only about half a year.

Therefore, there is not much knowledge about the endless universe.

"Ok."

"The endless universe is indeed composed of a large number of natural universes."

Master Yujing said, "But in fact, the total number of this natural universe is fixed and countable."

"There is a fixed number?"

"And it's countable!?"

Su Lang raised his eyebrows, and he knew this for the first time.

The endless universe has a definite number and a boundary, and its mystery is greatly reduced!

"Not bad."

"It is not truly endless, but countable!"

Master Yu Jing said solemnly, "The most important thing is that the total number of natural universes in the endless universe is about forty thousand gai."

"Siwan Gai?"

"The crystal wall world inside the ordinary Nine Eternal Realm is twenty thousand gai."

"These 40,000 gai are not much more than the number of crystal wall worlds of the eternal powers of the ordinary Nine Universes, and it has only doubled."

When Su Lang heard the words of Master Yu Jing, his expression suddenly moved, and the color of thought flashed in his eyes.

"Just as you thought, Fellow Daoist."

"This endless universe may be transformed by a power that transcends the nine universes."

Master Yu Jing took a sip of tea and said, "The place where we live is his inner world!"

This statement came out.

"Ah this..."

"We live in the inner world of a strong man!?"

The corner of Su Lang's mouth twitched: "Then we also have an inner world, and the strong in the inner world also have an inner world. Isn't this an infinite doll?"

[Chapter 2833: Su Lang's question](#)

"Unlimited Matryoshka?"

"Friends of Taoism mean that one world is surrounded by another world, the cycle is endless, there is no end!"

"It looks like this at first glance, but it's not."

"The wise creatures in our body are weaker than us, and the creatures in these wise creatures are weaker than them."

"Until the creatures in a strong person can't reach the level of condensing the inner world, this cycle ends."

"If the creatures in the body are similar in strength and belong to the same level, they will basically break through and form another independent cycle."

Master Yujing smiled, "It's as if we don't allow the eternal strong to live in our inner world for a long time. If we have to, we need not only cooperation, but also some effort."

"It's true."

"A cycle of infinite matryoshka, when you reach the level of the emperor, it won't work any further."

Su Lang nodded, pointed his finger at the sky and said, "So, this is the case down, what about up?"

"Go up!"

"Above the Nine Universes?"

"This level of power, I have a name here, that is the eternal detachment!"

"After years of observation, I have judged that the eternal power of the Nine Universes will become a detached one, gain true eternal life, and will abandon everything except self-will!"

"His true will will break away from the eternal body and live forever in another form."

"And this eternal body is still alive, and transformed into this endless universe, the universe within the body is endless, and when it disappears, there will be a new life."

"Fellow Daoist should have noticed that the Nine Universes has already abandoned his body and no longer takes the path of the Great Thousand Worlds."

"I don't know exactly what path to take, but there will be no such thing as still living in the body of the other strong people."

"Therefore, the 'infinite matryoshka model' proposed by Fellow Su Lang started in the realm of the Great Emperor and ended in the realm of eternity."

Master Yu Jing said so much in one breath, he moistened his mouth with tea.

"Abandon the eternal body?"

"So, how did the eternal strong get detached through the pages of eternal life?"

"Why must the detached person abandon the body? Isn't there another way of promotion without abandoning everything except the will?"

"What the **** is the Page of Eternal Life, and what is the Universe White Realm? After successfully crossing the Universe White Realm, where will you arrive?"

Su Lang frowned and asked all the questions in his heart in one breath.

If you are eternally detached, you must abandon your body.

So when he gets promoted, doesn't he have to abandon his companions who accompany him all the way?

According to the speculation of Master Yu Jing.

After the eternal strong is detached, he wants to keep his body.

And this body is probably like a vegetable, anyway, it has no will.

For example, in this endless universe, there is no planetary will at all, and the world consciousness is governed by the 'universal consciousness'.

The eternal warriors fight and make trouble at will, without any interference.

In short, after being detached, he can no longer control his body!

For Su Lang, this is very difficult to accept.

at least.

He couldn't accept that he had completed the detachment, but left Chu Xiaobei and others to fend for themselves in the old body.

therefore.

He will ask Master Yu if there is a second way to go.

