[Chapter 2971: The battle begins, the hole cards are now](#)

"Humph!"

"Birds die for food, don't believe you don't stay!"

Master Yu Jing saw this scene with a sneer on his face!

Their purpose.

It is to let the people on the battlefield continue to fight until the blank page of immortality appears!

"Su Lang!"

"It's time for you to see my true strength!"

Manipulating the grey thread to sew the giant Jing Yunzi with one move to force Su Lang back, revealing a condescending sneer.

"whispering sound!"

Su Lang dismissed it with a smile, "If there is anything good to see, your deity will not come, just like that!"

at this time.

He has silently changed to the deity fighting, and has gone to take charge of the Hongmeng Hua Zhouzhu as a clone.

"Humph!"

"Su Lang, if your deity does not come, this clone is really going to be destroyed!"

Jing Yunzi coldly hummed, he did not use the Eye of Tongyin at this time, and he didn't know that Su Lang's deity had replaced the clone.

"Too lazy to tell you more."

Su Lang's mouth twitched, holding the Youtian Sword, and rushing up again!

"Good job!"

"To be honest, you are such a strong opponent, I really don't want to kill it!"

Jing Yunzi smiled grimly, and suddenly a horrible suction burst out of her body, and the gray thread stitched giant was instantly absorbed by it!

Accompanied by the terrifying aura, he waved his weapon and instantly blocked Su Lang's Youtian Sword!

boom--! !

In the aftermath of the battle that made the world's white light distorted, Su Lang trembled all over, and flew out suddenly!

"Su Lang is going to lose!!!"

"Jing Yunzi is so terrifying, who is he!"

"This kind of combat power has already touched the realm of detachment!"

"..."

Many warriors who secretly followed the battle between Su Lang and Jingyunzi saw this scene, and they all felt that Su Lang was unable to return to heaven and was about to fall!

Fang Gan and other loyal confidants, even if they knew that Su Lang was very strong, couldn't help but feel tight!

at this time.

"Swallow the clone!"

With a thought, Su Lang swallowed five clones!

In an instant.

The terrifying aura burst out from him!

"what!"

"You can still break out! How is this possible!?"

Just as Jing Yunzi was about to kill Su Lang, he was immediately shocked, and his figure stopped in place!

Because the aura on Su Lang's body is a bit stronger than him!

in the meantime.

Those powerhouses who are secretly paying attention to this side are also taking a cold breath!

"Su Lang can actually burst out such combat power!"

"I believe in the words of Master Yu Jing. Emperor Shu Lin Zhou may really be Su Lang's clone!"

An ancestor of the Holy Demon Sect looked shocked, and his heart was full of shock.

He felt that in front of Su Lang at this time, he couldn't handle a few tricks!

just.

No one knew, Su Lang didn't even use one-tenth of his ultimate strength at this time.

Soon.

In the shock of everyone.

"Zhou Shan--!"

Su Lang holding the Youtian Sword suddenly slammed in front of Jing Yunzi!

Ding! !

Jing Yunzi raised the eternal emperor soldier in his hand, gritted his teeth to block the Youtian Sword, and retreated madly!

The aftermath of a torrent of battle swept all around, distorting the surrounding white light.

The anomaly in this world of white world has also become more obvious.

"Smuggle!"

"Do you think you can kill me!"

"You are just a chess piece. If you don't give a hundred breaths, the universe and white world will collapse, and then it will be your death date!"

Jing Yunzi felt that even his soul was about to be beaten out, and suddenly became a little bit angry.

Su Lang smiled without saying a word, brandishing the Youtian Sword and cutting it down continuously! at the same time.

"Last Soul!"

Xuan Xinyuan, who was confronted with Su Lang's clone Aotian Eternal Emperor, waved out a purple-black strange book.

The book is automatically turned without wind, and the pages are constantly turned, and countless human figures flew out of it and merged into Xuanxinyuan's body!

A strange wave of heart palpitations suddenly spread!

Immediately afterwards.

Su Lang's clone Aotian Eternal Emperor felt a crisis coming to his body.

Just like the spiritual avenue of the entire body in the countless crystal wall universe, even the soul integrated into it will be disintegrated and annihilated!

"Soul Attack!"

"Even my soul feels threatened!"

Su Lang sensed the sense of crisis from the clone, and immediately passed the eight-sided shield over the sky!

[Chapter 2972: Master Yujing shot](#)

Suddenly.

An invisible mask appeared on the body of the clone Aotian Eternal Emperor, successfully blocking the soul attack from Xuan Xinyuan.

"This, this is impossible!"

"How could the dead soul's record given by the deity be blocked!"

"It stands to reason that as long as it is a soul in the world of nirvana, it will be severely damaged!"

Xuan Xinyuan was so frightened, even a hint of fear arose!

"Hahaha!"

Su Lang laughed wildly, "You are indeed very powerful, but unfortunately, you met me!"

"Humph!"

"Do you think I'm just a little tricky!"

With a cold snort, Xuan Xinyuan swallowed the purple-black book directly into his belly.

The skin of his whole person suddenly turned purple and black, and it was covered with weird runes!

This is no longer a means of soul, but a means of blessing, which greatly increases Xuanxin's far-reaching combat power to the level of shocking Yunzi!

"There is this trick?"

"It's worthy of the trick behind the scenes."

Su Lang's avatar squinted his eyes, and his right hand encircled the five paths and broke the sword energy, attacking fiercely!

"Dare to go?"

"A mere avatar, come to die!"

Xuan Xinyuan's anger rose, holding the Nine Eternal Emperor Soldiers, and directly killed them!

"Xing Cuan Yun He!"

Under the order of Su Lang's deity, the clone Aotian's direct combat power surged, and the terrifying aura suppressed his heart and danced wildly, his clothes fluttered!

"Damn it!"

"This is the second such powerful clone. Isn't Su Lang's deity at the same level as mine!"

Xuan Xinyuan was shocked in his heart, fiercely fighting against Su Lang's clone!

The other side.

"Mo Yazi!"

"Don't hide and tuck it, use whatever means you can!"

The corner of Su Lang's avatar, Blue Star Universe, was ticked, and Su Lang was also fused with the rest of the avatars with the function of collecting stars and clouds, and his combat power soared!

"Humph!"

"You want to die, I am as you wish!"

Mo Yazhi sneered sneerly, took out a bead and stuffed it directly into his mouth, the next moment his combat power skyrocketed.

Immediately afterwards.

