

One Click 2851

[Chapter 2851: Su Lang rises to fame](#)

Outside the hall.

One by one, the eternal power of one party, gathered together in twos and threes, waiting to be passed on.

One of them, a young man in a gray-purple robe and a tall hair bun, hurried in.

This person is the Shang Jiuqu after the "Resurrection".

"Finally caught up!"

"Otherwise, it will take a lot of time to wait until the next opportunity."

Shang Jiuqu breathed a sigh of relief, with a smile on his face.

After the "resurrection", when the decision was made, he rushed over according to the coordinates left by Jing Yunzi without stopping, without a breath of breath along the way.

Standing in the corner.

Shang Jiuqu looked around, looking at the eternal realms of the eight universes, and a sorrow and hatred rose in his heart.

He shouldn't have stood with these people, he is a higher-level Nine Universe Eternal Realm martial artist.

Nowadays, it's really a tiger!

In fact, Shang Jiuqu also thought about contacting Jingyunzi directly, but he could not predict Jingyunzi's attitude.

If Yunzi was shocked and fell into trouble, wouldn't he be in danger?

Therefore, he intends to stay anonymous, join the Jingyun Alliance, and contact Jingyunzi after recovering some strength.

All this is for safety.

If it weren't for joining the Jingyun Alliance, the deity had to come, he wanted to create a temporary incarnation.

"After joining Jingyun Alliance, I will recover my strength well."

"This clone was originally prepared for resurrection. It has laid a perfect foundation in advance and will recover quickly!"

"After the power recovers, try to find a way to seek revenge from Su Lang. That guy is very strong. Maybe I can use the knife to kill someone."

"..."

Thoughts surged in Shang Jiuqu's heart, and a thick hatred almost sprayed out of his eyes.

at this time!

Some people's small talk reached his ears, and he was shocked!

"Have you heard that!"

An Eight Eternal Eternal Realm woman said excitedly, "There is a super eternal strongman named Su Lang who killed the Xuanyu Alliance with one enemy seven and killed the entire seven Great Nine Eternals!"

"what!?"

"There is such a thing!"

"Nine universes eternal realm great power, even if it is new to the level, I still need to look up and worship."

Someone was horrified and said in disbelief, "But that Lord Su Lang killed seven people!"

"Humph!"

"You are really ignorant."

"Let me talk about this. In that battle, Master Su Lang was one against seven, and his opponents were all the powers of the intermediate level of the Nine Universes!"

"Among them are the prestigious Wan Qixing of the Xuanyu Alliance, Emperor Tongding Zhou, and Emperor Fengdi Zhou. Except for the other powerful ones, they are not unknown people, but..."

A handsome man with a folding fan in his hand opened the folding fan and talked about the conversation that he had spent many times with others.

quickly.

Everyone understood the vast scale of that battle and the terrifying level of combat power!

A total of seven Nine Universes Intermediate level powerhouses broke out, working together to besiege Su Lang, but they were still beheaded one by one, and the battlefield was now turned into the Universe White World!

"Damn it!"

"Su Lang's miscellaneous things are so highly respected!"

"I'm waiting for the seven people, they have completely become his stepping stone!"

"I am not reconciled, I must avenge this grudge, I want Su Lang to die!"

Listening to the impassioned narration of others in Shang Jiuqu, endless humiliation and hatred erupted in his heart.

But at this moment.

Another sentence fell into his ears, making him look stiff, and his vellus hair suddenly stood up!

"Hahaha!"

"You only know the battle, but you don't know the latest news."

"I learned from my own channel that Lord Su Lang has joined our Jingyun Alliance a few days ago."

"Now Su Lang is in the extreme universe, maybe we will be able to see the heroic appearance soon!"

A middle-aged man laughed and said that he knew more than everyone in the room.

And this statement came out.

The surrounding eternal warriors suddenly appeared surprised, and immediately talked!

"Master Su Lang has also joined the Jingyun Alliance!"

"It's great, it's great, I didn't expect to encounter such a good thing!"

"Jingyun Alliance has a strong like Su Lang, and it will surely survive the world of great controversy, and even reap many benefits."

"This trip is really right. I must visit Master Su Lang. If I can visit him, it will be a bigger opportunity!"

[Chapter 2852: The horror and bitterness of Shang Jiuqu](#)

"..."

Each eternal warrior was talking excitedly, with shock, surprise, awe and admiration in his eyes.

"What...what!!!"

"Su Lang actually joined the Shocking Cloud Alliance!"

"Damn, I came all the way, failed to inquire about the news, and missed such important information!!!"

"That stray fought with me and is very familiar with my fighting methods. Although my aura is completely different from the deity, it can be very dangerous from time to time!"

"No, this Shocking Cloud Alliance can't stay, I can't get caught up in a tiger's mouth, I must leave!"

"..."

Shang Jiu's curved face was horrified, moving his trembling legs, and slowly retreated outside.

The people around were shocked, and no one noticed his expression.

But just as Shang Jiuqu retreats!

"Leader invites Daoist Yanling to enter the hall!"

A long trailing sound resounded throughout the hall.

"Friend Yanling? Who is this?"

"Why haven't I heard of this name?"

"I have never heard of this name, Emperor Yanling Zhou, who is it?"

