[Chapter 2861: Unbelievable shocking Yunzi](#)

"Yes Yes Yes....."

Shang Jiuqu didn't know what he should do, but he had no choice but to agree first in fear.

"Let's go, self-righteous guy."

Su Lang smiled faintly, and immediately carried Shang Jiuqu like a goose, stepping into the ripples of time and space.

The other side.

Jingyunzi is processing a large amount of information recently received from various channels to ensure that its plans will not be affected.

"Nine high-level cosmic domains in the east 37th latitude, four eternal martial artists of the nine cosmos, have joined the Zangzhen gate!"

"Haha, this is really good news. Now the Nine Eternal Martial Artists in the Lingxu universe are basically in line."

"It's just that, whether it's joining Me Jingyun Alliance, Xuanyu Alliance or Cangzhenmen, it's all on my side."

"At present, there are no unknown variables in the entire Lingxu Fragmented Domain. There is only the three ancient forces, which needs to be further explored."

"But the Master Yujing is here, and the Sacred Demon Cult will almost certainly be able to change its position."

"..."

After reading the information, Jing Yunzi showed a smile on his face.

There was Master Yu Jing from the Holy Demon Cult, and his Jingyun Alliance could completely enter the state of full-speed development.

"Next."

"It is to cultivate the strong in the alliance, make them stronger and more useful!"

"Like Shang Jiuqu and Su Lang, people with deep hatred of blood are a better choice."

"It's time to find Shang Jiuqu and help him return to the Nine Eternal Realm."

Jing Yunzi thought so, stood up, and planned to go out.

But at this moment.

He was suddenly taken aback.

Because of the transmission of Yupai Su Lang's information.

"Jingyun Daoist friend."

"In the League of Xia, I found a man with a ghost in his heart. Unfortunately, he is also one of Xia's enemies."

"Therefore, I would like to invite fellow Taoists to show up and discuss how to deal with it."

Above, the entire content of the information is communicated in a timely manner.

"A man with ghosts in his heart!?"

"And it's Su Lang's enemy!?"

"Could it be that Su Lang found the successor left by Shang Jiuqu?"

"How is it possible, I just gave him a major in the exercises for a while!"

"In such a short period of time, how could he find Shang Jiuqu who just joined the alliance?"

"Then, his so-called enemy should be the rest, right, it must be so!"

"..."

After reading the message, Jing Yunzi's expression froze, and a lot of shocked thoughts emerged in his mind.

Immediately after his analysis, he felt that the enemy Su Lang found should not be Shang Jiuqu, but the rest.

"I want to see who else Su Lang has feuded with."

Jing Yunzi touched his chin, and immediately replied with the jade plate of transmission, "Dao Fellow Su Lang, I happen to be okay here. See you in the conference hall of the alliance."

Send message.

He went directly to the chamber of the league.

After waiting for a while in the chamber, there was a ripple of time and space.

"coming!?"

"a?"

"Should it be some ordinary eternal warrior of the Eight Universes?"

Jing Yunzi looked at the ripples in time and space, and several thoughts flashed in his mind.

But then.

The appearance of two figures directly shocked Jing Yunzi's heart!

The people here are Su Lang and Shang Jiuqu.

The appearance of Shang Jiuqu was completely beyond Jing Yunzi's expectation!

"Shang Jiuqu!?"

"How could it be Shang Jiuqu!?"

Jing Yunzi couldn't believe it, some couldn't accept it.

After some analysis, he has completely ruled out the possibility that Su Lang would discover Shang Jiuqu.

However, the truth is like a slap in his face!

The person Su Lang brought was Shang Jiuqu!

"how could this be!!"

"How did Su Lang know that Shang Jiuqu had entered the Jingyun Alliance?"

"How did he see through the disguise of this 'Shang Jiuqu'!?"

"The real Shang Jiuqu has completely fallen, and I only confirmed his identity by seeing this person's life history through the eyes of Tongyin!"

"What about Su Lang, how can he see through the disguise of Shang Jiuqu, lock the position of Shang Jiuqu, and catch it directly!?"

"..."

Shocking storms seemed to rise in Jing Yunzi's brain.

[Chapter 2862: Kill right here](#)

For Su Lang.

He thought he had a very thorough view, nothing more than a super genius who grew up in a remote area.

The talent is strong and unparalleled in the world.

However, the heels are just like that, there is no strong background and backing.

But now.

In Jing Yunzi's heart, Su Lang's image was clouded with mist.

He felt that Su Lang was a little out of his control.

at this time.

"Jingyun leader."

Su Lang pushed the "Shang Jiuqu" forward, "This person is my enemy, and he is also a man with ghosts in his heart."

"Spare!"

"Senior Su Lang is forgiving, Senior Jingyun is forgiving!"

The two battles of the "Shang Jiuqu" show a sorrowful expression, as though a mouse being stared at by a cat in horror.

"Ok....."

"Is this person the enemy of Fellow Daoist?"

Jing Yunzi pretended not to know anything, "I wonder what deep hatred he and fellow Daoists have?"

"Actually, he is one of the successors left by Shang Jiuqu."

"Shang Jiuqu is dead, he is a **** for revenge."

"Unexpectedly, this person's disguise is quite good, but the leader didn't even notice it?"

