[Chapter 341: System, give me a breakthrough](#)

"Ding! "The Sun, Moon and Sky" has reached the perfect level!"

"Ding! "The True Method of Qi Jue Thunder" has reached the perfect level!"

"Ding! "The True Secret of the Golden Tire" has reached the perfect level!"

In an instant, Su Lang felt that his body was rapidly becoming stronger.

In addition, there is a large amount of information printed into his mind, so that he can directly master various attack methods.

"These three top exercises have finally reached the perfect level!"

Feeling the powerful force in his body, Su Lang's face rose with a pleasant smile.

Immediately afterwards, he immediately opened the attribute panel and took a look, and found that all four-dimensional attributes had increased by half a small level.

"At the Martial Emperor level, it is already very difficult to improve combat power. I can improve all aspects by half a small realm all at once. It's really cool!"

Su Lang's eyes were shining, excited, and then he placed his gaze on the jade slips in the storage space that had not yet been practiced.

At present, the one-key martial arts function has reached level 12, and it only takes six or seven days to practice the king-level exercises.

So this time, he decided to start practicing Wang-level exercises as planned.

Therefore, Su Lang directly eliminated all the exercises below the top level, and then took out the exercises above the king level.

There are dozens of jade slips in total, most of which are trophies obtained in the First World War of Xishan and Eastern City, and a few are techniques obtained by beheading Ou Wen Yao.

Among them, there are five imperial-level exercises, from Wu Zun Jin Wu Fu and Wu Zun Zhou Mi He.

There are more king-level exercises, 32 full!

After Su Lang's selection, he chose two thunder attribute kung fu master level techniques and a secret technique to temporarily increase combat power.

These three exercises are "Thunder Territory Frightening Profound Technique", "Lei Ying Destiny Picture", "Shen Gang Hun Yuan Profound Technique"

Among them, "Thunderland Shocking Mystery" is a large-scale thunder attribute attack trick.

Su Lang cooperated with eleven clones, enough to turn a big city into a thunder domain!

"Lei Ying Destiny" is a mysterious thunder-attribute body technique and skill, which can burst out terrifying speed in an instant.

With the quasi-artifact Youtian Sword, it can perform a fatal blow, extremely powerful!

And "Shen Gang Hun Yuan Xuan Gong" is a technique that can improve defense and endurance at the same time, and it is the top body-building technique among the king-level techniques.

Su Lang chose it to make up for the shortcomings in his own defense and endurance.

After choosing the exercise method, Su Lang immediately began to practice.

"Ding! "Thunder Territory Frightening Profound Technique" is placed successfully and it starts to practice automatically!"

"Ding! "Raikang Destiny Map" is placed successfully and it starts to practice automatically!"

"Ding! "Shen Gang Hun Yuan Xuan Gong" was placed successfully and started to practice automatically!"

Three system prompts sounded, and three martial arts villains moved in the mysterious black space.

One burst of thunder and lightning, covering a large area of the surrounding area; a faint thunder and lightning that shrouded all over the sky, constantly shuttled through the void, and the last one was cross-legged on the ground.

"After finishing the exercise, it's time to rest."

"When tonight passes, my cultivation level will be improved again."

"At that time, I will not be far from the real Wuzun level combat power!"

A glimmer of anticipation rose in Su Lang's heart, and then he stuffed a handful of pills to boost his mental power, and slept on the soft bed.

Nothing happened overnight.

In the morning, Su Lang was looking forward to the system notification sound as scheduled.

"Ding! The sea of repair is full, do you break through?"

Su Lang opened his eyes, his eyes shone brightly.

Then he rolled over and got out of the bed. With a movement of spiritual power, he was completely renewed, and by the way he also made the bed.

"This era is so cool, you don't even need to wash your face and brush your teeth!"

Su Lang took a deep breath and stretched out, and immediately ordered, "System, give me a breakthrough."

The voice did not fall.

A surge of spiritual energy suddenly appeared in Su Lang's body.

The spirits around, like the swallows returning to their nest, flooded towards Su Lang.

From a distance, a whirlpool of spiritual energy appeared around Xiao Ning's pavilion.

The thick spiritual mist enveloped the pavilion, almost condensed into a liquid!

[Chapter 342: Angry Li Qiming](#)

"This is... a breakthrough in the realm of cultivation!?"

"And this kind of breakthrough fluctuation seems to belong to the mid-level military commander. Did Senior Su Lang break through?"

In the room, Xiao Ning, who was wearing thin pajamas, rubbed herself up suddenly, causing turmoil.

"Senior Su Lang is less than twenty years old, so he broke through to an intermediate military commander?"

She stared at the room where Su Lang was with a pair of beautiful eyes, her face was full of surprise.

Generally speaking, a genius with no vacancy level can reach the general level at the age of thirteen or fourteen, but this is only a junior general.

If you want to reach the martial arts level, most of them must be over twenty years old!

Because the time required for a breakthrough in cultivation is constantly increasing, it is getting harder and harder to break through every small realm.

