...

(Some exercises have been omitted)

[Activated system functions]: one-key practice function (level 21), one-key martial arts function (level 21), clone dispatch function (level 20), one-key treasure hunt function (level 20), one-key alchemy function (level 14), one-key mixer function (14 levels), one-key array function (14 levels), one-key synthesis function (15 levels), one-key decomposition function (no level)

"My attack state, has it reached the peak of the Martial God Realm!"

Su Lang squeezed his fist, felt the majestic energy in his body, and couldn't help showing a smile.

In addition, the proficiency of the four Zun-level exercises directly reached the founding level, which also surprised Su Lang very much.

He originally thought that according to the introduction of the bonus function ‘Surfing the Fire’, the exercises would first reach the Consummation level before they could slowly learn to the founder level.

Now it's alright, and I can directly reach the founder level, saving me a lot of things.

"Tsk tsk, Midi is so awesome!"

Su Lang's heart was refreshed.

at the same time.

Stormy waves rose in Xianyang Wusheng's heart, and his eyes showed incredible color.

Because he suddenly discovered that he had mastered the four venerable techniques in an instant!

And the proficiency is very very high!

"Before breaking through the realm was without warning, now I have learned the four exercises without warning. Needless to say, it must be the master's reason!"

Xianyang Wusheng quickly thought of the key, and his gaze at Su Lang couldn't help becoming more in awe and admiration.

His resentment towards Su Lang was no longer left, and there was nothing but gratitude in his heart!

On the other side,

Su Lang came to the link of selecting exercises again.

This time, he intends to practice all the god-level techniques!

The current practice rate of the one-key martial arts function is abnormally against the sky.

It takes 10,000 to 20,000 years for an ordinary Valkyrie to practice the god-level exercises at the Consummation level, and it only takes two days to complete the practice!

"Now I can practice five exercises at the same time!"

"First improve your body skills, then make up for your defense and endurance, and resolutely avoid making short legs and crispy skin."

While thinking about it, Su Lang chose five god-level exercises.

They are "Bai Ze Fei Hua Jue Lu", "Zhen Shui Wan Zhang Zhen Jue", "Bagua Immortal Treasures", "Dian Li Taiqing God Axis", "Nine Turns and Nine Palaces".

There are two self-style exercises, two defensive exercises, and the last one is exercises for increasing endurance.

"System, put these five exercises!"

"Ding! The placement is successful, and the automatic training has begun!"

As the system prompt appeared, in the mysterious black space, all five Wushu villains moved.

Two of them are constantly dancing and moving, their body skills are flexible and difficult to capture; a thin barrier emerges from the body of the two, which looks very strange.

The last one circulates nine energy streams inside and outside the body, which gives a sense of majestic energy at first glance.

"God-level exercises."

Su Lang looked forward to it, "A god-level technique reaches the founding level. I'm afraid it can directly improve the martial **** to a small level!"

Placed the exercises.

Su Lang separated from Yaochi Yan Fa and others temporarily and left the teleportation array.

Although Yaochi Yan Fa and others had all kinds of doubts in their hearts, they could only hold back in their hearts and let Su Lang leave.

[Chapter 572: Master and three mistresses](#)

Not long.

Su Lang returned to the sacred land of the Yaochi tribe, the heart of the mountains with the three sisters and Xianyang Wusheng.

In one room, the four of Su Lang sat down, their eyes all on Xianyang Wusheng.

Xianyang Wusheng stood there obediently, looking like a servant.

Chu Xiaobei asked curiously: "Su Lang, how did you accept him as a subordinate?"

As soon as these words came out, Ji Ruxue and Murong Xianxian both showed curiosity in their eyes.

"This matter is also very strange."

Su Lang smiled lightly, and then recounted what had happened in the inheritance space.

The three girls were amazed when they heard this.

Unexpectedly, it was such a coincidence.

"Then what is the name of Xianyang Wusheng?" Ji Ruxue asked curiously.

Su Lang looked at him, he really didn't know.

So, he opened the attribute panel of Xianyang Wusheng.

[Name]: Clone (Li Xianyang)

[Race]: human

[Qualification Level]: Turbidity

[Realm level]: Zhunwuzun

[Attack level]: Peak Warrior

[Defense level]: Intermediate Valkyrie

[Shenfa Level]: Intermediate Valkyrie+

[Endurance level]: Intermediate Valkyrie

[Spirit level]: the realm of morning star (the realm of bright moon)

[Mastering the exercises]: The Infinite Heart Sutra, the Ten Ultimate Lingxiao Profound Sword...

"Xianyang Wusheng, named Li Xianyang."

Looking at the attribute panel, Su Lang answered Ji Ruxue with a smile.

At the same time, he also understood that Li Xianyang didn't take the title "Xianyang Wusheng" for pretending to be force, but that his real name was.

This was misunderstood by the world, and thought that he was arrogant, and put the character "Xian" specifically for himself.

"It was called Li Xianyang."

Ji Ruxue nodded suddenly.

Li Xianyang was a little surprised!

His real name is not very useful in ancient times, it has always been used.

And Su Lang had never asked his name, but he knew it clearly. This method was really unheard of.

"It's the master..."

Li Xianyang's respect and loyalty to Su Lang could not help but increased a lot.