"Being the first to be called into the interview by the lord leader, it must not be an unknown person, maybe I am ignorant and ignorant!"

"Where is this person, I want to see what he looks like."

"..."

Everyone talked a lot, and while they were whispering, their eyes were shooting everywhere, looking for 'Emperor Yanling Zhou'.

however.

The person involved, the Shang Jiuqu under the pseudonym of Emperor Yanling Zhou, was suddenly stiff in place. It was neither advance nor retreat!

"How to do!"

"Go now, I'm afraid it's too late!"

"And if I choose to run away, it will definitely arouse greater suspicion!"

"..."

Shang Jiuqu's vest blew out a lot of cold sweat, swallowed hard, and then bite the bullet and walked forward.

quickly.

He was noticed by the eternal martial artist of the Eight Universes.

"It's him!"

"He is walking inside, he is Emperor Yanling Zhou!"

"This person really looks good, but his breath is indeed very strong. I am not his opponent."

"In my opinion, this person must be a powerful person at the top level of the Eight Universe Eternal Realm. It is very likely that he will enter the Nine Universe level, so he will be the first to be called.

"It's really Crouching Tiger, Hidden Dragon who came to join Jingyun Alliance this time!"

"..."

Each eternal warrior watched and looked at Shang Jiuqu, constantly communicating.

Many people have envy in their eyes, but they don't know that Shang Jiuqu's heart is full of regret at this time.

"Damn!"

"Brother Yanling, I've seen you a long time ago, why are you so slow, come here!"

The person who came out to pass the pass, saw Shang Jiuqu coming over, and immediately went up to pass the pass.

This person had met with Shang Jiuqu before, because he was responsible for signing up, and it was because he saw that Shang Jiuqu had a good cultivation and strong aptitude, he was the first to call him, in order to form a good relationship.

However, he couldn't think of breaking his head, Shang Jiuqu hated him at this time.

"Sorry."

"Just thinking about something."

Shang Jiuqu tried to control his expression and followed.

Along the way, he kept checking himself secretly to see if there were any flaws.

After the inspection, he breathed a sigh of relief.

He still didn't notice the aura of his deity.

Because the deity of Shang Jiuqu has completely fallen, he is actually just another person who has a complete memory of Shang Jiuqu.

"As long as you don't use Shang Jiuqu's various cultivation methods, it should be no problem."

Shang Jiuqu took a deep breath, followed the person in front of him around a corner, and saw a somewhat familiar middle-aged man, Jing Yunzi who had invited him before.

When I saw Jing Yunzi again, I was already a human being.

Shang Jiuqu couldn't help sighing in his heart.

"Leader!"

"This is Daoist Yanling."

The passer-by held his hand at Jing Yunzi.

"In Xia Yanling, I have seen the leader of Jingyun."

Shang Jiuqu calmly bowed to Jing Yunzi.

"Well, fellow Taoist is really a kind of talent."

Jing Yunzi took a deep look at Shang Jiuqu, and then smiled.

"The leader has praised it."

Shang Jiuqu said very modestly, "The juniors are dull..."

[Chapter 2853: Jing Yunzi's Eye of General Cause](#)

"Haha."

"You don't want to belittle yourself."

"With your foundation and aptitude, as long as the resources are abundant, entering the Nine Eternal Realm is just around the corner."

Jing Yunzi said generously, "Family Daoists have chosen to join the Jingyun Alliance. In terms of resources, I will definitely support them!"

"I would like to thank the leader for the first time!" Shang Jiu expressed his gratitude and bowed his hands in a salute.

"Ok."

"Tai is busy with his affairs today, so I won't talk more with fellow daoists. I'll talk about it another day."

"Come here, take Taoist Yanling around and find a good place to stay in the cave."

Jing Yunzi nodded, and immediately called a person, and went down with Shang Jiuqu.

"Passed!"

"His, it scares me to death!"

"If Jing Yunzi found out, he would probably hand me over for Su Lang!"

"Now that I'm hiding it, I have to be more careful, stay simple, or simply go to the rest of the universe under the surprise cloud alliance."

"However, you can't behave too abnormally."

"..."

Shang Jiuqu thought in his heart, gradually letting go of his clenched fists.

But he didn't know.

Jing Yunzi, who was sitting behind the long table in the main hall, showed a meaningful smile.

"The Eye of Tongyin is really easy to use..."

"The person before was a clone of Shang Jiuqu, or in other words, Shang Jiuqu himself."

"He was resurrected with the help of his clone!"

"Hmph, very good, properly cultivated will soon be promoted to the level of the nine universes."

"After the start of the Great War, he, full of hatred, will definitely attack Su Lang desperately, making the war even more fierce!"

"Of course, you can't let Su Lang discover him before this, otherwise he will undoubtedly die."

Jing Yunzi touched the short tiger's whiskers, and had already made a choice to deal with Shang Jiuqu in his heart.

He had already guessed the purpose of Shang Jiuqu, which was to first restore the cultivation base with the help of the Jingyun Alliance, and then show his identity.

Jing Yunzi didn't plan to expose it, and she wanted to support it.

Anyway, he didn't use those resources. It was used to cultivate Shang Jiuqu, so that the war would burn faster and more prosperously. It was totally worth it!

