[Chapter 2891: Take everything you use](#)

Qingfeng comprehends the depths of the bamboo forest.

In a small house made of fresh bamboo, Fang Gan sat cross-legged, his eyes closed, but his face was filled with excitement.

After getting the Su Lang empowerment method.

He feels that everything about himself has been reshaped.

The hidden dangers that were buried unknowingly on the road of cultivation in the past have all disappeared!

Whether it's the body or the mind, everything is bright and transparent, almost like a new life!

but.

There are many exercises he practiced, only the most important exercise was taken by Su Lang and transformed into "Eternal Flood Relief".

There are still some that do not have a strong sense of existence, but there are some useful techniques that need to be used in conjunction with the new and core "eternal flood style" to find a way to make the overall combat power stronger.

This job is very simple for Fang Qian.

Because compared to "Eternal Flood Relief", the rest of the exercises are simply small shrimps, can you get results quickly if you can use them together.

therefore.

In a short period of time.

Fang Qian has thoroughly sorted out all his exercises, and everything has become more perfect.

His combat power has also become stronger.

Although it has not yet reached the top level of the Nine Universes, it is many times stronger than the ordinary advanced level martial artist of the Nine Universes!

suddenly.

Fang Qian's expression moved, he quickly stood up and walked to the door to stand with his head down.

Soon.

He saw Su Lang walking out of the bamboo forest with a faint smile on his face.

"Master!"

Fang Gan clasped his fists and saluted, "The disciple has completed his consolidation."

"very nice!"

"Next, you continue to perfect the Crystal Wall Universe."

Su Lang nodded approvingly, "Presumably it won't take long for your daily combat power to reach the advanced level of the Nine Universes!"

"The disciple will follow the teacher's teachings!"

Fang Gan respectfully saluted again.

"Ok."

"Now it is the early stage of entering the world of great controversy, and pages of immortality appear everywhere."

"There is not much time left for us. You have to improve as soon as possible."

"This is the pill prepared for you by the teacher, so let's take it."

Su Lang nodded slightly, condensed a temporary space ball between his waves, and threw it to Fang Gan.

Fang Qian's eyes lit up, he lightly caught the space ball, and plunged his spirit into it.

Suddenly!

A huge amount of eternal grade pill appeared before his eyes!

"Master, Master!!"

"These pills are for me!?"

"The pill inside, none of them is worse than the previous meditation pill, they are all of perfect quality!"

"Master, this is too precious, the disciple is ashamed..."

Fang Gan looked at the perfect quality eternal pill of Nine Universes piled up into small hills in the space ball, he was directly silly!

The perfect quality eternal emperor pill he has seen in his life doesn't add up to that many, not to mention that these are all of the Nine Universe level! !

"Follow as a teacher, don't make a fuss."

"In the future, there will be things that will subvert your three views."

"Now collect these pills, I guess these pills should be enough for you to break through the bottleneck in a short time!"

Su Lang folded his hands and said faintly, "Don't let me down."

"Yes!"

"The disciple will definitely live up to his master's life! Definitely break through to the top level of Jiu Zhou!"

"Master is here, please be worshipped by disciples again!"

Fang Gan suppressed the excitement and excitement in his heart, and knelt down on the spot to thank Su Lang.

"stand up."

"Being a teacher doesn't give you these treasures for nothing."

Su Lang smiled and shook his head, "If you have any treasures of heaven and earth that can make alchemy, give it to your teacher."

Hear this.

Fang Qian couldn't help being moved.

Although Su Lang said that it was not for him in vain, he still asked for alchemy materials.

but.

Su Lang even gave him so many precious pill, still care about those alchemy materials?

Asking for materials must be used for alchemy.

When the pill will be refined, Master Su Lang will lose his disciple's share?

"Master!"

"All the possessions of the disciple are here!"

"Look, if you can use it, you can take it all!!"

Fang Gan was grateful to put the treasures he had collected for countless years in a temporary space, and presented them to Su Lang with expectation.

[Chapter 2892: Kneeling Master, the disciple is willing](#)

"Ok."

"Look for the teacher."

Su Lang smiled, nodded, and then lightly glanced at the temporary space with his spiritual thoughts.

A large number of eternal grade heaven, material and earth treasures immediately came into view.

have to say.

It is worthy of the treasures collected by Fang, the eternal strong man who has lived for countless years, and the number is really too much!

And the quality is also very good!

There are a lot of materials on the Nine Universe levels!

"apprentice."

"You still need to practice. The origin of the universe and the core of the universe will not be taken away as a teacher."

"These materials that can be used for refining alchemy and alchemy are accepted by the teacher."

"The materials of the high-level weapons of the Nine Universes to be built for you will also come out of it. If it is not enough, the division will make up for you."

Su Lang looked at the countless treasures presented by Fang Gan and nodded with satisfaction.

"Yes! Master!"

Fang Gan prayed again to Xie Sulang, and he was overwhelmed.

to be honest.

The total value of his treasures of heaven, material and earth is not too high, and it is not as good as the pills that Su Lang gave him.

Among them, there are only a handful of materials that can be used to build the eternal emperor soldiers of the Nine Universes.

but.

In order to build him the eternal emperor soldier of the Nine Universes, Su Lang was even willing to pay out of his own pocket!