Su Lang sneered in his heart when Jing Yunzi started acting.

He explained it indifferently on the surface, and finally expressed his doubts, alluding to Yunzi's failure.

"It's my mistake."

Jing Yunzi's expression remained unchanged and said, "I didn't expect him to be related to Shang Jiuqu, otherwise I would never let him enter the league!"

With perfect control of his expression, Jing Yunzi's heart felt uncomfortable.

In his eyes, Su Lang is a pawn, an excellent pawn, and an object that must be cleaned up in the end.

On the surface, he and Su Lang are in the same group, but in fact they are on opposite sides!

at this time.

For the fake Shang Jiuqu in front of me.

Su Lang saw through his disguise, but he was surprised that Yunzi did not.

Isn't this a judgement? It means he is shocked that Yunzi can't compare to Su Lang!

Although in secret, he Jing Yunzi also saw the clues of the "Shang Jiuqu", but on the surface it was impossible for him to say it, unless he was going to tear his face with Su Lang.

then.

No matter how uncomfortable Jing Yunzi was, she could only swallow this breath secretly.

"So that's the case, then I'm relieved,"

Su Lang listened to Jing Yunzi finished speaking, and said with a smile, "Now let me deal with this fake Shang Jiuqu, how about it?"

"As it should be."

Jing Yunzi said simply, "Daoist Su Lang, please feel free."

"Then I must kill him."

Su Lang laughed, "This guy hates me to death, I can't keep him."

This statement came out.

Shang Jiuqu was frightened suddenly: "No, don't kill me, I'm still useful, please...!"

But no one cares about him, no one even looks at him too much.

"This person should be killed!"

"Friend Su Lang has the right idea!"

"In addition, it was my negligence that caused him to enter the league."

"This person has a ghost in his heart, maybe he will make some moths."

"Now Fellow Su Lang sees through his disguise and pulls it out. This is a great achievement for the entire alliance!"

Jing Yunzi said with a serious face, but he was quite unhappy in his heart!

Because Shang Jiuqu was trained by him to make trouble for Su Lang.

Just now, I planned to find Shang Jiuqu to help him upgrade to the eternal level of Jiuzhou.

But now, to personally agree to let Su Lang kill Shang Jiuqu, the key is to praise a few words against his will.

Otherwise, it will conflict with his previous enthusiasm and personality, which may make people suspicious.

"Hahaha."

"It's great to have a leader."

"I will kill him to death, and I will never leave behind any other kind."

Su Lang smiled brightly, "By the way, it would be troublesome to bring this person back, so let's kill it here!"

"Great!"

Jing Yunzi's heart was stagnant, but on the surface he smiled and nodded.

Su Lang not only wanted to kill Shang Jiuqu, but also in front of him, which made him really uncomfortable.

But he must act well!

Su Lang must not be allowed to know that Shang Jiuqu was deliberately put into the alliance, and he must not be allowed to guess his intentions.

"Then I will do it."

Su Lang turned his head to look at Shang Jiuqu, with a sneer at the corner of his mouth.

[Chapter 2863: It must be very appetizing to Yunzi](#)

"Do it!"

Jing Yunzi sighed slightly aggrieved in his heart, and laughed loudly.

"no, do not want!"

"Senior Su Lang, Master Su Lang, the villain is also a victim!"

"Senior, the villain knows many exercises and classics of Shang Jiuqu, I am useful, don't kill me!"

"Please, I can be your dog, I will bite whoever you let me bite!"

"..."

"Shang Jiuqu" wailed and begged for mercy, humble like a dog about to be slaughtered.

however.

Su Lang did not feel pity because of his miserable begging for mercy.

Because this fake Shang Jiuqu's mind is filled with all the memories of Shang Jiuqu.

The resurrection was also affected by the methods used by the deity of Shang Jiuqu.

Regarding Su Lang's murderous vengeance, this guy will never forget.

Even if it is temporarily suppressed in order to survive, there will still be a great possibility of secretly turning back in the future.

"Get on the road!"

Su Lang looked at the fake Shang Jiuqu faintly begging for mercy, and pointed his hands together to form a sword, condensing a burst of sword energy.

"Do not--!!!"

The 'Shang Jiuqu' screamed desperately, and then flashed with the sword light, and stopped abruptly.

"Ding! You got the Eternal Soul*1..."

The system prompt sounded, and a large number of trophies entered Su Lang's storage space, making his reserves a little more abundant.

"Lord, look, how did you handle it?"

Su Lang pointed at the corpse on the ground and asked with a smile.

"Good kill!"

Jing Yunzi nodded his head heavily, and immediately stood up, "Now that this disaster is also aside, I still have important things on my side..."

Although he was still tensed, he felt angry when he looked at Su Lang, so he didn't plan to stay any longer.

"Oh~!"

"Leader is busy with something, I will go back by myself, no need to send it."

Su Lang showed a daze, smiled and put the corpse away before disappearing.

"You, you still want me to send you off!"

Jing Yunzi gritted his teeth again, but his complexion remained the same, and he was still tense.

He turned around and walked into the ripples of time and space, shuttled to his private cave, his face instantly darkened.

"Damn chess piece!"

"Even if you were unintentional, I will remember you!"

"At that time I will definitely let you die miserably miserable!"

