

One Click 331

[Chapter 331: Blue Star is at stake](#)

"Based on the clues currently available, it is speculated that this time it should be the Warrior Alliance."

"But what about the Martial Arts Alliance? Even with the instructors from Xuanyuan Martial Arts Academy, they will definitely not be able to attack our Golden Dragon Mountain Range."

"On the contrary, the wind spirit tribe army is coming soon, and it will be their end!"

"Pass the order, gather important members, prepare to fight at any time, send people secretly to the Li family and Wei family, try to persuade them to surrender!"

"I will immediately contact the Fengling Clan to speed up the speed of tearing through the cracks in time and space. The nails on the Xuanyuan Martial Dao Academy can also be activated!"

With a few words of Jin Yuanji, the Jin family's course of action was established

——Tear the skin thoroughly, betray the human race, and join the wind spirit race!

"We betrayed completely!"

This thought instantly appeared in the hearts of the other ten Wu Zun.

In fact, they more or less hesitated and struggled.

As a human race, as a hidden ancient race that has been passed down for nearly two thousand years, the faith and glory of human civilization have already affected them.

However, the Fengling clan is really too strong, there is more than one Valkyrie alone, and the lower Wuzun, Wuhuang, and Wuwang are beyond the human race.

Although the human race is developing rapidly, the progress of development is not as fast as the invasion of the wind spirit race.

Time and space cracks are getting bigger and bigger, and space barriers are getting thinner and thinner.

Not long ago, there was even a Valkyrie who broke the space barrier and formed a temporary channel, and descended on Blue Star!

This represents the knife of the Wind Spirit Race, almost on the neck of the Human Race!

The Blue Star is like a dangerous egg, at stake! !

As for the time-space crack in Xuanyuan Martial Arts Academy that was used as the final retreat, it was actually discovered by the Fengling Clan a long time ago.

It's just that the Wind Spirits haven't done anything yet, because the Wind Spirits use them as bait.

——When the human race fails, they will definitely lead the human race elite to retreat from then on, trying to integrate into the Canglan Continent.

At this time, the already ambushed manpower can cut the grass and roots, and completely wipe out the human race!

Knowing that this last retreat has been cut off and even became a trap, the Jin family chose to betray the human race.

Jin Yuanji didn't want to die, and the others in the Jin family didn't want to die.

Of course, the Jin family also has a high-sounding reason

—They don't want to ruin the entire human race with Yanxingxing.

They decided to stay alive and kneel at the feet of the Fengling race, begging for life, which might leave blood to the human race.

"Go away!"

Jin Yuanji waved his hand and disappeared in place.

The other ten Jin Family Wuzun looked at each other with wry smiles.

After the wry smile disappeared, it was a cold and determined look.

Just when the undercurrent is surging.

Su Lang took the Hall of Fame student badge and came to the Valley of Nature.

"Hi...whoo-!"

"The aura here is really comfortable!"

Su Lang opened his arms, feeling the aura surrounding his body, and murmured smoothly.

Tiansheng Valley is the place with the strongest aura in the Xuanyuan Mountain Range, and Yanxingxing once lived and practiced here.

Being able to live in the Valley of Nature is an important benefit for the Hall of Fame students.

It was night at this time.

Some sparse lights can be seen in Tiansheng Valley.

Every place of light represents a residence of Hall of Fame students.

"This is the gathering place for the top talents of the entire Blue Star!"

Su Lang hooked the corner of his mouth and walked forward along the path.

At this moment, a young man with long braids just walked across the path.

[Chapter 332: Your dog is blind](#)

"This is a student of the Hall of Fame?"

Su Lang looked at the braided young man with some curiosity, and found that this man was a martial emperor, and his bone age was less than two hundred years old.

"With the cultivation speed without lack of qualifications, it takes about five hundred years to cultivate to the Wuhuang level."

"But this person has cultivated to the realm of Emperor Wu in less than two hundred years, and Tiansheng Valley is indeed the most powerful genius gathering place for the entire Blue Star."

As Su Lang thought, he walked forward.

But at this moment, the young man with long braids glanced at Su Lang, frowned and walked over.

"This classmate, Natural Valley does not allow low-level students to enter."

The braided young man stood in front of Su Lang, his attitude seemed gentle, but the cold arrogance in his face and eyes could not be concealed.

Seeing this, Su Lang twitched the corner of his mouth and sneered: "Do you look down on people? Which eye can tell that I am a low-level student?"

"what!?"

The young man with long braids originally thought that Su Lang would leave tremblingly, but he didn't expect that the other party would directly start stunned, instantly looking bewildered.

