

One Click 691

Chapter 691

At this moment.

The power of the Jixian Cannon was raised to the level of the Three Tribulations Wuxian, and the spirit jade consumed by each shot was many times.

Su Lang estimated that firing a cannon would cost 10 million superb spirit jade!

Of course, if you use Meteor Thunder as a cannonball, you only need to consume very little spirit jade.

"Tsk tut!"

Su Lang was amazed, "This cannon is really expensive."

this is.

The spirit of Jianxian Cannon emerged from its body.

It is similar to Xiao Hai's body shape, but without pinching his face, it looks like a soft crystal bun.

"gun!"

"fire!"

The Jixian Great Artillery Spirit was suspended in front of Su Lang, making a huge sound.

It's really that kind of thunderous sound!

"Lying down!"

Su Lang muttered speechlessly, "You should be quieter, is it necessary to yell at such a distance!?"

Simultaneously.

He found that the tool spirit of the Jixian Cannon was as ignorant as Xiao Hai, and his IQ seemed a bit worrying.

However, Su Lang is not dissatisfied with this.

The offensive fairy weapon, before being taught well, he was a super bear kid, destroying the leverage.

As long as the Jixian Cannon's weapon spirit is not Erha's character, it's easy to say everything if you cannons everywhere.

"Well, the spirit of the sky sea has a name, I will give you a name too."

Su Lang looked at the Qi Ling in front of him, and after some thoughts, he said, "From now on, you will be called Xiao Pao."

"gun!"

"Small Cannon!"

Qi Ling yelled happily, his voice rushing into the sky, even Su Lang's ears were itchy.

"hiss!"

"It seems Xiao Pao has a bad habit that is hard to change!"

Su Lang took a helpless deep breath and exhaled a long breath, before the Jixian Cannon was also retracted into the storage space.

next moment.

Su Lang moved to the battlefield where Qian Zihou had fallen.

The battlefield at this time has become a huge sinkhole.

This tiankeng occupies an area of tens of thousands of miles and is hundreds of miles deep. The bottom is full of glazed rocks and fiery red flowing magma.

In addition, the power of terrifying rules surrounds the Tiankeng.

Once a warrior below the martial arts level stepped into it, he would die immediately.

"Can't pollute the environment."

The corner of Su Lang's mouth twitched slightly, while humming a little song, he calmed the power of the rules in the battlefield.

In the end, he sent a avatar to make them fill up the tiankeng and try to erase the traces of battle, so as not to be guessed by the people who were killed by the Tianlou.

Let the clones do the dirty work.

Su Lang moved back into the sea of sky.

Li Xianyang was also sent back by him at the same time.

I have to say that this special clone of Li Xianyang is really useful.

"Master!"

Li Xianyang looked at Su Lang with excitement on his face.

After following Su Lang, he returned to the Martial God level in a short time, and he also continuously mastered the power of rules.

The five basic rules of heaven and earth have already comprehended the fire system of the gold system and the water system of the thunder system.

The rules of the Thunder System were never mastered by Li Xianyang.

In addition to the strength of cultivation base and rules, what made Li Xianyang even more excited was that Su Lang actually took out an immortal weapon that he had never seen before.

The power of this immortal weapon is so great that it can kill the immortal in an instant!

"Well, don't look at me with so bright eyes, it's annoying."

Su Lang rolled his eyes, and immediately ordered, "Go and let everyone in the sea of sky come out."

"Yes!"

Li Xianyang nodded immediately.

Then he broke into the sea of sky and informed everyone: "Yao Chi Yan Fa, the Lord orders you all to come out, and everyone must come out."

When everyone heard the command, they couldn't help their expressions, revealing surprise.

Su Lang let them out, no longer guarding the sea of sky, first of all, it means that the threat of Slaughter Tower has been lifted!

Secondly.

The last time Su Lang asked them all to come out, after that, the Sea of Sky was promoted to a fairy weapon.

This time it was the same command.

Does that mean that the sea of sky is about to evolve again! ?

With excitement and excitement, Yaochi Yan Fa and others evacuated the sea of sky with the rest of the guards.

"Master Xianyang!"

"Dare to ask the person in the Slaughter Tower, is it already cleaned up by the Lord?"

"Where is the Wuxian in Slaughter Tower? Did you escape?"

"..."

[Chapter 692: Evolution of the sea of sky](#)

After Yaochi Yan Fa came out, he quietly asked Li Xianyang.

The others also looked at Li Xianyang curiously.

When Su Lang beheaded Zhu Qi and the others, Yaochi Yan Fa and Wu Sheng looked in their eyes.

But what happened later, Yaochi Yan Fa and other Wu Sheng didn't know at all.

Especially the death of Qian Zihou, only Su Lang and Li Xianyang know about it.

"escape!?"

"Qian Zihou District, a robbery Wuxian, can he escape in front of our Lord?"

Li Xianyang sneered at Yaochi Yan Fa's question, "Our lord not only killed him, but before killing him, he even played him a lot!"

"Ah! Qian Zihou is really dead!"

"The Lord can play and torture a martial immortal, it's too powerful!"

"God, I don't know what trump cards the master holds, even Wuxian can kill!"

"Having the Lord's blessing is really a blessing for me to wait for the three lives and three generations to cultivate!"

"Before I was worried about Tutianlou's revenge, which is really ridiculous."

"Who said no!"

"..."

Including Yaochi Yan Fa and others.