Jing Yunzi took two deep breaths and slowly calmed the uncomfortable feeling in his heart.

The other side.

"Hey."

"This appetizer must suit Yunzi's appetite!"

Su Lang's figure appeared in the practice dojo, with a smooth smile at the corner of his mouth.

And the reason why I said it was an appetizer this time.

It is because Su Lang has only started to cook 'Dinner' now!

The entire Jingyun Alliance was actually Tai Jingyun, or the mysterious power behind him that was established to sacrifice chess pieces.

Well.

Those eternal warriors in the Jingyun Alliance can completely gather a wave.

"My reputation is in the Shocking Cloud Alliance, it's the kind of thunderous."

"It is a very simple matter to ask for contact and friendship with members of the alliance."

"After getting familiar with them, their defenses become weaker, and I can use Jinghuashuiyue, pill medicine and other methods to gradually gather them!"

"..."

Su Lang thought in his heart, and quickly made a relatively simple plan.

But now there is a question before him.

That is the question of standing in line.

In a world of great controversy, no one can be alone.

Which camp you should stand in requires careful consideration.

The current big camp of the endless universe is the camp of the three ancient forces.

Then they gathered in the Lingxu Fragmented Realm, hoping to use the pages of immortality and tearing the natural universe to form a universal white realm to complete the detachment.

According to Jingyunzi, or the deity of Jingyunzi and the other four people, the predictions made after countless years of experimentation and demonstration.

In a large enough universe, the eternal realm of super-high-intensity battles at multiple points and multiple places will cause the white realm to collapse and form a white realm vortex.

And the whirlpool of the white world will attract more pages of immortality, among which it is very likely that there will be blank pages of immortality!

This plan of Jingyunzi's deity presupposes a sufficiently large Universe White World.

This means that the Lingxu Fragmented Domain will greatly expand, and the entire endless universe will gradually collapse, and will eventually be swallowed by the Universe White Realm.

[Chapter 2864: Su Lang's plan is prepared with both hands](#)

The natural universe, as well as countless intelligent creatures, will usher in the end.

Su Lang is not a good person, but he doesn't want to see this scene.

However, he is also very interested in the blank pages of immortality.

Although he chose to open up a path of surpassing the 'providing the way by force' that no one has ever walked through, there is no need to use a blank page of eternal life.

But for this mysterious thing, it is necessary to have the clearest and complete understanding.

The general immortal page is formed from the use of the blank immortal page.

What about the blank page of immortality? how come? Appeared out of thin air? It must be impossible!

Therefore, Su Lang hopes to pick the fruit of victory from Jingyunzi's deity and get a blank page of immortality for research.

However, in this way, the battle of great controversy must be carried out, and the endless universe is bound to be damaged.

"If you stand on the side of the three ancient forces."

"It doesn't matter that their purpose is to maintain their rule."

"If they win, it's a fact that they can preserve the endless universe, but it's also a fact that they won't get a blank page of eternal life for research."

"In addition, how can I join the three ancient forces, they are old and rotten, and they are very xenophobic."

"Even if I fully disclose Jingyunzi's plan to them, they may not easily believe it."

"The key point is that their combat power is also very good. They are big bosses who have lived for countless years. It's hard to impress."

"Finally, the Sacred Demon Cult among the three ancient powers is somewhat unstable in its own position."

"It is difficult for the three major powers to truly unite, and the three major transformational universe beads cannot be collected, and they cannot prevent the deterioration of the Lingxu Fragmented Domain Universe White Realm."

"..."

Su Lang kept thinking in his heart, frowning slightly.

After a while.

He loosened his brows and made a decision.

"Since it's hard to choose."

"Then I won't choose, just make two-handed preparations!"

"I will make arrangements for both camps, and finally make the final decision depending on the situation!"

A gleam of light flashed in Su Lang's eyes, "If you can achieve both, then it will be the best result!"

Immediately afterwards.

He starts to act!

"Clone dispatch!"

Su Lang's heart moved, all the clones put down their work and appeared in front of him.

At present, the clone function has reached level 58, and the total number of clones has reached 174, all of which are true eternal levels of the Nine Universes!

This amount.

It has reached several times the number of Nine Eternal Warriors of the Shocking Cloud Alliance.

"Xing Cuan Yun He!"

Su Lang ordered again in his heart.

Part of the avatar in front of him and the twin avatars fused together to form a more powerful eternal martial artist of the Nine Universes.

"go with!"

"Find me the three ancient powers!"

Su Lang waved his big hand, and the avatars of stars and clouds disappeared from the original place and were dispatched to the rest of the universe outside of countless natural universes.

There was no movement in the whole process, and there was no sound. Except for Su Lang himself, no one knew about it.

"Baiying avatar!"

Su Lang gave another order in his heart.

One avatar unfolds the avatar of one hundred shadows, transforming one into one hundred, forming one hundred avatars of the top level of the eight universes.

Soon.

Su Lang sent the remaining clones to continue to work, then took out a jade card from the collection and joined the group chat.

At this time, the information space of Jixun Yupai is relatively quiet, and there are few speakers.

"Friends of Taoism."

"Are you interested in discussing Taoism with Su Moupin Ming?"

Su Lang's yellow message appeared in the collection space, instantly making the entire collection space completely quiet.

Immediately afterwards.