Next.

Jing Yunzi continued to observe the others who wanted to join the alliance.

He possesses a magical power called the 'eye of the cause', which can see the origin of the target to a certain extent.

It is precisely because of this that he will discover the true identity of "Shang Jiuqu".

Using the eye of Tongyin, Jing Yunzi observed the eternal powerhouses of the Eight Universes one after another.

Among these people, there are really three spies from the ancient forces.

Most of these spies came from the Ming Secret universe and the Dragon Dragon universe, and they were specially cultivated clones or dead men!

For these people.

Jing Yunzi put a lot in according to the previous plan.

As for the ones that weren't put in.

Basically, it is because of its poor disguise.

Jing Yunzi couldn't let him go, otherwise he would be thought to be releasing water, which would arouse suspicion.

For these people whose disguise is too bad.

Although Jing Yunzi showed a very unhappy appearance, she didn't take them seriously, so she blasted them away.

He was expressing his stance, expressing that he had no intention of being an enemy of the three ancient forces, and that he only wanted to manage his one-acre three-part land.

And this move has indeed greatly reduced the doubts of the people of the three ancient forces.

Time passed slowly.

in a blink.

Jing Yunzi completed the testing of all newcomers.

Many of these eight-planet-level newcomers want to find a Nine-planet powerhouse to cling to.

Everyone's first choice is naturally Jing Yunzi himself.

But Jing Yunzi was not interested in this at all, and didn't accept a little brother, which showed that he had no intention of centralizing power.

then.

The eternal warriors of the eight universes have shifted their targets.

And after the story of Su Lang slashing the seven eternal powers of the Nine Universes was spread, everyone regarded Su Lang as one of the top figures in the Shocking Cloud Alliance.

therefore.

Many people asked Jing Yunzi to help contact him, and saw Su Lang.

To this.

Jing Yunzi agreed.

Anyway, he didn't care how many hills there were in the Shocking Cloud Alliance, he only cared whether the final battle was fierce enough.

then.

In the practice dojo.

Su Lang is instructing the clones to transform the treasure lands with the 'Nine Lands of Dao'.

Then use the material conversion function to convert it into the materials needed for refining the formation.

[Chapter 2854: Do a hand-in-hand party](#)

suddenly.

He felt a wave of temporal and spatial fluctuations in the distance.

Sweeping the mind, it was suddenly discovered that Jing Yunzi was flying over with a group of people.

"Friend Jingyun, I didn't expect you to come to me so soon."

Su Lang flew out of the practice dojo and greeted with a smile.

Anyway, the clones are all working in his inner world, and they are not afraid of being discovered.

"Hahahaha!"

"The name of Daoist Su Lang is like a thunderous ear!"

"No, Jingyun Alliance has just accepted a lot of newcomers, and many of them want to learn from you."

Jing Yunzi laughed, pointing to the twenty-odd Eight Eternal Martial Artists behind him and said.

"Junior meets Master Su Lang!"

A group of eternal warriors of the eight universes held their fists in a timely manner and saluted respectfully.

Although these people have their heads down, their eyes are filled with awe, longing, and admiration.

"Everyone, don't give a gift."

Su Lang nodded to the eternal warriors of the eight universes, feeling very happy in his heart.

This drowsiness came to deliver the pillow, he just lacked the powerful subordinates.

These twenty or so eight cosmic eternal realms, after stationed in the Infinity, will surely be able to display dozens of hundreds of times more combat power!

"Friend Su Lang."

"These juniors will ask you to take care of them."

Jing Yunzi said, "I have some things to do on my side, so I'll leave first."

Finished.

Waiting for Su Lang to nod, then he was about to leave.

but.

"Leader wait a moment."

Su Lang stopped Jing Yunzi and said, "I have a problem here. I don't know if the leader can solve it for me."

"what is the problem?"

Jing Yunzi said boldly, "As long as I can do it, I will do it desperately."

"Thank you so much!"

Su Lang waved his hand to expand the Nianfeng Space, enveloping himself and Jing Yunzi.

This was not to fight Jingyunzi alone, but to avoid people's eyes.

Jing Yunzi also knew what Su Lang meant, and calmly waited for Su Lang to speak.

"Ashamed to say."

"At this point in my practice, my main practice is not enough."

Su Lang said apologetically, "So, I also hope that the leader can help me find a better major practice."

He is now using the main practice of Emperor Gujun Zhou, "Wuliang Liyu Juntian Chaos Sutra".

But till now, I always feel that this technique is almost meaningless.

Su Lang did not practice many exercises as his major, and he was not very good at creating a copy of it.

That's why he would do a hand-to-hand party and ask Jing Yunzi for it.

Finished.

Su Lang stared at Jing Yunzi closely to see how he chose.

Jing Yunzi was also taken aback when she heard this, but she didn't expect it to be the demand.

In his eyes, Su Lang is already the leader of the Nine Eternal Realm.

The exercises that can make Su Lang more satisfied must be very awesome!

but.

He originally meant to cultivate Su Lang.

and so.....

"Ok, this is just a small problem!"

He smiled happily: "I will give you my major practice, as long as you don't dislike it."

"Don't dislike it, don't dislike it!"

Su Lang said with a smile on his face.

