### [Chapter 811: Use rules to empower!](#)

"I haven't seen you in three days, like every three autumns, everyone come and hug!"

Su Lang laughed, then stepped forward and took Murong Xianxian into his arms and hugged him.

When it was Chu Xiaobei's turn, she stared at Su Lang like a vigilant fold-eared cat, as if I would bite you when you came.

But Su Lang ignored her fierce gaze and hugged her.

Chu Xiaobei's body stiffened suddenly, then softened.

"It's been a long time since I hugged you."

Feeling the fullness of his heart, Su Lang couldn't help but smile.

When Chu Xiaobei heard these words, she suddenly thought of the period when she was picked up by Su Lang.

She was seriously injured at that time, so she could only be held or carried by Su Lang, and she was together everywhere.

"Huh, pervert, let go, don't take advantage of me!"

Recovering from the memory, Chu Xiaobei snorted proudly and broke free from Su Lang's arms.

With her earning, Su Lang immediately felt the magnificence. He couldn't help but look at the moon in the sky and exclaimed, "This moon is really white and big!"

Chu Xiaobei and Ru Xue Xianxian didn't know why Su Lang praised the moon, but women's intuition made them feel a trace of dirt...

Su Lang smiled faintly, then glanced at the three women, and said with a smile: "Your cultivation results these days are pretty good."

"It's all due to Brother Su Lang!"

Ji Ruxue smiled brilliantly, and Murong Xianxian and Chu Xiaobei kept nodding their heads.

I saw that Chu Xiaobei had broken through to the quasi immortal, and Ji Ruxue and Murong Xianxian had also broken through to the level of the \*\*\*\* of war.

Su Lang smiled and said: "Since you have broken through the barrier, then I can continue to instill in you the repair!"

"Really!"

"That's great!"

Ji Ruxue had a lively temper, and suddenly jumped up happily.

Of course Murong Xianxian and Chu Xiaobei were also elated.

Although Chu Xiaobei had already broken through to the quasi-xian, in addition to the lack of rules, her cultivation was far from reaching the peak of the quasi-xian.

You know, under normal circumstances, it takes more than 1.6 million years for a quasi immortal to accumulate the cultivation base that can break through to the martial immortal.

Even if Chu Xiaobei had a pill from Su Lang, it would take a long, long time to accumulate enough cultivation.

Now Su Lang wants to inculcate her cultivation base, she of course is willing.

"Start with Ruxue first."

"Come here and sit down and let my brother love you well."

Su Lang smiled brightly, let Ji Ruxue sit in front of her, and then stretched out her hand against her smooth forehead.

"The system, start the 'cultivation base initiation'!"

With a move in Su Lang's heart, Ji Ruxue's body was immediately injected into Ji Ruxue's body.

As before, once these cultivation bases entered Ji Ruxue's body, they immediately became her own cultivation bases, not even the process of refining.

The cultivation base required to go from the \*\*\*\* of war to the quasi-sage is also difficult for ordinary gods to accumulate, and it takes ten to twenty thousand years.

But for Su Lang, it doesn't take a second to save up!

His current cultivation speed is really terrifying!

Of course, Su Lang wouldn't instill all that many cultivation bases into Ji Ruxue all at once, but would rather slow down to avoid something wrong.

At this moment.

Sitting in front of Su Lang, Ji Ruxue's aura grew stronger with Su Lang's indoctrination.

quickly.

The first breakthrough came, and Ji Ruxue broke through to the Intermediate Valkyrie.

Then, there are senior war gods, peak war gods, quasi-sage levels, and quasi-sage peaks!

But this is not over yet!

"System, start 'rule empowerment'!"

"Specify 'Space Rules' for indoctrination!"

With a thought, Su Lang began to instill the rules of space in Ji Ruxue.

Not bad.

He wants to raise Ji Ruxue's cultivation base to the level of quasi immortality in one go!

And the reason for choosing the space rule is because when Ji Ruxue's cultivation base skyrocketed, the Martial Saint space would definitely expand accordingly.

In this process, the space rules can better stabilize the Wusheng space, so that there will be no problems.

If you instill the rules of gold, wood, water, fire, and earth, and even death, fate, etc., it will basically be of no use to the Wusheng space, and it will be easy to go wrong.

at this time.

Ji Ruxue closed her eyes tightly, and suddenly felt a mysterious power appearing in her mind, imprinted into her soul, and then integrated into her body.

She felt it, it was the power of space!

#### [Chapter 812: Quasi-Xiangji as Snow Murong Slim](#)

"This should be the rules of space that Sister Xiaobei said, and brother Su Lang actually let me directly understand the rules of space!"

"My Martial God Space has expanded. It's a huge Martial God Space. No, it should be called Martial God Space now. I have already broken through to the Martial God level!"

"In the hands of Brother Su Lang, I broke through from the Martial God to the Martial Saint level in the blink of an eye!"

When Ji Ruxue was horrified, she was excited!

However, she still forcibly held back, fearing that it would disturb Su Lang.

At the same time, Chu Xiaobei and Murong Xianxian on the side, as well as Yanxingxing waiting in the sky, looked dumbfounded, motionless, like sculptures!

Raise the Valkyrie to the martial sage level at your fingertips! ?

and!

The rules! ?

There are no rules, you can also promote the \*\*\*\* of war to martial sage! ?

What a tactic against the sky!

at this time.

