[Chapter 731: Close your eyes, i'm coming](#)

"You can give it to them."

Chu Xiaobei on the side suddenly spoke.

"what?"

Su Lang's face was surprised, "Will it be affected by others' space?"

"The lead to the space left by the general Valkyrie will of course have an impact."

"But most of the space guides left by Wu Sheng are complete, and the probability of causing an impact is very small."

"And if it is Wuxian's space guide, it will definitely not cause any impact."

"After all, Wuxian's inner world can basically be said to be an independent world, and the space guide is perfect."

Chu Xiaobei rolled his eyes and said, "Didn't you kill Wuxian? There must be a Wuxian-level space guide!"

"Will the space guide left by Wuxian have an impact? That's how it is."

Su Lang suddenly realized, and immediately took out two copies of the space guide left by Wuxian from the storage space.

Pack it in the best box and put it in front of Ji Ruxue and Murong Xianxian.

When taking the lead of space.

Su Lang also noticed a few strange crystals-regular fairy crystals.

This was also obtained by Killing Wuxian, but Su Lang didn't have time to check it.

"Xiaobei, do you know the rules of Xianjing?"

As Su Lang asked, he took out a regular fairy crystal, "That's it."

"Rules fairy crystal!?"

Chu Xiaobei opened her mouth slightly, his face was horrified, "You actually have a regular fairy crystal?"

"Well, what's the use?"

Su Lang nodded, looking like it was no big deal.

"The rule fairy crystal, this is a treasure that can help the quasi fairy to become a fairy quickly!"

Chu Xiaobei took a breath, "Under normal circumstances, if a quasi immortal has a regular immortal crystal, the probability of becoming a martial immortal will be greatly increased!"

Basically, a regular fairy crystal represents a future Wuxian!

But the rule immortal crystal is very rare, just like the spirit of Wuxian, it must be Wuxian condensed by himself, and the power is extremely low!

Even dozens of martial immortals may not necessarily condense a regular immortal crystal! "

"I'm going, it turns out this thing is so rare!?"

Su Lang smiled, "One piece represents a future Wuxian, what a dear, Xiaobei, do you want?"

"Give it to me!? I don't want it!"

"The rule immortal crystal can indeed make the quasi immortal become a martial immortal, but it will leave an extremely powerful shackle."

"With this layer of shackles, it is absolutely impossible to break through to Emperor Wu level!"

"Although becoming an emperor is an extremely difficult thing, it is hardly a disadvantage for Zhunxian, but for me, it is different."

Chu Xiaobei squeezed her fist solemnly, "I, Chu Xiaobei, I want to be the empress!"

"Good good, ambitious!"

Su Lang laughed, "Then I will leave these rules to others."

"Ok."

"Well, is it my turn next?"

Chu Xiaobei nodded, and a pair of beautiful eyes rolled around Ruxue Hexianxian's body like hamsters.

Chu Xiaobei was also hard to resist the temptation to improve his realm in a short time.

The journey of martial arts is extremely difficult, and it can quickly improve the realm without side effects. This is a choice that every martial artist will not refuse.

"Hmm, it's your turn!"

"It didn't cost them much cultivation at all to improve their two levels."

The corner of Su Lang's mouth raised slightly, "Most of my inventory is still going to be used on you!"

"Necrosis!"

Chu Xiaobei gritted her teeth and gave Su Lang a vicious look.

"Okay!"

Su Lang smiled faintly, "Close your eyes, I'm here!"

Chu Xiaobei trembled her eyelashes and closed her eyes, even though she felt a warm hand covering her forehead.

An inexplicable sense of security followed.

Chu Xiaobei's heart suddenly became calm and calm, and there was no wave in the ancient well.

"Cultivation base initiation!"

Su Lang thought, and immediately used the system functions.

Immediately after.

A large amount of cultivation base began to be quickly instilled into Chu Xiaobei's body, directly becoming Chu Xiaobei's own cultivation base.

[Chapter 732: Crazy breakthrough!](#)

Su Lang saved up his cultivation base for three days.

After the one-key practice reaches level 25, even more than a few tens of seconds can accumulate the cultivation base of a small realm of war god.

So far, he has stored the cultivation base equivalent to hundreds of thousands of years of cultivation of the ordinary Valkyrie.

Even if these cultivation bases were instilled into Chu Xiaobei's body with an efficiency of 40%, there were more than 200,000 years of cultivation bases!

Although the speed of Wushen's accumulation of cultivation base is far lower than that of Wu Sheng, it is also a huge amount of cultivation base.

In addition, Chu Xiaobei himself was about to break through the nine-star martial arts.

Therefore, after receiving the support of this cultivation base, Chu Xiaobei's energy in his body skyrocketed, reaching the breaking point of Jiuxing Wusheng within minutes.

Immediately after.

A wave of powerful breakthrough fluctuations spread from her body!

After a short time, Chu Xiaobei successfully broke through to the nine-star martial arts level.

At this time, there was still a part of the cultivator in Su Lang's mysterious black space that was golden.

Su Lang simply instilled it all into Chu Xiaobei's body!

The inculcation of this part of the cultivation level allowed Chu Xiaobei's realm to be quickly and stably consolidated.

but.

Chu Xiaobei still did not open his eyes, and was still in a state of cultivation.

The gap between the eight-star martial sage and the nine-star martial sage is also terrifying, so she also needs to be as familiar with the new power as Ru Xue Xianxian.

