[Chapter 81: Dispatch of level five clones!](#)

"5...5 million!?"

Ye Lingfeng was stunned at once, and he almost couldn't hold his pen firmly.

"how?"

Su Lang frowned, "Don't tell me the Ye Family can't even get 5 million gold coins?"

I ransacked 5 to 600,000 gold coins from just a few of your shops!

Although those are your more important stores, they still don't occupy most of your Ye family's wealth, right? "

"Master Su! Having said that, there is really no 5 million gold coins!"

Ye Lingfeng cried and said, "Unless, unless you borrow from the other three powers, or sell your assets, you can raise so many gold coins."

"It's great if you can raise it all!"

"No matter what method you use, I want 5 million gold coins, otherwise..."

A cold killing intent flashed in Su Lang's eyes, "You can only die!"

"No, don't kill me!"

Ye Lingfeng trembled and sweated like a waterfall, "I am the future of the Ye family, and my grandpa will redeem me!"

"Hmph, you write a blood book."

Su Lang said indifferently, "I will personally hand it over to your grandfather, whether it is dead or alive, it depends on whether your grandpa gives the money!"

"Yes Yes!"

Ye Lingfeng tremblingly bit her finger and began to write a blood book.

at this time.

"Ding! Lei Si's true art has reached the level of Xiaocheng!"

The wonderful system prompt surprised Su Lang.

"I don't know how much the Xiaocheng-level Raisi Real Technique can improve my attributes?"

With a hint of expectation, Su Lang opened the properties panel.

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

[Realm level]: Peak Warrior

[Attack level]: Pinnacle Warrior+

[Defensive level]: Senior warrior

[Shenfa Level]: Senior Warrior+

[Endurance Level]: Senior Warrior

【Mastering Techniques】 : Boundless Heart Sutra, Lei Si Zhen Jue (Elementary, Xiao Cheng), Lei Guang Zhen Jue (Elementary, Elementary); Nine Elephant Mountain Treading Technique (Intermediate, Elementary)...Flying Flower Slashing Shadow Sword (Elementary, Elementary), White Feather Footwork (Elementary, Elementary), Floating Willow Sword Technique (Elementary, Elementary); Split Air Sword Technique (Elementary, Elementary), (Part of the exercises have been omitted)

[Activated system functions]: One-key practice function (level 5), one-key martial arts function (level 5), and avatar dispatch function (level 4)

"It's worthy of attribute skills!"

The corner of Su Lang's mouth raised and a smile appeared, "At the level of a martial artist, he can directly increase his combat power to a small realm!"

And the peak martial artist-level combat power is no more than the number of hands in the entire Red Maple City stronghold.

It can be said that Su Lang is now standing on top of the hundreds of thousands of people in Red Maple City.

With the assistance of the system, it won't take long for him to throw away those quasi-military generals and the four major generals of Red Maple City!

After thinking about the bright future, Su Lang set his sights on the storage space again.

From the beginning of the anti-killing to the present, a total of 31 martial artists have been beheaded by Su Lang.

This brought him extremely rich spoils!

No, only the middle-grade spirit stones have broken through 20, and the lower-grade spirit stones and gold coins are even more!

"With so many gold coins, it must be enough for the clone dispatch function to be upgraded!"

Su Lang was very excited and gave the order, "System, fast, deposit all for me!"

In the mysterious space, the number behind the gold coin icon immediately began to soar.

One second later, the amount exceeded 1 million!

"Sure enough, there are 1 million gold coins!"

Su Lang's eyes glowed, "Immediately upgrade the clone dispatch function!"

"Ding! Consume 1 million gold coins, the clone dispatch function is upgraded to level 5, and the number of clones is +1!"

"Ding! Congratulations on raising the clone dispatch function to level 5, and you have obtained the bonus abilities 'perfectly lean over' and 'swallow clone'!

When using the perfect lean, you can attach all your thoughts to the clone, and control the clone the most perfect, just like using your own body!

When using the swallowed clone, you can choose to swallow a certain number of clones, and your combat power will be greatly increased within half an hour, and the swallowed clone will fall into the cooling time! "

"Ding! Host, congratulations on upgrading the first three functions to level 5, you have obtained the activation permission for the new function, you can activate it with only 100 gold coins!"

The continuous system prompts directly made Su Lang breathless with excitement.

The benefits of this upgrade are simply terrifying.

Even bigger than when the clone dispatch function was activated just now!

Especially the 'Swallowing Clone' ability, which made Su Lang's leapfrog fighting ability crazy!

This is much more powerful than adding a clone.

"This is really cool, and there is a fourth function waiting for me to activate!"

Su Lang's little heart throbbed with excitement, "I don't know how abnormal the new function will be. The system, activate the new function immediately for me!"

[Chapter 82: New function one-click treasure hunt!](#)

"Ding! Consume 100 gold coins, the one-click treasure hunt function has been activated!"

"Ding! The current one-click treasure hunting function is level 1, and you can send 2 treasure hunt flying flying gliders (wu) out to hunt for treasure."

"Ding! Congratulations on obtaining the bonus abilities 'Treasure Spirit Sense' and 'Perfect Collection'. You can detect and identify all treasures and collect them without damage!"

"The treasure hunt flying glider also possesses the abilities of 'treasure spiritual awareness' and 'perfect collection', as well as super life-saving capabilities.

However, the treasure hunting flying gliders can't escape death when they encounter too strong enemies, and it takes 2 hours to regroup after death. "

"The dispatch method and the scope of the treasure hunting flying glider are the same as the clone, and the areas explored by both can be dispatched again."