The two banged together, and all the surrounding matter was annihilated.

A few warriors who were not far apart were affected and were directly seriously injured!

Suddenly.

A large number of strong men ignored the fight for the page of immortality and immediately moved to the battlefield.

At this moment.

With this eternal strong chaos, the battle became more and more fierce.

The abnormal state of this ever-expanding Universe White Realm has become more and more obvious!

See here.

Jing Yunzi was overjoyed after playing very hard.

"Almost soon!"

"Su Lang, your death date is coming soon!"

He squeezed the long-handled weapon in his hand, and frantically attacked Su Lang with red eyes like a chicken blood!

Su Lang's expression did not change, and he swung the Youtian Sword to see what he had done.

He knew that the purpose of Jing Yunzi and others was to make this universe of white world collapse.

He is also waiting!

Time flies quickly.

Within a hundred breaths.

Su Lang and the clone fought tens of millions of times against Jing Yunzi and others!

The abnormality of the Universe White Realm is already obvious to the naked eye!

Centered on the battlefield of the major powerhouses, round and twisted ripples continue to emerge.

The center of the circular distorted wave, where the great powers are located, is a bleak color that has never appeared in the white world of the universe.

It was like dense raindrops hitting the dye vat filled with white paint.

When the rain made ripples, it also diluted the white dye in the center of the ripples.

"not good!"

"This change in the universal white world is too permeating! I can't stay here any longer!!"

"..."

The face of a top powerhouse of the Nine Universes changed drastically. He had obtained enough pages of immortality and planned to abandon his opponent and escape!

And his opponent has the same mind.

The two looked at each other and withdrew directly in both directions tacitly.

More and more people are making the same choice as them.

Almost all the remaining eternal warriors felt bad and began to flee.

But at this moment!

"Jie Jie!"

"When I don't exist?"

Master Yu Jing looked around and sneered again and again.

The next moment.

His torso suddenly split, and a large number of incomplete eternal bodies turned into rag-like figures, directly appearing in front of a large number of escaped warriors.

[Chapter 2973: Blank page of immortality](#)

These figures all possess super powerful combat power at the level of the Nine Universes.

Powerful, even comparable to the ancestor-level existence of major forces.

But they can't exist for long, not even ten breaths.

Therefore, up to this time, the shanghai yujing talents used this trick.

now.

A large number of rag silhouettes of the Nine Universe level rushed to the side of the fleeing warriors, and stopped them directly!

"Go away!!"

An ancestor of the Dragon-cutting universe roared and brandished a weapon, but was blocked by that rag figure!

Even these top powerhouses are like this.

Those weaker warriors naturally lost hope of fleeing.

Many people desperately attacked the rag silhouette, hoping to kill them as soon as possible so that they can escape.

But this also happened to be in the arms of Master Yu Jing!

The collapse of the Universe White World was just two times short.

The more desperate these people flee, the faster the Universe White Realm will collapse!

After about five breaths of time.

The mutation of the Universe White World finally reached its limit and directly broke through the critical point!

There is no rumbling sound.

Silently, the white light of the entire battlefield diluted countless times.

A smear of gray and black seemed to faint on the white paper, covering more and more areas!

In the center, the color is getting darker!

this moment.

Everyone stopped!

"Hahaha!"

"The white world of the universe has collapsed, and the blank page of immortality is about to appear!"

Jing Yunzi let out an ecstatic voice and flew directly towards the place where Xuan Xinyuan and Mo Yazi were.

"Success!"

"The opportunity for detachment is here!"

Xuan Xinyuan, Mo Yazi, and the dilapidated Master Yujing also flew towards Jingyunzi.

The four people joined together in a blink of an eye.

"Have you collapsed!"

"I want to see what the blank page of immortality looks like!"

A light smile was drawn at the corner of Su Lang's mouth, and he waved his hand to recall the Blue Star clone and Aotian clone into the mysterious space.

"The blank page of immortality is about to appear!"

"The legendary treasure that can be 100% detached!"

"Even 10,000 complete pages of immortality are not as good as a blank page of immortality!"

"Dear fellow daoists, it is better to join hands with me if you have aspirations, we will fight each other, and then solve the distribution problem internally!"

"Hehe, I don't want to die, I want you to go!"

"..."

Those who were planning to flee almost all stopped in place, looking at the center of the collapse of the universal white world!

Some people consciously have no hope of detachment, and there is no doubt that they will die. When they see a blank page of eternal life about to appear, they will suddenly look crazy and have to fight to the death!

The rest of the people are self-aware, have seen the great battle between Su Lang and Jing Yunzi and others, and dare not fight at all.

Many people took this opportunity to retreat secretly to the distance.

at this time!

Silently.

A piece of pure white paper appeared in the collapsed place of the Universe White World!

"This is the blank page of eternal life!"

"Although I can't see through the information, it looks like a man-made object no matter what."

Su Lang squinted his eyes slightly, and his eyes showed a pensive color.

"Blank eternal life page!"

"Hahaha, it has appeared, my chance of detachment!"

"Three, it's time to show your true strength!"

"Hmph, I want to kill all those ants, not one left!"

"Jie Jie, me too, if it weren't for the fact that the Universe White Realm had to produce high-intensity battles at multiple locations to collapse, I would have killed them all!"

"Stop talking nonsense, everyone, fit together!"

"..."

Jing Yunzi, Xuan Xinyuan, Mo Yazhi, and Master Yu Jing showed almost hideous excitement on their faces.

Soon.

Children, teenagers, middle-aged, and old people slammed into each other and suddenly merged into one!

The face of this person was the same as Jing Yunzi, but his temperament was completely different.

He is like a terrifying existence overlooking hundreds of millions of universes, his expression is indifferent and ruthless, and he despises everything!

Its body.

An aura that made Su Lang dignified enveloped the entire battlefield!

"I'm Gan!"

"A combination of four is their deity!?"

Su Lang squinted his eyes and directly called up the opponent's attribute panel.

[Chapter 2974: Four people fit together, Mo Wujue clone](#)

[Name]: Mo Wujue (clone)

[Race]: None

[Qualification Level]: None

[Realm level]: Nine Eternal Realm

[Attack level]: Jiuzhou Eternal++++

[Defensive Level]: Jiuzhou Eternal++++

[Shenfa Level]: Jiuzhou Eternal++++

[Endurance Level]: Jiuzhou Eternal++++

[Spirit Level]: Realm of Universality++++

[Master the exercises]: "Taihong Boundless Scripture", "Hate Yu Blade" (eternal level, founding), "Yueming Ying" (eternal level, founding)...

