

## One Click 591

### [Chapter 591: Shengding is going to blow up!](#)

At this time.

Su Lang's gaze shifted to the remaining large number of god-level parts.

Although twelve holy parts and 132 top god-level parts have been used so far, there are still 2,888 god-level parts left.

The role of these god-level parts is to act as a bridge to connect the newly refined twelve-level parts!

"Royal!"

Su Lang drank in a low voice, and the two thousand eight hundred and eighty-eight god-level parts moved together, divided into twelve parts, each of which was made up of two hundred and forty pieces.

These two hundred and eighty pieces are subdivided into twelve parts, each of which is divided into twenty pieces.

Immediately, under Su Lang's spiritual treasure, twenty god-level parts entered the cauldron and smelted into a higher-level artifact.

After going back and forth like this, the twelve "bridges" have been refined.

These twelve bridges are all quasi-sage-level artifacts, and they are only a tiny bit away from the real saints.

Its size is even more terrifying than ordinary low-level sacred artifacts, but there are no rules and auras.

"Next, is the final step of the refining tool."

Su Lang took a deep breath and threw all the twelve holy parts and the twelve quasi holy bridges into the cauldron.

"mine!"

Su Lang moved his mind and tilted out the thunder system rules he mastered.

The endless thunder and lightning continued to circulate in the sky like a dragon and snake, licking the pot.

The entire sky has been occupied by Lei Hai, and its power is no less than a one-star martial sage's full shot.

The mighty sky, the terrifying coercion, even the Valkyrie who opened the domain were pale and sweaty.

Only Chu Xiaobei, Yaochi Yan Fa and others can be as stable as Mount Tai.

However, Su Lang used the realm of Wu Zun to show the strength of Wu Sheng. This scene made Yaochi Yan Fa and others so surprised that their jaws were dislocated.

Chu Xiaobei was also very surprised.

Although she knew that Su Lang was able to display martial sage-level combat power, it was in the case of using mysterious secret techniques.

At this time, Su Lang obviously did not use any secret techniques, but still exerted the strength of a one-star martial sage.

How does this not shock her?

Everyone was shocked and horrified.

There was a sudden explosion in the sky.

"Boom!"

Countless people looked up.

With good eyesight, he immediately discovered that there was a cobweb-like crack on the holy step vessel.

"No! Su Gongzi's holy cauldron is cracked!"

"Oh my God, how terrifying this sky sea is, even the saint cauldron is cracked!"

"Your focus is wrong, don't you worry that the refining of the sea of sky will fail?"

"Cut, don't you see that the old man Su Lang is here, calmly, even smiling?"

"That is, although there is a crack in the holy cauldron, Young Master Su Lang doesn't panic at all, everything is under his control."

"Ah, I am worthy of being a powerful Young Master Su, this calm and calm charm has already fallen me!"

"..."

Yes, even though Shengding had cracks, Su Lang was really as stable as an old dog and didn't panic at all.

Because before the saint cauldron exploded, the sea of sky could definitely be refined.

"Boom boom boom!"

The thunder and lightning are still roaring, like an ancient beast entrenched in the sky, vying for the sacred cauldron like a dragon ball.

"Kakka-!"

The cracks on the sacred cauldron began to grow larger, making a sour rattling sound.

This scene suddenly made countless people nervous, including the martial gods such as Yaochi Yan Fa, and they were also very restless.

"The crack has grown bigger, the Sacred Cauldron will not really burst open!"

"Probably not, maybe not! Young Master Su is still smiling!"

"Look, there won't be any problems!"

"..."

And at this moment.

"boom!"

There was another explosion from the saint cauldron, and the whole cauldron turned into fragments and scattered.

"What the hell, it exploded!?"

"Oh my God, the saint cauldron was blown up!"

"A holy artifact, it exploded!"

"..."

Everyone lost their voices in horror, as if seeing ordinary people seeing a building collapsed, and their hearts were shocked and fearful.

"The saint cauldron has exploded, no!"

But Yaochi Yan Fa and other Wu Sheng are ants on the stove anxiously.

[Chapter 592: Everyone sit down!](#)

"What are you anxious for?"

Chu Xiaobei rolled his eyes and said, "Su Lang didn't make any movements, and he didn't even change his smile. It shows that everything is under control."

"what!?"

"It's true, Young Master Su Lang still didn't do anything!"

"Look, those sacred cauldrons that exploded, the energy of the artifact is connected between the fragments!"

"It's the aura of the sacred instrument and the power of rules!"

"..."

Yaochi Yan Fa and the others were relieved to see that the saint ding hadn't fully exploded.

But at this moment.

"Kang Dang!"

The sacred cauldron in the thunder sea suddenly extinguished three times, and finally burst into endless light.

At this moment, almost everyone's eyes were bright, and nothing was seen!

Only the martial artist above the realm of Martial God could see that the saint ding was completely exploded.

"God, it really exploded!?"

"Did it fail? How could this be?"

"Obviously everything is under the control of Young Master Su Lang!"

"No, this is not true, Young Master Su Lang will not fail, and our Yaochi Clan's savings will not be gone!"

"..."

The snow-white people in front of them were panicked and their faces were in disbelief.

"It will not fail, it will not fail!"

Yaochi Yan Fa and others opened their eyes wide and kept praying.