Ji Ruxue perceives a familiar feeling--a lot of gentle power is injected into his body, and it is slightly hot, which makes people unable to help but excited.

The cultivation base initiation begins again!

then.

Chu Xiaobei, Murong Xianxian, and Yanxing star blankly watched Ji Ruxue's cultivation soaring.

One-star martial sage, two-star martial sage, three-star...Nine-star martial sage, quasi-sage peak!

Chu Xiaobei and Murong Xianxian had experienced cultivation base initiation, but they were also shocked.

Yan Hingxing is like an ordinary person seeing a ghost, his eyes are bulging and bloodshot, and his face is covered with incredible and incredible expressions.

I won't say anything from Wushen to Wusheng.

From Wusheng to Zhuxian pinnacle, even Wuxia Tianjiao can take hundreds of thousands of years to do it with various powerful auxiliary methods.

But now, Su Lang has created a quasi-immortal with his fingers!

This method is completely beyond imagination!

Here.

Su Lang slowly retracted his right hand.

But Ji Ruxue still closed her eyes tightly, motionless, still trying her best to get acquainted with the new power.

Suddenly upgrading from the \*\*\*\* of war to the immortal, the gap is too big, it can't be described as a million times.

Ji Ruxue opened her eyes, I am afraid it will bring a twelve-level storm!

Su Lang also knew that Ji Ruxue would definitely not be able to control the power of the immortal in a short time, so he immediately arranged a set of formations beside Ji Ruxue.

This set of formations can protect Ji Ruxue, besides, it is to prevent Ji Ruxue from losing control of his power and destroying the island casually.

You know, there are hundreds of thousands of quasi saints on this island.

If this is accidentally destroyed, the loss will be great.

After setting up the formation, Su Lang looked at Murong Xianxian and smiled faintly: "Come on Xianxian, it's your turn!"

"Ah? Am I going to be a quasi immortal too?" Murong Xianxian's voice trembled slightly.

"of course."

Su Lang smiled, "Don't be afraid, it won't hurt."

"Oh!"

Murong Xianxian felt like she was dreaming.

She was originally just a small martial artist on the Blue Star. After following Su Lang, she was promoted to the \*\*\*\* of war. She already felt that her life was too fantastic.

And now, Su Lang wants to make her a quasi immortal!

Murong Xianxian came to Ji Ruxue and sat on the ground.

Anyway, Ji Ruxue is separated by a formation, and it won't bother her.

Next.

Su Lang put his right hand on Murong Xianxian's forehead, and began to initiate.

Just like when giving Ji Ruxue an initiation, first raise the slender's cultivation base to quasi-sage, then instill the rules of space, make him holy, and then promote it to the quasi-sage peak!

All this was done instantly, as fast as a sip of water.

After Murong Xianxian became a quasi fairy, Su Lang also arranged a formation to protect her.

In the sky, Yanxingxing was shocked to numbness!

He began to doubt whether the world was fake, whether he was dreaming, doubting what kind of illusion he had fallen into.

Chu Xiaobei was also shocked.

Although she had seen Su Lang's cultivation of the second daughter last time and had experienced it personally, she still couldn't help asking: "Su Lang, Ruxue and Xianxian, there will be no problem, right?"

"Of course not!"

"As long as there is a trace of risk or defect, I will not do this."

Su Lang smiled and shook his head, "Next, it's your turn. I won't favor one another, but I want you to be covered in rain and dew. Come on!"

"Just know the poor mouth!"

Chu Xiaobei gave Su Lang a white look, but still came to Su Lang excitedly and sat down cross-legged.

### [Chapter 813: The most beautiful scenery in the world](#)

Wait for Chu Xiaobei to sit down.

Su Lang couldn't help lowering his eyes, and suddenly saw Chu Xiaobei's neckline.

Wow, what a great light!

"What are you looking at!?"

Chu Xiaobei raised her head vigilantly and stared at Su Lang fiercely.

"No, nothing!"

"Just saw the most beautiful scenery in the world."

Su Lang laughed, sitting cross-legged, facing Chu Xiaobei, staring with big eyes.

"It's squinting every time, I'm so disgusted."

Chu Xiaobei rolled his eyes and closed them, "Hurry up."

In this posture, people who didn't know thought she wanted Su Lang to kiss her.

However, Su Lang knew that if he really dared to kiss her, he wouldn't know that this kitten would blow up its fur.

"I'm coming."

Su Lang looked straight, stretched out his right hand and pressed Chu Xiaobei's forehead.

In the next moment, he initiated the cultivation base initiation!

Because Chu Xiaobei was already at the quasi-celestial level, Su Lang only needed to raise his cultivation base to the quasi-xian peak.

Therefore, the cost of cultivation is not much, and when converted into time, it is very short.

Just a second or two.

Su Lang stopped instilling cultivation.

And Chu Xiaobei's cultivation realm has also completely reached the pinnacle of quasi immortality.

At this moment, Chu Xiaobei only needed the power of complete rules to break through to the level of Wuxian.

at this point.

Chu Xiaobei didn't want to catch the rule immortal crystal and was imprisoned by those mediocre and martial immortals, so he could only comprehend it by himself.

But this time is different.

Su Lang has the ability to instill the power of rules!

"Bei Bei."

"tell me."

Su Lang's soft voice entered Chu Xiaobei's ears, "What kind of power of rules do you want? I will pass it to you!"

Hear this.

Chu Xiaobei suddenly felt that his soul was shocked!