Immediately afterwards, his dumbfoundedness quickly turned into anger, pointing at Su Lang and cursing:

"You are so young, and you are so face-to-face. There are so many people in the Hall of Fame. I have never seen you before. Can you still be a Hall of Fame student?"

Tiansheng Valley is an exclusive site for the students of the Hall of Fame. You tried to break into the Tiansheng Valley and you dare to scold me after getting my kind reminder! ? You are so bold! "

"Ha ha!"

"Is it a Hall of Fame student? Is it distinguished by these?"

Su Lang sneered again and again, and directly took out the Hall of Fame badge, "Keep your dog eyes open and see, what is this!"

"Ok!?"

The braided young man took a closer look and was stunned: "This is... the Hall of Fame badge!?"

"It looks like your dog is not blind."

Su Lang shrugged, put the Hall of Fame badge away, and walked straight ahead of the braided youth.

"You...stop me!"

After Su Lang took a bite and a dog eye, the braided youth felt a strong shame, and stepped forward to stop Su Lang.

"Why? Still wanting to fight but failing?"

Su Lang frowned, his eyes gradually getting colder.

The braided young man was just a junior martial emperor. In Su Lang's eyes, he was an ant that could be killed by a finger.

This guy has been **** twice, and Su Lang's patience is running out.

"Fight? Humph! I won't fight you, but my own school rules to clean up you!"

The braided young man's face was pale, and he said viciously, "Hurry up and hand over your fake Hall of Fame badge, be lenient in confession, and be strict in resistance!"

"Fake Hall of Fame badge?"

Su Lang rolled his eyes and shook his head, "It seems I was wrong, your dog's eyes are blind!"

"Hmph, dare to quibble!"

"You are not among the students of the Hall of Fame, and no one has been promoted to the Hall of Fame recently. You are definitely a fake!"

"Since you don't admit it, then I will take you to the law enforcement department, so that you can taste the punishment of the institution."

The eyes of the braided youth are full of fierce brilliance. As a Hall of Fame student, even if he does move his hands and violates the rules of the institution, the punishment is definitely not serious.

Besides, he is 'doing good deeds' and 'catching bad people'!

The next moment, the braided young man raised his hand and was about to capture Su Lang.

But at this moment, a soft drink suddenly came from behind Su Lang: "What are you two doing?"

The braided young man stagnated and looked up, only to see a woman frowning slightly, staring at him and Su Lang.

This woman has white skin and beautiful eyes, her face is not decorated with makeup, but she is exquisite and translucent, and she has a natural beauty.

[Chapter 333: I must have heard it wrong](#)

"Sister Xiao Ning?"

The young man with long braids recognized the person, immediately withdrew his hand, his face was joyful, and his eyes beamed.

This Senior Sister Xiao Ning's aptitude is against the sky, even among the students in the Hall of Fame, she is also a top-notch existence.

Moreover, she is the most beautiful female student among the Hall of Fame students.

You must know that when you go to the heights of martial arts, the essence of life will be sublimated, and your appearance will become more handsome and beautiful.

The female students in the Hall of Fame are all beautiful women, but none of them can compare with Xiao Ning.

Therefore, many Hall of Fame students admire her.

The braided youth is one of them.

"Senior Sister Xiao Ning, this kid made a fake badge and faked a Hall of Fame student, trying to break into the Valley of Nature, but I caught him straight!"

"Why don't we **** him to the Hall of Law Enforcement together, let him learn the rules before letting him go."

The young man with braids laughed, with a trace of admiration and flattery on his face.

"Fake badges? Fake Hall of Fame students?"

"Who is so courageous to do this?"

Xiao Ning looked at Su Lang with some doubts, but felt that his back was a bit familiar, and couldn't help but turn sideways to look at Su Lang's face.

And as soon as she took a look, she immediately opened her mouth slightly, revealing a surprise:

"Su...Senior Su Lang!!"

As soon as this statement was made, the smile of the braided youth immediately solidified.

"What!?"

"What's the matter with Senior Su Lang!?"

"There is such a person in the Hall of Fame, even Senior Sister Xiao Ning has to be called the chief speaker!?"

"No, this is impossible, I must have heard it wrong, I have hallucinations!"

The young man with long braids looked at Su Lang like a ghost, his face was full of incredible!

"Senior Su Lang, it's really you!"

At this moment, Xiao Ning walked to Su Lang, her tender face flushed slightly with excitement.

The young man with long braids was even more horrified when he saw this scene: "Senior sister Xiao Ning is really calling that kid senior, what is going on!?"

He turned his head and looked at Su Lang carefully, confirming that he had never seen this person, and his doubts suddenly deepened.