"Haha."

"Friend Su Lang."

"Let's talk about how the eternal warrior is detached first."

"The way to detachment for the eternal strong is to find the page of eternal life, to assimilate yourself, you should know this."

"And this is just the first step. After assimilation, one must enter the universal white world, traverse the endless long road, and complete detachment."

"And at this next step, I only know that according to the different fits between the page of eternal life and the martial artist, how far you can go after entering the Universe White Realm is also different."

"The higher the fit, the farther you can go and the easier it is to detach!"

"And what exactly is this fit? This is something that countless eternal powerhouses don't know."

Master Yu Jing paused when he said that, took a sip of the tea, and did not wait for Su Lang to ask questions, and continued to speak:

[Chapter 2834: The secret of the page of immortality](#)

"I have done a lot of research on the fit between Page of Eternal Life and Eternal Warrior."

"Friends of Taoism also know that I have a more kind personality and have a wide range of contacts, so I was able to borrow several pages of eternal life for research."

"In this research, I spent countless hours, comparing and pondering with a large number of pages of immortality and its former master, the transcendence loser."

Master Yu Jing finished his tea in one breath and said, "Finally, I found an interesting phenomenon!"

"What's the phenomenon?"

Su Lang handed the teapot to Master Yu Jing and asked curiously.

"The mysterious character on the page of immortality."

"A character should correspond to a major life experience!"

"There are a large number of characters on the page of immortality. If the life experience corresponding to these characters is closer to the experience of the assimilation, the better the fit!"

Master Yujing held the teapot and poured himself a cup, and said, "In this way, the success rate of detachment will be higher!"

"life experience?"

"In other words, this is equivalent to a resume?"

"The eternal strong person who gets this resume, if the whole life experience is similar to it, will be able to assimilate better, and thus be easier to detach from it!?"

"No wonder, it's no wonder it's so difficult to detach from the endless universe."

Su Lang took out the remnant page of eternal life, shaking in shock.

Everyone has his own life.

This is true even for mortals with a life span of less than a hundred, let alone the eternal strong who can live the same life as the universe?

It is almost impossible for an eternal strong person to match all the life experiences recorded on a page of immortality!

"It turns out that Daoist Su Lang also has an eternal life page!"

"Although it is only a broken page, it also has great research value."

"It would be even better if a Taoist friend can borrow me to study and study, and by the way, tell him the main life experience of his previous master."

Master Yu Jing looked at the remnants of the eternal life page in Su Lang's hand, and smiled, "If there are new discoveries, I will definitely inform fellow daoists without omission."

"Okay."

"It's useless for me to hold it anyway, let me lend it to you."

"It's just that I don't know the life experience of the former owner of this broken page. I didn't want to know this when I killed him."

Su Lang smiled generously and handed the leftover page to Master Yu Jing.

to him.

The complete page of immortality is still useless, let alone this incomplete.

Fortunately, I kept a mindful mind and didn't directly use this eternal life page.

"That's it."

"Then thank you fellow daoist!"

Master Yujing nodded, and took the eternal life page with both hands and put it away.

"correct!"

"Each page of immortality is equivalent to a life history."

"So, where do these pages of immortality come from, and whose life experience is on it!?"

Su Lang suddenly changed his expression and asked curiously.

"this problem....."

Master Yu Jing pondered, "Do fellow Daoists know the third page of immortality?"

"Blank eternal life page!"

"Could it be that someone who is strong got a blank page of immortality and formed his own life experience on it!"

Su Lang was surprised and suspicious, "After that, these pages of immortality once again fell into the endless universe for various reasons!"

"My guess is this."

"If you get a blank page of eternal life and form your own life experience, it is a 100% fit with the page of eternal life."

Master Yujing expressed his desire, "In this way, I will be able to succeed in detachment and obtain true immortality!"

"Unfortunately."

"This kind of detachment probably means abandoning your body."

Su Lang sighed slightly, "Going back to the previous question, where will you arrive after detachment? Is there a second way to reach it besides the page of eternal life?"

Hear this.

"Where can you reach after detachment? The old man who is not detached also wants to know."

"As for the second way... if you can get a blank page of eternal life, it is already the best way to detachment."

