### [Chapter 2961: The fall of a large number of eternal strong](#)

"Hahahaha!"

"I didn't expect Su Lang to be able to fight like this, okay, the more I can fight, the more I like it!"

Mo Yazhi looked at the battlefield ahead and laughed wildly, looking at Su Lang's avatar as the Blue Star Zhou Emperor coldly.

"Humph!"

"In the past few years, there have been some strong people in the endless universe!"

"That Su Lang, the leader of the Xuanyu Alliance, and Jing Yunzi are all good opponents. The old man has been silent for countless years, and it's really tickle!"

A squat body with a slight distortion, the top powerhouse of the Nine Universes who had apparently tried the Page of Immortality hummed coldly.

"It's not yet time for us to take action."

"There are not enough pages of eternal life, let them fight for a while and collect the pages of eternal life together so that we can take them all at once!"

A skinny, long-faced, gray-haired old man sneered.

"Soon!"

"According to the description of ancient books, the frequency of the page of eternal life will soon skyrocket!"

Mo Yazhi smiled, and casually said his fabricated lie.

Actually.

The extra pages of eternal life were prepared by the three of them in advance!

The next moment!

Sure enough, an old monster of Zun Zunzhen saw that in the battlefield intertwined with the white light of the universe and the fragments of the universe, suddenly more pages of immortality appeared!

These ones.

It's just a part of a large number of pages of immortality prepared by Jing Yunzi, Xuan Xinyuan, and Mo Yazhi.

"More pages of immortality have appeared!"

An old man with black air all over his body laughed wildly, "Hahaha, look, they are fighting more and more fiercely!"

The others also showed greed and excitement.

But they all suppressed the impulse in their hearts and didn't make a move for the time being.

They have to wait for the Xuanyu Alliance and the Shocking Cloud Alliance to break the blood, and when the pages of immortality are almost collected, they also need to see the movements of the three ancient forces such as the Ming Secret Universe.

"Warriors of the Holy Demon Sect."

"You guys, how long can you bear it?"

Mo Yazhi looked at a shattered high-level universe in the distance, where the holy demon universe was currently located.

at the same time.

In the battlefield of Jingyun Alliance and Xuanyu Alliance.

As more pages of immortality appeared, the battle became more intense, and there were even more than one teammate backstab incidents!

In an instant, a large number of eternal powers fell!

However, it was not Su Lang's direct subordinates who fell.

They are all people who are far-sighted and Fang Gan's group of people who don't stand firm.

In the battlefield.

The most intense is nothing more than the battle between the clone controlled by Su Lang and Jing Yunzi!

The avatar Aotian Eternal Emperor is also facing Xuan Xinyuan, and the two sides have a good relationship with each other!

Originally, both Xuan Xinyuan and Jing Yunzi were just senior powerhouses of the Nine Universes.

But at this time they may have received the power infused by the deity, and they have become the top level powerhouses of the Nine Universes!

Su Lang currently chooses to hide the clumsy, and with the power of the Nine Universe Eternal Realm, he is temporarily unable to win it.

But Su Lang didn't even have the idea of ending the battle. The situation between the Zangzhen Sect and the three ancient forces is still unclear.

The other side.

"Hurry up!!"

"Stop the expansion of the Universe White World!"

"All potential elders of the universe, act now!!"

"Hua Zhou Zhu! Hongmeng Hua Zhou Zhu! Quick!"

"..."

A messy void, a riddled with holes in the Ming Secret Universe is constantly being torn apart by the Universe White Realm!

But the powerhouses of the Ming Secret Cosmos have no longer been able to take care of the Ming Secret Cosmos.

Because the Universe White Realm has long since expanded to farther places, it is crazily eroding countless natural universes in the endless universe!

Therefore, their goal is to prevent the marginal expansion of the Universe White World.

at this time.

The Ming Secret Universe has a total of sixteen potential elders in charge of the universe, including Su Lang, surrounded by the Hongmenghua Zhouzhu with anxious expressions.

"Everyone, listen to me!"

"Not long ago, I placed a large number of teleportation anchors around the edge of the Lingxu Fragmented Domain!"

Su Lang looked serious and said, "Everyone stand here, I will take you over!"

"Great!!"

Wu Qianfei eagerly said, "Elder Su Lang, hurry up!"

"Hurry up!"

Li Zhongling also had a quick tone, constantly urging.

The other elders did not have that good relationship with Su Lang, but they also chose to believe in Su Lang.

They came around one after another, looking at Su Lang fixedly with a pair of eyes.

"go!!"

Su Lang used the power of time and space to hold the crowd, and immediately activated the clone replacement function!

Suddenly!

He brought the fifteen powerful masters of the Ming Secret Universe to the edge of the expansion of the Universe White World!

The natural universe here is like a desert in a monstrous flood, being quickly eroded and submerged.

[Chapter 2962: Activate Hongmeng Chaos Zhouzhu](#)

"Hongmenghua Zhouzhu, disease!!"

As soon as Su Lang, Wu Qianfei, and Li Zhongling and others appeared, they had no time to check the surrounding environment in detail and start immediately!

A top powerhouse of the Nine Universes went all out to instill their time and space power into the Hongmengized Universe Bead.

"Buzzing!!"

The cosmic cosmic pearl burst forth fiercely as an invisible and colorless wave, which gave people a sense of endless color, which filled countless natural universes!

The cosmic domains that are constantly being broken, the speed of annihilation drops suddenly!

The fierce expansion momentum of the Universe White World was immediately curbed!

just.

The sixteen people like Su Lang also looked gloomy and very solemn, because the consumption of maintaining the Hongmeng Zhouzhu was really amazing!