At this time, Su Lang smiled lightly at Xiao Ning: "Haha, I am not a senior, I should call you senior sister."

Su Lang had actually seen Xiao Ning.

Xiao Ning was standing nearby when he was giving a lecture.

She took the entire class very seriously, and she didn't even take a one-second shift, so Su Lang had a good impression of this 'good student'.

"Senior Su Lang, although you are too young, you have created that kind of magical alchemy!

My alchemy attainments are inferior to you, so I am not qualified to be your senior sister.

By the way, in the previous course, I still have a few questions that I don't understand. Senior Su Lang, can you teach me? "

Xiao Ning had a smile on her face, and her eyebrows were brilliant, bursting with excitement.

At this time, the young man with long braids also recovered.

"Senior Su Lang?"

"Create a magical alchemy!? The previous course!?"

"By the way, the instructor sent a message before saying that it was a golden student named Su Lang who was giving a big class in Shangyangshan Square. Could it be him!?"

"Moreover, Senior Sister Xiao Ning respects him so much. Doesn't it mean that this kid really created a magical alchemy!?"

The big class he gave was a great success! ? "

As a student of the Hall of Fame, the braided youth can't even take a class given by a golden student.

Even if his instructor told him that this course was really likely to have amazing results, he did not go.

Not only him, but many of the Hall of Fame students did not go.

The aloof they took Su Lang's start of class as a joke.

Therefore, the young man with long braids did not go to Su Lang's course at all, which also caused him not to know Su Lang.

At this moment, he had guessed the identity of Su Lang, and his heart was shaken.

And just when the young man with braided thoughts was full of thoughts, and his horror turned pale.

"Senior Sister Xiao Ning, of course I can answer your questions!"

The corner of Su Lang's mouth twitched and smiled, "However, someone stopped me to prevent me from entering the Valley of Natural Birth, and I will be taken to the Law Enforcement Hall to be punished and served!"

[Chapter 334: I disdain to embarrass you](#)

As soon as he said this, the young man with long braids immediately changed his complexion.

"This schoolboy!"

Xiao Ning's complexion darkened, and she turned to question the young man with braided hair, "Before you said that Senior Su Lang made fake badges, faked Hall of Fame students, and tried to break into the Valley of Nature. Can you have a basis!?"

Xiao Ning's question made the expression of the young man with long braids extremely ugly.

He thought he knew Xiao Ning, but he didn't expect Xiao Ning to even remember his name.

Moreover, Xiao Ning also called him a younger brother and Su Lang as a senior. This is because he thinks he is completely inferior to Su Lang!

"Damn it! You look down on me so much!!"

The braided young man roared wildly in his heart, angered.

As a student of the Hall of Fame, he walked outside, who is not respectful and respectful to him?

Despised? He hasn't experienced it for hundreds of years!

"Boy, I want to ask you something!"

Xiao Ning saw that the braided young man was silent, and asked again, "Why are you making things difficult for Senior Brother Su Lang?"

The young man with long braids wanted to get angry, but he abruptly held back.

In the Valley of Natural Life, I don't know how many genius Jiaozi like Xiao Ning. If he dares to fight against Xiao Ning, he will definitely be unable to do anything.

The braided youth took a deep breath and said, "Senior Xiao Ning, I think he is so young, I don't know he is a Hall of Fame student."

"Hey, after I took out the Hall of Fame badge, don't you know?"

Su Lang sneered and said, "Obviously I have seen my badge, and he insisted that it is a fake. You are going to take me to the Hall of Law Enforcement. You are so awesome!"

The braided youth defended: "You...you are so suspicious, how do I know if your badge is fake?"

"Are you a fool?"

"In this Xuanyuan Wudao Academy, who would dare to pretend to be a Hall of Fame student?"

"Once you are found impersonating a Hall of Fame student, I am afraid that you will not be expelled from the university, and the consequences will be extremely serious!"

"Who would pay such a big price just to stroll around in Tiansheng Valley?"

"Furthermore, the materials used to engrave the Hall of Fame badges are made by secret methods. Who can impersonate you?"

Su Lang asked a series of questions in one breath, sneered in his eyes.

"you....."

"A **** brat, what qualifications do you have to be in the Hall of Fame?"

The braided youth was trembling all over by Su Lang, and his face was red with anger.

"Humph!"

"This schoolboy, if you go to senior Su Lang's class, you won't have such a stupid speech."

"You arrogant people are really not eligible to stay in the Hall of Fame!"

"I advise you to apologize to Senior Su Lang immediately, otherwise you will be taken into the Hall of Law Enforcement.