The warrior of the quasi-immortal level is already a super power that is beyond sight.

The Wuxian level is already a strong man standing on the upper level of the Canglan Continent Pyramid.

A martial immortal can destroy countless holy forces with just one hand!

But such a powerful warrior was so vulnerable in front of his Patriarch Shang Su Lang.

All at once gave everyone a reassurance.

Everyone's fear of Tutianlou gradually disappeared, and their worries about the future completely disappeared.

They know that as long as they follow the Lord, the future is bright!

Among them, Biyulin and others of the Biyu clan are the most so.

They were very fortunate that they had joined Su Lang's subordinates, and seemed to have seen the scene where the Biyu tribe was moving towards prosperity under Su Lang's leadership.

At this time.

Yaochi Yan Fa and hundreds of martial sages, led by Li Xianyang, came to Su Lang.

Chu Xiaobei, Ji Ruxue, and Murong Xianxian had already stood beside Su Lang with the spirit Xiaohai of the sea of sky.

Looking at the figure of Su Lang next to him.

Chu Xiaobei's eyes were filled with disbelief and shock.

She knows some details about Su Lang.

This time, Chu Xiaobei thought that Su Lang could scare Qian Zihou away as the best outcome.

She never expected that Su Lang could kill Qian Zihou.

"This man is so mysterious."

Chu Xiaobei's eyes turned Qiubo, "Mystery is fascinating...Bah, what am I thinking..."

Ji Ruxue and Murong Xianxian had another reaction, with joyful smiles on their faces, but they were not surprised.

In their eyes, it is okay for Su Lang to do incredible things!

"Servant wait, see the Lord!"

Li Xianyang brought Yaochi Yan Fa and other Wu Sheng Qi to kneel to salute.

Nearly six hundred martial sages all knelt down, and Su Lang looked down!

"Get up!"

"Stand aside, I want to raise the level of the sea of sky."

Su Lang waved his hand faintly, a trace of irreversible majesty appeared on his face.

however.

In the next moment, there was a voice that made Su Lang's majesty freeze on his face.

"Jiji!"

"Ma Ma Ma Ma~"

Qi Ling Xiaohai flew over from Chu Xiaobei's three daughters, landed directly on Su Lang's shoulder, and yelled non-stop.

"Let Chu Xiaobei teach him how to call me after a while!"

Su Lang rolled his eyes secretly, then caught Xiao Hai in his hand, and said in a serious voice, "Xiao Hai, go back to the body!"

Although he felt Su Lang's solemn emotions, Xiao Hai still did not stop shouting.

However, it entered the sea of sky very obediently.

Immediately after.

Su Lang waved his big hand and closed the sea of sky.

The mask that covered a large area of land disappeared!

However, at the moment Qian Zihou has just died, no matter how fast the people who kill Tianlou, it is impossible to make trouble in this gap.

"System, evolve the sea of sky!" Su Lang ordered.

"Ding! Consumes the fairy-level material Zixiao Yanyang Xianyu*5, Extreme Sage Xianluo*10, Arctic Wangdust Stone*10, Wuying Cuiyu Yuyu*10, Shaoying Wuxiangquan*20... .

Saint-level refining materials: Soul of Wusheng*10, Xuanshizhenyan*60, Mingxin Sacred Jade*30, Heart of Stars and Moon*60, Shocking Amethyst*200..., the sea of sky has evolved successfully ! "

[Chapter 693: The real fairy palace!](#)

Inside the storage space.

A large amount of materials disappeared out of thin air, and the sea of sky instantly rose to a small rank.

At this time, the sea of sky was already the Second Tribulation Immortal Tool.

Its defensive power has become stronger, and with the combination of the Cangkong Phantom and the Immortal Array, it has been able to completely defend the attack of the Four Tribulations Martial Immortal.

"go with!"

After the evolution of the sea of sky was completed, Su Lang whispered and threw it out with a big wave.

"Ma Ma Ma Ma~"

Xiao Hai let out an excited cry, and then unfolded the defensive mask.

The Sky Sea that was promoted to the Second Tribulation Immortal Tool is not only more powerful, but also covers a larger area.

"Sure enough, the sea of sky has been promoted!"

"I don't know what method the Lord used to be able to instantly promote the immortal weapon's rank. This method is too bad!"

"The Lord has many methods against the sky. If you are surprised every time, be careful not to close your mouth from ear to ear."

"If the concubine can close her mouth from ear to ear for the Lord, that would be an honor!"

"I think you still want to close your legs for the Lord. Okay, don't think about it."

"..."

All the martial sages looked at the new sky and sea, and they couldn't help but talk, and the excitement in their hearts was hard to add.

At this time.

The defense of the sea of sky is completely stabilized.

"Ma Ma Ma Ma~"

Xiao Hai whispered and flew towards Su Lang.

"Go to Chu Xiaobei."

Su Lang twitched his mouth, waved Xiao Hai to Chu Xiaobei.

Xiao Hai and Chu Xiaobei, Ji Ruxue and Xianxian were already very familiar, but didn't resist, and gradually calmed down.

"Well."

"What's next?"

Su Lang looked at the large amount of materials in the storage space, and after thinking about it, he found a problem.

At this time, his strength is getting bigger and bigger.

But there is still no real headquarters, or building.

If there is a better headquarters, it can better unite people!

"Decided."

"Promote you to a fairy!"

As Su Lang rolled his eyes, a treasure suddenly appeared in his hand.