It was like a stone dropped into a calm lake, causing a lot of waves!

"It's Senior Su Lang!"

"Senior Su Lang has spoken!"

"Senior, this is looking for people to discuss the Tao and exchange ideas!"

"Hey, if I could talk to Senior Su Lang, it would be an honour, but it's a pity that my strength is low."

"Me too, I'm afraid I won't be able to seize this opportunity."

"..."

Each eternal warrior was very excited at first.

But when they thought that Su Lang was a big boss who killed the seven great nine celestial intermediate powers with one enemy and seven, they didn't have the confidence to talk to Su Lang.

at this time.

[Chapter 2865: I agree with this matter with both hands](#)

"Friends of Taoism."

"Sumou's Taoism doesn't require high levels of cultivation."

"As long as the power of the Nine Universe Eternal Realm, you can come to me."

"Friends of the Eternal Realm of the Eight Universes, if you have any questions, you can come to me to solve your doubts at any time. Those who come will never refuse."

Rows of yellow messages representing Su Lang appeared in the collection space.

See here.

All the eternal warriors suddenly cheered.

"Senior Su Lang never refuses to come!!"

"I guess it must be the power of the Nine Universes first, and the Eternal Realm of the Eight Universes has to wait a while, but even so this is a great opportunity!"

"I have already accumulated a lot of questions in my heart. At the level of Senior Su Lang, I will definitely be able to build a house and solve my doubts!"

"I must seize this opportunity. I'm going to talk to Senior Su Lang to exchange ideas!"

"..."

The eternal warriors cheered and decided to go to Su Lang to discuss the Tao.

At this time.

The two high-level powers of the Nine Universes, as well as some intermediate-level powers of the Nine Universes, also spoke in the collection space.

"Daoist Su Lang, I just happen to have some problems in Xia, and I hope I can exchange experience with Taoist friends!"

"So is Li, I have a problem here that has bothered me for a long time, and I will come to find Taoist Su Lang to discuss the truth later!"

"Hahahaha, so many people are looking for Daoist Su Lang to discuss the truth, it is better for Daoist Su Lang to directly hold an exchange meeting for the big guys to get together!"

"..."

These great powers of the Nine Universe Eternal Realm spoke one after another, and the atmosphere of the conversation became more heated.

"Haha."

"This matter, I raise my hands in favor!"

The golden message representing Jingyunzi also emerged, expressing support.

In the private cave, Jing Yunzi looked at the Jixun jade medallion, his eyes flickered.

He didn't know whether Su Lang had the purpose of gathering people's hearts in addition to discussing the Tao.

But even if it did, Jing Yunzi would not stop it.

Because in the final battle, facing the temptation of detachment, everyone will be enemies in the world! friendship? Human heart? There is basically no use for eggs! instead.

Su Lang, a great master, asked someone to discuss the Tao, and almost all came to him. This allowed many members of the alliance to be promoted.

It happened to echo Jing Yunzi's desire to cultivate members of the alliance.

"Humph!"

"Su Lang, you can help me improve the combat power of the members of the alliance."

Jing Yunzi sneered, "I will thank you very much, hahahaha!"

at the same time.

"Jing Yunzi, if you haven't stopped it now, there will be no chance in the future!"

Su Lang smiled coldly when he saw Yunzi's words in the collection space.

Su Lang is still very confident about his method of gathering people's hearts!

Relying on one-key alchemy refining equipment to refine arrays, one-key empowerment and other functions.

With the help of secret techniques such as [Stealing Mystery Volume] [Mirror Flower Water Moon] [Ming Guang Wanjie], it is simply too easy to gather a warrior of the same level.

As long as those eternal warriors tasted the sweetness and got on the boat, it would not be easy to get rid of Su Lang.

At this time.

There are more and more news in the collection space.

But the rest of the eternal warriors heard the news and came in one after another to speak.

Among them, the one who asked the most was when to look for Su Lang's Dao.

"Friends of Taoism."

"I won't talk much here."

"Su Mou is waiting at the training dojo before Jizhou, everyone can come over at any time!"

After Su Lang sent the message, he put away the jade card of Jixun and began to make preparations for discussing the Tao.

He didn't intend to go out with the deity himself, but to send a clone.

After all, with so many people coming, he himself talked and exchanged one by one, how troublesome!

It's much easier to talk about the Tao with a clone.

After all, the clones also have perfect intelligence, and their key knowledge reserves are exactly the same as Su Lang himself!

"The clone that was sent out, it's better to use Baiying clone."

"The top clone of the eight universes is already high enough."

"If you use the Nine Universe level clone, it would be too high-profile."

"In addition, it is best to establish a formation, separated into small rooms."

"Let the avatar expand the thought-confidence space to form a two-person world, and further isolate it."

"In this way, it will be difficult for them to infer how many clones I have."

"..."

Su Lang pondered in his heart. After making a decision, he immediately began to arrange the formation.

[Chapter 2866: Arrange the formation, taste tea and talk about Taoism](#)

The layout method is too simple for Su Lang.

Every thought is full of formations.

The formations are connected to each other and complement each other to form a shielding formation of the Nine Eternal Realm.

The formation of this level, coupled with the thought space of the clones, is enough to ensure that those who come to discuss the Tao cannot see elsewhere.

Just finished these.