The later exercises are all the exercises mastered by Jingyunzi, Mo Yazi and others.

"Mo Wujue?"

"Why is it just a clone!?"

"Looking noisy, is a clone so awesome?"

"The five-dimensional attributes are all four plus signs!?"

"Then his deity, does the five-dimensional attribute have an infinite symbol?"

"Or, Mo Wujue's deity is actually very weak, this clone is his strongest method!?"

"It might be like this, otherwise his deity should end at this time."

"..."

Su Lang's eyes were thinking, and a vigilance rose in his heart.

No matter what, it is a fact that the other party's deity did not come, so beware!
at the same time.

"Jing Yunzi and they even fit together!"

"Sure enough, just as Taoist Shulin said, they are in the same group! All this is their game!"

"It's over, this is almost an existence beyond the eternal level, we are completely finished!"

"Hurry up, he must go and fetch the blank page of eternal life, let's go!"

"..."

The super powers who ruled one by one were trembling all over, and their faces were ashamed!

Some people remained silent and fled directly into the distance!

"escape?"

"A needless struggle."

Mo Wujue's expression was indifferent, his eyes were ice-like, and he didn't even look at the blank page of immortality, and directly killed those who had fled!

In a flash.

He appeared behind the eight eternal powerhouses of the Nine Universes almost at the same time.

Then, he stretched out his finger and tapped lightly.

Puff.

A whole eight people were killed instantly in endless despair!

Mo Wu had no expression on his face, took the corpse away, turned and killed the others!

"It's over!"

"He actually took the lead to kill us!"

"Blank pages of immortality have appeared, and he wants to kill us, he is really crazy!"

"Everyone disperse and flee. Whether you can survive or not depends on your luck!"

"..."

Seeing that Mo Wujue killed eight people directly, the rest of the people were so scared that they were all faceless, and then fleeing like crazy!

however.

Compared with Mo Wujue, their speed is simply too slow to escape!

then.

Everyone is even more desperate.

But at this moment.

"Friends of Taoism!"

"Come on my side!"

Su Lang's voice was transmitted to the minds of a fugitive warrior through special magical powers!

"It's Su Lang!"

"Su Lang is suspected of possessing multiple top clones of the Nine Universes!"

"Perhaps, only he can fight against this combined monster of Jing Yunzi and others!"

"..."

The warriors who were terrified and desperate seemed to have caught a life-saving straw. Without thinking about it, they rushed directly to Su Lang!

at the same time.

They also discovered that Su Lang had taken out an eternal humanoid imperial soldier with a terrifying body!

Not bad.

It is the boundless number!

At this time, the Boundless has completed the formation and self-regeneration, and is closely integrated with many weapons.

Its aura is stronger than Su Lang who swallowed five clones!

and.

With the arrival of Su Lang, the breath of the Infinity skyrocketed instantly.

"What kind of weapon is that! What a formidable breath!"

"This weapon is definitely the strongest imperial soldier I have ever seen, it is beyond my imagination!"

"That's Su...Senior Su Lang's imperial soldier, Senior, as expected, he is not easy!"

"Hahaha, it's saved, Senior Su Lang can shelter us!"

"Quick, hurry up to meet Senior Su Lang!"

"..."

An eternal strong man showed ecstasy, no matter what his previous identity was, he regarded Su Lang as his senior at this time and looked up!

They changed the direction of fleeing one after another and rushed towards the Infinity.

quickly.

The first top powerhouse of the Nine Universes came to the front of the Infinity.

This person is an ancestor of Jielong Universe, named Yi Deyuan.

There was a trace of respect and pleading in his eager face.

But he didn't wait for him to speak.

A beam of light led him to the Infinity!

[Chapter 2975: Swallow the clone, the stars gather and the clouds converge](#)

in the meantime.

Some messages appeared in Yi Deyuan's mind.

He understood everything about the Infinity in an instant.

"The Boundless Number!"

"The eternal emperor soldier of the Nine Universes that can integrate the power of many powerful people!"

"Senior Su Lang is so strong, it is really impressive to be able to cast such emperor soldiers!"

"..."

Yi Deyuan showed admiration and excitement.

He could clearly feel the existence of the others in the Infinity.

You can also feel the terrifying power gathered by Infinity.

That's a power he couldn't even dream of!

At this time, in the Wuyin, Su Lang's old department, as well as the strong Fang Qian and Le Zhengnan were stationed.

Infinity's combat power has also reached the level of three pluses at the top level!

At this time.

Another powerful figure arrived on the Infinity and was taken in!

As more and more top-level powerhouses of the Nine Universes are in response, the Wuyin has become more and more powerful!

In order to gather a powerful person faster.

Su Lang also took the initiative to control Boundless, and he went to attract a strong man who was close to him.

"This weapon..."

"Unexpectedly, in the past few years, the endless universe has really produced a Tianjiao worthy of attention."

"This breath has reached the third step of the half-step path to immortality, and it's only one step behind my clone."

"Unfortunately, the gap in this step is equivalent to the gap between the ants and the mountains!"

Mo Wujue's expression was indifferent, his gaze like Hantan looked at the boundless number that was busy before and after, without a trace of fluctuation.

He did not stop Su Lang either.

When Su Lang gathers everyone together, it will be more convenient to catch them all in one go!

The speed of the eternal warrior is very fast.

In a blink of an eye.

In the entire battlefield, all the remaining eternal warriors were taken by Su Lang to the Infinity.

The ones who have survived to the present are almost all top-level Nine Universe Eternal Martial Artists!

Their joining.

It also increased the power of Infinity.

Although the battle power of the Infinity reached four pluses, which is the fourth step of the road to immortality that Mo Wujue said, it was also very gratifying.

at this time.

"Are you all gathered."

"Then, all become the dead souls in my hands."

"Unfortunately there is no next game, otherwise it would be a good choice to make this Su Lang a chess piece."

Mo Wujue faintly watched Su Lang finish collecting everyone, and then took a step forward, reaching out and tapping on the Infinity.

boom! !

An extremely terrifying sense of crisis engulfed everyone in the Infinity in an instant!

"This person... is still better than us!!"

"It's over, this person is not something that the Eternal Realm can fight against!"

"Don't give up, let's use our desperate secret technique together, maybe we can stop it!"

"Yes, with Senior Su Lang here, we won't lose!"