"This guy, he won't be brave, has he screwed up?"

Chu Xiaobei frowned slightly, "However, I always feel that this guy will not fail. He is a person who can create miracles easily."

When everyone was panicked, worried, and suspicious.

The sky suddenly went dark!

It was like a huge lid that replaced the sky and blocked the sun and moon!

"this is!?"

Countless people looked up and saw a huge ring suspended in the air, exuding an extremely terrifying power, and even the surrounding void was distorting!

"The power of such a vast rule is an advanced holy artifact!!"

Chu Xiaobei slightly lengthened her mouth, "This guy, sure enough, he won't fail!"

"Advanced Hallows, Advanced Hallows!!"

"Master Su Lang succeeded, hahaha, the sea of sky is refined!"

"I know that Young Master Su Lang will not fail. He is almighty and undefeated!"

"What a powerful sacred artifact, this will be the foundation of our Yaochi people's life!"

"..."

Everyone of the Yaochi saints cheered with excitement, and the five saints such as Yaochi Yan Fa were even more tearful.

At this time.

Su Lang's voice came from the sky: "Everyone sits down, the sea of sky has not been completely refined yet."

"what!?"

"Didn't this all succeed? How come it hasn't been refined yet?"

"Master Su said, that is, the refining has not been completed, do you dare to question?"

"No, no, I was wrong, I was wrong!"

"..."

When everyone was excited, there was also a hint of doubt.

At this time, the refining of the sea of sky has indeed completed the refining, but why does Su Lang say that the refining has not been completely completed?

Yaochi Yan Fa and the others looked at each other, after thinking about it, they suddenly realized that they said in unison: "Formation!!"

Not bad.

At the beginning of the "Shenlong", Su Lang said that he would set up an array.

Why is the design of the sea of sky divided into twelve subjects and twelve bridges, and the twelve bridges are each subdivided into twelve parts?

All this is for the layout of the formation.

Otherwise, Su Lang could have refined the sea of sky just like refining 'Xiao Bai'.

"It's time to burn the formation!"

Su Lang clicked the corner of his mouth, pinched with one hand, and a Saint Order Formation Pen appeared in his hand.

When the holy step cauldron was completely broken, Su Lang broke it down, and at this time refinished it into this array pen named 'Aoi Mingyue'.

"The first formation, the Indigo Weiyu Heavenly Saint Formation!"

Su Lang holds the pen with one hand, his eyes are exquisite and exquisite, the strokes are drawn out, and the formations appear out of thin air, engraved into the body of the sky and sea.

One stroke!

"Om——!"

There was a buzzing sound, and a layer of indigo blue smooth and smooth barrier rose, instantly covering a radius of 100,000 miles.

This formation was learned from Li Xianyang's inheritance space.

Those floating islands have various holy rank formations, and Su Lang learned them all at a glance.

These formations were not refined by Li Xianyang, but were displayed using arrays.

Li Xianyang is indeed worthy of the prestigious reputation of the ancient times. The formations he collected are basically the strongest among the same level.

The Indigo Sky Sacred Array is the most powerful one, almost reaching the level of quasi-celestial.

### [Chapter 593: Don't you love me](#)

at this time.

Suddenly, the Indigo Sky Sacred Array unfolded, and Yaochi Yan Fa and others were stunned.

"What happened? How could a formation suddenly appear?"

"Could it be that this formation was arranged by Young Master Su? He said that the sea of sky was not completely refined, just to arrange the formation!!"

"It should be the case, but doesn't it take a long time to set up the formation, isn't it very troublesome? Why did the formation appear all at once?"

"Furthermore, this suddenly appeared formation is extremely powerful at first glance. It is definitely not something that an ordinary formation mage can arrange, at least it is also the most advanced holy rank formation mage."

"I don't understand, this is too exaggerated, but if it is Su Gongzi, it is not impossible to arrange the formation between raising his hands!"

"Well, I think so too. With Young Master Su's immeasurable talent, it's normal for him to be proficient in formations in addition to being a master of weaponry."

"Ah! Young Master Su is really amazing, ah ah ah!"

"Scream? So will I! Young Master Su is awesome, ah!"

"..."

When everyone was shocked, they decided not to worry about the details anymore, and just screamed for Young Master Su.

It's hard to hear a person screaming, but if many people scream together, it will appear magnificent, the scene will be vast, the atmosphere will rise, and the scream will be nice.

The concert is like this.

At this time, Su Lang was like a super star that was highly anticipated, and received excited screams from countless fans.

"It's pretty fun."

Su Lang looked at the crowd like a tide below, and couldn't help but smile.

Immediately afterwards, he lifted his pen again, and countless array patterns were born from the tip of the pen, merged into the sea of sky, and formed new arrays again.

These later formations were combined with the Indigo Weiyu Heavenly Sacred Array to form a Super Saint-Step Array.

Moreover, Su Lang continued to portray the formations, until the sky sea's body could no longer accommodate and bear more formations!

By this time, Su Lang had portrayed a total of 9,527 holy rank formations on the sea of sky.

Nearly 10,000 holy rank formations are united, and even if its power has not crossed the sky to reach the immortal level, it is also the top existence among the quasi immortal level!