This is even more so after reaching the Martial Commander level. Even if you are a genius of the indispensable rank, it will take about ten years to break through from the junior martial commander to the intermediate martial commander!

This is still in the case of abundant cultivation resources.

And Su Lang broke through to the Intermediate Martial Commander when he was less than 20 years old. How could this not shock Xiao Ning?

"Not only is the alchemy aptitude against the sky, the cultivation aptitude is much stronger than the ordinary inexhaustible-level genius! This kind of aptitude can no longer be judged by the current qualification level!"

Xiao Ning was so shocked that she was short of breath, her chest constantly rising and falling, and the stormy waves surging in her heart endlessly.

At the same time, Xiao Ning was not the only person who was shocked.

In the Linghu Lake outside the attic, a figure was shocked and trembling!

"Someone broke through in Xiao Ning's attic!!"

"Really...someone really spent the night in Xiao Ning's pavilion!"

"No! This is not true! How could Xiao Ning let a man spend the night in her room!?"

"Moreover, that person is just a martial-arts-level trash, this is impossible, this is impossible!!"

"..."

The figure in the water is long and slender, dressed in luxurious clothes, and slightly distorted like a knife-shaved cheek.

If Xiao Ning sees this person, she will frown and say in disgust, "Li Qiming, what are you doing?"

Yes, this person is Li Qiming.

That is, the "Qiming Senior" among the long-braided youth and the number one disciple of Warmen, Wuzun Li Qiming!

Li Qiming didn't believe it at first after receiving a small report from the young man with long braids and others.

Because Xiao Ning was too cold, he didn't believe that Xiao Ning would let a man into his yard, let alone stay overnight.

However, under the pledge of the young man with long braids and others, he was shaken.

So he ran to Linghu to see if it was true.

Since Xiao Ning's residence cannot be explored with mental energy, it is even worse to ask questions

——He can't get in, how can he be sure if there is a man in Xiao Ning's attic?

Moreover, if he dared to come to the door to inquire, he would definitely make Xiao Ning extremely disgusted.

That's why he hid in the water for a full night, and then... he felt the movement when Su Lang broke through.

At this time, Li Qiming knew that the braided youth and others really did not lie to him

——Xiao Ning really let that newly promoted student Su Lang enter her attic for the night!

"This **** ant!!"

"He actually spent the night in Xiao Ning's pavilion!"

"No! How could Xiao Ning let him in and let him stay overnight, my God!"

Li Qiming looked at the direction of the pavilion, couldn't help but gritted his teeth, his face was savage, and the earth broke in his heart.

Tiansheng Valley is the gathering place of the entire Blue Star's super genius.

And Xiao Ning is the one with the highest aptitude and the best looks among female geniuses.

Li Qiming is not only the strongest genius of the Warmen, but also a member of the ancient Li family.

He has a noble status and outstanding ability. He thinks that only Xiao Ning is worthy of him, and he has already regarded Xiao Ning as something in his pocket.

At this time, Su Lang spent a whole night in Xiao Ning's room. The ghost knew what the lone man and widow did that night?

Li Qiming felt that the top of his head was very heavy, as if he was wearing a green hat of several thousand tons.

When Li Qiming was furious, the breaking movement in the attic direction gradually disappeared.

Inside the room.

"What a beautiful day!"

Su Lang exhaled incomparably cool, at this time his cultivation realm had successfully broken through to the realm of the intermediate military commander.

"Properties panel!"

Su Lang thought, his detailed information appeared before him.

"All attributes are raised to a small level, it's beautiful!"

"Furthermore, the exercises practiced are all at the Consummation level, and it is refreshing to watch!"

Looking at the attribute panel, Su Lang was so excited that he almost laughed.

At this moment, a soft knock on the door suddenly sounded.

"Tuk tuk!"

"Senior Su Lang? What are you doing? Have you finished your breakthrough?"

Xiao Ning's soft and sweet voice came from outside the door.

"Senior Sister Xiao Ning is here?"

Su Lang's expression changed, and he replied, "Yes, I just finished the breakthrough. Didn't it bother the senior sister to rest?"

"Of course not!"

Xiao Ning said outside the door, "I got up a long time ago, after all, the plan for a day lies in the morning!"

"The plan for a day lies in the morning?"

"Yes, yes! Senior Sister Xiao Ning is right."

Su Lang smiled slightly, then stepped forward and opened the door.

When the door opened, Su Lang saw Xiao Ning in white clothes, full of fairy spirit.

At this time, there was still a trace of surprise on her face, and there was a trace of envy in her eyes towards Su Lang.

At the beginning, she was an intermediate military commander who only broke through at the age of twenty-six. This was the fastest rate among the Hall of Fame students.

But Su Lang was less than twenty, and he broke through to an intermediate military commander.

Comparing the two, one is on the ground and the other is in the sky.

Just when Xiao Ning was envious.

"Senior Sister Xiao Ning is really getting more and more beautiful every day."

Seeing Xiao Ning's eyes gleaming slightly, Su Lang praised him sincerely.

"How can it..."