Su Lang glanced at Chu Xiaobei's attribute panel, and found that her various abilities had reached the Quasi-Xian+ level.

This level is much stronger than Cai Liao and Zhu Qi!

Immediately after.

Su Lang himself closed his eyes, quietly waiting for the system prompt.

Yes, he has to break through.

After tens of seconds.

"Ding! The sea of repair is full, do you break through?"

"No breakthrough for now!"

Su Lang intends to hold back a wave.

But this time it didn't last long, only five or six minutes, a song's time.

"system!"

"Give me a breakthrough, a breakthrough!!"

Su Lang took a deep breath and gave the order directly!

next moment.

The terrifying liquid spiritual power appeared out of thin air in Su Lang, while respecting the flesh and blood, while converging towards the dantian.

The pubic area at this time has become the space of the **** of war, an independent space.

Nourished by a lot of spiritual energy, the Valkyrie space began to expand rapidly, and the Valkyrie domain became more and more powerful!

Su Lang's body continuously experienced breakthrough fluctuations.

Elementary Valkyrie, Intermediate Valkyrie, Advanced Valkyrie, Peak Valkyrie, Quasi-Sage!

Five small realms, four levels, like a broken bamboo, all break through instantly!

Su Lang's cultivation realm reached the Quasi-Sage level in an instant!

But Su Lang was not satisfied.

His goal is to reach the real Martial Saint level!

Time continued to elapse, ten minutes passed, and finally there was another system prompt.

"Can you break through to a one-star Martial Saint in just ten minutes?"

"My current cultivation speed is really abnormal!"

Su Lang thought in his heart, and then refused this breakthrough.

Now the time required to break through is very short, enough for one break!

Time to shuttle.

Three hours passed.

And Su Lang has 4.4 billion times the basic training speed of an Indispensable Martial Artist!

This is equivalent to the Immaculate-level Quasi-Sages who have practiced for a full 1.8 million years without any auxiliary means!

"about there."

Su Lang thought, "System, give me a breakthrough!"

As he gave instructions, first of all endless auras appeared in the meridians.

Afterwards, a terrifying attraction radiated from Su Lang, and he began to absorb the spiritual energy of the surrounding world.

Su Lang didn't even think about it, and immediately rushed out of the room and came into the spirit river that was constantly rotating around the fairy palace.

"Boom!"

The Linghe River poured into the earth like a waterfall, rushing into Su Lang's body frantically.

The huge momentum and movement spread, and the warriors in the entire Yaochi Holy City saw this spectacular spectacle!

"Gosh, someone is absorbing Linghe!"

"Who is that, with good eyesight, take a look, who is so awesome!"

"It's Su Gongzi, it's Su Gongzi, Su Gongzi is making a breakthrough!"

"As expected of Young Master Su, the breakthrough scenes are different from me and other mediocre people!"

"..."

Most of the warriors in the holy city of Yaochi looked up at the fairy palace, talking and exclaiming.

[Chapter 733: Quasi-celestial combat power](#)

at the same time.

Li Xiangyang also looked at his body in shock.

He found that a strange and indescribable ability emerged in his body, which was frantically raising his cultivation level.

"Master, how come the master has begun to break through again!?"

"Obviously, the Lord has just crossed the four realms, breaking through to the Quasi-Sage realm, this is not over yet?"

"Hey, the martial sage level is now, I am back to the martial sage level, and I haven't stopped yet, the second-star martial sage is now! And... still not stopping!?"

Li Xianyang knew that Su Lang's cultivation speed was against the sky, but he didn't expect to be able to go against the sky to such an extent!

At this moment, he was already shaking with excitement.

Su Lang's side.

The entire Linghe continued to revolve around Su Lang, forming a huge spiritual liquid vortex, and the spiritual energy poured into Su Lang's body frantically.

Fortunately, the immortal palace plus the sea of sky, the spirit gathering effect is exploding, enough to support Su Lang's devouring.

In this way, Su Lang's cultivation realm rushed all the way, rushing from Quasi-Sage to Six-Star Martial-Sage level in just a few minutes!

Directly across six small realms.

And it is still the six small realms of Wusheng level!

We must know that a small realm of Wusheng level is almost equivalent to the sum of all the great realms before Wushen!

But even so, Su Lang broke through six small realms.

Plus the state of breakthrough before.

Su Lang broke through a total of ten small realms today!

Such a speed is absolutely unprecedented, and there is no one to come after!

"call!!!"

In the Linghe, Su Lang let out a long sigh of relief.

Immediately, his spiritual power looked inward and fell on the Martial Saint Realm in the Dantian.

It is still a 'chicken' structure, divided into the innermost Wusheng space and the outer chaotic space.

The area of Wusheng space is much larger than that of Wushen space.

What Su Lang possessed at this time was the six-star Martial Saint Space, whose size was already equivalent to a large province on the Blue Star.

And in the ancient times of Blue Star, it was a country! !

The outer chaotic space is also very huge, and there is a thick platinum energy flowing inside.

This is the result of Su Lang's unnamed technique. Once the Martial Saint Realm is launched, the combat power can be increased.

In addition to the golden energy, the chaotic space is also full of lightning grid-like substances of various colors.

These are the rules of heaven and earth that Su Lang has understood.

Comprehending the rules and perfecting the rules can form the basic framework of Wuxian Inner Realm, which is a very important 'infrastructure project'!

"The skeleton of the basic rules of the five elements has been completed."

