### [Chapter 2931: Arrived in the Ming Secret Universe](#)

"Squeaky!"

Staying where Gong Xinghuo had stayed, the treasure hunting ancestral glider made a quicker cry.

"Have Gong Xinghuo stayed here?"

"Well... there is the breath of other people! Maybe it is the person who responded to Gong Xinghuo."

"This Gong Xinghuo is accepted by someone, and it is very likely that he has joined another force."

"..."

Su Lang silently analyzed, and then asked the treasure hunting ancestral glider to continue pursuing forward.

In order to prevent Gong Xinghuo from suddenly stopping ahead, the treasure hunting ancestor glider was caught off guard and went to 'rearse'.

Therefore, Su Lang let the treasure hunting ancestral flying slow down specially.

Time passed slowly.

Just as the treasure hunting ancestral glider continued to chase Gong Xinghuo.

The clone that Su Lang headed to the Ming Secret Universe finally arrived at the destination under the leadership of the three of them.

The core universe of the Ming Secret Universe is called the Ming Secret Universe, a top-level universe with super fast time flow!

In the top-level universe, the time flow rate is a hundred times faster than the high-level flow rate!

In the endless universe, the number of top-level universes is also extremely rare, and it has always only maintained a single digit.

As one of the three ancient powers, the Ming Secret Universe occupies such an unimaginable location.

Of course.

The same 'geographically', there is also a grassroots universe whose time velocity is extremely slow.

This universe, known as the 'Hidden Order', is inhabited by all the powers of the Ming Secret Universe that are about to die.

At this moment.

In the secret universe of the top universe.

The clone that Su Lang perfectly possessed and controlled, led by the three Nine Universe Martial Artists, came to an ink-colored plain.

Below the plain, there is an independent space.

"Senior Su Lang!"

"This is where our Ming-Secret universe intelligence network is gathered."

The head of the Nine Universe Martial Artists looked respectful, "Now Master Wu Qianfei is already waiting for seniors inside!"

Su Lang nodded slightly.

at this time.

"Hahahaha!"

"Friend Su Lang, you are finally here!"

"There's a lot of trouble in the next, I can't welcome it far, please forgive me!"

A mature male voice came, followed by a figure of a man with long hair dancing like a dragon.

"I have seen Master Wuqianfei!"

The three Jiuzhou warriors who were responsible for leading the way bowed respectfully.

This is nothing but the head of the intelligence network of the Secret Universe, but also the strongest clone of the ancestor of the Secret Universe.

It can be said.

There is nothing wrong with that can represent the ancestor of the Ming Secret universe.

"Friend Wu Qianfei is too polite."

Su Lang smiled slightly, "Thanks to the Daoist friends, I can only join the Ming Secret Universe."

"Taoist Su Lang is too humble!"

Wuqianfei said politely, "It is the luck of the Ming Secret Universe to be able to get such a talented Taoist friend..."

"Where..."

Su Lang humbled a few words with him, and immediately said: "Is it necessary for the seniors to investigate when joining the alliance at this time?"

He was referring to the old people in the Ming Secret Universe who were lingering in the potential universe.

"Naturally don't need it!"

"Allowing fellow daoist Su Lang to join is the result of joint discussions among all the seniors."

"Predecessors are very optimistic about Daoist Su Lang, and believe Daoists will be the mainstay of the Ming Secret Universe in the future."

"..."

It's nothing more than a smile, half-serious and half-flattering said.

"Seniors have a good reputation."

Su Lang smiled, "Xia Xia just joined in, I don't know what needs to be done in Xia?"

"Taoist Su Lang has just joined in, so you can get familiar with the environment first."

"In addition, on the side of Qianling Universe, I will take fellow Daoists on a trip."

Qianqian said with a smile, "There is no other meaning, but to meet with my family and recognize each other."

"It's all right!"

Su Lang nodded, "You can go to the front to order the universe at any time."

"Friends of Daoist came all the way, and the journey was exhausted."

"I asked the three of them to settle down for fellow daoists first, and soon take fellow daoists to Qianling Universe."

Nothing but apologetic arched his hands and exhorted to the three martial artists who had just entered the Nine Universes, "You three must entertain Daoist Su Lang well..."

The three warriors who have just entered the Nine Universes give salutes again and again.

"It's nothing wrong with Daoist fellow first."

Su Lang nodded again, but also bowed his hand in return, "Let's see you later."

[Chapter 2932: Fang Gan's breakthrough](#)

"See you!"

Wu Qianfei smiled, and the figure disappeared into the ripples of time and space.

Next.

Under the leadership of the three Nine Cosmos Martial Artists, Su Lang came to a place with extremely abundant cosmic energy.

Here is a vast forest full of vitality, with flowers in full bloom, resembling peach trees.

In this top-level universe, the concentration of cosmic energy is stronger than that of the high-level universe.

In this 'Peach Forest' where Su Lang is at this time, the concentration of cosmic energy is in the top cosmos, and it is also the richest kind!

"Senior Su Lang!"

"Lian Jingfeng and Hua Qiaoqian said that seniors like places with abundant energy in the universe."

"Therefore, it is no wonder that the adults will give this place to the seniors, I hope the seniors will like it."

"..."

Among the three leading the way, the martial artist headed by the Nine Universes said respectfully.

"Thank you for your kindness."

"I do like the energy-rich places in the universe!"