"Everyone!"

An ancestor said pessimistically, "If this goes on, it will be a drop in the bucket! What to do!"

"Hold it up first!"

Li Zhongling gritted his teeth and said, "Jielong Zhouyu and Saint Demon Cult will definitely use Huazhou Zhu!"

"You fellows."

"I have some medicinal pills here, everyone will get a point!"

While talking, Su Lang took out a large amount of pills and distributed them to Wu Qianfei and others.

These elixirs came out.

Everyone was shocked!

Because all the medicines that Su Lang took out were the top medicines in the Nine Eternal Realm!

Even if they have been in charge of the Ming Secret Universe for so many billions of years, they have never owned a few!

"Elder Su Lang! You have such alchemy methods, why didn't you say it earlier!"

"Hahaha, with these medicinal pills, we will be able to relax a lot!"

"As long as the Dragon Dragon Universe and the Saint Demon Cult do not lose the chain, it should be able to preserve a part of the endless Universe."

"This time, I really thank Elder Su Lang!"

"..."

The crowd thanked Su Lang with excitement, and immediately continued to work together to urge Hongmeng Hua Zhouzhu.

The other side.

The reaction of the Dragon Territory is similar to that of the Ming Secret Territory.

A strong man who has survived countless years, together in charge of the chaotic Zhouzhu, went to the edge of the expansion of the universe to suppress it.

Because the Dragon Territory is closer to the edge, a large number of time and space shuttle channels arranged in advance have been preserved.

Therefore, there is no need for Su Lang's Canglan clone.

quickly.

Su Lang's clone Canglan Zhouyi, together with the ancestors of Jielong Zhouyu, urged the Chaos Transformation Zhouzhu and began to suppress the Universe White World.

After the Chaosized Eternal Pearl of the Dragon Territory took effect, it seemed to have some connection with the Hongmengized Eternal Pearl of the Ming Secret Universe.

Echoing from afar.

The two great Hua Zhouzhu unexpectedly exerted a stronger suppressive force, slowing down the expansion of the Universe White Realm again!

The other side.

The Sacred Demon Cult is the same as the Jielong Universe, not far from the edge of the Universe White Realm.

But the whole force is divided.

Most of them want to participate in the war and grab the page of eternal life!

If it weren't for Yuan Meng and others who threatened their lives and strictly stopped them, the entire Holy Demon Sect might have fallen apart!

at this time.

Constantly shaking, numerous time and space rifts appeared, and even the Saint Demon Star was about to collapse in the Saint Demon universe.

All the people of Saint Demon Sect are serious, and they are faintly divided into two factions.

Among them, the radicals want to leave and participate in the war, but the conservatives are not allowed, otherwise they will go directly to the fight!

"Everyone of the Holy Demon Sect!"

"This big battle has been used by the mysterious strong man, and we are all pawns in his eyes!"

"And the person who the mysterious powerhouse planted in the Saint Demon Cult is really a master of the world!!"

"..."

Su Lang's avatar, Emperor Shu Lin Zhou, stepped forward and finally revealed the conspiracy of Jing Yunzi and others to the public!

"what!"

"All this is a game!?"

"Jing Yunzi, Xuan Xinyuan, Mo Yazhi, and Master Yu Jing are all in the same group!?"

"Impossible, it is absolutely impossible, Emperor Shu Lin Zhou, you are talking nonsense!"

"That is, how could the three new forces come from one person!?"

"..."

The holy demons did not believe it, not to mention the radicals, even the conservatives are unbelievable!

Because the overall situation is to be laid out silently, how powerful the people behind it will be! ?

[Chapter 2963: Su Lang, don't think you can win](#)

"Emperor Shu Lin Zhou!"

"Don't talk nonsense there!"

"Don't even want to slander my master!"

"If you want to talk about conspiracy, you have conspiracy!"

"Sacred Demon Sect, Shocking Cloud Alliance, Xuanyu Alliance, and Cangzhen Sect all have your people!"

"The so-called Emperor Shu Lin, Emperor Aotian, Emperor Blue Star, and Emperor Canglan, who broke through the dragon soon afterwards, are all your clones. I'm right, Su Lang!! "

"Yes, Su Lang, Su Lang, who has risen to fame, secretly deployed the three ancient powers and worked hard for you. What are you doing!"

Master Yu Jing sneered and looked at Xian Su Lang, directly exploding Su Lang's secret layout!

This statement came out.

The entire Saint Demon Cult is thunderous!

what?

The top level powerhouses of the Nine Universes that the major forces have broken through one after another are all clones of Su Lang! ?

This is too incredible!

"Humph!"

"Master Yujing, do you think we will believe this kind of nonsense?"

Before Su Lang's clone "Shu Lin Zhou Di" could speak, Emperor Yuan Meng Zhou sneered and said again and again.

"Not bad."

"This statement is ridiculous."

"What kind of powerhouse can have so many top-level clones of the Nine Universes?"

Another ancestor of the Holy Demon Sect shook his head and said, "Anyway, I can't believe it!"

"Yes."

"It's just talking nonsense and talking nonsense!"

Another ancestor of the Holy Demon Sect said, "However, what Emperor Shu Lin Zhou said doesn't sound like it is true."

"Elder Shu Lin, the three of Yujing."

The oldest ancestor with the qualifications of the Holy Demon Sect opened his mouth and said, "Everyone does not agree with each other, but don't say something alarmist."

Obviously.

No one in the Sage Demon Cult wants to believe the words of Emperor Su Lang as Emperor Shu Lin Zhou or the words of Master Yu Jing.

"Everyone."

"You can't believe what I said."

"But the endless universe, we must try to preserve it first."

