### [Chapter 2951: Linked formations of major weapons](#)

"What a perfect big guy!"

Su Lang held the Infinity in his hand, as if holding a mecha model.

Although all the weapons such as the Youtian Sword were upgraded to the point where they could not be upgraded, countless materials were consumed.

But these days.

Su Lang got too many treasures from his subordinates.

Not to mention the promotion of Infinity to a level that cannot be promoted, at least it can be greatly improved!

The current Infinity is already powerful enough.

In the no-load state, it has reached the top level of the Nine Universes.

But this never reached the limit of Infinity.

At the beginning of the design of this weapon, its upper limit far exceeded that of a weapon of the same level!

"After this promotion."

The corner of Su Lang's mouth twitched, "The power of the Infinity is likely to be the strongest in the history of the endless universe!"

Talking.

He tossed the Infinity in the state of the mecha model in his hand.

boom! !

Boundless flew out, suddenly changing from the size of a fist to the size of a planet!

And its size is still skyrocketing!

When it returned to its natural size, it was already comparable to the original endless continent!

It is not an exaggeration to say that it is a humanoid world.

"system!"

Su Lang looked serious and gave instructions, "Start the enhanced reset function!"

"Ding! The enhancement reset is successful, and the effect of the enhancement qualitative change of Infinity has disappeared!"

"Start the weapon evolution function!"

Su Lang once again issued the order, "All the parts of the Infinite Evolution!"

"Ding! Consume the origin of the universe... Nine Eternal Materials... Part One has evolved into Nine Eternal Emperor Soldiers!"

"Ding! Consume the origin of the universe..."

System prompts came one after another.

The first is the evolution of the three major parts of the center from the Eight Eternal Realm to the Nine Eternal Realm!

The core parts of the next level have also been promoted!

The parts of the third level and the seven universes followed closely, and they evolved into the eight universes one after another!

When the system prompts over.

The Boundless has evolved 120 parts of the Nine Universe Eternal Realm.

There are 12,000 parts in the Eternal Realm of the Eight Universes!

The remaining parts, even the most basic ones, have all reached the Seven Eternal Realm!

So far.

Infinite has not been strengthened, its power is already even more terrifying than before!

And Su Lang also reserved a lot of strengthening materials.

Originally it has been evolving, it is okay to consume all the materials.

But in order to 'enhance the qualitative change' effect.

Su Lang chose to use evolutionary enhancement to build the Boundless.

"system!"

"Start one-key enhanced function!"

Su Lang issued an order, and a series of system prompts sounded again.

In a blink of an eye.

The Boundless has completed twenty enhancements.

Immediately afterwards, there were five full enhancements and qualitative changes!

The result is three times of 'self-recovery' feature enhancement and qualitative changes, and two basic power enhancements.

So far.

The Infinite has completely surpassed Su Lang's other weapons and reached an unprecedented height!

If it weren't for Su Lang's formation to cover up his breath.

It will definitely shock the people of the entire Ming Secret Universe, including the fifteen potential ancestors of the universe!

Even with Su Lang's current combat power, he needs to use the devouring clone function before he can control it!

As for the rest of the warriors.

Even the top martial artists of the Nine Universes can enter without restrictions!

"It's a pity that the materials are almost consumed."

"The rest are emergency spare materials that must be left behind, otherwise, Wuyin can go further!"

"Next, we must wait for the start of the war, raise the war with war, and after gaining a lot of loot, we will further upgrade the Infinity!"

"However, the weapons themselves cannot continue to improve, but I can use the formation to make them move together!"

Su Lang smiled and waved, and weapons such as the Youtian Sword and the Heavenly Eight-Edged Shield appeared one after another!

These weapons all exist independently.

What Su Lang had to do was to arrange an array to connect all the weapons with the Infinity, and exert a power far beyond simple addition!

Together in the formation.

Among the major forces, compared with the secret skills of the exercises, the classics of the Array Dao have not received much attention.

Su Lang has almost collected the essence of the entire endless universe in these days!

In addition, the level of the one-key refining function has been improved.

Regarding the formation, Su Lang's control has also reached the current ceiling level!

[Chapter 2952: The formation is self-developed, three days later](#)

"There are many formations that can combine weapons."

"I'll do this first, this way, then this way..."

Su Lang propped his chin with his right hand, his thoughts flowed in his mind, constantly designing the formation.

quickly.

The prototype of a combined formation appeared in his heart.

Next.

It is the perfection of the details.

This step took Su Lang some time.

But the result is gratifying!

When this eternal united formation is completely perfected, it has reached the top level of the Nine Universe Eternal Realm!

"A thought is formed!"

With a thought, Su Lang laid out the formation.

Suddenly, a miniature formation the size of a jade dish, full of countless complex but regular energy lines appeared in his hand.

This is the nameless formation he just designed.

Immediately afterwards.

"go with!"

With Su Lang's thought, the formation immediately enveloped the weapons such as the Infinity and Youtian Sword.

Wow!

Weapons such as the Youtian Sword, the Eight-Edged Shield of the Sky, the Mirror Flower and the Moon, the Sword of Life, and the Seven Treasure Trees flew to the Infinity.

The main battle weapon Youtian Sword fell into the right hand of Infinity.

The mirror flower water moon and the sword of life are inlaid on the back of the Infinity in a cross shape.