Su Lang nodded slightly, his heart was indeed very happy, "I am very satisfied with this holy land for cultivation."

it's here.

His one-key training function can more easily bring out the highest training multiplier!

Just need to arrange the formation a little bit.

Su Lang expressed satisfaction.

The three Nine Universe Warriors who acted as guides were also very happy.

My heart for Su Lang also increased greatly, thinking that this is a good and approachable senior.

Soon.

Under the leadership of the three guides, Su Lang got acquainted with the secret universe.

I also got acquainted with the structure and operation of the organization of the Ming Secret Universe.

In fact, the structure of the Ming Secret universe is not much different from ordinary forces.

There are many classes.

In general, it is roughly divided into five classes: outer, inner, true, Ming, and secret, and each class is divided into many smaller classes.

Among them, the people of the 'Bright Domain' class are in the current Ming Secret Universe.

And the people of the 'secret realm' class are in the hidden universe, that is, the old people who are about to die.

Of course, if Wuqianfei is one of the leaders of the Secret Domain, he is also the 'Secret Domain' class.

As soon as Su Lang joined, he was directly the 'deacon elder' at the top of the "Bright Domain" class.

But this is only Su Lang's temporary identity.

The true status and status can only be determined after meeting with the old people in the Ming Secret Universe.

According to the disclosure of the three guides, Su Lang is very likely to enter the secret realm class and hold the power of the Ming secret universe.

Before the change, it would certainly not be so fast.

But now is an extraordinary period, and the Ming Secret Universe is 'seeking talented people' and needs talents!

It was also when Su Lang clone entered the Ming Secret universe.

In the extreme universe.

A deserted plain.

Here is where Fang Gan's Dongtian blessed land is located.

After worshiping Su Lang as his teacher and getting a large amount of pills and exercises from Su Lang, he returned to retreat.

Until now.

The retreat is not long, it can be said to be very short.

However, today he has ushered in a critical moment to be promoted to the top level of the Nine Universes!

"Eternal flood, life of billions!!"

Fang Gan was sitting in his private cave house in Dongtianfudi, his whole body was washed away, almost forming a thick misty flame!

Accompanied by the operation of his exercises.

A large number of core origins of the universe blended into his body, causing him to suddenly expand tens of thousands of times, becoming a giant of ten thousand feet!

In its eyes.

A lot of brilliance circulates, like a world whirlpool.

The skin of the body is crystal clear, and the internal energy flows like a galaxy.

"Break it for me!"

Fang Gan suddenly gritted his teeth and began to hit the bottleneck at the top level of Nine Universes.

The eternal warrior has reached the level of the nine universes, and the potential of its eternal body has basically reached its limit.

It is not only very difficult to continue to slash the crystal wall cells, but also a terrifying crisis.

If the slicing fails, it is likely to cause the massive collapse of the Crystal Wall Universe, thereby damaging the foundation of one's practice.

At that time, let alone go further, it will be extremely difficult to restore the original combat power!  
at this time.

Under the fusion of a large number of core sources of the universe.

Inside Fang Qian, part of the crystal wall universe began to split

—Peel a layer of crystal wall from an existing crystal wall universe to form a brand-new crystal wall world.

Then it needs to evolve this world into the Crystal Wall Universe in a very short period of time, and finally stabilize it, to be considered a success.

[Chapter 2933: Reap the top-level apprentices of Nine Universes](#)

at this time.

Just started to split.

Fang Gan felt the huge crisis.

His heart was screaming frantically, telling him that if he continued like this, he would fail, his cultivation base would fall, and it would be difficult to recover!

"If it was before, I would definitely give up."

"But now, with the exercises and pills given by Master Master, if I fail, I don't have to live!"

"..."

There was a strong and resolute meaning in Fang Ganmu.

Soon, he resolutely took out a large amount of pill and started to take the medicine!

The elixir melts in the mouth.

Turning into a majestic force, he began to assist Fang Gan to continuously smash the crystal wall universe, and he was crazy!

One Crystal Wall Universe was born.

Fang Qian's breath is not only rising, it is far beyond his expectations!

"This, this, this, so fast!"

"Oh my God, since I was promoted to the Eternal Realm, it is the first time I have experienced the thrill of rapid progress in my cultivation!"

"This is an opportunity given by the master, this grace must be remembered in my heart!!"

"..."

Fang Qian was immersed in the pleasure of improving his cultivation, and he also had endless gratitude and admiration for Master Su Lang.

suddenly!

A huge wave erupted from him!

Rumbling.

The extremely strong temporal and spatial fluctuations formed an extremely vast temporal and spatial tsunami, spreading!

Wow!

The world's barriers in Dongtianfudi were instantly shattered!

"Sorry!"

"Just looking at the breakthrough, I didn't expect the movement to be too loud, directly breaking through the heaven and the blessed land!"

"It's over, now I can't hide my breakthrough, and it will definitely attract the attention of the entire Shocking Cloud Alliance."

"Master specifically told me to keep a low profile, what can I do now!?"

"..."

Fang Gan felt the brokenness of the blessed world and the escape of his breakthrough aura. When he thought of Su Lang's instructions, he suddenly felt regretful!

His mood is also a little confused.

In this extremely important breakthrough, this is a very serious problem.

Fang Gan immediately felt that his breakthrough momentum was stagnant, and he felt faintly unstable!

Suddenly.

He was in a bad spirit, dripping with cold sweat, and a look of horror appeared in his eyes.