"A better road. The old man has lived for so many years and traveled all over the endless universe. I have never heard of it."

Master Yujing smiled dumbly, shook his head, and said, "If you have to say one, maybe you can forcefully cross the white realm of the universe with the power of the realm of eternal transcendence in the realm of the nine universes."

This statement came out.

Su Lang's heart suddenly moved.

[Chapter 2835: The fourth way of detachment](#)

"Does the eternal realm of the nine universes possess the power of eternal transcendence?"

"Sweeping everything directly with the strongest force is equivalent to proving the Tao with force!"

"Yes, strength is everything. It is difficult to prove Dao with strength, but it does exist."

"For others, this is absolutely impossible, but for me, there is a chance to do it!"

Su Lang thought in his heart, he was a little expectant and a little excited.

Since the blank page of immortality is not perfect, the detached person will lose his body.

Then choose the last path and truly prove the Tao with strength!

Prove the position of eternal detachment, and obtain the eternal life of the real body and soul!

By the time.

Everything you care about, and you are not willing, will continue to have it!

at this time.

"Friend Su Lang."

"The road to detachment, a blank page of immortality is enough to be vague."

"Other routes, you can only think about it."

"For me, the best way to detachment is the complete page of immortality."

"As long as you get a page of immortality that is more suitable for you, there is still a probability that you will truly live forever."

"..."

Master Yu Jing seemed to notice Su Lang's imagination, and shook his head with a wry smile.

"Well, I just think about it..."

Su Lang smiled and nodded, "Finally, please tell fellow Taoists to talk about the Universe White Realm, what exactly is this thing like?"

Hear this.

Master Yu Jing pondered for a moment, and said: "Universal White Realm, the only way to a place of transcendence.

There are dazzling white lights everywhere, and you can't see anything with these universal white lights.

At the same time, the entire Universe White Realm will cause great harm to the creatures that enter it.

The deeper into the Universe White Realm, the more terrifying this kind of damage.

If the page of immortality is assimilated, it will be immune to the harm of the universal white world to a certain extent.

Into the white world of the universe, the strong who want to surpass can only judge the direction based on the strength of the damage.

To move toward a place where the damage is stronger is to walk the path of detachment.

It is worth mentioning that after the strong who assimilated the pages of eternal life stepped into the white world, there will be no retreat.

If they are not detached, they will die in the universal white realm, and the pages of immortality on their bodies will once again flow into the endless universe through the universal white realm.

And the warriors who have not assimilated the pages of immortality have a chance to escape the white world of the universe. "

Speaking of which.

Master Yu Jing smiled at Su Lang: "At our level, I can barely step into the white world of the universe.

The battle of our Nine Universe Eternal Realm Warriors can easily destroy the natural universe and cause the white light of the universe to appear.

As long as you are fully prepared and take a look at the Universe White Realm and retreat, it is generally no problem. "

"That's it."

"Thank you fellow daoists for solving my doubts."

After listening to Master Yujing's answer, Su Lang smiled and nodded.

Now he has a deeper understanding of the white world of the universe, the pages of immortality, and the road to transcendence.

I also found the path I wanted to take

— —The fourth type except for the remaining pages of eternal life, the pages of eternal life, and the pages of blank eternal life. Prove the way with strength!

"You are Welcome."

Master Yu Jing smiled and shook his head, "I am useless to be old, I only know this."

"Friends of Taoism are too humble."

"I take the liberty to ask another question."

Su Lang arched his hands and said with a smile, "You should be more clear about the power distribution of the endless universe, right? I don't know what is going on now?"

"Is the power distributed?"

"Actually, before this world of great controversy is about to come, there are no large eternal forces."

"After all, apart from the page of eternal life, the advanced eternal powerhouses have nothing to need."

"The strong are more willing to hide in the grassroots universe where the time flow is the slowest and wait for an opportunity."

"For example, I have been hiding in the basic universe and studying the pages of immortality for many years."

"Now the world of great controversy is about to come, the generations who are aspiring to detachment have been born and hugged, and I also ran out to try my luck."

Master Yu Jing immediately smiled and shook his head, "Unfortunately Jing Yunzi has no ambitions. The establishment of this alliance is only for self-protection, so I did not join here."