"Then, fellow Taoist wait a moment, I will burn the exercises."

Jing Yunzi nodded, and immediately took out a jade slip of eternal level, and began to burn quickly.

See here.

As Su Lang's eyes rolled, an invisible wave was unknowingly from him.

This wave of concealment effect is extremely against the sky, and it is the magical power that Su Lang used together with [Mirror Flower Water Moon] and [Stealing Mysterious Scroll].

He had doubts about Jingyunzi before.

At this time, I was worried that Jing Yunzi was doing tricks in the exercises.

To be safe, and to test the power of the new supernatural powers, Su Lang acted.

That silent, unknowingly supernatural power filled the entire Nianfeng space, and also enveloped Jing Yunzi.

Suddenly.

The two supernatural powers unite and play a huge role.

Jing Yunzi's defenses in this regard were perfect, but he could not stop Su Lang from detecting it!

quickly.

Su Lang "saw" Jing Yunzi's many thoughts and thoughts.

The most common among them are the thoughts of majoring in exercises, which account for most of them.

Apart from the other are the rest of the thoughts.

Inside these thoughts.

Some are about the entire blank page of immortality, some are about Su Lang, and some are about Shang Jiuqu.

[Chapter 2855: Thoroughly Shocking Yunzi's Secret](#)

Because I have just seen Shang Jiuqu, the impression is strong.

Moreover, Jing Yunzi also had some plans for Shang Jiuqu, so he had many thoughts in his mind.
right now.

A small part of these thoughts was seen by Su Lang!

And this time.

Su Lang was shocked when he saw Jing Yunzi's incomplete thoughts!

"Jing Yunzi really isn't as simple as it seems!"

"Even, the entire Jingyun Alliance is a conspiracy!"

"Me, as well as many people who have joined the Jingyun Alliance, are pawns in Jingyunzi's eyes!"

"In addition, Jing Yunzi was in the same group with Xuanyu Alliance, Zangzhen Sect, and Master Yujing!"

"Even, the four of them, the boy of the leader of Xuanyu, the boy of the master of the Tibetan sect, the middle-aged Jingyunzi of the Jingyun Alliance, the old man and the master of the Jing, are all clones created by the same powerful mind and special magical powers, and chess pieces!"

"This great power... I don't know the title, I don't know the age... I don't know any information, I only know that there is such a person."

"Hey, I didn't expect it, I never expected that the people who contributed to the entire world of great controversy turned out to be the same person."

"Does this mean that he is fighting the three ancient forces with one person! It's amazing, really amazing!"

Su Lang looked at the thoughts and thoughts that had accidentally flashed through Jing Yunzi's heart, and a turbulent sea was set off in his heart.

unconsciously.

He has entered the storm of a world of great controversy and has become a **** in the eyes of others.

but.....

If you don't know it, you might be taken advantage of.

But now.

Now that you know the other party's plan, it's easy to handle.

Su Lang decided to frighten Yunzi's wolf to his heart's content.

Jing Yunzi is that mysterious and powerful clone, there are definitely many good things!

In addition, the eternal warriors of the entire Shocking Cloud Alliance are all excellent settlers of the Infinite!

It would be great if the entire Shocking Cloud Alliance could be brought under his command.
of course.

Su Lang knew that Jing Yunzi would not let this happen.

Can only say, do your best.

Su Lang silently made a decision in his heart, and immediately looked at another piece of information

—Three ancient powers, mastering the three treasures of the innate cosmic spheres of the endless cosmos, the magnanimous cosmic bead, the cosmic cosmic bead and the chaotic cosmic bead.

These three treasures can stabilize the large natural universe, suppress the universe, and even heal the natural universe eroded by the universe.

It's just that the three ancient forces are not in harmony with each other, each has its own defenses, and it is difficult to truly unite together, and it is impossible to entrust the three treasures to the hands of one person.

"The three ancient forces want to preserve their ruling territory, but it is difficult to truly unite together."

"That's why I was taken advantage of, and gradually formed a faction against them, that is, those who seek detachment."

"At present, the world of great controversy is coming. If the three major forces still cannot truly unite and suppress the war, then the entire Lingxu Fragmented Realm is likely to be beaten completely, forming a vast universe of white realm."

"The rifts formed in the Universe White Realm in the rest of the world, such as the rift between the Yilong Universe and Doudu Universe, will also deteriorate drastically!"

"At that time, the endless universe is likely to be torn into countless parts, and then linger for a while, and finally completely dying out under the power of the universal white world!"

"The three ancient powers, the Holy Demon Cult, the Ming Secret Universe, and the Dragon Territory, what choices will they make!"

Su Lang thought in his heart, planning to find an opportunity to explore the situation of the three ancient forces.

Soon.

His attention was attracted by Jing Yunzi's other thoughts, and a trace of astonishment flashed in his eyes.

"Emperor Yanling Zhou? Shang Jiuqu? Is this guy not dead?"

"It shouldn't be, Youtian Sword and Perfect Plunder work at the same time, and Shang Jiuqu's backhands will not work. How could he not die!"

"Shang Jiuqu is definitely dead, but Jing Yunzi's speculation is correct. This Yanling Zhou Emperor and Shang Jiuqu are extremely closely related!"