How much he value and admire him!

Fang Qian vowed in his heart that he would stay by Su Lang's side respectfully in this life, and he would have no two minds!

"Well, get up."

Su Lang smiled slightly, "I don't know how many billion-year-old people are, so don't keep kneeling."

"Kneeling Master, the disciple is willing!"

Fang Gan stood up with a smile, and offered the temporary space to Su Lang with both hands.

Su Lang smiled, waved his hand to take out the universe origin and core origin, and then took the rest into his own world.

Fang Qian's cosmic origin and core origin are numerous!

But Su Lang would rather get a disciple at the top level of the Nine Universes.

What's more, for the origin of the universe, there are still a large group of objects that can be used to earn money!

After receiving the materials.

Su Lang took Fang Gan back to the stone table where he was discussing Taoism before, and Le Zhengnan was still waiting here.

"Senior Su Lang!"

Le Zhengnan saluted Su Lang.

He looked at Fang Gan, who was open and smiling, from ear to ear.

It suddenly understood that this guy must have gotten some benefits from Su Lang again!
then.

He was a little moved again.

However, he was still indecisive, unable to speak out.

"You two."

"I want to order one thing now."

"Others can only know that you have been to me!"

Su Lang looked at the two and said with a serious expression, "About the details of the Taoist discussion, you can't disclose any information to anyone."

"Yes, Master!"

Fang Gan immediately took his orders.

From Su Lang, he already knew too much, and he knew that he needed to lurch for a while.

"Yes, senior!"

Le Zhengnan simply thought that Su Lang did not want his explanation to be leaked out.

He himself did not want the opportunity he got to be shared with others.

"Ok!"

"Very well, go ahead."

Su Lang nodded slightly, and stopped talking.

"The disciple retire!"

"The junior retire!"

Fang Qian and Le Zhengnan immediately saluted and withdrew from the Qingfeng Enlightenment Bamboo Forest.

Suddenly, a flower in front of the two of them had already appeared in a place dozens of light years away from the practice dojo.

Looking at the dojo in the distance, Fang Qian and Le Zhengnan couldn't help but feel a trace of emotion.

Not long ago, the two of them came here to try how good Su Lang is.

And now, one of them has become a disciple, and the other has become a junior.

"Master!"

"The disciple must break through to the top level of the Nine Universes, and pursue the true path of detachment with you!"

Fang Gan showed determination, and immediately looked at Le Zhengnan beside him.

"Brother Fang!"

Le Zhengnan arched his hands and said, "Congratulations!"

"Congratulations too."

"It's a pity that you and I didn't become senior brothers."

Fang Gan arched his hands and said with a smile, "If you go out and worship my master, you will definitely not regret it!"

"Actually, I understand it."

"Senior Su Lang is an unimaginable powerhouse..."

Le Zhengnan sighed. In addition to his psychological burden, the problem of his exercises is also on the one hand.

[Chapter 2893: Be careful, please accept](#)

If he apprehends a teacher, he will definitely hand over all his exercises.

And his exercises don't require special foundations like Fang Gan's to practice, and others are easy to steal.

These two reasons made him still hesitate.

"Brother Le."

"It can only be said that this world of great controversy is far more terrifying than you think!"

"It's impossible to be alone!"

Fang Gan finished speaking, clasped his fists slightly, "I can't elaborate more, I'll leave."

"See you later!"

Le Zhengnan nodded.

Seeing Fang Gan gradually fade the disappearing figure, the other party's words kept circling in his mind.

'Fang Gan must have gotten some secrets.'

'The world of great controversy...is it terrifying far beyond imagination!'

'How should I choose?'

There was dignity and hesitation in Le Zhengnan's eyes.

Immediately, he took a deep breath, shook his head, and stepped into the ripples of time and space.
at the same time.

The deity Su Lang has returned to the center of the cultivation dojo, continuing to absorb the infinite cosmic energy and transform it into his own cultivation base.

But the practice is naturally dominated by the one-key practice function.

His attention has been placed on the rest of the eternal warriors who talked about Taoism.

Currently.

Thousands of eternal warriors are discussing the Tao.

Among them, there are more than twenty eternal powerhouses of the Nine Universes, and the rest are eternal martial artists of the Eight Universes.

at this time.

Everyone has been conquered by Su Lang's profound knowledge.

Many people gave generous thanks on the spot.

Just like the previous Shan Huaiyi, who learned a lot of knowledge about refining tools from Su Lang, he directly admired the five bodies.

"Senior Su Lang!"

"Thank you for answering my questions."

"Please accept this little thought!"

Shan Huaiyi put a large amount of cosmic origin and refining materials in a storage treasure, and handed them to Su Lang very gratefully.

"Okay, I accept it, thanks a lot."

Su Lang did not refuse and accepted it directly.

but.

Just when Shan Huaiyi got up and retired.

"Single Daoist, wait a minute."

"I wonder if you are interested in making a deal with me?"

Su Lang smiled faintly, brushing his right hand across the tabletop, and a large amount of pills suddenly appeared.

The pill is naturally the eternal eternal pill of perfect quality!

See here.

Shan Huaiyi couldn't help but shook his whole body, and took a breath in his heart.