"After all, the Shocking Cloud Alliance and the Xuanyu Alliance are still fighting, and the Cangzhen Gate hasn't even appeared."

"Even if our Holy Demon Cult wants to enter, it is too early!"

Su Lang's avatar, Emperor Shu Lin Zhou, looked around the crowd and said very pertinently.

"This statement makes sense."

Emperor Yuan Meng Zhou immediately agreed, "Let's first cooperate with the Ming Secret Universe and the Dragon Dragon Universe, and try to preserve the Endless Universe!"

"Yes."

"I second this matter!"

"It's not too late, let's act quickly!"

"Ming Secret Universe and Jielong Universe have already started, so we are left!"

"Let's go, now is not the time for me to wait for the end!"

"..."

Everyone, look at me and I look at you. They all think that Su Lang's clone, Emperor Lin Zhou, makes sense.

Soon.

In the joyful expressions of Yuan Meng and others.

A large number of powerful people in the entire Holy Demon Cult set off and began to head to the edge of the white world.

"Su Lang!!!"

"Don't think you can win."

Master Yu Jing sneered again and again, "In our eyes, even if you have multiple top-level clones of the Nine Universes, they are still ants!"

Immediately, with a group of confidants, mixed into the crowd and left.

Su Lang's avatar, Emperor Shu Lin Zhou, curled his lips with disdain, followed Yuan Meng and the others, and began to act.

In a flash.

The holy demons came to the edge of the expansion of the Universe White Realm, and they stood in a three-legged position with the Ming Secret Universe and the Dragon Dragon Universe.

"let's start!"

A radical ancestor urged impatiently.

"Humph!"

"Compared to the chance of detachment, the chance of preserving the endless universe seems to be greater!"

Yuan Meng snorted coldly, and together with the other three people took out the Zhouzhu Huan Mang Hua.

Soon.

Hhoo!

The Mang of the Universe Pearl flew high into the sky, and the power of a top powerhouse of the Nine Universes followed and poured into it.

It is worth mentioning that.

In addition to Su Lang's avatar Shu Lin Zhou, Master Yu Jing turned out to be a member of Hua Zhou Zhu.

"Buzzing!"

Suddenly, Wan Mang Hua Zhou Zhu produced a huge buzzing sound, and wave after wave spread.

Suddenly.

The feeling of echoing each other in the distance of the three big Zhouzhu became stronger and stronger!

The expansion speed of the Universe White Realm has also slowed down again!

See here.

Emperor Yuan Meng Zhou and others were overjoyed.

But Su Lang frowned slightly.

Because the expansion of the Universe White World has not been completely contained.

Not to mention compressing the universe and white world, and restoring the endless universe.

[Chapter 2964: Cangzhenmen everyone shot](#)

There is the most critical point.

The battle in the battlefield of Lingxu Broken Domain had not reached the most terrifying level.

Once the Zangzhenmen are off the battlefield, the intensity of the battle will increase sharply, and the Universe White Realm will also be promoted to accelerate its expansion!

If this continues, the Universe White Realm will still destroy the endless universe.

"The three great Zhouzhus are too far apart."

Su Lang's avatar, Emperor Shu Lin Zhou, sighed slightly, "The only way to gather the three great Zhouzhu Zhus."

at the same time.

In the battlefield of Ling Xu Fragmented Domain.

The two avatars of Su Lang used part of their combat power to fight Jing Yunzi and Xuan Xinyuan inextricably.

And Fang Qian, Le Zhengnan and others led the army, killing the eternal army led by Kaiyu madly!

at this time.

Except for the avatar of Su Lang, Jing Yunzi, and Xuan Xinyuan, all the others have gone all out!

Under Kaiyu's command, a powerful person also released the eternal subordinates that he had nurtured in his body!

Even if the level of these eternal warriors is low, they are almost cannon fodder in this battlefield.

But cannon fodder also has the effect of cannon fodder.

If you can win a chance for the stronger, maybe you can win a battle!

just.

Jing Kaiyu's subordinates are few, and it's more than the eternal army of Bu Shangqian and Su Lang's clone Aotian Eternal Emperor.

Those cannon fodder hardly played any role, and fell miserably.

Jing Kaiyu has a hole card given by Xuan Xinyuan, and can barely resist Fang Gan's attack.

But at this time, he was also poor and almost died of exhaustion!

Rumble!

In a battlefield where a large number of cosmic debris was scattered, Su Lang clone holding the Youtian Sword, and Jing Yunzi once again blasted!

The two separated immediately, and the surrounding cosmic fragments were annihilated like clouds being torn apart by a violent wind!

"Tsk tsk!"

"Jing Yunzi, your manpower entering the arena is about to die, don't you let the people from the Tibetan realm do it!?"

Su Lang leaned over the avatar and sneered at the slightly embarrassed Jing Yunzi.

"Humph!!"

"What if the weak are dead?"

"Their value has been played out!"

"As for Zangzhen Sect, when it's time to make a move, they will naturally make a move!"

Jing Yunzi also sneered, "When the time comes, it will be when you fall!"

"Ha ha!"

"Really confident!"

The corner of Su Lang's mouth twitched, holding the Youtian Sword and killing him again!

"kill!"

Jing Yunzi held a long-handled thin blade, gritted his teeth and rushed towards Su Lang!

at the same time.

On the edge of the battlefield.

Su Lang's avatar, Blue Star Zhou Emperor, has been faintly surrounded by Mo Yazhi and his henchmen! Since Master Yu Jing revealed the true identity of Su Lang clone, Blue Star clone has fallen into this situation.

just.

This is not a dangerous situation.

