[Chapter 301: Crazy enhancement of system functions!](#)

"Wow, it's so cool!"

There was a burst of laughter from the alchemy room on the 24th floor of the Xuanyuan Martial Arts Academy!

In the alchemy room, Su Lang looked at the spirit stone in the space ring, and the soul of the whole person was about to fly.

This time, Lanxing Danlou auctioned only perfect-quality elixirs, and the rest were purchased at market prices.

The total amount of spiritual stones obtained by the auction has exceeded 20 million top-grade spiritual stones!

Coupled with the miscellaneous pills purchased by the Blue Star Pill Building and the remaining spirit stones before Su Lang, he now has 23 million high-grade spirit stones!

"System, deposit into Lingshi immediately!"

Su Lang thought, all the spirit stones he possessed instantly disappeared and were stored in the system.

In an instant, in the mysterious black space, the balance of the high-grade spirit stones nearly doubled from two hundred thousand.

"23.26 million high-grade spirit stones!"

"With so many spirit stones, none of those martial arts class bosses have ever owned them."

"Unfortunately, this method of harvesting spirit stones can only be used once."

"If you do it again, first of all, the materials will not be enough, and secondly, those warriors who are eager to bid this time have not many spirit stones on them."

"Forget it, wait for me to upgrade the one-key mixer, refine the weapon and search it again!"

As Su Lang thought about it, he immediately issued an instruction to upgrade the one-key alchemy function.

"Ding! Consuming 10 million high-grade spirit stones, the one-key alchemy function has been upgraded to level 10, which can refine elixir of the holy rank and below!"

"Ding! Congratulations on upgrading the one-key alchemy function to level 10. You have obtained the new bonus function 'It is also possible to miss one!'"

"Ding! Congratulations on upgrading the one-key alchemy function to level 10. You have obtained the activation authority for the new function!"

The three system prompts made Su Lang happy and happy.

He worked so hard for so many days for this moment!

"Let's take a look at what function 'One can be missing'?"

Su Lang licked his lips excitedly, and immediately checked the information about the new feature.

And when he saw it like this, he couldn't help but breathe a sigh of relief!

The ability of 'lack of one' turned out to be-when refining a pill, you can lack any kind of material, the quality of the pill, the time of the pill, and the number of pill is unchanged!

"Looking noisy! Alchemy can be done without any kind of material!?"

Su Lang's eyes burst open, his attention burnt, "Nima, is this still alchemy? It's totally unreasonable!"

Among the alchemy materials, the main alchemy materials are the most important, but other materials are also indispensable!

Once a certain material is lacking, alchemy must fail.

But now Su Lang has actually obtained the unreasonable function of "one can be missing", which directly stunned him.

After a while, he let out a long sigh: "The system is already unreasonable. It is reasonable to activate such a function, and it is reasonable!"

Patting his chest, Su Lang turned his attention to the system balance.

At this time, he still had 13.26 million high-grade spirit stones left, and he could completely upgrade the remaining system functions to one level.

"System, upgrade one-key training function, one-key martial arts function, clone dispatch function, one-key treasure hunting function!"

Su Lang smiled and ordered, "Also, activate the one-key mixer function for me!"

"Ding! Consuming 10 million high-grade spirit stones, the one-key training function has been upgraded to level 13, and the training speed has been increased to 10192 times the basic speed!"

"Ding! Consume 1 million high-grade spirit stones, upgrade the one-key martial arts function to level 12, and increase the training speed to 2048 times the basic speed!"

"Ding! Consume 1 million high-grade spirit stones, the clone dispatch function is upgraded to level 11, the number of clones is +1, and the current number of clones is 11!"

"Ding! Consumption of 10 million middle-grade spirit stones, the one-click treasure hunting function has been upgraded to level 11, and the number of treasure hunting flying flying gliders has increased to 5,096!"

"Ding! Consume 100 lower-grade spirit stones, the one-key mixer function is activated!"

"Ding! The current one-key refining function is level 1, which can refine top-level ordinary weapons and weapons below!"

"Ding! Congratulations on acquiring the bonus functions "Synchronization" and "Weapon Recognition" capabilities!"

After a series of system prompts, Su Lang was justified and excited, and suddenly felt a message flooding his mind.

At the same time, there was turbulence in the mysterious black space, and a new villain condensed next to the alchemy villain.

This little man is also sitting cross-legged, with a cauldron between his hands.

But the difference is that the pill furnace of the pill refining villain is round, and the pill refining villain is holding a black square pot!

[Chapter 302: Activate the sixth system function!](#)

"One-key mixer function!"

"In general, this function is similar to one-key alchemy."

"As long as you place materials, you can refine the best quality weapon in each level."

"However, the refining of weapons does not require any formula, but rather randomly refining weapons with the thrown in materials."

"In addition, the mixer synchronization function will give me the same level of mixer ability as the one-key mixer function."

"The weapon recognition function will give me the ability to recognize all the weapons in the world, from ordinary soldiers to **** weapons, holy weapons, and even more advanced weapons!"

While observing the villain in the mysterious black space, Su Lang digested the information that had just been poured into his mind.

Immediately, he ticked the corner of his mouth and issued a command: "System, upgrade the one-key mixer function!"