He has seen Su Lang's pill.

I also heard Su Lang say that he has many such medicinal pills.

however.

When he really saw so many cherished pill, he still couldn't help being shocked.

I thought that Su Lang had used these medicines to trade with him.

Shan Huaiyi's heart was beating wildly involuntarily, and his eyes widened slightly.

"How about these pills?"

Su Lang looked at Shan Huaiyi in a daze, and asked lightly.

"This, these pills are too precious!"

Shan Huaiyi took a deep breath and said, "I am afraid that there is no equivalent treasure that can be exchanged."

In front of him were the Nine Eternal Emperor Pills of perfect quality, each of which was extremely precious.

Although there are many treasures on his body, in terms of the value of a single piece, it is absolutely impossible to single out one more than any pill.

And in this realm.

High-level treasures, almost no one wants to exchange for low-level treasures.

Even if there are a lot of low-level treasures, and their overall value exceeds that of high-level treasures, almost no one changes them.

Shan Huaiyi instinctively thought that Su Lang wanted to trade treasures of the same level as those medicinal pills.

Just when he was very longing in his heart, but regrets were born again.

"There is no need for treasures of the same level."

Su Lang saw through Shan Huaiyi's thoughts, and smiled faintly, "It only needs the overall value to be similar."

This statement came out.

Shan Huaiyi's eyes widened once again, and then stared at Su Lang in disbelief, almost unable to believe his ears!

"How?"

A faint smile was drawn at the corner of Su Lang's mouth, "If you miss this village, you won't have this shop!"

"Of course I am willing!"

Shan Huaiyi said hurriedly, "Xia Xia is willing to take out all the treasures on her body for seniors to choose!"

Talking.

He took out the treasures he had collected over the years, including the origin of the universe and the core origin.

Then, he looked at Su Lang blankly and waited for Su Lang to speak.

[Chapter 2894: Su Lang is the one who earns the most blood](#)

"Great!"

"I want all of these things."

"You can choose the equivalent pill by yourself."

Su Lang smiled slightly and waved his hand to accept all the treasures that Shan Huaiyi had taken out.

"Yes!"

Shan Huaiyi saw that all of his things had been received, and he was so excited that he almost danced.

Excitedly, he began to choose pill.

One, two, three...

Collecting the perfectly cherished Nine Universe Eternal Realm perfect pills, Shan Huaiyi only felt that he was dreaming.

but.

He did not go mad with joy, but remained awake.

Therefore, Shan Huaiyi quickly suppressed the desire and stopped.

Moreover, the pill he chose had a much lower comprehensive value than the materials he took out.

In Shan Huaiyi's view, it should have been this way.

"It's over?"

Su Lang looked at Shan Huaiyi who was no longer doing it, and asked with a smile.

"It's over, senior!"

Shan Huaiyi nodded, and once again showed Su Lang the medicine of his choice.

"You are very good!"

Su Lang nodded slightly, "If you have any questions in the future, you can come here to find me directly."

"Yes! Senior!"

Shan Huaiyi saluted immediately, "Then the younger generation will leave first."

"Go ahead."

Su Lang smiled faintly, looking at Shan Huaiyi's disappearing figure, secretly saying that another fellow Taoist was turned into a junior by himself, which was really cool.

And Shan Huaiyi is just a microcosm of the entire practice dojo.

The rest of the Taoists all made a deal with Su Lang, and they have gained a lot!

of course.

Su Lang is the one who earns the most blood!

Through various functions such as one-key decomposition, one-key synthesis, material transformation, and one-key enhancement, all the materials and treasures from the transaction can become treasured materials of the Nine Universe Eternal Realm.

Even without any changes to the system functions, it can be used as a strengthening material!

In addition to materials.

What makes Su Lang even more happy is that he has gained a lot of cosmic origin.

I don't know if I can upgrade the system functions after this discussion is over!

"It's a pity that Jing Yunzi didn't come."

"However, I can take the initiative to slurp his wool."

"That guy, as a mysterious and powerful clone, pretending to be 'reliance on righteousness and wealth', he must be able to produce a lot of good things!"

"..."

Su Lang thought in his heart, ready to find an opportunity to catch Jing Yunzi.

Time passed slowly.

The Dao Discussion Conference hosted by Su Lang finally came to an end.

An eternal powerhouse with admiration, awe of Su Lang, and satisfaction with the harvest, retired and left one after another.

"Most people in Jingyun Alliance have been given a lot of favorability by me."

"I will meet several times in the future, and when the time is right, I will pull them into my camp completely!"

"At that time, the role of Infinity will be even more terrifying!"

"Well, there is also the Xuanyu Alliance and the Zangzhen Gate!"

Su Lang touched his chin, looking thoughtful.

Jingyunzi and Master Yujing mastered completely different techniques.

This is also the reason why he didn't see the real relationship between the two at the beginning.

Jing Yunzi grasped the magical 'Eye of the Cause', and he could see the simpler origin of the goal.

For the remaining three people, Master Yu Jing confirmed that they did not master this secret technique.

The leader of the Xuanyu League and the Sect Master of Zangzhen should not have mastered it either.

Therefore, Su Lang would hit the Xuanyu Alliance and Cangzhen Sect.

of course.