"..."

The strong man in The Boundless has a gray look, but many people show determination and perseverance!

in the meantime.

"Swallow the clone!"

"Xing Cuan Yun He!"

"Clone dispatch!"

With a thought, Su Lang directly activated various clone functions.

The one-click clone function has been upgraded to level 60! The number of all clones is doubled directly.

Now, Su Lang has a total of three hundred and sixty avatars, avatars and twin avatars.

This time.

The deity of Su Lang swallowed sixty clones at once.

The avatar and the twin avatars are all one hundred and twenty fusions!

The remaining sixty avatars are reserved for spare, beware of Mo Wujue's deity.

Anyway, with the strength now released, coupled with the Infinity and various weapons, it is enough to deal with the Mo Wujue clone.

When the deity of Mo Wujue appears, there are sixty clones. According to the strength of the deity of Mo Wujue, advance and retreat can be freely chosen!

at this time.

After swallowing the clone.

Su Lang opened the property panel and saw that the five-dimensional property immediately turned into three plus signs.

The remaining two star Cuanyun He clones are four plus signs!

Such strength.

Facing Mo Wujue this clone is already invincible.

The key is.

At this time, Su Lang and the two stars Cuanyun joined the clones, both in the Infinity!

As the avatars of Su Lang and Xingcuanyun become stronger, the entire Infinity has also increased crazily, reaching the limit of strength it can bear!

An extremely terrifying breath erupted from the Infinity.

At the same moment.

Su Lang did not hesitate to brandish the Youtian Sword that turned into a galaxy waterfall.

A dazzling piercing sword light hit Mo Wu Jue's finger in an instant!

[Chapter 2976: Half-step immortality, fifth step](#)

"Half-step immortality...the fifth step!"

"How is this possible!!"

Mo Wu Jue's pupils shrank suddenly, and he directly unfolded all his explosive secret techniques!

In an instant.

His body crackled, his combat power rose wildly by hundreds of times, and he even reached the level of the fifth step of half-step immortality!

just.

Mo Wujue broke out too hastily.

In the process.

The fingers of his right hand collapsed in an instant, followed by his arm, and finally the right half of his body was wiped out!

"Yueming Ying!"

Mo Wu did not hesitate to retreat directly.

At the same time, a large number of corpses of the eternal strong emerged.

Countless gray silk threads unraveled from him, penetrating those eternal-class corpses, and stitching them onto his body!

Just between thoughts.

Mo Wujue's body has been restored to its integrity!

"Being chopped by Youtian Sword, he didn't die!"

Su Lang raised his eyebrows, "This stitching monster is really difficult!"

It was the first time he saw such a weird secret technique.

It was able to seize the body of the dead eternal strong man and use its crystal wall universe to fill up his annihilated crystal wall universe!

And the Youtian Sword's breaking defense or death feature is no longer valid.

Perhaps it was because his body was made up of a large number of other eternal bodies, didn't it just hurt his body?

"Hahaha!"

"For many years, I finally met an interesting opponent!"

"If this is the case, then I will show some strength to play with you!"

Mo Wujue let out a wild laugh, squeezed with his right hand, and a purple-gold blade halberd emerged.

Although this halberd is not comparable to the Youtian Sword, it is not far from it.

"Play?"

"Then you are destined to play off!"

Su Lang's mouth twitched, holding the Youtian Sword in both hands, and instantly disappeared from the spot.

"Hate Yublade!"

Mo Wu never lifted his head, swiping his right hand, and the halberd instantly blocked the Youtian Sword that appeared out of thin air!

boom! !

The aftermath of the terrifying battle broke out.

The two sides are deadlocked.

A wave of terrifying energy swept across the white world, and even the white light couldn't quickly annihilate it.

The tiny body of Mo Wujue formed an incomparably sharp contrast with the huge and incomparable body of Su Lang Wuyin!

at this time!

A wave of invisible fluctuations spread from the boundless body.

"Mo Wujue!"

"Give you a chance, surrender, or die!"

Su Lang struggled to press the Youtian Sword down, while manipulating the Boundless Number to open his mouth.

"joke!"

Mo Wujue sneered.

Suddenly he felt an invisible suction force had touched his body!

With the cooperation of Jinghua Shuiyue and Zijin Gourd, Mo Wu was hit!

The horrible suction power came from the mouth of the boundless horn, although it could not **** him away, but it also caused a certain degree of restraint!

"Small bugs and bugs!!!"

Mo Wujue's expression remained unchanged, and a gray mist suddenly burst out of his entire body.

But he didn't wait for him to get rid of the effects of Jinghua Shuiyue and Zijin Gourd.

Wow!

Eight chains of black jade appeared out of thin air under the cover of Jing Hua Shuiyue, directly piercing Mo Wujue's body from various tricky angles!

In an instant.

The terrifying power of ban was unfolding, directly weakening Mo Wujue's power by one third!

boom!

Originally Mo Wujue could still fight Su Lang, but at this time he was suddenly suppressed.

The halberd in his hand could not be held, and it hit him directly!

Click!

A large number of cracks appeared on the surface of Mo Wujue's body, making him look like broken porcelain!

"what!!!"

"What kind of weapon is this!!?"

A hint of horror flashed across Mo Wujue's face, and he did not hesitate to use the secret technique.

Gray lines broke out on his body, and a large amount of minced meat splashed all over his body, and he got rid of the lock of the heart-piercing lock by the way of gecko docking!

in the meantime.

A large number of eternal bodies appeared, and they were sewn to the original wound by gray thread in an instant!

But in the process.

A seven-color light suddenly appeared, directly covering the eternal emperor soldier that Mo Wujue had no time to grasp!

"Buzzing!"

The eternal emperor with the halberd was directly pulled away by dozens of feet.

It struggled frantically, uttered a dull hum, and constantly resisted the ingestion of Qibao Miaoshu.

Wow!

The Mo Jade chains that Mo Wujue broke apart took advantage of the force and flew upside down, entangled in the emperor's halberd soldiers.

Suddenly!

This extraordinary eternal emperor soldier directly put out the fire.

"Damn it!"

Mo Wujue's complexion changed drastically. He recovered his body, but lost his weapon. This wave was simply a blood loss.

That weapon was piled up with a huge amount of heaven, material and earth treasures he had collected for countless years!

at this time.

[Chapter 2977: Mo Wu's ultimate trump card, eternal remnant tactic](#)

Wow!