"Li Xianyang?"

Chu Xiaobei looked at Li Xianyang curiously and asked, "Tell me, what is the battle of the mainland like?"

"Speak carefully, I want to hear it too."

Su Lang nodded solemnly.

"Yes!"

Li Xianyang nodded and said, "The master and the three mistresses should know..."

"Ahem!"

"What three mistresses!?"

Chu Xiaobei trembled and interrupted Li Xianyang with staring eyes.

However, Ji Ruxue and Murong Xianxian's complexion was crimson, slightly shy, and did not refute.

"what!?"

"Aren't they three mistresses!?"

Li Xianyang was stunned. He always thought that the three girls around Su Lang were all his mistresses.

"Haha, of course not!"

Su Lang laughed suddenly, "Xiao Bei is my maid!"

"Su Lang's big look. Demon!"

"I want to squeeze your neck today!"

Chu Xiaobei's eyes widened violently, and he rushed towards Su Lang with teeth and claws.

The appearance of gnashing his teeth really demonstrated the true meaning of Yan Yi.

Immediately afterwards, Chu Xiaobei grabbed Su Lang's neck and shook it fiercely: "I will let you say that I am your maid, and I will let you say that I am your maid..."

"Sister Xiaobei, don't be angry!"

"Sister Xiaobei, don't pinch Brother Su Lang!"

Ji Ruxue and Murong Xianxian hugged Chu Xiaobei's arm and were thrown around.

"What's wrong with Chu Xiaobei?"

"You don't want to be the maid of my Patriarch, and you dare to act on my Patriarch?"

"Tian Le, could it be that women in this era are more willful than my era!?"

Seeing this scene, Li Xianyang blinked in wonder.

Of course, he also knew that Chu Xiaobei didn't really fight with his owner, so he didn't interfere either.

"Oh, do you still need to refine someone's flying treasure?"

Su Lang, who was shaken by Chu Xiaobei's neck, rolled his eyes and threatened.

"Ok!?"

"I'm almost done designing, you dare to put the burden on me!?"

Chu Xiaobei's eyes were full of fierce light, and he directly overthrew Su Lang to the ground, riding on him and shaking his neck harder.

[Chapter 573: Canglan Continent is downwind](#)

Shake and shake, shake and shake~

Ups and downs in body shape...

"Ouch!"

"Chu Xiaobei, don't shake it, it's almost a rattle, I really can't stand me!"

Su Lang yelled, but he secretly smiled in his heart: "Chu Xiaobei really looks like an automatic Ji now!"

What do you mean by Zhuo Ji?

Have you ever heard of a saying, "Sit up and move by yourself"?

"Dead pervert, you say, will you train for me!?"

Chu Xiaobei stopped shaking, but still riding on Su Lang with a fierce look on his face.

She was so good-looking, she couldn't be fierce no matter what.

"I surrender!"

Su Lang smiled and nodded, "I will do it for you!"

"Humph!"

Chu Xiaobei rolled her face proudly, and she trembled, causing an uproar.

"nice shot!"

Su Lang secretly praised in his heart and wanted to applaud Chu Xiaobei.

Immediately afterwards, Chu Xiaobei got up from Su Lang.

The feeling of warmth gradually disappeared, and Su Lang was a little lost.

"Brother Su Lang, are you all right."

Suddenly Ji Ruxue's voice rang.

Looking along the sound, she and Murong Xian's faint gaze can still be seen.

These two girls are jealous!

"Haha!"

"Chu Xiaobei is just, what can she do to me?"

Su Lang laughed and said, "I promise not to be ridden by her in the future."

"Humph!"

Ji Ruxue and Murong Xianxian hummed in unison, and then they ran to Chu Xiaobei's side.

When Su Lang saw that they seemed to be whispering, he could vaguely hear words like 'Sure enough' and 'Big Devil'.

"What a serious person I am..."

Su Lang curled his lips, got up from the ground and beckoned to Li Xianyang.

"Master!"

Li Xianyang bowed respectfully and waited for instructions.

Su Lang smiled, "Continue to talk about the mainland war."

"Oh!!!"

"The fundamental reason for the battle of the ancient continent was the war of annexation of the rules of the Great Dao."

"This is a great battle that all creatures can't avoid on the entire continent!"

Li Xianyang's eyes were deep, with a hint of memory, "During the war, the emperor was the top combat power, the immortal level was the secondary combat power, and the saint-level warriors were inconspicuous, and the warriors of the lower realm were even called cannon fodder!"

Su Lang nodded and asked, "Who was he fighting with in the last war? What was the situation?"

"It's the Mirror Heaven Continent, our old rival in Canglan Continent."

"The situation was very bad at that time. The warriors of Jingtian Continent have crossed the distant void and hit the mainland of Canglan Continent."

"At the beginning, I died together with a fairy-level warrior. I used mystery technique to survive, and I didn't know much about what happened later."

Li Xianyang replied, "But now, the Canglan Continent is doing a good job, presumably it must have repelled the gang of turtle grandchildren in Jingtian Continent."

"That's it."

"Our Canglan Continent is downwind."

Su Lang nodded and asked immediately, "When do you think the next mainland battle will start? What is the winning rate of our Canglan Continent?"