If the breakthrough fails.

Not only did he have no face to see Su Lang, even part of his own foundation would collapse, and his cultivation level would almost irreversibly fall!

"How to do!?"

A deep sense of helplessness rose in Fang Qian's heart.

at this time!

"Don't panic, disciple."

"I will help you as a teacher!"

With a faint voice, Su Lang's figure appeared behind Fang Qian.

For Fang Gan.

Su Lang has been paying attention.

As soon as there was movement here, he rushed over immediately.

"Master——!!!"

Fang Gan stared at him and shouted in surprise.

The original panic and powerless mood was wiped out because of Su Lang's appearance!

"Meditation!"

Su Lang murmured softly.

A strange glazed color wave bloomed on his body.

This is Jinghuashuiyue's ability, which can change Fang Qian's senses and make him calm down faster.

Immediately afterwards.

Su Lang waved his hand and a series of pills rushed into Fang Gan's mouth.

These pills are specially used to consolidate the realm and stabilize the cultivation.

The original situation of using the prescription can be smoothly broken through, so Su Lang did not give him these pills.

at this time.

Take a lot of Su Lang pill.

Fang Gan immediately felt that his state had become stable.

While he breathed a sigh of relief in his heart, he was also grateful to Su Lang.

It was Su Lang who saved him back.

Otherwise, it would be difficult for him to forgive these mistakes.

"Next, consolidate your cultivation."

"Jing Yunzi has noticed the movement and will come soon. You should handle it carefully."

Su Lang faintly ordered.

"Yes, Master Master!"

Fang Gan responded respectfully.

"Ok."

Su Lang nodded, with a thought, arranged a large number of formations.

This can isolate those who come to check it out, and it can also delay Jing Yunzi's investigation.

Arranged the formation.

Su Lang only stepped into the ripples of time and space and disappeared.

It was at the same time that Su Lang was leaving.

"this is!"

"The volatility of the advanced level powerhouse of the Nine Universes breaking through to the top level!!"

"Who, who is it! Le Zhengnan, Fang Gan...or Su Lang!?"

In a hidden stone hall, Jing Yunzi, who was immersed in miscellaneous affairs, shook his body suddenly, and suddenly got up!

#### [Chapter 2934: Shocking Cloud Alliance](#)

The other side.

Fanggan is outside the retreat.

A lot of time and space fluctuations came, and a powerful figure emerged, staring at the place isolated by the formation in front.

"There was a very strong fluctuation here just now!"

"That kind of feeling doesn't know what the movement is, it's similar to a breakthrough, but it's not like an eternal warrior breaking through a small realm."

"It should be the breakthrough of the eternal warrior of the Nine Universes! I was fortunate to watch a senior of the Nine Universes break from the initial level to the intermediate level, and there are similar fluctuations, but the movement is not as big as before!"

"It turns out that there is such a thing in the Nine Universe Realm. This is the first time I have heard of it."

"This kind of breakthrough in the Nine Universe Eternal Realm is generally not obvious, and it is not widely spread."

"..."

One by one, the warriors who had just entered the level of the Nine Universes, or were still in the Eternal Realm of the Eight Universes, gathered in small circles in small groups and talked quietly.

As for those eternal warriors at the intermediate level of the Nine Universes, their expressions were filled with surprise and excitement.

"The movement just now...I'm afraid it's not the intermediate level martial artist of the Nine Realms who broke through to the advanced level!?"

"It's very likely that you and I have both broken through from the beginning level, and our breakthrough fluctuations are too weak compared to just now!"

"You said, could it be the senior of the Nine Universe who broke through to the top level of the Nine Universe!"

"Impossible, how can the top level powerhouse of the Nine Universes appear so easily?"

"Looking at these formations, you can tell at a glance that it is the advanced power of the Nine Universes. The person inside must be one of the three advanced powers of the Nine Universes. At this time, they are already the top powers of the Nine Universes!"

"Is it Senior Su Lang? Senior Su Lang is very knowledgeable. I don't know how many years he has cultivated. It is likely that he has made a breakthrough!"

"..."

Some experts at the intermediate level of the Nine Universes talked about and made speculations constantly.

at this time.

Boom! !

There was a strong time and space fluctuation.

Immediately, a middle-aged man with a gentle expression emerged from the ripples of time and space, and it was Jing Yunzi.

"I have seen the leader!"

Groups of warriors around him saluted Jingyunzi.

"Everyone, free!"

"I don't know, which ninth-level Daoist fellow broke through?"

Jing Yunzi looked around the crowd, a smile appeared on his face.

Someone in the league broke through to the top level of the Nine Universes. He was very shocked at first, very unbelievable.

But this incident did not have much impact on his deity's plan, but it was a good thing!

Just like Jing Yunzi thought before

——In a world of great controversy, the more powerful the better!

One more powerhouse at the top level of the Nine Universes, the greater the possibility of the Universe White Realm collapsing!

"Return to the leader."

"We don't know which senior it is."

A confidant of Jing Yunzi replied, "It's just a guess, maybe Senior Su Lang broke through."

"Daoist Su Lang?"

Jing Yunzi's expression remained unchanged, and her brows frowned slightly in her heart.

From the reaction of this confidant, it can be seen that after Su Lang's discussion on the Tao, his image as a strong man has been deeply rooted in the hearts of the people.

at this time.

Wow!

Two successive time and space fluctuations came.