"Ding! Consuming 10 middle-grade spirit stones, the one-key refining function is upgraded to level 2, which can refining junior spirit weapons and below!"

"Ding! Consuming 100 middle-grade spirit stones, the one-key refining function is upgraded to level 3, which can refine middle-level spirit weapons and below!"

"Ding!....."

"Ding! Consuming 100 high-grade spirit stones, the one-key refining function is upgraded to level 5, which can refine top-level spirit soldiers and below weapons!"

"Ding! Congratulations on upgrading the one-key refining function to level 5. You have obtained the 'one-second refining' function. Any weapon can be refined in one second!"

"Ding!....."

"Ding! Consuming 100,000 high-grade spirit stones, the one-key refining function has been upgraded to level 8, which can refine weapons of noble level and below!"

"Ding! Not enough spirit stones to upgrade!"

Ding Ding Ding's system prompts kept ringing, and Su Lang's face was full of excitement.

"Hey, I didn't expect to go directly to level 8 so that I can refine superior weapons!"

Su Lang smiled with joy, "My current greatest combat power is the Martial Venerable Rank, but the weapons are always unable to keep up with the progress of my cultivation base, now I can refine it by myself!"

Thinking of this, he immediately went to the storage space to look for refining materials.

However, after some searching, Su Lang found that he didn't have the materials for the refining crafts.

The best refining material in his storage space is the Martial Emperor-class fierce beast killed in Dongfang City last time.

"If you can't refine the noble weapon, then refine the imperial weapon."

Su Lang touched his chin, and his expression changed suddenly, "When I killed Owen Yao before, didn't he harvest a royal weapon? What is the name of Qianli Riding Wind Sword?"

"If it is enough, it will be temporarily used. If it is not, it will be used as a material."

The corner of Su Lang's mouth twitched, and after some searching, he took the Thousand Miles Wind Sword out of the storage space.

"Weapon recognition!"

With a thought in his heart, all the information of Qianli Chengfeng Sword appeared before his eyes.

This sword is a basic imperial weapon, the blade is sharp, and the military commander and his like cannot even look directly at it!

But it is a pity that the master's attainments are just like that.

This sword used a lot of precious materials, even a kind of high-ranking materials, but in the end only refined the imperial soldiers.

"It's completely violent, melted!"

Su Lang curled his lips and directly positioned this long sword as the material of the refining device.

Afterwards, he selected the minions, bones and horns of various powerful beasts and precious minerals from the trophies previously harvested.

"System, refining these materials into a sword!"

Following Su Lang's order, the selected materials disappeared immediately.

In the mysterious black space, the crafting villain suddenly moved, and the black Fang Ding in his hand suddenly turned red.

But a second later, Fang Ding resumed his previous appearance again!

"Ding! You got the Junior Sovereign Thousand Miles Shocking Sword*1!"

When the system prompt sounded, Su Lang immediately felt an extra weapon exuding a powerful atmosphere in his storage space!

"Unexpectedly, I even refined a noble weapon!"

"Although it is a primary noble weapon, it is a whole level higher than the imperial weapon!"

Su Lang's eyes glowed, and he immediately took out the Ten Thousand Li Heaven Shocking Sword he had just refined.

In an instant, an extremely sharp sword light bloomed, and under the naturally emitted sword light, an inch of sword marks appeared on the surrounding walls!

"Lying noisy, is that awesome?"

Su Lang's expression moved, and he immediately grabbed the Ten Thousand Miles Shocking Sky Sword, aura and spiritual power poured into the sword at the same time, refining it.

[Chapter 303: Not for trouble](#)

After being refined by Su Lang, the Wanli Sky Shocking Sword gradually reduced its dazzling light under Su Lang's control.

At this time, Su Lang could take a closer look.

At this moment, it became a long sword that was crystal clear and exuded a faint light.

The long sword looks very simple, horizontal and vertical, without any complicated decoration.

And through the ability of 'weapon recognition', Su Lang could see through the Ten Thousand Miles Shocking Sword at a glance.

It is cast from a large number of Wuhuang-level materials, changing from quantity to qualitative change, breaking through the shackles of Wuhuang-level and becoming a powerful weapon.

And its ability, there is only one, that is extremely sharp, invincible, breaking the defense ability to burst the table!

As long as there is a slight lack of defense, this sword can be smashed instantly, without slow consumption.

However, once the opponent's defense exceeds the limit of this sword, it will never be able to cut it, and forcibly cutting it can only damage itself.

"Although it's only a beginner's weapon, it's also very good."

"If you use this weapon in actual combat, you will be invincible within the Martial Emperor rank, and no one is my opponent!"

"Even if facing a martial arts boss, without engaging in a mental battle, with this weapon in hand, I can fight with him without devouring the clone!"

"After all, even if it is an old martial arts monster, the probability of having a superior weapon is extremely small!"

Stroking the long sword in his hand, Su Lang's mouth showed a satisfied smile.

"It's time to leave here and find a master to 'learn' new alchemy."

"I searched the high-level alchemy materials in the Blue Star main city, but this alchemy building is not there yet!"

Looking at the ceiling, Su Lang smiled, and immediately received the Thousand Miles of Sky Shaking Sword, opened the alchemy room door, and walked downstairs.

Along the way, people kept casting their curious or admiring gazes.