"As far as I know, in recent times, the gap between two continental wars has become shorter and shorter. The next continental war may not be far away."

"As for the winning rate... if there are no amazing talents in these years, our Canglan Continent may not have a big winning rate."

Li Xianyang was worried while talking.

The Canglan Continent is full of tens of thousands of people, and the internal fighting is very fierce.

This is almost the instinct of all creatures in the Canglan Continent.

"Haha."

"If you mean tens of thousands of years when you mean 'not far away,' that is too long for me."

Su Lang smiled faintly and changed the subject, "It happens to be okay now, you come with me, and I will refine some pills for you to eat."

After speaking, he turned and walked to an empty room.

"The Lord will refine the pill!?"

"And is it refined for me to eat?"

"In other words, what the Lord is refining is a holy pill!"

"As expected to be my lord, it's amazing."

Li Xianyang admired, and then followed Su Lang closely.

Chu Xiaobei, Ji Ruxue, and Murong Xianxian glanced at Su Lang and went on to chat.

Just now I talked about refining flying treasures.

Chu Xiaobei planned to brainstorm to see if Ji Ruxue and Murong Xianxian had any good ideas.

[Chapter 574: Why are you so excited!](#)

The other side.

Yaochi Yan Fa and other five great martial arts gathered together.

Below, Yaochi Yiran and other young talents who entered the inheritance space are leaving.

Through the description of Yaochi Yiran and others, Yaochi Yanfa and others' perception of Su Lang changed again.

"According to what Yiran and the others said, Young Master Su Lang is likely to be a clone of a great figure!"

"Yes, I don't have any qualifications for cultivation, but I have extremely powerful combat power, and the strength of Martial Saint can burst out at the critical moment!"

"Various characteristics show that Young Master Su Lang may really be a clone of a great figure, but Young Master Su Lang is also suspected of being a direct descendant of the imperial family. This is undeniable."

"In any case, the identity of Young Master Su Lang is honorable, and I must not neglect it, and don't visit others."

"Understood, Patriarch, there may be future troubles in the Wuyang Demon Cave. You are not here today. Our people have found a strange person on the old site of the Wuyang Demon Cave."

"The backstage of Wuyang Devil's Cave is suspected to be Slaughter Tower. This organization is spread all over the Canglan Continent. Its strength is very terrifying. It has always acted unscrupulously. If Slaughter Tower really takes action against us, how can we resist it?"

"President Su Lang is here, so I don't have to worry too much. I will pass on the order, strengthen inspections, and report it as soon as there is a disturbance."

"Well, besides, it's time to bring up the refining of the Sky Sea. When the time is right, I will ask Young Master Su Lang to ask her Maid Chu Xiaobei to take action."

"Crimson Sun Saint Clan and Tianyun Saint Clan also pay attention to that, and the Biyu Saint Clan."

"..."

When Yaochi Yan Fa and others have finished their discussions.

Su Lang also refined the pill for curing Li Xianyang's soul injury.

The elixir used was obtained from Yaochi Yan Fa, and Chu Xiaobei had also used it before healed his injuries.

As for the material.

After killing the two martial sages of Wuyang Devil's Cave, and also getting Li Xianyang's wealth, Su Lang is now a big man and he has no shortage.

So he refined a lot, and finally synthesized it into a quasi elixir!

Quasi-immortal pill, the strongest pill of holy order!

The one given by Su Lang is still a quasi elixir of perfect quality.

When Li Xianyang took the medicine, his hands were shaking.

Growing up, he has never eaten a perfect quality quasi elixir.

It sounds like a poor kid who hasn't eaten lollipops in his teens.

And Li Xianyang's excited and grateful look was like saying: "I, Li Xianyang, have also eaten lollipops, hahahaha!"

"Go, heal the injury earlier, ask me if the medicine is not enough, I can practice the elixir."

Su Lang waved his hand faintly, looking calm, looking at money like dirt.

"Tianle!"

"As expected of my master, the elixir can be refined!"

Li Xianyang's eyes gleamed and he was very excited, "I am afraid that my master is not the super sky rising in this era, the protagonist of the era!!!"

Soon.

With deep excitement, Li Xianyang thanked him for his great grace, and went to heal his wounds with the quasi-immortal pill.

"By the way, after the one-click treasure hunt upgrade, the treasure hunt flying flying swan hasn't been released yet."

"It was said before that we would send treasure hunting flying flying gliders to the land of the Chiri Saint Clan and the Tianyun Saint Clan to catch the autumn breeze."

Su Lang raised his eyebrows suddenly, and immediately released 2.8 million treasure hunting flying flying gliders.

Immediately afterwards, the dense treasure hunting flying flying gliders rushed towards the territory of the Chiri and Tianyun tribes while hunting for treasures.

At the same time, the system prompt sound also sounded, ding ding ding sound continuously.

Su Lang quickly blocked these system prompts.

Immediately after.

He came to the outside of the room with his hands behind his back and a slight smile.

The three of Chu Xiaobei still gathered together, talking.

As soon as Su Lang came out, the three women immediately turned their heads and stared at him, and they all stood up.

"Oh grass, what is this for?"

The corner of Su Lang's mouth twitched, and his heart secretly said something bad, "It's not because of the previous things, you want to get together to clean up me?"

"Ahem!"

"Sit down, all sit down!"

