### [Chapter 761: Yes, I killed it!](#)

"Oh!?"

"Someone came so soon!?"

"It should be these quasi-Xianwu saints who have been marked with spatial coordinates."

"Look at the aura in the cracks in the space, the person here is extraordinary and powerful, you have to take it seriously!"

While thinking, Su Lang silently used the clone replacement, the deity descended!

At this time.

Two figures walked out of the space crack at the same time.

A person was covered in black robe, his eyes were blood-red, his long hair was cape, and there was a crack-like pattern on the center of his eyebrows, and his blood seemed to condense into some strange rules.

The other person is handsome and handsome, full of immortality, but with a trace of deep indifference, with a perfect circle of energy suspended behind him.

They were separated by dozens of feet, and there was a fiery red jade floating in the middle.

At any moment, the two quasi emperors are fighting for the key!

And the moment the two appeared, Su Lang suddenly shrank his pupils and expanded his attribute panel.

The first is the blood-eyed man in the black robe.

[Name]: Xiao Lutian

[Race]: Emperor Burning

[Qualification Level]: Unparalleled

[Realm level]: Zhundi

[Attack level]: Zhundi+

[Defensive Level]: Zhundi+

[Shenfa level]: Zhundi+

[Endurance level]: Zhundi+

[Spirit Level]: Realm of Sunshine

[Master the exercises]: Fentian Jue, Fentian Emperor Jing (Emperor Level, Introduction), Burning Soul Gu Deng Jue (Xian Level, Consummation), Fen Tian Jue (Xian Level, Consummation)

"This person turns out to be an unparalleled qualification?"

"Furthermore, the race is named Emperor Fen, and it also masters the emperor level technique!?"

Su Lang was stunned in his heart, "Looking noisy, it looks so scary!"

Look at the other person, named Li Feilou, Wuwei Clan, who is also a quasi-emperor realm and a quasi-emperor + rank combat power in all aspects!

As for the exercise method that Li Feilou mastered, the main exercise method is called Wukong Jing, and there is no emperor-level exercise method, but a full six perfect-level immortal-level exercise methods.

"Tsk tusk, Zhundi! Big brother!"

"It seems that these two are the landlords of Tuantian Tower and the helm of Wuque Clan!"

"What is that thing among them, it seems to be the formation key?"

Su Lang thought in his heart, with a calm and calm appearance on the surface.

At the same time, the two quasi emperors were also looking at Su Lang.

"Nine Star Martial Saint?"

Xiao Lutian's eyes flickered, "But the aura on his body has reached the immortal level, and my talent and fighting talent are even stronger than I was back then."

Li Feilou said: "There is an aura of a fairy-level giant around him. He has been killed. It should be this young man who killed him. This person is really good."

At this time.

Among the space cracks in the sky, a statue of Zun Zhunxian and Wu Sheng appeared, and they came to Xiao Lutian and Li Feilou respectively.

The number is increasing, and in the end there are dozens of martial immortals, thousands of quasi immortals and great saints! !

Among them, the Six Tribulations Martial Immortal and Zhu Xian who had estimated Su Lang was also among them.

However, although she had counted Su Lang by special means, she had never seen Su Lang's appearance, so she didn't know Su Lang.

"This person killed the person who guarded the entrance to the emperor's head?"

"He is looking for death, and soon, he will be tortured and killed by Lord Slaughter!"

"..."

These quasi immortals and martial sages looked at Su Lang coldly, as if they were looking at a dead person.

Everyone's reactions and thoughts were just a moment after they met. At this time, it was only a breath or two from the two sides meeting.

"You, killed my subordinate Zhunxian and Wusheng?"

Xiao Lutian spoke, his voice indifferent, but he was rarely murderous.

This shocked those quasi immortals and martial sages.

That young man is so offended, Master Tutian has no intention of killing? What exactly is going on?

When everyone was discussing.

Su Lang smiled faintly: "Yes, I killed it."

As soon as these words were made, Zhunxian and Wu Sheng couldn't help looking at each other, and finally turned their eyes to the two Zhun emperors Xiao Lutian and Li Feilou, wanting to see how they would react.

However, everyone felt that the two quasi emperors should be angry!

Because the young man was so defiant, killing so many quasi immortals and martial sages, he still looked indifferent.

"Those who kill me will have to pay a price."

"If it were an ordinary person, I would just pinch to death."

Xiao Lutian said, "But you are very good, are you willing to join me and accept my cultivation?"

As soon as Xiao Lutian's words fell, dozens of martial immortals and the quasi-immortal great sages behind him were stunned! !

#### [Chapter 762: Would you like to be my disciple](#)

At this moment, everyone felt that their ears were broken and hallucinations appeared.

"I... Am I wrong?"

"This young Martial Saint killed our man, and Lord Zhundi still wants to recruit him?"

"No, not just to solicit, but to cultivate him, just like collecting disciples!"

"My God, Lord Zhundi has never accepted a disciple before, and now he has moved to accept disciples!?"

"This child's combat power is indeed strong, and only with the nine-star Great Sage level, it has reached the fairy-level combat power!"