Moyu's chain pulled, pulling the long halberd emperor soldier directly into the interior of the Infinite.

"One-click decomposition!!"

Su Lang stretched out his hand to pinch Emperor Changji Soldier, sneered, and directly activated the decomposition function!

A mysterious force descended, wrapping the long halberd emperor soldiers.

Silently.

The long halberd emperor soldiers were turned into countless materials, and piled up into vast continents in the storage space.

"died!!"

"My weapon is dead!"

Mo Wujue felt the annihilation of the spirit, and his hatred was immediately revealed.

"Next."

"now you!"

Su Lang's faint voice came, and he immediately drove the Infinity, and slayed frantically towards Mo Wujue!

"Eternal Remnant Technique!"

Mo Wujue's expression was gloomy, his eyes were murderous, and he turned over a hole card again!

But he saw his body explode instantly, flesh and blood splashing, and gray lines lingering, revealing an old figure

——Master Yujing!

The white-haired old man stretched out his hands like black chicken feet to the Infinity, like a mortal trying to support the collapsed heaven.

Boom!

Boundless with the Youtian Sword slashed into Master Yujing's hand fiercely!

Wow!

Master Yujing's hands were directly wiped out in ashes, but when it was his turn, he actually held it up!

"What secret technique is this?"

"It seems to have sacrificed Jing Yunzi completely?"

Su Lang raised his eyebrows and gave an order, and the 100,000 eternal powerhouses inside the Infinity immediately launched the explosive secret technique.

Suddenly.

More terrifying power erupted from the Infinity.

The Youtian Sword was pressed hard, and a lot of cracks appeared in the arms of Master Yu Jing!

"Eternal Remnant Technique!!"

Master Yu Jing narrowed his eyes and showed a decisive expression.

boom!

His body exploded again.

There was another splash of flesh and blood, and gray lines lingered!

A young man emerged from the remnant, just like Mo Yazhi!

"Su Lang, die for me!"

Mo Wu Jue's complexion was hideous and crazy, his recovered hands supported the blade of Youtian Sword, and he lifted it easily!

Two eternal remnant tactics have been used, so that his power has surpassed Su Lang, and even reached the level of the sixth step of the half-step road to eternal life!

"My fork, that's okay, you're awesome!"

Su Lang narrowed his eyes and immediately withdrew away.

"Want to escape! Dreaming!"

Mo Wujue's eyes were blood-red, and his eyes showed madness, and he directly killed Su Lang's Infinity with his bare hands.

He is fast, even faster than the Infinite!

"Tsk tsk!"

"Come after me, I will let you kill if you chase me!"

Su Lang provoked, and directly used the clone replacement function to exchange positions with a clone that had already been prepared!

"what!?"

Mo Wu Jue saw that the Infinity in front of him had directly become a weak and weak avatar of Su Lang.

But just when he was about to kill this clone of Su Lang.

The avatar of Su Lang in front of him also disappeared.

"Su Lang!!!"

Mo Wujue gritted his teeth and immediately used the secret technique to search for Su Lang's location!
at this time.

Wow.

A avatar of Su Lang appeared in the center of the collapse of the Universe White Realm and flew towards the blank page of immortality.

The place where the White World collapsed was completely different from the surface.

Even if this clone of Su Lang possesses the fighting power of Nine Eternity +, it will be seriously injured directly after entering, and it will undoubtedly die within three breaths.

"Missions!!"

Mo Wujue's expression changed, he interrupted his secret technique and immediately killed Su Lang's clone.

He had the chance to win, and he was going to clean up everyone before taking the blank page of immortality.

I didn't expect it.

Su Lang actually took advantage of it at this time!

Mo Wujue was so fast that he reached the center of the collapse of the White World within a single thought, and attacked Su Lang's avatar from a distance.

But he was obviously too late.

The fingers of the clone had already touched the blank page of eternal life, and passed it directly to the hand of Su Lang's deity!

Not only that.

This mortal clone also exploded in an instant.

Although a hundred times the power of self-detonation is not harmful to Mo Wujue, it is extremely insulting!

"Su Lang bastard!"

"Dare to take my blank page of eternal life, I will kill you!"

Mo Wujue's face was hideous and distorted, and it was almost inhuman.

He waved his hand to take in the breath of Su Lang collected during the battle, and immediately started tracking!

The other side.

In a natural universe on the edge of the expansion of the Universe White World.

[Chapter 2978: How is it, no surprise](#)

The Infinity is suspended in the dead void, constantly drawing on the energy of the surrounding universe to restore itself.

There is no cosmic energy in the Universe White Realm, and its recovery properties cannot be used at all.

at this time.

In this natural universe.

It shows that the dry sponge fell into the water and started to draw energy frantically.

In its body, a large number of eternal warriors have also been replaced by alternate warriors.

Those top-level warriors of the Nine Universes with strong combat power and relatively large contributions have all received Su Lang's pill and are recovering crazily.

As for the sword of life, it is the treasure of emergency in battle, and it is wasteful to use it at this time.

At this time!

"Start the material conversion function!"

"Start one-key synthesis function!"

"Start the enhanced reset function!"

"Start the weapon evolution function!"

"Start one-key enhanced function!"

"Start the enhanced qualitative change function!"

While Su Lang retracted the two star Cuanyun He clones into the mysterious space, he began to evolve the Boundless Space!

The war is now underway.

He has grabbed a huge amount of heaven and earth treasures!

Just by breaking down Jingyunzi's eternal emperor soldier piled up with materials, he obtained countless resources.

In addition.

The eternal warrior rescued by Su Lang also surrendered all his wealth.

It can be said.

Half of the resources accumulated in the endless universe for countless years fell into the hands of Su Lang.

So many resources are completely enough to evolve all the parts of Infinity to the level of Nine Universes.

In fact, it is true!

Accompanied by Su Lang's order.

The Boundless was first due to its enhanced reset and its aura plummeted, and immediately began to rise rapidly with the evolution of its parts!

All the parts that have not reached the eternal state of the Nine Universes are constantly evolving!

Not long.

The 120,000 parts have all reached the eternal level of the Nine Universes.

Its unloaded combat power has reached the fourth step of the half-step road to immortality!

This is the first stage of improvement.

After the evolution is complete.

One-click enhancement function continues immediately!

once!

twice!

three times!

.....

Until the twenty times of strengthening are completed!

By this time, the empty state of Infinity had reached the fifth step of the half-step road to immortality!

At last.