The system's description of the fourth function made Su Lang stunned.

After a while, a strong ecstasy appeared on his face!

"Noisy, noisy! One-click treasure hunt!"

An astonishing light spurted from Su Lang's eyes.

Even though this function does not directly improve combat power, its perversion is also worse than that!

What is the most important thing in martial arts practice?

It is nothing more than qualifications, skills, and resources.

Resources refer to Reiki and various genius treasures.

I won't talk about the aura, there is no such thing as a genius treasure that no warrior does not want.

However, it is too difficult to collect the natural treasures!

First of all, the place where the heaven, material and earth treasures appear is completely uncertain, and they are extremely hidden. Finding a certain heaven, material and earth treasure is entirely by luck.

Secondly, many treasures of heaven, material and earth are guarded by fierce beasts, or they are monopolized by the strong, and they must have a strong strength if they want to take food.

In addition, many heaven, material and earth treasures have unique collection methods, otherwise they will be directly damaged, which makes it even more difficult to obtain heaven, material and earth treasures!

But now, such difficult things have become very simple for Su Lang.

There is a one-click treasure hunting function, no need to work hard to learn the method of collection, no need to spend a lot of money to buy treasure information, no need to go deep into the wilds and mountains, no need to risk fighting with powerful enemies...

Su Lang only needs to sit at home and drink tea happily, and he can harvest all kinds of natural treasures continuously!

Moreover, if the treasure hunt flying glider finds a mineral vein or something, then it will be developed!

In short, with the one-click treasure hunting function, Su Lang can easily collect the treasures of heaven and earth.

Then, keep the useful ones, sell the useless ones, and upgrade the system functions when the money is enough.

If this continues, Su Lang's strength will become stronger and stronger like a snowball!

"Quickly, upgrade me the one-click treasure hunting function, until the money is not enough!"

Although it had spent 1 million gold coins, but there was still some remaining balance, Su Lang did not hesitate to choose the upgrade function.

"Ding! Consumption of 1000 gold coins, the one-click treasure hunting function has been upgraded to level 2, and the number of treasure hunting flying gliders has increased to 4."

"Ding! Consumption of 10,000 gold coins, the one-click treasure hunting function has been upgraded to level 3, and the number of treasure hunting flying gliders has increased to 8."

System prompts kept coming, and the one-click treasure hunt function was directly upgraded to level 3.

"The number has grown exponentially!"

For an instant, Su Lang's eyes widened in surprise.

In this way, when the one-click treasure hunting function is upgraded to advanced level, he can have dozens, hundreds, thousands of treasure hunting flying flying gliders!

When the time comes, won't the treasures of heaven, material and earth, which are extremely precious, flood into the storage space like a flood?

It's exciting to think about it!

"Jie Jie Jie Jie, darlings, here I am!"

Su Lang rubbed his hands in excitement, and directly dispatched all the 8 treasure hunting flying flying gliders.

Ye Lingfeng, who finished writing the blood book on the side and started writing the exercises again, wondered why Su Lang was so strange.

But he didn't dare to ask, so he continued to bury his head in painful writing.

...

Class D flame fox area.

This fierce beast area is next to the Liulihu area, and has been touched by Su Lang's clone.

At this time, in a valley, a red flame fox was staring at a small tree intently.

This little tree is only ten centimeters high, but it hangs a white fruit the size of a baby's fist.

At this time, the white fruit is turning red at a speed visible to the naked eye!

Upon seeing this scene, the Flame Fox suddenly showed greed.

But at this moment, a treasure hunt flying flying glider with white fur and golden stripes fell from the sky!

There are fleshy membranes between its limbs, which form two wings after opening, strange and graceful.

Moreover, its speed is super fast, almost flying past the flame fox like lightning.

The Flame Fox was stunned, and suddenly found that the white fruit in front of him had disappeared!

[Chapter 83: Faster than making gold coins](#)

"Squeak!"

The flame fox was immediately angry!

This is a treasure that it has guarded for five days and five nights!

Its eyes are blood-red and its teeth are dancing and claws, desperately looking for the guy who snatched its treasure.

But the treasure hunting flying flying glider has long since escaped. It chased it out following the smell, and was lost within a few tens of meters!

The other side.

"Ding! You get Baiyan Guo*1."

The system prompt came, a fruit with red stripes on a white background appeared out of thin air in the storage space.

Su Lang immediately took the heaven, material and earth treasure found by the first treasure hunting flying flying stray from the storage space.

"Bai Yan Guo!"

Su Lang's face was delighted, his eyes shone, "The main medicine for refining the sixth-order Baiyan Body Building Pill!"

Tier 6 pill, this is a treasure pill that a martial artist is qualified to take.

Even the lowest Tier 6 pill is worth at least 5000 gold coins.

And Baiyan Bodybuilding Pill, a more precious Tier 6 pill, is worth at least 10,000 gold coins!

As the main material of Baiyan Bodybuilding Pill, this undamaged Baiyan Guo is worth 5000 gold coins!

This is definitely an unbelievable number for ordinary people.

at this time--

"Ding! You get blue and white fruit*1."

Su Lang's expression moved, and he took it out to see, it turned out to be the main medicine of a 6th-order pill, the blue and white Qi Gathering Pill!

"Ding! You get Luoxin Grass*1."

"Ding! You get the Golden Light*2."

"Ding! You get..."

A steady stream of system prompts came, almost joined together!

"Noisy, noisy!"

Su Lang couldn't help exclaiming.

In a short period of time, he obtained a treasure of tens of thousands of gold coins!

However, after a series of gains, a certain blank period appeared.