Su Lang gave a light cough, waved his hands and smiled, "We have something to say."

Ji Ruxue said with a strange look: "No, Brother Su Lang, we didn't plan to do anything to you."

"what?"

Su Lang's expression was stagnant, and then he smiled, "Then what are you guys?"

"Hehe!"

Chu Xiaobei smiled, "That's it, I have already figured out what my flying treasure will be."

"Oh!"

"It turned out to be this!"

"Why are you so excited? Isn't it a flying treasure? I can refine it easily."

Su Lang laughed, "Come here, talk about what kind of flying treasure you want."

[Chapter 575: Opening is the big bird](#)

"I want a big bird!"

Chu Xiaobei looked at Su Lang and said very seriously.

puff!

What the hell! ?

Is your mouth a big bird?

Su Lang looked at Chu Xiaobei with a dazed expression, and asked secretly whether she had awakened some indescribable characteristics.

"Brother Su Lang, what are you doing in a daze?"

Seeing Su Lang there, Ji Ruxue was a little dumbfounded, and couldn't help asking strangely, "Isn't the big bird bad?"

"Yeah, isn't Big Bird okay?"

Murong Xianxian also asked confusedly.

"Roar, roar, roar, big bird!"

Su Lang nodded hurriedly, "If Big Bird, all three of you can ride!"

"Correct!"

Ji Ruxue smiled, "From now on we will ride with Sister Xiaobei!"

"Hmm."

"When I am here in the future, you don't need to take out your marshmallows and wings!"

Chu Xiaobei said happily, "From now on, I will take you to fly!"

Ji Ruxue and Murong Xianxian nodded quickly, their eyes turned into crescent moons.

At this time.

Su Lang rolled his eyes and asked, "Well, what kind of big bird do you want? Has it been designed? If not, I can..."

"You can not!"

Chu Xiaobei crouched on her hips and interrupted Su Lang's words fiercely in the uproar.

"Good good!"

"Can't afford to offend!"

Su Lang immediately admitted that he felt that he could not bully Chu Xiaobei at will as before.

Not only because Chu Xiaobei's cultivation base was restored.

Also because she played with Ji Ruxue and Murong Xianxian.

Once Chu Xiaobei was bullied, Ji Ruxue and Murong Xianxian would jump out to clean him up.

This woman is so cunning!

"Alright, Su Lang, listen carefully, the big bird I want is similar to the phoenix in Ruxue's mouth!"

There was a look of longing in Chu Xiaobei's eyes, "You and Ruxue and Xianxian come from the same place. You should know what a phoenix is!"

"Phoenix? Of course I know this!"

Su Lang's mouth twitched and nodded.

In fact, he was a little strange, it was strange that there was no phoenix in Canglan Continent.

Moreover, since stepping into the Canglan Continent, I have never seen a dragon-shaped spirit beast, at most I have seen the bones of a dragon and snake, that is, the one in Li Xianyang's inheritance space.

However, thinking of the identity of Blue Star's 'core fragment of the Boundless Realm', perhaps an explanation can be found.

The real dragon, as well as the phoenix, may be the high and transcendent creatures that only the Infinity Realm has.

The corners of the Canglan Continent exist in a remote place, and there is no such thing as a Phoenix.

"The Phoenix I want, it must be white and pure!"

Chu Xiaobei said with bright eyes, "It needs to have a beautiful figure, big beautiful eyes, a sweet cry, and a long tail."

Oh grass, such a weak description...

Also, the four words white and pure are always reminiscent of a certain name.

"Ahem, would you like to draw it?"

Su Lang twitched his mouth and made a pertinent suggestion.

"It's so stupid, don't you have any imagination?"

Chu Xiaobei frowned and showed the phoenix in his mind.

However, the phoenix in her impression was formed by her own imagination and the descriptions of Ji Ruxue and Murong Xianxian.

Therefore, it was somewhat different from the Phoenix in Su Lang's memory.

The biggest difference is that the phoenix that Chu Xiaobei wants has countless tails, or Lingyu.

This made Su Lang think of the thousands of threads in the sea of knowledge.

In addition, the phoenix portrayed by Chu Xiaobei is really very white, except that the eye beads are black, and even the paws are white.

At first glance, I thought it was albinism.

However, Phoenix's temperament is very cold, which is more similar to Chu Xiaobei.

Of course, it was only when Chu Xiaobei was quiet.

"How about? Does this phoenix look good?"

Chu Xiaobei tilted her head and looked at Su Lang proudly.

"Good-looking, good-looking!"

Su Lang nodded hurriedly, and then said, "I think your Phoenix's paws can be made into the color of translucent ice jade, how about?"

[Chapter 576: This smelly sister is cheaper](#)

"Oh, well, I actually think so with Ruxue and Xianxian."

Chu Xiaobei blinked, "I drew like this, just to see how your aesthetic is."

As soon as he said this, Ruxue and Xianxian couldn't help but giggled while covering her mouth.

Obviously, Chu Xiaobei was stubborn and wanted white claws, but he felt that Ruxue and Xianxian made sense. In the end, he hesitated and planned to see Su Lang's reaction.

"It seems that my aesthetics are pretty good."