It can be said that no one can break the defense of the sea of sky as long as they don't encounter a fairy-level opponent!

Moreover, the defensive range of the Sky Sea is extremely terrifying, covering almost the entire Jade Lake Holy City.

"Finally finished."

"This is the strongest holy artifact I have ever refined."

Su Lang showed a happy smile on his face, closed his pen, then stretched out his hand, and the sea of sky shrank like a compass into his palm.

Seeing this scene, everyone immediately understood that the sea of sky was completely refined and couldn't help cheering wildly again.

"The refining of the sea of sky is complete!"

"Master Su has cast the sea of sky with one hand. It's amazing!"

"Master Su, I love you!"

"..."

Why don't you love me? You are a man, brother.

Su Lang rolled his eyes helplessly, feeling very speechless at the cheers of people.

At this time.

"Su Lang!"

Chu Xiaobei flew up to Su Lang with curiosity in his eyes, "Is the refining of the sea of sky finished? Show me quickly!"

"Master Su!"

Yaochi Yan Fa and others also surrounded them, and they were so excited that they were almost crying.

"It's just a sacred artifact, not a good thing."

Su Lang clicked the corner of his mouth and threw the sea of sky to Chu Xiaobei.

The eyes of the five Yaochi Yanfa followed the arc of the sea of sky and fell on Chu Xiaobei's hand.

"Wow, what an exquisite sacred artifact!"

Chu Xiaobei took the sea of sky and couldn't help but praised, "This is definitely the best holy artifact I have ever seen. Even in our Profound Jade Immortal clan, only an immortal artifact can crush it."

Only an immortal artifact can crush a sacred artifact.

So powerful, almost invincible among the saints!

After listening to Chu Xiaobei's evaluation, Yaochi Yan Fa and others' eyes brightened, like a bright searchlight.

"Now, here you are."

When Chu Xiaobei saw Yaochi Yan Fa and the other five being impatient, he smiled and handed them the sea of sky.

[Chapter 594: This person is difficult!](#)

"Yan Fa kowtowed Master Su!"

Yaochi Yan Fa did not directly take the sea of the sky, but knelt down on his knees and bowed solemnly.

"I'll wait to thank Young Master Su, thank Young Master Su for a great kindness!"

The four martial sages including Yaochi Hongxi also knelt on the ground, expressing gratitude.

"Okay, it's just a fair deal."

Su Lang faintly waved his hand, "I will give you the sea of sky, and I will not return the remaining materials."

"Master Su, you refined the Sky Sea, how much of those materials are left?"

"What's more, you even exploded the saint cauldron in order to refine the sea of sky for us. This loss cannot be made up for by those materials at all!"

Yaochi Yan Fa raised his head and handed a space ring with deep gratitude: "Yan Fa is willing to dedicate most of his fortune to Young Master Su. Only in this way can I feel at ease, please don't be too young!"

"I'm waiting too!"

"Master Su, please accept it!"

Yaochi Hongxi and the other four martial sages also took out the space ring and handed it to Su Lang tearfully.

The Yaochi people below saw that their ancestors all knelt to Su Lang, and all knelt down.

The crowd as big as the sea was a bit shorter in an instant!

Seeing this scene, Su Lang's heart burst into laughter!

It did cost a lot of materials to refine the sea of sky, but it was far less than what Yaochi Yan Fa and others had imagined.

It can even be said to be very few.

Su Lang spent about one-fifth of the materials obtained from the Yaochi Saint Clan's secret library.

In addition to the common materials, the precious Valkyrie Soul only used twelve copies, and the remaining seventeen copies, ten of which were used to evolve the Youtian Sword, and seven copies remained.

Those two copies of Wusheng Soul are even more useless, right now they just lie in the storage space!

As for the saint that exploded?

As I said before, after being decomposed, the 'Aoi Mingyue' array pen was refined, and there was no loss of even a curl.

It can be said that this wave of Su Lang really made a lot of money.

However, since Yaochi Yan Fa and others have to make up for it, it is not a good idea to refuse, hehe.

"Since your kindness is hard to come by, then I will accept it"

Su Lang smiled faintly, and stretched out his hand to take the ring presented by the Five Sages of Yaochi, "Get up quickly, I am embarrassed."

"Thank you so much Su Gongzi!"

Yaochi Yan Fa said gratefully, "The sea of sky will be the foundation for the Yaochi people to settle down, and it will be the opportunity for our race to grow and develop and impact the immortals!"

"It's not that simple to attack the fairy clan."

Chu Xiaobei smiled and handed the sea of sky to Yaochi Yan Fa, "However, it is always good to have ambition."

"Thank you Miss Chu for your encouragement!"

Yaochi Yan Fa nodded excitedly, and immediately painted his hand, reaching out to pick up the sea of sky.

This is the moment when the Sea of Sky is officially delivered.

The eyes of countless people are falling on the sea of sky.

And at this moment.

"Hahahaha!"

A burst of laughter came, and the voice was unbridled, piercing the world!

"who is it!?"

Countless people's complexion changed drastically, and they looked at the place where the sound came from.

Su Lang and Chu Xiaobei, as well as Yaochi Yan Fa and other five sages also changed their expressions suddenly, following their reputation.

I saw where the world meets, one person walks in backlight, carrying endless power, and the void trembles wherever he passes, and the light is distorted!