These two weapons have long been able to perfectly activate power without the need to wave them.

Qibao Miaoshu's whole body changed, turned into a strange colorful battle armor, knotted on the huge body of Wuyin.

The chain of the heart-piercing lock was interspersed in the gap of the Qibao Miaoshu battle armor, and the dark traces added a killing intent.

The last is Zijin Gourd.

Su Lang thought for a while, instead of putting it on the head of Wuyin, he put it in the mouth of Wuyin and turned it into invisible...

So far.

All weapons are connected and completed under the action of the formation.

However, arranging the formation is not the last step.

Su Lang's heart moved.

Infinite has once again transformed from the size of the cosmic continent into a mecha model.

Put the infinite number in the mecha model state into a crystal wall world in the body!

"Start the formation self-regeneration function!"

In Su Lang's thought, the formation began to evolve on its own!

At the same time, under the control of Su Lang, the time flow rate of this crystal wall world began to greatly increase!

"With a faster flow of time."

"Soon, this nameless formation will become even stronger!"

"Furthermore, the subsequent derivation will make the formation more suitable for each weapon, and make the effect of their mutual cooperation even more terrifying!"

"It's a pity that the materials are almost used, and the other formations will not be arranged."

"Next, we must update the technique and perfect the Crystal Wall Universe!"

Su Lang changed his mind and focused on his secret technique.

These days.

Compared with the three classics of the Pill Formation Device, the collection of the secret technique of the pill array is more!

Moreover, under the influence of functions such as the synthesis of exercises, the final level of exercises completed by the practice is very high.

They are basically Fang Gan's "Eternal Flood Breath Style" level exercises!

And these exercises.

Most of them have been trained by Su Lang!

"Now the magnification of the one-key martial arts function has skyrocketed again."

"There are not many exercises left. It is estimated that all the exercises will be completed in a few days."

"When the exercises are completed, use the source of the exercises to re-deduce the secret techniques such as Po Yijian!"

"Now, if you save up for a few more days, you will immediately upgrade the Crystal Wall Universe as soon as the cultivation technique is completed!"

"..."

Su Lang thought in his heart, and immediately sank into a state of cultivation.

Now the one-key practice function has reached its limit.

With enough cosmic energy, he can accumulate countless cultivation bases in one day!

Continue to practice.

It won't be long before all Crystal Wall worlds can be transformed into Crystal Wall Universe...

Three days later.

Shocking Cloud Alliance, extremely universe.

There is a dark environment somewhere, and a closed room surrounded by countless arrays.

"Now the strong in the endless universe has finished standing in line."

"Those old generations of scattered people who are hiding in the basic universe have all made their choices."

"The time has come. It is time to identify the origins of the personnel of the Jingyun Alliance, Xuanyu Alliance, Zangzhen Sect, and Saint Demon Sect."

Jing Yunzi sat crouched in the mysterious formation space, whispering.

#### [Chapter 2953: Jing Yunzi's actions](#)

His big plan is to cause a big battle.

The origin of the members participating in the war is not very important.

It doesn't matter if there are spies from the Ming Secret Universe and other forces among the three new forces they created.

Anyway, when the final war breaks out, everyone will be involved in disputes and become victims.

The main reason why Jing Yunzi wanted to do this was to keep everything in his hands, at least to know it well.

For an old man, there is a variable in the plan, and that is imperfection.

"Jingyun Alliance I have been observing secretly."

"Everyone's history is clear, so you don't need to check it again."

"Then, let's start with Xuanyu Alliance!"

Jing Yunzi made a decision and immediately stimulated the surrounding formations, turning the whole person into a semi-transparent illusory state.

Immediately afterwards.

Part of his body merged into the formation, disappearing in a wave of time and space fluctuations.

Suspended mark universe.

It is also a dimly lit closed room.

The mysterious energy lines that formed a large number of formations suddenly brightened.

In the middle of the formation, the child's Xuan Xinyuan eyes burst open, and countless phantoms flashed through his pupils!

Immediately afterwards.

He opened his eyes closed, his gaze had changed.

"Since you want to see it, then you can take a look, it's okay."

Xuan Xinyuan nodded with a smile, and his body suddenly disappeared from where he was.

at the same time.

Hidden in the real door.

"Ah!"

"What's so interesting about the origins of some ants!"

Mo Yazhi curled his lips in disdain, but he flew out of his retreat and began to send a notice to summon the Tibetan people.

Holy Demon Sect.

Master Yu Jing held the teapot, a smile on his vicissitudes of life.

Immediately after he waved his hand, a wave of temporal and spatial fluctuations flashed, and messages came out silently.

Suspended mark universe.

A few breathing hours after Xuan Xinyuan left.

An order spread throughout the Xuanyu Alliance, requiring all personnel to gather for discussion.

The reason is that the world of great controversy has reached the critical point of its complete arrival.

The entire alliance must organize manpower and form an organization, so that it can fight against the forces in the battle and fight for more pages of eternity.

An organized team is naturally much better than a set of loose sand.

This reason is very reasonable.

Therefore, everyone from the Xuanyu Alliance went to the designated place to gather.

at the same time.

In Cangzhen Gate, Mo Yazhi also issued a similar announcement, calling all members to gather!

And the Holy Demon Cult.