"The derived subsidiary rules are almost understood."

"By the way, the Yin-Yang rules, the Yin-system rules have also been understood and can be accepted."

While thinking about it, Su Lang accepted the Yin System rules and immediately put on the 'Dark Rules'.

Dark rules and Yin rules have something in common, and they can be regarded as one of the basic rules of the world.

"At present, for me, time is not a problem with the rules of comprehension, but the type of exercises practiced has become a limitation of the rules of my comprehension."

"Practice a lot of different kinds of exercises, especially the Space System and the Time System. You must find these two exercises."

While thinking about it, Su Lang opened his property panel.

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

[Realm level]: Six-star Wusheng

[Attack level]: quasi cents+

[Defensive level]: quasi cents+

[Shenfa level]: quasi cents+

[Endurance level]: quasi cents+

[Spirit Level]: Realm of Bright Moon

[Mastering the exercises]: The Infinite Heart Sutra, "Ten Thousand Laws into One: Unnamed" (Holy Level, Founding)

[Activated system functions]: One-key practice function (level 25), one-key martial arts function (level 25), clone dispatch function (level 25), one-key treasure hunt function (level 25), one-key alchemy function (level 15) , one-key mixer function (level 15), one-key refining array function (level 15), one-key

synthesis function (level 15), one-key initiation function (level 4), one-key decomposition function (no level)

"Has all aspects reached the quasi-celestial + level?"

"It's a pity that I haven't reached the immortal level. From this it can be seen that the gap between the holy level and the immortal level is really terrifying."

Su Lang closed the attribute panel and immediately checked his mental power.

In the vast and boundless sea of knowledge, the round of Huiyue that represents spiritual power has become more and more rounded.

The potholes on its surface have basically disappeared completely.

[Chapter 734: Spiritual cultivation in the realm of the sun](#)

"It's only a little bit to break through to the fairy level."

"Fortunately, with my current strength, I can take Immortal Soul Pill..."

With a tick at the corner of his mouth, Su Lang directly took out an immortal soul pill into his mouth.

The pill melted through the mouth, and then turned into strange energy, rushing through the limbs and hundreds of skeletons, and finally condensed in the sea of consciousness.

In the sea of consciousness, the thousands of golden silk ribbons on the heads of tens of thousands of souls and phantoms have become trillions of silk ribbons!

These golden silk ribbons connect the sea of consciousness and the luminous moon in the spiritual aura, and continuously convey spiritual energy.

Not long.

The light emitted by Huiyue became brighter and brighter!

Immediately, the spherical shape of Huiyue began to expand, and it gradually broke through the halo surrounding her waist and swallowed its fragments!

When Huiyue's volume swelled ten times its original size, the last trace of hairline on its surface gradually disappeared.

The whole Huiyue became round and perfect, without any flaws.

This sun is really like a sun, illuminating the entire sea of consciousness.

Large tracts of darkness were driven away, and more golden silk ribbons appeared, connecting to the surface of the sun.

"The Realm of Sunshine!!!"

Seeing the scorching sun in the sea of knowledge, Su Lang couldn't help getting excited.

The realm of the sun is the terrifying spiritual power that only Wuxian has!

The power of the sun, once unfolded, can cover billions of miles!

For low-level creatures, it has extremely terrifying lethality, which can make their souls fly away at the moment of a thought.

Even if it is Wu Sheng, if it is not an alien like Li Xianyang, it is all ants.

Moreover, Su Lang already understood the spiritual rules, and the lethality of mental attacks was even more terrifying.

If Yijie Wuxian dared to confront Su Lang with mental power, he would definitely die in an instant.

And if Su Lang uses mental power to carry out a sneak attack, Wuxian will be caught off guard, and he will definitely not die or be seriously injured and dying!

"Apart from the foreign objects, my current comprehensive combat capability is already a martial arts immortal."

"And counting my avatars, it's a full fifty one-half martial arts power!"

"Hahahaha, although it's just a catastrophe, the number is really terrifying."

Su Lang felt the power in his body and couldn't help showing excitement.

at the same time.

Li Xianyang was more excited and more excited.

He has never been so excited in his life.

"I... my mental strength broke through to the realm of the sun out of thin air!"

"Sunshine, the realm I dream of has reached so soon!!"

"Lord, you are really amazing, you are a super genius with no one in the past, and a great existence destined to reach the realm above Emperor Wu!"

"Master, I worship you!"

"..."

Li Xianyang knelt on the ground and kept kowtow to Su Lang in the Linghe, his eyes filled with endless fanaticism.

far away.

Su Lang's keen mental power immediately sensed Li Xianyang's gaze.

"Ok?"

"Lying down, why are you looking at me so enthusiastically, I have no interest in men!"

Su Lang looked at Li Xianyang, rolled his eyes fiercely, and disappeared from where he was.

He didn't want to be stared at by Li Xianyang's hot eyes!

Hiss, thinking about it, my back is tingling.

Leaving from Linghe.

Su Lang returned to the small room before.

Chu Xiaobei, Ji Ruxue and Murong Xianxian have all completed the consolidation of their realm.

Seeing Su Lang coming in, he immediately looked over with burning eyes.

"Brother Su Lang!"

"Brother Su Lang, did you break through!"

"Su Lang, you actually broke through from the elementary martial **** to the six-star martial sage realm!?"

The three women asked questions one after another, with admiration, excitement, and disbelief on their faces.