Su Lang from the three ancient forces also sent a clone, ready to try if he could make up the round.

Currently.

On the side of Xuanyu Alliance, the clone has almost arrived.

The Zangzhen Gate is too far apart, and the position is not fixed, and it is not very neat.

On the side of the three ancient forces, the clones were also rushing on their way, and it didn't take much time to arrive.

"Looking at Jing Yunzi's current attitude, I still have a lot of time."

Su Lang squinted his eyes, "Forget it, don't care about that much, improving your strength is the most important thing!"

To improve strength.

the first thing

——Is to upgrade the system function! !

"This time I made a lot of the origin of the universe!"

"System, save me all the origins of the universe!"

"Ding! The storage is complete, the current balance is 665 billion cosmic origin!"

The system prompt sounds.

The number behind the balance immediately became a long list!

[Chapter 2895: Nine Universe's top-level infinite number](#)

"More than six hundred billion!"

"It's a pity that it hasn't reached one trillion, otherwise you can upgrade the one-key practice function or the one-click clone function."

"Now it's more than 300 billion yuan, so let's save a wave and talk about it!"

"..."

Su Lang temporarily dismissed the idea of improving system functions.

His eyes fell on other gains.

This time I harvested a lot of materials, after all, thousands of people came to discuss the Tao!

"System! Start me..."

Su Lang directly activates one-click synthesis, transformation, strengthening and other functions, transforming a large number of low-level materials into materials of the Nine Eternal Realm.

Soon.

"Refining some pills first."

"When the time comes to control the Boundless, it will definitely consume a huge amount of medicine!"

"System, give me the one-key alchemy function!"

Su Lang touched his chin, and immediately issued instructions!

The voice just fell.

Suddenly, a series of system prompts sounded!

"Ding! Alchemy is successful, you get Dark Bone Handle Magic Pill*5!"

"Ding! The synthesis is successful, you will get the Soulchaser Silver Feather Pill*1!"

"Ding! Strengthen successfully, you get..."

"Ding! Successful alchemy..."

Along with the system prompt, a huge amount of pill appeared in the storage space.

Immediately afterwards.

Su Lang used the one-key synthesis function to strengthen the function, and all these medicines were upgraded to the Nine Eternal Realm!

Not long.

Many seemingly useless medicines, after passing through the hands of Su Lang, turned into precious treasures of infinite value!

"awesome!"

"The pill is almost refined."

"Now, upgrade your weapon."

"You Tianjian and other weapons will not panic for the time being, let's talk about it after raising the Wuyin."

"I have more and more prospective brothers now. Don't be funny when the time comes when I can't bear it!"

"..."

A faint smile was drawn at the corner of Su Lang's mouth, and he was about to take out the Infinity from the universe of life.

The current Infinity is already very powerful.

Its three central core components have reached the level of the Eight Eternal Realm!

The grades of the other dozen parts are not low.

In addition to strengthening and strengthening qualitative changes, as well as various characteristics, its airborne combat power has the advanced level of the nine universes!

But Su Lang was not satisfied.

Knowing that Jingyunzi, Xuanyu League Master and other four people are actually a group, and these people belong to the same mysterious and powerful clone.

Su Lang had a strong sense of crisis.

Being able to lay out in the dark, promote the world of great controversy, and fight against the three ancient forces, that mysterious existence is definitely not the powerhouse at the top level of the ordinary nine universes.

Su Lang can hardly guess what level it has reached.

Can only find ways to improve their strength.

As one of the main battle weapons, the Boundless must be stronger!

"system!"

"Start the enhanced reset function for me!"

Su Lang took a deep breath and gave instructions.

"Ding! The strengthening reset is complete, and the strengthening qualitative change effect disappears!"

"Start the weapon evolution function!"

Su Lang locked a large number of parts with his divine mind and issued the order again!

"Ding! Consume the Eternal Soul*10,000, the Origin of the Universe*300 million, Eternal Realm materials...Part 4 has evolved into the Eight Eternal Emperor Soldiers!"

"Ding! Consume the Eternal Soul*..."

Under Su Lang's will.

The weapon evolution function is constantly activated.

One by one important core parts have evolved into the Eight Eternal Realm!

In the end, there were ninety-nine parts of the eternal level of the eight universes!

Immediately afterwards.

Su Lang began to upgrade the remaining parts a lot.

The number of parts in the Seven Eternal Realm is directly tens of thousands!

The standards of the rest of the parts are almost all of the five cosmic and six cosmic levels.

After completing the evolution of the parts, Su Lang activated the enhancement function again, and directly strengthened the Infinity, reaching eighteen times.

Then there are three times of strengthening and three times of strengthening qualitative changes!

This time, the qualitative change of strengthening is the same as before.

The first time is to increase the self-recovery ability, the second and third time are to increase the overall power.

"Finally completed the promotion!"

Su Lang looked at the brand-new Infinity, with a satisfied smile at the corner of his mouth.

At this time, the Boundless Ship had initially entered the top level of the Nine Universes just in an unloaded state!

At this level, it is already able to withstand the presence of a few top-level powerhouses of the Nine Universes!

[Chapter 2896: Ah, it's so hard for me](#)

"Now with my combat power."

"After swallowing the clone, the normal combat power can at least reach the advanced level of the Nine Universes."

