

ONE-CLICK TRAINING SYSTEM INSTANTLY MILLIONS

Chapter 3: Didn't you want to kill me

"This can be a breakthrough? Too special, too fast!"

Su Lang was overjoyed and immediately ordered, "System, give me a breakthrough!"

In an instant, Su Lang's body was hot, and there was a flash of light in his eyes.

"The elementary body tempering realm is here!"

Su Lang turned over and got out of bed, feeling that his body was completely different from the one before the breakthrough.

Taking his appearance as an example, the previous Su Lang was seriously injured and weak, his face pale as a dead man.

But now he is healed from his injuries, his complexion is ruddy and his figure is tall and straight, his eyes are like lacquer, his eyes are burning.

All of a sudden, he turned from a half-dead sick child into a handsome guy!

"Huh!"

Su Lang couldn't help but waved a few punches, and the wind was blowing!

"This kind of power is already stronger than the body that I exercised in all sorts of ways in my previous life. This has just entered the body tempering!"

The feeling of mastering power is exceptionally beautiful, as if controlling one's own destiny, making people feel confident in an instant.

"Boom boom boom!"

"Trash Su Lang, I will kill you if I don't open the door again!"

The kicking sound became more and more intense, and Chu Gang's anger became more unbearable.

"Kill me? Jie Jie Jie Jie!"

Su Lang looked at the roaring and dusty door with a thick sneer on his face.

Although Chu Gang is domineering, he is just an ordinary person, not even a primary body tempering.

And Su Lang was a killer in his previous life, and now he has been promoted to temper his body. Are you afraid of an ordinary person?

"Boom boom boom!"

"Dog bastard, won't you open the door?"

Chu Gang's fierce voice came from outside, and the door was also kicked and deformed, as if it would shatter in the next moment.

"Don't kick!"

Su Lang closed the window tightly, yelled, and then opened the door with a sneer on his face.

Standing outside the door was a thin and dark man with a bald head.

This person is Chu Gang!

"Draft Ma, it took so long to open the door?"

Chu Gang opened the door impatiently and squeezed in from the crack of the door, "What did you shout at?"

"Ah!"

Su Lang smiled coldly, raised his hand and slapped Chu Gang's fleshy face.

"Snapped--!!!"

Loud slaps echoed in the stairwell.

Chu Gang was slapped by Su Lang for a half circle, staggering and supporting the wall, his entire right face was already numb.

"You... why dare you hit me?"

Chu Gang clutched his hot face and looked at Su Lang in disbelief.

Because the body quencher was still unable to radiate spiritual energy fluctuations, Chu Gang thought that Su Lang at this time was still the same waste.

In his opinion, Su Lang really had the courage of the bear heart and leopard.

And the reason why he himself was hit was completely careless and was attacked.

"I want you to die!"

Chu Gang rushed to the crown with an anger, and fisted Su Lang with a fist.

This punch used Chu Gang's twelve cents of strength to take the key to Su Lang's temple.

If ordinary people get such a punch, they will definitely not die or be seriously injured!

"boom!!"

There was a dull sound, and Su Lang easily grabbed Chu Gang's fist.

"how is this possible!?"

Just after Chu showed an incredible look, Su Lang slammed down.

Click! !

The **** bone stubble suddenly pierced the flesh and exposed to the air.

"Ah!"

The arm was broken into two sections alive, Chu Gang could not bear the severe pain, and suddenly let out a scream.

"Aren't you going to kill me?"

Su Lang threw away Chu Gang's broken arm and slapped it again with a slap in the face.

"Snapped--!"

This time it was his left face. Chu Gang was directly knocked to the ground, his face swelled and his bald head became a pig's head.

"Ah! My hand!"

Chu Gang's face was twisted, and he kept wailing while clutching his broken arm. The previous arrogance was long gone.

"This is just one hand, so you can't stand it?"

Su Lang closed the door and looked down at Chu Gang condescendingly, "How can you survive the pain of broken limbs?"

"Su Lang! Stop, stop!"

Chu Gang was shocked when he heard that Su Lang was about to break his limbs.

"Stop it? Haha!"

Su Lang hooked his mouth and stepped on Chu Gang's head, "I don't want to think about how you insulted me before!"

"I admit that I was wrong, but you don't want to die, just let me go!"

Chu shook his head fiercely, "I tell you, I have joined the Broken Axe Hunting Group!"

All members of the Broken Axe Hunting Group have a tattoo on their earlobes.
Look at my earlobes!

I tell you, if you dare to move me, your end will be terrible then! "