Su Lang expressed his understanding. After all, Tiancai Dibao is not a Chinese cabbage, and it takes time to hunt for treasure and fly flying on the road!

Of course, even so, the speed at which Su Lang makes money is extremely terrifying.

At least, one hundred or two hundred thousand gold coins a day can't run, which is faster than printing money!

"Hahahaha, so cool!"

Su Lang couldn't help laughing with excitement, "In this way, there will be a stable source of funds for upgrading system functions!"

"Su...Master Su!?"

At this moment, Ye Lingfeng, who was immersed in writing, raised his head and shouted cautiously.

Of course he discovered Su Lang's abnormality, but now he can only treat it as invisible!

He even wanted to close his eyes and mouth, lest he knew too much and was cut by Su Lang with a single sword.

"Huh? Finished?"

Su Lang raised his eyebrows and looked at Ye Lingfeng.

"Yes, it is!"

Ye Lingfeng nodded tremblingly, then tremblingly handed both the book and the blood book to Su Lang.

Su Lang directly put the blood book into the storage space, opened the exercise book and read it.

Ye Lingfeng turned in a lot of exercises, except for the ones he had learned, there were even 5 exercises!

And these 5 exercises are all not simple, they are three intermediate forging exercises, one primary thunder attribute exercise, and one advanced weapon exercise!

The three intermediate body-building exercises are "Tyrant Armor Body-building Jue", "Yunyan Entangling Silk Step" and "Mianwu Body-building Jue".

These three exercises specifically increase defense, body skills, and endurance, and the increase is particularly large.

The advanced weapon technique is a sword technique with only two characters in its name-"Soul Chaser"!

The last elementary thunder attribute exercise method is called "Lei Gang Zhen Jue", which is the same origin as Lei Si Zhen Ju and Lei Guang Zhen Jue!

"Tsk tsk, they are all good things!"

Su Lang kept tweeting, and then immediately replaced the "Lei Si Zhen Jue" with the "Lei Gang Zhen Jue".

At the same time, "Lei Guang Zhen Jue" has also been replaced with "Yunyan Yinsi Step".

Less than half a minute.

"Ding! "Yunyan Silk Step" has reached the entry level!"

A wave of cultivation technique quietly spread from Su Lang, and Ye Lingfeng on the side was suddenly dumbfounded.

And just when Ye Lingfeng was shocked.

"Ding! "The True Art of Lei Gang" has reached the entry level!"

"Boom~"

Su Lang shook his whole body slightly, and there was a greater wave of exercises.

Even for an instant, flashes of thunder and lightning appeared in the air.

"Lei Gang's true secret? This is the beginning!?"

Ye Lingfeng was so surprised that his chin was about to fall off, "How is this possible? It took me two years to get started!"

However, something more shocking happened to him.

I saw strange fluctuations in Su Lang's body from time to time about the introductory exercises, and in a blink of an eye, all the five exercises were introduced!

[Chapter 84: Single-handedly broke into Ye's house](#)

"This, this... this is not true!"

Although Ye Lingfeng had heard Yang Shi tell such incredible things a long time ago.

But when he saw it with his own eyes, he still felt that his cognition had been subverted!

It is incredible to practice the five exercises in a short time!

Even an extremely powerful military commander can't do this at all!

Just when Ye Lingfeng was shocked to doubt his life, the corner of Su Lang's mouth raised and opened the property panel.

[Name]: Su Lang

[Race]: human

[Qualification Level]: Turbidity

[Realm level]: Peak Warrior

[Attack level]: Junior generals

[Defensive Level]: Peak Warrior+

[Shenfa Level]: Quasi-General

[Endurance Level]: Peak Warrior+

[Mastering the exercises]: Boundless Heart Sutra, Lei Si Zhen Jue (Elementary, Xiao Cheng), Lei Guang Zhen Jue (Elementary, Elementary); Lei Gang Zhen Jue (Elementary, Elementary), Chasing Soul (Advanced, Elementary);

Bajia Bodybuilding Jue (Intermediate, Beginner), Yunyan Cangsibu (Intermediate, Beginner), Mianwu Bodybuilding Jue (Intermediate, Beginner), Jiuxiang Mountain Treading Technique (Intermediate, Beginner)...

(Some exercises have been omitted)

[Activated system functions]: One-key training function (level 5), one-key martial arts function (level 5), clone dispatch function (level 5), one-key treasure hunting function (level 3)

"Unexpectedly, it reached the junior general level directly!"

Even though Su Lang could clearly feel the incomparably powerful energy in his body, he couldn't help but feel excited when he saw the attack level of the junior generals!

General!

There are only four Red Maple strongholds!

And put it in other big strongholds too!

However, after a moment, Su Lang looked at the sky and showed a faint smile.

The military commander level is almost an end point that 99.9% of military fighters cannot reach in their lifetime.

But for him, this is just the starting point.

Above the military commander, there are also the military commander, the military king, and a more powerful realm. That is the goal that should be pursued!

Of course, in any case, the path under your feet is the most important.

Withdrawing his gaze looking into the distance, Su Lang took out Ye Lingfeng's blood book.

The blood book was filled with Ye Lingfeng's words begging Ye Feizhang to hand over the ransom to save him, filled with deep fear and despair.

"Pray that Ye Feizhang will value you enough."

Su Lang glanced at Ye Lingfeng with a sneer, and soon dispatched a clone.

Inside the Red Maple City.

In a dark alley near the Ye Family Mansion.

The figure of a man in a white robe cloak slowly gathered.

Immediately afterwards, the man in the white robe cloak shook his whole body, and there was a glimmer of light in his eyes.