"However, this son still killed our Zhunxian and Wusheng after all, and there are still so many people!"

"The Lord Zhundi is broad-minded, he has taken a fancy to this person's potential, and he is lucky to accept him!"

"Yeah yeah!"

"..."

A group of martial arts and quasi-immortal great sages in Tuantian Tower secretly communicated, showing incredible colors one after another.

The martial immortals of the Wuquexian clan are also unbelievable, never expecting that Emperor Tuantian Zhundi was not angry, but ignorant of that person!

At the same time, everyone thought that Su Lang would agree to the Emperor Slaughter in the next moment.

After all, Su Lang had killed so many people and had already offended two huge quasi-emperor organizations. Without protection, he would definitely die.

At this time, if the emperor Tuantian wanted to accept him, he would be able to protect him and get him out of danger, then join the organization of the emperor, get trained, and soar!

But at this moment.

Li Fei stepped upstairs.

"Zhundi Wuweizi has action!"

"Do you want to prevent Emperor Zutian from accepting that person!?"

"It's very possible. After all, that person not only killed the people of Tuantianlou, but also killed a lot of quasi-immortal powers of our Wuwei Xian Clan!"

"Yeah, he killed so many people from our Wuquexian clan, how could Wuweizi Zhundi let him go so easily?"

"Not bad, not to mention that our Wuwei Immortal Clan had already beaten you to death with Slaughter Tower. Lord Wuwei Zhundi won't let it go!"

"At this time, one person wants to protect and the other person wants to kill. The fate of that young great sage is really confusing!"

"Look at it, watch it, there will be results soon!"

"..."

In the field, there was silence on the surface, but in the dark, everyone was talking and noisy.

Everyone thought that the two quasi-emperors were about to fight around the young sage in addition to the emperor's forbidden key!

But something unexpected happened to everyone.

"young people."

Zhundi Li Feilou smiled, "I am the patriarch of the Wuquexian clan, my name is Wuquezi, and I am only a little short of the realm of Emperor Wu. Would you like to be my disciple?"

The voice did not fall.

Dozens of martial immortals and more than two thousand quasi-immortal great sages' complexion changed drastically, demented!

"What the hell!?"

"Wuquezi Zhundi! Unexpectedly! Also accept that young Wusheng as a disciple!?"

"Moreover, it is straightforward to choose to be a disciple, once you agree, it will immediately become a master-disciple relationship!"

"There is a quasi-emperor who is a teacher, doesn't he instantly become a distinguished figure that few people on the Canglan Continent dare to provoke?"

"Oh my God, this person is so lucky to be confidant of two quasi-emperors!"

"I thought that the two quasi-emperors would have another dispute because of the disagreement between the two quasi-emperors, but I didn't expect that the dispute would still exist, but it was to compete for this person as a disciple!"

"This guy, how many years of cultivation is the blessing!"

"..."

Hundreds of powerful people looked at each other, dumbfounded, and their faces were full of incredible colors.

At the same time, a strong envy and jealousy rose from the hearts of everyone.

They can't wait to immediately take the position of the young martial sage and become the object of the two quasi-emperors!

But they also know that this is impossible.

The young Martial Saint is indeed very talented, and the fighting talent is even against the sky, which is absolutely incomparable at the level of the Great Saint.

Even among the martial arts, there are many people who are not as powerful as the young man.

Speaking of which, it is really speechless.

After living for so long, he has become an immortal, but he can't compare to a young great sage!

[Chapter 763: The alluring conditions of the quasi emperor](#)

The reaction of everyone was just an instant.

At this time, Li Feilou's voice had just landed.

Su Lang was also a little stunned. The two quasi-emperors in front of him didn't come to trouble him, and they even accepted himself as disciples! ?

"Tsk tut!"

"It seems that I am really the kind of super genius who is unparalleled in the world, even the Emperor Zhun would be tempted."

"It's a pity, I don't want to be a disciple for anyone. I just pressed a master on my head!"

Su Lang disdain, he has a system in his body, and it is inevitable to achieve Emperor Wu, why should he worship Emperor Zhun as his teacher?

Thinking of this, Su Lang wanted to refuse.

But at this time, Emperor Liantian Zhundi spoke.

"Li Feilou."

Emperor Zutian smiled, "Everything must be first-come-last-come. For this child, I'm the first invitation.

You have to accept this person as a disciple, unless he rejects me first, otherwise you have no chance! "

When the words were spoken, everyone felt a trace of determination and a strong will to fight.

Zhutian Zhundi, who paid so much attention to that young man!

Everyone felt horrified.

When the quasi-emperor Xiao Tutian finished speaking, regardless of Li Feilou, he turned to look at Su Lang, and he wanted to continue to say something, perhaps it was Chengruo, or it was a threat.

But the words didn't speak.

Li Feilou spoke again: "This kind of thing depends only on the wishes of the person involved, and what is the first thing to do?"

You and I like this person, and you should let him choose between us, instead of being threatened and intimidated by you and forced to yield. "

"..."

"These two guys are really fighting!"

"Tsk tusk, this is a good drama."

Su Lang smiled secretly in his heart and decided not to refuse them for the time being.