A few students still quietly followed Su Lang behind. They wanted to see if Su Lang had really consumed the alchemy materials.

"What a boring group of people."

Su Lang curled his lips, came to the detection door, and walked straight through.

The detection door did not respond, which made those who did not believe in Su Lang's rumors suddenly dumbfounded.

"It is said that he has asked for more than 200,000 alchemy materials in total. How long is this time? It is used up. Is this a human being?"

"I'm a good boy. If someone hadn't gambled with him before and lost to him, I would never believe it."

"..."

In the shocking conversation, Su Lang left the alchemy building and prepared to go to Anxin's small villa.

However, when he walked down a quiet path, a line of familiar figures stopped him.

And these people turned out to be Sisha Xishan, Li Ming Wanhong and others.

In addition, there is a strange man with a platinum student badge on his chest.

However, even though they were both platinum students, Wan Hong, Sisha Xishan and others followed him in a proper manner, with a horse-headed look.

"Ah."

A sneer appeared on Su Lang's face and stopped.

"Student Su Lang, hello."

With a smile on his face, the strange platinum student stepped forward and bowed his hands in a salute, "I am Zhou Yuque, a member of the Zhou family of Xishan."

"Zhou Yuque? A member of the Four Greatest Xishan?"

"Why, lost to me last time, not convinced, want to find the place back?"

Su Lang said faintly, "With all due respect, you are all **** in front of me."

"Student Su Lang joked!"

"You are a disciple of Anxin mentor, and the alchemy talent is against the sky, how can we compare."

"Although I, Zhou Yuque, is a platinum student, I know how many jins are a few taels, and I will not humiliate myself."

Zhou Yuque was not irritated, and the smile on his face did not change a bit, "Actually, I wanted to go to the 24th floor to see you, but I didn't expect to meet you on the road."

"Oh? Didn't you come to make trouble?"

Su Lang raised his brows and was a little surprised, "Then what are you here for?"

"Fulfill the gambling agreement!"

Zhou Yuque took a deep breath and beckoned to Sisha Xishan and others behind him.

The four silly Xishan, including Wan Hong and Li Ming, all appeared bitter and walked up.

Seeing this scene, Su Lang's face suddenly showed a strange look.

These guys still looked confident in their clothes when they ruined the gambling contract. At this time, they were brought over to fulfill the gambling contract?

[Chapter 304: OK, then don't stop!](#)

Just when Su Lang looked strange.

"Senior Su Lang, we were wrong before, sorry, we apologize to you!"

Xishan Sisha and other ten people stood in a row and bowed and apologized to Su Lang.

"Oh?"

The weirdness on Su Lang's face dissipated, and turned into a sneer: "Is our gambling agreement an apology?"

As soon as this remark came out, Sisha Xishan and others' faces suddenly turned blue and red.

"Humph!"

Zhou Yuque suddenly snorted to Xishan Sisha and others, "What should I do, haven't I taught you?"

Xishan Sisha and others trembled together, looking at Zhou Yuque with pleading eyes.

However, Zhou Yuque still looked cold, with a trace of sternness.

Seeing this, Sisha Xishan and others looked pale.

Immediately, everyone gritted their teeth, raised their hands, and slapped themselves fiercely!

"Papa! Papa!"

Sisha Xishan waited for 8 dudes and Li Ming Wanhong, a total of ten people, all of them started to slap themselves in the face frantically.

A burst of loud slaps continued to spread.

Moreover, they didn't just slap them three times, but kept beating them all the time, and their faces swelled without stopping.

"Yo--!"

"A bunch of dudes turned their sex?"

A hint of sarcasm appeared on Su Lang's face, and his eyes fell on Zhou Yuque.

"These descendants of the family are not strict in discipline, and they even do what the Four Young Masters of Xishan are doing, which makes them laugh generous."

Zhou Yuque laughed and said, "They offended Su Lang before, and more than once, today I brought them over to apologize. If Su Lang doesn't stop, it will keep going."

"Okay, then don't stop!"

The sarcasm on Su Lang's face became more intense, and he stepped forward to avoid everyone.

His actions immediately caused Sisha Xishan and others to look dumbfounded.

This is very different from what you said, shouldn't the other party be forgiven by his sincerity?

Why are you leaving directly? ?

"Student Su Lang!"

Zhou Yuque also had a sudden heart, and quickly stopped in front of Su Lang.

Moreover, he winked at the Fourth Young Master of Xishan and the others, and the somewhat lax movements of those ten immediately became diligent.

"Papa, papa!"

"Papa Papa!"

"After all, what's the matter with me?"

In the continuous slap in the face, Su Lang said faintly, "I don't believe that you high-ranking fellows will come to me to apologize for no reason."

"Haha!"

"It's true that the Patriarch wants to see Student Su Lang."

Zhou Yuque gave a dry smile and said, "It's just that these ignorant juniors offended classmate Su Lang, so..."

"Oh? Your Patriarch wants to see me?"

Su Lang smiled noncommittantly, "But, why should I go?"

"The Patriarch actually wanted to apologize to Su Lang personally."

"Furthermore, the Patriarch has also prepared a generous gift."

"It's just that Xuanyuan Martial Arts Academy does not allow anyone other than students to enter, so everyone didn't come."

Zhou Yuque said sternly, "In addition, if it is a general apologetic, I will naturally bring it directly, but that thing is really too important."