"The people of the Holy Demon Cult chose to maintain the endless universe."

"But this is only temporary. They will join the battle soon. You should know this very well, Daoist Su Lang!"

Mo Yazhi looked at the avatar of Su Lang who was aliased to Emperor Blue Star Zhou, and broke his real name.

"what!?"

"Friend Su Lang?"

"Isn't Su Lang a member of the Shocking Cloud Alliance? How could Emperor Blue Star Zhou be Su Lang?!"

"Could it be that Emperor Blue Star Zhou and Su Lang are actually the same person, or the relationship between the clone and the deity!?"

"..."

A group of strong men who didn't know the truth in the Cangzhen Sect looked at Su Lang's clone in disbelief, and couldn't believe their ears.

"Humph."

"Sacred Demon Sects are mostly mobs of unsettled minds. It is useless to ask them."

The deity of Su Lang descended on the clone and looked at Mo Yazhi calmly.

"They are indeed a mob."

"However, the value of the mob must also be brought into play!"

"Since the people of the Holy Demon Sect will not act for the time being, let me hide the truth!"

"Su Lang, today I will kill all of your clones one by one, and then unearth your deity to brutally kill, ahahaha, let me take my life!"

Mo Yazhi sneered for a while, and immediately slammed Su Lang's clone Blue Star Zhou Emperor with a stern face!

"kill!!!"

"Since the sect master has already done it, let me do it later!"

"Hahaha, the Xuanyu Alliance has been almost killed by the Jingyun Alliance, and now is when I am waiting for the shot!"

"The old man is going to seize the opportunity of detachment today!"

"..."

In the Cangzhen gate, a great power who has lived for countless years has shot one after another!

But their target was not Su Lang's clone, Blue Star Zhou, but everyone in the center of the battlefield!

[Chapter 2965: Killing sacrifice flag!](#)

Rumble!

Streams of light drew shadows in the vast white world, and instantly entered the battlefield!

As a strong man who is not inferior to the old monsters of the three ancient forces.

Their arrival is like a predator appearing in the flock!

Frightened Cloud Alliance, under Fang Qian's command, a large number of eternal warriors' faces changed drastically, terrifying me!

"Give up the page of eternal life! Give me back!!"

Fang Gan temporarily set aside Jing Kaiyu, who was already unable to fight back, and when he gave the order, he threw out some of the formations given by Su Lang.

These formations are not used to resist attacks.

Rather, it has a super-powerful attracting force that can draw people with special connections back to them.

"The leader has an order, rewind!"

"Brother Chen, retreat quickly, don't forget the page of eternal life!"

"Quick, quick, they are so strong! It's too late!"

"Ah! Help!!"

"..."

Under Fang Qian's command, a large number of warriors chose to retreat for the first time.

But there are also a few warriors who are reluctant to get the page of immortality.

As a result, he was killed directly by the strongman of Hidden Realm with his hands!

"how is it!!"

"Su Lang, what should you do next!!"

"Let the rest of your clones also participate in the war! Hahaha!"

Jing Yunzi, Xuan Xinyuan, and Mo Yazi sneered in unison, and the three voices overlapped, so weird!

"Ah!"

"If you are at this level, then you are not qualified to let me recruit more clones!"

The avatars of Su Lang also sneered in unison, and immediately released more combat power!

boom! !

The breath of nuclear explosion erupted from Aotian and other three clones!

"what!"

"You even hide your strength!!"

Jing Yunzi and others were shocked, and at the same time felt the pressure skyrocketing!

Ding--!

Youtian Jian suddenly stood on Jingyunzi's long-handled thin blade, making a sharp and stern sound of gold and iron!

Jing Yunzi's weapon broke directly!

"Damn it!"

"You think you have secret skills, don't you!"

Jing Yunzi was furious, and stronger power erupted from his body again, which was even the same as Su Lang's avatar at this time!

"That's it!?"

"Hurry up to the deity! Otherwise you're done!"

Su Lang's avatar dismissed it with a single move, and the sword of Youtian Sword instantly slammed in front of Jing Yunzi's face!

"Yuemingying!!"

Jing Yunzi's pupils shrank suddenly, the secret technique exploded, and the whole person turned into countless afterimages in the white battlefield.

however.

The long sword in Su Lang's hand did not hesitate to kill one of the afterimages.

Innate characteristics-the sword must be hit!

"Hate Yublade!!"

Unexpectedly, Jing Yunzi could only reluctantly brandish the emperor's soldiers, and once again confronted Youtian Sword.

Ding! !

The long-handled thin-bladed eternal emperor soldier uttered a thin and stern hum, and the blade trembled crazily.

Rumble!

In the aftermath of the terrifying battle, Jing Yunzi flew upside down, full of horror in his eyes!

"Zhou Shan, break a sword!"

Su Lang didn't have any sluggishness in his movements. He once again slammed in front of Jing Yunzi like running clouds and flowing water, and wanted to kill him again!

suddenly!

A figure appeared silently behind Su Lang, a great power of hiding the true gate!

This person is Mo Yazi's confidant, and he is here to reinforce Jing Yunzi!

"Dare to intervene?"

"If this is the case, then let you be the soul of the flag offering me this battle!"

Su Lang smiled coldly, a smooth, transparent, almost invisible barrier appeared on his body.

This is [Severe nowhere]!

in the meantime.

Su Lang's long hair danced wildly, and every strand of hair incited a terrifying sword-breaking energy, directly killing the people who had always been!

"what!"

That Mo Yazi was so loyal and horrified, he didn't expect Su Lang to be prepared!

But he was already hard to collect arrows, riding a tiger hard to get off, so he could only wave the short thorn emperor soldiers in his hand and stab Su Lang fiercely!

puff!