Seeing the beautiful eyes of the three sisters, Su Lang's body was relaxed.

It's cool to be watched enthusiastically by a beautiful woman, Li Xianyang, where is the coolness to stay.

"Ahem."

"Yes, I broke through to the Six-Star Martial Saint."

Su Lang smiled and nodded, "Moreover, my combat power is almost immortal."

"what!?"

"I thought it would take a long time for you to reach this state!"

Chu Xiaobei flattened her mouth, "Now you surpassed me at once, it's really boring!"

"Haha."

"I practice fast."

Su Lang has a petting smile on his face, "And don't worry, I will let you break through like me!"

"Really!"

"That's great!"

Ji Ruxue and Murong Xianxian were jumping for joy.

Chu Xiaobei also swept away his unhappy, beautiful eyes full of expectation.

And at this moment.

Su Lang suddenly felt a movement in the jade card of the transmission.

He took out the jade card of transmission and found that it was a message from Huangfuqin.

And the content...

[Chapter 735: Two Wuxians of the Colchicum tribe](#)

"Master!"

"In the past few days, we have established an exchange system from the Biyu clan."

"At the same time, the holy races around the Biyu tribe have also discovered the existence of the immortal formation, so they are very jealous of the Biyu tribe, and even fear it."

"Therefore, several holy races gave the Colchicum tribe a gift, and the Colchicum tribe took it very seriously and sent someone over."

"And the attitude of the Colchicum tribe is rather bad, they covet the celestial phantom celestial formation. The direct blood of the immortal tribe is sent to ask for it."

The above is the message sent by Huang Fuqin in the jade card of Su Lang's transmission.

"The Qiucian tribe, coveting the fairy formations I have laid?"

"Why does this sound a bit like a laugh, the formation I arranged casually made an immortal jealous, haha."

The corner of Su Lang's mouth twitched, causing Huangfuqin, Bi Yulin and others to stabilize the Colchicians, and then received the jade card for communication.

Su Lang had already predicted the reaction of the Colchicum tribe, so it was not surprising.

Immediately after.

With a thought, Su Lang sent Li Xianyang out.

The Wuxian of the Coliseum clan would definitely not go to the Biyu clan to investigate in person, so sending a Li Xianyang to it was completely enough.

And with Li Xianyang, even if the martial immortal of the Colchicum clan descends, he will have the power to fight.

After all, the Qiu Xian Clan is a Xinnen Xian Clan, and Wu Xian is not strong either. With Li Xianyang's current combat power, he might be able to kill him.

After sending out Li Xianyang, Su Lang found a room in the fairy palace and continued to refine the parts of the super humanoid weapon.

Simultaneously.

He is also preparing for the next attack on Slaughter Tower.

However, Su Lang didn't know that he had basically killed the power of Tuantianlou's staying in the headquarters.

But the main force of Tuantianlou was fighting for the key to the emperor's forbidden land at this time, and could not spare the power to target the Yaochi tribe.

After slaying many quasi-immortals and martial sages in the Slaughter Tower, and decomposing hundreds of sacred artifacts, Su Lang already had a large amount of materials at this time.

These materials have been able to initially refine the main structure of super humanoid weapons.

In the room, the cauldron was red with flames.

Pieces of material were put into the furnace by Su Lang, and gradually refined into various parts.

There are many parts that can be done by the system, saving a lot of time.

One and a half hours later.

Su Lang then refined a total of thirty parts of the fairy!

Just then.

The system prompt sounded again.

"Ding! The sea of repair is full, do you break through?"

"No breakthrough for now!"

Su Lang put aside the matter of cultivation level and concentrated on refining super humanoid weapons.

An afternoon passed in a blink of an eye.

Su Lang once again refined hundreds of fairy artifact parts.

The densely packed fairy-level parts lay on the ground. If a martial arts immortal sees it, it will probably flow out.

But Su Lang didn't feel anything at all when he looked at these fairy artifacts.

It's as if these things are just ordinary objects.

At the same time, in one afternoon, Su Lang's cultivation base once again accumulated a huge amount.

no way.

The cultivation speed of 4.4 billion times is really terrifying.

One hour is equivalent to 500,000 years of meditation for others!

It's so perverted that the world is trembling!

Taking a look at the golden cultivator, Su Lang decided to continue to store it.

But at this moment.

Amidst the sea of knowledge, Li Xianyang's soul was filled with anger.

"Ok?"

"What happened to make Li Xianyang angry?"

Su Lang's expression changed and he immediately used the system's ability to share Li Xianyang's perception.

On this occasion.

Biyu tribe area, holy nest, outside the fairy formation.

There are two figures floating in the sky, magnificent, overlooking the earth, looking like the best in the world.

These two people, a man and a woman, exuded a celestial aura, and they were the two great martial arts of the Qiucian family!

Behind him, there was a young man who was seriously injured and dying.

Obviously, this seriously injured and dying young man is a direct blood of the Colchicum tribe.

I thought that this guy was domineering and arrogant, but Li Xianyang took care of it.

In the fairy formation, headed by Li Xianyang, Huangfuqin, Bi Yulin and others stood behind, staring at the two martial arts outside the formation with indignation.

[Chapter 736: Fixed waves and magic rain](#)

"Bi Yu Lin."

"Your Biyu clan has been attached to my Colchicum clan for countless years, and now you dare to betray and join other forces!"

"Not only that, you actually tried to kill the blood of my clan immortal clan!?"