"That's it."

Su Lang nodded and asked, "Except for the Startling Cloud Alliance and Xuanyu Alliance, what other forces are there now?"

[Chapter 2836: Great forces at the level of the Nine Universes](#)

Hear this.

Master Yu Jing was a little surprised.

As a powerful Nine Universe Eternal Realm power.

Regarding the secrets of the Universe White World and Page of Eternal Life, I don't know that it is normal.

But it's a bit strange that I don't even know how many powers are worth mentioning in the endless universe.

It stands to reason.

Su Lang's experience shouldn't be so shallow.

However, he was astonished in his heart. On the surface, Master Yu Jing still kept a smile.

"There are actually quite a few forces in the Nine Universes in the endless universe."

"However, most of them are a single power ruled by the eternal warriors of the Nine Universes."

"There were three forces created by the combination of the eternal powers of the Nine Universes."

"These are the three powers, namely the Sacred Demon Cult, the Ming Secret Universe and the Dragon Territory."

"These three forces have separated the three territories of the endless universe, and each enjoys the cultivation resources in their own territory."

"And the natural universe beyond the territories of these three powers can only be regarded as a crack."

"But after the Lingxu Fragmented Domain appeared, their focus has all shifted to this side."

"At present, they are located in the three directions of Lingxu Fragmented Region, southeast and north, occupying a large area."

"Since the Lingxu Fragmented Domain appeared, they have been fighting each other continuously for the page of eternal life."

Speaking of this, Master Yu Jing couldn't help taking a sip of tea, and squinted his eyes intoxicated before continuing to speak.

"in fact."

"Holy Demon Cult, Ming Secret Universe Region, and Jielong Universe Region are all just on the surface."

"There are too many old monsters hidden in the endless universe. They don't need any training resources at all, so they are all hidden in the basic universe."

"After countless years of accumulation, there are more powerhouses hidden in secret than on the surface, and the strength may be stronger!"

"Now that the world of great controversy has come, these strong behind the scenes have run out. In order to better fight for the page of eternal life, or for other purposes, they have formed new forces one after another."

"It's like the Xuanyu Alliance, like this Shocking Cloud Alliance, both belong to the latter."

"Jing Yunzi is a great power that retired a long time ago. His purpose of forming a force is to protect himself."

Master Yu Jing finished a cup of tea in one breath and poured himself another cup.

"In order to protect yourself, to keep a group warm?"

"Actually, I am very puzzled, why didn't he leave Lingxu Fragmented Domain directly?"

Su Lang frowned and said, "Leaving the center of this storm is a better way to protect yourself."

"Here is his foundation."

"The Lingxu Fragmented Domain is the most prosperous place in the endless universe, and this cosmic domain is the topmost among the Lingxu Fragmented Domain."

Master Yu Jing said, "Furthermore, I guess he may not have any idea about detachment, but he is too conservative."

"That's it."

Su Lang nodded non-committal.

"Close to the subject."

"In the Lingxu Fragmented Realm, in addition to the three old forces such as the Holy Demon Sect, the Xuanyu, and the Shocking Cloud Alliance, there is also a force that is not weaker than the first five."

"This force is called the 'Tibetan Sect' and it is newly established. It is relatively mysterious and does not attract many people, but each one is very scary."

"The master of Zangzhen Sect is called 'Moya Zhou Emperor', and his strength is one of the strongest I have ever seen in my life."

Master Yujing smiled and said, "Actually, with the talents of Fellow Su Lang, it is very likely that he will be invited by the Cangzhen Sect, and there will be better development than Jingyun Alliance!"

"This is indeed true."

"But I like to be free."

"There are few people, unity, and close eyes on each other with forces like the Tibetan Sect. I would be very uncomfortable."

Su Lang smiled faintly, "Jingyun Alliance is very appetite of my appetite and will not interfere with any of my personal affairs."

"Taoist Su Lang is really a man of temperament."

"It's a pity that I just want to enter the true Tibetan sect. They rejected me, saying that I am not strong in combat."

Master Yu Jing smiled, and when he looked at Su Lang, his eyes showed envy.

"Friends don't need to mind."

"That's not their vision."

"As the saying goes, there is an old family, like a treasure."