This treasure is a white jade fairy palace, contributed by Li Xianyang, it is a quasi-immortal artifact.

It's useless to put it in the storage space anyway.

Su Lang planned to promote it to a fairy weapon and take it out as the headquarters.

At that time, there will be an additional fairy tool, which can greatly improve the self-confidence of the subordinates.

Seeing that Su Lang took out the fairy palace, everyone looked over curiously.

Among them, Li Xianyang looked intently, with a look of excitement: "At this juncture, the Lord took out the Immortal Palace, afraid that he would also be promoted?"

This Immortal Palace has followed Li Xianyang for hundreds of thousands of years, and he is naturally happy to see it promoted!

"System, evolve the white jade fairy palace!"

Here, Su Lang directly issued the order.

"Ding! Consumes the fairy-level material Xianmei Shengyan*10, the pure sun ice lotus root*10, the positive certain spirit fairy soil*10...

Consumption of Saint-level materials, Wusheng Soul*3, Tianshu Condensed Huayu*50, Yin-Yang Magical Jade*60, Hundred Turns Biyingjing*200...

The white jade fairy palace has evolved into a primary fairy! "

A dazzling light covered the fairy palace in Su Lang's hands.

When the light disappeared, the fairy palace had changed a lot.

The former fairy palace was like carved from white jade, but it was relatively simple when it was full of fairy spirit.

But at this time, the White Jade Immortal Palace has become magnificent and looks quite majestic.

The peculiar breath of the immortal weapon exudes a trace, and all the martial sages who are pressing down are on the ground, it is difficult to get up!

"Heaven, it's another fairy!"

"The Lord has refined another fairy artifact!"

"The Lord is so powerful, the fairy tools can be refined at hand!"

"..."

Yaochi Yan Fa and others were surprised.

Li Xianyang also flushed red with a face: "The Lord has indeed promoted him to a real fairy palace, Baiyu Immortal Palace, you also got the opportunity given by the Lord, great!!!"

"Su Lang actually refined another fairy tool!"

"In such a short period of time, he has refined two fairy artifacts!"

Chu Xiaobei looked at the White Jade Immortal Palace in Su Lang's hand, and couldn't help showing horror, "We Xuanyu Immortal Clan also only have two immortal artifacts. It took countless years to accumulate!"

"Brother Su Lang is too good!"

"I really admire Brother Su Lang!"

Ji Ruxue and Murong Xianxian looked at each other and smiled, their eyes full of admiration and enthusiasm.

[Chapter 694: Of course satisfied](#)

At this time.

A 'Crystal Steamed Bun' appeared on the White Jade Fairy Palace, er, that is, the spirit of the device.

"Isn't it a minor mental retardation again?"

Su Lang looked at the newly-appearing spirit, feeling a little uncomfortable in his heart.

However, Su Lang soon discovered that he was worrying too much.

This instrument spirit was very quiet, looked around curiously, did not speak, and then returned to the body.

She looks like a shy little girl.

"call."

Su Lang breathed a sigh of relief, "It's good to be quiet, good to be quiet, I will give birth to a daughter in the future."

Soon.

He then released the fairy palace and landed above the sea of sky.

The body of the fairy palace also suddenly expanded, turning into a super palace covering the sky and the sun.

The difference between immortal implements and quasi immortal implements is just so big.

When the White Jade Immortal Palace was still a quasi-immortal tool, it was at most a cave mansion, but now it has become a palace group.

After the fairy palace opened, it immediately activated its own functions.

The first is defense, illusion, and other functions similar to the sky sea, which can guarantee the safety of the fairy palace to a certain extent.

Secondly, it is the very abnormal ability to gather spirits.

Compared with the White Jade Immortal Palace, the sea of sky can only be said to be an amateur!

At this moment.

Most of the aura gathered by the sea of sky was absorbed by the White Jade Immortal Palace and condensed into a river of spirits circling the Immortal Palace!

The water of Linghe is very thick, almost like lead and mercury, close to solid!

In addition, the White Jade Immortal Palace also has the function of evolving and filtering aura, which can remove the impurity energy mixed in it.

This is very useful for the training of martial artists!

"after."

"This White Jade Immortal Palace is my cave mansion."

Su Lang smiled faintly, "I will divide an area, as our headquarters, everyone can move around freely in this area."

"Yes!!"

The martial sages were so excited that they kowtow one after another.

Su Lang smiled faintly, and then said: "The fairy will not be refined for the time being. Next, I will refine a handy weapon for each of you."

This statement came out.

Everyone was pleasantly surprised.

It is an honor for the Lord to personally refine weapons for them!

And there is nothing more exciting than those newly promoted martial sages.

They have just been promoted to martial arts, and most of them are middle and high-level artifacts in their hands.

The use of medium and high-level artifacts in the realm of Martial Saint is like an ordinary person looking for a rotten bamboo pole as a weapon, basically it is not suitable.

And Su Lang, can refining immortal artifacts, wouldn't it be easier to refining holy artifacts?

"just now."

Su Lang waved his hand. "Those who want to refine weapons should line up and come one by one."

As soon as he finished speaking, hundreds of Wu Shengs immediately rushed up to line up with Yaochi Yan Fa, Chiri Muzhu and others.

But at this moment.

"I am the first!"

A pleasant voice sounded, it turned out to be Chu Xiaobei!

As soon as she stood up, Yaochi Yan Fa and others who had been ready to move immediately stopped.