Xiao Ning's face flushed slightly, she was a little shy.

"Haha!"

Su Lang asked with a smile: "Senior sister came here for my breakthrough?"

"Yes... But there is one more thing."

"Don't Senior Su Lang also go through the cracks of time and space to the Canglan Continent?"

Xiao Ning nodded and shook her head, and smiled, "It's not too early now, we can go to that nameless mountain to gather."

"It's ten o'clock meeting, it's really late now, let's go."

Su Lang smiled slightly, walked out of the room, and closed the door by the way.

Immediately, the two left Linghu and rushed towards the meeting place.

Not long after the two left, a figure slowly rose in the Linghu lake, floating on the water.

"This man is Su Lang? A newly promoted Hall of Fame student?"

"Damn it, a mere military commander, who dared to win love with a sword, I must severely teach this bitch!"

"There is also Xiao Ning. I was so infatuated with you in vain, and even carried me and other men on my back. I will not forgive you!"

The more Li Qiming thought about it, the more angry he became, and his deep love for Xiao Ning turned into hatred.

His eyes are blood red, his teeth are broken, his hair is upside down, and his veins are exposed, almost exploding on the spot!

After a long time, the anger in his heart subsided a little.

"Look at the direction you are going, this is the place where the people who went to the crack of time and space gathered this time."

"Very well, I also want to go to the cracks in time and space, hum, see if I will kill you men and women!"

With a hysterical roar in his heart, Li Qiming's aura exploded, and the whole person rushed out like a rocket.

[Chapter 344: Mental power](#)

On this occasion.

Su Lang was walking with Xiao Ning on the road, chatting about his alchemy experience.

In the beginning, Xiao Ning only talked about the topic of 'refining a large amount of alchemy in a short time.'

Later, she tried to guide in other ways, wanting to see how Su Lang's alchemy attainments were.

So, after a while, she fell into shock!

During the conversation, Xiao Ning felt that Su Lang's alchemy attainments were unfathomable.

Because no matter what question she asked, Su Lang could answer it very easily.

This also included the problem that had troubled Xiao Ning for many years, and even her mentor had a headache.

"Senior Su Lang did not happen to create a magical alchemy by luck, he has a very high level of alchemy!

Tianle, he is less than twenty. Not only did his cultivation level rise so quickly, his alchemy attainments were also daunting, really amazing..."

Looking at Su Lang's handsome face, Xiao Ning's eyes were bright and brilliant.

In her opinion, Su Lang will be able to become a powerful existence as amazing as Wushen Yanxingxing!

But at this moment, Su Lang suddenly changed his expression.

"Ding! The spirit level can be broken, can it be broken immediately?"

"Finally waiting for you, the moment when the mental power level breaks through!"

There was a touch of excitement that could not be concealed on Su Lang's face, and then immediately ordered a breakthrough.

next moment!

In the dark sea of knowledge, the number of thousands of silks has once again soared!

In an instant, the entire dark sea of consciousness was opened up by the light.

In this space, countless golden 氤氲 appeared suddenly.

These thick golden clouds rushed into the white halo in the middle like golden clouds.

More and more golden entanglement, condensed together, forming a continuously circulating golden gauze mist!

And these golden gauze mist was concentrated again, forming a drop of golden bright liquid.

This is liquid mental power!

As the first drop of liquid mental power condensed hard, more and more liquid mental power condensed, forming an extremely bright liquid ball of mental power in the white circle.

An astonishing light radiated from the liquid ball, illuminating a large area of the dark sea of consciousness.

In the outside world, Su Lang's eyes burst out with a burst of light, but fortunately, he concealed it in time and didn't let Xiao Ning see it, otherwise he would have to spend more time talking.

"Finally reached, the realm of Nianhai!!!"

"From today, I can stare at the ordinary Emperor Wu, Jie Jie Jie Jie!"

Su Lang's mood was so good that he was even more detailed when answering Xiao Ning's question.

Xiao Ning felt something strange about Su Lang, but she never expected that Su Lang actually possessed the terrifying spiritual power of the martial arts commander level!

The two continued to move forward, continuing to exchange questions on the alchemy.

Su Lang took a moment to secretly test his mental power.

First of all, the range of mental perception is directly increased by more than ten times, within tens of thousands of kilometers, you can know it!

Secondly, the abilities of spiritual possessions are also more powerful, and it is completely possible to control countless flying swords with spiritual power, forming a vast array of swords.

Of course, this kind of move looks very powerful, but it also has a good visual effect. In fact, it is not as good as Su Lang's casual sword.

For Su Lang, the ability of spiritual imperial possessions had another function, which was 'flight of the sword.'

Ordinary warriors must reach the rank of the king of war and upgrade their lives to fly in the air.

Although Su Lang's combat power was as high as the peak Martial Emperor, he still hadn't sublimated the essence of life, so he couldn't protect himself from the void, and could only do a short gliding flight.

But it's different when the spiritual power reaches the state of Nianhai.

He can completely control a rock, a sword, and a piece of cloth to fly into the sky for permanent flight.