It is to strengthen the qualitative change!

A total of five strengthened qualitative changes.

Immediately afterwards, there were five full enhancements and qualitative changes!

Because this battle is no longer the Endless Cosmos Region can withstand, the self-recovery ability is temporarily unnecessary.

and so.

Su Lang repeated several times of strengthening resets, twenty times of strengthening, and five times of strengthening qualitative changes.

In the end, all the enhancements and qualitative effects of Infinity have been brushed into 'power boost'.

Five power increases.

Let the airborne combat power of the Infinite once again, faintly breaking through to the sixth step of the half-step path to immortality!

Just then.

Rumble!

A figure is like tearing a piece of rotten cloth, rushing out of a crack in the endless universe like a bamboo.

The white light flickered all the way, and the white world spread wildly.

This person is the Mo Wujue who came from chasing and killing!

Wow!

The natural universe that Su Lang was in was directly shattered like paper.

Only time and space are instantly annihilated, and only those who understand the avenue of time and space themselves and unfold their avenue of time and space can have a chance to survive.

"Su Lang!"

"Die to me...what!! How did this weapon become so powerful!!"

As soon as Mo Wujue spotted Su Lang, he killed him aggressively, but immediately discovered the brand-new Infinity!

It was almost the same as him, and faintly reached the sixth step of the half-step road to immortality, which made him stunned and couldn't believe his eyes.

How long is this!

How did that weapon become so powerful! ?

"Tsk tsk!"

"How about it, are you surprised or surprised!"

The corner of Su Lang's mouth twitched, and as his thoughts turned, he and the two clones, as well as the power of the 120,000 eternal powerhouses, immediately blessed the body of Infinity!

In an instant.

The breath of the Boundless has once again raged, breaking through to the sixth step of the half-step path to immortality in one fell swoop!

"impossible!!"

Mo Wujue's pupils shrank suddenly and let out an incredibly sharp scream!

But his movements did not stop in the slightest, without even thinking about it, he directly launched the third stage of Eternal Can Jue!

[Chapter 2979: Mo Wu Jue Deity](#)

Sneer!

The boy who looked like Mo Yazhi collapsed directly.

Between countless flesh and blood and gray lines, a child emerged, exactly the same as Xuan Xinyuan.

in the meantime.

Mo Wujue's breath finally reached the sixth step of the half-step road to immortality.

He stood in place, looking at Su Lang's Boundless Number with blood red eyes, resentment and jealousy in his pupils.

"Mo Wujue, is this your limit!"

"If you only have this strength, then go to death."

Su Lang sneered, and began to devour the clone again!

This time, he left five avatars for death and swallowed fifty-five avatars!

Suddenly.

His own combat power directly reached the fourth step of half-step immortality, stronger than the clone!

The Boundless has also been further blessed, and its combat power has once again risen.

This is not over yet.

"Master of the universe!"

"The sword of life!"

"Life is innocent!"

"Death but no life!"

"The world is dead!"

"..."

Su Lang's eyes flashed, and a series of powerful and unparalleled secret arts and weapons were unfolded instantly.

First, a large number of natural universes were broken in the distance, and a large amount of energy was directly torn away.

Immediately, the secret technique of the source of the exercise 'Breath without Evil' and the sword of life worked together to produce a super recovery effect.

Immediately afterwards.

Su Lang and the avatars unfolded a variety of explosive mysteries, and gathered all the energy of the Infinity on the Youtian Sword with the universal annihilation of the secrets!

"Buzzing!"

Youtian Sword trembles constantly, almost unable to withstand this unimaginable force!

But He persisted!

A bright white sword light suddenly condensed, severely cut out! !

This sword is far from something that Mo Wu absolutely can resist.

Once cut to break the defense.

Mo Wujue no longer has eternal remnant tactics available, he will undoubtedly die!

But at this moment.

In Mo Wujue's body, countless gray lines suddenly opened, and a black withered hand rushed out of it, directly squeezing the sword light!

"I won't let you ruin my food."

Mo Wujue's voice suddenly became low and hoarse.

Immediately afterwards, the black withered hand squeezed fiercely, and the sword light was directly turned into violent energy aftermath and dispersed.

Soon.

A black figure appeared from the messy gray line like a cocoon.

At first glance.

It was like Mo Wujue divided into two people.

One maintains the appearance of a child with Xuanxinyuan, temporarily losing all combat power.

The other was black-haired and black-robed, with a young appearance, with no trace of Xuanxin, Mo Yazi and others.

"Is it finally here."

"Mo Wujue-the deity!!"

Su Lang stared at the deity Mo Wujue, using the attribute panel to confirm that the opponent is the ninth step of immortality!

in the meantime!

"Ben... the deity!? Food, food!?"

The avatar of Mo Wujue opened his mouth wide without godless eyes, and muttered in disbelief like a dream.

He didn't even know that he still had the deity.

I don't even know that I turned out to be food in the eyes of the deity! !

All the time.

He thought he was the deepest hiding behind the scenes, the man who controlled everything.

Who knows.

He is just a pawn, even food!

"Su Lang?"

"Unexpectedly, the power of the sixth step was exerted only by the power of the universe."

"For so many years in the endless universe, a real genius has finally appeared."

"If you grow up, you will definitely be more delicious than the food I crafted."

"It's a pity that time is too late, otherwise, I won't stop you from killing my clone. A blank page of eternal life would be a better choice for you."

The deity Mo Wujue said lightly, not even looking at the desolate clone.

"What do you mean!"

"Food... a blank page of eternal life?"

Su Lang's expression moved, "Could it be that you made the blank page of eternal life, and this thing has a lot to do with the "food" in your mouth?"

Actually.

While recovering energy secretly, he is ready to use the real explosive trump card "Jade Shard of Life" at any time.

If you can't kill the opponent, put away the boundless number and run away.

Even if you can't escape, it will trigger death substitution.

"What a clever junior."

"I haven't spoken to anyone for hundreds of millions of years, so let's talk to you."

"In fact, all pages of eternal life in the endless universe are made by me, the purpose is to integrate the power of the white world."

"The so-called One Immortal Page has completed detachment, naturally I have planned a conspiracy."

"The endless universe in which we live is opposite to the white world, but it really is the two that make up a complete 'world'!"

"To embark on the path of immortality, you must integrate the power of the universe and the power of the white world, so as to truly improve yourself, so that you can live forever."

"But the power of the universe and the power of the white world are opposed to each other. How easy is it to understand and integrate the power of the white world?"