As his thoughts flowed, Emperor Zutian glanced at Li Feilou and spoke lightly.

"Humph!"

"You said I would threaten to intimidate him?"

"I dignified Xiao Tutian, would you do such a thing?"

After Zutian Zhundi finished speaking, he paused, and then said to Su Lang, "Originally, I planned to make you become a confidant like me.

But now I have changed my mind, I also want to accept you as a disciple, close the door to pass on to the disciple!

As long as you agree, I can now teach you two immortal-level exercises, and give you a lot of immortal jade and an immortal artifact!

These are all meeting gifts, and there will be more benefits in the future! "

As soon as these words came out, the Wuxian and the quasi-immortal great sages behind them all stared.

The Emperor Zhun wanted to accept his disciples. Just a word was enough. At this time, he even promised to send two immortal level techniques, as well as immortal jade and immortal artifacts!

"Gooooo!"

A Wuxian couldn't help swallowing his saliva.

Immortal-level exercises are extremely cherished, and the immortal-level exercises from the quasi emperor are the top one among all the immortal-level exercises!

Immortal jade is also extremely cherished, a treasure with a wide range of uses. With the handwriting of Emperor Zhun, the amount of immortal jade given is absolutely staggering!

In addition, there are fairy artifacts, which are also extremely attractive conditions.

You know, even if the quasi-imperial forces on both sides add up to dozens of martial arts, only one-third of them have immortals.

And the above three are just a meeting ceremony, there will be more benefits in the future!

The conditions given by Emperor Li Tian Zhun were really tempting!

If it were any of them, I'm afraid it would immediately kneel and kowtow, gratitude.

Everyone looked at Su Lang, their eyes burning, wanting to see his choice.

However, Su Lang glanced at everyone, twitched the corner of his mouth, and looked at Li Feilou.

"God, this person is so unmoved!"

"No, he wanted to see what bargaining chip Li Feilou gave, he was too courageous, and he really dared to choose from the two quasi emperors!"

"This boy is courageous and terrifying, for this alone, I can't compare to him!"

"Yes, it's no wonder that the two quasi emperors would like him!"

"..."

Those dozens of martial immortals and more than two thousand quasi-immortal great sages, the color of shock on their faces became stronger, and the stormy waves in their hearts became stronger!

"This one is really good."

"Not only is the fighting talent against the sky, but the courage is amazing!"

The Emperor Zutian looked at Su Lang, nodded silently in his heart, and then turned his head to look at Li Feilou.

"Hahaha."

Li Feilou looked at Su Lang with a smile, "I really like you more!"

#### [Chapter 764: Speak your choice](#)

"..."

Su Lang's mouth twitched, and he secretly said, "Everyone is a man, don't like me!"

Li Feilou didn't know what Su Lang was thinking, and said, "Xiao Lutian gave you very good conditions, but I gave you even better conditions."

After a pause, Li Feilou continued: "As long as you promise to be my disciple, I will give you all those promised by Xiao Lutian!

Moreover, if it is not for fear that you will be too greedy and not chew, I can give you four immortal level exercises at once!

In addition, my Wuquexian clan has always been a blood descent named Hongxiu.

This woman is of unparalleled aptitude, and is a yin and yang immortal body. She has a superb effect in Shuangxiu, and has never had a Taoist companion.

I will betroth her to you, let you go hand in hand in the martial arts and fight for the road to emperor! "

Everyone was shocked when Li Feilou's words came out.

Obviously, Li Feilou's conditions are even more attractive.

Not only does it have more immortal-level techniques, it also directly matches a martial-level Taoist companion, and it is also a Taoist companion of special physique!

Amidst the shock, everyone couldn't help but look at a martial \*\*\*\* among the crowd.

This Wuxian has a slender figure and a beautiful face. It is the Red-sleeved Wuxian.

At this time, Hong Xiu Wuxian's expression remained unchanged, but his gaze at Su Lang flickered slightly, and there was no resistance, and there was a hint of goodwill.

Yes, there is a hint of favor.

After all, Su Lang was the one who received the contest between two quasi-emperors.

Moreover, Li Feilou personally said that this person has the hope of conquering the road of Emperor Wu. This is a true resource for becoming an emperor. As long as there are no accidents, the weakest achievement is the rank of quasi emperor!

With such a good match, she is naturally willing to agree to this marriage.

After Li Feilou put forward the conditions, Zhun Tian suddenly frowned and thought to himself: "I didn't expect the marriage strategy to not only increase the bargaining chips, but also to win the relationship, and to monitor when necessary, Li Fei Lou, the human being!"

Thought of this.

Xiao Lutian smiled and looked at Su Lang: "I also have a daughter named Zhu Xian, who is a martial immortal of the Six Tribulations. She is only a trace away from the realm of ancient immortals and can step into it at any time.

You kid, if you promised me, Zhu Xian would make you cheaper.

In addition, immortal-level exercises are nothing. When you have a sufficient level of cultivation, the emperor-level exercises I have cultivated will also be passed on to you. "

As soon as this remark came out, everyone couldn't help but an uproar.