"You mean magic horse?"

Chu Xiaobei opened his eyes and stared at Su Lang incredulously, "You want to pass the rules to me? This is too fake!"

There are traces of the martial art history of Canglan mainland Shanghai to instill such things as the cultivation base.

Many warriors with advanced cultivation bases have the means to instill cultivation bases for the younger generations of their disciples.

It's just that compared to Su Lang's method, it's completely like fireflies and the sun, and cannot be compared.

But things like instilling rules never happened.

From the birth of Canglan Continent to today, absolutely never happened!

Comprehending the power of rules is an extremely difficult thing, and the biggest shortcut is to use the rule fairy crystal.

There is no other way!

But Su Lang actually said that he could instill the rules at this time. This really made Chu Xiaobei couldn't believe it, couldn't imagine it!

"calm down."

"You still suspect me."

The corner of Su Lang's mouth raised slightly, and he asked, "Which one of the things I did is not earth-shattering, huh? What do you think?"

"This....."

"What you do is truly earth-shattering."

"Refining perfect holy-level pills, immortal-level pills, sacred implements, immortal implements, Naxian tribe, swordsmanship..."

Chu Xiaobei whispered in a low voice, suddenly feeling a little funny in his doubts.

I even suspected that Su Lang was an unreasonable and unpredictable super abnormality! ?

It's... boring to ask yourself.

"I believe you."

Chu Xiaobei smiled bitterly, "I should be like Ru Xue Xianxian, unconditionally trusting whatever you say."

"Yes, this is good."

Su Lang smiled, "Come on, tell me, what rules do you want?"

"Uh....."

"I believe you can transmit the rules to me."

Chu Xiaobei supported her smooth chin and asked, "But, have you understood a lot of rules? If I remember correctly, it didn't take many days for you to break through to Martial Saint."

"I am also different in understanding the rules."

"I am now, I can understand a rule in about a minute."

Su Lang smiled, "However, transmission rules require a lot of effort. At present, with my ability, I can do things like transmission rules up to ten times a day, and now there are only eight times left."

#### [Chapter 814: Let you be arrogant!](#)

"Oh!"

"Sure enough, everything is unreasonable."

"Understanding a rule in one minute really makes ordinary warriors desperate to doubt the speed of life."

Chu Xiaobei said, "In addition, you can only transmit rules eight times now, because you have transmitted rules to Ruxue and Xianxian before, so that they can successfully break through to the martial arts level, right?"

"That's right."

"I did send them the rules before."

Su Lang nodded, "Moreover, there are still relatively rare space rules to ensure that their Martial Saint Space will not have problems during the expansion process."

"Space rules!"

After hearing Su Lang's words, Chu Xiaobei couldn't help but his eyes lit up, "You actually understand such a rare rule!"

"Hahahaha!"

"Actually, the space rules are just so-so."

The corner of Su Lang's mouth raised slightly, and his face was full of brilliant smiles, "The same mysterious rules, I also comprehend death, destiny, yin and yang, spirit, light and darkness, withered glory, etc."

"It's incredible!"

Chu Xiaobei looked at Su Lang in front of him, only to realize that under his squint surface was really too mysterious!

Su Lang smiled and said: "Alright, let's talk, what rules do you need?"

"Well....."

"I have now understood the five element rules, and even some other subsidiary rules, such as ice and rock, are all very common..."

"I didn't understand the mystery rules you mentioned, or pass them to me!"

Chu Xiaobei looked at Su Lang with scorching eyes, this arrogant little cat actually showed a hint of flattery at this moment!

Oh!

No matter how arrogant you are, you can't escape my palm, hahaha!

"Since you want it all, then I will give it to you."

Su Lang smiled in his heart and said immediately, "Just beg you not to look at me like a pervert in the future."

"Good, good."

Chu Xiaobei nodded eagerly, like a kitten meowing.

"Ok."

Su Lang did not make things difficult for Chu Xiaobei, nodded, and put his hand on Chu Xiaobei's forehead again.

"System, start rule empowerment!"

"Specify 'Space Rules' for indoctrination!"

Su Lang's heart moved, and he first passed the rule of space, which is the rule that is tall and the most important, to Chu Xiaobei.

"coming!"

Chu Xiaobei could not help being surprised when he felt a strange and regular energy flow into his mind and imprinted into his soul.

Immediately after.

She was immersed in the mystery of the space rules.

"So it is!"

"The space is divided into three layers... the metric line... the grid network..."

Chu Xiaobei murmured in a low voice. She had a certain understanding of space rules, but at this time she saw a deeper mystery, and she was suddenly even more surprised.

After a while.

The transmission of the space rules is complete.

"Next, I want to transmit the second rule."

"This rule is called the spiritual rule!"

Su Lang reminded him that when Chu Xiaobei was ready to accept the rules, he began to transmit the second rule.

As Chu Xiaobei gradually understood the spiritual rules, her mental power immediately began to grow.

After the transmission of the mental rules, her mental power has grown more than ten times than before!

"Are you ready, I'm going to transmit the third rule, this one is called Yin Yang!!"

...

quickly.

Su Lang had already transmitted eight rules to Chu Xiaobei, all of which were extremely practical and mysterious and difficult to understand.

The comprehension of these eight rules made Chu Xiaobei one step closer to the realm of Wuxian.

"From today, the three of you have been by my side."

Su Lang smiled and said, "I can transmit rules ten times a day. I think it won't be long before you can be promoted to the realm of Wuxian."