Su Lang shook his head, and said, "As the profound Nine Universe Powerhouse like Yujing Daoist, it is their loss for them to shut you out."

[Chapter 2837: Occupy the dojo, practice](#)

"Friends of Daoist can really speak."

Master Yu Jing laughed, "But I still have a few nails in this old ship. I am from Men Erqing myself. Haha, I just don't accept the old."

"Old Ji Fuxing, I am a thousand miles away."

Su Lang picked up the tea cup and took a sip.

"anyway."

"The situation of Lingxu Fragmented Domain has not yet been completely determined."

"The Xuanyu Alliance, the Jingyun Alliance, and the Cangzhen Sect are all still in the process of being formed. In addition, some forces are still being established."

"Of course, the situation will become clear soon, when the time comes, fellow daoists will see the opportunity to act."

As Master Yu Jing said, he poured out the last bit of tea from the teapot and drank it.

"Ok."

"Thank you fellow daoists for solving your doubts today."

"This is the tea that I promised to give to fellow daoists before. If it is not enough, just come to me and ask for it."

Su Lang nodded, stood up, put a box on the table, and immediately bowed his hand to Master Yu Jing, "Then, I will leave now."

"Friends of Taoist walk slowly!"

"If you have free time during the recent period, let's talk more."

Master Yu Jing stood up and bowed his hand in return, "The old man will not stay in the Shocking Cloud Alliance for too long. It will not be easy to see you again after this walk."

"sure."

Su Lang smiled and nodded.

He also likes to chat with well-informed predecessors, which is an easy thing to benefit from.

After leaving.

Su came out of the black courtyard beyond the Changye Mountain Range.

Immediately afterwards.

He once again unfolded the power of time and space, crossed the barriers of the natural universe, and came to the 'extreme universe'.

Extreme Cosmos is the core of the Shocking Cloud Alliance. There is a treasure lands dedicated to the cultivation of Nine Cosmos powerhouses.

Su Lang is already familiar with this place.

Take one step directly and come to an extremely vast dojo.

The dojo is built in the void, continuously absorbing the cosmic energy around it, and condensing it into a large amount of energy crystals.

The members of the Shocking Cloud Alliance can take these energy crystals at will, and use them to reverse the origin of the universe and cultivate their own crystal wall world.

just.

Now there is no one in this cultivation dojo.

Countless energy crystals are piled up on the square, no one cares about it.

In this regard, Su Lang is not surprised.

The cultivation way of an eternal warrior depends on whether his foundation is strong enough.

It may seem common to lay the foundation, but it is actually very difficult.

Especially to build the foundation of the Nine Universes Eternal Realm, even with the guidance of the Nine Universes eternal power from a young age, it is extremely difficult and extremely difficult.

So most of the Nine Universe Eternal Realm powerhouses, after this step, their potential has been exhausted.

They need to consume more of the core of the universe to smash the crystal wall world.

The cost of this is not something that the dojo in front of him can support.

therefore.

This dojo is more of the face project of the Jingyun Alliance.

But for Su Lang, this dojo was just right for cultivation.

just.

In Su Lang's view, the speed at which this dojo gathered cosmic energy was still slow.

"There is no one left or right. Just ask Jing Yunzi to come over and treat him as the dead man's cave."

Su Lang touched his chin, and immediately took out the jade card of transmission and sent a private message to Jing Yunzi.

In the blink of an eye, I received a reply.

Jing Yunzi agreed, and this is Su Lang's cave mansion from now on.

"In this way, you can freely arrange your own formation."

With a smile on Su Lang's face, with a thought, a large number of formations appeared!

Arranging the united spirit gathering formation is simply his most skilled job.

quickly.

An incomparably huge spirit gathering formation technique envelops the entire dojo.

The ready-made formations combined with the formations arranged by Su Lang immediately made the absorption of cosmic energy many times faster, allowing Su Lang's one-key cultivation multiplier to be perfectly displayed.

And after setting up the formation.

Su Lang also gave the formation a "formation self-regeneration" function, allowing it to grow slowly by itself and become more powerful.

At last.

Su Lang also arranged the 'Desperate Eternal Prison Array' to serve as a defensive array. Incidentally, he could also cover up the situation in the dojo.