"I joined the two stars in the state of heyday and joined the avatar stationed on the Infinity, plus a large number of eternal subordinates.

—Now in the Jingyun Alliance, in addition to Fang Gan, there are also three Jiuzhou Eternals who have come to discuss the Dao.

There are dozens of people in the Eight Eternal Realm, and hundreds of them in the Seven Eternal Realm!

Counting the upper side... so, the power that the Infinity can exert should be considered good among the top levels of the Nine Universes. "

"If everyone uses the Burst Secret Art, they can go a step further and show even more powerful combat power."

"However, this kind of combat power is still not enough, far from enough!"

"Jing Yunzi and their four deities, able to fight against the three ancient forces and secretly promote the world of great controversy for so many years, are definitely not the top powerhouses of the ordinary Nine Universes."

"Become stronger, and I have to become stronger! I want to practice martial arts, I want to practice!"

"..."

The smile in Su Lang's eyes was gradually replaced with solemnity.

Soon.

He looked at his mysterious black space.

The cultivating villain inside is frantically absorbing cosmic energy and transforming it into a cultivation base to accumulate.

The martial arts villain is practicing exercises

——Gong technique obtained from Le Zhengnan!

Of course, these skills, Su Lang, are integrated and upgraded with functions such as one-key synthesis, and they have changed their appearances by the way.

After all, Le Zhengnan did not take the initiative to hand over his exercises, but only handed over some fragments of the exercises.

Therefore, it is better to keep a low profile, but it is not good to be known.

"Le Zhengnan's exercises are not worse than Fang's."

"But with Fang Gan and Le Zhengnan's exercises, it's not enough."

A flash of light flashed in Su Lang's eyes, and a huge amount of incomplete exercises appeared in his mind.

The content of these exercises.

They are all the fragments of the exercises that are directly asked in the course of field discussions, or the incomplete content of the exercises obtained by stealing the mysterious scroll.

It can be said.

At present, most of the Nine Cosmos, Eight Cosmos, and Seven Eternal Realm martial arts of the entire Shocking Cloud Alliance are practiced.

Almost all the incomplete content was obtained by Su Lang!

In the face of Su Lang, who has the function of repairing fragments, these incomplete contents are not much different from the complete techniques.

"system!"

"Start the fragment repair function and give me the technique to repair all the missing content!"

Su Lang gave instructions in his heart.

Suddenly.

Fragment repair function began to work.

The incomplete content of the exercises has changed, becoming the perfect original of the exercises in the storage space of Su Lang!

In a blink of an eye.

One, two...

A large number of exercises have emerged, and all of them are good.

The most inferior of them is also the cultivation technique at the level of Emperor Zhou.

"system!"

"Start the one-key synthesis, the function synthesis!"

Su Lang once again ordered the combination of a group of exercises to form a higher level of eternal exercises.

basically.

Every time it is synthesized, it represents the release of a new Nine Universe level of exercises!

In a blink of an eye.

Su Lang has a lot of Nine Universe Eternal Techniques!

"Unfortunately, it can only be combined once."

"Otherwise, I will continue to synthesize until all the exercises are merged into one by me!"

"In this way, I only need to practice one exercise."

"But the reality is that I need to complete all the exercises, and then use the source of the exercises to deduce."

Su Lang sighed with sincere emotion, "Ah, it's really hard for me!"

Next.

It's time to practice exercises and accumulate cultivation bases.

The other side.

After Fang Qian and Le Zhengnan separated, they both met their friends in the alliance.

These people knocked sideways, wanting to know the details of the two people and Su Lang's discussion.

However, both Fang Qian and Le Zhengnan received Su Lang's instructions, and the two showed their incisive acting skills without revealing any useful information at all.

"Humph!"

"I don't know if it was someone sent by Jing Yunzi..."

Fang Gan looked at the third eternal warrior who came to talk, and then left with nothing, with a cold snort in his heart.

Soon.

His figure disappeared into the ripples of time and space, and went directly to his private cave.

After opening all the restrictions and thanking the guests behind closed doors, they began to retreat and attack the top level of the Nine Universes!

[Chapter 2897: Doppelganger arrives at Xuanyu Alliance](#)

"There is a pill given by Master Master."

"I must break through to the top level of Nine Universes!"

Fang Gan waved his hand, and a large number of pills appeared in front of him out of thin air, lined up, blooming a shocking rhyme of Taoism.

"Start!"

He took a deep breath, picked up one of the pills, threw it into his mouth, and started practicing!
at the same time.

In a hall of independent space.

"The theory is over?"

Jing Yunzi looked at a man in a gray robe who was kneeling in front, and asked with an indifferent expression.

"Yes, Lord!"

The gray-robed man lowered his head and said.

Immediately, he reported all the information he knew to Jing Yunzi.

"Su Lang is not just talking about the road this time, but also taking the opportunity to reach a deal?"

A light flashed in Jing Yunzi's eyes, "The point is, he doesn't trade for profit at all, almost all of them are losing money!?"

"Yes, Lord!"

"Then Su Lang is definitely gathering people's hearts!"

"Moreover, it seems that the effect is very good, because he has given too much."