Immediately afterwards, there is the undisguised high-level aura of the Nine Universes!

Jing Yunzi and a group of eternal warriors saw that they were Su Lang and Le Zhengnan.

"It's Senior Su Lang and Senior Le Zhengnan!"

"Junior meets Senior Su Lang, how have you been lately?"

"Senior Su Lang, last time I talked about the juniors and returned with great success, now I am ready to make breakthroughs, thank you for your kindness!"

"Senior Su Lang, your pill has really solved a big problem for the younger generation, and the younger generation has nothing to pay for it..."

"..."

The eternal warriors saluted Su Lang with gratitude one after another.

Of course, he would not lose his courtesy to Le Zhengnan, but he was far from being so courteous and enthusiastic to Su Lang.

"You fellow Taoists don't need to be polite!"

"Whenever you have any questions about cultivation, just come to Su, and if you can solve the problem, I will definitely help you solve it."

Su Lang clasped his fists and looked around the crowd, and said with a smile.

Everyone was suddenly excited again!

At this time!

[Chapter 2935: Jing Yunzi wants to abdicate](#)

"Friend Su Lang!"

"It looks like you have made great progress in your cultivation, which is really gratifying!"

Jing Yunzi smiled and handed over to Su Lang. He saw that Su Lang had made some breakthroughs.

"Fortunately, I have made a little progress."

"Compared with Fang Gan's breakthrough, it's not worth mentioning."

Su Lang looked at the formation, an imperceptible smile was drawn at the corner of his mouth.

"Yes!"

"Fang Qian's progress this time is really great!"

"From then on, he is the top powerhouse of the Nine Universes, and he and I are no longer at the same level!"

"..."

Le Zhengnan said with emotion, his eyes a little complicated.

Except for the envy of Fang Gan.

Probably only he knows best, why Fang Gan can break through!

Fang Gan gained great luck from Su Lang, and he could make today's progress.

That is a great fortune that ordinary people can hardly imagine!

And he, Le Zhengnan, originally had such an opportunity.

However, he hesitated.

At this time, Fang Gan's breakthrough gave him a great shock and made him regret it again.

of course.

His apparent mood swings are not strong.

Because he agreed to Su Lang, he could not disclose the details and results of the original argument in any way.

At this time, almost everyone from the Jingyun Alliance came, and he wouldn't let others see it.

at this time.

The conversation between Su Lang, Le Zhengnan and Jing Yunzi was also heard by the surrounding onlookers.

Suddenly, there was a burst of discussion.

"It turns out that the person who made the breakthrough was Senior Fang Gan!"

"Senior Fang Qian is also a veteran senior powerhouse of the Nine Universes. It is not too surprising that it is his words!"

"Well, Senior Fang Gan also went to Senior Su Langgan to discuss the Tao! It must be the two strong men discussing and confirming each other, and they have gained!"

"Senior Su Lang's knowledge is really profound, and after discussing the Dao with him with the rank martial artist, they will be able to gain a lot. It is really an admirable five-body cast!"

"..."

People around were whispering and talking in private.

But they couldn't think of it anymore.

Fang Qian and Su Lang are not talking about the Tao at all, but Su Lang's unilateral guidance and support!

at this point.

Jing Yunzi never expected it.

'Fang Gan's breakthrough is related to Su Lang!'

'This Su Lang's knowledge is so profound, even the advanced powers of the Nine Universes can get a breakthrough!'

'This Su Lang is more complex than I thought, and I don't know what secret he has!'

'It seems that I will pay more attention to Su Lang in the future, although he should have little influence on the big plan.'

'Fang Gan is also there, the top powerhouse of the Nine Universes... is still under control!'

Jing Yunzi's heart was filled with various thoughts, but on the surface he was smiling, and he looked extremely excited and excited.

At this time.

"Fang Gan broke through to the top level of the Nine Universes."

Su Lang smiled and said, "We have a truly top powerhouse in the Jingyun Alliance. It's great!"

"Yes!"

"Jingyun Alliance was originally relatively weak among the three new forces."

"With Fang Gan Daoist now, Jingyun Alliance will at least not be weaker than the other two forces."

"I, the leader, can finally abdicate and let Xian Xian. I'm relieved to think about it!"

Jing Yunzi laughed and said loudly without concealment.

This statement came out.

Everyone was suddenly surprised!

"Leader is going to give way!?"

"As the leader of one of the three major forces, Master Jing Yunzi abdicated like this!?"

"We are about to change the leader? This is really unprepared!"

"..."

Many people's eyes widened in surprise, with expressions of disbelief.

of course.

There are other people who have different opinions.

"Senior Jing Yunzi rarely claimed to be a leader!"

"His position as the leader is still recommended by us. He himself is unwilling to spend his time and energy on those chores."

"Well, Senior Jing Yunzi is more casual, the position of the leader is too restrictive for him."

"Haha, Senior Jing Yunzi abdicated to let the virtuous people, and the peaceful transfer of all efforts within the alliance is a good thing. We are really lucky, otherwise we will have to fight back and forth."

"Friends Daoist's remarks are too serious. Senior Fang Gan is not that kind of ambitious person, maybe he won't be interested in the position of leader."

"Don't say anything, Senior Jingyunzi will definitely let Fang Gan Daoyou be the leader, so that the Jingyun Alliance can better survive!"

"..."

Each of the warriors talked about it, and they had gradually regarded Fang Gan as the new leader in their hearts, waiting for the official confirmation and leadership.