In the end, the greatest benefit brought to Su Lang from the increase in mental power was that he could prevent him from being attacked by mental power and thus dying unclearly.

"It is said that there are rare exercises in the world that specialize in cultivating mental power. If you have the opportunity, you must get it..."

In thinking, Su Lang and Xiao Ning went all the way, and soon came to Wuming Mountain.

[Chapter 345: He actually came with Xiao Ning](#)

This nameless hill is located in a huge canyon, and it does not seem to be special.

Before Su Lang and Xiao Ning arrived, many selected students had already arrived here.

Among them, several guys who tried to **** Su Lang also appeared here.

For example, the man standing on the top of the mountain to watch Su Lang;

For example, the young man with long braids who formed a beam with Su Lang at the beginning;

For example, the young Martial Emperor with thick eyebrows who stood up to fool Su Lang not to go to Xiao Ning's house...

And their faces are very, very ugly.

Last night, when they watched Su Lang enter Xiao Ning's house, they suffocated a suffocation and dispersed.

As a result, as soon as they returned to their home, they found that their home was like 10,000 thieves, and all valuable things were gone!

Either disappeared or was directly destroyed, leaving a piece of wreckage.

Seeing this scene, they were all shocked to the point of dullness, and were at a loss where they were.

Immediately afterwards, they inquired about each other, only to realize that all the students who participated in the tricky Sulang operation had been killed.

Everyone fell silent and immediately began to analyze.

Su Lang, the initiator, was ruled out by them from the beginning.

Because they didn't know that Su Lang had many clones.

The deity Su Lang has been under their surveillance all the time, so they think it is impossible for Su Lang to do it.

Finally, after some analysis, everyone came to an extremely angry conclusion-"We have a traitor!"

Although everyone acted together at the time, there must be someone deliberately revealing the action information to their friends, and let their friends copy their homes everywhere!

It's so amazing!

In this way, everyone is suspected, but everyone does not admit that they did it themselves.

Who is the 'House Thief' has become an eternal secret!

At this moment, the long-braided youth, the mountain-tip man, the thick-brow youth and others gathered together, losing a lot of mutual trust.

"My Sun Teng dare to say, I didn't do this mess!"

The young man with long braids said with hatred, "I was enmity with Su Lang from the very beginning, and I have been trying my best to rectify Su Lang..."

"He Xuan did not do such wicked things."

The young Wuhuang with thick eyebrows said, "I am not bad at Lingshi, and there is no need to surrender myself as a thief."

"I know that Su Lang and your positions are under my surveillance the entire time."

The man who was in charge of monitoring Su Lang on the top of the mountain said, "Theoretically, I have the greatest probability of doing this, but Wu Hao, I swear by Dao heart, definitely not me!"

"..."

All the students opened their mouths to show their innocence.

A student said, "Well, everyone proved their innocence last night, and they all said 10,000 reasons. Don't talk about it today, can you just admit it..."

He Xuan, a young man with thick eyebrows, said suspiciously: "Oh? You say that, I'm going to doubt you!"

The others also stared at the student, making him wave their hands to explain.

at this time.

A student pointed to the distance, and said in surprise: "Look, isn't that Su Lang? He actually came with Xiao Ning!!!"

"what!?"

Not only Sun Teng and the others, but all the students on the hill stopped talking, showing deep surprise.

Immediately afterwards, they turned their heads to look around, and they saw Su Lang and Xiao Ning walking side by side, walking towards the hill talking and laughing.

Seeing this scene, everyone's eyes burst out and their mouths were speechless.

After a brief silence, someone took a deep breath, trembling and whispering in disbelief.

"What the hell? The little fairy Xiao Ning is so happy walking with a man!?"

"Mom pulled a cup. I must have lost my eyes. How could Xiao Ning walk with a man?"

"It's not true, it's not true, I still dreamt that Senior Sister Xiao Ning smiled at me last night, she would be with other men like this!"

"I have never seen that man before. Who on earth is he who can actually get Xiao Ning's affair!"

"This kid, is Su Lang from my brother's mouth? He doesn't look very good, so he would be attracted to Xiao Ning and let him stay at home all night?"

"What? What did you say? This kid is called Su Lang? He still spent the night at Xiao Ning's house?"

"Spent a night at Xiao Ning's house!? My Tianle! I'm not working anymore! Hurry... Give me a deadly pill!"

[Chapter 346: Jealousy envy hate ah](#)

"....."

There was a cry of ghosts and wolves on the hill, and the men were heartbroken and heartbroken!

Xiao Ning is their recognized goddess. Every one of them is chasing, but they can't chase them all. They can only watch from afar.

At this moment, seeing Xiao Ning with a man broken through the sky, how could they not feel sad?

And just when they were so distraught, they beat their chests and feet.

A few female students also looked at Su Lang in surprise.

"Is his name Su Lang? What's so strange about being able to be with Sister Xiao Ning?"

"I think Su Lang is very good-looking, especially good-looking. Senior Sister Xiao Ning must have fallen in love with him at first sight."