"Sir Zhundi unexpectedly wants to marry Lord Zhu Xian to him!"

"Master Zhu Xian's aptitude is also extraordinary. Although he does not have a special physique, he is already the Six Tribulations Martial Immortal at this time, and his cultivation is crushing the Red-sleeved Martial Immortal!"

"Yes, it is said that Zhu Xian is also good at deduction, and even comprehend a little bit of Tianyan rules!"

"Compared to Zhu Xian, the emperor-level exercises are the real heavy bargaining chips. The emperor-level exercises, we currently know about the entire Canglan Continent, are only 37."

"Obtaining an emperor level technique, plus having the resources to become an emperor, the winning rate of conquering the emperor road is much higher!"

"Master Zutian Zhundi has really lost his blood this time!"

"It is estimated that the young Martial Saint will choose Slaughter Heaven Zhun Emperor!"

"It's really enviable!"

"..."

Everyone whispered in secret, and some people looked at Zhu Xian, who was also a beautiful beauty in Fanghua.

Zhu Xian was looking at Su Lang. She always felt that this young man seemed to have known each other before, and coupled with his excellence, she also had a good impression.

Immediately afterwards, countless envious eyes looked at Su Lang who had been silent.

Simultaneously.

Li Feilou sighed secretly.

He couldn't come up with the emperor rank technique, and this time he could only watch the peerless genius fall into the hands of Emperor Tuantian.

Emperor Luntian glanced at the ugly face of Li Feilou, and nodded at Su Lang with a smile.

"Humph."

"The conditions are too small."

"In the end it depends on the wishes of the parties."

Li Feilou thought in his heart, and said to Su Lang, "Junior, tell me your choice."

[Chapter 765: Of course I know!](#)

"Should I speak?"

Su Lang's expression was indifferent, his eyes swept across the two quasi emperors, and then he glanced at Hong Xiu and Zhu Xian.

After some action.

Su Lang smiled slightly and said: "I'm sorry, I can't accept both of the conditions, I choose, but I refuse!"

Emperor level exercises or something.

Su Lang already had one at this time, and as long as the natural immortal level exercises were enough, he could continue to synthesize.

And the Taoist couple, double repair or something, it is useless.

Su Lang's cultivation base can advance by leaps and bounds, so he still needs to use double cultivation tricks?

In addition, there is one more person on the head, how uncomfortable?

In short, it is impossible for Su Lang to choose to be any one's apprentice.

And Su Lang's choice directly made the scene silent, as if the entire world had fallen into a silent abyss.

Almost all of them were dull and unbelievable.

Even the Zhuntian Emperor and Li Feilou Zhundi were stunned by Su Lang's choice.

Everything seems to be frozen.

Immediately after.

Just like throwing a lot of fry into the stagnant water, this world has come alive again.

A group of martial arts and quasi-martial martial arts have their mouths open. You look at me and I look at you. It is incredible that they can't speak.

He refused!

He actually refused!

That is the two quasi-emperors put down their bodies to let him choose.

What an opportunity is this?

Countless people were envious and jealous, but he actually refused!

The delay in thinking caused by the unbelievable gradually disappeared, and everyone began to discuss.

"It's so fake!"

"I have fallen into a illusion!"

"He actually rejected such a great opportunity, emperor-level exercises, immortal-level exercises, Wuxian Taoists, countless celestial jade!"

"Furthermore, he is still in an extremely critical situation! Does he know that he is seeking death by making such a choice?"

"As long as he chooses either side, he can fly into the sky, but he actually refused both sides!"

"This person is crazy, this person must be crazy to make such a crazy decision! He is a fool!"

"Yes, he is a fool!"

"..."

All the Wuxians were too lazy to communicate in secret, and they all talked loudly.

Even the two sides who had been tit-for-tat and beaten their heads had a sense of resentment of the same enemy, which seemed strange.

"Shut up."

Suddenly the voice of Emperor Lun Tian Zhun spread throughout the audience.

The faint voice did not have a trace of murderous intent, and there was not a trace of fireworks, but the Wuxians felt a strong terror.

Those great sages shut up immediately, and did not dare to breathe.

Everyone stopped talking, and the gaze that looked at Su Lang returned to the original one-as if looking at a dead person, and even more intense.

He is dead!

This is what everyone thinks!

"Boy."

Li Feilou's eyes were slightly cold, "Do you know who you rejected?"

This questioning immediately made the atmosphere extremely tense.

"Of course I know, haha."

Su Lang laughed, facing the power of the two quasi emperors, he was also calm.

The laughter did not fall.

Su Lang looked at the Emperor Luntian: "You, Xiao Luntian, a member of the Burning Emperor tribe, the Lord Luntian, the Zhundi great power, majoring in Burning Heaven Jue, practicing the Emperor Level Cultivation Method Burning Heaven Emperor Sutra, and two consummation immortals One-level exercises and several holy-level exercises."

This statement came out.

Xiao Lutian's expression suddenly changed slightly, as if a strong earthquake had occurred in his heart: "This person actually knows me so much! This is clearly the first time I have met!

There are not many people who know my race and my techniques. Even the Wuxian in the building does not know how he knew it! ?