"You have to know that our Qiucian family has two great martial immortals, but they are not comparable to the little quasi immortal in front of you."

"Now, you surrender immediately and hand over the immortal formations obediently, we may still spare your lives."

"A rare opportunity, I hope you take it well, I will give you ten breaths of time to consider!"

In the sky, a martial immortal of the Colchicum tribe stood high above, with an indifferent expression.

The other Wuxian half-squinted his eyes, looking like he was defiant.

After speaking, these two Wuxians burst into extremely powerful auras.

In this breath, countless creatures crawled on the ground, and even the strength to escape was taken away.

A large number of Biyu clan warriors couldn't bear the oppression of Wuxian, and they burst into death.

Looking at the people who died outside the immortal formation, Bi Yulin and other martial sages were utterly distraught.

"Fantasy Rain!"

Bi Yulin yelled, "You dignified Wuxian, you even attacked innocent creatures, do you still need a face?"

"Humph!"

"Noisy!"

Huanyu Wuxian showed displeasure, yelled violently, and covered it with a powerful spiritual force, immediately beheading countless creatures.

But at this moment.

Li Xianyang erupted with terrifying Wuxian-level mental power, which directly fell on Huanyu Wuxian.

The battle between Wuxians was so swift, and the mental attack was invisible and innocent, arriving instantly.

In an instant.

Wuxian Huanyu felt a strong sense of crisis coming.

"who!?"

He didn't even think about it, and instantly regained his mental power and fully defended.

It's just a matter of time.

Huanyu Wuxian formed a mental defense, which happened to strike against the mental attack that appeared out of thin air.

Immediately after.

Huanyu Wuxian only felt dizzy and couldn't help but spit out a mouthful of blood, his face changed drastically!

"Wuxian-level mental attack!?"

"There is a martial immortal in the Biyu clan!?"

Wuxian Huanyu and Wuxian Dingbo, who was half-squinting next to him, were shocked.

"You really have no bottom line."

"Just use the aura to oppress the weak creatures, but even attack them with mental power!"

Li Xianyang's eyes were full of anger, "You two martial celestial beings of the Qiucian tribe have good names, but they are filthy!"

"Little quasi-celestial rank, what qualifications do you have to talk to us?"

"Which fairy-level Daoist is hiding in the dark, why not come out for a comment?"

The two martial immortals of the Qiushui tribe looked at Li Xianyang, their faces showed disdain.

Because of the combination of the celestial phantom and the fairy formation.

Wuxian Huanyu and Wuxian Dingbo didn't realize that the mental attack just broke out from Li Xianyang.

They thought there was another Martial Immortal hiding in secret to protect the Biyu tribe.

Therefore, at this time, the two Wuxians were secretly alert.

"Fantasy Yu Wuxian."

"Dingbo Wuxian."

Li Xianyang sneered, "Do you know what kind of power is standing behind the Biyu clan?"

"What kind of power?"

"On this vast land, only my Colchicum is the strongest."

"What power can there be behind you is nothing more than a guts who hide their heads and show their tails!"

Huanyu Wuxian and Dingbo Wuxian's eyes turned like a mouse, and there was a trace of fear hidden in their eyes.

Judging from the intensity of the mental attack just now, the Wuxian who is hiding in the dark may be a little higher than their realm!

but.

The two still had no plans to shrink.

First of all, a Three Tribulations Immortal Array is too rare.

After they were promoted from the Saint Clan to the Immortal Clan, they spent countless time and financial resources, and after many generations of hard work, they built an immortal formation.

At this time, this fairy formation of the Biyu Saint Clan was like a treasure at hand, so I didn't want to give up.

Moreover, the opponent's Wuxian did not appear for a long time, and only attacked with mental power, which made people have to wonder if the Wuxian was physically sick or not.

What's so scary about a wounded Wuxian?

The one who should be afraid, should be the Wuxian on the opposite side!

[Chapter 737: Quickly hand over the set](#)

Huanyu Wuxian and Dingbo Wuxian exchanged glances, and became more sure of their guesses.

—The opponent's Wuxian must have fleeing here, and was seriously injured, wanting to recover with the resources of the Biyu clan.

I have to say that the brain supplement abilities of these two martial arts are really powerful...

It's a pity that they couldn't think of it anymore. The Wuxian in the speculation was the quasi-xian headed by the opposing team.

But they are not to blame.

Who would have thought that a quasi-immortal could possess the spiritual power of the Sunshine level?

No one would believe it!

"Dingbo Wuxian, Huanyu Wuxian."

"You are simply arrogant."

"I tell you, the strongest person in this area is my Patriarch!"

"Just now, my lord killed four martial immortals in Luntianlou!"

"If you two don't want to die, and genocide, you should leave as soon as possible, otherwise it won't be unpredictable!"

Li Xianyang looked cold and his eyes were full of murderous intent.

At this time, he really wanted to kill the other two martial arts, but the other party also practiced a spiritual exercise, which was still defensive, so Li Xianyang couldn't kill them.

"Your lord?"

"Is that the Wuxian hiding in the dark?"

"Kill the four martial immortals in the Slaughter Tower? You can really blow!"

"What kind of organization is Tutianlou? That is a world-class killer organization, quasi-imperialist force!"

"He also killed the Wuxian in the Slaughter Tower, it just made me laugh!"

"Hahaha!"

"..."