"Unexpectedly, when investigating the demise of a small branch, I would get such a big gain!"

"Quasi-xian weapon, a rare weapon in ordinary martial arts, hahahaha, my luck is really great!"

The figure was frantic, and gradually approached, revealing its true face.

This person has eagle-like eyes and a wild expression on his face. He is dressed in a reddish black shirt.

A long way away, Su Lang could smell the terrifying smell of blood on his body.

The reason why the shirt turned red in black was because it was stained with endless blood!

"He is from Tutianlou!"

"And his cultivation base, Quasi Wonderland!!"

Yaochi Yan Fa's eyes were violent, revealing a deep panic.

Yaochi Hongxi and the others are like falling into an ice cave, chilling all over!

"This person... is difficult!"

Su Lang narrowed his eyes and called up the attribute panel of the madman in black.

#### [Chapter 595: Cai Liao](#)

"Properties Panel"

[Name]: Cai Liao

[Race]: Thousand pupils

[Qualification level]: No shortage

[Realm level]: Jiuxing Wusheng

[Attack level]: quasi cents+

[Defensive level]: quasi cents

[Shenfa level]: quasi cents

[Endurance Level]: Quasi-cent

[Spirit Level]: Realm of Bright Moon

[Mastering the exercises]: You Heng Heart Sutra, Reincarnation Immortal Pupil Sacred Code (Xian level, entry level), Black Flame True Sage Profound Book (Holy Level, Dacheng), Tianwu Chihua Zhen Jue (God Level, Consummation), Tian Jue Tian Sha Forbidden Jue (God level, Dacheng)...

"Sure enough, the realm of cultivation alone has reached the nine-star martial sage, and the true combat power has reached the quasi-immortal level in all aspects!"

Su Lang showed a faint look of jealousy, but immediately disappeared, because he was amused by the name of this quasi-immortal boss.

The dignified quasi-immortal expert, unexpectedly named Cai Liao, and he would become a rookie if he was not careful.

If he lives on the blue star, he might be laughed at secretly countless times.

"Haha."

Su Lang couldn't help but smile.

"Su Lang big pervert, are you still smiling at this time? Do you think I can beat him?"

Seeing Su Lang smile, Chu Xiaobei couldn't help being speechless, and sounded angrily at Su Lang.

However, when Yaochi Yan Fa and others saw Su Lang's expression of boundless happiness, most of the panic in their hearts dissipated.

"Princess Su Lang is so relaxed and happy, it seems that there must be a way to deal with this quasi-immortal from Tutianlou!"

"Haha, you deserve to be Young Master Su Lang. He is powerful and has a solid background, so he doesn't even care about the immortals."

"With Young Master Su Lang, it seems that the Heavenly Slaughter Tower martial artist who is the first and second in the sky will definitely plant a fight!"

"..."

Yaochi Yan Fa and others look at me, and when I look at you, there are sneers on his face.

at this time.

Then Cai Liao had come not far from Su Lang and others.

"Hahahaha!"

With a frantic laughter, Cai Liao opened his mouth and said, "A group of ants, quickly hand over the quasi-immortal weapon and kneel down and become my slave.

Otherwise, I will let you live worse than death, and slaughter all the people of the Yaochi tribe, and let your entire tribe disappear from the top of the Canglan Continent! "

As he said, Cai Liao's eyes stared at the sky and sea in Chu Xiaobei's hand intently, revealing a thick color of greed.

In his opinion, the strongest of these people in front of him is the Seven-Star Martial Saint level woman.

But no matter how strong the woman was, she would definitely not be able to beat him, who was only one step away from Wuxian.

As for the rest of the people, they are even chickens, vulnerable, and don't need to be put in the eye.

"Ha ha!"

"A quasi-immortal in a mere mere dare to be arrogant in front of our Young Master Su Lang!"

Yaochi Yan Fa sneered again and again, "Do you know the identity of our Young Master Su Lang? Speaking out will scare you to death!"

"what!?"

After hearing what Yao Chi Yan Fa said, Cai Liao suddenly looked at him.

His face was surprised, and his eyes fell on the handsome young man.

For this young man, he is very concerned.

Because just now he witnessed the whole process of this young man refining the quasi-immortal artifact from a distance.

For such a talented person, Cai Liao would of course be reluctant to kill, so he only said before that Su Lang and others would kneel down as slaves.

But at this time, the old man actually said that this person was noble, and even the quasi immortal dared to describe it as "trivial". It was really frightening to ponder.

"Could it be that the identity of that young man turned out to be a direct descendant of the imperial clan?"

"Only the noble existence of the emperor can you dare not put the immortal in your eyes!"

"However, if that person is really a descendant of the emperor, how can he come to this remote place where the birds don't shit, and mix with a little saint?"

Thinking of this, Cai Liao couldn't help but wonder.

At this time.

Chu Xiaobei glanced at Su Lang and bit her silver teeth.

She stepped forward and said condescendingly to Cai Liao: "Where did the dog from here dare to bark at my son?"

Now if you knelt on your knees and kowtow to apologize, my son might still spare your life! "

After speaking, Chu Xiaobei retreated behind Su Lang, making a maid looking like Su Lang's head.