"Something very important?"

"I don't even think it's safe to put it on you?"

There was a hint of playfulness on Su Lang's face, "Such a precious thing, your family mainly gave it to me? Afraid it is a lie?"

"of course not!"

"Student Su Lang has amazing talents."

"The Patriarch, and the other three Patriarchs are sincere and want to meet Su Lang."

Zhou Yuque looked sincere, came to Su Lang and whispered, "And that thing is related to the Canglan Continent, of course I don't know more specifically."

"It's related to the Wind Spirit Race?"

Su Lang said with interest, "If this is the case, then I will come with you."

Nowadays, there are not many people who can pose a threat to Su Lang from the entire Blue Star, just those old monsters at the martial arts level.

Moreover, if Su Lang wants to leave, let alone Wu Zun, even the Valkyrie can't stop him!

"that is really good!"

Zhou Yuque was immediately overjoyed when Su Lang agreed.

Sisha Xishan and the others were also extremely excited. Since Su Lang decided to go to their house, he agreed to let go of the past!

It's just that Su Lang's next words made them chill instantly.

"Let's go."

A sneer was drawn at the corner of Su Lang's mouth, "However, these guys, just stay here and slap them all day long!"

[Chapter 305: Associate Warrior Zhou Guang](#)

Play all day!

The eyes of the Fourth Young Master of Xishan and the others suddenly burst, and it will burst out in an instant.

Since childhood, when have they endured such a shame!

but--

"Then let them play all day long!"

Zhou Yuque said with a smile, "As long as Su Lang is satisfied, you can play for three days!"

In fact, Zhou Yuque also looked down upon the four idiots like Xishan.

Although there is even his own brother in it.

However, Yan Yan is Yan Yan. As a member of the Four Great Masters of Xishan, it is a shame to have to rely on the back door to enter Xuanyuan Wudao Academy.

Therefore, Zhou Yuque had no sympathy for these dudes.

"Just play for three days."

Su Lang glanced at Xishan Sisha and others with disdain, "Let's go, Zhou Yuque."

I have seen so many Wuhuang and Wuzun-level bigwigs in the auction house.

For a small character like the Fourth Young Master Xishan, he doesn't want to get entangled at all now.

"Stu Lang, please here."

With that said, Zhou Yuque walked on the road ahead without even looking at the Fourth Young Master Xishan and others.

The Sisha Xishan and others who stayed in the same place wanted to cry without tears, but did not dare not execute punishment.

As a result, they stood there, slapped themselves constantly, and attracted a large number of students to watch.

There was no one around, and they couldn't stand it. At this time, they were so ashamed that they wanted to commit suicide on the spot!

The other side.

Su Lang and Zhou Yuque left Xuanyuan Wudao Academy together and got on the Aura Aircraft.

"The master said he wanted to give me one, so I'll ask her for it when I go back!"

In Su Lang's thoughts, the Aura aircraft passed through the bustling streets and came to a city with lush vegetation.

This is a natural mountain surrounded by steel jungle, similar to Eastern City Juewu Mountain, except that the scope is more than ten times larger.

And this is Blue Star City, Xishan!

"Although they belong to four families, it's not bad to have such a large and special site."

Looking at the huge Xishan, Su Lang couldn't help raising his eyebrows.

Immediately afterwards, the Aura aircraft flew directly into Xishan and landed in a series of luxurious buildings.

As soon as the door of the aura aircraft opened, Su Lang saw a group of old and middle-aged people.

Each of these people has a huge aura, and the last of them are Wu Wang-level figures.

Standing in front are four very powerful Wuhuang-level experts.

Each of them is stronger than Cao Zuo in Dongfang City.

Especially the person headed, the breath on his body is unfathomable.

Su Lang's thoughts moved, and the attributes panel of the headed person was revealed.

"Named Zhou Guangji?"

"It turned out to be a quasi-wuzun, only one step away from the real Wuzun-level."

"These families may still have a hidden foundation, maybe there are martial arts-class figures, can it be possible to dominate one side in Blue Star City."

The thoughts in Su Lang's heart turned, but his expression was calm and calm.

"Little friend Su Lang! Welcome to Xishan!"

Patriarch of the Zhou family, Zhou Guangji said with a kind smile.

The others also showed smiles and nodded to Su Lang.

"Hello, Patriarch Zhou."

Su Lang smiled faintly, and got off the aura aircraft.

As for Zhou Yuque, after he got down, he immediately walked among the martial kings.

"Little friend Su Lang, this is not a place to talk, please come with me!"

Zhou Guangji laughed and made a 'please' gesture to Su Lang.

Su Lang nodded, and followed Zhou Guangji to a very magnificent hall.

Here is a place where the four fellow Zhou, Wu, Zheng, Wang and Wang are together in hospital.

Under normal circumstances, only very distinguished guests will come here to open.

It can be seen that the four Xishan schools really attach great importance to Su Lang.

After a few words of greeting in the hall, Su Lang was straightforward: "Patriarch Zhou invited me, what is it?"

"Recently, the juniors in the family have offended, the old man apologizes for this!"

Zhou Guangji apologized and bowed slightly to Su Lang.

His move immediately shocked everyone present.

They knew that Zhou Guangji valued Su Lang very much, but they didn't expect him to give such a big gift!