The corner of Su Lang's mouth raised slightly, "I already know how to refine the big bird you want. By the way, give me your Frozen Cloud Fantasy Sky Aya, and I will repair it together."

"Okay!"

Chu Xiaobei had long wanted to repair his magic sky, and quickly gave it to Su Lang with a smile.

"Then you go and rest."

Su Lang nodded, "I will refine your white phoenix from here and come to you."

Immediately, Su Lang bid farewell to the three daughters of Chu Xiaobei and returned to an empty room again.

Because when the system refines weapons and treasures out of thin air, the style is random.

So refining the white phoenix flying treasure requires Su Lang himself.

It's Bingyun Huantian Ling, just let the system evolve.

So, after spending the last two copies of the Soul of the Valkyrie and some rare materials, Su Lang evolved the Frozen Cloud Fantasy Sky into a seven-star holy artifact.

Even though Bing Yun Huan Tian Ling has only evolved by one star, it has changed from an intermediate sacred artifact to an advanced sacred artifact.

However, Bing Yun Huan Tian Ling's appearance has also changed, a little colorful, and I hope Chu Xiaobei will not dislike it.

After the Frozen Cloud Fantasy Sky Aya evolved, Su Lang began to refine the White Phoenix Flying Treasure.

Chu Xiaobei herself is a six-star martial sage, and her combat power reaches a nine-star martial sage. Her flying treasure must at least be a sacred weapon.

But Su Lang discovered that he no longer had the soul of the Valkyrie.

"It seems that you can only use the soul of Wusheng."

"It's really cheap for this stinky sister, and I must get some benefits from her in the future."

Posing his lips, Su Lang first decomposed the holy order pill furnace water and moon gold furnace, and then refined it into a holy order cauldron.

"How do I feel that I am still poor?"

"Even a cauldron has to disassemble the original pill furnace to make it."

"Hey, I have to find a few opportunities to kill some martial sages, but who will give me the head?"

"..."

While thinking about it, Su Lang began to refine the white phoenix.

This is not the first time he has refined treasures by himself.

When he was in the stronghold, Shiqi and Qidong Wuzun insisted to teach him how to refining tools, but his eyes were almost lost in shock.

"Lagerstroemia has no fixed fire!"

With a thought, a large group of flames appeared around the saint step vessel and turned into a mist to wrap it up.

At this time, Su Lang discovered some problems.

The crape myrtle fire that he urged was not high enough, and the furnace was not big enough.

"..."

Some headaches covered his forehead, Su Lang used the Devouring clone to push his strength to a one-star martial sage.

At this level, the power of Ziwei Wudinghuo is barely enough.

Su Lang made up his mind to comprehend the fire element in the next rule after the thunder element rules were comprehended!

Otherwise, in the future, if you only have alchemy through refining, the fire is ready, and the result is not enough to melt the materials, it would be too embarrassing.

After solving the minor problems, Su Lang officially began to refine the White Phoenix.

"The first piece of material, Nandou Copper! Processing is complete!"

"The second piece of material, too much ice rock! Processing is over!"

"The third material..."

"..."

Pieces of materials are turned into materials to be used by Su Lang's hands.

His technique is very superb. If there is a master craftsman here, whether it is a sage, a fairy or an emperor, he will definitely kneel down and doubt life.

"It's a pity that no one is watching."

Su Lang curled his mouth and continued to process the materials.

Some materials that can be processed by the system are handed over to the system.

In a short time, Su Lang processed all the materials, a total of nine hundred and ninety-nine god-level materials, ninety-nine holy-level materials, and one piece of the soul of the martial sage is another.

After processing the materials, Su Lang did not intend to do it all by himself.

Because he already knows what materials can be refined into what kind of things.

Therefore, he handed over these tasks to the system.

[Chapter 577: Break through the realm of Wu Zun](#)

"System, refining these materials into a treasure!"

"These materials are also refined into a treasure!"

"..."

Soon, pieces of treasure appeared in front of Su Lang, like a pile of parts.

Yes, Su Lang's idea is to refine parts and then combine them.

The combination is the last step, this step requires Su Lang to do it himself.

But the bulk of the work has been almost done by the system, and Su Lang only took a short half a day to complete the last step.

At this time, a system prompt sounded.

"Ding! The sea of repair is full, do you break through?"

"breakthrough."

Su Lang's expression moved, and he gave the order.

This time a breakthrough is from a quasi-zun to a junior martial-zun, and it will take a big step!

Therefore, the movement is still a bit big.

Chu Xiaobei, Ruxue and Xianxian all felt the spiritual energy around them rushing towards the room where Su Lang was.

"Brother Su Lang is about to break through!"

"Wow, Brother Su Lang is amazing!"

Ruxue and Murong Xian have stars in their eyes.

"Ok!?"

"Su Lang big pervert broke through!"

"Furthermore, this breakthrough is actually going to reach the level of Wu Zun!"

"This... didn't this guy just broke through a few days ago? Why did he break through suddenly?"

Chu Xiaobei stared at the room where Su Lang was, and her delicate body trembled slightly, causing a wave of fluctuations.

At the same time, Li Xianyang, who was healing, suddenly opened his eyes.

"The Lord broke through!"

"I... I also broke through!"

"Hahahaha!"

"The Lord is definitely the fastest cultivator in the world!"