Dingbo Wuxian and Huanyu Wuxian listened to Li Xianyang's words, but didn't take them to heart at all, instead they showed mockery on their faces.

Well, in fact, it's probably the same reaction as the others.

The Slaughter Tower is really too strong, basically only the Slaughter Tower can kill others, no one else can kill the Heavenly Tower martial artist!

At this moment.

The two sides are in a stalemate.

Dingbo Wuxian and Huanyu Wuxian of the Colchicum clan were unable to break through the sky magical fairy array.

And Li Xianyang couldn't kill two Wuxians either.

However, the two martial gods of the Colchicum clan had another choice that had no bottom line.

"Hurry up and hand over the formation!"

"Otherwise, we will kill all the creatures of the Biyu tribe, so that no grass will grow in your Biyu region, and no chickens or dogs will stay!"

Huanyu Wuxian's face was cold, "Don't think I'm joking, and give you five more breaths. After five breaths, you will be at your own risk!"

"you!!"

"you dare!"

Bi Yulin's old face flushed red, "If you dare to do it, you will definitely get cramped and skinned by our master. It is better to die!"

"Hahahaha!"

"I haven't come out yet, I'm afraid I have already given up on you."

"Now that the time for five breaths has come, I would like to ask you one last sentence, will you pay or not?"

Dingbo Wuxian squinted his eyes, and there was a dangerous light in the gap.

"You are really wishful thinking!"

Li Xianyang cursed angrily, and felt a little self-blaming.

Thanks to the Lord's blessing, he can be promoted to this level, but the first task after promotion is difficult to complete, and he really has the expectations of the Lord.

"Haha, very good, you made a choice that utterly frustrated life."

Huanyu Wuxian said with a murderous expression, "I will perfect you and kill all the creatures of the Biyu clan!"

Talking.

Wuxian Huanyu raised a hand, and the torrent of terrifying rules began to condense.

Dingbo Wuxian stayed quietly, watching out for the Wuxian in the dark.

Uh, in other words, fighting against the air!

However, Li Xianyang wanted to laugh but couldn't laugh.

"Damn it, you must never fail the Lord's expectations. Even if you die, you will never compromise. Fight!"

Li Xianyang took a deep breath, grabbed a handful of pills and stuffed it into his mouth, and began to gather the power of rules all over his body.

Dingbo Wuxian did not notice the pill that Li Xianyang swallowed, otherwise they should have dropped their jaws again.

"A mere quasi immortal, dare to stop me?"

Huanyu Wuxian sneered, and immediately after that, he was about to perform the horror fairy technique.

But at this moment.

Li Xianyang's breath suddenly soared!

I saw that his cultivation realm started to rise crazily from the six-star martial sage, and in an instant he broke through to the nine-star martial sage level!

Such a huge change immediately stunned Bi Yulin and others.

[Chapter 738: Brain supplement duo](#)

Suddenly break through from a six-star martial sage to a nine-star martial sage?

Moreover, the aura on his body is constantly skyrocketing, and it feels like he has broken through the sky and reached another level, immortal level!

This is too exaggerated, right?

"I, the Lord broke through again!?"

"This time it is three holy small realms!"

"My true combat power has already broken through the martial arts level in all aspects!"

"The Lord is really amazing. In just one day, he broke through so many realms!"

Li Xianyang himself was also taken aback, and immediately became ecstatic.

at the same time.

Dingbo Wuxian and Huanyu Wuxian outside the array also discovered Li Xianyang's strangeness.

"He has made a breakthrough!?"

"I seem to feel the breakthrough volatility!"

"Could it be that he is the Martial Immortal, he used the method of seizing the house and wants to live another life!?"

"Yes, yes, yes, that is, that Wuxian is about to die, he chose to rebirth, and with the help of the Biyu Clan's cultivation, he took out an immortal formation plate and arranged an immortal formation.

"At this moment, he suddenly regained his combat power. He must have used some secret technique and hole cards!"

"So, everything is perfectly explained!"

As the brain supplement duo communicated, they showed excitement.

A Wuxian who has been reborn from the house and has not yet returned to the top, what a precious prey is this?

Once killed, I don't know how terrible the income can be.

Thinking of this, the eyes of Dingbo and Huanyu suddenly turned red, and the color of greed rose.

"Find a way to lead him out of the fairy formation!"

Dingbo Wuxian said, "Otherwise we can't kill him!"

"Haha, just use the trillion creatures of the Biyu tribe as a threat."

Huanyu Wuxian sneered, and said loudly to Li Xianyang, "I have given you two opportunities, none of you cherish it, don't blame me now!"

Talking.

Wuxian Huanyu and Wuxian Dingbo flew away, condensing powerful regular spells in their hands, and in the next moment they will kill countless creatures along the way.

"Master Xianyang!"

When Bi Yulin and others saw this scene, they were suddenly very anxious.

The trillions of creatures are weak, but they are the roots of the Biyu clan!

"rest assured!"

"I will not let the Lord down and make the Biyu tribe difficult!"

Li Xianyang nodded solemnly, and immediately moved his figure, flew out of the fairy formation, and chased Dingbo and Huanyu.

In fact, Li Xianyang also knew the plans of Dingbo Wuxian and Huanyu Wuxian.

It is nothing more than to lead him out of the fairy formation, thereby beheading him.

But Li Xianyang was not afraid.

On the one hand, it was because at this time his own strength had reached the immortal level, on the other hand, Li Xianyang was full of fanatical worship and trust in Su Lang who stood behind him.