You know, Zhou Guangji is a quasi-wuzun-level expert, the strongest martial artist under Wuzun!

However, everyone was shocked, but Su Lang was still indifferent: "I have seen part of the sincerity of Patriarch Zhou."

As soon as these words were spoken, a wave of anger rose in the hearts of the warriors.

Zhun Wu Zun bowed to apologize, it turned out to be only part of sincerity! ?

This is too crazy!

[Chapter 306: God-level alchemy classics](#)

However, Zhou Guangji was not angry at all.

"Haha, apology is really only part!"

Zhou Guangji smiled calmly, then took out a space ring and handed it to Su Lang:

"There are not only enough spirit stones, but also something that young friends will definitely be interested in!"

As soon as this statement came out, everyone's hope, expectation, and envy all concentrated on the space ring.

Su Lang looked at the expressions of the people, and knew that these four great people certainly didn't know what major treasures were inside.

However, Su Lang did not accept the ring.

The so-called non-professional courtesy, whoever commits crimes or steals!

"Patriarch Zhou, what is your purpose?"

Su Lang raised his brows and asked directly.

"Little friend Su Lang, please join the four Xishan schools and become Keqing!"

"The four Xishan schools will use all resources to cultivate Su Lang's little friends."

Zhou Guangji said solemnly, "Little friend Su Lang's alchemy talent even surpasses that of the alchemy **** Yun Yemeng. With our support, he will definitely reach the realm of the alchemy god!"

"Is it the realm of Pill God?"

The corner of Su Lang's mouth twitched, revealing a noncommittal smile.

What is the pill God, he can refine even the holy pill now!

Although the prescriptions and materials of the god-ranked holy ranks are too precious, Su Lang has none of them, and naturally he cannot refine them.

But this does not prevent him from possessing alchemy that can be called against the sky!

Of course, Zhou Guangji didn't know that Su Lang's alchemy had reached the holy rank!

"Yes, it is the realm of Pill God!"

"Little friend Su Lang knows that just recently an unprecedented auction was held in the Blue Star Danlou."

"There were as many as eight figures participating in this auction. Not to mention Emperor Wu, there were more than twenty people from Wu Zun alone."

"They all came for the precious pill, and they emptied their savings to buy a precious high-rank pill."

"What a noble person they are, but they are all bent over for that high-level pill."

"It can be seen how lofty the status of that refined pill is?"

Having said this, Zhou Guangji stared at Su Lang with scorching eyes, "Little friend Su Lang, I definitely want to be like that too!"

"..."

Su Lang's mouth twitched and he was speechless.

Those pills were all refined by him to search for spirit stones!

But now it was actually used by Zhou Guangji to paint him pie, which made him dumbfounded.

Seeing Su Lang not speaking, Zhou Guangji thought he was immersed in the bright future, he couldn't help showing his joy and continued to persuade him.

"That's just a high-level pill, it's enough to make Wu Zun put down his posture!"

"If the little friend can join the four Xishan schools and become a guest Qing, he will definitely be promoted to the Pill God!"

"At that time, the little friend Su Lang will definitely be respected by thousands of people, and countless powerful warriors will serve them, and Wu Zun dare not provoke him!"

"And the four of us in Xishan, and Su Lang's friends will be mutually beneficial, and we will be even better!"

The more Zhou Guangji said, the brighter his eyes, "If little friend Su Lang agrees, the alchemy classics from Canglan Continent in this space ring are yours!"

As soon as the voice fell, everyone was in an uproar.

It turned out that the important treasure in the spatial ring turned out to be an alchemy classic!

Moreover, Zhou Guangji kept saying that Su Lang would be promoted to the pill **** when he became a guest clerk, which shows that this pill Dao classic is definitely a **** level!

God-level alchemy books!

"God-level alchemy classics from Canglan Continent?"

Su Lang's expression moved, "I didn't expect your Xishan four houses to have such precious things. Where did they come from?"

Zhou Guangji's eyes flickered, and he used his spiritual power to transmit to Su Lang: "From the ancient clan of the hidden world!"

"Hidden Ancient Clan?"

Su Lang appeared in a daze.

If it were an existence with a long history like the Hidden Ancient Clan, it would make sense to be able to come up with the god-level alchemy books from the Canglan Continent.

"In fact, the ancient people of the Yinshi gave this alchemy classics to the four schools of Xishan, so that we can walk on their behalf and search for alchemy geniuses!"

Zhou Guangji continued, "If the little friend Su Lang agrees, the Hidden Ancient Clan will also become the strongest support for the little friend!"

"So, which family is this hidden ancient clan?" Su Lang asked.

Zhou Guangji replied: "The Jin Family!"

[Chapter 307: Wu Zunjin is invincible!](#)

"It turned out to be the Jin family of the ancient hermit."

The corner of Su Lang's mouth twitched, and said, "In that case, I would like to thank Patriarch Zhou for his kindness, sorry."

As soon as this statement came out, everyone was thunderous!

Su Lang refused, but he actually refused!

Rejected the invitation of the four families of Xishan, and knowing that the four families of Xishan have the background of the ancient clan!

Shouldn't he be grateful for his normal reaction?

How could... how could you refuse so simply?

The hearts of everyone were shaken, and they didn't understand at all.