Finish it all.

Su Lang sat down in the center of the dojo, and then...there was nothing to do.

There are cultivators who are in charge of cultivation, martial arts are in charge of those who practice martial arts, and pill cultivators are in charge of alchemy...what else?

[Chapter 2838: Group chat in Jixun Jade Pai](#)

Some boring Su Lang took out the 'group chat jade medal'.

Use the "identity jade card" to print this "group chat jade card" and combine the two to activate immediately.

"Look at what the shocking cloud alliance's internal skirts are talking about."

Su Lang curiously explored the jade plaque with his spiritual thoughts, and immediately saw a large amount of information.

These messages are distinguished by different colors, and each color represents an eternal powerhouse of the Nine Universes, that is, the core member of the Jingyun Alliance.

"Red orange, green, blue and purple...Hey, why is there no yellow color?"

Su Lang looked at the various colors of the jade card, and suddenly he was a little strange.

Soon.

He looked at the content of these subpoenas and found that most of them were small talk.

But you can also get some information from it, such as where and where the page of eternal life appeared, what people were fighting, and what happened.

This allowed Su Lang to have a clearer understanding of the situation in the endless universe.
at this time.

A new message appeared in this 'skirt'.

"Dear friends, I just got a big news next time."

"A total of five Nine Eternal Powers of the Xuanyu Alliance have fallen, and they have fallen completely!!"

The message was purple, with a deep horror in its tone.

This message.

It was like a huge rock falling into a calm lake, causing huge waves.

"what!?"

"Friend Liuying, are you kidding me!"

A red message came out, "How hard is the Nine Eternal Warriors to kill, let alone five of them fall together!?"

"Yes."

A green message appeared, "Daoist Liuying, I think you are quite stable, why would you make such a joke?"

"I'm not kidding."

Emperor Lu Ming sent a message, "This message was sent after I confirmed it many times."

"Everyone."

"I have heard about this too."

"It is said that the Xuanyu Alliance sent five strong men to join the other two Nine Universes to besiege and kill one person, and the whole army was wiped out!"

A black message emerged.

"what?"

"Not five, but seven!?"

"Seven people besieged and killed one, and the whole army was wiped out by the counter-kill!?"

"My mother, who is that person, how could he be so powerful, is it possible that he is the kind of top powerhouse of the Nine Universes who has lived for countless years?"

"Hey, it's an old monster again. The Endless Universe is really scarier than I thought. Fortunately, I joined the Shocking Cloud Alliance and I feel a little bit safer."

"Everyone, who knows the name of the strong man who was besieged and what he looked like, hurry up and let us see, so as not to provoke his old man!"

"Yes, right, right, this is reasonable, hurry up and send it!"

"..."

Pieces of news kept popping up, and the focus of discussion became the topic of Su Lang's anti-killing of the seven powerhouses.

Moreover, many people have transformed themselves in Jixun Jade Cards, each with a very rich expression.

See this scene.

Su Lang also smiled dumbly.

Seeing the awe of these Nine Universe Eternals, my heart is quite refreshing.

At this time.

"I used my own channels in Xuanyu Alliance to learn about that person."

"It is said that that person is called Su Lang, and on the surface there is only the fluctuation of the realm of the Eight Eternal Realm."

"This person looks young and handsome, the key point is that he has no sense of time. He doesn't look like an old monster. I really didn't expect him to be so strong."

A white message came out, "That Su Lang looks like this, you can see for yourself, recognize it, and remember it."

Soon.

The white message turned into a figure of a person, exactly what Su Lang looked like.

"It looks so young."

"Yes, it's mainly temperament, which is completely different from the other eternal warriors who seem young but are incomparably vicissitudes of life."

"Haha, this is the characteristic of Su Lang, it's still pretty easy to remember."

"..."

When everyone saw Su Lang's appearance, they couldn't help but talk for a while.

Su Lang was also dumbfounded. He didn't expect his youth to become a feature.

at this time.

"Everyone."

A golden message suddenly appeared: "I haven't had time to announce one thing. Daoist Su Lang has already joined our Shocking Cloud Alliance."

[Chapter 2839: You shot, Su Lang will undoubtedly die](#)

"It's Master Jingyun's message!"