He knew that there was a master standing behind him, and he would never watch him be killed.

"By the means of the Lord, I am immortal!"

Li Xianyang was full of fighting spirit, and fiercely killed the brain to supplement the duo.

"He got it!"

"Haha, I don't know where his self-confidence came from, but he really dared to chase it out. I thought he would choose to shrink!"

"He used the secret technique and wanted to pay a great price, so he didn't want to stop there."

"Hmph, go a little further, and kill him!"

"..."

While the brain supplement duo was flying, the spells in their hands were constantly falling.

Li Xianyang from behind chased after him frantically, intercepting the attack from the opponent and protecting the innocent creatures on the ground.

In a blink of an eye.

The brain supplement duo flew hundreds of millions of miles with Li Xianyang hanging.

"The distance is almost enough."

"Under our siege, he will never return to the fairy formation!"

"A lifelong treasure of a Wuxian, it will fall into our hands!"

"..."

Dingbo Wuxian and Huanyu Wuxian looked at each other with a sneer.

Immediately after.

The two suddenly separated, went in a circle around Li Xianyang, and sandwiched him between them.

"Hahaha, today you will definitely die!"

Dingbo Wuxian laughed and started directly.

Huanyu Wuxian also started at the same time, and the two attacked fiercely towards Li Xianyang.

"The Five Elements Rule Torrent!!!"

Li Xianyang yelled violently, condensing the endless, endless five-element rule in his hand, antagonizing the two Wuxians.

"boom!!!"

There was a loud noise, and Li Xianyang's face was pale.

One enemy two is too hard after all!

[Chapter 739: Surrender, I surrender](#)

"Ok?"

"He actually blocked our attack!?"

Huanyu Wuxian looked surprised, "Brother, use the fairy weapon, make a quick battle!"

"it is good!"

Dingbo Wuxian nodded, and after a while, a long sword appeared.

Huanyu Wuxian also took out a fairy weapon, a heavy shield.

However, although it is a shield, it can also be used to smash people, and the effect is not bad. If you don't believe me, look at the captain.

"Haha!"

"The next breath is your death date!"

Dingbo Wuxian sneered, and severely chopped off at Li Xianyang with the long knife in his hand.

I saw a blade of light tearing through the sky rushing out of the fairy sword, slamming towards Li Xianyang like a bamboo.

Huanyu Wuxian's fairy shield turned into a huge island, smashed down!

"Two fairy artifacts!"

Li Xianyang's expression changed.

Faced with two fairy artifacts, he couldn't stop it!

In an instant, the two attacks were about to fall on Li Xianyang's expression.

But at this moment.

A full forty figures suddenly appeared and appeared beside Li Xianyang.

Forty figures shot together, and the terrifying might blasted out, directly flying the shield immortal weapon, blocking the sky-cracking sword light!

The sudden scene directly stunned the brain supplement duo!

Even Li Xianyang was stunned there for a while!

He knew that the Lord would not let him die in vain, but he didn't expect the Lord to send so many immortal powerhouses at once!

"These are all clones of the Lord!!!"

Li Xianyang turned his head and looked, all the figures looked exactly the same as the Lord, and the breath on his body was exactly the same.

Simultaneously.

Dingbo Wuxian and Huanyu Wuxian were stunned, their eyes were about to fall out!

Where did these people come from?

How did they come! ?

They are all immortal warriors! ?

A total of forty immortal warriors!

One fairy-level warrior can dominate a large area, forty fairy-level warriors, what kind of power is this? ?

Is it possible that they are warriors from the imperial clan! ?

The Biyu tribe was blessed by the emperor! ?

"escape!!"

After being surprised, the brain supplement duo turned around and fled instantly without thinking about it.

But at this time, Su Lang's forty clones had already dispersed, blocking all their retreat.

"Kill out!!"

Dingbo Wuxian roared, holding a fairy sword, waving wildly.

A series of horrible sword lights swayed out, the sky was torn and the earth was trembling.

Huanyu Wuxian held a shield to resist Wuxian-level attacks from all directions.

For a time.

Su Lang's forty clones and Li Xianyang couldn't kill them unexpectedly.

Dingbo and Huanyu Wuxian are overjoyed.

"They have no fairy weapons, hahaha, we have a chance to escape!"

"Hurry up, hold on, and escape back to the clan to survive!"

"..."

With the joy of the rest of their lives, the Naobu duo shouted frantically, attacking and defending, and flew towards the distance.

"hateful!"

Li Xianyang mixed in the crowd, constantly attacking, but couldn't break through the opponent's defense.

But at this moment.

He suddenly felt something in his hand, and he looked down and couldn't help but his eyes burst.

Li Xianyang unexpectedly had an extra fairy in his hand.

Not only that, but the other forty clones also had an extra fairy weapon in their hands.

With such a scene, Dingbo Wuxian and Huanyu Wuxian were so scared that they were urinating!

"This, this, this! Forty-one fairy artifacts!"

"My God, how come there are so many fairy artifacts!?"

"Our entire Colchicum tribe, with a history of two million years, has only built the two weakest fairy artifacts!"

"What kind of power do they come from!?"

"..."

At the time of horror, the brain supplement duo felt desperate.

Under the siege of forty Wuxians holding immortal weapons, it was impossible for them to escape!

"surrender!"

"I surrendered, I would like to be slaves and slaves!"

"Don't do it!"