"it is good!"

Chu Xiaobei nodded happily.

Every one of Su Lang's transmission rules is perfect, but it doesn't carry side effects like regular fairy crystals.

Without the side effects, Chu Xiaobei would of course be happy to accept it!

"You will practice more fighting skills in the future."

"By the way, also teach Ji Ruxue and Murong Xianxian."

Su Lang knew that the battle of the mainland in this era was coming soon.

Although he would not let the three women fight easily, but in order to prevent them from happening, he still intends to let them learn the art of fighting.

The most important thing is to exercise conviction and enhance self-confidence, so as not to have strength in time, but not to show it.

[Chapter 815: Cultivate Yanxing](#)

"Okay, I know!"

Chu Xiaobei also knew this, and immediately readily agreed.

"You should also consolidate your cultivation first."

"I'm going to meet the genius of my clan now."

Su Lang nodded, and arranged a formation for Chu Xiaobei to protect her.

"I don't need it!"

Inside the formation, Chu Xiaobei wrinkled her nose and hammered the formation fiercely. As a result, the formation was motionless and couldn't help humming sadly.

The strongest defensive formation that Su Lang can deploy now has reached the level of a quasi-emperor.

Because he learned the seal formation at the entrance to the emperor's forbidden area.

You know, that seal formation is of Wudi level!

Taking only a part of it, it merged into the previous Cangkong Phantom Immortal Array and Colchicum Clan Immortal Array, and also advanced its defense power to Quasi-Emperor level.

"In the future, I will visit those emperors more and learn more about the formation."

"Having a thought to form a formation, the formation is also one of my super killer moves!"

Su Lang thought so, turned his head and spoke to the star Yanxing in the sky, letting him come down.

"Patriarch!"

Yanxingxing salutes respectfully.

Seeing Su Lang's anti-sky methods, his eyes were strange at this time.

He seemed to think that Su Lang was disguised by an old monster, or had taken the house.

His thoughts were similar to those of the Wuxians who were newly invested in Su Lang's command, thinking that Su Lang was a great being that had awakened in the long river of time.

However, thinking that Su Lang was so perverted from beginning to end, Yan Xingxing's weird thoughts quickly disappeared.

"star."

"Presumably you have seen it too, my Ruxue and Slender have been promoted to the level of quasi immortality by me."

Su Lang smiled and said, "Calling you to come down is also to improve your cultivation level. After all, I now have many powerful people, and my clan must also have a capable warrior."

"The patriarch wants to raise my cultivation base to quasi-xian!?"

Yan Hingxing stared, excited and unbelievable.

He knew the identities of Ji Ruxue and Murong Xianxian, as well as the identities of Chu Xiaobei.

The first two are the women who followed Su Lang since Su Lang's last days, and they were also one of the reasons why Su Lang set foot on the Canglan Continent.

Chu Xiaobei seemed to have a life-long friendship with Su Lang, and the two were almost inseparable.

And he Yanxingxing, just donated some materials and exercises to Su Lang, and in the end defeated the Fengling Clan completely relying on Su Lang.

If he puts a peach on Su Lang, it is also in the battle, those exercises and materials.

But later, Su Lang entrusted him with an important task and presented him with more holy-level exercises and even powerful sacred artifacts, which was already rewarding him, and it was a thousand times in return.

Such kindness has already made him grateful.

But today, Su Lang even gave him an opportunity to use magical means to improve his cultivation level!

And all this is still in the case that he has not turned in his soul.

He Yanxingxing couldn't think of how he could repay this huge kindness.

Only take fate for Li and report to Su Lang!

"Not bad!"

"You are a genius of my human race, whether you are talented, resourceful, or talented in combat, you are all outstanding."

Su Lang smiled, "So, I won't let you bury, I want you to shine."

"The patriarch's favor, the star has only one life to repay!"

Yan Hingxing knelt on both knees, his expression frenzied, and he began to force his soul out.

"Stop it."

"I don't need your soul, and this shouldn't be the way you and I maintain trust."

Su Lang smiled and shook his head, "Furthermore, handing over the soul's heart will consume some of the soul's origin, you stop."

As soon as this statement came out, Yan Xingxing burst into tears.

He knelt at Su Lang's feet, with his head on the ground, showing his loyalty.

Su Lang raised his hand and immediately helped him up: "As a real strong man, you can't kneel down at will."

"Xingxing only kneels for the patriarch in this life!"

Yan Hingxing's voice was sonorous, and he knelt down again.

Kneeling Su Lang, he came from his heart, and did not compromise his belief and backbone.

"Okay, okay, I saw it."

Su Lang laughed and said directly, "You sit cross-legged now, I want to instill in you the repair."

## [Chapter 816: I just skin it habitually](#)

"Yes!"

Yan Hingxing took the lead, and then sat down properly.

Su Lang put his hand against his forehead and immediately used his cultivation base to instill.

Suddenly, Yan Xingxing's aura surged, suddenly rising from a one-star Wusheng to a quasi-xian realm!

"Xingxing, thank the patriarch!"

Yan Hingxing felt the powerful force, tried to control it, and squashed at Su Lang.

"Get up first."

"You are already a quasi immortal, the next step is Wuxian."

"In terms of the power of rules, you still lack a lot. Although I can instill the power of rules here, you can't slack off."

Su Lang said solemnly, "I hope that next time you come here, you won't be the same as you are now, only to understand one or two rules."