Although Master Yu Jing did not grasp this big power at all, he secretly gathered a large number of radical powerhouses.

Under his impetus.

The Holy Demon Cult, whose atmosphere was already very tense, suddenly started a confrontation between two parties.

Su Lang's clone "Shu Lin Zhou Di" also participated.

"Have the Xuanyu Alliance and the Zangzhen Gate begin to organize the eternal army at the same time."

"On the side of the Holy Demon Sect, Master Yu Jing also secretly moved."

"It seems that Jing Yunzi and the others are about to start a war!"

In the Secret Universe of the Ming Dynasty, among the vast peach forest, the closed eyes of Su Lang's deity opened slightly, and a gleam of light flashed away.

Soon.

"Start a perfect possession!"

The deity of Su Lang leaned over the clone 'Aotian Eternal Emperor' and went to the designated place for this gathering.

The power of Time and Space Avenue moved.

As soon as the picture in front of you changes, it becomes a lively scene!

A large number of eternal powerhouses stand by emptiness, or talk in groups of three or five, or stand alone in silence.

But as soon as the Aotian clone controlled by Su Lang appeared, it immediately attracted the attention of many people.

"Master Aotian!"

"Meet Master Aotian!"

"I saw Master Aotian again, still as cold as before, it's fascinating!"

"..."

One by one, powerful eternal warriors of the Nine Universes, such as Emperor Li Xuanzhou, Du Yanjun and others, stepped forward to salute.

Mu Yongge glanced at Su Lang's avatar with an unhappy expression, and sneered.

There are also a large number of eternal warriors around him, forming another very powerful mountain in the Xuanyu Alliance.

just.

No one knew, he was Su Lang's little brother long ago.

All of what I am doing now is performed for outsiders.

The other side.

Jing Kaiyu, a senior powerhouse of the Nine Universes, also took some people to stay far away.

He is Xuan Xinyuan's confidant, so Su Lang did not recruit him.

On the contrary, many people around Jing Kaiyu secretly took refuge in Su Lang...

#### [Chapter 2954: Suspicious of life](#)

The efficiency of the eternal warrior is amazing.

Within a quarter of an hour.

Even the members of the outer universe rushed back.

There was a sense of crowds at the scene.

A strong and eternal atmosphere is intertwined and dropped, making the world tremble and twist!

"Friends of Taoism!"

"All signs indicate that the world of great controversy is about to enter the final stage of outbreak!"

"Our Xuanyu Alliance, as one of the three new forces, is at the top of the endless universe."

"But the other forces are not weak, especially the Zangzhen Sect, which is very difficult to deal with!"

"In this war, we must do our utmost to compete for a large number of eternal pages and seek opportunities for transcendence!"

"In order to win more victories, I suggest that everyone form an organized eternal army!"

"Next..."

Xuan Xin was floating in front of everyone, his expression was serious and serious.

But he did not force the formation of members of the League, but let everyone gather on their own.

then.

There is almost no need to change what has already formed a mountain of power.

Only the remaining people, some who have never stood in the team, and some new ones who have not yet joined the team, started to cooperate with each other.

And in this process.

"Eye of Tongyin!!"

Xuan Xinyuan secretly activated the magical powers from Jingyunzi, and looked at it individually!

Just at this moment.

"Something's wrong!"

"Xuan Xinyuan's eyes are not right!"

Su Lang, who had practiced countless pupil techniques, immediately sensed the abnormality of Xuan Xinyuan, and felt a little familiar.

"This is... the eye of the cause!"

"Xuan Xinyuan activated the Eye of Tongyin!?"

Su Lang was shocked, and he opened Xuan Xinyuan's attribute panel and saw that he had more magical powers than ever before!

"Xuan Xinyuan hasn't mastered this supernatural power not long ago."

"It seems that Jing Yunzi used some means to lend Xuan Xinyuan's Eye of Cause!"

"Also, it must be the same on Mo Yazi's side and Yujing Master's side!"

Su Lang's eyes narrowed slightly, and he was the first to look at himself when he saw Xuan Xinyuan.

The speed is so fast that there is no time to hide it, and he has not secretly learned Jing Yunzi's Eye of the Cause, which is a method similar to talent.

Finally, the cover-up effect of Su Lang's other methods was not good.

In other words, this time, Jing Yunzi and others must have discovered their true identity.

but.

Su Lang did not panic, but was as steady as an old dog.

Anyway, his layout has been basically completed!

In a flash.

Su Lang raised his head and directly met Xuan Xinyuan's gaze!

'Let me see, Emperor Aotian, are you...the clone of Su and Su Lang! ! !'

Xuan Xinyuan thought in his heart, and suddenly his whole body was shocked, and his complexion couldn't help being stunned for a while, and endless stormy waves rose in his heart! !

"How can it be!"

"This is impossible, how could Emperor Aotian be Su Lang's clone!?"

"Su Lang is just an ordinary Nine Eternity with an ordinary origin, and at best possesses some irrelevant secrets!"

"How could he have a clone like Aotian! This is the powerhouse at the top level of Nine Universes!"

"It must be that Tongyinzi's eyes are broken, Jing Yunzi, Jing Yunzi! Your eyes are broken!!"

"..."

Xuan Xinyuan made an incredible scream in his heart, and the whole person is almost doubting life!

He contacted Jing Yunzi in horror in a special way.

"what!?"