Don't question my judgment. Senior Su Lang was awarded the Hall of Fame badge by exception. Who do you think awarded it? "

Xiao Ning looked at the braided youth indifferently, with a trace of contempt in his eyes.

Most Hall of Fame students think that they are the most talented people in the world, so they are arrogant and self-serving, thinking that they are right in everything. She hates this kind of people most!

"Senior Sister Xiao Ning..."

The braided young man was indifferently reprimanded and contemptuous by Xiao Ning.

"apologize."

Xiao Ning looked away, too lazy to look at the young man with long braids.

"you....."

"Okay, I apologize!"

The young man with long braids gritted his teeth, a feeling of cold pierced through his heart, and his admiration for Xiao Ning gradually turned into hatred.

Immediately afterwards, he resisted the anger and shame, and bowed to Su Lang, "I was wrong, I was wrong, please forgive me!"

At this moment, the young man with long braids was so deeply humiliated that he was trembling.

Su Lang faintly waved his hand: "I don't bother to embarrass you, just let this matter go."

With that said, Su Lang stepped forward.

Seeing this, Xiao Ning quickly followed up.

[Chapter 335: So jealous](#)

"you guys....."

Looking at the backs of Su Lang and Xiao Ning, the young man with long braids felt deeper and deeper.

Immediately, he sighed and left the place with a gloomy expression.

The other side.

"Senior Su Lang, I'm doing a good job!"

Xiao Ning chased Su Lang and walked side by side with Su Lang.

"Thank you, otherwise that guy doesn't know how much time is going to waste me."

Su Lang smiled lightly and asked, "You said before that you have a few problems that you haven't solved. Tell me about it?"

"Oh, it's like this..."

Xiao Ning's eyes lit up, and she quickly said her problem.

"Haha, I guess these are the same problems. This kind of alchemy method is more difficult on these points."

Su Lang smiled and nodded, and began to answer, "First of all, the first question..."

Seeing Su Lang starting to answer, Xiao Ning couldn't help listening attentively.

After a while, she suddenly realized: "So it's like this..."

"Yes, looking at it now, isn't it simple?"

Su Lang ticked the corner of his mouth and began to answer the second question.

Xiao Ning immediately calmed his mind and listened again with all his attention.

The two walked down the road, one said and the other listened.

From time to time, students from the Hall of Fame passed by on the road. After they saw Su Lang and Xiao Ning, they all showed devilish expressions instantly.

God!

Senior Sister Xiao Ning, who is fascinating with men, actually walked with a strange boy, talking and laughing, what is their relationship?

Seeing the two figures of Su Lang, everyone was surprised and looked at each other.

Some of them stepped forward to say hello to Xiao Ning, but they were completely ignored, and they couldn't help being jealous.

At this time, a student walked not far away, it was a young man with long braids.

He sneaked into a group of students who looked jealous, and spoke quietly.

"what!?"

"This kid turned out to be that Su Lang?"

"I said that he was a golden student before, and he was promoted directly to the Hall of Fame student. This is so amazing!"

"Damn it, Senior Sister Xiao Ning actually values him so much! Ignore us!"

"..."

After the students learned of Su Lang's identity, their jealousy grew stronger and their hostility grew stronger.

These people, in order to become a Hall of Fame student, which one is not desperately rushing, climbing desperately?

Which one did not take hundreds of years to get promoted from the potential level to the Hall of Fame?

But what about Su Lang?

They were promoted directly from the gold level to the Hall of Fame. How did this make them angry?

Moreover, the goddess that everyone admired was still following Su Lang, which was so jealous!

"No, you can't make him so cool!"

"Yes, yes, let's find a way to fix him!"

"However, he is likely to be awarded the Hall of Fame badge by the sect master exceptionally. We are a bit risky against him."

"We don't do anything harmful to the world, we are like this..."

time flies.

Before they knew it, Su Lang and Xiao Ning had reached the depths of the Valley of Nature.

"I'm done, do you understand?"

Su Lang suddenly stopped and smiled, "Do you want me to repeat it?"

Xiao Ning smiled slightly and said, "No need for senior, I already remembered it!"

"Then I won't talk about it."

A slight smile was drawn at the corner of Su Lang's mouth, "By the way, senior sister knows where there is a vacant place to live? It's best if you have never lived."

"Uh, there is no one who has lived, it should be the only one in the foothills of the North Mountain."

"But the concentration of aura there is much thinner than other places, it's not a good place."

Xiao Ning pointed to the northern foothills and said, "Why don't you go to other unowned residences. Although you have lived in people, the concentration of spiritual energy is higher."

[Chapter 336: It's time to take a wave of medicine](#)

"It doesn't matter, I'll go to the northern foothills."