The gray-robed man said as he took out some treasures, this was exactly the explanation and experience of the pill, formation and difficult points of the exercise that he had traded from Su Lang.

"Jiuzhou's perfect quality pill!"

"Su Lang's alchemy attainments are really ridiculously strong!"

Jing Yunzi looked at the pill that the gray-robed man had taken out, her pupils shrank slightly, "It seems that this kid has other secrets!"

He had learned through various subordinates that Su Lang had taken out the cherished pill, but seeing it with his own eyes still made him startled!

The perfect quality of the Nine Universe Eternal Emperor Pill, even his deity does not mean to practice.

It takes a long time before it can be refined.

And one furnace, only one!

The number of pills that Su Lang traded this time was as many as thousands, which really made Yunzi a little unbelievable.

"Humph!"

"No matter how high you are in alchemy, your combat power is not strong enough. It can only be a chess piece."

Jing Yunzi suppressed his shock and immediately asked, "How about Fang Qian and Le Zhengnan?"

"Not much useful information."

"I don't even know if the two have gained anything from Su Lang."

The grey-robed man replied. He paused and said hesitantly, "But from the other warriors who went to discuss the Tao, we can see that Su Lang is very extraordinary, and Fang Qian and Le Zhengnan should be rewarded."

"Ha ha!"

"It's good to have talent, right in my arms!"

"At that time, in that battle, the more powerhouses participating in the battle, the better, and the stronger the better!"

"Anyway... no matter how strong it is, it's all chess pieces!"

Jing Yunzi let out a sneer, then waved his hand to make the gray-robed man retreat.

In his opinion.

Su Lang was a little unexpected.

But in general, it has no effect on the overall situation.

Therefore, Jing Yunzi could still sit still.

After quitting his subordinates.

Jing Yunzi began to pay attention to the situation of the other three.

On the Xuanyu Alliance, because He Gujun and the other seven were lost in Su Lang's hands, but there was no revenge, the hearts of the people were a little loose.

But this has no effect on the big plan.

Moreover, the Xuanyu Alliance is not without new people joining.

But compared with it.

There are more powerful people on the side of Cangzhen Sect, and their combat power is also stronger.

Among them, many deities hide in the basic universe and use clones to move out of the Nine Universes!

"Xuan Yuzi and Mo Yazhi don't have the Eye of Cause."

"Perhaps there will be a lot of spies from the three ancient forces, or generations with ulterior motives joining them."

"But it doesn't matter. After the war starts, no matter who he is, he will have to be involved in the war!"

"Of course, you still have to know who it is."

"After waiting for a while, I will go to Xuanyu Alliance and Zangzhenmen to take a look."

"..."

Thinking like this, Jing Yunzi lowered his head again to deal with the chores in the alliance.

Just then.

Su Lang who was cultivating suddenly changed his expression

——One of his avatars has arrived near the Xuanyu Alliance!

"Start a perfect possession!"

With a thought of Su Lang, his will directly descended on the body of the clone avatar!

A lonely void appeared in front of him, and here was a barren universe that served as a springboard.

[Chapter 2898: Wanxiang Wuji, mirror flower water and moon](#)

There are no other eternal powerhouses in this universe.

What to do is very convenient!

"More than three hundred natural universes."

"This is where the Xuanyu Alliance is!"

Su Lang recalled the universe map obtained from Wan Qixing and other members of the Xuanyu Alliance, and silently calculated the distance.

Soon.

"The leader of the Xuanyu Alliance does not have the eye of the cause, but I have to be more cautious."

A light of thought appeared in Su Lang's eyes, "First of all, the cultivation base should be mentioned first!"

"Xing Cuan Yun He! Start!"

Su Lang's heart moved, and suddenly, this clone avatar merged a full fifty-five avatars.

Rumble!

The extremely terrifying breath continued to erupt like a wave.

In an instant, the combat power of this clone avatar reached a high level from the beginning of the Nine Universes!

"A high-level Nine Universe Powerhouse!"

"No matter what, Xuanyu Alliance cannot refuse!"

Su Lang clicked the corner of his mouth, and immediately began the second step-concealing his identity!

"Wanxiang Wuji!"

With a thought in his mind, the skin and muscles all over his body began to squirm and twist, and his breath began to change rapidly!

Mystery of Wanxiang Promise.

Its function is to break away from part of the flesh and blood and transform into the rest of the race as you like.

Or it may be transformed into other races directly and temporarily.

With this transformation, even the genes have changed accordingly.

at this time.

This secret technique learned at the emperor level has now been upgraded to the eternal level of the nine universes!

Using this secret technique to transform into other races, warriors of the same level can't see any flaws at all!

With Su Lang transformed.

A young man with a jade complexion and two dragon horns on his forehead replaced his original appearance.

A strong breath appeared on him.

It contains the characteristics of recklessness, dignity, majesty, sacred...etc.

This is the unique atmosphere of the eternal dragon family.

It was Su Lang who used the mystery of Wanxiang Wuji to transform himself into an eternal dragon.

Su Lang at this time.

As long as it is not unsuspectingly detected.

Even if others looked carefully, they couldn't see any clues, they would only think that Su Lang was an eternal dragon.

and.

The dragon clan that Su Lang transformed into is a collection of the characteristics of the major dragon species in the Yilong universe, making it difficult to find a true heel.