There was a wave of time and space fluctuations in the distance.

It turns out that someone can't wait to come over.

"Hi! What kind of formation is this!"

"Unexpectedly, it can quickly absorb the energy of the universe on such a large scale!"

"I have been here before, and the previous formation is absolutely incomparable with the present."

"Now this is Senior Su Lang's cave mansion, these formations will definitely be arranged by him."

"It's great, I just dabble in the realm, this time I must ask Senior Su Lang for more advice!"

"I don't know what Senior Su Lang did to collect so much cosmic energy, is it just to reverse the origin of the universe?"

"Now Senior Su Lang must sense that we have come, let's go, go up!"

"..."

The eternal warriors were shocked by the great gathering of spirits arranged by Su Lang, sucking in cold air, and after some discussion and venting their horror, they flew forward.

Everyone moved quickly.

In a blink of an eye, he came to Su Lang's dojo.

"Junior Shi Ling, meet Senior Su Lang!"

"Junior Xiao Xiaoyao, meet Senior Su Lang!"

"younger generation....."

"..."

Those who came first were the ones who couldn't wait, and relatively speaking, their cultivation bases were slightly lower.

Therefore, most of them call themselves juniors.

"You don't have to be polite."

"This time I invite you to come and discuss the Tao, I hope you can gain something."

Su Lang's approachable voice reached the ears of warriors, "Now, please join us!"

Listening to Su Lang's gentle voice.

Some tense eternal warriors have relaxed a lot.

They looked at the big formation ahead and found that the big formation was more than just a gathering of spirits.

But to say what can be seen.

Most people's formation attainments have not yet reached this level.

Only a few warriors who love the way of formations and have studied for a lifetime can see that it is a perception shielding formation.

"I'm talking about it!"

A warrior named Shan Huaiyi, who had just entered the realm of the Nine Universes, flew into the big formation with a slight gesture.

Enter the big array.

There was a mist in front of him.

He walked forward and found that a short table was placed in the surging mist, and a young man with a smile was already sitting behind him.

"Friend Su Lang!"

Shan Huaiyi looked overjoyed and hurriedly stepped forward to salute.

At this time.

He realized that Su Lang in front of him was only the top level of the Eight Universes, and he immediately understood that this was a clone.

'Taoist Su Lang wants to talk about Taoism alone with many fellow Taoists, and he can only use the technique of avatar.'

'But this avatar technique is really powerful, it is actually the top level avatar of the Eight Universes!'

'I don't know what level of the avatars of Daoist Su Lang and the other fellows are.'

'...'

Shan Huaiyi thought with shock in his heart. He guessed that there must be more than one, and not a few.

Because of the powerhouses at the same level as him, as well as the powerhouses stronger than him, many have not come yet.

After they came, Su Lang would definitely not use a low-level clone to discuss the Tao, that would be rude.

'perhaps.'

'There can be dozens of avatars like Fellow Su Lang! ?'

'This is amazing!'

Shan Huaiyi thought this way, but never expected that as long as Su Lang was willing, he could create more than 17,000 such clones.

at this time.

"Please sit down."

"Friend Shan Huaiyi."

Su Lang (the clone) pointed to the futon in front of Xiaoji.

"Friend Su Lang actually knows his name!"

Shan Huaiyi was surprised, and immediately surprised, because he felt valued.

He sat down on the futon before leaving.

"of course I know!"

Su Lang smiled slightly, "Do you not know that fellow Taoists are not unknown people?"

"Hahaha!"

Shan Huaiyi smiled happily, and exclaimed, "Talking to Taoist Su Lang is really like a spring breeze!"

"Haha."

"Not much else."

"Come on, taste tea, talk about Tao!"

Su Lang also smiled brilliantly, and between waving his hands, a pot of spirit tea appeared on the desktop.

[Chapter 2867: Everyone has a share](#)

This spiritual tea is not as good as the one given to Master Yu Jing.

But it is also made with one-click synthesis and enhanced functions, a unique eternal spirit tea.

As soon as the spiritual tea came out.

Suddenly, there is a peculiar Taoist rhyme flowing, which is refreshing and clear.

"Good tea!!"

"Friend Taoist this tea, this is the first time I have seen this tea in my next life!"

Shan Huaiyi looked at the Lingcha in front of him in shock. He had never tasted this level of tea.

Therefore, he suddenly aroused a trace of restraint.

"You needn't be polite, fellow Taoists."

"I have a lot of this tea, even if I drink it."

"In addition, I also have a pill for enlightenment."

"Wait later, if a fellow Taoist gains insight, he can take the pill at will, and take advantage of his epiphany to gain more insights."

Su Lang smiled faintly, and put another box on the table, but the box couldn't hold the breath of the medicine.

suddenly.

The box opened automatically, revealing a fist-sized, crystal-clear pill inside.

The pure and incomparable pill breath suddenly rushed to his face.

Shan Huaiyi's pupils were slightly enlarged, and he swallowed involuntarily.

The exercises of the eternal realm are extremely difficult to practice.

Even those with superb understanding have spent countless hours to comprehend, and it is easy to get stuck somewhere and unable to make progress.

But Su Lang's pill is specifically for enlightenment!

Shan Huaiyi can feel that if he can eat one, the countless questions accumulated in his heart will be solved!

just.