Just kidding, this is the maid of the Lord, the woman who waits for the bed!

It is not an exaggeration to say that it is the heroine!

Well, that's what Yaochi Yan Fa and the others thought.

"Su Lang, my Frozen Cloud Fantasy Sky Ling can't keep up with me."

"I want a quasi-immortal weapon, you have to refine it for me!"

Chu Xiaobei stared at Su Lang with beautiful eyes, and he felt a sense of coquetry, "I will be angry if you don't satisfy me."

"Haha, a small matter."

Su Lang smiled faintly, "Give me your Bianyunhuantianling!"

"No, here it is!"

Chu Xiaobei smiled and handed Bingyun Huantian Ling to Su Lang.

Originally, when he was hunted down, Bingyun Huantian Ling had been damaged, but it was later repaired by Su Lang and evolved into a Seven-Star Hallow.

But at this time Chu Xiaobei's true combat power was already at the quasi-celestial level.

The sacred artifact of the seven-star level is indeed not good enough.

"System, Evolution Frozen Cloud Magic Sky Ling!"

Su Lang held Frozen Cloud Fantasy Sky Ling in his hand and gave the order.

"Ding! Consuming holy materials... Frozen Cloud Magic Sky Ling has evolved into a quasi-immortal weapon!"

"Now, I'm satisfied now!"

The corner of Su Lang's mouth twitched slightly and handed Bingyun Huan Tian Ling to Chu Xiaobei.

"Satisfied, satisfied!"

"Of course satisfied, hehe!"

Chu Xiaobei took Bingyun Huantian Ling, happy as a little girl.

"It's good to be satisfied, good."

Su Lang laughed and turned to look at Yaochi Yan Fa and the others, "Why are you still in a daze, line up!"

"Ah! Right, right, line up!"

"Quickly grab the position, quickly, quickly!"

"You stepped on me!"

"Who! Who is pushing my ass?"

"..."

[Chapter 695: A holy artifact!](#)

Five or six hundred Wu Sheng rushed to line up.

However, although there are many people, they are in order.

After all, in front of Su Lang, they didn't dare to make a mess, isn't that too late to clean up?

Not long.

The Wu Shengs took a good picture of the team, and looked at Su Lang aloft one by one.

At the top is Yaochi Yan Fa.

Among the many martial sages of the four clans, Yaochi Yan Fa was the first to surrender to Su Lang, and he actively surrendered, with high qualifications.

Afterwards, there were veteran martial sages of Huangfuqin and Chirimuzhu.

Finally, the newly promoted martial sages.

"Yan Fa."

"What kind of weapon do you want?"

Su Lang looked at Yaochi Yan Fa, who was kneeling on the ground with his head to the ground, and asked with a smile.

"Return to the Lord!"

"The servant has a sacred tool, and it can be regarded as a handy hand."

"So I want to ask the Lord to help me improve this sacred artifact."

With that, Yao Chi Yan Fa took out his holy artifact from the martial sage realm, and gave it to Su Lang with both hands.

"can."

Su Lang nodded and took this sacred artifact.

Although Yaochi Yan Fa is a six-star martial sage, his sacred artifacts are only two-star primary sacred artifacts.

It can be seen that the sacred artifacts are very cherished among the martial arts.

Not every martial sage can have a holy artifact, and not every martial sage can have a holy artifact that is satisfactory.

But this is not a problem at all in front of Su Lang!

"The system retains the current characteristics of this sacred instrument and evolves it into a high-level sacred instrument."

Su Lang gave an order, and the sacred artifact in his hand flashed with brilliance, and he was promoted from the primary sacred artifact to the advanced sacred artifact.

"No, here you are."

Su Lang threw the sacred artifacts to Yaochi Yan Fa, and in the grateful thanks from Yaochi Yan Fa, he said to the people behind: "Next!"

"Master!"

"Pray for the Lord to elevate the sacred artifacts to the ultimate level that I can use."

Huangfuqin stepped forward, then handed his holy artifact with excitement.

His holy artifact was also presented by Su Lang, but it did not reach the limit he could control.

So Huangfuqin wanted to upgrade his holy artifact.

"Okay, next one."

With a single finger from Su Lang, Huangfuqin's sacred artifact was promoted successfully.

Immediately after.

It is Chiri Muzhu and others, and the five or six hundred Xinnen Wusheng.

They stepped forward one by one, kneeling down respectfully, offering their weapons with both hands and asking Su Lang for promotion.

Or they could take out a lot of materials and beg Su Lang to refine them into swords, spears, swords, halberds and mace.

These martial sages were also honest and did not regard Su Lang's generous gift as a good opportunity to take advantage.

As long as they can get the materials, they will do it themselves.

Many martial sages even finished all the refining materials by themselves, only Su Lang moved his fingers to refine them into weapons.

And in the process.

Su Lang has the function of 'material reduction', but he also earned a lot of material.

Time passed slowly.

In a blink of an eye, all martial sages have their own holy artifacts.

In other words, Su Lang refined and refined five or six hundred holy artifacts!

Speaking of this number will definitely surprise even ordinary immortals.

You know, even the martial sage of the immortal clan, not everyone can have sacred artifacts.

In many cases, a sacred object is passed down from generation to generation and is extremely cherished.

At this moment.

Every martial artist is holding his own sacred artifact, as rare as holding a peerless beauty.

That hand, it's a non-stop rubbing.

Even some guys are drooling...

"Li Xianyang obeyed."