"It is really the greatest blessing that Li Xianyang has ever been able to meet and follow the Lord!"

Li Xianyang opened his arms with shock and surprise on his face.

The other side.

"The realm of elementary Wuzun!"

Su Lang was looking inside his body.

The breakthrough from the realm of Wuhuang to the realm of Wuzun does not involve the transition of the essence of life.

However, a breakthrough in such a great realm still brings many changes.

Not to mention the toughness and strength of the body's flesh and blood meridians and bones, the biggest change is the Dantian.

At this time, the aura nucleus in Su Lang's Dantian had grown to almost fill the entire Dantian space.

This scene made Su Lang couldn't help but complain: "Your sister, it looks like she is pregnant with a stone."

Closer to home.

The huge aura nucleus fills the dantian, and it itself is different from the previous form.

The spiritual energy crystal core at this time gave Su Lang a semi-illusory feeling, as if it could be dispersed at any time.

But Su Lang couldn't do this.

It feels like a film that can be broken at any time, but it just doesn't break.

It is very worrying.

After trying, Su Lang simply gave up.

Immediately, he checked some classics and found that this type of aura nucleus was related to the Valkyrie domain.

As long as the aura nucleus grows to the extreme, that is, the quasi-sage realm, and then blends into a space guide, it can "break the membrane" and achieve the aura nucleus gathering and dispersing from the heart.

And the form of aura nucleus dispersing, actually manifested is the domain!

Of course, Su Lang would not use the space guide, because that would cause many side effects.

And he doesn't need space guidance at all, he has an automatic cultivation function, and he just breaks through when the time comes.

After looking inside, Su Lang opened his attribute panel and took a look.

"Properties panel!"

"There is no movement in the attack realm, and the remaining three attributes each increase by half a small realm, which is a good profit."

Su Lang smiled with satisfaction, slowly decomposing the saint step vessel cauldron, and then refining it into a water moon gold furnace.

Immediately, he left the room with the freshly baked white phoenix, and walked briskly towards the room where Chu Xiaobei lived.

The heart of the mountains was not big, and Su Lang was so fast that he walked to the door of Chu Xiaobei's room in a few steps.

He raised his hand and knocked on the door.

[Chapter 578: Really good sucking](#)

"Tuk tuk!"

"Chu Xiaobei is here, I came with the big bird!"

Waited a few seconds.

The door opened, revealing Chu Xiaobei with an incredible face behind him: "What did you say, Su Lang, say it again?"

Su Lang was stunned, and said, "I said I came with a big bird, do you want it?"

"Just brag!"

Chu Xiaobei rolled his eyes fiercely, "How long has it been since you refined the Phoenix!?"

"believe it or not."

Su Lang rolled his eyes, and the two of them rolled their eyes, you stared at me and I stared at you.

In the end, Chu Xiaobei returned to normal first.

"Really finished?"

Chu Xiaobei was surprised and expectant, "Take it out and let me see."

Su Lang took it out immediately.

"Look, is it what you want!"

Su Lang handed the White Phoenix in his hand to Chu Xiaobei.

"Wow, it's really refined!"

"And it's still a high-level sacrificial artifact, I feel its aura!"

Chu Xiaobei rubbed her hands with excitement, and then caught Bai Phoenix excitedly.

She carefully looked at the white phoenix flying mount in her hand.

It's only the size of a small book now, and it's snow-white and furry, and it feels very comfortable.

It has many tails, very long, hanging in the air and fluttering in the wind, very beautiful.

Moreover, it is quite spiritual, occasionally twisting its furry body and looking around curiously.

"what?"

"what is this?"

Chu Xiaobei found a necklace or something like a lanyard from Bai Fenghuang's neck.

"Well, the reins are mainly for decoration."

"People rely on clothes and horses and saddles, but the big bird should also be decorated."

Su Lang smiled, "And it has other uses, that is, it can be hung on your shoulders."

Talking.

Su Lang took the white phoenix from Chu Xiaobei and straddled it diagonally on Chu Xiaobei's shoulder.

At first glance, it looks like a girl in costume playing with wide silk cloth carrying a fluffy net red envelope.

The thin lanyard was drawn from my heart, and the outline on both sides became fuller.

That youthful and lovely taste came out all at once.

That's great, sucking~

"how about it?"

Su Lang glanced over, smiled lightly, and secretly chanted poems to himself: Seeing it as a ridge on the side, the heights are different.

"Hmm."

Chu Xiaobei hugged Bai Fenghuang and smiled brightly, "Thank you, Su Lang, the big pervert."

"Always call me a big pervert. I'm sorry if I don't do anything."

Su Lang complained in his heart, still smiling kindly on the surface: "Well, don't you give it a name?"

"Okay!"

Chu Xiaobei exclaimed in excitement, then tilted her head and thought of her name, "What name should I use?"

After thinking for a while, she looked at Su Lang and said hesitantly: "Since you refined it to give it to me, why not call it Xiaobai."

Puff, does this have anything to do with what I refine?

Moreover, the skill of this name is too weak.

"as long as you are happy....."

Su Lang smiled and nodded.

"Then it's called Xiaobai."

Chu Xiaobei also nodded excitedly, "I want to try it!"

"You are free."

Su Lang smiled brightly.

"Yeah!"