Why would Su Lang take out such a treasured pill so easily! ?

"Friends of Taoist do not need to worry too much."

"I have a lot of pills. Every fellow Taoist has a share."

Su Lang saw Shan Huaiyi's worries, and smiled faintly, "The gift of this medicine to fellow Taoist is just for a good relationship."

Shan Huaiyi didn't seem to hear clearly the other words with Su Lang, and only noticed the four words 'everyone has'.

'Everyone...everyone has! ?'

'The pill that is so cherished is of infinite value, and it can be met but not sought. Taoist Su Lang actually wants to give it to everyone who comes to discuss the Tao! ?'

'Hi, Daoist Su Lang, he is not only extremely powerful in his cultivation, but he is also a huge wealth in the Nine Eternal Realm! !'

'The key is Su Lang Daoist Fellow is generous and generous, and makes people hate that they have not met earlier!'

"Fortunately, I did not miss the opportunity to make friends with Su Lang Daoist friend. Shi Han was at a critical moment in his cultivation, and he failed to come. What a great loss!'

'...'

Shan Huaiyi's heart was filled with a lot of thoughts and thoughts, so that the expression in his eyes was slightly distracted, as if he was unconscious.

"Friend Shan Huaiyi?"

Su Lang smiled in his heart and sent out a serious reminder on his face.

"what!"

"Sorry! Fellow Daoist Su Lang, I think things are gone!"

Shan Huaiyi recovered and smiled haha.

"It's okay."

Su Lang nodded slightly, "Let's start discussing the Tao now, what topics do you want to discuss?"

"Great."

"It's better to discuss the topic of refining tools."

"The greatest interest in this next life is to refining tools."

"On the refining tool, I have a little bit of it. I planned to promote my weapon to the Nine Eternal Realm a long time ago."

"It's just that there are too many difficult and complicated questions. Today, I have troubled daoists to help me figure out a solution."

"..."

Shan Huaiyi said very politely.

In fact, he didn't deliberately want to talk about what he is best at.

It was that he had seen Su Lang's clone, formation, and medicine, and he knew that Su Lang's secret techniques were endless and his combat power was terrifying.

If he doesn't care about the topic of refining tools, he feels that he has nothing to grasp at all.

just.

He never expected...

"Refiner!"

"This topic is good, and I happen to have some accomplishments on this subject."

"I only promoted my weapon to the intermediate level of the Nine Universe Eternal Realm yesterday, and I can share some experience with fellow daoists."

Su Lang said with a smile, and then saw Shan Huaiyi's expression stagnate in front of him, his lips twitched, it seemed that his tongue was knotted and he couldn't speak.

"What...what!"

"Nine Universe Intermediate Level Weapon!?"

Shan Huaiyi was so shocked that he lost his voice, his face was full of unbelievable expressions.

[Chapter 2868: I'm ashamed of it if I haven't discussed it yet](#)

An intermediate-level weapon of the Nine Universe Eternal Realm!

This is an extremely rare weapon in the eternal level of the Nine Universes.

As everyone knows, many warriors at the intermediate level of the Nine Universes are still using the weapons of the Eternal Realm of the Eight Universes.

He Shan Huaiyi possessed a weapon of the Nine Universe Eternal Realm, even if he had just entered the level, it was one of the few in the Shocking Cloud Alliance.

But now.

Su Lang has just been promoted to an intermediate-level weapon of the Nine Universes!

This not only highlights Su Lang's wealth once again, but also means that Su Lang has a more advanced refinement attainment than Shan Huaiyi!

'This! Unfortunately, I still want to talk to Taoist Su Lang about the way of refining tools! '

'My attainments are nothing in front of Su Lang! '

'Su Lang... is also the Nine Eternal Realm, why is he so much better! '

'Fighting talents, secret techniques, formation tools, Dao Dan Dao... what else he can't do! ? '

'...'

Shan Huaiyi's heart is extremely complex, horrified, shocked, envious, inferior... and more of awe.

he knows.

Su Lang is far stronger than he thought!

On Tao and Tao.

Before it was discussed, he was ashamed of himself.

At this time.

"Yes it is."

"Nine Universe Intermediate Level Weapon."

"This is it, the eternal weapon I use to manage the world in my body."

Su Lang smiled faintly, stretched out his right hand and slowly opened it, and a mirror appeared on the palm of his hand, which was the mirror of reincarnation.

The mirror of reincarnation, the eternal emperor of the eight universes.

It has fifteen enhancements, three enhancements and qualitative changes, and its combat power has reached the middle and upper levels of the nine universes!

At this time, as soon as the mirror of reincarnation came out, the extremely convergent but still an abyssal aura was suddenly filled with Shan Huaiyi's senses.

'Really an eternal emperor soldier at the intermediate level of the Nine Universes! '

'The point is, this weapon is not for combat! '

'Will Daoist Su Lang give priority to upgrading these auxiliary weapons? No, he will definitely give priority to upgrading combat weapons! '

Shan Huaiyi looked at the mirror of reincarnation, his entire face was full of amazement, "This means that he has at least two eternal emperor soldiers of the Nine Universe Eternal Intermediate level!"

Thought of this.

He couldn't help but shocked!

A person owns two eternal emperor soldiers at the intermediate level of the Nine Universes. This is something that only appears in his dream!