Could it be that he heard it from others? So, what is his identity? "

When Xiao Lutian's thoughts flowed, his thoughts collided.

Su Lang looked at Li Feilou again: "You, Li Feilou, the name Wuqianzi, Zhunhuangmaeng, majoring in Wuqianjing, and six consummation immortal-level exercises."

Li Feilou also had a sigh of relief: "Ordinary people only know that I have practiced five immortal-level exercises, and very few know that I have practiced six exercises.

And those are the people of the emperor, is this person the son of which emperor is traveling abroad?

But it's not right, I've never heard of such a brilliant junior! "

The rest of Wuxian and quasi-xianwu sages all showed horror

——The young man actually knows his poster and patriarch better than they do!

### [Chapter 766: You are willing to be my slaves](#)

This is a big man!

I'm afraid he is still a great figure in the imperial family!

Only with this kind of status can he act so boldly and refuse the invitation of the two quasi emperors!

Everyone replenished their brains, and Su Lang in their eyes suddenly put on the halo of Emperor Tianjiao.

"Who are you?"

Xiao Luntian squinted his eyes, "Which emperor clan's hidden Tianjiao?"

"Are you really an emperor Tianjiao?"

Li Feilou frowned slightly, "If so, please contact the adults in your emperor clan to solve the matter of killing our warriors."

So far.

Including the two quasi-emperors Xiao Lutian and Li Feilou, everyone thought that Su Lang was the arrogant emperor.

The attitude of the two quasi emperors has also changed, and it is no longer the attitude of 'Your life is in our hands'.

But then, Su Lang's words once again made everyone stunned.

"I am not an emperor Tianjiao."

Su Lang shook his head and said with a smile, "The reason why I reject you is because you are not qualified to be my masters.

In addition, another reason why I reject you is that I want to ask you one thing-you are willing to be my slaves! "

The words came out.

Everyone suddenly thundered, their eyes widened, and the expressions on their faces were wonderful.

And Xiao Lutian and Li Feilou were also dumbfounded and unbelievable.

Not the Emperor's Tianjiao!

Then he said that Emperor Zhun was not qualified to be his master!

Finally, he must recruit two quasi emperors to be his servants!

This young man is really crazy!

I'm afraid it's not because of practicing to get into troubles and hallucinations! ?

"You...you said that you want the two of us to be your servants!?"

"It's not the emperor Tianjiao, then, where do you get the courage and courage!?"

Li Feilou opened his mouth, and his words gradually became cold as ice from incredible.

"I thought you were a piece of jade against the sky, but I didn't expect you to be so crazy, stupid, and hopeless."

The quasi-emperor Tutian burst into murderous aura, "humiliate a quasi-emperor? Haha, you will pay the price of your life for your arrogance!"

"Two."

"I'm serious!"

"As long as you are my servant, you will get extremely attractive and generous treatment!"

"What kind of immortal weapon, I waved thousands of them, what perfect elixir, my clothes are tens of thousands, what immortal level exercises, I open my mouth, and I have dozens of them. I also have emperor level exercises, even emperor level. Pill, Emperor Soldier, I want it, and I can have it!"

Su Lang laughed, "Come on, become my servant, you will get all of this!"

"crazy!"

"This person is really crazy!"

"Thousands of immortal weapons, tens of thousands of perfect elixir, dozens of immortal level exercises, and emperor level exercises pill weapons!? Idiot people say dreams, fools say dreams!"

"This kid is simply mentally ill, he is hopeless!"

"Next, is when he has no place to bury him!"

"..."

All the martial immortals and the quasi immortal martial sages screamed!

Hong Xiu Wuxian and Zhu Xian were even more angry. They actually had a good impression of that kid before, which is simply a shame!

Xiao Luntian and Li Feilou shook their heads, revealing a trace of self-deprecation.

They both looked away.

He actually opened up a huge bargaining chip to compete for a fool that God couldn't save.

"Hey, don't believe me."

At this time, Su Lang's faint voice continued, "If you don't believe it, I will show you first."

As soon as this word was said, everyone's eyes turned white.

"How crazy is this person? Actually want to show us those things!?"

"I see, this person hurt his brain and became a lunatic when he was practicing."

"The two quasi-emperors will soon tear his mouth."

"Not only the mouth, but the body, but also the soul, completely torn apart!"

"..."

One by one Wuxian and quasi-xian Wusheng showed mockery, as well as a trace of coldness and indifference.

"What a fool, it's a pity that he has a talent for fighting against the sky."

Xiao Lutian shook his head helplessly, then looked at Li Feilou, who nodded.

This was the same opinion, and he was going to kill Su Lang.

The scene suddenly fell silent, and a series of cold eyes fell on Su Lang, all thinking that he was a person  
-Undoubtedly death!

### [Chapter 767: Shocking and dizzy!](#)

Immediately after.

Xiao Luntian stepped forward and took a deep look at Su Lang again.

This person's fighting talent is really against the sky, and his cultivation aptitude is extremely high. He really doesn't want to kill.

But no matter what, this young man has a brain disease and dares to humiliate them.