#### [Chapter 596: Make a big banner](#)

Such a scene fell in Cai Liao's eyes, and his pupils suddenly shrank.

The seven-star female saint in front of me is already considered a strong generation in Canglan Continent, but she is just the young man's maid! ?

Using a great sage as a maid, I am afraid that only the direct descendants of the emperor have this qualification, right?

"You... don't know where your Excellency comes from?"

Cai Liao stepped back and bowed to Su Lang, "My power is also connected to some of the emperors. Maybe the flood rushed into the Dragon King Temple, misunderstanding."

"whispering sound!"

"Are you from Tutianlou?"

"It's a mere Slaughter Tower, and I am not qualified to know my name."

"I only give you a chance, immediately kneel down and kowtow to apologize, and then get out of my sight."

"Otherwise, your end will be extremely miserable. I will give you ten seconds to do all this."

"After this time, you are considered to have offended me. Even if you enter and can escape, you will still be able to go and the monk will not be able to run away from the temple."

"The quasi immortal of the mere Lantian Tower, I can make you live in pain forever."

Su Lang smiled coldly, the arrogance and arrogance on his face several times more arrogant than Cai Liao.

No way.

The key is that they can't beat them now. Even if Su Lang and Chu Xiaobei can't die, the Yaochi tribe will be over.

It takes time for the sea of sky to unfold, and it needs extremely terrifying energy support, and it is impossible to form a defense force in a short time.

As for Cai Liao, a single blow can wipe out most of the Yaochi saints!

In order to prevent the Yaochi from being annihilated, Su Lang simply followed Yan Fa's brain in Yaochi and cooperated with Chu Xiaobei to withdraw a tiger skin as a banner.

Hope to scare Cai Liao away.

"This... Your Excellency is too..."

Cai Liao was stunned by Su Lang, he was also a quasi immortal, and he came from the Tuantian Tower.

The so-called don't look at the face of the monk and the face of the Buddha, even if the other party is really a direct descendant of the emperor, he should not be so contemptuous and insulting! ?

"Humph!"

"Now there are only seven seconds left."

The corner of Su Lang's mouth twitched, and he took out a communication jade card and pretended to look at it, "Oh, your name is Cai Liao, a member of the Thousand pupils?"

Cai Liao heard Su Lang's words, only to feel angry thunder in his ears.

A horror arose in his heart: "Why does this young man know my name and race? Even within the organization, not many people know my real name.

Moreover, did he know so soon? Is he really a direct descendant of the imperial family? He used the energy of the emperor! ? "

Thinking of this, Cai Liao's complexion suddenly changed, and his unbridled and arrogant expression disappeared completely, unlike when he came.

See this scene.

Yaochi Yan Fa and the others couldn't help but smile, secretly saying that Young Master Su Lang's hands and eyes were open to the sky, and he casually frightened the immortal.

Chu Xiaobei was a little surprised. She knew everything about Su Lang.

Knowing that Su Lang was not a direct descendant of the emperor clan, but he could know the name of the quasi immortal so quickly, and he didn't know what mysterious means had been used.

Everyone's reaction was actually within a moment.

"Cai Liao, you still have five seconds."

Su Lang held the jade card for transmission and sneered, "When the time comes, you will know the consequences."

"I....."

A rare trace of panic rose in Cai Liao's heart.

This kind of feeling, after he became a nine-star martial sage, he hasn't felt it for a long, long time.

In the past, he was only in the face of extremely terrifying enemies and the huge forces that suppressed the world.

"Four seconds!"

The corner of Su Lang's mouth raised, his face showed a cruel and tyrannical craziness, and he showed the characteristics of the dude to the fullest.

"I kneel, I kneel!"

Cai Liao's psychological defense finally loosened, he quickly responded twice, and knelt down immediately.

A generation of quasi immortals just knelt on their knees in front of Su Lang, trembling.

He was arrogant when he came before.

This strong contrast immediately caused the sea of people below to burst out into cheers like a tsunami.

Just now, everyone was so frightened that they were \*\*\*\* off. At this moment, seeing the material kneel down, can you be agitated or unhappy?

[Chapter 597: Actually use it to roll](#)

"Master Su, I love you!"

"Master Su, Master Su, you are the sun and moon in the sky, and I will look up to you every day from now on!"

"Long live Su Gongzi, and long live Su Gongzi!"

"Nima, do you dare to curse Young Master Su for a short life? Come here, beat him!"

"I was wrong, I was wrong, I'm quick! Su Gongzi is immortal and immortal!"

"..."

Countless people's gazes of worship and admiration gathered on Su Lang, and the cheers in their mouths exploded in Cai Liao's ears like thunder.

At this time, Cai Liao really wanted to cry without tears.

The previous organization said that a subordinate force in a remote place was destroyed, and the man who started it was a great sage, and then he was sent.

When he first came, before he had time to contact his subordinates, he saw that Su Lang was refining the sea of sky, secretly saying that he was falling into the sky.

However, he never imagined, where is the falling pie? It is a huge iron plate!

Thinking of this, Cai Liao couldn't help but hate those subordinates.

Those guys who engage in intelligence are too Temad!

He didn't even figure out his identity, so he was sent to kill! ?

Or is it just a trap? Someone in the organization is dealing with him! ?

Think about it carefully, it's really possible!