Su Lang's faint voice suddenly spread throughout the audience.

Whether everyone was rubbing the sacred vessel, drooling, or whispering, they all put aside their things and looked at Su Lang seriously.

"Here!"

Li Xianyang bent forward, his expression serious and respectful.

"Order people to guard the sea of sky."

Su Lang said faintly, "Also, arrange enough manpower to put down the eyeliner to guard against the spies in the Slaughter Tower!"

"Yes!"

Li Xianyang knelt down to take the order, and he went down to select personnel from the new Nen Martial Saints.

[Chapter 696: Attempt to cultivate and empower](#)

"Huangfuqin."

Su Lang waved his hand again.

"Here!"

Huangfu knelt on the ground with a red face.

He has only one-star Wusheng cultivation base, but at this time he has such a status, everything is given by Su Lang.

Therefore, Huangfuqin completely worshiped Su Lang as a god.

Every time Su Lang talked to him, he would be extremely honored and extremely excited.

"You go back with Biyu Lin and the others and establish an exchange system in the Biyu Saint Clan."

Su Lang smiled and said, "After the work is completed, you can go back to the Wind Spirit Race to take a look."

"Servant!"

Huangfuqin immediately took the lead.

Next.

Under the arrangement of Li Xianyang, Yaochi Yan Fa and others, the martial sages went to guard the sea of the sky, or went to major cities to guard.

Other Wu Sheng was arranged to patrol around.

Although Su Lang has the treasure hunt flying flying sly as a spy, it is impossible for him to focus all his energy on this at any time.

Subordinates, just let them move, otherwise everything will be done by themselves. What is the use of subordinates?

After all the martial sages left.

Su Lang turned and looked at the three of Chu Xiaobei.

"I recently realized a magical trick!"

Su Lang twitched the corner of his mouth and smiled, "Do you want to watch?"

"Yes I do!"

"Brother Su Lang, what kind of **** do you understand!?"

Ji Ruxue and Murong Xianxian immediately became curious.

"Humph!"

"I know the curiosity of deceiving Aunt Liang."

Chu Xiaobei rolled his eyes and snorted.

But in fact, she herself was a little curious, of course, she would not say it.

"Go, let's go inside the fairy palace."

"I believe it will surprise you!"

Su Lang smiled, waved his hand, wrapped Ji Ruxue and Murong Xianxian with his spiritual power, and flew towards the fairy palace.

"This guy doesn't care about me!?"

Chu Xiaobei was treated differently, and felt a little upset.

Although she knew that she didn't need Su Lang to carry flying at all, she was unhappy, just unhappy! !

However, Chu Xiaobei followed up after being upset.

She wanted to see what Su Lang had to do beyond common sense.

Not long.

The four Su Lang entered the fairy palace.

Although this fairy palace was huge, it was all under Su Lang's control.

Where there is a room, where there is a training room, etc., all know well.

The spiritual energy in the fairy palace is very strong, and the place near the Linghe is even stronger, almost giving people a sense of suffocation.

at this time.

Su Lang took the three daughters to the pavilion closest to Linghe.

"The aura here is almost stronger than the best practice room of our fairy clan!"

Chu Xiaobei squinted his eyes slightly, carefully experiencing the rich spiritual energy around him, and his face was intoxicated and enjoyable.

Ji Ruxue and Murong Xianxian can better understand the richness of aura here.

Because just standing here, without running the exercises, you can feel countless spiritual energy digging into your body.

"Su Lang, what on earth do you want to show us the unskilled?"

Chu Xiaobei looked at Su Lang and asked, "Could this be the Linghe River?"

"of course not."

"How can Linghe be considered a jerk!?"

With a mysterious smile on his face, Su Lang beckoned to Ji Ruxue, "Little boy, come to me."

"Um... what is Brother Su Lang doing?"

Ji Ruxue blushed and ran to Su Lang, pinched the corner of his clothes and asked.

"You'll find out later."

Su Lang clicked the corner of his mouth and placed his right hand on Ji Ruxue's heavenly spirit.

"Brother Su Lang is doing this to me?"

Ji Ruxue's face was hot, and her heart became a little nervous.

at this time.

"Cultivation base initiation!"

Su Lang's heart moved and activated the tenth system function!

"Ding! The cultivation base is initiated, the goal is determined, and the cultivation base is started!"

The system gave a feedback prompt, and immediately Su Lang found that in the mysterious black space, the little cultivation base that the white cultivator had just saved began to gradually disappear.

On Ji Ruxue's side, he felt a powerful invisible force appearing in his dantian out of thin air, and quickly transformed his rich spiritual power.

As soon as these spiritual powers appeared, they were directly digested and became part of her cultivation base.

That feeling is a bit like eating a delicious food that melts in your mouth!

[Chapter 697: Improve the three realms!](#)

"Brother Su Lang!"

"I, I feel like I'm full!"

"Ah, a lot, a lot of aura!"

Ji Ruxue opened her small mouth slightly, her eyes gleaming brightly.

"Don't talk, be good!"

Su Lang comforted Ji Ruxue softly.

Ji Ruxue's cultivation base is rising rapidly, which requires her to concentrate and not be distracted.

"Hmm!"

Ji Ruxue nodded obediently, then closed her eyes.

"What the **** are you doing?"

Chu Xiaobei and Murong Xianxian looked at each other with doubts on their faces.

But after a breath, they got the answer.

"Boom!"

An invisible wave suddenly appeared.