"My eyes are broken? What are you talking about!?"

"What is it!? Emperor Aotian is a clone of Su Lang!? What are you kidding about!!"

"This, this, this is not true! How could Emperor Aotian be Su Lang's clone!?"

"That is the top level powerhouse of the Nine Universes. These are all clones. Then who is Su Lang!?"

"Could it be that he is actually a great power who has reached the end of the Nine Universe Eternal Realm!?"

"..."

Jing Yunzi was stunned, thunderous, and the emotions in his heart seemed to be overwhelming, and the waves were raging to the sky!

at this time.

"Jing Yunzi!"

"Are you sure there is nothing wrong with your Eye of Cause!?"

"Why do I have a top powerhouse of the Nine Universes here, Emperor Blue Star Universe, whose origin is Su Lang's clone!?"

"Who is Su Lang? Isn't he an eternal martial artist from the remote universe with a little secret on him!?"

This time, it was an incredible question from Mo Yazi.

[Chapter 2955: The world of great controversy has come](#)

"What, what!"

"The Blue Star Zhou Emperor of Zangzhen Sect is also Su Lang's clone!?"

"Su Lang, he actually has two eternal top-level clones of the Nine Universes, and they have joined our two forces separately!?"

"In addition to his deity in the Shocking Cloud Alliance, the three forces we created have his people! And they are not low in status!"

"Damn, who on earth is Su Lang? Our three major forces have been so severely infiltrated by him alone!?"

Jing Yunzi's eyes widened in disbelief, and the whole person was completely stunned!

But this is not over yet!

"Jing Yunzi!"

"In the Sacred Demon Sect, the rising star Shu Lin Zhou, who has risen to fame, turned out to be Su Lang's clone!"

"The old man simply doubts if your Eye of the Cause is wrong, you can try to re-apply the Eye of the Cause to the old man!"

Master Yu Jing almost issued his own question in a roaring tone!

He had had tea and chat with Su Lang before.

That is obviously an ordinary warrior who came from a remote place and didn't know anything!

How can you have a top-level clone of the Nine Universes! !

however.

Jing Yunzi did not answer Master Yu Jing's question.

He was completely stunned, and his brain fell into a short blank!

"Xuanyu Alliance, Zangzhen Gate, Holy Demon Cult..."

'The three powers all have Su Lang clones, three top-level clones of the Nine Universes! '

'My Shocking Cloud Alliance still has Su Lang's deity! '

'Ming Secret Universe and Dragon-June Universe are still uncertain. '

'But if you think about it carefully, Su Lang should have no reason to let it go. '

'In other words, Su Lang may be the ancestor of the Ming Secret Universe or the Dragon Dragon Universe! ? '

'But this is not right. With so many top-level clones of the Nine Universes, how strong is Su Lang, and how can the Endless Universes deteriorate to the present level? '

'With the tyrannical strength of Su Lang I predicted, I am afraid that even my deity would be very afraid!  
,

'He has endless knowledge, a strong clone, who is he, where did he come from, and what purpose does he have! ! ? '

'...'

Jing Yunzi sat slumped on the ground, with countless thoughts surging in his heart, which made him think with extreme terror, becoming more amazed and anxious!

suddenly!

He was shocked, his expression flashed by like a storm, and finally calmed down suddenly.

"It's nothing more than a stronger ant..."

Jing Yunzi's eyes were muttering blankly, and he slowly closed his eyes. When they opened, there was light again.

"Everyone!"

But seeing him stand up, his voice is loud and powerful: "The deity has orders, the plan is going on normally, and now is the time to push the war to break out!!"

There are countless universes across.

But his voice reached the hearts of the other three.

"Promote the outbreak of the war!"

"Is it finally going to do it!?"

"Pawns, fight each other!"

"Hahahaha, after this battle, the deity will surely be able to transcend!"

Xuan Xinyuan, Mo Yazi, and Master Yu Jing received the news of Jing Yunzi at the same time, and their hearts were set and excited!

next moment!

Rumble!

In the entire Lingxu Fragmented Domain, the cosmic domains composed of a large number of natural universes began to tremble!

This is the vibration from the foundation of the universe, from the Avenue of Time and Space, Avenue of Five Elements and all other basic rules!

With Lingxu Fragmented Domain as the center, almost the entire endless universe was shaken! !

Immediately after.

A touch of white light appeared in the natural universe one by one.

At first it was like a white spot, and then suddenly expanded, as if the day!

In the Shocking Cloud Alliance Extreme Universe, the Suspended Universe Alliance Suspended Mark Universe, the Unknown Universe of the Zangzhen Gate, and a large number of other high-level universes, the number of 'days' appearing is the largest, almost tens of thousands.

In a flash.

Countless white rifts spread out from these huge numbers of daylight, piercing through the barriers of the universe, tearing apart the vast cosmic realm madly!

This is the power of the Universe White World!

At this moment.

The entire Lingxu Fragmented Domain seemed to collapse.

A large number of remaining natural universes are gathered together like bubbles, driven by the spread of the universe and white world!

Shocking Cloud Alliance, Xuanyu Alliance...The distance between the forces has been pulled in crazy at an extremely fast speed!

"The world of great controversy has come completely!!!"

"I didn't expect it to come so fast!"

In the extreme universe, countless time and space fissures flickered, and a burst of light burst out of Su Lang's eyes.