The Nine Eternal Emperor's Soldiers stabbed on the severing no square barrier, only the tip of the blade slightly penetrated, and they could no longer advance!

The next moment!

Sneer!

Su Lang danced wildly with long hair, carrying countless broken swords, and violently penetrated that Mo Yazi's diehard!

The top-level defense of the Nine Universes on his body is as fragile as a piece of straw paper!

"Do not--!!!"

"Lord, save me!"

Mo Yazi's loyal warrior widened his eyes in horror, but as soon as he finished speaking, he plunged into darkness!

#### [Chapter 2966: Suture the strange surprise Yunzi](#)

"Ding! You got the Eternal Soul\*1..."

The system prompt came.

A large number of loot appeared in the storage space.

A top powerhouse of the Nine Universes has fallen into the hands of Su Lang!

Just then.

"Damn it!"

Jing Yunzi took advantage of the moment when the pressure was reduced, and once again displayed countless afterimages, and dodged dangerously while leaving behind a piece of robe!

"It's quite possible to escape!"

"I think you can escape a few times."

The corner of Su Lang's mouth twitched, holding the Youtian Sword and killing him again!

"Do you think this is my true strength!!"

"Su Lang, it's time for you to see the real power!"

Standing in the distance, Jing Yunzi sneered and threw out a large number of eternally strong bodies and a ball of gray thread!

As soon as the gray ball of thread appeared, it suddenly fluffed, and the thread twisted like a living thing!

In an instant, a large number of eternal bodies were connected together, and finally connected to Jing Yunzi!

In an instant.

Jing Yunzi became a super giant stitched humanoid monster!

He himself is located at the center of the eyebrows of the humanoid monster, becoming the core for manipulating the entire gray line giant!

boom!

The breath far exceeding the top level of the ordinary Nine Universes suddenly exploded.

The fragments of the universe in the distance were further shattered by the shock, and it was immediately submerged by the Universe White Realm!

"Ding!!"

A piercing eardrum of gold and iron clamor spread along with the shock wave of the energy wave.

However, he saw that Su Lang was already holding the Youtian Sword and slammed in front of the Gray Line Giant, blocked by the long thin blade magnified tens of thousands of times!

A terrifying backlash came.

Su Lang ejected like a cannonball, smashing a large number of cosmic debris along the way!

"Missions, take your life!"

Jing Yunzi's grasp of the fighter was also perfect, and the whole person smashed in front of Su Lang like a tarsal maggot.

"A stitched monster..."

"It's the same as my Uh Boundless number."

"Unfortunately, it's too rough, as rough as a child's creation!"

Su Lang smiled disdainfully, and with a light wave of his right hand, a more powerful force burst out.

——He released a part of his power again!

Ding Ding Ding!

The Youtian Sword drew through the marks of the sword, and fought against the Jingyunzi long-handled thin blade frantically!

The former has been intact, while the latter keeps wailing sternly!

"what!"

"You can still burst out this level of power!"

"Hmph, it's really unexpected, but how long can you hold on!"

Jing Yunzi narrowed his eyes and sneered immediately.

As we all know, the explosive secret technique not only requires a great price, but also has a time limit!  
just.

Jing Yunzi couldn't think of it.

This clone of Su Lang didn't use a secret technique at all, but just released a part of his power. The key is that he hasn't given his full strength to the limit.

The top level powerhouse of Nine Universes with a plus sign is just so awesome!

"Ha ha."

"I can hold on until you despair."

Su Lang smiled faintly, holding the Youtian Sword and bullying him up, and once again confronted the gray line giant controlled by Jing Yunzi!

at the same time.

The other two battlefields are divided into two parts.

One part is centered on the battle between the clone Aotian Eternal Emperor and Xuan Xinyuan.

Another part centered on the battle between the avatar Blue Star Zhouji and Mo Yazhi.

Fang Gan and others shrank their fronts one after another under the pressure of the old monsters of Zangzhen Sect.

A top powerhouse in Zangzhen Gate has captured a large number of pages of immortality.

But they were still not satisfied after collecting the pages of eternal life, and they directly killed Xiang Fang Gan and the others!

"Withdraw! Continue withdrawing!"

Fang Gan led most of the members of the Shocking Cloud Alliance, as well as the three nine-time high-level warriors who had been subdued by Mu Yongge and Zangzhenmen, and others gathered together, temporarily retreating towards safety.

But the old monsters of Zangzhen Sect are really too strong.

Far from being something that Fang Gan, a warrior who had just stepped into the top level of the Nine Universes, could resist.

What's more, there are as many as dozens of top-level warriors in the Nine Universes!

"Leader!"

Someone asked desperately, "What should we do!"

"Humph!"

"With Master Su Lang here, we are safe and worry-free!"

Fang Gan snorted softly, full of confidence in Su Lang!

Just then!

Wow!

A large number of figures appeared behind Zangzhenmen and others, one by one with long sleeves fluttering like an immortal!

[Chapter 2967: The endless annihilation of the universe](#)

These powerhouses suddenly emerged.

Surprisingly, it is Su Lang's Baiying clone!

Even the clone with a hundred shadows, it also has the top level of combat power of the Nine Universes!  
at this time.

These avatars have used various disguise methods such as Wanxiang Wuji, turning them into powerful men with different faces and even races.

of course.

Su Lang knew that this was nothing to conceal to startle Yunzi, he just didn't want to scare away those strong people in Zangzhen Sect.

Among the three new forces.

It belongs to the Zangzhen gate that is the fattest, and also belongs to the Zangzhen gate.

"It's Su Lang's clone!"