"This!"

"This is a breakthrough volatility!"

"Ruxue has broken through from the intermediate general level to the advanced general level!"

Chu Xiaobei and Murong Xianxian immediately noticed Ji Ruxue's changes.

But the changes in Ji Ruxue's body are still not over.

Her breath is still rising!

After a few more breaths, Ji Ruxue once again experienced a breakthrough wave.

"Breakthrough again!"

"Ruxue has broken through from the senior general level to the pinnacle general level!"

Murong Xianxian covered her mouth and exclaimed, but before she put down her hand, Ji Ruxue sent another wave of breakthrough.

"The quasi military commander level!"

"Su Lang said that the fascinating knowledge, is it a means to forcibly elevate the realm of martial artists!?"

"But most of these methods are facilitating, harmful and unhelpful. He can't do this!"

"Could it be that this method will not cause harm to low-level warriors?"

"If that's the case, then the genius Su Lang comprehended is too terrifying!"

"Heaven, broke through again, this time directly broke through to the rank of Martial Commander!"

"It hasn't stopped, it's still breaking through, Intermediate Martial Commander... Senior Martial Commander... Peak Martial Commander!"

"Still on the rise, King Wu... Senior King Wu... Emperor Wu level!"

"..."

Chu Xiaobei and Murong Xianxian looked at Ji Ruxue, whose aura became stronger and stronger, and felt extremely shocked in their hearts.

In just a dozen breaths, Su Lang actually raised Ji Ruxue's cultivation base from the general level to the martial emperor level.

Three realms have been improved!

"Which level is Emperor Wu? It's almost as I expected."

Su Lang looked at Ji Ruxue, who exuded the breath of King Wu, and nodded slightly.

Although he just broke through soon.

But cleaning up the battlefield, evolving weapons, and refining weapons for the martial sages, all spent a lot of time.

Add up to an hour.

With the cultivation speed of more than 20 million times his perfect level.

Cultivating for an hour is equivalent to an ordinary warrior with no lack of aptitude who has practiced for more than 2,500 years without any auxiliary means!

At present, the efficiency of cultivation base empowerment is 20%, which is equivalent to five hundred years of accumulation of perfect genius.

Such a long period of time is long enough for a Wuxian martial artist to break through to the Martial Emperor level.

Therefore, Su Lang had expected this result.

At this time.

Su Lang gently retracted his hand.

But Ji Ruxue still closed her eyes, still immersed in the skyrocketing cultivation base.

Su Lang didn't bother her.

The cultivation realm suddenly increased to three big realms, even if there were no side effects, Ji Ruxue would need time to take a good look.

"Su Lang!"

Chu Xiaobei shouted with a little surprise, "You, what means did you use against Ruxue? There will be no serious consequences, right?"

Although he knew that Su Lang would not use sequelae lifting methods on Ji Ruxue.

But Chu Xiaobei and Murong Xianxian were still a little worried. After all, it was an exaggeration to raise three great realms at once.

"You can rest assured."

Su Lang smiled faintly, "The only side effect is probably that it is not easy to control one's strength in a short period of time, it is easy to crush a cup, sit on a broken chair and so on."

"So we can rest assured."

Chu Xiaobei and Murong Xianxian nodded one after another, their hearts relaxed a lot.

"correct!"

Chu Xiaobei suddenly asked again, "Su Lang, what method did you use?"

"It's a means of empowerment."

"I can instill my cultivation skills into others without any side effects."

"You also know that my cultivation speed is super fast, and my cultivation base will soon be on the verge of a breakthrough, so I plan to improve Ruxue's cultivation base first. She is too weak to help her."

Su Lang smiled faintly and looked at Murong Xianxian, "Xianxian, wait for me to improve you too."

[Chapter 698: Conversation between two people](#)

"Okay!"

"Brother Su Lang is so good!"

Murong Xianxian looked at Ji Ruxue's arrogance, of course she envied her. At this time, she got Su Lang's promise, and she was immediately very happy.

"Then you give me a boost!"

Chu Xiaobei suddenly grabbed Su Lang's arm, stared at a pair of big eyes, and said viciously.

"what?"

"I will give you a boost, you are already an Eight-Star Martial Saint!"

Su Lang said silently, "The little bit of cultivation that I have accumulated is not enough to stuff your teeth."

"Do not!"

"I want it!"

Chu Xiaobei stomped her feet violently. If it weren't for the fairy-like ground under her feet, she might have been stepped out of a big hole.

This strange girl...

"Good, good, give you to you."

Su Lang rolled his eyes speechlessly. He guessed that Chu Xiaobei should be too curious to experience it.

However, Chu Xiaobei wanted to experience the truth, but it was not the only reason.

She still wants the same treatment as Ruxue Xianxian.

She didn't even realize that she had unknowingly placed herself in the position of a weak woman who needs care and protection'.

Well, maybe Su Lang is too strong and too fierce?

Next.

Su Lang stayed with the three women on the pavilion for another hour.

Ji Ruxue still closed her eyes, and Su Lang once again accumulated a lot of cultivation skills.

But when the cultivation base was about to be empowered, Su Langcha suddenly discovered a problem.

"Uh, that, my **** can only be used twice a day."

Su Lang smiled wryly, "It has been used up once before, but now there is only one left..."

As he said, he looked at Murong Xianxian and Chu Xiaobei.

"Then give it to Xianxian."

Chu Xiaobei nodded generously, "Xianxian needs more than me."