"When I realized that it was impossible to directly integrate the power of the White World, I relied on my understanding of the power of the White World for many years, and I refined the page of immortality."

"This thing contains a certain amount of power in the white world, very thin, but still dangerous."

"Using half-step strong people on the road to immortality to integrate the pages of immortality can play a 'filter' role."

"They are containers, filters, and food, and they will all be swallowed by me in the end."

Mo Wujue said lightly, then glanced at his clone with a light smile.

The latter's face was dull, and his consciousness became more and more distracted.

[Chapter 2980: Final battle \(grand finale\)](#)

'really.'

'The Page of Immortality is a man-made object, made by Mo Wujue.'

'Because the power of the white world is involved, the incomplete system cannot parse its detailed information.'

Su Lang flashed in his heart, and immediately asked, "Then, the mysterious text on the page of immortality that seems to describe the life of a warrior..."

"I wrote it by myself."

"For countless years, I have swallowed thousands of half-step immortal strong men with this method, and I have come to this step."

"Their lives have been recorded by me on the page of immortality that merged with them."

"But even if the immortal page is so obvious, no one doubts it."

"Some people may doubt, but the page of eternal life has become the only way to detachment in the eyes of the world, and they have no choice."

"If I don't show up, you successfully defeat the clone I created, and you will also become a member of the page of immortality."

The deity Mo Wujue said with a nasty smile.

'Ha ha!'

'My uncle is a man who wants to reach the realm of immortality upright, so he won't take any shortcuts.'

'What's more, this uncle has long seen that there is a problem with the page of eternal life.'

Su Lang slandered in his heart, and continued to ask, "Those pages of immortality that have been fused, with words, why are there eternal warriors who can merge?"

"The used pages of immortality can be fused."

"However, those who merge will undoubtedly die. The smoother the fusion, the faster they die."

"The so-called 'fit' is also a trap I set."

"The reason is for everyone to fight for more pages of eternal life, in order to fit their own one."

"This is also part of the great battle. The collapse of the Universe White World is the last step in the maturity of the blank page of immortality."

Mo Wujue said lightly, "What else do you want to ask? If not, you can die."

"Do not."

"I still have questions."

"The realm of immortality involves the power of the endless universe and the power of the white world."

"Then, why don't you use the three big cosmic beads, they are the treasures of the endless universe."

Su Lang smiled and said, "You are so powerful, it's impossible not to get the three big transforming universe beads."

"The three major cosmic beads?"

"That is indeed the three most advanced powers in the endless universe!"

"If you can swallow and use the power of the three major transformation cosmic beads, you will definitely be able to directly integrate the power of the white world and advance to the realm of immortality!"

"But because they are too advanced, they are not something that a half-step immortal warrior can use."

"I have collected the three great cosmic beads long ago, and tried many times, but they all failed."

"So, I just throw it out and let the people in the endless universe help me suppress the Universe White World."

"After all, there is no eternal life in one day, and it needs to rely on the existence of the endless universe."

"Now that I have reached the last step, I will enter the realm of immortality after devouring the fused person this time."

"Even if the endless universe is destroyed, it will have no effect on me."

"Of course, I will probably save a part of the endless universe with the three cosmic beads. This is a beautiful world."

Mo Wujue finished speaking and looked at Su Lang lightly, "Anything else?"

"Have."

Su Lang nodded and asked, "You are so strong, why don't you show up from the beginning and manipulate everything directly on the bright side?"

"The half-step immortal warrior needs to fuse two powers. The higher the level, the more easily the internal power is out of balance."

"I have reached the ninth step. Every time I make a shot, I have to take a big risk."

"So, why should I do everything myself if I can do things with a little trick?"

Mo Wujue shook his head, and then his voice became colder, "Now I have enough to say, and I feel comfortable, then you can also be a ghost."

"and so on."

"last question."

"Is the white world the end?"

Su Lang asked, "Above the White Realm, or below and after the White Realm, will there be a broader world?"

"do not know."

Mo Wujue's voice became a little impatient.

He raised his hand, as if to squeeze the ants to death, lightly clicked a finger!

"Hahaha!"

Su Lang laughed loudly, put away the Infinity, and directly faced Mo Wujue's finger in the body of his deity.

"laugh?"

Mo Wujue's eyes flashed, and his finger instantly touched Su Lang's body.

Su Lang faced the force of the ninth step with the force of the fourth step.

But he did not resist at all, but faced it calmly.

boom!

Under Mo Wujue's finger, Su Lang's body was torn apart.

But Mo Wujue's expression was stagnant, he felt something wrong, and looked up at the far-away universe!

In a certain universe.

Su Lang appeared out of thin air!

"Death substitution is really useful."

"Since the power of swallowing and fusing the three cosmic beads can directly reach the realm of immortality, then I'm not welcome!"

A smile was drawn at the corner of Su Lang's mouth, and the three large Zhouzhu Zhu appeared in his hand while waving.

Originally, he was not sure whether he could directly reach the realm of immortality after perfecting the system with the three cosmic beads.

But now it seems that the answer is yes.

Because the system has always returned more than the investment, and it's much bigger!

"system!"

"Swallow the three major transforming universe beads!"

Su Lang did not hesitate to give orders directly!

"Ding! It was discovered that the Harmony Transformation Zhou Zhu, the Chaos Transformation Zhou Zhu, and the Mang Transformation Zhou Zhu were fusing the power of the mingling!"

"Ding! The power of Ming Ming successfully merged!"

"Ding! The system has swallowed all the power and is improving!"

"1%...12%...56%...68%...100%!"

"Ding! The system has been perfected and all functions have been integrated into one!"

Accompanied by a series of system prompts.

Su Lang seemed to have returned to the day he had just activated the system, and his heart was filled with endless excitement!

At this time.

Some information about the system appeared in his mind out of thin air

—After the system is perfected, all functions are integrated into the 'one-click practice', and the level has disappeared. Without a level, it is the most perfect one!

Su Lang clearly perceives it.

Your own system, as long as it is related to cultivation, is already omnipotent!

"system!"

"I want to advance to the realm of immortality!"

Su Lang licked his lips excitedly and gave instructions in his heart.

"Ding! Promoting!"

The system prompt came.

Suddenly.

An extremely terrifying suction power came from Su Lang, and the surrounding universe instantly turned into a blurry scene, swallowed by him!

After the universe was swallowed, the Universe White World appeared from the vacancy, and was also directly sucked into the body by Su Lang!