"Little friend Su Lang, why do you... why refuse?"

"Obviously joining us, you can get countless resources and become the supreme alchemy!"

"Moreover, did you reject it because of the Jin family? Those are the three ancient ancient clans, and they are at the same level as Xuanyuan Martial Arts Academy!"

Zhou Guangji also opened his eyes wide, looking at Su Lang in disbelief.

"The Hidden Ancient Clan is good."

Su Lang smiled faintly, "But Xuanyuan Wudao Academy is enough for me to develop."

"Different!"

"Little friend Su Lang, you need to strive for the resources of Xuanyuan Martial Arts Academy!"

"And ours is different. As long as you join in, we will nurture you unconditionally!"

Zhou Guangji took a deep breath and said a little hastily.

After he heard of Su Lang's deeds, he immediately made up his mind to recruit Su Lang, and of course he would not give up easily.

"Nothing is free in this world."

"I have to pay as much as I have gained from your Xishan four families and the ancient Jin family of the hidden age."

"Also, I have become your vassal since then, and I don't want to subdue to others."

"Xuanyuan Wudao Academy is different, where I am not a vassal of anyone, which is why I chose to join this organization."

Su Lang said indifferently, with a trace of memory in his eyes.

In his previous life, he grew up in a killer organization and was tired of being ordered and manipulated.

In this life, he does not want to lose any freedom, even in name.

"you!"

Zhou Guangji was rejected by Su Lang again, and his shock gradually turned into anger.

He is a quasi-wuzun, and he is almost invincible when Wuzun can't come out.

He took out the god-level alchemy books and kindly invited Su Lang, but was rejected.

How is this different from using a hot face to stick someone's cold ass! ?

Shame, great shame!

After a few breaths, the smile on Zhou Guangji's face gradually faded, and a cold breath spread.

At the same time, the other powerful warriors of the four Xishan Clan also released their breaths and pressed over!

"The soft one won't work, do you want the hard one?"

Looking at Zhou Guangji who was so angry, a faint sneer appeared at the corner of Su Lang's mouth.

Since the last time Owen Yao was beheaded, his clone had already been cooled down!

Su Lang now has 11 avatars in full, and he can sling everyone present by swallowing a part.

Zhou Guangji took a fierce breath and tried to force Su Lang to agree with his powerful combat power.

at this time!

"Hahahaha!"

With a burst of unbridled laughter, a muscular bald head walked into the hall.

This person is hairless, and his muscles bulge, like blocks of hard marble.

His eyes showed cheetah-like golden pupils, and they contained mysterious and unpredictable brilliance!

"Invincible Wu Zun, Jin Wu Zun!"

Seeing this person, Zhou Guangji immediately lost his voice in horror and hurriedly bowed to salute.

The rest of the four families in Xishan also had their breathing stagnant for an instant, suddenly stood up from their chairs, and quickly knelt on the ground!

"Wu Zunjin is invincible?"

Su Lang's eyes condensed slightly, and he felt a breath as deep as the abyss from Jin Wubai.

"Properties panel!"

"The combat power is not much different from the realm of cultivation."

"The three imperial level exercises, one is even more powerful, and they have only increased their combat power by half a small level."

"It seems that the further the road of martial arts goes to the back, the greater the gap between the exercises."

"But I think about it, the higher the realm, the bigger the gap. Of course, the combat power that a lower level can improve is not high."

While thinking about it, Su Lang looked at Jin Wufei's expression.

At this time.

"It's worthy of saving the mighty martial artist of Dongfang City by oneself."

Jin Wubai strode towards Su Lang and said with a smile, "I admire this kind of will, this kind of courage, and this kind of pattern."

As soon as his voice fell, everyone in Xishan's four families was instantly sluggish!

Including Zhou Guangji, also looked at Su Lang dumbfounded.

This person is actually the Su Lang who turned the tide in Dongfang City!

They all knew about Su Lang's deeds in the Eastern City. After all, it was a **** of wind and spirit race!

However, they never expected that Su Lang from the Xuanyuan Martial Arts Academy in front of him was a powerful martial artist who killed dozens of S-level fierce beasts in Dongfang City!

"This!!"

Zhou Guangji's pupils shrank suddenly, and his face was immediately full of panic.

Just now, he dared to be angry with a powerful Wu Zun, and still wanted to force others to join the Xishan Four?

Oh my god, it's all dead!

"Senior Su Lang."

"The old man has eyes but no beads, please forgive me, senior!"

Zhou Guangji didn't even think about it, he bowed and apologized immediately!

Those of the four families of Xishan were also full of panic, bowing to the end one after another, begging for mercy in panic.

Among them, Zhou Yuque was wrapped up in a dull face and apologized, leaving his brain blank.

He previously claimed that Su Lang, who was a classmate, turned out to be a Wu Zun!

"Haha, I didn't expect you to investigate so quickly."

"I came to Blue Star City less than ten days from Eastern City, and I was found by you."

In the face of Jin Wufei, Su Lang is still calm and calm.

In fact, Su Lang had seen this Jin Wufei, who had appeared at the previous auction of pills.

Although he did a certain degree of disguise, Su Lang still remembered that breath clearly.

Because, in order to compete for a Wuzun-class pill at the auction, Jin Wubai was impatient and exuded a real breath.