Su Lang touched his chin, thinking in his heart, "Look for a chance to see what this guy is."

at this time.

"Friend Su Lang."

"The major exercises you want have been burned!"

Jing Yunzi smiled gently and handed the jade slip to Su Lang.

[Chapter 2856: Taihong Boundless Sutra](#)

"Thank you so much!"

A smile appeared on Su Lang's face, and he reached out to take Yu Jian over.

"This exercise is called "Taihong Cangmang Sutra"."

"It's the best practice major I have."

"Even what I am practicing now is this exercise."

Jing Yunzi smiled and introduced, "Tao friends look first. If you don't understand anything, you can ask me at any time."

"Haha!"

"Leader Jingyun really has seen the most generous Daoist friend in this next life."

Su Lang laughed and admired, but a sneer flashed in his heart.

Tai Jingyun is generous and generous.

But he has his own purpose, and he is the kind of unwholesome kind.

"Fellow Daoist praised it."

"Look, look!"

Jing Yunzi shook his head and said, pointing to the jade slip.

Su Lang nodded slightly and looked at the jade slip in his hand.

This jade slip is a very precious treasure, enough to perfectly carry the information of eternal level exercises.

Under Jing Yunzi's gaze.

Su Lang probed into the jade slip with his spiritual thoughts, and suddenly saw the profound meaning of a huge amount of exercises!

At first glance, it was more than one level better than Gujun Zhou's major practice.

Suddenly.

Su Lang showed surprise in his eyes, and a brighter smile appeared on his face.

"How is it?"

There was a smile on Jing Yunzi's face.

"Okay, very good!"

Su Lang couldn't help but nodded, looking so excited, almost eager to start cultivation on the spot.

"That's good!"

"Friends are satisfied, I am also happy!"

Jing Yunzi smiled happily and nodded, "The Daoist will understand for a while. If you have any questions, you can directly contact me, or you can contact me by sending a jade card."

"sure!"

Su Lang pretended to be addicted to the jade slips, and nodded in disbelief.

See here.

The smile on Jing Yunzi's face became more brilliant.

Immediately afterwards, he looked at the group of Eight Eternal Realm martial artists and said, "Dear fellow Daoists, you will stay with Daoist Su Lang in the future and behave well."

"Yes, leader!"

The eternal warriors of the eight universes saw that they had succeeded in becoming Su Lang's subordinates, and they were immediately happy.

"Friend Su Lang, let's say goodbye."

Jing Yunzi bowed his hand to Su Lang and disappeared directly after receiving Su Lang's response.

Suddenly.

Only Su Lang and a group of eternal martial artists were left in place.

All Eight Eternity had originally thought that Su Lang would definitely be there for a long time to comprehend the exercises, and they were all prepared to wait for a long time.

But at this moment.

Su Lang ticked the corner of his mouth and put away the jade slip.

See here.

Although the eternal warriors of the eight universes were surprised, they immediately surrounded them and gave a deep salute to Su Lang.

"Junior meets Master Su Lang!"

Everyone spoke in unison, and the momentum was huge, and Su Lang was able to support the battle.

"Everyone, exempt the ceremony."

"Since you wait to come to my hand, then do your duty and I will not let you down."

Su Lang looked around at everyone and nodded in satisfaction.

There are a total of twenty-four eternal martial artists of the Eight Universes, all of whom are at the intermediate level or above.

Placed in remote areas such as Doudu, it is enough to become the master of a high-level universe.

At the time, the domain master of the Doudu universe, that is, the ancestor of Xiu Ning, Dou Xiu Zhou, was a warrior of the middle and upper levels of the Eight Es.

It is a pity that he has long been made into an incarnation by Emperor Gujun Zhou.

With the death of Gu Jun, he also fell completely.

"Thank you, sir!"

"I'll wait for adults to avoid hot water, to be born to death, to put their brains on the ground, and to kill them!"

"..."

The eternal warriors of the eight universes were naturally impassioned, and they all wished to be crushed by Su Lang.

"Everyone is serious."

"Follow me, safety first, and the rest are in the back."

Su Lang smiled and shook his head, "If it is a strong enemy that I can't deal with, I will definitely not let you go up and die."

These words came out.

Everyone was immediately moved.

Under normal circumstances, in the eyes of the eternal power of the Nine Universes, the Eternal Realm of the Eight Universes is very weak and is a tool that can be used at will.

But here in Su Lang, they felt a different place, which gave them a lot of goodwill from the bottom of their hearts.

For a time.

Everyone looked solemn and saluted Su Lang deeply again.

[Chapter 2857: Fragment repair, looking for clues](#)

"Ok."

"These pills are for you to use first."

"When I am not busy, I will teach you the exercises."

Su Lang smiled, and twenty-four pills flew out between the waves, accurately falling into the hands of every Eight Eternal Realm martial artist.

These elixirs have just emerged.

Suddenly a large number of Taoist rhymes arose, forming all kinds of strange Taoist anomalies.

However, a group of eternal martial artists of the Eight Eternity Realm directly showed stunned, unbelievable expressions!

"This is an eternal pill of perfect quality!"

"Hey, the key level of this pill is definitely the top level in the Eight Eternal Eternity, but I am too ignorant, I don't know what effect this pill has!"