[Chapter 2956: There is a plus!](#)

In a flash!

Su Lang issued a command in his heart: "System! Start the Crystal Wall Universe function!"

Wow!

Countless cultivation bases are like the galaxy inverted, crazily pouring into Su Lang's body, into the crystal wall world one by one!

Rumble!

One by one, the originally huge crystal wall world began to sublimate and qualitatively change wildly!

The space inside the world is skyrocketing, and the power of time and space blends in the three thousand universe avenues!

A square crystal wall universe was born, condensing the majestic power of the universe, rushing and roaring in the eternal body of Su Lang!

In an instant.

Forty thousand gai's crystal wall universe directly skyrocketed ten thousand gai!

And it hasn't stopped!

The one-key training function for reaching level sixty, the rate is too abnormal, and the accumulated cultivation base in recent days is too much!

A large number of crystal wall worlds continue to change qualitatively!

at the same time.

"system!"

"Activate the source of the exercise method, deduced Po Yi Jian, the dominance of the universe, the cosmic flash, the jade of fate, the innocence, the severance, the stealing of the mysterious scroll..."

The world of great controversy is coming, time is pressing, Su Lang will not let go of a second, and directly start to deduct the secret technique of the source of the exercise!

Under the frantic efforts of ten martial arts villains, Su Lang has already mastered all the exercises on his body.

—Almost half of the profound exercises and secrets in the entire endless universe, all of them have been cultivated to the super-easy level! !

The techniques he has mastered are far beyond any of the ancestors of the three ancient forces!

And now.

Su Lang will also use the source of the technique to extract its essence, and further develop more terrifying secret techniques!

"Ding! The source of the exercise is successful!"

"Ding! The source of the exercise is successful!"

"Ding!....."

In an instant, a series of system prompts were fed back into Su Lang's mind.

The power of "Po Yijian" skyrocketed, directly surpassing the previous tens of thousands of times!

The effect of the 'Master of the Universe' has become more and more powerful, not only can it draw on the power of the surrounding cosmos, but it can even fundamentally draw the natural universe!

The five secret techniques of 'Zhou Shan', 'Severe No Respect', 'Stealing Mystery Scroll', 'Jade Fragment of Life', and 'Break Innocence', not only have the speed of casting completely reached the level of one thought, but the power is no longer comparable to the past!

Compared with these previous secret techniques, it is simply the difference between Niwan and Xianshan!

See here.

A small smile was outlined at the corner of Su Lang's mouth.

At this time, the sublimation of the crystal wall world finally ended!

The total number of the Crystal Wall universe has reached 55,000 gai.

More than 80% of the total number of crystal wall cells in Su Lang himself!

"My combat power has skyrocketed again!"

A trace of excitement flashed in Su Lang's eyes, and he opened his attribute panel to take a look!

[Name]: Su Lang

[Race]: Human race

[Qualification Level]: Turbidity

[Realm level]: Nine Universes Eternal

[Attack level]: Jiuzhou Eternal+

[Defensive Level]: Jiuzhou Eternal+

[Shenfa Level]: Jiuzhou Eternal+

"There is a plus sign!"

"My combat power has finally reached the limit of the Nine Universe Eternal Realm, and I faintly touched the threshold of the next stage."

Su Lang smiled slightly, this was just normal combat power, and had not used various secret techniques.

Not to mention the number of avatars of the same level with as many as three hundred and sixty! !

Such combat power.

Almost invincible in the entire endless universe!

at this time.

Click!

A black dragon-like fissure cut across in front of him, tearing time and space into a huge fault!

The Ming Secret Universe, one of the few top-level universes, has been severely destroyed!

"The situation has deteriorated very seriously!"

Su Lang unfolded an unprecedentedly powerful spiritual mind, covering the universe of countless light years.

But seeing that the originally prosperous Ming Secret Universe was already in a mess.

[Chapter 2957: Surprise, the reaction of all forces](#)

The entire Ming Secret universe.

There are cobweb-like black space-time rifts everywhere!

A Zun Ming Secret Universe Territory warrior rushed towards the headquarters of the League in a panic!

Immediately afterwards.

A message appeared in the communication jade card of Su Lang's deity, asking him to submerge and converge the universe!

The world of great controversy has come completely, the Lingxu Fragmented Domain collapses, and the endless universe is at stake!

This is to allow Su Lang to also participate in the control of the Hongmeng Hua Zhouzhu.

"Still according to the previous plan."

"Endless universe... try to preserve it!"

Su Lang stood up, took a step forward, and hurried across the natural universe to the potential universe!

The other side.

A similar scene is also in the Dragon Territory.

Su Lang's clone "Canglan Zhoudi" has already reached the top level, becoming one of the powerful people who can control the chaotic Zhouzhu together!

And the Holy Demon Cult.

It's chaos at this moment!

"The world of great controversy has come!"

"How could this happen suddenly? Shouldn't the initial stage of the great controversy continue for a while!"

"No matter so much, now that the world of great controversy is coming, we are not ready to use Huazhou Zhu to resist the white world of the universe. The situation is very bad!"

"I knew that this time I couldn't hold it anymore. I was right to wait for the radicals. Fellow Daoists, this is the last time of great controversy. If we don't fight, there will be no chance again!"