Cai Liao was horrified: "Made, fortunately I am lucky, and they didn't plan to kill me...otherwise my little life..."

"Hey, it's time to kowtow."

"You have one second left."

Su Lang's contemptuous voice suddenly sounded.

"what!?"

"Yes, yes! I'll just kowtow!"

Cai Liao came back to his senses and immediately banged his head three times under Su Lang's feet.

Obviously he was in the air, and I don't know how he knocked out such a loud noise, maybe he has special knocking skills! ?

"Cai Liao, forget about it today."

Su Lang hung his eyelids and looked down at Cai Liao condescendingly, "If I dare to appear in my sight, I'm not welcome."

"Yes Yes Yes!"

"I will get out of here, I will get out now!"

Cai Liao nodded frantically, then curled up, actually rolling.

Immediately after.

Cai Liao rolled away in the gaze and ridicule of Su Lang and others, as well as the unknown number of Yaochi people below.

When I came here, I was overwhelmed and unstoppable. When I left, I shrank my head and pinched my tail and \*\*\*\* off. It was really uncontrollable.

"The patriarch of Yaochi."

"You quickly activate the sea of sky."

Su Lang turned to look at Yaochi Yan Fa, "After all, I can protect you for a while, but I can't protect you for the rest of your life. You still have to rely on yourself for the saints of Yaochi."

"Yes!"

"Thank you Master Su for saving our Yaochi clan!"

Yaochi Yan Fa bowed deeply, then knelt on both knees, three more rattles.

Yaochi Hongxi and other martial sages, as well as the number of billions of Yaochi people below, also knelt down.

"Master Xie Su save our Yaochi clan!"

"Master Xie Su, save our Yaochi clan!!!"

"Master Xie Su..."

There was a cry of harmony, and the sound was earth-shattering.

"All are up."

Su Lang smiled faintly and helped Yaochi Yan Fa, "You quickly activate the sea of sky, I am fine now, just to guide you how to manipulate."

"Thank you so much Su Gongzi!"

Yaochi Yan Pharaoh was in tears and trembling all over.

However, at any rate, he was also the lord of the clan, he quickly cleared his emotions and took over the sea of sky from Chu Xiaobei's expression.

Holding the sea of quasi-immortality, Yaochi Yan Fa felt that he was holding the future and hope of the Yaochi clan.

Immediately after.

Yaochi Yan Fa poured spiritual power into the sea of sky, and immediately understood most of its usage.

The sea of sky is a comprehensive treasure that gathers various functions such as flying, defense, counterattack, spiritual gathering and living.

Its flight speed and counter-offensive ability reach Jiuxing Wusheng, and its defense ability is invincible below the immortal level.

Its spiritual gathering ability is also extremely abnormal, once activated, the concentration of spiritual energy will be stronger than the heart of the mountains!

Moreover, buildings can be built on the sky and sea without affecting its own functions.

It can be said that the sea of sky is a perfect headquarters. It is impeccable to fight, run, run, and act.

#### [Chapter 598: Boiling Yaochi Holy City](#)

"Master Su!"

Yaochi Yan Fa asked, "I don't know how much energy the sky sea needs and how many people control it?"

"There are twenty-four energy points in the sea of sky, and spirit jade is used as energy."

"Except for this, only 24 Valkyries are required to preside over the Twelve Sacred Artifacts and Twelve Bridges."

"Subordinates can be assisted by Wu Zun, the number is arbitrary, of course, the more the number, the better."

"In a special period, the Martial Saint general can be replaced by the Martial God. The more Martial Saints who control the Sky Sea, the stronger the Sky Sea."

"If the Twelve Sacred Artifacts and Twelve Bridges are all controlled by Martial Saints, and the rest of the controllers are all replaced by Martial Gods, then the sea of sky's top strength will be exerted!"

The corner of Su Lang's mouth raised slightly, revealing a faint smile.

Yaochi Yan Fa nodded excitedly and asked, "Master Su, does the formation on the sky sea need a professional formation mage to control it?"

"No need!"

"As long as the energy is sufficient, the above formation will operate automatically, without human manipulation."

Su Lang smiled and said, "Moreover, all formations can be restored automatically, without the need for array mage repair."

"Then it's too much trouble!"

Yaochi Yan Fa was extremely surprised, "I originally thought that many formation mages were needed to control the formation together."

"Haha."

Su Lang nodded, "You send someone to activate the sea of sky now."

"Yes!"

Yaochi Yan Fa showed excitement and turned to look at Yaochi Hongxi, "You have heard what Master Su said, go find someone!"

"Okay, let's go right away."

Yaochi Hongxi and others dispersed immediately and ran to find someone.

Not long.

All the Valkyrie appeared in front of Su Lang, their expressions excited and respectful.

Immediately afterwards, more Wu Zun was selected as a member of the sea of sky.

"let's start."

Su Lang waved his hand and said, "I will not interfere with you, I will rely on you."

"Yes!"

Yaochi Yan Fa solemnly nodded his head and was about to activate the sea of sky.

But at this moment, he suddenly paused.

"what happened?"

Su Lang frowned.

Yaochi Yan Fa said: "Master Su, I plan to go to the holy city of Yaochi to activate the sea of sky!"

"That's fine, let's go."