"Senior Sister Xiao Ning is not such a superficial person! I know this Su Lang, he is really amazing, he is our Dan Sect's most outstanding genius, there is no one!"

"Ah!? He turned out to be the most outstanding genius of Dan Sect!? By the way, why did I suddenly feel familiar with the name Su Lang?"

"That's right. Su Lang gave a big alchemy class in Shangyangshan Square last night. Almost all the students and tutors from the entire college went.

I went too, so you were arrogant, didn't go, and missed the super important alchemy. "

"Ah? That's that Su Lang, he actually succeeded, and he was also in the Hall of Fame, so amazing, I regret it!"

"..."

There was a lot of discussion, and everyone's eyes focused on Su Lang and Xiao Ning.

Curiosity, surprise, envy, jealousy, hatred...

If this is an ordinary person, it might really fail on the spot.

But Su Lang was calm and unhurried in teaching the teachers and students of the whole college. This scene is trivial.

Xiao Ning, as a great beauty and genius who has attracted much attention, has long been accustomed to the onlookers of others, so she is very indifferent.

The two of them found a big flat rock and sat on it to continue talking about the profound meaning of Dan Dao.

One talked eloquently and kept telling, while the other looked intoxicated and listened carefully. Such a beautiful scene made the male students almost vomiting blood with jealousy.

At this moment, the appearance of a person diverts their attention.

I saw a figure in the distance like thunder, flying into the canyon and falling onto the hill.

"It's Senior Li Qiming!"

"The first war disciple, he will also go to Canglan Continent!"

"Wow, Qiming-senpai's face is so ugly, it's the first time I saw him so angry."

"Xiao Ning was regarded as something in his bag, but walking with Su Lang at this time is a great shame. How can he not be angry?"

"Then why didn't he go to drive Su Lang away, instead he didn't even look at Xiao Ning when he was there?"

"Did you not hear that Su Lang spent the night in Xiao Ning's room, and the lone man and the widow were doing the firewood. What do you think will happen?"

"In other words, Senior Sister Xiao Ning is no longer a pure body? So Senior Qiming has given up her mind?"

"Xiao Ning is not finished, how arrogant is Qiming Senior? He will definitely not chase Xiao Ning anymore, and he will never endure such shame in vain, he will definitely retaliate!"

"Hey, Senior Qiming is the first disciple of the War Sect. He is already a junior martial artist, and he is better than the average War Sect instructor.

And behind him there is the Li family of the ancient family of hermits. From my point of view, this Su Lang must be cold soon! "

"What do you think Senior Qiming would use to deal with that Su Lang? Will it be cruel?"

"Hush, Qiming-senpai is something you can talk about at will? Hurry up and shut up, be careful that the misfortune comes out of your mouth."

"..."

Everyone gradually stopped talking, and a lot of eyes kept shifting back and forth on Li Qiming and Su Lang.

When looking at Li Qiming, everyone's eyes were very complicated.

The number one disciple of this war door, almost also the number one in the Valley of Natural Birth, overwhelmed them too much.

At this time Li Qiming suffered a loss, although they dare not say, but there must be some gloating.

When they looked at Su Lang, everyone's eyes were more unified, with pity, sarcasm, and contempt.

[Chapter 347: Jin Jia Jin Xiu Tian](#)

"Li Qiming? He likes you?"

Su Lang listened to the discussion and asked Xiao Ning with a smile.

"Well, but I'm not interested in him."

"He chased me for many years, but I never promised him."

Xiao Ning pursed her small mouth and said in a low voice, "Today, he is planning to give up."

"He gave up, I'm in trouble!"

Su Lang laughed, "Senior Sister, I was a shield for you, what do you say?"

"Don't worry, I won't let you be bullied!"

Xiao Ning patted Su Lang's shoulder earnestly, with determination in his tone.

On the other side, Li Qiming saw this scene, his face was as dark as the bottom of a pot.

"Dog men and women, dare to do such intimate actions in front of so many people, I will not forgive you!"

Li Qiming gritted his teeth fiercely, roared wildly in his heart, almost wanting to swallow Su Lang alive, and crush Xiao Ning...

at this time.

The gradually quiet students heard another uproar, and they all looked towards the horizon.

I saw a figure flying into the canyon with a robe.

"It's Brother Jin Xiutian!"

"Boss Kim is here finally, walk around!"

"..."

Some students showed surprise and awe, as if the younger brother had met the boss.

"Jin Xiutian? The Jin family?"

Su Lang couldn't help but look up when he heard the discussion.

I saw that Jin Xiutian was a quasi-martial master, who was white and fat, smiling, like a wealthy businessman who made money.

"Jin Xiutian is a genius disciple of the ancient Jin family of the hidden age, and a disciple of the War Sect."

"His cultivation base is second only to Li Qiming in the Valley of Natural Life, and Li Qiming can't deal with it."

Xiao Ning introduced, "This person has been recruiting students to join the Jin family in Guzhong recently, and many students have agreed."