Su Lang smiled and nodded. Anyway, he would stay one night, and after one night he would go to the Time and Space Crack and enter the Canglan Continent.

Xiao Ning smiled and said, "Well, by the way, I live on the edge of Linghu Lake. Welcome to come."

"sure!"

Su Lang smiled lightly.

Immediately, the two added the Chuanxin Jade Tablet and separated, Xiao Ning went to Linghu, and Su Lang went to the northern foothills.

Walking on the road, Su Lang's eyes fell into the mysterious black space.

At this moment, only half of the self-cultivation villain turned golden, and the light circle behind his head had not completely turned golden.

"Four or five hours have passed since the last breakthrough, but there is still no breakthrough in the realm of cultivation.

It seems that after reaching the Martial Commander level, the difficulty of cultivation has greatly increased. Even with a cultivation speed of more than 10,000 times, it takes about ten hours to get me promoted. "

"In addition, there is also the cultivation of spiritual power. When the pill medicine was refined in the alchemy building, it took more than ten days to advance.

After that, the one-key training function was upgraded, and the training speed increased by 4 times. It would take two or three days to get promoted.

Tomorrow is going to Canglan Continent, the mental power level is too low, it's not enough, it's time to take a wave of medicine. "

While thinking about it, Su Lang took out some pills from the storage space.

These medicines are all refined from materials purchased by the Blue Star Pill Building, and there are no spiritual medicines for auction.

Most of them are the mental power pills of the king rank, and the rest are the emperor rank, and there is no one of the noble rank.

"My mental power level is Ning Mist level, and the king-level imperial level is almost enough."

Su Lang smiled faintly, and while walking, he ate the pills one by one.

Soon, in my mind, the thousands of silk ribbons became more and more brighter and brighter.

The golden entanglement became more and more dense, and there were already signs of transforming into a liquid state.

"According to this speed, it is estimated that my spiritual power realm will be promoted in most of a day! Nianhai realm, it is really exciting!"

Su Lang's mood was very happy, and his steps couldn't help but get lighter.

Not long after, he came to the northern foothills, in front of a house.

However, it is strange that the house was lit up.

"Isn't there no one lives here?"

Su Lang furrowed his brows and released his mental power to investigate, but found that the house had its own mental power shielding ability and was unable to probe the inside.

This is also a way to protect privacy.

I can only knock on the door.

"Tuk tuk!"

Su Lang stepped forward and knocked three times on the courtyard door.

"Who?"

A man's voice came from inside.

Su Lang said: "I am a new Hall of Fame student. I heard that no one lives here."

"Oh, sorry!"

The man inside replied: "It was true that no one lived here before, but I moved in a few days ago. You can find another place."

"Moved in the other day?"

Su Lang asked a little strangely, "The concentration of aura here is obviously the lowest, why did you move here?"

"I bet that I lose to someone else. The bet is to live in this house with the worst aura."

The voice of the man inside was a little gloomy, "Stop talking, go to other places, I'm resting."

There was no sound in the yard.

"It's really unlucky for me to go. Can this happen too?"

Su Lang curled his lips, and then he left without any doubt.

In the yard, a male student sneered: "Flying up into the sky, right? Walk with Xiao Ning, right? Today we will let you go nowhere!"

Su Lang, who didn't know anything, took out the map after he left.

But after looking through it, Su Lang found that the map did not indicate where there was a residence in Tiansheng Valley.

[Chapter 337: Peep from the top of the mountain](#)

"It can only be detected with mental perception."

There was a burst of light in Su Lang's eyes, and his mental power instantly covered the surrounding area of several kilometers.

Almost in an instant, Su Lang saw three brightly lit houses, which were obviously occupied by people. However, he also found a strange feeling, as if someone was peeping in secret.

"Someone is watching me!?"

"But there is no one within the range of mental power..."

Su Lang furrowed his brows and looked up at the tip of the mountain in the distance.

That is a place where spiritual power cannot be observed, and it is also the highest place in the entire natural valley, with a very broad field of vision.

"It seems to be from a distance, watching me directly with the naked eye."

Su Lang shrugged helplessly, "Hehe, it's too good to get into trouble wherever you go."

Glancing at the tip of the mountain, Su Lang walked straight away.

If the other party was just monitoring and observing, Su Lang didn't bother to run over and shout to kill him, just watch it.

At this moment, on the tip of the mountain, a tall man was surprised.

"This guy seems to have found me!?"

"This is impossible, he is a little martial arts commander, how could he find my peep?"

"It should be a coincidence... My place is the highest place in the Tiansheng Valley, which is very attractive. He saw it by accident."