"What, Su Lang... Fellow Daoist, unexpectedly, he has joined our Jingyun Alliance!"

"Hey, this is really a surprising news!"

"By the way, Daoist Su Lang must also have a jade medal for collecting news, I haven't said bad things about Daoist Su Lang before!"

"Hahaha, I didn't talk nonsense, I only admire Daoist Su Lang!"

"Me too."

"..."

When the Nine Eternal Warriors saw the news of Jing Yunzi, they were all shocked and immediately rejoiced.

A strong like Su Lang is very rare in the Nine Universe level!

With Su Lang in the Shocking Cloud Alliance, this big tree becomes stronger and stronger, and it becomes easier to catch the cold!

At this time.

"Taoist Su Lang is watching Jixun jade card."

Jing Yunzi preached, "Please ask Daoist Su Lang to say a few words."

This statement came out.

Everyone was in an uproar again.

And there were more colorful messages. I wanted to get the news, so I quickly activated the Jade Card of Jixun.

Among these messages, most of them admire Su Lang.

Seeing this, Su Lang also smiled dumbly.

He didn't expect that he would make the members of the Shocking Cloud Alliance boil before he showed up.

"Friends of Taoism."

"In Xia Su Lang, thank you for your praise!"

Su Lang sent two messages and turned into his body.

Immediately, he found that his figure was yellow, and the color was quite dark.

"Appeared!"

"Friend Su Lang appeared!"

"It's really admirable to slay the seven eternal super ruthless people of the Nine Universes with one person!"

"Daoist Su Lang, younger sister Han Jin, I don't know when you will be lucky enough to have an interview with Taoist friends?"

"..."

In the illusory space of Jixun Jade Brand, a personal figure appeared, and saluted Su Lang in surprise.

"Everyone is absurd."

"Zai Xia is cultivating."

Su Lang preached, "If you have time, you must talk to the planes."

"Friend Su Lang is still cultivating!"

"I'm so strong, and I still practice non-stop, really a role model for our generation!"

"Yeah, I'm so ashamed, I'm going to practice, and I must visit Daoist Su Lang when I have time!"

"..."

Everyone admired again, and Su Lang was a little embarrassed.

"Haha."

Jing Yunzi ran out and said, "If that's the case, then everyone should practice quickly. The troubled times are approaching, and strength is the kingly way."

"Yes Yes Yes!"

"After practicing, we haven't reached the end yet."

"Friend Su Lang, look forward to our meeting!"

"..."

Everyone retired one after another, and soon returned to quiet in the jade card of Jixun.

but.

Su Lang's private transmission of Jade Pai immediately heard movement, and again and again, without stopping.

Open it and take a look.

Sure enough, the communications from the members of the Shocking Cloud Alliance were asking Su Lang to take care of them.

Su Lang was idle and bored anyway, so he just started chatting with everyone.

After receiving Su Lang's reply, the members of the alliance were very pleasantly surprised, and immediately started chatting enthusiastically.

Just when Su Lang was chatting with everyone in Jingyun Alliance.

In the Xuanyu Alliance.

The atmosphere was oppressive.

The news that the seven eternal powerhouses of the Nine Universes have fallen at the same time spread like wildfire, and the higher-level eternal powerhouses all know about it.

In a white hall.

An eternal strong man of the Nine Universes stood on the smooth, mirror-like ground with an ugly face, all staring at a boy with braided hair above.

This boy is the leader of the Xuanyu Alliance who appeared with Song Yuanchen and others before.

At this time, the face of the leader of Xuanyu was also extremely ugly, and his two small hands were tightly held together, still faintly shaking.

"Leader!"

"Seven members of the Nine Universe Level!"

"How much effort did we take to recruit these allies, and now we have died so many!"

"Su Lang killed seven of us all by himself. This is a great shame to our Xuanyu Alliance, and it also makes us sweep the ground with majesty. If we don't move, we will be laughed at!"

"Yes, Lord Lord, please take us to kill that Su Lang and find the face of Xuanyu Alliance, otherwise we will not be able to lift our heads in the future, and it will be difficult for the Alliance to recruit strong players."

"My lord, what are you still hesitating about! If you take action, Su Lang will undoubtedly die!"