"I'm a little bit shallow about the pill. This is an elixir that can help us accelerate the splitting of the Crystal Wall Universe, and has assisted in perfecting the Crystal Wall Universe!"

"It turned out to be the most cherished pill in this eternal state, it's incredible!"

"Master Su Lang is simply too grand, I met a good senior this time!"

"The adults are so kind to me, I must always follow the adults and repay the kindness all the time!"

"..."

Stormy waves rose in the hearts of eternal warriors, and all kinds of thoughts surged into immortality.

I sincerely admire Su Lang!

"Junior Xie Sulang, senior kindness!"

"Master Su Lang, if you have anything, please tell the little girl to your heart's content!"

"..."

One by one, the eternal martial artists of the Eight Eternity Realm congratulated them with excitement, wishing to run over and hug Su Lang's lap.

have to say.

Wealth touches people's hearts, and money makes ghosts grind.

And better prospects are more attractive.

This large sum of wealth was smashed down, revealing the supreme welfare, and immediately more than 20 eternal warriors of the eight universes were enough for one use.

But Su Lang was not satisfied with this.

What he needs is the most loyal subordinate.

Therefore, these 24 people need to be carefully screened to see if there are any nails inserted by others.

But this matter has to be ranked behind.

What Su Lang is most concerned about right now is to major in exercises.

"Everyone, get up first."

"Many of you are stuck at the bottleneck. I hope you can enter the Nine Universe level as soon as possible."

Su Lang hovered in the void, with his hands behind his back, and said lightly.

"Yes! Your lord!"

"The juniors have insufficient concentration, making seniors laugh. Let's practice hard."

"Senior, let's retire first. If you have any instructions, call us directly!"

"..."

All the Eight Eternal Warriors knew that Su Lang had his own things to do, so they retired very sensibly.

But they did not go far.

Instead, he just stopped not far away, put his portable cave mansion away, and began to swallow pill cultivation.

As for Su Lang's side.

Then he returned directly to the practice dojo.

Sitting in the endless cosmic energy, Su Lang stretched out comfortably, and then took out the jade slip.

Su Lang glanced roughly at the exercises in the jade slip.

The profoundness of the exercises and the powerful effects after cultivation are indeed the only things he has seen in his life.

At first glance, the content of the exercises does not have any problems, almost approaching the perfect level of the 'original exercises'.

just.

Su Lang would not pin his safety on Jing Yunzi's kindness.

Especially after knowing that Jing Yunzi had a ghost in her heart, she didn't dare to trust him.

Therefore, the "Taihong Cangmang Sutra" should be practiced, but we must carefully check and check to eliminate all hidden dangers!

This matter is very difficult for others.

Who is Jing Yunzi, one of the four avatar chess pieces of the super behind-the-scenes boss, if he does tricks, the method is mysterious, and it is by no means an ordinary nine-level master can see through.

But for Su Lang, this matter is very simple.

All the problems can be solved perfectly by using the 'fragment repair' function.

"system!"

"Start the fragment repair function!"

Su Lang used his spiritual thoughts to lock a section of the profound meaning of the exercises and activated the system functions.

"Ding! The "Taihong Boundless Sutra" has been repaired!"

Along with the appearance of the system prompt, a 'Gong Law Original' appeared in the storage space.

Su Lang took it out, probed it with his spiritual mind, and compared it with the content of the exercises recorded by Jingyunzi.

really.

He found a slight difference!

[Chapter 2858: Change major exercises](#)

"Jing Yunzi really did tricks!"

Su Lang's eyes condensed, a trace of coldness flashed in his eyes.

Soon.

He carefully compared the two exercises and conducted a rough insight, but he could not find any hidden dangers in a short period of time.

"Yes."

"If it is so easy to discover hidden dangers, then Jing Yunzi won't have to be confused."

"The technique for repairing fragments is definitely not a problem, so I will practice the original technique in the future."

"But just in case, it's better to confirm it several times."

Su Lang thought in his heart, and then very carefully selected dozens of profound meanings from the jade slips of the exercises, and repaired them with the fragments of the exercises.

The dozens of original exercises obtained as a result are exactly the same as the original one.

So far.

Su Lang completely affirmed that the exercises after the restoration were perfect and could be practiced with confidence.

"The technique is okay."

Su Lang's expression relaxed, and he ordered, "System, change the main practice method to "Taihong Cangmang Sutra" for me!"

"Ding! "Taihong Cangmang Sutra" was placed successfully!"

The system prompt appears.

The one-key cultivation villain gave a slight pause, and immediately began to practice at a faster speed.

"This technique is really extraordinary."

Su Lang's eyes were filled with joy, "As expected, he is the master of the mysterious and powerful technique behind the scenes!"

This "Taihong Cangmang Sutra" is dozens of times better than "Wuliang Liyu Juntian Chaos Sutra", and it is already another level of major practice!

The magnification of the one-key practice function has also invisibly increased dozens of times again, which is equivalent to more than ten consecutive levels! !

"It's so cool!"

"Jing Yunzi's wool is really fragrant!"

Su Lang looked at the cosmic energy that was used wildly around him and was almost torn apart, and a satisfied smile was drawn at the corner of his mouth.

He has already made a decision and continues to alarm Yunzi's wool!