But now, it really appeared in front of him!

just.

He can't imagine

——Su Lang possesses ten Nine Universe Eternal Emperor Soldiers!

Among them, the six eternal emperor soldiers, including Youtian Sword, are the advanced level of the Nine Universes! !

And this.

Su Lang would not show it either, after all, no matter how to show his muscles, he still had to keep his hole cards.

now.

Looking at the Mirror of Reincarnation in Su Lang's hand, Shan Huaiyi was speechless, as if a storm was stirring in his mind, he didn't know what to say.

Fortunately, Su Lang broke the silent atmosphere.

"look."

"Soon, you must also try to promote the weapon again."

Su Lang put away the mirror of reincarnation and smiled, "Perhaps, my experience here will be useful to you."

This statement came out.

Shan Huaiyi suddenly woke up and said hurriedly: "Useful! Useful! Definitely useful! Senior Xie Sulang!"

The slightly stiff and sluggish expression on his face turned into a smile and became vivid.

Since it's not as good as Su Lang, then you have to admit it!

Shan Huaiyi admitted, and quickly accepted this fact, and was very happy because he could get Su Lang's guidance right away.

For a long time, he has been unmatched in terms of instrument and Dao, no one talks to him about Dao, let alone teaches him.

Therefore, the speed at which his attainments of the instrumental path improves is extremely slow, and it may not be possible to improve a little in a million years.

now.

He saw the light of hope that quickly improved his refinement skills, how could he not be excited!

"Hahaha."

"Whether it's useful, you have to talk to know."

Su Lang laughed, "Furthermore, the Daoist's refinement skills are not weak, who said I can't get anything from it?"

"Senior is too modest."

Shan Huaiyi smiled and shook his head.

"Don't belittle yourself, come and drink tea."

With a smile on his face, Su Lang poured himself a cup of tea and pushed the teapot to him.

"You're welcome."

Shan Huaiyi poured a cup cautiously, held it in the palm of his hand, and immediately raised his own question: "Next..."

That's the beginning of the discussion.

in fact.

In the refining device.

In terms of the breadth of knowledge, Su Lang will surpass Shan Huaiyi, but in terms of depth, it is somewhat inferior.

After all, Shan Huaiyi is the refiner who personally refined the Nine Eternal Emperor Arms.

The highest level of Su Lang's learning classics is the Eight Eternal Realm.

But he learned a lot of refining knowledge.

It can be considered that the foundation of the Eternal Realm of the Eight Universes has been laid extremely solid, and it is not an exaggeration to say that the world is number one.

Shan Huaiyi first entered the realm of the Nine Universe Craftsman, and most of his knowledge still belongs to the Eight Universe level.

So many of his problems actually arise because of the lack of knowledge in the tools and methods of the Eight Universe Eternal Realm.

these questions.

For Shan Huaiyi, it was puzzling.

But in Su Lang's hands, he could easily untie it within a few breaths.

After answering two or three questions one after another.

Shan Huaiyi already admired Su Lang's art and skill, and completely claimed to be a junior.

Shan Huaiyi is just a microcosm of many people who come to discuss Taoism.

Everyone who came to discuss the Tao, no matter what topic they were talking about, was convinced by Su Lang's profound knowledge.

For a time.

Within the large formation of the cultivation dojo, in each grid, the field theory is continuously carried out.

All those who came to discuss the Tao gradually developed a deep admiration and affection for Su Lang!

Even many people already have the heart to defect!

And this wave of people talking about Taoism is only the first batch.

One after another, many eternal warriors continued to come.

Most of these later eternal warriors have a higher level of cultivation than the first batch.

However, under Su Lang's various guidance, he was quickly convinced.

Among them, there is no lack of Jiu Zhou Intermediate-a level of power with Gujun, Shang Jiuqu and others.

However, these warriors Su Lang used avatars to receive them.

Until the two eternal high-level powers of the Nine Universes came together.

These two people were the two who sat next to Su Lang when Caiyu Tianshan Jingyunzi was preaching.

These two people.

One is called Fang Gan and the other is called Le Zhengnan.

They are also the only Nine Universe high-level powers in the Shocking Cloud Alliance.

although.

In the eyes of everyone.

Su Lang, who fought hard against the seven people and killed them all, was also a high-level powerhouse in the Nine Universes.

But in the eyes of Fang Qian and Le Zhengnan, this is still open to question.

after all.

They did not perceive the high-level aura of the Nine Universes from Su Lang.

In their endless years, they have never heard of Su Lang's name.

And even at the intermediate level of the Nine Universes, even ten can't beat a high-level Nine Universes powers.

and so.

The two came to discuss the Tao, it was tentative.

at this time.

The two have come outside the practice dojo.

"This formation is very good."

"It is a united formation, which is jointly arranged with a large number of Eight Eternal Realms and Seven Eternal Realms!"

"This arrangement method is more difficult than purely arranging the Nine Universe Eternal Realm array!"

"It seems that Su Lang is deliberately demonstrating his knowledge of the formation, um, it is indeed very good, I am not confident that he will be better than him."

Fang Gan stared at the formation of the cultivation dojo and analyzed it carefully. His eyebrows were slender, his hair was loose, and he had an unruly temperament.