"A Wu Zun who is anxious to bid for my pill?"

Seeing the muscular bald head in front of him, Su Lang couldn't help but smile.

"Actually, I didn't expect that Su Lang from Xuanyuan Academy was Su Lang from Dongfang City. It was all coincidence, fate."

Jin Wuwei looked at Su Lang with intense curiosity in his eyes.

On the surface, Su Lang only exudes a faint peak general-level spiritual energy fluctuation.

But his true combat power has reached a terrifying martial arts level!

"Perhaps some kind of concealment was used."

"But, he is really less than twenty years old, and that kind of youthful breath is absolutely impossible to fake."

"What method did Su Lang use? He was able to cultivate to the martial arts level in just a dozen years?"

"It took me six or seven hundred years of cultivation to reach the level of Wu Zun. In the eyes of mortals, his growth rate is the same as that of a baby instantly becoming an adult!"

As the thoughts flowed in his mind, Jin Wubai's eyes gradually gave birth to a trace of shock and greed.

And beyond that, there is a trace of fear!

After a pause, he wanted to speak.

But suddenly, Su Lang sent a wave of breakthrough fluctuations!

"what!?"

Jin Wubai, Zhou Guangji and others looked surprised, and discovered that Su Lang's aura fluctuations had been promoted from the top general to the quasi military commander level!

Yes, just now there was a reminder that the system could break through, and Su Lang broke through directly.

In fact, Su Lang was also quite surprised.

But after a little thought, he understood that this was the horrible cultivation benefit brought by the 10912 times the cultivation speed of the Wuwei level!

It will take about 3 years for an ordinary general with no lack of qualifications to break through to a quasi military commander, which is more than a thousand days.

Then, Su Lang can break through in only 0.1 day, which is two or three hours!

And one or two hours have passed since the one-key training function was upgraded to level 13.

Counting the cultivation base accumulated after the previous breakthrough, this time is when Su Lang broke through!

[Chapter 309: Turning face is faster than turning book](#)

"It's a perverted system!"

"It takes three years for others to break through, so I can do it in a few hours!"

Su Lang laughed wildly in his heart, but on the surface he said very calmly: "I'm sorry, I didn't control it, I broke through."

"!!!"

Everyone's faces were dull, and the whole person was full of suffocation.

Break through without controlling it...

Others have tried their best to find a breakthrough. When you are good, you still control it?

When everyone was stunned, Jin Wubai's heart was also full of turbulent waves.

At the same time, he suddenly understood one thing - Su Lang's peak military commander level cultivation base was real! !

"His cultivation base is the pinnacle military commander, no, now he is the quasi military commander!"

"In other words, he is not Wu Zun! He was able to kill dozens of S-rank fierce beasts before using some kind of super secret technique!!"

"The secret technique that can make the generals burst out of the martial arts power, my God! Even the secret technique of the gods can't do it!"

"Could it be the legendary holy secret technique, or some kind of treasure!?"

Fiery greed burst out of Jin Wubai's eyes!

He was still able to restrain it before, but now, he can no longer control his greed!

Looking at Su Lang smiling in front of him, the terrifying aura on Jin Wubai's body slammed over!

"Su Lang!"

"So you are just a military general!"

"You've been playing with us from start to finish, huh, so bold!"

"However, if you surrender to me and surrender the secret that gives you martial arts power, I can spare your life!"

With the horrible breath coming, Jin Wubai Hongzhong's voice spread throughout the hall!

At the same time, Zhou Guangji and others also burst into red muscles instantly!

Just now, they even apologized to a small military commander, they almost kneeled!

This is really a shame!

"Enclose him!"

With Zhou Guangji as the leader, all the people in the four families of Xishan were so angry that they surrounded Su Lang to the point of nowhere!

Suddenly, a powerful breath rose into the sky from the land of the West Mountain of Blue Star City, shocking many nearby warriors to flee in panic.

"Tsk tusk tusk tusk!"

In the West Mountain, in the hall, Su Lang's mouth turned up and made a sneer.

"Su Lang, hand over the secret and spare you not to die."

Jin Wubai took one step, and the real Wuzun-class aura pressed on Su Lang.

In addition, a powerful spiritual force lingered around Su Lang, like a poisonous snake choosing someone to eat, he could strike Su Lang at any time!

"Jin Wubai, you really turn your face faster than a book, I admire it!"

Facing Jin Wubai's powerful momentum, Su Lang's expression was indifferent, and his sarcasm was not diminished. "Unfortunately, you want me to give in? What a joke!"

"What you rely on is nothing more than that secret technique or treasure."

"As long as you use foreign objects, you need to pay a great price. How long can you maintain the martial arts level of a military commander?"

"In the face of the Wuhuang-level fierce beasts, you can slaughter wantonly, but under my hand, you are just an ant who can only struggle for a while!"

Jin Wubai's eyes are like needles, staring at Su Lang, with a sneer on his face, "I advise you to be acquainted and hand over the secret. I will keep my promise and spare you not to die!"

"Hahahaha!"

"Just based on your own guesswork, do you think it's overwhelming me?"

"It seems that the long years of Wu Zun have made you extremely arrogant!"

"Today, I will let you taste the taste of being beaten, dominated, and stepped under your feet!"