Anyway, Jing Yunzi won't turn his face before the outbreak of the battle.

As long as it is not particularly excessive, Jing Yunzi will definitely be satisfied.

As for the security issue, let alone worry about it.

It just so happens that the Shocking Cloud Alliance can be used to avoid the wind and waves outside and prepare for the big battle.

During this period, both the accumulation of strength and the collection of intelligence are very important.

After making a decision.

Su Lang's attention shifted to the surrounding energy gathering formation.

With a thought, he used the one-key formation function to upgrade the surrounding energy formation formation.

Otherwise, this formation will be somewhat insufficient!

"The formation is barely enough now."

"But in order to be more secure, let's add a self-regenerating formation."

Su Lang murmured a few words, and immediately applied the self-evolving function to the Spirit Gathering Array, allowing the Array to evolve to a higher level.

Anyway, there are already a lot of materials synthesized and transformed with 'land', and there is no problem in supporting the self-regeneration of an energy-concentrating array.

Next.

Su Lang sat on the ground and continued to cultivate.

By the way, work with the clones to transform useless planets and continents into eternal-level materials.

at the same time.

Hongyu Universe, Changye Mountains, in the black courtyard.

Tai Jingyun, who had left Su Lang, was sitting opposite to Master Yu Jing.

A pair of tea sets was placed in front of the two of them, the water mist in the cups, and the rhyme of Taoism flowed.

"Su Lang's tea is really good."

"I don't know how he was nurtured."

Master Yu Jing took a sip from his teacup, enjoying the deliciousness of the tea very intoxicated.

"You are the first to be created and the most experienced of the four of us."

"Even you can't understand the origin of this Eternal Grade Spirit Tea, then Su Lang is a person with a secret."

Jing Yunzi looked at the teacup in front of him, "Unfortunately, my general cause can only see his general origin, and I don't know the rest."

"There is nothing wrong with the origin."

"The rest, don't care about it. I have seen too many people with secrets in my life, but the ending is nothing more than living with the universe and dying with the universe."

"Su Lang is very extraordinary, but no matter how extraordinary, he is just a **** without knowing his own situation, and a tool that is about to be sacrificed."

Master Yu Jing looked a little indifferent, and said with some vicissitudes of life.

[Chapter 2859: That must be foolproof](#)

"exactly."

"Our plan is bound to succeed."

"At that time, I will wait for unity, return to the deity, and detachment."

Jing Yunzi said lightly, "And Su Lang is just a tool, a chess piece, and he is at the mercy of others without knowing it."

"Su Lang, what did you do?"

Master Yu Jing took another sip of tea and asked indifferently.

"Of course it is to nurture him as much as possible, and take some insurance by the way."

"It just so happened that he asked me for a better major practice today, so I gave him the major practice I practiced myself."

Jing Yunzi picked up the tea cup and smiled, "What the deity gave to Su Lang is what I gave to Su Lang!"

"That must be foolproof."

Master Yu Jing also smiled, "Using the deity's means, it is impossible for Su Lang to find out. By the time he can find out, it will be too late."

"Exactly."

"However, this back hand shouldn't be used."

Jing Yunzi nodded, and then said again, "Su Lang is a little bit mysterious, but his combat power can't be as good as mine."

"That's best."

Master Yu Jing drank tea and said, "I will leave for the Holy Demon Sect in a while."

"Are you sure it's the Holy Demon Cult?"

Jing Yunzi asked, "It seems that I guessed right."

"Ok."

"The connections I have established have the greatest impact on the Sacred Demon Sect."

Master Yu Jing nodded, "Moreover, the position of the Holy Demon Cult has been somewhat unstable, so I have to try the Holy Demon Cult first."

"Say it's a try."

"Actually, you have a lot of confidence, right."

Jing Yunzi smiled, "That's how you are, even if you are 100% sure, you won't speak in a positive tone."

"I'm just more stable."

Master Yu Jing sighed, "In the battle that Lingxu Fragmented Domain first formed, the deity is a lesson from the past."

"rest assured."

Jing Yunzi's expression sank slightly, "Now the three ancient forces have no more followers."

"Be cautious!"

Master Yu Jing stood up and drank the tea.

"Then, I wish you every success."

Seeing this, Jing Yunzi also stood up and drank the tea.

Soon.

His figure gradually faded away.

"If you haven't finished drinking, you can't waste it!"

Master Yu Jing picked up the teapot on the table and collected the entire yard into the inner world, and immediately took a step forward, crossing the universe in time and space.

Time passed slowly.

While the undercurrent is surging.

Su Lang kept accumulating cultivation skills and transforming materials.

Finally, the layout and self-development materials of the Desperate Eternal Prison Array were all collected.

"You keep working."

Su Lang gave orders to the clones.

On the other hand, he used the one-thought array function to lay out the basic array of the desperate universe.

Because after slaying Gu Jun and others, he obtained a large number of the three classics of the pill array and read them.

Therefore, the Desperate Eternal Prison Array set up this time is more complete, and the power is more powerful.

After refining the formation.

Su Lang activated the self-regeneration function of the formation method, allowing the new desperate Eternal Prison formation to further evolve.

"Finally I'm almost busy."

"Now cultivation, martial arts, alchemy, formations, and material transformation are all fully automatic. You don't need to worry about anything. That's great!"