Su Lang nodded. He knew that Yaochi Yan Fa's thoughts were nothing more than to give power to the various races in the holy city of Yaochi.

Especially the Chiri Saint Clan and Tianyun Saint Clan, these two races must be in the Yaochi Holy City.

Yaochi Yan Fa wants to let the two races truly feel the terrifying power of the sea of sky!

Soon.

Yaochi Yan Fa ordered everyone to go to the holy city of Yaochi.

Suddenly, countless people marched forward in cheers, and the crowd flocked to the holy city of Yaochi like a tide.

The location of the refining sky sea is between the heart of the mountains and the holy city of Yaochi, not far away.

And there is also a teleportation array available.

Soon, Su Lang and others arrived at the holy city of Yaochi.

Those Yaochi people with low cultivation bases also arrived one after another.

At this moment.

Su Lang and Chu Xiaobei hovered above the clouds above the holy city of Yaochi, while Yan Fa and others surrounded the Yaochi holy city, slightly behind, showing respect.

And those countless Yaochi people poured into the holy city, causing a great sensation.

"Oh my God! Why are there so many people!?"

"It's all Yaochi people. They were summoned and left before, but now they are all back."

"I don't know what happened, did Wuyang Demon Cave's counterattack come?"

"No, what are they talking about the sea of sky, what Young Master Su, invincible below the immortal level, what are you kidding about!?"

"Aren't they crazy? Invincible below the immortal level, it's ridiculous!"

"Fuck, someone here dare to criticize Young Master Su, come here and beat him!"

"Beat me to death!"

"Just cut the limbs!?"

"..."

The entire Jade Lake holy city was boiling, and everyone knew about Lord Su and the sea of sky.

Those who dared to contempt and question were all taken care of.

The people of the Chiri Saint Clan and the Tianyun Saint Clan were shocked, and all the undercover forces came out to inquire for more detailed information.

But they didn't spend much effort at all, they knew all the information

—Su Lang used his own power to refine the quasi-immortal tool Sky Sea for the Yaochi saints, and forced the quasi-immortal of Tuan Tianlou to kneel and kowtow!

[Chapter 599: Sea of sky activated](#)

Upon learning this information, they were immediately scared!

Whether it was refining the quasi-immortal weapon or forcing the quasi-immortal to kneel, they trembled with fear!

They know that from now on, the two clans of their own side, let alone bullying the Yaochi Saint Clan, they will end up if they are not destroyed by the Yaochi Saint Clan.

And at this moment.

A wave of ripples appeared in the sky, dispelling all the white clouds, exposing Su Lang and others above the clouds.

Seeing Su Lang, the enthusiastic fans of the Yaochi tribe went crazy instantly.

They yelled 'Master Su', and flew towards the sky one after another, trying to get closer to Su Lang until they were cut off by the defense formation.

Those who couldn't fly climbed to the top of the tall buildings and waved their hands in excitement.

At this moment, I don't know how many millions of people worshipped Su Lang's eyes!

Everyone remembered Su Lang's extremely handsome figure.

at the same time.

Su Lang looked at the boiling holy city below and couldn't help but smile.

Soon.

Su Lang held his hands behind his back, and said to Yaochi Yan Fa with a calm expression: "Let's get started."

"it is good!"

Yaochi Yan Fa nodded, then directly activated the sea of sky.

In an instant, the sea of sky burst out with a strong light, like a new sun appeared in everyone's eyes.

Its light is so bright, so dazzling!

At this time.

"Boom!"

A whole roar suddenly sounded!

That is the sea of sky is expanding at an extremely terrifying speed, its speed surpasses the speed of sound, causing a continuous sonic boom.

In addition, the sonic boom also brought spectacular sonic boom clouds, and the entire sky instantly covered countless clouds and mists.

The sea of sky is still swelling, and the shadow it casts is like the mouth of a giant beast, swallowing the entire Jade Lake holy city!

The terrifying coercion drooped down, and the original protective array of the holy city of Yaochi was continuously distorted.

"The sky has changed!!"

"The defensive formation is twisting!!"

"It's too powerful, too scary!"

"..."

Countless people were stunned. Is this the mighty power of the Sky Sea?

At this moment, Yao Chi Yan Fa let out a loud shout: "Everyone obeys orders, enter the sea of sky and take control in the following order!"

Under the arrangement of Yaochi Yanfa, Yaochi Hongxi and other martial sages, as well as the selected martial \*\*\*\* Wuzun, entered the designated location in the sea of sky.

Su Lang found that Yaochi Yiran was among them, so she went to control a part of the artifact.

Yaochi Yan Fa also went in and mastered a holy part.

Immediately after.

The people in charge of the twelve sacred parts and twelve bridges took out a lot of spirit jade and put it into the energy point.

In an instant.

The sea of sky bloomed again and became bigger and bigger.

A layer of gleaming indigo blue spherical barrier emerged from the center of the sky and sea, and began to extend to the sky, the ground and the distance.

This moist and silky hood stretches very fast, covering the entire Jade Lake Holy City within a few breaths, and it continues to extend outward.

It wasn't until the area covered by the hood reached three times that of the holy city of Yaochi before it gradually stopped.

At this moment, the sky and the underground of the entire Jade Lake Holy City were protected by the defensive barrier of the Sky Sea.