In the endless universe where the strong respect, this kind of reaction is too normal and common.

#### [Chapter 2936: Su Lang and Fang Gan acted as Jing Yunzi](#)

For Jing Yunzi.

It really didn't hurt much to give up the position of the leader.

Otherwise, he would not take the initiative to speak out.

after all.

The entire Jingyun Alliance, as well as the Xuanyu Alliance and Zangzhenmen, are all victims in their plans!

Therefore, it is the same who is the leader.

On the contrary, if he surrendered his position as the leader, there would not be so many troubles.

As the former leader, he also has a high enough position to facilitate his work.

In this way, he has more time and energy to \*\*\*\* the deity's big plan!

therefore.

Jing Yunzi was quite happy in her heart.

But he didn't know, Su Lang was even more happy!

'Fang Gan is my disciple.'

'He serves as the leader and is in charge of the Jingyun Alliance for me on the bright side. It will be easier for me to recruit people!'

'At that time, empty out all the powerhouses of the Shocking Cloud Alliance!'

"When the battle of great controversy breaks out and Jing Yunzi discovers the truth, her eyes will fall out of shock!"

Su Lang thought in his heart and almost laughed!

at this time.

Su Lang in front of Fang Qian arranged a large number of formations, suddenly an opening appeared.

Fang Qian was surrounded by the flames of the weather, and slowly walked out of the formation channel!

"It's Senior Fang Gan!"

"Senior Fang Qian is out!"

"This breath is definitely the top level of Nine Universes!!"

"Senior Fang Qian really broke through to the top level of the Nine Universes, our guesses are true!"

"Great, great!"

"..."

An eternal warrior looked at Fang Gan, who was slowly flying in, and his eyes widened with excitement!

Witnessing the birth of a top-level powerhouse of the Nine Universes with their own eyes, this makes them only feel that Sansheng is fortunate!

'Fang Gan, really broke through!'

'The benefits he got from Senior Su Lang are definitely more than I thought.'

'In addition to the instructions on the exercises, there must be other help!'

'Huh...If I can also worship Senior Su Lang's door, perhaps I am Lemou among the people who have attracted much attention at this time.'

Le Zhengnan sighed slightly in his heart. In addition to regret at this time, he also wanted to worship Su Lang's sect.

The previous hesitation has disappeared unconsciously.

just.

He was a little worried again.

I missed the best opportunity, and then I asked to worship Su Lang's door. Is there anything wrong with it?

Le Zhengnan was troubled.

Jing Yunzi is also looking carefully at Fang Gan.

'It's indeed a breakthrough!'

'Nine Universe's top powerhouse, not bad, not bad!'

Jing Yunzi thought in his heart, and immediately raised a sneer.

Su Lang opened Fang Qian's property panel to view its more detailed information.

"Ok!?"

"Fang Gan has clearly broken through to the top level of the Nine Universes, why is there still no plus sign in his five-dimensional attributes on the attribute panel?"

"Could it be...you have to be stronger for the plus sign to appear?"

"So, the Nine Universe Eternal Realm is probably not just as simple as imagined!"

"Nine Universe Eternal Realm... Soul of the Extreme Nirvana Realm... Where will the road go afterwards?"

"..."

After reading Fang Qian's attribute panel, Su Lang was a little startled.

At this time.

Fang Gan had already flown in front of everyone.

In the eyes of everyone.

"Congratulations to Senior Fang Qian for his breakthrough!"

"Congratulations to senior Fang Gan, congratulations to senior Fang Gan!"

"..."

An eternal warrior uttered a shout like a mountain whistling and a tsunami, full of admiration, awe and excitement in his eyes.

"Congratulations, fellow Daoist Fang Gan!"

Jing Yunzi and Le Zhengnan clasped their hands at Fang Gan with a smile.

The corner of Su Lang's mouth twitched, and he also raised his hands to blast his acting skills.

"Thank you three fellow Taoists!"

"Thank you fellows!"

Fang Gan replied to everyone, then stopped in front of Su Lang, and said solemnly:

"Thanks to the discussion with Daoist Su Lang, I can have some insights and breakthroughs. Daoist Su Lang will do his best in the future, but if he needs it, he will do his best."

"Haha!"

Su Lang smiled and bowed his hands in return, "I will certainly not be polite."

On the matter of Tao.

This is something that everyone in the entire Jingyun Alliance knows.

Everyone, including Jing Yunzi, also guessed that Fang Gan's breakthrough was related to the discussion with Su Lang.

and so.

If Fang Gan deliberately didn't mention this, it would arouse suspicion.

Only in this way can I bring up the matter and give a faint thank you, so that everyone thinks that Su Lang is not very helpful to his breakthrough, so that Jing Yunzi's vigilance can be lowered.

in this way.

Later plans can also be more convenient to implement.

[Chapter 2937: Fang Gan ascends the Throne to Start the Cloud Alliance](#)

at this time.

Su Lang and Fang Gan cooperated with their masters and apprentices, and Jing Yunzi was indeed acted.

'This Fang Gan's attitude towards Su Lang is average.'

'It seems that Su Lang is not as powerful as the rumors.'

'At least, Fang Gan said that there is definitely not much to gain.'

'Well, the relationship between Fang Gan and Su Lang is not so close. Su Lang is taking over the hearts of the people. Fang Gan will take over as the leader. The two will definitely become rivals!'