Obviously, Su Lang controlled this clone with his "perfect leaning over".

"This feeling... is completely different from before."

Su Lang stretched the avatar's body, murmured smoothly in his mouth.

In the past, he couldn't control the clone like this at all.

If you want the clone to act, you must give instructions one by one, and you still stammer.

And now, Su Lang felt that this clone was just like his original body, doing whatever he wanted.

"Haha, it's a system, every ability is extremely useful!"

Su Lang smiled, and immediately moved towards the Ye Family Mansion.

The Ye Family has always accumulated great prestige, and recently there have been major events. Ye Feizhang is furious, and no one dares to stay around the Ye Family's mansion.

Not long after, Su Lang went straight to the gate of Ye Family Mansion.

"who!?"

"Get me away!"

The two Ye Family guards looked over cautiously, and immediately showed ecstasy.

The visitor turned out to be the man in the white robe cloak who looted the three major shops of their Ye family and was wanted by the whole city!

The entire Ye family had searched for the man in the white robe cloak that hadn't been found for so long, but was it unexpectedly delivered to the door?

There is such a good thing in the world! ?

However, they soon discovered that the white-robed man actually sent the peak martial artist's spiritual energy fluctuations!

"Isn't it an intermediate warrior?"

"Why did you become a pinnacle warrior in an instant?"

The ecstasy in the hearts of the two guards suddenly turned into panic, and the two of them together were not enough for the pinnacle warrior!

"Look at him, I'll report to the Patriarch!"

The two guards' expressions tightened, and they said in unison.

As soon as he finished speaking, the scene suddenly appeared embarrassing.

"Two fools!"

Su Lang snorted, "Go and report to Ye Feizhang, just say, Su Lang is here!"

[Chapter 85: Take a leisurely stroll](#)

"You...you wait!"

The two guards threw a word out in a stern bitterness.

Immediately, they got into the gate, yelling and ran in the direction of Ye Feizhang.

"Su Lang is here!"

"Patriarch! Su Lang is here!"

"..."

The two guards rushed all the way, shouting loudly, and the whole Ye family instantly turned into a boiling pan!

"Su Lang? Isn't that the rogue who ransacked our stronghold?"

"How could he come here? What a joke!?"

"But if not, how dare those two guards do it?"

"Could it be that Su Lang really came to our Ye family?"

"..."

The many Ye family members who were alarmed were unbelievable.

At this moment, a person suddenly pointed at the gate and shouted deeply: "Look! Is that white robe cloak man Su Lang!"

Everyone followed the sound, and suddenly saw Su Lang strolling in the courtyard.

"That's the one who ransacked my Ye's shop and stronghold!"

"The aura fluctuations in him turned out to be the peak martial artist!"

"What about the peak martial artist, can he still beat the Patriarch!?"

"No matter what he has to rely on, he must be cramped and hung on the city gate today to show the public

!"

"Yes, that's the only way to save the face of my Ye Family!"

"..."

The killing intent of the Ye family members was fully realized, and they pulled out their weapons one by one, like a hyena, surrounding Su Lang in the middle.

"This is the Ye Family's hospitality?"

Su Lang sneered, and walked forward calmly, like walking in his backyard.

All the martial artists of the Ye family were dead, except for Ye Feizhang in this Ye family mansion, they were all weak chickens.

They surrounded Su Lang with nowhere, and the dazzling weapons in their hands were like poisonous snakes, choosing people to eat.

However, no one dared to do it.

"Get out of the way! Patriarch is here!"

There was a scream, and everyone looked happy, and made a way out.

Su Lang looked forward and saw a slender old man walking slowly with his hands behind his back.

This person had killing intent and was not angry but mighty. Everyone around him looked at him in awe. It was obviously Ye Feizhang, the head of the Ye family.

Properties panel!

Su Lang thought, all the information of Ye Feizhang was in front of him.

[Name]: Ye Feizhang

[Race]: human

[Qualification level]: Top grade

[Realm level]: Junior generals

[Attack level]: Intermediate general +

[Defensive level]: Junior generals+

[Shenfa Level]: Intermediate General +

[Endurance Level]: Junior General +

[Mastering the exercises]: Boundless Heart Sutra, Chasing Soul (Advanced, Beginner), Lei Si Zhen Jue (Elementary, Small Gate), Lei Guang Zhen Jue (Elementary, Beginner), Lei Gang Zhen Jue (Elementary, Beginner)

Bajia Bodybuilding Jue (Intermediate, Beginner), Yunyan Cangsibu (Intermediate, Beginner), Mianwu Bodybuilding Jue (Intermediate, Beginner)

"Oh, I have a lot of exercises."

Su Lang raised his eyebrows, but after thinking about it, he understood.

Ye Feizhang has been promoted to military commander for not knowing how long, it must be limited by his aptitude to be unable to be promoted to the realm of cultivation, so he will transfer his energy to practice exercises.

And his comprehension is not good, and all the exercises have only been practiced to the entry level!

His life's hard work is not even as good as Su Lang's achievements in two or three days.

At this moment, Ye Feizhang spoke.

"You are really Su Lang!?"

There was a hint of joy in Ye Feizhang's voice, "I didn't expect you to be a pinnacle warrior!"

Such a fast promotion speed made Ye Feizhang's greed for Su Lang's secret even stronger.

Su Lang's big secret that day, he wanted to get it all the time, every minute!

However, his joy soon turned into surprise.

"No, that's not right! You are not Su Lang."

Ye Feizhang sneered, "How can a pinnacle warrior dare to rush in front of me alone?"