As a quasi emperor, he is also the landlord of Tuantian, his majesty cannot be lost, he must be killed!

"dead!"

A cold word popped out of Xiao Lutian's mouth, and he squeezed Su Lang to death with his big hand, like he was about to squeeze a bug.

But just when Xiao Lutian started.

There was one more thing in Su Lang's hand, no, not one, but an innumerable treasure.

The first is the pill!

Countless elixirs emerged densely, and the visions formed by the power of the rules of the elixirs took up a large area of the surrounding space!

A more dense pill fragrance spread out, flooding into everyone's perception.

"this is!!?"

Xiao Lutian trembled all over, and stopped his hands in an instant, an amazing splendor appeared in his eyes!

"The elixir! And it's all the elixir of perfect quality!"

Li Feilou opened his mouth, stared, and said in disbelief.

As for the martial arts and quasi-martial martial sages behind them, the sneer and indifferent expression instantly solidified on their faces.

At this moment everyone seemed to have been pressed the pause button, dumbfounded, motionless!

After a few breaths.

Those dozens of quasi immortals and many quasi celestial sages reacted.

Seeing the endless vision of pill medicine and smelling the coveted and alluring pill fragrance, everyone was shocked.

"Am I wrong!"

"The elixir of perfect quality around him!"

"I feel that it is the spiritual pill that I need most, and there are other pill for cultivation and healing!"

"I was injured in the previous battle. After smelling the pill incense, the injury showed signs of healing!"

"Oh my god, this person actually took out so many elixir!"

"..."

These people are not hillbillies, but gangsters of the quasi-emperor organization.

In Canglan Continent, there are not many people who are more knowledgeable than them.

But even so, they were still shocked by the pill that Su Lang took out, even for the two quasi emperors.

No way, they eat a lot of elixir, but the perfect quality of elixir still takes out so much at one time. This is completely what they have seen in their lives!

"Here, who is it?"

"He said he is not the Emperor's Tianjiao, but I don't believe it!"

"If it weren't for the Emperor Tianjiao, how could he come up with so many perfect quality pills!"

"No, even the real Emperor Tianjiao can't do such a thing. They can take out the elixir, but it will never be a perfect quality pill!"

"..."

Xiao Lutian and Li Feilou looked at each other, their eyes were full of shock, and the rest of the meaning gleamed.

They hesitated again about the killer!

"Let's see."

"These are my elixir."

"But I am afraid that the elixir will not work for you, so if you want you to be my slaves, you have to use the emperor grade pill."

Su Lang was at the center of everyone's shocking gaze, taking it calmly, and calmly said something more shocking and dizzying.

Emperor level medicine!

These four words fell in the ears of Zhuntian Zhundi and Li Feilou, which directly aggravated their breathing.

Before.

They absolutely did not believe what Su Lang said.

What is the concept of emperor-level medicine? This is the only super treasure possessed by Emperor Wu on the Canglan Continent.

But at this time, Su Lang had already produced countless elixir of perfect quality, and he had a very high degree of credibility with regard to the emperor-level pill.

And they were only one step away from entering the Emperor Wu level, an emperor level pill, it might be their opportunity to enter the Emperor level!

How does this make them unmoved.

Even the two quasi emperors are like this, and the Wuxian and the quasi-xianwu sages behind them directly held their breath, staring like light bulbs.

### [Chapter 768: I'm afraid it's not Emperor Wu's son](#)

Everyone stared at Su Lang, watching his movements.

Su Lang smiled faintly in the eyes of everyone, took out a bottle of pill, and opened it.

In an instant, a pill flew out of the bottle, seemingly spiritual and wanting to escape.

"Humph!"

Su Lang grabbed it lightly and pinched it in his hand.

The pill struggled for a while, and did not move anymore, and immediately an extremely lifelike vision emerged from the pill.

It was a verdant world, mountains and rivers, and even the sky, all green.

It's like a real green world has come, as if everything is real!

This green pill was an emperor-level pill that Su Lang synthesized with the elixir. It was called the 'Reborn Emperor Pill'. It was a terrifying healing pill that could extend the life of Emperor Wu and was extremely valuable.

But the cost of synthesizing this emperor grade pill is also super terrifying.

This can't be synthesized by ten elixir!

This reincarnation Emperor Pill cost Su Lang a full 10,000 primary elixir!

At this moment.

This treasure appeared on the world and instantly attracted everyone's eyes.

"This kind of vision, this kind of power of rules! It's really an emperor!"

"Unexpectedly, when I was in the realm of quasi-emperor, I would encounter an emperor-level pill!"

Xiao Luntian and Li Feilou opened their mouths directly, and the stormy waves in their hearts kept beating their hearts, one heart beating like it was about to explode.

"Emperor pill! I can actually see an emperor grade pill in my lifetime!"

"Apart from this far, I feel that the power of my rules is improving. Its effect is too terrifying. It is simply a treasure that is rarer than any fairy artifact!"

"That kid, he was able to take out the emperor pill...his identity, it is extremely scary to think carefully!"

"Yeah, is he not the son of Emperor Wu!?"