'Hahaha, when the time comes, they will beat their heads, wonderful, wonderful!'

'...'

Jing Yunzi thought so in his heart, and the smile on his face became brighter.

Soon.

"Fang Gan Daoist!"

"In the next version, I will temporarily serve as the leader of the league."

Jing Yunzi stepped forward and smiled at the other side and said, "Now that fellow Daoist is promoted to the top level, it is reasonable for Daoist Fang to be the leader!"

This statement came out.

The atmosphere in the court suddenly became a little solemn.

This is one of the three new forces in the endless universe, the moment when the shocking cloud alliance's greatest power is handed over!

Fang Gan took a deep look at Jing Yunzi, then looked at Su Lang and Le Zhengnan again.

"I agree with this matter."

Su Lang said with a smile, saying that this apprentice did a good job, and it was almost impossible to leak.

"I agree too!"

Le Zhengnan nodded, Fang Gan did his part as the leader, not to mention his relationship with Fang Gan was also good.

"Great!"

"Thanks to you all!"

"This burden, I'll take it next!"

Fang Gan nodded heavily, and saluted Su Lang, Le Zhengnan and Jing Yunzi, and then saluted the other members of the League.

"Congratulations to the leader of Fang Qian on his ascendance!"

The corner of Su Lang's mouth twitched and he arched his hands with a smile.

"Congratulations to the leader of Fang Qian on his ascendance!"

Le Zhengnan and Jing Yunzi followed close behind.

"Congratulations to the leader of Fanggan on his ascendance!"

The rest of the eternal warriors unanimously called out!

"Thank you all!"

"From now on, we will be the master of the Shocking Cloud Alliance!"

A burst of intense light erupted from Fang Gan's eyes, and his body's breath also rushed into the sky.  
now.

The entire Jingyun Alliance fell into Su Lang's hands!

Next.

It was a feast for Fang Gan to take over as the leader of the league.

An extremely luxurious banquet was held in Hongyu Universe.

Before the banquet.

The news of Fang Qian's promotion spread across multiple universes, and many eternal powerhouses who were watching were shocked and rushed to hear the news!

Soon.

There are many heroes in the Hongyu Universe, and there are many warriors in the Nine Eternal Realm!

The banquet opens.

All kinds of rare and exotic fruits, heaven and earth treasures are brought up, opening the eyes of countless warriors and feasting their hearts on them!

This is naturally sponsored by Su Lang in secret.

During the banquet.

Fang Qian showed up and talked about it by the way, which initiated many people.

Although he doesn't have the perverted ability of a master like Su Lang, he is still able to cultivate to the advanced level of the Nine Universes by himself. It is entirely possible to give advice to the juniors.

When the banquet is over.

The name of Fang Qian has been deeply rooted in the hearts of the people!

Everyone knows that Fang Qian, a top-level leader of the Nine Universes, has appeared in the Jingyun Alliance!

Immediately afterwards.

There are many eternal powerhouses who requested to join the Jingyun Alliance on the spot.

To this.

Su Lang is naturally very happy.

He immediately asked Fang Gan to hold a receiving ceremony and beckon the members of the League!

As for the origin of the applicant, Jing Yunzi is still in charge.

He continued to release water, and the review of applicants was very lenient.

But this is on the surface.

In the dark.

Su Lang has been using the Mystery Scroll to observe every member who enters the League.  
among them.

Both the Dragon Territory and the Sacred Demon Sect have added spies.

Because of Su Lang here, Ming Secret Universe Region didn't send any more people.

Xuanyu Alliance and Zangzhen Sect also have Jingyunzi, the biggest 'undercover', and there is no need for spies at all.

Jielong Zhouyu has increased his eyeliner because he has not yet fully trusted Su Lang.

Except for the spies of the two ancient forces.

There are also people who have ghosts in their hearts, or people who have different intentions.

But in Su Lang's eyes, these people didn't have any threats, and there was no need to refuse.

[Chapter 2938: Enter the submarine universe](#)

instead.

After putting it in.

Su Lang can completely 'persuade' the opponent in a targeted manner and turn him into his own thug.  
then.

Jing Yunzi put water on the bright surface.

Su Lang releases water in the dark.

As long as it is a warrior who applied to enter the league, there is almost no rejection!

As a result, after this phenomenon spread.

Those who did not have much confidence were also surprised and hurriedly applied for membership.

Jingyun Alliance is still willing to come to this!

In a short time.

The shocking cloud alliance swelled wildly.

I don't know how many eternal warriors there are!

Putting this in the eyes of those who are interested, you can immediately see that the current leader of the Jingyun Alliance is no longer as salty as before!

The Jingyun Alliance at this time has become ambitious!

This immediately aroused the vigilance of the three ancient forces such as the Ming Secret Universe Region, and the Xuanyu Alliance and the Cangzhen Sect also pretended to be careful.

at the same time.

Ming Secret universe, amidst a vast peach forest.

"Friend Su Lang!"

"Everyone wants to invite you to enter the hidden universe!"

A temporary doppelganger appeared outside Su Lang's retreat, and shouted with a smile on his face.

"Great!"

Su Lang's voice came from Taolin, and immediately accompanied by time and space fluctuations, his figure also appeared in front of Wu Qianfei.

"Come here, please!"

It is nothing but enthusiasm, directly opening a transmission channel of the natural universe.

"please!"

Su Lang smiled slightly, and walked side by side into the passage with Wu Qianfei.