Besides, my grandson is besieging Su Lang, how could he appear here? You are Su Lang's subordinate! am I right?"

And the reason why you are here is that Su Lang sent you to beg for mercy? Hahahaha, it must be so right! "

At this moment, Ye Feizhang didn't even know that his son was dead, and his only grandson had fallen into Su Lang's hands.

He thought that Ye Lingfeng had already driven Su Lang to a desperate situation, and Su Lang would send this subordinate to ask for peace.

After hearing what Ye Feizhang said, the other members of the Ye family felt very reasonable, and their gazes at Su Lang were full of disdain and ridicule.

However, Su Lang's words left them all stunned.

[Chapter 86: The incredible Ye family](#)

"Pray for mercy? Ye Feizhang, you are afraid that you overestimate your Ye family!"

A hint of sarcasm appeared at the corner of Su Lang's mouth, "The reason why I am here is completely confident!"

Now, I have two news here, one bad news and one good news. Would you like to listen? "

"Huh! Pretending to be!"

Ye Feizhang sneered, "I want to see, what tricks do you want to play!"

The rest of the Ye Family also sneered at Su Lang's words, and showed contempt.

"In that case, let me tell you the bad news first."

Su Lang smiled faintly, "The bad news is that the martial artist you sent to chase me and the important members of your Ye family have all been killed by me!

The good news is that your precious grandson Ye Lingfeng is still alive, but he will die soon, unless you buy his life with 5 million gold coins. "

Su Lang's voice gradually fell, and the scene was silent. It seemed that the sound of a hair falling on the ground could be heard!

The next moment, it was like a bomb exploded, and the scene suddenly became a sensation.

"What did he say!? Are my ears broken?"

"Hahahaha, he said that the martial arts and important members sent by my Ye family are all dead, this is simply a fantasy!"

"Yeah! This person is absolutely frustrated, so he dared to come to our Ye family and talk in sleep!"

"How many powerhouses did our Ye family send out? Thirty-one martial artists! He actually said he killed them all? I really want to laugh off my teeth!"

"Yeah, he alone, Su Lang, can kill a junior martial arts master. He kills thirty-one of our martial arts masters? If you tell the ghosts, you don't believe them!"

"Moreover, he wants 5 million gold coins. Isn't he crazy about money? He unexpectedly came to our Ye family!"

"..."

All the Ye family members talked and pointed, all thinking that Su Lang was crazy.

"Hahahaha, can't your master really change the habit of speaking out?"

Ye Feizhang looked at Su Lang with a sneer, "I said before that I wanted to enjoy the last period of my life, but at this time I said something more absurd. I really suspect that you are mentally retarded."

"Hey, there are no wonders in the world, why can't I kill dozens of martial artists?"

Su Lang shrugged, "Just wait for the frog at the bottom of the well before you can even believe this little scene.

Well, since you don't believe it, then I make you have to believe it! "

As he said, Su Lang waved his hand, and a blood book appeared in his hand.

"Space ring!?"

Everyone in the Ye family was surprised.

Ye Feizhang was also surprised, and immediately afterwards, his eyes were placed on the blood book.

He could feel a familiar breath on it.

"Presumably you have felt it."

"This is the blood book written by Ye Lingfeng, please take a good look!"

Su Lang smiled faintly, and the blood book shot out like an arrow while turning his wrist.

"what!?"

Ye Feizhang caught the blood book in disbelief.

Feeling the breath of Ye Lingfeng above, Ye Feizhang's heart gradually grew up with something bad.

He took a deep breath and looked at it carefully.

At the next moment, Ye Feizhang suddenly became angry and blushed!

"It's all dead!?"

"This is impossible!!"

Ye Feizhang furiously squeezed his hands tightly, and his knuckles were instantly white.

At such a scene, the Ye Family people were dumbfounded and their faces were dull.

They are incredible!

Aloft, the Patriarch, who has always been calm and composed, would have such a reaction!

"That blood book was really written by Ye Lingfeng?"

"What Su Lang said is not true?"

"What the **** happened!? Could it be that all those martial artists are really dead!"

"Oh my God, Master Ye Xiangming, Master Ye Tian, Master Ye Zhi, and many martial arts masters..."

"..."

Although none of the Ye family members spoke, their expressions had already expressed their thoughts.

"No, no! This is definitely not true!"

Ye Feizhang's brain was blank, and he staggered back with a blood book in his hand. A generation of strong generals seemed to be ten years old in an instant.

Su Lang smiled faintly: "Ye Feizhang, you have already believed it, why do you still deceive yourself?"

"Ah! I killed you, I killed you!"

Ye Feizhang opened his eyes with a beard, and the long sword was unsheathed in an instant. The sword light and thunder light were shocking!

[Chapter 87: Your death date is not far away!](#)

"Chasing the soul, condensing!"

Su Lang had been prepared for a long time, and when he turned his wrist, a silver sword light suddenly appeared in front of him.

"Ding dumbstruck——!!!"

The piercing sound of sword strikes resounded throughout the Ye family mansion.

After one blow, Ye Feizhang remained motionless, Su Lang's long sword broke, blood was dripping from his mouth, and he immediately retreated more than ten meters.

For this result, all the Ye family members were shocked!

In their hearts, Patriarch Ye Feizhang is one of the four strongest people in Red Maple City.

In their imagination, the man in the white robe cloak should be killed with a single sword, how could he still be alive! ?

Moreover, the man in the white robe and cloak actually used the same moves in "Chasing Soul", which is incredible!

Not only everyone in the Ye family, but even Ye Feizhang himself was so shocked that his pupils shrank.