"Even you are not confident that you can be stronger than him!?"

"You are known as the number one person in the Shocking Cloud Alliance."

Le Zhengnan was a little surprised, "This Su Lang is really interesting!"

"Haha."

"I don't have the ability, he dare to put down Haikou in the collection space, and he won't refuse anyone?"

Fang Gan smiled, "Let's go, visit Daoist Su Lang and see how good he is!"

"Walk around."

"It's been a long time since I was so interested!"

Le Zhengnan smiled and waved his sleeves forward.

then.

The two took a step forward and stopped before the formation.

Buzzing.

The formation suddenly opened automatically, revealing a handsome man who was Su Lang's deity.

"Two fellow Taoists, don't be unharmed!"

Su Lang looked at Fang Qian and Le Zhengnan with a relaxed expression and a smile at the corner of his mouth.

For these two people.

He pays more attention to it.

After all, in the battle between Zhan Gujun and the other seven.

His Xing Cuan Yun He clone used the jade fragment of life, sacrificed his life, and burst out the high-level combat power of the Nine Universes.

If Fang Qian and Le Zhengnan can pull into their camp and station in the Infinity, then there will be more combat power that can be increased.

"Very good, very good!"

"Friend Su Lang, how has it been lately?"

Fang Qian and Le Zhengnan are also polite.

"Okay, everyone!"

Su Lang laughed, turned around and spread his right arm, "Please, please!"

"Friend Su Lang, please!"

Fang Qian and Le Zhengnan also made extended petitions, and the three of them entered the big formation together.

In a blink of an eye.

The three of them came to a bamboo forest.

In the verdant bamboo forest, there is a stone round table with three stone benches surrounding it.

The breeze blows.

The bamboo forest rustles, and the light and shadow sway along with it, which is quite artistic.

"It's the eternal class Qingfeng Enlightenment Bamboo!"

Fang Qian and Le Zhengnan recognized the type of bamboo forest at a glance, and they were shocked!

"hiss!"

"The dozens of plants in the middle are all Nine Universe-level enlightened Qingfeng bamboos!"

Le Zhengnan looked around, his face was surprised, "Dao Fellow Su Lang, you are so accomplished in spiritual cultivation!"

'incredible! '

'There are so many Qingfeng Enlightenment Bamboos.'

'This is more effective than the general enlightenment pill!'

Fang Gan didn't speak, but he looked around, stretched out his hand and touched the Nine Universe Grade Qingfeng Enlightenment Bamboo, secretly amazed.

"If you two are interested."

Su Lang smiled and said, "I can take a plant back later."

"This Qingfeng Enlightenment Bamboo is of infinite value!"

Fang Gan said with a little playfulness, "Tao friends are willing to give it to us?"

"Some bamboos are not worth mentioning."

Su Lang looked calm, pointed at the stone bench and said, "Sit down."

The two nodded.

Sitting on the stone bench following Su Lang, the three of them formed a circle.

As usual.

Su Lang took out his spiritual tea again.

The spiritual tea that I took out this time was of the same level as the one that was given to Yujing Master, but they were of different types, which would be of great benefit to the Crystal Wall Universe of the Eternal Body.

As soon as the spiritual tea came out.

Fang Qian and Le Zhengnan's pupils shrank suddenly, and they faintly matched their eyes, and they both saw the surprise in each other's eyes.

Spirit tea of this level.

This is the first time they have seen it!

Su Lang had already anticipated this, and smiled faintly in his heart.

Even Master Yu Jing and Jing Yunzi have never drunk spiritual tea of this level, let alone Fang Gan and Le Zhengnan?

At this time.

"Friend Su Lang!"

Le Zhengnan said solemnly, "Such cherished spiritual tea, I can't make it!"

"Yes."

Fang Gan also nodded, "Daoist Su Lang is really too polite."

"This is my way of hospitality."

"If friends come from afar, they must bring out the best treasures to entertain them."

Su Lang looked serious, "This is the spiritual tea that I cultivated by myself, you two must not refuse."

This statement came out.

Fang Qian and Le Zhengnan looked at each other again, turned their heads and nodded to Su Lang, and said in unison: "Then thank you fellow daoists!"

"I don't know if you two came to discuss the Tao."

Su Lang opened the topic while pouring tea for himself, "I don't know what to discuss?"

Hear this.

Fang Qian and Le Zhengnan smiled slightly.

When they came, they had already figured out what they were going to talk about.

"On the secret technique of exercises!"

Fang Gan said while taking the teapot handed by Su Lang.

"Secret technique?"

Su Lang twitched the corner of his mouth and said with a smile, "Okay!"

On the secret technique of Gongfa.

Over the years, how many exercises he has practiced, it takes "ten million" as a unit to measure!

What level of exercises did he have not practiced, and what type of exercises did he have not practiced?

Even the shame and shame exercises, if you have practiced it, don't know, you will lose ten thousand copies!

When Fang Gan wanted to discuss the secret technique of the exercises, he kicked directly on the barbed iron plate with bare feet!

of course.

Fang Gan didn't even know that Su Lang's strongest was the secret technique of the exercises.

He thought that Su Lang had higher attainments on the left dao, such as formation and alchemy.

and so.

"Since fellow Taoists should go down."

Fang Qian smiled confidently, "Then, let's get started!"