After a while of analysis, the man breathed a sigh of relief.

Immediately, he took out the jade plaque for communication and sent a message to many students: "Su Lang has gone to the east. Go and take the house there!"

"understand!"

"Let's go now and keep him from entering a house."

"..."

A series of replies appeared on the jade card, and the man couldn't help but sneer.

In the Valley of Nature, the number of Hall of Fame students is less than the number of residences.

Therefore, students have the right to freely choose their residence.

As long as you use mental power as the key, you can activate a residence and take it for yourself.

But the premise is that a student can only have one residence at the same time.

If a student already owns a residence, then the previous residence will automatically become a land of no owner.

The plan of the young man with long braids and others who are jealous of Su Lang is to occupy a residence near Su Lang, leaving him nowhere to go. He can only constantly search for a residence in the valley and fall into embarrassment!

Su Lang couldn't fight or scold, they could only use this method to **** Su Lang and let him suffer a secret loss.

At this time, Su Lang came to another place.

However, when he unfolded his mental power, he found that all the residences here were also occupied!

"How many students are in the Hall of Fame?"

Su Lang frowned deeply.

During the conversation with Xiao Ning, Su Lang knew how to move in to the residence in Tiansheng Valley.

He also knew that there were many unoccupied dwellings in the valley.

It stands to reason that it is impossible to find so many places without finding an uninhabited residence.

Therefore, Su Lang already felt something strange at this time.

"Forget it, let's use a clone to find it."

"By the way, see what is going on!"

Su Lang thought, six clones appeared in different places.

They are surrounded by black flames, which can block sight detection, and have mental barriers to prevent others' mental perception.

As soon as the six avatars appeared, they unfolded their mental powers and dispersed towards the surroundings.

And Su Lang himself changed direction and hurried towards the south.

"Su Lang has gone to the south!"

"Hurry up to the south and take up the residence there!"

On the top of the mountain, the man immediately sent a message.

The Tianshenggu is very huge, and this man can only make sure not to lose sight of Su Lang all the time.

Therefore, he did not discover that there were six more mysterious figures in the Valley of Nature.

After receiving the news from this man, the others immediately rushed to the south.

Unfortunately, a student who participated in the tricky operation was exposed to the mental perception of a clone of Su Lang.

[Chapter 338: Hey, I found it!](#)

"What the **** is this guy doing?"

Through sharing of perception, Su Lang saw the student and arranged the clone to follow.

Soon, Su Lang discovered that this student occupied an ownerless residence, which was located in the direction Su Lang was advancing!

In addition, there were successive students rushing over and occupying the nearby unowned residence!

"It turned out to be fixing me!"

"It's no wonder that all the way there is no land without a master."

"If it's an ordinary person, you would really be rectified by you, but you met me."

The corner of Su Lang's mouth twitched, revealing a sneer, "Dare to fix me, see if I make you cry, there is nowhere to cry."

Immediately, under Su Lang's control, the six clones rushed towards the places with the strongest aura.

The clone was extremely fast, and within a short time, he found six residences with very high aura concentration.

The houses are lit, but very quiet.

Su Lang controlled the clone's 'keyhole formation' to explore the residences with mental power, that is, to check whether these residences were occupied.

Later, he discovered that there were only two people in these six residences.

The remaining four are pretended to have people, but in fact are unoccupied residences.

"Hey, I found it!"

A sneer appeared on Su Lang's face, "Go in and see if there are any good things. Take away the ones that can be taken, and destroy the ones that can't be taken!"

Yes, Su Lang's purpose is to find a place for those guys and take revenge!

Under Su Lang's control, the four clones occupied the house with mental power, opened the door and walked in.

Soon, the clones found a lot of good things.

For example, the imperial pill furnace, imperial cauldron and imperial array pen placed in the alchemy room, refining room, and refining room.

Some precious materials that have not been put away, some spiritual plants planted in special soil, some used to show off treasures placed on shelves, and so on.

"Sure enough, those guys are reluctant to give up these aura-rich residences and plan to come back after I am being treated, so the house remains the same!"

And Tianshenggu said that it was the safest place on Blue Star, so they just threw things in the house without worry..."

Su Lang chuckled and asked the clone to clean up all the things that could be taken away, and directly smashed the things that could not be taken away and were of no value.

Soon, these houses became messy, and they were only a fire.

"There are definitely more than four people who fix me. It seems that tonight is a harvest night!"

A hint of ridicule was outlined at the corner of Su Lang's mouth, and then he dispatched his clone to continue searching for the target.

And his deity pretended to know nothing, looking for a place to live everywhere.