There was even a trace of fear in his heart!

It's weird, it's terrible!

The pinnacle warrior could survive his attack close to the level of a senior general!

This is simply an inhuman existence!

"Ye Feizhang, you dare to do something to me, your courage is commendable."

At this time, Su Lang threw a broken arm with a sleeve on the ground, "As a reward, this is for you."

"this is!?"

Looking at the broken arm on the ground, Ye Feizhang's pupils shrank suddenly, and the white of his eyes instantly turned red.

"Yes, this is Ye Lingfeng's arm!"

Su Lang said coldly, "If you dare to shoot at me, then I will give you Ye Lingfeng's head."

"You crap!!!"

Ye Feizhang was trembling with anger, wishing to strip Su Lang alive!

"You can't scold me either."

Su Lang sneered, then threw out another **** finger.

"You...what do you want!!!"

Ye Feizhang pointed at Su Lang with great grief and indignation, his entire popularity seemed to be a sheep's seizure.

"I said that."

Su Lang smiled faintly, "5 million gold coins, in exchange for Ye Lingfeng's life."

"5000000!"

Ye Feizhang's words popped out between his teeth, "I will give it!!!"

"Patriarch!!!"

Many Ye Family members exclaimed, their faces full of grief and disbelief.

Give in!

A generation of military commanders, an extremely powerful Patriarch, has succumbed!

This is simply a shame!

"Shut up all to me!"

Ye Feizhang screamed, almost hoarse!

He is the one who succumbed, so he is not ashamed! ?

However, as the Patriarch of the Ye Family, Ye Feizhang didn't want to let the incense of the Ye Family cease in his own hands!

Ye Lingfeng is the best aptitude, he is very likely to become a military commander, as long as a person lives, there is hope!

For the Ye Family, Ye Feizhang abruptly swallowed this breath and endured this shameful shame!

"A very wise choice."

Su Lang flipped his wrist, and the long sword was sheathed. "In one day, prepare 5 million gold coins and send one person to the designated location on the map. It is out of date."

As he said, he threw out a map and his figure gradually faded.

And just when his figure was about to disappear completely, Su Lang's voice came again:

"By the way, Ye Feizhang, everything goes to the same size, and I will still avenge my parents.

I still said that, enjoy your last days, your death is not far away! "

As soon as the voice fell, Su Lang's clone disappeared completely.

"puff--!!!"

Ye Feizhang trembled for a while, then suddenly spouted a mouthful of blood, and shouted, "Zhuzi!!!"

...

Outside the barrier, the Liulihu area.

"Ah, it hurts!"

Ye Lingfeng clutched his broken arm and wailed in pain, and the only hand left was only four fingers.

Sitting in the middle of the three avatars, Su Lang slowly opened his eyes.

"Well, I'm still in good health."

Su Lang took a deep breath and stretched.

Using "Perfect Bend" can control every move of the clone, but it is very awkward.

It's like putting your thoughts into a body that doesn't have a temperature, and there is no such feeling that the soul and the body fit together.

"Ah, my hand!"

Ye Lingfeng was still screaming, his nose and tears streaming down his face.

Ever since he was a child, he was treated as an ancestor by the entire Ye family. When did he endure such pain?

And this pain is not only physical, but also mental.

After all, he will be disabled from now on, unless he takes a precious pill that can cause severed limbs to regenerate.

But the lowest level of that kind of medicinal pill is Tier 9 pill, how can it be so easy to get?

[Chapter 88: The desperate Ye Fei](#)

"Tsk tsk, don't blame me."

Su Lang chuckled and said with a smile, "Blame Ye Feizhang and Luo Li for being awkward, even daring to do something to me.

But now you can rest assured, Ye Feizhang answered that he would use 5 million gold coins to buy your dog's life. "

"Grandpa promised to save me!?"

"Great, I don't have to die!"

Ye Lingfeng was shocked, and a strong surprise emerged from his painful eyes.

When Su Lang cut off his arm, he thought he was given up!

Hearing the good news of this day, his eyes widened with excitement.

"Oh, don't get excited, the broken arm is bloody!"

Su Lang sneered and threw out a healing pill, "Take it, don't bleed and die."

"Yes Yes Yes!"

Seeing the blood soaking like a water gun with a broken arm, Ye Lingfeng was so frightened that he immediately swallowed the healing medicine.

...

On the other side, in the Ye Family Mansion.

Ye Feizhang was so angry that blood spurted wildly, and all the Ye family members were scared and dull.

"Patriarch!!!"

Ye Feizhang's confidant Ye Lin came back to his senses and stepped forward to support Ye Feizhang,

"Quite your anger! Our Ye family can't live without you!"

"Go away, do I need your help?"

Ye Feizhang swept his arm, and Ye Lin flew out several tens of meters in an instant!

"Patriarch calm down!"

The Ye Family people around who also wanted to step forward to comfort them all knelt down in terror.

"A bunch of rubbish, go and raise 5 million gold coins for me immediately!"

Ye Feizhang pointed to the Ye family in one place and said with blood red eyes, "I can't do it in one day, everyone will be buried with Ling Feng!"

"Yes!!!"

The people of the Ye family didn't dare to sweat, and quickly bowed and said yes.

"get out!"

Ye Feizhang roared, and everyone disappeared within three seconds.

Seeing everyone leaving, standing where Ye Feizhang's face was blue and red, he didn't know what he was thinking.

After a while, a cold light flashed in his eyes, and he turned to the study.

"boom!"

A small dark room was opened. Inside, there was a stone platform on which was placed a luxurious small box.