"It turned out to be from the Jin family."

A trace of doubt flashed in Su Lang's eyes, "What are their intentions for recruiting geniuses so frequently?"

"I do not know either."

Xiao Ning shook his head and said, "Perhaps the Jin family wants to go to the bright side."

Now, no one knows that the Jin family has taken refuge in the Fengling clan.

The Jin family recruited geniuses everywhere, with the purpose of preserving the potential of the human race, so that after they survived, they would have a chance to rise.

After all, no one wants to be an eternal slave. Li, and the Jin family, as one of the aloof and hermit ancient tribes, is even more so.

Of course, this purpose is secret.

On the bright side, the Jin family recruited geniuses to get to the bright side and become a major force.

Even Jin Xiutian didn't know this.

at this time.

Jin Xiutian flew to the hill and landed slowly.

Many students hurriedly stepped forward to greet them, and there were as many as a dozen people.

"Hello Brother Jin!"

"Brother Jin Wanan!"

"Brother Jin is handsome again today!"

"..."

A series of superficial flattery slapped them desperately, but Jin Xiutian was very useful and comfortable.

Immediately afterwards, Jin Xiutian looked around and his eyes fell on Li Qiming.

"Senior Brother Qiming looks good today!"

He stepped forward and said to Li Qiming with a smile.

Jin Xiutian and Li Qiming were basically the same, both were geniuses of Zhunwuzun.

The two competed and were hostile to each other. Later, Li Qiming was promoted to Wu Zun, but Jin Xiutian did not make a breakthrough, and the gap widened.

For this reason, Li Qiming ridiculed Jin Xiutian, which made him very angry.

Of course, the well-connected Jin Xiutian knew the origins of Su Lang and the affairs between Li Qiming and Su Lang.

Therefore, he mocked Li Qiming when he came up!

"Huh, the defeated man is not qualified to talk to me, get out!"

Li Qiming was furious, glanced at Jin Xiutian and scolded coldly.

"Ha ha!"

"Aren't you also someone else's defeated opponent!?"

Jin Xiutian sneered and said with a mockery, "You haven't been able to catch Xiao Ning for so many years, and Su Lang can do it in one day. Tell me, you are so trash!?"

"whispering sound!"

"It won't take long for me to make that little chopstick ugly."

"You used that little **** to mock me, and he was killed by me in two days. Don't you think it's slapped?"

Li Qiming also sneered again and again, and said without showing weakness, "In my opinion, you are drinking and not eating vegetables. You are drunk!"

"Tsk tusk tusk tusk!"

"If you want to kill people at every turn, it's a fool from the reckless family."

"It's a pity, with me, Jin Xiutian, you Li Qiming can't touch Su Lang!"

Jin Xiutian laughed, and immediately turned and walked towards Su Lang, and his followers quickly followed.

[Chapter 348: Not good intentions at all](#)

"Damn!!"

Li Qiming looked at Jin Xiutian's back, feeling frustrated and extremely depressed.

If Jin Xiutian wants to protect Su Lang, he will really be in trouble if he wants to move Su Lang!

At the same time, the braided young man Sun Teng and others also looked stiff.

They rectified Su Lang, but they lifted a rock to hit their own feet, and forced Su Lang into Xiao Ning's home, which made them extremely frustrated.

However, they had no other way, they were counting on Li Qiming to clean up Su Lang.

But Jin Xiutian wanted to protect Su Lang, so don't let out the breath they were holding in their hearts!

Except for Li Qiming, Sun Teng, He Xuan and others, the rest of the students watched the scenes in the field, and they couldn't help whispering and whispering.

"I thought Su Lang was going to be cold, but Jin Xiutian wanted to protect him. It was really unexpected!"

"Yes, this guy is really lucky. Not only did he embrace the beauty, he also successfully avoided revenge!"

"Well, when will I have such good luck!"

"..."

Everyone's pity, ridicule and contempt for Su Lang once again turned into envy, jealousy and hatred!

At the same time, Su Lang and Xiao Ning also saw the fight between Jin Xiutian and Li Qiming, and couldn't help but look at each other helplessly.

Others think that Jin Xiutian wants to protect Su Lang, it is Su Lang's luck.

They didn't know that Su Lang was not happy because he didn't need Jin Xiutian to protect him.

On the contrary, in Su Lang's view, Jin Xiutian was just using him to humiliate his old rival Li Qiming, which is not goodwill at all.

At this time.

Jin Xiutian brought a group of followers to Su Lang and Xiao Ning.

"Sister Xiao Ning, hello."

"Hello, Junior Brother Su Lang."

Jin Xiutian smiled and smiled, without any pretensions.

Xiao Ning nodded and said, "Hello Senior Jin, are you doing anything?"

But Su Lang just nodded faintly, without saying anything.

Seeing Su Lang's actions like this, Jin Xiutian suddenly felt unhappy. Where did his Young Master Jin go, he kept flattering? I was ignored today! !

Those of his followers frowned even more, and their gazes at Su Lang were a bit unkind.

The atmosphere is getting colder.