Su Lang's eyes flickered with cold light, and his thoughts moved, and he swallowed 5 clones instantly.

Suddenly, a gust of weather burst out from his body, directly pushing Jin Wu's aura away, and returning to the past to suppress it!

"General to Wu Zun!?"

"What horrible secret is this!?"

"Go away, run away, or you will all die!"

This sudden sudden change directly caused Zhou Guangji and others to panic and evade.

"what!?"

Jin Wubai also changed his face!

He never expected that Su Lang's combat power could rise to this Martial Venerable in an instant, and he was an Intermediate Martial Venerable!

This... is already stronger than him!

The long years have left Jin Wubu's mood of Gujing Wubo, but at this time Gujing Wubo has long since disappeared.

Instead, there are endless stormy waves!

[Chapter 310: No amount of waste is waste](#)

"Jin Wubai, you, who is known as the Wuzun Wuzun, are just a joke!"

The corner of Su Lang's mouth outlines a thick disdain.

Immediately afterwards, with a wave of his big hand, a powerful hurricane rushed out, pulling back Zhou Guangji and others who had fled outside the temple.

Now that he has already had a vengeance, Su Lang would certainly not let go of even one!

"Do not!"

"It's over! He's staring at us!"

"He is even more terrifying than Undefeated Wuzun, and he is dead now!"

"Damn it, why are we going to recruit him, why!?"

"It's all to blame for those dudes, if it weren't for them, we wouldn't have noticed Su Lang!"

"..."

The people of the four families of Xishan were sad and desperate.

"Huh! A bunch of trash, really think I will lose today?"

Jin Wubai suppressed the horror and yelled at him with anger, and the people of the four families of Xishan shut up one after another, showing expectations.

After a pause, Jin Wubai turned his gaze and stared at Su Lang: "Su Lang, you are indeed unexpected! But you are the one who loses today, because no one can stop my sword!"

At the next moment, Jin Wubai's wrist flipped, and a thick black sword appeared in his hand.

"It's a noble weapon!"

"Invincible Wu Zun has a powerful weapon in hand!"

"Great, great, among the world's martial arts, there are only a handful of martial arts who possess a weapon!"

"Although Su Lang has a huge aura, he is definitely not the opponent of the invincible Wu Zun!"

"Invincible Wu Zun, you must take down this madman, let him taste your methods!"

"..."

Seeing the black sword in Jin Wubai's hand, Zhou Guangji and the others showed excitement and excitement.

"Oh? A sword?"

"It's worthy of being a hidden family, it can actually create a venerable weapon, even if it is elementary."

Su Lang swept his eyes, and directly saw through the bottom of the black sword.

This broad sword uses a lot of precious materials, and there are eleven kinds of materials for the noble rank alone, reaching the level of a noble noble implement.

It is a pity that because of the refining technique, it is only in the middle of the elementary veneration.

"Huh, it's good to know that it is a venerable weapon!"

"Even if you are an Intermediate Martial Venerable, I can still resist you until your secret method fails or your aura is exhausted!"

Jin Wubai sneered, "Su Lang, you'd better kneel down and beg for mercy immediately, otherwise don't blame me for making the move!"

"Hahahaha!"

"With this venerable weapon, you can indeed compete with the ordinary intermediate martial veteran, but unfortunately, do you think you have the venerable weapon?"

The corner of Su Lang's mouth raised, and with one hand, the Thousand Miles Shocking Sword appeared in front of him.

Immediately afterwards, the horror sword light flickered, and those Xishan four martial artists who were slightly under-cultivation were almost blinded!

"This... seems... like a more powerful weapon!?"

"How is it possible!? How could he have a more powerful weapon?"

"No, this is not true!"

"..."

The members of the four families of Xishan who had just been excited for a while, fell into fear and despair again!

And the sneer on Jin Wubai's face also solidified instantly!

Both sides have sacred weapons, and the other side's sacred weapons are even more powerful. How to fight this?

"Gooooo!"

Jin Wubai swallowed nervously, but he did not flinch.

"Come out, Zhou Mihe!"

He yelled fiercely, "Today we captured this person alive, and the harvest is evenly divided!"

His voice was condensed into a bunch, directly running through the entire West Mountain, into the mountain's belly.

"boom!"

In the belly of the mountain, a bone-like existence suddenly opened his eyes, and a shocking breath broke out!

The next moment, the mountain belly burst open, and a skinny old man straddled the mountain range and rushed into the hall in a flash, sandwiching Su Lang with Jin Wubai.

"Zhou Guangji, the Patriarch of the Zhou Family, is Zhunwu Zun, and the four Xishan schools really have the background to suppress!"

Looking at the skinny Zhou Mihe, Su Lang narrowed his eyes and called up the attribute panel.

With a slight sweep, the realm of Zhou Mihe's Intermediate Wu Zun was undoubtedly revealed.

However, this person may be the end of the day, and his defense and endurance have declined to the level of a junior martial artist.

"Humph!"

"Su Lang, today you will definitely die."

"I will give you a chance at last, surrender, or die!"

With two opponents and one, Jin Wuwei is on top, and the winning ticket is in hand.

"Ha ha!"

Faced with the two great martial arts, Su Lang calmly said, "No matter how much waste there is, it is also waste. In the end, it will fall under my feet and become a handful of loess."