Opening the box, Ye Feizhang took out a black pill from the box.

"Ning Ming Dan!"

Ye Feizhang trembles slightly while holding the pill.

This is a precious Tier 9 pill, which will greatly enhance its strength after taking it.

As a price, the user will rot and die after a day, and the process is extremely painful.

However, Ye Feizhang had already set aside his life since he made up his mind.

In his heart, Ye Lingfeng is the hope of the entire Ye Family, and no one can compare it.

Therefore, it is not enough to rescue Ye Lingfeng. Ye Feizhang wants to kill Su Lang, to avenge his hatred, and to eradicate the troubles for Ye Lingfeng!

"Su Lang, I don't want this life, you don't want to live either!"

Ye Feizhang's teeth were full of blood, and his eyes were cracking. Soon, he took the black medicine into the closed room!

...

After a long time.

Ye Lin came outside the retreat: "Patriarch! We sold a lot of assets and we have raised 5 million gold coins!"

The door of the closed room slowly opened, and Ye Feizhang walked out of it.

He looked very energetic, but there was a hint of death in his eyes.

"Where are the gold coins?"

Ye Feizhang looked at Ye Lin who was kneeling, his tone was cold.

"It's all here!"

Ye Lin took out a swollen bag.

Don't even think about it or know that there must be a lot of spirit stones inside.

Ye Feizhang took the burden, put it into the space ring, and said: "The order goes on, from now on, Ye Lingfeng will take over as the head of the Ye family!"

"Patriarch!"

Ye Lin was shocked fiercely, and something bad rose in his heart.

"You don't need to say much."

Ye Feizhang waved his hand and walked towards the door...

At the same time, the Liulihu area.

"Time should be almost up."

Su Lang glanced at Ye Lingfeng, "Let's go to the saber-toothed lion area."

At this moment, there are five clones around him, and it is obvious that the dead clone has been reunited!

"Yes!"

Ye Lingfeng endured the pain and nodded tremblingly.

Su Lang stopped looking at Ye Lingfeng, looking for a good direction and walking forward.

However, he has just taken a step.

"Ding! Lei Guang's True Art has reached Xiaocheng level!"

[Chapter 89: Enemy meets extremely jealous](#)

"readily!"

Su Lang looked happy, he felt that his body was lighter again, apparently his body skill level had increased!

Immediately, Su Lang replaced the Lei Guang Zhen Jue with the Tyrant Armor Body Forging Jue.

At this time, the exercises he was practicing had become Lei Gang True Art and Tyrant Armor Body Training Art.

The former can improve the attack, and the latter makes up for the lack of defense.

Su Lang thought about it and asked, "System, how long does it take for these two exercises to be promoted to Xiaocheng?"

"Host, Lei Gang's True Art only takes 10 hours to reach the Xiaocheng level."

"The Tyrant Armor Body Forging Technique can reach the Xiaocheng level in just 15 hours."

"Lei Gang's True Art has been practiced for about 10 hours, and it will take about 20 hours in total."

Su Lang pondered, "The Tyrant Armor Body Forging Technique only takes 15 hours in total. It seems that the difficulty of the primary attribute exercises is higher than that of the Intermediate Body Forging exercises."

Just when Su Lang thought.

Another system reminder came!

"Ding! The sea of repair is full, do you break through?"

With the aid of the pill and the crazy promotion of one-key practice, the white villain turned golden again!

"Lie noisy, is this the legendary double happiness?"

Su Lang raised his brow, his eyes showed a hint of surprise.

Immediately afterwards, he immediately chose to break through.

"boom!"

A strange wave spread, and the surrounding spiritual energy suddenly gathered around Su Lang like iron filings meeting a strong magnet.

This scene fell in Ye Lingfeng's eyes and immediately made him stunned.

"This, this, this! Actually broke through again!?"

Ye Lingfeng screamed like he had seen a ghost in his heart, "I have been promoted from an ordinary person to a peak martial artist in a few days. At this time, he has broken through to the level of a quasi-martial artist. Is this still a human?"

You must know that he is the best aptitude, but he also stayed at the peak martial artist for a full year and a half before he could touch the threshold of a prospective martial artist!

In the past, Ye Lingfeng was quite proud of it. Compared with Su Lang at this time, he was nothing like a fart!

Su Lang just glanced at Ye Lingfeng's reaction.

Immediately, he took a look at the changes in the property panel.

I saw that the realm level was upgraded to a quasi-martial master!

The four attributes of attack, defense, physical fitness, and endurance have also been improved in all aspects.

They were upgraded to intermediate generals, quasi generals+, junior generals+, and quasi generals+ levels!

"Intermediate general!"

A hint of excitement flashed in Su Lang's eyes: "Such a combat power, although not as good as Ye Feizhang, but if you use the magical skill of swallowing clones, hehe..."

Each clone has the same strength as Su Lang, and swallowing one can greatly increase combat power!

To deal with Ye Feizhang, Su Lang estimated that swallowing one or two clones would be enough to sling him!

"I don't know what the expression will be when the Lord of the Tangtang Ye Family is hung and beaten by me?"

Su Lang walked forward, a touch of sarcasm was outlined at the corner of his mouth.

About two hours later.

Su Lang and Ye Lingfeng appeared in a valley in the D-class Sabretooth area.

Here is the intersection point he set.

At this moment, a slender old man was sitting on a boulder in the valley, and this person was Ye Feizhang.

"Ye Feizhang, we meet again!"

Su Lang smiled, "I wonder if your 5 million gold coins are enough?"

"Su Lang!! I finally saw you!"