However, Jin Xiutian still endured it. He made a wide range of friends and had met many arrogant people before.

"Haha, Xiao Ning, Congratulations on finding a close confidant!"

Jin Xiutian laughed, and the atmosphere immediately picked up, no longer cold.

"Uh, Senior Jin is afraid that he has misunderstood."

Xiao Ning said with a reddened face, "Su Lang and I are just fellow daoists, we are just sharing some experience on the alchemy."

"I understand, I understand, the exchange of experience is just like heart-to-heart!"

Jin Xiutian smiled, and Xiao Ning blushed.

And just when Xiao Ning wanted to explain, Jin Xiutian looked at Su Lang again:

"Student Su Lang, I went to your class yesterday. I have to say that you are really amazing. I admire you Jin Xiutian!"

As soon as this statement came out, Jin Xiutian's followers immediately echoed.

"Yes, yes, the class taught by Junior Su Lang is really good!"

"Yeah, I heard the enlightenment, and I suddenly became enlightened!"

"School Su Lang, you are too good, you are the first genius in Danmen!"

"..."

Everyone, you and I say a word, you just want to praise Su Lang to the sky.

"Everyone is absurd."

Su Lang clasped his fists together, his expression humble.

Secretly, he rolled his eyes severely.

When he was in class yesterday, he had never seen Jin Xiutian and his classmates.

Don't think about it, but also know that Jin Xiutian and others heard the news from other places.

"No false praise! Absolutely not!"

"I'm not afraid that Cloud Gate will dominate me. I dare say that Su Lang's alchemy talent is definitely the highest in history!"

Jin Xiutian looked sincere, and then showed a very kind smile, "I came to see Junior Su Lang, in addition to congratulations to the two, I also want to invite Junior Su Lang to join my Jin family of the hermit ancient family!

I guarantee that after joining my Jin family, Junior Su Lang will get the most and best nurturing resources!

And in this world, absolutely no one can threaten the younger brother, not even the Li family of the impudent family! "

[Chapter 349: Is he already crazy](#)

As soon as he said this, almost everyone on the hill was envious.

"This guy is so lucky!"

"Yeah, the Jin Family of the Ancient Hidden Clan, that is one of the biggest forces in the world, once you join, you will have no worries for a lifetime."

"..."

Since the Jin family of the ancient hermit family was born, they have gathered geniuses everywhere.

But they don't want everyone, even if they are Hall of Fame students, not everyone can receive the invitation.

At this time, Jin Xiutian took the initiative to invite Su Lang and made such a big promise, which made those students who had joined the Jin family very envious.

When Jin Xiutian invited them, he didn't promise to give them such good benefits.

"I really envy this guy!"

"Who made people the first alchemy genius in history!"

"Yeah, he is only so young, he has developed that kind of magical alchemy, and his future achievements are definitely not weaker than the Cloud Gate Master!"

"..."

Everyone talked in low voices, envied that Su Lang was about to join the Jin family.

Of course, there are also people who are pale and gritted their teeth, and that is Li Qiming.

At present, it seems that Jin Xiutian has made such a big promise, and Su Lang will definitely join the Jin family. When that happens, he can really only swallow his teeth!

Everyone's reaction and discussion are actually within a second or two.

Jin Xiutian and the others were waiting for Su Lang's reply with a smile.

On this occasion, almost all students felt that Su Lang's joining the Jin family was destined.

However, what happened next made them unbelievable!

"Thank you Senior Jin for your kindness!"

Su Lang smiled faintly, and refused, "I have no plans to join any forces yet!"

Join the Jin family? What a joke!

Not long ago, Jin Wuzun threatened Su Lang and was beheaded by Su Lang. The two sides had already forged a big feud.

From the perspective of Jin Wufei's behavior, the Jin family is not a good place. Once you join the Jin family, you will be imprisoned and used as a tool for alchemy!

What's more, Su Lang has the system and is fearless. Why should the Jin family take shelter?

All in all, joining the Jin family was a total joke for Su Lang.

However, his unexpected choice directly stunned everyone present!

"Fuck! Su Lang turned down Senior Jin!"

"Tian Le, is he already crazy? He turned down Senior Jin's invitation."

"Joining the Jin family has so many benefits. Not only can you retreat from Li Qiming's hands, but you can also gain endless wealth and status. He actually refused!"

"Our Young Master Jin is so low-profile and kindly invited, Su Lang actually refused, really a lunatic!"

"What a idiot, he directly offended the Jin family by doing this, and he offended two of the three ancient ancient clans, my god!"

"This kid Su Lang toasts and doesn't eat fine wine. I think he is difficult!"

"..."

On the hill, a large number of students stared at Su Lang like a fool.

Joining the Jin family will not only get countless cultivation resources and alchemy resources, but also shelter, avoiding Li Qiming's revenge.

Refuse? Why?

Jin Xiutian's attendants all showed anger all over, wishing to step forward and slap Su Lang fiercely.

Jin Xiutian himself is also unbelievable. He never expected that he was so sincerely invited to a young student, but he was rejected!