"Although not comparable to his clones with names and surnames, they are all at the top level of the Nine Universes!"

"Damn, this Su Lang is stronger than I thought!"

"How did he hide from the deity's eyes and grow up!?"

"..."

Jing Yunzi, Xuan Xinyuan, and Mo Yazhi all looked gloomy, and their eyes were full of jealousy!

And those old monsters of the Tibetan realm are all upside down! !

"how is this possible!"

"Are these people all with that Su Lang!?"

"They listened to Su Lang's words so, they wouldn't be Su Lang's subordinates!"

"Damn, what kind of power does Su Lang represent? Why have I never heard of it!"

"Be careful, they are here!"

"..."

A group of strong Tibetans were horrified, and turned around and displayed all kinds of powerful powers, slaying the avatars of Su Lang's Hundred Shadows fiercely!

Rumble!

The aftermath of endless battles bloomed wildly.

In this white world of the white world, it is like fainting a series of densely colored and magnificent battle scenes on the white rice paper!

A well-known strong man has his own magical powers.

All kinds of powerful supernatural powers that are rare in the endless universe, and can cause huge shocks when displayed, have become ordinary goods here!

With the escalation of the battle level in the center of the battlefield.

The power of the Universe White Realm's expansion has further increased, and it has grown exponentially!

The edge of the Universe White World is like a tsunami scouring the endless universe!

A large number of natural universes are involuntarily washed, torn, and shattered like sand! !  
even.

Even the original residence of the Ming Secret Universe, the Ming Secret Universe, has been completely annihilated!

"Elders!"

"The expansion force of the Universe White Realm has become stronger!"

"Damn it, when are the people from Zangzhen Gate going to fight!"

"No way, if this trend continues, we can't keep the endless universe at all!"

"Yes, if the three big Zhouzhu Zhus are in the hands of the same person and go to the center of the Universe White Realm to urge them, there will be greater hope!"

"There is no one who can spur the three Huanzhou Beads at the same time. It must be assisted by multiple people. But now, it is impossible to raise the three Huanzhou Beads!"

"Damn, I can't wait to get to the center of the Universe White World, which is also the center of the battlefield. Once I go, I will be engulfed in battle!"

"Hold on, as long as there is a glimmer of hope, we can't give up!"

"..."

At the edge of the white world, a group of ancestors of the secret universe and Su Lang's deity urged the Hongmenghua Zhouzhu together, but each of them felt that the situation was not good, and their expressions were very ugly!

in the meantime.

The Jielong Universe is even more unbearable!

The Dragon Territory is inherently weaker than the Ming Secret Universe and the Sacred Demon Sect.  
at this time.

Even with the assistance of Su Lang Canglan Universe's clone, under the crazy expansion of the Universe White Realm, he can only retreat step by step!

As for the Saint Demon Sect, although the strength is better than the Dragon Eternal Territory, everyone's hearts are different, and the situation is not as good as the Dragon Eternal Territory!

Su Lang's avatar, Emperor Yuanmeng Zhou and others, together with a group of powerful radicals, are in charge of the Wan Mang Hua Zhou Zhu together, but they are almost overthrown by the expansion of the Universe White Realm!

"No more!"

"This expansion of the Universe White World is not something we can contain at all!"

"I already said, don't waste time, you still hold hope!"

"Everyone, the endless universe can't be kept, we can only have a chance to survive if we find a little chance of detachment!"

"..."

A group of radical powerhouses were not on this side originally. Seeing that they couldn't support it, they all spoke up!

[Chapter 2968: All members of the holy demons end](#)

"Su Lang!"

"You send people to maintain the endless universe while sending people to participate in the war. It seems that you want to preserve the endless universe and seize the page of eternal life, seeking transcendence!"

"Unfortunately, you are just being whimsical, and the endless universe can't keep it!"

"Come on, go all out, participate in the war, we will win and lose!!!"

Master Yu Jing is also in charge of Wan Mang Hua Zhou Zhu. While grinding foreign workers, he sneered at Su Lang clone.

For the words of Master Yu Jing.

Su Lang's clone did not answer, he would not admit the true identity of his clone.

at this time!

In the battlefield of Lingxu Fragmented Domain, a large number of pages of immortality appeared again!

These pages are so conspicuous in the pure white world of white world!

Not bad.

Jing Yunzi and others once again threw out a large number of pages of immortality!

of course.

Only Su Lang and them knew their plan.

In the eyes of the rest of the Sacred Demon Sect, those pages of eternal life appear naturally.

"The page of immortality has appeared again!"

"This time there are more appearances than before!"

"There are so many pages of immortality. Everyone is okay. Let's go up and fight for it!"

"If you don't go, the page of eternal life will be robbed, I don't want to watch others detached myself, but I can only fall!"

"No matter how much, now the endless universe is about to collapse, the only hope for survival is the page of eternal life, everyone, I am going!!"

"..."

In the Sacred Demon Sect, the ancestors of the radical sect took the lead in making a choice!

They directly gave up on the Zhou Zhu and disappeared from the same place, aggressively entering the battlefield of Lingxu Fragmented Realm!

"Hurry up!"

"The ancestors have all acted, let's hurry up!"

"The endless universe can't be saved. I have tried my best. I have a clear conscience. Now it's time to think about myself!"

"Everyone, let's go in and fight for the pages of eternal life together. The more pages of eternal life we get, the greater the hope of detachment!"

"..."

The members of the Sacred Demon Sect, seeing that the most powerful people in the teaching have given up resisting the Universe White Realm, they immediately made their own choices.

In an instant.

Ninety-nine percent of the entire Sacred Demon Cult gave up Wan Mang's Zhou Zhu and entered the battlefield of Lingxu Fragmented Domain!