On the other side of the passage is a springboard universe, very barren, and there is no creature within the scope of the expansion of the divine mind.

Wu Qianfei opened a channel again and brought Su Lang in.

As a result, this is still a springboard universe.

in this way.

After dozens of springboard universes, Wu Qianfei stopped.

Su Lang knows.

This is to prevent potential exposure of the real coordinates of the universe.

The coordinates of a universe can only be determined by using another universe as a reference.

After this meeting.

These springboard universes are likely to be destroyed immediately.

The destruction of multiple universes has caused the coordinates of the potential universe to become almost impossible to calculate.

Even if it takes a lot of effort and a lot of time to process countless information about coordinates, it can be calculated.

In the end, there will definitely be a lot of eyeliners staring at the universe of the way.

For almost all eternal warriors, invasion or sneaking into the universe makes the universe unrealistic.

of course.

This is completely useless for Su Lang!

As long as he can reach the hidden universe once, he can dispatch clones and replace positions countless times!

"Sorry, Daoist Su Lang."

"Take you to spare such a long way."

Wu Qianfei said to Su Lang apologetically, "The next universe will be the potential universe!"

"It's okay!"

Su Lang nodded slightly, his expression relaxed, natural and unhurried.

"Come in!"

Wu Qianfei smiled and opened the space-time channel.

Suddenly.

Through the long time and space, Su Lang felt a thick decadent aura.

Without a word, he flew in.

Wow!

In the ripples of time and space, Su Lang's figure emerged.

Looking around, it's pitch black!

The cosmic energy is also extremely thin, making Su Lang uncomfortable for a while.

Fortunately, Su Lang controlled the avatar of Xing Cuan Yun He, and the deity is still cultivating in the secret universe with the top speed of time.

at this time.

"Little friend Su Lang is really extraordinary!"

"Such a young eternal body, I really miss the old man!"

"This is the most talented person I have ever seen. Even if it's a clone I created by myself, it's not as good as Su Lang's little friend."

"The hero is born a boy, this time we have harvested a good seed from the Ming Secret Universe."

"..."

One by one, black shadows appeared by Su Lang's side, turning into an eternal powerhouse.

"Su Mou has seen you seniors."

Su Lang smiled slightly and bowed his hands to everyone.

However, a total of fifteen strong people appeared around, and looking at their faces, they all maintained a young appearance.

But his body exudes an aura of decay and decay, yet extremely powerful!

The entire natural universe was almost enveloped by their breath.

[Chapter 2939: Enter the secret domain class of the Ming secret universe](#)

"Little friend Su Lang doesn't have to be so polite."

One of the handsome men said with a smile.

The breath of this person is similar to Wuqianfei, the deity of Wuqianfei.

"Not bad."

"Come on, sit down and talk!"

Said a man with a generous robe, revealing his heart, and dangling long hair, who looked unruly and unruly.

Su Lang opened the property panel and found that this person was called Li Zhongling.

But Li Zhongling waved his hand.

A round table appeared in the void.

Immediately, a circle of chairs appeared around the table, a total of sixteen chairs.

"Little friend Su Lang, just sit down!"

Wuqianfei's deity pointed to the chair, and took a seat by himself.

The others also greeted Su Lang one after another, like amiable elders.

—If there is no divine mind and various detection methods that are constantly sweeping around, it would be even more kind.

But when I came here, I was originally censored.

Naturally, Su Lang wouldn't mind, and all the investigations on everyone were deemed to have not been found.

They didn't see any problems anyway.

"It's an honor to meet with you old people today."

"Why not try the thin wine brought by the younger generation?"

Su Lang smiled slightly and brushed his right hand. A wooden plate appeared on the table with a jade bottle and sixteen wine glasses.

As soon as the jade bottle came out, there was a faint fragrance of wine.

"hiss!!"

"This is good wine!"

"My old Li hasn't seen such a good wine for a long time!"

Li Zhongling took a deep sniff, and immediately sucked in a cold breath, his eyes gleaming.

"It's really good wine!"

The deity Wuqianfei smiled and said, "After a scent, it gives people a sense of vitality."

"Little friend Su Lang is so good that he can even get this kind of wine!"

"I have never seen this wine. It should have been brewed by Su Lang himself. I heard that Su Lang has said it well. I saw it today and it really deserves its reputation!"

"Hahaha, the old man has a blessing today, come here, everyone drink!"

"..."

Everyone admired Su Lang and Jiu, all smiles.

Soon.

A cup of wine was poured out, and the intoxicating fragrance filled with fragrance, and the atmosphere on the table suddenly became warm.

In a good atmosphere.

Fifteen seniors who had lived for countless years chatted with Su Lang.

The topic has always been the wonderful experience of the old predecessors.

No one mentioned Su Lang's specific identity and origins, or even the topic of interest.

The main reason was that everyone had exhausted their methods, and they didn't see anything wrong with Su Lang.

Some of them even 'hacked' into Su Lang's thinking and conducted a careful investigation!

just.

Su Lang holds the Mystery Scroll, and is assisted by Jinghuashuiyue.

What others can see is what he wants others to see.

Even if these old seniors have cultivated to the sky one by one, it is the same!

Speaking of repair.

Su Lang discovered that the fifteen ancestors of the Ming Secret Universe were all powerful at the top level of the Nine Universes.

And in its property panel, no one's five-dimensional has a plus sign.