"Fart, what we can hold, our endless universe, our hometown, will not be destroyed!!"

"..."

An eternal strong man with different positions uttered his own voice in horror.

Su Lang's avatar Shu Lin Zhou received news from the conservative ancestor Yuan Mengzhou Emperor.

Go to the grassroots universe to negotiate with the ancestors of another position on the ownership of Zhouzhu.

Unsurprisingly, those radicals should give up on Zhou Zhu.

Because this thing can also suppress the Universe White World.

In their eyes, the situation was too bad, and it was no longer useful to bend Zhou Zhu.

Shocking Cloud Alliance, in the extreme universe.

"Master Master!!"

"The world of great controversy has come, and they are shocked that Yunzi will take action. What should the disciples do!?"

An illusory avatar of Fang Qian's condensed appearance appeared in front of the avatar where Su Lang was stationed here, with a very urgent expression.

"Gather our subordinates to cope with the changes!"

Su Lang's expression was calm, and a trace of thought flashed in his eyes.

Although he is very strong now.

However, the deities of Jing Yunzi and others have not yet appeared, and their specific strengths cannot be determined.

Out of caution.

Su Lang intends to watch the changes first and see what happens.

"Yes, Master Master!"

Fang Gan knelt on one knee to take the command, disappearing from where he was!

The next moment.

A Dao League convening order appeared in the jade medals of communication of all the members of the Yunyun League.

A statue was extremely horrified because of the dramatic changes in the universe, and some powerful men of the six gods and no masters immediately gathered towards the designated location of Fang Gan!

Su Lang also stood up and disappeared from the same place.

"Humph!"

"Pawns, get into action!!"

"Su Lang, would you do this? I look forward to your actions!"

Jing Yunzi, who had retreated to the second line, looked at the call-up order in the jade card in the hand, with a sneer on his face.

at the same time.

Xuanyu Alliance.

Under Xuan Xinyuan's summons, the entire alliance had already gathered together.

at this time.

The world of great controversy has come completely.

The entire Suspended Mark universe is constantly shaking, and time and space rifts emerge!  
even.

Occasionally, we can see the collision and destruction of neighboring universes through some space-time rifts!

Sudden changes

The people in the entire Xuanyu Alliance were also extremely shocked!

At the side of Su Lang's clone 'Aotian Emperor', Emperor Li Xuanzhou and others approached one after another!

"Lord, what shall we do!"

Mu Yongge also secretly contacted Su Lang for instructions.

"Wait!"

Su Lang's appearance as the "Aotian Emperor" did not change, maintaining a high-cold posture, and at the same time deliberately letting his body exude the aura of the top level of the nine universes.

at this time.

"Everyone!"

"The world of great controversy has come, and our fate of transcendence is here!!!"

"Once the page of eternal life appears, I will fight for it immediately!"

"Everyone, all have to be prepared for battle!"

Xuan Xin took a deep look at Su Lang's avatar, and shouted loudly!

[Chapter 2958: The battle of great controversy has begun](#)

"Yes! Lord leader!"

"In this battle, I will definitely reach the page of immortality, so that everyone has a chance to surpass!"

Jing Kaiyu shouted excitedly, and was the first to respond with Xuan Xin Yuan.

"Xuanyu Alliance will win!!!"

Su Lang cloned as Aotian Zhou Emperor sternly said, "I Aotian, I will definitely become the first person to succeed in detachment in this era!"

"Aotiandao is friendly and ambitious!!!"

Xuan Xinyuan laughed, but sneered in his heart.

at the same time.

Hidden in the real door.

"Everyone!"

"Before everyone basically appeared as a clone."

"Now, it's time for everyone to move out! This is an arbitrary space-time tunnel that I spent so much effort to build."

"Dear friends, come to the deity!!"

Mo Yazhi, who looked like a teenager, looked around at everyone, and immediately threw out a Nine Universe-level formation that even Su Lang raised his eyebrows for!

This is an anchored array of arbitrary coordinates.

It can make the old immortal gate that has joined the Zangzhen gate better descend to the deity.

"Great!"

"The world of great controversy has finally come completely!"

"If this battle is not detached, I will live the same life with the universe, completely annihilated, and not even leave ashes!"

"Come here, my deity!"

"..."

The strong clones use coordinates to anchor the formation, and with the help of their own clones, they summon the deity to come!

In a flash.

Rumble, a wave of terrifying aura permeated!

The top powerhouses of the Nine Universes who have long been wiped out, but still live in the basic universe, are born one after another!

In a blink of an eye.

There are as many as dozens of top powerhouses of the Nine Universes, which is comparable to the background of the three ancient powers!

"Blue Star Fellow!"

"In this world of great controversy, you and I must join hands to help each other and pursue the path of detachment together!"

Mo Yazhi looked at Su Lang's avatar, an imperceptible sneer flashed under his eyes.

In his opinion.

Su Lang certainly didn't know, he had discovered the disguised identities of all his clones!

The master of the overall situation is his Moya Zhou Emperor, his Shocking Cloud Zhou Emperor, or his Xuan Universe Emperor...

"Great!"

"This battle, I will be able to surpass!"

Su Lang avatar Lan Xing smiled slightly, his face was full of confidence, but there was also a sneer in his heart.

This Mo Yazhi thought his plan hadn't been leaked!

at this time!

Rumble!