The young people with long braids and others were enjoying themselves when they saw that Su Lang was 'played around' by himself, but they didn't know that their lair had been taken over by Su Lang.

Time passed, and half an hour passed in a blink of an eye.

"Hahaha, this guy still didn't find a place to live!"

"Looking at him short of breath and looking around with a dazed expression, I was so refreshed!"

"Oh, he's here again in front of the house I occupy, I've rectified him twice, haha!"

"..."

In front of a house, Su Lang pretended to be surprised and knocked on the door.

"Tuk tuk!"

An impatient reply came from inside: "Who is going to take a rest, come here for a trick?"

"Oh!"

Su Lang pretended to be disappointed and turned to leave.

At this time, the clone has not been harvested for a long time.

"These guys' nests should have all been taken away by me, Jie Jie Jie Jie!"

Su Lang laughed inwardly, then retracted his clone and walked towards Xiao Ning's residence.

Yes, he will not only search for those guys' lair, but also make them more jealous, jealous of the kind that vomits blood!

[Chapter 339: Who said I can't get in](#)

"Hurry up, that guy rushed to the south."

The man on the top of the mountain immediately sent a message: "Everyone, go and occupy the house without the owner."

Immediately, all the students flew towards the south with a splash.

On the way, Su Lang is walking while checking the harvest tonight

—Three imperial pill furnaces, two imperial pots, one imperial array pen, semi-finished products, arrays, and spiritual plant materials, all of which are high-level.

"Hey, just the emperor-rank pill furnace, the pot and the pen, it won't be a waste of me to waste half an hour."

A satisfied smile appeared on Su Lang's face.

At the same time, the Long Braided Youth and others also discovered that after arriving at the south of Tiansheng Valley, Su Lang went straight to Linghu.

"Why is this guy going to Linghu?"

"Yes, there is only Xiao Ning's residence on the edge of Linghu Lake, is it possible that he is going to Xiao Ning's house?"

"No way!? He has such courage!?"

"Ma De, he couldn't find a place to live for so long, and only knew Xiao Ning, so he could only find her."

"No, we can't let him see Xiao Ning, we must stop him!"

"..."

A group of students discussed for a while and sent one person to rush to Linghu desperately.

Not long.

A misty lake appeared in front of Su Lang, the lake water was cool and clear, and the shore reflected the picturesque scenery.

In the distance, surrounded by mist, a loft is looming, quite a fairyland.

At this time, a shout came: "Hey, that classmate!"

"Oh? Coming!"

Su Lang smiled in his heart, and turned around pretending to be puzzled.

I saw the person here was a young Wuhuang with thick eyebrows, big eyes and a kind face.

"what happened?"

Su Lang asked with a dazed expression.

"Student, don't go over there. That is the residence of Senior Sister Xiao Ning!"

The young Wuhuang said eagerly, "Senior Sister Xiao Ning is deeply admired by Senior Qiming. If you offend Senior Sister Xiao Ning, Senior Qiming will definitely not let you go!

We must know that Qiming Senior is the most powerful war school student in our Hall of Fame, and already has the combat power of a junior martial artist! You must never offend him! "

"Senior Qiming? Oh, I see."

Su Lang said frankly, "But I just entered the Hall of Fame and couldn't find a place to live, so I was here, planning to find Senior Sister Xiao Ning."

"Can't find a place to live? Impossible!"

The young Emperor Wu pretended to be surprised, "Are there people in the place you happen to find? Do you want to stop looking for it?"

"Forget it, I have been searching for a long time, but I haven't found it yet."

Su Lang shook his head, and immediately walked to Xiao Ning's residence.

"Eh, don't go!"

"Senior Qiming will be upset!"

The young Emperor Wu said eagerly, "How about this, I'll take you to find it, and I will find it."

On the surface, he is very anxious, but the young Emperor Wu Huang in his heart is sneering: "Quickly promise. After you agree, I can hold your nose and go around for more than half an hour!"

however.

"No, thank you."

Su Lang'grateful' said, "Senior Sister Xiao Ning is kind to me, I still have to go to Senior Sister Xiao Ning."

"Don't, no one has ever been in Senior Sister Xiao Ning's residence!"

The young Emperor Wu stopped Su Lang and said, "Even Senior Brother Qiming never entered, you will definitely not be able to enter!"

"Who said I can't get in?"

Su Lang frowned, bypassing the young Emperor Wu, and walked forward.

"you!"

"It's really a dog biting Lu Dongbin and not knowing good people."

"You will definitely not be able to get in after a while, and you have to provoke Qiming senior, you wait to suffer!"

The young Wuhuang didn't recruit any more, so he could only look bitterly at Su Lang's back.