"That's not enough."

"Still not insured enough!"

Su Lang touched his chin, and immediately squeezed his right hand, and a colorless glass long sword appeared in his hand.

It is Jinghuashuiyue!

"Jinghua Shuiyue even Jing Yunzi will be hit."

"It is absolutely not a problem to deal with the leader of the Xuanyu Alliance!"

Su Lang smiled slightly, and slowly drew his palm across the glazed blade.

Suddenly!

An invisible ripple bloomed and enveloped Su Lang.

As long as someone wants to detect Su Lang.

Under the influence of this mirrored power, the senses will be 'deceived' and they will not be able to discover Su Lang's true identity.

"Now with this double insurance, it should be almost the same!"

A light smile was drawn at the corner of Su Lang's mouth, and immediately unfolded the power of the avenue of time and space, concealing ripples of time and space.

He did not conceal his aura, traversing the barriers of the natural universe unscrupulously all the way, making a huge movement!

In the natural universe passing by on the way.

The terrifying dragon breath made everyone who felt it could not help shivering.

Some people even fought with each other, their legs were weak, and they fell directly to the ground! at the same time.

The people in the Xuanyu Alliance were quickly informed of the news.

Knowing that there is an incomparably powerful eternal dragon who is heading to the Xuanyu Alliance!

"Eternal Dragon Race!?"

"Suspected to be a powerhouse at the advanced level of Nine Universe!?"

"I don't have such an enemy, and the people around me don't have enemies with such a strong one."

"Unsurprisingly, this strong man is here to join my Xuanyu Alliance!"

"Haha, okay, great, it's been a long time since the senior powerhouse of the Nine Universes has joined my alliance, I have to go to meet this distinguished guest!"

Among the towering towers, the small, boy-like Xuanyu leader stood by the window with a smile on his face.

Its hands.

A transmission jade card exudes a faint light.

It is really information about the eternal dragon that Su Lang transformed into.

Soon.

The boy lifted the jade card of transmission, sent one message after another, and then flew out from the window of the tall building.

[Chapter 2899: Xuanyu leader, hanging heart far](#)

then!

An eternal strong man received the news and hurried towards the place where the leader of the Xuanyu League was.

The leader of Xuanyu moved forward slowly.

One after another, the powerful Nine Universes gathered.

In an instant, thirteen people lined up in two rows, following him.

From this we can see the difference between Xuanyu Alliance and Jingyun Alliance.

The latter is too loose, while the former, the rule of the leader of Xuanyu is obviously much stronger.

Of course, Jing Yunzi was deliberately loose, using this condition to attract strong people who don't like to be restrained.

"Leader!"

"I heard that the one who came to our league was an eternal dragon!"

An old man standing behind the leader of the Xuanyu League asked with his eyes lightly bright, "This person does not conceal his strong cultivation level. It seems that he is here to join our league."

"Not bad!"

"The strong man is suspected to be the advanced level of Nine Universe!"

Leader Xuanyu smiled faintly, "Everyone, don't be rude by the time!"

"Yes!"

Everyone clasped their fists and promised.

"Let's go!"

The leader of Xuanyu waved his hand, and a large area of time and space rippled away, covering everyone.

The other side.

The avatar of Su Lang leaning over had already passed through two hundred natural universes and arrived in the hinterland of the Xuanyu Alliance.

When he traveled dozens of universes again and appeared in a certain natural universe, he found that a lot of time and space ripples just happened in front of him.

"This kind of movement is formed by many eternal strong men traveling through the barriers of time and space together."

A ray of light flashed in Su Lang's eyes, "It seems that someone from the Xuanyu Alliance is here!"

Just then.

Fourteen figures emerged in the ripples of time and space.

The leader is short, like a seven or eight-year-old child, who is the leader of Xuanyu!

The thirteen Nine Universes behind him seem to be male and female, old and young.

"Call up the properties panel!"

With a thought, Su Lang instantly called out the attribute panels of everyone in the other party!

Suddenly.

The information of the fourteen strong men appeared in front of Su Lang.

However, I saw that the cultivation level of everyone was uneven, ranging from the initial level to the advanced level.

"Leader of Xuanyu, hang your heart far away! High level of Jiuzhou."

"In addition, there are three advanced powers of the Nine Universes, named Jing Kaiyu, Gong Xinghuo, and Mu Yongge."

"There are four strong middle-level Nine Universes, and six junior strong Nine Universes."

"Huh? The Emperor Li Xuan Zhou, whom I saw in the Gujun Zhou Emperor Shuang Yao universe, was also among them."

"However, these people are definitely not all the Nine Universes of the Xuanyu Alliance, and there should be some people who have not come."

"..."

Su Lang looked at the detailed information of each strong man and the techniques they mastered, analyzing the opponent's combat power and whether there was any connection between each other.

He carefully checked the exercises Xuan Xinyuan mastered.

Sure enough, it was completely different from the exercises mastered by Jingyunzi and Yujing Master.

"Hey!"

"Sure enough, there is no 'Eye of the Cause'!"

"Although there is a secret technique that seems to enhance the detection effect, it should be of little use to me."

Su Lang smiled in his heart, his expression was very natural, and he couldn't see any clues.