Before those students heard the rumors that the Jin family wanted to recruit geniuses, they all sharpened their heads and tried to squeeze them in.

He has never been rejected as long as Jin Xiutian makes an invitation!

Li Qiming was also dumbfounded, his expression was stunned, and he didn't expect Su Lang to refuse.

He originally thought that Su Lang was about to join the Jin family, so he could only swallow his teeth.

But at this time, Su Lang turned down!

"This death, well done!"

A cruel sneer appeared in Li Qiming's eyes.

"School Su Lang, can you tell me your reasons?"

Jin Xiutian took a deep breath, her expression becoming a little indifferent.

Su Lang ignored him from the beginning, and now even refuses his invitation. This is undoubtedly slapped him in the face fiercely!

Shame, earth-shattering shame!

If he hadn't been for Jin Xiutian to be sociable and not good at lust, his face would have been crooked and distorted.

[Chapter 350: Going to the crack of time and space](#)

"Reason? I already said it."

Su Lang smiled faintly and said, "I, don't want to join any forces!"

"Including my Jin family?"

Jin Xiutian frowned, no longer the kindness he was before.

Su Lang shrugged and smiled, "Yes, I don't want to join all the forces, including the Jin family."

As soon as he said this, everyone on the hill couldn't help but look at each other, their faces were full of shock.

Su Lang, this kid, in front of so many people, did not give the Jin family any face, and directly rejected Jin Xiutian's invitation.

Not only that, he still looks down on any forces!

This is arrogant!

"Okay, great! Su Lang, I hope you don't regret it!"

Jin Xiutian's eyes narrowed, like the mung bean eyes of the bachelor, exuding an extremely dangerous breath.

"I never regret what I do."

Su Lang smiled faintly, not caring at all about Jin Xiutian's aura and oppression.

"Humph!"

Jin Xiutian snorted coldly and turned away with a group of attendants.

Seeing this scene, everyone took a breath.

So far, Su Lang really offended Jin Xiutian!

It is unbelievable that a young student who just entered the Hall of Fame dared to offend Li Qiming and Jin Xiutian at the same time.

"This kid is finished!"

"A man who is talented and proud, he will definitely end up miserably!"

"So arrogant that he doesn't want to join any forces, this guy is really ridiculous."

"This guy is really a fool..."

"..."

Everyone whispered and whispered, their gazes at Su Lang changed back to contempt and sarcasm. at this time.

A black spot flying fast appeared in the distance.

This black spot quickly reached the gorge with a rumbling sonic boom cloud and appeared.

"The Great Master of War Sect is here!"

"He is one of the war masters, Jun Ai!"

"..."

Everyone's attention shifted to the incoming person.

Su Lang followed the sound and saw Wu Jun Ai's face resolute, a black robe, a strong figure, and the wide robe couldn't hide his bulging muscles.

"This is the Great Master of War Sect, Jun Ai?"

Su Lang's expression shifted, and he called up Jun Ai's attribute panel, and found that this war master was a pinnacle martial master!

"It's worthy of being someone who can serve as a great mentor of the War Gate."

With a smile on his face, Su Lang glanced at Ru Junai a few more times.

The higher the martial artist's cultivation realm, the more difficult it is to improve the realm!

At the Wu Zun level, the bottleneck of almost every small realm is like a moat that is difficult to cross.

At the last auction of the Blue Star Danlou, Su Lang saw more than 20 Wu Zuns.

But the strongest among them is only the intermediate martial arts, and there are very few, the rest are the junior martial arts.

However, this Wu Jun Ai has reached the pinnacle martial arts level. It can be seen that this is also a person of extraordinary talent.

When Su Lang was looking at Wei Junai, Wei Junai also glanced at Su Lang.

Originally, there was no Su Lang for this operation. It was Yun Yemeng who greeted Ruan Junai so that Su Lang could participate in this operation.

Therefore, Xi Jun Ai knew Su Lang, and also knew that this Su Lang was very powerful on the Dan Dao.

However, Xu Junai was a little dissatisfied with Su Lang's participation in this operation.

Because Su Lang's strength is too low!

Among the students present at the Hall of Fame, the worst were the senior martial kings, and most of them were martial emperor class.

As for Su Lang, he was only a military commander.

Of course, when Yun Yemeng uttered a word, Wu Junai didn't dare to refute the face.

At this time, Li Qiming came to Xi Junai: "Master! The number of people for this operation has been gathered!"

"it is good!"

Wu Junai looked around at the crowd and said indifferently, "All come to me."

"Going to the crack of time and space!"

"After waiting for so long, I am finally going to the Canglan Continent!"

The crowd showed excitement, and they all set off to come to Ru Jun Ai, and Xiao Ning also brought Su Lang to the vicinity.

Seeing everyone gathered around, Wu Junai took out a table-sized disk from the space ring.

Engraved on the disk are arrays with mysterious laws.

Su Lang glanced at it, and the 'weapon identification' was working, and he immediately saw the details of the disc.