It even includes a conservative ancestor.

Suddenly.

Only a few people, such as Su Lang Clone and Yuan Meng Zhou Emperor, remained in the same place.

The energy obtained from the enchanting Zhouzhu suddenly dropped, like a huge boulder turned into a huge bubble, and it was directly pushed out by Huanyu Baijie hundreds of distances in the natural universe!

"Su Lang!"

"Give up! Hahahaha!"

Master Yu Jing stared at Su Lang, his sneer became louder and louder and more frantic!

"Su Lang...Shu Lin, are you really Su Lang!"

"Forget it, it's useless to say these now, the endless universe can't be kept!"

"Beyond...oh, for countless years, I have also received many pages of immortality, but I still can't see hope."

"If not, let's fall with the annihilation of the endless universe!"

"..."

Yuan Meng let out a wry smile, her eyes filled with frustration and laziness.

She gave up on instilling power into Wan Manghua Zhouzhu, and danced in the torrent of power in the universal white world...

"Master Yuanmeng!"

"Don't give up!"

"If there is a page of immortality, there is hope of detachment. There are so many pages of immortality in this great battle, and there must be something that suits you!"

Master Yu Jing immediately persuaded that he did not want a master as big as Emperor Yuan Meng Zhou not to participate in the war.

"Daoist Yuanmeng."

"The endless universe is not without hope."

"Because, my strength is more than that!"

The avatar of Su Lang smiled slightly, and a breath far surpassing the top level of the Nine Universes burst out suddenly, and he released all his power! !

As soon as this breath descended, everyone present instantly stood upright!

"what!"

"You! You! Are you the deity Su Lang!?"

"I didn't expect you to be so powerful, more than a hundred times stronger than the average Nine Universe top powerhouse!"

Master Yujing's pupils shrunk like mung bean eyes, and his entire face was full of horror!

"Shu Lin!!"

"Could it be that you are really Su Lang!"

"What Master Yu Jing said is true. You have many top-level clones of the Nine Universes!?"

"..."

Emperor Yuan Meng Zhou and the others also looked at Su Lang's avatar in disbelief, each of them was shocked to numb their scalp!

The avatar of Su Lang was noncommittal, without saying a word, just staring at Master Yu Jing coldly!

[Chapter 2969: The infinite loop of the secret of the Ming dynasty](#)

"Hahaha!"

"Su Lang, since you are willing to be here, then you can stay here!"

Master Yu Jing got cold all over, bitterly sneered twice, and instantly disappeared from the spot, heading to the battlefield of Lingxu Fragmented Domain.

The avatar of Su Lang didn't chase and kill Master Yu Jing, that old thing was not so easy to kill.

The main purpose now is to confuse Zhou Zhu!

With a power far surpassing Yuan Meng and others, he directly took the dominance of Wan Mang Hua Zhou Zhu!

"Everyone, do your best!"

Yuan Meng seemed to see a glimmer of hope again, and said to the conservatives around him.

Soon.

She tried her best and began to instill strength for Wan Mang Hua Zhou Zhu!

The others looked at each other, some quietly stepped back and disappeared, some took a deep breath and began to instill strength.

But at this moment!

Rumble!

There are waves of even more terrifying expansion of the Universe White Realm coming!

Buzzing!

Wan Mang Hua Zhou Zhu was trembling crazily, but he couldn't suppress the Universe White Realm at all!

Everyone can only be 'rushed' far away as the Universe White Realm expands.

"no solution anymore!"

"We are just doing it in vain!"

An originally very loyal conservative ancestor had a distorted expression, tremblingly cut off the power transmission, and turned to kill Lingxu Fragmented Domain!

This person is gone.

The rest of the people also completely lost hope, killing them towards Ling Xu Fragmented Domain one after another.

In a blink of an eye, only Su Lang clone and Emperor Yuan Meng Zhou were in charge of Wan Mang Hua Zhou Zhu.

They are like small boats in the tsunami, seem to capsize at any time!

"It's over!"

"Endless universe, completely finished!"

Emperor Yuan Meng Zhou murmured desperately, but her body was still numb, instilling power into the Manghua Zhouzhu.

The same thing.

It also happened in the Ming Secret universe and the Dragon Dragon universe!

Originally, among the two ancient forces, there were also people who were not optimistic about the preservation of the endless universe, but the number was relatively rare.

at this time.

After many expansions of the Universe White World, the momentum is getting stronger and stronger, and there are more and more such people!

Especially after the Holy Demon Sect almost all gave up, and the repressive power of Wan Mang Hua Zhou Zhu dropped.

Chaos Hua Zhou Zhu and Hongmeng Hua Zhou Zhu have lost the support of Wan Man Hua Zhou Zhu, and their suppression power is also greatly reduced!

It can be said.

Without the power to transform the cosmic pearl, the two great cosmic pearls, Hongmeng and Chaos, can't suppress the universal white world at all!

then.

An eternal powerhouse of the Nine Universes reluctantly gave up, and then resolutely rushed into the Lingxu Fragmented Realm!

Among them, there are also some of the ancestors of the Secret Universe and the hidden universe, and the rulers of the Dragon Universe have announced their abandonment!

Suddenly.

Under the expansion of the universe and the white world, the people of the Ming Secret Universe and the Dragon Dragon Universe are in extremely bad conditions, just like a drop in the bucket!

The worse the situation, the more people will leave!

This makes the situation even worse and plunges directly into an endless loop!

"Friend Su Lang!"

"We can't hold it anymore!"

"Unexpectedly, my Ming Secret Universe has suppressed the Universe White Realm for so many years, but finally failed!"