It was also when Su Lang checked everyone's information.

Xuan Xinyuan and others are also looking up and down Su Lang.

But compared to Su Lang, they couldn't see much useful information at all.

You can also see the two characteristics that Su Lang deliberately revealed-the eternal dragon family, the high-level aura of the Nine Universes!

"Sure enough, it is the eternal dragon!"

"The dragon race is unique, but it is rare to reach the advanced level of the Nine Universes!"

"The dragon race is powerful, and has a slight advantage over the strong at the same level. This one must not be neglected!"

"However, it still needs to be investigated."

Xuan Xin looked at Su Lang from a distance, a bright light flashed in his eyes, and he did not directly use detection methods. It was extremely impolite, and he didn't want to hate the other party.

at the same time.

"The Eternal Dragon of the Nine Universe Advanced Level!"

"Tsk tusk, this is the first time in my life that I have seen such a powerful eternal dragon."

"This kind of breath is very mysterious if you can't see through its details!"

"This eternal dragon is definitely not easy to deal with. If I fight him, it will be very difficult!"

"..."

Jing Kaiyu, Gong Xinghuo, Mu Yongge and others looked at Su Lang, the eternal dragon of the Nine Universes, with various thoughts in their hearts.

[Chapter 2900: Dare to ask the Daoist friend's surname](#)

at this time.

"Welcome Daoists to come to our Xuanyu Alliance!"

The leader of Xuanyu League Xuan Xinyuan stepped forward, smiling, and said to Su Lang.

"Well, I heard that Xuanyu Alliance is interested in seeking detachment in the world of great controversy!"

Su Lang looked cold and arrogant and nodded faintly, "So, I'm here!"

"Hahahaha!"

"The one I like the most is the strong like-minded!"

"Friends of Daoist want to join our Xuanyu Alliance, I can't ask for it!"

Hearing what Su Lang said, Xuan Xinyuan didn't care about his cold and arrogant expression, and showed a very enthusiastic smile on his face.

"exactly!"

"Your Excellency is willing to join the Xuanyu Alliance, I am so warmly welcome!"

"Your Excellency joins our alliance, you will surely become the mainstay of the alliance!"

"Your Excellency is welcome to join. With your Excellency, we are as powerful as a tiger and we can do a lot!!"

"..."

Jing Kaiyu, Gong Xinghuo, Mu Yongge and others also spoke, smiling beautifully.

Although Su Lang is currently unidentified, he can never say coldly: Fellow Daoists first remove their defenses, let's check it!

Not to mention.

In their view, Su Lang should have no problem.

Xuan Xinyuan had the same idea as Jing Yunzi.

Even if the comer has a different mind, as long as it is left to the end, it can be dragged into the war.

At that time, it doesn't matter what the origin is, even the people of the three ancient powers are the same!

They even wished that the people of the three ancient powers would go to the Lingxu Fragmented Realm to participate in the war, instead of watching the three ancient powers holding the three large cosmic beads, while avoiding the battle, suppressing the expansion of the Universe White Realm.

In the big battle, the more the number, the better, the stronger the better!

now.

After everyone expressed a warm welcome.

"Ok!"

"Thank you guys!"

Su Lang also raised his hand and bowed his hand to everyone.

"correct!"

Xuan Xinyuan clasped his fists and asked, "Dare to ask the surname of the Taoist friend!"

"You can call me Aotian."

Su Lang's expression remained unchanged, and said lightly.

In fact, he neglected that he needed a pseudonym before, so he temporarily thought of one...

"It turns out to be Aotian Daoist!"

Xuan Xinyuan nodded and said with a smile, "Xia Xuan Xinyuan, I am very happy to meet fellow Taoists!"

"In Xia Jing Kaiyu, fellow Taoists are so heroic and enviable!"

"Under Gong Xinghuo, if there is a chance, Taoist Aotian can give more pointers!"

"In Xia Mu Chanting Songs, I wish I could meet fellow Daoists trillions of years ago!"

"..."

Mu Yongge and others also smiled and reported their names.

'Ah! '

'Even if you don't say it, I know your real names! '

Su Lang smiled in his heart, arching his hands indifferently on the surface, and replied in succession:
"The same...it must be..."

then.

This is a preliminary understanding of the two parties.

"Friend Aotian!"

"Let's stop standing in this remote place, come, and have a chat in the league!"

Xuan Xinyuan laughed and waved through the space-time barriers of the universe, revealing a wide passage.

"Friend Aotian, please!"

"Friend Aotian, come and come, today we will not be drunk or return!"

"Aotian Daoist fellow can join us, I am so happy!"

"..."

Mu Yongge and others spread out their right arms and asked Su Lang to move.

"You are so polite, please!"

There was a slight smile on Su Lang's face, but it was fleeting, returning to a faint look.

Soon.

Everyone filed into the passage of time and space and rushed to the base camp of the Xuanyu Alliance-Xuanhen Universe.

No words all the way.

Soon, Su Lang followed Xuan Xinyuan and others, appeared in the vast and prosperous Xianhen universe.

On a continent full of giant peaks.

Amazingly, a huge and luxurious ceremonial guard has been set up to welcome Su Lang, the advanced powerhouse of the Nine Universes!