Immediately, he showed a gloomy expression jade medallion and informed the other students: "I failed!"

"I see it, it doesn't matter. Although Xiao Ning has walked with him all the way, it is only a one-sided fate, and he won't let him in!"

"Yes, right, right, Xiao Ning is so cold, she doesn't say anything to better students, how could this kid go in?"

"Look, he will be turned away soon, hahaha!"

"..."

Each student sneered, and then walked out of the dark to watch Su Lang being driven out by Xiao Ning.

[Chapter 340: Shoot yourself in the foot](#)

Soon, Su Lang came to the door of Xiao Ning's residence.

But before he knocked, the door suddenly opened.

"Senior Su Lang!"

"I didn't expect you to come to me so soon!"

Xiao Ning ran out of the yard with a surprised look, and looked so happy.

"Haha, there is no place to live in the northern foothills, and the rest are occupied."

Su Lang smiled, "I haven't found an unmanned residence after searching for more than half an hour, so I can only come over."

"Ah? How could this be? There are obviously many vacant residences in Tianshenggu."

Xiao Ning frowned and asked in confusion, "Could it be possible that someone deliberately occupied those residences and wouldn't let you in?"

"Probably."

"I have been promoted directly from the golden student to the Hall of Fame, and there will always be someone sour."

Su Lang shrugged and glanced helplessly in the direction where the young man with long braids and others were.

Xiao Ning understood, and when his mental power probed over, he immediately saw the young man with long braids and others.

"It's them?"

Xiao Ning frowned tightly: "Damn, why these people are so careful!"

"When the forest grows, there are all kinds of birds, I'm used to it."

Su Lang sighed and said with a smile, "Sister Xiao Ning, is there a free room here? Would you mind letting me stay for one night?"

I am going to Canglan Continent tomorrow, I want to fix it, I don't want to waste time. "

"Free room? Of course there is!"

Xiao Ning smiled happily, "By the way, Senior Su Lang, you said you are going to Canglan Continent? You are only a military commander, do you want to go so early?"

"Yes, I don't want to stay at Blue Star anymore."

Su Lang nodded and said, "Canglan Continent is better, with many resources, many races, and many geniuses. That's interesting."

"It's true that Canglan Continent is more suitable for Su Lang senior."

Xiao Ning said with a reddened face, "It just so happens that I want to go too, let's get together!"

Su Lang smiled brightly: "Okay, please take care of my senior sister!"

"Hmm, let's go in."

Xiao Ning's eyes were full of colors, pulling Su Lang's sleeves into the yard.

"boom."

There was a soft noise, and the door was closed.

In the distance, the braided youth and others raised their eyes and were dumbfounded.

"Fuck, Xiao Ning really let that kid in!"

"And... and Xiao Ning took the initiative to drag him in!"

"Oh my God, why is this, what's so good about that kid?"

"Damn it, who of you has a jade card for sending Qiming's senior, send him a message and let him have a fight!"

"No, you don't know the arrogance of that guy, you can only go to his residence to pass the news in person."

"Withdrawal, Madd, it is considered that he lifted a rock and hit him in the foot tonight, and let him live in Xiao Ning's house."

"My goddess, alas, go home and talk about it tomorrow."

"..."

The students had a discussion, and their faces were blue and red, as if they had knocked over several dye shops.

Afterwards, everyone looked at each other, and gradually stopped talking, and then left Linghu with a sigh.

At the same time, Su Lang followed Xiao Ning into the attic.

Xiao Ning often lives here, so the attic is decorated very beautifully and immortally.

"There are two rooms on the second floor. I live on the right. Senior Su Lang, please live on the left."

Xiao Ning pointed upstairs and said with a reddish face, "Come and come, I will take you there!"

"Hmm!"

Su Lang nodded calmly.

The two came to the upper floor. In the middle was a small hall with floor-to-ceiling windows. There was a huge bathtub in the small hall.

If you want to come to Xiao Ning, you should often bathe here.

Su Lang couldn't help showing a playful smile when he looked at the bathtub, and Xiao Ning's face immediately flushed even more when he saw this.

"This is the room."

She quickly took Su Lang's arm and went to the room on the left.

Although this room is not occupied, it is still very beautifully decorated by Xiao Ning.

"What a nice room!"

Su Lang looked around and nodded with a smile.

"Senior Su Lang likes it, then... I'm busy, seniors take a good rest."

Xiao Ning smiled lightly, then quickly walked out of the room and closed the door by the way.

Seeing Xiao Ning's seductive back with a little shock, Su Lang's mouth twitched.

At this time, a pleasant system prompt sounded.