"Now Su Lang must be seriously injured, the best time to kill him!"

[Chapter 2840: There is a chance to kill Su Lang](#)

"..."

The eternal powerhouse of the Nine Universes looked indignant and wary.

Many of these people are friends of Song Yuanchen and others, and they want to kill Su Lang immediately.

just.

Their strength is similar to Songyuanchen Wanqixing and the others, but they dare not act rashly.

After all, it was really terrifying that Su Lang could kill seven people with one person.

Even though they speculated that Su Lang was already seriously injured at this time, they did not dare to act rashly.

They can only count on the leader of Xuanyu to make a move.

The leader of Xuanyu doesn't look the same as a child, but he is a powerful figure of the Nine Universes.

To slay Su Lang, only the leader of Xuanyu can stabilize.

unfortunately.

Although the leader of Xuanyu was also very angry, he didn't seem to have the intention of making a move immediately, which made everyone anxious.

"Leader!"

"Don't miss this great opportunity!"

"Yeah, if you miss this opportunity, it will be even harder to kill Su Lang again!"

"My lord, what are your concerns!?"

"..."

The eternal powerhouse of the Nine Universes asked incomprehensibly.

"Ugh!"

"You don't know something."

"Su Lang, he has joined the Jingyun Alliance."

The braided boy sighed, "If we go to kill Su Lang at this time, we will definitely go to war with the Jingyun Alliance. Is this really a good time for you?"

This statement came out.

Suddenly there was silence in the hall!

Immediately, it seemed like a scoop of cold water was spilled in a boiling oil pan, and life became boiling in the hall.

"what!"

"Su Lang joined the Shocking Cloud Alliance!?"

"How long is this, how could his movements be so fast!"

"Damn, this person is too cunning, he turned his head and found a backer!"

"That Shocking Cloud Alliance is **** it too, dare to take in Su Lang, **** it!!"

"What to do now, the Jingyun Alliance is not weaker than us at all. The world of great controversy is about to come. At this time, the war with the Jingyun Alliance will only make the rest of the power cheaper."

"This matter has to be carefully considered!!"

"..."

An eternal martial artist of the Nine Universes shouted in astonishment, and then gradually calmed down.

What do they need most?

It is the page of eternal life!

The rest must be put aside before the page of eternal life.

If you go to war with the Shocking Cloud Alliance now, you will definitely suffer a great loss. Then how can you fight for the page of eternal life?

and so.

Although everyone is unwilling, they can only suppress anger.

at this time.

"Ugh."

"It's a pity that we didn't succeed in soliciting Su Lang."

"If Su Lang joined our Xuanyu Alliance, there would be no such thing."

A Miaoman woman sighed softly and said with regret and regret.

This woman is Li Xuanzhou Emperor.

When everyone heard it, they sighed in their hearts.

They all knew what had happened in the Shuang Yao universe, and knew that Su Lang had once joined the Xuanyu Alliance.

just.

Because of Emperor Gu Jun Zhou, this didn't happen.

"Friend Li Xuan, you are not to blame for this."

"I only hate that Su Lang hides too deeply. Everyone can't see his true combat power."

"We are really down with blood mold, and we are burdened by Emperor Gujun Zhou. It was Emperor Gujun Zhou who went to provoke Su Lang!"

"..."

Everyone was talking again, and many people began to anger the dead Gujun Zhou Emperor.

"okay!"

"The world of great controversy is coming soon, and no one can escape this battle!"

"At that time, we will have a chance to kill Su Lang!"

"Now you guys do something as soon as possible to restore the majesty of the Xuanyu Alliance and recruit more powerful people."

After the leader of Xuanyu finished speaking, he waved his big hand and disappeared from the same place.

"Hateful!"

"Su Lang kills my friend here, and I will make him pay for it by that time!"

"Well, this son is very threatening, and there are feuds with me, and it must be eradicated!"

"Go, go back and accumulate strength!"

"..."

The crowd dispersed in twos and threes.

Behind the main hall, in a spacious closed room.

"Humph."

"Su Lang... can kill the seven Nine Universes Eternal, very good, very perfect chess piece!"

A smile appeared on the face of the boy with braids, his expression different from before.