"Stars will never shame!"

Yan Xingxing nodded, his eyes full of determination.

At the same time, he was extremely shocked by Su Lang's ability to instill rules.

In the end, this shock turned into worship and fanaticism.

"Before leaving this time, I will upgrade my formation."

"This is the formation key, I have refined it in advance, you keep it away."

Su Lang nodded and said sternly, "Remember, the Blue Star can't be lost, go!"

The Blue Star, and even the entire solar system, are the core fragments of the Infinity Realm, and they are a treasure of inestimable value!

After Su Lang reaches Wuxian, he will come and collect everything here into Wuxian's inner boundary.

"Yes!"

"If the Yan star is there, the blue star is there!"

Yan Hingxing took the formation key and turned around and rushed into the crack of time and space.

Time flies like a white horse.

In a blink of an eye, an afternoon passed.

Su Lang also didn't care about the three quiet and lovely girls, but took out the furnace and refined a large number of fairy-level parts.

In this process.

Among the hundreds of thousands of quasi-sages below, more than 10,000 people broke through, crossed the sky, and became a martial sage!

"not bad."

Su Lang smiled faintly and paid attention to the outstanding people among them.

The most outstanding are those martial sages who understand the special rules.

One person even understood the rules of space!

However, Su Lang did not summon them immediately, but let them continue to consolidate.

At this time.

Chu Xiaobei has already left the barrier. Although she is still locked in the formation, she has completely controlled her power.

The rules that Su Lang instilled were really easy to digest, so Chu Xiaobei was able to control them in such a short period of time.

"let me out!"

Chu Xiaobei lay on the barrier of the formation and slapped the formation angrily.

"alright."

"Now let you out!"

Su Lang smiled dumbly, waved his big hand, and withdrew the formation.

"Humph!"

Chu Xiaobei snorted and looked at Ji Ruxue and Murong Xianxian.

Then, he turned around and snorted at Su Lang, motioning for Su Lang to release her good girlfriend.

"The main thing for the two of them is to control power."

Su Lang smiled and said, "I am still not at ease, to prevent their unintentional destruction."

"Dead pervert!"

"Do you look down on me?"

Chu Xiaobei squeezed her small fists proudly, "I can watch them alone!"

"Ooo!"

"I was pleased before!"

"Now that you turn your face in a blink of an eye and don't recognize anyone, dare to attack me?"

Su Lang raised his eyebrows, pretending to clean up Chu Xiaobei.

"Don't don't don't."

"I surrender!"

Chu Xiaobei was crying with a pretty face, and waved his hands hurriedly, "I just skinned it habitually, I was wrong!"

"Uh....."

Su Lang smiled blankly, unexpectedly Chu Xiaobei would admit defeat.

"Dead perverts are murderous!"

Chu Xiaobei stuck out his tongue and muttered aside.

"You mean a \*\*\*\* horse!?"

The corner of Su Lang's eyes twitched. This girl really hadn't been in the house for three days.

"Nothing!"

"I said you are so handsome, the kind of scumbag!"

Chu Xiaobei chuckled and said what she had learned from the Blue Star City.

She and Ruxue Xianxian didn't practice all day, and occasionally they would go shopping, so they learned a lot of culture from the Blue Star.

of course.

Compared with the blue stars two thousand years ago, there are still many cultural gaps between the blue stars at this time.

Therefore, Su Lang casually said some jokes, let alone Chu Xiaobei, the two natives Ji Ruxue and Murong Xianxian didn't understand it.

#### [Chapter 817: Destroyer beautiful girl](#)

"Count you acquaintance."

Su Lang shrugged helplessly, and immediately waved his hand, removing the formation of Ji Ruxue and Murong Xianxian.

Suddenly.

The breath of the second woman set off a storm.

"Damn!"

Seeing this, Chu Xiaobei immediately cast a spell to block the power like snow and slender.

"What you said, you will take care of Ruxue and Xianxian from now on."

Su Lang glanced at Chu Xiaobei and said, "If the two of them can't control their strength and cause any serious consequences, I will not punish them, only you!"

"Okay, I know."

Chu Xiaobei rolled his eyes.

At this time, Ji Ruxue and Murong Xianxian had already recovered.

"I... so strong... Ah-!"

When Ji Ruxue woke up, she clenched her fists and planned to stand up, but when she moved her feet, she rushed to the sky.

"Ruxue, do you want to be so fierce!"

Chu Xiaobei was holding her forehead speechlessly, Ruxue's control of power was much worse than she had imagined.

Fortunately...Xianxian is in good control.

With that in mind, Chu Xiaobei looked at Murong Xianxian, but when she saw her on the ground, she also planned to stand up.

However, under that hand, a huge crack has appeared.

"Boom!"

The only peak on the island split in half...

Under the mountain, those martial sages and quasi-sages who were cultivating were awakened one after another and looked towards the peak in surprise.

There was also a quasi-sage who was so frightened that he broke through to Wusheng.

"..."

Chu Xiaobei looked at the other half of the mountain, dumbfounded, "Xianxian, your control of power is even weaker!"

"Aha...I never fight."

Murong Xianxian smiled awkwardly. Although she used to have a cultivation base like Xue Gao, she has always been a meditation host, hiding in the peaceful Eastern City to make alchemy.

On the other hand, Ji Ruxue ran away for so long under the chase, until he was rescued by Su Lang.

At this time.