Chu Xiaobei immediately poured spiritual power into Bai Phoenix Xiaobai's body.

"Hey yeah!"

A burst of screams came from Xiaobai's mouth.

It instantly became as big as a house, carrying Chu Xiaobei and rushing into the sky.

Then, it turned into a meteor and disappeared directly.

"This speed is so fierce!"

Su Lang nodded in satisfaction.

Refining the white phoenix Xiaobai uses Wuyang Wusheng's Wusheng Soul, and besides countless rare materials, it has directly reached the level of nine stars!

"It's a pity that I am afraid of refining Youtian Sword."

Su Lang curled his lips, "Otherwise, I will also use Wu Sheng's soul to refine the Youtian Sword."

At this time.

Chu Xiaobei came back riding Xiaobai again, once and again, but one or two breaths.

This big bird is fast enough!

"Su Lang big pervert, I really like Xiao Bai."

Chu Xiaobei was riding on Bai Fenghuang's back, hugging his neck with happiness.

"nice! You love it."

"By the way, Bing Yun Huan Tian Ling will also return it to you."

Su Lang smiled, then handed Bingyun Huantian Ling to Chu Xiaobei.

[Chapter 579: This terrible line and action](#)

"Ok!?"

"How did it become colorful?"

Chu Xiaobei held the Bingyun Huantian Ling, flat her mouth, and then revealed a hint of surprise.

Because she discovered that Frozen Cloud Fantasy Sky Ling has not only been repaired, but her rank has also increased!

In contrast to this, appearance is not so important.

Looking at it now, the colorfulness seems pretty pretty.

"Hehe!"

Chu Xiaobei tied Bingyun Huantian Ling around Xiaobai's neck and said with a smile, "Su Lang big pervert, you really have a hand!"

"Of course my craft is better."

The corner of Su Lang's mouth twitched and his fingers bend with flexibility.

at this time.

Ji Ruxue and Murong Xianxian seemed to have heard Su Lang and Chu Xiaobei talking, and they also ran out.

Seeing the white phoenix under Chu Xiaobei's seat, the two girls were very surprised.

"so beautiful!"

"I really like it!"

"It looks like a real phoenix alive!"

Ji Ruxue and Murong Xianxian's eyes gleamed, this white phoenix, they both also participated in the design!

"Hehe!"

"Come on, come up and play!"

Chu Xiaobei waved at Ruxue and Xianxian.

"Oh, your terrible lines and actions."

Su Lang weakly squeezed his forehead, and then saw Ruxue and Xianxian riding on Xiaobai, and the three women flew away with a smile.

At this time.

A stream of light flew in the distance and fell in front of Su Lang.

It is Yao Chi Yan Fa.

"I have seen Young Master Su Lang."

Yao Chi Yan Fa salutes with a serious manner and is very polite.

"Patriarch Yan Fa is welcome."

Su Lang smiled faintly, "Is there anything you are looking for?"

"Is such that."

Yaochi Yan Fa looked serious, "Our people have found a sneaky warrior at the old site of Wuyang Devil's Cave, who is suspected of killing the sky."

"People from Slaughter Tower?"

"Behind Wuyang Demon Cave, is the Slaughter Sky Tower?"

Su Lang's expression moved, "Don't worry, I am the one who destroyed the Wuyang Devil's Cavern. When the time comes, they will come to the door and let them see me directly."

Su Lang didn't know the Tutian Tower, but he could guess that this must be an extremely large organization.

After all, just a subordinate force has a six-star martial sage, and the Slaughter Tower is at least a fairy-level force.

However, in any case, the enemy has already provoked. Soldiers come to block, and water comes to cover! !

"Wuyang Devil's Cave has always been a major problem for the Yaochi tribe."

"Thanks to Young Master Su Lang, this cancer can be removed and the Yaochi people can be peaceful."

"Although our Yaochi clan is weak, we are willing to advance and retreat together with Young Master Su Lang to resist Slaughter Tower!"

Yaochi Yan Fa looked resolute, and it seemed that he almost saved everything.

But in fact, this was his only choice. He couldn't stand idly by, because the Yaochi had already entered the game.

What's more, if you don't hold Su Lang's thigh tightly at this time, there will be no chance again, and the previous friendship between the two parties will be ruined.

Yaochi Yan Fa is not stupid, he can't do such a stupid thing.

Su Lang nodded and said with a smile: "Since you Yaochi Saint Clan also intends to contribute, then do more inspections. If you encounter problems that cannot be resolved, report to me."

"Ok!"

Yaochi Yan Fa nodded heavily, "With Young Master Su here, Tuantian Tower will surely break down and sink the sand!"

"Well, what else?" Su Lang smiled faintly.

"There are indeed."

Yaochi Yan Pharaoh blushed and chuckled, "The matter of the sky and sea, I wonder if Master Su is free..."

The Sea of Sky is a super large-scale refining project discussed by Su Lang and the Yaochi tribe.

"Of course I'm free."

Su Lang's expression moved, and he asked, "How are the materials prepared?"

Su Lang is still very interested in the "Sky Sea" project.

After all, the Yaochi Clan has existed for so many years, and its background must be very rich, at least much fatter than Wuyang Demon Cave.

This time, I will be able to make a fortune again!