A violent collision suddenly spread throughout the universe!

This unnamed high-level universe that served as the temporary resident of Zangzhen Gate started to fall apart!

A large number of light from the white world of the universe formed a series of white cracks, like snow-white thunder and lightning, constantly running through time and space!

Suddenly!

A strange breath suddenly appeared in everyone's senses.

This breath gives people a strange feeling that they do not belong to this world!

"It's the page of eternal life!"

"The Page of Eternal Life has appeared!"

"A complete page of immortality! The first page of immortality after the great controversy broke out!"

"..."

Everyone of Zangzhen Sect looked at the place where the breath came from.

But I saw a page of paper emerging from the vast white light!

That is a complete page of eternal life!

If the eternal powerhouse of the ordinary Nine Universes sees it, he will immediately fight for it.

But for the old immortals of Zangzhen Sect.

During their long years, they also won many pages of eternal life.

Just a page of immortality is not worth their fight.

Only when a large number of pages of eternal life appear, will it be possible that there will be pages of eternal life that they urgently need and can fit them!

"The Page of Eternal Life has appeared!"

"Hahaha, hahahaha, the battle of great controversy has begun!!!"

Mo Yazhi laughed, took the page of eternal life into his hands, and shouted to everyone.

The terrifying killing intent erupted from Mo Yazhi.

There is also a strange appeal that is difficult to feel, making everyone present boil over!

The next moment.

Boom!

The entire unnamed universe completely shattered.

A large amount of cosmic space was flooded by the light of the universal white world!

"Everyone!"

"Fight with me in the world of great controversy, fight for it, kill for it!"

Mo Yazhi showed a hideous face, took a step, tearing apart the messy time and space, and disappearing from the same place!

"Humph!"

"Kill, see who gets the most pages of immortality!"

"Everyone, don't block my way, otherwise don't blame me for being rude!"

"The page of immortality that I saw, I hope you will cut love, thank you very much!!"

"..."

One by one, the old immortals who exuded a powerful aura or laughed wildly, or looked serious, or extremely cold, stepped into time and space, and the ripples disappeared!

[Chapter 2959: For survival, for detachment, kill!](#)

In a blink of an eye.

There are not many people left in place.

The people of Zangzhen Sect were originally temporary partners, and in general they were fighting separately, so there were not many people who really formed alliances.

"Master Su Lang!"

Three senior powerhouses of the Nine Universes came to Su Lang's avatar, Blue Star Universe Emperor, with very nervous expressions.

They are considered strong.

But the dozens of old immortals at the top level of the Nine Universes that appeared just now suppressed their confidence.

"Everyone!"

"Follow behind me!"

The avatar of Su Lang smiled faintly, and a powerful force wrapped up the three of them with a wave of hands, and immediately disappeared from where they were!

at the same time.

The collapsed Lingxu Broken Domain in all directions.

In many broken universes, or in the white world of the universe, there have been pages of Zhang Yongsheng!

Even the Ming Secret Universe, the Dragon Dragon Universe, and the Saint Demon Universe have appeared.

"The Page of Eternal Life has appeared!"

"I want to be detached, I want to be detached! A complete page of immortality is a hope for detachment!"

"The page of eternal life belongs to me. Don't try to \*\*\*\* it from me!"

"Dear friends, I am willing to surrender all my exercise books and resources. I hope everyone will give me this page of eternal life!"

"Fart, in front of the page of eternal life, all exercises, books and resources are rubbish!"

"..."

The eternal powerhouses in these places are not like the old immortals of Zangzhen, who have multiple pages of eternal life.

Seeing a complete page of immortality, a large number of strong men rushed up like chicken blood!

Suddenly!

The major forces have not yet started war with each other, and chaos has faintly appeared inside!

Fortunately, the high-level control of the major forces is very strong, and the chaos will soon be suppressed.

But just at this moment.

The collapsed Lingxu Fragmented Domain, under the spread and promotion of Huanyu Baijie, further gathered together!

The emergence of the page of immortality was also concentrated in the center of the remnant universe!

Soon!

Shocking Cloud Alliance and Xuanyu Alliance are two major forces! The first one collided together!

Rumble!

Continuous and terrible collisions appeared crazily in the universe.

One by one natural universe shattered instantly, turned into a large number of world fragments, and was further annihilated under the power of the Universe White World!

at last!

In the battlefield where countless cosmic fragments and the light of the white world are intertwined.

Everyone in the Shocking Cloud Alliance and the members of the Xuanyu Alliance saw each other after countless light years!

Wow!

The pages of Zhang Yongsheng emerged from the eternal armies of the two major alliances, one after another in the hot eyes of a large number of strong men! !

"To survive, to surpass, kill!!"

Xuan Xinyuan let out a hysterical roar, and brought a ninth celestial confidant around him, resolutely slew towards the Jingyun Alliance!

He knew that Emperor Aotian and Su Lang were in the same group.

But he didn't know that Fang Gan, the new generation of Jingyun leader, was already Su Lang's person! !

"Master Su Lang!" Fang Gan asked for instructions.

"kill!"

Su Lang smiled coldly, "Look at me giving them a surprise!"

"Yes!"

Fang Gan took the lead, and immediately took out the nine-horse high-level weapon that Su Lang took time to build for himself, and took one step:

—"Everyone of the Shocking Cloud Alliance, kill me!!"