In a flash.

Su Lang's image turned into the center of a whirlpool, piece by piece of cosmic realm, piece of white realm of the universe, constantly pouring into his body!

An extremely powerful breath erupted from his body, and it was still rising!

Half-step immortality, fifth step, sixth step...

at the same time.

"In the end what happened!"

Mo Wujue looked at the place where Su Lang was, with a gloomy expression.

All the time, everything was in his hands, but this time there seemed to be an accident!

Su Lang seemed dead.

In fact, he is not dead, and he is still doing things in the distance!

The key is that the blank page of immortality and the three major Huazhou beads are in Su Lang's hands!

Lost the blank page of immortality.

Mo Wu absolutely couldn't let the clone merge, and then let himself take the last step.

"Damn it."

"What is the origin of this ant, and why is it so weird!"

Mo Wujue never thought that there would be someone who could not kill himself!

With a wave of his hand, he put the clone away, and immediately took a step forward, rushing to the place where Su Lang was across the world.

but.

The closer Mo Wujue got closer, the more clearly he could feel the rising breath!

at this time.

That breath has reached the eighth step of half-step immortality!

"what!"

"How is this possible!"

Mo Wujue was shocked, and the state of mind of countless years without waves caused a huge wave! !

He once again crossed a white world, and finally saw Su Lang!

At this time, Su Lang was sucking a large area of the Universe and the White Realm, and directly sucking the huge area into a afterimage.

"Do not!"

"It's not true!"

"How can he absorb the universe and the white world at the same time, and can improve so fast! This is impossible!"

Mo Wu Jue was dumbfounded, and he uttered hysterical and heart-piercing screams in his heart!

He Mo Wujue spent countless years, painstaking practice, trying to avoid the limit of life, and spent countless efforts to study the page of immortality...

So much hard work and struggle made him reach his current level.

But Su Lang was able to directly swallow the power of the universe and the power of the white world. In just a few breaths, he had the fruits of countless years of hard work!

all of these.

It has completely exceeded his cognition and imagination, and he can't accept this fact at all!

"Sorry."

"I am a real 'turbid body' and I have a system!"

Su Lang looked at the dumbfounded Mo Wujue, a slight smile was drawn at the corner of his mouth.

"Die to me!!!"

Mo Wu never understood what Su Lang was talking about.

But he knew that it would be too late if he didn't make a move!

He burst out with all his strength in an instant, and he couldn't worry about whether the power in his body would be out of balance!

Boom!

Mo Wujue was not fancy, and directly hit Su Lang with a punch.

The power that can easily destroy the universe, instantly smashed to the vicinity of Su Lang!

But at this moment.

Two figures emerged and exploded! !

It was the two Xing Cuanyun He clones that activated the clones to blow up!

With the improvement of Su Lang's strength, the strength of the two Star Cuanyun He clones has long been not comparable to before, and all have reached a level close to the ninth step.

At this time, the avatar was launched to explode, and suddenly burst out a hundred times the power of its own limit!

boom!

The explosive power of the two clones directly blocked Mo Wujue's punch.

The unspeakable aftermath of the battle swept around, and a large number of cosmic domains were instantly annihilated.

One of Mo Wujue's intentions was to destroy the universe and make Su Lang insatiable!

however.

Even if he succeeded in destroying the surrounding cosmic region, Su Lang could not absorb the power of the cosmic region in a short time.

but.

Su Lang has entered the ninth step of half-step immortality!

"Do not!"

Mo Wujue watched all this, with endless unwillingness and panic in his heart!

So far.

It is no longer possible for him to kill Su Lang!

"Hahaha."

"Mo Wujue, you are out of play."

Su Lang smiled happily, and while waving his hand, he even took in a vast expanse of the distant universe and swallowed it with the power of the white world.

Under the action of the system.

The power of the universe and the power of the white world are directly fused into a new power, and then instilled into Su Lang's body, quickly advancing his cultivation base!

In a blink of an eye.

boom!

A terrible wave broke out from Su Lang, and he broke through! !

"The Realm of Immortality!!"

A bright smile appeared on Su Lang's face.

All his powers have been promoted from the power of the universe to a higher power.

This kind of power is even more advanced than Hongmeng, Vagueness, and Chaos!

It's really a lot of power!

It can derive the power of the universe and the white world. This power is also the source of everything!
!

"The Realm of Immortality!!"

"This is not true, this is not true!!"

Mo Wujue watched all this, his whole body froze, feeling like he was having a nightmare!
at this time.

"Mo Wujue, get on the road!"

Su Lang smiled faintly, then raised a finger and clicked

——Just like Mo Wujue before, it seems that he is about to kill an ant and tap it lightly!

"No, I'm not reconciled!!"

"Su Lang, Su Lang, spare your life! I would like to be your servant!"

Mo Wujue screamed frantically, his voice filled with sorrow and pleading.

It's hard to imagine.

Such a strong man will show what he looks like at this time.

But it is not difficult to understand if you think about it carefully.

He has reached the ninth step of half-step immortality, and then he will be able to enter the realm of immortality!

This is his goal for countless years.

How can he let it go?

not to mention.

Giving up means death.

just.

"If I lose, will you spare me?"

A sneer was drawn at the corner of Su Lang's mouth, and his finger instantly touched Mo Wujue's eyebrow.

In an instant.

A horrible storm swept across Mo Wujue's body.

His body directly became riddled with holes, like loose rocks that had been weathered for countless years.

"Do not....."

Mo Wujue's voice stopped abruptly.

It was such a strong man who scorned the entire endless universe, and was able to live forever in just one step. Under Su Lang's finger, he completely fell!

"call."

"ended."

Su Lang let out a sigh of relief, put away the body of Mo Wujue, and then turned to look at the endless universe.

This endless universe is still in constant collapse!

"set!"

Su Lang waved his hand gently, and the collapse of the endless universe suddenly stopped.

Looking at it, compared to the original, only one-third of the endless universe is left at this time.

He didn't step into the endless universe anymore, but stopped in place, thinking.

"Back to that question."

"Why, I am a 'turbid body'? Why do I have a system?"

"Now it seems that maybe I have crossed the white world and the endless universe before I will combine the power of the two to form a muddy body."

"So, where am I from?"

Su Lang murmured, and immediately showed determination, "I will find the truth!"

He turned and walked into the depths of the white realm of the universe, the white light permeated, gradually covering his body completely.