Ji Ruxue in the sky flew back again.

But looking at her flying, it was like a violent intercontinental missile, and the space it traveled was distorted.

This way, it is completely a beautiful girl of the \*\*\*\* of destruction!

"Slowly!"

Chu Xiaobei immediately flew up, hugged Ji Ruxue, and brought her back to the ground.

However, before she landed, she saw Murong Xianxian step forward...

"Stop! Don't move!"

Chu Xiaobei screamed, flew over and hugged Murong Xianxian.

"Hahahaha!"

Su Lang laughed as he watched from the side, and cast a gloating look at Chu Xiaobei.

"Humph!"

Chu Xiaobei snorted proudly and tilted her small face to one side.

Su Lang has a bright smile on his face: "Oh, someone hugs left and right in the future, it really makes me envious."

This is the truth.

Before Ruxue and Murong Xianxian control their power, Chu Xiaobei had better hold them all the time, otherwise raising hands and feet would cause great damage.

"My family Ruxue and Xianxian will surely control their power soon!" Chu Xiaobei snorted coldly.

"Hmm!"

Ji Ruxue quickly agreed and grabbed Chu Xiaobei's hand to express his gratitude to Chu Xiaobei for trusting herself.

But she obviously didn't pay attention to controlling her power.

And she didn't realize that her current strength was already at the same level as Chu Xiaobei.

then.

Without precautions by Chu Xiaobei...

"It hurts!"

"But I have to show that nothing happened!"

Chu Xiaobei gritted her silver teeth, and then quietly circulated her spiritual energy, blocking Ji Ruxue's power.

Moreover, she must always pay attention to prevent herself from hurting Ji Ruxue.

Of course the same is true for Murong Xianxian.

but.

Chu Xiaobei discovered that this could also exercise her own control over power.

"It turns out that my control of power has not reached the level of nuances, I still have room for improvement!"

Chu Xiaobei's beautiful eyes flashed with amazement, and suddenly he didn't feel bitter about taking care of Ruxuexianxian's errands, but rather happy.

To this.

Su Lang could see it.

He controls the rules of the spirit, and is a Sunri-level mental power, and his observation ability is so strong that it is not easy to use it to observe words and colors.

"The three of them get along well in this way."

"Presumably soon, the three of them will be able to achieve perfect control of power."

Su Lang thought silently, and immediately stepped forward and said to the three of them, "We should leave here too, and wait for me to summon Wu Sheng."

"Hmm!"

The three women naturally had no objections.

They wanted to go back to Canglan Continent, anyway, staying at Blue Star is useless.

#### [Chapter 818: Seven Thousand Martial Saints](#)

There are about 17,000 people in the new batch of Wusheng.

But nearly 10,000 of them have just broken through.

This group of people not only need to consolidate the realm, but the previous accumulation may not be completed yet, and they can continue to progress at an extremely fast speed.

Therefore, Su Lang planned to keep this group of people at Blue Star, practice for a while, and then come and take them away next time.

In order not to disturb the other warriors who are practicing.

Su Lang used his spiritual power to summon those martial sages who had made little progress one by one.

Suddenly.

A martial sage opened his eyes, rose from the crowd, flew into the air, and came to Su Lang.

They didn't dare to be level with Su Lang, they only dared to stand at Su Lang's feet and gather in the air.

"It's time for you to break through the Martial Saint and return to Canglan Continent to guard."

Su Lang looked at these seven thousand martial sages and said lightly.

"Yes!"

All the martial artists shouted in unison.

In Su Lang's order, they did not give up at all.

Moreover, most people really want to return to Canglan Continent.

Because they have been holding back in the quasi-sage for too long, during the period they received some ridicule.

Going back this time, it is considered to be a good return home, can be a good pretence, let those who have looked down on them with admiration!

"Let's go."

Su Lang nodded, leading Chu Xiaobei's three daughters and flew towards the crack in time and space.

At this moment, Chu Xiaobei still hugged Ji Ruxue and Murong Xianxian tightly, hugging left and right, which looked very interesting.

After passing through the cracks in time and space.

Su Lang used his methods to upgrade the formation of the new city.

At this time, the strength of the formation guarding the new city reached a terrifying quasi-emperor level, and even if no one was guarded, Blue Star was almost in no danger of safety.

Unless Emperor Wu comes in person, or someone invites the Emperor to attack.

Of course, it does not mean that there is no need for guarding here.

In such an important place, there is no shortage of eyes and ears at all times.

And Yanxingxing is one of Su Lang's eyes and ears.

After setting up the formation, Yanxingxing came out to send it off specially.

Su Lang smiled and used the rules of space, covering more than 7,000 people and disappearing directly from the place.

The holy city of Yaochi.

In the sea of sky.

A huge but stable spatial fluctuation came.

Su Lang took the three of Chu Xiaobei and more than 7,000 martial sages to emerge.

Li Xianyang ran out to greet him first.

"Servant worship the Lord!"

Li Xianyang looked fanatical, as if a fanatic had seen his god.

During this time, Su Lang continued to improve his cultivation and comprehend the rules.

Li Xianyang controlled a clone of Su Lang, and his combat power also increased.

Moreover, he is still in control of so many mysterious rules, which he could not even think of before.

"Get up."

Su Lang smiled slightly, Li Xianyang was regarded as one of his fingers, and he was quite valued.

"Servant!"

Li Xianyang saluted again, then got up, stood aside, and saluted the three daughters of Chu Xiaobei.