"it is good!"

Su Lang smiled.

He originally thought that Chu Xiaobei would be willful once, but he did not expect that she would directly give this opportunity to Murong Xianxian.

This is great.

"Thank you sister!"

Murong Xianxian thanked him very gratefully.

Immediately, Su Lang also gave Murong Xianxian a cultivation base initiation, and he also raised his cultivation level to the Wuhuang level.

Then Murong Xianxian closed his eyes and was familiar with the skyrocketing power.

"Just let them retreat here."

Chu Xiaobei smiled, "No one dares to come here to disturb them anyway."

"Ok."

"It just happens that I want to ask you something."

Su Lang nodded and placed a formation between his hands to protect Ruxue and Slim.

"what's up?"

Chu Xiaobei asked strangely.

"Say while walking."

Su Lang patted Chu Xiaobei on the shoulder and walked in a random direction.

Chu Xiaobei glanced at her shoulder, then followed Su Lang behind him.

The two wandered around in the fairy palace.

"Go ahead, what do you want to ask?"

Chu Xiaobei walked beside Su Lang, the two were very close.

"I want to ask, do you miss home."

Su Lang smiled faintly, "Well, it's the Xuanyu Immortal Clan, are you planning to go back?"

"Are you trying to push me away?"

Chu Xiaobei trembled, "I can't go back to the Xuanyu Fairy Clan!"

"no no!"

"Don't be so excited."

Su Lang was a little stunned. He didn't expect Chu Xiaobei's reaction to be so big.

"Humph!"

"Do you know why I was hunted alone?"

Chu Xiaobei asked and replied, "Because I escaped from the Xuanyu Fairy Clan!"

"what?"

"Escape from the Xuanyu Fairy Clan! Isn't that your clan?"

Su Lang asked in surprise, "Moreover, you have an unparalleled qualification, no one in a trillion, you should be the treasure of the Xuanyu Immortal Clan!"

Chu Xiaobei's eyes were blank, as if lost in memory, "The reason why I escaped from the Xuanyu Immortal Clan is because of my extraordinary aptitude."

"Tell me more carefully?"

Su Lang raised his brows and said.

"Unparalleled qualifications."

"Almost the highest level of cultivation qualification currently known."

"Who doesn't want to have an unparalleled qualification? Everyone wants to have it!"

Chu Xiaobei smiled bitterly, "And I have the unparalleled qualifications, to some extent, it is a crime."

[Chapter 699: Unparalleled, the posture of becoming an emperor!](#)

"Have a crime?"

Su Lang frowned slightly, "How is it possible, aren't you born into a fairy clan?"

"What about the fairy?"

Chu Xiaobei shook his head and said, "Although I was born in the fairy clan, do you know how big the fairy clan is? How many factions are there?"

After a pause, before Su Lang could speak, Chu Xiaobei continued:

"The line I was born into is the weakest line in the fairy clan, and my father's generation made a big mistake, which is almost irreparable."

"Our line has the smallest number and the lowest status, and is looked down upon by the entire Xuanyu Immortal Clan."

"My birth has filled our veins with hope. All the elders have used cultivation resources on me."

"In addition, the elders were afraid that I would die halfway, so I concealed the fact of my unparalleled qualifications and told me not to leave a safe place."

Su Lang sighed: "You need to be so careful. It seems that you are indeed guilty of crimes."

In the world, the human heart is the most terrifying.

Chu Xiaobei stretched out his hands helplessly: "In this way, I can cultivate to the level of the Great Sage, and have the mysterious ice magic sky silk."

"But my cultivation speed is still too fast. With our resources, it is simply not enough to support me with such a fast cultivation speed."

"So, my aptitude was guessed and confirmed."

"And then!?" Su Lang asked.

"I was quite happy at first."

Chu Xiaobei said, "I thought I would be valued by the clan and gave me more resources, but I never expected that what was waiting for me was a huge trap."

"The person laying the trap is the patriarch of Xuanyuxian clan, Xuanyue Wuxian!"

"But I know that he is not behind the scenes. It is a stronger force that really wants to take my qualifications."

"If my guess is correct, it should be the emperor, and it is also the emperor of our Xuanyuxian clan, the Luoyou emperor!"

"Luoyou Emperor Clan!?"

"Emperor clan is hitting your attention!"

Su Lang took a breath, "Hi, I'm really curious about how you escaped!"

"The reason why I know that Wuxian Xuanyue is not behind the scenes is because, I can escape, he let me go."

"Xuanyue Wuxian was persecuted, and the other Wuxians in the clan were warned not to interfere in this matter."

"And the one who can intimidate an immortal clan is probably only the emperor clan."

Chu Xiaobei said, "And I am afraid that only the emperor has the heaven-defying means to seize the transfer cultivation qualifications."

"That's it."

Su Lang smiled slightly, "It seems that your Xuanyu patriarch still has some conscience."

"On the one hand, there is the **** of blood."

"On the other hand, it's probably because of the extraordinary aptitude has another name, that is, the posture of becoming an emperor!"

"It is almost impossible for the fairy clan to become an emperor, and I am the only hope for the Xuanyu Xian clan to become an emperor."

Chu Xiaobei said, "Xuanyue Wuxian couldn't bear me, the only emperor of the Xuanyuxian clan for tens of millions of years, to make wedding dresses for others, so I chose to let me go."

"Xuan Yue Wuxian let you go."