"The only way to explain it, otherwise, who can take out the emperor pill!?"

"..."

All the martial arts and the quasi-immortals secretly talked, and their gazes at Su Lang changed again.

It was a kind of extreme fear, like seeing an absolutely irresistible existence in the world.

Even Xiao Luntian and Li Feilou tried their best to suppress their desires, not allowing themselves to \*\*\*\* Nadi Pill.

They really want Nadi Dan.

But they are afraid of death!

The opponent is likely to be Emperor Wu's own son, it is almost the same as Emperor Wu's visit!

The word difference between Emperor Zhun and Emperor Wu is a huge difference. One Emperor Wu can easily squeeze countless Emperor Zhu!

If they dared to \*\*\*\* that young man's Emperor Pill, they would definitely end up horribly, and even destroy the race!

"I have said that I have the emperor pill, you still don't believe it."

"Now that I see it clearly, I should believe what I said."

The corner of Su Lang's mouth twitched slightly, and he said with a smile, "As long as you are my servants, I can reward you with these pills."

"Gooooo!"

The two quasi emperors swallowed at the same time.

Compared to the inheritance in the emperor's forbidden land, which needs to go through all kinds of difficulties to obtain, this emperor pill is close at hand.

And becoming the other's servant is not a shame.

After all, he is the son of Emperor Wu.

Moreover, once they truly achieved Emperor Wu, they would immediately be at the pinnacle of the Canglan Continent, and no one would talk about any servants, and no one would mention it.

Of course, the premise is that you must never give up your soul.

"How about it, tell me your choice."

Seeing that the two of them were about to flow out, Su Lang couldn't help but smile again.

Xiao Lutian and Li Feilou looked at each other, a little caught off guard.

Before, they let the young man make a choice, but now it's the young man's turn to let them make a choice. The changes in the world are really impermanent.

And those Wuxian and quasi-xianwu sages trembled even more.

The two quasi-emperors who were strong enough to make them worship at this time actually faced a choice at this time, and they still chose whether to become servants of others.

Quasi-emperor, servant, what a difference in identity!

All this is as unreal as a dream.

But this really happened in front of them.

At this time.

Li Fei stepped upstairs, but he bowed his hand before saying: "Dare to ask your Excellency, that emperor level technique..."

#### [Chapter 769: Hurry up and make your choice](#)

As soon as this remark came out, all the martial immortals raised their ears.

Xiao Lutian's eyes were also scorching, and his spirits aroused.

The emperor-level exercises, including the entire Canglan Continent, are pitiful.

Xiao Lutian's emperor-level exercises were inherited from his ancestors, and his ancestors had also passed through Emperor Wu, but that was a long time ago.

The value of an emperor-level exercise is really incalculable.

If the opponent can come up with an emperor level technique, it will be another extremely important bargaining chip.

Besides, this request is still a test, or a side attack.

There are so many emperor-level exercises in the Canglan Continent, and the emperor-level exercises taken out by the opponent can tell the power of the young man.

This is also a way to verify the identity of the young man.

At this time.

Su Lang smiled slightly: "Emperor level exercises are naturally available. Since you want to see it, I will show it to you."

With that said, Su Lang took the emperor-level pill that was green to the alarmingly green in his hand and took out a pitch-black disc.

The black disc is the size of the bottom of a bowl, and it is covered with golden lines like annual rings.

At a glance, there are only a dozen golden patterns, but a closer look reveals that the golden patterns are so dense that they are countless!

Even if you use mental energy to observe, you don't know the number at all!

This exercise is the first emperor-level exercise "Emperor Heart Reincarnation Record" synthesized by Su Lang!

This kind of exercise can hardly be copied, cannot be sealed, and it is very difficult even to pass on.

All its essence and meaning are condensed on the black disc!

That disc is the main body of the emperor-level exercise technique!

at this time.

There was no noise and exclamation in the court.

Because the first time they saw the black disc, everyone immediately confirmed that this is definitely an emperor-level technique that cannot be faked.

And it is also the most cherished emperor-level cultivation technique body!

Everyone is staring at the main body of "Reincarnation of the Emperor's Heart", paying attention and keeping their eyes on.

Xiao Lutian and Li Feilou even wanted to put it under their eyes or between their eyebrows, using all their mental power to perceive them.

Everyone is fully peeping at the emperor level exercises in that disc!

This is a great opportunity that will never be encountered in ten lifetimes!

But at this moment.

"Enough to see."

Su Lang smiled slightly, flipped his wrist, and put the golden pattern black disc away.

Everyone immediately found that the treasure had disappeared, and they were suddenly lost and anxious.

Li Feilou returned to his senses and trembled fiercely, and couldn't help but want to stamp his feet!

"do not!"

Xiao Lutian was even more awakened by a nightmare as an ordinary person, and he yelled divinely!

He has practiced the emperor-level exercises himself, and has a lot of experience in the practice of emperor-level exercises.

Among all the people, it was his Xiao Lutian who saw the most.

Just now, he had tasted one ten-thousandth of the golden-patterned black plate exercise, and he was just addicted to it, and he couldn't extricate himself, but suddenly found that the exercise was gone. How could he not worry?