"Kill kill kill!"

"For the page of immortality! Kill it!"

"..."

The fighting spirit is like fire, spreading wildly in the interweaving of the black space-time rifts and the white light of the universe!

A terrifying figure trampled on the fragments of the world, holding a fierce eternal emperor soldier, crashing together!

Rumble!

An eternal powerhouse surrounds the pages of Yongsheng, or fights against each other, or fights a group with one enemy and two, or one person fights a group!

The aftermath of the vast battle blasted out, like a nuclear explosion that was magnified hundreds of millions of times, appearing on the battlefield!

"Die me!"

"These pages of eternal life belong to me, no one can touch them! They will all die for me!"

"Brother, you and I join forces, kill first...Ah!! You betrayed me!"

"..."

Angry roars, desperate screams, erupted in the Jinming of weapons fighting!

### [Chapter 2960: Su Lang, you will definitely die](#)

Just in this moment!

What shocked Jing Yunzi and Xuan Xinyuan had happened!

However, I saw that a large number of powerhouses led by Emperor Aotian suddenly turned aside and killed Jing Kaiyu and others together with everyone from the Jingyun Alliance!

Unprepared.

In the blink of an eye, Jing Kaiyu and others fell more than a dozen of the Nine Eternal Realm!

"what!!!"

"What exactly is going on!"

"Damn it, why would Fang Gan cooperate with Su Lang clone Aotian Eternal Emperor? Could it be that he has already invested in Su Lang's side!"

"No, it's impossible. He is already the master of the Shocking Cloud Alliance. How could it be possible that he was thrown into Su Lang's command because of a trivial discussion!"

"..."

Jing Yunzi looked at the scene in disbelief and was shocked!

in the meantime.

Jing Yunzi discovered that Su Lang, who was in the same space fragment, looked at him with a smile on his mouth.

"Su Lang chopsticks!"

"I didn't expect you to be so capable, even Fang Gan is yours!!!"

"Unfortunately, no matter how strong you are, you are also our pawn, a \*\*\*\* that must be sacrificed!!!"

"Do you think you have multiple clones, I don't know, I know all of them! But I still said that, you will definitely die!"

"Come on, let me see how strong you are!"

A trace of anger flashed in Jing Yunzi's eyes, and he took out a long-handled thin-blade knife of the top level of Nine Universes, and suddenly killed Su Lang!

"I want to see too!"

"Jing Yunzi, do you have a hole card I don't know!"

Su Lang sneered again and again, and while waving his hands, the Youtian Sword emerged, and the powerful aura of the top level of the Nine Universes burst out!

This battle.

Su Lang did not intend to activate the Infinity, which was still in the process of self-regeneration, nor did he intend to use too many clones.

After all, the deities of Jing Yunzi and others have not appeared yet, how can they expose all their cards!  
but.

Even if Su Lang only showed the aura of the top level of the Nine Universes, even the Youtian Sword had been covered up.

But Jing Yunzi was still shocked!

"The eternal emperor soldier at the top level of the Nine Universes!"

"Su Lang, I didn't expect you to be more extraordinary than I thought, and you can cast the top-level weapons of the Nine Universes!!"

"Hmph, so what, today I let your masters and servants annihilate together!"

"..."

When Jing Yunzi was shocked, he gave a cold snort and slammed Su Lang with the long-handled thin-blade Emperor Soldier!

The power he didn't know where it came from was actually promoted from the advanced level of the Nine Universes to the top level!

Rumble!

This avatar of Su Lang and Jing Yunzi are very paired together!

Cang Dang!

Click!

There are countless cracks in the space and time of the universe, countless white lights blooming, making this battlefield like sparkling water!

But then.

The second shock wave erupted fiercely, setting off an extremely terrifying space-time tsunami, and the entire space debris was directly wiped out!

Su Lang and Jing Yunzi appeared directly in the Universe White Realm!

The mighty power of the white world is like eroding and obliterating all matter.

But this is only the surface layer of the White World, and for the top level powerhouses of the Nine Universes, it is within the range that can be tolerated.

"Come again!!"

Jing Yunzi looked terrifying, and slayed Su Lang fiercely!

at the same time.

"Die!!"

Xuan Xinyuan took out a long spear, dragged Zhangliu's eternal emperor spear with his short body, and slammed Fang Gan with great fighting spirit!

But just as he was approaching.

The tip of the spear turned fiercely, and he fiercely killed Su Lang's clone Aotian Zhouyi next to him!

"I have been waiting for you for a long time!"

Su Lang avatar Aotian Zhouyi smiled coldly, holding a burst of broken sword light in his right hand, and turning around was a sword!

Clang!

The sound of Jintiejiaoming broke out!

The terrible aftermath of the battle swept around.

Boom!

Another piece of the universe annihilated.

Even the white and boundless light of Huanyu White Realm produced a distorted light and shadow for it!

Nearly, no matter it was Su Lang's people or the people who were hanging in the distance, all of them swayed and turned pale, instantly abandoning their opponents and retreating to the distance before continuing to fight!

Just then.

In a broken universe not far away.

Wow!

In the messy time and space ripples, a young eternal powerhouse of Nine Universes emerged, it was Mo Yazhi.

Immediately behind was a terrifying powerhouse with a powerful and decadent aura radiating from his body.