'With so many senior Nine Universe powerhouses, there is no plus sign in the 5th dimension! ? '

'Nine universe levels, to what extent will the plus sign appear? '

Su Lang was a little surprised, and the span of the Nine Universes was bigger than he had imagined!

Forget about this temporarily unsolvable problem.

Su Lang continued to chat with Wu Qianfei, Li Zhongling and others.

But everyone is the kind who wants to die of old age.

Lying in a specific area on weekdays, I can't wait to move, and communicate with the outside world using a clone.

Now out of consideration, the deity ran out to examine Su Lang and chat with Su Lang.

At this time, naturally it won't be too long.

quickly.

This meeting is over.

Su Lang successfully passed the review of the fifteen seniors of the Ming Secret Universe.

And he also became the 'principal elder' of the highest 'secret' domain level in the Ming Secret universe!

There are two levels in the secret domain, one is the principal elder, and the other is the hidden elder.

Li Zhongling and others promised.

As long as this time Su Lang helped the Ming Secret universe survive the great controversy and was promoted to the top level.

They can completely become a member of their hidden order universe and become an elder of the hidden order.

At that time, he would stand at the pinnacle of the Ming Secret Universe, almost the pinnacle of the entire endless Universe.

#### [Chapter 2940: Chief elder](#)

For this promise, Su Lang just smiled in his heart.

He didn't care much about Elder Qianling.

After all, his surpassing the elders of the hidden order is just around the corner.

Closer to home.

At the end of the banquet.

Su Lang revealed some information about Xuanyu Alliance and Jingyun Alliance to Wu Qianfei, Li Zhongling and others.

The point is to point out that Jingyunzi is not as simple as it seems, and point out that the three new forces are likely to have a close relationship.

But most importantly, the three of Jingyunzi were clones of the same person, and the three new forces were all victims. The plans and possible identities of Jingyunzi and the others were not revealed.

Because the time is not yet ripe.

As for the indifferent information disclosed by Su Lang.

No matter how many other people think this information is still more useful, they said they would investigate it in depth.

On the Jingyun Alliance, Su Lang himself also made further investigations and surveillance.

Fang Gan was mentioned during the period.

For Fang Gan's breakthrough.

Everyone felt a little helpless.

The more the top powers of the Nine Universes participating in the Great War, the greater the pressure on their three new forces!

If it is too much, I am afraid that even the three major cosmic beads will not be able to suppress the expansion of the white world caused by the war.

Su Lang said that he has a good relationship with Fang Gan.

It can be closely monitored and investigated.

When everyone saw Su Lang's "righteousness destroying friends", they couldn't help but appreciate it!

They didn't even know that Fang Gan was Su Lang's little brother!

Finish talking about Fang Gan.

This meeting officially ended.

Su Lang left Qianling Universe and returned to the original path under the leadership of Wuqianfei clone.

As for the Holy Demon Sect.

To gain the vision of the Holy Demon Sect and send a wave of 'save' in the past, such trivial matters need not be raised in meetings of this level.

As the principal elder, Su Lang has the authority to mobilize a large number of resources and manpower in the Ming Secret Universe.

It's not too easy to accomplish such a small thing!

At this moment.

The secret universe is beyond the vast peach forest.

"Friend Su Lang!"

"These three little friends should also be familiar to you."

"Why don't you stay by your side, so that you can also have some dispatched manpower to integrate into the Ming Secret Universe faster?"

Wu Qianfei said to Su Lang.

Three time and space ripples also appeared around him at the same time, and three figures emerged, it was the three who led Su Lang before!

"of course can!"

"I'm just short of manpower!"

"Just let these three follow me!"

Su Lang was delighted and directly agreed.

In fact, he also knew that these three people were not simply here to be sent by him, and they also had a certain degree of surveillance.

But he doesn't care!

Are they just three warriors who have just entered the Nine Universes?

Even Fang Gan can handle it, wouldn't it be easier to handle these three people! ?

and so.

For Su Lang, sending a spy over is a sheep's mouth, and he will eat without vomiting his bones!

"Good good!"

"The three of you, don't visit Master Su Lang yet!"

It's nothing more than seeing Su Lang so happy and simply, with a smile on his face, and feel more at ease with Su Lang.

"Junior meets Master Su Lang!"

Three warriors who have just entered the Nine Universe level respectfully salute.

The three of them are called Feng'an, Shuhe and Yi Yang.

"Everyone, free!"

Su Lang smiled politely, "From now on, there will be some things that will bother you more."

"Don't worry, don't worry!"

"Master Su Lang's business is our business..."

The three martial artists of the Nine Universes were flattered and panicked.

"In that case."

"I won't disturb Daoist Su Lang any more, and I will find fellow Daoist to drink, sizzle, the drink I used to be really enjoyable!"

While talking, the figure of nothingness disappeared in place.

"Three fellow Taoists!"

"Come, go in and talk."

Su Lang pointed at Taolin, with a bright smile on his face.

"Yes! Lord Su Lang!"

Feng An and the other three saluted respectfully.

Immediately, they followed Su Lang and entered the peach forest all over the sky.  
quickly.

Su Lang led them to a house built of peach wood.

The inside is very concise, and it feels back to the basics.

"Come, sit down!"

Su Lang smiled and took out the table, chair, cup and tea, and invited the three of them to sit down.

Next, he will use various 'means' to turn the three of them into loyal little brothers.