Yaochi Yan Fa replied: "I don't know if the materials I prepared are enough. Why don't you ask Young Master Su and Miss Chu to have a look?"

Su Lang had pushed both alchemy and refining on Chu Xiaobei before.

Therefore, in the eyes of Yan Fa in Yaochi, Chu Xiaobei is the Holy Artifact Sacred Pill, and of course you must call Chu Xiaobei to read the materials.

"Okay."

"I will call Chu Xiaobei back."

Su Lang smiled brightly, took out the jade card for communication, and wanted to send a message to Chu Xiaobei.

But at this moment, a white streamer flew in the distance, followed by an excited shout:

"Su Lang big pervert, Xiaobai you refined is really fast!"

[Chapter 580: It's too exaggerated!](#)

"Pervert...so fast...so fast~"

The voice constantly echoed among the mountains, and Su Lang's expression suddenly became a little awkward.

Yaochi Yan Fa was also full of shock.

He never expected that Young Master Su's maid would call him a pervert in private!

hiss!

It seems that the relationship between the master and servant is even closer than expected!

Of course, Yao Chi Yan Fa didn't change his expression, as if he was deaf, he didn't hear the words that Chu Xiaobei chanted.

Immediately after.

Chu Xiaobei rode Xiaobai, bringing Ruxue and Slim to fall in front of Su Lang.

"Oh, you are here with Patriarch Yaochi."

Chu Xiaobei looked at Yaochi Yan Fa, and then at Su Lang, there was also a trace of embarrassment.

The key is that he just screamed a big pervert, and probably corrupted his image.

Well, forget it, I should also let Yaochi Yan Fa know that I, Chu Xiaobei, is not a maid. I will scold Su Lang casually!

At the same time, Yaochi Yan Fa's attention had already shifted to Xiao Bai's body.

"This...this is an advanced holy artifact!!"

Yaochi Yan Fa looked at the huge white phoenix full of aura, and his old eyes were protruding.

The sacred artifacts are very precious treasures, and the high-level sacred artifacts are extremely rare.

The sacred artifacts of the Yaochi Saint Clan, Chiri Saint Clan, and Tianyun Saint Clan add up to no more than five fingers, and all of them are low-level sacred artifacts.

Like the Martial Saint Yang Xu who was killed by Su Lang's sword before, he didn't even have the lowest level sacred artifact.

That's the second in command of Wuyang Demon Cave.

This shows how high the value of the sacred artifacts is.

Of course, for Su Lang, as long as the materials are sufficient, the holy artifacts can be refined at will.

At this time, Yaochi Yan Fa looked at Fenghuang Xiaobai's eyes, as if ordinary people saw a luxury sports car worth tens of millions.

In addition, Yao Chi Yan Fa also captured a shocking new message from Chu Xiaobei's words.

That is, this white phoenix flying holy weapon was refined by Su Lang!

Tianle, can Young Master Su Lang refine high-level sacred artifacts? This is too exaggerated!

"Patriarch Yaochi, don't look at my Xiaobai like this."

Chu Xiaobei frowned, then narrowed Xiao Bai and straddled her shoulders.

"Sorry, I'm so sorry!"

Yaochi Yan Fa quickly apologized, "I... have never seen a high-level sacred artifact, so I was stunned for a while."

"Hahahaha."

Su Lang laughed, "Patriarch Yaochi, as long as you provide enough materials, it is not impossible for us to refine the sea of sky into high-level sacrificial artifacts."

"Ah! Really!?"

Yaochi Yan Fa said in disbelief, "Young Master Su Lang is willing to refine high-level sacred artifacts for our Yaochi tribe?"

In Yaochi Yan Fa's mind, refining sacred artifacts is a very difficult and painstaking task.

It will take many years to complete a holy artifact from the beginning to the end!

The time and energy required to refine high-level sacred artifacts is far more than ordinary sacred artifacts.

Yaochi Yan Fa estimated that it would take at least a hundred years to complete the refining of a huge sacred artifact like the Sea of Sky.

"of course it's true."

"Actually, Chu Xiaobei and I are very good at refining tools."

Su Lang smiled lightly, "When we refining together, time will be much faster."

"That's great."

Yaochi Yan Fa was trembling with excitement.

If the Yaochi tribe possesses a high-level sacred artifact, it can leap from the bottom of the three tribes to become the strongest among the three tribes.

"Take us to choose the materials."

Su Lang smiled and said to Yaochi Yan Fa.

"I will take four of you here!"

Yaochi Yan Fa nodded busy.

Seeing this, Chu Xiaobei sacrificed Xiaobai again and became a great phoenix.

Immediately afterwards, she twisted Ji Ruxue with one hand and Murong Xianxian with the other, and came to Xiao Bai's back.

"Brother Su Lang, come up and play!"

Seeing that Ji Ruxue was about to hurry again, she immediately waved to Su Lang.

"Aw, this terrible line again."

Su Lang blinked silently, even if he was about to fly to Xiao Bai.

"Can't sit down! Humph!"

Chu Xiaobei stared at Su Lang fiercely, spreading his hands and feet, occupying most of Xiao Bai's back.

"whispering sound."

Su Lang rolled his eyes and fell directly between Chu Xiaobei's legs and sat down, and by the way, he also embraced Ruxue and Slim.