Su Lang let out a sigh of relief and immediately stood up.

He still has one thing left to deal with.

That is to see why Shang Jiuqu, which should have completely fallen, still appeared!

"Shang Jiuqu, this person, must be completely erased."

"The matter of revenge, can it not be overnight?"

"In addition, Jing Yunzi is very clear about the identity of Shang Jiuqu, but he kept his income from Jingyun Alliance and kept it from me."

"This is to cultivate the nine songs of Shang, fortunately, to fight me to death in the world of great controversy, to strengthen the overall intensity of the war."

"Hehe, Jing Yunzi, you can calculate this and that, I will let you eat an appetizer today."

Su Lang smiled coldly in his heart, then unfolded the power of time and space, and crossed the barriers of the universe into the rainbow.

The period during which the material was previously transformed.

The treasure hunting flying gliders are not idle.

They are all over Hongyu and Jizhou, monitoring all movements.

Those newcomers who had just joined the Shocking Cloud Alliance, their whereabouts all fell into the eyes of the treasure hunting flying gliders.

This of course also includes the "Shang Jiuqu".

[Chapter 2860: Who do you want to die](#)

It was at the time of Su Lang's action.

Somewhere in Hongyu, in a sea of cosmic energy.

A luxurious palace stands on the clear sea bottom.

Shang Jiuqu, who just settled here, took out the origin of the universe and prepared to practice.

When he left the Tianqu universe, he searched for the cultivation resources as much as possible.

He even slaughtered a lot of universes, condensing eternal blood pills, used to reverse the origin and core origin of the universe.

As long as the existing universe originates from the core origins, it will refining those murderous condensing things.

"call."

"It's settled now."

"Then Su Lang never thought that I had already entered this Shocking Cloud Alliance."

"Furthermore, Jing Yunzi didn't see through my disguise. Even if he saw me by accident, he would never see it."

"What's more, in his eyes, I should be completely dead."

"Hmph, Su Lang, wait, I must let you die!"

"..."

Shang Jiuqu first breathed a long sigh of relief, then showed hatred and cruel expression, clenched his fists and vowed that his revenge would be revenge!

But at this moment!

Wow!

A wave of time and space suddenly appeared in this ocean.

"who?"

"The place I chose is very ordinary, why would anyone come here, could it just pass by?"

Shang Jiuqu frowned, and immediately unfolded his mind to look at the place where the time and space fluctuations were coming from.

however!

"Who do you want to die?"

A hand was placed on his shoulder, "Shang Jiuqu...!"

In a flash.

Shang Jiuqu thunderously thundered, his body tightened and his hair was about to stand upside down!

Endless panic and unbelievable arose in his heart! !

Because even if he doesn't look back, he can see clearly the appearance of the coming person with his spiritual thoughts

—Su Lang, surprisingly! !

"How...how could it happen!"

"How could he find me!"

"Impossible, this is impossible, Jing Yunzi didn't even notice my disguise!"

Shang Jiuqu screamed hysterically in his heart, his pupils shrunk like mung bean eyes, and they were still trembling constantly!

He was really frightened!

"Tsk tsk."

"It turns out that this is the case. This is not a resurrection at all. Shang Jiuqu is deceiving himself and others."

Su Lang turned to the front of Shang Jiuqu, who didn't dare to move, and said playfully.

He has seen through the details of the "Shang Jiuqu" in front of him.

Because the name on the opponent's property panel is another person.

Su Lang immediately understood that this so-called resurrection was just that this person had a complete memory of Shang Jiuqu.

The real Shang Jiuqu had been beheaded by Youtian Sword.

"Gooooo..."

"Su, Senior Su Lang!"

"Junior is a victim, it was Shang Jiuqu that made me like this!"

"Please forgive me, I am willing to be a bull and a horse for you, let me spur you!"

"Shang Jiuqu" swallowed in horror, and said tremblingly.

"Ha ha."

"I don't want to spur you."

Su Lang sneered, "Besides, didn't you still want to take revenge before, how come you have become a victim now?"

This statement came out.

"Shang Jiuqu" was even more frightened.

He realized that Su Lang could see through his thoughts!

It should be known that his disguise is also very clever in the eternal territory of Nine Universes!

But even so, it was easily seen through by Su Lang, which was really horrifying!

"Late... the younger generation is affected by those memories!"

"Don't you have a deep hatred with Shang Jiuqu? You can treat me as Shang Jiuqu and stay by your side as an object of venting your anger."

"Shang Jiuqu" shivered and knelt on the ground, "Just, just beg your mercy, don't kill me."

This cowardly move is completely different from what a senior Nine Universe powerhouse should do. Because the true spirit of the "Shang Jiuqu" was originally a weak one.

"Spare you?"

"Take you as an object of venting?"

"Do you think I would be so boring?"

Su Lang raised his eyebrows and smiled disdainfully.

"No, please, spare the little ones!"

"The little one is just a badass, please let me go!"

The "Shang Jiuqu" is extremely stern and pleading, humble like a dog with a broken waist.

"Now I won't kill you."

Su Lang smiled playfully at the corner of his mouth, "I also want to take you to see Jing Yunzi, and then it will be up to you to behave."