"Let's go, let's also go to Lingxu Fragmented Domain, participate in the final battle, and seek opportunities for detachment!"

Wu Qianfei looked ugly, sighed, and said to Su Lang.

"No."

Su Lang shook his head, "I intend to continue to instill strength in the Hongmenghua Zhouzhu!"

"Don't worry about the Hongmeng Transformation Zhouzhu!"

"This thing can only be used to suppress the Universe White Realm, at this time it is useless, it is simply a piece of waste!"

"What's more, the endless universe is about to be destroyed, no matter how good the baby is, what use is it!"

"I'll take a step first, you guys quickly follow up!"

"..."

Li Zhongling sighed, and immediately gave up instilling strength, turned and killed Lingxu Fragmented Domain.

Li Zhongling is one of the ancestors of the Ming Secret universe.

His departure immediately caused an avalanche again, and a large number of strong men looked helplessly rushing to the Lingxu Fragmented Domain.

"Friend Su Lang."

"Let's go, it's too late if you don't leave, there won't be much for you in the page of immortality by then!"

"I'm leaving first too, hurry up!"

It's nothing more than looking at the more and more scarce people, watching the endless universe that is retreating faster and faster, shaking his head and turning to leave.

He took away all the remaining people directly.

The other side.

The same is true of the Dragon Territory.

The eternal warriors who can't see hope turn around and enter the Lingxu Fragmented Domain one after another!

No one cares about Chaozhu Zhouzhu.

Even if it was originally the treasure of Zhenzong.

#### [Chapter 2970: The six forces fighting](#)

"The three great Zhou Zhus are here!"

"Unexpectedly, it would be in this way...almost unexpectedly unpredictable battles."

"However, my previous arrangement has worked. They will leave Hua Zhouzhu to me who can be trusted, but they will never leave it to outsiders."

Su Lang sighed slightly, immediately activated the clone replacement, and also went to the Lingxu Broken Domain battlefield.

The replaced clone began to continuously instill power into the Magnificent Eternal Bead and Chaos Eternal Bead.

Although the annihilation of the endless universe is almost doomed.

But there must be a process.

The endless universe is very big, so long as Su Lang uses the three large cosmic beads to suppress the universe white world as much as possible.

Then, the endless universe must be completely annihilated, not a day or two.

And Su Lang used his strength to prove the Dao, the plan of perfect detachment, only need a part of the endless universe to exist, to be able to absorb the energy of the universe to continue practicing.

In addition.

The reason why the system didn't immediately let the system absorb and swallow the three great cosmic beads was also because of this.

When everything is a foregone conclusion, the winner is divided.

With the end of the war, the expansion power of the Universe White World will be greatly reduced.

Although it will not stop completely.

But the endless universe can also continue to exist for a long time.

Until then.

Swallowing the three major cosmic beads, the system is completely perfect, and Su Lang is confident that he will be perfectly detached in a short time!

At last.

Because the deity of Jingyunzi has not yet appeared.

Therefore, Su Lang did not recruit more clones to suppress the Universe White Realm, he wanted to preserve his strength.

At this moment.

In the battlefield of Ling Xu Fragmented Domain.

With the three new forces entering the battlefield one after another, the six strongest forces in the endless universe finally gathered on the battlefield, and the battle became more and more fierce!

One force, one superpower who has survived countless years, unleashes incredible magical powers and frantically competes for the page of eternal life!

Those who originally had grudges and grudges, now they find the opportunity to catch each other and fight to the death and fight!

The entire Lingxu Fragmented Domain has become a chaotic battlefield!

Almost all of the Lingxu Fragmented Domains that have turned into the Universe White Realm have also faintly begun to produce some changes because of the increasingly fierce battle!

Perceive this strangeness.

Many powerhouses who have already obtained the pages of immortality are uneasy, ready to retreat, intending to try to use the pages of immortality to detach themselves before the endless universe is completely destroyed.

But their thoughts had already been speculated by Jing Yunzi and others, and they were included in the plan!

"The Universe White World is about to start to collapse!!"

"The blank page of immortality is about to appear!"

"Hahaha, all the efforts will eventually achieve perfect results today!"

"..."

Jing Yunzi fought against Su Lang while laughing wildly with excitement!

"The blank page of immortality is mine!"

Mo Yazi also shouted ferociously, "Whoever dares to \*\*\*\* me will be dead!"

"Blank eternal life page!"

Xuan Xinyuan also shouted loudly, "Once you get it, you are destined to be detached. I must get it!"

"The old man has studied for countless years before knowing that the collapse of the universal white world will lead to a blank page of immortality!"

Master Yujing shouted with a look of surprise, "I didn't expect you all to know!"

With the performance of four people.

Everyone knows that the blank page of immortality is related to the collapse of the Universe White World!

Just then!

Wow!

Another huge amount of pages of immortality suddenly appeared!

These pages of immortality are very large, and they are also the last inventory in the hands of Jing Yunzi and others!

"What! The blank page of immortality is about to appear!"

"If you get a blank page of immortality, you can be 100% detached!"

"The old man thinks he still has some strength. There is a blank page of immortality, and the old man must fight!"

"My strength is not enough to compete for the blank pages of immortality, but if I can get more complete pages of immortality, I also have the hope of achieving detachment!"

"..."

An eternal strong man was stimulated by the news of the blank pages of eternal life and the large number of new complete pages of eternity, and he immediately dispelled his stance and continued to draw horror from the fire.

In an instant.

The severity of the war did not decrease but increased!

Those eternal warriors who are determined to stand are also trapped in the war, unable to escape at all.

They carry many pages of immortality, they are perfect prey!