Under the threat of death, Wuxian Dingbo and Wuxian Huanyu immediately made a choice.

Immediately, Li Xianyang and the forty avatars stopped and surrounded them.

"We are willing to surrender our souls and become slaves!"

Dingbo and Huanyu knelt in the void, with humiliation in their eyes, their heads buckled heavily.

At the same time, they thought they had saved their lives.

After all, a generation of martial arts were slaves and servants, this was something that no one could refuse.

Even Li Xianyang has similar thoughts.

But the next moment.

Forty clones raised the fairy weapons and smashed them down!

[Chapter 740: Death of Dingbo Magic Rain](#)

When Su Lang's avatars had no immortal weapons, Dingbo Wuxian and Huanyu Wuxian could still survive.

But now, with the forty clones and Li Xianyang all holding the immortal instruments, they slammed them down suddenly, and the brain supplement duo suddenly fell into an ice cave, and the whole body was cold.

In their desperate eyes, the fairy gradually occupied all the field of vision, and finally suffered a pain and lost consciousness.

"Ding! You get the soul of the elementary Wuxian*1, the guide of space*1, the regular fairy crystal*1, the elementary fairy weapon Tiancan knife*1, the middle-grade fairy jade*386358, the lower-grade fairy jade*23568652, the ultimate spiritual jade *8865356...the material of the fairy-level refining device...the material of the holy-level refining device..."

"Ding! You get the soul of the elementary Wuxian*1, the guide of space*1, the regular fairy crystal*1, the elementary fairy weapon Nushan shield*1, the middle-grade fairy jade*225328, the lower-grade fairy jade*16584552, the ultimate spiritual jade *6358211...the material of the fairy-level refining device...the material of the holy-level refining device..."

Two system prompts came, the only two martial immortals of the Colchicum clan, just like that, Su Lang's clones were beaten to death.

The saints of Yaochi, the city of the sky.

"Ha ha."

"Thinking that I am a Martial Immortal, I can survive after I surrender? My kindness is far from that cheap."

Su Lang curled his mouth in disdain, then took a look at the trophy and took out the two immortal artifacts.

One long knife, one shield.

The spirits of the two immortal artifacts were rushing out of their bodies, flaring their teeth and claws at Su Lang, looking like only a brutal instinct.

"The two lowest-level fairy artifacts are even incomplete."

"Even the device spirit has no intelligence, it is like a crazy beast with only instinct."

"These two immortal artifacts seem to have been promoted from high-level sacrificial artifacts by some special method."

Su Lang took a close look at the two immortal artifacts and found that there were very strong evil and resentment on them, and the lingering smell of blood penetrated into the bones of the immortal artifacts.

"It seems to be some kind of blood sacrifice method."

"This kind of evil method, I am afraid that it is necessary to kill the creatures in the unit of billions, and they are the creatures with martial arts cultivation skills, and they are forcibly promoted to these two immortal weapons!"

"These two guys are really deadly. Fortunately, I didn't save them."

While whispering, Su Lang gave instructions, and soon disassembled the two fairy artifacts in his hand.

After the decomposition, a total of more than 130 copies of the Soul of the Martial God and more than 10,000 copies of the Soul of the Martial God were obtained.

The soul of more than ten thousand Valkyrie!

It is enough to see how terrifying the number of dead creatures behind these two fairy artifacts.

In addition, there are densely packed, countless holy-level materials and some immortal-level materials.

It is the Soul of Wuxian, not a copy.

Su Lang could also understand that even with the Xinnen Immortal Clan like the Qiu Daffodil, the entire race has only two martial celestial beings. Where can I get such a big treasure as the soul of martial celestial being?

After decomposing the immortal artifacts of Dingbo and Huanyu, Su Lang decomposed all the forty-one immortal artifacts used by the clone and Li Xianyang.

These immortal artifacts are all temporarily refined, and it is useless to keep them. It is better to decompose them into materials for later use.

As for Li Xianyang's lack of weapons, it will be resolved soon.

Disassemble the fairy.

Su Lang took out the Youtian Sword from the storage space.

The Youtian Sword at this time was a quasi-immortal weapon, possessing a certain amount of power, and it was a great weapon that could kill the immortal.

At this time, Su Lang's true combat power had already broken through the sky and reached the immortal level.

The Youtian Sword evolves into an immortal weapon, and Su Lang can also control it perfectly, of course, he must evolve it as soon as possible.

However, Su Lang did not directly start to evolve, but also decomposed the Youtian Sword.

"Ding! Decompose the quasi-immortal weapon Youtian Sword*1, you get..."

The quasi-immortal weapon Youtian sword became a pile of materials.

But then, Su Lang used system functions to refine it.

Moreover, this time not only one handle was refined, but a whole fifty one was refined!

Yes, in addition to himself, Su Lang would also equip all the clones with a Youtian Sword as standard!

Of course Li Xianyang can get one too!

"System, keep the specified characteristics, evolve the Youtian Sword!"

Su Lang picked up one of the Youtian Swords and gave the order directly.

"Ding! Consume the fairy-level material Xuanming Lihuaxin*6, Qibao anger stone*10, Taiping eternal jade*20...Holy refining material ice front Tianwu stone*30, Tianyue holy soil*30, Jade Girl Everlasting Hatred Stone*36, Wusheng Soul*20, Valkyrie Soul*50..."

Youtian Sword has evolved into a primary fairy weapon! "