Su Lang said: "Then he, and the entire Profound Jade Immortal Clan, I'm afraid they will have to bear pressure from the emperor."

"Of course there is pressure."

"But the Emperor Luoyou will not make a direct shot."

"The seizure of qualifications is a crooked way, and this matter cannot be made public."

"And our Xuanyu Fairy Clan is also a subordinate force of Luoyou Emperor Clan in name."

"Therefore, the Luoyou Emperor Clan will not directly take action. The black hand behind the scenes will use other means to force us Xuanyu Immortal Clan to submit."

"This is also the reason Xuan Yue Wuxian dared to gamble-Xuan Yuxian clan will not directly face the disaster of extinction."

"As long as you carry it this time and save me, with my presence as an emperor, the emperor clan will not dare to go too far."

"Because no one knows whether I can really become an emperor in the future. If I really become an emperor, it will be a disaster for their Luoyou Emperor Clan."

Chu Xiaobei took a deep breath and said, "However, the premise is that they can't catch me, and my existence has been known by the Lu Tianlou.

I don't know if there is any contact between Lantianlou and Luoyou Emperor Clan, and will tell Luoyou Emperor Clan where I am.

To be honest, I am very worried and scared, Su Lang..."

[Chapter 700: To become the empress!](#)

"Is Luoyou Emperor Clan?"

"It sounds more terrifying than Slaughter Tower."

"However, as long as I am given a certain amount of time, the power of the emperor is nothing. After all, Emperor Wu is only a realm on the path of martial arts, and he is not an invincible existence in the world."

Su Lang smiled and looked at Chu Xiaobei, "You are alone now, and the Xuanyu Immortal Clan can't go back. Just stay by my side and I will protect you."

If an unsuspecting person saw this scene, their eyes would fall out.

A junior martial **** dared to speak up, saying that the power of the emperor was nothing, and he wanted to protect a martial sage with quasi-immortal combat power!

But in the eyes of Chu Xiaobei.

Su Lang really has this ability.

His potential is really terrifying, and his growth rate is even more terrifying.

It is precisely because of this that Chu Xiaobei gradually became dependent on Su Lang.

"Originally, I was entangled whether or not to leave everyone."

"But you said you want to protect me, then I won't leave, hehe!"

Chu Xiaobei laughed, her beautiful eyes like two beautiful meniscus.

"Hmm, I still need you to bring Xiaohai."

Su Lang smiled and nodded, "By the way, you should be able to use the fairy weapon now, give me your Frozen Cloud Fantasy Sky Ling, and I will help you promote to the fairy weapon.

In addition, the immortal soul pill I gave you was taken earlier, and strive to break through to the realm of Wuxian as soon as possible. "

Now that he knows there are enemies suspected of imperial clan.

Of course, Su Lang would not take it lightly, planning to use all the existing resources to improve combat power.

Chu Xiaobei was originally a quasi-celestial combat power.

Equip her with good weapons and let her break through to the realm of Wuxian as soon as possible.

This is very important for Su Lang's promotion.

Therefore, in addition to weapons and pill, he has another plan.

"Really, you are so kind to me."

Chu Xiaobei's eyes shone slightly, and immediately handed Bingyun Huantian Ling to Su Lang.

Bingyun Huan Tian Ling had just been promoted once, reaching the quasi-immortal level, and at this time it ushered in another promotion.

This time I encountered some trouble when I was promoted to Frozen Cloud Fantasy Sky Ling.

Some fairy-level materials are not in Su Lang's storage space.

After all, it is a fairy-level material, there is not much on the entire Canglan Continent.

So it is normal to lack one or two.

But this couldn't help Su Lang at all.

If there is no material, then synthesize it!

According to the required properties of the fairy-level materials, using holy-level materials with similar properties, there is a high chance of synthesizing them.

After spending a little time, Su Lang found out the missing materials, and also obtained some immortal-level materials that were temporarily useless.

After some operations.

Bingyun Huan Tian Ling was successfully evolved into a fairy weapon by Su Lang, giving birth to a device spirit.

This spirit is exactly the same as the spirits of Xiaohai Xiaopao and Xiangong, and it looks like a crystal bun.

Su Lang muttered in his heart, "Looking noisy, it doesn't have the fairy weapons that I have evolved, but the spirits are all like this, right?"

At this time.

Bingyun Huan Tian Ling's spirits actually flew up to Chu Xiaobei obediently, babbling in his mouth, but he could probably hear the words 'Chu Xiaobei'.

"Su Lang, it knows my name!"

Chu Xiaobei was excited holding the spirit of Huan Tian Ling, with curiosity and affection on his face.

"Probably because it has been with you for a long time, that's why."

Su Lang smiled, "After all, when it was still a sacred weapon, although it did not have a spirit, it still has aura."

"Hmm, that should be it!"

Chu Xiaobei covered her mouth and giggled.

Su Lang had never seen her so happy and excited before, smiled, and said, "How do you feel about this Frozen Cloud Fantasy Sky Ling? Has it reached your control limit?"

"Well, it's almost there."

"Bing Yun Huan Tian Ling was promoted to an immortal weapon. I also need to consume a huge amount of spiritual energy to activate it."

Chu Xiaobei felt the power of Huan Tian Ling and hesitated.

"In that case, I will promote it next time."

The corner of Su Lang's mouth raised vigorously and smiled, "Come here today, you hurry up to practice, you have the qualifications to become an emperor, and you want to become a female emperor."