The more than seven thousand martial sages looked at Li Xianyang, knowing that he was Su Lang's confidant, and couldn't help being awed.

Of course, the three daughters of Chu Xiaobei who can be saluted by Li Xianyang are even more of an existence that everyone is in awe of them.

That is the woman of Lord Su Di!

At this time.

The four quasi immortals of Yaochi Yanfa, Tianyunzhi, Chirimuzhu and Biyulin, as well as the Qiushui tribe Xunshui and Ningyuan quasi immortals, also came from the sea of sky one after another.

It turned out that Xian Xiaopingxian and Ningyuan Zhunxian did not leave after Su Lang took hundreds of thousands of people to Blue Star.

They nominated themselves and met Li Xianyang and Yaochi Yan Fa, hoping to help guard the sea of the sky and perform in front of Su Lang.

Two quasi immortals from the immortal clan came to the door, and Li Xianyang and Yaochi Yan Fa agreed.

Naturally, Su Lang knew about this.

"The servant is late, please punish the Lord!"

Yaochi Yan Fa, Xuan Xiaoxianxian and others knelt in front of Su Lang respectfully, looking ashamed.

"It's important for you to guard the sea of sky. Get up."

Su Lang nodded, very satisfied with their attitude.

Yaochi Yan Fa and others got up, their eyes couldn't help but look at the seven thousand martial sages behind Su Lang.

They had seen Su Lang return with the sanctified crowd two or three times, but at this time, seeing the more than seven thousand martial sages, they were still horrified from ear to ear.

### [Chapter 819: Ascension to the sea of sky](#)

More than seven thousand martial sages!

In addition, the number of Martial Saints who are already guarding the sea of sky has exceeded 10,000!

Except for Yao Chi Yan Fa and others, Xuan Shui and Ning Yuan Zhunxian were even more shocked.

They have lived for so long, and it is the first time they have seen so many Wu Sheng appear together.

After a while of horror.

They looked at the martial sages carefully and found that these martial sages were basically from the Yaochi, Biyu, Tianyun and Chiri tribes.

After sharing, each clan has more than one thousand two thousand martial arts!

You know, there are only 80 or so at the peak of the Colchicum tribe.

The number of nearly two thousand, this is terrible data!

"These martial sages, I'm afraid they were originally quasi-sages of those four races."

"After following the master, they got the chance, Qi Qi was promoted to the martial sage realm, they are really lucky."

"That's not right, but those quasi-sages of our Qiushui tribe have also received gifts from the Lord. It won't be long before they come, and there will be 60,000 more martial arts!"

"Sage of Sixty Thousand Martial Arts, I couldn't even think about it before, and I didn't even dare to do it in the dream."

"But after following the Lord, such unthinkable things have become true. The Lord is really shocking and weeping!"

"The two of me should also perform well, and we must use the rules of the fairy crystal to enter the realm of martial arts as soon as possible.

Otherwise, if it is useless to the Lord, even if the Lord does not abandon me and wait, I will have no face to wait. "

"well said!"

"..."

Xian Xiaopingxian and Ningyuan Zhunxian were muttering discussions there.

On this occasion.

Su Lang has already handed over 7,000 martial sages to Yaochi Yan Fa and asked him to take it with him.

Next.

Su Lang said: "Li Xianyang, let all the people in the sea of sky come out."

"Yes!"

Li Xianyang took the order, and then went down with Yaochi Yan Fa and others to shout out all the people in the sea of sky.

There are more than two thousand martial sages, as well as some martial gods.

From now on, those warriors will be replaced, and the warriors who guard the sea of sky will be at least at the martial sage level.

But before that.

Su Lang also had to evolve the sea of sky.

"Small sea!"

Su Lang thought, and the spirit of the sky sea suddenly flew out.

"Ma Ma Ma Ma!"

Qi Ling Xiaohai shouted loudly and came to Su Lang.

Su Lang was full of black lines. Although this guy was a little mature, he still couldn't change his birth habit and always shouted.

However, Su Lang has given up treatment to Xiao Hai, so let him shout enough.

"Go and put your body away and take it."

Su Lang gave instructions to Xiao Hai, and Xiao Hai bounced back to agree.

Immediately after.

Without seeing any movement from Xiao Hai, the vast and boundless sky and sea body instantly turned into a snowflake with the size of a palm.

This is the body of the sky sea, now it is the Second Tribulation Immortal Tool, with the formation, half of the defensive ability has reached the level of the Six Tribulations Martial Immortal.

"It's time to evolve you."

Su Lang grabbed the sea of sky and gave the evolution order.

"Ding! Consumes the fairy-level material Zixiao Yanyang Xianyu\*10, Extreme Sage Xianluo\*20, Arctic Wangchen Stone\*20, Wuying Cuiyu Yuyu\*20, Shaoyingwuxiangquan\*40..... .

Saint-level refining material: Wusheng Soul\*20, Xuanshizhenyan\*100, Mingxin Sacred Jade\*100, Xingyue Heart\*100, Shocking Amethyst\*400..."

"Ding! Consume...The sea of sky has evolved successfully!"

In an instant, the sea of sky flashed light and was promoted to the Three Tribulations Immortal Tool.

But Su Lang did not intend to end this way.

Anyway, there are a lot of materials now, how can it not evolve to a higher level as a fairy weapon to guard the lair?

therefore.