"Where is Ling Feng? Where is Ling Feng!?"

The enemy was extremely jealous when he met, and Ye Feizhang saw Su Lang, his calm face instantly became extremely hideous.

It is also sad to say that his huge Ye Family was almost completely tossed away, and he only saw the Lord!

However, who caused him to provoke Su Lang?

"Grandpa! I'm here, save me!"

Ye Lingfeng rushed out from the midst of Su Lang's clone and shouted in surprise.

"Ling Feng, don't worry, I will save you right away!"

Ye Feizhang was also very happy to see Ye Lingfeng.

Immediately afterwards, he took out a baggage from the space ring: "Su Lang, this is the 5 million gold coins you want!

These gold coins have been replaced by two hundred middle-grade spirit stones and three high-grade spirit stones, one of them is quite a lot! "

"Give me a test!"

Su Lang raised his eyebrows noncommitantly, "Otherwise, how do I know if it's a stone inside?"

"Don't go too far!"

Ye Fei said with a cracked hair.

"Just a normal request, why are you so angry?"

Su Lang smiled faintly, "If you don't want to, then forget it, this deal will not be done."

[Chapter 90: Terrorism swallows clone](#)

"Wait!"

Ye Feizhang's complexion changed, and he immediately softened, "It's a test!"

Immediately afterwards, he poured out the spirit stones in the burden, and then showed Su Lang one by one.

"Well, the number is correct."

After the inspection, Su Lang nodded in satisfaction, "Now you can trade."

With that said, Su Lang took Ye Lingfeng's shoulder and walked forward slowly.

"He is alone? How dare he be so careless?"

Ye Feizhang also saw this scene, and a hint of surprise flashed across his eyes.

Immediately, he also walked towards Su Lang with the Lingshi baggage.

As the two sides got closer, the atmosphere became more tense.

In the end, the two sides stopped three meters apart, Ye Feizhang handed out the spirit stone, and Su Lang pushed Ye Lingfeng out and successfully completed the delivery.

"go!"

As soon as Ye Feizhang caught Ye Lingfeng's shoulder, he immediately led him back quickly.

In an instant, the two came to the top of the valley.

"Tsk tusk, are you so afraid of me?"

Su Lang looked at Ye Feizhang with burning eyebrows, sneered.

"Hahahaha! Fear of you!?"

Ye Feizhang looked at Su Lang condescendingly, with a sneer on his face, "Su Lang child, do you know how excited I am to meet you? How much I want to laugh?"

I originally thought that you would send a subordinate to hand over. For this reason, I also specially prepared a fate bird to follow you.

But I didn't expect that you dared to appear in front of me in person, hahahaha, you are so arrogant!

Without Ling Feng as a shield, do you think you can retreat from my hands with the help of those white robe subordinates?

Delusion! In order to kill you, I took Ning Ming Pill, even if you go together, I can kill you all!

And before you die, I will let you taste all the torture of the Ye family, so that you don't want to live, and you are better off to die! "

The more Ye Feizhang said, the more distorted and hideous his face became, and his hatred for Su Lang was simply monstrous!

"Ning Ming Dan? It doesn't sound like a good thing. You must be in pain now, right?"

Su Lang laughed, "Unfortunately, all your pain will be endured for nothing, because you are the one who died today!"

"Can you kill me? What a joke!"

Ye Feizhang laughed wildly, and a terrifying aura erupted from him.

In an instant, the entire valley was enveloped!

Under this powerful momentum, Su Lang frowned.

"Did you see it, this is my current strength, stronger than the average senior generals!!"

Ye Feizhang scorned Su Lang heartily, "Su Lang child, you can't even escape for your life, so how can you kill me!?"

"Yes! Su Lang miscellaneous, just because you want to beat my grandpa? What a wishful thinking!"

Ye Lingfeng also jumped and yelled, "After my grandfather subdues you, I will strip you alive, strip you alive, and then smash you to pieces to vent my hatred!"

"Su Lang child!"

Ye Feizhang was full of contempt and disdain, "Now you kneel down and beg for mercy, I can also consider letting you suffer one or two kinds of torture!"

"Ye Feizhang, your strength really exceeded my expectations."

"However, do you think that you will be able to kill me if you are promoted to a senior general?"

A sneer appeared at the corner of Su Lang's mouth, "Tell you, you are the one who died today!"

"Dead duck has a hard mouth!"

With a cold snort, Ye Feizhang drew out the long sword, a trace of cruelty appeared in his eyes.

But just when he was about to do it!

"Swallow the clone!!!"

Su Lang thought, and a clone disappeared silently.

In an instant, a powerful wave of fluctuations spread from him!

"This is? The aura of a high-level general!?"

"No! How is it possible? How could he have such a powerful aura?"

Ye Feizhang and Ye Lingfeng were shocked at the same time, and their eyes were full of disbelief.

But before they recovered from their shock, another white-robed man disappeared in place.

Immediately afterwards, Su Lang's momentum swelled again, sweeping across the entire valley like a roar of wind.

"The pinnacle general!!!"

Ye Feizhang's eyes protruded sharply, and his eyes were about to fall out.

Ye Lingfeng was even more horrified with dementia, and his soul was almost gone.

"Is this scared? It's not over yet!"

Su Lang snorted and swallowed a clone again, the momentum on his body bursting out like a tsunami.

"Quasi...quasi martial artist!!"

Ye Feizhang roared in horror, his voice was hysterical and heart-piercing!

On the side, Ye Lingfeng sat down on the ground, a sharp stone pierced his ditch, but he did not react as if his soul was gone!