In addition, the remaining formations on the sea of sky also began to play a role.

The space imprisonment array method makes all the teleportation arrays in the city unusable, and the space-type techniques cannot be used.

The Spirit Gathering Array was activated, and Fangyuan didn't know how many tens of thousands of miles of spiritual energy was sucked into the inside of the hood like torn.

The concentration of aura inside the Sky City increased a lot at once.

This is only a moment of activation. With the passage of time, the concentration of aura will reach a level that is stronger than the heart of the mountains!

But just so, it has already made the warriors in the holy city crazy.

As the concentration of aura increases, their cultivation speed can also increase, which means that they make faster progress, have more opportunities to impact higher realms, and have more lifespan!

As a result, everyone began to cheer again, and the image of Young Master Su Lang became extremely sacred in their hearts.

at the same time.

In a remote valley, the mist is steaming, and the mountain pine meets the deer, which is a fairy family scene.

suddenly.

A long stream of light flew in the distance.

[Chapter 600: Reincarnation fairy illusion](#)

The streamer stopped over the valley and turned into a man in a black and red shirt.

This person is Cai Liao who rolled away from Su Lang with his tail tucked away.

At this moment, his eyes were blood red, his blue veins were violently jumping, and his Qiqiao was smoking, obviously he was extremely angry.

"Dogs, it's all you guys who don't do a good job of intelligence, which caused me to suffer such a big loss. Not only was my dignity and face lost, but I almost lost my life!"

"I can't swallow this breath, you have to pay the price for your inaction! Ah -! Samsara fairy pupil!"

Cai Liao roared, and the pupils in his eyes instantly dispersed and turned into whirlpools.

The sky behind him also suddenly tore two tightly closed gaps!

next moment.

The tightly closed narrow gap suddenly opened, forming horrible eyes that were thousands of feet long!

With the appearance of these giant eyes, the range of hundreds of thousands of miles suddenly became hazy, as if entering another weird world.

This is the reincarnation fairy pupil manifested by Cai Liao with supernatural powers.

Cooperating with the Martial Saint Realm, a reincarnation fantasy space can be formed, and the creatures included in it can be killed!

At this moment.

The information warriors of the Slaughter Tower hidden in the valley found the strangeness and couldn't help being shocked.

"What the \*\*\*\* is going on, how did the surrounding environment suddenly change."

"I have seen that this is a scene caused by the reincarnation fairy pupil, and people from the Qiantong tribe do it to us!"

"What? How come people from the Thousand Eyes clan appear here, and will they do it to us? Could it be that Cai Liao, who was sent from the headquarters, did it?"

"Damn it, it's definitely him, what the \*\*\*\* is he going crazy, he actually uses reincarnation fairy pupils on us!"

"The headquarters sent him here to clean up the great saint, why did he shoot us instead!?"

"Contact the headquarters quickly, quickly!"

"..."

All the warriors in the valley gathered together, and their eyes were full of fear and surprise.

The leading warrior is a one-star martial sage, he immediately took out the jade card of communication, and wanted to send a message to the headquarters of the slaying tower.

But at this moment.

They suddenly discovered that the surrounding environment had changed instantly.

The hazy and illusory scene turned into an entity in an instant. Upon closer inspection, it turned out to be a torture room!

In this torture room, there are countless various cruel instruments of torture floating around!

The ground was covered with a thick layer of coagulated black blood, and there were stumps and broken arms everywhere.

If you look closely, you can find that the torture instruments are like living creatures, twisting their bodies from time to time, even growing faces and opening their blood basins.

In the entire fairy pupil fantasy realm of Samsara, just the murderous aura and evil aura, made the Tuantianlou intelligence personnel stand upside down, their hair is terrified, and the whole person is in terror, almost unable to move.

At this moment, the torture instruments that were like living creatures all flew up and fell on everyone!

"Cai Liao did it!!"

"The jade card of communication has expired, and the message cannot be sent!"

"Damn it, why did Cai Liao rebel, and why did he act on our little remote intelligence team."

"Quick, let him stop! Begging for mercy, begging for mercy!"

"Ah, it hurts, it hurts! Lord Cai, please let me go!"

"Master Cai, where did we offend you, ah, it hurts!"

"No, no, don't cut my foot, ah--!"

"..."

All the personnel of the Tutianlou intelligence team were surrounded by various instruments of torture, and countless tortures were performed one after another, which was simply horrible.

Even the one-star martial sage did not have the slightest strength to fight back, and he was still slaughtered and desperate to survive!

At high altitude.

Cai Liao looked down at the crowd, his eyes were as cold as ice, and his face was grim and cruel.

Immediately afterwards, his voice that sounded like the nine Nethers swept across the entire Samsara fairy pupil illusion.

"A bunch of miscellaneous things have lost my dignity and almost lost my life!"

"The Great Sage who destroyed the Wuyang Demon Cavern is clearly a maid of the direct blood of the emperor!"

"Hehe, it's okay for you, you can't find such important information, or you know it but deliberately didn't tell me, let me go up and die!?"

"Hmph, I know someone in the organization is dissatisfied with me, you must be instructed by them!"

"Dare to do something with me, I will kill you first today, and then go back and ask the host to find out the infighters, and hold justice for me!"