Next, Su Lang evolves the Sea of Sky a full seven times, directly reaching the rank of Quasi-Emperor!

In terms of consumption, the most distressed Su Lang was the Soul of Wusheng and the Soul of Wuxian. The Soul of Wusheng consumed a full five hundred shares, and the Soul of Wuxian also consumed three! But of course the gain is far more than the effort.

The defensive power of the sea of sky itself has directly reached the rank of quasi-emperor.

Not to mention, Su Lang immediately arranged a new quasi-emperor-level formation for it, adding the two together, it was not that Emperor Wu could not break the defense at all!

Qi Ling Xiaohai has also gained tremendous benefits in this evolution, with a lot of clever eyes and obviously a great increase in wisdom.

However, its mantra still couldn't be changed, and it kept shouting Su Lang numb with excitement on the side, and it caused Chu Xiaobei's three daughters to laugh so hard that they could not stand up.

### [Chapter 820: You become stronger and darker](#)

"Okay, it's time to unfold the main body and protect one side."

Su Lang stretched out his hand to play Ling Xiaohai, and then threw the snow-like sky sea in his hand. next moment.

A blue ray of light bloomed from the snowflakes, like a strange blue sun, directly covering the entire land!

Wherever the blue light passes, all are the guardian scope of the sea of sky.

Not only the entire Yaochi area is covered, but the Chiri and Tianyun areas are also covered.

Even across a large area, he came into contact with the territory of the Biyu clan.

"This this this!"

"Great, great!"

"The land of our two clans has finally been guarded by the fairy!"

"..."

Chiri Muzhu and Tian Yunzhi were too happy to speak clearly.

Although Su Lang arranged fairy formations for the Chiri and Tianyun tribes, they still admired the Yaochi tribe, who was guarded by the sea of sky.

At this time, seeing that the guardian scope of the sea of the sky included the land of his own race, of course he was extremely happy.

In addition to Chisun Muzhu and Tianyunzhi, most of the seven thousand martial sages also have red eyes, which is grateful.

With the guardianship of the quasi-imperial soldiers, their race is basically no more crisis.

And now, the envious person is the turn of the Xuan Xianxian and Ningyuan Zhunxian.

They already admired the Yaochi Clan's guardianship of the sky sea, and at this time the sky sea was promoted to the quasi-emperor soldier, and they were even more envious.

"The coverage of the sea of sky is not bad."

"When it is promoted to the emperor soldier, there must be another qualitative leap!"

Su Lang showed a satisfied smile on his face, "At that time, the territory of the ten races including Qiu Shui will be completely covered."

Immediately after.

His gaze fell on Li Xianyang: "Priority is given to choosing a martial artist with a higher cultivation base to guard the sea of the sky.

The remaining martial sages are evenly distributed among the Qiushui, Biyu, Baizhan and other tribes to guard one side. "

The Sea of Sky only needs more than three thousand guards, but now the number of Martial Saints is close to ten thousand, and it can't be used up!

So, just send it out to guard all places.

"Servant!"

Li Xianyang knelt to lead the command.

Su Lang nodded, turned and walked towards the fairy palace.

"Ma Ma Ma Ma!"

Seeing this, Xiao Hai shouted and chased him all the way.

"..."

Su Lang twitched his mouth, stretched out his hand, "Go!"

call out--!

Xiao Hai was shot into the body of the sky sea by Su Lang immediately.

"Haha, you are so cruel!"

Chu Xiaobei hugged Ji Ruxue and Murong Xianxian behind and smiled, "That's your son, oh no, maybe it's your daughter!?"

"You can be your skin..."

Su Lang rolled his eyes and flew straight into the fairy palace.

"cut."

Chu Xiaobei curled his lips in disdain, hugged like snow and slender, "beauties, let's go shopping!"

"Great!"

"It's been a long time since I visited the holy city of Yaochi!"

"Yes, I heard that the Baixian Tailor's Shop has new styles. I plan to buy a thousand pieces of clothes and put them together."

"..."

The three girls flew into the city below, transformed into ordinary women, and started shopping.

No way, if you don't pretend, everyone in the street will retreat to Sanshe, Liao is uninhabited, and will go shopping.

The other side.

After Su Lang entered the fairy palace, he took out the Youtian Sword.

"Wow, Master, you miss me again!"

Xiaoyou's appearance is a sorrow.

"No one is normal..."

Su Lang rolled his eyes and said, "Stop talking nonsense. I want to help you get promoted. You are too weak now."

Hearing that Su Lang was about to be promoted, Xiaoyou suddenly closed his mouth happily.

"System, keep the specified characteristics, evolve the Youtian Sword!"

"Ding! Consumes Xuanming Pear Flower Heart\*10, Qibao Anger Stone\*20, Taiping Eternal Jade\*30...

Saint-level refining material Bingfeng Tianwu Stone\*50, Tianyue Holy Soil\*50, Jade Girl Everlasting Hate Stone\*60, Wusheng Soul\*30, Valkyrie Soul\*100..."

"The Youtian Sword has evolved successfully!"

Guanghua flashed, and Youtian Sword directly evolved from the One Tribulation Immortal Tool to the Two Tribulation Immortal Tool.

"I'm stronger, so amazing!"

Xiaoyou herself also received a strong support, became smarter, and immediately became happy.

"You have become stronger, and you have become black..."

Su Lang picked up the Youtian Sword, and saw the white sword body, the black lines became denser, and more white had been swallowed.