"Hey, I've also seen the emperor level exercises, so confirm it."

"I have never been so troublesome in taking slaves, so hurry up and make your choice."

Su Lang looked at the two quasi-emperors and smiled slightly.

"This!"

Xiao Lutian and Li Feilou couldn't help but look at each other again.

Then they began to communicate.

"Lord Tutian, can you see what cultivation technique it is?"

"I haven't seen it. I can only see a trace of fur. It can be determined that it is a spiritual emperor level exercise. It is really an incomparably mysterious exercise. My Burning Heaven Emperor Sutra can't match it."

"Spiritual emperor-level exercises!? That's really rare. In addition, the 37 emperor-level exercises currently known in Canglan Continent are not spiritual!"

"Yeah! Just thinking about that exercise, don't you say that I haven't paid attention yet! That exercise is not any known emperor-level exercises, that is to say, he is not the heir of a certain Wudi!?"

"It's possible, but it's not certain. On the Canglan Continent, there are only 37 emperor-level techniques on the surface, but we don't know if the Emperor Wu will hide and leave behind. Anyone will do it."

"We have never heard of the exercises he took out. The mystery of his identity is still unexplorable, and he can only continue to be treated as the heir of Emperor Wu."

"Yes, yeah, it can only be so, besides, Wukongzi, what are your plans for that choice!?"

[Chapter 770: Do i look like a liar](#)

The two exchanged, the topic returned to the choice given by Su Lang.

Whether to become the other's servant! ?

"Lord Tutian, to tell you, I am a little moved."

Wuqianzi Li Fei said in the corridor, "I have practiced a lot of exercises, but there is no emperor-level exercises. I have a hunch that I will become Emperor Wu after I get that exercise."

"Who isn't hearted!"

Xiao Lutian licked his lips, "The emperor grade pill alone is about to make me involuntarily, I feel that that is the opportunity for me to become an emperor!"

The two continued to communicate.

"But regarding his identity, I still have some worries, and I dare not make a decision just like that."

"Me too, why don't you ask? By the way, let me mention the soul-fire thing. That is the bottom line and you can't cross it."

"Also."

"..."

Two powerful quasi emperors whispered, and then looked at Su Lang at the same time.

"how?"

Su Lang asked with a noncommittal smile, "Did you make a decision?"

"The conditions given by the son are indeed generous."

Li Feilou communicated with Su Lang by means of divine intent and sound transmission, "But I don't know the name of the son, who is the heir of Emperor Wu?"

In addition, if you become a servant of the son, your soul cannot be surrendered. This is the consensus between me and Tutian.

But we accept other forms of restraint to reassure the son. "

Only Su Lang and Xiao Lutian could hear Li Feilou's words, and none of the others could hear it.

Therefore, everyone is secretly guessing.

"It seems that the two quasi emperors are discussing with that person!"

"Oh my God, when the Emperor Zhun was faced with the choice to become a servant, he was moved!"

"Hmph, if I wait to face that choice, I'm afraid I won't even have a discussion, so I just kneel down!"

"I don't know what the final result will be."

"..."

Everyone talked in secret.

However, one person frowned slightly, that was Zhu Xian!

She had calculated the identity of Su Lang, and she felt familiar with it.

At this time, Su Lang's cultivation had reached the point where she could not deduct it, but she tried her best to make the familiarity even stronger.

"When and where, did I have an intersection with this person!?"

Zhu Xianxiu frowned and whispered silently in her heart, but she just couldn't remember that when she returned to the waterfall headquarters, she deduced a little-known little character in the backcountry.

at the same time.

Su Lang listened to Li Feilou's words and scorned his lips with disdain: "Being my servant, taking so many benefits, but not giving up the soul, how can there be such good things!"

There was no concealment at all, and even spoke very loudly! !

then.

Li Feilou and Xiao Lutian were embarrassed instantly!

And the martial immortals and quasi immortals were even more stunned and filled with emotion.

In the end, the two quasi-emperors actually agreed to become someone else's servants, even though they were unwilling to surrender their souls...

All this is incredible!

At the same time, after a moment of embarrassment, Li Feilou and Xiao Lutian both felt very humiliated and humiliated, and their faces were blue and red.

Becoming someone else's slave is a shameful thing, and being exposed to the public at this time will push the shame to the peak!

If it is other time.

They are already furious at the moment, they are killing others and vent their anger!

But facing the unidentified Su Lang, even though they were extremely upset, they could only endure with gritted teeth.

However, the question of whether to become a servant is obviously broken.

"you.....!"

"How important is the soul fire? We don't know the details of each other, how can we dare to believe you?"

Xiao Lun was in a hurry, so he stopped calling any other sons, and asked angrily.

"Haha."

"So you are worried about being deceived."

"I look like that kind of liar!?"

Su Lang rolled his eyes silently, paused, and continued, "If you agree, we will establish a master-servant relationship first.

Then, without any restraint, I can first give you the emperor-level pill, and even give you the emperor-level exercises.

After you have taken the pill, practiced the emperor-level exercises, and then handed over your soul fire. "
